

Snooter Knows

By JAMES E. KELLY

DO YOU EVER KNOW WHERE the tax dollar comes from exactly and where it goes. Here is the breakdown for 1960 according to the federal budget.

Individual income tax—52 cents.
 Corporation tax—28 cents.
 Excise taxes—11 cents.
 Other—9 cents.
 Here's where Uncle Sam's budget dollar goes in fiscal 1961:
 National Security—57.1 cents.
 Interest on debt—12 cents.
 Veterans—6.9 cents.
 Agriculture—7 cents.
 All other—11.3 cents.

THIS WINTER WEATHER HAS hung on longer than any we have experienced in a long time. And February, our coldest winter month still lies ahead. March, in recent years, in this part of Texas has also gained a reputation of some pretty rough weather. Maybe we can stay with it until Spring, provided we keep pretty close to the fires up on "Capitol Hill."

JUST A REMINDER TO THE INDIVIDUAL who is considering announcing as a candidate for office. February 1 is the deadline and that's next Monday. It is a good idea, if you plan to run, to not only get your name on the ballot but in The Stanton Reporter.

March Of Dimes Drive Underway In County

The March of Dimes Drive is underway in Martin County, with members of the Stanton chapter of Future Homemakers of America taking the lead in the drive.

A Future Mothers March by FHA members will be a special feature of the drive.

Earlier this month FHA girls distributed containers and cards to the business houses in Stanton and in Martin County schools. School children at Stanton, Grady, Courtney and Flower Grove schools received cards in which to place contributions.

Members of the chapter have also been taking contributions for the drive in downtown Stanton on Saturdays. The girls have been stationed in front of the post office and have special cards to fill with dimes.

Mrs. Leo Turner, Martin County chapter chairman, is serving as chairman of the campaign.

No special goal has been set for the drive, Mrs. Turner said.

GROUND HOG DAY

Tuesday, Feb. 2, is Ground Hog Day. The sun will rise at 7:09, set at 5:20 and our weather calendar has the day tagged for fair and mild weather.

The legend about the hog can be summed up this way. If the animal sees his shadow he becomes frightened and scampers back in his hole and six weeks of bad weather is supposed to follow. If the hog fails to see his shadow, he remains above ground and fair weather is due to ensue.

Just for the fun of it, lets all turn weather watchers next Tuesday and see just what kind of prophet the ground hog really is.

Allison Tapped As 'Outstanding' In Midland Fete

James N. Allison, Jr., vice president of the Midland Reporter-Telegram, Friday night was named Midland's "Outstanding Young Man of 1959" at the annual Junior Chamber of Commerce banquet held in Midland.

C. P. Bristol, vice president of Shell Oil Company at Midland, was named "Outstanding Boss of 1959."

Guest speaker at the banquet was Richard L. Fitzpatrick, vice president of American Airlines.

Jaycee President Bob Huddleston headed the banquet. C. H. Brockett was master of ceremonies.

Jim Allison is also the president of The Permian Basin Publishing Company, publishers of The Stanton Reporter.

Jaycees attending the Midland affair included: Robert Herzog, Bill Wheeler, O. L. Snodgrass, Gerald Hanson, Ellis Wayne Britton, and Jimmy Henson.

Stanton Club Boys Win Honors At Abilene Show

Stanton Future Farmers of America and Martin County 4-H Clubbers won a number of awards at the Abilene Fat Stock Show this week.

Gilbert Casbeer, Stanton FFA member, exhibited the reserve pen of turkey broilers in the poultry show.

Bobby Sale, Martin County 4-H Clubber, showed the second place heavyweight steer. The third place lightweight steer went to Yvonne Nichols, 4-H Club member.

In the poultry show Robert Haggard showed the fourth place heavy-weight capon; and Terry Shanks showed the tenth place lightweight capon.

Porky Britton had the third place trio of capons; Allen Springer, fourth place trio; Barry Hill, eighth trio; Carolyn Springer, ninth trio.

Morris Hasting showed the third and fifth place poultry broilers and Royce Reynolds had the seventh place broilers. A. L. Watts' turkey broilers were judged third and eighth.

Also in the livestock show Bobby Sale showed the ninth place lightweight steer; Weems Williams showed the tenth place mediumweight and Carolyn Nichols showed the seventh place lightweight steer.

Craig Beckmeyer showed a fifth place lamb in the intermediate show.

Farm Labor Day To Be Held Feb. 3

Martin County farmers have been invited to attend a farm labor day February 3 at the courthouse.

The farm labor day will be conducted by representatives of the Big Spring office of the Texas Employment Commission at the Martin County commissioners courtroom.

Jack Hatch, farm labor representative of the TEC, will conduct the meeting.

Another meeting will be held on February 10.

All farm laborers and farmers are invited to consult with Hatch about any farm problem.

Sale Of Car Tags To Begin On February 1

February 1 is the date license tags will go on sale in Martin County.

The tags have a black background and white numbers. Numbers for the county will run from CN 9550 to CN 9999 and from CP 10 to CP 2424.

This year everyone must bring their titles with them when registering their vehicles. Dan Saunders, tax assessor-collector, said the State Highway Department requires that each registration receipt show the title number of the vehicle being registered or a title application number 24; the Monday after Christmas, December 28; and the Monday after New Years', January 2.

February 1 Is Dollar Day In Stanton

Monday, February 1 is Dollar Day in Stanton.

This once-a-month event has been good for the community with both the customers and merchants benefiting immensely.

More and more merchants are availing themselves of the opportunity of advertising Dollar Day specials in the county newspaper.

Many of the Stanton merchants realize that the monthly Dollar Day is a boom to sales and the only promotion day being held in Martin County.

Some of the merchants who have not been advertising have been getting the benefit of the Dollar Day program, but have not realized what they should because of lack of publishing specials for the day.

Now is a good time to make a resolution that will help keep Martin County money at home by planning newspaper advertising space in the county newspaper.

