Our friends up in Yankee-land are concerned over the recent "drop-out" of STUDEBAKER in the automobile production business in Indiana and of the announced proposal of shut-down from the BURROUGHS CORPORATION in Detroit. STUDEBAKER moved to Canada and the adding machine builders are heading for Scotland, France and Brazil. A spokesman for BURROUGHS said: "High costs of manufacturing adding machines in the Detroit area make it impossible for the company to market competitively and profitably in the United States." In a nutshell the BURROUGHS people know they can manufacture machines cheaper abroad, send them back to the States from Scotland, France, and Brazil and get a fair price in the competitive market. Now that is one for the books. While we are out saving the world and sending billions in foreign aid our own production plants are being forced out of business and the unemployment list is expanding at home. Perhaps the LBI administration can find the answer to this business riddle—if they can—then LYNDON can remain in office for a long time.

It is our sincere wish that our friends and subscribers and the merchants we serve and their respective families enjoy a wonderful, successful and prosperous New Year.

We also want to send a special New Year greetings to our brothers in the newspaper business in West Texas, to the men we know who are serving the area in television and to our many friends in radio. It is indeed a honor to have the majority of the better radio and tv stations on our subscription list. Frequently they refer to our publication and broadcast items from it after it finds release in the public domain. We wish for all of our friends in public relations the very best in 1964.

Our one resolution for the New Year is to bring to Martin County an even better newspaper than we have tried to print in the past. We can accomplish this resolution only through the cooperation and support of the merchants and the people.

We are going to have an interesting newspaper in 1964. We intend to give our local readers more than just local news. The elections are coming up and the price of the subscriptions in and out of county will not be advanced. The editor will continue to write both VARIETY for page one and THE LAUNCHING PAD for the back page. Since these columns have caused our circulation list to expand four-fold in recent months, we have no thought of dropping I, however, look for no depression in 1964.

Famed Babson Report, Forecast In This Issue

BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1964

I am still emotionally upset as I make this forecast after the brutal assassination of President Kennedy. I, however, will try to submerge my emotions and base this forecast of 1964 on the facts as I interpret them.

1. Our New President. I state emphatically that President Johnson may accomplish far more constructively before November 1964 than out late President would have been able to do. President Johnson understands better how to handle Congress, and has the confidence of businessmen. Therefore, I am reassured as to the first ten months of 1964.

2. Election In November. At the Republican Convention in the summer of 1964, there will be a conflict between Goldwater and Rockefeller, and perhaps others. For this reason, Mr. Nixon may slip in and get the Republican nomination. Certainly President Johnson will secure the nomination of the Democratic Party; he is a farsighted man, and knows politics. Therefore, with the Republicans nominating any one of the three leading names mentioned above, I now forecast that President Johnson will be elected President of the United States in November 1964. All of this gives me more assurance that 1964 should be a good year.

3. Tax Cut. A tax cut will be enacted sometime during the coming session of Congress and it will surely be made retroactive to January 1, 1964. The tax cut should help consumer buying; it may even increase general business.

4. Civil Rights. Some sort of a civil-rights bill will be passed by Congress during 1964. The Administration wants to please the South and hold its Democratic votes there, but the civil-rights bill now before Congress is not satisfactory to the white people of the North. Therefore, I forecast that whatever civil-rights bill is passed before the election of 1964 will be considerably watered down.

5. Negro People. The negroes will continue to make progress and get more, but I predict that the gains will have to come largely through changing attitudes of the people. Otherwise, the situation will be much like the prohibition problem which the good people of the nation thought could be solved by legislation. Such reforms take place only as the minds and hearts of the people are changed for the better.

6. Government Spending. Of course, in the long run, the survival of a nation should depend upon its spending less than it takes in. Nowadays, however, it is unfashionable for consumers or government to have balanced budgets. Therefore, I predict that 1964 will see a bigger deficit than this year's.

7. Depression. Whether for better or for worse, the voters have been taught to believe they can and should get something for nothing, and only a severe depression could ultimately change this belief. I, however, look for no depression in 1964.

8. Agricultural Outlook. Although crops, prices, and farm income may be basically dependent on the weather, much of the world is short of food. Russia's and China's heavy purchases of grains will do more to bolster U. S. farm income than will government-supported prices in 1964.

