FINEST CLIMATE ON EARTH WHERE HEALTH, HAPPINESS AND PROSPERITY AWAIT THE HOMESEAKER

Vol. LIV—No. 4

STANTON, MARTIN COUNTY, TEXAS, THURSDAY, JANUARY 19, 1961

8 Pages—Price 5c

**Snooter
Knows**
By JAMES E. KELLY

A NEWSMAN REPORTING ON the economy of his county, Motley, says the county may have suffered the loss of some people the past year but "our bank deposits are almost as high as they have ever been." Douglas Meador, editor of the Motley County Tribune, said bank deposits "showed an increase of a million dollars in three months at the end of 1960 and in 1961." At the bank's call December 31 the deposit stood at \$3,764,630. Meador said the county's population is estimated at 2,670 with 1,201 in Matador. The county had ginned 16,772 bales of cotton and "this and a record grain crop," Meador said, "helped the economy greatly."

Council Plans Observance Of 4-H Club Week

Plans for the observance of National 4-H Club Week were made at a meeting of the Martin County 4-H Club Council Saturday morning at the county agent's office. National 4-H Club Week will be observed March 4-11. The group decided to have window displays in downtown stores, write news stories and hold a county wide party on March 19. Committees in charge of the observance are Zella Odum, Suzanne Poe, Cindy Pickett and Kathy Hazlewood, party; Mary Wilson, Dena Robertson and Janice Glaze, window displays; Jimmy Robertson, Buddy Stewart, stores. Jimmy Robertson, chairman of the council, presided over the session. The meeting was opened by the group repeating the club motto and pledge, led by Janice Glaze. It was decided to hold the county elimination contest for method demonstrations on April 15. The next meeting of the council will be Saturday, February 25.

Boy Scouts To Observe Special Week

Martin County Boy Scouts will join Boy Scouts all over America in February in the observance of National Boy Scout Week. The week will be observed February 7-13. There are three Boy Scout troops in Martin County. Their leaders are D. M. Costlow and Dewitt Davis, who serve as leaders for Stanton troops and Grover Springer, who is in charge of the Lenora troop. February 8, which is the anniversary date of Boy Scouting, will be observed with special ceremonies by Stanton Scouts. At 2 p.m. Boy Scouts will take over county and city offices, and will serve as honorary county and city officers the rest of the afternoon. A dedication rally will be held on the courthouse lawn at 8:15 on February 8. Leon Miller, of Midland, district Boy Scout executive, announced the plans for the special observance this week.

Gerald Hanson Elected '61 Chamber President

Gerald Hanson was elected president of the Martin County Chamber of Commerce at a meeting of directors Monday night at the Chamber of Commerce office. Also elected to serve during 1961 were David Workman, vice president and R. O. Anderson, treasurer. The new officers will be recognized at the annual Martin County Chamber of Commerce banquet set for Monday evening, January 30 at the Stanton High School cafeteria. During the session directors also decided to recognize the outstanding farmer of 1960 at the annual banquet. A committee was named to select the outstanding farmer.

FFA Enters Animals In Abilene Show

Scheduled to show lambs are Lynn Huckaby, Darr Huckaby, Buddy Glaspie, Teddy Stewart, David Poe, Sonny Waldrop, Lynch Hightower and Gary Doshier. Swine are to be entered by Glenn Wren, David Owens, and Larry Ratliff. Chickens are to be entered by Royce Reynolds, Jerry Overby, Joe Williams, and Mike Matthis. Uen North is scheduled to show a steer. Members of the Stanton Junior Music Club, Texas Federation of Music Clubs, are scheduled to attend the twenty-fourth district meeting of junior music clubs Saturday in Midland. Mrs. Glenn L. Brown, who serves as district president, also will be present for the meeting. Approximately 150 members of junior music clubs in Big Spring, Stanton, Odessa, Midland, and Andrews are to attend the district session. Registration will begin at 8:30 a.m. in the Midland High School Auditorium. At 9:30 a.m. a Youth Symphony Concert, under the direction of Walter Mantani, will begin convention activities in the auditorium. Refreshments will be served after the concert and then a business session will be held. During the business meeting a representative of each club will report on its activities during the past year. Plans for the junior festival to be held in April will be made. Following the business session, a fine arts program will be given. Junior clubs are organized to assist young people in developing their musical talents and serving their communities. Projects of the clubs include the Student Loan and Scholarship Fund and Texas Junior Composer Contest. Among well-known artists who have received these awards are Van Cliburn, Deems Taylor, and Roberta Peters.

Auction Sale To Be Held Saturday

Schedule For Last Semester Is Announced

A schedule for the last semester of school at Stanton Schools was announced this week by Jimmy Bickley, high school principal. This week began the fourth six weeks of school. Report cards for the first semester are to be distributed Thursday. The fourth six weeks is to end on February 24. Six weeks examinations will be given during the week of February 20-24. April 7 will mark the close of the fifth six weeks of school. Examinations will be given during the week of April 3-7. The 1960-61 school year is to end on May 12. Examinations will be given on May 17-18. Seniors are to take their finals earlier in May. School children will receive two holiday periods in the second semester. On March 10 school will be dismissed so teachers may attend a

Martin County Future Farmers of America and 4-H Clubbers are ready for the annual Martin County Livestock Show which will be held Friday and Saturday. The show is scheduled to open Friday afternoon with entries being brought to the county show barn. Entries are to be in by 6 p.m. Plans call for the show to begin Saturday at 8 a.m. with the judging of lambs. The swine are to be judged next and the judging of calves will be at 1 p.m. The annual auction sale will begin at 2 p.m. About 150 animals are expected to be entered in the show. Show officials estimate 90 lambs, 45 pigs and six steers will be exhibited. The show is sponsored by the Agriculture Committee of the Martin County Chamber of Commerce, and the committee is in charge of all show arrangements. W. M. (Bill) Griffin of Tahoka is to judge the swine and steers. He serves as Lynn County Agent. Lambs are to be judged by Oliver Worst of Garden City, Glasscock County Agent. Lambs and swine are to be sold at the auction Saturday afternoon. (Continued on page 4)

DIPHTHERIA CASE IN DAWSON

Many Residents Reported Receiving Shots In City

Diphtheria moved in next door to Martin County this week when a case was reported in Dawson County. A 12-year-old Lamesa girl was reported as Dawson's first diphtheria case of the year. Linda Wilder, daughter of Mr. and Mrs. R. S. Wilder, was admitted to the hospital in Lamesa late Monday with the disease, it was reported by the county health officer of Dawson County. The diagnosis followed in the wake of an intensive campaign to prevent an outbreak of diphtheria in the Dawson county area. A preventative campaign was launched in Martin County last week with Dr. Leland B. Nelson, county health officer, pointing out the need

sible. Plenty of serum is on hand at the hospital. Dr. Nelson, the county health chief of Martin County, advised the newspaper Wednesday that immunization shots could and would be provided for those in the county who were unable to pay for them. In addition to the case of diphtheria reported in Lamesa, a case or two was also reported from Ector County. Previously many cases have been reported in Plainview and more than thirty in San Angelo. So diphtheria seems to be lurking in the shadows of Martin County and we simply wish to point out the vital necessity of getting the preventative shots now before the disease can get a start in our area.

Stanton School Census To Begin On Thursday

Census blanks for the enumeration of school children in the Stanton Independent School District will be distributed Thursday, Jimmy Bickley, high school principal, said this week. Parents are asked to fill out the blanks and to return them to the high school as soon as possible. The census is to be concluded by February 1. Bickley is in charge of the taking of the census for the district. Children to be counted are those who reach their sixth birthday by September 1, 1961 and those who have not reached their 18th birthday as of September 1, 1961. Parents of children who will begin school for the first time in 1961 and who do not have children in school are asked to call or come by the high school to fill out blanks for their children.

Junior Members To Attend Music Convention

Members of the Stanton Junior Music Club, Texas Federation of Music Clubs, are scheduled to attend the twenty-fourth district meeting of junior music clubs Saturday in Midland. Mrs. Glenn L. Brown, who serves as district president, also will be present for the meeting. Approximately 150 members of junior music clubs in Big Spring, Stanton, Odessa, Midland, and Andrews are to attend the district session. Registration will begin at 8:30 a.m. in the Midland High School Auditorium. At 9:30 a.m. a Youth Symphony Concert, under the direction of Walter Mantani, will begin convention activities in the auditorium. Refreshments will be served after the concert and then a business session will be held. During the business meeting a representative of each club will report on its activities during the past year. Plans for the junior festival to be held in April will be made. Following the business session, a fine arts program will be given. Junior clubs are organized to assist young people in developing their musical talents and serving their communities. Projects of the clubs include the Student Loan and Scholarship Fund and Texas Junior Composer Contest. Among well-known artists who have received these awards are Van Cliburn, Deems Taylor, and Roberta Peters.

Dimes Campaign Scheduled For January 23

Stanton Future Homemakers will be in charge of the March of Dimes Drive in Stanton. The group will conduct a march on Monday evening, January 23 to raise funds for the campaign. The drive will begin at 6:30 p.m. and girls will call at each home in the city for donations. Plans for the drive were made at a meeting of the Stanton chapter of Future Homemakers of America Tuesday, January 17 in the high school cafeteria. Thirteen captains were elected to lead the march. They are Nancy Williams, Nancy Hampton, Mona Epley, Nona Langley, Ruby Doshier, Helen Glaspie, Kay Bryan, Gay Gates, Brenda Bryant, Suzanne Jones, Carol Smith, Sandra Miller and Shirleen Yell. After the house to house canvass a party for all high school students will be held at the Dr. Pepper plant. Future Homemakers of America also will be in charge of distributing containers and posters in the downtown business district.

County Farmers Attend Meeting In Midland

Martin County farmers attended a meeting Tuesday evening at Greenwood School in Midland County. Research findings of value to farmers was discussed by Dr. Earl Burnett of the Big Spring Experiment Station and Ernest Thaxton of the Pecos Experiment Station. The meeting was sponsored by the Midland Junior Chamber of Commerce. Farmers also attended from Midland, Howard and Glasscock Counties.

Speech Class To Present Play Thursday

Members of the Stanton High School Speech Department will present a three-act play Thursday evening in the junior high school gymnasium. "A Feudin' Over Yonder" is the name of the play to be presented at 7:30 p.m. Members of the cast are Arvil Fincher, Rosa Bell Fry; Sandra Powell, Ma Fry; Judy Britton, Aunt Harry Hornhoner; Larue Adkins, Emmy Fry; Arnold Fincher, Izzie; Hughlyn Todd, Zeke Popoff; Sammy Webb, Willie Hornhoner; Brenda George, Becky Mae Hornhoner; Jimmy Sale, Pappy Popoff; Bobby Sale, a preacher; Mike Black, Tommy Newman and Steve Springer, wedding guests. The public is invited to attend.

Bobby Kelly High Scorer In Judging Contest

Bobby Kelly of Stanton, a member of the San Angelo College freshman livestock judging team, was high scorer in the freshman division of a contest held Friday at John Tarleton College in Stephenville. Livestock judging teams from the agricultural department of San Angelo College walked off with first places in both the freshman and sophomore divisions at the contest. Kelly, who is the son of Mr. and Mrs. Owen Kelly of Stanton, scored 619 points out of a possible 700. He is a graduate of Stanton High School, and was a member of the Future Farmers of America and the Martin County 4-H Club. While in school he won a number of awards in 4-H Club work. (Continued on page 4)

Teachers To Attend District Meet In Midland

Martin County teachers will be in Midland on March 10 to attend a teachers meeting. All teachers from the schools at Stanton, Grady, Courtney and Flower Grove are scheduled to attend the conference of District Four, Texas State Teachers Association. Plans for the meeting were made this week when district leaders met in Midland.

1961 Football Captains Are Announced

Stanton High School football captains for 1961 were named recently. Captains are Herb Sorley, Sammy Webb, Robert Turner and Jimmy Sale. All four of the boys will be seniors next year and the 1961 football season will be their fourth year to play football. Herb Sorley is the son of Mr. and Mrs. Floyd Sorley; Robert Turner's parents are Mr. and Mrs. O. C. Turner. Jimmy Sale is the son of Mr. and Mrs. Woodford Sale and Sammy Webb is the son of Mrs. N. D. Webb. (Continued on page 4)

Martin County Forum Meet Called For Friday Evening

A meeting has been called for the former members of the organization known as the Martin County Forum for 6 p.m. Friday evening, January 20, in the Commissioner's Court Room. All members of this former active group which was organized in 1951 are requested to be in attendance. The president or representatives from the following organizations are urged to be present at this important meeting to discuss the disposal of the bank account in the amount of \$670.64 that was deposited February 19, 1952. This was money made by this organization

HD Club Women To Attend Meet In Monahans

Representatives of the Martin County Home Demonstration Clubs are to attend a training meeting Tuesday in Monahans. Attending will be Mrs. W. T. Wells, Mrs. Bob Hazlewood, Mrs. O. D. Green and Mrs. Mildred Eiland, home demonstration agent. During the session the duties of the county council chairman, county vice chairman and the county THDA chairman of each county in the district will be taught. Mrs. A. B. Atwood of Kermit, District Six THDA vice president, will conduct the sessions. The meeting will be held at the community center.

