

Snooter Knows
By JAMES E. KELLY

OLD FOGGY THAT I AM, I still would like to hear the ring of a church and school bell. The abandonment of the belfries on the church and school houses to make room for the encroachment of modern architecture has added an almost graveyard stillness to reign over the country-side on week-days and Sundays. The ring of the church and school bell was a symphonic melody to my ear.

You remember when a bell hung in every belfry of every church and school house in the country. If not in a belfry they hung on top of posts on the outside. If there was no bell of this kind, then someone rang a hand bell.

In those days hotels in the town supported a bell hung on a post at the front of the building to ring when the meals were ready. Some hotels rang their bell on the half hour (11:30) to warn the populace they had 30 minutes to "wash up" before 12 o'clock noon. The ringing of the hotel bell was not only a signal "to come and get it," but it sent clerks, businessmen and others over the town scurrying to the noon-day meal. Now and then on farm and ranch a bell was used to call the hands to meals. Even the milk cow had a bell hung around its neck so the farmer would know where to find her when milking time came.

Eiland Named New Chamber President

James Eiland, outstanding citizen, churchman, and civic leader, was elected president of the Martin County Chamber of Commerce at a meeting held Monday evening.

W. W. Williams, Jr., was named vice-president and Phil Berry was given the secretary-treasurer's post.

H. M. McReynolds, manager of the chamber said Eiland, Gerald Hanson and Leo Turner had been chosen out of a field of seven candidates for places on the official board of directors.

4-H Club Boys Enter Animals In Stock Show

Martin County 4-H Club members are to leave Saturday for the Houston Fat Stock Show, where they will show entries during the week of March 1-7.

Bobby Kelly is to take a steer to enter in the Scramble Show. Last year Kelly received a steer for catching a calf in the annual calf scramble. This year the boys will show the animals they received in a special show. There will be 120 boys to show animals in either a steer or heifer division of the show. Kelly's steer was sponsored by E. Duckworth II of Houston.

Weems Williams is to enter a steer in the show, as is Tommy Bullard.

Porky Britton will have entries in the trio of capons division and Steve Springer in the single capon division of the poultry show.

Bob Johnson, county agent, will make the trip with the boys. Stanton boys will be accompanied by Calvin Holcombe, Gaines County agent and his boys.

The steer show is to be March 4 and the scramble show on March 5. March 3 is the date set for the poultry show.

Plans Mapped For Girl Scout Fund Campaign At Leader's Meet Feb. 18

Plans for a Girl Scout Fund Campaign were made at a meeting of Martin County Girl Scout leaders Wednesday, February 18 at the First Methodist Church.

The drive is to be held the last of March and will begin with a breakfast for workers on March 23. Also on the evening of March 23 a Girl Scout bazaar will be held. Each Scout troop in the county will have a booth of either food or crafts. Proceeds will go to each individual troop.

Plans were also discussed for the observance of Girl Scout Week which will be March 8-14. March 8 will be Girl Scout Sunday and troops will attend church services as groups. Also during the week girls will be busy with their annual cookie sale which begins March 6.

Delegates Named To THDA District Meeting March 26

Delegates to the district THDA convention were elected at a meeting of the Martin County Home Demonstration Club-Council Tuesday, February 17 at the county agent's office.

The convention will be March 26 in Odessa.

Delegates are Mrs. Jim Miller of the Stanton club, Mrs. O. D. Green of Valley View, and Mrs. Robert Dennis of Flower Grove. Alternates are Mrs. Owen Kelly of Courtney and Mrs. L. M. Hearn of Tarzan.

A food workshop to be held March 6 at 2 p. m. at the county agent's office was discussed.

Attending were Mesdames O. D. Green, Chalmer Wren, Bob Cox, Max Everett, E. D. Holcombe, Jim Miller, Lewis Carlie, Sammy Yates, J. T. Mims, Gene Collins and N. L. Riggan.

tors. They will be introduced at the annual banquet to be held on the evening of March 9.

Holdover directors are: James Webb, Finley Rhodes, O. L. Snodgrass, Jr., Jim McCoy and Connie Mack Hood.

Neal Estes and Cecil Bridges, named to the committee to arrange for a speaker at the annual banquet expect to announce a speaker sometime this week.

Ticket sales for the annual affair are now underway.

Foods Workshop To Begin Here On March 6

A foods and nutrition workshop will begin March 6 at the county agent's office.

Mrs. Mildred Eiland, home demonstration agent, will be in charge of the workshop.

All interested persons in the county are invited to take part in the clinic, which will start at 2 p. m.

At the March 6 meeting plans will be made for a continued study and the dates for other workshops will be set.

Red Cross Drive Breakfast Set For March 2

Plans have been completed for a drive in Martin County to raise funds for the Red Cross.

The campaign will get underway with a kick off breakfast on March 2 at 7:30 a. m. at Belvue Restaurant.

