We witnessed a couple of arm chair diplomats discussing the vital affairs of the country on Wednesday morning. HUGH DOWNS and MARTIN AGRONSKY turned "authorities" on world problems. It was so comical—their views—the ones expressed—based on clear speculation—and a definitely small-minded conclusions. The duet played to an amused, yet disgusted audience. The NBC should be more careful in turning the vast power of their communication medium loose in the hands of such utterly untrained commentators. Neither DOWNS or AGRONSKY ever had state department training, neither man has served on a foreign mission—neither is familiar with consular affairs—neither ever was elected or served in a public office—neither has ever served on a world committee of any kind—neither's opinion is to be valued anymore than any other guy jerked from the streets to give an exclusive opinion on world affairs. Such flap-mouth, unrestrained, unbridled comment on the part of such person or persons should be carefully scanned before being allowed to be broadcast. AGRONSKY is even more hard to digest than DOWNS. AGRONSKY talks to some of our elected senators and congressmen on the air frequently as if he were a prosecuting attorney in a police state. How come? Don't you readers agree with me that it is time, and high time, that some of our Harvard graduates in high elective positions stop pronouncing Cuba — Cuber — Russia — Russhur and China—Chiner?

Wage findings effective November 19 in Martin County for first pulling, irrigated and dryland cotton has been pegged at \$1.55 per hundred weight.

Crew workers from TEXAS ELECTRIC SERVICE, Midland, were in Stanton a few days ago to get the Christmas lights ready for the holiday period. CECIL BRIDGES, local TESCO manager and CHAMBER OF COMMERCE director, says the lights will go on December 3.

Christmas catalogs are hitting local mail boxes. True enough, most of the printed flyers and catalogues find a resting place in file 13, the wastebasket, in the postoffice lobby, but every piece of mail coming in from outside Martin County is designed to pull business away from our local merchants. So, now is the time for the paper and the merchants to join hands in working out satisfactory and result-getting advertising campaigns to let the people know they can buy many good values on the home market and at the same time improve the content of the columns of the newspaper. You won't find copies of THE OLE RELIABLE in the postoffice wastebasket.

We are happy about the climbing counter sales the newspaper is experiencing. Last week, we delivered and the drop stations in Stanton sold more copies of THE STANTON REPORTER than in many weeks. THRIFTWAY GROCERY sold 125 copies of the county paper across the counter alone. Other business firms reported brisk counter sales too.

This week these subscribers signed up for another year as newspaper stockholders in their home town journal: GLYNDA FLEMING, Ackerly; (Continued on page 4)

Haynie Named Local Legion Commander

Stoeger-Estes Post 426, The American Legion, met Tuesday evening, November 19, and elected the following officers:

T. W. Haynie, Commander; I. G. Peters, First Vice Commander; Jack Hankins, Second Vice Commander; Jim McCoy, Adjutant; John Rouche, Finance Officer; Lewis Stewart, Chaplain; J. D. Renfro, Post Service Officer, and Claude Straub, Sergeant at Arms.

A Legion Christmas party will be held Saturday, December 7. (Continued on page 4)

Congressman Mahon Writes Editor Estes

Hon. George Mahon, 19th District Congressman from Texas is a busy man in Washington, working consistently for the people he serves these days.

On November 12, the distinguished solon from West Texas paused in his clock-like duties to write a country editor in his district a letter.

We appreciated the communication and are passing it along, because George Mahon is the editor's kind of Democrat—a good one and Jeffersonian. (Continued on page 4)

John L. Cox Spots Location In Martin Spraberry Trend Area

By JAMES C. WATSON

John L. Cox of Midland has spotted location in the Spraberry Trend Area of Martin County, 12 miles northeast of Stanton for No. 1-C Keaton. The 7,700-foot project is 1,320 feet from south and east lines of section 13, block 35, T-1-N, T&P survey.

Election Suit Refiled

A civil suit to contest the election returns of Stanton's September 10 referendum on Urban Renewal and the election of four city council members, was refiled here Monday in 118th District Clerk Doris Stephenson's office.

The ballots from the September 10 election have continued to be impounded although the four commissioners elected at the time have already assumed the duties of office.

They are: Ed Robnett, Sam Houston, Jull Reid, and Delbert Franklin.

The suit was filed here Monday by Albert A. Johnson and J. W. Graham.

The next move is now up to District Judge Ralph W. Canton of Big Spring. He will set a trial date.

In the meantime, another city election—another special—has been advertised for December 3, to fill the mayor's place resigned by S. W. Wheeler and a commissioner's post, resigned by Sam Martin.

Wheeler, mayor for ten years, resigned to devote more time to his family and personal business.

The voters will have to use the write-in method again to decide the mayor's race since no candidate announced for that seat on the city council.

Albert A. Johnson is a candidate for the lone vacant seat on the council.

County Gauges .75 Inch Rain

The changing weather pattern experienced in Martin County since Sunday brought rain to Stanton and most of the county on Tuesday morning early.

City rain gauges totaled as high as .75 of an inch and gauges in other locations in the area ranged from three-tenths to nine-tenths.

The temperature in Stanton Sunday reached an even 70 and a maximum of 65 was registered Monday afternoon. Before midnight a light drizzle started falling and early Tuesday morning a nice, soaking shower had visited the county.

High for Wednesday was 74 degrees. The weather forecasters predicted late Wednesday that a delayed cool front would join with a wintry-like blast from the Rockies sometime Thursday to bring the coldest spell of the season. We will wait and see.

Uhlman Named Texas Baptist Home Trustee

Rev. W. H. Uhlman, pastor of the First Baptist Church of Stanton, was elected Thursday to the board of trustees of the Texas Baptist Children's Home.

Rev. Uhlman was one of 300 Baptists elected to boards of trustees for Baptist organizations and institutions during the annual Baptist General Convention of Texas meeting in San Antonio, November 12-24.

Texas Baptists own and operate four children's homes in the state, providing nearly 2,200 children with the basic necessities of life, a Christian home, vocational training and educational opportunities.

The homes include the (Continued on page 4)

Miss Robertson, Tim Bristow Take Awards

By VIRGINIA HOUSE

Dena Robertson and Tim Bristow were recognized as the Martin County 4-H Club Gold Star Girl and Boy of 1963 at the annual Martin County 4-H Club Achievement Event Monday evening at the Cap Rock Electric building. This is the highest honor bestowed on 4-H Club members.

Miss Robertson, who is the 15-year-old daughter of Mr. and Mrs. O. Robertson of Tarzan, has been a 4-H Club member for seven years. Her demonstrations have included foods and nutrition, clothing, home improvement, swine, poultry, homestead improvement, beef cattle, and safety and junior leadership.