Originated Pre-Trial Conferences

Supreme Court Justice Says Editor's Brother Top Judge

(Editor's Note: The following story appeared in The Dallas Times Herald and is passed along to the readers of this publication because Judge Joe Ewing Estes is the brother of Neal Estes, the managing editor of this publication, and because he is the chief federal judge for this area.) The need of a new federal judgeship in the Northern District of Texas has drawn optimistic comment from a Supreme Court justice and a leading federal judge. The Northern District of Texas definitely is in line for a new federal judge, Associate Justice Tom C. Clark was quoted as saying in a Dallas Times Herald article by staff writer Joe Sherman. "And I believe the district will get one, too," he added. "I can't think of any district in the United States which needs another judge more than this district. Judge (Joe E.) Estes undoubtedly has one of the heaviest, if not the heaviest, court dockets in the country."

Justice Clark paid high tribute to Judge Estes, who has conducted a total of 2,300 trials with only one being remanded to him by a higher court for retrial. "Judge Estes is, in my opinion, the best federal judge in the country, but he and Judge (T. Whitfield) Davidson need help. It's physically impossible for them to handle the load. The Texas members of the Supreme Court said that the federal judgeship omnibus bill provides a total of 45 new judges. The quiet-spoken Judge Estes, who advocated pre-trial conference between judges and lawyers as a means of streamlining the legal process, commented to The Times Herald that he believes the omnibus bill will be passed by Congress prior to July, 1961. "The judicial committees of both houses of Congress recommended another federal judgeship for the Northern District of Texas back in 1955," Judge Estes pointed out. "The Fifth Circuit Court of Appeals in New Orleans has recommended two judgeships for this district." Pressing Need The Dallas judge remarked that both from the standpoint of population and the number of cases tried the Northern District of Texas represents one of the most pressing needs in the country. "When you stop to consider how much this district has grown in population over the past 15 years (Continued on page 4)

Lions Club Met Tuesday

Stanton Lions Club met at noon Tuesday, January 17 at the Belvue Restaurant. During the business session plans were discussed for the mid-winter district conference to be held over the weekend in Ballinger. George Costlow reported on the Lions' sign conservation project. He reported the club has purchased six pair of glasses for Grady students and five pair of glasses for Stanton students. Eight new members will be inducted into the club at the next meeting, which will be Tuesday, January 24. New members' wives will be special guests. Jimmy Stallings, president, was in charge of the meeting. Tommy Williams led the group in a song service. The invocation was given by Rev. Ellis Todd.

Rotary Club Hears Talk By Jimmy Bickley

Jimmy Bickley was guest speaker at a meeting of the Stanton Rotary Club Wednesday, January 11 at Rite Way Restaurant. Bickley, who is principal of Stanton High School, spoke on "Trends of Public School Education Today." Arthur Wilson introduced the guest speaker. George B. Shelburne, president, was in charge of meeting. The invocation was given by Arthur Wilson and Stanley Wheeler introduced guests. Guests included O. L. Snodgrass Jr. of Stanton, Champ Rainwater of Big Spring, Ed McCullum and W. P. Boon, both of Midland.

County Philosopher Informs Laos It'll Have To Survive With Him Being Ignorant Of Its Woes

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw discusses ignorance this week, something he may have first-hand knowledge of.

Dear editor:

I don't know about the rest of you, but there are too many countries in the world for me to keep up with.

Just this morning I was talking with a man in town who considers himself pretty well informed and after asking me how I was getting along he said, "Well, how does the situation in Laos look to you?"

Laos? Thunder, how do I know what's happening in Laos when I don't even know what's happening in Midland County?

By the time I half-keep up with what's happening in Martin County, in Austin, in Washington, and on this Martin County grass farm, plus a few sidelights and headlines on Moscow, Cuba, and England and France and Germany once in a while, I just don't have any time left for all those other places, especially when at least half of what I learn about most of the places mentioned turns

out to be unreliable anyway.

I figure if I learned enough about all the countries that have been in the news lately, such as Algeria, Laos, Belgium, the Congo, Guatemala, etc., to know what was happening, learned enough about them to know who was president of which and what side he was on, plus who was after his job, I wouldn't have time to do a bit of farming this year, and any time I get too busy to farm, I'm going to do it with something more interesting and satisfying than studying geography. I'd rather be too busy fishing to farm than too busy studying the Congo to farm. A man too lazy to find nothing better than Congolese politics to avoid plowing, is pretty hard-pressed to know what to do with his time, and deserves to plow.

I know this may be considered backwards in some areas, and it may be, and practiced universally might lead to world confusion, and certainly we don't want that, we're already trying it, but I found out long ago that there are lots of countries on this earth that are going to have to get along with me being ignorant of them.

I can't be expected to keep up with the internal politics of Laos when I don't even know the internal politics of Martin County.
Yours faithfully,
J. A.

Exchange Desk

By NEAL ESTES

THE POST DISPATCH: "A contract for construction of the new post office building here has been awarded to the First National Bank. Postmaster Harold Voss announced. Irby G. Metcalf Jr., president of the bank, said the construction will be let by the bank soon and that construction of the modern, air-conditioned structure is expected to begin by March 1. At the same time, Metcalf announced plans for a new building to complete the bank block. This building, he said, will be constructed between the new bank building and the new post office."

THE MITCHELL COUNTY NEWS: "Burglars entered the Loraine High School building Sunday night and and \$88.00 in cash from the office and an undetermined amount from two soft drink machines. Entrance to the building was gained by prying open the front door."

THE ANDREWS COUNTY NEWS: "My adopted family has been so nice, I haven't been homesick once," Judy Luck, Andrews' first foreign exchange student, told members of the Downtown Lions Club, Judy, of Lincoln, England, made her first public appearance before the club since she arrived here for a year's stay last August. The downtown club was the sponsoring civic organization to bring her here."

THE MERKEL MAIL: "Jack Patterson, son of Homer Patterson of Merkel, was named Senior College Coach of the year in Texas by the Texas Sports Writers Association. A coach at Baylor University, Patterson brought Baylor its first Southwest Conference track and field championship in history. Patterson

Game Department Reorganization Set For Sept. 1

A complete reorganization plan, including a tentative budget, has been adopted by the Game and Fish Commission, following its regular meeting in Austin, January 6. The plan is the first phase of a report of the Texas Research League, which was requested last year by the Commission.

Although the plan is expected to go into effect September 1, the final decision on its adoption cannot be made until after legislative action, according to Howard Dodgen, executive secretary of the Commission.

The plan proposes that the State be divided into five regions, with each region to be complete within itself. However, general policies and administration would continue to come from the Austin office.

Fish hatchery operations would be curtailed; the State would buy automobiles for game wardens, and a new system of selling hunting and fishing licenses direct to licensees at a four per cent discount, are among the highlights of the recommendation.

Another project would be the funneling of \$200,000 game department money for the first biennium to provide recreational facilities in State-owned parks on the coast and on inland lakes.

The plan will call for the transfer of many of the present employees of the Commission, giving them more responsibility, with the addition of some new personnel.

The change has been made necessary because of an increased population with increased demands on the facilities of the department, according to the Research League report.

Mr. and Mrs. Azey Simpson have been in Houston this week where he received a medical checkup.

Mr. and Mrs. Charles Richards and daughter of Lawton, Okla., visited last week with his grandparents, Mr. and Mrs. Charlie Christopher.

Mr. and Mrs. Harris Wilson and daughter of Goldsmith, visited Tuesday, January 10 with Mr. and Mrs. J. A. Wilson.

Bible Comment—

Religion Of Thanks Typified In Psalms In Praise Of God

When the Apostle Paul, contemplating the blessing of God through Christ, sought to express his wonderment and praise, prose failed him, and he burst into the lyricism of Psalm: "Thanks be unto God for His unspeakable gift."

The giving of thanks was a deep and impassioned thing in Paul the Christian.

And the note of thankfulness was deep and strong in the religion of the Old Testament, which was the heritage of both Paul and his Master.

Its highest expression is in the Psalms.

If one had to choose on the Psalm that typifies the religion of Thanksgiving, one would probably pick the 107th, although the group of Psalms from the 103rd through the 107th are full of note of thanks.

Thankfulness in religion is not only a proper attitude for blessings received. It is also an attitude of re-

ceptiveness.

An unthankful soul is a closed soul. Not much can penetrate the wall of an unthankful spirit.

Probably the most beautiful of all the Psalms are those in which the note of thankfulness is uppermost—the Psalms of praise for what God has done, that call upon men, and those that express the love of God as the proper response of a thankful heart.

There is such a thing as saying "Please" to God. The Psalmists knew how to say it, as humble supplicants, and they knew how to say "Thanks."

As the Psalms offer us the rich substance of praise and thankfulness, they offer, too, the finest model in beauty of form and expression.

It is not a coincidence, but in frank recognition of this, that in so many churches the responsive readings are drawn from the Psalms.

Fifteen Years Ago

Winter weather in no uncertain terms visited Martin County this week by dishing out a mixture of falling moisture, rain, snow, and sleet, riding on the wings of an icy blast that sent temperatures down below the freezing point. When the weather cleared a thick coating of frost was on weeds, grass, trees and house tops.

The three-day basketball tournament held last weekend in Stanton, closed with Stanton "A" team blasting Union for championship honors. The Midland "B" team won the consolation trophy.

The Stanton Study Club met January 10 at the library for a program on "Russia" directed by Mrs. Calvin B. Jones. Taking part on the program were Mrs. Harry Echols, Mrs. B. F. Smith, and Mrs. Jones. Present were Carrie Alvis and Mesdames Jones, Echols, Smith, Phil Berry, Bob Latimer, John Priddy, Biggs, R. B. Whitaker and Anna Belle Collier.

Candidates announcing for public office were Joe Froman, who announced as a candidate for re-election as County Commissioner of Precinct 4, and Otto Bearden, who announced for re-election as County Commissioner of Precinct 3.

now back in their home in Stanton after being away during the war. Capt. Woodard served in the European theater.

Bill Collyns, manager of the Midland Chamber of Commerce and just recently discharged from the U. S. Army, was guest speaker at a meeting of the Stanton Lions Club Monday night. Collyns said, "This West Texas area from Sweetwater to Pecos has a most promising future. It's important that the towns in the area cooperate fully on matters of interest to the area as a whole, instead of a selfish interest, in order that the section grow and expand." Frank Munroe, superintendent of the Midland school system, and Tanner Lane, news editor of The Midland Reporter-Telegram, accompanied Collyns and spoke briefly.

Visitors last week with Mr. and Mrs. J. A. Wilson were her niece, Mr. and Mrs. R. R. Bryant of Austin, her sister, Mrs. H. A. Skinner of El Paso and her brother and sister-in-law, Mr. and Mrs. W. J. Schroeder of Midland.

Mr. and Mrs. Homer Henson and Dale visited last week in Portales, N. M., with her mother, Mrs. Brooks Moore and Mr. Moore, and in Brownfield with her brother-in-law and sister, Mr. and Mrs. Kenneth Moore.

basic training at Keesler Air Force Base, Mississippi, where he attended radio technician school.

Anderson is the son of Mrs. Pauline Anderson of Big Spring, formerly of Stanton. He attended Stanton High School.

In recommending him for the December selection, Anderson's NCOIC said, "In addition to being a top-flight installation man, he also volunteered to keep regular maintenance of shop and varied unit equipment in use by communications crews."

Anderson served with the U. S. Marine Corps. He transferred to the Air Force in July, 1959 and took

1960 Food Consumption In U. S. Averaged 1,488 Pounds Per Person

Americans ate well in 1960. Year-end estimates indicate plentiful supplies of food for 1961. The U. S. Department of Agriculture said food consumption for 1960 averaged 1,488 pounds per person based on retail weights of all food products of farms, ranches and fisheries.

Consumption of dairy products led, with 414 pounds per person — the equivalent of about 250 quarts of milk. The total includes fluid milk and all other forms of food made from milk except butter. It is included in fats and oils.

The fruit and vegetable group — excluding potatoes — was a close second at 409 pounds per person. Potato consumption was 108 pounds per capita.

The third ranking group was meats. The average was 178 pounds per person and included poultry and fish as well as the red meats, beef, pork and lamb.

Consumption of other food groups included 146 pounds of flour and cereal products per capita, 108 pounds of sugar and sirup, 67 pounds of fats and oils, 41 pounds of eggs

(about 26 dozen), and 17 pounds of coffee, tea and cocoa.

The Department said estimates of consumption per person are based on the disappearance of food products. The quantity of each group is divided by total population.

A hard-working 200-pounder, of course, eats more of the foods than infants, invalids, and older people, yet they all count equally in figuring per capita consumption.

Visiting Sunday with Mr. and Mrs. Charlie Polk were Mr. and Mrs. A. C. Polk, Teddy, Kenneth and Artis Ann of Odessa, Mr. and Mrs. Roy Polk and Larry of Midland, Mr. and Mrs. Jess Burns and Mr. and Mrs. Bill Polk.