If the price is right and the merchandise in demand there is no question but what businessmen will profit and at the same time prove to the people that their trade is appreciated.

In this issue of the paper we have some Dollar Day specials listed. We suggest our readers take advantage of the bargains.

Be in Stanton Monday.

Future Mothers March To Be February 1

A Future Mothers March for the March of Dimes Drive will be held Monday, February 1.

Members of the Stanton Future Homemakers of America will conduct the drive, which will begin at 6 p. m.

Girls will meet at the courthouse and start their drive from there. When the drive is completed around 8 p. m. girls will meet at the high school cafeteria to turn in their contributions and have refreshments.

Eleven FHA girls are to serve as captains. Each captain is to select three girls to work under her. Parents will drive the cars which take the girls to the houses. Girls will wear arm bands to show they are conducting the drive.

Justice Gibson Running For Re-Election

Martin Gibson, incumbent Justice of the Peace, Precinct One, is seeking re-election to that office.

Justice Gibson submitted the following statement to the newspaper: "In seeking another term as Justice of the Peace from precinct one, I do so upon my record in office. It has always been my policy to conduct the affairs and duties of the office with honesty and fairness to all and to attempt to serve the public in a practical and impartial way."

"I will appreciate the continued confidence, support and vote of the people of precinct one."

Frank Goodman Announces For Representative

Frank S. Goodman, 34-year-old Howard County farmer and Couden employee, today announced as a candidate, in the Democratic primary, for state representative from District 101, consisting of Glasscock, Howard, Irion, Martin, Reagan and Sterling Counties.

Goodman said the primary planks in his platform, details of which

Frank S. Goodman

would be announced later, would be strong opposition to sales taxes, support for a teachers pay increase, and other measures that would improve Texas' public schools, also that he would support fair treatment of rural electric cooperatives.

The legislative candidate, a member of a Howard County pioneer family, was born, raised and still resides and operates the same farm near the Knott community.

A graduate of Knott High School, Goodman studied at HCUJ and the University of Missouri. He is a veteran both of World War II and the Korean War. He put in three years in the Air Corps in World II in the European Theater. He reentered the

Ferguson Asks Election To Attorney's Post

The following political announcement was submitted to The Stanton Reporter by County Attorney John T. Ferguson.

"I wish to take this opportunity to thank all of who you have extended courtesies to me and to my family and who have assisted me in getting established since I was appointed county attorney of this county last March. I hope that my handling of the office to date has merited the confidence you have placed in me."

"In asking you, the voters of Martin County, for a first elective term as your County Attorney, I am motivated by a sincere desire to serve you, and if elected, I will continue to strive at all times to perform the duties of the officer fairly and conscientiously, and to the best of my ability."

"Your support in the coming Democratic primary election to be held May 7, 1960, is earnestly solicited, and will be greatly appreciated."

James C. Wood Seeking County Attorney's Post

The following political announcement was submitted to The Stanton Reporter for publication by James C. Wood, candidate for Martin County Attorney.

"I will be a candidate for the county attorney's place in Martin County subject to the action of the Democratic primary May 7, 1960."

"I am a graduate of Trinity University and have had extensive experience teaching in our state's public schools. Before coming to this county I taught in Schackelford County for the Albany branch of Ranger Junior College until this school was discontinued in September, 1959."

"I was admitted to the state bar of Texas in the summer of 1957 and practiced law in Albany a year and continued to teach night classes at the Ranger Junior College branch."

"I was born at Zephyr, Brown County. If elected to serve as your next county attorney I will devote all of my time and energy to making the people a hard working, efficient, and trustworthy public servant."

MISS NICHOLS AND HER WINNER—Yvonne Nichols, attractive Martin County 4-H Club girl from Tarzan, is shown with her prize winning Angus at the Junior Livestock Show held here Friday and Saturday of last week.

Lynn County Agent Bill Griffin served the Martin County Junior Livestock Show as judge here Saturday and his first decision was for a 900-pound Angus shown by Yvonne Nichols of Tarzan as grand champion steer.

Bobby Sale, the youthful looking veteran of the show ring won the reserve champion laurels with his heavy Hereford entry.

In the lamb show, Terry Franklin, a first-year feeder, exhibited the champion fine-wool, Jimmy Miller the top Southdown and Smitty Smith the outstanding crossbred. Ed Whiteside, Concho County agent, judged the fat lambs.

Ed Barkowsky's Berkshire won the grand champion barrow trophy, with reserve champion standing going to Anthony Hanson's animal. Porky Britton showed the grand champion gilt, a Chester White, and Dale Max Robertson the reserve champion.

61 Lambs In Show
 Showmanship awards went to Jimmy Robertson for swine, Bobby Sale, steers and Craig Beckmeyer, lambs. There were 10 steers, including four Angus, 61 lambs and 38 swine.

Forty lambs and barrows, auctioned by Dub Bryant of Big Spring, brought a total of \$2,274. Floor prices were set by J. W. Sale with high bids of 11 cents for hogs under 200 pounds, 10.25 cents for heavy hogs, 12 cents for lambs under 110 pounds and 11 cents for heavy lambs.

Dr. Virgil Sanders paid \$100 for the grand champion barrow, Blocker Oil Company bought the champion fine-wool lamb for \$100 and Cap Rock Refrigeration put out \$50 (Continued on page 5)

Dan Saunders Explains New Poll Tax Law

Sheriff-Tax Collector Dan Saunders has requested the following article on the poll tax exemption law.

There has been quite a bit of confusion among exempt voters as to obtaining exemption certificates. In cities of less than 10,000 population, exempt voters do not have to obtain an exemption from the county tax office. This of course includes people coming of age (21); people over age (60) and people who are exempt because of physical disabilities.

