

SNOOTER KNOWS

LITTLE ABOUT
EVERY
THING
AND
NOT MUCH ABOUT ANYTHING

THE MARTIN COUNTY EXHIBIT of farm products held in Stanton Friday and Saturday, revealed that despite a drouth that was thorough in the extreme, many varieties of stuff from the gardens and the fields, were produced. Most of the products were of the fall variety, the spring and summer gardens having for the most part, died out for the want of moisture, except in cases where water was obtained from windmills.

Included in the list of exhibits were a variety of hand-made garments, fashioned out of of aw material, and some out of cast off clothing, the handiwork of the women folks of the farm household. To be plain, the entire exhibit was made up of contributions were made by the women. They had cared for the gardens from the planting of the seed in the ground to gathering the produce and placing them in containers, or otherwise caring for them. So it is to the women folks of the farms of Martin county that goes the credit for making the first Community Exhibit a success, and it's about that way in everything that the women take hold of.

Under the able direction of Miss Myrtle Miller, home demonstration agent, a 4-H club has been organized this year in every community center in the county, and who this writer wants to tell his readers is that each one of these clubs has been a hive of industrious working members. They had to be had as they kept pace with the work assigned by Miss Miller, who is a powerhouse of energy and industry, herself.

This is the first year in the history of Martin county that the women folks on the farms have been properly recognized so far as work pertaining to a county home demonstration agent. They have been left entirely to their own mercy as to a leader or an instructor on how to plant a garden, preserve their products, make clothing, and provide improvements in the kitchen that would eliminate extra footsteps and add more convenience as they went about discharging their daily routine of house work.

Organization, planning and arranging programs of work for the clubs in a county that had never before enjoyed the leadership of a representative who had been given thorough instructions in women's work in the agricultural districts by the State's most prominent agricultural and mechanical college, was a man-sized job, though left to a young lady to perform. The task attached to such a job was heaped on the shoulders of Miss Miller of A. and M. college, who, in the very short time allotted her, has discharged her duties with efficiency and developed much interest and cooperation among the women on the farms.

She has set in motion wheels to the machinery that will revolutionize the work of the women on the farms of Martin county, and with a normal rainfall next year, combined with the leadership and instruction from the county agent, coupled with the hearty cooperation of the women in their club work, this county will see the greatest era of improvement in the households of the farm women that has ever been recorded in the county.

In line with this set-up of work by a county home demonstration agent, of recent week a county agent has been appointed for this county in the person of S. A. Debnam. He will be in charge of the men's work on the farms. Mr. Debnam has had several years experience and successful work in the agricultural field. He is vigorously at work now planning his program for the year.

Some years have elapsed since Martin county has had a farm agent. Mr. Debnam is faced with the problem of building his organization from the ground up, and this will mean hard work and patience.

With the farmers organized and their wives combiner into club work, the writer can see none other than a wide scope of improvement in the agricultural region of this county for the next year, all of which will hasten the day of release from the fangs of the

STANTON, MARTIN COUNTY, TEXAS FRIDAY, DECEMBER 1, 1933

NUMBER TEN

MANY ATTEND THE COMMUNITY EXHIBIT FRIDAY-SATURDAY

A SPECTACULAR ARRAY OF PRODUCTS FROM FARMS OF MARTIN COUNTY GREETED THE EYES OF VISITORS.

"By the fruits of their labor ye shall know them."

No more fitting appellation could be given the women folks of the farms of Martin county, for surely it was through the fruits of their labors in making and preparing exhibits for the Community Fair held here Friday and Saturday, several hundred human beings in this neck of the woods now know them.

The handiwork of these good ladies included everything from vegetables in the raw to the finished product in cans and glass jars—a suit of clothes, a varied selection of garments, home-made rugs, quilts cover lids, hand-made furniture, etc. Articles, many of which denoted days and months of tedious toil with needle and thread, revealing unusual artistic ability, gems of a priceless character, were on exhibition. Oil paintings and sketches adorned the walls. A watermelon that weighed 85 pounds, raised by N. Kaderli; porch rocking chair, made by C. F. Gray 25 years ago out of bridge flooring that cost less than \$2.00, the nails and screws cost less than 15 cents, stain and varnish mounted to the exorbitant expense of 15c, every bit of work done by hand by Mr. Gray; a chair with a corn shuck bottom, made in 1923 by Mrs. E. A. Prickett of the Lenora community; a suit of clothes made by Mrs. J. O. Wheeler of the Tarzan community for her husband at a cost of \$2.10, the material, tweed, made from a foundation pattern, cost \$2.00 and the thread 10 cents. The suit is lined throughout and as well made as an experienced tailor could make it. It fits Mr. Wheeler as snug as paper on the wall.