Mrs. Bob Cox is serving as chairman of the fund drive.

Everyone in the county is urged to attend the breakfast.

Public Schools Week Opens Mar. 2

Teacher Supply

Although good administration and many other factors enter into making a good school, the deciding factor is the progress made by the pupils. To realize the maximum benefits from their educational opportunities, our children must have good teachers. Attracting and holding qualified persons in the teaching profession is important not only to the future welfare of each community; it is recognized also as a vital necessity in our State and Nation.

Despite the widespread attention given in Texas to the recruitment of teachers, some areas still have a need for qualified teachers.

Attracting an eligible person into the teaching profession involves many factors:

- Salary.
- Job satisfaction—status in community.
- Opportunity to make a career of teaching and/or school administration.
- Opportunity to continue learning experience during the summer.
- Love for children and a desire to give public service.
- Teacher retirement benefits.
- Tenure, contractual relations, adequacy of facilities, and other working conditions.

A problem closely related to recruitment is how to retain good teachers we already have. Any district or county which has difficulty in keeping good teachers will want to analyze the reasons teachers give for moving as well as some of the reasons which are felt, but rarely voiced.

SHS Students Entertain Band Parents

A meeting of the Stanton Band Parents Club was held Tuesday, February 17 at the elementary music room.

The group was entertained by high school band members who played solos or ensembles, which were to be entered in the interscholastic league contests.

The program included a clarinet solo, "Giga," an Italian dance, Johnny Gray accompanied by Phyllis Long; an alto saxophone solo, "Sehon Rosmarin," a Viennese waltz, Marsha Bristow accompanied by Jimmy Hamilton; and an ensemble, a clarinet quartet, "Danny Boy" a Kerry tune. Playing in the ensemble were Johnny Gray, first clarinet; Glen Reid, second clarinet; Kay Powell, alto clarinet; and Lendon Huckaby, bass clarinet.

Members voted to hold two concerts in the spring. The junior high school band concert is to be in March and the high school concert is to be April 28.

Local Teachers Plan To Attend Lubbock Meeting

Martin County teachers will attend the District IV convention of the Texas State Teachers Association in Lubbock on March 6.

Jimmy Bickley, principal of Stanton High School, is to represent the Martin County Teachers Association as delegate at a delegates' conference on the night of March 5. L. M. Hearn, principal of Grady School, is alternate.

School will be dismissed on March 6 so teachers may attend the convention.

FFA Boys Cotton Project Yields \$640 In Profits

A report on the cotton project of the Stanton Future Farmers of America chapter shows that the chapter has profited by \$640 from sale of the cotton.

The chapter grew cotton on land west of the high school. Yield was approximately one bale per acre, Travis Scott, advisor said.

Donnie Hull, chairman of the supervised farming committee of the chapter led in the activity.

Several local men donated equipment for the work and the chapter expressed thanks to them for their aid.

Stanton Boys Enter Animals In Houston Show

Stanton Future Farmers of America will have entries in the Houston Fat Stock Show March 1-7.

Boys who will have entries are Jimmy Miller, Lee Standefer, Gerald Mattingley, Jerry Hildreth, Kenneth Haggard, Morris Hasting, Jeff Glendinning, and Wayne Doshier.

The boys will have barrows, lambs, capons and broilers.

The group is to leave March 1. Making the trip will be Wayne Doshier, Jeff Glendinning, Morris Hasting and Travis Scott, vocational agriculture instructor.

Wildcat Near Stanton Shows Oil In Wolfcamp

Gordon P. Street of Midland No. 1 White wildcat, three miles southeast of Stanton, in Southeast Martin County has indicated discovery production in the Wolfcamp.

Operator took a drillstem test in that formation from 8,923 to 9,098 feet, open 4 1/2 hours. The test surfaced gas in 23 minutes, with no gauge or estimate on rate of flow.

Recovery was 106 feet of oil, 344 feet of oil and mud, estimated to be 50 to 60 per cent oil, plus 170 feet of very heavy oil and gas cut mud and no water.

Another drillstem test was being taken Wednesday from 9,022 to 9,098 feet.

Location is 660 feet from south and 1,320 feet from west lines, section 21, block 35, T-1-S, T and P Survey.

Husky Oil Company and associates were testing oil Monday at No. 1 Knox, Northwest Martin County wildcat.

Bottomed at 12,148 feet in barren Devonian, the project is testing for production in Wolfcamp lime through casing perforations from 9,128 to 9,146 feet.

Sheriff Warns Public About False Salesmen

Sheriff Dan Saunders advised the press this week of the periodic visits to Martin County of salesmen carrying false credentials.

Saunders said: "In past weeks there have been some book salesmen working a 'Con Game' in the county. I want to protect the people of the county and also the honest salesmen.

