INTERNATIONAL PRINTING WEEK

INTERNATIONAL PRINTING WEEK is being observed this week from Sunday, January 11 through Sunday, January 18. The first printing press in America was made January 31, 1639, and was sorta of a clder press design, then in later years followed the George Washington Hand Press.

Modern printer's ink was first used by Jacob Johnson in 1804. Today, ink is one of the more important features of the printing industry. It is used in various forms by the printing industry, both in printing newspapers and the more finer quality ink used in printing job work, such as letter heads, envelopes, and the various kinds of high quality commercial printing. There are varied colors of job inks manufactured and other colors that are mixed by the printer.

The importance of the printing industry as a whole to the world at large, Editor Douglas Meador, had this to say in his Matador Tribune:

"It is significant that Benjamin Franklin considered printing to rank at the top of his abilities. He saw the potential influence of printing on the world of the future, and was proud of the profession. It is interesting to speculate what life might be like if the printer and his profession of transmitting thought had never existed. It is doubtful if our form of government could have been achieved, and religions of the world, especially the Christian religion, surely would have suffered. Handwritten Bibles would have been so expensive that hundreds of millions would never have had the opportunity to read the

4-H Clubbers To Have Exhibits In Abilene Show

4-H Club members from Martin County will have exhibits in the Abilene Fat Stock Show January 18-23.

Those who will show steers are Tommy Bullard, Weems Williams, Janice Glaze, Linda Glaze, Yvonne Nichols and Craig Beckmeyer.

Included in the group who will show lambs are Steve Springer, Smitty Smith, Ben Mott, Craig Beckmeyer, Jimmy Miller and Gilbert Casbeer.

Craig Beckmeyer, Porky Britton and Steve Springer will show capons.

Bob Johnson, county agent, will accompany the group to Abilene.

Explorer Scout Program Slated

A new Explorer Scout program will be started for high school age boys in Stanton Thursday evening, January 15.

The meeting will begin at 7:30 p. m. at Stanton High School. All high school boys from age 14 and up and their fathers are invited to be present.

The Stanton Jaycees, who are sponsoring the program for high school boys in Stanton will be represented at the meeting. Also present will be Gene Campbell, Explorer trainer from Big Spring and William T. McRee, Boy Scout district executive from Big Spring.

The program was started recently. A special study was conducted by the University of Michigan to find out what type of program would interest high school age boys. The program has been based on that study.

19 Stanton Future Farmers Set To Make Abilene Jaunt

Nineteen Stanton Future Farmers of America will exhibit 42 entries in the Abilene Fat Stock Show January 19-23 in Abilene.

The boys will show a total of 93 barrows, lambs, turkeys, capons and broilers.

Boys having entries will include Terry Shanks, five pens of capons, two turkeys and two broilers; Jerry Hildreth, trio of capons; Morris Hastings, two pens of broilers; Bob Boyce, two pens of broilers; Steve Springer, two pens of turkeys; Tommy Davis, two pens of turkeys and two pens of broilers.

Also Jerrel Mattingley, two pens of turkeys, five capons; A. L. Watts, one pen of turkeys, one Hampshire barrow; Charles Hale, barrow; Royce Reynolds, two pens of broilers; Kenneth Hale, two single capons; Bud Green, cross-bred lamb; Kovey Powell, Southdown lamb.

Also Ronnie Airhart, Duroc barrow; Wayne Burchett, Southdown lamb; Lee Standefer, five capons; Gilbert Casbeer, barrow, lamb and one pen of turkeys.

The group will leave at noon Sunday and will return after the sale Friday. Travis Scott, advisor, will accompany the boys.

Livestock Show To Open Friday

JUDGE ATCHISON... Drives own car

Judge John Atchison Real Martin County 'Old Timer'

Judge John Atchison, who will be 92 on May 7, is one of the real old-timers in Martin County.

"I've got so many folks, they better not talk about me," chuckles the man who brought his family to Martin County in 1907.

Ten of his 11 children (the youngest is 50 years old) still live, and he has 50 grandchildren. How many great-grandchildren?

"Oh, I don't know. I've lost count." Including great-grandchildren, his "folks" number 199.

HD Women Will Attend McCamey Meet

Martin County Home Demonstration Club women will be in McCamey January 29 to attend a training meeting.

The group will make plans for the district spring meeting to be held in March and complete plans for the year's work.

Attending will be Mrs. Bob Cox, county home demonstration council chairman, Mrs. W. T. Wells, county home demonstration council vice chairman and Mrs. Jim Miller, county THDA chairman.

Arthur Wilson Speaker For Rotary Club

A meeting of the Stanton Rotary Club was held Wednesday, January 7 at Bevue Restaurant.

Rotarian Arthur Wilson gave the program. He discussed merchandising and dry goods.

In charge of the meeting was Ralph Caton, president. George Shelburne gave the invocation.

Ten persons were present including two guests from Big Spring.

Judge Atchison—he was Martin County judge for two terms starting in 1923—married when he was 19. His wife, deceased three years, went to school with him in Bosque County. They lived in Haskell County, before the judge bought land at \$5 a acre in Martin.

He remembers farming for awhile and then going into the store business. When at 75 his "legs got stiff," he sold Atchison's Grocery and retired.

Born in Illinois, Judge Atchison's father moved the family first to Mexico, Mo., and then to Bosque County. The Stanton

citizen recalls coming to Texas in a two-yoke oxen wagon, but the memory is hazy.

"Worst thing I've ever had in a way, is not remembering things," the judge said.

