

HERE IT IS SEPTEMBER. THE month that opens the Fall season. It is the time of year merchants are receiving shipments of new merchandise to stock their shelves and counters preparatory to meet the Fall trade which inevitably accompanies the harvest season of crops grown in the area.

You know the old adage, "The early bird catches the worm?" There should be a united effort on the part of Stanton merchants to land on that worm the minute it shows its head, and their landing gear to capture the worm is newspaper advertising.

Stanton is hemmed in on all sides by progressive border town merchants who are making a keen bid for the business in Stanton's trade territory. This bid is made through cleverly written advertisements carried in their newspapers, and by circular advertising distributed through the mails at the local post office.

That the Fall month is upon us is reflected through the advertising pages of West Texas newspapers arriving at The Reporter's exchange table. These newspapers are filled with messages from their merchants advertising their Fall merchandise and inviting the trading public to visit their stores and examine the new Fall merchandise they have in stock.

The route now open to the merchant to enjoy a good Fall business has been shortened considerably over the old way when the merchant sat on a soap box at the rear of the store and played checkers while the customer waited on himself. Then the dingy store front displayed large cardboard signs advertising Bull Durham smoking tobacco and Star Navy chewing tobacco. Arbutle coffee, jeans overalls, snuff and patent medicines. Hanging from the ceiling of the store were smaller cardboard banners advertising various articles of merchandise dangling on the breeze that came swirling sand and dust through the front door.

Then came the railroad to town, and with it came new blood to enter the mercantile field. The stores became more modern. The merchants began to invite business by advertising in the local newspaper. Paved highways were built affording rapid transportation of merchandise from the markets into the local stores, and a general tempo of modernized business methods was inaugurated. All this threw the merchant into high gear—he must advertise if he expected to keep pace with the turn of events and succeed in the business world.

The Reporter has space that can be converted into advertising messages of local merchants inviting the public to trade at their stores, now that the Fall business season has opened.

Bill Collyns Re-elected WTCC Vice President

W. H. (Bill) Collyns, editor of The Midland Reporter-Telegram, was re-elected vice president of District 6 of the West Texas Chamber of Commerce at a meeting of district directors Thursday in Odessa.

Collyns also will continue as a member of the organization's executive committee. Cecil Bridges of Stanton served as chairman of the nominating committee and presented its recommendations.

The meeting was presided over by Art Jordan of Amarillo, president of the WTCC.

A recommended program of work for 1959-60 was approved by the directors. Fred Husbands of Abilene, executive vice president of the organization, explained the program.

Membership goals for 1959-60 were outlined by Richard Kendrick of Abilene, manager of WTCC's Membership Division.

Husbands said the overall program was prepared in line with recommendations submitted by the organization's standing committees. He said the program perhaps more nearly fits the goal of responsibility in serving the area than any previous one.

He cited in detail proposed activities in the fields of Agriculture and Livestock, Community Services, State Affairs, National Affairs, Industrial Development and Water Resources.

Floyd Martin Sells First Cotton Bale

Bernard Houston was at his sing-song best last week in auctioning off the first bale of cotton grown this year in Martin County.

The 500-pound bale brought \$976 by Chinese auction to Floyd Martin of Grady. The sum included payment for lint, seed and a \$100 bonus left for the 1959 winner by F. C. Wheeler who brought in the first bale in 1958.

Floor price was 40 cents a pound. Each bid was one cent a pound and the bale was considered as a 500-pound bale.

Merchants and individuals from Stanton, Midland, Lenora, Tarzan and Wolcott contributed to the premium purse.

Martin's bale weighed in at 2,400 pounds at the Farmer Co-Op Gin where it was processed. Martin gathered the cotton from irrigated and dryland fields.

31 Beginners Receive Checkups At Health Clinic

Thirty-one Stanton first graders received physical checkups during the free health clinic held Friday by the Stanton Parent-Teachers Association.

Forty beginners registered at the elementary school and had their eyes and ears checked. Then 31 of the group went to the hospital for a checkup.

During the physical examination 16 beginners received polo shots; 16 received diphtheria, whooping cough and tetanus shots and seven children got smallpox vaccinations.

Dr. Leland Nelson and Dr. F. L. Harmon gave the physical examinations and Mrs. Stanley Reid gave the shots.

The majority of the children were pronounced in excellent condition with a few receiving recommendations for further eye checking. Mrs. Reid, P-TA health chairman said.

Helping register the children were Mesdames Elma Nichols, R. P. Odom, Ed Robnett, P. M. Bristow, Jack Gray, and Misses Glen Reid and Nancy Robnett.

Mrs. Stanley Reid expressed thanks to all who assisted in anyway with the clinic.

H. P. Morrison Renamed Co-Op Gin President

H. P. Morrison was re-elected president of the board of directors when the membership of the Cooperative Gin Society met in annual session Friday afternoon in the American Legion Hall.

The group re-elected Morrison and Ted Stewart to the board of directors.

Other officers are Ted Stewart, vice president; and Curtis Erwin, secretary. Owen Kelly (Continued on page 4)

Breedlove Field Shows New Well

By JAMES C. WATSON

Pan American Petroleum Corporation No. 2 Turnbow, project in the northeast side of the Breedlove (Devonian) field, was flowing oil Wednesday from a section of the Pennsylvania.

The project, bottomed at 11,391 feet, flowed 447 barrels of oil in 10½ hours, and then gauged 40 barrels of oil in three hours. No choke size was reported.

The top of the Strawn section is at 10,830 feet. The Devonian is expected at approximately 12,100 feet.

This project blew out and caught fire August 18. Five Midlanders and one Andrews

Martin County Property Assessed At \$7,800,000

Martin County property has been assessed \$7,800,000 for 1960 taxation purposes.

Statistical data prepared by the Commissioners Court for a public hearing on the budget September 14 shows the property assessed at \$500,000 more than last year.

At the proposed rate of \$1.80 per \$100 of assessed valuation, the commissioners expect to realize \$140,000 for 1960 tax expenses.

However, history shows 90 per cent collection is good. Of this sum, \$34,000 will be paid on the principal and \$27,500 interest on the county's outstanding bond and time warrant debt of \$843,532.23.

The biggest bite out of the budget will be \$88,000 for the road and bridge fund. The officers salary fund will take \$47,-

700; general fund, \$33,734.85; jury fund, \$5,000 and permanent improvement fund, \$1,238.

Since 1949, the county has issued \$1,853,532.23 in bonds and time warrants, and has retired \$183,000 of that amount.

The county expects to realize \$55,000 from 1960 auto registration taxes and \$14,500 from ad valorem levies.

Salaries, relatively speaking, take a small part of the budget.

The judge draws \$8,149.92 annually; the four commissioners combined, \$7,200; the sheriff, \$5,340; the county clerk, \$5,220, and the county attorney, \$4,800.

Martin County pays a veterans service officer \$2,475 annually. The judge also serves as ex-officio superintendent of county schools.

4-H Clubbers Enter District Record Contests

Fourteen senior Martin County 4-H Clubbers and eight junior 4-H Clubbers have entered their record books in District Six competition.

Record books will be judged September 8 at Andrews. Winners will be announced the following week.

District senior winners in the various contests will be eligible to enter state contests and will also be awarded medals. Junior winners will receive ribbons. Medals and ribbons will be furnished by Cap Rock Electric. (Continued on page 4)

Downing Says Life Challenges Tutors

Delbert Downing, manager of the Midland Chamber of Commerce, was guest speaker at a Teachers Appreciation Night program Friday at the Stanton High School cafeteria.

Downing, who is well known throughout the area, spoke on "Teachers Yesterday and Today." He told the group that today's teachers are really challenged because of television and other concentrated areas of education.

Teachers were welcomed to the program and covered dish supper by County Judge Jim McCoy, Mayor Stanley Wheeler and

Stanton Enrolls 724 Students, Including Courtney Transfers

A total of 724 students enrolled in Stanton public schools this week. L. M. Hays, superintendent, said.

Of this number 450 are in Stanton Elementary School; 206 in high school, the others in the Courtney school.

Enrollment is about the same as last year, even with the addition of 20 high school students from Courtney, Hays offered. Courtney schools consolidated with Stanton this year, with the high school students attending school here and the elementary students remaining at Courtney.

However, Courtney now is a part of the Stanton public school system. The high school figure was fattened by 45 students who transferred from the Grady School District.

Eighty-six bright-eyed first graders enrolled at Stanton. Two teachers at first were thought to be sufficient to take care of prospective enrollment, but another is needed, Hays said.

He said the trustees prefer a teacher with a degree, but will consider a candidate with 90 hours of college credit. The name of another teacher

has been added to the junior high rolls. John Aaron, who has been attending Southeastern State College in Durant, Okla., will join the staff in about two weeks to teach science in junior high school. He is doing practice teaching now to complete work on his degree.

At the Grady Elementary School, 156 students were reported enrolled. L. M. Hearn, principal, said he expects an enrollment of about 170 when all reports are in.

Grady will not observe Labor Day as a holiday. Stanton will

Chamber of Commerce Directors Schedule Dates For Annual Capon Show

Dates for the staging of Martin County's annual Capon Show were set by directors of the Chamber of Commerce at their regular meeting held Monday night in the organization's office.

The Capon Show, one of the top events of its kind in West Texas, will be held here November 13-14.

