

# Snooter Knows

By JAMES E. KELLY

IN THESE DAYS OF HIGH pressure business and scientific competition, cities and towns can go ahead by being careful students of economic forces and fundamentals.

One of the greatest insurance against business depression of a town is a diversity of its source of income; such as farming, which Martin County has plenty of; manufacturing, jobbing and retail businesses. Each one of these enterprises is a separate source of income to a certain quota of its citizens, and the failure of any one of them would not create a big depression, as the other sources of income would be able to carry the load.

A town can take what comes its way by using foresight, and instilling the spirit of progressiveness into its citizenship and publicize the advantages its community has to offer, can make itself into a city, sometimes. Occasionally, some valuable industry will drop in unasked. But that does not happen often.

But the town with a vision, energy and go-getting spirit is the one that has a consistent growth and creates new wealth and happiness for the constantly growing population.

## Cancer Workers Plan Residential Campaign

### Join The Crusade

There is not a single event scheduled for Stanton and Martin County during the month of April and through May 5 that is more important than any planned affair for the raising of money for the Cancer Fund.

People of this county are definitely aware of the ravages of cancer. County Judge Jim McCoy remarked this week: "Certainly we must put the drive for funds for the cancer fund ahead of every other one." He's right! Even now, this very hour, the press, is full of bulletins concerning the condition of the resigned Secretary of State for the United States, John Foster Dulles. It matters not your politics—you must admit the world has lost the services of a great statesman during this dark hour of crisis. Lyndon Johnson has said it. Sam Rayburn has said it. Stu Symington has said it. And everybody with an ounce of intelligence knows it. Yes, the country has lost the services of a well informed man because of cancer.

We pointed out last week that this newspaper was going all out for the cancer crusade. We want our county to be found way up on the list when the final tabulations are in. We are again appealing to every man, woman and child to contribute something to the cancer fund. Call Mrs. Dwain Henson, Mrs. Sidney Supulver, Mrs. Glenn Brown, Mrs. Inez Woody, Mrs. Clayton Burnam, Mrs. John Roueche, Mrs. Stanley Reid, Mrs. C. E. Bentley, Mrs. R. P. Odom, Mrs. Joy Morgan, Mrs. Jess Woody, Mrs. Alton Turner, Mrs. James Webb, Mrs. David Workman, in Stanton, or any of the county workers to make a donation today.

The 1959 Cancer Crusade is in full swing in Martin County. It got underway on Tuesday, which was National Cancer Crusade Day.

On Tuesday, April 21, a house to house canvass will be made of the town. The workers are to begin at 4 p. m. and continue until all homes have been contacted. Also included in the canvass will be the business district.

Final plans for the crusade were made at a coffee for workers Monday morning at the home of Mrs. Dwain Henson, crusade chairman. The coffee also began the diminishing coffee to benefit the crusade. Each person attending the coffee is to give a coffee and invite four guests. Each of the four guests in turn is to give a coffee and invite three guests. The coffees are to be diminished by Tuesday, April 21.

There are two purposes for the house to house canvass. Workers are to place educational material concerning cancer in the homes and are to take donations.

## Cotton Classing Office Pushed For Area Farmers

Directors of the Cap Rock Cotton Classing Association have decided to delay drafting a constitution and bylaws for the association until a representative from Howard County is named.

An effort will be made to have the Howard County agent arrange a meeting at which John L. McCollum of Dallas, state supervisor for the Department of Agriculture, will speak and answer questions.

At meetings arranged by the Martin County Chamber of Commerce, farmers and ginners agreed to form an association to embrace Reagan, Upton, Martin, Glasscock, Midland, and Howard Counties. All gins in the

defined area are within 40 miles of Stanton.

Six gins in northern Martin County which are satisfied with service received from the Lamesa sub-classing station were excluded from the program.

Before the cotton classing program can come to Stanton, a suitable building must be constructed.

In devising a method to finance construction of a cotton classing station in Stanton, the association proposes to ask farmers to pay a fee of 25 cents a bale to get their cotton classed. After the building and equipment is paid for, a smaller fee will be charged for maintenance.

The gins would serve as collection agencies. To meet initial costs, the gins would be asked to sign notes for the amount of 1958 ginnings at the rate of 25 cents per bale.

Members of the association have studied architect's drawings for a proposed cotton classing building which would cost from \$23,000 to \$25,000. The directors think this is too much to spend for a building.

Horace Blocker, one of the directors of the organization, who owns property in Stanton, offered at a meeting of the Cap Rock board in the Chamber of Commerce offices here Thursday night to sell the association (Continued on page 5)

## Stanton Band Wins Honors At Odessa

The Stanton High School band received third division and fourth division at the Region Eight Interscholastic League Band Contest Saturday at Ector High School in Odessa.

In concert playing the band was judged third division and in sight reading it received fourth division. Bobby Wren received first division in student conducting and Oral Turner third division in student conducting.

Bands from 41 high schools and junior high schools were entered in the contests.

Judges were Clarence Sawhill of the University of Southern California, Homer Anderson of Central High School in San Angelo and Lyle Skinner of Waco. Jack Gray, local band director, said he was pleased with the ratings. He also pointed out that band contests are not extended to the state level.

Texas is the second state in the Union in annual tornado frequency. Kansas is first.

## Paige Eiland Elected Lions Club President

Paige Eiland was elected president of the Stanton Lions Club at a meeting Tuesday at Bellevue Restaurant.

Other officers are Jack Gray, first vice president; Gerald W. Hanson, second vice president; Delbert Franklin, third vice president; Harvey White, secretary; Ernest Hock, Lion tamer and B. Q. Evans, tall twister. New directors are Clark Hamilton, Bob Johnson and Jimmy Stallings.

A program on Girl Scouting was presented by Mrs. Stanley Reid, Girl Scout neighborhood chairman; Mrs. Johnny Britton, director of a summer day camp for Martin County Girl Scouts and Mrs. Houston Woody, assistant director.

The women discussed Girl Scouting and told of some of the plans for the future.

