FOR THE BENEFIT OF OUR OWN Mayor and City Fathers of Stanton we publish this story appearing in a recent issue of a Houston daily newspaper:

City fathers struggling to keep ahead of financial woes could well look at a plan recently tried with some success a Hillshire Village.

Like so many other towns, Hillshire Village, an incorporated hamlet on the western edge of Houston, was struggling to get enough money together to meet the needs.

Then, the city council dusted off an ancient Texas law and passed an ordinance to require the village's male citizens to take care of the town streets.

Men between 21 and 45 were given a choice of doing five days of street work, or paying \$1 for each day not worked.

This probably is the only time such a law has been used in Texas in some 50 years or more because it was passed years ago when money was considerably scarcer than it is today.

Hillshire Village Mayor Robert Lee Lowry, who was the first man to pay his \$1, said the law was used out of sheer necessity.

He explained that while the village is occupied by the relatively well-

ON HIS WAY—The Stanton Reporter and the Martin County Chamber of Commerce had a nice telegram from Santa Claus at press time. The jolly gentleman from the Northland expressed a keen desire to see the children of the area on his pre-holiday visit here Friday, December 9. St. Nick is coming to town by plane and he explained his mode of travel in this radar-jet age by saying: "I don't want to miss a single house and if I rode a jet I'd probably be back at the Pole—that's my home) shortly after I started—so just look for me to step from the big red fire wagon there in Stanton on Friday, December 9."

Martin County Children Ready For Santa's Visit

\$ Dollar Day \$ Flower Grove \$ Vital For \$ Statement In \$ Merchants \$ This Edition

It's going to be another kind of Day for Stanton merchants on Monday, December 5.

They are either going to "Do it" in December or see the business slip slowly away to other towns.

Some merchants have submitted advertising copy for this issue. Some have not, but will before Santa Claus leaves his headquarters base for a pre-holiday observation and goodwill tour in the Martin County area.

In civilian terms, "D" can also stand for despair. And business despair is no pretty sight to behold.

Men in Stanton who man the ramparts of business are as smart as any in the area. They know that it is essential these days to advertise items and prices — they know their prices are just as low or lower than those found on price tags in other towns. But the housewife wants to read brand names, quality brands and know the going price before she buys.

If you missed our paper this week —try next week and we'll sell some Christmas merchandise for you.

The financial statement of the Flower Grove Independent School District appears in this issue of The Stanton Reporter.

The statement was submitted to the paper Monday morning by E. D. Holcomb, secretary of the Flower Grove board.

The statement was prepared in excellent form and meets all legal requirements for publication. Flower Grove's statement did not appear in last week's issue of the county publication because it did not arrive until after the paper was printed.

The staff here at the newspaper wish to take this opportunity of thanking the officials of Flower Grove School and members of the board for their very fine and efficient cooperation. They are really on the ball up in the north section of the county and we are proud that we can claim Flower Grove as a sister community.

Children from all over Martin County have been invited to be on hand Friday, December 9 for Santa's annual pre-Christmas visit to Stanton.

The jolly old gentleman is scheduled to arrive in Stanton at 2:30 p.m. He is to fly to Stanton from his home at the North Pole, and is to land on the outskirts of Stanton, and then make the rest of the trip to the courthouse on the fire truck.

Elementary school children from Flower Grove, Grady, Courtney and Stanton have been invited to be present for Santa's visit. Pre-school children from all over the county and surrounding area also are invited to be on hand to talk with Santa and to tell him their Christmas wishes.

After arriving on the fire truck Santa will talk and visit with every child who wishes to talk with him on the courthouse lawn and in the courthouse.

Bags of Christmas candies and fruits will be distributed by Santa's helpers in the courthouse. Children are to form a line on the south side of the courthouse and are to march through the southeast courthouse door through the courthouse and get

Garden Club To Sponsor Yule Lighting Contest

Stanton Garden Club will sponsor a Christmas lighting and decorations contest for Stanton during December.

There will be prizes awarded in two divisions in the contest. One division will be for Christmas decorations in the residential section and the other will be for decorations in the business section of Stanton.

All merchants and local residents have been invited and urged to participate in the contest, and to decorate their business establishments and homes.

Lions Zone Meeting Held In Stanton

Representatives of five Lions Clubs were in Stanton Monday evening for a zone meeting at Belvue Restaurant.

Representatives from the Garden City Lions Club, Midkiff Lions Club, Midland Downtown Lions Club, Midland Southside Lions Club and Stanton Lions Club were present.

Kea Peeler of Midland, zone chairman, was in charge of the meeting during which plans for the future and various problems were discussed.

Attending from the Stanton club were Jimmy Stallings, D. M. Costlow and Roy Pickett.

Flower Grove Dragons Win Regional Title

Flower Grove defeated the Balmorhea Bears, 31-20, in the Regional championship six-man football game in Crane Thursday afternoon.

The Dragons thus ended the season with a 9-2 won-lost record. Balmorhea's loss was its first in 11 tries.

Dan Lemon led the Dragon attack. He scored on runs of 12 and 77 yards and passed for two more TD's. Jerry Webb taking both of the aerials in for scores.

Beaver Ramsey got the other tally on a dash of 79 yards. Ronny Deatherage caught a pass from Mike Holcomb for the Dragons' only extra point.

The Stanton Reporter wishes to join in sending salutations and best wishes to the fine six-man football squad and to Coach Massingill on their fine string of victories which enabled them to take the championship.

Methodist Children To Visit Shut-ins

Members of the Children's Department of the First Methodist Church will make their annual pre-Christmas visit to homes of shut-ins Sunday afternoon, December 4.

The group will meet at 3 p.m. at the church and from there they will go to the various homes, where they will sing Christmas carols and leave gifts, Christmas candy and cookies.

Teachers will accompany the children on their annual visit to homes of shut-ins. Children of the Methodist Church have been doing this for the past 20 years.

\$1,443 Raised In Boy Scout Fund Drive

A total of \$1,443.75 has been raised in the Martin County Boy Scout fund raising campaign. David Workman, drive chairman, said this week.

Workman said a few more donations are expected to come in. He urged all team captains and workers who have out prospect cards to return the cards as soon as possible to Jimmy Stallings or Workman so the records can be completed and the campaign can be closed out.

Workman expressed thanks on behalf of the Boy Scout Council to all who contributed and to all team captains and workers who assisted with the drive.