Paper Request Early Mailing Santa Letters

All Martin County children are invited to write letters to Santa Claus and send to The Stanton Reporter.

The letters will be published in The Reporter, and then the letters will be sent in a special mail bag by jet plane to Santa at the North Pole.

Children may either mail the letters to The Stanton Reporter, or may bring them by the office.

Now is the time for children to get their letters to Santa so that he will be able to start preparing their toys and gifts for Christmas.

Bristow, 15, is the son of Mr. and Mrs. P. M. (Doc) Bristow of Stanton. He has been an active club member for five years and has had demonstrations in electricity, poultry, safety, recreation, money management, and junior leadership. He is presently vice chairman of the County 4-H Council.

Lt. Robert Horning, student pilot at Webb Air Force Base, was the guest speaker. Horning presented a talk and showed slides of 4-H club work in Turkey, where he participated in the International Farm Youth Exchange program. He is a former 4-H Club member.

Smitty Smith, Martin County 4-H Council chairman, presided as master of ceremonies. Mary Wilson, district 4-H council vice chairman-elect, extended the welcome.

Lt. Horning was introduced by Cindy Pickett. Dinner (Continued on page 4)

Martha Bradshaw, Hardin Exhibits Winning Capons

Martha Bradshaw exhibited the grand champion single capon and Jerry Hardin showed the grand champion trio of capons Saturday at the annual Martin County Capon Show.

The reserve champion single was entered by Mike Springer, and Pat Springer had the reserve trio of birds.

The show, which was held Friday and Saturday at the county show barn, was declared a great success by show officials.

About 75 birds were entered in the show, and 60 birds were sold at the auction.

Marshall Miller, assistant poultry market specialist from A&M University, judged the birds Saturday morning. Auctioneer Saturday afternoon was Eddie Owens of Big Spring.

The show was sponsored and directed by the agriculture committee of the Martin County Chamber of Commerce. (Continued on page 5)

29 Enrolled In Nursing Course

Twenty-nine Martin County women are enrolled in the Red Cross Home Nursing course, "Care of the Sick and Injured."

Mrs. Stanley Reid, home nursing chairman for the Martin County chapter of the American Red Cross, is teaching the 12 hour course on Tuesdays and Thursdays in the jury room at the Martin County courthouse.

Mrs. Reid stated, "The women completing the course will receive Red Cross certificates and should be of great service to their community should we ever face a disaster as well as care for their families when they are sick at home."

Health And Safety Tips

From The American Medical Association

The health quack and the food fad quack have been around since the beginning of time, and they'll probably be with us for a long time yet. They'll be here as long as quackery is profitable. And quackery will be profitable as long as we continue to fall for it.

Some experts have estimated that Americans spend a billion dollars a year on useless cures, mechanical gadgets, food fads and other quack gimmicks. For instance, there is no sure cure for arthritis, and yet we spend a quarter of a million dollars a year on "cures." Some cancers can be cured by medical experts, but many cannot. But we spend \$50 million a year on useless cancer "cures." Doctors will tell you that most of the \$150 million a year spent on self-prescribed laxatives is wasted or actually harmful.

At best quacks waste our money. And sometimes they can cause us to delay seeking proper treatment for a serious condition that gets worse as time goes by. Some of the quack gadgets and medicines are downright dangerous.

Your doctor, both individually and through his professional organizations such as the American Medical Association, wages constant war on quacks. So do several government agencies at a national level and many state and local government bodies.

A part of this war will be the Second National Congress on Medical Quackery October 25-26 in Washington, D. C.

in which the AMA and the federal Food and Drug Administration will work together to focus attention once again on the problem.

How can we as individuals avoid being taken in by a quack? The modern day medicine man is a slick operator, but there are a few guidelines that will at least cause us to take a second look at his proposition. Through long years of experience, the AMA's Department of Investigation offers six ways to spot a quack—

- * If he uses a special or "secret" machine or formula he claims can cure disease.
- * If he guarantees a quick cure.
- * If he advertises or uses case histories and testimonials to promote his cure.
- * If he clamors constantly for medical investigation and recognition.
- * If he claims medical men are persecuting him or are afraid of his competition.
- * If he tells you that surgery or x-ray or drugs will cause more harm than good.

Farm Bureau Reaches Peak Membership

Membership in the Texas Farm Bureau has reached an all-time high of 89,401 farm and ranch families, according to Millard Shivers, TFB director of organization.

"This record high represents a gain of 4,559 over the 1962 membership and is the 11th year in a row for the state's largest farm organization to show an increase in membership," Shivers said. "According to our best estimates, this gain makes the Texas Farm Bureau 30 times as large as the next biggest general farm organization," he added.

"We consider the increase—which is the largest in seven years—as evidence that the Farm Bureau is truly the voice of agriculture in Texas," the organization director declared. "Our members have indicated the common-sense programs they believe in by turning down oppressive controls in the wheat referendum." Shivers noted that the Farm Bureau was the only general farm organization opposing the wheat plan.

Shivers said that 172 of the 200 organized county Farm Bureaus in the state showed a gain in 1963. All 13 of the

Questions And Answers

Q—Is there an age limit after which a war orphan may no longer be eligible for Educational Assistance by the VA?

A—Generally, the age limits are between 18 and 23 with exceptions allowed in certain cases but in no case may the schooling assistance be continued beyond the 31st birthday of the beneficiary. Certain war orphans under 18 may also be eligible—for example, those who are handicapped.

Q—Children of a deceased veteran may have some pension rights—do they forfeit these rights when their

mother (the veteran's widow) remarries?

A—No. Eligible children of a deceased veteran retain their pension rights after their mother remarries until they become 18, or 21 if they are going to school.

Q—How can I still be liable for my GI home if I have sold it to another party?

A—You are not liable for the home but for the GI loan which was guaranteed to the lender by the VA in your name. To avoid this responsibility, a veteran selling a GI home should arrange to have the buyer assume the liability. Consult your lender or the VA.

TFB districts had an increase, the first time this has happened.

The TFB's fiscal year ended October 31. Shivers said tabulation of the final membership figure was a delayed because of the large influx of memberships received during the last few days of October.

Membership in the Texas Farm Bureau has increased by 36,206 in the past ten years. The Texas organization has been the fourth largest state Farm Bureau in the nation for five years.

CANE POLERS ONLY
Cane pole fishermen use this trick with great success. It keeps their line from fouling and is much faster than the long job of rolling the line around pole. Tip: Tape two clothes pins to the underside of the pole. Open ends point away from each other. It makes a deep receptacle to hold the line on. A few turns winds 'er up.