The directors also established February 15 as the date for holding next year's annual membership meeting and banquet of the Martin County Chamber of Commerce.

It was decided also to present a plaque to the outstanding Martin County farmer of the

year. The presentation will be made at the Chamber of Commerce banquet. Selection of the outstanding farmer, Chamber of Commerce Manager H. M. McReynolds explained, will be based on farm management and diversification.

Plans for staging an outstanding Christmas program in Stanton were talked, and activities of the last month reviewed.

Manager McReynolds reported the organization now has 210 members.

President James Eiland presided at the meeting. Directors in attendance included: F. O. Rhodes, O. L. Snodgrass, Leo Turner, Gerald Hanson, Phil Berry and James Webb.

Band To Perform At First Game

Stanton High School band members will make their first appearance of the new school year at the Stanton-Merkel football game here Friday night.

The band is scheduled to present a lighted half-time performance for local fans. Marching officers will be introduced.

There are 33 students in the high school band, Jack Gray, director said. In the junior high band there are about 65 students.

Glen Reid serves as high school drum major. Majorettes (Continued on page 4)

Host Merkel On Friday

Stanton's Buffaloes, 1959 vintage, kick off the football season at 8 p. m. Friday in Buffalo Stadium when they host Merkel.

The game will have a double significance for Buffalo Coach Harlin Dauphin. Not since 1950 have the Buffs defeated a Merkel eleven and the 46-8 defeat by Merkel last Fall was the most points scored against Stanton in ten games.

Coach Dauphin Sees Good Year For 1959 Buffs

Entering his second year as head coach of Stanton High School, Harlin Dauphin looks for a good grid year in 1959.

"All our boys are in good shape," Dauphin said prior to Friday's opening encounter with

Dauphin, who greeted 25 returning lettermen at the first practice, will send a veteran squad against the visitors.

In the backfield will be Dwayne Thompson, 155-pound senior, at quarterback. Thompson is a better-than-average passer and good field general. At halfbacks will be Bob Kelly, who impressed Dauphin with his performance in a scrimmage against McCamey last week, and Tommy Newman, 145-pound junior.

Newman won the District 6-A 100-yard dash last Spring in 10.2 and is a touchdown threat every time he carries the ball.

At fullback will be Buzzy Brewer, a senior who will weigh in at 165. Brewer is expected to be the inside punch on Stanton's split-T and wing-T offensive drives.

The Buff line will be anchored by Norman Donelson, 160-pound end and A. L. Watts, 140-pound guard. Donelson, 220-pound dash district record holder, is a senior and Watts is a junior.

Other probable offensive starters in the Buff forward wall will be Tommy Davis, 155-pound junior, and Jerry Polson, 198-pound senior, at tackles.

Holding down the center slot will be 160-pound Weems Williams, a junior. Arnold Fincher, 140-pound junior, will start at the other guard opposite from Watts and Don Pollock rounds out the starting line at end. Pollock is a senior and weighs 147 pounds.

Dauphin's probable starting lineup will average 149 pounds in the backfield, while the line will average 157.

Merkel will bring a team which lost 23 boys off last year's eleven, including its star halfback and fullback, both of whom gave Stanton nightmares last Fall.

However, last week Merkel scored at will against a good Hermleigh team in a game-type scrimmage meaning that the Merkel team will be no push-over.

Dauphin worked out his Buff charges hard the first three days this week, but planned to taper off Thursday and work out in shorts, concentrating on punt and kickoff returns and polishing up plays.

Dauphin said earlier in the week that the Buffaloes are in good condition — they've been working out since August 17—and that the boys were ready to try to even scores with Merkel. With 46 boys on the varsity, Dauphin believes he'll use plenty of manpower against Merkel.

Other members of the Stanton varsity are Mike Black, Lendon Huckaby, Alton Robertson, Robert Turner, Larry Adkins, Dewey Anderson, Tommy Davis, Ben Mott, Mike Sorley, Royce Boyce.

Also Porky Britton, Arvil Fincher, Billy Graves, Phillip McKinney, David Poe, Steve (Continued on page 4)

HARLIN DAUPHIN

Merkel here. "The only injury has been a broken finger."

Coach Dauphin illustrated the fact his boys were in good shape by pointing out that during a scrimmage with McCamey last week, several boys played the whole time without rest.

The Buff squad numbers 46, the largest turnout in recent years, but only 11 are seniors. Dauphin hopes to play all the (Continued on page 4)

Merchants To Close Monday For Labor Day

Labor Day, September 7, is one of the holidays Stanton merchants voted to observe, H. M. McReynolds, Chamber of Commerce manager, said this week.

McReynolds said that most of the business houses and offices will be closed Monday in observance of the holiday. Some of the stores plan to be open, he said.

All offices in the courthouse will be closed.

The post office will also be closed Monday. All windows will be closed but mail will be put in the boxes as usual. There will be no rural mail delivery service on Monday.

Political Pot To Start Boiling In Near Future

That grand and often serious time of American life — the election year — is just over the horizon.

This year potential candidates can't sit on their haunches waiting to see how a rival might jump.

Candidates will be off and running earlier, Martin County Democratic Chairman Morgan Hall points out.

Under a new election law provision, the primary elections will be held two months earlier than in past years.

The first primary is scheduled May 7, with the run-off date established as June 4.

Candidates must file with Hall no later than Feb. 1, 1960, and assessments must be paid by February 13. The executive committee will meet shortly after the February 1 deadline to fix the assessments officially.

Two county offices and four precinct offices will be at stake. These include the offices of sheriff and tax assessor-collector, combined; county attorney; county commissioners from Precincts one and three; justice of the peace, Precinct one, and constable, Precinct one.

At its first meeting, the executive committee, which Hall

heads as chairman, must name precinct committeemen for vacancies existing in Precincts Three and Four.

Bill Orson, former committeeman from four, has moved to Seminole and no one has qualified for the position of committeeman in the other precinct.

At present, Hall is joined on the committee by R. P. Simpson, Precinct one, and John Davis, Precinct two.

Candidates will be assessed the usual 10 per cent of the salary of the positions they are seeking, Hall said. Money left over will be returned.

Stanton P-TA Meeting Set For Tuesday

Stanton residents were reminded this week of the first meeting of the Stanton Parent-Teachers Association which will be held Tuesday evening, September 8 at the high school football stadium.

All parents and teachers have been urged to be present for the meeting which begins at 7 p. m.

Ice cream will be served the group and a short business session will be held. Teachers for the new school year will be introduced.

School Bells Ring Tidings Of Free Enterprise System

Uniquely—Martin County schools this year have opened the week before Labor Day, rather than the traditional day after the holiday. But one thing for sure—the sight of the children trotting back to resume their three-month interrupted education, will never change.

They all look cute, whether it's the "hep" teenager with her pony tail or the freckled-faced first grader, making his initial start in the world of learning. Little girls in pinafores, and high school seniors in their blue jeans all hold an endearing place in the hearts of the citizens, proud that their youngsters can continue their educations in a free country run by free thinking individuals.

And how proud the parents must be, seeing their children receive the opportunity that many nations cannot afford or deem advisable to limit to the politically-chosen few. Yes, the United States is fortunate indeed to have the greatest educational system in the world.

Manned by qualified instructors and financed locally by taxpayers, Stanton schools have begun a new and fruitful year. No dictator has ordered the children to school, no federal government has selected the courses, and no communist system has "divided" up the income to support the system.

Just plain citizens have paid their taxes, voted their representative school board members, and democratically selected the curriculum for their children's education.

Isn't it wonderful? And don't all the citizens hope and pray the system never will change? Congratulations Martin County to the school boards, the teachers, the administrators, the students, and above all, the free enterprising citizens.

Guests with Mr. and Mrs. Tom Baum have been her brother and sister-in-law, Mr. and Mrs. Wilson Hannah of Oildale, California.

Mr. and Mrs. R. B. Gilmore of Big Spring visited last week with Mr. and Mrs. Cecil Gilmore and others.

Mr. and Mrs. C. W. Gilmore, Lynn Gilmore, Mike and Stacey Payne, visited Sunday in Bronte with Mr. and Mrs. Fred Hughes. Mr. and Mrs. T. D. Barnhill and family and Mr. and Mrs. R. V. Robinson and family have returned home from Ruidoso, New Mexico.

\$2 Million Library For Texas Tech

Directors of Texas Tech recently gave approval to preliminary sketches for a five-story \$2,000,000 library building. The proposed library would be a marked departure from the conventional architecture on the campus. The low wings off the center tower of the building would blend into the present architecture and masonry, but the multi-story center would rise from columns into barrel arches which would be maintained in the roof line. A skylight in the center would open onto a pool area in the center of the library lobby area. Plans call for facilities to house 600,000 books and 1,800 readers, and with a potential of a million books and 4,000 readers.

Mr. and Mrs. Sid Cross spent the weekend visiting in Denton.

WEST TEXAS PRESS COMMENTS

An honorably discharged major in the Confederate Army, living in Missouri had designs on establishing a newspaper somewhere in the Southwest. Maj. J. W. Graves loaded printing equipment including a Washington hand press into a wagon and with team pulling the load arrived at Graham, Texas. Here on August 16, 1876, he published the first paper in that frontier town, The Graham Leader.

