## County Farm Tour To Be Held Tuesday

We have received many new and subscription renewals this week. Among our listed readers for the past five days are: B. Callaway, Star Route Stanton; Charles Eckert, Stanton; Beth Berg, Coffeyville, Kansas; Maj. John W. Smith, Dyess Air Force Base; Mrs. Kenneth Cox, Lubbock, Texas; E. D. Holcomb, Star Route, Stanton; J. L. Newbury, Flower Grove; Major J. W. Stephens, Abilene, Texas; Roy W. Thompson, Midland; Herbert Crunk, San Marcos; Wallace Kelly, Stanton; T. J. Godwin, Ackerly; Mrs. H. Grady Spruce, Dallas; and L. M. Hays.

We were happy to fulfill a request for Mrs. George Cathey this week. Mrs. Cathey presented her son-in-law with another year's subscription to our newspaper. He is Tom Gregg of Ackerly and he will observe a birthday on October 3. That is still a few days away but Mrs. Cathey wanted to attend to a gift for him while shopping in Stanton Monday morning.

Henry Orson, Midland, transacted business in the county Monday. Henry looked just fine and his disposition and personality both matched the clothes he was wearing. As the treasurer of the company that publishes this newspaper, it sometimes becomes necessary for Henry to brush us up some but that's because he is most efficient in his line of work.

Saw Mrs. Sam Wilkinson in the coffee shop of the Cactus Hotel in San Angelo last Saturday morning. We were in the City of Angels to attend the West Texas Press Association annual convention and Mrs. Wilkinson was there because her husband, Sam, is a patient in one of the hospitals in San Angelo. We trust that Sam is on the road to recovery and will be back as good as ever soon.

It was a pleasure to have Guy Brown, our outstanding young feature writer—the man who got the only interview in Texas when Elvis Presley passed through the state—with us at the San Angelo meeting. Guy is a favorite of the press group and has made many friends among the men and women of our fraternity since he started going to the conventions with me three years ago. Guy has attended sessions in Pecos, Sweetwater, and San Angelo. He says he is looking forward to next year's annual session to be held in Wichita Falls. Incidentally, the West Texas Press Association is the largest sectional group in the nation. To give you an idea of the territory it embraces the distances run from Wichita Falls to below Del Rio and from Fort Stockton to Brownwood.

The Stanton Reporter won two distinct honors at the press convention held in San Angelo the past Thursday, Friday and Saturday. It was indeed a gratifying feeling to know that our paper, in the smallest town, (nominally wise) in the contests took third place in advertising composition and fourth place in general excellence. We are proud that our newspaper reflected progress to those men who judged the merits of the various papers entered. None of the judges resided in West Texas. We won the top award in general excellence our second year in Stanton and took second place on another occasion, but this year, we were humbled more than ever for winning third and fourth. The reason is simple. We were competing against some of the best edited newspapers in the country—papers that are managed or owned by outstanding newspapermen. There are hundreds of men and women on the staffs of West Texas publications and the qualities owned by the newsmen of this area cannot be topped anywhere in America. Editors in this section of the state are so far ahead of the slow-paced, tired, satisfied editors found in other sections that there is no comparison. No sir, there's not a cane bottom chair nor a dusty typewriter in any newspaper office west of Fort Worth.

Monday afternoon in Deavenport's we bumped into Bill Orson. We told him of his brother Henry's visit earlier in the day. Bill said that he had talked with the Midlander by phone but missed a personal visit. Bill, Henry, and Wilton are all sons of the late Mr. and Mrs. Frank

**1961 LITTLE LEAGUE CHAMPIONS**—Pictured above are members of the Red Cap team which placed first in the Little League. Shown on the front row, left to right, are Jackie Murley, Pat Hull, Donnie Jones, Jerry Cox and James Hillger. On the back row, left to right, are B. Q. Evans, manager, Larry Duke, Gaylon Pitman, Buddy Shanks, Randy Huckaby, Bobby Hamm, John Hall, and John Shanks, assistant manager. The team was sponsored by Cap Rock Electric Cooperative.

### Message Of Gratitude

We are grateful to the people of Martin County and to our subscribers, backers, and supporters in other counties and states, as well, for helping us make the local newspaper one that is respected and appreciated by members of the publishing fraternity.

In San Angelo last week at the thirty-first annual West Texas Press Association assembly, The Stanton Reporter received two highly appreciated awards. We didn't win first or second place but we did take a third and a fourth. The newspapers taking the number one and number two spots are operated, edited, and managed by capable men and women. We send them our congratulations.

We are well satisfied with the recognition The Stanton Reporter has received in years past and we trust the Martin County Chamber of Commerce, will point out to any prospective future citizens or business residents the fact that in addition to good schools, churches, and people, that the county is also served by an alert press.

It has been said that a town's true identity is reflected through the services its newspaper performs. We are happy for having the opportunity of serving this community for many years and it will be our dedicated aim to continue to make Martin Counties proud of their newspaper and proud of the fact that they are Martin Counties.

### Zone Test Set For Strain Well

By JAMES C. WATSON

Jack B. Chase of Midland has set 4 1/2-inch casing at 10,231 feet in No. 1 E. T. and W. Strain, East Martin County prospector, and will test shows of possible production in the Spraberry, Wolfcamp and Strawn.

It is eight miles North of Stanton and 660 feet from South and 1,980 feet from West lines of section 18, block 35, T-1-N, T&P survey.

This operation is an 11,601-foot Ellenberger wildcat failure drilled in 1951.

Chase recently re-entered the hole and cleaned out to 10,231 feet. After samples and logs indicated possible petroleum in the three zones to be tested the casing was set. The investigating will be through perforations.

John L. Cox of Midland has completed a Spraberry producer, No. 1 M. L. Graves, on the Southwest side of Stanton.

The project originally was filed by John L. Cox and F. E. McNally as the operators. It spots 1,320 feet from South and West lines of section 27, block 36, T-1-S, T&P survey.

On potential it pumped 226 barrels of 39-gravity oil, plus five per cent water in 24 hours.

The production is from perforated sections at 7,098-7,118 feet and at 7,950-70 feet after a 60,000-gallon fracture.

The well is on the East side of

the proven producing area.

Continental Oil Company plans No. 1 W. A. Burdine, an 8,900-foot Dean sand project, one mile Southwest of Ackerly in Midland County.

It is 5 1/2-mile West of depleted Dean sand production in the Ackerly field and 660 feet from North and 1,980 feet from West lines of section 22, block 34, T-3-N, T&P survey.

The same operator also staked No. 1 C. C. Grigg, an 8,750-foot project one mile South of Ackerly.

Location is 660 feet from South and West lines of section 15, block 34, T-3-N, T&P survey.

### Tower Criticizes Fulbright At Press Association Meeting

Senator John Tower, Texas, speaking before the West Texas Press Association Saturday in San Angelo, criticized Senator William Fulbright (D-Ark.) for what Tower called "attempts to suppress information."

The young, vigorous, senator from Wichita Falls also launched an attack on those he termed "intellectuals who surround President Kennedy."

The dynamic senator from Texas spoke at the closing session of the West Texas Press Association's 31st annual convention. Delegates selected Wichita Falls as next year's convention site and elected officers for the ensuing year.

### Convention Highlights

By GUY BROWN

At the San Angelo convention of the West Texas Press Association all the members had a wonderful time.

The president of WTPA, James Allison Jr., Midland Reporter-Telegram, was the presiding officer. The convention program was arranged by James Roberts of The Andrews County News. Roberts was elected the new president of the association.

The Ballinger newspaper was awarded the plaque for public service. The award was made by J. Carter King of the West Texas Chamber of Commerce.

Mrs. R. F. Mahood was reelected secretary-treasurer and she is a good one and my fine friend.

### Senior, Junior 4-H Revue Winners Named

Betty Langston and Betty Hardin were named winners of the Martin County 4-H Club Dress Revue Friday evening.