Friday the exhibits were judged by Miss Emma Guter, home demonstration agent of Mitchell county, and Saturday the ribbons were placed on the prize winning exhibits.

Saturday was the banner day for visitors at the exhibit rooms. At times the halls were so crowded one could hardly stir them with a stick. The expression, "this doesn't look like the county had been visited by a drouth," was heard issuing from many mouths.

TEACHERS WILL HAVE NO WORRY ABOUT GETTING ROOMS

AUSTIN, Nov. 28.—Visitors who come to Austin for the annual convention of the Texas State Teachers Association November 30-December 2, will experience no difficulty in obtaining lodging accommodations. Austin is prepared to take care of the seven thousand teachers and their friends expected to attend the convention, according to W. E. Long, secretary of the Austin chamber of commerce.

Besides rooms afforded at hotels and boarding houses, a number have been secured in the University of Texas dormitories, as the regular occupants will be out of town, and from one thousand to two thousand visitors will be entertained by their friends in Austin.

Gens Parks and Mrs. Johanna Whitson and baby daughter JoJune, are planning to spend Thanksgiving in Texhama with Mrs. Whitson's family. Mrs. Maud Yates, Junie and Jo Yates.

That it pays a county made up of numerous farms to have in its employ a county home demonstration agent, has been fully realized from the Community Exhibit held in Stanton last Friday and Saturday, that drew hundreds of men, women and children from the country districts of Martin county to say nothing of the great interest that was manifested in the occasion by the members of the many 4-H clubs of the county. The same will be said of the County Agent when he has had sufficient time to get going on his farm program.

greatest depression ever known.

So it is, for the great majority of farmers and farm families. There are good farmers and bad farmers, good farms and poor farms. It is unfortunate that a great many good farmers have found themselves saddled with bad farms, and that so many bad farmers find themselves unable to get ahead on good farms. We are in sympathy with the movement to eliminate the bad farms and turn them back into forest and grass; but even that will not guarantee the remaining farmers a living unless they are good farmers.

That is what these 4-H club boys and girls are growing up to be; good farmers and good farmers' wives. Give them a chance on good farms and it will not be long as another another generation before we shall be hearing little about the "farmer's troubles."

Those Donating To Community Kitchen

Regular Work Discontinued Until Approved Under New Setup

Continuous operation of the Community Kitchen has ceased waiting sanction of the state officials under the new setup, so The Reporter has been informed. However, it is thought some project will be carried on at the Kitchen pending approval to resume continuous operation.

Those having loaned articles to carry on the operation of the Kitchen, are: Higginbotham-Bartlett Lumber Co., 12-foot table file.

Berry Lumber Co., 12-foot table and sink.
B. Purser, stove.
Dr. and Mrs. J. E. Moffett, hot plate.

Martin County Abstract Co., building and piping and hot plate.

Mrs. Spinks, hot plate.
Mrs. Metcalf, 2 cans beans.
Mr. Bullock, hot plate.

The following contributed money to pay for incidental expenses:

First National Bank	\$1.00
J. S. Lamar	.50
R. L. Parks	.50
George Davis	Fair Work
W. E. Whitson	.50
J. L. Hall	.25
James Jones	.25
Stanton Cash Grocery	.50
O. S. Maggart	.50
Mrs. H. Hamilton	.25
J. R. Vance	.50
Clyde Harris	.50
Bryan Cash Grocery	.50
T. A. Lee	.25
Henry Orr	.50
J. R. Bassett	.25
J. A. Wilson	.50
Wayne Cook	.50
Mrs. Epley	.25
Mr. Brewer	.25

The following individuals gave articles to the Kitchen:
Stanton Hardware Co., dish pan.
Tea towels, hot pot lifters, knives, forks, buckets, etc. were given by different ones.

The following loaned articles to the Kitchen:
Ed. W. Wilkinson, meat cutting equipment.

Dick Hittson and others loaned smaller items too numerous to mention.

AMERICA'S FINEST FARM PRODUCT

Once more the season rolls around when the finest products of the American farm are assembled for inspection and awards of merit at Chicago. We refer to the International Live Stock Exhibition, but we are thinking not so much of the prize cattle, sheep and hogs which will be shown there, when we speak of the finest products of the American farm, as we are of the boys and girls of the 4-H Clubs.

Here the healthiest, the most skillful, the most promising of young folk from every part of the country are brought together once a year, and anyone who has the real interest of America's future at heart must feel that they are by far the most important of all of the American products.