August 16, 1959 the Graham Leader celebrated its 83rd birthday. In all these years the newspaper had only four owners. The fourth and present owners are the E. B. Harris, Mr. and Mrs. E. B. Harris and E. B. Harris, Jr. They purchased The Leader October 1, 1944.

In their mention of the 83rd anniversary of their newspaper, the Harris' said: "Through droughts, wars, and years of hardships as well as years of plenty the good people of Young County have ever been faithful to their newspaper, and on this, our 83rd anniversary, that oath of allegiance taken less than two years after Graham was founded, is renewed."

The past few years the Harris' have been publishing a twice-a-week Graham Leader. Mrs. Harris, associate editor, last week in her column, Here and There, announced the name of Monday's

paper had been changed to The Graham Reporter, Volume 1, Number 1.

Six additional teachers have been added to the faculty of Andrews Junior High School. The new additions gives the Junior High a faculty membership of 40. A like number of 40 teachers will staff the Andrews High School.

The maize crop in the Stamford area in Jones County is being harvested and moved to market. The crop is turning out better than it has in years. It is averaging from 1,800 pounds to 3,000 pounds per acre, so reports The Stamford American, and there is no rush on to market the crop as maize is of all ages.

The 21st annual reunion of the Callahan County Pioneers was held last week at Cross Plains. The crowd that attended was estimated as 2,000. Joe Steadham of Austin, who settled in Callahan County in 1898 and a retired Texas and Pacific trainman, was elected president.

The guest speaker was Lewis Nordyke of Amarillo, magazine writer and book author, who was born at Cottonwood in Callahan County. Nordyke related how "night riders" and "wet rope"

terrorists were wiped out by early settlers.

August rains have their "bitter mixed with the sweet." Last week the Morton area in Cochran County was visited by a rain that amounted to 38 of an inch but hail accompanying the shower, did wide spread damage to the crops. Some farmers reported the hail and washing rain wiped out their crops.

The Big Lake Wildcat announced last week that the City Council after a year's negotiating with the General Telephone to telephone rate increase. The Company came to an agreement sent telephone system converted company agrees to have the pre-into a dial system by 1962.

A fast-moving swindler bilked five mercantile firms at Seminole out of \$729 and skipped the country. He gave forged drafts on an oil well drilling company drawn on a Midland bank. The Seminole Sentinel said the size and style of type used in printing the spurious drafts differed from that of the genuine drafts.

The City of Crowell has drilled two new water wells to eliminate the water shortage in Crowell during the dry summer months. Two wells have the capacity of pumping 300 gallons of water per minute from a depth of 40 feet which is considerably deeper than any of the eight other wells in the city's water system, according to a statement made in the Foard County News.

County Philosopher Favors Price Sticker For Eggs, Like They're Using On Automobiles

Editor's note: The Martin County Philosopher on his Martin County grass farm on Mustang Draw has another idea he won't get anywhere with this week.

Dear editor:

It's not that I'm in the market for a new car, I'm waiting for the new models, have been for years, though it doesn't seem to make much difference, as fast as they bring out a new model they turn around and start to work on an even newer one, never can seem to make up their minds, but what I started out to say does concern cars.

I read in a newspaper last night that a new law is now in effect requiring car manufacturers to put a sticker on every car showing the list price — what it ought to sell for, what the extras on it should cost, etc. and there's a \$1,000 fine if a car dealer removes the sticker.

As I understand it, this was done to keep some sharp dealers from running the price way up, allowing you a lot more for your trade-in, and still making a satisfactory profit. What they were doing was taking a \$50 cat in on a \$100 dog, still getting the \$50 they wanted in the first place for the dog, which is pretty high for a dog, but so are cars and everything else.

The new law is intended to put a stop to this.

Now there's an idea that ought to be carried over into farming,

but sort of in reverse. While the car sticker law is aimed at keeping some dealers from hornswoggling the public, the farm sticker law would be aimed at keeping the farmer from hornswoggling himself.

For instance, say a farmer has a dozen eggs for sale, and the going price is 20 cents. The government ought to require the farmer to put a sticker on the eggs showing they cost him 30 cents to produce.

I'm not sure how this would keep a farmer from selling 30-cent eggs for 20 cents, but it at least would bring the thing out into the open. It just takes too many eggs these days to buy a new car or a new tractor, even one with a government-guaranteed price sticker on it.

Yours faithfully,
J. A.

County Bond Sales Total \$16,300

"Savings Bond sales through July 1959 totaled \$16,300," James Jones, Chairman of Martin County's Bond committee reported today. "Our county has now reached 32% of its 1959 goal of \$51,000. July sales were \$1,119.

Sales in Texas for the first seven months of 1959 were \$93,477,192 which is 51.2% of the state goal.

"Every American who buys Savings Bonds is providing for his own future, adding to the strength of his country, both militarily and economically," stated Jones, County Chairman.

PERSONALS

Richard Supulver of Fort Worth visited last week with friends. Mrs. Clark Hamilton, who had been visiting in Arlington with her son-in-law and daughter, Mr. and Mrs. Jerry Kenmore, returned to Stanton with him.

Visitors with Rev. and Mrs. W. C. Wright and sons have been his sister, Mrs. Eugene Ham and Linda of El Cajon, Calif.

Mrs. Henry Louder and Linda and Mrs. Stanley Barnes and children spent Thursday and Friday in Dallas.

Mr. and Mrs. J. L. Baugh of Big Spring visited Saturday with Mr. and Mrs. E. A. Baugh and others.

Mrs. Prentiss Hightower, Lynch and Brenda, visited Sunday with her brother-in-law and sister, Mr. and Mrs. T. A. Bass, Roger and George, Big Spring.

PERSONALS

Guests last week with Mr. and Mrs. Stanley Reid were his brother-in-law and sister, Mr. and Mrs. J. E. Haynes and family of Ballinger, Frances Haynes, who had been visiting here, returned home with her parents.

Mrs. Roy Polk of Midland visited last week with Mr. and Mrs. Dwain Henson and children.

Mrs. Gerald Hanson and son, Gary, spent last week in Stamford with her father-in-law and mother-in-law, Mr. and Mrs. G. W. Hanson. Mrs. G. W. Hanson had just returned home from a hospital.

Mr. and Mrs. A. T. Barnes visited Sunday in Lamesa with Arthur Moss.

Fifteen Years Ago

A rain that fell two days in Stanton this week measured 1 3/4 inches. The rain was fairly general over the county.

Cleddie Shelburne is in San Francisco after spending 18 months somewhere in the South Pacific aboard a cruiser. Cleddie is radar operator first class on the cruiser.

Mrs. Hubert Martin was hostess to the Luncheon Club, complimenting Mrs. Earl Powell who left Saturday for Austin to enter State University to work on her Ph.D. degree. The guest list included Mrs. Owen Ingram, Mrs. Son Powell, Mrs. Jim Tom, Mrs. Gordon Stone, Mrs. J. E. Kelly, Mrs. Filmore Epley and the honor guest Mrs. Earl Powell.

Mr. and Mrs. Gordon Stone celebrated their ninth wedding anniversary last Friday evening with a dinner party at their ranch home. Guests present were Mr. and Mrs. Son Powell, Mr. and Mrs. Hubert Martin, Mr. and Mrs. Owen Ingram.

First bale of the 1944 cotton crop was brought to Stanton last Friday and ginned by the Coop Gin. The bale weighed 408 pounds. The Coop Gin bought the bale paying 25 cents a

pound. Premium added to price paid for the bale brought a total of \$244.32. W. H. Sneed, living eight miles north of Stanton raised the bale.

Miss Erlene Peters, who is a cadet nurse at Shannon Hospital, San Angelo, is home with her parents, Mr. and Mrs. John Peters in Stanton.

Maj. and Mrs. Elbert Sale of Fort Sill, Okla., are here visiting his parents, Mr. and Mrs. J. R. Sale. They are on their way to a military base in South Carolina, where Major Sale will be stationed.

All the teachers have been selected for the 1944-45 school term which starts September 5.

Capt. Pat N. Howard, pilot of an Eighth AAF Flying Fortress, is home on a visit to his parents, Mr. and Mrs. W. A. Howard of Tarzan. Capt Howard came direct from an Eighth AAF Bomber Station in England.

John Poe and Sam Wilkinson, purchased 2,000 lambs from Earl Powell off his Bar X Ranch, north of Stanton. They are being moved to the Quinn Headquarters ranch, 10 miles east of Stanton.

BIBLE COMMENT

Truth And Religious Faith Have Survived Despite Bitter And Inhuman Persecution

It is a miracle that religious faith has survived despite the cruelest and bitterest persecution by pagan groups.

We know that Roman Catholic prelates and priests have suffered in Communist-dominated European and Balkan

countries. The persecutions and massacres of Jews under Hitler have made our twentieth century rife with terrorism and destruction unequalled in history. Present-day horrors recall and emphasize the tragedy of man's inhumanity to man.

It is a devastating and terrifying record, yet not altogether terrifying. For that record has supplied evidence of the persistence of truth and the power of religious faith.

But persecution is not to be thought of only in its more dire and terrible forms.

There is a persecuting spirit prevalent in our own and other countries which does not take on forms of physical cruelty but which seeks to besmirch and destroy those against whom it directs its intolerance.

Such persecution often attacks even the noble and high-minded, by tactics of smearing and lying in the hope that many will believe lies if they are loudly and persistently told. This method, unfortunately, has often proven successful.