Many exempt voters are under the erroneous impression that exemption certificates would be necessary to prove party affiliation and attend precinct conventions. The new party affiliation law specifically takes care of this situation. It directs the primary election judge to furnish such exempt voters with a certificate, at the time they vote, which will be stamped "Democrat."

Any person who has reached their sixtieth birthday before the first day of January of the year in which their poll tax is assessed against them is entitled to a free vote. In other words a person must be sixty years old on or before the first day of January 1959 to be eligible for a free vote in 1960.

Any person who reaches their twenty-first birthday after the first day of January 1959 and before the date of the election in which he wishes to vote in 1960 is exempt from paying a poll tax. In other words if a person is 21 years old after the first day of January 1959 and before the primary of 1960 is eligible to vote because of his age but cannot be assessed a poll tax because he was not 22 on the first day of January of the taxing year involved which is 1959.

Pay Poll Tax Week Designated By Gov. Daniel

This week has been designated as Pay Your Poll Tax Week in Texas by Governor Price Daniel.

Daniel, candidate for a third term, noted January 31 is the deadline for payment of poll taxes.

The governor also designated February 21-27 as Distributive Education Week, dedicated to students being trained for jobs in distribution industries.

George Foreman Gives Program For Band Parents

George Foreman was featured on the program at a meeting of the Stanton Band Parents Club Tuesday, January 19 at the elementary music room.

Foreman, who is a fourth year band student, was introduced by Mrs. Jack Gray, program chairman. He played a trombone solo, "Amethyst" by Vanden Cook. He was accompanied on the piano by Phyllis Long. Foreman attended a band clinic last year in Lubbock and went to the region band tryouts.

Mrs. P. M. Bristow, president, was in charge of the meeting. Mrs. J. D. Poe was elected treasurer to fill the position of Mrs. Joy Morgan, who has moved. Reports from the finance committee were given.

Jack Gray, band director, told the group that the Junior High Band is to enter a musical festival in February in Rotan. He also discussed the Prescott system which he is introducing in Stanton and feels will make better bands.

Ackerly Man To Sell 1960 License Tags

J. C. Niblett who has handled car tags for County Tax Collector Dan Saunders for the last seven years will again sell car tags at Ackerly this year. Tags will go on sale at Ackerly on February 1 in the Niblett Grocery. Saunders states this has been a great service to the people in the north part of the county and has acquired lots of registration for the county which otherwise they would not get. The tax office urges all car owners to take their titles with them when registering at Ackerly.

Student Council Representatives To Attend State Meet

Representatives of the Stanton High School Student Council will attend a state meeting of the Texas Association of Student Councils March 31-April 2 in Amarillo.

Student Council members are to elect four representatives to the meeting in the near future. Two sponsors are to accompany the group to Amarillo.

Saturday Is Deadline To Get Poll Taxes

Martin County residents were reminded Wednesday that this is the last week to pay poll taxes.

January 31 is the official deadline for paying poll taxes, but since January 31 is on Sunday, the last day will be Saturday, January 30.

The Martin County tax assessor-collector's office will be open until 5 p. m. Saturday, January 30, Dan Saunders, tax assessor-collector said. The office is usually open, although the other offices in the courthouse are closed, Saunders said.

Only 858 residents have taken advantage of paying their poll taxes. In 1957 about 2,000 persons bought poll tax receipts.

All county residents are urged to pay their poll taxes so they may vote in any election which comes up during the year. In order to vote a person must have a paid poll tax receipt or have been exempt.

James C. Wood Seeking County Attorney's Post

Philosopher Takes New Slant On Idea We're Piling Up U. S. Debt For Children To Pay

Editor's note: The Martin County philosopher on his grass farm on Mustang Draw comes to the defense of parents this week, his letter reveals.

Dear editor:

Like most people, I haven't spent much time worrying about the national debt. It's sort of like worrying about the weather three states away while the kind you've got at home is giving you fits, but I'll admit this isn't exactly far-sighted or statesman-like.

What set me to thinking about this though was an article I read in a magazine last night which some publisher sent me in the hopes I'd subscribe to it. This article quoted President Eisenhower on the importance of holding the national budget down. "I believe our people have the determination to hold expenditures in check, to pay their own way without borrowing from their children," the President said.

Now I don't know about the national budget, but what throws most people's budget out of balance is not the parents, but the children, and the number of parents who are borrowing from their children is mighty scarce in this vicinity.

Of course, I understand what the President is saying, he means the debt we run up will have to be paid off by our children and grandchildren, and he's right, but just in defense of us adults I'd like to underscore the fact that a lot of these debts were running up can be traced directly to the children.

Take schools. When you go into debt to build a school, it's not for the parents' benefit. Most parents I

know are already educated about as far as they intend to go. It may not be far enough, but most of them seem satisfied with it.

Or take roads. Of course parents use roads, provided their teen-age children are tied up with the mumps, and half the time when the parents are using roads, it's for hauling kids around who are too young to drive but loud enough to get their way.

And so it goes. Hospitals, parks, even national defense, whatever it is that goes with our national budget, the children are getting a pretty good slice of it and I for one am glad to be able to shift a little of the cost on to them when they grow up. One of the troubles with children now is that they expect everything to be handed to them free of charge. If we keep piling up the national debt, it looks like we'll get that notion out of their heads one of these days.

Yours faithfully,
 J. A.

Funeral Services Held In Dallas For Chandler Infant

Funeral services for Steven Wayne Chandler, 20½ month-old son of Mr. and Mrs. Ivan Chandler of Dallas and formerly of Stanton, were held last week in Dallas.

Attending the services were the paternal grandparents, Mr. and Mrs. A. A. Chandler of Stanton; the maternal grandparents, Mr. and Mrs. Jack Jaggars of Stanton; Mrs. Jack Jaggars of Stanton; Mrs. Jack Jaggars of Oklahoma City, Okla., Mr. and Mrs. Virgil Piccolo of Midland, Mr. and Mrs. Bill Pitman of Midland and Mr. and Mrs. Vernon Chandler of Midland.