Chief Of Police Myrick Reviews Traffic Laws

Police Chief Johnny Myrick is interested in getting the help and cooperation from all motor vehicle and scooter operators in an effort to keep the accident record as clean as it has been in the city for the past several weeks.

Chief Myrick advised the press that most operators of vehicles were meeting all the legal requirements but that a few should make arrangements immediately to secure proper credentials for driving.

Myrick was concerned about the fact that many parents and motor scooter operators possibly don't know about or understand the state laws governing the operation of a scooter. He brought the law to the newspaper and we are printing it here as written.

*Article 6687-B, Sec. 35 of Texas

Revised Civil Statutes reads that no person shall cause or knowingly permit his child or ward under the age of eighteen years to drive a motor vehicle upon any highway when such minor is not authorized hereunder or in violation of any of provisions of this act.

Chief Myrick pointed out that the penalty for violation of any part of the act is covered by Sec. 44 of same and fines run from \$1 to \$200 plus court costs.

Motor scooters are motor vehicles and are subject to all registration and safety laws and must have a license and a motor vehicle inspection sticker. The operators are also subject to all Texas liability laws. Safety stickers may be carried on the person of the operator of a scooter for that particular vehicle provided the scooter has no windshield.

County Men To Return Thursday From Iowa Trip

Martin County men are to return home Thursday from a tour of Iowa and the cornbelt feeding center.

The group left Saturday along with about 60 other West Texans for the trip to Iowa.

Horace Blocker, Cliff Hazlewood and Cliff Hazlewood Jr. left with a group from Lubbock. Bob Cox accompanied a group which left from Fort Worth.

The tour is sponsored by the Agriculture and Livestock Committee of the West Texas Chamber of Commerce.

The group was to visit six farms in Iowa. The tour also was to include feeding research facilities of Iowa State University. Before beginning the tour of the cornbelt feeding center, the group spent one day in Chicago at the International Livestock Exposition.

52,296 Bales Processed In Martin County

Martin County gins have processed 52,296 bales of 1960 cotton. The county's estimated crop has been set at 72,575 bales by the Texas Employment Commission.

Glasscock County, with an estimated 94 per cent of its crop harvested, is not expected to reach the 10,205 bale total estimated for it by the Texas Employment Commission. The estimate has been lowered to 9,300 bales. Glasscock gins have baled 8,909.

Howard County gins have processed 30,139 bales of cotton and the Texas Employment Commission has upped its estimated crop from 30,620 bales to 35,900.

4-H Clubbers To Attend Midland Banquet

Jimmy Robertson and Carole Wade, Martin County 4-H Club Gold Star Boy and Girl for 1960, will attend a district gold star banquet Saturday evening in Midland.

All gold star winners from all over District Six will be honored at the banquet at Sands Restaurant.

Earl Rudder, president of Texas A&M College, will be the principal speaker.

Also attending from Martin County will be Mr. and Mrs. O. Robertson, Mr. and Mrs. E. L. Wade, Mr. and Mrs. James Eiland and Mr. and Mrs. Bob Johnson.

American Legion To Install New Officers Dec. 6

Members of the American Legion will hold their regular monthly meeting Tuesday evening, December 6 at the Legion Hall.

New officers will be installed at the meeting, which begins at 7:30 p.m. Alton Turner is to be installed as commander along with other officers who will serve during 1961.

Lions Club Hears Talk By W. H. Uhlman

Rev. W. H. Uhlman, pastor of the First Baptist Church, was guest speaker at a meeting of the Stanton Lions Club Tuesday at Belvue Restaurant.

The speaker, who was introduced by Paige Eiland, program chairman, spoke on "How Do We Know There Is A God."

Jimmy Stallings, president, was in charge of the meeting.

Twenty-six members and one guest were present.

Community Services Held On November 23

A community Thanksgiving service was held Wednesday evening, November 23 at the First Methodist Church.

Speaker for the service was Rev. W. H. Uhlman, pastor of the First Baptist Church. Mrs. John Wood of the First Methodist Church directed special music.

The invocation was given by Rev. Jerry Shepperd, pastor of the Assembly of God Church. Rev. W. C. Wright, pastor of the Fellowship Baptist Church, gave the benediction.

During the services a collection was taken for local ministers to use to minister to transients, who apply to them during the year for help. The collection amounted to \$159. Last year at the Thanksgiving services a collection of \$110 was taken and during the year \$140 was spent.

FFA Teams To Enter Area Contests

Two Stanton Future Farmers of America Farm Skills teams will enter Area II leadership competition Saturday in Big Spring.

Stanton will be one of the seven district winners trying for the top two places. The two top winners will enter the state contests December at Huntsville.

Members of the junior team are Darr Huckabay, Ronnie McReynolds, Rodney Payne and David Pruitt.

The senior team consists of Jim Sale, Mike Black, Sonny Waldrop, Steve Springer and Terry Shanks.

The two teams earned the honor to represent this district by winning first in the El Rancho District contests held November 3 in Odessa.

No. 2 Buchanan Completed By Phillips In Devonian

By JAMES C. WATSON

Phillips Petroleum Company of Midland has completed No. 2-A Buchanan as a Devonian gas-distillate producer in the Azalea field of Midland County, 10 miles southwest of Stanton.

It finalized for a calculated, absolute open flow potential of 7,600,000 cubic feet per day from perforations at 11,354-11,440 feet, which had been acidized with 2,000 gallons and fractured with 160,000 gallons. Gas-liquid ratio was 4,000-1. Gravity of the distillate was 54.8 degrees.

C.C. Directors Discuss Livestock Show Plans

Plans for the annual Martin County Livestock Show were discussed at a meeting of the Martin County Chamber of Commerce directors Monday evening at the Chamber of Commerce office.

It was decided to hold the show on the weekend of January 21 or 22 at the county show barn. The Agriculture Committee will be in charge of arrangements. Gerald Hanson is chairman.

The next meeting of the directors was set for Monday, December 19 at 7:30 p.m. at the office. At that time ballots to vote on three directors will be mailed out as well as ballots on what days to observe as holidays

dates for members to vote on. Three new directors will be elected for 1961.

O. B. Bryan, chairman of the Conventions and Banquet Committee, reported on his committee's progress in obtaining a speaker for the annual Chamber of Commerce banquet Monday, January 30. He reported a speaker has not been selected yet, but the committee has several prospective speakers.