The way he belabors himself about his memory in some respects is a key to the gentleman's philosophy, which along with being strictly honest, he sizes up this way:

"It's pretty hard to be as good as a man wants to be."

For 50 years he has been a member of the Stanton Church of Christ.

Guidance Kit Now Available At HS Library

Jimmy Bickley, principal of Stanton High School, has announced that a career guidance kit is available in the school library for the use of students and adults of this area who want information about specific jobs or about scholarships.

The file was provided by the school.

The career kit adds over 1,000 pamphlets, reprints and posters about jobs to the material already available in the school library, Bickley said. The kit is contained in a filing system which is easy to use.

Additional accurate and useful information about jobs will be received by the school each month from the publisher of the career kit, to keep it up-to-date. Bickley invites parents, out-of-school youth, and other adults to make free use of the career kit as a source of accurate and up-to-date information to help solve their job and educational problems. Interested persons should contact the school librarian.

Harris Resigns From Faculty

C. S. Harris has resigned as science teacher at Stanton Elementary School, J. M. Yater, elementary principal said this week.

Harris has accepted a position as county auditor of Borden County. His home is at Gail and he and Mrs. Harris will return to their home.

The vacancy on the elementary faculty has not been filled yet, Yater said.

Mid-Term Exams Held This Week

Mid-term examinations are underway at Stanton Elementary School.

HD Council To Meet On January 20

Members of the Martin County Home Demonstration Club Council will hold their first meeting of the year Tuesday, January 20 at the county agent's office.

Before the council meeting is held at 2:30 p. m., all council committees will meet at 1:30 p. m. in the office to complete 1959 recommendations to present to the council.

At the council meeting the recommendations will be presented and discussed.

3 Players Join Stanton Team

The Stanton Buffaloes, still in contention for the District 6-A basketball championship, will be strengthened this month with the addition of three players.

One is Paul Petree, a senior who becomes eligible Friday. The other two are Richard Ellis and Alton Robertson, both of whom can play with the A team on January 19.

The Buffs now have a 7-5 won-lost record and last Friday lost an overtime decision to Rotan.

Local Lions, Ladies Attended 2-T-2 Conference In Midland

Stanton Lions and their ladies attended the annual mid-winter conference of Lions District 2-T-2 Saturday in Midland.

Flnis E. Davis of Louisville, Ky., second vice president of Lions International, discussed Lionism as a philosophy of life in addressing the banquet session which concluded the conference Saturday night at Hotel Scharbauer.

The honored guest and principal speaker was introduced by R. A. Lipscomb of Odessa, director of Lions International.

The conference, which opened early Saturday, attracted more

Hays Attended Austin School Meet Jan. 7-9

L. M. Hays, superintendent of Stanton Schools, was in Austin January 7-9 to attend the mid-winter conference of school administrators.

Subjects discussed included accreditation, transportation, record keeping, auditing, and budgeting.

New subjects introduced were federal aid on counseling, guidance and testing and the purchasing of new science equipment. The government is to subsidize the program for four years on the basis of national defense.

Thursday morning the group heard a past president of the Texas School Board Association discuss duties of school boards and what school boards can do to help the schools.

Alice Stewart Edits Wayland College Magazine

Alice Stewart, daughter of Mr. and Mrs. Ted Stewart of Stanton, was editor of the winter issue of Wayland Literary Magazine at Wayland Baptist College, Plainview.

The first 1958-59 issue has just been published. The magazine, a compilation of short stories, poems and art work by Wayland students, is published twice a year. Dr. Sherman B. Neff, chairman, division of language and literature, is sponsor of the magazine.

Mrs. Jan Corneise, Plainview, is art editor and designed the magazine's two-color cover. Assisting Mrs. Corneise in illustrating the magazine were Larry Forbes, Hillsboro, Iowa; Barbara Khan, Morgan Hill, Calif., and Neva Jo Wilbourne, Plainview.

Johnnie Gray Named Member Of Region Band

Johnnie Gray, Stanton band student, was a member of the all region band which played its first concert Saturday evening at the Bonham Junior High School and auditorium in Odessa.

Tryouts and auditions were held Friday evening to select top band students from West Texas high schools. Students from 23 schools auditioned with students from 15 schools being selected for the concert band. The 120 students chosen for the concert band were selected on their musical ability only.

Johnnie Gray on clarinet and Bobby Wren on baritone saxophone auditioned for the band. Johnnie was selected as one of the 30 clarinets to perform in this outstanding band.

Johnnie is a freshman in the local high school. He has been a band student on the clarinet for five years. He is first chair clarinet player in the local high school band and has received all his music training from the local director. He is the son of

Mrs. Woodard Wins Award From Insurance Co.

Mrs. Evelyn Woodard recently received special recognition for 25 years of continuous service with Home Insurance Company of New York.

Mrs. Woodard and her son, Poe Woodard of Midland, have represented the company continuously for 25 years.

Mrs. Woodard was presented with an engraved sterling silver medal set in crystal. Engraved on the medal is the wording: "Presented to Evelyn Woodard in recognition of 25 years continuous representation of The Home Insurance Company, December 17, 1958." Mrs. Woodard also received a wall plaque as did her son.

Two state representatives of the company from Lubbock were on hand to make the presentation and then took Mrs. Woodard to dinner.

The Woodard Insurance Agency is owned and operated by Mrs. Woodard and her son, Poe Woodard. Her husband, E. P. Woodard operated the E. P. Woodard Insurance Agency years ago. Twenty-five years ago Mrs. Woodard and Poe Woodard opened the present agency.