Miss Langston, who is the daughter of Mr. and Mrs. Opal Langston, placed first in the senior division. Betty Hardin was first in the junior division. She is the daughter of Mr. and Mrs. R. W. Hardin.

Twenty-five girls participated in the revue which was held Friday at the Cap Rock Electric Cooperative building.

Runner-up in the senior division was Zella Odum and Denna Robertson was second in the junior division.

Miss Langston, 16, is a student at Flower Grove school. She has been a member of the 4-H Club for eight years. Her winning costume was a red wool suit, which was entered in the tailored section. It was

designed with a straight skirt, and a box jacket featuring a wide collar. Ornamental red and black buttons decorated the jacket, and she wore white and gold jewelry. A black velvet hat and black bag, shoes and gloves completed her costume.

Betty Hardin, who is 13 years old and attends Grady School, has been a 4-H Clubber four years. She modeled a pink print dress for school. It was trimmed with wide pink rick rack at the neck, sleeves and bottom of the hem. The dress was designed with a plain bodice, boat neckline, and full skirt.

Miss Odum modeled a printed dark cotton dress suitable for dressy occasions. It featured a plain bodice, and pleated skirt. She wore a blue velvet hat, black shoes, bag and gloves. Miss Odum, 16, is a student

### Glen Reid Home From 4-H Club Tour

Glen Reid, Stanton 4-H Clubber, returned home Tuesday from a week's tour of the Midwestern states.

Miss Reid, was one of 20 4-H Clubbers who made the tour of parts of Kansas, Missouri, Arkansas, and Oklahoma.

They left Amarillo on Tuesday, August 1.

The group visited large grain elevators, the Kansas City Board of Trade, Truman Library and saw former President Harry S. Truman. They also went through a salt mine, creamery, Frontier City in Oklahoma City, and visited other businesses.

Also during the trip 4-H Clubbers participated in various types of recreation.

As the District Six winner in the 4-H Town and County Business Program, sponsored by the Texas Agricultural Extension Service, the Pro-

### Trippers To Leave From Courthouse

All arrangements have been completed for the annual agricultural tour of Martin County farms and ranches to be held Tuesday, August 15.

The tour is sponsored each year by the agriculture committee of the Martin County Chamber of Commerce, and covers all parts of Martin County.

Plans call for those making the tour to gather by 9 a.m. on the Southside of the courthouse, where the tour will get underway. The group will make the trip by bus.

The first stop will be Northwest of Stanton at the Arthur Graves farm, where the group will view a 4-H demonstration on Johnson grass

control being conducted by Graves' sons.

Next the group will visit the Owen Kelly farm in the Courtney community to see nematode control and cotton varieties. At the Earl Creech farm stubble mulching will be observed.

At the J. C. Sale ranch brush control will be viewed and on the Woody Brothers farm cotton will be observed.

For the next stop the group will be at the O. Robertson farm, where they will see a grain sorghum variety demonstration Jimmy Robertson has for the 4-H Club work; and farmstead windbreak planting, which

### Martin 4-H Girl Selected One Of 3 To Go To State

Betty Langston of Martin County, Genora Thornton of Ward County, and Nancy Bradish of El Paso County, were named winners of the District Six 4-H Dress Revue Tuesday in Stanton.

Selected as alternate was Carolyn Yancey of Crane County.

The three winners will represent the district at the state 4-H Dress Revue on October 7 in Dallas.

Participating in the district revue, which was held at the Cap Rock Electric Auditorium, were ten seniors and 12 girls in the junior division.

"Mother Goose Goes Modern" was the theme of the revue.

Fatsy Brown of Crane, co-chairman of District Six 4-H Club Council, served as commentator for the

revue. Guests were welcomed to the revue by O. B. Bryan, manager of the Cap Rock Electric Cooperative.

Mrs. Roberta Johnson, of Fort Stockton, district agent, announced the winners and Bryan presented the awards. Winners were named only in the senior revue. Junior girls received ribbons.

Miss Thornton modeled a light blue wool jersey dress, designed with a pleated skirt and plain bodice. She wore a velvet hat in the same shade of blue, with lighter blue gloves to emphasize the contrast. Black shoes and bag completed her costume.

An all cotton red poka dot ensemble was worn by Miss Bradish. The dress featured a jewel neckline, ragland elbow length sleeves, and was trimmed at the neck, sleeves

and hem with wide white rick rack. Her pillbox hat was made of the same material, and she chose black gloves, bag and shoes.

Miss Langston chose a red wool suit. It was fashioned with a straight skirt and a box jacket featuring a wide collar. Ornamental red and black buttons added a decorative note. She wore white and gold jewelry, a black velvet hat, and black shoes and bag.

The alternate winner modeled a Kelly green corduroy costume, designed with a flared skirt. Her accessories were cocoa brown gloves and leather hat, and chocolate brown shoes and bag.

Girls who modeled in the senior contest were Carolyn Yancey of Crane County, Sheila Reynolds of

### Editor's Nephew Joins Prominent State Law Firm

Carl Lewis Estes II, son of U. S. Judge and Mrs. Joe E. Estes of Dallas, and nephew of Neal Estes, general manager of this paper, has been named an associate in one of the South's largest law firms, Vinson, Elkins, Weems and Searls of Houston.

The young attorney, who has just completed a year of service as law clerk for United States Supreme Court Justice Tom C. Clark in Washington, assumed his new duties Monday morning.

A native of Fort Worth, Estes was the highest honor student at St. Mark's School of Texas in Dallas in 1953. He attended Massachusetts Institute of Technology three years, where he was president of Kappa Sigma fraternity. During his last year at MIT, he was elected to an honorary chemical society.

### Judge Estes Will Head National Legal Panel

Judge Joe E. Estes of Dallas, chief United States district judge for the Northern District of Texas, Monday was elected chairman of the section of judicial administration of the American Bar Association.

He was elected at the annual meeting of the section at the American Bar Association convention in St. Louis, Missouri. Chairmanship of the section is the highest office the bar can bestow upon a member of the judiciary.

Judge Estes succeeds Judge Philbrick McCoy of Los Angeles. Last year Judge Estes was vice chairman of the section.

The United States Judge is the brother of Neal Estes, general manager of The Stanton Reporter.

Since assuming his duties on the federal bench, the Dallas jurist has attained widespread recognition for some of the procedures recommend-

ed by Judge Estes to speed justice in the heavily docketed northern district.

Judge Estes succeeded U. S. District Judge Whitfield Davidson as chief judge about two years ago. He has presided in practically all districts in Texas and in many other states.

A United States District Judge is appointed for life and he is eligible to set in any federal court where the flag of our nation flies.

## Bible Comment—

### Man Is A Partner In Concept Of Creation

The foundation of a great religion was laid when man dared to conceive of himself as made in the image and likeness of the God who made him. Here was spiritual insight, the full significance of which we can appreciate when we see the type of religion that had man covering before the forces of nature, or bowing down to grotesque idols.

The writer of Genesis saw man in God's image, with dominion over lesser creatures and with dominion over his world.

It is this view of man that is demonstrated throughout the centuries. Man, like God the Creator, is himself a creator.

He has conquered seas and oceans; he has bridged great rivers and chasms; he has ascended high mountains and delved far into the depths of the earth. In spite of the limitations of human weakness; we see man as exercising dominion.

God who created man is on the side of man to help strengthen him. Man, consecrated to God, may live a life of faith above fear and anxiety. To seek first the Kingdom of God and His righteousness is to establish all of life upon an unshakable foundation.

It is the tragedy of our times that God-like man should choose to make himself so devil-like, destroying where the whole purpose of God and of man at his best is to create and build.

The Bible is a great revelation of what man and human society could be, if men fulfilled the character and destiny for which God made them.

## Electric Meet Held Friday

A meeting for representatives of area electric cooperatives was held Friday, August 4 at the Cap Rock Electric Cooperative building.

The meeting was for power use and public relations personnel from 12 cooperatives from all over the Panhandle and West Texas.

Topic of the program was "Indoor and Outdoor Lighting."