It was reported the membership drive is still in progress and is progressing nicely.

Directors discussed a Christmas decorations contest for business houses and the residential section in

Peace Through Preparedness

The title of this editorial is the theme of Civil Defense Day, which the Nation observes on December 7, Pearl Harbor Day. We think it most fitting that Civil Defense Day and Pearl Harbor Day be observed together. The sneak attack which plunged us into World War II serves as a grim reminder that we must never again relax our vigilance.

In this nuclear age, attack without warning could strike our country, and millions could die even while our superior military forces were destroying the enemy. Though modern weapons could kill millions of Americans, most of our people could survive—if they have fallout shelters.

Director Leo A. Hoegh of the Office of Civil Defense Mobilization, in keynoting Civil Defense Day, calls these home fallout shelters "the lowest cost family insurance which can be obtained." Costs range from \$150 for a "do-it-yourself" shelter to \$1,500 for a custom-made shelter that also serves a growing family's need for an extra room.

He suggests that to be prepared, you should know and take action on five fundamentals:

1. Know warning signals. A steady blast of three to five minutes means "attack probable; take action as directed by the local government." A wailing tone or short blasts for three minutes means "attack imminent—take cover immediately in best available shelter."
 2. Know your community plan for emergency action.
 3. Be prepared to protect yourself against radioactive fallout. This means having a home shelter. Your local Civil Defense office has free instructions for inexpensive shelters, or you can obtain a free copy by writing to Box Home Shelter, Battle Creek, Michigan. Store a two-weeks supply of food, water and other essential items and equipment.
 4. Know first aid.
 5. Know CONELRAD and have a battery-powered radio set. The CONELRAD stations operating on 640 or 1240 on your radio dial, will give you local emergency instructions.
- It's as sensible and simple as that. Civil Defense Day should remind all of us of the need for these important survival preparations. To not take these basic self-protective measures is to gamble with your life. Don't neglect civil defense preparedness in your home.

THE MEMPHIS DEMOCRAT: "According to a telephone survey of county gins Wednesday morning, ginning figures climbed to 23,577 bales this week. County gins, running around the clock, were able to turn out 7,577 bales in the six-day period since last week's report. This is record-setting ginning for the county. At this six-day period last year, county gins were able to process 6,677 bales. At this time last year, 36,373 bales had been ginned which was 10,000 bales shy of the final figure of 46,371."

THE POST DISPATCH: "Final plans and specifications, together with the engineer's total cost estimates, for the White River dam and water pipelines will be presented to the White River board at its December session in Spur. Jim Nichols of the engineering firm of Freeze and Nichols told White River directors here last Thursday night that as soon as the board approves such plans they will be submitted to the Federal Housing and Home agency and the state board of water engineers for their approval."

THE MUNDAY TIMES: "Plans are beginning to shape up for the Christmas holidays — and Munday merchants, through the Chamber of Commerce, are laying these plans. The plans call for Santa Claus to visit Munday on Friday, December 9, at which time the Christmas shopping season will officially be opened; the children will get their first visit with Santa Claus, and people will be thinking of what loved ones will be wanting and needing for Christmas."

THE MITCHELL COUNTY NEWS: "Santa Claus will make his pre-Christmas trip to Loraine on Friday afternoon, December 16. The Santa parade will begin at 4 p.m. and will be led by the Loraine High School Band."

THE EDEN ECHO: "At a meeting of the coaches of District 8-B held Monday evening at Rochelle the first and second team of the district, as well as honorable mentions were selected with the Eden Bulldogs drawing five positions on the first team, one on second squad, five on honorable mention and Mike Dail was named outstanding lineman."

THE BIG LAKE WILDCAT: "Big Lake was host to the members of District Two of the Texas Sheep and Goat Raisers Association Tuesday, November 29. The meeting got underway with a barbecue at the Big Lake Country Club, and the business followed in the Reagan County High School auditorium."

THE MERKEL MAIL: "The Plains Cowboys, fifth-ranked Class A team in the state, had to use a triple hand-off, lateral pass play deep in the final period to overcome a fighting band of Merkel Badgers, 9-7. The bi-district tilt was played before a crowd of some 3,500 in Big Spring."

THE CROCKETT COURIER-DEMOCRAT: "Dr. Jack Goolsby, Crockett's city health officer, spoke to the Crockett Rotary Club Thursday on results of 25 years of studies by investigators of fluoridation of drinking water as a means of improving dental health by prevention of tooth decay. After Dr. Goolsby's talk, J. C. Shotwell, president of the

Rotary Club, appointed Earl Adams, Dr. C. M. Griswold, and Dr. Homer Price as a committee to work with the other local organizations on any efforts that may be made to arrive at a definite position on the matter."

THE FORT STOCKTON PIONEER: "Pecos County's thriving livestock industry, long an economic staple in this area, is expected to provide something more than \$3 million for the pockets of residents this year. County Agent W. T. Posey puts his finger on about \$2,630,000 in income to be derived from sheep and cattle this year. With attendant side benefits, the final figure will go something over \$3 million and maybe \$4 million when it's all added up."

THE McCAMEY NEWS: "The deadline for entering the McCamey Garden Club Christmas lighting contest for residents of McCamey is December 15. The club is asking that the religious theme be stressed as much as possible this year in the decorations in order to get the real meaning of Christmas back in the thoughts of the people."

THE GRAHAM REPORTER: "City Council announced plans to lease lots on Lake Graham during a regular meeting of aldermen Thursday night. A drawing will be held January 5 for persons who made deposits at city hall for the lots by December 31. Persons who made previous deposits and left their money on deposit at city hall will have first priority."

THE FOARD COUNTY NEWS: "The Crowell High School football team defeated the Keller Indians for the third consecutive year in bi-district play at Jacksboro. The score was 42 to 9 at the end of the game."

Bible Comment—

Those Who Know Jesus Can Feel His Presence

It was as the Saviour of Men, the Redeemer, that Jesus fulfilled His earthly mission.

But the Gospels reveal on almost every page how the Saviour of Men was also teacher, healer and friend. Jesus was also the great Sympathizer, entering into the joys and sorrows of life, weeping with those who wept, but sharing the joys of a wedding feast.