Members voted to donate \$250 to be used to purchase trash disposal containers to be placed downtown. The Martin County Chamber of Commerce civic committee is to be in charge of the purchase.

Guests included the three speakers, Brutus Hanks and Tommie White, both of Midland. Lions also discussed their broom sale to be April 21.

## Robert Herzog New President Local Jaycees

Robert Herzog was named president of the Stanton Jaycees at a meeting Monday evening at the chamber of commerce office.

Other officers elected to serve with Herzog are O. L. Snodgrass, Jr., vice president; Gerald Henson, secretary-treasurer. Directors are Bill Wheeler, Bob Johnson, Yuell Winslow and Jack Ireton.

New officers are to be installed on April 25. Yuell Winslow is retiring president. Other outgoing officers are Jack Ireton, first vice (Continued on page 5)

## County 4-H Contest Set For April 25

Martin County 4-H Clubbers will participate in a county elimination contest Saturday, April 25 at the county agent's office.

The contest will begin at 10 a. m. Winners will represent the county at district contests Saturday, May 2 in Odessa.

Demonstrations are to be presented on foods, electricity, safety and farmer cooperative activity.

Six junior teams will give food demonstrations. One junior team will give a dairy foods demonstration. Because the dairy foods demonstration has no competition it will automatically be entered in district competition.

Two senior teams will compete in the electric demonstrations. In safety demonstrations three junior teams will take part.

There is only one entry in the farmer cooperative activity, so it will automatically go to district.

Clubs from Courtney, Stanton and Flower Grove will take part in the demonstrations.

## Aggies To Hold Annual Muster

The fifty-sixth annual Aggie Muster will be observed by members of the Stanton A&M Club Saturday, April 18 at a meeting at Lake J. B. Thomas.

Muster Day honors heroes of the Battle of San Jacinto and A&M men have died since the last muster.

Members of the Stanton A&M Club will go to Lake Thomas on Saturday morning and will spend Saturday night and part of Sunday at the Lake.

Jake Hodges serves as president of the local club.

Most of the 48,000 A&M ex-students will have opportunities to attend musters all over the world. The Muster is traditionally observed on San Jacinto Day.

## Stanton Senior Class Play Set For April 17

Curtain time for the Stanton High School senior class play is 8 p. m. Friday, April 17 at the elementary school gymnasium.

"Arsenic and Old Lace" is the play to be presented and those attending are promised an evening of suspense and thrills.

Characters are Carolyn Stone, Abbey; Yvonne Nichols, Martina; Carolyn Johns, Elaine; Bob Boyce, Teddy; Carl Reynolds, Jonathan; Jimmy Hamilton, Mortimer; Leon Mattingley, Dr. Einstein; Kenny Yates, Lt. Rooney; Roger Tate, O'Hara; Donnie Hull, Brophy; Richard Supulver, Klein; John Ray Orty, Rev. Harper; Bobby Wren, Gibbs, and Jerry Robertson, Witherspoon.

## No. 1 White Circulating Following Test

By JAMES C. WATSON

Gordon P. Street of Midland No. 1 White, Southeast Martin County wildcat, was circulating on last report after finding water on a drillstem test in the Ellenburger.

The prospector, three miles southeast of Stanton, found the fluid on a drillstem test from 11,165 to 11,195 feet. Open three hours, the test returned 10 feet of slightly gas-cut salt water-cut drilling mud and 800 feet of gas-cut, salty, sulphur water. Total depth is 11,195 feet.

While hole was being drilled, No. 1 White found shows for possible production in the Wolfcamp and in the Strawn formations.

Location is 660 feet from south and 1,320 feet from west lines of section 21, block 34, T-1-S, T&P survey.

Pan American Petroleum Corporation No. 1-C F. D. Breddlove is to be drilled as a 13,500-foot Devonian wildcat in Northwest Martin County.

Drill site is 31 miles northwest (Continued on page 5)

## Couples Club Is Sponsoring Dance

The Couples Club is sponsoring a dance on Saturday, April 18 at the American Legion Hall.

The dance is to begin at 8 p. m.

Alexander's Hi-Fi band of Big Spring will provide the music.

**CONTEST WINNER** — Jiggs Hall, well known Stanton businessman, and member of a prominent West Texas drug store family was one of the top award winners in a slogan contest sponsored recently by the Rexall Products company. Hall is shown with his prize, a beautiful console model RCA stereophonic hi-fi record player. One of the rules of the contest called for complete secrecy concerning the slogan sent to the Rexall Company. Jiggs might someday see his winning slogan plastered over every newspaper, and sign board in the nation.

## Stanton Bisons Win 6-A Track Crown

Stanton High School scored 73½ to win the district 6-A track meet Thursday at Memorial Stadium, Big Spring.

It was the third time in a decade the Stanton boys had won the district track title. It was the Buffaloes' first district title win in major sports competition since 1954. In 1950 the Buffaloes also won the district track title.

Second in the meet was Roby with 25½. Other scores were Roscoe 25; Coahoma 20½; and Roby 9½. Roby was the winner last year.

Norman Donelson with 14 and

Buzzy Brewer with 12½ were the two top individual point-makers at the meet.

Stanton athletes also broke three records and tied another. Brewer broke the shot put record with a hefty 45-3½ heave; Newman tied the 104 record in 100; Jimmy Miller broke his 1958 mark of 2:09 in the 880-yard run with a time of 20:6.5, and Donelson set a record in the 220-yard dash with a 23.0 prelim time.

Donelson, top point-maker, also won the 180-yard low hurdles event, finished second in the 120-yard high and had a

fourth in the high jump. Tommy Newman, Stanton, also ran a 23.0 220 in the preliminaries.

Besides breaking the shot-put record, Brewer captured first in the discus throw, ran on the winning 440-yard relay team and gained a fourth in the 100-yard dash.

Paul Graves of Coahoma, who was third high scorer with 10, won the 440-yard dash in 53.7 and the 120-yard high hurdles in 16.3.

