By NEAL ESTES

We have another nice list of subscribers to announce this week. We shall continue to strive to give the people a paper they can point to with pride. It is especially significant to list these folks as patrons for another year this week as we observe National Newspaper Week. Here they are: ERNEST HOCK, Stanton; UDELL MORRIS, Stanton; C. D. ROBERTSON, Ft. Stockton; WOODY SMITH, Seagraves; DALE FRYAR, Lenorah; C. W. JONES, Firebaugh, Calif.; JOE RAMOS, Hereford; TOM MIE FOREMAN, Clayton, N. M.; MRS. ANN DAVIS, Stanton; CHARLES SKEEN, Lenorah; H. E. CROW, Luling, La.; STANLEY BARNES, Stanton; WALTER GRAVES, Stanton; and GRANVILLE GRAVES, Coahoma.

Stanton journeys to Crane Friday night for the District 7-AA opening game. The players will appreciate all the support from the local fans they can muster. Five games have been played to date — all non-district — so, in a sense, the Bisons are starting all over again. Let's prove to them that we have faith in them and appreciation for their efforts by being in the stands in Crane when game time rolls around Friday night.

THE NEW YORK MIRROR folded this week. Reasons: Couldn't recover from the impact of the long strike; not enough national advertising. The newspaper claimed the second largest circulation in the New York area, but you can't do more than break even, if that, on circulation. Paper, ink, labor, maintenance cost of machinery continues to climb in price. 1,600 people were placed in the columns of the unemployed. Television has practically gobbled up all the national advertising. The Tonight Show on the tube has ceased to be a show due to the commercials. It takes no talent to run that show or the Today Show either—just an ad reader—that's all. What is going to happen when all the news is faked, canned, planted, censored, and directed from one federal source? The trend is now in that direction. Dictators always belittle and condemn newspapers before they take over. Newspapers are the first business establishments to be shut down when a CASTRO, FRANCO, HITLER, or MUSSOLINI comes to power. The dictators can't stand the tribunes of truth. It is indeed sad that news of the famed MIRROR'S demise comes during NATIONAL NEWSPAPER WEEK.

My friend of many years, J. A. WILSON, a real trouper, is home from the hospital. He wants to thank each of his friends for the beautiful flowers, cards, and visits and get well wishes extended to him while he was in the hospital. In these sincere words, he said: "I can't find words to express my appreciation to you. It is wonderful to have so many friends." You are as right as a good soil-soaking rain, MR. WILSON.

MR. and MRS. GUY EILAND, MR. and MRS. PAIGE EILAND and son, GORDON, and the MERRWIN EILAND family of Dallas held a family reunion in Waco last Saturday. The Golden Bears of Baylor presented the ardent B. U. fans with a special gift — a victory over Arkansas. It has been whispered around our town that PAIGE took along a small box of Martin County soil to spread on the turf before game time. True or not—Baylor won and soil in this section will grow anything — even a football victory. That young fellow, TRULL, must be a whiz. He is the Baylor signal caller.

Voice of Variety: Have faith folks! Come November 1964 and we will recapture the White House and close the invitation list to known Communists.

TSTA Banquet Set Tuesday In Stanton

The Martin County Chapter of the Texas State Teacher's Association will hold their annual banquet in Stanton on Tuesday evening, October 22, at 7 p.m.

The affair will be attended by all of the teachers in the county. It will be in the Stanton High School Cafeteria.

Mrs. Floyd Sorley is in charge of arrangements. She is vice-president of the local county group.

Other officers include: Bill Johnson, president; Charles Skeen, second vice-president, and Mrs. Helen Thomas, secretary. A treasurer will be elected at the October 22 meeting. The group originally installed Mrs. Russell Howie in this place but the Howies have moved from the county and her replacement will be chosen next Tuesday night.

Mr. Skeen, in reporting the banquet story, said: "All teachers in the county are urged to be present."

HD Council Meets Tuesday At Cap Rock

The Home Demonstration Council met Tuesday afternoon at the Cap Rock building. Mrs. Lewis Carlile, president, presided over the business meeting.

Yearly reports of the clubs were given by the presidents of the clubs. Committee reports were also given by the committee chairman.

Officers for the coming year were elected. Those chosen to serve were: Mrs. Owen Kelly, president; Mrs. Stanley Barnes, vice president; Mrs. Albert Pittman, secretary, and Mrs. Lewis Carlile, treasurer.

It was announced that the home demonstration clubs will hold achievement day on November 19 at the Cap Rock building. Each club will set up a booth, displaying their yearly achievements. The members will bring a salad, to be served at noon. A book review, "Recovery of Family Life," will be presented by Mrs. Ralph Caffey. The program will begin at 9:00 a.m. The public is invited to attend.

The council voted to have a Christmas party on December 17 at the Cap Rock building. All members of the clubs will participate in the annual event.

Booster Club Met Monday At High School

The Buffalo Booster Club met Monday night at the Stanton High School cafeteria. Paige Eiland, secretary, presided over the business meeting.

Coach Bill Milam showed the group a film on the Stanton-Big Lake game. He gave reports and comments concerning the game. Milam also reported on the Crane football team. He stated that Crane had one

Grady Faculty Honored By Lions Monday

The Grady Lions Club sponsored Teachers Appreciation Night on Monday evening, October 14. A dinner was served at 7:30 p.m.

Special guests were the teachers of the Grady Schools and their husbands and wives, and the wives of the Grady Lions Club members.

President Grover Springer presided over the business meeting. The club is making plans to hold a pancake supper at Grady during November. The purpose of the supper is to raise funds for the club's projects.

Walter Baily, county superintendent of Howard County, was the primary stiff-necked defense, but an

Newspaper-People Affinity

By ROSCOE DRUMMOND

More Americans are reading newspapers more thoroughly than ever before. There must be a reason. Despite the decline in the total number of newspapers, total newspaper circulation in the United States today is at an all-time high.

There must be a reason. The reason must have something to do with newspapers—and people. There is a special affinity between them, between newspapers and people. People must feel a great identity of interest with their newspapers. One of the reasons may well be that the printed word requires more of its readers than any other media. Readers get more out of newspapers because they put more of themselves—more of their own thinking—into their newspapers.

I do not speak disparagingly of other news media; quite the opposite. I think that radio and television reporting is a tremendous boon to our democracy. Radio and television reporting greatly expands the surface of public knowledge. In my judgment most newspapers greatly expand the depth of public knowledge.

The fullest, the most dramatic, the most conclusive evidence that newspapers are really crucial to the lives of most Americans—and, indeed, to their very way of life—is what happened in New York, Minneapolis and Cleveland when newspapers strikes left these cities newspaper-less for months.

Something very meaningful, something taken for granted when it was present but greatly prized when, abruptly, it was absent, went out of the lives of millions of people in these communities when there were no newspapers.

I believe the reason is that while the printed word can be supplemented by other media, it cannot be replaced as the most reliable, the most accessible, the most meaty and the most satisfying source of information and insight in this very anxious world.

During the long strikes the newspaper was grievously missed — and nothing was able to take its place.