Bible Comment—

The Meaning Of Glorifying God Is Clear When We Learn To Honor And Accept Him

What does it mean to glorify God and live in His glory? One dictionary says glory is "distinguished honor or ornamentation; exalted reputation; praise; splendor or state; the quality of being radiant; luster; the bliss of heaven; a halo."

These dictionary definitions seem to be derived from the Bible. In the glorifying of God almost all the dictionary meanings are present, but chief among them is the quality of honor.

To glorify God is to honor Him. And what does honoring God mean? It is quite possible that honor means very much in relation to God what it means in the lesser thing of life.

In ordinary matters we speak of "honoring a check, or a note. This implies full responsibility for it as ours. To honor God is to accept

Him, to take His love and His will into our lives, to become responsible to Him for our character and ways. Honoring God is something more than reverence or obedience. It is a false notion that represents God as a great potentate, sitting on a throne in gorgeous garments.

It is false to represent God as being ready to wreak His vengeance and authority upon His subjects if they do not do down and offer their abject devotion.

The likeness of God is to earthly sovereigns has been overdone. It is a false and misleading conception.

To glorify God is to accept Him and what He offers, and to become like Him in creative life and acts of love and good will.

"Here is my Father glorified," said Jesus, "that ye bear much fruit, so shall ye be my disciples."

Philosopher Figures Out Way For Congress To Vote Itself A Raise Without Losing

(Editor's note: The Martin Philosopher on his grass farm on Mustang Draw tries to help Congress with a ticklish problem this week.)

Dear editor: While I have never been able to work out a plan whereby both football teams can win the same game and nobody leaves the stadium broken-hearted, I haven't given up, and to rest my mind from the problem I have been working on an idea where Congress can vote itself a raise without getting beat.

As I understand it, there's a move on to increase the salaries of numerous government officials, on the grounds you have to pay them about as much as they could make in private life or they'll quit and we'll have to take on second-rate people, although this doesn't always work out that way. For example, I've heard it argued that if we increase the pay of state legislators, say, we'll get a better quality of men, but whenever a state does, it seems to me the same men turn up running again.

At any rate, in the Washington salary problem, there's a proposal to increase Congressmen and Senators' pay by \$10,000 a year, and a lot of the members go along with this, except for one thing. While they figure they're worth \$10,000 a year more than the \$22,000 they're getting now, they'd rather have the \$22,000 than nothing,

which is what they're afraid they'd get if they voted themselves a raise and got voted out of office. On the other hand, a \$10,000 raise sure looks tempting.

They might have to change the rules a little, but I have worked out a plan where they can swing it.

Let the Senate vote the House a raise. Every member of the House can then rise to oratorical heights and denounce this as a gross waste of taxes and send copies of the speeches back home. The Senate though should remain firm and ramrod the raise through. Then the House could vote the Senate a raise, and every member of the Senate could make a speech against it for home consumption.

There's more than one way to skin a cat.

Yours faithfully,
J. A.

The week of November 22 to November 28 has been designated as Women At War Week and on instruction from Texas Federation headquarters at Austin every club in Texas has been asked to cooperate in putting over the program for the sale of War Bonds and Stamps.

There will be preaching both morning and night, Sunday, at the Baptist Church. Rev. Hardy Childress of Seminary Hill, Fort Worth, will fill the pulpit.

Mrs. Hubert Martin was hostess to the Stanton Study Club on Thursday, November 12. A short business session was held and the meeting turned over to the speaker of the day, Mrs. Raymond Blackford gave a very fine review of "Dragon Seed," by Pearl Buck.

Mr. and Mrs. Morgan Hall were host and hostess to the Thursday Evening Bridge Club, November 12. Two tables were in play and after the games, the hostess served pie and coffee.

Mr. and Mrs. H. A. Houston and Mr. and Mrs. J. A. Wilson, left Monday morning for Dallas, where they will purchase Christmas goods for their respective stores.

The Reporter is in receipt of information from Abilene Christian College, that Mary Prude Story, daughter of Mr. and Mrs. C. E. Story of Stanton, is listed on the honor roll, which has been compiled by the registrar from the first six weeks' reports.

Sunday morning a party of five Stanton ladies left for Temple and Waco: Mmes. Tode Houston, Edmund Tom, Sam Wilkinson, and Morris Connell, will have a checkup at Scott and White Clinic. Mrs. Jim Tom will go to Waco to visit her sister, Mrs. Norris Chesser, and Mr. Chesser.

You are urged to bring in all finished knitting and all comfort kits which you have finished. The end of the year is near and each chairman is anxious to finish all work and ship same to headquarters.

Mr. and Mrs. Son Powell entertained with a buffet supper at their ranch home in Glasscock County last Thursday night.

Fern Hodge, Martin County Home Demonstration Agent, has been appointed county chairman of the women's drive for the sale of War Bond and Stamps.

Which type Chevrolet pickup do you need?

Chevrolet now makes four different types, each with its own distinct advantages. Whichever one you buy will be a lot more truck than your money bought the last time!

FLEETSIDE. Based on sales, the best liked pickup in the world. Outstanding feature is its large body extending clear over the wheels. Two body sizes. Two wheel-bases. Best riding truck, by far, with coil springs all around and independent front suspension. Cab and body have double-wall construction. Chevrolet Fleetside—best for all-around use.

STEPSIDE. Has flat interior body walls and convenient side steps between cab and rear fenders. Comes in same two sizes as the Fleetside plus one bigger size. Big model has heavier frame, 4-speed transmission and leaf-spring rear suspension for maximum payload. Standard engine is 230-cu.-in. Six. A 292 Six or 283 V8 is available at extra cost.

RAMPside. Nobody else makes a pickup exactly like this one with a ramp at the side. The ramp makes loading easy because of its 16-inch rise. Truck also has a conventional tailgate. Body and frame-floor assembly are very rigid because they are welded together. Has larger 95-hp air-cooled engine this year. Independent coil spring suspension all around.

EL CAMINO. If you want a pickup as good looking as any car on the road, this is the one! It can work hard, and look like a million dollars doing it—the only pickup in the world with Body by Fisher! You can order an El Camino as plain or as fancy as you wish: bucket seats, air conditioning, 4-speed transmission, power brakes are some of its extra-cost options.

CARD OF THANKS

We wish to thank all our friends and neighbors for the lovely floral offerings, the gifts of food, and all expressions of sympathy in our loss. May God bless each one of you.

Mrs. Claude Edwards and family.

We sincerely thank our hearts for the expressions of love and sympathy, the beautiful flowers, the many cards and letters, the visits to our home, and the prayers extended to us during the loss of our loved one. We appreciate your thoughtfulness more than we can find words to express. May God richly bless and keep each of you in the days to come is our prayer.