"It is necessary, however, for all visiting salesmen to get a permit from the city secretary's office before making a house-to-house campaign in Stanton, and it is necessary to get authority from the sheriff's department before making calls in the county.

"At the sheriff's office, we fingerprint and photograph all traveling salesmen. Honest workers do not mind this."

Saunders also advised the newspaper that persons supposedly representing a Law Enforcement Foundation had been working the county. He advised that his office does not endorse such a foundation and requests that he be called if such a salesman attempts to make contact with any business firm or resident of Martin County.

National FFA Week Underway

Stanton Future Farmers of America this week are joining with Future Farmers all over the nation in the observance of FFA Week.

The week began February 21 and will end February 28.

Throughout the nation banquets will be held and various activities will be carried out to focus special attention on the group. Livestock shows in several areas will continue to be held.

Thirty years ago, in Kansas City, a few high school students of vocational agriculture gathered to form a new farm youth organization that had as the first words of its creed: "I believe in the future of farming."

Today that organization, the Future Farmers of America, has more than 360,000 active members affiliated with 9,000 local chapters in 49 states, Hawaii and Puerto Rico.

Future Farmers study vocational agriculture with the definite purpose of becoming good farmers. They put their classroom training into practice with farming programs at home. FFA activities are to teach them leadership and good citizenship.

Mrs. Albert Johnson and daughters of Detroit, Michigan, arrived in Stanton Tuesday, February 17, to visit with her parents, Rev. and Mrs. W. C. Wright and sons.

School Seniors Visit Howard County College

Stanton High School seniors attended Career Day at Howard County Junior College Monday in Big Spring.

Superintendent C. W. Tarter of the Lamesa schools spoke to the 350 seniors from area schools during the program. "Wisdom Is Justified" was his topic.

Tarter said only educated men and women will be able to cope with the problems arising from a rapidly growing world population. He said the increasing density of world population is creating enormous problems which will require more and more education.

In preparation for a vocation, Tarter said, everyone should be interested in the wages, prestige and satisfaction the chosen field provides. To secure these in the proper proportion requires preparation through education, he said.

The seniors were given a look at the advances of several vocations during conferences in the morning. Leaders in various fields were on hand to discuss their work and answer questions.

Different fields discussed included agriculture and geology, business and legal profession, communications, engineering, homemaking, fine arts, medical services, skilled trades, social services and teaching.

The group toured the college and in the afternoon students visited several local industries and business places.

Dale Scarth Gives Rotary Club Program

Dale Scarth of Midland was in charge of the program at a meeting of the Stanton Rotary Club Wednesday, February 18 at Belvue Restaurant.

Scarth, who is with the Midland office of Texas Electric Service Company, showed a film on the company's work. He was introduced by James Webb, program chairman.

G. B. Shelburne gave the invocation and Stanley Wheeler presided over the meeting.

Visitors attending were N. G. Hilliard, Champ Rainwater, Tom Rossom, W. T. McRee, all of Big Spring, Felix Weikner, and D. W. W. Midland, H. M. McReynolds, Cecil Bridges and F. O. Rhodes.

Stanton Boys 4-H Club Plans Spring Projects

Stanton seventh and eighth grade boys' 4-H Club met Monday at the junior high school.

Boys discussed ordering capons, records, and observing 4-H Club Week. During 4-H Club Week a report of the club will be written by all members of the club. Sunday, March 1 the boys are to join with other 4-H Clubbers in attending church services as a group and on March 7 they will attend a party at Grady.

Present were Johnny Turner, Larry Adkins, Ben Mott, Jackie Montgomery, Norman Graves, Billy Graves, Ulen North, Darr Huckaby, Clinton Miller, Smitty Smith, David Poe and Bob Johnson, county agent.

Eldon Avery To Receive Navy Recruit Training

James Eldon Avery left Tuesday for Albuquerque, N. M. to be enlisted in the U. S. Navy.

From Albuquerque he is to go to San Diego, Calif., for nine weeks of recruit training. After recruit training he is to return to Stanton for a leave.

Avery is the son of Mrs. Ogal Avery of Stanton. He attended Stanton High School.

Midland Couple In Stanton For Lions Program

Mr. and Mrs. Ode Hazlewood of Midland were guest speakers at a meeting of the Lions Club Tuesday at Belvue Restaurant.

The Hazlewoods showed slides made on a recent trip they made to Hong Kong and the Philippine Islands. They discussed the economic, religious and social conditions in the countries and the employment trends in the areas.

L. C. Hazlewood, Sr., introduced the program. A song service was led by Ernest Hock with Mrs. John Wood at the piano.

Twenty-four members and two guests were present. The guest were present from Dallas and Amarillo and were guests of John Wood and O. B. Bryan.

Candidate Crop For School Boards, City Council Light

County school board races and the Stanton municipal council have failed to bring forth a heavy crop of candidates to date.