He freely accepted hospitality and mingled with men, especially with the common people "who heard Him gladly." We call Him the "Man of Sorrows," and it befits one who bore the world's sins and invited the heavily laden to come to Him for rest.

But back of the sorrow and tragedy of the sin that crucified Him was One who was neither recluse nor ascetic. He is not only our Saviour, but also our Friend. He called His disciples "friends," and He is the friend of all who would be His disciples. This continuing Presence and Friendship of Jesus is not a myth nor an emotional illusion.

Nothing is more sure than that thousands have felt, and feel the reality of that spiritual Presence. It brings into daily life and experience the warmth and tenderness, the faith and hope, the uplifting work that helped and inspired and blessed those who met the Master in His earthly life.

But if one would have that experience of the present Christ today, one must know that Master in His earthly life.

And the one sure way of knowing

Mr. and Mrs. Roy Martin and Mrs. Don Hightower spent Thanksgiving in Midland.

Philosopher Finds Problem That Doesn't Worry Him — The Precise Length Of A Second

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw is taking an unscientific attitude toward a scientific problem, his letter this week reveals.

Dear editor:

Nearly anybody, if you pin him down, will claim he has his full share of things to worry over, but that's because there are more problems in this world than he's found out about. Actually, there are a lot more problems he could worry about if he knew about them.

For example, take a second of time. For years now I've been going along not paying much attention to the length of a second, figuring 60 of them made a minute and that's all there was to it.

But all this time there have been people worrying over how long a second actually is. As I understand it from a newspaper article I read last night during a commercial on television, there's a serious question in the minds of scientists over whether the present second is accurate.

For centuries man has been basing his measure of time on how long it took the earth to go around the sun, but some scientists are now claiming this isn't accurate enough, and time ought to be based on the pulse beat of an atom.

This is the sort of problem I'm glad I escaped worrying about for all my years up to now, and I'm not sure I can swing much worrying to it even after I've heard about it.

I mean, I don't really care how long or short a second is, or whether a second today is the same length it was yesterday. When a man has got himself in a position where seconds are important to him, he's left me behind by several years. Although

Kilgore Rites Held Friday In Big Spring

Funeral rites for Grady W. Kilgore, 65, long time resident of Big Spring, were held Friday afternoon in Big Spring.

Mr. Kilgore, who was the father of Grady E. Kilgore of Stanton, died Tuesday morning, November 22 in a Big Spring cafe.

Rev. W. A. James, pastor of the Airport Baptist Church, officiated. Burial was in Trinity Memorial Park, Big Spring.

MRS. JOEL RENDAL HAMBY

**Diana Dawson, Rendal Hamby
 Repeat Vows In Twilight Rites**

Diana Carolyn Dawson of Big Spring and formerly of Stanton and Joel Rendal Hamby of Big Spring were married in a single ring ceremony Wednesday evening, November 23 in St. Mary's Episcopal Church, Big Spring.

The bride is the daughter of Dr. and Mrs. George Waller Dawson of Big Spring. The groom's parents are Mrs. Renis Kauffman of Big Spring and Joe Hamby of Big Spring. The bride is a graduate of Big Spring High School. She also attended Stanton schools. She attended the University of Louisville and at the present time she is attending night school at Texas Tech.

The bridegroom also is a graduate of Big Spring High School and will graduate in June from Texas Tech. He is employed by Hemphill-Wells Co. in Lubbock.

The Rev. Donald Hungerford, pastor, read the vows as the couple stood before an altar embanked with white chrysanthemums and carnations accented with emerald ferns with seven branch candelabra.

Ellis Willis of Big Spring, organist, accompanied the choir as they sang "O Perfect Love" and "The Grace of Christ Our Savior." She accompanied Mrs. Don Newsom of Big Spring as she sang "Entreat Me Not To Leave Thee" and furnished traditional wedding marches.

The bride, presented in marriage by her brother, Alexander Huling (Zan) Dawson, of Big Spring, wore a dress designed by herself. The dress of white satin was covered with white silk organza, pleated tulle ruffles and an under train of puffed organza. The long fitted sleeves tapered into points over the hands. The bodice featured Chantilly lace inserts and a boat neckline embroidered with pearls and sequins. The veil of silk illusion was held in place by a crown of pearls.

An ivory bound prayer book containing the initials of her grandmother, Mrs. C. F. Huling, of Big Spring, held the bridal bouquet of orchids showered in frenched carnations and tied in piquet satin. The prayer book was carried by her grandmother and her mother, Mrs. Dawson, in their weddings.

Mrs. Alexander Huling Dawson, of Big Spring, attended her sister-in-law as matron of honor. Serving as maid of honor was Virginia Lee Johnson, of Big Spring. Both honor attendants wore identical dresses of silk organza over forest green polished cotton which was repeated in fashioning the cummerbunds. They wore matching hats and gloves.

Susan Zack, of Big Spring, was bridesmaid and Catherine Anne Dawson, of Big Spring, sister of the bride, was junior bridesmaid. They were dressed identically to the honor attendants except in gold color.

Laray Hamby of San Antonio was his brother's best man. Guests were seated by Ronald Barry of Slaton, Ransom Galloway of Lubbock, Renis Kauffman of Big Spring, stepfather of the bridegroom, and Ray White.

Suzanna Brown of Stanton, wearing a dress of yellow with a matching over-dress was flower girl. Altar tapers were lighted by Ricky Hamby

Immediately following the ceremony a reception was held at the Cusden Country Club, Big Spring.

Forming the receiving line were the bridal couple, Mrs. George Waller Dawson, Mrs. Renis Kauffman, Mrs. C. F. Huling, Mrs. C. W. White, and the bride's attendants.

The bride's table was covered with an embroidered silk organza floor length cloth over white satin and decorated with an arrangement of white carnations accented with silver leather fern. Also decorating the table was a three tiered all white wedding cake accented with lily of the valley.

The groom's table was centered with an antique coffee service belonging to his great-grandmother.

Mrs. Charles Craven of Lomax secured the names of the guests in the guest register.

Members of the houseparty were Mrs. Douglas Orme, Mrs. Jim Zack, Mrs. Charles Craven, Mrs. Lamy Hamby of College Station, Mrs. Ray White, Mrs. J. T. Johnson, Mrs. Ralph Caton, Mrs. Glenn L. Brown of Stanton, Mrs. Ransom Galloway of Lubbock, Mrs. LeRoy Talkington, Mrs. Loren McDowell Jr., and Mrs. J. H. Taiton.