We hear a great deal about the pitiable condition of the farmer. But we do not hear enough about the farms and their people who produce these boys and girls, who, through their 4-H clubs, are preparing to be the master farmers of the next generation. Farming does not seem like a hopeless endeavor to them. On the contrary, it seems to them the best way of living, the most independent and satisfying occupation there is.

So it is, for the great majority of farmers and farm families. There are good farmers and bad farmers, good farms and poor farms. It is unfortunate that a great many good farmers have found themselves saddled with bad farms, and that so many bad farmers find themselves unable to get ahead on good farms. We are in sympathy with the movement to eliminate the bad farms and turn them back into forest and grass; but even that will not guarantee the remaining farmers a living unless they are good farmers.

That is what these 4-H club boys and girls are growing up to be; good farmers and good farmers' wives. Give them a chance on good farms and it will not be long as another another generation before we shall be hearing little about the "farmer's troubles."

HERE'S AN EYE OPENER FOR YOU

Where is or who is the guy that said you couldn't plant cotton as late as July and make any. Well, read this:

L. A. Yater, living west of town planted cotton on July 13th of this year. He has picked two bales, weighing in the seed 2980 pounds and in the lint 1125 pounds. They graded strict middling, and price paid for them in Stanton was 9.70. On the New York market at the time the bales were ginned and sold, which was Wednesday, Nov. 29, were worth 9.90 per pound.

The bales were bought by T. W. Angel.
The Co-operation Gin of Stanton ginned the bales.

SUPPORT THE RED CROSS

This is the time of year when the annual roll call of the Red Cross prepares to make its appeal to every helpfully-minded American. It is a call that ought to be regarded; for the Red Cross is the nation's greatest mainstay when calamity strikes.

One thing that makes the Red Cross effective is the promptness with which it moves when called upon. It can only do that by having ample cash reserves on hand at all times with which to mobilize the forces of relief. So, even though the year 1933 has been fortunately and singularly free from major catastrophes, such as have brought the Red Cross to the fore in past years, it is just as important that it should receive its annual contributions as it ever has been.

This winter, as last, much of the relief work of the Red Cross will be in taking care of the homeless and the unemployed. There are fewer, numerically, to be looked after this year than last; more men and women are back to work, and more are being cared for through Governmental and State relief works. There is ground for great hope in the President's program of Civil Works, which is intended to give employment at fair wages to several millions for the next few months. But there is still a huge burden to be carried by those who still have something left, and it is a burden which ought to be shared by everybody.

There is a double reason, therefore, for giving liberally to the Red Cross this year. Keep its coffers filled against the sudden, unexpected catastrophe, which may strike anywhere, at any time, and throw hundreds or thousands into distress. See that this great instrument of aid to the suffering is not handicapped in its work of keeping American workers from starvation until the crisis is past.

WARNS OF VIOLATION

Commissioner of Internal Revenue Guy T. Helvering stated it had been brought to the attention of the bureau of internal revenue that in many instances farmers and others are slaughtering hogs and selling the products to consumers without payment of the processing tax. This is a violation of the agricultural adjustment act and regulations promulgated thereunder, which provide that any person who slaughters hogs for market must file appropriate returns and pay the processing tax thereon.

The act applies even in the case of the producer who slaughters his own hogs and sells or otherwise disposes of all or any part of the products.

Heavy penalties are provided for violation of the law or evasion of the tax and any person who slaughters hogs and sells all or any part thereof should confer with the collector of internal revenue for his district who will assist him in preparing and filing the required returns.

3-COUNTY GINNING REPORT

Tabulation of reports made to Harvey Fryar, government collector of cotton statistics from gins of Howard, Martin and Midland counties, show that there were 7297 bales of cotton, counting round as half bales, ginned in Howard county, 133 in Midland county and 233 in Martin county.

These figures were prior to Nov. 14, at which time last year Howard county had ginned 15,977 bales.

Wink Cinches The Class B Championship

(Special To Reporter)

CRANE, Nov. 25.—The Wink Wildcats, defending the regional championship, won the championship of district 9, class B, for the second consecutive year by defeating the Crane club, 14 to 12, here this afternoon before a crowd of 3,500 fans. It was the educated to of Wall, Wildcat quarterback, that won the game for Wink. The Cranes were off to a good start, outplaying the Wildcats during the initial quarter but the Wink boys held the upper hand during the greater part of the remainder of the fray. The first downs were 14 to 6 in favor of Wink.

The Wildcats gained 283 yards from scrimmage while the Cranes gained only 91.

Crane's first counter came midway in the first period after two passes, Simpson to Shackelford had advanced the ball to the Wink 19-yard line. White, Crane quarter loped the remaining distance to the goal line. Brannon failed to convert.