Deadline for filing for the city council is Saturday, March 7, and for the school boards the deadline is March 4.

Harvey White, city secretary, advised The Stanton Reporter Wednesday that one candidate, R. L. Straub, had filed for a place on the city commission. Two vacancies will be filled at the April 7 city election. Robert Herzog and Jack Jones are incumbent councilmen.

Midland Pastor Church Speaker

Dr. Timothy Guthrie, pastor of the First Methodist Church, Midland, spoke at a kick-off dinner at the First Methodist Church Monday evening.

The dinner was for workers in the stewardship drive now underway at the church.

Mrs. John Wood led group singing. Mrs. Jiggs Hall led games and solicitors were given instructions.

A report dinner for workers will be held at 7 p. m. Thursday night at the church.

On Monday evening, March 2, all members of the church are to attend a victory dinner.

Mrs. Ora Mae Coffee of Ashland, Oregon, is visiting Mrs. Jim Zimmerman.

Stanton and Martin County residents are to visit schools March 2-6 throughout the county in observance of Public Schools Week.

Special recognition will be made of schools all over Texas during the special week.

In Martin County a group of citizens will make a tour of the schools on March 3 and March 4. Ross Hay, chairman said.

On March 3 the group is to leave the east side of the courthouse at 9 a. m. and visit the Courtney, Grady and Flower Grove Schools.

On March 4 the group will tour all schools in Stanton. Those making the tour are to gather on the east side of the courthouse and then begin the tour at 9 a. m.

All county residents are invited and urged to join the group making the tour on the two days.

The object of the special week is to acquaint all the people with

Senior Clubbers Plan Game Party For Friday Night

Plans for a game party were made at a meeting of the Stanton Senior 4-H Club Monday at the county agent's office.

The party, to be held at 7:30 p. m. Friday, will begin 4-H Club Week in the Stanton area.

Jimmy Miller, president, was in charge of the meeting. Members discussed projects for the community development program, demonstrations to be entered in the district contests, and the observance of 4-H Club Week.

Boys also made plans to get chickens for capons.

OUR PUBLIC SCHOOLS

The need for the public school never changes, but times and conditions may change or require to be changed methods and practices of public education. This is inherent with anything that grows, for growth is the result of change.

Our Texas public schools were created 105 years ago. In 1854 the first law was passed establishing the public school.

It is a healthy thing in our democratic way of life to have intelligent understanding of the important functions of our basic institutions. This is especially true of the schools. The initiative and resourcefulness and the wisdom and leadership that our schools are inculcating in the youth of today are the answer of the problems of citizenship in the years ahead.

Yes, "bring me men to match my mountains." That is the need of our times and must come from the public schools — schools that are strong in virtues required for building strong men and women.

We can be assured of this and do our part in understanding and helping the public schools to fulfill their great obligation to our times by being a participant in the annual Public Schools Week, March 2 through 6. Schools will hold open house; accept their hospitality, and you will enjoy the experience of going back to school—if but for a day.

Philosopher Wanders Into Field Of Education, Leaves It About As Confused As It Was

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw discusses education this week, which is sort of a novelty.

Dear editor:

A lot of people are worried these days about the public education system, that is, as I understand it, the adults are pretty well satisfied with the amount of education they have, but are worried about the amount the kids are getting.

What us grownups really want is enough bright kids with enough scientific education to perfect enough weapons to protect us from the mess we've gotten the world into, and as a result a lot of people are giving a closer look at the schools of this country.

As I understand it, the parents say their kids aren't furnished enough smart teachers, and the teachers say they aren't furnished enough smart kids, and the solutions range all the way from eliminating small schools to raising salaries to putting up more buildings to calling on Congress, provided it doesn't raise taxes.

One solution that I read about in a newspaper last night said since it is impossible to find enough really excellent teachers to go around so every pupil could have the top-notch authority in every subject, from finger painting to tire changing to mathematics to physics to all the other science, arts, litera-

ture, etc., the thing to do is to use television. All you'd need is about 25 teachers for the whole country, sitting in a studio in Washington and telecasting to all the school houses in the nation. All the local teachers would have to do is stay in the class rooms, sit in the picture was in focus, a tube hadn't blown, keep the kids in order, keep them from throwing things through the windows when they're shut, etc. You have to have class rooms, it wouldn't do to let the kids stay at home to watch, or otherwise you couldn't have a PTA or even a pep rally.

As for examinations, the old-fashioned grading system would be thrown out, only the 25 teachers at the top would be qualified to grade, and they'd never get around to grading 15 million papers or whatever the number is, and in its place they'd use a punch-card system. The pupils punch a hole in a card to indicate what answer they think is right, the cards are mailed to Washington, run through a machine just like subscriptions to a mass-circulation are handled, and when you're managed to punch the right number of holes, you're educated and ready to go to work explaining why that last missile never got off the launching pad.