The Bill Wilson Family.

(Continued from page 1) of the near arrival of Porky Britton at Bennett House.

"Please continue my subscription to The Stanton Reporter for another year. I am sending the three dollars to cover cost, and please have it continue to the present address, KWAB-TV Channel 4, here in Big Spring. I often use it to refer to things that are of area interest and always try to give full credit to the source of information.

"You have a very good paper and it does a real service to it's community. It is a pleasure to have it always on my desk every time I go on the air. You may notice it just to my left on any program.

"Oh, we are expecting a Martin County resident as a guest at Bennett House. Porky Britton will be coming here on the 22nd of this month from Gonzales. We will be happy to have his friends visit him here after that time. Visiting hours are not limited here at Bennett House, so his friends can drop in when ever they wish.

"It has been a pleasure receiving your paper these years."

Sincerely,
James B. Frazier.

(Continued from page 1) ber 14 in the Legion Hall. Legionnaires and their families are cordially invited to attend. Admission is by presentation of 1964 membership card. You may pay your dues by contacting any of the above named officers.

The Legion voted to finance the Auxiliary in their annual Christmas party for patients in the Big Spring Veterans' Hospital. At this party, patients are offered a selection of gifts from which they choose appropriate ones to send to their loved ones at home. There would be no gifts in many of the veterans' families except for this party.

Another way in which the Legion strives to bring comfort to the citizens of Stanton and Martin County, is in the loan of hospital beds, wheel chairs, crutches and walkers to our fellow citizen when needed.

Regular meeting night for the local Legion post, is on the first Tuesday of the month at the American Legion Hall, 7:30 p.m. Your presence is needed at these meetings.

We checked in our weapons in '45 because somebody said we had won the peace, since then our complacency has cost all Americans freedoms which seem lost forever. These freedoms can be regained and new glory added to Old Glory if we come together in a united effort in every community in this great nation and diligently strive to impress upon our national leaders that we are still the land of the free and the home of the brave, and not a mass of crayfish crawling backward.

Cranford Wins Award For Theme

(Editor's Note: Bobby Cranford was the winner in the fire prevention theme writing contest held here last week and his theme appears below.)

"Ding, Ding, Ding, Ding," rang the bell at the main fire house. The men inside all knew, that that meant real trouble. They were all on their feet at once and were running for the fire trucks. The phone rang at the desk. As the man answered, a voice called out, "the old Battle Place." This would be one of the many such calls made in this one hour. The men that risk their lives to keep us alive have dozens of calls, same false alarms, each day such as this one. The old Battle place was the house of a prominent citizen of the city. He had lived there since the day he was born and his father before him. It was located a few blocks away from the hospital, and downtown. It would be a real challenge to put this one out. The fire trucks all pulled out one after the other and screamed down towards town with their sirens warning their approach.

As they pulled to a stop, the usual crowds had already gathered. The men all went into action. Each knew his job and knew that he must carry out each little detail or the whole operation was ruined. Old man Battle had already gotten out and was standing on the corner looking at the flames engulf his house. He thought back to all the things that it had meant to him. He thought of the many successes and failures he had encountered while inside those walls. He even thought of the little poker game he had with the boys each Thursday night. He became very weary and sat down on the curbstone. One question remained above all others. "What will I do now?"

The firemen finished and were packing up to leave, when Old Man Battle rose and once more looked at the old house as it stood there with charred walls and little drops of water falling on the floors inside. The dull gray smoke still rose to announce that once again the fire had been defeated.

Old Man Battle walked over to one of the fireman and asked how it had gotten started. The fireman turned and said, "The old goat must have been smoking in bed. He was sure lucky to have gotten out with his skin."

This story is unreal, but it typifies the days of a fireman at any fire station. His job is one of correcting our carelessness. There could never be a fire if we were careful of the things we do with fire.

Classing Office Receipts Decline

Sample receipts declined slightly at the USDA's Cotton Classing Office in Abilene, says S. B. Mundy Jr., officer-in-charge.

A total of 34,324 bales were classed during the week ending November 8, 1963, as compared to 35,833 for the previous week. This brought the total bales classed during the current season to 252,449 as compared to 127,602 total bales classed through the corresponding week, one year ago.

Receipts from District 1 declined from approximately 9,170 bales the previous week to 7,110 last week. The portion of District 1 served by the Abilene office is composed of Glasscock, Howard, Martin, and Midland counties.

Grades in District 1 dropped off last week with 19 per cent of the cotton being classed

in the white grade category. Eighty per cent was light spotted, and one per cent was spotted. A further breakdown of some of the more predominant grades show: middling made up 12 per cent; strict middling light spotted, 13 per cent; middling light spotted, 54 per cent; and strict low middling light spotted, 13 per cent.

Following is the percentage breakdown of staple lengths: 7 1/2, six percent; 29-32, 47 per cent; 15-16, 27 per cent; 31-32, seven per cent; 1-inch, two per cent; 1 1/32 and longer, 11 per cent.

Micronaire readings were as follows: four per cent "miked" below 3.5, 21 per cent of the readings were 3.5 through 3.9; 49 per cent, 4.0 through 4.4; 22 per cent, 4.5 through 4.9; and four per cent of the readings were 5.0 and higher.

TO BE TURNED ON DEC. 3

Plans Underway For Tech's Colorful 'Carol Of Lights'

With Christmas more than a month away, plans are already underway for Texas Tech's colorful "Carol of Lights" celebration December 3.

Tech workmen are stringing lights and testing connections for the thousands of Christmas lights which outline the buildings on the campus during the holiday season.

Student committees for the project are organized and working to make the 1963 production "best yet," according to Carol Page of El Paso, publicity chairman for the annual event.

Carolyn Cates Chairman
Over-all chairman for the ceremony is Carolyn Cates, Lubock senior. Jane Smith, Dallas sophomore, is chairman for the dinner and Tech

Union contact.
Tokio sophomore Roberta Snodgrass is in charge of decorations and Susan Wood, Vernon junior, is program committee chairman. Patty Smith of 3282 Castlewood, Houston, is in charge of the public address system and Linda Hill of Cleburne, president of the sponsoring Women's Residence Council, will be mistress of ceremonies.

Members of Alpha Phi Omega, Tech service organization for men, will arrange for the Christmas wreath in front of Science Building, and be in charge of placing the luminarias.

Include Brass Choir
At 7:05 p.m. December 3 lights on the campus will be blacked out. The Christmas lights will be turned on moments later.

Entertainment will include a brass choir, directed by Richard Tolley of the Tech music department, and a performance by the Tech choir. Dr. Gene Hemmle head of the music department, will lead group singing in the Science Quadrangle.