In a junior high division, Rottan swept off with 50 points. Coahoma had 23, Roby 22, Stanton (Continued on page 5)

## Library Week Being Observed Here This Week

Martin County Library is joining the rest of the United States in the observance of National Library Week this week.

National Library Week began Sunday.

The Martin County library, along with others over the country, hopes to emphasize the values and pleasures of reading during the week-long observance.

Almost every major professional and trade organization in the United States directly interested in books and many organizations concerned with books less directly have joined in the nation-wide campaign to emphasize the values and pleasures of reading.

The Martin County Library is located in the second story in the red stone building to the west of the courthouse. It is open from 1 p. m. to 5 p. m. every Wednesday and Saturday.

Miss Carrie Alvis serves as librarian.

All Martin County residents are invited to take advantage of the county library.

## C.C. Membership Committee Named

President James Eiland of the Martin County Chamber of Commerce has named the final committee for the civic organization.

Connie Maek Hood will head the membership and finance panel and serving with him will be Jim Tom, Jack Ireton, Glenn Brown, James Webb, Jake Hodges and F. O. Rhodes. (Continued on page 5)

## Sue Ann Beauty Shop Moves To New Quarters

Sue Ann Beauty Shop opened for business this week at its new location at 309 East Broadway Street.

Everyone has been invited to attend open house from 3 p. m. to 6 p. m. Sunday by Tommie Foreman, owner and operator.

Mrs. Foreman is well known in Stanton. Her shop formerly was located on St. Anna Street in the downtown business district.

## Stanton Track Boys To Enter Regional Meet

Stanton High School boys will journey to Lubbock April 25 for the regional track and field meet.

Taking part in the regional meet will be Norman Donelson, Buzzy Brewer, Dewayne Thompson, John Ray Orty, Jimmy Miller, Thadd Koonce, Eddie Avery, Paul Petree, Lendon Hightower, Herb Sorley, Alton Robertson, Robert Turner, Tommy Newman, and Leon Mattingly.

Buffaloes will be competing with all teams in Class 1A-8A.

## Renowned Sammy Baugh To Be Banquet Speaker

Sammy Baugh, "Mr. Football," who serves as head football coach for the Hardin-Simmons University Cowboys, will speak at the Stanton High School Athletic Banquet April 18 at the elementary school cafeteria.

Baugh has been associated with Hardin-Simmons University since 1953 as associate coach and head coach. In those years his Cowboys have played many of the outstanding teams in the nation.

Coach Baugh, former Texas Christian University and Washington Redskins star, not only represents the H-SU athletic department when he makes his banquet talks—and he probably does more speaking than any other coach in the state—but also the University.

He can make a speech in church, at a civic club or before a group of armchair quarterbacks.

SAMMY BAUGH

He played a total of 16 years with Washington Redskins. (Continued on page 5)

**Philosopher Alarmed Over New Trend Among Politicians To Destroy Science Of Government**

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw may have his tongue in his cheek this week, although you can't tell. It may be his foot.

Dear editor:

A new fad is developing among politicians that has me worried and it ought to be worrying everybody else. If it keeps going, the science of government will be destroyed.

It works like this: a delegation of citizens, say school teachers wanting a raise, a Chamber of Commerce wanting a new project, etc., goes before Congress or a state legislative committee or the city government outfit and lays out its requests.

Then some official pops up and says all right, you want us to spend this money, we're willing, but where would you like us to raise it? Name the tax you'd like us to vote to cover this new expense.

As far as I'm concerned, this undermines the whole idea of democratic government. Thunder! If we have to tell a politician what we want, and then tell him where to find the money for it, what's the use in having politicians in the first place?

How many politicians do you think would ever get elected if their campaign promise was, Vote for me and if elected I'll give you anything you want if

you'll show me where to find the money for it?

It's sort of like telling a farmer he can have as high a price support as he wants for his crops if he'll deposit the money in the bank to pay for it. It's like telling an airline you'll subsidize it if it'll increase its income tax enough to pay for it. It's like telling your son you'll send him through college if he'll furnish the money. It's like going into a bank for a \$500 loan and having the banker tell you he'll let you have it just as soon as you put \$500 in the bank. Better make that \$530 to cover the interest.

The danger in this whole thing is that it strips an officeholder of all his magic. Government is supposed to be a science and who ever heard of going up to a scientist and asking him to make a car that'll run forever on one tankful of gas and then being told he'll be glad to if you'll tell him how to do it.

If a government can't furnish more services than the people are willing to pay for, what's a government for? We've got to stamp out this new fad quick before it spreads any further. Government is a science and it ought to stay that way.

Yours faithfully,  
J. A.

Floyd Lynch, state 4-H Club leader, has announced Verden Curtis, Castro County 4-H girl, as a winner of the \$500 scholarship awarded annually by the Texas Home Demonstration Association. The scholarship may be used at any four-year accredited college.

Miss Curtis has been a 4-H Club girl five years. Included in a long list of accomplishments and activities are tractor maintenance, field crops, home improvement, clothing, food and nutrition, recreation and leadership.

Durward Lewter, a former Howard County agricultural agent and now operator of Lew-

ter Feed Lots in Lubbock, in his address before the Texas Commercial Agriculturists Council last week in Fort Worth, said 20 or 30 counties on the High Plains will become the "garden of America in so far as beef production is concerned."

He explained that this West Texas area has the three most important factors for cattle feeding — good climate, cattle and feed.

In the Corn Belt area cattle feeding facilities are more expensive than in West Texas, Lewter said. He says he gets better gains on his cattle in the summer than during the winter.

Lewter said grain sorghum is

superior in some ways to corn for feeding to cattle and nearly always is equal to corn.

Farm and Ranch Club Field is scheduled for April 30 at Texas A&M College. Here are a few of the things the visitors will see.

Screw worm control by eradication of the male fly; how 200,000 pounds of tomatoes can be produced from a single acre; drying grass with infra-red radiation; and radioactivity as an aid for determining forage quality. An opportunity will be provided for those attending to see demonstrations on how scientific equipment is used in modern agriculture research laboratories.