Speakers included Bill Shields, of Midland, Sam Johnson of Dallas, outdoor lighting specialist; J. O. Evans of Lubbock, lighting and lamp specialist.

James Eiland was in charge of the program.

Mr. and Mrs. John Bruton and Paula of Midland, visited Sunday in Stanton.

Mrs. George Lewis has been a patient in Makone-Hogan Hospital, Big Spring.

## Gus Muller Visiting Here

Gus Muller of Enschede, the Netherlands, is visiting in Stanton with Mr. and Mrs. June Graham and family.

Muller who has been in the United States four months, is to spend two weeks in Stanton with the Grams.

Muller met Graham at a cotton school in Memphis, Tennessee, which they both attended the past three months. The Graham family and Muller returned to Stanton July 28 from Memphis.

After visiting in Stanton Muller will go to Bakersville, California, where he will spend six months attending a training school.

Muller was sent to the United States to study by his father. Prior to coming here he completed his schooling in the Netherlands, was in the Dutch army and was associated with textile mills.

THE FOARD COUNTY NEWS: "Mayor Henry Black, in reference to the building fund drive for an adult and youth center in Crowell said that 'We are indeed grateful for the money that has been given to purchase the Premier Hotel for an adult and youth center. Everyone has been very interested in making it a success. Our goal is \$4,000—the purchase and repair price; we have \$3,000 of the \$4,000 so we lack \$900. We want every citizen to have a part in this drive.'"

STAMFORD AMERICAN: "New features planned for the third annual Jones County Fair, in Anson August 25-26, include a county-wide contest to select a queen of the 1961 show; a variety show to be presented on the fair grounds and a buffalo rodeo at the Anson Riding Clubarena. Two divisions also have been added to the livestock show to be held in the big exhibition barn erected last year. They are breeding poultry and breeding rabbits."

THE BIG LAKE WILDCAT: "Big Lake's tax rate for the 1961-62 fiscal year, beginning October 1, will remain the same as last year, \$1.15 per \$100 valuation, according to Blain Benton, city secretary. The action was taken in a regular session of the City Council last Friday night. The council also voted to depreciate the value of all buildings, both commercial and residential, that were on the city tax rolls in 1955. The depreciation would be 10 per cent from the 1960 figure."

THE FORT STOCKTON PIONEER: "Now enjoying the companionship and comfort of a modern household is an ordinary Pecos County skunk, sometimes called a 'polecat,' or technically titled a phitis mesomelas. Mr. and Mrs. Larry Skylstad and family recently became the friends of a small male skunk, found with its mother and two other young ones. The other two skunks have been placed in other homes. The deodorizing process, very definitely needed, was per-

formed by a veterinarian in Monahans and seems to have successfully removed the unpleasant scent possessed by the average skunk."

THE WINK BULLETIN: "Winkler County Commissioners Court in session Monday authorized removal of the Wink Sheriff's Sub-Station from the Hendrick Boulevard location to the Wink County Hospital building, at the corner of Gardner and First Street. Commissioner J. A. (Marble) Scogin said all offices presently housed in the downtown building will be moved into the Northeast wing of the hospital building, including sheriff and tax collector's sub-station offices and the Justice of Peace, Precinct Two."

THE TRANS-PECOS SECTIONAL MEETING of the American Society of Range Management was held Friday on the Sul Ross State College Campus according to THE ALPINE AVALANCHE. Various aspects of range management were covered during the morning session by students from Sul Ross and Abilene Christian College. A highlight of the program was a panel discussion on "Rates and Types of Stocking for Best Utilization of Trans-Pecos Ranges."

THE POST DISPATCH: "The Texas State Highway Department has spent \$3,102,153.27 in Garza County, since moving its resident office here in 1957. Julian Smith, senior resident engineer in charge of the office, told Rotarians at their Tuesday luncheon. This figure does not include the cost of land and buildings which have been built on the South edge of town, he added."

THE MUNDAY TIMES: "The Munday Vegetable Growers Cooperative marketed 56,600 100-pound bags of potatoes during the July harvest season, according to a report by Herbert Arledge, manager of the processing shed. It was better-than-average crop, and harvested from a smaller acreage. This season 280 acres were grown as compared with 320 acres in 1960. Last year only 42,000 bags were marketed."

### 56 Million Seedlings For Texas

Texas produced and planted more than 56 million tree seedlings in the 1960-61 planting season, Don Young, management head of the Texas Forest Service, has reported.

This was a sharp drop from the high of 63 million the previous year. A still further reduction to 15 million is planned for the 1961-1962 season.

This decline is partly due, said Young, "to many of the landowners being reluctant to plant, as they anticipated the revival of the former federal soil bank program."

He added that "Much of East Texas requiring reforestation is now confined to the more difficult planting places, many of which require advance site preparation." Private nurseries produced 25 million of the 45 million seedlings in the past year.

Of the 21 million seedlings sold

## Philosopher Takes Look At New Russian Campaign Promises, Discovers Some Flaws

Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw examines the latest Russian promises this week, without much enthusiasm.

Dear editor:  
From what little I know about it, I've always understood a Russian dictator didn't have to run for office, he just stayed in as long as his aim was accurate, but judging by the campaign promises Mr. Khrushchev put out a few days ago, he must have had a little trouble on the home front.

According to the promises I read in a copy of a newspaper which fell out of a bread truck which got off the highway for some reason and came near my place, the Russians, by 1960, if not sooner or later, will have free housing, free food, free gas, free transportation.

I have examined these promises carefully, and as an expert in listening to campaign promises a lot oftener than benefiting from them, I can detect several flaws.

For example, is this free food going to be cooked or raw, and what will it consist of? How long will you have to stand in line to get it? Who's going to raise it? I've got free food already, if I want to work hard enough to raise it, but that's not my notion of free.

Also, is this gas they're talking about cooking and heating gas, or car gas? If it's car gas, that's just like a politician. What's free gas worth if you haven't got a car to use it in? And if the gas is free, who're they going to get to stick around a filling station to pump it out for you and check your oil and water? Seems to me everybody'd be cruising.

And also, how many hours a day will you have to work, whether you feel like it or not, to pay for this free housing they're going to furnish? After they get all this free food, free housing, free gas and free transportation, who's going to decide how much you have to work, where you have to work, when you have to work, to produce it?

If you live in the South Sea Islands, I understand, you can get free food if you can live on coconuts and bananas, but I doubt if the Russian climate is suited for those kinds of crops, consequently somebody is going to have to grow it, and even if somebody furnished me a free tractor and free gas and fixed all the flats, there'd be times when I just didn't care about going up one row and down another, even if Mr. Khrushchev himself was standing at the turn-row with a basket of free food for me.

As I understand it, Russia is promising to abolish everything except work. That system will never suit me.

Yours faithfully,  
J. A.

## Gus Muller Speaks To Lions Club

Gus Muller of Holland, was guest speaker at a meeting of the Stanton Lions Club Tuesday, August 1.

Muller, who is visiting here in the June Graham home, was introduced by Graham. He attended a school in Memphis, Tennessee with Graham and then accompanied the Grams to Stanton for a visit.

The speaker discussed "Life In Holland." He told of the educational system, politics, religious life and customs of the people.

D. M. Costlow, president, was in charge of the meeting. Glenn Gates served as program chairman. The song service was led by Tommy Williams.

Members voted to not meet on Tuesday, August 15 because of the agricultural tour, which will be held on that date.

Twenty-five persons were present. Guests included the speaker, Maxie Davie, Spencer Blocker, Clifford Hogue, all of Midland; Red Childress, Tom Hamilton, both of Lubbock; Jack Hutton of Turkey, and Bill Johnson, new high school principal.

Mr. and Mrs. Earl Bradshaw of Garland, Mr. and Mrs. Kenny Strickland of Big Spring, Mrs. Howard Reed of Big Spring, and Mrs. Claude Edwards were in Midland Wednesday, August 2 to attend funeral services for Mrs. Eliza Woolsey.