I ain't smart enough to know if this system would work, but if you and me are the products of an older system, we'll have to admit it had some flaws too.

Yours faithfully,
J. A.

BIBLE COMMENT

Love Is Supreme Law For The World

When we consider law and liberty, we must recognize that all law does not make for liberty. People often speak, or write, of obedience as if it were in itself a virtuous and desirable thing. It depends entirely upon what one obeys.

Obedience to tyrants, and the laws of tyrants, has brought horror and suffering upon the world too often in times past and is much to evident in the world of today. Laws have often been promulgated and designed to establish tyranny, rather than to promote liberty.

Law tends toward liberty only when it is not contrary to the laws of God, and of God's world. And the highest law of all, the only law obedience to which can bring fullness of liberty and welfare to man, is the law of Love.

The two great commandments of Love—to love God with all the heart, and soul, and mind, and strength; and to love one's neighbor as one's self—are not inventions of Christianity, or peculiarly Christian.

They are a part of that great

heritage from Judaism that Jesus said He had not come to destroy, but to fulfill.

They are the great commandments that Jesus heard as a boy as He attended worship in the synagogue. They occupy a place in the ritual from Sabbath to Sabbath of similar importance to the Lord's prayer in the wor-

LIVE BETTER ELECTRICALLY—dry clothes for an average of about 5¢ a load in an Electric Clothes Dryer.

You can throw away your clothespins—say goodbye to clothesline work and worry—when you dry your clothes electrically. Instead of carrying heavy wash out to the line, you just take clothes from your washer, pop them into your Electric Dryer and set the controls. Gentle, sunshine-clean electric heat dries everything safely, automatically—without a moment's attention from you. And your clothes come out cleaner, fluffier and sweeter-smelling than when dried outdoors on the finest day.

CONSERVATION DISTRICT**

Terrace construction was
started on T. C. Clearman's
farm East of Lenorah this week.
Clearman is rebuilding about 1¼
miles of old terraces to hold
rainfall on his land until it has
time to soak into the ground.
Terrace construction was also
started on cropland on K. F.
Campbell's ranch Northwest of
Tarzan this week. Campbell is
building about three miles of
new terraces.

If one inch of water runs off
an acre of land, a tank wagon
holding a ton would have to
make 113 trips to haul the water
back.

Plans of operations are now
being developed for J. W. Sale
and Curtis Erwin for participa-
tion in the Great Plains Con-
servation Program Erwin has a
ranch South of Stanton and
Sale has an irrigated farm North
of Stanton.

"Starvation of the soil leads to
starvation of plants, which
results in starvation of animals,
including human beings."
A. G. Kilburn

Root plowing and range seed-
ing were completed on L. O.
Free's place North of Stanton
last week. Free plowed and seed-
ed about 60 acres of rangeland
to a mixture of native and in-
troduced grasses. Free is partic-
ipating in the Great Plains
Conservation Program and is
drawing cost share assistance for
this work.

According to soil conserva-
tionists, one inch of soil blown
from one acre of ground
amounts to approximately 162
tons.

Range chiseling and seeding
were completed on Glenn Brun-
son's ranch South of Stanton
last week. Brunson chiseled and
seeded about 2500 acres of
rangeland to a mixture of na-
tive and introduced grasses.

FARM AND RANCH REVIEW

The grand champion steer of
the 1959 San Antonio Livestock
Exposition brought \$9,500 at auc-
tion last week. Since 1955 when
\$15,000 was paid for grand
champion steer this is the rec-
ord price. The same purchaser
who bought the champ steer that
year bought this year's cham-
pion. He was Newt Godfree.

What is believed to be the
record price was paid for three
broilers. The price paid for the
three broilers was \$500. The
champion turkey of the show
brought \$300. The grand cham-
pion barrow was purchased for
\$1,050.

The potato and onion grow-
ers in Knox County have com-
pleted planting of their crops
for this year. The county will
have about 600 acres in Irish
potatoes and 50 acres in onions.
All will be under irrigation.

The county is expected to have
230 acres in cucumbers, 100 acres
in watermelons, and 75 acres
planted to sweet potatoes. There
will be a scattering of sweet
peppers and cantaloupes plant-
ed.

Cost for raising the onion
crop it is estimated will reach
\$354 to plant, care and harvest
an acre of onions.

Gene Thompson, president of
the Knox County Vegetable
Growers Coop, says the Coops
have sold about 4,000 sacks of
seed potatoes this year. He said
the average yield was about 200
sacks to the acre.

The Coops in Knox County
last year handled about \$300,000
in gross earnings for members
and other shippers in the coun-
ty.

From the Agricultural Depart-
ment at Washington, D. C. comes
the announcement it is prepar-
ing for one of the most impor-
tant surveys of the year — a
check on farmers' spring crop
planting plans.