That is what I mean when I say there is a special affinity between newspapers—between the printed word—and people.

Nothing could take their place and it is our duty to make newspapers continuously better so that nothing can take their place.

Stanton Bisons Yield To Big Lake, 20-0

The Owls of Big Lake's Reagan County High wisely took advantage of Stanton miscues at Big Lake Friday night and scored a 20-0 victory.

The Buffaloes put up their customary stiff-necked defense, but an

untimely penalty, a poor kick and a home-run Big Lake punt return were the undoing of the visitors from Stanton.

The loss was Stanton's third in a row after a pair of opening ties. The Bison offense, which is still in the formative stage this year, couldn't move against a heavy and able Owl line. Stanton showed 81 yards total offense to 232 for Big Lake.

But the story of the game wasn't offense — it was Big Lake's ability to cash in on opportunities. In the first quarter Stanton put up a fine defensive show to halt

the Birds on the Buff three. But minutes later a Stanton punt slithered for just 14 yards, and a Buff committed a personal foul to boot. This put Big Lake on the Stanton 11 with first and ten. Halfback Monte Nevills took a pitchout around left end on third down for seven yards and the score. The extra point was missed.

Early in the second quarter, Stanton punted to Nevills on his own 45. Big Lake had a full convoy set up down the sideline, and after Nevills out-manuevered the first Bisons downfield it was clear

Bob Johnson Presides At Lions Meeting

The Stanton Lions Club met Tuesday at noon at the Belvue Restaurant in their regular meeting. Bob Johnson, president, presided over the business meeting.

F. O. Rhodes directed the song service, accompanied by Mrs. John Wood at the piano. The invocation was given by Roy Phemister, minister of the Belvue Church of Christ.

Bob Deavenport, program chairman of the month of October, introduced Bob Haislip, chief of the Stanton Volunteer Fire Department. Haislip spoke to the group on "Fire Hazards." He told the club how they could prevent fires, and asked their support in cutting down on the fire hazards.

There were 23 present at the meeting. Guests included Eilmore Johnson, minister of the Stanton Church of Christ, and Bob Priddy, minister of music at the First Baptist Church.

Mrs. Nelson Presides At P-TA Meeting

Stanton Parents-Teachers Association met Tuesday afternoon at the school. Mrs. L. B. Nelson, president, presided over the business meeting.

Mrs. Glenn L. Brown opened the meeting with the P-TA prayer. The group discussed a Halloween carnival to be held at the Junior High gymnasium and cafeteria on October 31. The committee will set the time the carnival is to begin.

The committee is composed of a representative from each class, and is headed by Mrs. George Glynn. Booths and games will be set up in the gymnasium and refreshments will be sold in the cafeteria.

The program for the day, "The Family — Whence and Whether?" was introduced by Mrs. Bob Johnson, program chairman. The group attended the civil defense class being conducted at the high school. Bill Johnson, principal, was in charge of the class.

The next meeting for the P-TA will be November 12 at 7:30 p.m. at the high school cafeteria. Beryl Clinton, superintendent of Stanton Schools, will be in charge of the program on "Is Education Our Affair?" Approximately 40 parents and teachers attended the meeting Tuesday.

Methodist In Abilene For Training School

Representatives of the First Methodist Church are in Abilene this week attending the annual pastors' and laymen's school and the Wilson lectures at McMurry College.

The school opened Monday, October 14, and will continue through Thursday.

Stantonite's Kin Dies At Lamesa, Rites Sunday

Funeral services were held Sunday in Lamesa for Mrs. El Vina Harrison, 78, who died Friday in a Lamesa Nursing Home. She was the grandmother of Mrs. Alan R. Taylor of this city.

Mrs. Harrison was a long-time Dawson County resident, living in that area since 1924. She was a native of Oxford, Mississippi. She had been a member of the Baptist Church since childhood.

Funeral services were held at 3:40 p.m. Sunday in the First Baptist Church of Lamesa, with Rev. Milo B. Arbuckle, pastor, officiating.

Burial was in the Lamesa Memorial Park under the direction of Higginbotham Funeral Home. (Continued on page 5)

Bufs Hunting First Victory This Season

Stanton's Buffaloes will open their District 7-AA engagements in Crane Friday night against the three-time title winners.

The Golden Cranes will be out to capture the contest for a good start on the road to their fourth straight championship. Stanton will be strongly determined to bring an end to Crane's long victory trail and to break into the season's winner circle for the first time this year.

Lillian Clanton Accepts Place At Sheila Shop

Mrs. Lila Flanagan, owner of the Sheila Shop, located at 207 North Saint Peter Street, this city, has announced the employment and association of Lillian Clanton.

Mrs. Clanton is well known in this area. She is the daughter of Mr. and Mrs. W. J. Ringener who resides south of town. She and her two children, Jody ten and Ricky eight, have moved from Big Spring to Stanton.

In this issue of The Stanton Reporter, Mrs. Flanagan has purchased advertising space to formally announce the association of Mrs. Clanton. Both Mrs. Flanagan and Mrs. Clanton would appreciate friends calling on Mrs. Clanton when in need of beauty work.

The Bisons are looking forward to district play. In the past five games, a break here and there, would have changed the results in at least two games. The Coahoma and Merkel games ended in ties but Stanton, with just a slight amount of luck, could have won either. The Bisons have since dropped games to heavier and more experienced aggregations from Ft. Stockton, Seagraves and Big Lake. Comment from many local fans who made the trip to Big Lake last Friday night was to the effect that the local team was treated pretty shabbily at times by official decisions. Nothing will slow a bunch of young football players up faster than to get what they think is an unfair call from an official on the field.

When Stanton takes the field in Crane Friday evening, however, the past will have been buried, failures on the grid and memories of the officiating at Big Lake. Neither reason will suffice in the game. (Continued on page 5)

Congressman Mahon Approves Cotton Sale To Soviet Union

Congressman George Mahon has endorsed the tentative sale of cotton to the Russians.

He thinks the U. S. sale of wheat to Russia and the rumored follow-up sale of cotton will help this nation's advantage around the world. Mahon, representative from one of the country's greatest cotton producing areas, and the House's number one man as far as the Pentagon is concerned, has a reason for his idea.

"I agree with the Secretary of Defense and the Joint Chief of Staff that there is more to be gained than lost by these sales to the Russians under the conditions laid down by the President.

"The Defense Department believes this is the right course to follow because we have to take certain military actions overseas that we may not like because of the drain on our gold reserves." (Continued on page 5)

Boy Scout Fund Drive To Close Out Tuesday

Martin County's annual Boy Scout drive got underway Tuesday morning with a breakfast at the basement of the First Methodist Church.

The drive is to continue through next Tuesday, with workers contacting individuals and business houses for contributions.

Workers attending the breakfast received instructions and 250 cards on which were listed names of persons for workers to contact for contributions. Bob Deavenport, vice chairman of the drive, distributed the cards to the workers. (Continued on page 5)

Cecil Bridges, member of the advance gifts committee, reported \$325.00 had been contributed to the advance section of the drive. Chairman of this committee is O. B. Bryan. Other advance gifts committee members are: F. O. Rhodes, and Jim McCoy.