The use of high quality planting seed is basic to successful farming. Irrigation, high rates of fertilizer, control of insects and other good production practices can be lost through the use of low quality planting seed. Ask the local county agent for a copy of L-420 "Know the Seed You Buy."

A greater portion of the South Plains area of West Texas, which includes Martin County, has been treated to good rains the past week. In some of the sections the fall was light, half-inch or so, while others ranged from two to three inches. A couple of tornado alerts in the area were in evidence.

**Services Held In Austin For W. P. Clements**

Funeral services for W. P. Clements of Shreveport, La., formerly of Putnam, were held Saturday afternoon at Austin.

Mr. Clements, a brother of W. L. Clements of Stanton, had lived in Stanton and was well known here.

He had been in ill health for some time, and had been a patient in a Shreveport hospital for four months.

Survivors include the widow of Shreveport; one daughter, Mrs. Dorothy Frank Walter of Austin; four grandchildren; four brothers and two sisters.

Attending from Stanton were Mr. and Mrs. W. L. Clements, W. W. Clements, Gene Clements and also Mrs. Robert Vutech of Hobbs, New Mexico.

Mrs. J. D. Wood and Jo Lankford visited Tuesday and Wednesday in Hamlin with Mrs. Wood's mother, Mrs. J. D. Dutton and sisters, Mrs. Helon Nester and Mrs. Joe Murff.

Mr. and Mrs. Bob Howard and children of Midland visited Sunday with Mr. and Mrs. J. D. Renfro and Mr. and Mrs. Les Durham.

For the second time in recent weeks robbers entered the Magnolia Service Station according to E. H. Parks, manager of the station. He said the robbers got off with an estimated \$100. H. H. Kaderli, station employe, discovered the robbery when he opened the station.

Dallas trade greeters, some 60

strong, arrived in Stanton Monday in a shower of rain. The parade was called off. The ceremonies were held under the awning in front of the O. B. Bryan grocery store. District Attorney Bob Hamilton was called away on urgent legal business in Austin, so he was not present to deliver the address of welcome. Mrs. J. E. Kelly welcomed the delegation with Perry Davis, responding in behalf of the Dallas Boosters.

Describing the Dallas business men's visit to Stanton, were the following two paragraphs:

"The first woman to officially greet the party was Mrs. James E. Kelly of Stanton. Perry Davis thanked her on behalf of Dal-

las for the hospitality she so graciously offered from Stanton.

"The Dallas party almost adopted a mascot at Stanton, when a handsome 10-year-old Bernard Houston visited at the train and made friends with the entire party in a very short time. 'Call me Barnyard, not Bernard,' he reminded, 'all my friends do.' Bernard was at the train on his pony, Polly, and his black dog Stubby."

**BIBLE COMMENT**

**Man Is A Partner In Concept Of Creation**

The foundation of a great religion was laid when man dared to conceive of himself as made in the image and likeness of the God who made him. Here was spiritual insight, the full significance of which we can appreciate when we see the type of religion that had man covering before the forces of nature, or bowing down to grotesque idols.

The writer of Genesis saw man in God's image, with dominion over lesser creatures and with dominion over his world.

It is this view of man that is demonstrated throughout the centuries. Man, like God the Creator, is himself a creator.

He has conquered seas and oceans; he has bridged great rivers and chasms; he has ascended high mountains and delved far into the depths of the earth. In spite of the limitations of human weakness, we see man as exercising dominion. God who created man is on

the side of man to help strengthen him.

Man, consecrated to God, may live a life of faith above fear and anxiety. To seek first the Kingdom of God and His righteousness is to establish all of life upon an unshakable foundation.

It is the tragedy of our times that God-like man should choose to make himself so devil-like, destroying where the whole purpose of God and of man at his best is to create and build.

The Bible is a great revelation of what man and human society could be, if men fulfilled the character and destiny for which God made them.

**Why Electric Cooking is FAST**

Flat-surfaced cooking elements on today's electric ranges start heating instantly, reach full high heat in seconds. Heat is transferred to utensils by direct metal-to-metal contact, with no intervening air space, so you get maximum efficiency and cooking speed.

A fully-insulated electric oven reaches baking or roasting temperature quickly. Since it is insulated all around, including the bottom, it keeps the heat inside the oven. And because electric heat is instant, the broiler requires no preheating. This means that your meals can be prepared in a minimum of time.

Electric cooking is also cool, clean, accurate and economical. Select your new electric range now and enjoy all these benefits ... at an average cost of only about 3c a meal for electricity.

## ABOUT YOUR HEALTH

A weekly public service feature from the Texas State Department of Health, HENRY A. HOLLE, M.D., Commissioner

Since 1954, when there were 3,037 cases of polio, Texas has seen a gradual decline in the number of polio cases. Credit for the decline is generally attributed to the advent of the Salk vaccine.

Last year there were only 610 cases of paralytic and non-paralytic polio reported to the Communicable Disease Control Division of the Texas State Department of Health.

The sad fact of the matter is that 76 percent of the paralytic polio cases occurred in persons who had not received any of the Salk inoculations.

Equally shocking is the fact that almost nine out of ten of the paralytic polio cases had not completed the basic series of three prescribed shots of the anti-polio vaccine.

A large segment of the school age children and young adults have taken advantage of the protection afforded by three-shot series.

However, many older people have been lax. But worse still is the number of families who have neglected to have their school age children inoculated.

Last year, 65 percent of the cases of paralytic polio struck at small children in the birth-to-four age group.

These victims couldn't do anything about receiving the Salk shots themselves.

The burden of responsibility falls on those parents with preschool age children who either don't care, don't know or don't believe that paralytic polio is still striking down victims — mostly tiny children.

A steady decline in all forms of polio has been the reward received from the thousands of dollars spent for research to develop the Salk vaccine.

So much so has been the success of the vaccine that the principal private foundation which sponsored its development has shifted its activities of research to other diseases. There could be no better commentary than that.