This annual survey provides
farm officials and farmers with
information.
The department will soon send
questionnaires to more than

100,000 farmers in all parts of
the country. They will be asked
their crop planting plans based
on conditions and thinking as
of March 1.

Usually about 80,000 return
their questionnaires. Statisticians
then calculate prospective
total acreage for major crops.

The indicated acreage fre-
quently indicate excessive plant-
ing of some crops and not
enough of others. Then farm of-
ficials advise farmers to make
adjustments.

The first livestock for the San
Angelo Fat Stock Show and Ro-
deo March 12-15 is beginning to
arrive. Everett E. Colborn, man-
ager of Lightning C Ranch at
Dublin, will produce the San An-
gelo rodeo. There will be six
performances, three matinees
and three nights. This will be
the first rodeo produced in San
Angelo's million-dollar coliseum.

That's what users say of Golden ESO Extra
gasoline... and truer words were never spoken!

Golden ESO Extra will improve the per-
formance of any car in any price class.

It is a modern gasoline of highest octane
rating and exceptional purity, formulated with
special chemicals from Humble's great Baytown
refinery. It gives superior anti-knock performance;
it burns cleaner than any other gasoline; it elimi-
nates "bucking" when you start and "rumble"
as you run; and it adds the power and response

that make driving safer and—yes, more fun! As
one Humble customer puts it, "Golden ESO Extra
wakes up your car!"

The cost is only pennies more than the cost
of gasoline in the middle-price range (about a
nickel a day on the average), and you get a divi-
dend of improved performance on every mile you
travel. Any car in any price class.

Dickenson Rites Held Friday In Lamesa

Funeral services for William P. Dickenson, 80, early day Dawson County rancher and well known throughout this area, were held Friday afternoon in Lamesa.

Mr. Dickenson died at 8:15 p. m. Wednesday, February 18 in the Lamesa General Hospital. He had been in failing health for 13 years and bedfast for the past 8½ years.

W. T. Hamilton, minister of the Church of Christ, officiated. Burial was in the Lamesa Cemetery.

In 1900, Mr. Dickenson came to Dawson County and began carving out a ranch. So long as health permitted he was actively engaged as a cattleman. Since 1925 he had been a member of the Church of Christ.

Survivors include the widow; two daughters, Mrs. Joe Brown of Lamesa and Mrs. Connally Baldwin of Dallas; two sons, W. T. Dickenson, Jr. of Houston and Wayne Dickenson of Lamesa; three sisters, Mrs. Vena Veal of Midland, Mrs. Beulah Sale of Stanton and Mrs. Pearl Hoyer of Plainview; and one brother, E. B. (Ebb) Dickenson of Stanton and Midland.

NARROW DOORS, CORNER POSTS STICK OUT. Other cars are actually issuing printed instructions on how to get in with dignity, without cracking elbows and knees. And note center hump now bigger than ever.

WIDEST DOORS, CORNER POSTS PULLED BACK. Doors are, in fact, six inches wider. Doorsills are wide enough for sure, easy step. Even ladies in tight skirts, six-footers can step in easily. And see how center hump is cut in half.

LOOK! HERE'S ONE CAR YOU DON'T HAVE TO FALL, CRAWL OR BACK INTO

Mercury alone in its field gives you a body designed specifically for just *one* car. Other manufacturers give you—even on cars in Mercury's price class—the same basic body used on their lowest priced makes. That's why Mercury alone is so easy to get in and out of. Why Mercury alone can cut the center hump in half and provide decent cushioning and stretch-out room for six (not four) passengers. That's why Mercury is the one "better car" that gives you a full measure of better car comfort. Performance?—just come in and drive this beauty. You'll see.

STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

After nearly seven weeks in session, the Legislature has not yet given any clear indication of how it will solve its basic problem—how much to spend and where to get it.

State agencies still insist they need every cent they asked for—and need it bad. But those who would be "fall guys" of money-raising measures proposed thus far show no genial willingness to ante up.

Gov. Price Daniel is still pushing hard for his tax program. He suggested that critics would do better to stop sniping and start snooping—for a better way.

State Comptroller Robert S. Calvert called the governor's plan to gain \$18,000,000 by a change in bookkeeping just "juggling a false statement." Budget Board Director Vernon McGee termed it "unworkable."

Daniel also contends that his plan for the state to take over unclaimed bank accounts, abandoned property, etc., might help a lot of people, since the state first would advertise for rightful owners. But bankers and spokesmen for other affected indus-

tries called it "confiscation," said it would undermine public trust in their institutions.

Corporations continue to blast at a franchise tax raise they say would increase their burdens as much as 500 per cent. A two-thirds vote of each House would be necessary to put this into effect to help with the deficit this year. Many say chances are dim.