Leon Miller of Midland, Boy Scout director, spoke to the group.

Udell Morris, chairman of the drive, was in charge of the meeting. Roy Phemister, minister of the Belvue Church of Christ, gave the

Mrs. L. Mims Presides At P-TA Meeting

The Grady Parent-Teachers Association met Tuesday night at the Grady School. Mrs. Loyd Mims, president, presided over the business meeting.

Program chairman for the evening, Mrs. James Jones, presided over a panel discussion. The group discussed questions. The questions asked were: What is P-TA? How can P-TA benefit school, teachers, and parents? How can parents and teachers help P-TA? To what extent should the P-TA go to raise funds? What constitutes a good P-TA program? G. Springer Receives Service Pin

Grover Springer, a school teacher by profession, but who serves as cooperative weather observer for the Lenorah community as a side-line, Friday was honored by the U. S. Weather Bureau for his 15 years of faithful service to the department.

David S. Hill, chief of the substitution management unit, Fort Worth, showed up at Springer's classroom Friday morning and formally handed the weather observer a lapel pin commemorating his 15 years of service. The students in the classroom gave their teacher a round of applause. (Continued on page 5)

The eyes of a young Texan light up over a painting depicting one of the Lone Star State's finest moments—Sam Houston leading his troops at the Battle of San Jacinto. When the smoke cleared away, Mexican General Santa Anna was defeated and Texas became a Republic with the tough, six-and-a-half foot Houston as its first president. The portrait of Houston, twice president of Texas and its U. S. Senator, is one of 75 historic paintings, "Faces of Freedom," an art exhibit presented by the American Heritage Foundation and the John Hancock Mutual Life Insurance Company. It is currently on display at the State Fair of Texas in Dallas.

RE-CLASSIFICATION

Stanton, C-City Dropped Notch

Major changes will take place among area athletic districts under the tentative 1964-65 football assignments announced by the State Executive Committee of the University Interscholastic League.

District 2-AAAA, of which Big Spring is a part, remains intact.

However, Stanton, now a member of 7-AA will drop a notch and be placed in District 5-A, along with such schools as O'Donnell, Plains, Seagraves, Tahoka and Wink.

Coahoma remains in 6-A, along with Wylie, Aspermont, Merkel, Roby, Roscoe, Rotan and Jim Ned.

District 3-AAA drops Colorado City and picks up Levelland and Littlefield, Snyder, Brownfield, Lamrea, San Angelo, Lake View and Sweetwater are the other members of the league.

Colorado City goes into 5-AA, a drop in classification, which has Anson, Ballinger, Haskell, Stamford, and Winters as other members.

District 4-AAA, centered around Wichita Falls, now has nine members. District 1-AAAA (El Paso) has a record 13 schools. District 3-AAAA (Amarillo, Lubbock) consists of nine schools.

Flower Grove is being promoted from six to eight-man ball. The Dragons will henceforth be a member of District 3-B, which has Union, Gail, Klondike, Loop, Southland, Dawson and Wellman as other members.

Ralph T. Moore writes in the Oregon Voter: "Our fiscal problems and the safety of our dollar are of eminent concern and mostly because of the contempt for the people's tax monies that seems to have crept into the thinking of Congress and the several State Legislatures. We have betrayed the integrity of our national debt limitation by cynically raising the limit periodically and when it suits our convenience. We have allowed the keeping-up-with-Lizzie technique to influence our state and local public affairs. This forces us to discard consideration of merit in our tax expenditures and instead adopt a policy of spending not from need but from pride. Another state does and therefore we must follow suit."

The Exchange Desk

DENVER CITY PRESS: "The Yoakum County Sheriff's Department today was continuing an investigation into reported anonymous—and absence—telephone calls to Denver City women. The investigation was continuing following the apprehension of a man, about 30, who was accused to telephoning a Denver City housewife last weekend and asking her for a date."

THE MITCHELL COUNTY NEWS: "The annual Loraine Community Fair held last Friday and Saturday was among the top editions of the fair, if comments from spectators is any indication."

MATADOR TRIBUNE: "A car hurtling 220 feet from U. S. Highway 70 about 5:45 p.m. Saturday claimed the life of a Lubbock man, Jimmy Mack Dunlap, 24. R. A. (Dick) Morrison, 26, also of Lubbock, opened the right hand door of the crumpled 1962 Ford Fairline, and stepped out with extremely minor injuries. Dunlap had been thrown from his car and lay bleeding near the left hand rear fender."

THE MUNDAY TIMES: "Harvest of cotton is moving at a rapid pace and daily receipts at the Munday cotton classing office around 24,000 during the week ending October 4. This is expected to hold and possibly climb a little, according to A. D. Pebbles, in charge."

THE WINK BULLETIN: "Members of the Wink School Board met at the school cafeteria Tuesday night for a routine meeting. The board accepted the low bid of American Desk Company for the purchase of 22 new desks for classrooms at the school."

THE BIG LAKE WILDCAT: "Many visiting hunters are expected in Big Lake from Friday afternoon on over the weekend to get their pronghorn antelope early in Reagan County's first hunt authorized in West Texas Management Areas granted by the Texas Game and Fish Commission's Parks and Wildlife Department."

ANDREWS COUNTY NEWS: "The first change in the percentage assessment of property in a decade was authorized by th school board of trustees in a split vote here Tuesday night."

THE FORT STOCKTON PIONEER: "Building permits for 1963 appear headed toward the billion-dollar mark for Fort Stockton the basis of a nine-month total of \$807,310 compiled by City Secretary Frank Daniel."

THE McCAMEY NEWS: "Three West Texans were hospitalized, one hurt seriously, following a two-car accident Tuesday afternoon on FM 305 about 2 1/2 miles south of McCamey. An automobile driven by Edward F. Craig, Jr., 38, of Crane, collided with a vehicle driven by Ernest Campos Galinda, 49, of Odessa."

Farmers Demand Better Markets

New demands are rising among farmers for more government help in making American farm products competitive in expanding world markets.

The demands appear loudest among wheat growers. They were spurred by recent action of Canada in selling \$500 million worth of wheat to Russia, which had poor crops. Wheat growers had been aroused to some extent earlier by Canadian sales of wheat to Red China.

There is strong feeling among many U. S. wheat farmers that some government policies are limiting competitiveness of their grain for export. A similar feeling exists among some cotton producers.

The United States is the top-ranking wheat producer of the Free World. But records show that in recent years it seldom has been the major Free World exporter of wheat sold for hard currencies. Rather, it has tended to be the country to which many buyers turned when they could not get desired supplies elsewhere.

The United States exported 637 million bushels during the year ending June 30. Only 155 million bushels were sold commercially for dollars. The big bulk went abroad under the food-for-peace program. The government either accepted soft currencies or donated the grain.

By comparison Canada exported 331 million bushels, virtually all for hard currencies. U. S. had currencies sales last year were down from \$227 million during the 1961-crop year and compared with an average of \$138 million for the 1954-58 period.

Grain producers say they must look to the commercial, hard currency markets for the future. They believe the government's easy sales and donation programs will expire in time.