Mr. and Mrs. Herbert Crunk and Craig of San Marcus, have been visiting with her parents, Mr. and Mrs. Elma Nichols and family.

Mr. and Mrs. Dee Cravens and daughter of St. Lawrence, visited during the weekend with Mr. and Mrs. Tom Ed Angel and daughter.

A REPORT TO THE PEOPLE

By PRESTON SMITH
The legislation passed in this tax-hungry 57th Legislature of Texas will undoubtedly affect virtually every man, woman and child in this state.

The biggest problem of money ever faced by lawmakers is now underway. The task began last week with the opening of the Legislature.

One thing is certain. Taxes are going to be voted. There is a deficit in the state government — and new expenditures are scheduled to be voted this session.

The form these taxes will take is naturally unknown at this moment. But, the suggested pay roll tax is sure to be a leader, with the old stand-by argument about sales tax a close contender. There may be others, but now these two seem biggest.

Considering the sales tax and the

pay roll tax by themselves shows that virtually every person employing people or working in this state would be affected by either plan.

Whatever taxes are voted they will have to produce big revenue if the Legislature is to be successful in its wishes to pass a tax measure which would rub out the existing deficit AND provide new money.

Also to be considered will be teacher pay raises and other costly improvements in the public school system.

Legislative disputes will probably involve the congressional redistricting to keep Texas' representation apace with the population growth.

Sunday visitors with Mr. and Mrs. Claude Edwards were Mr. and Mrs. Hoyt Tutor, Karen Sue and Michael, of Odessa.

Two new four-year American medical schools are now in operation, bringing the national total up to 83. One is at the University of West Virginia, the other at the University of Kentucky. All in all, some 30,000 students are enrolled in the medical schools this fall, a slight increase over last fall's figure.

THE BIGGEST YEAR IN CHEVROLET CAR HISTORY
featuring
AMERICA'S POPULAR PAIR

The best selling
CHEVROLET & CORVAIR!
The "car of the year"

Overwhelming acceptance of the new 1961 models introduced last fall—together with the tremendous success of the '60 Chevrolets—has sent Chevrolet passenger car sales to an all-time yearly high. More new Chevrolets and new Corvairs were delivered to more people during the past year than ever bought any make of car in a single year before. We and your Chevrolet dealer

thank you for your continuing confidence in, and preference for, Chevrolet. Your record-breaking purchases of Chevrolets have significance to everyone thinking of buying a new car this year, and—since sales of new 1961 Chevrolets and Corvairs continue at record-breaking levels—are a healthy indication of the inherent strength and vigor of our national economy.

Deer Harvest Heavy In 1960 Season Closed

Preliminary reports indicated the 1960 deer hunting season, which closed December 31, was the most successful in the history of the Game and Fish Commission, according to H. D. Dodgen, executive secretary. Figures compiled by the wildlife management division show a definite increase in the kill on public hunts on the management areas. The Commission issued 2,439 permits for hunting on these areas. There were 1,841 hunters reporting and they killed 572 deer for an average of 31.07 percent hunter success. This included 261 antlered and 311 antlerless deer.

The antlerless deer kill in regulatory counties for the year was the highest of any previous year, reaching a total of 16,948 killed for a 32.23 per cent hunter success on the permits issued. This hunting was over an area of 4,374,777 acres of land with 3,565 landowners participating in the program.

Field biologists estimated that the harvest would have been heavier except for rain soaked pastures during much of the season, which held down hunting.

Heaviest recorded kill was in Llano County, where 10,753 deer were killed. Of that number, 4,708 antlerless deer were taken. Last year, Llano County checked 9,220 deer through the station there.

Harvest of antlerless deer in heavy numbers was recommended for the past season, in an effort to bring the deer population on many areas into balance.

Nation's Broiler Industry Grows

The nation's broiler industry during the past 20 years has established a remarkable record of growth because of widespread and popular acceptance of broilers by consumers. Just 20 years ago, Marshall Miller, extension poultry marketing specialist, points out that the average American ate only 1.97 pounds of broiler annually. Ten years ago the figure stood at 8.65 pounds but today it stands at 23.65 pounds per capita.

Miller believes the upward trend will continue but at a more modest rate. As for 1961, he says indications now point toward even higher production. Total hatchery supply flock pullets placed ran 7 per cent higher for the first 10 months of 1960 than for the same period in 1959. These are the flocks which supply the hatching eggs for the broiler industry, Miller explains. Since September 1, 1960, broiler chick production has been averaging about 15 per cent above the previous year.

Broiler prices to the producer in 1961 are likely to average close to those of 1959.

Mr. and Mrs. Delbert Franklin and Terry visited Sunday in Abilene with their daughter, Joetta Franklin, who attends Hardin-Simmons University.

Radical Changes Seen In Houses, Cars, Industry

By 1975, a nation that has grown to 230 million in population will have built an additional 22 million homes, cook dinner in "miracle" kitchens, rely on ultrasonic sound waves to wash clothes, which will be made mostly of synthetics, eat meat that is tenderized on the hoof and frozen fruits and vegetables, and drive cars of lightweight, aluminum, steel or plastic, according to *Changing Times*, the Kiplinger Magazine.

The current issue of the magazine, looking ahead for the next 15 years, points out that ideas which may seem far-fetched now are not nearly so remote as present day products—jet planes, dishwashers and disposals, antibiotics—were 15 years ago, at the close of World War II. Examining the "fabulous fifteen years ahead," the magazine editors see a population growth from 182 million to 230 million; a gross national product in the neighborhood of a trillion dollars; inflation that will shrink the dollar another 25%; individual incomes that are up 50%. The most growth will be in the West, Southwest, Southeast and the upper tier of the midwestern states, they predict, with the biggest population boosts coming in small fry, teenagers and young adults.

All this growth, according to the editors, means more homes, more jobs, more schools. The working force will be around 100 million, over 30 million of them women. A higher percentage of them will be white-collar workers, and the trend from farm to city and industry will continue. Professional people will be in demand, and the coming construction boom will make jobs for contractors, carpenters, electricians and plumbers. The government—particularly state and local government—will employ about 25% more people.

Phenomenal Computers
 Computers will develop a phenomenal capacity to remember and analyze data, the article continues. They will be used in production, in management, in government planning, in medicine and in air travel. The electronics industry will make dramatic strides in developing machinery for data processing. Automated machinery, using electronics as its brain and hands, will take over much of the manual work done in factories.

Plastic Houses
 In housing construction, the editors predict, builders will have to trim the price of construction to equalize rising land costs. One way will be more prefabrication of wall and roof panels, flooring, brick work and even plumbing and electrical assemblies. Houses will be made of plastic—walls, floors, exterior, even the roof, with colors molded in, thus solving the problem of painting and maintenance. Aluminum panel switches may eliminate structural framework since they would be load bearing. Such walls, hooked up to an electrical current, could also be used for heating, as could decorative wall surfaces of aluminum. Fore-lain-enameled aluminum bathroom equipment is on the way, as well as more lightweight aluminum appliances.

Tomorrow's Kitchen
 Tomorrow's kitchen is already on the way, the article continues. There will be units consisting of a freezer and electronic oven that will produce a full meal in 10 or 15 minutes; cabinets, ovens, dishwashers, and refrigerators that can be automatically lowered or raised to suit the housewife; automatic plastic dish makers in the kitchen; ultrasonic dishwashers; noiseless refrigerators. There will be refrigerated cabinets and drawers scattered around the kitchen; stoves that can be turned off and on by dialing "instructions" from a phone booth; concealed faucets; built-in beverage bars; plug-in gas appliances; servers and dishwashers that automatically go back and forth between kitchen and dining room or patio; water heaters that never run out of hot water.

Housekeeping By Remote Control
 The housewife will have vacuum cleaners that run themselves, and homes in the suburbs will have power mowers that do the same thing. Small washer-dryers will replace the bathroom hamper; closed-circuit TV will help keep an eye on the baby;

fuel cells in the basement will provide power.

Ultrasonic Sound Waves
 Ultrasonic sound waves will wash dishes and clothes. Thermoelectric refrigerators, freezers and air conditioners will be quieter and more efficient. Radios, TV sets and hi-fi equipment will be smaller, as tiny compactrons, diodes and transistors continue to replace bulky tubes and other components.

New Food, New Clothes
 The magazine sees a whole new family of synthetics on the way, to make clothing light, durable, easily maintained. Also, in another ten years or so, the article predicts food stores will be selling beef, and maybe pork, lamb and poultry, tenderized on the hoof through special feeding of the cattle; precooked canned roast beef; freeze-dried foods—foods that are dried, then frozen and put into airtight cans or pouches where they will keep for years. As for atomic-radiated foods (no refrigeration needed), the editors say research is well along and they should be available between now and 1975.

Traffic Jam
 Growth over the next 15 years will also create a traffic jam, according to *Changing Times*. By 1975, nearly three-quarters of the population will live and work in metropolitan areas.

To move them from home to job and back will make today's commuting problems look simple. The answer, the editors predict, will be major emphasis on rapid-transit systems.

But there still will be cars—although they will look different, may function in different ways. The roof may be made of indestructible, glasslike materials. Bodies will be of lightweight steel, aluminum, maybe even of plastic so tough it can compete with metals. Motors will be smaller, and routine maintenance will be far less of a problem than now. Other changes will include total disappearance of the floor pump; devices that consume exhaust fumes and gases; central hydraulic units providing power for brakes, steering wheels, wipers, air conditioning, suspension; limited use of gas turbine engines.

And the electronic highways—there may be some stretches, with cars properly equipped to use them, by 1975.

Sunshine WARM and fresh-air clean

ELECTRIC BATHROOM HEATING

You'll love the quick, radiant warmth of a flameless electric bathroom heater . . . the heater that warms like sunshine. And you'll love the safety and convenience of the heater that turns on and off like an electric light, and provides heat so wonderfully clean it will help keep your bathroom walls and tile spotless. See your electrical contractor soon about an electric heater for your bathroom. Start enjoying clean, modern, healthful electric heat.

CEILING HEATER—Mounts inconspicuously overhead. Beams heat downward to fill your bathroom with clean, healthful heat at the flip of a wall switch.

WALL HEATER—Mounts flush with wall. Provides healthful warmth in seconds. Can be equipped with a thermostat for fully automatic heat control.

TEXAS ELECTRIC SERVICE COMPANY
 CECIL BRIDGES, Manager Phone SK 6-337.

World Farm Output, 1961

An all-time record in world output of farm products for the year ending June 30, 1961 has been predicted by the U. S. Department of Agriculture.

World-wide production is forecast at 42 per cent above the 1935-39 level and two per cent above the previous record established last year, with all major regions of the world except Eastern Europe showing an increase.

At the same time, population also has continued to increase by leaps and bounds, and this has cancelled out a large part of the gain in production. Per capita agricultural production for 1960-61, even though as large as last year and only slightly below the record 1958-59 level, is six per cent above the pre-war average of 1935-39.

Increases in commodity production this year are predicted for wheat, rice, corn, barley, sugar, tobacco, cotton, soybeans, peanuts, flaxseed, cottonseed, castor beans, citrus, and tea.

Livestock production is expected to continue its upward trend. Cattle, hog, and sheep slaughterings are likely to be as large in 1961 as in 1960. The same goes for milk production, also for poultry and eggs.

Heavy stocks on hand at the beginning of 1960 will add materially to the 1960-61 world supplies available for consumption.

HD Council Plans For Work In 1961

Plans for work during 1961 were made at a meeting of the Martin County Home Demonstration Club County Tuesday afternoon at the county agent's office.

Proceeding the meeting committees for 1961 met and made recommendations for work during the year. Representatives of the following committees met: recreation, health and safety, civil defense and citizenship, 4-H, yearbook, education, and finance.

Mrs. W. T. Wells, council chairman, presided over the business session.

A program, "The Parliamentary Alphabet" was given by Mrs. Raymond Pribyla.

It was announced a training meeting for foods leaders will be held on Monday, January 30 at the county agent's office. A meeting also will be held on February 28 at 2 p.m. at the office and will be open to the public. "Makeup" will be the topic of the program.

Members also discussed the first clothing workshop to be held on February 7 beginning at 9:30 a.m. Simple dressmaking will be taught by Mrs. Mildred Eiland, home demonstration agent.

Present were Mesdames Owen Kelly, Chalmers Wren, Albert Pittman, Donnie Jones, R. J. Deatherage, Lonnie Holcomb, W. D. Bryant, H. E. Tubb, Walter Hildreth, W. T. Wells, Lewis Carlile, Roy Linney, Bernell Howard, N. L. Riggan, Raymond Pribyla, Clyde Cravens, L. M.

Rebekah Lodge Met Monday

Plans were made for a family night gathering when Stanton Rebekah Lodge 287 met Monday evening, January 16 at the IOOF Hall.

Members voted to continue to hold family night during the year. It will be held the last Thursday night of each month. The next family night gathering will be January 26. Everyone is invited to attend.

