

**Snooter Knows**  
By JAMES E. KELLY

MEMORIES OF THE DAYS WHEN the women folks wear dresses that swept the ground, busses, wire rats in their hair, hoop skirts, high-top button shoes, sunbonnets and straw hats decorated with bunches of grapes and other fruits, and the men folk wore the derby and the stove-pipe hat, long double-breasted Prince Albert coat, high-heel and flat-heel boots and brogan shoes, flashy wide-band watch chain across the front of a fancy silk vest, was brought back to the old timer who was a young timer in that day, who stood on the side line and witnessed the mile-long parade as it moved down the main drag of Stanton on the last evening of the two-day Martin County Old Settlers Reunion.

In the parade was the old-time horse drawn buggy, mule-drawn chuck wagon, cowboys riding on their cayuses, and many other movable objects representing the "Gay 90's," as well as prize-winning floats contributed by local society organizations, Sheriff's Posse, new automobiles, farm machinery, etc.

It was a gala event for old settlers to meet and air their early day experiences in Stanton and Martin County. And may we add here the ranks of early settlers had thinned down to a remarkable low percentage due to the many pioneers who had answered the call of the Death Angel.

New officers elected for next year are Alton Turner, president, and Hoot Tom, vice president. Mrs. Morgan Hall was re-elected to serve her 26th year as secretary-treasurer.

Congratulations goes to all those connected with arranging the fine program that moved without a hitch. It was truly an event that stood out as a "Silver Thread Among The Gold" at this 25th anniversary of the Martin County Old Settlers Reunion.

NOT ALL CANDIDATES ARE GOING to be elected, either in the first or second primary. Some of the opponents are certain of defeat. The defeated one while sailing up Salt Creek, will sum up his position similar to the candidate who ran for sheriff in Arkansas.

The story gathered various and sundry additions in its march down the corridors of time, the latest version being as follows:

"Lost four months and 20 days canvassing; lost 1,360 hours of sleep thinking about the election; lost 40 acres of corn and a crop of sweet potatoes; lost two front teeth and a lot of hair in a personal combat with an opponent; donated one beef, four shoats and five sheep to barbecue; gave away two pair of suspenders, five celic dresses, five dolls, and 13 baby rattlers, kissed 128 babies, kindled 14 kitchen fires, put up eight stoves, cut 14 cords of wood, carried 24 buckets of water; gathered seven wagon loads of corn, pulled 437 bushels of fodder, walked 4,000 miles, shook hands 9,080 times, told 10,001 jokes, and talked enough to make 1,000 volumes, attended 26 revival meetings, was baptized four times by immersion and twice by sprinkling, contributed \$500 to foreign missions, got dog bit nine times—and then got defeated."

ONLY NINE MORE DAYS FROM this issue of The Stanton Reporter until the fatal day (fatal day to some candidates) the July 26 Primary Election day. A day when the voters will go to the polls and drop their vote in the ballot box for their choice of candidates.

It is not out of place to mention here just what is to take place on certain days up to the Primary Election Day, July 26th, as listed in the Texas Political Calendar for 1958.

July 15, of course, has passed and the Chairman of the County Executive Committee has attended to having posted in the county courthouse notice of hour and place of Precinct Convention at least 10 days prior to date of convention.

On July 17, sworn statement of campaign expenses must be filed by candidates not less than seven nor more than 10 days prior to the first Primary Election Day.

Coming up on July 10 the County Tax Collector shall deliver to Chairman of County Executive Committee certified and supplemental lists of voters at least five days before election day.

The last day for absentee voting for July Primary, is July 22, and on the same day, also, no-

## Urban Renewal Election Slated Citizens Will Vote July 21

### Humble Spuds In McKaskle Number One

By JAMES C. WATSON

Humble Oil & Refining Company has spudded its No. 1 McKaskle, East Martin County wildcat, and has set casing at 57 feet on total depth of 60 feet.

On last report, operator was preparing to move in a large rig and continue drilling on 11-100-foot contract.

The prospector is 12 miles northeast of Stanton, 660 feet from north and east lines of section 12, block 35, T-1-N, T&P survey.

Straw test continued on last report at Jake L. Hamon and Republic Natural Gas Company No. 1 Roscoe Holton Estate, West Martin County wildcat.

During the last 17 hours of flowing, the project made 24 barrels of new oil and no water, from pay behind casing perforations from 10,804 to 10,840 feet.

Well site is 7 1/2 miles southeast of the Breedlove (Devonian) field, 21 miles northwest of Stanton and 7,577 feet from east and 5,872 feet from south lines of league 246, Wheeler County School Land survey.

### Carol Nichols In Dallas For Major Surgery

Relatives of Carol Nichols, 12-year-old daughter of Mr. and Mrs. Elma Nichols, advised the Stanton Reporter Tuesday that she had been removed from a Big Spring hospital to a Dallas hospital.

Carol was injured Monday afternoon, July 7 and was taken to Malone-Hogan Hospital in Big Spring. Tuesday morning, July 15, she was taken by ambulance to Baylor Hospital, Dallas.

Mrs. James Jones, aunt, said Carol was to have undergone surgery Wednesday morning.

She said Carol received a head injury when she fell from a horse she was riding Monday afternoon, July 7. Mrs. Jones said Carol was riding the horse at her home and preparing to ride in the Old Settlers parade, when the horse ran away with her.

Mr. and Mrs. Nichols accompanied their daughter to Dallas.

### Officers Nab Man Wanted For C. C. Burglary

A two-time ex-convict was in Mitchell County jail this week charged with burglary of Western Cafe, East Highway 80 in that city, because of alert police work by Stanton officers.

He is Melvin Bogart, 31, who served a burglary sentence in Pennsylvania and a federal car theft sentence in Texas.

Bogart was arrested by night city officers a few hours after the Colorado City cafe was burglarized for a small amount of cash and a half carton of cigarettes.

The ex-convict signed a statement admitting the Colorado City break-in and another in Sweetwater.

Stanton police stopped Bogart's auto for a routine check and found the cash box plus business and personal papers listing the name of the Western Cafe manager, according to Chief L. C. Waits.

Bogart told police he had left Philadelphia, Pa., the night of July 4 in his auto. He was driving to Tombstone, Arizona, where he told officers he planned to return to his former job of ambulance driver.

After Bogart's return to Colorado City from Stanton, a check with Texas Department of Public Safety confirmed that Bogart had been sentenced to five years in 1947 in the state pen in Pennsylvania and for the same amount of years in 1952 on a federal charge in El Paso.

### Caton Installed As Rotary Chief

Elmo Wasson of Big Spring, past district governor, and who also was instrumental in organizing the Stanton Rotary Club, was guest speaker, last Thursday night at the Belvue Restaurant, when the club and their Rotary Ann's met for installation services.

At the suggestion of Mr. Wasson, the club voted on, and accepted the annual report given by retiring President Arthur Wilson. Wilson also thanked the entire club for their cooperation, and especially did he thank Neal Estes for the fine publicity given the club, and the directors and secretary for their constant help and support, and he urged all members to give their whole-hearted support to the incoming officers.

Ralph Caton led the song service with Mrs. W. C. Wright at the piano. George Shelburne gave the invocation, after which Jack Arrington, program chairman, introduced Mr. Wasson who gave an impressive talk on club activity, in which he said,

RALPH CATON

we should take our club seriously, but not ourselves, our Rotarians are leaders and should therefore be active in every activity of service to help promote (Continued on page 8)

### IN THE COTTON PATCH

By COUNTY AGENT BOB JOHNSON

Loopers and bollworms were found in every section of the county except Flower Grove south to Lenorah which has fleahopper, lygus and the other plant bugs. But this area like the rest of the county shows little damage from plant bugs due to the unseasonable winds which have restricted their activities.

Nine out of nine checks made Tuesday morning in fields west and northwest of Stanton produced loopers. However only two fields were at a level that needed or had additional other insect damage that warranted poisoning. A couple of the other fields could need poisoning before the week is out.

The neighbors, George Lewis and Leo Turner, proved during the week that good applications of toxaphene-DDT or 2-10-40 will control loopers. In control checks a substantial decrease in number plus a 60 to 40 ratio or higher of small newly hatched to grown worms was counted. George used an airplane with 2-1 while Leo dusted with a ground rig with 2-10-40.

Several reports have been relayed to this agent of fields that produce eight to ten loopers per plant but the most counted by this agent has been about half this figure. However one of these reports came from the grower himself and large plant infestation is not impossible. By the way, this grower plans to poison as soon as possible or sooner.

Stink bugs have been noted more frequently in fields lately with three varieties being seen. The Conchuela, which is brown or black with red fringe, is the most destructive of the cotton damaging varieties. The green stink bug and the brown stink bug have also been noted doing their damage which is the puncturing of bolls and sucking juices from the seed. The bolls may be wholly or partially ruined but lint and seed produced by injured bolls are inferior. Toxaphene and DDT alone or in combination, are recommended for their control in the Cotton Insect Control Guide so nearly any good bollworm poison should also control these insects.

### Dan Saunders To Head Stanton American Legion

Dan Saunders was recently elected commander of Stoeger-Estes Post No. 429 of the American Legion.

Other officers elected to serve with him are R. W. Caton, first vice commander; Roy Crimm, post adjutant; J. D. Renfro, finance officer; John Roueche, post service officer; Jim McCoy, chaplain; and W. L. (Whistle) Lindsay, sergeant-at-arms.

Installation of the new officers will be held August 5 at the American Legion Hall.

### Weather Bureau Cites Lenorah Man For Service

Grover Springer, long-time weather observer at Lenorah, has been cited by the United States Department of Commerce, Weather Bureau Division, for accurate and faithful service.

Gilbert E. Stegall, supervising climatologist of the Kansas City Weather Bureau, recommended the citation.

In a letter to Mr. Springer, Stegall wrote the following: "On behalf of the Secretary of the Department of Commerce and the Chief of the Weather Bureau, it is our privilege to present to you a token of appreciation for long and faithful service as Weather Observer. The enclosed emblem represents 10 years of unselfish weather service to your community, state and nation.

"You have added valuable data to the store of climatological information by keeping accurate records in all kinds of weather.