A Lubbock legislator, Rep. H. J. Blanchard, made a survey on tax and spending attitudes. About 60 per cent of those replying opposed a sales tax. Roughly the same percentage favored more spending for teacher pay, higher education, old age assistance, state hospitals and prisons.

GOTTA HAVE IT—Strong pitches for more spending are being made by spokesmen for three major state services.

"I don't see how higher education can be financed without some broad-based tax," said J. R. Sorrell, chairman of the University of Texas Board of Regents. "You will have the backing of this administration and

this board in selling it to the people of Texas."

"We are absolutely broke, we don't have a dollar," said Prison System Director O. B. Ellis. "Riots that will cost more than the appropriation requested may result, if conditions aren't improved."

"You can chop off dollars, but you can't shop off children," declared a representative of the Texas Youth Council. Director James A. Turman said money spent on parole supervision and rehabilitation of youngsters in trouble would save on future prison costs.

THREE FOR SPEAKER—Three definite candidates already are jockeying for speakership of the House in 1961.

They are Reps. Wade Shipman of McAllen, Ben Glusing of Kingsville and L. DeWitt Hale of Corpus Christi. It may be a close-quarters fight. All are from the same general South Texas area.

Rep. Joe Burkett, who lost to present Speaker Waggoner Carr in a very close race, said he won't run again. Many members have protested early campaigning. They say it hampers work of present session.

"FREEDOM" BILL DELAYED—Senate Committee has put in its "back pocket" a bill to set penalties for those who refuse to make public records public.

Measure is one of several "freedom of information" bills sponsored by a group of newsmen's organizations.

It was sent to subcommittee for reworking with no time set for the subcommittee to report. In some cases, such action means the bill is buried for the session.

NEW AGENCY URGED—A bill has been proposed to take tax collecting out of the Comptroller's Department and set up a new agency headed by a state collector of revenue.

All members of last session's Senate General Investigating Committee joined in sponsorship. They said they felt tax collecting could be handled more efficiently by an appointive officer of longer tenure.

Committee investigated the Comptroller's Department extensively last session. At one time members commented on the awkward position of an official who had to collect taxes and solicit votes—from the same people. However, the present Comptroller hasn't had any opposition in years.

SAFETY CONSCIOUS—Traffic safety legislation is developing into a major issue this session.

Rep. Tom James of Dallas has introduced the uniform traffic ticket bill, which he says will make for more effective enforcement against violators. He also proposes setting up county

Mission Study Held For Lenora Girls Auxiliary

A mission study for the Lenora Girls Auxiliary was held Saturday, February 21 in the home of Mrs. Jack Kuhlman.

Mrs. James Bullard taught the book, "For You." It concerned home missions.

Displayed in the room were curios from Hong Kong, Turkey, Japan, a Spanish Testament and a miniature Torah. Also displayed were pictures of different language and minority groups in the United States.

A demonstration was given by the girls, games were played and the group wrote a letter to a missionary in Argentina.

Refreshments of Haman's Pockets (a Jewish pastry), Creole Pecan Pralines, Polvarones from Mexico and Hwa Chyah which is a Korea punch were served to Charlotte Kuhlman, Carolyn Kuhlman, Sharon Kuhlman, Alice Baker, Barbara Harrell, Linda Franklin, Betty Hardin, Carolyn Springer, Lynda Pierce, Mrs. James Bullard, Mrs. J. T. Springer, Mr. and Mrs. Jack Kuhlman and Rhonda.

court of record to review corporation court cases and also city traffic appeals courts.

James said he would join Col. Homer Garrison, Jr., Director of the Dept. of Public Safety, in asking better salaries for state highway patrolmen.

Garrison told a recent meeting that "if the present trend continues, every second child born in Texas today will be killed or injured in traffic accidents."

Speaker Waggoner Carr said he felt "the climate of opinion was more favorable than ever before" for safety legislation.

SHORT SNORTS—Texas is pouring millions in state tax money into "inadequate, unnecessary small school districts," said Texas Research League Director Alvin A. Burger in a recent speech. . . . Maj. Gen. K. L. Berry has been reappointed state adjutant general by Governor Daniel. Brig. Gen. William H. Martin was renamed assistant adjutant general. . . . Texas started 1959 by paying out more for unemployment compensation than it did in '58, the "recession year." Texas Employment Commission reported payments for January of this year were \$5,613,664, compared to \$4,918,511 a year ago. . . . In a generous gesture toward a new rival, a House resolution was proposed to fly the flag of Alaska beside the Texas flag when the new 49-star U. S. flag is first raised at the State Capitol.

OUTDOORS IN TEXAS

By VERN SANFORD

We've been reading a great deal in the newspapers recently about selective kills and the netting of rough fish in Texas lakes and streams. This job has become so big and so important that the Game and Fish Commission is using airplanes and helicopters to spread rotenone on the surface of major impoundments.