Hodges Speaks To Local Lions

Jake Hodges of the Soil Conservation Service spoke to the Stanton Lions at a meeting Tuesday at Bevue Restaurant.

Hodges discussed soil conservation and a testing laboratory to be located at Big Spring. He was introduced by Phil Berry, program chairman.

Glenn Gates, vice president, was in charge of the meeting in the absence of the president, R. C. Vest.

F. O. Rhodes led the song services. Rev. W. H. Kirby gave the invocation.

Lions voted to sponsor a Fathers March for the March of Dimes campaign on January 26.

Twenty-three persons were present including two visitors, Mrs. Leo Turner and Jake Hodges.

Poll Payment Deadline Near

Martin County residents were reminded this week that January 31 is the deadline to purchase poll tax receipts.

To vote in any election — city, school, county or state, a person must have a poll tax receipt or have been exempt.

Each person in the county is urged to take advantage of his privilege and to purchase a poll tax receipt, so he may vote in any election which may come up during the year.

Auction Sale Will Be Held On Saturday

County Clubbers Win Places In Odessa Show

Martin County 4-H Club members had five steers to place at the Sand Hills Hereford and Quarterhorse Show in Odessa last week.

Tommy Bullard's steer placed 11th in the lightweight division. He sold it for 56 cents per pound. Showing 12th place and 14th place steers in the lightweight division was Weems Williams. Williams sold one steer for 53 cents a pound. Bullard also showed the 19th place lightweight steer.

In the heavyweight division Yvonne Nichols' steer placed 24th.

Those having other exhibits in the show were Janice Glaze, Linda Glaze, Ben Mott, Jean Mott, Craig Beckmeyer, Virgil Barber, Jimmy Miller, Steve Springer, Smitty Smith and Gilbert Casbeer.

The annual Martin County Junior Livestock Show will open Friday in the Martin County show barn.

Exhibitors are to begin bringing in their animals Friday afternoon. They have until 6 p. m. Friday to have the animals in. Judging will begin at 8 a. m. Saturday with the judging of lambs. Swine will be judged at 10 a. m. and steers at 1 p. m.

The auction sale will begin at 2:30 p. m. with Houston Glasson of Lamesa serving as auctioneer. Bob Johnson, county agent, estimated there would be around 15 steers, 40 to 50 lambs, 40 barrows and 15 gilts in the show.

Judges will be Calvin Holcomb, Gaines County agent, hogs and steers and Ed Whitesides of Paint Rock, lambs.

The three sections in the show will be steers, lambs and swine. The steer section will be divided into lightweight and heavyweight divisions. Classes in the lamb division will include Class 1, Southdown and Shropshires or any cross of these breeds and all purebred mutton breed lambs; Class 2, crossbred lambs

Stanton Pioneer Dies In Midland

Funeral services for S. C. (Tink) Houston, 76, first mayor of Stanton and pioneer Glasscock County rancher, were held Tuesday afternoon at the First Methodist Church.

Mr. Houston, who had been in failing health for several months, died at 3:30 a. m. Monday in a Midland hospital.

Rev. W. H. Kirby, pastor, officiated.

Burial was in Evergreen Cemetery under the direction of Arrington Funeral Home.

Mr. Houston was born December 30, 1882, at San Saba, and came with his parents, the late Mr. and Mrs. A. L. Houston to Stanton in 1885. His father

homesteaded south of Stanton and in 1903 Tink Houston filed on a ranch southeast of Stanton, which he continued to operate until the time of his death.

Mr. Houston resided in Stanton much of his adult life. On May 12, 1925 he was elected the first mayor of Stanton, after the city was incorporated for the second time on March 31, 1925. It was during his administration in 1927 that the present city hall was built.

He attended Howard-Payne College in Brownwood, a business college in Tyler and old Cherokee College in Cherokee County. At one time, Houston

Magnolia Announces Location Eight Miles Southwest Of Stanton

By JAMES C. WATSON

Magnolia Petroleum Company announced location for an 8,100-foot Spraberry Trend Area project, eight miles southwest of Stanton in Northeast Midland County.

It is No. 3 Earle Powell, 1,980 feet from north and 660 feet from east lines of section 44, block 36, T-1-S, T&P survey.

Pan American Petroleum Corporation has acquired a five-year commercial oil and gas lease on a spread covering slightly more than 10,000 acres in Northwest Martin County. The tracts are on the north

and south sides of the Breedlove (Devonian) field. They start in immediately north of Pan American's Flynt Ranch block of approximately 13,000 acres, and run north and northwest.

The leases were secured from F. D. Breedlove of Midland, the J. E. and L. E. Mabce Foundation of Tulsa, and others.

A cash bonus of an undisclosed amount, plus an oil payment of \$250 per acre out of 1/16 of 8/8ths of the oil produced on the property were included in the consideration paid for the

Philosopher Says If Russian Politician Stops By His Place, He Wants The Cash

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw is off on a weighty topic this week.

Dear editor:
 I noticed in the papers that another Russian visitor, a man by the name of Mikoyan, second in command over there, has been touring the United States and I read in a copy of a newspaper which I borrowed out of my neighbor's mailbox in the interest of furthering the good neighbor policy and will return if he acts unreasonable about it that Mr. Mikoyan says one trouble with U. S.-Russian relationships is that we don't trust Russia enough.