Mrs. Mason Coggin, noble grand, presided over the session.

Mrs. Henry Louder was installed as chaplain by Sammie Laws, lodge deputy. She was assisted by Mrs. Jim McCoy, deputy marshal.

Sammie Laws will direct a school of instruction on Monday night.

Present were Mesdames Mason Coggin, Fannie Graves, Henry Louder, Lela Shankle, H. C. Burnam, Robert White, B. E. Burton, Herbert Overby, B. E. Coggin, Jim McCoy, Johnnie Russell, Leman Henson, C. S. Bevers Jr., Leroy Fincher, C. E. Christopher, Walter Graves, Vergie Johnson, Miss Joyce Overby, Miss Sammie Laws and Lynn White.

Mrs. Eubanks Hostess To WMU Meeting

Mrs. Eula Eubanks was hostess to a meeting of the Mary Stamps Circle of Women's Missionary Union, First Baptist Church, Monday afternoon at her home.

"Alcohol" was the topic of the program given. Carrie Alvis was in charge. Also taking part were Mesdames Roy Martin, Paul Jones, John Pinkston, H. R. Caffey, B. F. White, Eula Eubanks and Joan Long. Mrs. Guy Eiland led in prayer.

Mrs. Harry Billington gave a short discussion of a book, "The Dreamer's Corn" by Luther Rice, which the group will begin studying.

Grady Tourney Scheduled For January 26-28

Eight schools have entered the Grady Junior High Invitational Basketball Tournament to be held January 26-27-28.

The tournament will begin at 10 a.m. Thursday, January 26 when the Centerpoint girls meet the Grady girls. The first boys game will be at 11 a.m. Thursday, January 26. Grady also will play Centerpoint.

Girls and boys teams have been entered from schools at Centerpoint, Courtney, Union, Grady, Garden City, Flower Grove, Stanton and Greenwood.

Finals will be played Saturday evening, January 28. Playoff for girls consolation will be at 5:30 p.m. Boys consolation play will begin at 6:30 p.m. Girls will begin playing for the championship award at 7:30 p.m. and the boys finals will be at 8:30 p.m.

Trophies will be presented for first and second winners in the girls and boys division, first consolation in both divisions, sportsmanship for both girls and boys and individual awards for members of the all-tournament teams.

Announcement -

(Continued from page 1) ment count was not him.

The fact that Wayne is associated with an implement company in Stanton and the man convicted and given a prison sentence here about ten days ago was also associated with an implement company has caused some misunderstanding.

We are happy to make this announcement for Wayne Cook, a member of one of the county's finest families.

Snooter Knows

(Continued from page 1) the ambulance. Bird was re-elected chairman of the board of bank directors, a "position he has held for many, many years."

ACCORDING TO NEWSPAPERS survey Floyd County in the Plains area of Texas, had left in the cotton fields 18,820 bales and the 1960 crop estimate will fall short 4,000 bales of an earlier estimate of 109,623 bales. Last week the cotton fields were soaking wet from the two days rain that visited most of Texas last week.

THIS WEEK-END FRIDAY-SATURDAY is staged the Martin County Livestock Show. The committees arranging the livestock exhibits and other matters pertaining to the welfare of the show, announce ready and predict an excellent exhibition. The election of the livestock judges have been announced in the news columns of The Stanton Reporter. The exhibits will comprise lambs, calves and swine. Saturday all livestock will be judged and prizes awarded.

Please read the classified ads.

WSCS Circles Continue Study Of Home Missions

Circles One and Two of Women's Society of Christian Service met Tuesday afternoon at the First Methodist Church to continue a home missions study.

Mrs. Martin Gibson is in charge of the study. Taking part on the program were Mrs. Roy Pickett, "Faith On the Frontier"; Mrs. Aaron Donelson, "Rising Cities"; Ima Kelly, "All Men Are Created Equal"; Mrs. Dewey Williams, "Work in Portugal, Alaska and Hawaii"; and Mrs. Calvin B. Jones, "The Bishop of Beyond - Sheldon Jackson."

Mrs. G. W. Alsop gave the devotional.

Present were Ima Kelly, Mesdames Martin L. Gibson, Ellis Todd, James Jones, Calvin B. Jones, G. W. Alsop, Aaron Donelson, B. F. Smith, A. J. Stallings, Cliff Hazlewood, Dewey Williams, Ann Davis, James Biggs, Bill Wheeler, June Graham, Bob Cox, Morgan Hall, Ellis Britton, Gene Perry, and Roy Pickett.

New Arrivals

Mr. and Mrs. J. D. Green announce the arrival of a son, Ronnie Dale, born December 16 at 5:45 a.m. at Medical Arts Hospital in Big Spring. The new arrival tipped the scales at 8 pounds and 14 ounces. Maternal grandparents are Mr. and Mrs. W. C. Boone of Stanton and the paternal grandparents are Mr. and Mrs. O. D. Green of Lenorah.

GS Leaders Attend Meet In Snyder

Representatives of the Martin County Girl Scouts and Girl Scout leaders attended the annual meeting of the West Texas Girl Scout Council Thursday in Snyder.

Sandra Jones represented Girl Scout Troop 397 at an uniformed delegate's meeting of the junior planning board. Also attending were Carolyn Springer, Joyce Kennedy and Charlotte Kuhlman.

Suzanne Jones of Stanton Senior Girl Scout Troop attended the senior planning board meeting as an uniformed delegate. She serves as treasurer of the West Texas Senior Scout Planning Committee.

Meetings of the junior and senior boards were held in the morning. A meeting of the adult leaders began at noon at the First Methodist Church.

During the afternoon session Mrs. H. P. Morrison, Girl Scout neighborhood chairman for Martin County, was installed as neighborhood chairman along with other chairmen from the 13-county area.

Johnnie Ammons of Roby, council president was in charge. Reports from board members and functional committee chairmen were heard. Awards were presented.

Adult leaders attending were Mesdames James Jones, Houston Woody, Raymond Pribyla, Lloyd Hearn, Jack Kuhlman, H. P. Morrison, Earl Creech, and J. D. Poe.

Schedule - - -

(Continued from page 1) meeting of District Four, Texas State Teachers Association, in Midland.

School also will be dismissed for the Easter holidays on Thursday, March 30. Students will return to classes on April 4.

Plans have not been completed for the commencement exercises and baccalaureate services, Bickley said.

Supreme - - -

(Continued from page 1) and how long it has been since the last judgeship was created here (1922). I believe it is pretty evident we stand in great need."

One of the most frequently mentioned names for the job by court observers is Dist. Judge A. R. Stout of Waxahachie (40th District). Also often mentioned is Dist. Judge Sarah T. Hughes of Dallas (14th District).

The name of Judge Hughes, however, has been more frequently mentioned in connection with an examiner's post in the Interstate Commerce Commission.

One of the interesting aspects of current Federal Big game speculation concerning the creation of a new federal judgeship is the fact that federal law does not require a federal district judge to have a law degree.

Presumably, if Congress would confirm the appointment the local butcher, baker or candlestick maker could be appointed to the job.

Adding impetus to speculation over possible nominees is the rumor that U. S. Dist. Judge Joe B. Dooley of Amarillo (70 years of age) plans to retire soon.

Accompanying Mr. and Mrs. O. B. Bryan and Kay to the Stanton-Denver City basketball game Friday were Joanna Eoley, Nancy Robnett, Ann Yater, Nona Langley, and Jan Rhodes. A slumber party was held in the Bryan home after the game returned from the game.

Observation Of Arbor Day Set For Friday

Arbor Day, by official proclamation of Governor Price Daniel, will be observed in Texas, Friday, January 20.

Governor Daniel in his proclamation said, "The 51st Legislature by resolution designated the third Friday in January each year as Arbor Day and urged that attention be given to planting and cultivation of forest, shade and ornamental trees through out the State.

"The State of Texas derives many benefits from its trees, whether grown as a forest crop, used as a wildlife habitat, planted for protection of the soil, or cultivated as landscaping.

"Protection of so valuable a resource from the ravages of forest fires and disease and renewal through annual planting must be assured.

"THEREFORE, I, as Governor of Texas, do hereby designate Friday, January 20, 1961 as ARBOR DAY in Texas, and urge all Texans, and particularly the public schools, to observe this occasion appropriately in the interest of our State and Nation."

Present at the signing of the proclamation at Austin were Marvin Angley, president of the Texas Forestry Association, and D. A. Anderson, head, research and education department of the Texas Forest Service.

Arbor Day was first observed in Nebraska, January 4, 1872. In Texas the occasion was first celebrated February 22, 1889, in the community of Temple. Now, 72 years later, this tree-lined city is a memorial to all men who protect and replenish rather than destroy this natural resource for future generations.

This year, as in the past, the Texas Forestry Service assisted schools and other organizations in arranging special Arbor Day programs.

Grady-Courtney Basketball Teams To Play Thursday

Courtney and Grady junior high basketball teams will play Thursday, January 19 at Grady school.

Both boys and girls are scheduled to play. The first game will begin at 7 p.m.

Courtney teams played Greenwood at Courtney Tuesday, January 10. Courtney girls won 35-26, but the boys lost 13-28.

Band Boosters To Meet On January 24

A meeting of the Stanton Band Boosters Club will be held Tuesday, January 24 at the Stanton band hall. The meeting will begin at 7:30 p.m.

All parents and interested persons are invited and urged to be present.

Livestock - - -

(Continued from page 1) Scheduled to be sold are 24 lambs and 22 pigs. Calves are not sold at the auction.

Classes for Angus and Hereford will make up the calf division. There will be four classes in the lamb division—finewool, crossbred, Southdown and purebred. The purebred class was added this year.

In the swine division classes will include light and heavy barrows, bred and open gilts.

Grand champion and reserve champion awards are to be given in the calf division and the swine division. Only class winners will be selected in the lamb division. Grand champion winners will receive trophies.

Ribbons will be awarded through tenth place in each class of each division. In each class of the lamb division first through fifth place winners will receive cash awards. Awards will range from \$5 through \$1.

Cash awards also will be given first through sixth place winners in the swine division. Awards will be \$6, \$5, \$4, \$3, \$2 and \$1.

Four places in the calf division will receive cash awards. Awards will be \$15, \$12.50, \$10 and \$7.50.

In each division a showmanship award will be presented.

Last year there were 10 steers, 61 lambs and 38 swine entered in the show.

Yvonne Nichols exhibited the grand champion steer and Bobby Sale showed the reserve champion steer. Terry Franklin showed the champion finewool lamb; Jimmy Miller the top Southdown and Smitty Smith exhibited the top crossbred lamb.

Last year Ed Barkovsky showed the grand champion barrow and the reserve champion was shown by Anthony Hanson. Porky Britton had the grand champion gilt and Dale Max Robertson exhibited the reserve champion gilt and Dale Max Robertson exhibited the reserve champion.

Read The Stanton Reporter for your local merchants ads, then patronize them, for they have many good bargains.

Methodist Group Begins Mission Study At Church

Methodist children are taking part in a mission study each Monday afternoon at the church.

The study began Monday, January 9 and will continue ten weeks. Meetings begin each Monday at 3:45 p.m. "Into All the World With the Bible" is the topic of the study. Mrs. Joe Carr is instructing the primaries and Mrs. Ellis Todd is teaching the junior students.

A recreation period is also held and refreshments served.

Courtney 4-H Elects Officers

New officers were elected when the Courtney Girls 4-H Club met Monday, January 16 in the Courtney School lunchroom.

Elected were Eva Pointer, president; Linda Hays, vice president; Martha Bradshaw, secretary-treasurer; Barbara Harrell, reporter; and Kathy Hazlewood, Kay Harrell, council delegates.

Clothing was the unit of study selected.

The group will meet the first and third Mondays of each month in the lunchroom. Meetings will begin at 4 p.m.

Bobby - - -

(Continued from page 1) The freshman team scored 1,801 out of a possible 2,100 points. Howard Payne's team was second and the Abilene Christian College team scored third.

The sophomore team from San Angelo scored 1,810 out of a possible 2,100 to gain a victory. Howard Payne's entry was second.

Other members of the freshman team besides Kelly are Tony Allen of Sterling City, Gary Estep of San Saba, and alternates, Terry Bryan of Robert Lee, and Richard Spencer of Bronte.

Eugene Davis of Garden City, of the San Angelo sophomore team was high scorer in the sophomore division with 617 out of a possible 700 points.

Senator Barry Goldwater writes: "In order to remake society overnight and to eliminate the inequities which are apparent to all of us, the radical liberal is always willing to employ compulsion. In order to exercise compulsion, the liberals seek additional power and constantly chafe under the restrictive limitations of the Constitution. Conservatives, on the other hand, believe that compulsion — however well-intended — inflicts serious injury on the dignity of the individual and therefore argue that reform and improvement must be voluntary."

New Chamber Directors Are Announced Here

New Martin County Chamber of Commerce directors were announced this week.

They are Bob Cox, David Workman and Jimmy Bickley.