"We are grateful for your diligence over the years and it is a genuine pleasure for us to honor you."

### Sidney T. Smith Talks To Lions

Sidney T. Smith, a member of the Midland Downtown Lions Club, spoke to the Stanton Lions at a regular meeting Tuesday noon at Belvue Restaurant.

Smith gave an interesting talk on his past experiences. He discussed his service as a U. S. Marine and told of other interesting experiences.

Ed Hall served as program chairman and introduced the speaker. The invocation was given by Cecil Bridges. R. C. Vest, president was in charge of the meeting.

Twelve members and the speaker were present.

### Two Vacancies Must Be Filled On Grady Faculty

Two teachers are needed by Grady School to begin the 1958-1959 school term, L. M. Hearn, principal, said this week.

Hearn said there were several applicants for the two spots on the faculty, but the school board has not employed anyone yet.

The six teachers who are to teach during the new school term include L. M. Hearn, Mrs. A. C. Fleming, Mrs. Bruce Key, Mrs. J. M. Payne, Mrs. Woodrow Stewart and Mrs. Grover Springer.

Donald Rodricks visited in Tulsa, Okla., over the weekend. He visited Donna Wilson.

### Schools Will Open Sept. 2

Stanton schools will open for the 1958-1959 school term on September 2, L. M. Hays, superintendent said this week.

Hays said school will officially open September 2 and the week before will be spent in registering, completing schedules and holding a workshop for members of the faculty.

He said there are two open places to be filled on the school faculty before school begins.

He said two teachers have been employed. Corinne Cage of Presidio has been employed as a high school English teacher. Mrs. Helen Irene Duke of Midland will teach in the elementary school.

Two places to be filled include a combination math and science teacher for high school and an elementary teacher.

### Farm Bureau To Sponsor County Queens Contest

The Martin County Farm Bureau will sponsor a queens contest at 8 p. m., Tuesday, August 19 at the Stanton Elementary gymnasium.

A talent show will be held in connection with the contest. There are two divisions in the contest — one for senior girls and a junior division.

To be eligible for the contest a girl must be the daughter or sister of a Farm Bureau member actively engaged in agricultural production. Membership should be in the county of participation. The girl should be single and for the senior division should be between 16-22.

She should be 16 by September 1, 1958 and not over 22 by September 1, 1958. Ages for the junior contestants are 12-16.

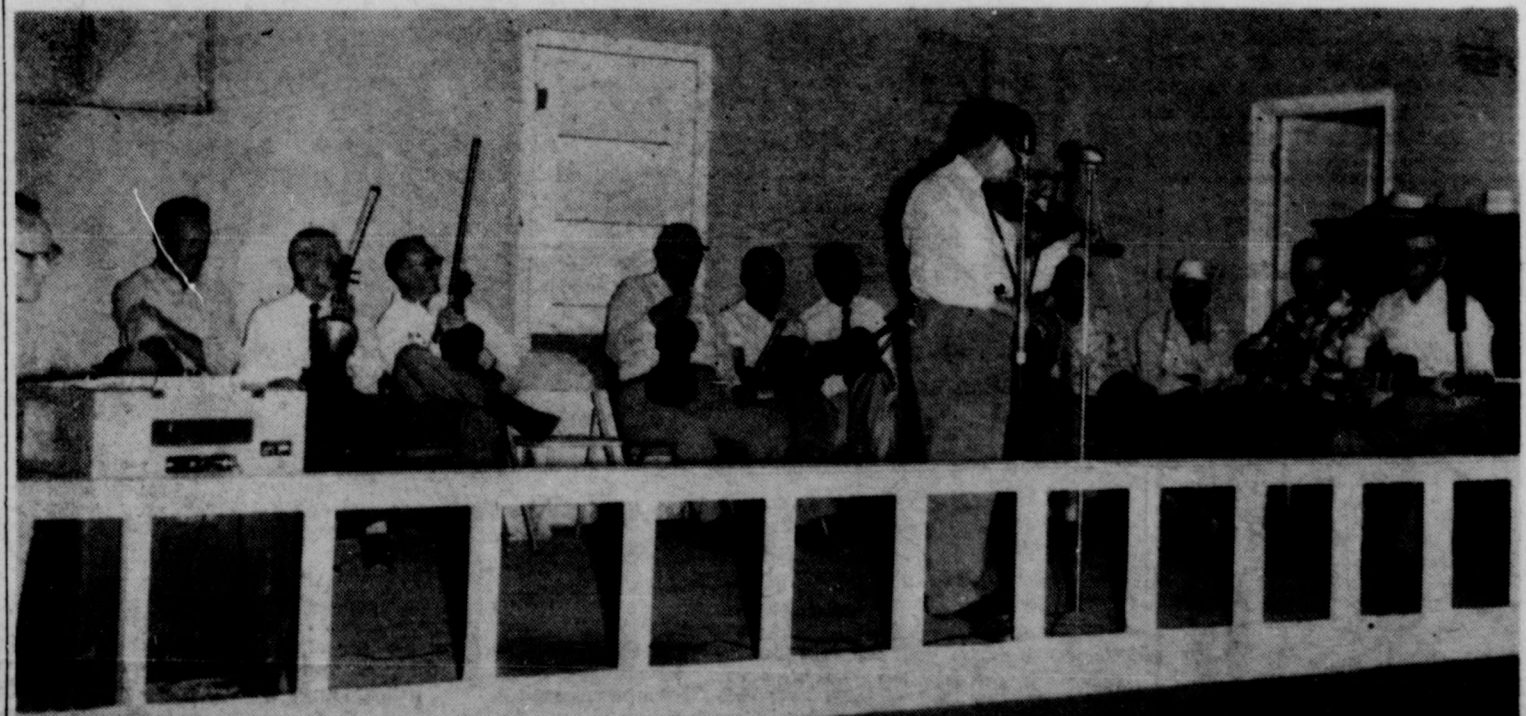

Girls will be judged on grace, poise, charm, vivaciousness and other qualities that go to make up winsome Texas future homemakers. Three main points on which they will be judged are appearance, poise and personality.

A large group of Martin County girls have entered the contest.

### Houston Family Reunion Held On July 9

A Houston family reunion was held Wednesday night, July 9 at the home of Mr. and Mrs. H. A. Houston.

Present were Mr. and Mrs. H. G. Spruce of Dallas, Tink Houston, Claude Houston, Mrs. Susie Houston, Mrs. Inez Woody, Mr. and Mrs. J. D. Poe, Mr. and Mrs. Yuell Winslow and Donnie, Mr. (Continued on page 8)

OLD FIDDLERS—Pictured above are fiddlers who entered the old fiddlers contest which began the Martin County Old Settlers 25th reunion July 7 at the American Legion Hall. D. B. Langley of Andrews is playing for the group while the others wait their turn. Seated left to right are Perry Geurin of Valley View, Jess Sanders of Big Spring,

Herbert Shipp of Stanton, T. J. Kyle of Big Spring, Bill Thomason of Big Spring, Anthony Ashley of Midland, Claud Gilliland of Big Spring, Tom Castle of Knott, N. J. Bell of Midland, George Cockrell of Canadian and T. J. Godwin of Stanton. George Cockrell won first prize and Tom Castle was second.

### Citizens Will Vote July 21

Stanton taxpayers will have an opportunity to either approve progress or stand still, when they go to the city hall Monday, July 21, to cast votes on the Urban Renewal Plan.

Community leaders feel that the proposal for town development hinges on an affirmative vote for the measure.

Urban Renewal is not new to Texas — not new to West Texas. Only recently the City of Wink put an official mark of approval on the plan by a vote of 205 to 4. It is considered by many to be the spark needed to spur growth and make a better place, a better town, in which to live. Two tax dollars out of every three will come to Stanton free — it has already been appropriated and ear-marked in Washington for purposes considered constructive by citizens everywhere, if Urban Renewal

is accepted. Many months ago some of the larger cities took advantage of the proposal and today thriving programs dedicated to community betterment are underway and going great guns.

Only legally qualified voters residing within the corporate limits of the City of Stanton, owning taxable property already on the tax rolls, shall be able to vote in Monday's election.

The special election ballot will be short — only one proposition will be decided. Stanton voters will either accept or reject Urban Renewal.

In this edition of The Stanton Reporter a detailed list of questions and answers appears. We invite our readers to look over the list — read the questions carefully and digest the answers, and cast their votes accordingly.

### New Postal Rates Effective August 1

Mrs. Leta B. Eldson, postmaster, said this week she expects plenty of stamps and postal cards to be on hand for sale August 1, to meet new postage rates which become effective then.

New stamps, stamped envelopes and postal cards have been issued to post offices by the Post Office Department in anticipation of the new rate changes, Mrs. Eldson said.

Large additional supplies of the regular four cent stamp, bearing the likeness of Abraham Lincoln, are being received here to meet the new first-class letter rate of four cents an ounce. In addition, issues of special stamps and commemorative stamps will be available at the local post office in four cent denominations.

A new "Champion of Liberty" stamp, honoring Simon Bolivar, the late great South American liberator, will be on sale at the local post office on July 25, in

four cent and eight cent denominations. (The eight cent stamp is used in international mail.)

Adequate supplies also are expected in other stamps, cards and envelopes, including new seven cent air mail stamps, replacing the six cent air mail stamps; three cent postal cards replacing the two cent cards; and four cent and seven cent stamped envelopes to be used in place of three cent and six cent stamped envelopes.

"Picture" post cards will require three cent stamps for surface transportation and five cent stamps for air transportation. Ample supplies of three cent and five cent stamps are expected to meet anticipated demand for these stamps.

Old supplies of three cent and six cent stamps, 2 cent and four cent postal cards and three cent and six cent envelopes may be used after August 1, by adding an ordinary penny stamp to these.

### Mrs. N. G. Haggard To Head Stanton Rebekah Lodge

Mrs. N. G. Haggard was installed as noble grand of Stanton Rebekah Lodge 287, during ceremonies Monday night at the IOOF Hall.

Mrs. Jo Nell Holland was installed as vice grand.