Early in the second chukker Wink advanced to the Crane one-yard line on two 15-yard penalties against the Cranes. Rush scored on an off tackle lplay. Wall kicked goal. A bit later in the same period Wink again scored on a 48-yard drive with Rush, Dickason, Tucker and Wall leading the attack. Rush went over for the counter and Wall again kicked goal from placement. The third quarter was played mostly in midfield with neither club threatening. Late in the conflict Crane again scored on a beautiful 33-yard pass from Simpson to Brannon. White failed to convert. The game ended with Wink in possession of the ball on Crane's 12-line.

Officials: Moffett (Texas Tech), referee; Brown (A. C. C.) umpire; Reed (Texas) head linesman.

BIG SPRING LITTLE DEVILS WIN GAME FROM STANTON

The Big Spring Devils, second football team of the Big Spring schools showed no mercy on the Stanton Buffaloes junior team last Thursday afternoon and walloped the locals 19-0.

The Stanton team will play a return engagement at a date to be announced later. According to the Big Spring newspaper the Devils have an unusually fine team this season and have had trouble in matching games. The Stanton juns would buck up against a buzz-saw if they knew they would get sawed up.

Bevy Purser, Bob Hamilton and Filmore Epley and Forrest King, returned Sunday afternoon from Kent, where they had been hunting deer. They bagged one with Mr. Purser given the credit for the lucky shot.

A CHRISTMAS PRESENT FOR YOU

This is the time of the year when most of us are thinking intently—and perhaps frantically—about the problem of Christmas gifts. And here is a good suggestion. Give a present to yourself; not for entirely selfish reasons, but in order to help those to whom Christmas this year might be just one more day.

The kind of a gift that will accomplish this purpose is one that provides employment and entails the purchase of basic commodities. And nothing fills the bill more completely than property construction and betterment. Give yourself a new roof or an electric kitchen or a garage or some new furniture. Better yet, if it's possible, give yourself a new home—you'll be getting it for next to nothing in comparison to what the best opinion forecasts it will cost in the near future, and you'll be spreading Christmas cheer among numerous families.

Your local contractor or dealer in building materials is competent to advise you. He can show you where you can make real savings—how you can make your dollars do Spartan duty. Talk it over with him. Think how much a wave of construction, even if community. And give yourself that Christmas present. You'll never regret it.

OVER \$2,000 PAID OUT IN SALARIES HERE SATURDAY

MONEY CAME FROM THE CIVIL WORKS PROGRAM TO PAY FOR LABOR PERFORMED ON LOCAL PROJECTS.

The forerunner of the National Recovery Act, as it pertains to Martin county, struck Stanton last Saturday afternoon in the way of over \$2,000 falling in the laps of the unemployed. The checks were made out by County Administrator Ray Simpson, and drawn on the United States Treasury.

Mr. Simpson estimates that the weekly payroll here will amount to approximately \$2,000. It has been many a day since Stanton enjoyed a weekly payroll of that magnitude. The CWC program has put over 100 men to work in this county, and that's the entering wedge to the heart of President Roosevelt's National Recovery Act.

Stanton merchants report that the trade Saturday was the best they have enjoyed in a year.

The problem now before the local authorities is providing sufficient projects to put all the unemployed to work and keep them at it.

Mayor S. C. Houston states the city has complied with all the requests made from government officials on the sewer project. A favorable report is expected any time on this project, though there is considerable red tape to be encountered before work can be started on this very necessary permanent improvement for the town.

VALLEY VIEW LOSES TO PLEASANT VALLEY 24-5

The first basket ball game of the year, both for Valley View and Pleasant Valley, took place Friday afternoon at Pleasant Valley.

The score was 24-5 in favor of Pleasant Valley.

The Pleasant Valley team is going to come to Valley View for the return game on Friday, December 8.

Everyone is invited to attend. The Valley View boys are working hard and hope to make things interesting when the teams meet again.

QUAIL SEASON WILL OPEN SUNDAY, DECEMBER 1

Local nimrods are looking forward eagerly to December 1, time for start of the quail hunting season in this section.

Quail are reported to be even more numerous than in previous years and the first day of the season will undoubtedly see a great many hunters take to the fields.

STUDY CLUB PARTY A SUCCESS

The bridge and forty-two party sponsored by the Study Club and given at the home of Mr. and Mrs. J. E. Kelly last week, was a success both financially and everyone having a good time. Eleven tables were sold and ten played. Bud Jones won high score prize for bridge and Miss Lila Fae Everett high for "42."