The fact that religion persists against all the efforts to destroy it, and the truth crushed to earth does rise again, does not lessen the reality of the suffering, however.

It is gratifying to know that there are some things that can stand up against man's inhumanity to man.

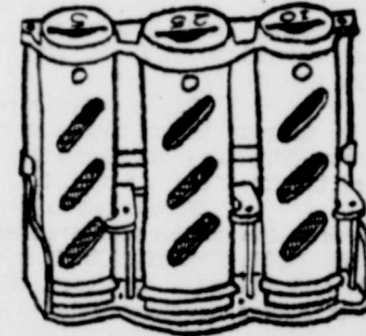

It would be well for us to search our own hearts and lives to see if there is in us any of that intolerance from which persecution springs. Zeal is not good when it is not dominated by love.

IF YOU LIKE MONEY, YOU'LL LIKE BUYING A CHEVY NOW!

That's the way MOTOR TREND magazine describes Chevrolet's cream-smooth ride. It's way more fun to sample than to read about though. Get out in a Chevy and see what Full Coil springs do.

BEST STYLE... BEAUTY THAT DOESN'T DEMAND A BIG BANK ROLL The experts at POPULAR SCIENCE magazine looked them all over and said that "... in its price class, Chevy establishes a new high in daring styling." Chevy's leadership in sales for '59 says a lot for its looks too!

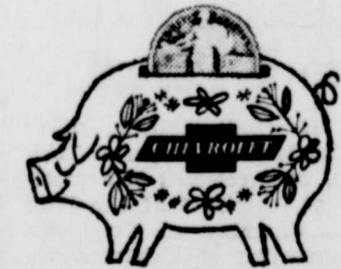

BEST ENGINE... YOU COULD SPEND JARFULS OF JACK AND NOT GET A V8 LIKE CHEVY'S Talking about our standard as well as Corvette V8's, SPORTS CARS ILLUSTRATED says, "Indeed, this device is surely the most wonderfully responsive engine available today at any price."

BEST ROOM... NO CRAMPED QUARTERS Let's take the official figures filed with the Automobile Manufacturers Association. They show Chevrolet's front seat hip room up to 5.9 inches wider than in comparable cars. Count on real comfort.

BEST TRADE-IN... YOU GET MORE DOLLARS BACK FOR YOUR CHEVY Last year, for example, Chevrolet used car prices averaged up to \$128 higher than comparable models of other makes. Just check the NADA* Guide Book.

BEST ECONOMY... SOCK AWAY YOUR CHEVY SAVINGS As sure as two Chevy Sixes won their class in this year's Mobilgas Economy Run, getting the best mileage of any full-size car!

Now there's an Impala Sport Sedan... one of Chevy's full series of Impalas for '59.

See your local authorized Chevrolet Dealer—you might as well get the most!

POWER LINE TO PROSPERITY

It took miles of wire to carry electricity to the isolated farmhouse above. But the cost of this electrical service was shared equally by the members of the rural electric cooperative who live in more populous areas. They were keeping a pledge to serve members anywhere regardless of cost. This democratic plan of sharing the load brought an electrical revolution to remote Texas areas and a new way of life to the rural community.

But it is imperative that the Electric Cooperatives of Texas continue to serve the more populous areas they helped to develop. There are certain areas served by the cooperatives that are adjacent to towns and cities. Take these away and you run the risk of prohibitive electric rates for thousands of Texas farms and ranches. Where the rural electric cooperatives were first to offer electric service they must be allowed to serve.

Sheriff Explains New Law Relating To Some Trailers

Dan Saunders, tax assessor-collector, said this week Martin County residents are greatly concerned about the new law relating to the titles of some trailers.

Saunders said many local residents do not understand the law and his office has received numerous questions.

The law will not affect regular four-wheel cotton trailers commonly used in this area, Saunders said.

He continued, "The law reads that any four wheel trailer which weighs under 4,000 pounds unloaded does not have to be titled. It further states any

semi-trailer which weighs more than 4,000 pounds when loaded must be titled. This eliminates boat trailers and small two-wheel trailers because they will not weigh that much gross weight. It will, however, require titling of regular semi-trailers pulled behind truck tractors because they weigh above 4,000 pounds when loaded."

"The registration law always has required that farm trailers over 4,000 pounds gross be registered," Saunders said.

"As a policy, this law has never been enforced by the Texas Highway Patrol because it would require the weighing

of these trailers. Lt. Hugh Shaw of the Midland Region of the Texas Highway Patrol has informed me the patrol's policy will remain the same. Patrolmen will not enforce registering of farm trailers.

"However they will enforce the law rigidly which requires all trailers, if pulled on the road at night, to have two red reflectors on the rear and a burning red tail light visible a distance of 500 feet from the rear. Lieutenant Shaw advised me tickets will be issued in all cases where a tail light in good working conditions is not on the back of a trailer," Saunders concluded.

Texas Beef Council Lists School Lunch Suggestions

Nearly every Texas mother has to cope, at least occasionally, with a school lunch. Even in the state's many thousands of schools which provide excellent lunchroom facilities, children occasionally find taking a lunch box a welcome change. But the lunch which a child views as a "picnic" can be a problem to the mother who prepares it, the Texas Beef Council has found.

Food tucked into a lunch box must be of a quality which will not spoil during several hours out of refrigeration, must be of a texture which is not utterly ruined by careless banging both on the way to school and in the locker, and must be "different." The same child who will go through the lunchroom line and order the same meal day after day wants a "different" lunch when he brings it from home.

The Beef Council recommends a lunch containing at least one sandwich (for boys, two sandwiches are protection against death by starvation before school is out), a beverage, salad or vegetable, and a dessert.

"Something different" can usually be accomplished fairly easily by a combination of two foods. Remove the centers from large dill pickles with an apple

corer, stuff them with pimento cheese, and refrigerate overnight. Sliced and wrapped in waxed paper, these salad tidbits give a lunch-box lunch a needed taste lift.

For a different dessert, carefully peel a banana, slice it lengthwise, spread the cut edge with peanut butter and replace the banana in the skin.

Sandwiches offer not only the bulk of the food value of the lunch, but possibly the widest latitude in choice of fillings and bread to produce an interesting meal. Probably the favorite beef sandwich filling is the classic recipe: left-over roast beef ground with sweet pickles and moistened with mayonnaise. This combination is equally delicious on plain white, whole wheat or rye bread—but may be most popular of all combined with hamburger buns.

Corned or dried beef sandwiches are also nourishing school lunches. This recipe makes 6 sandwiches.

1 4-ounce can corned beef or dried beef
1/4 cup American cheese, grated
2 tablespoons mayonnaise
1/4 cup sweet-sour pickle relish
1 tablespoon grated onion
Salt, if needed, and paprika

Fred Church New County Deputy Sheriff

Fred Church, a native of Martin County, has been employed as Martin County deputy sheriff-tax collector, Dan Saunders, tax assessor-collector said this week.

Church is taking the place of Garland Hawkins, who resigned. Hawkins is now employed on a ranch in Shackelford County.

Church is a graduate of Stanton High School. He attended Graceland College in Lamoni, Iowa, and formerly was employed with the Continental Supply Company, Andrews.

Church is the son of Mr. and Mrs. Steve Church of Stanton. He and his wife, the former Shirley Perkins of Roby, have moved to Stanton.

Mr. and Mrs. H. J. Barbee and Linda recently made a three-day motor trip to points of interest in West Texas and the Big Bend country. They visited as far south as Del Rio, Alpine, and saw points of historical interest.

Paula and Jimmy Cook of Snyder visited last week with their grandparents, Mr. and Mrs. J. J. Cook and others.

Mrs. Truitt Holder visited Sunday in Denver City with her son and daughter-in-law, Mr. and Mrs. Harrell Holder and son.

Mix all ingredients thoroughly. If desired, add a dash of curry powder, mustard or Worcestershire sauce. For an at-home lunch, this mixture is delicious spread on bread slices and toasted. For a lunch-box, spread the bread lightly with mayonnaise or soft butter, and top the sandwich filling with lettuce and a thin slice of tomato.

This will be the first year district winners have been presented medals and ribbons.

Forty-two county girls entered records for county elimination and 22 boys entered the county contest. The county elimination was Saturday.

Senior girls who have entered records in district contests are Glen Reid, leadership; Dorothy Hull, home improvement; Zella Odom, home economics; Jean Mott, food preparation; Gordine Froman, clothing; Carole Wade, canning; LaWanda Pierce, achievement.

Junior girls who have records entered in district competition are Betty Hardin, home economics; Dena Robertson, frozen foods; Carolyn Springer, food preparation; and Betty Langston, clothing.

Senior boys entering district contests are Bobby Kelly, swine; Carl Wright, Santa Fe award; Bobby Sale, beef cattle; Porky Britton, national junior poultry; Ben Mott, Texas Sheep and Goat Raisers Award; Craig Beckmeyer, Boys Agricultural Program; and Weems Williams, achievement.

Junior boys who submitted records were Jimmy Robertson, junior swine award; Tommy Bullard, junior beef award; Allen Springer, junior poultry; and Smitty Smith, junior boys agriculture program.

Craig Beckmeyer also submitted records for the District J. T. Rutherford Award. He was runner-up for the award last year.