A major complaint made by some wheat producers is that U. S. grade standards are not good enough to make American wheat competitive with that sold abroad under grades set by Canada and some other countries. This contention is denied by some wheat trade groups.

The government is considering improvement in its grading system. Hearings will be held this month.

Some wheat group contend American wheat is not fully competitive price-wise in world markets and as a consequence loses many markets. Wheat is sold abroad under a governmental export subsidy program. A subsidy is necessary because a farm price support program holds domestic prices above world market levels. The Agriculture Department sets the subsidy rates near the close of each day. It is based on transactions made in world markets during the day. Thus, this country is in the position of advertising one day what its export sales price will be the next day.

Editor's Son Commissioned At Lackland

Lackland AFB, Texas — Thomas R. Pickle of Big Spring, has been commissioned a second lieutenant in the United States Air Force upon graduation from Officer Training School here.

Lieutenant Pickle was selected for the training course through competitive examinations with other college graduates. He is being reassigned to Chanute AFB, Ill., to attend a course for aircraft maintenance officers.

The Lieutenant, son of Mr. and Mrs. Joseph D. Pickle of 2803 Cactus Drives, Big Spring, attended Howard County Junior College and Texas Technological College. He is a member of Kappa Alpha Order.

Lt. Pickle's parents both are associated with the Big Spring Herald. Joe Pickle is the editor and Mrs. Pickle writes a column.

Bible Comment—

Readers Find All Of Life's Emotions In Book Of Psalms

Only as one reads the Book of Psalms as a whole can grasp the depth and immensity of its exploitation of every mood and emotion of the human soul.

Here are souls in the very heights of exultation and religious ecstasy, dwelling on the mountains with the clear view of God, and the full inspiration of His presence.

But, here are souls, also crying out of the depths of despair, and finding light in the valley of darkness. Here is realism in the face of suffering and persecutions and the designs of hatred of enemies.

Here, too, is the voice of friendship and fellowship, the pilgrim songs of those who through life are journeying and worshipping together.

Nothing in the whole range of human emotions — doubts, fears, inspiration and estacies — is left out of the Book of Psalms. All of life's experiences from the cradle to the grave are here.

Here, in addition to the exploration of the heart of man and the visions of the glory of God are the observations and reflections of inspired poets near to every phase of nature.

Poets with eyes lifted to the hills, meditating in green pastures, and beside still waters or in angry storms—all are seen in the Book of Psalms.

And each of us may have it at his, or her book of devotion.

But if one is to read the Psalms, one must read them as a whole to grasp their nature and significance in the faith, worship and life of ancient Israel, and their places and effect in relations to religious life in general.

Philosopher Asked To Discover The Experts Think That Part-Time Farming Is New

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw disagrees with the experts on a modern trend in farming, his letter indicates.)

Dear editor:

Sometimes you'll find that an expert is somebody who has just discovered and announced what a lot of people have known for years.

For example, I was reading a magazine last night which a salesman had left out here during the afternoon, well he didn't actually leave it, he dropped it while he was trying to beat my dog to his car, and in it I discovered a long article on the changing trends in agriculture. In case you're wondering, the salesman won.

At any rate, according to this article, some experts have discovered that the modern trend in agriculture is toward part-time farming.

This is what I'm talking about. What other kind is there?

The trend toward part-time farming set in on this Martin County grass farm the minute I started farming it, and I expect it to stay that way. I could name you some more who share the same view.

Part-time farming's not something new; what's new is that some farmers are now working in town too.

Understand, farming is a full-time job, there's always something to do. But that's not to say all farmers are always doing it. Why right now I've jobs staring me in the face which should have been done 10 years ago, but they've never stared so hard I felt like I ought to take a job in town to dodge them.

Of course, there are some young farmers who work in town and still seem to get more done on their farms than I do on mine, but this is a trend which I don't care or call attention to.

The fact remains though that part-time farming set in thousands of years ago, or whenever it was man discovered you couldn't plow when it was wet or hoe when the fish were biting, and as far as I can tell the trend is still underway.

Yours faithfully,
J. A.

NEWS for truck owners who need a new one now

Things Chevrolet has developed since the last time you bought to give you more for your money:

Double-wall construction. This feature of Chevrolet cabs and the Fleetside pickup body has two advantages. Insulation and sound-deadening material is sandwiched between the two layers of steel in the cab to give you more comfort; in the body, the lower inner wall acts as a buffer against load damage, preserving the outer appearance of the truck.

Suspension to fit the truck. Conventional half- and three-quarter-ton models have independent front suspension with variable rate coils in the rear. Variable rate coils do not "bottom out" as readily.

Mediums and heavies have I-beam suspension with variable-rate leaf springs. It automatically stiffens as the load increases—and vice versa. It means a smoother, flatter ride regardless of load, a better handling truck.

The right engine. Chevrolet never has been in better position to give you the type and size you need for maximum efficiency. Today there are many different capacities of gasoline and diesel

Cotton Harvest Generally Early

Defoliation, costly or profitable, depends largely on the maturity of the cotton on which it is applied, says B. B. Manly, in charge of the U. S. D. A.'s Cotton Classing Office in Abilene.

Defoliant applied to early, stops the maturing process. The experiment stations do not recommend defoliation until at least 85 out of 100 bolls are open. If it is applied earlier, low make, poor turnout, and lower yields may result. The extent of damage will depend on how many immature bolls were killed. In addition to lower yields and turnouts, low make cotton usually does not bring a good price and sometimes the grades may be effected, lowering the value still more.

On the other hand, if more than 85 per cent of the bolls are mature, defoliation and stripping can be profitable. Weather is always a potential hazard to open cotton. Also at this time, gins are not as crowded as they usually are later in the season.

Generally conditions are good for defoliation this year, but it would be wise to be certain each field, and even parts of the fields are ready for defoliation.

Producers should be careful not to begin stripping too soon after de-

foliation. Stripping too soon will result in green bolls and possible more harley bales.

The Abilene office, which is part of the Agriculture Marketing Service, has processed 70,000 bales this season. The crop is moving around two months early, except in the Big Spring, Stanton, and Midland areas, where it is later than usual.

Stanton Bisons -

(Continued from page 1) sailing for 55 yards and the touchdown. Quarterback Walter Horton passed to fullback Wayne Luxton for the two-point conversion to make it 14-0.

Throughout the rest of the second and all the third quarters, Stanton fought the Owls on even-steam terms. Near the end of the first half, Stanton marched to the Big Lake six before being repelled.

Then near the end of the third frame, Stanton punted and the ball slipped off the kicker's foot to the sideline just a yard past the scrimmage line. Big Lake promptly sent Luxton, a 205-pounder built like a keg of nails, ripping 37 yards up the middle before Stanton could bulldoze him down on the 11. Five plays later Luxton bulled over the last two yards. The run for the conversion was short by a foot.

On the game's last play, Stanton's defense rose up to stop an Owl threat with a pass interception on the Buff eight-yard-line.

Though in a losing effort, Stanton's Johnny Swanson, a tough little back, racked up a fine game on both offense and defense, filling in for regular Mickey Allen on offense.