What puzzles me about this is why should it puzzle Mr. Mikoyan? He knows the Russians better than we do and I doubt if he can trust his home folks enough to be 100 per cent sure he'll have his own job when he gets back home.

As I understand Russian politics, over there, you don't get elected for any definite term, you just stay in office until you get to trusting your assistants too much, at which time you wake up on a train to Siberia and one of your assistants is occupying your office.

Probably what Mr. Mikoyan meant was we ought to trust him since nobody at home would.

As everybody knows, whenever there's a change in office over in Russia, the number of funerals picks up. This is because the Russian politicians have found it's hard to get a man you've just kicked in the teeth to trust you to any extent you can depend on.

I guess maybe it sounds reasonable for the Russians to tell us to trust them when they say they won't build any more hydrogen bombs and wouldn't think of using the ones they've got, but I sure prefer to keep some lying around handy on our side just in case.

I don't know how I got off on this weighty subject, when actually I ought to be thinking about a new crop year for 1959. In the meantime, if Mr. Mikoyan happens by my place out here and wants to buy a dozen eggs, I'd just as soon he paid cash.

Yours faithfully,
 J. A.

Batista Out, Castro Could Be Different

Batista, the deposed Cuban dictator, is a figure of the past. Measured by realistic standards the former overlord was tough as brass knuckles and maintained a hoppin' sense of humor.

Batista knew he was in constant threat of assassination after he reached the top. He maintained until the last days before his sudden flight from Cuba that he was a crack pistol shot and just an hour's plane ride from Miami, Florida, if the worse developed.

Maybe Castro's crowd is different, but usually the first thing a new Cuban president does upon taking office is: (1) arrange a hasty departure. (2) Open bank account in foreign cities.

The pattern is always the same. The new president is first called a "liberator." After that, in a few months, he is a "politician" and in another year he's a "dictator." After that he's

FARM REVIEW AND FORECAST

At the 12th annual Concho Hereford Association sale held last week at San Angelo 59 bulls brought an average price of \$859. The sale champion bull, A Domino 83, and consigned by Jack V. Williams of Paint Rock, brought \$4,050. West Love of Marfa was the buyer.

The grand champion Hereford of the Sand Hills Hereford and Quarterhorse Show at Odessa went to Leroy Shafer, of Trent, Taylor County 4-H Club. Jerry King of Haskell, won reserve champion Hereford.

The Culberson County cotton crop for 1958 yielded a total of between 12,000 and 13,000 bales of cotton. The estimated value of the crop stands at over \$2,000,000. This bale-crop came from approximately 6,000 acres under cultivation. The crop yielded from one to two bales per acre.

For 1959 the cotton growers of Culberson County, face a cut allotment of 8.8 per cent.

Friday of this week opens in Stanton one of the biggest and most important events held yearly in Martin County. It is the first day of the Martin County Junior Livestock Show. In all former years the Show has drawn the compliment from the large crowds attending as an event that is superior to all like occasions held in counties of comparative size in West Texas. This year's Show promises it will retain that record, if not exceed it.

All work preliminary to staging the exhibition has been completed, such as the rules and selection of the superintendents and the classes in which all livestock exhibits will be placed. In that category, there are three divisions namely: one for calves, one for fat lambs, and one for swine.

Calvin Holcomb, county agent of Gaines County, will judge the hogs and steers and Edd Whitesides, county agent from Paint Rock, will judge the lambs.

The sponsorship of the Show

is the agricultural committee of the Martin County Chamber of Commerce.

Martin County 4-H Club members plan to be represented at the Abilene Fat Stock Show, Jan. 18-23. The exhibits to be provided by the county's 4-H Club will comprise lambs, capons and steers.

Martin County farmers and ranchers have been peering into clear skies in hopes they will cloud over and bring rain. Though the county is not suffering for moisture yet a rain now at any time would erase fear from the farmers' mind the year is displaying system of being a dry one.

Jimmy Collins, a 4-H Club member living in Castro County, was the 1958 winner in the annual Texas hybrid corn production program. His corn yielded 256.1 bushels per acre. The acreage was under irrigation.

A \$637 per head was the price

paid for 33 Hereford bulls at the Howard County South Plains Hereford sale in Big Spring last week. The sale price was \$232 more than was paid last year. A Martin County ranchman, George W. (Tee) Knox of Tazan, paid the top price of \$1,275 for a bull at the sale. Knox's champion pen of three went to D. M. Cogdell of Snyder, for \$470 each.

Improving and updating existing state farm laws is first on the agenda of requests to be made of the Texas Legislature early in January of this year.

Chief among those suggested improvements are proposed amendments to the Texas Egg Laws to provide for increased license fees for egg handlers and the addition of license fees for retailers who are presently licensed without charge. These fees are needed to make enforcement of the law more nearly self supporting.

The farming and ranching in-

terest in Martin County have experienced one of the coldest winter weather in its history. The temperature at its coldest level during the week or more of frigid weather skidded down to eight degrees. Fortunately in this county the icy blast was not accompanied by rain to freeze on the landscape stalling the movement of transportation. At one period during the winter of 1950 the ground was covered with a coating of ice halting pedestrian travel on the streets of Stanton and transportation movements on the highways. Hotels and motels in Stanton were crowded by drivers of large motor trucks as a place of refuge from the ice storm. Then followed the seven years of drought, wrecking the farm and ranch interest in the county. The dry land farmers suffered destruction of their crops during these years, only the irrigated farmer managed to produce crops. The ranchmen suffered loss of grass on their ranch lands.