RECENTLY MARRIED — Mr. and Mrs. Norman Keith Blocker were married on Saturday evening, August 22, in the First Baptist Church, Stanton. The bride is the former Jere Lyn Coon, daughter of Rev. and Mrs. E. B. Coon of Arlington, Georgia. Parents of the bridegroom are Mr. and Mrs. Horace Blocker, Stanton. The couple will reside in Biloxi, Mississippi.

September 30 is an important date to adopting parents, according to H. P. Thomas, manager of the Odessa social security office. This is the last day that many people can apply for social security benefits for adopted children without loss of some benefits.

The 1958 amendments to the Social Security Act liberalized the rules regarding benefits for adopted children. Under these amendments, children can receive benefits immediately upon adoption by a retired or disabled worker. Also, if the child was living with and being supported by a worker, who died, the child may get social security benefits if he is adopted by the widow within two years after the worker's death. If the worker died before August 1958, the child can qualify if adopted by the widow before September 1960. Mother's benefits may be paid to the widow who adopted the child after the worker's death.

According to Thomas, people who were believed eligible under this change have not inquired at the social security office. Inquiry should be made before September 30, to prevent any loss of benefits.

Mr. and Mrs. Jarrell Barbee, and children of Coahoma visited during the weekend with Mr. and Mrs. Jess Burns.

Mrs. J. E. Angel and daughter visited last week in Midland with her sister, Mrs. C. A. Koonce and Mr. Koonce.

THE DRIVER'S SEAT

As any new father will tell you, babies learn early that parents can be conditioned without much difficulty. Cry loudly, the tiny ones reason, and a loving parent will trot dutifully up to the crib and provide food and love. In such cases, both children and parents have been conditioned mentally.

Psychologists long ago discovered that mental conditioning is a basic fact of existence. Now highway safety experts are finding that mental conditioning is something they can use to make our roads and streets safer.

"Stop" signs are an example of how safety experts and traffic engineers are conditioning people. The driver who sees a "red" stop sign—which became the national standard a few years ago — and doesn't go through the motions of stopping is rare indeed. Stopping when you see a red sign is almost an involuntary action. Red . . . stop.

Now traffic engineers and safety experts are extending this basic idea. For example, the latest development is the use of green for signs that tell us where to go.

The U. S. Bureau of Public Roads, which controls all federal roads in the United States, recently decreed that green direction signs would be standard on all interstate roads. It is convinced that a motorist traveling on a high-speed road should not have to go through

PERSONALS

Mrs. Dery Anderson and Tony of Tokio visited last week with her parents, Mr. and Mrs. W. E. Fuquay.

Carl Clardy has been a patient in Medical Arts Hospital, Big Spring.

Visitors over the weekend with Mr. and Mrs. Bill Polk were her brother-in-law and sister, Mr. and Mrs. Bob Brannon and Diana, her brother and sister-in-law, Mr. and Mrs. Hollis Deen, all of Colorado City, and her mother, Mrs. Lola Deen of Wingate.

Mr. and Mrs. Harold Smith and daughter of Andrews visited over the weekend with her parents, Mr. and Mrs. Elma Nichols, and his parents, Mr. and Mrs. Woody Smith.

Mr. and Mrs. H. C. Burnam took his sister, Mrs. Mose Laws to El Paso over the weekend for a medical checkup.

Mrs. James Biggs and daughters and Mrs. Edmund Morrow have been in Ruidoso, N. M., and Cloudcroft, N. M.

Mrs. Ellison Tom of Midland visited Saturday with Mr. and Mrs. Jim Zimmerman.

H. P. Morrison - Snooter Knows

(Continued from page 1)
and W. J. Ringener are also members of the board.

During the business session Owen Kelly gave an interesting talk on the new machinery that has been installed in the gin. Also speaking to the group were C. E. Bowles of the Plains Cotton Cooperative Association of Lubbock and Tom Brown of the Farmers Cooperative Compress of Lubbock.

A barbecue supper was served after the business session. About 200 persons attended.

Just how well the mechanics of the new cotton program will work when cotton starts to move over the country in volume is a question foremost in the minds of many cotton men . . . it may be expected that there will be considerable disappointment early in the program with the large amount of paperwork and the large number of errors that are certain to crop up . . . anyway, cotton and cotton men certainly are tested this season with an untried program, lots of red tape and the largest crop in six years, if the August forecast is accurate . . . in case you haven't seen the government forecast it's for 14.8 million bales . . . that's up 29 per cent from last year and up 5 per cent from the '48-'57 average . . . and, if the forecast is right, the record yield per acre of last year will be topped by eight pounds . . . that means the crop will climb to 474 pounds per acre or 145 pounds above the average 10-year yield.

What's going to happen to all this cotton? . . . feeling is that most of it will be consumed . . . the experts say that domestic mills will use more than nine million bales and exports will range between five and six million . . . last year the U. S. mills used about 8.6 million bales and exports were only about 2.8 million.

Cotton Everywhere

Apparently cotton was the only domesticated plant common to both the Eastern and Western Hemisphere in prehistoric times . . . all other plants grown by the Indians were not known in Europe . . . and the people who should know how to explain this don't have any explanation!!!

Mill Record

U. S. textile industry thinks it has an anti-inflation record . . . the average textile item that cost \$1.00 in 1947-49 now costs only 91 cents . . . on the other hand, the averaged other manufactured item that cost a buck in '47-'49 now costs \$1.28.

the possibly lengthy process of thinking out a situation. Rather, say these experts, it is better to give motorists a sign that will make them react without thinking, like the mother who is out of bed before she is awake when her child starts crying in the night.

So, some night when you are cruising steadily along a highway and see a bright green sign reflecting in your headlights ahead, you will know what it means without even thinking about it. That sign gives directions. At high speeds such a conditioned reaction can save lives, according to safety experts.

A cry in the night may be

Read, Mrs. Helen Pruitt and Roger Haley.

J. M. Yater introduced the following elementary teachers: Douglas Jobe, Shirley Stephenson, Mrs. L. M. Hays, Shirley Hopewell, Mrs. H. H. Deck, Mrs. Obara Gray, Mrs. Phil Berry, Genevieve Middleton, Mrs. Bethany Barbee, Mrs. J. C. Epley, Mrs. John Wood, Mrs. Floyd Sorley, Floyd Sorley, Jack Scannell, and Mrs. Maude Echols. Elementary teachers who were unable to be present were Mrs. Evelyn Lankford and John Aaron.

Leslie M. Hays introduced Mrs. Leslie Hays who is to teach in the Courtney Elementary School. Mae Belle Littlejohn and Mrs. Thomas were unable to attend.

Members of the school board who were presented were T. R. Louder, Marshall Johnson, Gene Clements and Roy Pickett. Those unable to be present were Connie Mack Hood and Lawrence Adkins.

Floyd Sorley gave the benediction.

To close the program, Paige Eiland, president of the Lions Club, expressed thanks to all individuals and organizations who had helped with the program.

The Lions Club was in charge of arrangements for the night. About 100 persons attended.

Coach - - -

(Continued from page 1)
boys he can but, nevertheless, is aiming for the District 6-A title.

Dauphin has been coach of three district champs — all as line coach — at Hawkins before coming to Stanton. He is a graduate of Hardin-Simmons University.

Assisting Dauphin is Backfield Coach John Bailey. Bailey is a 1957 graduate of Sul Ross College and has also been here two years.

Both coaches are hoping for a good season this fall. After their opener against Merkel, the Bufs play five non-conference games before district play begins.

District 6-A is composed of Rotan, Roscoe, Roby, Coahoma and Stanton. Roscoe has been given the nod as the slight favorite to win the title.

TEXAS PRESS ASSOCIATION

1714 SAN ANTONIO STREET AUSTIN, TEXAS

I Give You Texas

By BOYCE HOUSE

(Reminiscences of the winter 1920-21)

The Travelers' Hotel in Cotulla set a good table and so the traveling salesmen who made the territory regularly would arrive in time for supper, spend the day calling on their customers in the area and get back for another supper.

Among the regular patrons of the dining room was a rancher of about my age. He was nice-looking, with a quiet way about him and a pleasant smile. He was busy with his cattle—riding, roping, branding, driving them in to market.

Had one been a "bookie," if asked to quote the odds on which would live longer, the stalwart rancher or the frail newspaperman, the bookmaker would have set the figure at 50-to-1 in favor of the rancher. Yet such is

the uncertainty of life, the rancher died, years ago.

Back to the traveling men—When they found that the new guest was a newcomer to Texas and therefore had not heard the Texas stories, they proceeded to enlighten and educate me.

The very first story, or saying, was General Sheridan's remark, "If I owned Texas and hell, I'd rent out Texas and live in hell." Then someone quoted Senator "Pitchfork" Tillman's utterance, "Texas has more trees and less timber, more rivers and less water, more cows and less milk and you can see further and see less—than any durned country in the world."

Someone quoted the saying, "Nobody but fools and newcomers predict the weather in Texas" and that evoked the story of the farmer who set out

for town in a wagon drawn by a yoke of two oxen; on the way, one froze to death and, while the owner was skinning the animal, the other one died of sunstroke!

Then someone chimed in with the saying that there is nothing between Amarillo and the North Pole except a barbed wire fence—and that when Admiral Peary reached the North Pole, he exclaimed, "Gee! I'll bet it's cold in Amarillo today!"