Chamber of Commerce members have been balloting all during January on the new directors. Deadline for the ballots to be returned was Friday and a committee met Friday evening at the Chamber of Commerce office and counted ballots.

The new directors will serve three year terms.

Holdover directors are James Eiland, Leo Turner, Jake Hodges, Gerald Hanson, R. O. Anderson and C. R. Crim.

Retiring directors are James Webb, W. W. Williams and O. L. Snodgrass Jr.

Other candidates for the three places were Roy Pickett, O. C. Turner, J. M. Shy, Ed Hall, B. Q. Evans and Owen Kelly.

New directors were present for a directors meeting Monday evening and took part in the session.

4-H Clubbers - -

(Continued from page 1) Abilene show, which will be held January 22-25, are Smitty Smith, Terry Franklin, Ben Mott, Kathy Hazlewood, Carolyn Kelly, Steve Springer, Carolyn Nichols, Lonnie Green, David Howard, Randy Huckabee and Allen Springer.

Steve Springer, Allen Springer and Buddy Shanks are to have entries in the poultry division. Jimmy Robertson is scheduled to show a steer.

Lambs are to be judged on January 23, steers will be judged on the night of January 24 and poultry entries are to be judged on January 24. The auction has been set for January 25.

Janice Glaze has a steer entered in the Fort Worth show which has been set for January 26 through February 4. Smitty Smith and Carolyn Kelly have also entered lambs.

Scheduled to have steers shown in the El Paso show, which is February 4 through February 11 are Susan Jones and Janice Glaze.

Lambs have been entered by Steve Springer, Carolyn Nichols, Carolyn Kelly, Terry Franklin, and Smitty Smith.

The Houston show will be held February 26 through March 4.

A footnote on the Cuban situation: The Railway Express Agency has officially closed its Havana office, following notice to its employees and the Cuban Ministry of Labor that it was terminating its services between Cuba and the United States. These services had been provided continuously since 1898.

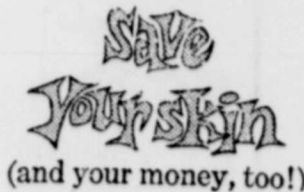

Local Baptists Attend Meeting In Coahoma

Members of the First Baptist Church attended a Big Spring Association of Workers Conference Monday evening at Coahoma Baptist Church.

Rev. W. H. Uhlman, pastor of the First Baptist Church, was the main speaker at the general session. Sectional meetings also were held.

Attending were Delbert Franklin, Mr. and Mrs. B. F. White, Mr. and Mrs. Philip White, Mr. and Mrs. Charles Davis, Mr. and Mrs. J. C. Epley, Mr. and Mrs. Gene Clements, Mr. and Mrs. H. R. Caffey, Mrs. Bob Johnson, Mrs. Dewitt Robertson and Rev. and Mrs. W. H. Uhlman.

Stanton Drug

Walgreen Agency

PUBLIC NOTICE From The City Of Stanton

It has been called to the attention of the City Council of Stanton, Texas that there have been numerous incidents where the lids of meter boxes and cutoff valves have been removed and the boxes left open or the lids left loose, thus causing a hazardous condition to exist where people have to walk.

It is the request of the City Officials that all boxes be kept closed and locked to protect the citizens of our community.

This request is in support of and in compliance with the city ordinance setting forth the regulations and maintenance of the Water and Sewer System. To wit:

Section Number 5, Paragraph Number 3:

It shall be unlawful for any person except the Water Superintendent, or some one authorized by him, to open any Water Cock or Water Stop Box. It shall be unlawful for any person except the Water Superintendent, or some one authorized by him, to turn, on or off the water at said Stops or Water Cocks, and any person violating this section of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined in any sum not less than \$10.00 and not more than \$100.00.

Attest: HARVEY WHITE City Secretary

Signed: S. W. Wheeler, S. W. Wheeler Mayor

"Across From Junior High"

Identification Numbers For Boats Required By Texas Law

"Texas boat owners may need a woman's opinion in choosing the colors for the registration numbers on the hulls," Bob Townsley, Director of the Texas Highway Department's Motor Vehicle Division said today.

"Boat number colors and boat hulls aren't contrasting enough to be readable—that's the problem."

"Too many boats are not numbered in accordance with the law—which requires a legible, visible, contrasting number for good identification. The solid-color area of the boat number should contrast strongly with the hull of the boat. A good many of the boats we've looked at have white numbers on a white hull—and the thin colored border around the number doesn't make it show up."

Three things the Texas boat owner should do after getting his registration number from the Texas Highway Department:

1. The solid-color area of the registration three-inch, block letters must

contrast with the hull of the boat.

2. The numbers should be located on each side of the forward half of the hull, as near to the stem as possible.

3. Between each part of the number there should be a hyphen or a space. Example: TX-1234-AA or TX 1234 AA.

Townsley said the boat-numbering problem was nationwide, and that manufacturers who make boat numbers are helping out by increasing the size of the solid-color area of the boat number to a full three inches.

Coast Guard and local enforcement authorities will give owners of boats whose numbers do not meet the federal numbering specifications until July 1, 1961 to make necessary changes.

The Water Safety Act passed by the Fifty-sixth Legislature gave the Texas Highway Department the responsibility of administering the act. Owners who power their boats with a motor in excess of ten horsepower are required to obtain a license.

The wrong way (top) and the right way (lower) to mark Texas boats with registration numbers is pointed out by Bob Townsley, Director of the Texas Highway Department's Motor Vehicle Division. Top number, white, gives poor contrast with the light hull. The bottom number, contrasting sharply with the dark background, has

good visibility.

Numbers are issued by the Motor Vehicle Division of the Department.

Townsley stated that 150,000 power boats were registered in Texas, and that registrations on these were good until March 31, 1963.

"The registrations are good," explained Townsley, "now we want to get the numbers so we can read them. No matter what power rating a boat may carry, it is to the owner's advantage to register his boat. The boat's registration will provide an inexpensive way of quick and positive identification should the craft be stolen or involved in difficulty."

Goodwill Industries, which is the largest private employer of handicapped people, says that within a normal working lifetime a rehabilitated handicapped worker will pay \$10 in income taxes for every dollar invested in his rehabilitation.

Outdoors In Texas

By VERN SANFORD

Not everyone fishes. But most people would like to fish occasionally. Usually the excuse is "I just don't seem to find the time."

Recently, over a period of several days, I asked everyone I chatted with — old friends and new friends — one question: "Do you ever go fishing?"

Answers ranged from "Never" to "Occasionally," to "I go as often as I can."

Invariably the person who said "NEVER" would add, in tones of wishfulness, "I just don't have the time." Lots of them seemed to have a guilty feeling about it. Sorta like "I know I oughta get out and away from everything . . . once in a while . . . but I just don't."

Those are the fellows who need it most. I want to direct this message especially to them, because I've been in their position. I know exactly how they feel, and I know that they need to go fishing, perhaps more than they realize.

Usually such persons go "all out" in anything and everything they do. They work night and day on the job. Or they devote 80 per cent of their non-sleeping hours to civic work. Or they take on too many committee assignments — from the club, or the church, or the multitude of other organizations in the hometown, or the district, sometimes even the state.

As long as it is fun to do these things, as long as they accomplish them without pushing themselves too hard; so long as they are just burning up excess energy — they are not hurting their minds or their bodies.

But there comes a time when everyone needs a little diversion. The farther the diversion can be

from the routine activities of his everyday living, the better that diversion will be for him.

I firmly believe that that is why fishing is so popular as a recreation. Another factor, of course, is that it can be cheap recreation. It doesn't have to be costly.

Usually there's a place to fish that is not much farther away than the golf course. One does not have to wear fancy duds. That helps the budget a great deal.

He can rent a boat, if one is needed. Also a motor. So he doesn't necessarily have to buy either.

He can purchase as bait a can of worms, or two dozen minnows, for 50c. Artificial lures that last and last range in price from 95c to \$1.50.

He won't lose any more lures than he will golf balls, and most likely far less. Of course if he's a duffer like me, and in the rough most of the time, he might come out ahead in the golfing game by finding more balls than he loses.

Anyway, considering everything, fishing is about the cheapest pastime available.

Of course one can go all out with fishing gear the same as in hunting, or golfing, or bowling . . . in fact any participating sport. One big difference, however, is the great opportunity fishing affords for relaxation. It's the best tension-reliever ever discovered.

We've participated in most all sports, at one time or another — track, tennis, baseball, basketball, football — to name some of the more strenuous. We've done our share of bowling, golfing, swimming, even bicycling and motor cycling. You name it and we've done it, or tried to do it, and a good bit of most of them. But there is no

thing, nay nothing, more relaxing to this scribe, than hunting or fishing . . . and especially the latter.

Like most everyone else . . . if we've tried it we want you to try it . . . and our best argument is that it's good for you.

Unfortunately the fellows who need relaxation the most usually do the smallest amount of it.

Take the doctor, for example, or the druggist, or the banker, or the retail merchant, or the service station manager, or the executive of any business, firm or corporation—including the newspaper publisher. All of them work under tension every day—high, nervous tension.

Why? Because they have the responsibility of serving lots of people . . . all kinds of people. They have greater responsibility than the average man. There are hundreds of such business men . . . and women, too . . . rushing hither and yon, tending their tedious tasks selling their services, or peddling their products.

They need to stop this go — go — go life of theirs, long enough for a change of pace.

Okay Then what's more relaxing than a complete reversal of activity? A few hours' angling from the bank of a quiet stream, or a farm pond, or in a boat far out on some coastal bay, is the answer to the high-tension problem. It will ease the mind. The exercise that goes with it will do wonders for the body. Surprising as it may seem to you who may not have tried this prescription, you'll get more work done than ever before . . . when you return to your job.

So, don't kid yourself into thinking that you can't afford the time off to go fishing. It just could be

DPS Sticker Drive Starts

The director of the Texas Department of Public Safety today urged motorists to secure their 1961 vehicle inspection stickers "before the time gets short and the lines get long."

Col. Homer Garrison Jr. said approximately half the inspection period has expired and only about one-third of the vehicles in the state have been inspected. Unless the number of inspections is increased appreciably soon, he added, long waiting lines will be forming at inspection stations when the April 15 deadline approaches.

After that date, vehicles not displaying the new inspection sticker will be operating in violation of the law, Garrison said.

"The 4,800 authorized inspection stations over the state are ready and capable of handling the inspection of Texas registered vehicles without delay if owners will not wait until just a few days before the deadline," he said.

Garrison called attention to the fact that since the beginning of the inspection program, vehicles having a defect that was a causative factor in fatal accidents decreased from 13 per cent to five per cent.

"The purpose of the motor vehicle inspection program is to discover any maladjustment which might become a link in a cycle of events leading to an accident and, by removing the link, prevent the accident," he pointed out.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Gustav Bohstedt
Emeritus Professor of Animal Husbandry
University of Wisconsin

Silage Good for Brood Sows

We know now that a supplemented silage ration for brood sows can cut feed costs and increase the number of pigs at birth, and at weaning time. However, up to a few years ago whenever corn silage or grass silage was mentioned for brood sows, the idea was discounted as being somewhat sloppy management.

Surely, it was thought, most of the silage would be wasted, and the only purpose the part eaten could serve would be as a sort of salad or side dish—not the main dish. This was common opinion.

Well, some of the silage may be wasted. In many feeding trials it was found, however, that the great bulk of the silage was consumed by the sows, and with benefit to themselves, to the new litter of pigs, and also economic benefit to the owners. At Purdue and Iowa Experiment Stations sows took 10 or 12 pounds of corn silage or 7 to 10 pounds of grass silage daily. Silage had its greatest use during the gestation period rather than the nursing period when considerable grain needs to be fed.

It must be understood that corn silage needed to be supplemented with 1.5 to 2.0 pounds of a suitable protein-mineral-vitamin concentrate. Such a ration resulted in a 25 per cent reduction in feed costs and an increase in the number of pigs at birth and at weaning of pigs at birth and at weaning time, as compared to more or less common gestation rations. Corn silage differs from grass silage in that it has more energy from the kernels, and is

more palatable. Grass silage usually has more protein, vitamins and minerals. In either case the protein supplement needs to be the efficient kind that provides the amino acids that may be lacking in the silage.

Also, because both corn silage and grass silage are high-fiber and differ in quality and nutritive value, it is necessary that the protein supplement be fortified with certain vitamins and minerals that would properly nourish the sow and the pigs that are to be born. Excellent sow and pig supplements are formulated already.

In view of the differences in amount eaten and the varying energy content of the silages, some corn or similar grain may need to be fed in addition to the silage and protein supplement. This is especially important during the last one-half or one-third of the gestation period when more feed energy is needed for the development of the litter.

Sows should be kept in a thrifty, vigorous condition, not fat, during gestation. They will be better mothers for it, and silage helps condition them. Question: Is there any difference in the cobalt requirement among different species of farm animals?

Answer: It has been found that horses get along quite well on pastures that are cobalt deficient for cattle, and especially so for sheep. The latter are the most demanding in that respect. In Scotland, lambs were healthy on pasture that had 0.38 parts per million cobalt, but were deficient when there were only 0.09 p.p.m. The most practical way of feeding cobalt to sheep and most other ruminants is through free-choice feeding of trace mineralized salt.