The year 1959 is starting with promising prospects Martin County will enjoy as good year as 1958, if not exceed that year's results.

WEST TEXAS PRESS COMMENTS

The Andrews News viewing the progress its city has made in the past 10 years says that in 1949 the city of Andrews had a population of 3,309 and the county had a population of 5,002. Now the city's present population is placed at 10,800 and the county has a population of 12,600. Summing up its expectations for the city of Andrews the Andrews County News sees Odessa will be an industrialized city. The middle class worker "will want to live in a quiet peaceful suburban community that features the finest in schools, churches, and public facilities. In short he'll want to live in Andrews and work in Odessa."

Construction in Andrews for the year 1958 surpassed 1957 with building permits totaling \$1,818,843 for the four quarters just ended.

In the recent winter blast that gripped West Texas, The Graham Leader reported Young County received rain, sleet and snow. Snow covered the ground from four to six inches, drifting in spots to 10 inches deep. The Leader said the heavy blanket of snow was a fine New Year's gift to farmers and arrived in time as most grain in Young County was needing moisture.

While making the rounds of the business places in Graham shortly after the arrival of the New Year, a representative of the Graham Leader saw this motto on every desk in the City Hall, and published it in the column, "Here and There" appearing in the Graham Leader:

a poor insurance risk, writes Fred Sparks.

"PUSH, and if you can't Push, PULL, and if you can't Pull, then please get out of the way."

In speaking of the recent bitter cold weather the Graham Leader reported the temperature skidded to 5 degrees, the lowest on record since January 1947 when the temperature recorded 8 degrees. Moisture reappeared during the freezing spell registered 83.

The Scripps-Howard newspapers announced that Don Deder, 29, columnist on the Arizona Republic in Phoenix, is the 1958 winner of the Ernie Pyle Memorial Award.

Deder will receive \$1,000 and a bronze plaque for writing and reporting "most nearly exemplifying the style and craftsmanship" of the great World War II reporter and columnist.

The Seminole Chamber of Commerce has "launched a hunt" for a new manager of the organization. Lenis Gilbert, who has been the CC manager, resigned last week. He resigned to accept the post as assistant manager of the Odessa Chamber of Commerce. The Seminole position paid \$5,400 a year. Gilbert will also be business manager of the Odessa Chuck Wagon Gang.

Mr. and Mrs. Bob Howard and children of Midland visited Sunday with her parents, Mr. and Mrs. J. D. Renfro and his mother, Mrs. Les Durham, and Mr. Durham.

Big Spring Fire Delays T&P Train

A westbound Texas and Pacific passenger train was held up for almost an hour Saturday afternoon by fire on a railroad bridge at Big Spring.

Called out to fight the blaze at the railroad yard on the east side of town was equipment from Webb Air Force Base and Big Spring Fire Department. After the fire was put out, the 12-car train passed over the bridge without accident.

Before the blaze was brought under control, traffic on U. S. Highway 80 was detoured for about an hour. The smoke was visible for miles.

Big Spring authorities believe the fire was set by teenagers or by "winos." Railroad officials had not estimated property damage.

There were no injuries.

THIS WEEK IN WASHINGTON
With **CLINTON DAVIDSON**
PIGS & POLITICS

With the new Congress only a week old it is already apparent that Secretary of Agriculture Ezra Benson has as many troubles as anyone in Washington.

He starts out with a predominantly Democratic Congress that is sure to oppose his farm plans and, in general, make 1959 anything but a happy year for him.

Pigs and politics will be the principal cause of his woes. There will be too much of both. And, as if that were not enough, he'll have too much wheat, corn, cotton, tobacco and a few other surpluses.

During the past year Benson paid farmers almost a billion and a half dollars for farming practices principally designed to hold down production. Farmers, instead, produced bumper crops 11% larger than the previous record on the smallest acreage in 80 years.

The Bulging Budget
Benson believes that the costs of government farm programs are too high and that Congress should take steps to reduce them. But, he concedes, he hasn't much chance of reducing costs until the farm laws are changed.

Farm programs, which include such things as subsidized exports, the School Lunch program, etc., last year cost \$6 billion. Unofficial estimates are that these programs may cost as much as \$7 billion this year.

With the exception of the Defense Department, the Agriculture Department spends more money than any other government agency. Despite these expenditures government holdings of farm surpluses have reached \$7 billion, and may go to \$8 billion within the next few weeks.

Storage charges alone amount to more than \$1 million a day. The worst may be yet to come.

With hog prices high for the past couple of years, farmers raised 17% more pigs last fall for market next spring and, the USDA estimates, the spring pig crop will jump by 13% over a year ago.

A Congressman's Best Friend
Dogs may be man's best friend, but any farm belt congressman will tell you that hogs are more important, politically. There are something like two million hog raisers and when prices go down farmers become very displeased.

The man they usually pin the blame on is the Secretary of Agriculture. Benson has been warning growers for two years to hold down their hog production, but that won't keep him from being blamed when prices drop.

And, if the forecasters are correct, other farm prices will be going down during the year. Even USDA economists who know that pessimistic predictions displease their boss, are forecasting a 5% to 10% decline in 1959 farm prices.

Farmers squeezed between falling prices of the things they sell and rising prices of things they buy are in the habit of telling their troubles to their congressman. It is up to the congressman to place the blame.

While farm prices are going down food prices almost certainly will be going up. In the past 10 years farm prices have gone down 23%, while food prices have increased by 27%. Neither farmers nor consumers are happy about that.