But even more important are the thousands of victims who have been spared the pain, heartache and crippling after effects of paralytic polio.

Summer is coming with its usual rise in the number of polio cases. See your physician immediately so that he may start the series of three shots as soon as possible.

And by all means have your pre-school age children protected. (This is a weekly feature of the Public Health Education Division, Texas State Department of Health.)

## THIS WEEK IN WASHINGTON

With CLINTON DAVIDSON FARM REGULATION

The dispute over whether to increase or decrease government regulation of farmers currently is one of the hottest in Washington. Congress is being pressed to make a decision this year.

What makes the debate unusual is the fact that two government departments — Agriculture and Labor — are working in exactly opposite directions on the issue of government regulation.

While Agriculture Secretary Benson pleads with Congress to give farmers more freedom from production, marketing and other controls, Labor Secretary Mitchell is asking that farmers be put under strict control on the employment of farm labor.

Oddly enough, Congress seems not to be taking kindly toward either of the suggestions. It has refused, so far, to give Mr. Benson authority to lower price supports and ease up on production controls.

Mr. Mitchell, likewise, has been slow in getting support for his proposal to place hired farm workers under the law covering minimum wages and maximum hours of work.

**Farm Wage Legislation**  
Bills have been introduced in Congress to establish a basic 40 hours a week for hired farm labor, with added pay for overtime, and for a minimum wage starting at 75 cents an hour the first year and increasing to \$1.25 an hour in the fourth year.

Agricultural workers now are exempt from the minimum wage and maximum hours law which applies to most industrial workers. The aim is to put farm workers on equal footing with those working in mines, factories and stores.

Latest Department of Agriculture reports show the little more than one million farm workers employed earlier this year earned an average of \$1.03 per hour. It is the record-keeping rather than the wage minimum that most farmers object to.

The wage rate for farm workers has been going up faster than for industrial workers in recent years. During the past two years that average farm wage has increased by 25%, compared with a 10% increase for non-agricultural workers.

**Executive Order**  
Secretary Mitchell recently issued a tentative executive order, subject to public hearings to be held about June 1, that would give the Labor Department authority to impose regulations on all farm employers who get workers through the U. S. Employment Service.

The regulations, if put into force, would require that if any farmer in the area paid transportation for workers he hired, then all farmers who hire through USES would also be required to pay workers' transportation.

Further, it would provide that all farmers in an area would have to pay the same wage for similar work and that if one employer voluntarily raised wages then all farmers using USES-recruited labor would have to increase wages by the same amount.

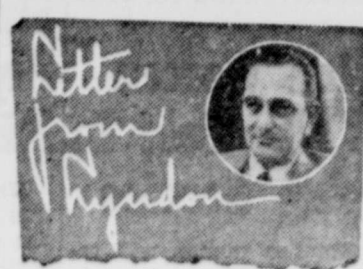

Protesting that such regulations could raise farm labor costs by many millions of dollars, the Farm Bureau is opposing the proposed order on the ground that this "constitutes legislation by executive order" and that "Congress has specifically rejected similar proposals in the past."

Mr. and Mrs. A. P. George of Fabens have been visiting with Mr. and Mrs. C. L. Glaspie, Mr. and Mrs. Kenneth Holcombe and in Midland with Mr. and Mrs. Jerry Yates.

## PERSONALS

The Nation's aged—those 65 or older—are increasing at a rate of 400,000 a year.

For one thing, people are living longer. The life span of the average American has been increased from 49 years in 1900 to 70 years today. The potential length of the average American's working life is increasing, also. But—for many people—the days ahead offer little but time on their hands.

This is a squandering of one of the Nation's most valuable resources. It is a waste of talent, training, vast experience and needed skills.

I suspect that only a fortunate few find real satisfaction in ending a lifetime of work. For most of us, there is no substitute for work as a source of personal satisfaction and a feeling of achievement. An honest day's work is the foundation of a lifetime of habit, and is the heartbeat of a person's skills and accomplishments.

As a Nation, we recognize the necessity of conserving our natural resources. But — at the same time — we indulge in this costly luxury of abandoning priceless human resources.

The Nation needs these people now, and it will in the future.

This is the age of the atom, and we are speeding into an era of automation and nuclear power. With the advancement comes the thought of people willing, able and wanting to work — but who have been thrown into discard at a predetermined age.

Our goal is evident.

We must assure an expanding economy so that the brains, abilities and skills of all our people can be utilized. We must strengthen the Nation's backbone of initiative so that bold men with fresh ideas will move into new fields to provide more goods, more services—and more jobs—for more people.

That is one of the reasons the Congressional Joint Economic Committee is now engaged in the most intensive study of its type undertaken in 20 years.

Mrs. J. H. Burnam moved from Big Spring to Stanton last week to make her home.

Mrs. G. L. Thompson visited last week in Midland with her daughter, Mrs. Howard Price, and family.

Visitors last week with Mr. and Mrs. Oliver Vaughn were Mr. and Mrs. Paul Taylor and Helen of Eastland, Mr. and Mrs. Horace Lane of Desdemonia, Mr. and Mrs. Lee Stroud, Phil and Glynis of Big Spring, Mr. and Mrs. Billy J. Smith, Carol and Gerald and Mr. and Mrs. Junior Vaughn and family of Denver City.

Mr. and Mrs. Bobby Martin of Lawton, Okla., have been visiting with her parents, Mr. and Mrs. Luben Graves. Mrs. Martin spent last week with her parents and Mr. Martin visited here Friday, and then they went to Goldthwaite to visit his parents. Mrs. Martin is stationed in the Army at Lawton. He is to be transferred to Washington.

Mr. and Mrs. Arthur Wilson will be in Midland Thursday night to attend the last concert of the Midland Civic Music Association of the year. It will be at the high school auditorium.

Mrs. Herman Fisher has returned home from a Big Spring hospital.

Mr. and Mrs. Donald White have been transferred from Alexandria, La., to Galveston, and are making their home in LaMarque. White is the son of Lynn White and the grandson of Mrs. Lou Annie Henson. He formerly resided in Stanton.