## Stanton Group Attends Camp In New Mexico

A group of young people from the First Baptist Church have been attending a conference at Gloria Baptist Assembly in New Mexico.

The group left Thursday and were to have returned home Wednesday, August 9. They attended a home missions conference.

Making the trip were Linda Phillips, Phyllis Long, David Hodges, Mike Sorley, and Mr. and Mrs. David Norvelle, sponsors.

## PERSONALS

Mr. and Mrs. W. L. Gardenhire of O'Donnell and Mr. and Mrs. Lawrence Gardenhire of Sterling City, visited Sunday with their sister, Mrs. G. B. Pollock and attended church services at the Church of Christ.

Mr. and Mrs. J. D. Renfro have returned home from a trip. They went to Waco and visited with their son-in-law and daughter, Mr. and Mrs. W. F. Cervenka and family. Their grandchildren, Donna and Leslie Hall of Midland, joined them in Waco and accompanied them to Denton to visit with Mrs. Mary Ruth Hall, who is attending school at Denton, then to Burleson, and to Stanton. The Hall children are visiting with the Renfros. Jimmy Howard of Midland, also accompanied the Renfros on the trip.

Amid the sound and fury of the tax battle in the Legislature, Texans — new to the idea of far-reaching sales taxes — could be heard trying to get to the bottom of things by calculating their effect upon such things as baby's diapers.

The key to many discussions, both in the Legislative chambers and in the Capitol corridors, was the term "outer wearing apparel," to be exempt from sales taxes.

It seemed simple enough at first when the proposal was to exempt such articles costing less than \$10, the intention being to exempt work clothes. But many a question popped up when the tax writers went into details and spelled out that this exemption would not include accessories like "cuff links, belts, ties, scarves, bill folds, hand bags, canes, unattached buttons, ornamental jewelry of any type, bathing suits, sleeping garments, bathrobes, lingerie, negligees and lounging pajamas."

Clearly, baby's diapers are outer wearing apparel. But, do they remain in that status when covered with rubber or plastic pants? Nobody could readily answer the question. That was something to be decided later.

And what about bathing suits? These certainly are not undergarments—except, of course, when worn under street clothes. And who ever wears anything "outer" than a bathrobe?

Then there was the more serious talk about the definition of work clothes. The exemption was confined to those made of cotton, twill, poplin, denim, and chambray. Suppose, somebody questioned, a man ran across a pair of blue denims with nylon knees?

And why, a white collar worker asked, shouldn't his wool trousers be exempt, too, since he works in them?

During the Sales Tax debate, Senator Wardlow Lane of Center quipped, "I'm personally not for any kind of tax . . . just like I'm not for pneumonia, death or anything else bad . . ."

ATTORNEY GENERAL RULES — An Attorney General's opinion holds that the state's admission tax does not apply to tickets to baseball, football and basketball games, but is applicable to horse races, dog races,

motorcycle races, auto races, dance halls, night clubs, skating rinks, "and any and all places of amusements, contests, and exhibitions."

State Comptroller Robert S. Calvert, who asked for the ruling, was advised that horse races are subject to the tax because they are specifically mentioned in the tax law, while baseball, football and basketball games are not.

REFERENDUM ON HORSE RACE BETTING SOUGHT — Rep. V. E. (Red) Berry of San Antonio, who got nowhere with his bill to legalize horse race gambling in Texas and another calling for a statewide referendum on the question, doesn't plan to give up.

Representative Berry said petitions are being circulated by members of the Texas Thoroughbred Breeders Association asking support of a Democratic party referendum from 10 per cent of the qualified voters in Texas. He estimated 135,000 signatures will be necessary to cause the State Democratic Executive Committee to submit the proposition to the voters in the first Democratic primary election next May.

The petition, he said, calls for submission of a constitutional amendment to the electorate.

HISTORIC DOCUMENT ON WATER PROBLEM — "If Texans cannot change the weather, they can at least, through sound, farsighted planning, conserve and develop water resources to supply their needs."

So said the State Board of Water Engineers as it turned in to Gov. Price Daniel the state's first comprehensive, projected plan for meeting the industrial, municipal and other water needs in 1960.

Governor Daniel termed the 200-page document, which envisions the construction of 45 new reservoirs over the state, "one of the great things in the life of our state."

The board made the observation that the people of Texas have not yet been "aroused to the dire consequences of inaction or to the consequences of building projects which at best provide for only small increases in the water needs . . . in relation to long term future needs in many areas, water is the least abundant of Texas' important natural resources; certainly it is the most indispensable."

The board said that through pro-

per development, Texas has adequate water to meet its municipal and industrial needs in 1960 and sustain agriculture and other uses. A significant statement in the report was to the effect that such a program as outlined "appears to be within the financial capability of the state and local interests, with federal participation in projects containing flood control."

In short, the so-called "Master Plan" for development of the state's water resources is at least an outline of what can be done, and might be done to meet one of the state's most crucial problems.

ATTACK ON "SOFTNESS" LAUNCHED — Physical education teachers from over the state at a meeting in Austin have come up with a plan to turn talk into action and do something about a physical fitness in the schools.

The plan includes 15 minutes of strenuous body exercise in physical education periods; teaching the right way to walk, sit, climb, pull, push and all the other ways the body obeys the laws of physics; teaching games and sports people can use throughout their life including tennis, golf and swimming; and other popular sports; teaching the history of games; fitting activities such as folk dancing into social studies; emphasizing sportsmanship as part of social behavior; accomplishing social control through release of tension in athletics; and promoting a favorable attitude toward physical activity both as children and as adults.

BUS RATES GO UP — Bus travel in Texas is costing the operators more and so it will be costing the passengers more. No one objected at a hearing which resulted in a general hike of five per cent in bus fare rates approved by the State Railroad Commission.

Operators testified expenses increased 8.9 per cent in 1960 over 1959, against a revenue increase of only 4.6 per cent. The last time bus fares were increased was in 1958.

The increases will be in effect not later than September 1. There were some exceptions to the general five per cent increase, such as an approved boost of 10 per cent for Texas bus lines operating between Galveston-Beaumont and Port Arthur-High Island, and a 10 per cent increase for Texas Electric Bus Lines.

GOVERNOR FOR A DAY — One of the nicer traditions in Texas politics is that which permits the man who is third in line to the Governorship officially to take over the reins of state government for a day.

By custom, the Governor and Lieutenant Governor absent themselves from the state for a 24-hour period so that the Senator who has been elected by his colleagues as President Pro Tempore of the Senate

### Time It Right When Fishing In Dog Days

The dog days are here in the outdoors. This is the time of the year when the temperature hovers around 100 degrees, dogs become rabid and snakes go blind. It is the time of the poorest fishing, and more comfort is found in airconditioned rooms than along the river bank. A good fisherman, however, can do well if he will get up early enough in the morning or fish late enough in the evening, according to Howard Dodgen, executive secretary of the Game and Fish Commission.

"This is a particularly good time for trotliners who are looking for big catfish," Dodgen said. "These trotlines should be set across channels, and down near the bottom. Big catfish are ranging low, and generally they like moving water best."

At this season of the year, big bass are usually found just at daybreak or at dusk, feeding in the shallow water along the banks. This is an ideal time of the year for top water plugs, and also for those who prefer to fish by moonlight.

Dodgen also warns that August is a bad month for recreation accidents, and warns against carelessness particularly in water sports. "We get too many drownings at this time of the year," he says.

can step into the Governor's chair. The honor went to easy-going well-liked Senator Preston Smith of Lubbock last week. He signed proclamations, as Acting Governor, got in little plugs for his area of the state, and was feted at a banquet which rounded out the festivities in the evening last Friday.

SHORT SNORTS  
Moonshining still goes on . . . The Texas Liquor Control Board reports seven illicit stills were taken by inspectors during the month of June with a capacity of 710 gallons. Inspectors seized 590 gallons of mash and made nine arrests. The stills were located in Lamar, Bowie, Marion and San Jacinto Counties.