Guests attended from Stanton, Lubbock, Albany, College Station and Colorado City.

Mr. and Mrs. A. T. Barnes, Richard and Johnny, visited Sunday in Hamlin and McCaulley.

It's Easy To Tell A Deer From A Cow

There is just as much difference between a beef steak and a venison chop as there is between a cow and a deer. But it's a lot easier to recognize a cow at a glance. At least, this is the theory of Capt. E. M. Sprott, director of law enforcement of the Game and Fish Commission.

He's been evaluating stories coming into the office about deer hunters shooting cows on farms and ranches.

He says the cow shooting by hunters falls into three categories. First, there is the hunter who just shoots when he sees something move. Then, of course, there is the night hunter who shines a flash light into a cow's eyes and pulls the trigger on the wrong kind of animal.

Then, the captain admits, there are some who just don't seem to know the difference.

All three are a menace to other wildlife and all hunters, according to the captain.

"Many more landowners would be willing to permit hunting on their places with some assurance their prize livestock wouldn't be killed off," he said. "But it seems every day, somewhere, our wardens are given information about the shooting of livestock."

Weekend guests with Mr. and Mrs. James Biggs and family were his mother, Mrs. Thelma Biggs and his brother-in-law and sister, Mr. and Mrs. Bruce Edwards and sons of Amarillo.

Savings Bonds Sales Total \$6,276 For Oct.

October E and H Savings Bonds sales in Martin County totaled \$6,276 according to James Jones, Chairman of the county Savings Bonds Committee.
Sales for the first ten months of 1960 were \$42,115 which represents 105.3% of the county 1960 goal. First ten months sales in Texas were \$129,501.24% or 78.2% of its 1960 goal of \$165,500.000.

"Savings Bonds are an investment in the future. For years the Treasury Department sold bonds as a doorway to opportunity — a new home, college education, retirement, or some other dream of the future. But today the future itself is threatened. With the dawn of the missile age, the world is suddenly aware that one more war could be the last. The hope of the age is for peace — for some guarantee that there will be a future to look forward to. We must have PEACE POWER — the strength to keep the peace; the knowledge to make it lasting. Savings Bonds, in building economic stability, help strengthen America's peace power," Jones concluded.

estimated crop, has ginned 11,940 and Gaines County, with a crop expected to hit 75,000 bales, has ginned 61,000.

Fisher County's estimate has been increased from 40,000 to 45,000 bales. The TEC office in Sweetwater said that 38,175 bales have already been ginned and enough cotton is on the gin yards now to account for 40,000 bales. TEC said 139 strippers are working in the fields of the county. Scurry County has 22,207 bales of an estimated 25,000 total ginned. One hundred and 10 strippers are working in that county.

Mitchell County, with 30,000 bales estimated as its crop, has 25,697 bales ginned. Fifty strippers are employed in the county.
Nolan's crop has been upped 2,000 bales from 18,000 to 20,000. The increase on the estimate came when a check showed 18,665 bales have already been ginned and at least 600 more bales waiting in the yards. Ninety-three strippers are in Nolan County fields.

GORDON "DOGIE" STONE was a visitor recently at the Capital Hill residence. Among the worldly affairs discussed was the space ship launching sometime in the year 1961. The ship intends to load out one or more live human bodies for the space trip. Dogie has been taught from infancy there is a Man in the Moon, and arriving at his later years has seen with his own eyes the Man in the Moon. He wants either to verify the statement or be in a position not to by taking a trip to the moon. It is said the moon is made out of green cheese — Dogie wants to verify that accusation while visiting the moon.

We didn't think Stone would have any difficulty landing as a passenger aboard the space ship as soon as they learned he owned an airplane.

Stone is running sheep and cattle on his farm and ranch five miles southeast of Stanton. He irrigates his farm land, raising cotton for the markets and feed for the livestock.

His family is made up of his wife, Inez, an excellent cook and housekeeper, son Gordon Jr., a graduate in engineering last year at Southern Methodist University, and daughter, Carolyn, attending Southern Methodist University.

Madeline Billingsley, Charles Mickelson Wed

Madeline Billingsley became the bride of Charles O. Mickelson Saturday evening in a double ring ceremony performed in the Ackerly Church of Christ.

Parents of the bridal couple are Mr. and Mrs. J. L. Billingsley of Ackerly and Mr. and Mrs. Otis Mickelson of Clifton.

Roy Phemester, former pastor of the Ackerly church, read the vows as the pair stood before an arch decorated with greenery and white satin bows. Tapers in graduated candleholders formed a background. On each side of the arch stood cathedral baskets of white gladioli and greenery.

Music was furnished by the 14th and Main Church of Christ Choir of Big Spring.

The bride, escorted to the altar and given in marriage by her father, wore a floor length dress of white silk bombazine, designed with a deep yoke of re-embroidered Alencon lace, extending over the shoulder, complementing the long tapering sleeves. Soft folds formed an Empire line, accenting the fitted princess style bodice that fell into a voluminous skirt. A back peplum, highlighted by flat bows, held the sweep of a chapel train.

The bride carried a white orchid surrounded by white carnations.

Mrs. Robert Lampe of Big Spring attended the bride as matron of honor. She wore a dress of burnt

orange velveteen featuring a square neckline and three-quarter length sleeves. Her hat was of matching net trimmed with seed pearls. She wore burnt orange satin shoes and carried a nosegay of orange and gold spider chrysanthemums.

Bridesmaids were Ruth Burton of Sweetwater and Rosa Lee Hammack of Big Spring. They wore identical dresses of gold velveteen and accessories were the same as that of the honor attendant.

Don Pallett of San Saba was best man. Ushers were Robert Lampe of Big Spring and Larry Billingsley, Leon Toombs and Edward Billingsley of Ackerly.

Flower girls were Diane and Janie Billingsley. They wore dresses of burnt orange velveteen styled similar to those of the other attendants.

Richard White, cousin of the bride, was ring bearer.

Altar tapers were lighted by Barbara Burchett and LaVelle Nix of

Big Spring. They were dressed in dresses identical to those of the bridesmaids.

For a wedding trip to points in East Texas, the bride chose a suit of brown tweed with brown and orange accessories and wore a white orchid corsage.