Mr. and Mrs. N. G. Haggard visited Sunday in Lenorah with Mr. and Mrs. Rob Haggard and family.

Visitors with Mr. and Mrs. N. G. Haggard have been Mrs. C. Meek and Danny Meek of Big Spring, Ruth Haggard and Mrs. O. L. Ashlock, both of Flower Grove.

Mrs. Bill King has been in Temple with her brother, Lucas Whitehead, who underwent surgery in a Temple hospital.

Mr. and Mrs. Gene Reynolds have been in Dallas where he attended a ginners convention. They also visited in Fort Worth and Cisco with relatives.

From its work, I look for beneficial returns that will enable the Senate to help answer this challenge.

### Stanton Woman Flyer Attends Midland Meet

Mrs. Curtis Erwin of Stanton was one of the women pilots of the area who visited the newly established headquarters of the Midland Chapter of the Ninety-Nines, Inc., Saturday, April 4th.

The Ninety-Nines is an international organization of women pilots. To be eligible for membership, a woman must hold a private certificate or better. To be granted a charter, a club must have at least five members.

The Midland Chapter boasts 11 women in the area who are qualified for membership. Besides these 11 women, there are some 15 student pilots who are also interested in the organization.

Officers for the new Midland Chapter were elected Saturday. They are Chairman, Mrs. Everett Copeland of Midland; Vice Chairman, Mrs. Dee Adcock of Lamesa; Secretary - Treasurer, Mrs. Tom Schneider of Midland; Membership Chairman, Mrs. Randolph Powell of Pecos; Reporter-Publicity Chairman, Mrs. John H. Butts of Midland.

The regular meeting date of the first Saturday of each month has been decided upon with membership dues for the local chapter set at \$5.00 per year for each member.

The group has been invited to attend a three day conference in Omaha, Nebraska, on May 1-3 sponsored by the Missouri Valley Chapter of the Ninety-Nines. To highlight this meeting, there will be a special tour of the Underground Control Center at the Strategic Air Command Headquarters, Offutt Air Force Base near Omaha. Plans are under discussion for attendance.

The charter for the Midland County Parent-Teachers Association will be officially presented by the president of the Ninety-Nines, Mrs. Boneta Evans of Oklahoma City about the middle of April. A presentation coffee is planned for that occasion.

## Cancer - - -

(Continued from page 1)

On May 1, high school students will present a one act play, "Command Performance," at the elementary gymnasium, with all proceeds going to the cancer crusade. The play was presented recently in district competition at Roby and was judged second. Also at the May 1 program, the junior high school band will play. The program is to begin at 8 p. m. Admission will be 25 cents and 50 cents.

At the Monday coffee, guest speaker was Dr. Derwood Clader, surgeon from Midland. He discussed cancer and answered questions by the workers. Also attending was Barbara Leggett of Midland, district worker for the American Cancer Society. Twenty-four workers attended.

On Tuesday a coffee was held at Brantley's for the drive. Mrs. Henson said that if enough people are interested, a film on cancer can be secured to show the public. Anyone interested in seeing the film is asked to contact Mrs. Henson.

Chairmen for the house to house campaign Tuesday, April 21 are Mrs. Sidney Supulver, Mrs. H. C. Burnam, Mrs. C. E. Bentley, Mrs. John Rouche, Mrs. David Workman, and Mrs. James Webb.

Community chairman include Mrs. Gih Madison, Lenorah; Mrs. Owen Kelly, Courtney; Mrs. Houston Woody, Tarzan; and Mrs. Claude Miller, Flower Grove.

At Courtney a coffee for the crusade is to be held on Thursday, April 23 at the Joe Stewart Grocery. Coffee and doughnuts are to be served all day by members of the Courtney Home Demonstration Club. Donations will be taken. Other communities have plans for activities to benefit the drive.

## C.C. - - -

(Continued from page 1)  
Projects the committee will work on include:

A. Maintain and increase the membership of the Martin County Chamber of Commerce.

B. Assure the sound financial condition of the Martin County Chamber of Commerce.

of Stanton, 657 feet from south and 685 feet from west lines of labor 99, league 257, Briscoe County School Land survey.

Pan American No. 10 F. D. Breedlove has been completed as a new producer in the Breedlove (Devonian) field in Northwest Martin County.

It is 32 miles northwest of Stanton and 35 miles north of Midland. On potential test the well produced 447.31 barrels of 41.1 gravity oil and no water, in 24 hours flowing through a 9/64-inch choke.

The petroleum came through perforations from 11,985 to 11,993 feet, after a 500-gallon acid treatment. Gas-oil ratio was 21-1 and tubing pressure was 1,040 pounds.

The well is 1,567 feet from north and 25 feet from west lines of labor 113, league 258, Briscoe County School Land survey.

E. G. Rodman and W. D. Noel No. 1 Frank Cowden, wildcat eight miles northwest of Midland in Southwest Martin County, has been plugged at 12,253 feet.

Location was 1,980 feet from south and 660 feet from west lines of section 30, block 39, T-1-N, T&P survey.

Magnolia Petroleum Company has completed a pair of wells in the Northeast Midland County portion of the Spraberry Trend Area field, 11 miles southwest of Stanton.

No. 3 Earle Powell finished for a 24-hour pumping potential of 116.61 barrels of 35.3 gravity oil, plus 12 per cent water, from open hole section at 7,910-7,943 feet and from perforations at 7,106-7,198 feet, after a 44,700-gallon fracture treatment.

Location is 1,980 feet from north and 660 feet from east lines of section 44, block 36, T-1-S, T&P survey.

Magnolia No. 2-B Virgil Powell Erwin was finished in the same area for a daily flowing potential of 155 barrels of 38.1 gravity oil, through a 22/64-inch choke and from open hole section at 7,850-7,924 feet, after a 20,000-gallon fracture treatment.

In addition to the oil, the well made 10 per cent water. Location is 660 feet from south and

Action on his proposal and pending the outcome of total cooperation of association members will be the deciding factors to be considered at a later date.