Pumpkin pie and hot chocolate were served for refreshments. The tailies were pen sketches of turkeys.

At the close of the games Robert Hamilton promoted an ugly man and beautiful girl contest, the reward a pie, which added to the fund.

The members of the club are very grateful to everyone who helped with the party and to those who made it a success by their presence. The money realized will be used for new books for the Martin county library.

RECEIPTS \$8.55

From the Polihunt show last Friday night Miss Robinson reports that the girls received \$8.55, which was one-fourth of the original amount received. The money will go for the benefit of the Girls' Physical Education. It is possible that the girls will meet Monday and organize a basket ball team, so Miss Robinson reports.

VALLEY VIEW

J. W. McNiece is visiting the J. E. McNiece family.

Miss Dorothy Fay and Florene Mize visited their brother L. C. Mize this week end.

Mr. and Mrs. Elvis Clements of Stanton, visited Sunday with Mr. and Mrs. W. L. Clements.

H. M. Vanlandingham and son of Merkel, visited last week end with Mr. and Mrs. E. M. Massey and family.

Mr. and Mrs. A. L. Coffey, were in Midland last week end.

Mr. and Mrs. R. D. Byerley of Garden City, visited Mr. and Mrs. T. M. Glendinger the past week end.

Messrs. Elmo, Edward and Willard Pollock and Bill Childress, were in Midland Sunday night.

The seventh grade has a new pupil, A. D. McNeese.

Mr. and Mrs. A. L. Coffey, Miss Clara Bell Hayes and Miss Besale Hamilton, attended the entertainment Friday night at the high school auditorium in Stanton.

Mr. and Mrs. Orby Hull and family, were in Stanton Saturday.

The Valley View bus route is being worked on. The workers began about a quarter of a mile south of Earl Bryant's. The road is being topped with red clay where there was so much sand. There are about ten different men that work on the road each week. They work 8 hours a day and four days a week. The work is about 160 days for one man. The work will probably continue for about four weeks. The Lenorah bus route is also being worked. That project connects the Valley View bus route.

Mr. and Mrs. Earl B. Powell and son, Edgar Lay, left Tuesday for Ft. Worth to spend Thanksgiving with her parents, Mr. and Mrs. E. W. Bounds.

No doubt the largest visitor to ever come to this section will pay Big Spring a visit for two days commencing Thursday, Nov. 30 and in Midland, Saturday, December 2. The Pacific Whaling Company of Long Beach California, has completed arrangements to exhibit its monster in these cities. Representatives of the company have been in these cities for the past week securing special location and arranging for the moving of the 68-ton monster of the seas. Some vastness of this exhibition may be visualized from the advance reports and photographs that are presented by Mr. Thos. Dawson, of Los Angeles, who is one of the firm's representatives that engineers all the many preliminary advance details that arise in transporting a 68-ton mammal about the country.

The whale travels on a special built railway car that is eighty-five feet in length and with the combined weight of the whale represents over one hundred tons. A crew of 12 whalers accompany the outfit which is headed by Captain Lee Nichols, of the whaling boat "Hawk." Captain Nichols who sailed the seven seas in the capacity of whaling captain for the company tells of a thrilling battle with the monster before finally landing the whale, for a long time it looked as though the captain, crew and in fact the whaling boat would be lost, it is asserted.

Captain Nichols has been granted a year's leave of absence by the company to accompany the whale on its transcontinental tour which will include stops at the leading American cities. The outfit that will be seen at Big Spring and Midland is headed for the coast to show the easterners just how big the Pacific whales turn out to be.

The whale which measures fifty-five feet in length and weighs more than 68-tons is exhibited on a specially constructed steel flat car, enclosed in a huge plate glass apartment. Captain Nichols will explain to visitors just how the whale was captured and just how whales are hunted down in the deep Pacific waters. The exhibition will also include a number of whaler's weapons that are used in the actual killing of the big sea beasts. Modern methods are explained in contrast to the crude mechanical outfits that were in use years ago.

OFF AFTER DEER

E. P. Whitson, son Willis Whitson and Chas. Eckert, left last Friday afternoon for Mason county on a hunt. The Martin boys from there, nephews of Mr. Eckert, were here in the spring chicken hunting and this was a return call.

Mrs. Doc Moore and children, Franchelle and Jimmie, are guests of her parents, Mr. and Mrs. J. E. Kelly. Mrs. Kelly drove over to Quannah for them last week.

Miss Ann Heaton is home for a visit after several months spent in Houston.