Texas Business Review reports retail sales in Texas for the first six months of 1961 increased steadily, but still fell behind the first half of 1960. One reason—consumers using current income to catch up on old debts.

Construction industry reached near record levels with substantial increases over 1960, according to the University of Texas Bureau of Business Research. Authorized construction this year so far is less than one per cent below the record reached in 1959.

### Hunters Could Find Doves Plentiful In West Texas

With fewer than 30 days until the opening of the mourning dove season in the North Zone, September 1, there is still a great deal of speculation as to how plentiful this year's crop will be. According to Howard Dodgen, executive secretary of the Game and Fish Commission, some hot, dry weather is needed to ripen feed seed, and darken considerably the green effect of the present abundance of foliage.

In parts of West Texas where there hasn't been too much rain, weed seeds are now ripening, according to information received in Austin. In these cases, the doves seem to be plentiful at the present time. However, the abundance of rain in Central Texas has vegetation very lush, and weed seeds are

not yet ripening. Since water holes have been filled completely, this will tend to scatter late evening dove shooting around the water holes.

So, according to the executive secretary, it is anybody's guess as to how good the dove season will be. On the other hand, the quail crop right now looks to be in top condition. There are still a few nesting birds, but for the most part there have been heavy hatches in practically every part of the state. As a result, a big crop of birds is reported in areas where there was practically no birds last year.

Under the general laws, the quail season will open December 1. The Game Commission will set the quail season in regulatory counties at its quarterly meeting early in October.

### TELEPHONE TALK

by Byron Alexander, Manager

### "GRASS ROOTS CAPITALISM"

The newspapers recently ran a story that I thought was pretty significant. It gave real insight into our American economic system. The story reported that, for the first time, an American business had 2,000,000 owners. This important "first" was achieved by the Bell System, of which my company is a part.

Hugh and Irene Polson of Wichita, Kansas, are the two millionth shareowner. Pictured with them above are their two youngsters—Kay Louise, 9, and Stephen Hugh, 7.

The Polsons own and run their own pharmacy. And, even though they keep plenty busy with the drug store and duties at home, they take part in church, PTA and community activities.

Mr. and Mrs. Polson own ten shares of stock. They bought it as part of an investment plan to send their children to college. Like the Polsons, a great many investors—335,000, in fact—have fewer than 10 shares. Of the two million shareowners, nearly 850,000 are women and 300,000 are telephone employees.

This is real evidence of "grassroots capitalism," and I think Mr. and Mrs. Polson typify many of today's "grassroots" investors, who come from all walks of life, from all sections of the country.

As I said before, here is a truly significant story. Here is the nation's largest business, the Bell System, now owned by 2,000,000 people. Here is a dramatic testimonial to the American economic system. Here is democracy at work—with all the world to see.

Call by number. It's twice as fast.

### ASC Voting Set For September 11

The 1962 Community Committee election has been set for Martin County for Monday, September 11, George Glynn, manager of the ASCS office said this week.

The election will be held in the Martin County ASCS Office in Stanton.

A petition signed by 10 or more eligible voters nominating persons for membership on the community committee must be received at the county office not later than August 21.

Names of persons so nominated will be included in the slate of nominees, if they are found willing to serve and are eligible.

If a person nominated by petition is found ineligible, he will be notified of such determination prior to completion of the slate of nominees and he may appeal to the county committee any time prior to August 25, which is the date set for completion of the slate of nominees.

The community committee may make such additional nominations as are required or as it determines are desirable.

### Martin Gibson To Receive Honor Award

Martin L. Gibson of Stanton, is scheduled to receive a Certificate of Appreciation from President Kennedy Thursday.

The Presidential citation has been awarded for Gibson's service on the draft board serving Howard, Martin and Mitchell counties.

Gibson has served ten years, performing his duties without monetary compensation, as a public service.

Robert M. Dean, chairman of the board, representing the President at the request of Colonel Morris S. Schwartz, State Selective Service Director, will present the Certificate.

The brief ceremony is scheduled at 9:00 a. m. in the local board office in the Post Office building in Big Spring on Thursday.

The Certificate has also been signed by Governor Price Daniel, Lieutenant General Lewis B. Hershey, Director of Selective Service, and Colonel Schwartz.

### Foods Show Winners Are Announced

Three girls were named winners of the Martin County 4-H Club Favorite Foods Show held Friday.

Mary Wilson was named the winner in the senior division. She baked a German chocolate cake. She is the daughter of Mr. and Mrs. James Albert Wilson and is a student at Stanton High School.

Winners in the junior division were Denna Robertson, with a butter cake, and Linda Manning, who baked a chocolate pie. Denna is the daughter of Mr. and Mrs. O. Robertson and is a student at Grady. Parents of Linda Manning are Mr. and Mrs. James Manning. She attends Stanton schools.

There were 11 entries in the show, which was held at the Cap Rock Electric Cooperative building. Others received blue and red ribbons.

The three winners will enter the District Six Favorite Food Show to be held Tuesday, August 15 in Odessa.

Pauline McWilliams of Midland, Midland County home demonstration agent, served as judge. Record book judges were Mrs. A. J. Beckmeyer and Mrs. Stanley Reid.

In charge of registration were Mrs. Cliff Hazlewood Jr. and Mrs. Vernon McQuerry.

Winners were announced at the county dress revue Friday evening.

Mr. and Mrs. Grady Miller and Chip of Fort Worth, have been visiting with her brother and sister-in-law, Mr. and Mrs. W. E. Fuquay.

### Referendum Date On Wheat Quotas Is Set

Wheat producers will determine whether or not wheat marketing quotas will be in effect on the 1962 wheat crop on Thursday, August 24.

If two-thirds of the referendum voters favor quotas, cooperators will be eligible for full 1962 wheat price support. Although the level of support has not definitely been determined, it will be higher than the present level of \$1.79 per bushel if proposed legislation now before Congress becomes law.

If farmers decide in the referendum against quotas, there will be no limit on marketings, price support would be at 50 per cent of parity (wheat parity is now \$2.37 per bushel) and would be available to those farmers who plant within their acreage allotments.

Earlier in the year the marketing quotas and a national acreage allotment of 55 million acres for the 1962 wheat crop was proclaimed on the basis of estimated supplies and utilization of wheat.

### SHS Twirlers Begin Practice

Stanton High School Band majorities have started practicing for the 1961-62 school year this week.

The girls started practice Monday and will continue practicing daily until school begins. They practice from 4 p. m. to 6 p. m. each day, and are working out their field routines.

The girls also have selected new uniforms and are working on them now.

Practicing are Wilma Doshier, Judy Doshier, and Marsha Bristow. Nina Yater also is a majorette.

is three years old.

The noon meal is to be served at Grady School cafeteria by the Martin County Home Demonstration Council, and it is scheduled to be served at 12 noon. Tickets are \$1.25 each and all directors and agriculture committee members are selling tickets.

The tour is scheduled to begin again at 1:15 p. m. and the group will travel to the O. F. Turner farm to see a grain sorghum variety test.

The Slaughter Ranch in the past few years has been cut up into farms, and those making the tour are to see newly cultivated land and irrigation on the new farms.

At the Larry Shaw farm the group will view drilled grain sorghum and at the Perry Geurin farm guar and sesbania soil improvement crops will be viewed.

The last stop for the day will be at the I. G. Peters farm, where a small well gathering system for irrigation will be observed. The tour is scheduled to end at 3:30 p. m. and those making the tour are to be at the courthouse by that time.

In addition to the scheduled stops other crops and agricultural methods will be observed from the bus. Other crops will include alfalfa, peas used as soil improvement crops and others.

Arrangements for the tour schedule have been made by Jake Hodges, Soil Conservation Service; Bob Johnson, county agent and Nolan Parker, vocational agriculture instructor at Stanton High School. They also will give comments at the various stops.

During the day cold drinks will be served at various stops, in addition to the noon meal.

James Eiland serves as chairman of the agriculture committee, and has been in charge of tour arrangements.