Guard Mike Hall was a standout for Stanton, too, along with tackle Larry Merrifield and end Donnie Thompson.

For Big Lake, end Johnny Howard, center-linebacker Bren Holland and tackle Brownie Hayes were the defensive leaders.

Next Friday night, Stanton will play in a district match against powerful Crane High at Crane.

"I happened to be in the neighborhood," said Hill, "and Mr. Springer's 15th anniversary of service was at hand. I decided to deliver the pin."

Springer, like hundreds and thousands of other persons, sends in daily reports to the Weather Bureau on temperature, wind velocity, rainfall and snowfall in his community. From the reports so provided, Hill pointed out, valuable meteorological data is compiled.

Mahon quoted from Gen. Curtis LeMay in making his observation. The Congressman continued: "Anything that eases the gold drain (such as the sales of cotton and wheat for gold) improves our military situation. At worst, there is no military disadvantage and there is a gold advantage. And this has to be the overriding consideration."

Mahon added that he says all of this with some reluctance because of "natural reservations," but "after exploring the matter fully, I can't come to any other conclusion."

with the Golden Cranes. It will take straight, hard, football playing to beat the champions and every man on the Stanton squad is aware of it.

With the experience gained from five non-conference battles this year under their belts, the Bisons might be ready to show the fans and their opponents that they are a fighting, hustling group that does not intend to continue winless in 1963.

A large number of fans are expected to follow the team to Crane this Friday night.

After the game with Muleshoe on October 25, in that city, the Buffs return to home soil for games on November 1 and 8. Both will be District 7-AAA games and they will be needed off against McCamey and Alpine. The Bisons close out the year with a November 15 contest against Sonora.

Johnny, Dale, Walter, and Evelyn Holt of Midland, spent the weekend with their aunt and uncle, Mr. and Mrs. Bernell Howard and family.

Social Security Benefits Have Been Extended

"Many people have more protection under social security than they realize," according to Erven Fisher, social security district manager in Big Spring. "We are continually surprised by the number of people who still think of social security only in terms of retirement benefits," he said. Actually, retired workers account for little more than half of those on the total benefit rolls. The younger worker has the reassurance of knowing that his social security contributions will also provide monthly benefits for his widow and minor children in case of his death. These can total as much as \$254 a month. Nearly half a million widows under 62 are receiving these monthly benefits for themselves and the more than two million children in their care.

"Disability payments are one of the newer aspects of the social security program. The majority of the people we talk to know that we have such a program, but many of these have a hazy understanding of its provisions," Mr. Fisher said. "In order to qualify for disability benefits, a worker must be unable to do any substantial work and must have worked under social security for at least five of the ten years before becoming disabled." Monthly benefits are payable to the worker if all the requirements are met, as well as to his children under age 18 and his wife.

"Retirement is a much more pleasant prospect to contemplate of course," said Mr. Fisher, "and practically everybody knows that we make payments when the worker reaches age 65. Not everyone knows, though, that a worker can retire on a reduced benefit as early as 62 and that his wife can also qualify when she is that age. And if he has children under 18, payments can be made to them and to his wife, even if she isn't 62."

Mr. Fisher urges anyone with questions about his rights under social security to get in touch with the social security office at 700 Runnels Street, Big Spring, telephone AM 4-5226.

Mr. and Mrs. Jack Ward and son, Randall Scott, of Pecos, have moved to Sulphur Springs. Mrs. Ward, the former Sharon Sale, is the daughter of Mr. and Mrs. Woodford Sale.

College Growth Slows Slightly

Enrollment in Texas' 20 state-supported colleges reached a record high of 134,488 this fall but showed the smallest percentage increase in four years.

The Texas Commission on Higher Education reported Wednesday the gain was 6.42 per cent, excluding the newly added University of Houston.

This year's total compares with 123,585 last fall, or 109,998 without Houston. The total is 726 more than last year.

Most of the increase was at the University of Houston which enrolled 17,430, or 28 per cent more than last year.

Houston's enrollment jumped, the commission said, because of a drop in entrance fees — from \$350 to the state charge of \$50—and to a backlog of former students who could enter without taking examinations.

East Texas State College jumped 17 per cent to 4,502, Stephen F. Austin State College 21.8 per cent to 3,334, Texas Western College 13 per cent to 6,135 and West Texas State University 11.7 per cent to 4,189.

The biggest student body is at the University of Texas, which registered 22,200 for a 3 per cent gain. Houston is second.

Texas Technological College is third with 12,036, up 7.6 per cent; North Texas State University is fourth with 10,892, up 8.9 per cent and Arlington State College is fifth with 10,825, up 10 per cent.

Tarleton State College, 1,419, down 6.3 per cent; Prairie View College, 3,220, down 1.89; Lamar State College of Technology 7,225, up 1.9; Texas A&I College 3,730, up 6; Texas Woman's University 3,196, up 7.3; Texas Southern University 4,027, up 5.1; Midwestern University 2,513, up 6.6; Sam Houston State College 5,296, up 6.4; Southwest Texas State College 3,320, up 10.6; and Sul Ross 1,240, up 3.4.

C. Vann Woodward writes, in his "The American Character": "We have to assume that other peoples in the world simply do not have our fortunate, fortunate history. We have got to recognize a world where there is diversity, not one divided into two antagonistic forces in a cold war but a world in which there are many kinds of peoples, with very different cultures. What is good for America is not necessarily going to be good for other people. We cannot export all the values that we ourselves love and cherish."

For more than 400 years, the puppet show Punch and Judy has delighted children from all over the world. These youngsters at Six Flags Over Texas watch enraptured as puppeteer John Hardman manipulates the characters in the classic play.

PUNCH AND JUDY STILL KIDS FAVORITE

"You'd never think that a play written about a grotesque character who beats his wife, throws a policeman out the window, strangles his child and finally gets eaten by an alligator would be a favorite with children," said John Hardman, Six Flags' adroit puppeteer, "but that's the way it is."

John is talking about the play, Punch and Judy, and the youngsters visiting Six Flags Over Texas make a beeline to the little stage where performances of the classic puppet show go on almost continuously.

"For over 400 years, Punch and Judy has delighted the younger set in countries all over the world," continued John. The play reportedly was of Italian origin and drifted over to England. Eventually it came to America. "I never cease to be amazed at the kids' reaction," said the 28-year-old manipulator of the hand puppets, "and I'm not going to try to explain the reasons why."

"Suffice to say that 400 years from now I wouldn't be surprised if children were still imploring their parents to take them to see a performance of Punch and Judy . . . on the Moon, that is."

Big Polled Hereford Sale Booked For Lamesa Jan. 18

The Texas Polled Hereford Assn. has selected Lamesa as the site of a major bull sale on January 18.

Joe Weedon, secretary of the state organization from Grosvener, Charles Tilly of Ardmore, Okla., field representative of the American Polled Hereford Assn., and Larry Smith of the Flying V Ranch in Dallas have completed arrangements for the sale, billed as "The Great Southwestern Polled Hereford Bull Sale."