These and many more were told and the youthful newspaperman stored them in his mind; later added to them as a hobby, and one day had the idea, "I know enough Texas jokes to write a book."

"I Give You Texas" was the result—and it began with those after-supper sessions in the Cotulla Hotel lobby.

MARRIAGE ANNOUNCED—Mr. and Mrs. H. J. Barbee of Stanton have announced the marriage of their daughter, Linda Beth Barbee, to Joe Don DeWeese of Dublin. He is the son of Mr. and Mrs. J. L. Crouch, Jr., of Dublin. The couple exchanged wedding vows Monday evening, August 24, in the First Methodist Church, Ozona. Rev. Leonard Roddey of Morgan officiated. The couple is at home in Dublin, where she is a senior in the Dublin High School, and he is a sophomore at Tarleton State College.

Northwest Texas Methodists Plan "Enlistment Institutes"

A series of district "Enlistment Institutes" is being planned for the Northwest Texas Methodist Conference for Sept. 9-17.

Purposes of these institutes are:

(1) To strengthen the information and motivation of the local church leadership for the "Year of Enlistment";

(2) To provide training for the leadership of the local church holding the following offices: pastor, chairman of the commission on membership-evangelism, chairman of the local church committee on Christian vocations, general church school superintendent, member-

ship cultivation superintendent, and superintendents of the adult, youth and children's divisions.

Institutes are scheduled as follows: Sept. 9, Lubbock; Sept. 10, Brownfield; Sept. 11, Plainview; Sept. 12, Childress; Sept. 14, Pampa; Sept. 15, Amarillo; Sept. 16, Big Spring; and Sept. 17, Abilene-Stamford.

Bishop William C. Martin, district superintendents, chairmen of conference boards of evangelism and education and the conference chairman of the commission on Christian vocations have been the general committee in the planning of this series of institutes.

PERSONALS

Mr. and Mrs. Charlie Ross of Alpine visited Saturday with Mr. and Mrs. Claude Kelly. They were on their way to Lamesa to get their daughter, Doris Ellen Ross, who had been visiting there. Visiting Sunday with the Kellys was Mrs. J. N. Clark of Andrews.

Mr. and Mrs. Connie Mack Hood returned home Saturday from a trip to California and other Western states. They visited Disneyland, Marineland, Las Vegas, and Grand Canyon.

Mr. and Mrs. Sid Cross, Mr. and Mrs. J. T. Davis, Mrs. Hub Farrell of McCamey and Doris Taylor of Big Spring visited over the weekend in Denton with Mrs. Ross Atchley. The Joe Davis family of Oklahoma City met the group in Denton.

PERSONALS

Mrs. James Jones spent last week in Big Spring visiting with her son-in-law and daughter, Mr. and Mrs. Dean Forrest and children.

Saturday night dinner guests with Mr. and Mrs. G. Tunnell were Mr. and Mrs. Frank Miller of Greeley, Colorado, Mrs. Norma Lloyd of Springer, N. M., Mr. and Mrs. Jim Miller, Sandra, Jimmy and Johnny, Dorothy

Hull and Mr. and Mrs. Merle Miller.

Mr. and Mrs. Terrell Pinkston and sons of Midland visited over the weekend with her parents, Mr. and Mrs. John Pinkston.

Diane Bentley visited last week in Snyder with Mr. and Mrs. J. M. Moffett and family. Royce Howton of Glenwood, Arkansas, has been visiting with Mr. and Mrs. J. T. Davis.

Mr. and Mrs. H. L. Shipp and family visited Sunday in Vincent with her brother-in-law and sister, Mr. and Mrs. Leroy Shaffer.

Mr. and Mrs. Roy Koonce have left for Alpine, where he will enroll at Sul Ross College. Mrs. Koonce's parents, Mr. and Mrs. Winston Wheeler of Independence, Mo., have returned home after visiting here with Mr. and Mrs. Koonce.

Mr. and Mrs. Jack Bentley and children recently vacationed in the Davis Mountains.

FLOWER GROVE NEWS

By MRS. C. A. WEBB

Visitors last week in the home of Mrs. E. M. Cave were Mr. and Mrs. Clyde Carmichael of Cleburne, the Rev. and Mrs. T. M. Harrell and Don of Hamlin and daughters, Mrs. Audrey Fay Tanner and daughter of Louisiana, Mrs. Martha Graham and daughter of Maryland, Mrs. Herbert Jones and sons of Odessa, and Mr. and Mrs. Covie Williams and daughters of Ackerly and Ansel Harry of Ackerly.

Mr. and Mrs. Bill Poe of Midland visited Sunday with relatives in the community.

Mr. and Mrs. Jimmie Merritt

of Kermit visited over the weekend with his sister and family, Mr. and Mrs. Roland Mullins and children.

Sunday guests with Mrs. Alvin James, Sr., and children were the Rev. and Mrs. Bob Stokes and the Rev. Jim Brown.

The community received a sprinkle of rain Sunday evening. A sandstorm hit the community about 9:30 p. m. Sunday. Friday night the community received 3 inch of rain. Crops continue to look good.

Mrs. Murray Cook returned home Sunday from Fort Worth where she visited relatives.

Mr. and Mrs. Buster Taylor of Seminole visited recently with her grandmother, Mrs. Julia Jeffcoat. They also visited Mrs. G. F. Cook.

Mr. and Mrs. Elmer Lawrence Webb and Vickie Lynn of Monahans visited recently with his parents, Mr. and Mrs. C. A. Webb and Billie Joe.

The Rev. and Mrs. Bob Stokes and Jim Brown were dinner guests with Mr. and Mrs. C. A. Webb last week.

A revival meeting at Bethel Church closed Sunday night, August 30, with baptismal services. Fifty-one persons attended Sunday morning services.

Farmers Of Texas Harvest Bumper Crop As Fall Nears

Texas farmers and ranchers are gathering their crops at full speed. Prospects are for a bumper year, the Texas Agricultural Extension Service said.

"The cotton harvest ranges from peak gathering in the Lower Rio Grande Valley and South Texas to first bales ginned in many counties at the Red River. The bulk of grain sorghum and corn harvest is moving into Central Texas," said Director John Hutchinson after receiving his weekly report from district agents.

The hot, open weather has been favorable for harvest but many sections need a general rain for pastures and crops, he added. Showers have helped some areas.

Insects plague cotton fields. Bollworms and boll weevils are heaviest in the Central and North Texas, and fleahoppers damaging to cotton on the South Plains.

Rice combining is increasing on the Gulf coast. About all truck crops in Northeast Texas have been marketed except purplehull peas and watermelons. Peanut and pecan prospects appear good. In East Texas, pine seedlings planted this year are making good growth.

A record crop of hay has been baled in many areas and cattle-men are busy putting up more. Livestock is in generally good shape, but ranges are feeling the pinch of high temperature and dry topsoil.

"We need a good rain in the Edwards Plateau," said Roy Huckabee at San Angelo. "Surface moisture is short. Cotton is loaded with fruit and the bulk of grain sorghum harvest is 10 days to 2 weeks away. Ranges and pastures have held up, so far."

Goat shearing is nearing its peak, some lambs are moving to market and there's some contracting of calves.

At Gonzales Joe Glover said ranges, pastures and livestock are in good shape for this time. At Fort Stockton, Ray Sigmund reported ranges in parts of far West Texas are "burning up." Showers helped in the highlands and other local areas.

South Plains non-irrigated crops are deteriorating severely

in some fields due to the lack of moisture, added Welton Jones at Lubbock. Irrigation pumps are kept busy. A few cotton bolls have opened, and some early grain sorghum has been cut. Ranges need rain, but there's a good crop of mature grass.

James Simmons at Vernon said ranges in the Rolling Plains are drying up fast. Sorghum yields range from 2,000 to 5,000 pounds per acre.

Lower Rio Grand Valley and Winter Garden vegetables are being planted. Some are growing well.

The vegetable harvest in the Panhandle is slow due to weak markets.

About 90 per cent of a record hay crop is stored. Pastures are still green, and cattle are in good condition in deep East Texas. The cotton harvest is later than normal. Corn and sorghum yields are good. Cattle is moving to market.

and there's much trading as ranges and pastures stay good and prices continue high, added John Surovik at Mount Pleasant. Sweet potatoes and peanuts are making good growth. The pecan crop shows promise.

At Stephenville, R. G. Burwell said peanuts in the west Cross Timbers are good, but a rain would help. Pastures are turning brown, but there's still plenty of grass and cattle are in good shape.

The Gulf Coast area still has plenty of moisture as rice, cotton and sorghum harvests continue with good yields. Most pastures and livestock are in good shape, and the hay crop is unusually good.

The North Texas cotton harvest is on and farmers are using poisons to control insects. Very good crop prospects are in sight. Deer and turkey are reported fat and in ample supply in many sections.

PERSONALS

Mr. and Mrs. James Glynn and children of Ballinger visited over the weekend with her parents, Mr. and Mrs. Ernest Ross, and his parents, Mr. and Mrs. Tom Glynn.

Mr. and Mrs. Guy Eiland, Mr. and Mrs. Paige Eiland and Gordon and Mr. and Mrs. Guy M. Eiland of Midland attended a family get-together Sunday at the Ira community house. About 38 persons attended. They also visited with Mrs. Ethel Eiland in Snyder.

Lt. and Mrs. Murray Johnson of Sherman visited recently with the Guy Eilands.