Upon their return the couple will reside at 535 hillside Drive, Big Spring.

The bride is a 1955 graduate of Ackerly High School and attended Abilene Christian College for two years. She is presently employed at Webb Air Force Base.

The bridegroom is a 1954 graduate of Clifton High School and a 1958 graduate of Texas A&M College. He is presently employed with the Soil Conservation Service.

Christmas Office Parties

A hard look at hard liquor at Christmas office parties is being urged this year by the Texas Safety Association.

J. O. Musick, General Manager of the Texas Safety Association, said, "There is no doubt that many highway accidents during the pre-Christmas holiday season can be traced back to the office party and its flowing bowl."

It is rather incongruous that the happiest time of the year—the year-end holiday season—is the saddest time of the year for many families who have had their loved ones killed or maimed in highway accidents.

"We have no desire to dampen the traditional holiday spirit—rather we are trying to bottle up the source of a great deal of grief," Musick said.

Religious beliefs and faith hold the answer to the serious problems facing our country at every hand, but from a traffic point of view belief and faith without action result in tragedy. "If we can find the key to translating these concepts into active love for our fellow man to preserve the life and safety of others, this year's holiday season can be one of the happiest we have ever had in Texas," Musick said.

MANY END AS 'DEAD' MAIL

Postal Officials Outline Rules For Parcel Sending

The Christmas present that pleases nobody is the one that lands in a post office dead-parcel department.

Postal authorities report that more than a quarter of a million gift parcels will come to that end this Yule season.

You can be sure your Christmas packages miss the dead-letter department if you heed the following addressing and mailing rules.

Address Carefully
—Address carefully, legibly.
—Make sure initials of states are readable. Don't let a package for N. J. end up in N. M., N. H., or N. Y.
—Address with permanent ink that won't be smeared or washed out by winter dampness.
—Use postal zone numbers in mailings to large cities.

—Send by registered first class mail or insured parcel post. Parcel post packages may be opened for inspection. If you seal parcel post packages, mark them "this parcel may be opened for postal inspection if necessary."
Put Return Address
—Put a return address in the upper left-hand corner so the package will be returned to you if it does not reach its destination.
—Pack solidly, using paper or cot-

ton to keep the contents in place inside the box. Packages with contents that rattle sometimes are not accepted by the post office.
It is illegal to send liquor, flammable materials, explosives or firearms through the mail.
—Post offices display mailing deadlines to help you decide when to send Christmas gift packages. But don't wait for deadlines. Mail early.

Santa's Bag Stuffed With Plentiful Foods

Santa's bag of gifts this December will include a bountiful supply of farm-produced foods, reports the Texas Agricultural Extension Service, College Station.

Seven food items will be especially plentiful all month. These are cranberries, broiler-fryers, turkeys, onions, dates, peanuts and peanut products, and vegetable fats and oils.

Broilers and cranberries are the features of the December list.

Recent chick placements have been running 15 to 20 percent higher than a year ago, so it looks like marketings of live broilers will be unusually heavy in December. Fresh cranberries come from the 1960 record crop, which was a third above average.

The plentiful foods list is determined each month by the area food distribution division of the Agricultural Marketing Service. Items are eligible for listing, at the request of the food industry, when supplies exceed expected trade needs.

Consumers usually will find it profitable to watch for special sales on plentiful items at local stores, as

Governor Daniel Lists 'Beef Week In Texas'

Gov. Price Daniel has proclaimed December 4-10 as "Beef Week in Texas" for 1961, marking the seventh consecutive year state-wide tribute has been paid to the Texas Beef Council. The governor delivered his official proclamation to Hugh A. Fitzsimons of San Angelo, president-elect of the council.

"Texas cattlemen, producers of our most traditional basic food, have made invaluable contributions to the economic wealth of our state and the health of our citizens," the governor's statement read in part. "Beef is one of our state's greatest agricultural resources, and Texas cattlemen, by constantly improving their product, have built for Texas a national and international reputation as the world's foremost beef cattle producing area."

Local activities will pay tribute to the Beef Council's "eat more beef" campaign in more than 200 Texas communities, Fitzsimons said. Highlight of the week will be a state-wide "beef supper" in San Antonio December 7, at which Walter Heh-meyer, of the National Cotton Council, will be the speaker.

Visitors during the Thanksgiving holidays with Mr. and Mrs. Clyde Geurin were their son-in-law and daughter, Mr. and Mrs. Carl Herron and family of Hope, Ind.

Mrs. Annie Thomason spent Thanksgiving in Midland with her son and family, Mr. and Mrs. Wendell Thomason.

Mr. and Mrs. Martin Gibson spent Thanksgiving Day in Fort Davis with their son-in-law and daughter, Dr. and Mrs. Don Gaddis and family.

Rising Food Prices Boost Living Costs

Living costs rose four-tenths of one per cent in October to hit another peak.

Almost half the increase was attributed to higher food prices, but practically every element of consumer expenditures advanced.

The government index rose to 127.3 per cent of the 1947-49 average. This is 1.4 per cent higher than a year ago.

The October increase was the largest since last April. The index increased in eight of the first 10 months of 1960.

More Pay Increases
The new cost increase will bring a pay boost to two cents an hour to approximately 1,600,000 workers in auto and farm equipment manufacturing.

About 80,000 other workers in the farm equipment industry and in several small aircraft firms are due a one-cent hourly increase.

Under labor contracts, the pay rates of these workers are adjusted to changes in the government index.

Food prices, which usually decline in October, went up instead by six-tenths of one per cent.

These combined with higher prices for new cars, higher rents and other housing costs, and increased prices for women's and girls' apparel to send the October price level to the record. Medical care costs also were up.

Prices of food bought for home consumption and restaurant meals both increased. Egg prices rose almost 11 per cent in one month to a level of 23 per cent above October, 1959.

Prices of most fresh fruits, tomatoes, pork, milk and bread also rose. Higher prices for grapefruit, up nine per cent, and tomatoes reflected damage to Florida's crops by the September hurricane.

Bread prices, up five-tenths of one per cent in October, have increased almost five per cent in the last year. Introduction of 1961 models raised prices of new cars four and one-half per cent.

However, new cars are selling 2.2 per cent below the prices for new 1960 models at this time a year ago.

Although medical care continued its steady increase in October, prices of prescriptions and drugs averaged six-tenths of one per cent lower.