Either way Benson can't win. Farmers blame him for the low prices they receive, and consumers kick because of higher food prices. Taxpayers object to the high cost of "farm subsidies." One thing Benson can count on: Hogs and Democrats will make life uncomfortable for him in 1959.

25 YEARS AGO

Achievement Day program was held at the French Gray farm. It was one of the projects sponsored by Myrtle Miller, county home demonstration agent for Martin and Midland Counties, for 4-H Club pantries. Mr. and Mrs. French Gray were host and hostess for this occasion. Because of cold weather luncheon was served in the large cement basement of the Gray home. There were 702 containers in which there were canned vegetables, meats, fruits, cured meat, dried peas, lard and vinegar. The value was \$203.

There were sacks of cured ham and sacks of dried vegetables hanging from the rafter of the basement. Also there were large jars of grape juice, a product from the Gray's own grape vineyard.

Speeches were made by Paul T. Vickers, secretary of the Midland chamber of commerce; S. A. Debnan, county agricultural agent of Martin County; J. L. Hall, president of Stanton Service Club; County Judge J. S. Lamar, and Myrtle Miller.

Prairie dog eradication work carried on by the federal government as a CWA project got underway last week. Punk Sauer is the "top sergeant" of the men on the job.

Clyde E. Thomas, a prominent attorney of Big Spring, has authorized the Reporter to announce his candidacy for District Judge of the 70th Judicial District.

CWA payroll amounted to \$4,000 last week. There were 369 men who shared in the payroll distribution.

BIBLE COMMENT
We Should Remember God's All-Seeing Eye

Nothing stands out more strongly from the Hebrew Scriptures of the Old Testament than the fact of God's all-seeing eye.

The Eye is symbolic of the presence and judgments of God as He observes the actions of men and discerns between right and wrong.

The Psalmist expressed it in "Whither shall I go from Thy spirit? Or whither shall I flee from Thy presence? If I ascend up into heaven, Thou art there; if I make my bed in hell; behold, Thou art there. The darkness and light are both alike to Thee."

The consciousness of that presence filled, and should fill today, thoughtful men with awe. That inexorable Eye upon them quickened a sense of fear. "The fear of the Lord," one wrote, "is the beginning of wisdom." There is much in the Old Testament concerning the fear of God.

Thus, they prayed, "Search me, O God, and know my heart; try me and know my thoughts; and see if there be any wicked way in me, and lead me in the way everlasting."

It takes courage, as well as knowledge and faith, to make a prayer like that. But the judgments of God have a meaning and significance beyond individual character and conduct. A world without judgment would be a world without moral sanctions.

To whatever heights man may aspire, he can have no higher aspiration than to reach that spiritual peak upon which he may stand and say: "Judge me, O God."

April Deadline On Car Stickers
The Texas Department of Public Safety warned motorists of the inconvenience of a last-minute rush at safety inspection stations before the deadline, April 15.

More than 3,000,000 of the 4,000,000 Texas motor vehicles have yet to receive their 1959 safety inspection sticker.

In urging motorists to "do their safety shopping early" and avoid the rush at the 4,400 inspection stations, the safety department warned that those who fail to do so will be subject to traffic summons after April 15. The average cost of the safety inspection since the program began six years ago is \$1.19 for needed repairs and \$1 for the inspection fee.

The inspection stations check such items as brakes, lights, horns, mirrors and windshield wipers and have found that 39 per cent of the vehicles have needed some adjustment or repair.

Col. Homer Garrison, Jr., director of the safety department, said this is an improvement over the general condition of motor vehicles six years ago when the inspection program began. At that time more than 50 per cent needed repairs.

"We hope that owners of motor vehicles will take advantage of the inspection facilities now and avoid the inconveniences of waiting in line as the April 15 deadline approaches," Colonel Garrison said. "This safety factor is important to safe driving on our streets and highways—and that is our goal."

"Destiny and the printer have worked together at the same case."
LET'S WHOOP IT UP FOR OUR TOWN in this new year 1959. If the people of Stanton would expend as much time and energy in building the community as they do in the election of public officials to office we would be in vastly better condition than we are today.
We would have more money floating around in the surrounding territory, more people would be employed, local business firms would be doing more business, there would be fewer vacant buildings, and money would be more plentiful.
We get out and whoop it up for some favorite candidate who hardly knows we are in existence after the votes are counted. We spend our time and energy freely urging everybody and his wife's Aunt Sally to vote for "our man." We consider it our duty to aid "our party." And we do it without expectation of any remuneration.
Why not expend at least a part of that time and energy for the benefit of our town and community? Why not talk and work just as zealously in an effort to encourage the business interests of our town? Why not take as much interest in our personal incomes as we do in the salaries of officials we elect to public office?
Entirely too much money is being spent away from this town which should be spent here to far better advantage, but it will not be spent here unless we take measures to make it worth while for the people to trade in Stanton.
IF PARTICLES OF SOMETHING comes tumbling down on your head the Russian cosmic missile has made contact with either the sun or moon. We have been wondering what the man in the moon will do if he suddenly awakens and finds Russia seated on his planet.
THE UNITED STATES IS NOW in position to fly its new flag comprising 49 states. The recent addition of Alaska to the states in the union provides the 49th star.
The stars were not arranged in an even rectangular pattern. Instead the second, fourth and sixth rows are, in printer's parlance, indented one em on either end, and the first, third, fifth and seventh row flush on both ends.
The new flag becomes official next July 4th. It will not be flown on government buildings before that date.
Citizens, however, may fly the new flags as soon as they are manufactured. On the other hand it will also be quite legal and proper for people to continue displaying the 48 star flags indefinitely.
L. H. WHITE, A RETIRED GRO-

PERSONALS
L. F. Brothers of Hobbs, N. M., visited last week with his brother and sister-in-law, Mr. and Mrs. Virgil Brothers.
C. S. Pegues of Houston visited recently with his aunt, Mrs. Joe Stewart, Mr. Stewart and others. He is the son of Mrs. Beulah Pegues of Crystal City, formerly of Stanton.