Appointive officers are Mrs. Virgie Johnson, warden; Mrs. Oma Clay Saunders, conductor; Elna Sprawls, musician; Mrs. Roy Linney, chaplain; Mrs. Clayton Burnam, right support to noble grand; Mrs. C. E. Christopher, left support to noble grand; Mrs. Walter Graves, right support to chaplain; Mrs. Pearl Ory, right support to vice grand; Mrs. Mason Coggin, left support to vice grand; Mrs. C. S. Bevers, Jr., inside guardian; Mrs. Leola Green, outside guardian; Mrs. Walter Graves, reporter and Mrs. L. C. Waits, left support to chaplain.

Installing officers were Mrs. Maude Cole, district deputy president; Mrs. W. C. Cole, deputy warden; Mrs. H. F. Jarrett, deputy marshal; Mrs. Ross Darrow, deputy inside guardian; Mrs. Pauline Petty, deputy outside guardian; Mrs. Josephine Burus, deputy chaplain; Mrs. Chas. Boland, deputy musician, all of Big Spring John A. Kee Rebekah Lodge 153.

Other visitors were Mrs. Gordon Gross, Mrs. T. A. Melton, Mrs. Jim Ferguson, Mrs. L. A. Griffith and Mrs. Nannie Adkins, all of Big Spring Rebekah Lodge 284.

Garden flowers were used as decorations for the formal ceremony. A decorated sheet cake was served. Crystal was used on the serving table.

(Continued on page 8)

### Clerk Says No Absentee Votes Cast To Date

No one has cast an absentee ballot for the Democratic primary election on July 26, Mrs. Doris Stephenson, county clerk said this week.

Mrs. Stephenson said one absentee ballot has been mailed out, but it has not been returned.

Persons eligible to cast absentee ballots are voters who will not be in their voting precincts on election day or persons who cannot otherwise go to the polls on that date. Each applicant for an absentee ballot must file a certification explaining why he cannot ballot on election day at his regular voting place.

Residents will have until July 22 to cast absentee ballots.

### Angel Family Met Sunday At Buffalo Gap For Reunion

The Angel family reunion was held July 13 at the state park five miles southwest of Buffalo Gap. It was the 24th annual meeting and it was the 22nd time the group had met at the state park.

Tom Angel, 85, of Stanton was recognized as the oldest present and Steven Chandler, three months, of Fort Worth was the youngest member of the family present.

Members of the family attended from Stanton, Midland, Brownfield, Sundown, Plainview, Enoch, Snyder, Abilene, Breckenridge, Gains, Brownwood, May, Rising Star, Fort (Continued on page 8)

## 25 YEARS AGO

The members of the local I. O. O. F. and Rebekah Lodges are busily engaged arranging to take care of about 500 visitors who are expected to be in Stanton on Wednesday and Thursday, August 3 and 4, to attend the 22nd annual session of the West Texas I. O. O. F. and Rebekah association. Seven counties comprise the district.

Plainview — Hickman Price, the world's largest individual wheat grower, is broke. Price made the announcement here in a conference he had called to discuss his position with creditors. The man who made agricultural history in 1931 when he produced more than 500,000 bushels of wheat on 22,000 acres of Panhandle land told his creditors his mass production was a failure.

The man who was visited by representatives of the Russian government to study his farm idea said: "I'm at the end of my resources. I have no plans for the future. At present I am living with my wife and son near Kress where we have a few cows, some chickens and a garden."

Miss Margie Collier, Stanton High School graduate, and last year a popular teacher in the local school, will teach next year in Anton school system.

The Stinch and Chatter Club met last week with Mrs. Wil-

mer Jones. Guests present were Mrs. Garnett and Mrs. Zachary of Abilene, and Mrs. James Jones, Stanton.

J. W. Rogers returned Friday to his home in Tyler, after visiting a week with his daughter, Mrs. Robt. Hamilton in Stanton.

Milton Moffett has returned to his home at Greenville and attending a short session of the Coach's School at Texas Tech, Lubbock.

Courtney Notes: Mrs. Elsie Walker of Big Spring, visited her sister, Mrs. Irvin Myrick a few days this week.

A large number from here took in the Old Settlers Reunion at Stanton last Tuesday.

Little Travis Yater, son of Mr. and Mrs. Milt Yater, is spending the week with his grandparents, Mr. and Mrs. J. P. Myrick.

Twenty-one gathered at the home of Mr. and Mrs. Clayton Burnam, for dinner Sunday, and in the evening enjoyed a picnic supper on the lawn at the home of Mr. and Mrs. Morris Zimmerman.

Mrs. Henry Hull and children left Tuesday to visit her parents in Cisco. Mrs. D. M. McClellan, a sister, who has been visiting Mrs. Hull, accompanied her home.

### BIBLE COMMENT

#### Jesus Inspired His Followers To Do Great Things

If we were to disregard the things about Jesus which make Him the unusual figure that He is, we would still find that He stood as a remarkable figure in the pages of history.

Other men have become famous for the books they have written, power they have won, organizations they have founded, or codes and laws which they have created.

But Jesus wrote nothing, or-

ganized only teachers and evangelists, and established no codes. He did not even organize His teachings in codified form.

There was something casual about His life, yet this apparent casualness seems to have been part of God's purpose. The Christian religion, like the Master Himself, was not to become a circumscribed thing, but was to take a free course.

Perhaps it was essential to the future well-being of Christianity that such an attitude as this remained with the early church. The problems to come were many. If there had been no room to adjust to changing conditions, the church would have lacked much of its early vitality.

In this way we see the general pattern of His effective influence. The Master, who did not write a book, inspired what was to become the greatest book of our time. Though He had no formal organization of His own, He so inspired the disciples that they carried on after Him and became Christian leaders.

Their church became so well organized it spread out across the world, finding bases for operation in many countries. Later it went still further to reach every part of the globe.

These things are being done today. With the strength and inspiration found in the New Testament, Jesus' twentieth century disciples are still working and building the structure based on His teachings.

It is our privilege, as friends of Jesus, to carry on.

Governor Price Daniel and his family hit the campaign trail in his race for re-election to a second term. Pictured, left to right, are Price, Jr., 17; Houston, 13; Jean, 15; Mrs. Daniel; John, 19; and Governor Daniel. Mrs. Daniel, the former Jean Houston Baldwin, is a great-granddaughter of General Sam Houston.

## West Texas Press Comments

Jayton, capitol of Kent County, is attempting to raise a fund of \$40,000 through the selling of shares at \$150 a share to establish a bank. A sum of over \$36,000 has been contributed, and with less than \$5,000 to be raised. The Jayton Chronicle anticipates this near reaching the goal Jayton will have a bank.

Rising Star is to have a new post office building built according to specifications of the Post Office Department. Floyd S. Smith of Fort Worth was the low bidder. The building will be 29 feet wide and 53 feet in length, giving it a floor space of 1538 square feet. There will be a paved trucking and loading area, with a loading platform in the rear and a paved parking area, according to the Rising Star Record. The building is to be ready for occupancy by December 1.

The Munday Times reports that by the last of June there had been shipped 202 cars of Knox County wheat. Ninety-two cars were shipped to port for export. Freight receipts reached a total of \$91,169.38.

Grasshoppers are playing havoc with the wild plum crop in Hall County, so reports The Memphis Democrat. The hoppers are eating the fruit down to the seed. They are also doing heavy damage to peaches and other fruit, aside from doing serious damage to the cotton crop.

One of the more cruel things accomplished by the prairie fire that swept over five sections of the Red Lake Cattle Company ranch in Motley County last week, was cowboys fighting the fire reported they heard piteous sounds at times of coveys of tiny quail too small to fly, perishing in the flames.

Bob Weddle, publisher of The Menard News said in its last week's issue, "This issue of The News begins our third year as publisher. Two years ago in our first issue we promised not to back off from any issue which we felt to be of importance to the community, that our comment on such issues would be directed at what we honestly and sincerely believed the best interest of Menard."

With last week's issue The Eden Echo concluded its 51 years of continuous publication. Walter F. Dufrenoy, publisher, says: "We rededicate ourselves to the services of its hundreds of subscribers and advertisers, we want you to feel that the paper is yours, that it records the happenings and events of the day in a fair and impartial manner."

Well, maybe, J. W. King, editor, publisher and owner of The Mitchell County News, will get a chance to take that vacation he hasn't had in 27 years. One

## Tax-Man Sam Sez:

Our great educators are having a good argument themselves on what should be taught in our schools. Most of us are almost smart enough to agree that ignorance is bad and education is a fine thing. North Texas teachers are doing an outstanding job of helping our young folks save on their future income tax bill. The free "Teaching Taxes" course furnished by the Internal Revenue Service was used by 1609 North Texas high school and college teachers to help 49,577 young North Texans become a little wiser on filling out their income tax returns during the past school year. It would be our guess that the income tax instruction that these young North Texans received will be some of their most used and most profitable education. It looks like we will be figuring income tax forms for a long time and knowing how to figure these forms will probably save these young taxpayers future time, money and aspirin tablets.

### PERSONALS

Mrs. Oma Faires of Houston visited with her son-in-law and daughter, Mr. and Mrs. Travis Scott, and daughters last week. She left Saturday for Clovis, N. M. to visit her son, Allen L. Feires, who is being transferred to Alaska where he will be stationed with the U. S. Air Force.

Mr. and Mrs. Travis Scott and daughters recently returned home from a 10-day trip to Nagogdoches, Camden and Houston. They visited friends and relatives and went fishing.

Travis Scott, vocational agriculture teacher at Stanton High School, was enrolled in a cotton short course at Texas Tech in Lubbock last week.

Mr. and Mrs. Barney Bratcher of Lamesa visited last week with Mrs. L. M. Estes. They attended the Old Settlers Reunion.

Visitors Thursday night with Mr. and Mrs. Roy Pickett and daughters were Mr. and Mrs. M. O. Gammege and children of Waco.

## FARM & RANCH REVIEW

Ray Camp, vacationing in his old home town Pecos from his duties as a member of the writing staff of the Fort Worth Star-Telegram, sat down to his typewriter and pounded out a story for his new-paper on the beginning of the cantaloupe harvest at Pecos.

The delicious taste and texture of the Pecos "Muskmelon" is nationally known.