YOUR SOCIAL SECURITY

From time to time, you have probably read or heard about the major changes made in the Social Security Act by the 1960 Amendments. For instance, disability insurance benefits may now be paid to workers under 50; less work is needed to qualify for old-age survivors benefits; and retired persons may now have less benefits withheld because of part time work.

Several changes in the law affect a limited number of people. For instance, under the old law, a child could not receive benefits on his deceased father's account if his father had not been contributing to his support, and his step-father had. Under the new law, a child may receive benefits on his deceased father's account regardless of whether he was supported by him. Of course, as before, the father must have had sufficient credit for work under social security to be insured.

The new law also changes the way a child's benefit payments are figured. Before, each child received one-half of what his father received. Another one-fourth of what the father would have received was divided equally among all the children eligible on his account. Now, all children will be entitled to three-fourths of what their father would have received. Many children's benefits will be higher when they receive their next check as a result of the change. Others will continue to receive the same amount because the family maximum is already being paid. The family maximum is the most that can be paid on a person's account, regardless of the number of people eligible.

Buffaloes Lose To Denver City

Stanton Buffaloes met Denver City in their first District 3-AA basketball game of the year Friday in Denver City.

The Buffaloes lost to Denver City 59-43.

Dennis King led the surge to victory, scoring 18 points for the Mustangs.

Stanton led early in the game, 3-0, but Denver City soon took charge. By half time, the Ponies were in command, 31-23.

George Curtis scored 13, Mike Hubbard 11 and Billy Trout ten for Denver City.

Jerry Polson proved the Stanton pace setter, with 11 points.

In the preliminary contest, Denver City's reserves turned back the Stanton Buffs, 45-43, in a real thriller. Buddy Glaspie tossed in 13 points for Stanton in that one. Glaspie made only one bucket from the field but added 11 free throws.

Franklin Rites Held Sunday

Funeral services for Charles C. Franklin, 63, resident of Mitchell County and brother to Mrs. W. S. McDonald of Stanton, were held Sunday afternoon in Colorado City.

Mr. Franklin died Friday at his home in the Payne community, near Colorado City.

Mr. Franklin was born in Menard County, January 24, 1894, and married Celia Penskofer in Lawton, Okla. May 24, 1919. They moved to Coker County in 1923 and then to Mitchell County in 1944 where he farmed in the Payne community. He was a World War I veteran and a member of the Baptist Church.

Survivors include the widow; one son, Charles C. Jr., of Colorado City; one brother, J. W. Franklin of Florence, Colorado; two sisters, Mrs. W. S. McDonald of Stanton and Mrs. C. E. Kilgore of Brady; three grandchildren and one great-grandchild.

PERSONALS

Mrs. Ellmore Johnson and sons of Abilene, visited last week with his parents, Mr. and Mrs. Azey Simpson; her sister, Mrs. Addie Burgess and friends.

Mrs. Rob Miller and Mrs. Pete Hickman of Ozona, visited Wednesday, January 11 with Mrs. Hickman's grandfather, John Atchison, and others.

Mrs. Zella Bennett of Midland, visited Sunday with relatives.

Sunday guests with Mrs. Joan Long and Carrie Alvis were Mrs. T. C. Heaton, Mrs. Ann Johnson and Mrs. Clyde Ray, all of Odessa and Mrs. Charles Dossett of Crane.

Sunday visitors with Mr. and Mrs. Claude Davis were Mr. and Mrs. Ed O'Bannon and daughters of Sparenburg.

By VERN SANFORD

Texas' 57th Legislature began on a note that's likely to continue for some time—difficulty over money.

Many House members felt their colleagues had made an awkward start in an awkward situation when they voted themselves salary raises as the first item of business. House voted 97-45 to put into effect the \$4,800 a year legislative salaries made possible when the people approved a constitutional amendment last November.

Objects were quick to point out that (1) the state general revenue fund was at that moment \$85,249,951 in the red and (2) many lawmakers campaigned on an "economy in government" platform.

Rep. Raymond Bartram of New Braunfels said he felt the people would rather legislators take care of teacher salary raises and medical assistance for the aged before spending extra money on themselves.

H. B. I. the legislative salary and expense bill, would divert some \$2,500,000 from the cigarette tax and drivers license funds. Money had to be "found," since the general revenue fund, as fast as it comes in, has to be used to pay the state's "hot checks."

Down the road are even more fireworks as the legislature searches for \$200,000,000-plus to take care of the wants of other state agencies and services.

TURMAN SPEAKER — Farmers and teachers have one of their own in one of the most important of state offices.

Rep. James Turman of Gober was elected Speaker of the House by a vote of 83-66. Rep. Wade Spilman of McAllen, whose support was largely from conservative House members, was the losing candidate.

Turman and his family operate a 103-acre farm in Fannin County. He is a former grade school teacher and worked his way to a doctor of philosophy degree in education. For a time he was assistant to the president of Texas Women's University at Denton.

As Speaker, Turman's first big job is appointing House committees, due to go into action about January 23. By his selections, he can influence to a considerable degree how certain legislation will be handled.

SENATOR ROBERTS HONORED — Sen. Ray Roberts of McKinney is president pro tempore of the Senate for the present session.

His job, largely honorary, is to preside over the Senate in the absence of the lieutenant governor. Also, he is second in line of succession to the governorship. By tradition, during each president pro temp's term, the governor and lieutenant governor leave the state so

the senate president can serve as "governor for a day."

Senator Roberts, a World War II Naval hero, is a farmer and realtor.

GRIST FOR THE MILL — Texas Legislative Council, an influential joint House-Senate study group, will offer a mass of proposals for new legislation.

Among recommendations:

1. Some streamlining, but not a wholesale re-writing of the state constitution. This will be a disappointment to groups working for steps toward a new constitutional convention.

2. Limitations on the annexation powers of cities and towns.

3. Increased facilities for juvenile guidance and care, including a home for dependent negro children, facilities for mentally ill juveniles and regional training centers for delinquent youths.

4. Higher minimum coverage requirements for automobile insurance. Present minimum is \$5,000. A raise to \$10,000 or \$20,000 was suggested.

Another study group, a special Senate committee, recommends removal of some of the restrictions on investment of the permanent school fund. It suggests investments in corporate securities and real estate mortgages, guaranteed by the federal government.

COLLEGE BID REJECTED — Commission on Higher Education does not favor making Del Mar College in Corpus Christi a senior college.

Commission has agreed to study requests for senior college status and state support for Pan American College at Edinburg, and San Angelo College.

On Del Mar, the Commission will make its negative recommendation to the Legislature which will have the final say. In the past, the Legislature has approved more such requests than the Commission.

NEW STATE BUILDING — Contracts have been awarded for construction of a second new State Office Building just north of the Capitol.

It will be a four-story granite building with 147,295 square feet. Cost is to be \$2,675,102. It will be known as State Office Building No. 2 and will house the Game and Fish Commission, State Board of Plumbing Examiners and some other agencies now scattered over Austin.

This is one of six buildings in the current program to create a unified government center, clustered around the State Capitol. Already in use are State Office Building No. 1, the State Courts Building and the Texas Employment Commission Building. Archives Building is to be finished soon, and a new Insurance Building is due to start this year.

DECENTRALIZATION SET — State Game and Fish Commission has voted to set up a system of five regional and 20 district offices to improve operation of its field service.

Reorganization plan was recommended by the Texas Research League, a privately financed organization to study operation of governmental agencies.

Regional offices will be at Seabrook, Rockport, Tyler, San Angelo and Waco.

District offices will be at Amarillo, Beaumont, Bryan, Houston, Victoria, San Antonio, Edinburg, Corpus Christi, Lubbock, El Paso, Wichita Falls, Midland, Fort Worth, Temple, Brownwood, Kerrville, Dallas, Texarkana, Palestine and Lufkin.

Music Clubs' Auditions Set For March 4

The National Federation of Music Clubs' Young Artist and Student Auditions will be held for Texas applicants on Saturday, March 4, 1961 in the new recital hall at North Texas State College in Denton. The deadline for entry is February 11.

Young artist auditions are open to artists ready for a national concert career in five classifications, piano, violin, man's voice, woman's voice and chamber music. Awards of \$1,000 cash to finalists in each classification will be given, or as an alternate a debut recital in New York Town Hall. Competition finals will be held in April, and winners will be heard in recital during the 31st Biennial Convention of the National Federation of Music Clubs at Kansas City, Missouri, April 19-25, 1961.

Thirty-seven awards and scholarships are offered in the student auditions of 1961 to young musicians between the ages of 16 and 25.

Bulletins giving complete rules and requirements may be secured from the state chairman, Mrs. Stuart A. Walker, 6729 Ravendale Lane, Dallas 14.

Mr. and Mrs. Harold Ervin and children of Midland, visited Sunday with Mr. and Mrs. J. T. Young.

Farm And Ranch Review

Despite unfavorable weather conditions at different times during the past year, Texas cotton producers came up with the third highest lint yield per harvested acre on record, 329 pounds. Since 1946 the yield figure has climbed from 134 pounds to the present near record.

Medical costs per person are over 15 times more for older than for younger farm families, according to the U. S. Department of Agriculture. A nationwide survey indicated medical costs for farm families in which the farm operator was 65 or older averaged \$92 a year per person while those of all others averaged \$59.

Onion "blight" disease is generally found in all commercial onion producing areas. It is usually observed in South Texas, by January or early February. It is more severe when rainfall is above average or when humidity is high. In some areas, damage by disease is mistakenly attributed to bad weather.

The "blight" is usually a combination of fungus diseases occurring at about the same time. Purple blotch, botrytis tip blight, downy mildew or several other foliage diseases may be involved.

Purple blotch causes white, sunken spots with purple centers. The spots eventually girdle the leaves causing a leaf die-back. With botrytis tip blight, the tips of the leaves are killed. Downy mildew causes dwarfing of plant and leaves become a distorted pale green. In wet weather, downy mildew fungus produces a violet mildew growth over the affected leaf parts.

A combination of practices is the best preventative. Grow onions or garlic only once every three or four years on the same land. Obtain seed or transplants from relatively disease-free areas. Use a ground spray machine for applying control measures with pressure of 250 pounds or more.

A detailed review of research and extension programs dealing with sheep and goats, wool and mohair

has been completed. The review was held at Texas A&M College, January 4-6, and resulted from a common desire of industry, research and extension leaders in Texas for an appraisal of present programs and to develop new directives to meet the needs of a rapidly changing industry.

Participants in the review were nine technical and industry consultants, 18 ranchmen, and 29 staff members of the Texas Agricultural Experiment Station and Extension Service. Results of past work, current work and future work needed were considered by the group in analyzing each area studied.

The major areas of research and extension studied included reproduction, selection, nutrition, diseases, market expansion and marketing efficiency.

In general, the consultants expressed satisfaction with present programs, but believed that more research is definitely needed in the many areas in order for the industry to keep pace with present economic growth without government subsidies and aid. Greatest emphasis on research advancement was placed in the areas of angora goat nutrition and management, and production economics, financing, and marketing efficiency for sheep and goats, wool and mohair.

Firebreaks have long been accepted as a necessary precaution in the timber producing areas of East Texas. In the past, however, these firebreaks were usually plowed or disked strips. Although effective, such firebreaks represent a sizable acreage of nonproductive land and they require costly annual maintenance.

Since many East Texas farmers graze cattle in their woodlands, why couldn't these firebreak be fertilized, seeded and turned into productive areas? To determine the feasibility of such an operation, the Texas Agricultural Experiment Station made a study of grazed firebreaks at the Kirbyville Substation. Soils in that area are predominantly Cad-

do with moderate to imperfect surface and subsoil drainage.

Cold, Wet Fields Slow Grain Growth

Cold and saturated fields slowed the growth of small grains and winter legumes and prevented their use for grazing, especially in the eastern half of Texas. New rain has meant a further delay of all outdoor activities except feeding of livestock which is increasing, said director John Hutchison of the Texas Agricultural Extension Service.

Heavy rains delayed outdoor work and put farmers further behind their normal schedules. Farmers and ranchmen in the waterlogged areas expressed concern over the continuing delays, Hutchison said.

Surface and subsoil moisture are adequate to surplus in all sections except far West Texas and a few spots in the Panhandle where surface moisture is needed for wheat.

In far South Texas, another week of wet, cold weather delayed field work, kept out fields too wet to graze and increased the need for feeding. Some ranchmen burned pricklypear. Rust showed up in oat fields. Some fields in the Coastal Bend area were waterlogged.

Excess moisture is preventing land preparation and fertilizer applications on the Blacklands of South Central Texas. He said feeding was heavy due to boggy pastures. Many calves were on the ground and range prospects look good.

Fields are waterlogged and all work remains as a standstill in the upper coastal area. Cattle feeding has increased since temporary pastures are too wet for grazing. All pastures need a lot of dry, sunshiny weather. Vegetables were fair with some greens and cabbage being marketed.