9. Dow-Jones Industrials. I forecast that the stock market as measured by the Dow-Jones Average will make a new high in 1964, but may sell lower after the elections. However, readers must remember that the Dow-Jones Industrial list, which everyone seems to think represents the market, may be very deceptive.

10. Speculative Stocks. Of the approximately 1550 stocks listed on the New York Stock Exchange, a majority have been going down while the Dow-Jones list of 30 which everyone watches have been going up. This is due to the purchase of Dow-Jones issues today largely by trustees, pension funds, mutual companies, and others that prefer fairly conservative and dividend-paying companies. I forecast that stocks not in the Dow-Jones list will do better proportionately in 1964 than they did this year.

11. Switching. Based on my above forecast, and having learned that only buying can send stocks up, I predict that 1964 may prove to be a good year to switch from some of the overcrowded Dow-Jones stocks into other issues that are now overlooked.

12. Government Bonds. The only government bonds that interest me are the long-term ones which may now be purchased at a discount to use in payment at par for death taxes. I forecast that more governments will be issued during 1964 and that their prices may gradually sag as money becomes tighter.

13. Corporation Bonds. Those buying corporate bonds should either stick to issues of under five years' maturity or keep their money in the savings bank. I predict that long-term corporation bonds will drop in price in 1964 as interest rates rise.

14. Tax-Exempt Bonds. Likewise, I predict that long-term tax-exempt bonds will decline next year. They are even more overpriced than corporation bonds, because of heavy bank buying during the past two years. I do not look for this to be repeated in 1964. Therefore, I would certainly confine buying of tax-exempts to short maturities; and I would avoid revenue bonds.

15. Interest Rates. I forecast that interest rates will continue at least as high as today, and will possibly rise through 1964 in order to keep gold here in this country and uphold the value of the dollar.

16. Devaluation Of Gold. I forecast that there will be no devaluation of gold during 1964. I am personally acquainted with conditions in Africa, and will say that those who wish to speculate in gold mines should consider American-South African Investment Co. Ltd. Readers should remember, however, that gold-

Atchison Announces For Second Term

Welland Atchison has authorized The Stanton Reporter to submit his announcement for a second term as Precinct One Commissioner.

In placing his statement for re-election, the commissioner stated that he first wanted to express his thanks and appreciation to the people of the precinct who made his election to office for a first term possible.

He said: "I feel like our county affairs are being improved all the time and feel a great deal of pride in the economy note the present court has operated on during the past years. We have managed to cut down on operating costs from nearly every angle and it will be my continued aim to work as a team member on the commissioner's court if chosen to serve for the customary second Democratic term."

Atchison stated that he would work for all the people of Martin County as well as to continue to serve the interest of the residents of precinct one if chosen to serve a second term.

Farm Bureau Committees Appointed

Committees for the coming year were appointed at a recent meeting of the Martin County Farm Bureau. The meeting was held December 17 at the Belvue Restaurant. Owen Kelly, president, was in charge of the meeting.

Serving on the membership committee are: Melvin Graves, Stanton; Marshall Louder, Wolcott; L. E. Rowden, Lakeview; S. J. Foreman, Lenorah; Bruce Key, Tarzan, and Billy Mims, Courtney.

Other committees are: P-D, E. B. Howard, chairman; A. C. Fleming, and Marvin Standefer; P-X A. C. Fleming, S. J. Foreman, and Bruce Key; Service, Billy Mims, chairman, L. E. Rowden, and S. J. Foreman; Public information, Marvin Standefer, Bruce Key, and E. B. Howard.

The membership goal for this year is 325. There are 302 active members in the Martin County Farm Bureau. The membership drive will begin in the early spring.

Editorial By Estes In This Issue

The famed editorial written by Col. Carl Estes, publisher of The Longview News-Journal and styled "The Image of Dallas" is included in this issue of The Stanton Reporter.

The editorial has been reprinted in many newspapers in America and was inserted in the Congressional Record by Congressman Ed Foreman of Odessa.

We are publishing it because of numerous requests from readers in Martin County and all over the Permian Basin area.

Stanton Stores Full Of Dollar Day Specials For January 6

Stanton merchants are ready for one of the largest Dollar Day festivals in the history of the special day event.

Monday, January 6, will find customers in the county seat from all over the Martin County area.

Most of the local merchants have reported brisk fall sales in 1963, and exceptionally good Christmas business.