There is always a beginning for everything. Camp spoke of the beginning of cantaloupe growing that has resulted in Pecos becoming known as producing as fine a melon as grown in the nation. The origin of the Pecos melon came about by a few of the early settlers planting melons in their garden patches. Camp said: "Two or three alfalfa farmers, who irrigated from shallow wells, put in melon patches from one to five acres and found a quick and sure cash crop." Today, there are 2,000 acres devoted to cantaloupes in Reeves County.

The taste of the melon grew so much in importance that the Texas and Pacific Railway Company, graced the tables in their dining cars with the delicious tasting Pecos cantaloupe.

"Grocery chains and produce companies are growing or are having grown under contract, the greater part of this acreage," Camp said.

As recent as a year ago some of the irrigation farmers in Martin County devoted a few acres for the first time to growing "muskmelons." So far as the yield and the prime taste of the melon, the growers were well repaid for their undertaking. But due to the growers not being properly organized and secure market facilities ahead of the melon harvest, the bottom fell out and discouragement reigned on the part of the growers.

The experience, nevertheless, proved that cantaloupe growing in Martin County could be made a success, and eventually, made a "quick and sure cash crop" for the farmers.

### PERSONALS

Mr. and Mrs. Bob Cox and Morgan went to Hico Saturday and then to Bryan where they visited Mr. and Mrs. Marshall Huffman. Bobby Sale who had been visiting in Bryan returned home with them Tuesday.

Mrs. Mary Wilson of San Angelo visited recently in Stanton with relatives. She was on her way to Durango, Colorado to visit.

Texas Cottonseed Crushers Association, Dallas, said that cotton annually contributes about \$213,148,000 to the economy of the 16 South Plains counties. Texas producers annually receive about \$641,841,000 from cotton.

"Cotton ranks first among all the nation's field crops in cash returns to producers," Spencer added. He said the nation's farmers grossed about \$2½ billion off cotton both in 1955 and 1956.

Peanut growers are charged with outsmarting Uncle Sam. Under the present law farmers who grow an acre or less of peanuts are exempt from marketing quotas. Federal officials say some farmers have been leaving several one-acre tracts on separate farms and getting exemption on each field.

The new law will call a halt to such tactics.

Of course, it's too late now to do anything about it, but if the Martin County cotton growers would have thought about it before the curtain was rung down on the final act of the Martin County Old Settlers Reunion, an engagement could have been made with the "boys" who grew whiskers for the occasion to visit their cotton patches. The insects would have taken flight. Especially, the bearded growth worn by J. A. Stroud and Hoot Tom, Stroud resembled the character of a very much No. 1 wanted by the FBI. Behind his hirsut growth Tom posed as a minister in the act of performing a wedding ceremony.

Texas Citrus and Vegetable Growers and Shippers Assn.,

met in Hereford last week for the purpose of working out a plan to stabilize the potato market.

The group agreed that no shipper shall ship out any car or truck load of potatoes unsold. It was pointed out that by the time such unsold shipments reach a major market, such as Chicago, the price is 50 cents or \$1.00 lower.

The U. S. Department of Agriculture reports that Texas farmers had 5,850,000 acres of cotton in cultivation July 1, down 505,000 acres from the same date last year. Cotton crop prospects continued "promising" over most of Texas.

Reporting on the grasshopper scourge in 19 counties in Texas, Agricultural Commissioner John C. White, says the state and federal agencies have halted the worst grasshopper invasion in history.

Aerial spraying of 6,000 miles of highway right of way will be finished by this week's end.

Federal and state ground crews already have finished spraying 8,000 miles of highway right of way.

"We expect the benefits of this program to carry over and prevent a similar 'explosion' of the insects next year," White said.

A Texas oil man was visiting New York. His city friend showed him all of the sights including the Empire State building.

"Isn't that a magnificent structure," asked the friend.

"Nothing," said the Texan. "I got an outhouse bigger'n that." The New Yorker looking him over. "You need it."

To the man who says, "I'm from Missouri"...

Frankly, we don't expect you to take our word for it when we say the Swept-Wing 58 Dodge is unlike any car you have ever driven. We don't expect you to believe it rides smoother, corners better and handles easier just because we say so. You want more than claims. You want proof. You want to be shown, and be convinced. That's why we invite you to come in and Take

the Wheel... Get the Swept-Wing feel. Take a '58 Dodge out on the road and compare it with any other car you have ever owned or driven. Is it everything we say it is? Does it actually ride smoother? Corner better? Handle easier? We'll leave the answers up to you. You be the judge. Just see and drive and compare the Swept-Wing 58 Dodge. That's all we ask.

Everyone loves a picnic. And this is the picnic season!

Some outdoors lovers are content to make it a twosome. Hundreds of families make it strictly a family affair. Also there are some mighty big Texas-size picnics — when as many as a dozen families get together to make a full day of it.

Whether you prefer a private party or a huge crowd, the time for fullest enjoyment of the great outdoors in Texas has arrived. Tie it in with boating, skiing or fishing and it will be even more enjoyable.

For outdoor fun at its best take along a tent and camping gear and make it a real week-end of honest-to-goodness relaxation. Thousands of Texans discovered long ago that camping is an exciting and economical way to spend an enjoyable vacation. So, don't overlook the possibilities of several days or even weeks of camping out under the Texas skies.

Texas has 49 State Parks of which 32 have camping facilities. There are hundreds of lakes and rivers plus the magnificent Golden Gulf Coast. Add to these attractions the bountiful forests of East Texas and the beautiful mountains of West Texas . . . and the Longhorn State seems to possess most everything. All tempt the tourist, the camper, and the picnic lover.

No wonder the interest in our great outdoors is on the increase. It is there to be enjoyed — and our people are enjoying it.

Try it yourself at your very next opportunity.

**PICNICS MADE EASY** — Dehydrated foods are making it easier on the outdoors people. These packaged products have proved very helpful to the picnickers and overnight campers

Recent visitors in the home of Mrs. D. C. Saunders were Mr. and Mrs. E. G. Dill of Arlington. Mrs. Dill is a foster daughter of Mrs. Saunders.

Mrs. Mozell Sparkman, Sandra and Sue, of Elk City, Okla., visited last week with her mother, Mrs. D. C. Saunders, and her brothers, Jack, Dan and O. E. Saunders and their families. She also attended the Old Settlers Reunion. Linda and Sarah Saunders, daughters of Mrs. O. M. a Clay Saunders, returned home with their aunt to spend the summer.

Mr. and Mrs. R. W. Harris and children of Midland visited last week with her parents, Mr. and Mrs. T. O. Buckland and family. Mr. Harris has just been released from a Midland hospital.

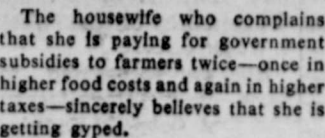

Water. Any cooler will do, of course, but Coleman's plastic-lined cooler is ideal for this purpose because it's easy to clean. A spoonful of ammonia in the wash water and an hour in the sun will remove the fish smell. Incidentally, this Wichita, Kansas, firm has a free 40-page booklet entitled "More Fun Outdoors." It contains many fishing, camping, cooking and sailing tips.

**OCEAN CRUISE** — Two Texans, both Admirals in the Texas Navy, are England bound in an 18-foot boat powered by outboard motors. The 4,100 mile voyage will be made in a fiberglass cabin cruiser, the newest product of the voyage out of Cambridge, Mass. Worth. Whitehouse calls it The Lark Liner. The Admirals have named it The Dream Girl. It is equipped with two 35-hp Buccanier motors, made by Gele Products Co. of Galesburg, Ill. Special tanks have been installed in the stern of the boat to provide for 420 gallons of gasoline.

James Pirtle and Roy Sutter are the two ocean-crossing Texans who are making the long voyage out of Cambridge, Mass. They expect to make the trip in 10 days. **FOR BETTER EATING**—Next time you land one of those big yellow cats and want to make it into one of the juiciest meals, drain the blood through his tail before you cut him up. Usual procedure is to make the kill with an ice pick through the top of his head, between the eyes, then slice off the tail just above the tail fin and hang him up by his head. All the blood then will drain through the tail and make for better looking, better tasting meat.

**SKINNING THE CAT** — Most fishermen skin the catfish before storing in the deep freeze. But not many of them skin their bass. Here's how one fellow does it. He follows the usual procedure of removing the fish's insides and head—but he doesn't scale it. Instead he wraps the fish in foil, with scales on, and drops it in the deep freeze. Then when he is ready to cook he peels the skin, scales and all, off the fish, much like you skin a catfish. Much quicker, much easier than scraping off the scales, he says and better eating too. Ever try it?

**THIS WEEK**  
— In Washington  
With Clinton Davidson  
**ARE FOOD PRICES TOO HIGH?**

The housewife who complains that she is paying for government subsidies to farmers twice—once in higher food costs and again in higher taxes—sincerely believes that she is getting glycerol.

She hears and reads about high farm price supports, about the government buying billions of dollars of food to be stored or given away abroad, about paying farmers not to produce, and she reasons that this is the cause of high food prices.

Newspapers and the radio report that Congress has just appropriated another \$5 billion to finance farm programs for another year, and that adds to the tax bill. It all looks as simple as two plus two equalling four, but it isn't.

It is true that food costs are at an all-time record high, when measured in dollars and cents. There are two principal reasons for that. First, more and more foods are sold pre-cooked or pre-mixed. Second, labor costs connected with processing and selling foods are higher.

**Farmers Sell For Less**  
Although retail food costs have gone up 15% since 1952, prices paid to farmers have gone down by about the same percentage. Processing and distribution—both costs after the product leaves the farm—have gone up rapidly and are responsible for all of the increase in food prices.

Food producers get only 39 cents out of each dollar spent by the housewife for the average family food. The cost of distribution increased from 47 cents in 1950 to 61 cents last year.

In 1947 the average family of four spent \$911 for food, of which farmers received \$467 and \$444 was marketing costs. Last year the same amount of food cost \$1,079, of which farmers received only \$400 and marketing costs amounted to \$667.

The average factory worker last year could feed his family on one-third fewer hours of work than he could in 1947. The Labor Department reports that average hourly earnings of factory workers increased by 67% during the 10-year period.