Here's something women have always longed for . . .
Ringless...Streakless...Shadowless
Sheer Stockings by Mojud

For years it was impossible to make a really sheer stocking that wouldn't show "rings." It wasn't a question of expense. . . even the most costly hosiery had this definite, if almost indiscernible flaw. It was a matter of the varying weight of the silk. This has now been overcome through Mojud's ingenuity, and we have a sheer stocking that's absolutely free from even the suggestion of a ring or a shadow—clear as glass! A glorious find for that difficult name on your Christmas list. We'll pack it ready for the giving.

4-H CLUB NEWS

DEMONSTRATES BEEF CANNING

The county home demonstration agent, Miss Myrtle Miller, demonstrated a beef canning last Thursday at Mr. F. Haynes. The purpose of this was to show those who attended the different ways to can meat. The beef made 125 cans.

The following articles were canned: Chili, steak, roast, lunch meat, and liver paste. Miss Miller will demonstrate at Mr. and Mrs. E. M. Masse's home soon.

The community certainly appreciates Miss Miller's help and advice. Everyone is invited to attend.

4-H PANTRY CLUB MET AT TARZAN NOVEMBER 20

On Monday, November 20, Miss Myrtle Miller, home demonstration agent, met with the Tarzan 4-H pantry club. Before noon she visited some of the ladies and helped them arrange their pantries, then at 2:30 in the afternoon the club met at the home of Mrs. M. H. White. The afternoon was spent in making English plum pudding, using beef suet. Such things are very inexpensive and mighty nice for Christmas dinners or unexpected guests. Miss Miller says she hopes to see a few jars in each woman's pantry. There was some discussion relative to Achievement Day, which will be on Thursday, December 7th. There will be a dish dinner at home of Mrs. R. T. Kingfield. Everybody is invited to attend this dinner and bring a dish (and not an empty one). A short program will be arranged just after lunch, the pantries of Meses. Kingfield, T. J. Holloway, A. J. Howard, M. C. Brawner, will be inspected. Members from the various clubs of the county are especially invited. Come, and see the good work that's being done by the ladies of the Tarzan community.

WHO ARE ELIGIBLE?

We are constantly asked just what are the requirements to enter our school or just who are eligible?

The following outline requirements will be of interest to those who may be interested:

High school graduates who have not the financial means to complete a four-year university course and who have a capacity and taste for business.

High school graduates who are not suited to a university course.

High school graduates who have had commercial work and who may wish post-graduate work, or pre-occupative training of Senior Grade.

University graduates who have made no special preparation for any calling or having done so, believe they

WAKE UP YOUR LIVER BILE— WITHOUT CALOMEL

And You'll Jump Out of Bed in the Morning Rin' in Go

If you feel sour and sunk and the world looks punk, don't swallow a lot of salts, mineral water, oil, laxative candy or chewing gum and expect them to make you suddenly sweet and buoyant and full of sunshine.

For they can't do it. They only move the bowels and a mere movement doesn't get at the cause. The reason for your down-and-out feeling is your liver. It should pour out two pounds of liquid bile into your bowels daily.

If this bile is not flowing freely, your food doesn't digest. It just stays in the bowels. Gas bloats up your stomach. You have a thick, bad taste and your breath is foul, skin often breaks out in blemishes. Your head aches and you feel down and out. Your whole system is poisoned.

It takes those good, old CARTER'S LITTLE LIVER PILLS to get these two pounds of bile flowing freely and make you feel "up and up." They contain wonderful, harmless, gentle vegetable extracts, amazing when it comes to making the bile flow freely.

But don't ask for liver pills. Ask for Carter's Little Liver Pills. Look for the name M. A. Carter's Little Liver Pills on the red label. Resent a substitute. See at drug stores.

Constipated 30 Years Aided By Old Remedy

"For thirty years I had constipation. Sourcing food from stomach choked me. Since taking Adierika I am a new person. Constipation is a thing of the past."—Alice Burns, J. L. Hall, Druggist.

ODESSA PUBLISHER IN BIG SPRING HOSPITAL

Ralph Shuffler, publisher of the Odessa News-Times, was taken to a Big Spring hospital Sunday morning, where he underwent treatment for a stomach ailment. Mr. Shuffler is reported much better, though he is still quite ill. He was accompanied by his son, Henderson Shuffler and his wife.

HUNTING PARTY TO UVALDE COUNTY

The Baptist preacher and E. Price the T. and P. agent, are just fools about hunting. They went last week and didn't bag any game and turned right around and went back to Uvalde county Monday morning. With them were Dr. Moffett and Wayne, Joe Hall and Clayton Burnam. Now if the deer gets a square look at that bunch he will fall dead from fright.