Sunshine which followed several days of rain in deep East Texas was welcome but moisture was excessive and beef cattle lost weight. Milk production was below normal.

Rain Surplus — There is a surplus of moisture in Northeast Texas. Weather has been too cold and wet for plant growth. Since the soil is too wet

face and subsoil drainage.

for work, the major activities are cattle feeding, orchard pruning and general farm work.

Feeding has increased in Central Texas because oats are making no progress due to the cold, wet weather. Moisture was adequate to excessive. Pastures made slow progress and grasses are very short but the condition of livestock was near normal for January.

Livestock and pasture conditions are good in Central West Texas. Early lambs and calves are on the ground in considerable numbers. Moisture is adequate to excessive in all counties. Field work was at a standstill.

In western counties of far West Texas, moisture is poor to adequate. In eastern counties, rain is adequate. Ranges and small grains need warm weather to stimulate growth. Livestock were in good condition with range cows and ewes being fed.

At Standstill — Field work was at a standstill and boggy fields in many counties in North Central Texas held grazing to a minimum. Unfavorable weather made livestock feeding a major chore.

Moisture is adequate in the Rolling Plains area (Vernon), but stock water supplies are on the short side in some counties. Small grain growth has been slow but fields in a few counties have dried enough to permit limited grazing. Rust and dry-land root rot have been reported. Feeding is continuing.

Favorable weather last week permitted South Plains (Lubbock) farmers to push the cotton harvest closer to completion. Moisture was excellent. Land was being prepared and small grains and livestock were in good condition.

Some spots in the Panhandle need moisture for wheat, but generally, the situation is good. Wheat is largely dormant due to the continuing cold, but livestock are in good condition with feeding.

Port Huron, Mich., Times Herald: "Industry is not something which should be tolerated — it should be wisely appreciated."

That remark, made at an Industrial Development workshop at Romeo by George Catlin, of Detroit Edison Company, should be the creed of any community . . . which envisions industry's blessings.

Today in the United States there are more than 13,000 commissions, departments and companies representing cities, counties, states and areas, engaged in fierce competition to woo industry to their areas."

Carlsbad, N. M., Current Argus: "We have now seen tangible results of the effectiveness, in the United Nations, of the Afro-Asian bloc. Twice recently, this group of 45 nations voted together on a side opposite from that taken by the United States. . . . Americans should be prepared for more of this sort of thing. Former Colonial nations feel a common interest, and will vote so."

Students of the United Nations are concerned over something more fundamental here. This is the growing tendency to vote national and continental interest first, principles second."

Clarksdale, Miss., Register: "It is sometimes difficult for Americans to understand the power that a man such as Fidel Castro can wield over illiterate and unthinking people. Yet we must not forget that more than once in our own history, and not so very long ago, considerable numbers of Americans gave ear to demagogues. . . . To prevent the Castros and their kind from rising to the top it is necessary to treat the very serious and deep-seated problems which permit them to flourish."

Easley, S. C., Progress: "This Country wouldn't be in such a mess today if the Indians had adopted more stringent immigration laws."

Religious Announcement

Many sincere people regard the Bible as the sole authority for Christian belief. And they reject the teachings of the age-old Catholic Church because these teachings and forms of Catholic worship are not mentioned by name in Holy Scripture.

"Where," some will ask, "does the Bible say anything about the Mass or Purgatory? And how about confession to a priest, praying to Mary, and those seven Sacraments Catholics talk about. They're not in MY Bible."

Catholics say that their teachings are found in the Bible. She teaches nothing that is not found in Sacred Scripture. If you wish to know more about Catholic teachings, write for a free pamphlet explaining the Catholic Church. Write to: Home Study Center, Box 5644, Amarillo, Texas.

Without obligation, please send free pamphlet.

W. A. Kaderlis Observe 50th Anniversary

Mr. and Mrs. W. A. Kaderli celebrated their golden wedding anniversary with open house Wednesday evening, January 11 in their home, 308 St. Peter.

Mr. and Mrs. Kaderli were married on January 11, 1911 in the home of the bride's parents, which is the house now owned by Martin L. Gibson on West Broadway.

Friends of the couple called between the hours of 7 p.m. and 10 p.m.

Refreshments of spiced tea and a three-tiered white wedding cake, decorated in gold, were served by Mrs. Doris Stephenson and Mrs. J. D. Poe. The refreshment table, laid with a white cutwork cloth over gold, was centered with an arrangement of mums, greenery and three candles, all sprayed gold. Featured in the arrangement was net and a miniature "50." White napkins on which was engraved in gold "Beulah and Allen" completed table decorations.

On display were gifts, telegrams, letters and cards sent the couple congratulating them on their anniversary.

The home was decorated throughout with arrangements of flowers sent by friends.

Present for the celebration were the Kaderli's three children, H. H. Kaderli of Midland, M. D. Kaderli of Grants, N. M., and Mrs. M. P. Tixier of Houston. They also have seven grandchildren.

Mrs. Kaderli is the former Beulah Johnson of Stanton. She moved to Stanton with her parents in November 1906 from Commerce. Mr. Kaderli's father was among the first to come to Stanton for the purpose of farming, arriving in 1904 from Blair, Oklahoma. Before that the family resided in Williamson County, Texas.

The Kaderlis are long-time members of the First Baptist Church, and have been active in all community affairs. They have the distinction of being the oldest couple to have married in Martin County and to have lived here continuously.

Mr. Kaderli's hobbies were at one time, bees and the raising of caracul sheep; both were given up during the prolonged drought, but Mrs. Kaderli owns a suit, hat and bag made from the pelts of sheep raised by her husband.

Mrs. Edmund Tom played musical numbers during the evening. Mrs. John Wood and Mrs. James Jones sang several numbers. Mike Ander-

Mrs. Atchison Hostess To Courtney Club

A meeting of the Courtney Morning Home Demonstration Club was held Thursday, January 12 at the home of Mrs. Weiland Atchison.

Yearbooks were filled out and names for secret pals were drawn.

Mrs. Mildred Eiland, home demonstration agent, gave the program "Salads For Every Meal."

Refreshments of doughnuts, coffee and Cokes were served to Mesdames Cliff Hazlewood Jr., Donnie Jones, Bernell Howard, Darrell Payne, Billy Mims, Arthur Posey, Billy Coggin, Atchison and Eiland.

The next meeting will be Thursday morning, January 26 in the home of Mrs. Billy Coggin.

Committees for 1961 were selected. They include Mrs. Weiland Atchison, Mrs. Billy Coggin, yearbook; Mrs. Billy Mims, Mrs. Arthur Posey, 4-H; Mrs. Donnie Jones, Mrs. Bernell Howard, Mrs. Eldon Welch, civil defense and citizenship.

Also Mrs. Billy Mims, Mrs. Donnie Jones, Mrs. Duke, education; Mrs. Darrell Payne, Mrs. Billy Mims, finance; Mrs. Eldon Welch, Mrs. Duke, health and safety; Mrs. Kenneth Holcomb, Mrs. Weiland Atchison, recreation; Mrs. Arthur Posey, reporter and Mrs. Elmer Lee Stroud, parliamentarian.

Mrs. Plummer Hostess To Study Club

International Day was observed at a meeting of the Stanton Study Club Thursday at the home of Mrs. Doris Stephenson. Mrs. Marguerite Plummer was hostess.

Mrs. Plummer presented a program on Finland. She gave an interesting discussion of the customs and government of Finland. Mrs. Glenn L. Brown played and sang the Finnish national anthem.

Mrs. Plummer and Mrs. Alma Thornton served dips, cookies, spiced tea and coffee from a table laid with a cutwork cloth and centered with a wooden bowl filled with artificial fruit.

Mrs. Joe Stewart, president, was in charge of the business session. Members discussed the Martin County Library Improvement Fund drive.

Present were Mesdames B. F. Smith, J. B. Harvard, J. O. Stuard, Joe Stewart, Marguerite Plummer, John F. Priddy, W. T. Wells, J. M. Shy, Glenn L. Brown, S. W. Wheeler, and Alma Thornton.

Mrs. Arlie Weatherman

Ricky, Jerry Kennedy Honored With Party

Ricky Kennedy and Jerry Kennedy were honored with a birthday party Wednesday, January 11 at the home of their parents, Mr. and Mrs. Francis Kennedy.

Ricky observed his seventh birthday and Jerry was six.

Games were played. Prizes were awarded to Cindy Avery and Marty McArthur as game winners.

Refreshments of hot chocolate topped with colored marshmallows, and cake frosted in pink were served. Favors were balloons and party hats.

Twenty guests were present.

Doris Ross And Arlie Weatherman Repeat Double Ring Vows Jan. 6

Doris Ellen Ross of Alpine, became the bride of Arlie Weatherman of Littlefield, in a double ring ceremony read Friday, January 6 in the home of her parents, Mr. and Mrs. Charlie F. Ross of Alpine.

The bride is the granddaughter of Mr. and Mrs. C. C. Kelly of Stanton, and the great-granddaughter of Mrs. J. H. Kelly and John Atchison, both of Stanton. She also is the granddaughter of Mr. and Mrs. P. T. Ross of Lamesa, formerly of Stanton.

The bridegroom is the son of A. L. Weatherman of Littlefield, and Mrs. La Wanna Weatherman of Dallas.

Bob Marshall, minister for the Church of Christ, officiated.

Given in marriage by her father, the bride was dressed in a white wool sheath dress with quarter length sleeves. The neckline was fashioned with a tie and pinned with a rhinestone pin. She wore a small

white headband covered with seed pearls. Her bridal bouquet was of feathered white carnations atop a white Bible.

Mrs. June Carrothers of Fort Worth, served her sister as matron of honor.

A. L. Weatherman attended his son as best man.

A reception was held immediately following the ceremony. The three-tiered cake was cut by the bride and bridegroom.

The bride is a graduate of Alpine High School and attended Sul Ross State College, Alpine. She presently is employed at the First National Bank, Alpine.

The bridegroom is a graduate of Idalou High School and attended Abilene Christian College. He is a student at Sul Ross State College. The couple will make a home in Alpine while the bridegroom completes his studies at Sul Ross College.

Scouts Begin Leather Tooling

Grady Girl Scout Troop 56 met Tuesday, January 10 at the Scout house.

Girls did practice pieces of leather tooling. They are to leather tool wrist purses.

Mary Louisa Duke served refreshments to eight girls and the leader, Mrs. Houston Woody.

Mrs. Herzog Hostess To Bridge Club

Mrs. Sam Wilkinson won high score when the Thursday Bridge-Luncheon Club met January 12 in the home of Mrs. George Herzog.

Second high was Mrs. Lu Black.

Present were Mesdames Yuell Winslow, Bernard Houston, June Graham, P. M. Bristow, Jim Zimmerman, Edmund Tom, Sam Wilkinson, Lu Black and Herzog.

Frances Graves Sets New Record At Slaton

Frances Graves, a member of the Stanton High School girls basketball team, set a new tournament record recently at the Slaton Tournament.

Miss Graves scored a total of 134 points in three games to set the new record.

In the tournament, the Stanton girls lost to Lake View of San Angelo, 81-71 in a battle for the consolation championship. In an earlier game Stanton girls beat Crosbyton, 75-63.

Altar Society Met January 11

Members of St. Joseph's Catholic Altar Society met Wednesday afternoon, January 11 at the Catholic rectory for a regular session.

Mrs. J. D. Poe, president, was in charge of the meeting. Plans were made to hold discussion and study periods during each monthly meeting.

Present were Mrs. Sam Wilkinson, Mrs. Pat Hull, Mrs. J. D. Poe, Mrs. Glenn Tom and Rev. B. Benversie.

Stanton P-TA Views Films

Members of the Stanton Parent-Teachers Association met Tuesday, January 10 at the Stanton Elementary School gymnasium.

The group viewed two films, "Cheating" and "How To Say No," J. M. Yater showed the films.

Mrs. Roy Pickett presided over the meeting. Mrs. Pickett, who has been serving as vice-president, will serve as president until new officers are elected in the Spring. Mrs. Fryar, who had been serving as president, resigned.

Refreshments were served after the meeting.

PERSONALS

Rev. and Mrs. J. R. Murdock visited Sunday in Kermit with Mrs. S. M. Cummins.

Mrs. Luther Hollabaugh of Amarillo, is visiting with her cousin, Mrs. J. D. McCress.

Brenda Henson of Big Spring, spent the weekend with Rhonda Reid.

Mr. and Mrs. O. B. Bryan are to leave Thursday for Albuquerque, N. M. to attend a meeting and attend to business.

Mrs. O. C. Turner visited from Thursday through Saturday in Stanton with Mr. and Mrs. Melvin Neill and Mrs. Lillie McKay.

W. T. Wells Honored With Birthday Dinner

W. T. Wells was honored on his birthday with a dinner Sunday at his home.

Present were Mr. and Mrs. B. J. Wells and children, Mr. and Mrs. B. G. Smith and family of Midland, Mrs. J. W. Wells, and Mr. and Mrs. John C. Wells of Andrews.