All interested persons in the county and surrounding area are invited to make the tour. Invited and urged to attend are all businessmen, farmers, ranchers, and other interested persons.

Eiland said, "We urge all persons who possibly can make the tour, as it will be very interesting and informative."

The past agricultural tours have been successful, and the August 15 tour is expected to be even more successful than the ones in the past.

# FARM REVIEW and FORECAST

Photosensitization, a noncontagious disease of livestock, is widespread in Northeast and East Texas. Dr. C. M. Patterson, veterinarian for the Texas Agricultural Extension Service, said the disease is caused when livestock graze certain vegetation under specific conditions.

These specific conditions, Dr. Patterson said, include a dry period when pastures are grazed short, followed by plenty of rain and rising temperatures, a condition which is now statewide. This situation, he continued, permits annual grasses and weeds to grow very rapidly and livestock to consume large quantities of the new, watery green plant material without dry roughage. The animal's body becomes upset and the toxic photodynamic agents are not eliminated by the liver or kidneys. A few animals or an entire herd may become affected at the same time.

The toxic effect appears to last only a few days on closely grazed, poorly conditioned, native pastures.

When the annual grasses have stopped the quick growth rate and contain a higher content of fiber, the toxic effects are minimized, Dr. Patterson said. It is not known how long the toxic effect will last when livestock are grazed on cured, moly Bermudagrass pasture.

Cattle, sheep, goats, horses and swine may be affected by photosensitization. The first noticeable symptoms are kicking and scratching, switching of the tail and head, rubbing against objects and licking and biting the affected parts. In the presence of sunlight, the light-colored areas on the affected animal become reddened. Animals then become extremely sensitive to sunlight and spend most of the daytime under shade.

Animals with severe cases may develop lesions on the muzzle, nostrils, eyelids, ears, anus, vulva, flanks and udder. The blistering and peeling are outward results of the internal damage. In such cases, a veterinarian should be consulted.

Dr. Patterson emphasized. Dr. Patterson said animals seldom die from the disease but weight loss, damaged udders and teats, screwworms, secondary infections and eye damage are causes of monetary losses to stockmen. There is no specific drug for preventing the disease after the photodynamic agent is eaten. The symptoms must be treated as they appear. Affected animals should be immediately removed from the pasture, placed in the shade and given dry feed. If the animals have blistered and peeled, the affected parts should be painted or sprayed with a 2 percent methylene blue water solution or any other nontoxic water soluble dye, Dr. Patterson said. Salves and oils tend to retard healing and should not be used.

The real efficiency of a dairy cow can be expressed as the percentage of digested feed nutrients which appears in the milk pail. This method of expressing dairy cow efficiency

is often referred to as dairy merit. A. M. Meekma, extension dairy husbandman, says there is no question that, other conditions being equal, the larger cow will produce more total milk than the smaller one. A practical question is whether, on the average, enough more yield is realized per unit increase in weight to increase profits in dairying. A recent study by researchers at Washington State University found that regardless of which breed of dairy cattle is involved, individual cows of the same breed vary more in size than the average differences between breeds. The crucial question is whether or not we are actually going to increase dairy merit of any breed by merely increasing size. Average total yield will undoubtedly increase, but will this be enough to give a greater profit after the extra feed for maintenance and the extra feed for growing to the larger size is accounted for?

Based on the Washington study, when only size was considered there was an average increase of 24

pounds of FCM for each 100-pound increase in size. When differences due to breed and age of the cow were removed, there was only a 236-pound increase for each 100-pound increase in weight. It is very questionable that this amount of increase is enough, on the average, for a larger to prove more profitable than a smaller cow of the same breed, says Meekma.

Several important considerations are apparent from this study; too much attention to increasing size in dairy cows may well result in decreased efficiency; in a given herd the smaller cow may well be the most profitable; and some sire, particularly those in commercial artificial breeding, may be proven and retained for extensive use in favor of other bulls because of superior transmittance of higher production when, in reality, they are only transmitting increased size and thus the dairy merit of their daughters may well be inferior to smaller daughters of other bulls of the same breed.

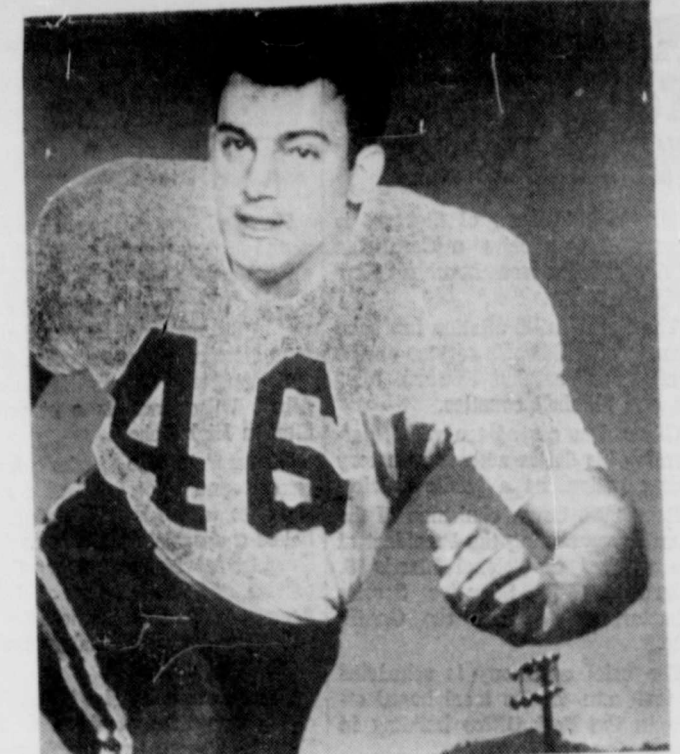

## Ol' King Cat, He's Ornerly But Delicious

Want to catch a nice mess of catfish? If so, check in the August issue of Texas Game and Fish. It has an article by O. D. Miller, called "Ol' King Cat" which includes some very productive catfishin' secrets.

Miller digs deep into his 30 years of experience for the valuable tips he presents. And he writes it all down in a language that fishermen can understand. "First let me say this: catfishing is rugged but fun; also, catfish are fine eating. Also, a large cat can be a rough customer to tangle with. Rather to get your line tangled, often broken. He hasn't a lick of sense, and no sense of humor or fair play. The blue cat is gamey. Powerful. A rip snorter; tackle busting fool. But fine flavored if taken from clear water."

According to Miller, all cats love dark places and swift, fast water. Look for them there; cut banks, hollow banks, rocks, stumps, log jams, drifts, treetops, quiet, deep, dark pools. Walk softly along the banks. Catfish will pay little attention to a lot of talking and yelling, but they are very sensitive to vibrations. When you hook a couple in a spot, stop for a while. Where there's one there are probably more.

"There are thousands of baits," writes Miller, "but here are a few of my pet catfish baits." He includes peeled crawfish tails, live crawfish, fresh water clams, carp-sucker, shad, gar and even wiensers or plain laundry soap. He tells you how to prepare these baits and where and when to use them.

**INTERCEPT SPECIALIST** — Austin (Goose) Gonsoulin, shown above, of the Denver Broncos, will be one of the professional football stars in action at Midland Memorial Stadium Saturday, August 12, when the Broncos and the Dallas Texans, of the American Football League, stage an exhibition game for West Texans. Gonsoulin, who was All-State while at Port Arthur, Texas, High School, and a three-year letterman at Baylor, set an AFL record in pass interceptions last season. He grabbed 12 tosses from the opposition. Tickets to the Midland game Saturday, August 12 at 8:30 p.m., are \$4.40 and \$3.30 for reserved seats. They can be ordered from the Midland Jaycees at Box 1726, Midland.

## Basin, Area Gain Rotaries Last Week

The rotary rig count in the Permian Basin Empire was up 15 to 244 Friday as compared to last week's 229.

The figure is an increase of 34 over the rig total this time last year.

Lea County, N. M., with 39 active rigs, continues to lead West Texas and Southeast New Mexico. The county is up four rigs over a week ago.

