The City Commission of Slaton has increased the city taxes 10 per cent. They found that until the present time the city has had sufficient revenue to take care of all its obligations from bond issues, in addition to operating expense of the city.

The Slaton Slatonite reported the city faced with 395 per cent increase in operating expenses over a period of 15 years, and an increase of 171 per cent in revenues, hence the tax increase voted.

This is the first tax increase the city of Slaton has had to make since 1946.

A \$65,000 bond issue for the improving of the water and sewer systems in Alpine was voted down last week, according to the Alpine Avalanche. The vote was 350 against to 175 for.

The mayor of Alpine said: "The tax paying voters of Alpine voted against the water system bonds in protest against recently increased tax, sewer and water rates and not, really, against the water system."

Jim Glasscock, editor-publisher of the Alpine Avalanche, is going around with a very attractive red feather in his hat. He wrote a story when Mrs. Clifford White was brought to Alpine from the Big Bend National Park following the death of her husband in a canyon.

The story brought to the Avalanche an award given by the Better Newspapers Contest sponsored by the National Editorial Association. There were 11 other Texas newspapers winning an award.

To the man who says, "Im from Missouri"...

Frankly, we don't expect you to take our word for it when we say the Swept-Wing 58 Dodge is unlike any car you have ever driven. We don't expect you to believe it rides smoother, corners better and handles easier just because we say so. You want more than claims. You want proof. You want to be shown, to be convinced. That's why we invite you to come in and Take

the Wheel... Get the Swept-Wing feel. Take a '58 Dodge out on the road and compare it with any other car you have ever owned or driven. Is it everything we say it is? Does it actually ride smoother? Corner better? Handle easier? We'll leave the answers up to you. You be the judge. Just see and drive and compare the Swept-Wing 58 Dodge. That's all we ask.