A number of significant "firsts" are connected with the sale. With 100 bulls expected to be offered for sale, it will be the largest group of serviceable Polled Hereford bulls ever assembled in the Southwest.

Too, it will be the first such sale ever conducted in West Texas; it will be the first all-bull sale ever held; and it will be the largest herd of Polled Herefords ever gathered under one roof.

Bulls from West Texas, New Mexico, Arkansas, Louisiana, Kansas and Oklahoma are expected to be offered for sale in January. All bulls are registered and buyers from the entire Southwest are expected.

There will be pens of three and individual bulls in the offering, which will consist of all serviceable bulls, halter-broken and fertility-tested. The bulls will be on display January 17 at the fairgrounds and will be graded prior to the sale on January 18.

The sale will begin promptly at noon and Col. Walter Britten will be the auctioneer.

Dab Paint On Screw

When removing screws from hardware which is coated with paint, trouble is often encountered because the screw slots are completely clogged with caked-on paint. Instead of resorting to a hammer to chip paint out of the screw slot, the home mechanic will often find it easier to dab a small amount of paint remover on the screw head. This softens the hardened paint almost immediately so that the screwdriver blade can be worked into the slot without difficulty.

When a square of ceramic tile must be cut in half, a clean break can be assured by first scoring a line on the glazed side of the tile, using an ordinary glass cutter. The tile is then placed over a very large nail with the glazed side up, and with the score mark directly over the nail. Pressing down hard on both sides will now break the tile neatly along the mark previously scored.

A brand new State agency dedicated to bringing more free-spending tourists to Texas now is in operation.

Texas Tourist Development Agency held its first meeting, discussed policy guidelines and set a timetable for selection of an agency to handle its \$200,000 advertising account. Advisory board members will meet on January 16-17 to pick the firm which will prepare and place its tourist-luring ads.

Sworn in as advisory board members were James N. Gaines, radio-television executive of San Antonio, chairman; Bill Berger, publisher of the Hondo Anvil-Herald; John McCarty, advertising executive of Frito-Lay, Inc., Dallas; G. A. (Pop) Mabry, public relations executive for Humble Oil and Refining Company, Houston; John Powell, hotel executive of Austin; and Cris Fox, El Paso banker.

Said Gov. John Connally: "I hope this is the beginning of a tremendous program. . . Your work is important to the economic future of Texas." He commented that the 1964-65 advertising budget is so small that the state will have to "ride piggy-back" on privately financed national advertising for a few years.

He noted that Texas is sixth in the nation in population — and some statisticians believe it soon will be third. But it's below the top 10 in tourist attraction.

In 1957, 10,400,000 tourists came to this state and spent \$531,000,000.

In 1962, only 9,600,000 tourists visited Texas. They spent an estimated \$471,000,000.

A "See Texas First" campaign to get Texans to spend their vacations in Texas is being planned. The Agency is stepping up its administrative activity, and will add Walt Warner, Capitol correspondent, to its staff.

POLITICS BOOMING — First formal affair of the coming political campaign season will be an "appreciation dinner" to be held on October 19 in Austin for Sen. Ralph Yarborough. Texas' senior Senator, certain to run for another six-year term in 1964, will gather a political war chest through the dinner.

Bringing more campaign fodder to Texas will be Pres. John F. Kennedy. He will make a two-stop trip to the Lone Star State in November.

Texas Republican Chairman Peter O'Donnell, head of the Draft-Goldwater movement nationally, hopes to set up a dinner in January at which the Arizona Senator will announce his candidacy for president.

Both party's headquarters in Austin are increasing their staffs, as they get ready for what now appears to be a humdrum of a political year in 1964. Both democrats and republicans expect the GOP to muster more strength in 1964 than they did in 1962. Republicans are so hopeful about their chances that there is real competition for the party nomination for some of the major state-

wide offices. Democrats, with first-term men in the State's three top offices, may have strong competition in at least two of them. Don Yarborough of Houston says he will decide by December 1 whether or not he'll run against Governor Connally in next May's primary.

Close friends of Congressman Jim Wright of Fort Worth predict he will be a candidate for the U. S. Senate.

State Rep. Horace Houston of Dallas announced his candidacy for lieutenant governor at a GOP leadership conference here.

State Sen. Franklin Spears of San Antonio is visiting newspapers and otherwise sounding out his chances in a race for the same office—as a Democrat.

Some 30 San Antonio attorneys have signed a petition urging Associate Justice Jack Pope of the Fourth Civil Appeals to run for the State Supreme Court.

Smith County District Attorney Bill Coats says that reports indicating House Speaker Bryon Tunnell will have trouble getting re-elected in his home district (Smith and Gregg counties) are incorrect. Says the D. A.: "The only time I hear that . . . is when I come to Austin. . . Tunnell is in good shape at home."

Four candidates for congress are thundering along 10th District campaign trails. A special election is set for November 9. Candidates from Austin are Jake Pickle and Jack Ritter Jr., Democrats, and Jim Dobbs, Republican. The fourth, Frank B. McGehee, came all the way from Dallas to enter the Central Texas race. McGehee claims no party connections.

MOHAIR MARKET SOUGHT — Angora goat raisers brought their problem to the Texas Industrial Commission. They have asked Director Harry W. Clark for all the help his state agency can offer.

Goat raiser went to lure to Texas some mohair scouring, sorting, grading and combing industries. This so their product can be turned out in finished form. But they don't know how to go about it. As far back as they can recall, they have sold raw, ungraded, sacked mohair to buyers from four eastern firms who ship it east for finishing.

D. W. (Speedy) Hicks of Bandera said the goat raiser don't know manufacturers requirements.

Clark said the commission is ready to lend a helping hand, through research and promotion. But he added, "I foresee real obstacles in trying to sell manufacturer before style centers are established here."

James L. Powell of Fort McKavett, president of the Texas Sheep and Goat Raiser Association; L. M. Stephens of Lometa; Howard G. Hay

of Bandera; Houston Smith of Texas A&M, and Armer Earwood of Sonora will work as a committee with the Industrial Commission's staff.

APPOINTMENTS MADE — Governor Connally, whose October calendar is so crowded with out-of-town speaking engagements that he told an aide he would be home only two nights this month, managed to squeeze in time to pick five appointees to the Good Neighbor Commission.

Jake Drake of Weslaco, Robert J. Galvan of El Paso and Charles L. Nunn of Sweetwater were appointed to six-year terms. Mrs. Bob Long of Austin and Ramiro B. Martinez of McAllen were chosen to fill vacancies on the commission.

Drake is executive vice president of the Lower Rio Grande Valley Chamber of Commerce. Galvan, Nunn and Martinez are attorneys.

Connally reappointed Walter Buckner of San Marcos as employer representative on the Industrial Accident Board. Buckner is co-owner of the San Marcos Record.

COUNTY OFFICIALS ELECT — Texas' County Judges and Commissioners meeting here elected Elmer Zahn of Falluris as president. Sam Brazier of Emory was named secretary-treasurer, and Harold C. Green of Water Valley, vice president. In a resolution, the county leaders said the state should get out of the property tax field and turn over the property tax to hard-pressed local governments.