**Food Purchasing Power Up**  
Figures supplied us by the Labor and Agriculture departments show that the average factory employee worked 30 minutes in 1947 to earn enough to buy one pound of choice steak; but only 18 minutes in 1957.

It took 10 minutes work in 1947 to buy a quart of milk, but only 6 1/2 minutes in 1957; 32 minutes to buy a dozen eggs in 1947 and 19 minutes in 1957; 27 minutes to buy a 10-lb. bag of potatoes in 1947, but only 15 minutes in 1957.

Foods that come from price-supported commodities have increased less than those for which there are no supports. Beef, pork and egg prices are not supported.

Farmers' costs of operation have increased by approximately 20% in the past six years, at a time when their net income was going down about 30%. The per capita income of farmers last year was \$993, but the non-farm per capita income was \$2,045.

**Philosopher Wonders If Alaska Knows What She's Doing In Wanting To Become 49th State**

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw has a new slant on the Alaskan problem, his letter this week reveals.

Dear editor:  
As I understand it from reading the newspapers the last few weeks, Alaska finally has won the right to become a state. Congress has passed the necessary bill, and President Eisenhower has signed it. Now all that's left is for the people of Alaska to vote to come in, and they'll be the 49th state.

However, I've been thinking about this matter pretty thoroughly and I'd like to ask: you reckon those Alaskans know what they're doing?

Understand, it's mighty nice to be a part of the United States, it's nice to be a state, to get Federal grants, to get to send Senators and Congressmen to Washington and to vote on presidents, but has Alaska gone into the other aspects of this proposition?

For example, take debts. The United States is reputed to be a rich country, but you've got to remember in some places they measure a rich man by the

amount of money he owes. I don't want to discourage those Alaskans, but one 49th of what the United States owes may put a different light on the benefits of statehood.

Moreover, have they considered taxes? States rights is a fine theory, but have those Alaskans figured how many acres of snow and ice it'll take to produce enough tax money to build some roads, some schools, court houses, a state capitol, a governor's house? Have they figured how much it costs to run a legislature, with a state supreme court, welfare office, assorted bureaus and departments, and other necessary endeavors of a state?

On the other hand, I don't see a ny reason for assuming those Alaskans are any better than the rest of us, and I for one say, come on in. Help tote the load. Taking in more states may be the only answer to our problems, and if anybody else say Hawaii or any unhappy portions of Canada, Old Mexico, or any place else wants in, get in line.

The way I see it, is every new state we get, that's just another endorser on our note.

Yours faithfully,  
J. A.

J. S. Lamar and Mrs. Odie Petsick of Hico visited last week in Stanton.

**68 Young Texans Leading Blakley U. S. Senate Clubs**

Sixty-eight Young Texans-for-Blakley clubs have been organized and now are working actively for the election of William A. Blakley to the U. S. Senate. Some 10,000 young people are members.

Both young men and women are members, and some of the most active are women. Ages of the members range from 21 to 39 years.

Robert Dean, the state president was named one of the outstanding young businessmen of Midland and is a state vice-president of the Texas Junior Chamber of Commerce. He is a geologist by profession and directs statewide activities of the Young Texans from his offices in Midland.

The clubs in the various cities, while independent of Blakley's campaign organization, work with the county managers in their respective areas. Many members have voluntarily contributed \$1 toward expenses of their clubs, although the primary object is not fund raising.

A partial list of cities in which clubs are functioning and the chairman in cl u d e s: Abilene, Guy M. (Binx) Walker; Amarillo, Woody Bray; Big Spring, R. L. (Jack) Gray; El Paso, Charlie Graham, Jr.; Lamesa, Wright Grant Boy; McCamey, Ed Thorp; Odessa, Jay Poyner; Seguin, Billy Schraub; San Antonio, Robert A. Bell; Baird, George Warren; Cisco, William B. Wright; Eastland, Virgil Seaberry; Ranger, Morris Newham; Anson, Gene Scott; Stamford, Louis Tinberlake; Hamlin, Bill Herbert; Seymour, Bill Colver; Sinton, John M. Schilling; Andrews, Elmer Hurley; Canyon, Hosea Foster; Brownfield, James H. Mordough; Ballinger, Buddy Gray; Breckenridge, Lester Clark; Denver City, Dee F. Burton; Earth, Weldon Barton; Fort Stockton, Bill Moody; Fort Worth, Bill Snellgrove; Graham, Bruce Street; Hereford, Clint Formby; Lubbock, Dean Redue; Mercedes, Shelly Collier, Jr.; Muleshoe, Ray Mabery; Pampa, George B. Cree, Jr.; Ralls, Wright Carlisle.

**PERSONALS**  
Recent guests with Mr. and Mrs. E. A. Baugh were Mr. and Mrs. Fred Hughes of Bronte. Mr. and Mrs. Ronald Hughes of Midland visited last week with Mr. and Mrs. E. A. Baugh. Friday Mr. and Mrs. Hughes and Mr. and Mrs. Beugh visited in Big Spring with the J. L. Baugh family.

Mr. and Mrs. R. B. Gilmore and Mrs. Jessie Johnson of Big Spring visited over the weekend with Mr. and Mrs. C. W. Gilmore and Mr. and Mrs. Jim Yell. Weekend visitors in Fairview were Mr. and Mrs. N. G. Haggard. They visited Mr. and Mrs. Vernon Langley and Mr. and Mrs. Billy Langley. Mr. and Mrs. Jake Hodges and children attended a barbecue Saturday night at the Lee Williamson home in Big Spring. ## FFA Boys In School Board Votes To Mail Tax Notices

Members of the Stanton chapter of Future Farmers of America and their sponsor, Travis Scott, left Tuesday to attend the State FFA Convention in San Antonio.

The convention, which is being held in the Municipal Auditorium, opened Wednesday and will close Friday.

In the opening session, Governor Price Daniel addressed the group. Other speakers in the opening session included J. Edwin Kuykendall, Mayor of San Antonio, who welcomed the group; J. W. Edger, Commissioner of Education and Sandra Bingham, state president of the Future Homemakers of America.

Other outstanding speakers will be Judge Robert Lee Bobbit, member of board of directors, Texas Law Enforcement Foundation; Royce Bodiford, national vice president of the Future Farmers of America from Millsap, Texas; Dr. W. T. Spanton, National Advisor, FFA, from Washington, D. C.; and others.

Highlights of the convention will be the election of state sweetheart; and the presentation of scholarships and awards. In the closing session Friday the 1958-59 State FFA president will be elected and the new student officers will be installed.

Delegates to the convention are Eddy Avery, president of the local chapter; Bud Green and Arnold Fincher. Also attending are Tommy Davis and Travis Scott, advisor.

The group will also visit Corpus Christi and Old Mexico.

## Henson Family Dinner Held Sunday At Park

The Johnstons are here visiting her mother, Mrs. Alta Henson, and other relatives. Attending were Mrs. Alta Henson, Mr. and Mrs. Johnston, Beverly and Ronnie, Mr. and Mrs. Dwayne Henson and children, Mr. and Mrs. Buddy Coggin of Bisbee, Arizona, Mrs. C. E. Coggin, Mrs. Claude Straub and children, Mr. Jack Knight and children, Mr. and Mrs. Bill Coggin and children, Mr. and Mrs. Leman Henson and Jerry.

## Blakley Story Is Typically Texan

The typical American story is of the poor boy who made good through his own efforts. This is the story of Bill Blakley, born in a covered wagon while his parents were on their way to homestead in Oklahoma territory. He has come a long way in 59 years. Said the Austin American-Statesman, when William A. Blakley announced for the Senate: "He was a top-hand cowboy; he was a crackerjack bank clerk; he was an exceptionally good accountant and lawyer. We have an idea that he is going to be a refreshing, able political candidate. He would make a great United States Senator." Vote for Bill Blakley on July 26 — an able man whose only ambition is to serve all of Texas.

### LEGAL NOTICE

## PUBLIC HEARING

There will be a public meeting of the board of trustees of the Grady Independent School District for the purpose of adopting a budget for the school year 1958-1959, this meeting to convene in the school office on the night of July 22, 1958, at 8 o'clock. All taxpayers of the district are invited to attend.

GRADY SCHOOL BOARD

## Mrs. Morgan Hall Cited For Service With Old Settlers

Mrs. Morgan Hall was named personality of the week on a Big Spring television show recently in Big Spring.

A silver goblet was presented Mrs. Hall. On it was inscribed "Personality of the Week, July 3, 1958."

She was recognized for her work as secretary-treasurer of the Old Settlers Reunion.

Mrs. Dean Forrest of Big Spring, formerly of Stanton, is mistress of ceremonies on the show.

## Rev. McCleskey Wednesday Speaker At Methodist Church

Rev. A. A. McCleskey, retired Methodist minister, spoke at the mid-week prayer services Wednesday night at the First Methodist Church.

Rev. McCleskey filled the pulpit for the pastor, Rev. W. H. Kirby, who is spending the week at Camp Burnam.

## Vivian Hickerson Circle Of WMU Mei July 15

Vivian Hickerson Circle of Women's Missionary Union met Tuesday at the First Baptist Church. Mrs. J. C. Sale was in charge of the meeting. Mrs. J. F. Hayes gave the study on prayer. Present were Mesdames Ernest Hock, J. F. Hayes, Ed Robnett, T. R. Louder, Jake Hodges, J. C. Sale, J. C. Greenhaw and Par-due.

J. H. BURROW.

**TELEPHONE TALK**  
by C. W. Fisher, Manager

Your Stanton Telephone Directory was "closed" on July 8. When we "close" the directory we simply mean that we can't add any more listings or make any other changes in this edition. The next step after the directory is "closed" is to begin double checking to make sure that all names, addresses and telephone numbers listed are correct. It's a mighty big job. And it's a job that can't be done by a machine. The checking is done by telephone people, most of whom are girls. Accuracy isn't a slogan with this group of telephone people—it's a way of life. Within a few days the book will be completely checked and then sent to the printers. You'll receive your directory in August. I'll tell you some more things about it before the book is issued.