One of the cold facts of the cotton raising business is a farmer cannot turn his cotton into money until the staple length and grade has been determined by bale.

After cotton has been ginned, samples are cut from two sides of each bale, packaged with an identifying number and sent to the nearest government classing station.

Last year, farmers who ginned in a 40-mile area around Stanton saw interest on bank loans mount when the classing station in Abilene fell behind.

Some gins ran special trucks to Abilene with the samples. The majority of the samples went by parcel post. In many instances, three weeks elapsed before farmers received their green grade cards by mail from Abilene.

because I actually believe it, because of what he is doing with and for our boys.

When Coach Harlin Dauphin came to Stanton, our boys and the athletic department were very unorganized, there was little interest and discipline was very low. Now after just five months under this man, we have the nicest, best bunch of boys anywhere in the country. They are taught to be good citizens, good students, good sports, good athletes and good Christians, and by doing this, they are proud of themselves and proud to be on Coach Dauphin's team. You can bet it is showing up already.

Haven't you noticed it? I have. Just this week this team of organized athletes just simply ran off with practically all the high honors in the district track meet at Big Spring. We raked up almost twice as many points as all the rest of the other schools put together. Think of this progress. Isn't that a record? They are working their hearts out and love it. Needless to say we are just as proud of them as we can be.

I have always said that the coach has the most important job in the school, if it is done right. And now we are getting the kind of program I have always wanted. A well balanced program all around is making real citizens of the boys.

Our athletic department is coming to the front. You are going to see the Buffaloes in the headlines a lot now. I predict we will win district next year in football, basketball and track. But win or lose we are grateful for the coach's leadership and for what he is doing for our boys, school and community.

Did you know that we now have 40 boys in the Explorer Scouts, Post 28, thanks to Coach, and he is doing wonders with them although he is busy as a bee with many other things.

If you would like to see for yourself what he is doing, come to the Athletic Banquet on April 18, and see what is going on, and see just how they are progressing. If you are as proud of him as I am you will tell him so and let him know we appreciate what he is doing for our community. That we hope he likes Stanton and will stay a hundred years, or at least until the kids in the fourth grade have graduated from Stanton High School.

Chairman of Booster Club

## Jones-Cagle Vows Are Read In Stanton Home

Jo Ann Jones and Gary Cagle of Big Spring were united in marriage in a single ring ceremony read Saturday evening in the home of her uncle and aunt, Mr. and Mrs. Verbin Graves.

The bride is the daughter of Mrs. Myrtle Jones of Stanton. She attended Stanton High School. Parents of the bridegroom are Mr. and Mrs. R. W. Cagle of Big Spring. He is a graduate of Big Spring High School.

Paul Keele, Jr., minister of the Coahoma Church of Christ, read the nuptial service.

A recorded version of The Wedding March was played for the entrance of the bride, who was attired in a ballerina length gown of net and lace over taffeta. The bodice, fashioned with V neckline, was covered with a lace jacket. Her veil of net fell from a bandeau studded with pearls.

On a white Bible borrowed from her matron of honor, Mrs. James Jones, she carried white

and ice blue carnations showered with streamers.

With her new wedding dress, she wore an old strand of pearls. The something blue was a garter.

The couple was attended by Mr. and Mrs. Jones, brother and sister-in-law of the bride.

Following the ceremony, guests were served from a table laid with lace and brightened with an arrangement of white and ice blue carnations. The wedding cake, in three tiers, bore a miniature bridal pair.

Mrs. Bob McCurdy was at the register. Assisting with the serving were Shirley Graves and Nancy Graves.

Among the guests were Mr. and Mrs. J. B. Thomason; also Ronnie Joe Cagle and Bud Cagle, all of Big Spring.

For a trip to El Paso the bride chose a pink lace dress as her going away costume. When they return, the Cagles will be at home at 511 Donley, Big Spring.

## David Woods' Are At Home In Big Spring

Mr. and Mrs. David Wood are residing at 1017 Johnson Street in Big Spring following their recent marriage.

Mr. and Mrs. Wood were married at 6:30 p. m. Wednesday, April 8 at the Birdwell Lane Baptist Church, Big Spring. Rev. E. S. Newcomer, former pastor of the church, read the single ring ceremony.

The bride is the former Dorothy Jo Smith, daughter of Mrs. Ruby Smith of Big Spring and the late A. L. Smith. She attended Big Spring High School.

The bridegroom is the son of Mr. and Mrs. Joe Wood of 701 Burleson Street, Stanton. He attended Stanton High School, and is now employed with the Johnston Drilling Company of Wichita Falls.

By VERN SANFORD

Hey, Mr. Fisherman! If you like to try out the new, see a huge expanse of water, and rough it a bit at the same time, we know the very spot for you.

It is Falcon Lake, fifty miles south of Laredo. Here a lake some 30 miles long and about five miles wide straddles the international boundary line between the United States and Mexico.

Falcon is a primitive lake, with fishing conditions unusual in every respect.

This lake was created when the International Boundary Commission built a dam across the Rio Grande. International boundary monuments were placed down the middle of the lake so that the boundary between the two countries might be well marked.

Brush, which consisted of mesquite, cats claw, hulsache and cactus was left in the bottom of the lake. Two towns were moved from the banks of the river to higher ground, but many of the old buildings remain standing. Today the old town of Zapata is almost completely inundated, while old Guerrero on the Mexican side stands about half out of water.

Some of the rock walls have tumbled down, and these old buildings now afford wonderful habitat for big bass.

At first it was feared there would be no bass in the lake. Commercial fishermen hit it heavy and hauled out thousands of pounds of rough fish. Then suddenly there was an explosion of bass, both blacks and whites.

Last year they were barely keepers. This year plenty of them run from two to four pounds, and quite a few six and eight pound lunkers are being taken. Also, many young bass are hooked. Sometimes you get one that isn't as big as the lure it hits.