PROPERTY TAX INCOME HIGH — Despite the Homestead Exemption Act of 1953, property taxes in Texas provide five times as much revenue as the sales tax. So says the Texas Research League which has just completed study of the tax.

BANKS SEEK CHARTERS — Banking Commissioner J. M. Faulkner has an application for a charter from the proposed Security Bank and Trust Company of Canyon.

He scheduled a State Banking Board hearing this week on the charter application of Forest State Bank, Dallas. Proposed Texas Bank and Trust Company of Midland also has applied.

Department will check into the need of a proposed Howe State Bank in Howe, Texas on October 29.

State Savings and Loan Commissioner delayed decision on a proposed Beacon Savings and Loan Association in Plainview, at the request of the applicants.

SLANT-HOLE CASE TRIED — First of the 52 slant-hole oil well suits filed by former Atty. Gen. Will Wilson finally came up for trial. Seven East Texas oilmen were hit with a \$4,500 penalty by District Judge Herman Jones of Austin's 53rd District Court. State asked \$139,000.

The seven men, who allegedly operated a joint oil lease in Upshur Coun-

National School Lunch Week Started Monday

The President has proclaimed National School Lunch Week, October 13-19, in recognition of the efforts of local citizens who run the program in 68,000 schools across the nation. During the week, school and community activities will point up the contributions of school feeding to the health and well being of tomorrow's citizens.

Only Type A lunches are served by schools cooperating with the U. S. Department of Agriculture in the National School Lunch program. This Type A lunch meets a third to a half of the student's daily nutritional needs. It consists of a two-ounce serving or more of meat, poultry, fish, cheese or other high-protein foods; a serving of at least three-fourths cup of raw or cooked vegetables or fruits or both, at least

one slice of enriched or whole-grain cereal bread, two teaspoons of butter or fortified margarine and at least one-half pint of fluid whole milk as a beverage.

In Texas, 3,580 schools are participating in the National School Lunch Program. This makes these schools eligible for foods, cash reimbursements for Type A lunches served and various nutritional services from USDA's Agricultural Marketing Service. These benefits are channeled to the community-owned and operated school lunch programs through the Texas Education Agency.

Last year, AMS donated about 33 different foods to the school lunch program, but more than 80 per cent of the food served was purchased from local merchants.

Rho Xi Holds Beatnik Party For Rushees

The Rho Xi chapter of Beta Sigma Phi held a "beatnik" party for their fall rushees Thursday night at the home of Mrs. Nolan Simpson.

Rushees honored at the event were Mrs. Mona Ellmore, Mrs. Butch Cain, and Mrs. Covey Powell.

The winning poem was awarded to Mrs. Darrell Ringener, for her original poem. Mrs. Fiji Brandt was chosen by the group as the best dressed beatnik.

Games were played and refreshments of hot dogs, chips, and cold drinks were served to those present.

Members attending were Mrs. La-trell Welch, Mrs. Virginia House, Mrs. Kay Simpson, Mrs. Mary Ann Ringener, Mrs. Linda Bess Angel, Mrs. Fiji Brandt, and Mrs. Richard Lewis.

The chapter will hold a model meeting for the rushees Thursday night. The meeting will be held at the home of Mrs. Linda Bess Angel.

The banquet honoring the fall rushees will be held on October 26 at Big Spring.

Robbie Brown Enters State 4-H Dress Revue

Robbie Brown, daughter of Mr. and Mrs. Robert Brown of Knott, entered competition in the State 4-H Dress Revue last week.

She was accompanied to Dallas by her parents and the Knott 4-H leader, Mrs. Catherine Crawford. Robbie modeled her dress in the Cactus Room of the Hotel Adolphus on Friday.

She was awarded a \$50 bond and recognition by the Texas Sheep and Goat Raiser Association as the designer of the best all-wool garment entered in the recent state 4-H Club Dress Revue at College Station.

In addition of Miss Brown's dress being declared the best of all entered, her skill won for her the rating of runner-up or alternate winner of the entire dress revue. There were 42 finalists in this event, which was a competition open to thousands of girls in the 4-H Clubs of Texas.

Robbie's outfit, which won her the nod of the experts at the dress revue, was a one piece blue wool sheath dress which featured a front center pleat. The skirt was backed with silk organza of the same intense shade of blue. She wore a black velvet hat, white shortie gloves, and a gold costume pin. She said it took her a week to complete the dress. The cost of the garment, she said, was \$12.45.

She said that she learned how to handle wool fabric in making her prize-winning dress. She said she

Pat Miller Member Of Choristers

Patricia Miller, daughter of Mr. and Mrs. Clyde A. Miller of Stanton, is a member of the Sul Ross Choristers, a singing group at Sul Ross State College.

Patricia is a graduate of Stanton High School, and is majoring in elementary education with a minor in music at Sul Ross, where she is a junior.

The Choristers, directed by Dr. Robert Calder, associate professor of music and director of choirs at Sul Ross, performed recently for the West Texas American Heritage program at Sul Ross. They also will sing during homecoming activities, and plan a Christmas concert in December, a three-day tour in January and a musical in the spring.

Dr. Calder, who has both bachelor and master's degrees from Temple University in Philadelphia, Pa., holds the Ed. D. degree from Penn State in University Park, Pa. He is in his second year as director of Sul Ross choirs, one of which is a madrigal group called the "Sul Ross Singers."

Miss Melva Cross returned last Wednesday from a week's visit in Bronte with Mr. and Mrs. Vick Haselton. Miss Cross attended church in Bronte on Sunday with members that her mother attended with 65 years ago.

Mr. and Mrs. Marion Gibson of Baxter Springs, Kansas, are visiting with Mr. and Mrs. James Wheeler and son, Mrs. W. E. Towery, and other relatives.

Mr. and Mrs. Robert Cheatham and children, Diane and Randy of Knott, spent the weekend with her brother-in-law and sister, Maj. and Mrs. James T. Ruthledge, and family in San Antonio.

now has a new appreciation of the skill and time needed to do detail work.

Robbie, a junior at Sands High, has been an active 4-H member for the past seven years. She was Gold Star girl for Howard County last year and an officer of the club this year. Along with her accomplishments in 4-H, she is a forward on the girl's basketball team, a member of the student council, and an expert typist. She plans to enter college after graduation. However, she has not selected her major.

Peggy Barnes Honored On 7th Birthday

Peggy Barnes was honored on her seventh birthday with a party at the home of her parents, Mr. and Mrs. Stanley Barnes.

A Halloween theme was carried out in the home decorations. Favors of books and Halloween candy was served. Refreshments were cupcakes and ice cream.

The honoree was presented gifts by her friends attending. After refreshments, the group went to the Aero Space Age Park to play.

Those attending were: Kay McIntyre, Mitzi Harvard, Gordon Eiland, James Johnson, Barbara Trimble, Lynn Gilmore, Stacy Payne, Cynthia Smith, Alice and Linda Baker, Ruby and Kim Grady, Mindy and Tommy Haislip, Judy Costlow, Karla Simpson, Gary Barnes, Mrs. Nolan Simpson, and Mrs. Barnes.