Residents of men's and women's dorms will compose a choir and sing as part of the program.

Miss Page announced that Lubbock and area residents, who are invited to attend and participate in the celebration, would be requested to turn off their car lights while driving around Memorial Circle. The campus will be well-lit to avoid the dangers of accidents, she added.

In-Between Season For Cotton Crop

For Howard, Martin, Glasscock and Dawson counties, this is the "in-between" season in the cotton harvest.

The bulk of the crop which was to have been handpicked has been completed; the early cotton which could be stripped has been gathered. Farmers are now waiting for the later bolls to ripen and for the first hard frost to finish readying the crop for the strippers.

As a result gins, which have been buzzing merrily for several weeks, are now operating on a somewhat intermittent base. Some are ginning only a handful of bales a day.

Change Fast
Should frost come in the next 10 days or during the week ahead, the picture would change fast. Strippers, all poised to go, would move in and the final grand rush of harvesting would be in full swing.

Fisher, Mitchell, Scurry and Nolan counties are not quite in the same boat as their neighbors. Their crops are 99 per cent ready for picking and their harvest is far advanced over the figures for the Howard County group.

Fisher County, for example,

COTTON HARVEST REPORT
As of November 15, 1963

County	Est. Crop	% Open	% Hvstd.	Ginned
MARTIN	75,000	83	35	26,865
Howard	36,500	90	56	20,482
Glasscock	9,600	95	87	8,448
Fisher	35,000	99	96	34,596
Mitchell	28,000	99	71	20,209
Nolan	17,000	99	71	12,207
Scurry	29,000	99	83	24,011
Dawson	150,000	88	52	77,998
TOTAL	380,000	92	69	224,816

with an estimated crop of 35,000 bales, has already ginned 34,596. Texas Employment Commission office in Sweetwater said that the completion of the harvest in that county is just days off. There is no reason, the TEC feels, to up the crop estimate on this county or any of the others it serves.

Dawson, the big cotton county of the group, has ginned 52 per cent of its 150,000 bale crop. Martin County with a 75,000 bale crop in sight has ginned only 35 per cent.

Howard County is now past the 56 per cent mark. No reason seems to have developed for the TEC estimators to change their crop guesses.

Spotty
"There's a spotty character to the yield," said one TEC spokesman. "It may turn out that our guesses are just about right."

Meantime, reports in this county continue that the yield so far has been better than had been expected. One farmer told of stripping better than 60 bales from 68 acres of dry land cotton near Elbow. There were other reports of similar nature.

The continued hot dry weather is helping the farmers even if it isn't what the ranchers would like to see.

If all goes as it now seems, there will be not late cotton picking into February of 1964 as happened last year.

Highlights and Sidelights FROM YOUR
State CAPITOL

OIL PRODUCTION UP — Texas Railroad Commission has increased allowable oil production for December to 28 per cent of potential. This will permit Texas oilmen to produce more oil during 1963 than any year since 1959.

Commission's new order set December daily allowable production at 2,856,214 barrels. November's was 2,808,183 under a 27.5 per cent order.

Total 1963 production is estimated at 918,000,000 barrels. That's the highest annual figure since the 944,400,000 barrels in 1959. Partial credit for the increase was given to success of the percentage factor adopted in place of the shut-in day method of Commission calculation on production last January.

AGENCIES PICKED — Board of Advisors of the Texas Tourist Development Agency has selected the advertising firms which will compete for the

State's first \$200,000 travel promotion account.

They are: White and Shuford of El Paso; Goodwin, Dannanbaum, Littman and Wingfield of Houston; Pitluk Advertising Agency of San Antonio; Batten, Barton, Durstine and Osborne of Dallas; McCann-Erickson of Houston; and Fuller, Smith and Ross of Fort Worth.

At a board meeting to be held here January 16-17 each agency will submit a detailed presentation showing how it proposes to advertise Texas' tourist attractions. State contract will go to the agency whose presentation is judged best by the board.

STATE DEFICIT — State's General Revenue Fund was \$18,500,000 in the red at the end of October. Receipts totaled \$5,000,000 less than revenue.

State governmental expenses totaled \$128,800,000 last month. Income from various taxes and collections came to only \$123,900,000. Cigarette, beer and wine taxes provided \$9,700,000. A total of \$10,000,

000 came from the sales tax. Other big income producers included: crude oil production tax, \$10,200,000; motor fuel taxes, \$16,800,000; federal highway grants, \$15,000,000; and federal public welfare grants, \$14,300,000.

KEEP POLL TAX — A lopsided majority of Texas counties voted in favor of retaining the poll tax as a qualification for voting. In all, only 25 — mainly in South and Central Texas — wanted to repeal it.

TEXAS TRAFFIC — Col. Homer Garrison Jr., director of the State Department of Public Safety, told Governor Connally, "It is almost certain that the death toll in traffic in Texas for 1963 will be the greatest on record."

"From July 5 to November 8, there was an average increase of motorcycles of 8 per cent over the same period in 1962. On this basis, a projection to the end of this year indicates a death toll of 2,615, which would exceed the 1956 record of 2,611."

In reply, Connally issued his ideas on priority traffic safety needs:

- 1) Improve competence and responsibility of drivers by revision of present obsolete driver licensing law.
- 2) Improve police supervision of traffic on rural highways by increasing the salary and benefits of DPS patrolmen and increasing the number of patrolmen by 200 each two years to an eventual strength of 1,800.
- 3) Include approved high school driver education courses in the Foundation School Program.
- 4) Improve administration of justice and public respect for traffic laws through the creation of modern Traffic Courts of Record, as recommended by the American Bar Association.

Smart fall fishermen tie a popper on their favorite surface lures with a hunk of strong monofilament so it will tag-a-long behind. Surprising how many fish are attracted to the commotion of the big bait, but (apparently) not in the mood for as big a meal as the larger offering affords, smack the smaller one.

For Plains Mahon Seeks Ag Station

Rep. George Mahon has asked Congress to establish an agricultural weather station in the High Plains area.

In an appearance before the Senate appropriations subcommittee on the State, Justice and Commerce Departments, Mahon said the Plains area had top priority on an Agriculture Department list of areas needing the special weather service.

Cites Area Economy
He said his congressional district which encompasses 425,000 people, produces one-seventh of the nation's cotton and a good deal of its grain sorghum, wheat and vegetables.

The fact the boll weevils and other pests on which the weather has a direct bearing, are becoming acclimated to the area makes up-to-the-minute weather information all the more necessary, Mahon explained.

He said a weather station would cost \$143,270 a year to operate and require 12 additional employees to man it.