FARM & RANCH REVIEW

A group of 20 churches in the Wichita Falls area have agreed to support the proposed North Texas Boys Ranch proposal.

The offer of land for the ranch has already been made by a Clay County couple who have agreed to donate a 700-acre tract of land, plus \$50,000 with which to construct the first building if the project is guaranteed continuation by support of the district churches.

It has been announced that the North Texas Boys Ranch is a proposed project dependent upon the churches of the 13th Congressional district.

The proposal is for the churches to contribute 50 cents per member per year toward maintenance and continuance of the ranch, which would insure its future.

A spokesman for the group said: "We believe it will do more to arrest the juvenile problem in the congressional district than anything we might do."

The highest priced Hereford bull sold at the National Western Stock Show in Denver, Colo., last week was that of O. H. McAllister of Big Spring and Home, Texas. The name of the bull was M. Onward 5th and brought \$9,100. This bull took grand championship honors at the Sand Hills Hereford and Quarter Horse Show earlier this month at Odessa.

Texas farmers have lowered their turkey raising aims by five per cent, the U. S. Department of Agriculture reported last week. The USDA said 1960 calls for 2,650,000 heavy breed birds, about the same as last year. Light breed production is expected to total only 479,000.

Scripture Teaches Importance Of Home

The history of America's way of life is full of the records of men who were reared in Christian homes. From humble homes all over the land have come sons and daughters nationally known for their greatness of character and achievement.

All too often, we have not always given proper credit to the home as a prime influence in moulding these, the great women and men of our times.

Among many other lessons to be found in Scripture are the ones which exemplify the importance of good homes and Christian family life.

Two instances of this emphasis are to be found in the 16th chapter of Acts.

Lydia, the devout seller of purple, was baptised with her whole household; and when the jailer, about to kill himself because he supposed his prisoners had escaped, asked Paul what he must do to be saved, Paul answered: "Believe in the Lord Jesus Christ, and thou shalt be saved and thy house."

And the prime example of all is the life of Jesus with Mary and

about 29 per cent less.

Texas cotton producers saved \$55.5 million by harvesting about half of their 1959 crop with machines. Another \$13.9 million was saved by using chemicals and machines for controlling grass and weeds in their fields, reports Fred C. Elliott, extension cotton specialist. While these savings were being made, growers also posted the State's second highest yield of lint per acre—337 pounds.

A year-end summary of conservation educational activities carried out during 1959 in Texas shows that real progress was made, says Jack S. Barton, extension soil and water conservation specialist.

Barton pointed out that the 117 soil conservation districts of Texas now cover approximately 98 per cent of the farm and ranch lands and that the districts are the medium through which local residents can develop and promote their own soil, water and plant conservation program.

The Texas Legislature in 1949 authorized the creation of Soil Conservation Districts as an aid to carrying out the State Constitution as it relates to the conservation of soil and water resources, and to promote and protect the health, safety, and general welfare of the people of Texas.

Defeating 16 other college teams, Texas Tech judging team rode off with top honors in the college livestock judging contest at the National Western Stock Show at Denver, Colorado.

Stanley Westbrook of Tennyson, a

member of the Tech team, was named champion individual in livestock judging.

We may look for an abundant supply of pork, oranges and orange products for February. Also, plentiful in the same month will be broiler-fryers, lamb, lard, eggs and peanuts and peanut products. Other fruits and vegetables on the list are cabbage, carrots, sweet potatoes, onions, grapefruit, cranberry products and raisins.

This information is gained from the U. S. Department of Agriculture report announcing a list of plentiful food for the month of February.

The state's orange crop is the best since the big freeze of nine years ago—36 per cent larger than last year, according to the estimate of the Agriculture Marketing Service.

At Jackson, Ohio, ox teams with wooden yokes still work daily in the farming and lumbering operations of Carl Swaney and Herman Swaney on their farm near Jackson.

The six teams of oxen on the farm haul logs from where they are cut to waiting trucks. The younger Swaney sometimes hitches the teams to an old covered wagon for parade appearances, and also makes the yokes for the teams.

We just as well drop a hint in here to farmers and ranchers that April 15 is the date on which all motor vehicles must display the 1960 inspection sticker.

Residents are cautioned that it is much easier to obtain the stickers now, than to wait until the last few days and be caught in the tail-end rush.

Carl Wright Gives Program For Lamesa Drama Students

Carl Wright, Stanton High School student, was in Lamesa Monday, January 18 to give a program for the Lamesa High School Drama Club.

Wright read a number of poems for the club. He then presented the same program for the Lamesa High School speech classes.

Accompanying him to Lamesa were Mrs. W. C. Wright, Mrs. John Priddy and Mrs. John Harvard.

Mrs. G. W. Alsop has returned home from a trip to Midlothian.

WEST TEXAS PRESS COMMENTS

The Paint Rock Lions Club has devised a way to receive contributions to the March of Dimes Drive. On Sunday, January 24 from 2 to 5 p. m. the "Painted Bluffs" north of Paint Rock was open to the public. No outright charge was made but a contribution of \$1.00 to the Dimes Drive from each car going through was asked. This will also be done on January 31. The Painted Bluffs or Rocks as they are often called, is the largest collection of Indian paintings in Texas and among the largest in the United States.

Editor Ernest Joiner is moving to Santa Barbara, Calif., to edit a magazine for veterinarians. Editor Joe W. Brown of the Lorenzo Tribune says this of Joiner: "He made a two-bit country newspaper, perhaps the most famous weekly in the United States and because we had to compete with him, he made us a little better, too."

Charles Roberts took over the reins and from the driver's seat molded the material that went into the column, "Driftin' Sands" appearing in column one, of page one of last Sunday's issue of the Andrews County News. He attended the Texas Press Association meeting in Dallas, and devoted his column to what he had seen and heard at the meeting. "Almost all weekly publishers were concerned about the national debt, the inflationary value of the dollar and the continued emphasis on spending in all areas of government. Of special concern was the \$6 billion interest the federal government is forced to pay each year on the debt of \$290 billion."