Other more active counties include Andrews, 15, Ector, 18, and Pecos and Crane, 15.

In the local eight-county area, Dawson County took the lead this week, gaining three rigs for a total of seven. The next highest county was Garza with six, a gain of one unit.

Glasscock and Howard counties each gained one rig while Mitchell County dropped two and Martin and Sterling counties each lost one unit.

The county-by-county survey, with the previous week's totals in parenthesis, looks like this:

Andrews 15 (15), BORDEN 3 (3), Chaves 1 (1), Coke 4 (2), Concho 2 (2), Crane 15 (13), Crockett 8 (9), Crosby 1 (1), DAWSON 7 (4), Dickens 1 (1), Ector 18 (19), Eddy 7 (9), Fisher 3 (3); GARZA 6 (5), GLASSCOCK 1 (0), Gaines 7 (7), Hale 1 (1), Hockley 2 (1), HOWARD 2 (1), Kent 4 (2), Lea 39 (35), Loving 2 (1), Lubbock 1 (1), Lynn 0 (1), MARTIN 3 (6), Midland 6 (7), Menard 1 (1), MITCHELL 0 (0); Nolan 4 (3), Pecos 15 (15), Reeves 5 (9), Roosevelt 9 (7), Runtels 4 (3), Schleicher 2 (2), Scurry 3 (3), STERLING 0 (1), Stovewell 3 (2), Terrell 5 (6), TERRY 1 (0), Tom Green 3 (3), Upton 6 (5), Ward 8

## Winfree Rites Held In Oregon

Jefferson Oliver Winfree, 73, twin brother of Mrs. Joe Bell of Brownfield and formerly of Stanton, died July 30 in Oregon after a short illness.

Winfree, pioneer cowboy of this area, was born May 30, 1888 in Calvert, Texas and spent his early childhood on the Lazy Z Ranch on the Clear Fork of the Brazos River, near Stamford. He moved with his parents to Mitchell County and on to the Pecos area, where he helped drive trail herds to Dodge City, Kansas, and to the King Ranch in South Texas.

He was married to the late Elvie McElvaine, daughter of Mr. and Mrs. Tom McElvaine of Pecos in 1906. He succeeded Colonel Rush as foreman of the X Ranch at Pecos. He moved to Oregon and bought a ranch in 1915.

Winfree visited his sister in Stanton four years ago. The twins celebrated their 69th birthday together at the home of Mr. and Mrs. C. C. Carpenter, 405 North C Street in Midland. It was the first time they had celebrated their birthdays together since they were 16 years old.

Burial was in Albany, Oregon at 2 p.m. Wednesday, August 2.

Survivors include two daughters, Mrs. Vera Paige of Bend, Oregon and Ruby Winfree of Klamath Falls, Oregon; one son, Newton T. Winfree of Eunice, Oregon; two sisters, Mrs. Bell and Mrs. Willie Nosker of Napa, Calif.; one uncle, Phillip Winfree of Portland, Oregon; seven grandchildren and 12 great-grandchildren.

## Grassroots Opinion

Plainfield, Ind., Messenger: "If proposals to provide medical services to persons drawing social security benefits is carried out as proposed the possibility of taxing people for other services seems unlimited. This is a far different thing than a pension. If workers are to be taxed regardless of health insurance, why can't they be taxed for housing insurance? Certainly the guarantee of a place to live is just as important as paying the doctor. How about another quarter of one percent to guarantee 'grocery care'?"

Some oldsters get involved in litigation. Who's going to pay the lawyer?

"The point is that freedom of choice about personal matters is basic to our democracy."

Canton, Mass., Journal: "Some people think that just because a company is big, it has all the money it needs and can help support any cause, activity or government program that comes along.

"The money that keeps all these wheels turning doesn't grow on trees. It comes from human effort—human effort that is put to profitable use. We all depend on each other."

Tonasket, Wash., Tribune: "If today's taxpayers had some of the gumption of their forefathers who made history with the Boston tea party, it wouldn't take long to call a halt to the wasteful and extravagant spending by governments which grow bigger and bigger and which exact more and more taxes to sustain their constantly expanding operations."

Fountain, Colo., Advertiser: "In his speech commemorating the 40th anniversary of the Soviet Union... Nikita Khrushchev emphasized the success so far of Russia, but demanded that the people 'work, work, work' for further success.

"Work alone is the source of the wealth of society and the wealth of every man," he declared.

"Now we dislike everything about the Communist's line of chatter, but believe the group in this country which seeks shorter hours, less production, higher wages, higher unemployment benefits, etc., would do well to think over his ending phrase."

## Jim McCoy Wagon Boss For Livestock Sale

Judge Jim McCoy of Stanton, has been appointed Wagon Boss for Martin County in the second annual Fall livestock roundup and auction sale for the Boys Ranch of West Texas.

Roy Minear, president of the ranch, located near San Angelo, announced the appointment.

The month of August has been designated as Roundup Month this year. Ranchers and other livestock raisers are asked to donate cattle, sheep, hogs or other livestock for sale at area auction rings with proceeds of sale going to the ranch.

Operators of auction rings throughout the area are cooperating in handling the contributed livestock on the basis that 100 percent of the sales proceeds of animals donated will go to benefit the ranch in its operating program.

Boys Ranch of West Texas, which serves the 53 county area of West Texas as a home for neglected, dependent, homeless boys, is caring for 59 boys at the present time, Minear said.

Cecil Bridges, also of Stanton, serves the ranch as a member of its board of directors.

## Woolsey Rites Held August 2 In Midland

Funeral services for Mrs. Eliza Caroline Woolsey, 80, longtime West Texan and a Midland resident the last 13 months, were held Wednesday afternoon, August 2 in the Newline W. Ellis Chapel, Midland.

Mrs. Woolsey, who was the mother of Aubrey Woolsey of Stanton, died Tuesday afternoon, August 1 in a Midland hospital after a long illness.

Rev. Travis LaDuke, pastor of the Wilshire Park Baptist Church, Midland, officiated.

Interment was in Evergreen Cemetery, Stanton.

A native of Toons, Tennessee, Mrs. Woolsey moved to Texas with her family in a covered wagon. She settled with her husband in Glasscock County in 1909. He died in 1953.

Survivors include four sons, Clyde Woolsey of Midland, Aubrey Woolsey of Stanton, J. L. Woolsey of Sweetwater and Doyle Woolsey of San Antonio; a daughter, Mrs. Jewel Wren of Andrews; seven grandchildren and 11 great-grandchildren.

Pallbearers were James Jones and Chalmer Wren, both of Stanton, James Biggs, Cliff Brown and Curtis Fisher, all of Midland, and Zack Scott of Odessa. Honorary pallbearers were C. C. Wise and Claude Nowlin of Stanton, Ross Scott of Odessa, L. W. Woody of Kerrville, Arthur Beggs of Midland, and Frank Crow of Blanco.

## Veteran Editor Dies At Abilene

Frank Grimes, veteran editor of the Abilene Reporter-News, died July 28 of pneumonia. He was 69.

Funeral services were held in Abilene at 3 p.m. Saturday, July 29. Death came one month after his discharge from McKnight State Sanatorium near San Angelo, where he had conquered tuberculosis in a 10-month illness.

Mr. Grimes joined the Abilene Daily Reporter in 1914 as city editor. He became editor in 1919.

His 47 years of service made him the senior employee of Abilene's oldest business firm. He devoted full time to editorial writing from 1926 until he was forced from his desk by tuberculosis.

Many honors came to Mr. Grimes because of his writings. He won two Associated Press state awards and at least twice went to the final rounds in Pulitzer Prize contests. McMurry College in 1946 bestowed on him the Doctorate of Laws degree.

Mr. Grimes was born October 13, 1861, at Pendleton in Bell County. His father was a Methodist minister.

## New Deer Film Is Released By Game Commission

"Trail of the Whitetail," a 16mm color, sound movie of Texas wildlife, has been completed by the photographic section of the Game and Fish Commission, and now is available for public showing. The picture has been announced by T. D. Carroll, director of information and education of the commission.