CERYMAN in Stanton, called at The Reporter office Monday afternoon to advance his subscription to the paper another year. He operated a grocery store in Stanton several years, selling the business in recent months and retiring from the business world.
Mr. and Mrs. White came to Martin County from Mt. Vernon, Franklin County, in March, 1930. Shortly afterwards Mr. White was made superintendent of the Courtney public school. He added the department of feeding and grooming calves, enlisting the services of those students, boys and girls, to care for the livestock under his supervision. The purpose was at the proper time to put these calves on exhibition at a calf show in Stanton. This show was held in Stanton during the interval between the years 1931 and 1933. As far as can be learned it was the first calf show ever held in Martin County. In connection with the show White staged a rodeo performance assembling some wild horses on the vacant lot then across the street west of the Church of Christ. Volunteer riders among the men and boys rode broncs to their hearts delight, some sticking to the saddle while others didn't, but no casualties — all in fun and exemplifying the spirit of the Old West.
From this first public exhibition of Hereford calves by Mr. White, annual calf shows sprung until Martin County today is recognized the staging one among the best annual events held in West Texas.
Mr. White is heading for his 78th birthday which falls in this coming March. We may say here the years have not dwarfed his expounding bits of humor in conversation, and too, his personal appearance in this office Monday bore no evidence his eyesight was failing — he wore no glasses — he could easily observe the two one dollar bills he entrusted to the office cashier to pay his subscription.

Broiled Chicken, Lemon Herb Sauce

Here's a new way to serve that favorite pair, Chicken and Rice. As the chicken broils, it's basted with a special lemon herb sauce. The wonderful sauce and the chicken are served over rice made fancy with pimiento-stuffed green olives.

INGREDIENTS:
1, ready-to-cook young chicken, 2½ to 3½ lbs., cut up
¼ cup melted margarine or butter
1 small clove garlic, minced
2½ teaspoons salt
½ teaspoon thyme
¼ teaspoon black pepper
¼ teaspoon poultry seasoning
¼ teaspoon paprika
3 tablespoons lemon juice
1 cup uncooked white rice
2 cups water
¼ to 1/3 cup sliced stuffed green olives

METHOD: Cut the chicken into serving pieces. Rinse in cold water. Drain. Pre-heat broiler. Melt margarine or butter in a small saucepan. Add the garlic, 1½ teaspoons salt, thyme, ¼ teaspoon black pepper, poultry seasoning, paprika and lemon juice. Place the chicken (skin side down) in the broiler pan or other shallow pan. Use a pan from which it will be easy to pour the lemon sauce after the chicken broils. Spoon some of the sauce over the chicken. Broil. When brown on one side, turn so skin side is up. Baste with sauce. Allow 40 to 50 minutes for the chicken to cook. About 25 minutes before the chicken is done, put the rice, water, 1 teaspoon salt, ½ teaspoon black pepper in a 2-quart saucepan. Bring to a vigorous boil. Turn the heat down low. Cover with a lid. Simmer 14 minutes. Remove the saucepan from the heat but leave the lid on at least 10 minutes. Fold in the olives. To serve, place chicken over the rice. Pour on lemon sauce or serve in a separate dish. This recipe makes 4 to 6 servings.

President McDonnell of the Chamber of Commerce of the United States foresees a bright future for small business. He points out that the business failure rate declined 92 per 10,000 firms in 1900 to 72 in 1957. At the same time, the number of firms, most of them small, grew from 22 per 1,000 population to about 25.

New Jersey has adopted the country's toughest highway speed laws. License revocation for exceeding the posted limits will be mandatory. On the first offense, revocation will be for 30 days; on the second for 60 days; on the third, for an indefinite period.

Last summer two special cooperative promotional sales campaigns were conducted on behalf of fresh lemons, under the National Association of Food Chains' 22-year-old Farmer Retailer Marketing Program. Sales increased almost a quarter over the comparable period a year before.

The estimated number of households in this country increased 6.8 million, or 16 per cent, between March, 1950, and March, 1958, says the Census Bureau. On the latter date there were 50.4 million households. The total population was 172.3 million.

Five years ago, foreign car sales amounted to about six-tenths of one per cent of the U. S. market. The 1958 figure was about 8 per cent.

According to a survey conducted by Nation's Business magazine, executives of leading U. S. companies expect 1959 to be a good year for the economy. Of more than 175 executives polled, 93 per cent predicted an increase in sales. A high percentage said they planned to spend more than in 1958 on product improvement, introduction of new products, and expansion of plant and facilities.

Since its founding in 1937, Ducks Unlimited has conducted what The Wall Street Journal describes as "a sort of privately-supported foreign aid program in neighboring Canada," with the support and financial assistance of the provincial Canadian governments. More than 725,000 acres have been flooded, and a like amount seeded and set aside as marsh and grassland. The result: North America's duck population has recently been estimated at more than 150 million—a 500 per cent increase since 1937.