By the way if you're a newcomer to Stanton you may wonder who buys, sells, rents and repairs. You can find out easily by looking in the yellow pages of your Stanton Telephone Directory. There are 24 pages of classified listings and advertisements telling about products and services Stanton businesses have to offer. You'll find shopping is easier when you use the yellow pages as your shopping guide.

## DRESS UP YOUR KITCHEN

A lot of people who have remodeled their kitchen add a finishing touch by ordering a wall telephone in color to blend with the new color scheme.

You don't have to remodel, of course . . . a wall telephone in color will brighten your present kitchen — let you reach for the telephone and bake a cake at the same time.

There are seven attractive colors . . . light gray, cherry red, white, moss green, ivory, pastel yellow, and light beige. Table model telephones are available in all these colors, too, plus aqua blue and rose pink. Call the telephone company today to put more color in your kitchen—or any other room in your home.

Call by number. It's twice as fast.  
SOUTHWESTERN BELL TELEPHONE COMPANY

**PERSONALS**  
Mr. and Mrs. Bill Wheeler spent from Monday to Wednesday of last week in El Paso, attending a Buick dealers meeting and visiting Mr. and Mrs. Gilbert Sawtelle. Visitors last week with Mr. and Mrs. Bill Wheeler and family were Dr. and Mrs. Wesley Strahan and sons of Flint, Michigan and Mr. and Mrs. Gilbert Sawtelle of El Paso. Visitors with Mrs. Lona Currie have been Mr. and Mrs. Milton Currie of Edinburg and Mr. and Mrs. Glenn Jackson of Odessa. Mrs. Ann Davis returned home last week from a two month trip. She visited in College Station with Dr. and Mrs. John Huff, Weston, Dallas and in Bertram with Mr. and Mrs. Ruby Brown and in San Marcos. Dr. and Mrs. Huff moved to Dallas after he received his degree from Texas A&M. Mr. and Mrs. Paul K. Jones, John Calvin and Paul Allen, spent the weekend visiting in New Mexico. They went through Carlsbad Caverns, visited relatives in Anthony, N. M. and attended the horse races in Ruidoso, New Mexico. Mr. and Mrs. Clayton Burdum visited Sunday in Big Spring.

# FACTS ABOUT URBAN RENEWAL

The City Commission has scheduled and authorized an election for Monday, July 21, at City Hall on the Urban Renewal proposal. The Commission is of the opinion that the passage of the proposal will bring many benefits to Stanton and the people.

Believing that the matter is of utmost importance to all Stanton citizens, the City Commission is herewith publishing the facts below for the purpose of information only:

## QUESTIONS AND ANSWERS ON URBAN RENEWAL

**QUESTION:** Just what is Urban Renewal?

**ANSWER:** It is a program established by national law whereby cities, with federal assistance, can eliminate slums, halt the growth and spread of blight and prevent blight from getting a start. These three phases of Urban Renewal are: 1. Slum clearance and redevelopment; 2 rehabilitation and 3. conservation.

**Q:** What controls, if any, does the federal government exert over the program in the various cities?

**A:** It requires each city to adopt certain controls of its own, primarily adequate codes and ordinances to insure that new slums won't be created, and a General Plan for future development (such as Stanton is about to adopt) to provide for orderly growth. The federal government also makes periodic audits of the books of the local Urban Renewal Agency, appointed by the City Commission to administer the program in a community which carries on Urban Renewal.

**Q:** What controls over the program are maintained by the citizens of the sponsoring community?

**A:** 1. The project is governed by a local agency appointed by the City Commission. 2. A public hearing must be held by the commission before calling an election on the question of whether the city shall go into Urban Renewal. 3. An election (referendum) must carry — at which only qualified voters who also are property tax-paying citizens with property on the city's tax rolls may vote — before a city may legally enter an Urban Renewal program. 4. The final plan for the program must be approved by the commission after a public hearing on same. 5. Any major change in the plan or any change in property acquisition must have another public hearing and be approved by the commission. (All these controls are REQUIRED by law.) 6. A community can back out at any time prior to the actual beginning of the execution of the plan.

**Q:** What federal agency handles Urban Renewal and with which one will the City of Stanton be dealing directly if this community goes into such a project?

**A:** The Urban Renewal Administrator in Washington, D. C., gives the final approval on the various project applications and reports, but these first are processed and okayed by the U. S. Housing and Home Finance Agency. The City of Stanton will be dealing with the Fort Worth regional office of the U. S. Housing and Home Finance Agency. Government-insured housing loans to individuals within a designated Urban Renewal area of a city are available through the Federal Housing Administration.

**Q:** Would redevelopment of slum-cleared areas be done by private industry or a government agency or subdivision, or both?

**A:** All redevelopment is done by private enterprise except where the plans call for the land to be converted to public or semi-public uses such as parks, school and fire stations. The federal government doesn't participate in the cost of redeveloping a slum-cleared area, although it does make grants toward the expense of clearing the land.

**Q:** Exactly what financial assistance does the federal government offer cities toward carrying out Urban Renewal?

**A:** It pays toward the improvement of the public facilities (streets, water and sewer installa-

tions, schools, fire stations, etc.) in an approved Urban Renewal area and toward the clearing of redevelopment sites, and the planning and administration of the program — to the extent of two-thirds of the total net cost of these items, and the city pays one-third. The "net" cost is computed by subtracting from the gross cost the proceeds from the sale of redevelopment tracts to private enterprise.

**Q:** What aid is made available from the federal government to private citizens within an Urban Renewal area to enable them to improve their own housing situation?

**A:** Section 220 and Section 221 FHA government-insured loans on very liberal appraisal and repayment basis can be obtained. Each type allows the borrower 40 years to complete payment. Section 220 loans provide 95 per cent of appraised value up to \$9,000 value and 75 per cent of that portion of the appraised value above \$9,000. Section 221 loans are 100 per cent loans.

Section 220 loans are for improving one's existing home, buying a better home or building a new home — all of which must be within the Urban Renewal area proper. They are open to residents or owners of houses which must be rehabilitated or destroyed under the program. Section 220 and 221 loans are available also to developers.

With a 221 loan a person may improve, buy or build a home anywhere within the city limits. Such a loan is available to persons being relocated due to governmental action of ANY kind.

Another phase of the Section 220 loans is that they are available to a developer to the extent of 90 per cent of appraised value for building multi-family rental houses of five or more units each in an Urban Renewal area—regardless of whether the developer already owns property in the area.

**Q:** If a family or business is compelled to move from its existing home due to the Urban Renewal project, will it have to pay its own moving expenses?

**A:** No. An outright federal grant up to \$100 can be obtained by the family to defray the cost of moving to another residence. A business can get a federal grant up to \$2,500 to finance its move to a different building. (These grants are provided entirely by the federal government without any contribution from the city.)

**Q:** Has any Texas city begun executing an Urban Renewal project?

**A:** Not any so far has begun the actual work, but nine Texas cities have already got such programs authorized by majority votes of their property taxpaying qualified voters at referendum elections. These are Lubbock, Corpus Christi, Mercedes, Port Arthur, Wink, Grand Prairie, Texarkana, Waco and San Antonio. Several others will hold such elections soon. The only two cities in this state to defeat Urban Renewal at the polls are Donna and Corsicana.

**Q:** What are the various steps necessary in chronological order in getting an Urban Renewal program under way?

**A:** 1, The City Commission decides it would be advisable to have a study made as to the possible need for Urban Renewal.

2. Application is made by the commission

to the U. S. Housing and Home Finance Agency for an advance of federal funds to finance the study and the planning.

(Timing of the application for this advance is subject to some variation. Some cities wait until the election has been held.)

3. The commission holds a public hearing on the question of whether to call an election among the property tax-paying qualified voters on the proposal that the city shall exercise its Urban Renewal powers—in other words, that it be authorized to enter such a program.

4. If the election carries favorably (a simple majority is sufficient), the commission appoints a local Urban Renewal Agency to administer the program.

5. The local Urban Renewal Agency develops a plan for the project. (Included in this stage of the game are a detailed survey of all houses in the designated Urban Renewal area to determine the types of treatment each will require and a determination of the public facilities in that area and of what is needed to bring those public facilities up to adequacy. Also in this phase are the first of two required appraisals of the probable cost of acquiring the property in that part of the area which is destined for total clearance, and also an appraisal of the probable amount for which the cleared land can be resold to private interests for redevelopment.)

6. Adoption of the plan, by the City Commission, after a public hearing.

7. The execution stage, during which the property owners begin the rehabilitation work that has been determined by the survey, the city constructs the streets and other public facilities which the area needs, properties to be cleared completely must be appraised for the second time by an independent appraiser and purchased by the local Urban Renewal Agency.

8. Sale of the cleared properties on a bid basis to private enterprise for redevelopment in accordance with the community's Urban Renewal plan.

9. The net cost of the project is figured, and the federal government pays two-thirds of this, the city the other one-third.

**Q:** What does Stanton lack at this time of making the people in the designated Urban Renewal area eligible for the FHA Section 220 and Section 221 loans for improving their homes or getting better homes?

**A:** The reaching of an agreement between the city and FHA on minimum project housing standards for the Section 220 loans and the issuance by FHA of a definite number of Section 221 loan certificates for the area.

**Q:** Are the people living in a slum clearance area assured of being relocated into decent, safe and sanitary houses before their present dwellings are destroyed?

**A:** Yes. One requirement in getting federal approval of an Urban Renewal plan is that the local community show proof that there are enough recent, safe and sanitary houses available into which all the displaced persons can be relocated and at prices they can afford.

**Q:** Who decides what must be done to each house inside an Urban Renewal area?

**A:** The local Urban Renewal Agency makes

these decisions, based upon a set of minimum project standards which will be established beforehand jointly by representatives of the city government. FHA and U. S. Housing and Home Finance Agency. (These standards include such things as minimum square footage of floor space per inhabitant of a house, the lot area in relation to the size of the house and the condition of the house.)

**Q:** What are the purposes of these standards?

**A:** 1. To assure that the area will be of a high enough type that FHA can insure mortgage loans in the project area, and 2 to give the local Urban Renewal Agency the basis for deciding whether a house is up to standard and, if not, what correction will be necessary.

**Q:** Does the present owner have the option of clearing his land and redeveloping it himself in conformance with the Urban Renewal plan rather than having it bought by the Urban Renewal Agency and resold?