Visiting in the home Sunday afternoon were Mr. and Mrs. Ulen North, Rev. and Mrs. J. B. Murdock and Mr. and Mrs. George Medford and children.

Weekend guests with Mr. and Mrs. R. O. Anderson and family were Mr. and Mrs. L. C. Hargroves of Melvin, Mrs. Bob Milburn and children of San Angelo and Mrs. Gerda Anderson of San Angelo.

SOIL CONSERVATION DISTRICT NEWS

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT Jack Buchanan, Bob Cox, Bernard Houston, Larry Shaw, J. D. Crawford.

Sound Use For Each Acre

Like each human being, each piece of land is different from the next one. Lands differ in soil characteristics, slope, and kind and degree of erosion. They differ, therefore, in what they can do, in the use to which they can be put. To get the most from the soil year after year, land must be used correctly.

No matter how skilled a mechanic is at his trade, you wouldn't retain him as counsel to represent your interest in court. Nor would you hire an attorney to repair your automobile. Nor should a farmer attempt to grow row crops such as wheat, corn or cotton on land that's suited only for the production of grass or trees. He might get a few crops of wheat, corn or cotton, but soon he would have to abandon his land because of soil erosion.

If Texas' agriculture is to be permanent and profitable, its lands must be used for what they are able to produce best. Sound land use is essential on each acre.

Basic conservation plans were approved by the SCD supervisors for Tom O'Brian, Tant Lindsay, Connie Mack Hood and S. W. Wheeler at their last meeting.

Most of our farm land is capable of profitable and permanent production but land washed or blown away becomes useless. Money you would make on crops and livestock goes with it.

thinking of folks back home?

WHY NOT PHONE THEM? SO ECONOMICAL WHEN YOU CALL STATION-TO-STATION AND SAVE ONE THIRD . . . Now, call out-of-town relatives more often by taking advantage of the bargain rates of station-to-station (a call to a distant number instead of to a particular person). Why not call them right now? They'll enjoy it and so will you.

HERE'S HOW TO CALL: Give the operator the area code for the city you want to call . . . next, the number you're calling . . . and when the operator asks, give her the number you're calling from.

Call by number . . . it's twice as fast

Courtney Club Has Program On Salads

"A Salad For Every Meal" was the topic of the program given when the Courtney Home Demonstration Club met Wednesday, January 11 at the home of Mrs. Joe Stewart.

Mrs. Mildred Eiland, home demonstration agent, gave the program.

During the business session committees for 1961 were selected.

Present were Mesdames Delmar Hamm, Jim Collins, G. T. Baum, Ray Kemper, George Cathey, L. C. Morris, Garth Odum, Bill Alred, O. D. Green, G. Tunnell, Marvin Lamb, M. T. Harsh, Jimmy Sawyer and Eiland.

The next meeting will be Thursday, January 26 in the home of Mrs. G. Tunnell, with Mrs. U. H. Butler as cohostess.

Mr. and Mrs. Alvis Fisher and Scott of Littlefield, visited Monday with his parents, Mr. and Mrs. Herham Fisher.

Valley View Club Met In Sawyer Home

Mrs. Jimmy Sawyer was hostess to a meeting of the Valley View Home Demonstration Club Thursday at her home.

Mrs. Mildred Eiland, home demonstration agent, gave the program, "A Salad For Every Meal."

During the business session committees for 1961 were selected.

Present were Mesdames Delmar Hamm, Jim Collins, G. T. Baum, Ray Kemper, George Cathey, L. C. Morris, Garth Odum, Bill Alred, O. D. Green, G. Tunnell, Marvin Lamb, M. T. Harsh, Jimmy Sawyer and Eiland.

The next meeting will be Thursday, January 26 in the home of Mrs. G. Tunnell, with Mrs. U. H. Butler as cohostess.

Mr. and Mrs. Alvis Fisher and Scott of Littlefield, visited Monday with his parents, Mr. and Mrs. Herham Fisher.

The Launching Pad

By NEAL ESTES

NO MAN CAN POSSIBLY IMPROVE IN ANY COMPANY FOR WHICH HE HAS NOT RESPECT ENOUGH TO BE UNDER SOME DEGREE OF RESTRAINT.

—CHESTERFIELD.

THE author of this column, like others, has experienced close and personal associations with people, who through jealousy, envy, or plain ignorance, destroyed the confidence and trust of a real potential friend. The meanest kind of venom flows from the heart of a woman scorned. The inferior, incompetent, sorry type of man, attempts to blast his superior by spreading self-coined tales. It reminds the author of this pad of the fellow who once heckled the late great JOE BAILEY. Without losing the golden tone of his voice — without showing emotion—BAILEY, the last of the great orators, said: "When God created that man and placed him on earth, he wrote across his brow without recourse on me."

THE oath-taking ceremony is over in Austin. DANIEL is in the statehouse for the third time. After Friday, KENNEDY will be in the Whitehouse and JOHNSON will reside in quarters designated for the Vice-president. The three good Americans, two of whom we know personally, have their work cut out. And as our wagon master and two scouts lead us toward the new frontier, perhaps they can use a kind of second-rate DAVEY CROCKETT or DANIEL BOONE, in the ranks. Why not? Our late parents were from Tennessee and Kentucky respectively. And a Texan with that heritage, plus a great uncle who rode, fought and died with JEB STUART, a confederate leader of note, ought to make it to the next water hole without yelling calf-rop.

DR. and MRS. LELAND B. NELSON and DEBBIE, their daughter, dropped by the newspaper office Sunday afternoon for a visit. DR. NELSON, who is the MARTIN COUNTY HEALTH OFFICER, advised us that the cooperation of the readers of THE REPORTER resulting from the story appearing on page one last week was gratifying in that many adults and children availed themselves of the opportunity to see that the health of individual families in the county was protected. The staff members of the PHYSICIANS and SURGEONS HOSPITAL, in Stanton, were literally swamped by callers and patients seeking the preventative diphtheria serum or booster shots. DR. NELSON, fine physician, and a man with a big heart, had this statement when leaving our office, "NEAL, if there is a single person in the county who is not able to pay for the diphtheria shots, as the county health officer, I will see that they get them." How about that?

AT four-thirty Tuesday afternoon, your writer went out to observe one of the best guys we know, and the finest of builders, do his stuff in action. He was lining up the foundation for the new home of MR. and MRS. CARL CLARDY. He is undoubtedly the FRANK LOYD WRIGHT of Martin County. We refer to MORRIS CONNELL, the master area builder. And when we get ready to build our house in Stanton, we hope that MORRIS will supervise the construction.

THE president of the PERMIAN BASIN PUBLISHING COMPANY will be in Tyler this weekend to accept an award as one of five outstanding Texans. JIMMY ALLISON and his wife, MARYANNE, will journey to East Texas via train. They will ride the T&P down to Longview and then drive over to Tyler. Undoubtedly, the four other outstanding Texans to be honored at the banquet are worthy representatives of their professions. But West Texans are sure about JIMMY, because his accomplishments and personal and public life has not only been wide open like a book—but a book as big as a mail order house's winter catalog.

TEXAS taxpayers found out recently that where mishandling of public funds is suspected that a legislative investigating committee with full grand jury power is available on request. As a result of committee investigation the Chief of Police in Port Arthur and the Chief of Police in Beaumont were fired. Other heads are due to fall before the investigation is closed. A blue ribbon grand jury is due to take over in Jefferson County in a few days. The mishandling of federal money was not involved in the South Texas investigation—boy, oh boy—where federal money is in the picture, public officials had really better be careful. It's like feeling your way along an icy mountain pass—real dangerous if you lose your balance.

FRIENDS of DAN SAUNDERS will be delighted to learn that he is recovering from a recent major operation performed at the HOGAN-MALONE HOSPITAL in Big Spring. MRS. SAUNDERS advised that DAN was progressing nicely.

SOMEONE recently told us the story about the Latin American named JOSE who went to Yankee Stadium to see the World Series. He reported that the North Americans were very courteous and always opened every game with a song, "Jose, can you see?"

Buffaloes To Play Tahoka Here Friday

Stanton Buffaloes will play their second conference basketball game of the season Friday night in Stanton, when they meet Tahoka.

Three games will be played. The boys B team game is to begin at 6:30 p.m. in the high school gymnasium. It will be followed by the girls game and then the boys A team will play.

Starters for the boys A game will be Herb Sorley, David Pruitt, Thad Koonce, Rommy McReynolds and Jerry Polson.

Teams making up 3-AA are Denver City, Tahoka, Slaton, Post and Stanton.

Cub Scouts Plan For Annual Banquet

Plans for the annual Blue and Gold banquet and a pine wood derby were discussed at a meeting of Cub Scout Pack 28 Thursday night at the American Legion Hall.

The banquet was tentatively set for February 17. Leon Miller of Midland, district Boy Scout executive, met with the group. Cub Scouts, leaders and parents were re-registered for another year and the charter was renewed.

Awards boys had earned were presented by Jimmy Stallings, Cub Scout master.

About 30 boys and parents were present. Mrs. J. M. Yater has returned home from Medical Arts Hospital, Big Spring.

ACKERLY NEWS

By MRS. BUCK BAKER

Mr. and Mrs. L. Goolsby of Lamesa, have announced the marriage of their daughter, Nancy Gwent, to Edward Nyle Billingsley, son of Mr. and Mrs. J. L. Billingsley of Ackerly.

The couple exchanged wedding vows January 1. Mrs. Billingsley is a senior student at Lamesa High School, where she is a member of the Booster Club, Future Homemakers of America and the A Cappella Choir.

The bridegroom graduated from Ackerly Schools. He attended Howard County Junior College and Abilene Christian College. He is engaged in farming in the Ackerly community.

Mr. and Mrs. E. B. Baker of Seminole, visited Monday with his parents, Mr. and Mrs. Buck Baker and with an aunt, Mrs. Ira Myles.

Mr. and Mrs. John Stickle and sons of Pecos, visited recently with her parents, Mr. and Mrs. J. C. Niblett.

Thomas Gregg, son of Mr. and Mrs. Tom Gregg, left Tuesday to enter the U. S. Army and is stationed at Fort Hood.

Mr. and Mrs. Tommie Myles have been in Lubbock with his father, R. B. Myles, who is a patient in Methodist Hospital.

Mrs. Myrtle Sikes visited recently with her sister, Mrs. D. L. Nipp of Snyder.

Mr. and Mrs. Delbert Baker of Lamesa, visited Saturday with his parents, Mr. and Mrs. Buck Baker.

Mr. and Mrs. Pete Grigg and Kelly of Midland, have been guests of their parents, Mr. and Mrs. Dolph Raspberry and Mr. and Mrs. Clifton Grigg.

Stanton Lions To Attend District Meeting

Stanton Lions will attend the mid-winter conference of District 2A-1, Lions International, Saturday in Ballinger.

The conference will be preceded by a cabinet meeting at 9 a.m. Saturday at the First Methodist Church. Registration will be from 10 a.m. to 12 at the church.

A luncheon at noon at the church will begin the meeting. Main speaker will be Jim Ed Waller of Lubbock, president of the Texas Lions League for Crippled Children. He will be introduced by Carl O. Hyde of Midland, international counselor.

Cecil Bridges, district governor, is to call the business session to order at 2 p.m. and is to also give the district report.

Beginning at 3 p.m. forums for various officers will be held. Forums will be conducted for presidents, secretaries, tail twisters and committee chairmen.

H. C. (Herby) Petry Jr. and Mrs. Petry of Carizzo Springs will be honored guests at a reception at 5:30 p.m. Following the reception a banquet will be held at 6:30 p.m. Petry, who is past international president, will be the featured speaker.

E. J. Grindstaff, president of the Ballinger Lions Club, is to call the meeting to order and George Newby, also of the Ballinger club, will lead the group in the singing of "America." The speaker will be introduced by Carl Hyde. Also the district governor and his cabinet will be recognized.

During the afternoon a style show and other entertainment will be held for the ladies.

Joe Stewart has been in Dallas on business this week.

Rev. W. H. Uhlman, Philip White and Gene Clements attended an evangelistic conference of the Southern Baptist Convention, last week in Fort Worth.

Boy Scout Banquet To Be In Odessa

Stanton residents have been invited to attend the 38th annual meeting of the Buffalo Trail Council, Boy Scouts of America, Friday evening in Odessa.

The dinner will begin at 6:30 p.m. at the Permian High School, Odessa.

Dr. Dan Proctor of Houston, former president of the Oklahoma College for Women at Chickasha, will be the featured speaker. He has been prominent in Rotary, church and civic affairs and long active with the Boy Scouts of America, having served as a council president. He also holds the highest awards for service to boyhood — the Silver Beaver and the Silver Antelope.

J. L. Rhoades, Odessa, retiring council president, will preside and Robert E. Glew, deputy regional executive will install new officers headed by O. D. Albright, Odessa. G. E. Thompson, Kermit, will be in charge of the awards ceremonies, including the presentation of the Silver Beaver to several adult leaders.

Tickets are on sale at the Martin County Chamber of Commerce office.