The Seminole Sentinel reports that when construction work was underway in the municipal water field southwest of Seminole is completed, Seminole will have as fine water system as any town in West Texas.

Three new wells, a new storage tank and field lines to handle the water will boost output to 4,800 gallons per minute.

The exchange box of the City of Seminole was well replenished with revenue during the last six months of 1959. There were 291 person who paid fines totaling \$3,484. The Seminole Sentinel says more than half the fines paid were for speeding charges.

Commenting under the editorial headline, "Advantages of Shopping at Home," Publisher Jim Cornish of the Post Dispatch says in a paragraph: "Post merchants can through cooperation with each other do a better job of prompting business for Post with various town-sized promotions."

Everything can't be bought at home—here in Post—but a lot more of it can than is being done today."

Starting with the first of the new year many West Texas weekly newspapers coming to The Reporter's exchange table, announced a raise in their subscription rates. One of the latest weeklies to advance its subscription rate effective February 20, is The Foard County News. To subscribers receiving The News in Foard County and adjoining counties the rate will be \$2.50 a year, and elsewhere the rate has been increased to \$4.00 per year.

The News gave as the reason for the increase in subscription rates was a postage rate increase January 1, the high price of newsprint and operating expense.

Fifteen Years Ago

The new license plates for motor vehicles have arrived at the office of County Tax Collector Morris Zimmerman. They go on sale February 1. The Collector's office has received 1,100 passenger plates, 250 farm plates, 100 commercial and 50 sets of trailer tags.

Lt. Buck Henson came to Big Spring from Cincinnati, Ohio by plane. The plane was on its way from the Ohio city to Brownsville by way of Dallas. The ceiling was too bad to fly that route so it came to Big Spring. This gave Lt. Henson a chance to visit his mother, Mrs. Walter Henson in Stanton. Lt. Henson is being transferred to Greenwood, Mississippi.

Mr. and Mrs. Willard Turner and little son, John Owen, of Kirtland Air Field, Albuquerque, N. M. are visiting relatives at Stanton and Odessa.

There's nothing like a new car—and no new car like a Chevrolet. This is the Impala Sport Coupe!

GO '60 GO CHEVY!

NOW—THE CAR THAT STARTS THE SIXTIES WITH SO MUCH THAT'S NEW, SO MUCH THAT'S DIFFERENT ...AND SETS THE PACE WITH LOWER PRICES!

Chevrolet speaks of the Sixties like no other car—with a broad accent on spaciousness, stirring new concepts in styling and strong emphasis on spirit and thrift.

Step inside this superlative '60 and look at the worlds of room around you: head room, hip room, shoulder-squaring room. Note how Chevrolet's engineers have further flattened and narrowed the transmission tunnel to give the middle man more foot room. Chevrolet's greater roominess is inside where you want it—not outside in useless body overhang.

You'll find economy teamed with performance in a new standard V8, engineered to deliver up to 10% more miles for every gallon, or the strapping Hi-Thrift 6.

And riding comfort in the new one is a never-ending treat, thanks to Full Coil spring suspension. There are also thicker, newly designed body mounts that filter noise and vibration to the vanishing point, more rigid frame and many other engineering advances.

But you'll have to drive the Sixty sizzler yourself—that's the clincher. Why not see your Chevrolet dealer now—for a drive and the happy details on Chevy's new lower prices.

Now—fast delivery, favorable deals! See your local authorized Chevrolet dealer.

Contour lines were run for Odie Grantham last week by Soil Conservation Service technicians on his farm near Knott. Contour lines were also run for Alton Free on his farm North of Stanton.

American people have been inspired by actions of the grasshopper which eats everything in sight until it faces starvation, rather than by the beaver which repairs every break in the dam to protect his food supply.

Glenn Brunson recently constructed about 2½ miles of net wire diversions on his ranch South of Stanton. These diversions were installed to spread water over his range and slow runoff so more of the rainfall can soak into the ground. Brunson is participating in the Great Plains Conservation Program and also plans to practice brush control, deferred grazing and proper use on his ranch.

"Nothing, in my opinion, would contribute more to the welfare of the States than the proper management of lands."
—George Washington

Pipeline installation was completed last week on Otis Green's farm South of Stanton. Green installed about 660 feet of asbestos cement pipe to serve as a main line for his sprinkler irrigation system. This line was installed to improve his irrigation system by conserving water normally lost through leaks in above ground pipe lines. Green plans to eventually install a total of about 2,100 feet of pipeline.

Game Magazine Has Article On Black Drum

The drum is a valuable commercial fish, it is very tasty, and is considered by many to be a fine game fish, according to Ernest G. Simmons in his very interesting article, "Drumming Along," in the January issue of Texas Game and Fish.

Simmons, a marine biologist for the Texas Game and Fish Commission, points out that the drum's position as an edible food is indicated by the fact that they comprise a major portion of commercial food fish sold in South Texas. Some opinions of persons who know the fish, writes Simmons, indicate that the fish is of little value. Nevertheless, "Many a fisherman has enjoyed battling a drum, especially while he thought he had a redfish on the hook."

The magazine's January issue cover carries a lifelike painting of the drum by San Antonio artist, Clay McGaughey.

Other articles of interest in the magazine include one on Texas bison, "Vanquished Lord," by Bob Slaughter; one on the Big Hill Bayou Management area, called "Modernizing the Marsh," by Ed Holder; an interesting piece on fossil oysters entitled "Neptune's Memento," by Sandra Pounds; one on Lake J. B. Thomas, by Tommy Hart; and a picture round-up of the public deer hunts held in Texas this year.