The picture, which was made by photographers Lon Fitzgerald, Tom Diltz and Leroy Williamson, has been three years in the making, and covers a hundred years' history of the white-tailed deer in Texas.

The picture can be obtained without cost by service clubs and sportsmen's organizations for public showing, by writing to the film booking department of the Game and Fish Commission, Walton Bldg., Austin.

In beautiful color and professional sound, it runs 23 minutes, enough time to provide an adequate service club program with superior entertainment according to Carroll.

Many other subjects also are available from the commission for public showing.

Johnny Whisenhunt of Merkel, spent a week visiting with Eddie Odum in the Garth Odum home.

Lary Martin, son of Mr. and Mrs. Floyd Martin, has been a patient in Medical Arts Hospital, Big Spring.

Gerald Smith of Denver City, has been visiting with Mr. and Mrs. Garrett Smith and Mr. and Mrs. Oliver Vaughn. Mrs. Billy J. Smith and Dana of Denver City, visited in the Vaughn home and he returned home with them.

**In Our Time**

CONSERVATION OF THE NATION'S NATURAL RESOURCES, A PRECIOUS COMMODITY, HAS BECOME INCREASINGLY IMPORTANT TO AMERICA, AND TO AMERICAN INDUSTRY.

THROUGH CAREFUL RESEARCH AND PLANNING, INDUSTRY HAS BEEN ABLE TO OPERATE IN VIRGIN AREAS WHILE PROTECTING... AND IN SOME CASES IMPROVING... THE HABITAT OF WILDLIFE, GAME AND FISH!

IN LOUISIANA, FOR EXAMPLE, AN OIL PIPELINE ROUTE WAS CHANGED SO AS NOT TO DISTURB A COLONY OF RARE WHOOPING CRANES, AND OFF THE COAST OF CALIFORNIA AN AREA THAT WAS A VIRTUAL MARINE DESERT BECAME A FISHERMEN'S PARADISE AFTER RIGS SUNK IN THE OCEAN FLOOR GATHERED DRIFTWOOD AND VEGETATION THAT ATTRACTED FISH.

MANY CONSERVATIONISTS ARE FINDING THAT WILDLIFE AND INDUSTRY CAN BE COMPATIBLE WHEN MEN MOVE WITH UNDERSTANDING, RESTRAINT AND RESPONSIBILITY AMONG THE BEAUTIES OF NATURE.

**INSURE CAREFREE WINTER COMFORT WITH FLAMELESS ELECTRIC HEAT!**

You'll enjoy new comfort, convenience and cleanliness when you heat your home the modern way—with flameless electric heat. Electric home heating is clean—as clean as electric light—which means less housecleaning and redecorating. Electric heat is thermostatically controlled, automatic and accurate. It provides gentle even warmth. Temperatures in each room can be controlled separately for economy and convenience. And you'll enjoy complete freedom of furniture arrangement because electric heating equipment takes up little or no living space.

Electric baseboard heaters, installed in place of normal baseboards on outside walls, direct warm air upward to block cold drafts. For information about this and other methods of electric home heating, telephone us or visit our office.

## The Launching Pad

By NEAL ESTES

**PRINTER'S INK IS THE GREAT APOSTLE OF PROGRESS, WHOSE PULPIT IS THE PRESS.**

—Horace Greeley.

It is only human to be appreciative of the fine honors presented this newspaper at the 31st annual WEST TEXAS PRESS ASSOCIATION convention held in San Angelo the past week. We do not mean to brag. There is really nothing to brag about. We are in this community to serve—it is our duty to give this area and the people a good newspaper. And we want to state here that the labors of one man is not enough to bring recognition to the people through prizes won. It took the entire staff and it does every day of the year. But we want to signal out the man who is more responsible for our placing third out of many newspapers in the advertising composition contest. MAC MCKAY is the staff member we refer to. There is no better operator, printer and ad compositor than MAC. He has been a regular attendant at the conventions and his loyalty to this publication, its publishers, and the editor, is well known. He takes pride in his work and if a customer will just give him the ad copy early enough—for it takes time to build an ad—it's like building a house—well, MAC will turn out a superb creation. Thanks MAC for your well done work.

MRS. ERNEST HOCK, the wife of the former director of music and education at THE FIRST BAPTIST CHURCH, this city, has announced her Fall scheduling for piano and voice students elsewhere in the paper. MRS. HOCK, like her distinguished husband, is a very fine and talented lady. We know some of her students personally and it is our wish that the pupils and their teacher have another successful season.

B. Q. EVANS deserves another accolade for his good work with the Little Leaguers this past Summer. EVANS was in the office Monday to thank the newspaper, its staff, and the editor for the job of covering the Little League activities. We were delighted to lend our support to the worthy community program for boys and it was nice to work with B. Q. He is punctual, keeps accurate information on the teams and again, we salute him for the wonderful job accomplished with the youth of our county.

SOME of us believe in the "breaks" of life and take them in stride. Some of us also read the Zodiac Guide. We used to laugh about this sign business until one of our former employees said she practically lived by them. So we decided to see what was with the guide. Being a son of Scorpio, our birthday being on November 12, we read the following in the guide for the week beginning August 6. "Take a new road." How about that? Our car broke down Sunday and as far as we were concerned no roads were open. So in rapid sequence these things happened: (1) BILL WHEELER and JOHN MARTIN fixed our car. (2) We won honors at the press meeting in San Angelo for the paper. (3) Our brother, JOE ESTES of Dallas, was named chairman of the most important judicial committee in the American Bar Association. (4) Our favorite nephew, CARL ESTES II, was named an associate in one of the state's leading law firms, VINSON, ELKINS, WEEMS, and SEARLS of Houston. (5) Our real estate agent up in North Texas notified us that he had sold a farm we own up there for a very reasonable price. Yep, it's all true. So this week-end we are going to fly up to a couple of points in Missouri. Could be that new road the guide mentioned is wide open and waiting, for it also said that a new moon heralded thrilling events, creation, and excitement. I betcha!

THE entire staff of THE STANTON REPORTER wishes to take this opportunity to thank MRS. EZELL MCKASKLE for the nice, tasty peaches she brought to the office this week. It was a gesture of thoughtfulness and we enjoyed the peaches.

YOUR writer is not as much concerned about the Russian menace as he is about the menace of the Reds broadcasting the news on our TV stations these days. If you listened to the so-called commentators the day after the Russian TITOV reportedly made 17 circuits about the earth you know what we refer to. One would have thought KHRUSHCHEV had given them orders and told them what to say. They made a gala affair out of it all. BUT, when SHEPPERD and GRISSOM made their jaunts into space the same newscasters "played the feats down." Why don't some of you readers join us in writing LYNDON, MR. SAM, GEORGE MAHON, and anybody else up there in Washington who are in a position to look into the motives and backgrounds of some of the announcers, who actually appear smiling and apparently happy when some piece of propoganda comes floating out of Russia.

NEAL'S NUGGET: It has been said that the family that prayed together stayed together. It is also a good idea for families to vacation together—that is—if there is any love involved.

## City Budget Is Approved

A budget for the City of Stanton totaling \$322,989.79 for 1962 was approved Tuesday night, August 1 at the city hall.

The 1962 budget is larger than the 1961 budget, which was \$221,769.99.

Stanton's tax rate for the 1961-62 fiscal year will remain the same as last year, \$1.50 per \$100 valuation.

Harvey White, city secretary said.

The tax roll for the coming year amounts to \$47,571.45. The total value of person and real property in Stanton amounts to \$3,171,430. Last year's tax roll totaled \$47,349.23.

The largest item in the budget is the water and sewer fund which is \$96,004.96. The second largest item is street and water construction which is \$90,299.53.

Last year the largest fund also was the water and sewer fund which was \$97,734.94. Second was the general fund with \$59,931.96.

Mrs. L. E. Maddox was in Austin Tuesday and Wednesday, August 1-2.