It would, he continued, provide the latest specific information to radio stations and newspapers in the area in complementing ordinary weather bureaus.

The Agriculture Department gave the High Plains top priority in compiling a list of areas needing the weather service at the request of Congress. A network of such stations began to crop up about three years ago, but was confined to the Mississippi Delta area in Arkansas, Louisiana and Mississippi, Mahon pointed out.

The congressman made the same request to a House appropriation subcommittee but it and a host of other pleas fell on deaf ears.

The Senate subcommittee headed by Sen. John McClellan (D-Ark.) gave no indication of what action, if any, it will take on Mahon's request.

4-H Names 1963 State Winner In Foods-Nutrition Program

Sharon Baumgardner, 18-year-old student at Plainview, Texas High School, is the 1963 winner of the Texas 4-H Foods-Nutrition Award.

As state winner, Miss Baumgardner will be attending the 42nd National 4-H Club Congress in Chicago on December 1-5 as a guest of General Foods Corporation, sponsor of the nation-wide Foods-Nutrition Program. Joining her will be winners from the 49 other states and Puerto Rico. While in Chicago, six of the group will be named national winners and be awarded \$500 college scholarships by General Foods.

Miss Baumgardner, daughter of Mr. and Mrs. J. H. Baumgardner, has been active in 4-H work for eight years as a member of the Halfway Community Club; her mother is a club leader. During all of this time, Miss Baumgardner

participated in the 4-H Foods-Nutrition Program, preparing a total of 1,360 dishes and 286 meals. College, she says, is very definitely in her future.

Now in its third year, the Foods-Nutrition Program is the largest single program in the nationwide 4-H movement. Approximately 800,000 4-H members participated this year. Its purpose is to focus the attention of youngsters on the importance of nutrition in their lives and the lives of their families, present and future.

Younger 4-H members in program complete simple projects such as listing their favorite foods, and foods they don't like or haven't tasted.

Advanced members study nutrition, plan balanced family meals and entire menus, shop for the food, cook it, then serve it on a properly set table. Many also enter prize recipes and demonstrate modern food methods recommended by the 4-H Cooperative Extension Service.

During their five days at the Congress in Chicago, the 51 Foods-Nutrition state winners will be feted; addressed by leaders in government, education and business; entertained; interviewed by the press; and will meet approximately 1,700 other 4-H winners from all parts of America.

Mrs. Powell Honored With Baby Shower

Mrs. Covey Powell was honored with a pink and blue baby shower Tuesday night at the home of Mrs. Bob Cox.

The honoree was presented a corsage of baby socks by the hostesses.

The serving table was laid with a white crocheted cloth over blue. Pink punch was served from crystal appointments. Pink and blue favors were given to the guests.

The centerpiece featured an arrangement of white chrysanthemums in a blue pot. The centerpiece was a gift to the honoree.

Mrs. Ellis Britton was in charge of the entertainment. Several stork games were played.

Mrs. Powell was presented gifts, which she opened and were displayed.

Hostesses with Mrs. Cox were Mrs. Elma Nichols, Mrs. Eldon Hopkins, Mrs. Eddie Avery, and Mrs. Ellis Britton. Approximately 25 guests registered for the event.

Mrs. C. S. Bevers and Mr. and Mrs. J. H. Parrish visited in Odessa Wednesday.

Pat Harrell Joins Sorority

Pat Harrell, daughter of Mr. and Mrs. W. E. Harrell, is one of the 16 new pledges initiated to Texas Tech's chapter of Beta Alpha Psi, national honorary and professional accounting fraternity.

The ceremonies, were conducted by Alpha Psi officers, assisted by Dr. Fred W. Norwood, accounting professor and faculty vice president of the organization.

Danish-Style Dinner Favorite

To be hospitable is to serve good food, as any Dane will tell you. And they can say so because the Danish cuisine is one of the best on the continent, as any American who has visited Denmark will testify.

Here is a recipe which has been tested and adapted for use by the American homemaker by the Borden Test Kitchen in New York City. It combines veal and pork, plus seasonings, and is served with instant whipped potatoes, an exclusive American product.

Danish-Style Cheese-Veal Ring (Makes 4 to 6 servings)

2 tablespoons sweet pepper flakes
1 tablespoon celery flakes
1/2 cup hot water
1 chicken bouillon cube
1 1/2 pounds ground lean veal
1/2 pound ground lean pork

2 eggs, slightly beaten
1/4 cup grated onion
1 teaspoon salt
1/2 teaspoon pepper
1/2 cup dry bread crumbs
1 (6-oz.) package Vera-Sharp cheese slices

In small covered saucepan, simmer sweet pepper and celery flakes in 1/2 cup hot water for 10 minutes. Drain and set aside. In large mixing bowl, dissolve bouillon cube in 1/2 cup hot water. Add cooked drained pepper and celery flakes and all ingredients, except cheese. Mix until thoroughly combined. Press into lightly buttered 2-quart ring mold. Bake in moderate oven (350° F.) 1 hour. Remove from oven. Drain off any liquid. Let stand 2 to 3 minutes. To unmold, invert a baking sheet or oven-proof serving platter over top of ring mold. Quickly turn upside down onto baking sheet. Cut cheese slices diagonally through center to form triangle. Arrange cheese triangles over top of baked veal ring, edges overlapping. Return to oven for 2 minutes, or until cheese just begins to melt. To serve, slice into portions.

Ruth Lemon, treasurer, reported there was enough money in the treasury to pay for the furniture in the homemaking department. The chapter is planning to buy a vacuum cleaner for the department.

Refreshments were furnished by Terrye Hambrick, Ann Lemon, Linda Barber, and Linda Bowlin.

Mrs. Mary Bridges of Big Spring, visited in the G. A. Bridges home recently.

WMU Presents Program On Japan

The Women's Missionary Union of the First Baptist Church met for a general meeting Tuesday morning at the church. A missionary program, "Partners of Progress in Japan," written by Eunice Powell, was presented.

Music was played by Mrs. B. D. Clinton. Devotionals were given by Mrs. B. F. White and Mrs. Allie Sprawls. Mrs. Guy Eiland played the part of the interviewer.

Mrs. Ralph Caffey acted as a Japanese leader, and Mrs. Bob Johnson was an American missionary in Japan.

The program pointed out that Japanese people are breaking ties with the classical past and are enjoying conveniences used in the western world. Television reaches all but 17 per cent of the entire population of Japan. The Japanese have a problem of juvenile delinquency and the problem of mothers working outside the home. The missionaries from the Southern Baptist Convention are teamed with Japanese missionaries in all areas of Baptist work.