Methodists To Attend District Meet

Members of the First Methodist Church will be in Lamesa Friday, December 2 to attend a district conference at the First Methodist Church.

The meeting will begin at 9:30 a.m. and will end at 3 p.m.

Delegates are Mrs. G. W. Alsup and Mrs. Roy Pickett. Alternates to the meeting are Jim McCoy and H. M. McReynolds. Also attending will be Rev. and Mrs. Ellis Todd.

Edwards Rites Held In Lamesa

Funeral rites for James Roupard Edwards, 54, a retired peace officer of Crosby County and former Dawson County justice of the peace, were held November 23 in Lamesa.

Edwards, who was the father of Mrs. David Davidson of Ackerly, died Tuesday morning, November 22 at his home in Lamesa.

Services were held in the Church of Christ, Lamesa. W. T. Hamilton, minister, officiated. Burial was in Lamesa Memorial Park.

Survivors include the widow; three daughters, one sister, four brothers and two grandchildren.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT
Jack Buchanan, Bob Cox, Bernard Houston, Larry Shaw, J. D. Crawford.

Many farmers are overlooking a very important crop. That crop is grass. Grass crops can be a boon to our farming economy. A grass crop protects and improves the soil in several ways, (1) prevents erosion, (2) improves soil structure, (3) increases the organic matter content, (4) improves the biological life in the soil; hence greater productivity.

While the benefits to the soil are going on what are the immediate returns of a grass crop? Grass for a seed cash crop has as great a possibility as any of the cash crops that we are now growing. Some seed producers have made extremely high profits by growing grass seed for the market. High quality seed of our

best varieties is likely to remain good for some time. Our weather conditions are good for harvesting a grass seed crop.

Other benefits of grass can be grazing or growing livestock with which we are well acquainted, hay production or grass for silage is the best substitute for pasture. Grass then may be marketed through livestock and the manures returned to the soil. Good grass crops furnish the cheapest feed available for most types of livestock. The lower feed cost resulting from better grass crops mean lower cost of production.

Conservation farming with more and better grass crops assures us of permanent high production from our farms and ranches.

The establishment of a stand of grass depends upon having a proper seed bed. For Martin and nearby counties a cover crop is most desirable for all types of grasses. Millet or cane drilled or broadcast now will offer ample cover for next spring plantings.

For additional information contact your Martin-Howard-Midland Soil Conservation District office.

Ed sowed grass seed, Sam said, "Won't pay." Ed's got a farm. Sam's blew away.

USDA Announces Spring Vegetable Acreage Guides

Vegetable growers have to take a long look ahead at planting time to make sure there'll be a good market for the produce they harvest, months later, points out Clyde Singletary, extension horticulturist at Texas A&M College.

While each grower has to make his own decisions, the U. S. Department of Agriculture offers some help with acreage-marketing guides on vegetable crops. The guides are based on expected demand, orderly marketing and average yields.

Just released are acreage-marketing guides for 1961 spring vegetables and melons.

If Texas growers follow these recommendations, they'll plant 30 percent more early-spring tomatoes and 5 percent more late-spring tomatoes, this year than last.

The guides also call for 20 percent fewer acres in carrots and eggplants in Texas; 5 percent less early-spring cauliflower, celery, and cucumbers; 5 percent more early-spring cabbage and lettuce, late-spring sweetcorn and spring watermelons; and 10 percent more spring cantaloupes.

It is recommended that acreages

Poultry and Egg Producers In Highly Competitive Business

The day when the poultry and egg producer invested more labor than money in his operation is history. Today, one man can produce over 50,000 dozens of eggs or 400,000 pounds of broilers annually. Ben Wormeli, extension poultry husbandman, says these changes have removed poultry production from a side line, back yard operation and placed it in the area of competitive business.

As a result of this transition, the individual poultryman, if he is to operate efficiently, must assume the role of a businessman. In his new role, the poultryman must learn to maintain and use one of the foundations of modern industry—accurate and complete financial records. Such records are the basis for making intelligent decisions on how to use the investment involved, continues Wormeli.

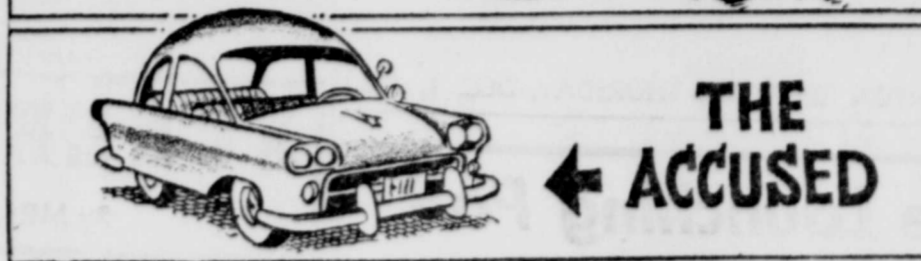

Better breeding, nutrition, environment, health and mechanical aids are some of the technical advances that substitute for labor. On this basis, says the specialist, the poultryman is investing about \$5 in supplies and

of other spring vegetables be unchanged from 1960 plantings. Most will be harvested in April, May and June, 1961.

The USDA guides call for 4 percent more spring vegetables for fresh use, and 6 percent more 1961 spring melon acreage, for all states that produce these crops.

Compliance with the guides is voluntary, although any USDA assistance to producers will be conditioned on compliance in specific areas.

facilities for every \$1 invested in labor. An accurate set of records makes the problem of how to use this extra money much easier to solve.

Wormeli doesn't feel that every poultryman must be his own bookkeeper. Accounting is a legitimate business expense, and when a qualified accountant can be obtained, it is good business to use his services in the preparation of result statements and business analyses.

"Just consider," concludes Wormeli, "ink in the book means money in the pocket, if the records are complete and accurate. Wise use of the recorded information will favor the use of black ink in the book."

The Launching Pad

By NEAL ESTES

AN EFFORT MADE FOR THE HAPPINESS OF OTHERS LIFTS US ABOVE OURSELVES.

—L. M. CHILD.

If you happen to be one of our readers who would like to do something lasting for Christmas and if you have some extra funds you'd like to use for that purpose, we'd like to suggest that you mail a check to **BOY'S RANCH OF WEST TEXAS**, San Angelo, to **CAL FARLEY'S BOYS RANCH OF Amarillo**, to **BOYS TOWN**, founded by the late **FATHER FLANAGAN** in Nebraska, and be sure and mail a check for your TB seals.

