As far as your writer is concerned we have the whole wide world in our hand-the sports world anyway. The autographed football recently presented to yours truly for editorial and personal support of the Stanton High School football team takes top place over all the other articles in the newspaper's J. Peters, H. M. McReynolds, M. L. trophy case. The signatures of members of the football team inked on one of the pigskins used in a crucial and exciting game won by the Bisons will always be remembered with pride and appreciation and with the knowledge that humbleness Couriney HD must necessarily accompany such magnificent demonstration. We are geniunely proud of our autographed football.

It is nice to have support from the ranks of the people. Douglas Home Sunday afternoon we received a call from a person informing us of a possible train wreck just this side of Midland. We made the run. Found no accident but a derailed train. Only inconvenience caused was the tying up of the main line for freight and passenger service for a time. A few minutes after returning to the office, GUY BROWN, our number one reporter, dropped by the office to advise us of the derailment. GUY is always on the lookout for spot news for the paper. Shortly after GUY'S visit, we received a call from GENE BARNES. GENE and his wife had been Midland visitors and were returning to Stanton when they stopped to inquire about the derailment. When they arrived in Stanton, GENE telephoned the office to report. You just con't Pitman and two guests, Mrs. H. A. up. Here are a few simple rules that result in immediate pain or blood beat that kind of community support. We appreciated every call. Anybody telling you that this country editor don't have operators and genuine leg men helping make the county paper Garden Club a better one is off base.

Now is a fine time to acknowledge some more cooperation received last week. SHERIFF DAN SAUNDERS was responsible for our banner story. Without his information and cooperation we would have gone to press without one of the best stories of the year. This marvel of nature can lift 10 times its own weight.

As strong as the red ant may be, it has been proven that the most powerful thing for its size is the little want ad in your local newspaper.

The want ad, which costs only a few cents a day, does a hundred-fold job. This mighty mite of the printed page finds jobs for folks, sells used lawnmowers, rents houses, sells farms, loans money, finds missing persons, locates lost dogs, rents appliances, thanks folks, locates homes for surplus puppies, and performs a hundred and one useful services for the community.