Pecos Enterprise To Publish Daily

The Pecos Enterprise started publishing daily the past Sunday. The Enterprise was formerly published semi-weekly. The publication is owned by Joe B. Pouns and Barney Hubbs.

The Enterprise stems from a line of newspapers that started in Pecos in 1887. Hubbs has been in the newspaper business in Pecos for almost 50 years.

Pouns came to the paper almost 15 years ago, as co-publisher, editor and advertising manager. The paper began semi-weekly publication ten years ago.

The publishers said the decision to publish daily was prompted by growth of Pecos and Reeves County. The semi-weekly paper has a circulation of 4,000 in the county.

The paper will be published Sunday morning and daily in the afternoon on Tuesday, Wednesday, Thursday and Friday.

Stanton Smacks Roby By 65-52

The Stanton Buffaloes spotted the Roby Lions a four-point first quarter lead and then turned on the speed to romp to a 65-52 victory in District 6-A play here Friday night.

The Buffaloes, led by the 31-point performance of 6-2½ center Norman Donelson, forged into the lead midway in the second quarter and were never headed.

The victory was Stanton's third consecutive win in loop play and gave them undisputed lead of District standings.

The loss was Roby's first in District competition. Their records is now 1-1.

Alton Robertson contributed 15 points for the Buffaloes while Billy Simmons and Burk paced the losing Lions with 19 and 17 points, respectively.

In earlier action, the Roby girls downed the Stanton girls, 59-61. STANTON: Donelson 5-1-31; Robertson 7-1-15; Pollock 2-1-7; Sorley 2-1-5; Airhart 3-1-7. Total: 30-5-65. ROBY: Gibson 3-5-11; Price 2-0-4; Simmons 9-1-19; Young 0-1-1; Burk 8-1-17. Total: 22-8-52.

THE COFFEE BREAKERS HAVE a friend in a California doctor who says:

"The results of coffee consumption are seen in clearer and more rapid thinking, forestalling of sleep and fatigue, a prolonged intellectual effort, better association of ideas, a sharper appreciation of sensory stimuli, increased motor activity and a diminution of reaction time to stimuli."

In commenting, the Atlanta Journal says, in short, the coffee break makes you percolate better. Furthermore, she says—the doctor is a woman—the break is better taken jointly. "Experiences are exchanged, tensions are loosened, skills are practiced in meeting people, ego strengths are firm, prestige is boosted and new cores of interest are created in nondopers."

IT'S HOG-KILLING WEATHER, and if I know my weather, the past week or two has furnished weather most acceptable to perform the execution ceremonies of a swine. My job as a lad on the farm, was to arise at 5 o'clock on a clear frosty morning and light a fire under a huge cast iron pot beside a windbreak at the pig pen. Every stick of wood used to feed the fire I was reluctant to see go. The day before the hog-killing I had cut about a cord of wood to be used for this purpose.

When the pot of water reached the boiling stage the hog's carcass was dipped in and out of the water until the hair was loosened to fall an easy prey to scraping knives when the hog was placed on a sturdy slab for dissection purposes.

My appetite rose to a high pitch all through the hog-killing business when I could see myself eating fresh pork sausage, ribs, pork chops, roasts, pigs feet, etc.

First Water Flood Program In Area To Start June 15

By JAMES C. WATSON

The first of several long-awaited water flood programs in the huge Spraberry Trend Area oil field in four West Texas Counties is expected to start by June 15.

Southland Royalty Company, operator of the initial flood, has signed the required percentage of working interests and royalty interests in the area necessary to put such an operation into motion.

The first step in securing the Railroad Commission of Texas' permission to conduct the flood will be taken by Southland Royalty before the end of January when the company asks for a hearing to consider unitization of the 15,776 acres in the flood area.

The Railroad Board requires that 85 per cent of the working interests and 65 per cent of the royalty interests agree to the water flood program. Southland Royalty has signed 91 per cent of the working interests and 65 per cent of the royalty interests.

The unitization hearing is expected to be granted within 30 to 40 days after the request is made. If a unitization agreement is reached, Southland immediately will ask for a hearing on its request to install and conduct the water flood.

This initial flood will include 110 upper and lower Spraberry sand oil producers in Northwest Reagan County, with the Upper section scheduled to be flooded first. The area involved is about nine miles long, from north to south, and about three miles wide, with the south and three miles northwest of Stiles.

Included in the area are 72 working interests, 14 operators, and approximately 350 royalty owners.

The Southland Royalty flood is expected to cost about \$2,500,000 primary investment, or slightly less than \$25,000 per well. The flood will require the drilling of five water wells and two or three infield wells.

The flood program, the first to be attempted in a fractured formation on such a large scale, is expected to increase the final recovery from the 15,776 acres in additional 19,000,000 barrels of oil, provided previous engineering data proves correct.

The additional recovery would give the 110 wells an estimated lifetime aggregate production of 29,000,000 barrels of oil.

Operators believe there are only 2,000,000 to 3,000,000 barrels of oil left in the Southland Royalty flood area which can be recovered by primary methods. The 110 wells to

date have produced about 10,000,000 barrels of oil.

Since the opening of the Spraberry Trend Area field in 1950 the production curve has dropped rapidly. For example, the field produced 1,676,715 barrels of oil during January 1956. In August 1959, the field made 887,807 barrels of oil, almost a 50 per cent decrease in production during the last two and one-half years.

The entire Spraberry Trend, including Reagan, Glasscock, Midland and Upton Counties, has 3,000 producers with 2,000 of them now on artificial lift.

The operators are going ahead with this flood on the basis of the favorable results of a pilot flood conducted by Humble Oil & Refining Company in Northeast Upton County.

In addition to the Southland Royalty operation, four other floods have been announced, and three more are in the planning stage. Humble will operate two of the announced floods, Sohio Petroleum Company one and Phillips Petroleum Company one.

A radio active tracer survey was conducted to determine the fracture orientation of the Southland Royalty area. The technical part of the survey was made by the U. S. Bureau of Mines.