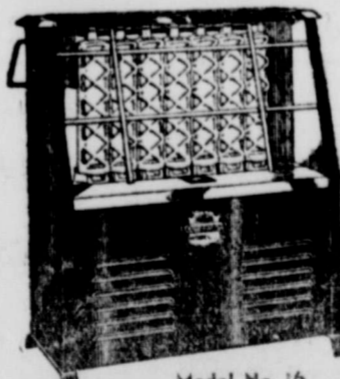

Norman Orr spent the week end in Abilene with J. W. out at A. C. C. He witnessed the game between A. C. C. and McMurry, which the former won by a score of 3 to 0.

Mrs. Mary Orr returned last Friday to her home in Merkle after a visit here with her son Henry Orr and family.

Mrs. J. P. Boyd visited her daughter Lela Hazel, at Big Lake, Saturday and attended the Stanton-Big Lake football game.

Mrs. J. P. Boyd and Mrs. J. E. Millhollen, were shopping in Big Spring the latter part of last week.

New Instant-Gas Coleman Radiant Heater

LIGHTS INSTANTLY

Here's a practical all-around heater at a remarkably low price. Produces penetrating radiant heat that warms you like summer sunshine. Light in weight... easy to carry. Makes and burns its own gas. Lights instantly like gas... no waiting, no preheating. 7 radiants.

BUFFALO BELLOWS

LOYD BREWER, EDITOR

The Watson School of Music will give a concert at the school auditorium, December 8th. There will be no charges.

LETTERED FOR SWEATER

There were fourteen of the Buffaloes that lettered for a sweater this year. There were 21 that were on both the first and second teams. Those that lettered were:

Clair Epley, quarter, 3rd year; Henry Bridges, fullback, 2nd year; Wayne Vaughn, halfback, 1st year; N. J. Bell, halfback, 1st year; Virgil Hogue, end, 2nd year; Allen O'Conner, end, 3rd year; Tull Ray Louder, end, 1st year; Stanley Reid, guard, 2nd year; Seth Donelson, guard, 1st year; Elvis Clements, guard, 1st year; Tex Hammer, tackle, 1st year; Truman McClain, tackle, 1st year; Jiggs Hall, tackle, 2nd year; Johnnie Bassett, center, 1st year.

There were eighteen that lettered last year, only four more than lettered this year. So the depression wasn't so bad on the Buffaloes after all.

ECONOMICS CLUB

The Home Economics Club met Monday, November 27. It was decided that every girl shall make a dish towel and cloth which they will donate to the Home Economics Department. After this everyone sewed on the work they had with them until the end of the period.

Each year Mr. Whitson and Mr. Eckert have gone down there hunting wild turkey and deer and each time have returned with game.

Prepared to Save Lives

One of the most valuable services given to the American public by the Red Cross is through its Life Saving and First Aid courses. Virtually all of the life guards at beaches and pools in the nation are Red Cross life savers. Nearly every industry in America supports the First Aid work of the Red Cross because it annually saves lives of thousands of injured persons. These courses are taught by Red Cross experts in both lines. Last year 66,354 certificates were issued to persons completing the First Aid course and 78,795 certificates for completing Life Saving instruction.

GOOD GAS WITH DEPENDABLE SERVICE

NEGLIGENCE IS COSTLY

We have said this before . . . but at this time of the year it can't be over-emphasized. By failing to pay proper attention to that cold or cough—you are running a risk of really dangerous and costly illness, not to speak of the discomfort and loss of days confined in bed.

TAKE THE SAFE SIDE . . . WE SUGGEST ONE OF OUR SPLENDID COUGH AND COLD REMEDIES—OR A TRIP TO YOUR PHYSICIAN. IF HE PRESCRIBES, BRING THE PRESCRIPTION HERE FOR ACCURACY AND FRESH DRUGS.

J. L. HALL THE DRUGGIST

METHODIST CHURCH

The Methodist church welcomes everyone that are not attending services some where else to come to it's services. Next Sunday we want every Methodist to be sure and come to the services during the day. Sunday school at 9:45 and this means that every officer and teacher be on time if possible as well as the others. Preaching 11:00 o'clock, Communion at 11:45. Young people meeting at 6:15 in the evening and preaching at 7 o'clock.

There are great responsibilities that are resting on the Methodist church this year and we can best meet them by every one being at their post of duty all the time.

Strangers are welcome all the time.
JIM H. SHARP, Pastor

The greatest task ever undertaken by a relief agency in the history of private charity is drawing to a close with the final distribution of cotton clothing to more than five million families by the American Red Cross.