C. James Proud, president of the Advertising Federation of America, says: "Government officials who seek to tax advertising are like amateurs who try to remove an appendix. They are very apt to lose the patient. It is important to remember that advertising has traditionally been considered a cost of doing business, and not a product in itself. All businesses using advertising pay their fair and full share of taxes."

TELEPHONE TALK

by C. W. Fisher, Manager

OUR NEW YEAR'S RESOLUTION TO YOU

Happy New Year to everyone in Stanton from all of us at the Telephone Company.

Since this is the season for resolutions, I thought you might want to know a little bit more about a resolution that we try to follow 365 days a year in providing telephone service to you and your neighbors.

Here it is—

WE DEFINE OUR OBJECTIVES

"Our objective is to furnish the best possible telephone service at reasonable cost—a cost consistent with financial safety and fair treatment of employees.

"Service ranks above everything else in this policy. And the only good service is one that is continually improving. To furnish this service we need the best people, the best equipment, the best methods, and the best management we can develop.

"Reasonable cost has been defined as one that produces an ever-growing public demand. Our equipment, training, and methods would net us nothing if the cost of service became so high that people would not buy it.

"Financial safety should not be endangered by setting the price of service too low. In the long run, a price that provides profit enough to undertake new research and development results in better, cheaper service to the public.

"Fair treatment of employees means good pay, good working conditions, reasonable job security, and opportunity for advancement based on merit. It is people—employees—who are the most important element in the success of any business.

WE ACCEPT THESE RESPONSIBILITIES

"TO THE EMPLOYEES . . . provide machines, methods, equipment, direction, leadership, job training, incentives to progress, selection for promotion.

"TO THE PUBLIC . . . more and better service at a reasonable cost. Contributions to public welfare and national defense.

"TO THE OWNERS . . . run business in a sound, profitable manner.

LOOKING AHEAD

"Progress has long been the keynote of the telephone business. And, if business forecasters are anywhere near correct, the next 20 years will bring more growth and development than we have ever seen before.

"The future can be faced confidently with a policy of equal consideration for owners, employees, and the public."

That's probably the longest resolution you've ever heard about, but it takes a lot of effort to give you the best telephone service.

Call by number. It's twice as fast.

A LOOK AT LENORAH

By MRS. LYNDELL ASHLEY

We're well into the new year now and everyone has got the bills for last month's buying spree. Maybe that's why so few people have been visiting this last week.

This community is losing some of its long-time residents this week. The Harlan Barbers are moving to a farm near Hereford.

Friday night a party was held at the Bob Thraillkill home. It was in honor of their daughter, Fran Thraillkill. Guests played canasta and scrabble and were served cake and cocoa. Attending were Lana Airhart, Linda Gary, Mary Jane Callaway, Pat and Fran Thraillkill, James Kenman, Don Richardson and Ray Hiltbrunner.

Virgil Barber is also having a birthday party this week. The party is to be Thursday afternoon at the school house. Virgil's classmates will be telling him goodbye before he moves during the weekend. Cakes and cake will be served and balloons will serve as favors.

The R. W. Hardins have recently returned from a winter vacation trip to Arizona. Mr. and Mrs. Hardin and children, Betty and Jerry, visited with the H. C. Pattersons of Tucson. While there they did a great deal of sight seeing in the scenic country around Tucson. They went over into Old Mexico and went shopping in Nogales. They also saw some of the citrus groves for which Southern Arizona is famous.

Rev. Jim Fields was guest speaker at Lenorah Baptist Church Sunday at both services. He substituted for Rev. Paul West, who has been ill.

A baptismal service was held Sunday during evening services at the Tarzan Baptist Church. Members of the church also decided to meet each Monday evening for family night. At this time all the different church organizations will have their weekly meetings.

Several of the Tarzan folk got together in Andrews last week for a family skating party. Families attending were the M. O. Southerlands, Marvin Georges, the Coy Welch family, the Floyd Ringler family, the Benroy Welch family and the Leroy Mattingley family. After skating the group enjoyed a stew supper at the Ringers.

Mrs. Delmar Ham m, Mrs. Gene Collins and Mrs. Glen Cox met Tuesday afternoon with their group of Cub Scouts. Plans are being made for the annual Cub Scout Blue and Gold banquet. The banquet will be held in the Grady lunchroom. The date is to be announced later.

The Cubs began practicing their program for the banquet. Also at the meeting two outstanding Scouts were recognized. Bobby Hamm was honored as denner of the month and Gayland Pittman assistant denner of the month. This recognition was on the basis of attendance and participation.

Students at Grady are "deep in the heart" of mid-term exams this week.

Farm Employee Wages Reports Due On Feb. 1

Farmers are reminded that the cash wages of most farm employees must be reported for social security purposes by January 31, 1959, according to H. P. Thomas, Manager of the Odessa Social Security office.

These wages must be reported if the farm worker was employed by the employer for twenty days or more in 1958 and was paid on a time basis—that is, by the hour, day, week, etc.; if the employee was paid \$150 in cash by the employer in 1958, regardless of the days of work. Mr. Thomas stated further that the social security tax for 1958 is 4 1/2% of the wages, — 2 1/4% to be deducted from the employee's wages, and 2 1/4% to be paid by the employer. This applies to earnings up to \$4,200 in the year. The tax must be paid to the Director of Internal Revenue.

Taxes on wages paid in 1959 will be slightly larger. The employer will deduct 2 1/2% from the employee's wages and pay a similar amount himself. After 1958, earnings up to \$4,800 in a year are taxable for social security purposes.