Mr. and Mrs. Yuell Winslow and Donnie, Danny and Betsy Lloyd returned home Thursday from a trip to Disneyland, California.

Mrs. Irving Myrick, Mrs. Ed Conaway of Colorado City and Mrs. Hoyt Roberts of Colorado City visited last week in Corpus Christi with their sister, Mrs. Lloyd Kennedy.

Mr. and Mrs. Yuell Winslow have been in Santa Fe, N. M., this week.

Virgil Miller has returned home from a six-week session at Texas A&M. While he was attending the summer school he won two medals. One was in intramural basketball and the other in intramural volleyball.

O. C. Turner entered the Stanton hospital Friday. At last report he was doing fine.

Mrs. T. W. Haynie left Tuesday for Dallas to spend a week with her son-in-law and daughter, Mr. and Mrs. Kenneth Crow and children.

Mr. and Mrs. Glenn Brown and children and Mrs. C. E. Story have returned home from a trip to Oklahoma and Arkansas. In Valliant, Okla., they visited Mrs. Story's brother-in-law, A. L. Story, and in Texarkana, Ark., they visited with Mrs. Story's brother and sister-in-law, Mr. and Mrs. Slim Hoover.

Jack Knight has been a patient in the Stanton hospital. Mary Wilson is visiting in Detroit, Michigan with her son, Woodrow Wilson and family.

Mrs. Annie Thomason spent last week visiting in Lamesa with her son-in-law and daughter, Mr. and Mrs. Tom Estes and family. While she was visiting in Lamesa they all went to Lubbock where they visited her sister, Mrs. Bert Armstrong.

Mrs. Leroy Wood and children of Denver City visited over the weekend with her parents, Mr. and Mrs. C. N. Polk.

GRASS ROOTS OPINION

Canton, N. C. Enterprise:

"Now, women are found in every responsible financial position of trust. . . From the penny-pinching housewife to the woman president of a bank, they are recognized for their good business sense. And the men don't seem to mind anymore that members of the fair sex have taken over these positions of trust."

"It is all part of the struggle of woman to gain an equal place with her counter-part in society."

Omaha, Neb., Public Ledger: "Federal aid to education is on the prowl again — bigger and bolder than ever."

"H. R. 22 . . . reported out by the House Education and Labor Committee calls for \$4.5 billion of tax money in Federal grants over the next four years. These funds would be used for school construction and for teachers' salaries? But after four years, what? 'Human Events,' in reporting on the measure, notes that 'The bill fails to include, however, any provision for ending the program—so, like price supports, the grants would probably continue on and on.'"

Kenny Foundation Conducts Many-Point Program to Aid Physically Handicapped

Minneapolis, Minn.—The Sister Kenny foundation—a non-profit, charitable organization, with national headquarters here—carries on a year-around program to aid persons of all ages with nerve, muscle or joint disabilities, regardless of race, creed or financial circumstances.

As outlined by Marvin L. Kline, national executive director, the Kenny program includes:

TREATMENT: Since Kenny medical and treatment techniques used for polio cases have proven beneficial in the treatment and rehabilitation for other crippling disorders, the Kenny foundation has expanded its services to include victims of other neuromuscular diseases and disorders.

REHABILITATION: In addition to aiding post-polio patients, the Kenny foundation is helping to rehabilitate victims of strokes, spinal cord injuries, congenital disabilities, cerebral palsy (spastic paralysis), spina bifida, amputees through prosthesis training, arthritis, post-fracture disabilities, Parkinsonism, dystonia musculorum deformans and meningo-radiculo-myelitis.

RESEARCH: The Kenny foundation, in line with its policy of providing assistance for acquisition of new scientific knowledge, continues important medical research in its own hospitals and makes medical research grants to leading hospitals and universities throughout the country.

SCHOLARSHIPS: The Kenny foundation is continuing its program of five-year scholarships to encourage outstanding young doctors to embark upon careers in research in the broad field of neuromuscular disabilities, including polio.

FELLOWSHIPS: The Kenny foundation continues to provide funds for development of under-graduate, graduate and post-graduate teaching programs in the medical and allied rehabilitation fields.

TRAINING: Along with training registered nurses and physical therapists to become Kenny Therapists, the Kenny training program offers instruction in rehabilitation techniques to medical doctors and rehabilitation technical personnel.

MEDICAL EDUCATION: The Kenny foundation conducts medical seminars and symposiums to better acquaint doctors with Kenny treatment techniques and research in the field of neuromuscular disorders and rehabilitation procedures.

OUT-PATIENT SERVICES: As an important part of its rehabilitation program, the Kenny foundation provides follow-up treatment. This service enables patients to return for periods of up to five years or more for the purpose of periodic check-ups.

"Public contributions, in the main, make possible this ever-expanding program," Kline said.

ACKERLY NEWS

By DOROTHY BAKER

Mrs. J. Archer recently accompanied her daughter, Mrs. Lonnie Coker and daughters, Londa and Gloria of Big Spring, to Lubbock. They attended to business and visited with Mrs. G. W. Brunson.

Mr. and Mrs. Carlis White and Jewel Hardcastle of Marlin have returned home from a trip to Colorado and Arizona.

Mr. and Mrs. Jewel Franklin and children made a business trip to Fort Worth and Dallas last week.

Mr. and Mrs. Millard Knowlton and children have returned home from a trip to South Dakota where they visited his brother, Mr. and Mrs. Buck Knowlton and children at Isabel. On their return trip they visited in Colorado.

Mrs. Mae Bodine has been a patient in Medical Arts Hospital, Lamesa.

Mrs. Reese Adams and Mrs. Earl Phillips of Big Spring visited recently with relatives in Ackerly.

Mrs. Ira Myles has returned home from Andrews where she visited her son and daughter-in-law, Mr. and Mrs. Jack Myles of Andrews.

Mr. and Mrs. Riley Smith recently visited in San Angelo. Mr. and Mrs. Marlin Dodds and daughter have moved into the Ackerly community from Garden City. He is new high school coach for Sands.

L. T. Yates and his son and family, the Robert Yateses of Dimmitt, were recent guests of Mr. and Mrs. O. F. Rhea. Another guest in the home was their son, Morris Rhea of Odessa.

James Mashburn of Stanton has been visiting his grandmother, Mrs. Myrtle Sikes.

Glenn Rasberry of Albuquerque, N. M., has been visiting with his grandparents, Mr. and Mrs. Dolph Rasberry.

Mr. and Mrs. Covie Williams were in the Flower Grove community recently to visit her mother, Mrs. E. M. Cave. Mrs. Williams' sister, Mr. and Mrs. Clyde Carmichael of Cleburne also visited in the Cave home.

Joe Cook was honored recently with a party on his birthday at the home of his parents, Mr. and Mrs. J. T. Cook. Relatives attending included Mr. and Mrs. James Cook, Mr. and Mrs. H. A. Davis, Mrs. Doug Kahouts and daughter, all of Big Spring and Mr. and Mrs. Dick Cook of Post.

Mr. and Mrs. James Wells and children have returned home from a two-week vacation. They visited in Kentucky with his parents, Mr. and Mrs. Henry Wells.

Carroll Crain of Midland has been visiting with her grandparents, Mr. and Mrs. Bruce Crain. Her parents, Mr. and Mrs. Durwood Crain also visited here. Mrs. Bruce Crain recently spent two days at Friona with a daughter, the A. E. Cannons. She accompanied another daughter, Mrs. Frank Parker and children of Stanton to Friona.

Mr. and Mrs. Jessie Swartz of Austin have been visiting with her sister, Mr. and Mrs. Lewis Etheredge and other friends and relatives.

Mr. and Mrs. Pete Grigg recently moved to Midland to make their home.

MRS. EDDY LEE AVERY

Miss Britton, Avery Marry In Stanton

Franzell Britton and Eddy Lee Avery were united in marriage in a candlelight ceremony at 8 p. m. Friday, August 28 at the First Baptist Church.

The bride is the daughter of Mr. and Mrs. Souval F. Britton of Stanton. The bridegroom is the son of Mrs. Ogal Avery of Stanton and the late Mr. Avery.

The Rev. W. C. Wright, pastor, read the double ring ceremony, before an arch covered with emerald, white mums and pink gladioli. White tapers were on the altar which was flanked by baskets of pink gladioli and white mums and candelabra holding white tapers. White tapers were lighted in the church windows.

Given in marriage by her father, the bride chose a gown of white rose point French chantilly lace over antique taffeta. The low cut fitted bodice was designed with a square neckline, which was outlined with iridescent sequins and seed pearls. The long tapered sleeves ended at the wrists. A large bow of taffeta across the back at the waistline gave the gown a bustle effect. The bouffant skirt was fashioned with a panel of taffeta and lace in front which ended in a sweeping chapel train.

The bride's shoulder length veil of tulle was attached to a small white cap trimmed with pearls and iridescents. She carried a white orchid atop a satin covered Bible. Showers of garret roses and ribbons fell from the bouquet.

Ila Mae Gray, organist, presented a program of nuptial music and accompanied Mrs. Harold Smith of Andrews who sang "Because" and the "Lord's Prayer."

Judy Britton served her cousin as maid of honor. Brides-

maids were Lonita Avery, sister of the bridegroom; Becky Smith, Kay Powell and Joetta Franklin.