Minear Elected Boy's Ranch President

Roy Minear was elected Board President of Boy's Ranch of West Texas at the Annual Board Meeting held in San Angelo, January 23. He succeeds R. T. Cotton, Waddell of Odessa who has served as President of the board for three years.

Minear is presently Executive Vice-President of J. P. "Bum" Gibbins, Inc., having been associated with this organization since 1938. He has a long list of civic and community accomplishments. For the past 18 years he has been active in Lion's work, having been President of the Midland Downtown Lions Club, District Governor of ZTZ, has been International Counselor and is immediate past President of Texas Lions International Counselors Association.

Cecil Bridges of Stanton is currently serving on the Board of Directors of Boy's Ranch of West Texas. He is a member of the Ranch Area Advisory Council, an organization which provides for a representative in each area the Ranch serves.

Boys' Ranch of West Texas, located 17 miles West of San Angelo on Highway 67, near the community of Tankersley, is a West Texas project and is now serving from 50 to 60 boys. The Ranch reserves a vacancy at all times for Martin County. The Ranch has served boys from this area in the past.

The Boys' Ranch Annual Board Meeting was an all day affair. An Executive Board Meeting was held from 10:00 to 12:00 with a special luncheon for all board members, advisory council members, and committee members at the Cactus Hotel. A General Board Meeting and election of officers and new directors was held from 2:00 to 4:00. The Annual Banquet, held at the Town and Country Club at 6:30 p. m., was a colorful event. The guest speaker, Dr. Cecil Hunter, Professor of Sociology at the University of Tulsa, Tulsa, Oklahoma, presented an unique and outstanding speech. His topic was "A Boy's Place in the Space Age."

Dan Blocker Size Was A Springboard

Dan Blocker admits his size has aided his stage career. "It was a springboard, but it wouldn't last if you couldn't act," says the 6-foot-4, 300-pound television actor.

He began acting while attending Sul Ross State College in Texas.

"They asked me to do a non-speaking part in 'Arsenic and Old Lace,'" he says. "They needed someone strong enough to carry the bodies out of the basement."

As a schoolteacher after graduation from college, his pupils paid attention.

But attentive youngsters were not enough to make Blocker forget his \$2,900-per-year teaching salary. His work, which includes a starring role on a Western-style TV series, "Bonanza," earns him \$40,000 a year.

Dan Blocker's parents live in O'Donnell. His father is a merchant in that city. Blocker has numerous relatives in West Texas and Horace Blocker, this city, is a distant cousin of the actor.

Area Oil Scouts Proving Success

By JAMES C. WATSON

The Midland Oil Scouts Association's new streamlined method of serving member companies is proving a success, reports representatives of the organization. The new method, designed to save time and man power, has been in operation since November.

The main function of the organization is to assemble and exchange information on West Texas wells, and to catalogue drilling samples from the prospectors.

The new method now used to carry on these functions has cut personnel attendance at the weekly scout check meetings in half. Time consumed in holding these meetings has been reduced by 75 per cent.

The well information is obtained as it was before the new process was installed, however, reporting and discussion of the information at meetings now is limited to wildcat and field wildcat operations.

Field well information is supplied weekly to participants in the Association by printed reports and records. These include tabular reports of drilling progress, lists of new operations and completed wells, plus individual well records in several forms.

Gathering and distribution of well formation samples through the facilities of the Association continues to be one of the services performed.

Scouting groups in other oil areas are observing the Midland Oil Scouts new system with interest, and it is expected that application of some or all of the new practices will be adopted by other oil scout associations.

Epley Rites Held Saturday In Midland

Funeral services for J. Homer Epley, 71, long-time Midland resident and formerly of Martin County, were held Saturday morning in the First Methodist Church, Midland.

Epley was the uncle of Mrs. Morgan Hall and a cousin to J. C. Epley of Stanton.

Epley died Thursday afternoon in a Midland hospital. He had been in ill health for several years, but had entered the hospital only on Wednesday, January 20.

Epley was born April 26, 1888, on a ranch in Mills County, later residing in Brown County. He moved with his parents to Marton County in 1890, settling on a ranch north of Stanton.

He attended Simmons College (now Hardin-Simmons) at Abilene and Baylor University at Waco. He came to Midland upon completion of his studies at Baylor to join the staff of The First National Bank as teller.

He entered the U. S. Army in 1917 and served with the American Expeditionary Forces in France. He was released from military service with the rank of first lieutenant. Returning to Midland after World War I, Epley, in partnership with Jax Cowden, established the Cowden-Epley Motor Company, which they operated until 1937. Disposing of his interest in that firm, Epley entered the public accounting business, in which he continued until ill health forced his retirement in 1951.

Dr. Timothy Guthrie, pastor, officiated. Burial was in Resthaven Memorial Park.

Survivors include the widow; three sisters, Mrs. L. E. Gowen and Ruth Epley, both of Abilene, and Mrs. Alma E. Stone of Lubbock; a brother, W. G. "Bill" Epley of La Mesa, Calif.; a stepson, Van B. Mitchell of San Antonio, and three grandchildren.

Smith Rites Held Friday In Houston

Funeral rites for Carlos L. Smith, 54, of Houston were held Friday in Houston. Graveside services were held Saturday in Lorraine.

Smith was the nephew of Morgan Hall of Stanton. He was well known in Stanton and had visited many times in Stanton with his uncles, Morgan Hall and the late J. L. Hall.

Smith died January 20 in Houston. He was a member of the Methodist Church, of the Masonic Lodge in Midland, was a World War II veteran and was a Shriner. A native of Robert Lee, he formerly resided in Midland.

Survivors include the widow, Mrs. Lola Smith of Houston; two stepchildren, Marcie Lamb and Marvin Lee Lamb, both of Houston; and his father, Homer Smith of Midland.