The missionary program was preceded with the monthly business session. Mrs. T. R. Louder presided over the meeting. Reports were given.

Those attending the program were: Mrs. John Webb, Mrs. W. H. Uhlman, Mrs. H. R. Caffey, Mrs. Ralph Caffey, Mrs. T. R. Louder, Mrs. Clyde White, Mrs. B. F. White, Mrs. U. A. North, Mrs. Allie Sprawls, Mrs. Bill Johnson, Mrs. Bob Johnson, Mrs. Bill Gillum, Mrs. Eugene Byrd, Mrs. Guy Eiland, Mrs. Jerry Hanson, Mrs. B. E. Burton, Mrs. John McIntyre, Mrs. B. D. Clinton, Mrs. Udell Morris, and Mrs. Bob Priddy.

Altar Society Met Wednesday

The St. Joseph's Catholic Altar Society met Wednesday at the home of Mrs. Bernard Houston.

Mrs. Edmund Tom, president, presided over the business meeting. The group discussed packing a Christmas box to be sent to the St. Ann's Home in Panhandle, Texas.

The DCCW meeting was held in Abilene on October 29 and 30. Those attending from the local church were: Mrs. Edmund Tom, Mrs. Tom Glynn, and Mrs. L. G. Tom.

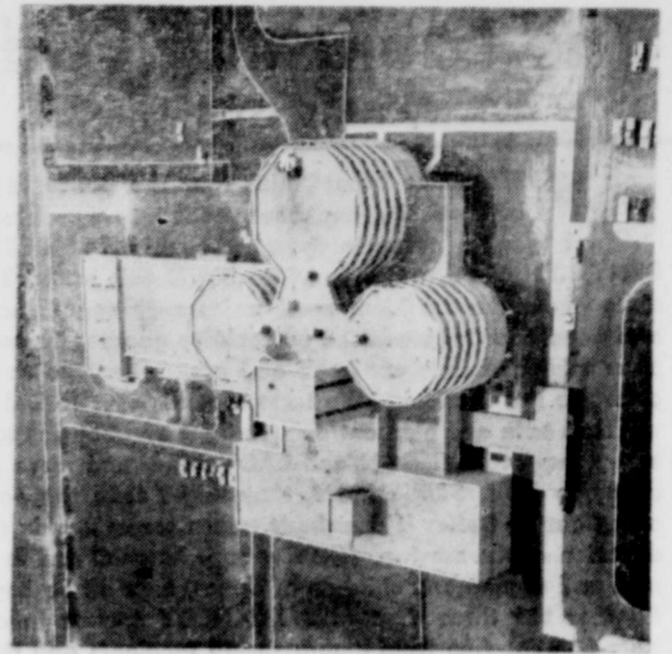

Father Pierce presented the program. He gave a spiritual lesson on The Ten Commandments.

The society meets on the second Wednesday of each month.

Albert Louder has been a patient in a Big Spring hospital.

Mrs. Lillie Harvard was admitted to the local hospital Sunday.

SPACE AGE HOSPITAL — Public inspection of Scott & White Memorial Hospital's new \$9.2 million building in Temple, Texas, will be held December 6 following 9:30 a.m. dedication ceremonies. Visitors will be shown through the Diagnostic Center (three-story portion at left) and unique cloverleaf towers of hospital at right where nursing stations in center of each octagon are within six steps of every patient's door. The same building visitors will be shown the Olin Culberson Research Center, educational facilities of the School of Nursing, and the University of Texas Post Graduate School of Medicine, Temple Division, as well as laboratories, meditation room, laundry, equipment rooms, library, etc. The non-profit institution, now in its 67th year, will have its own version of "Operation Big Lift" on December 15 when patients are moved from present quarters into the new building in a careful armada of ambulances.

KEEP BAIT PINNED DOWN

Here's the way to keep bait in a net when you're going after crawfish. Fasten the bait on the net with a safety pin. Faster and easier than tying it. A lot faster and easier than trying to untie a greasy knot-filled bundle.

CLAY STORAGE

For a handy place to keep small lures, files etc. that you put in or take out of your tackle box often, try a lump of kids' modeling clay. It stands temperature changes well, will stick in a tackle box and you can press hooks in to hold them tight.

WORD comes from Dallas that the police force in that city has been added to by several hundred men in order to insure the safety of PRESIDENT KENNEDY, when he visits Big D this week. The spots where the President must necessarily appear have also been heavily reinforced by security guards, we have been told, and it is our hope and prayer that no harm comes to the President. We trust that his visit to Dallas will be a safe and pleasant one. In light of what happened up there to LYNDON and LADY BIRD and more recently to GOV. STEVENSON, they might take the post-office out of Dallas if somebody tosses something in the direction of the moving official group. As good and loyal men and women and children of Texas, let's all be hopeful that the three days MR. KENNEDY spends in our state be kept free from embarrassing incidents and then we can all be thankful, truly thankful for a good Thanksgiving. As a country newspaper editor we have made this judgment in the interest of the public welfare so necessary to preserve our image of the respect we Americans owe to ourselves.

THE rainfall measured in Martin County Monday night was less than one inch but we are grateful for the moisture. If the coming of the rain meant nothing else, it demonstrated that we are not in for another extended drought. In Stanton rain gauges indicated the town received seven-tenths of an inch.

JUST before press time this week your writer received a letter and a copy of DR. L. L. MORRIS' sermon of November 10 as requested. We will carry the message in full in the next issue of the paper. Watch for it—you will be encouraged by it. The sermon is styled: "Old Landmarks."

THE sandhill crane season is open. It will continue until December 1. Shooting hours are from sunrise to sunset with a bag or possession limit of two cranes. Both federal and state conservation agencies report that there are approximately 70,000 birds available. Heavy concentrations have been reported in this area.

THE next visit of a social security representative to Stanton will be on Monday, November 25 from 2 to 4 p.m. at the courthouse. The representative will be in the city on December 23, same hours also.

A press release from the Texas Commissioner of Health says: "It's elbow grease that cleans teeth—not toothpastes. Lavish claims for various toothpastes and powders can be and are misleading." What the country needs is 21 per cent fewer commercials and more advice from DR. PEAVY, our state health chief.

H. M. GLENDENING placed a classified ad in this issue of the newspaper for the return of a lost wrist watch. MR. GLENDENING treasures this watch highly as a personal gift. It means a lot to him to have his watch back and we trust that some fine person who reads here who the watch he or she found belongs to will return it to MR. GLENDENING. He said he lost watch when a link fell from the band.