At the direction of the Congress, beginning eighteen months ago, the Red Cross undertook to convert the wheat and cotton surpluses of the Farm Board into food and clothing for the unemployed and needy. In the consequent operation, this relief agency entered upon a commercial enterprise greater than any single commercial firm has ever undertaken in the same period of time.

In the ensuing months the Red Cross converted \$5,000,000 bushels of wheat into flour and bread and gave it to 5,700,000 families. The distribution was through 3,700 Red Cross chapters and hundreds of other charitable agencies. During the severe northwestern drought of 1931 the Red Cross also gave wheat in the form of food for livestock to 184,188 families.

The clothing—dresses, underwear, overalls, jumpers, sweaters and stockings for men, women and children, and even blankets and comforters—was distributed to 5,465,410 families. More than 55,000,000 ready-made garments and 92,000,000 yards of cotton cloth were given to the needy. This clothing came from 844,000 bales of cotton.

The wheat distribution was concluded in June, 1932, and final distribution of cotton clothing is occurring in the fall months. In handling these tasks voted to it by Congress, the Red Cross will expend from its own treasury \$135,000. At the same time the organization carried on its regular program of disaster relief, of service to the veterans of our wars; of educational and welfare work through the Junior Red Cross; of health education and public health nursing and of life saving and first aid. Funds for this work come from the membership roll call the Red Cross chapters conduct from Armistice Day to Thanksgiving Day, when every one is invited to join the Red Cross and aid in its vital relief work.

There are days when it seems that the whole of humanity is divided into (1) those who want to get into the news, and (2) those who want to keep out of the news.

Larry Hoyland, Southern California sportsman, lost his reel and line off of Avalon, California. When it was recovered with grappling hooks, instead of a big fish, he found he had caught a .22 calibre rifle.

CITATION BY PUBLICATION No. 1277

ADDIE LEE HAYNES
vs.
H. C. HAYNES

In the District Court of Martin County, Texas.

The State of Texas to the sheriff or any constable of Martin County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Martin once in each week for four consecutive weeks previous to the return day hereof, you summon H. C. Haynes whose residence is unknown, to be and appear at the regular term of the District Term of Court of Martin County to be holden at the Court House thereof on the 3rd Monday in December, A. D. 1933, the same being the 18th day of December, A. D. 1933, then and there to answer a petition filed in said court on the 10th day of November, A. D. 1933, in a suit numbered on the Docket of said Court, No. 1277, wherein Addie Lee Haynes is plaintiff, and H. C. Haynes, is defendant; the nature of the plaintiff's demand being substantially as follows to-wit: Suit by plaintiff against defendant asking for divorce on the ground that defendant H. C. Haynes, husband of the plaintiff, has left her for a period of more than three years with intention of abandonment, and asking that plaintiff's maiden name, Addie Lee Kennedy be restored to her.

Herein fail not, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said Court, at office in the City of Stanton, Texas this the 11th day of November A. D. 1933.

Witness: Jas. F. Epley, Clerk of District Court in and for Martin County, Texas. 8-11

Tornado Is Most Frequent Disaster; Causes Heavy Loss of Lives

What type of disaster occurs most frequently in the United States?

This question is answered from the relief annals of the American Red Cross which show over a period of years that the tornado, or cyclone as it is called in some sections, is the most frequent and claims a heavy toll of life. It swoops almost without warning, and in the terrible whirlpool of its fierce winds it destroys all in its path.

The Red Cross gave relief in 44 tornadoes in eighteen states last year. The tornadoes killed 326 persons, injured 2,755 and the Red Cross gave aid to 21,738 who were homeless, injured or otherwise victims of the storms.

Toll of the Earthquake

When a severe earthquake killed 95 persons; injured 4,911 and destroyed several thousand homes in Southern California last March, the Red Cross was first upon the ground with emergency relief. It required more than three months for the Red Cross to restore the needy to a self-sustaining basis. The organization expended a relief fund of \$411,000.

Why Liquid Laxatives Do You No Harm

The dose of a liquid laxative can be measured. The action can be controlled. It forms no habit; you need not take a "double dose" a day or two later. Nor will a mild liquid laxative irritate the kidneys.

The right liquid laxative will bring a perfect movement, and with no discomfort at the time, or afterward. The wrong cathartic may keep you constipated as long as you keep on using it!

An approved liquid laxative (one which is most widely used for both adults and children) is syrup pepsin. Dr. Caldwell's Syrup Pepsin is a prescription, and is perfectly safe. Its laxative action is based on senna—a natural laxative. The bowels will not become dependent on this form of help, as they do in the case of cathartics containing mineral drugs. Ask your druggist for Dr. Caldwell's Syrup Pepsin. Member N. R. A.