Friends in Stanton of **ERNEST HOCK** have missed him around town. The very splendid fellow recently suffered a stroke and has been hospitalized since that time. His wife reported that progress in his case was slow and that he would be away from duties for awhile longer when we contacted her. **ERNEST** passed our door almost daily and we here in the newspaper office learned to love and admire the Director of Music and Education at **THE FIRST BAPTIST CHURCH**.

It is with much pleasure and appreciation for his talents, friendship and good humor that we speed a message of congratulations to **GUY STORY BROWN**, who observed his twelfth birthday Wednesday, November 30. **GUY** is the son of **MR. and MRS. GLENN L. BROWN**, and the big brother of **SUZANNE and BAXTER**. It has been our happy privilege to have had some association with **GUY** in the field of journalism. We now feel closer to this fine looking and versatile young student and writer because our birthdays both fall in November and because people born under the Scorpio sign are supposed to be very understanding of each other. Our youthful protege has already made one convention with us and will go with us again to Sweetwater in February. We are looking forward to our trip to "Sugar Creek."

JOHN DAVIS had the floor at **JACK JONES GROCERY** early Monday morning when the launcher dropped by. Both **JONES** and **DAVIS** are city commissioners. We have known **JOHN DAVIS** for many years—and he has known our family back in East Texas. **JOHN** was telling a tall tale about a big auction sale slated in Washington, D. C. after **KENNEDY** is inaugurated. Seems they have some surplus goods up there—including some records styled—"California Here I Come," for sale cheap. **JOHN** never lets us forget our days around "Sweet Potato Hill," a place close to Gilmer and he always leaves us with this shouted remark: "Goodbye Winona." Winona is a small town near Tyler and **JOHN** is familiar with an experience we had down in that community a few years ago concerning the ratification of an oil lease.

There will be an Athletic Banquet held December 5 at the **FLOWER GROVE HIGH SCHOOL GYM** and adult tickets are on sale for \$1.50 and children's tickets are going for \$1. A speaker will be on hand and anyone in the county is invited to the affair which will start at 7 p.m. The writer wishes to send congratulations to **COACH JOHN MASSINGILL** and his fine players who captured the regional championship in six-man football from Balmorhea in Crane recently. Let's all go up and show the fellows we appreciate their achievement in the field of athletics.

County Cotton Producers To Vote Dec. 13

Martin County cotton farmers will vote in a referendum on marketing quotas for the 1961 crop of upland cotton on Tuesday, December 13.

Those eligible to vote in the referendum are farmers who engaged in the production of upland cotton in 1960.

At least two-thirds of the growers voting must approve the quotas if they are to continue in effect.

Unlike the last two years, there will be only one allotment-price support program available to growers for their 1961 upland cotton crop. "Regular" farm allotments will be determined for all farms growing cotton, and price support at one announced rate will be available to all growers who comply with their allotments.

The choice which growers will make in the referendum is between marketing controls for the 1961 upland cotton crop, and price support at not less than 70 per cent of parity, or no marketing controls on the crop and support at 50 per cent of parity, as directed by law. Whether or not marketing quotas are approved for the 1961 cotton crop, allotments will remain in effect as a means of determining eligibility for price support.

If at least two-thirds of the growers who vote in the December 13 referendum approve quotas for the 1961 cotton crop: 1. Marketing quotas and acreage allotments will be in effect; 2. A farmer who exceeds his farm allotment will be subject to a quota penalty on his "excess" cotton and 3. Price support will be available to growers who comply with their allotments at the full level of effective supports. This support will be in the range of from 70 to 90 per cent of parity.

If more than one-third of the growers vote in the referendum oppose quotas: 1. No marketing quotas and no marketing quota penalties will apply to the 1961 upland cotton crop; 2. Farm acreage allotments will continue in effect and 3. Price support to growers who comply with their farm allotments will be available at 50 percent of parity.

Baptists To Take Religious Census Dec. 11

Members of the First Baptist Church will canvas the city of Stanton and the surrounding area for a religious census Sunday afternoon, December 11.

Every church will profit by the census, for it is the aspiration of the census takers to pass on to other churches the census cards bearing their identification or preference.

Rev. W. H. Uhlman, pastor, said "We ask for a good citizen's cooperation. Be kind and considerate of the census taker."

Citizens who are to be gone from home on Sunday, December 11 have been asked to fill out the following information on a slip of paper and hang it on their front door: name, address, age, month, day and year of birth, if the person is a Sunday School member, member of what church, local church preference, denominational preference.

Services Held In Midland For H. H. Gresham

Funeral services for Herman H. Gresham, 57, of Odessa, father of Mrs. Frances Pointer of Stanton, were held Wednesday afternoon in Midland.

Mr. Gresham died about 9 p.m. Monday in a Midland hospital of injuries suffered late Saturday in a traffic accident in Midland.

Rev. J. S. Kirkpatrick, pastor of the Primitive Baptist Church of Midland, officiated. He was assisted by Rev. N. L. Range, pastor of the Courtney Baptist Church.

Burial was in Resthaven Memorial Park, Midland. Gresham moved to Odessa in 1954 from Midland. He had resided in Midland about five years, and prior to that had farmed near Ackerly.

Survivors include the widow; five sons, E. H., H. S., Leroy, Lonnie and E. R. Gresham, all of Odessa; five daughters, Mrs. Frances Pointer of Stanton, Mrs. Elizabeth Murray of Muleshoe, Mrs. Violet Hammond of Odessa; Mrs. Mary Farrington and Mrs. Blanche Crocker of Midland; three brothers, a sister and 27 grandchildren.

Forsan Buffs Down Stanton

The Forsan Buffaloes experienced a torrid third quarter and went on to flog Stanton in a basketball exhibition at Forsan November 22, 42-38.

The two teams left the court at half time tied, 22-22, but the charges of James Blake outscored the visitors in Round Three, 14-4.

Walter Fields stepped out to lead Forsan in scoring with 14 points while Herb Sorley paced Stanton with 13.

Forsan also won the B game, 47-40.

In that one, Jerry Morgan had 17 points for Forsan while Roger Park counted 13 and Robert Newcomb 11. For Stanton, Pruitt tallied 18 and Sale 12.