S. W. Wheeler Speaks To Rotary Club

Stanley W. Wheeler spoke to the Stanton Rotary Club at a meeting Wednesday, January 20 at Belvue Restaurant.

Wheeler discussed "The Urban Renewal Program for Stanton."

R. O. Smith of Midland gave the invocation. Presiding over the meeting was Stanley Wheeler, president.

Carl Wright was introduced as a special guest of the club. Wright has been selected as "Citizen of the Month" at Stanton High School.

Guests were introduced by James Webb. They included R. O. Smith, Bill Marquardt, Buddy Pulliam, Newnie W. Ellis, Ed L. McCollum, T. E. Hargrove, Robert Booms and Herb Schauer, all of Midland, Son Powell of Big Spring, Jim McCoy and A. C. Fleming.

Mr. and Mrs. W. M. Thomason of Big Spring visited during the weekend with Mr. and Mrs. Henry Louder.

Mr. and Mrs. Milburn Doshier and daughter of Lamesa visited Sunday with Mr. and Mrs. J. T. Young.

Mrs. Roy Linney visited last week in Midland with her sister, Mrs. Jewel Allen.

Mr. and Mrs. Roy Koonce have moved from Alpine to Stanton to make their home.

Third Graders Make Trip To Webb AF Base

Members of Mrs. Phil Berry's third grade class visited Webb Air Force Base Friday.

The group rode from Stanton to Big Spring on the train. They were met at the depot by mothers and were taken to the air force base.

At the base they visited the altitude chamber, saw where pilots are trained for blind flying and were shown helicopters. They also went through the housing development and to the park.

About 40 students made the trip. Mothers who helped with the trip were Mesdames Carlos Brantley, Joe Carr, Bob Deavenport, George Davis, D. M. Costlow, James Webb, Max Graham, L. D. Adams, John McIntyre, John Wilkes and the teacher, Mrs. Phil Berry.

Mr. and Mrs. H. M. McReynolds visited Rev. and Mrs. William McReynolds and family, Sunday in Idaho.

RLDS Women Met Thursday

"The History of the Restoration Movement" was the topic of the program given at a meeting of the Women's Department of the Reorganized Church of Jesus Christ of Latter Day Saints Thursday at the church.

Mrs. Gerald Koonce of Midland, women's leader, was in charge. A devotional was given by Mrs. Hubert Bratcher of Big Spring.

Present were Mesdames Gerald Koonce, Bill Carr, Cecil Schaefer, El Saunders, Bezie Jarvis, all of Midland; Mesdames Hubert Bratcher, Bill Miller, Bob Reagan, all of Big Spring; Mesdames M. L. Koonce, Roy Koonce, Delmar Hamm and Steve Church.

Among those who were present were Mr. and Mrs. John Pinkston, Mr. and Mrs. W. D. Thompson and Mr. and Mrs. Roy Hull of Big Spring, Mrs. Mintie Wood, Alice Angel, Mr. and Mrs. Terrell Pinkston and boys of Midland, and Mr. and Mrs. Angel.

Grady P-TA Met January 19

A meeting of the Grady Parent-Teachers Association was held Tuesday, January 19 in the Grady School lunchroom.

Members held a group discussion of the program, "Ventures In Cultured Art."

Marshall Louder gave the invocation.

Mrs. Marvin Standefer, health chairman, reported a dentist is to be at the school in the near future to check the children's teeth. She also reported the giving of polio vaccine would be completed soon.

Mrs. Glen Cox was named chairman of a foods committee for the Grady invitational basketball tournament January 28-30. Other members of the committee are Mesdames O. D. Green, Houston Woody, E. R. Perry, A. H. Tate and Raymond Pribyla.

Lomax HD Club Met In Fryar Home

A program on "Citizenship" was given when the Lomax Home Demonstration Club met Thursday afternoon in the home of Mrs. Neil Fryar.

Members were reminded to pay their poll tax and were told of the qualifications needed by someone seeking a public office.

Roll call was answered with each member telling "My personal goal for this year." The devotional was taken from 2 Tim. 1:6-12.

Seven members and one guest, Mrs. J. D. Henderson, were present. The next meeting will be February 4 in the home of Mrs. Cecil Long.

Mrs. Stephenson Hostess To BSP Meeting

Mrs. Jack Ireton and Mrs. R. C. Vest gave the program at a meeting of Xi Epsilon Delta chapter of Beta Sigma Phi Thursday evening in the home of Mrs. Doris Stephenson.

"Understanding Art" was the topic of the program. Mrs. Ireton discussed various paintings and showed copies of several famous pictures. Mrs. Vest talked about music and played a recording by Van Cliburn.

Plans were made to aid the Martin County Library. A party for all chapters was also discussed. It is to be held March 11.

Plans were made for the group to see the musical, "Guys and Dolls" on February 4.

Present were Mesdames R. C. Vest, Jack Ireton, John Roueche, Owen Thompson, David Workman, Charles Powell, Jul Reid, Tull Ray Louder, Jess Woody and the hostess.

Mrs. Lila Flanagan went to market in Dallas this week.

Jerry Wayne Graham of Midland visited Sunday with Mrs. Oma Clay Saunders and daughters.

Mrs. L. C. Waits and children have moved to Big Spring to make their home.

Mrs. Sam Cox Hostess To Tarzan Club

Members of the Tarzan Home Demonstration Club met Wednesday, January 20 in the home of Mrs. Sam Cox.

Mrs. Mildred Eiland, home demonstration agent, gave the program, "Breakfast Can Be Fun."

Refreshments of sandwiches, cake and coffee were served to Mesdames A. H. Tate, Woody Smith, Clyde Cra-ven, Bob Cox, Sam Cox, L. O. Hopkins, M. O. Southerland, Floyd Thompson, Ralph Pugh, Raymond Pribyla, Bob Hazlewood, Homer Howard, L. M. Hearn, the home demonstration agent and one new member.