Area shoppers have learned that there are some mighty good bargains in Stanton and that the lines and quality of merchandise carried in local

county stores are just as good as can be found anywhere else.

Stores in Tarzan and Lenorah and the other Martin County community stores are also doing a fine job in keeping the latest in wanted items in stock.

Read the ads in this issue of the paper and next month, the first issue in February, have an advertisement over your own store signature in the columns of The Stanton Reporter. You'll be pleased at the results.

Paper Tells County Story Through 1963

January

Martin County officials were sworn in for new terms of office on January 1 in the courthouse in Stanton. Mrs. Doris Stephenson received the oath of office for district-county clerk. Judge Jim McCoy was administered the oath of office for another term by Mrs. Stephenson. Others receiving official oaths were: Elmo Reid, county treasurer; Roy Pickett, county attorney; Joe Froman, commissioner, precinct four; M. D. Coggin, county commissioner from precinct two.

H. M. McReynolds, manager of the Martin County Chamber of Commerce tendered his resignation, effective February 1, at a business meeting held January 8. The date for the membership banquet was also named at this meeting.

James Monroe Stewart, 37, was charged with murder with malice in a complaint filed in the justice of peace court of Jess Slaughter in Big Spring. He is accused by the state of shooting Travis Hicks, 37, to death on or about December 1, 1961. The body of the victim was discarded in a lonely field in Martin County. It was found September 1, 1962, by a farmer working in a nearby field.

Smitty Smith took top honors at the annual Martin County Livestock Show held at the county show barn on January 18 and 19. Smith won first and second place in the Crossbred lamb division; second and third place in the Southdown division; first place in the Purebred lambs; fourth and eighth in the heavyweight barrows, and second place in the gilts. Other champion exhibitors were David Howard, Jimmy and Dale Robertson, and Mike Roman.

Roy Pickett, Martin County attorney, was named president of the Martin County Chamber of Commerce at the annual banquet. The principal speaker was R. A. Brenner of Fort Worth. Mrs. Glenn L. Brown was announced winner of the plaque for outstanding service to her county by Jake Hodges, who also announced Raymond Priblyla as outstanding farmer of Martin County.

February

George Costlow, area supervisor for the Farmers Home Administration, explained the emergency action of declaring several area counties "emergency areas." He explained this action was due to lack of rainfall during the spring and summer, followed by heavy insect infestations in the fall.

The Stanton Future Farmers of America observed National FFA week. Miss Judy Pinkerton was chosen as the FFA Sweetheart for 1962-63. A mild disease epidemic gripped the county. Twenty-five percent of the children in

the elementary school was absent with the measles and chicken pox. A large number of pre-school children also had the diseases, some children having the measles and chicken pox together.

The chairman of the chamber of commerce were named by Roy Pickett, president. Chairmen are: Neal Estes, advertising and news; Bob Cox, agriculture; James Eiland, conventions and banquet; Roy Crim, highways and streets; F. O. Rhodes, industrial; Cecil Bridges, membership and finance; Jim Wheeler, merchants; Stanley Reid, parks and recreation, and Bob Deavenport, special events.

Forty-four citizens enrolled in the Civil Defense program, which was taught at Stanton High School by Principal Bill Johnson, and at Courtney by L. M. Hays, Jr.

The Big Lake Owls defeated the local football team by a score of 20-0. The Golden Cranes also defeated the Stanton boys by a score of 44-0, in their first district game of the season.

Grover Springer was honored by the U. S. Weather Bureau for his 15 years of faithful service to the department. David S. Hill of Fort Worth, presented Springer with a lapel pin.

The Grady faculty members were honored by the Grady Lions at Teachers' Appreciation Night. Walter Bailey, Howard County superintendent, was the principal speaker.

8,820 bales of cotton have been ginned in Martin County, out of an estimated 75,000 bale crop, according to the Texas Employment Commission in Big Spring. The fields are estimated to be 65 per cent open.

Halloween carnivals were held in the county schools during October. Game and food booths were set up at the carnivals.

Absentee voting got underway for the November 9 election on four proposed amendments. County residents will vote on separate ballots for or against dividing the sheriff-tax collectors offices.

Beta Sigma Phi sororities met at the Holiday Inn in Big Spring, for their annual fall banquet, honoring the fall rushees. Hila Weathers was the main speaker.