The tapers were lighted by Cindy Britton, sister of the bride, and Sherry Avery, niece of the bridegroom.

Gilbert Casbeer was best man. Ushers were Donnie Hull, Kovey Powell, Bob Boyce and Porky Britton, brother of the bride.

Bobbye Wilhite of Odessa, niece of the bridegroom was the flower girl and ring bearer was Dennis Wilhite, of Odessa, nephew of the bride.

The maid of honor was dressed in a street length dress of blue organza over taffeta. It was fashioned with a full gathered skirt and featured a wide crushed sash with a bow in back. The bodice was made with a low sweetheart neckline and short cap sleeves. She wore a blue net picture hat and carried a bouquet of blue carnations.

The bridesmaids wore pink organza dresses made identical to the maid of honor's dress. They carried bouquets of pink glamelias and wore pink net picture hats.

The candlelighters wore dresses of green organza over taffeta. They were designed with full skirts, boat necklines with wide collars and short cap sleeves. The flower girl wore an aqua organza dress and a coronet of white carnations in her hair. She carried a basket of pink glamelias.

Immediately following the ceremony a reception was held in the church reception hall. Receiving guests were the bride couple, the bride's parents, the bridegroom's mother and the bride's attendants.

A white lace cloth covered the bride's table, which was centered with two white wedding bells, surrounded by pink and white carnations and flanked by pink tapers. Punch and a white three-tiered cake trimmed with roses were served.

Presiding at the bride's table were LaRue Adkins and Cheryl McArthur.

For traveling the bride chose a royal blue jersey sheath dress designed with a square neckline and cap sleeves. She wore white accessories, a blue feather hat and a white orchid.

After a wedding trip to El Paso and Mexico the couple will reside at 707 Broadway, Stanton.

Guests were present from Andrews, Midland, Odessa, Midway, Big Spring, El Paso and Hillsboro.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD SOIL CONSERVATION DISTRICT

Jack Buchanan, Ollie Robertson, Bernard Houston, Larry Shaw, J. D. Crawford.

A Great Plains Conservation Program contract has been developed for Jewel Franklin's farm near Ackerly. Franklin plans to return this farm to grass and to drill a well for livestock water and to construct a water storage tank for livestock.

"Nature does not GIVE anything. It LENDS. It will continue to lend as long as the loan is returned. When nothing is paid back, nothing is lent. Nature keeps a constant balance between its income and loans. When the loans are not repaid the borrower, man, and not the lender, nature, is eliminated. Anyone who ignores the balance of nature does so at his own peril!"

—From Our Use of the Land

Carl Hogue is developing a plan of operations for his farm North of Lenorah. Hogue plans to submit this plan to the Soil Conservation Service for approval for a Great Plains Conservation program contract. Hogue plans to have a conservation cropping system for his farm which will include a strip cropping system of high residue producing crops and clean tilled crops.

"The foundation of Soil Conservation farming is proper land use."

—Southwestern Crop and Stock

J. P. Hilger and W. H. Yater, who farm west of Stanton, are developing conservation plans for their farms to submit to the Soil Conservation Service for Great Plains Conservation Program contracts. Hilger and Yater both intend to have conservation cropping systems and plan to install underground steel lines for their irrigation systems.

A TEXAN IN TURKEY--

Brooms Offer Turks Real Daily Workout

(Editor's Note: This article was written by Shorty Shelburne, son of City Judge George B. Shelburne. The former Midland Reporter-Telegram staff member is now on military assignment in Turkey. Shelburne has also contributed articles to The Stanton Reporter.)

IZMIR, TURKEY—Kids from Texas have a hard time playing cowboy in Turkey. The brooms they ride for "stick horses" back at home don't have any "stick" over here.

Among the many peculiar sights a Texan in Turkey comes across is that of watching the Turkish people sweep and scrub the sidewalks around their homes and business places. They do it with their natively designed and manufactured brooms which have a handle only about three inches long.

The sidewalks are as wide as those in Midland and sweeping them with a Turkish broom would be considered a major undertaking by us. The Turks not only sweep theirs at least once a day, they scrub them with water and the stubby broom.

Seasons Consistent

The area in which Izmir is situated is one where the rainy and the dry seasons are the same year after year. It rains in the winter and early spring but doesn't even sprinkle in the summer. During the dry season, the dust would become a major problem if it were not for the frequent soaking given the sidewalks and other outside areas.

The water applied to the sidewalks would cause an accumulation of mud if it were not scrubbed away. So, there's plenty of broom work going on all the time.

There are two main reasons why the brooms in Turkey have no handles. The first is simply that down through the years from the days of old, Turkish brooms have been built without handles. The present generation just hasn't seen fit to change it.

The second is, Turkey has a shortage of wood of all qualities due to the limited forests the country possesses. This makes wood a high priced import item. They just don't have much material which economically can be devoted to putting handles in the brooms.

Rho Xi Met In Jones Home

Rho Xi chapter of Beta Sigma Phi held its first meeting of the year August 30 at the home of Mrs. James Jones.

Mrs. Gene Perry, president, was in charge of the meeting. Plans were made for rushing meetings during the year and various activities. Ice cream and Cokes were served to Mesdames Gene Perry, Paul Briggs, Gerald Hanson, L. Black, Don Hightower, R. S. Higgins, Jr., Jimmy Henson and Ellis Wayne Britton.

Ed Reed Speaks To Rotary Club

Ed Reed, ground water consulting engineer from Midland was guest speaker at a meeting of the Stanton Rotary Club Wednesday, August 26 at Bellevue Restaurant.

Reed, who was introduced by H. M. McReynolds, spoke on "Conservation and Use of Ground Water."

S. W. Wheeler, president was in charge of the meeting. The invocation was given by George Shelburne.

James Webb introduced guests. They included C. F. Briggs of Midland, Bill Marquardt of Midland, Cecil C. Bolles of Midland and Jimmy Walker of Big Spring.

Mrs. Hubert Hale Honored With Shower

Mrs. Hubert Hale of Big Spring was honored Friday with a bridal shower in the home of Mrs. Claud C. Vaughn, Jr., Big Spring.

Hostesses were Mesdames Doyle Rallsback, Kenneth Stroup, Richard Hodnett and Miss Lillie Briggs, Big Spring. The honoree is the former Flo McKinney of Big Spring and her husband is formerly of Stanton. Refreshments were served from a table covered with lace over pink. Centering the table was a large bride doll flanked by candles in crystal holders. Guests attended from Stanton, Midland, Odessa and Colorado City.

PERSONALS

Mr. and Mrs. Curtis Hancock have returned home from a trip to Ruidoso, N. M., Alamogordo, N. M., El Paso and Juarez, Mexico.

Mr. and Mrs. Marvin Lamb and children, Donna and Jerry, spent the weekend camping, fishing and boating at Lake Nasworthy.

Melvia Cross recently made a trip to Knox County, Lake Thomas, Goree, Crosbyton and Lubbock.

Callaway, Mr. and Mrs. Albert Anderson, Mr. and Mrs. Harry Echols, Mr. and Mrs. Kenneth Gilmore and children, Mr. and Mrs. Cecil Gilmore and Mr. and Mrs. Darrell Payne and children.

Rebekahs Met August 31

Rebekah Lodge No. 287 met Monday evening, August 31, at the IOOF Hall.

Mrs. C. S. Bevers, Jr., noble grand, presided over the meeting.

A certificate of perfection on unwritten work was presented to Mrs. Delores Fincher, vice grand.

Members practiced balloting on petitions for memberships.

County Attorney Speaks To Lions

John Ferguson, county attorney, spoke to the Stanton Lions at noon Tuesday at Belvue Restaurant.

Ferguson, who was introduced by R. C. Vest, discussed "The County Attorney and His Part In The Local Government."

Paige Elland, president, was in charge of a short business meeting.

Roy Pickett was introduced as a new member.

Twenty-three members were present. Also attending were Mrs. John Wood, Lions sweetheart, and one guest, Lewis Graves of San Angelo.

1960 Motor Vehicle Inspection Stickers Went On Sale Sept. 1

New 1960 motor vehicle inspection stickers were made available to Texas motorists on Tuesday, September 1.

Col. Homer Garrison, Jr., Director, recommended that Texans have their vehicles inspected early in the new inspection period which extends from September 1 to April 15, 1960. Vehicles not displaying the new sticker after April 15 will be operating in violation of the law.

"In the vast majority of cases," Garrison said, "this program has become a very minor inconvenience and expense to the motor vehicle owner — provided he moves early to comply with the law."

"The more than 4,500 authorized inspection stations over the state are capable of handling the inspection of Texas vehicles without delay if owners will not wait until just a few days before the deadline."

"With hard summer driving coming to an end, fall is an excellent time to have vehicles safety checked in preparation for winter months."

Garrison called attention to the fact that since the beginning of the inspection program vehicles having a defect that

was a causative factor in fatal accidents decreased from 11 per cent to four per cent.

He said 43.4 per cent of the cars inspected during the last inspection period needed some adjustment or repair and that the average cost for inspection, including the \$1.00 fee, was only \$2.02 per car.

Former Resident Visits Stanton

Keith E. Kistler of Lakeland, Florida, visited Monday morning in Stanton.

Kistler was on a vacation trip to California.

In 1919 Kistler was a student at the Academy of Our Lady of Mercy in Stanton and he stopped in Stanton to visit the site of the academy.