**A:** Yes, but he wouldn't get any federal funds for clearing it.

**Q:** How much authority does a local Urban Renewal Agency have for compelling someone to do a rehabilitation job, such as painting and re-roofing, on an otherwise standard home?

**A:** The Agency will have the authority to condemn the house, but as a practical matter in most cases of rehabilitation, as opposed to outright clearance, the agency must depend largely on voluntary cooperation.

**Q:** Does the Texas state Urban Renewal Law provide the same safeguards of private rights against arbitrary acquisition of a person's land for Urban Renewal purposes as are provided by law in any other acquisition of property by government action?

**A:** Yes. A person's property cannot be taken without his consent without due process of law and equitable compensation for same.

**Q:** The city knows already that it will have to spend certain amounts of local money on the streets and other public improvements due to their urgency, regardless of whether an Urban Renewal program is approved and executed. Will this city expenditure, on projects already foreseen, be credited by the federal government toward the city's one-third of the net cost of the Urban Renewal project, so long as the city expenditure is made within the designated Urban Renewal area of Stanton?

**A:** Yes.

**Q:** What controls, if any, are exercised by the federal government over a community in its labor policies on Urban Renewal work?

**A:** A statement from the city that the wages meet LOCAL standards is all that is required, said C. E. Schermbeck, field representative of the U. S. Housing and Home Finance Agency's Fort Worth regional office.

**Q:** Where does PUBLIC HOUSING come into the Urban Renewal picture, if at all?

**A:** Under the Texas state Urban Renewal Law, NO slum-cleared land condemned under an Urban Renewal program can be redeveloped into public housing. Of course, if there proved to be displaced persons who just couldn't qualify for any kind of government-insured housing loans and couldn't find rental quarters, for relocation, within their ability to pay, the community might have to build some public housing, if so, this wouldn't be under Urban Renewal as such, but would be a separate program with financial aid from the Public Housing Administration. It would also have to be built somewhere other than the Urban Renewal slum-cleared tracts.

## STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

In 1876 a wagon with a team of oxen was good transportation in Texas. But on today's city streets and super-highways, the ox wagon would be just a traffic bottleneck.

Some Texans now are saying Texas' 81-year-old, ox wagon-era Constitution is a bottleneck on the road to development of dynamic 20th-century government.

Constitutional revision is not one of the currently sizzling campaign issues. But, quietly and patiently, numerous people in government, in the bar, in professional and civic groups, the press and in private and public educational institutions are plugging away in a make-haste-slowly campaign. Principal objective now is to get Texans thinking about what they want and need in a state constitution today.

Their campaign gained official blessing last year when the Legislature passed a resolution

instructing the Legislative Council to do research on the subject and report back in 1959. An 18-member citizens advisory committee was appointed to counsel with the legislative study group. Dean Robert G. Storey of the SMU Law School is chairman; C. Y. Mills of Mission and Mrs. Horton Wayne Smith of Austin, vice chairmen; and Dan Moody Jr. of Austin, secretary.

Next meeting of the advisory group is to be held in September. Right now, one member admits that progress toward revision is itself moving at an ox wagon pace. Reason is that those concerned feel strongly that any action should be preceded by an exhaustive, professional research job. This takes money.

Legislative Council, with a staff of seven, and 11 studies under way, can't go all-out on this one thing, but is doing some fact gathering during the summer. Both Council and committee hope to get money for the work, perhaps by next year, from the Legislature and/or some private foundation.

Advocates of Constitutional revision advance these points, among others, as reasons for concern:

1. It's a staggering document, 47,000 words long, patched up with 133 amendments. If nine more proposed amendments are approved next November, it'll

be 54,000 words. Much of it is regarded by lawyers as properly belonging in the statutes rather than in a basic document like the Constitution. Much is cited as totally useless, such as provisions for repelling Indian raids.

2. Like Topsy, Texas' huge conglomeration of agencies, departments, commissions and divisions, "just grow." It's all so loosely put together, say critics, that folks don't know who to blame when things don't suit them. Same indictment is applied to the fiscal set-up. It's a billion-dollar-a-year business, but control is miseducated among many. State has more than 100 special funds, representing about 85 per cent of state revenue. These can't be touched by the Legislature, even if they are not needed for the purpose for which they're earmarked and are desperately needed elsewhere.

3. Another argument made is that increasing concentration of government in Washington can be halted only if state governments are sufficiently vigorous and adaptable to meet people's changing and growing needs. Some suggest that Texas' present Constitution may be a "strait jacket" on state government.

**HIGH COST OF DRIVING** — Texas drivers will have to "pay the piper" next year in higher auto insurance.

State Insurance Board has announced that, effective Aug. 1, auto insurance rates will be substantially higher in most parts of Texas. Average hike will be 32 per cent on comprehensive coverage, 19 per cent on liability and 17 per cent on collision. In Dallas County, for example, a policy which now costs \$108 will jump to \$142.

Premiums paid on the old rate schedule have not nearly met accident claims, said Penn Jackson, chairman of the Insurance Board. He attributed the insurance companies' "tremendous losses" to four factors:

1. An increasing number of collisions.

2. Higher cost of repairing today's swanky cars.

3. Higher cost of hospital and medical care.

4. Generosity of juries in awarding damages to claimants.

Auto owners, said Jackson, must realize they set their own insurance rates by the way they drive.

**HANDS OFF**—State Board of Education has gone on record as officially — and positively — opposing any plan to tamper with the permanent school fund.

Last legislature voted to make 1 per cent of the permanent fund available annually for current expenses. State Auditor C. H. Cavness has proposed making part of future income from school lands available for pressing present needs and putting only part into the multi-million-dollar school trust fund. But the school board declared the fund should be "inviolable."

At the same meeting the Board learned the school fund had run \$6,091,905 in the red for 1957-58. Reduction in oil

### A PICTURE OF PROGRESS

MEDICINAL USES OF PETROLEUM WERE KNOWN TO WOMEN OF ANCIENT ROME WHO SHIPPED OIL TO REVIVE THEMSELVES DURING FAINTING SPELLS.

AMERICAN INDIANS RUBBED OIL ON THEIR BODIES AS A TREATMENT FOR CUTS, BURNS AND SORES — ALSO AS A CURE FOR RHEUMATISM.

OIL FROM TWO SALT WELLS NEAR PITTSBURGH WAS BOTTLED AND SOLD UNDER THE LABEL OF "KIER'S PETROLEUM" OR "ROCK OIL" — Celebrated For Its Wonderful Curative Powers. A NATURAL REMEDY.

TODAY OIL IS USED IN COUGH MEDICINES, NASAL SPRAYS, ANESTHETICS, ANTIHISTAMINES, VITAMIN PREPARATION, SEDATIVES AND MANY MORE PRODUCTS IN THE DOCTOR'S AND DRUGGIST'S WORLDS.

### Stanton Couple Seeking Solution To Note Of Thanks

Mr. and Mrs. W. A. Kaderli have a mystery they want someone to help them solve.

The Kaderlis have received a thank you note for a pair of cuff links from someone named William. The letter was mailed in State College, Mississippi.

The problem is Mr. and Mrs. Kaderli did not send anyone named William a gift of cuff links at State College, Mississippi. They think perhaps they addressed the gift package for someone and the receiver of the gift thought they had sent the gift.

If anyone has sent a gift to someone named William in Mississippi Mr. and Mrs. Kaderli would like for the sender to contact them for the thank you note.

### GA Swimming Party Held Friday In Big Spring Park

Members of the junior Girls Auxiliary of the First Baptist Church were entertained with a picnic and swimming party Friday afternoon in Big Spring.

Eighteen girls made the trip. Sponsors were Mrs. R. C. Vest, Mrs. Souval Britton, Mrs. Robert White and Mrs. Elmer Long.

### '42' Club Meeting Held Friday Night In G. Eiland Home

Members of the "42" Club met Friday night at the home of Mr. and Mrs. Guy A. Eiland.

Attending were Mr. and Mrs. John Pinkston, Mr. and Mrs. Horace Blocker, Mr. and Mrs. B. F. White, Rev. and Mrs. J. E. Murdock, Mr. and Mrs. R. O. Anderson, Mrs. Evelyn Woodward, Mrs. J. R. Sale and Mr. and Mrs. Guy Eiland.

An auction sale was held by the members to raise funds for the treasurer. A pillow was auctioned off.

Present were Mesdames Lewis Carlile, Travis Robeson, Roy Linney, Pearl Ory, W. T. Wells, N. L. Riggan, T. O. Buckland, Henry Ringhoffer, T. W. Haynie, and one guest, Mrs. Munez.

Odell and Milton McDonald are visiting in Tennessee.

production, a prime source of school revenue, was blamed. Per student state payment for next year were cut from \$82 to \$75.

### Stanton HD Club Met In County Agent's Office

A program on a one dish meal was presented at a recent meeting of the Stanton Home Demonstration Club at the county agent's office.

Mrs. Mildred Eiland, home demonstration agent, gave the program.

An auction sale was held by the members to raise funds for the treasurer. A pillow was auctioned off.

Present were Mesdames Lewis Carlile, Travis Robeson, Roy Linney, Pearl Ory, W. T. Wells, N. L. Riggan, T. O. Buckland, Henry Ringhoffer, T. W. Haynie, and one guest, Mrs. Munez.

Odell and Milton McDonald are visiting in Tennessee.

production, a prime source of school revenue, was blamed. Per student state payment for next year were cut from \$82 to \$75.

### Drivers Improving According To Area DPS Captain Ray E. Butler

"A good driving job is being done," said Captain Ray E. Butler, of the Midland Highway Patrol District Office as he tabulated the first six months of activity and accident records for 1958.

Captain Butler pointed out that 47 traffic deaths have occurred in the 24 county district through June, as compared to 67 for the same period of 1957.

"The fact that our citizens have done such a commendable job the first six months, give us hope they will do a good job the rest of the year," Butler said.

Seven persons were killed in rural traffic accidents during June; 75 persons were injured

in 43 personal injury accidents, and there was a total of 128 accidents with an economic loss of \$134,778.00 or an average loss of \$1,052.00 per accident.