Fifth Grade 4-H Club Group Meets

The fifth grade girls 4-H Club met last Wednesday afternoon at the school.

The club elected officers for the coming year. Officers are Patricia Haislip, president; Cindy Avery, vice president; Anita McIntyre, secretary; Vicki Glynn, reporter; and council delegates, Regina Meibner and Kay Hankins.

The 4-H bedroom improvement will be the girls' first study.

The Launching Pad

By NEAL ESTES

WHY IT RINGS TRUE

WHEN you operate as a community editor you meet interesting people under all kinds of circumstances. Monday afternoon while VIRGINIA was down doing some banking business for the firm, the telephone rang. A nice young fellow called to give a report of a community meeting. As the conversation progressed, we got the feeling that here was a man who knew the answers. We kidded him some about being derelict concerning sending in news and he kidded us right back. Before we said goodbye and cradled the phone we felt like we had known that young teacher for a long time. He authorized us to put his name on the mailing list as a subscriber. He is one of the fine people in this world really doing something for the future of our country—he deals with the most precious assets we have our children! He is CHARLES SKEEN, teacher and coach at GRADY. He is also the second vice-president and reporter for the Martin County chapter of the TEXAS STATE TEACHERS ASSOCIATION. Read the story he telephoned in concerning the TSTA banquet to be held in Stanton on the evening of October 22 elsewhere in this issue.

A HEAVY black headline on page one of a West Texas newspaper Sunday morning read: "GOLDWATER Rejects Bid For Debates." Then just below the blaring piece of five-word headline writing this blazer appeared: "Cows Rounded Up for Owners." Wonder what that New Frontier newspaper is going to do for headlines when round-up really begins next fall? The two most recently resigned secretaries of the Navy — JOHN CONNALLY and FRED KORTH, are back in the Texas Corral after being exposed for a short time to the blackboard jungle of Washington. These Fort Worth secretaries are looking more and more like Woolworth diamonds—ten cents each. Where do we "rock from here? Some song writer is overdue with a piece titled: "Fort Worth, Woolworth, and Leavenworth." Or maybe this tune would sound good if rendered by the banker's singing group at the ELMS in Washington: "When It's Banana Peeling Time in Fort Worth—I'll be slipping back to you!"

THIS newspaper will give a period subscription to any man or woman of voting age—qualified that is—with Martin County poll tax—who has recently received a sample ballot from any so-called political poll taker. Poll takers, in our estimation, are like rainmakers—they are utterly unreliable. My faith leads me to think that the Good Lord will send rain when he gets ready to. My experience tells me that neither the pollsters nor the prophets can reckon accurately—when a fellow is going to marry or who he is going to vote for.

READERS and taxpayers will find the financial statement of the STANTON INDEPENDENT SCHOOL DISTRICT in this issue of the newspaper. The County Treasurer's report is also published in this issue. Both publications are required by law. Both of these financial reports have been well prepared. Read them—it's your duty to. And we will be looking for financial reports from other school districts in Martin County and from the City of Stanton before November 1. We invite the people to await these statements with interest—to read them carefully and appreciate the effort it takes in time and talent to get them together.

STANTON has a lady marksman and a good one. She is MRS. OGAL AVERY, efficient and highly capable circulation representative of THE MIDLAND REPORTER-TELEGRAM, and mother of a fine group of boys and girls. The other night MRS. AVERY heard a noise in her back yard. She enlisted the aid of a son for light carrying purposes and proceeded to investigate with gun in hand—her hand. One blast from the gun and the "prowler" lay dead. She had shot a skunk, and she didn't shoot twice—once—and at several paces. Her son, looking on in admiration tempered with awe spoke: "Mother, what are you going to do next?"

NEAL'S NUGGET: Some of the best decisions—down to earth decisions—we have heard lately were handed down by Stanton's curbstone judge and sidewalk jury there in the shadow of the town's one and only signal light at the intersection of St. Anna and St. Peter Streets. Perhaps the wise saints look down with favor on the senior citizens who gather there on the bottom-slickened bricks along the drug store's window trimmed ledge. In any event, it is our opinion that if they had the right to move over to the courthouse for decision making, they would make one!

Chamber Chatter

By MAURZYNE VARNADORE

Hello, again... Our committees are at work and things are shaping up for our Fall Festival and Chili Supper on November 4. We are anticipating a bigger and better Festival than the one we had in the spring. So mark the date on your calendar. It will be a red letter day.

A petition has been placed in the hands of Bob Cox, Agriculture Committee Chairman, for signature to be sent to the government asking for the release of newer and cheaper poisons to be used in controlling damage to the cotton crops. The expense to our farmers is getting to be prohibitive and extreme measures need to be taken. These petitions are being circulated by the Big Spring Chamber of Commerce over the entire West Texas area and will be sent on to Washington as soon as they are in. The deadline is October 31, so get your name on the petition as soon as possible.

We have been asked by the Midland Chamber to support them in their bid for a State School for Mentally Retarded Children. Since we are not large enough to be eligible to compete, I believe it would be to our advantage to have a school located in our neighboring city. What do you think? Let us know your wishes and we will pass them on.

We have received the trophies and awards for the Annual Capon Show to be held here on November 15 and 16. This show creates a lot of interest, so let's make it a real good one this year.

There is a song that goes "Oh, What a Beautiful Morning." We have been having very beautiful mornings for the past several days, so, I wonder if you ever stop and marvel at our good luck to live in a country where we have such wonderful weather and such bounty. We are, indeed, fortunate.

It is a common complaint among the young people of our country that there is no new territory to discover. Have they ever considered that the greatest undiscovered territory in America is under our hats...

Bye, now.

Steve Payne Honored On 6th Birthday

Steve Payne was honored on his sixth birthday with a party at the home of his parents, Mr. and Mrs. Darrell Payne. Steve was presented gifts. Cake was served to those attending. Those present were: Lynn Kerry, Greg Gilmore, Reggie and Rance House, Stacy and Michael Payne, Mark Eiland, Mrs. Cecil Gilmore, Mrs. Kenneth Gilmore, and Mrs. Darrell Payne.

City Council Meets With Mrs. Gates

The Beta Sigma Phi City Council met on October 7, at the home of Mrs. Glen Gates. Mrs. Gates, president, presided over the business meeting. The group discussed the fall banquet, honoring the new fall rushers. The banquet will be held on October 26 at the Holiday Inn in Big Spring. The Xi Theta Nu chapter is in charge of making the arrangements for the banquet. The council also discussed the refresher course held here on September 14. The council will decide whether they wish to make this an annual event.

Those present at the meeting were: Mrs. Jimmy Henson, Mrs. Nolan Simpson, Mrs. Glen Gates, Mrs. Leo Turner, Mrs. P. M. Bristow, Mrs. John Roueche, Mrs. Homer Schwabe, Mrs. J. C. Epley, Mrs. D. E. Orv, and Mrs. Benny Welch. The city council will meet again on November 4, at the home of Mrs. Jimmy Henson.

Mrs. Clark Hamilton has been a patient in a Fort Worth hospital, undergoing some tests.