This is direct evidence that there are at least two spawns a year in this, the southernmost Texas lake. At that rate it will continue to be a hot fishing spot despite the heavy pressure.

Up until now most of the big bass have been caught on three types of lures — Jiggin' Eels, Hawk Extractors and Bombers. However, the time is here when the bass will begin hitting top water lures. With a few

days of warm weather, and provided there are no disturbing floods, the next 30 days will produce some terrific catches.

There is a perfect highway to Falcon Lake. The two towns where accommodations can be had are Zapata and Falcon Heights. Neither of these towns, however, can begin to take care of the heavy influx of fishermen. Sportsmen are going there by airplane, automobile and bus.

Motor accommodations in the towns are very limited. If you plan to make a trip to Falcon Lake, you'd better begin right now to make your reservations. And it is almost impossible to get in on a week-end even with a month's advance notice.

There also is a scarcity of boats. Many fishermen take their own boats and motors, and it's a wise procedure unless you want to fish from the banks.

Frankly, it is a lake for big motors. Unfortunately, access is very limited. Some of the planners didn't use a recreational yardstick in measuring its values. Also, when the State Highway Department built bridges across arms of the lake, it failed to do enough bulldozer work in making launching ramps alongside the bridges.

Although there is plenty of fishing water on the United States side, approximately two-thirds of the lake is in Mexico. A thirty-day Mexican license costs only 80 cents, however.

One good thing in favor of Lake Falcon is that prices haven't gone sky-high, as yet. Room rent and meals are well in line.

This time next year there will be more accommodations at the lake. So many fishermen will go there this year that capital is certain to move into and provide ample facilities.

It will be interesting to watch the results for a few years. Chances are very good that Falcon Lake will produce bass equal to Florida and in numbers beyond the fondest dream of the ordinary fisherman.

## Gloria Reid Bride Of Sweetwater Man

Gloria Reid became the bride of Roy Gossett of Sweetwater in a double ring ceremony at 3 p. m. Sunday, April 12 at the home of her parents, Mr. and Mrs. Jull Reid.

Rev. W. C. Wright, pastor of the First Baptist Church, read the double ring ceremony before a fireplace, which was flanked by baskets of white stock and white candles.

Joyce Anderson, soloist, sang "You'll Never Walk Alone" and "The Lord's Prayer." She was accompanied on the piano by Mrs. Dwain Henson.

Given in marriage by her father, the bride wore a ballerina length gown of white Chantilly tulle lace and net over taffeta. It was fashioned with a full skirt and a fitted bodice which came to a point in front at the waistline. It featured a v-neckline in front and back and tiny short sleeves. She wore veil and lace gauntlets and a veil of illusion was attached to a lace cap fashioned by the bride's mother. For something old she carried a white Bible belonging to her mother; something borrowed was a handkerchief belonging to her great-grandmother, Mrs. N. E. Reid of Coahoma. Her costume was something new; she had a blue garter and wore a penny in her shoe. She carried a white orchid in a garland of white carnations with white ribbon streamers.

Barbara Standefer served as maid of honor Jeannie Rhoton of Big Spring, cousin of the bride, was bridesmaid. Candles were lighted by Rhonda Reid, sister of the bride. Best man was Hugh Gossett of Sweetwater, brother of the bridegroom. Serving as usher was Ike Gossett of Sweetwater, also a brother of the bridegroom. Miss Standefer was dressed in a blue polished cotton dress. It was fashioned with a boat neckline and a full skirt. She wore a white carnation corsage. Miss Rhoton wore a pink polished cotton dress, made identical to Miss Standefer's. She also wore a white carnation corsage.

A reception was held immediately after the ceremony in the home. Mrs. Gene Estes of Midland, aunt of the bride, served a white three-tiered cake topped with a miniature bride couple. Mrs. Connie Mack Hood served lime sherbert punch. An arrangement of white stock centered the bride's table, which was laid with a white linen cut-work cloth imported from Switzerland. Favors were tiny net bags of rice tied with silver bows. Crystal and milk glass appointments were used.

For a going-away dress the bride chose a turquoise faille dress fashioned along princess lines. It featured a wide collar tapering to a V in the back with buttons down the back. She wore

white accessories and a white orchid corsage.

Parents of the bridegroom are Mr. and Mrs. I. W. Gossett of Sweetwater. He is attending Sweetwater High School and is employed with Richburg Furniture Company in the refrigeration department.

The bride attended Stanton High School.

The couple will reside in Sweetwater.

Out-of-town guests included Mr. and Mrs. I. W. Gossett, Mr. and Mrs. Ike Gossett, Mr. and Mrs. Mark Gossett, Ronnie and Debbie, Mr. and Mrs. Hugh Gossett and Teresa, Mr. and Mrs. Frank Jacobs and Frances, Mr. and Mrs. L. A. London, Larry and Dawn, Lonnie Robertson, all of Sweetwater; Mrs. N. E. Reid, Mr. and Mrs. H. C. Reid, Mr. and Mrs. Carl Dale Reid, Mr. and Mrs. Clay Reid, Donnie and Travis, all of Coahoma.

Also Mr. and Mrs. M. L. Hayworth, Mrs. Florence Rhoton and Jeannie, Mrs. Bill Eggleston, all of Big Spring; Mrs. Gene N. Estes, Shanna, Steve, Sherry and Robin of Midland; Dr. and Mrs. Z. Q. Martin and Robbie of Brownwood.

Also attending were Mr. and Mrs. Dwain Henson, Mr. and Mrs. Connie Mack Hood, Mr. and Mrs. David Workman, Cathy and David, Jr., Barbara Standefer and Rhonda Reid.

**WE HAVE A FULL LINE OF SCHOOL SUPPLIES**

## ASK ABOUT OUR FREE GROCERY BOOK

We will give a \$25 coupon book good on groceries and gas each week. Unclaimed tickets will be carried over to the following week. Store drawings will be held on Friday nights of each week. You can check your number then the following week. It is our purpose to share more benefits with our customers and we feel like we will be in a better position to pass along gifts with our new plan rather than the giving of stamps.