Such work has been carefully planned. Through constant testing, the fishery biologist has learned exactly how much rotenone is required to kill off certain kinds of rough fish without affecting the game fish that are in the water.

He also has learned that where there is a preponderance of rough fish, the game fish population diminishes. Bass that should weigh four pounds never get much larger than yearlings. And soon net tests on the lake show that by both weight and number, the rough fish have taken over.

Most of us think of rough fish in terms of carp, buffalo and gar. One of the major problems, however, is the hickory shad, which is prevalent in every lake in Texas. Shad multiply by the millions. They soon take over, consuming food that otherwise might go into making bigger and better game fish.

When an impoundment becomes overpopulated with these fast breeding shad, there are three methods of control.

Simplest, of course, is to empty the lake. Sometimes this is done. But seldom is it practical.

Another method is a heavy dosage capable of killing all the fish in the lake. Naturally, this is undesirable.

The next step is a selective kill. Usually the water of the lake is lowered. Then a mixture of rotenone is spread over the surface of the lake, either by plane or boat. This is the latest and the preferred method.

Within the last few years many tons of shad have been killed by this selective treatment. Better fishing always has resulted. It is a constant job, however, because the shad multiply fast. Even in lakes where they have been completely killed out, they are re-introduced by fishermen who bring in minnows which include shad.

This chemical treatment of water is a job that should not be done by individuals. Biologists of the Game & Fish Commission have spent a great deal of time in research. They also have worked closely with other

Commercial fisherman, with his currently undesirable fish, may fill a great demand for food fish," he said.

Jurgens also paid tribute to the many individual or corporation lake owners throughout the state.

"Some of these places are taking the lead in experimentation which is helpful on public waters," he said. "Their leadership is badly needed, with fishing pressure increasing every day." An understanding of what is being done to improve fishing helps us appreciate the quality of fishing we are getting now, as compared to only a few years ago.

Hula-hoop-wide doors... and head room aplenty

You'll love the full six-passenger comfort in the cars

BUILT FOR PEOPLE! . . . Just one standard was used by Ford in designing its 1959 car — people! First, Ford made the door openings wider, so it's easier to get in and out. Next they made sure that six big people—not just four or five—could stretch out on seats that are padded their full width. Result? More room for everybody's legs, elbows, hips and hats . . . more solid comfort than ever before.

BUILT FOR SAVINGS! . . . Savings start the moment you buy a Ford. A price tag comparison with major competitive cars will prove it! And you go right on saving. Ford's standard engines that thrive on regular gas save you a dollar each tankful. Ford's Full-Flow Oil Filter means oil changes only each 4000 miles. Ford's aluminum mufflers last twice as long. MR. AND MRS. DONALD NICHOLS

Linda Glaze, Donald Nichols Wed In Double Ring Ceremony At Tarzan

Linda Glaze of Tarzan and Donald Nichols of Denver City were united in marriage Thursday at the home of the bride's parents, Mr. and Mrs. Joe Glaze, Tarzan.

J. David Taylor, Church of Christ minister from Dallas, read the double ring ceremony. Mr. and Mrs. Fred Nichols of Seminole are the parents of the bridegroom.

For her wedding, the bride chose a white velveteen dress featuring princess styling. Tiny self buttons adorned the front of the gown and the long sleeves which came to a point at the wrist. She carried a bouquet of red and white carnations on a white ribbon.

Yvonne Nichols served as maid of honor. She is a cousin of the bridegroom. Her full-skirted frock was of red silk acetate, fashioned with three-quarter sleeves. She wore a white carnation corsage.

Tapers were lighted by Leila Kay Stewart, cousin of the bride. Dale Nichols of Seminole, brother of the bridegroom, served as best man.

Parents of the bridal couple assisted them in greeting guests at the reception. Janice Glaze and Mrs. Sammy Yates, sister of the bride, with Jayleta Glaze, her cousin, presided at the refreshment table.

The table was covered with a lace cloth over white and was decorated with red candles. Red and white decorated the wedding cake, which was topped with a bridal couple.

Gracie Welch was at the register. Out-of-community guests included Mr. and Mrs. Pete Min-

The Man who Appreciates the Finest

BUYS HIS WIFE GAS APPLIANCES!

There is often more to an object of art than the mere surface discloses. A man of discriminating tastes has an instinct for evaluating real craftsmanship. This is the kind of man who buys a GAS Range for his wife's kitchen. In appearance, anyone can see its cleanliness of line... glamour of design. Most ranges can claim this. But it's in performance that a Gas Range achieves superiority! For here is a precision-engineered, automatically-controlled instrument that removes guesswork from cooking. Closed-door, smokeless broiling, instant ignition, and shut-off with no heat hang-over... here is performance that assures success in the fine art of cooking. Yes, in every way (economy included) Gas gives you more. And where the finest is truly appreciated... Gas belongs!