YOUR editor received an invitation to attend the Sixth Annual Gold Star 4-H Banquet to be held in Lubbock on the evening of December 2. The invitation was from DELBERT SMITH, PR man from SOUTH PLAINS ELECTRIC COOPERATIVE, INC. HON. WAGGONER CARR, our attorney general will be the principal speaker. The invitation also stated that we could bring along our wife. Your scribe is running behind schedule in life's marriage division right now, but we do want to attend the banquet because WAGGONER CARR is a native of our home county and we served as his campaign manager here in his race for attorney general. Too, WAGGONER is the guest of our brother in Longview a few days ago and we can get the report on MARGARET and CARL directly from the state's attorney.

AFTER reading FRANK TOLBERT'S column Monday in THE DALLAS NEWS, we want to make a trip some Sunday through Bailey and Parmer Counties up on the high plains. TOLBERT wrote: "On these golden days the temperature was in the crisp 70's. There were flaming sunsets. You wonder how the sun's exit could ignite such a blaze on the western horizon without clouds on which to play the rays. The night sky was a great lid of friendly, reaching-out stars." Man, that's real descriptive language. And the Dallas newspaperman's prose makes us want to make a circle through the area.

ARRIVES THIS WEEK

President Ready For Texas Trip

President Kennedy makes his sixth trip to Texas this week for so-called non-political appearances in San Antonio, Houston, Dallas and Fort Worth plus an advertised political date in Austin. The flying tour ends November 23 with a visit to Vice President Lyndon Johnson's ranch, 65 miles west of Austin, for a possible presidential deer hunt and some of Mrs. Johnson's peach preserves. The President will be accompanied on most of the tour by Mrs. Kennedy, the vice president and a number of congressmen. Briefly the schedule: Thursday—Land in San Antonio about 10:30 a.m., dedi-

cate the Aerospace Medical School at Brooks Air Force Base, depart about 3:30 p.m. for Houston, speak at a dinner honoring Rep. Albert Thomas, D-Texas, then fly to Fort Worth to spend the night.

Friday—Attend a Chamber of Commerce breakfast, fly to Dallas for an invitation-only luncheon, fly to Austin for a \$100-a-plate dinner honoring the President and vice president, then fly to Johnson's ranch to spend the night.

Saturday—Spend part of the day at the ranch, departing probably in the afternoon.

Tuberculosis usually has no symptoms in the early stages.

Chamber Chatter

The 4-H Club Capon Show went off in a fine way Saturday. Martha Bradshaw's champion single brought \$52.50 from the Guitar Gin. Jerry Hardin's champion trio brought \$78.00 from Stanton Drug, Stanley Reid and Gene Perry, Mike Springer's reserve single brought \$35.00 from Planters Gin of Lenorah, and Pat Springer's champion trio brought \$67.00 from Lenorah Gin, Tarzan Marketing Assoc., and Texas Electric Service.

Our thanks to all for making the capon show an outstanding success. We are especially appreciative to Marshall Miller, Texas A&M Extension Service, who served as judge, and to Eddie Owens, Big Spring who was the auctioneer, and to The Stanton Reporter for invaluable publicity. By all means, we do not wish to overlook the work put in by the 4-H Club boys and girls, Bob Johnson, county agent, and Bob Cox, chairman of the Ag Committee of the Chamber of Commerce, and to all who helped in any way. Thank you and you and you for our successful 1963 Capon Show.

Monday night, November 25, at 7:30 p.m. a directors meeting will be held in the Chamber office. Roy Pickett, president, urges all directors to attend.

Stanton was invaded last Wednesday by 25 men of the Texas Fieldmen's Association of the Oil Basin Division, who hunted fire hazards and put on fire prevention demonstrations in the local school. They went through 135 occupancies, issuing 269 Red Tags. This is about normal, which goes to prove that we have a fairly safe town in which to live, do business and attend church. At a noon luncheon at the Belvue Restaurant, the association presented a Savings Bond to Bobby Cranford, for his winning theme on Fire Prevention, and one to Greg Priddy for his winning poster. Roy Pickett, president of the Chamber of Commerce, gave a short welcome address, and Bob Johnson, Lion's president, acted as master of ceremonies and introduced Hugh T. Lorrimer, president of the association, who presented the awards. Approximately 35 attended the luncheon.

My husband and I were privileged to attend the 4-H Club Achievement Family Night Supper at the Cap Rock auditorium Monday evening. Tim Bristow was announced the winner of first place in state competition, and second place in the national competition in the electric division. He and Dena Robertson were also awarded the Gold Star. It is indeed a pleasure to see the youth of our county taking an active interest in this fine 4-H program. Our sincerest congratulations to all the award winners and to their leaders.

Thanksgiving is November 28—Let us pause and give our thanks to God for the privilege of living in a land where we have the freedom of Life, Liberty and the Pursuit of Happiness. All these are dear to us, so let us always hold fast to these concepts for they are the foundation of our Country and our Way of Life.

Bye, now.

Frances Thraikill Bride Of Leonard Earl Caulder

Mrs. Earl Caulder

Frances Wynell Thraikill became the bride of Leonard Earl Caulder in a single ring ceremony held at 7:30 p.m. Saturday in the Lenorah Baptist Church. The Rev. C. R. Mathis officiated.

The bride is the daughter of Mr. and Mrs. R. C. Thraikill of Lenorah. Mr. and Mrs. E. L. Caulder of Bronte, are the parents of the bridegroom.

The bride was given in marriage by her father. She wore a formal gown of white peau de soie. The princess styled bodice had a scooped neckline enhanced with scalloped appliques of mother of pearls and sequins. The gown featured three quarter length sleeves and the bell shaped skirt fell into a chapel length train. A mother of pearl tiera held her finger length veil of silk illusion. She carried a bouquet of camellia and white spider mums, atop a white Bible, a gift from her grandmother, Mrs. Cora Large.

The maid of honor was Miss Pat Thraikill, sister of the bride. She wore a full length gown of brocade ecru, with orange accessories. She carried an arrangement of orange daisies, tied with golden orange streamers. Her matching headpiece had a circular veil.

The best man was A. D. Shaffers of Midland, brother-in-law of the bridegroom. The candles were lighted by Larry Franklin and Jimmy Walker, both of Lenorah. Dennis Walker of Lenorah, served as the usher.

The church was decorated with a large basket of white spider mums and gladiolas and two candelabras, decorated with palm leaves. Mrs. Jerry Parum played the traditional wedding music. James Kinman of Big Spring, sang "Because." A reception was held at the home of the parents. The guests were received by the couple, her parents, and the wedding party. Guests were registered by Jean Caulder, sister of the bridegroom.

The serving table was laid with a white linen cloth. The three tiered wedding cake featured a bride and groom, trimmed in white.
