Competition is the life of all trade but carried beyond a certain point is the death of honor. -Anonymous

Competition in sports is as important as in business. But it is also important to keep it clean. With the starting of the football season just around the corner, it might be well for the fans and players to realize early that our athletic program is primarily for the benefit of the boys. Whether they win or lose, let us all stay with them. If a boy can develop mentally, Hevington and son of Muleshoe; Mrs. A program will begin at 2:30 p.m. morally and physically, that will be the payoff.

ED CONNALLY, Chairman of the State Democratic Executive Committee, extended us a personal invitation to attend a dinner to be held soon in Abilene honoring LYNDON JOHNSON. Members of the state family, including the Governor, Lieutenant Governor, Attorney General, members of the Supreme Court and all members of Congress from Texas will attend. We are looking forward to the affair. We will particularly enjoy seeing a number of our close personal friends who are now serving our higher courts in Austin in judicial capacities. Just to mention a few, there is CLYDE SMITH, JOE GREEN-HILL, BOB HAMILTON, and ROBERT CALVERT. Texas is indeed fortunate in having such capable men serving on our higher court.

Since coming to Stanton your writer has watched many Mr. and Mrs. Payne, was at the regmany changes in the business circle.