"The number of accidents indicate we certainly must not relax our traffic control efforts. The patrolmen in District 4-A contacted 4,005 drivers for hazardous traffic violations during June and found it necessary to prefer charges on 910 of those stopped," Captain Butler said.

"As our vacation extends into summer, we must remain alert and cautious as we drive, so we can maintain the record that has been established up to date," Butler reminded.

### COURTNEY NEWS

By SUE STROUD

Mrs. Thearl Creech has been ill in a Big Spring hospital. She has returned to her home.

Mrs. Coy Williams and Deb visited a few days with Mr. and Mrs. J. P. Stroud.

Mr. and Mrs. Ken Holcombe are in Fort Worth on business. Glenda Williams is spending the week with her grandparents, Mr. and Mrs. J. P. Stroud.

was Mrs. A. W. Yell of Brownwood.

Melvia Cross attended a wedding recently in Stanton.

Mr. and Mrs. P. Holcombe and family of Wink spent the weekend with Mr. and Mrs. E. W. Holcombe.

Sherlen Yell spent the weekend in Odessa. Mrs. Don Stroud and Helen spent the day with Mr. and Mrs. J. P. Stroud.

Mrs. Billy Jay Smith and a daughter have returned home from a Midland hospital and are doing fine.

### Delta Cappa Gamma Chapter Met In Big Spring July 10

Beta Cappa Chapter of Delta Cappa Gamma met at 9 a. m. Thursday, July 10 in the dining room of the Wagon Wheel Restaurant, Big Spring.

Miss Lorine Williams of Big Spring, past president, presented the gavel to Mrs. Thelma Kloven of Big Spring, president for the ensuing year.

The purpose of the called meeting was to plan and outline the year's activities.

Coffee and doughnuts were served to 26 members. Stanton members attending were Mrs. Harry Echols, Mrs. A. C. Fleming and Mrs. Philip White.

Delta Cappa Gamma is an organization for school teachers.

### PERSONALS

Visitors here with Mr. and Mrs. O. B. Bryan and Kay have been Mr. and Mrs. Ike Kennedy and grandson, D. D. Swearingen, III, of Ruidoso, N. M., Mrs. J. P. Robertson and granddaughter, Linda Lou Robertson of Plains, Homer Richards of Lubbock, Mrs. Alma Richards of Fort Worth, and Mrs. E. W. Forson of Portales. All are former Stanton residents and were here to attend the Old Settlers Reunion. Visiting in the Bryan home July 8 were her aunts, Mrs. Fred Standerfer of Lubbock, Mrs. T. L. Morgan of Meridan, and Mrs. Bob Chafin of Cleburne.

Visitors over the weekend with Mr. and Mrs. T. E. Bentley were their son-in-law and daughter, Mr. and Mrs. J. M. Moffett and children of Snyder. Vick Bentley returned with the Moffetts for a visit.

Mr. and Mrs. C. S. Bevers and Charlene visited over the weekend in Odessa.

### PERSONALS

Mr. and Mrs. A. P. Barnes, Richard and Johnny, have moved to Stanton from McCaulley to make their home.

Mr. and Mrs. Jack Bentley and children spent the weekend in Dallas.

## Timely Tips...

...to help you get the most efficient cooling from your REFRIGERATED ROOM AIR CONDITIONER

- Cool only an area within the size your unit is designed to cool.** When cooling a larger area, the unit is overworked and its efficiency is lowered.
- Keep air filters clean.** Clogged filters lower efficiency of the unit and cause it to use more electricity.
- Insulate ceiling area** above room being cooled. Insulation keeps hot air out, cool air in.
- Locate unit in shade** if possible. The north side of house is best followed by east, south and west. Proper shading of unit increases its efficiency.
- Properly regulate intake of outside air.** This is important to operating efficiency of your unit. Follow manufacturer's instruction carefully.
- Keep out direct sun rays.** They bring in heat which your unit must work extra hard to remove. Awnings over your windows will help.
- An automatic thermostat** is recommended to hold room temperature to 78 to 80 degree level recommended for comfort. Each degree below 78 degrees increases power consumption unnecessarily.
- Remember, too,** that operating cost is governed by hours of use. Turn off your unit when you expect to be away for several hours. You can quickly lower the temperature when you return.

An Electric Refrigerated Room Air Conditioner is a wonderful comfort during hot summer weather. Follow Reddy's tips and make the most efficient use of your unit. LIVE BETTER ELECTRICALLY!

tice of hour and place County Convention to be held the first day after primary election shall be posted by the County Chairman in the County Courthouse and a copy filed with the County Clerk.

July 23. Former minors and former non-residents who have become eligible to vote after January 1 by reason of age or length of residence, and who wish to vote in the Second Primary, may obtain exemption certificates from the Tax Collector not later than 10 days before election (Second Primary).

### Statement From Horace Cross

(Editor's Note: The following article was written by Horace W. Cross, Glasscock County man, and accepted for publication by The Stanton Reporter at the regular rate for such statements.)

Let's begin at the grassroots. We are going through a time of trouble and danger. For the past several years we've had a "mess in Washington" and distrust of our state government. For 37 years I faithfully voted the Democratic ticket because of my early upbringing. No matter who came out I was a supporter of any old Pete but finally my stomach grew so weak I voted Republican in the National level and I found Re-Pete more disappointing than Pete. The farm program and its administration got me "buffaloed." For instance money was appropriated for deferred grazing — certain sums for each county, and how was it distributed? Not in accord with democratic custom but on the basis of "first come first served." Those of us who live out on our farms and ranches got up before day but by the time we got to the court house we found the "City Dwellers" had gotten all the pie. I took this matter up with my congressman and he "found" enough money to quiet me; but some of my neighbors were not so fortunate. I ask you is this Jeffersonian democracy? I could enlarge this list of grievances. Why condemn Sherman Adams? All the pots are calling the kettles black.

There is one thing you can do, quit saying "things are bad but there is nothing we can do about it." You can vote for a county commissioner who will deal justly and practice true democratic dealings; that is, justice and consideration for all the people of the county with special favors to none.

A vote for me, Horace Cross will be a move in the right direction and who knows maybe this one lighted candle in one little county may spread its beams to the state and the nation.

Sincerely,  
Horace Cross  
Candidate for Commissioner Glasscock Co.

P. S.—A few years ago Glasscock County offered bounty on jackrabbit ears. I bought 22 shells wholesale—12 cents a box and could make as much as \$4.68 profit. (I'm a good shot.) That is private enterprise. I was helping the ranchers, the farmers and myself. This wouldn't do. The neighboring counties came in with bales of jackrabbit ears and the bounty was removed. So you see it is a job to try to make a living with cotton mis-

### Caton . . .

(Continued from page 1)

fellowship and good will throughout the world, and he stressed the point that, "we should help pay the rent for the space we occupy while here on earth." Mr. Wasson also said that the Stanton club was a peculiar club in two respects, first its geographical location in the district, and secondly, Wednesday being an ideal meeting day for the local club, and for the surrounding towns who need to makeup, and he said, be assured that other clubs are especially interested and watching the Stanton club and their development. After the installation of officers Mr. Wasson presented the gavel to incoming President Ralph Caton who gave his acceptance speech. Other officers installed were: Vice President, Bob Herzog; Secretary, Martin Gibson; Directors, George Shelburne, W. C. Wright, George Phillips and Arthur Wilson.

The flower arrangements, made for the tables by Mrs. Arthur Wilson, were of pink cannas and gladioli, compliments of Johnson's Flower Shop. There were 19 present, and 2 guests were: Mrs. Tommie Foreman, Mr. and Mrs. Morgan Hall, and Mr. Wasson.

After adjournment, all were invited over to Mr. and Mrs. Ralph Caton for a continued gab-fest.

Rotarians and Rotary Anns present were Mr. and Mrs. Ralph Caton, Mr. and Mrs. Jack Arrington, Mr. and Mrs. Martin Gibson, Mr. and Mrs. George Phillips, Mrs. W. C. Wright, Mr. and Mrs. Arthur Wilson, Mr. and Mrs. James Webb, George Shelburne and Bob Herzog.

### Houston . . .

and Mrs. Carl Lloyd and children.

Mr. and Mrs. Bob Cox and son, Mrs. Morgan Hall, Bernard Houston, Billy Houston, Sammy Houston, Mr. and Mrs. Tom Houston, Ronnie, Mary Alice and Tommy, Mr. and Mrs. H. A. Houston, Suzanne Poe.

Also Mr. and Mrs. Bozo Harding and Steve, Conley Harding, Gloria Harding Harris, Mr. and Mrs. Sterling Harding and baby, Susie Harding, all of Odessa and Betty Sue Houston of Lamesa.

### Mrs. N. G. . . .

(Continued from page 1)

Mrs. A. L. Frith, retiring noble grand, was presented with a past noble grand certificate and a managed and hides selling at 30 cents apiece under the fair deal and now they are 50 cents but shoes are as much as \$39.75 the pair. Who gets the profit? Too much spread between the producer and the consumer. One pair of Brahma ears will make three pairs of women's shoes and what in the h — do they get for the hide?

### Sure-footed Man Serves Texas

The colorful language of the ranch and trail seems to fit Bill Blakley, who made his start in life as a working cowhand. He still rides and ropes with the hands on his ranch at roundup time.

Speaking of Blakley's service as U. S. Senator in 1957, the Dallas News said: ". . . If he was as unassuming as an old boot, it was nevertheless a well polished boot that never wobbled or wavered from its purposeful path. For this man Blakley is a sure-footed man who knows exactly where he stands and what he believes."

Texans will vote to return William A. Blakley to the Senate on July 26 because he truly represents the spirit, traditions and views of all Texas.

### New Senate Hand Aided Democrats

When William A. Blakley was appointed to the U. S. Senate in 1957, he was a political unknown in Texas. But Washington awaited his arrival with great interest. So close was the party balance in the Senate that Blakley's vote was the difference between Democratic and Republican control.

True to his Democratic tradition, Bill Blakley voted with his fellow Democrats. They have been in control ever since.

Now Bill Blakley seeks his first elective term in the U. S. Senate. A vote for Blakley is a vote for sound, Democratic government.