November

Stanton High School held their annual homecoming. Special activities were held through the week. The junior class was sponsor to a chili supper. A huge bonfire and pep rally was held. Marva Cox was crowned football sweetheart at the Friday night game with Alpine. She was escorted by Donnie Polson.

The cold, wet weather which prevailed in the county for two weeks, slowed the cotton harvest up. Gins were idle, and no cotton was picked during the long cold spell. 39,084 bales of cotton were ginned here on December 26.

City merchants were busy completing inventories and getting ready for clearance sales.

Other entries in the contest were Mary Glaspie and Claudene Nowlin. The local boys were defeated in the game by a score of 33-0.

Jake Bruton resigned as chief of police, effective January 1.

4-H Achievement night was held. Dena Robertson and Tim Bristow were named Gold Star Girl and Boy.

Martha Bradshaw won grand champion in the single division, and Jerry Hardin, grand champion in the trio, at the annual Martin County Capon Show. Mike Springer had the reserve champion single, and Pat Springer showed the reserve champion trio. A total of 75 birds were entered in the show, and 60 were sold at the auction.

President John F. Kennedy was assassinated in Dallas and Governor John Connally was seriously wounded in a parade in downtown Dallas. Martin County joined the nation in paying respect for the late President. Most stores and business were closed on Monday, November 25, for the funeral. Grief gripped the nation as they observed Thanksgiving.

December

Community moved into plans for Christmas. Clubs, schools and churches planned special Christmas programs and parties. The lights in downtown Stanton were turned on, giving the city a holiday look.

S. W. Wheeler was elected mayor, and Albert A. Johnson was named city councilman in a special city election held on December 3.

Santa Claus arrived in Stanton atop the Martin County Sheriff's Posse chuck wagon. Freezing rain and snow was on the ground, but county youngsters turned out to meet the jolly old fellow.

Christmas calm cloaked the community as Stanton and its residents observed the Christmas holidays. Stores were filled with last minute shoppers.

The cold, wet weather which prevailed in the county for two weeks, slowed the cotton harvest up. Gins were idle, and no cotton was picked during the long cold spell. 39,084 bales of cotton were ginned here on December 26.

City merchants were busy completing inventories and getting ready for clearance sales.

A TRUE AND NOBLE FRIENDSHIP SHRINKS NOT AT THE GREATEST OF TRIALS.
—JEREMY TAYLOR.

It is good to recall old friendships at this season of the year. It is especially good to acknowledge friendships that were not based entirely on favors passed. The two friends we have in mind at this writing have differed with us in policy, politics and at times in public proceedings, but they have never "jumped out of the corral." We want to salute O. B. BRYAN and JIM EILAND and thank them for the invitation to the annual CAP ROCK banquet, and for their other acts of thoughtfulness. By-the-way, we attended the banquet—second year in a row—got a great pleasure out of visiting with the members of the CAP ROCK family.

STANTON and Martin County need leaders who think fast and dream up "appropriate" ideas more than a few minutes before a holiday press deadline.

Speaking of leaders in our community, a salute is in order for HORACE BLOCKER, JAMES JONES, and STAN REID. These three citizens were named new directors for the local C.C. All have been engaged in the efforts to make our town a better one for years. They are men dedicated to furthering the progress and welfare of Stanton. Incidentally, the three new directors have something else in common — all three are good, active Methodists.

MRS. SUSIE HOUSTON mailed in five subscriptions to the paper this week. We want to acknowledge her long time support of the newspaper she likes to read and makes it possible for others to read. We send you a personal New Year's greeting MRS. HOUSTON. You are one of the really true great women of our community.

J. R. YOUNG of Five Points, California, has written for a back copy of the newspaper dated November 27. He has been a valued subscriber for years. Your paper is on the way MR. YOUNG.

DURING the holidays we wanted to bump into EUGENIA (MRS. DON) HIGHTOWER in the post office. This native daughter of Martin County worked with us for seven years as our society editor. She is the daughter of MR. and MRS. ROY MARTIN, and undoubtedly one of the finest and most talented young women we have ever known.

MRS. SAM COX mailed in a check for a subscription to be sent to MR. and MRS. GORDON COX, Andrews, for an anniversary gift. We have complied with her request and hope the GORDON COX family enjoys the newspaper. And we add our anniversary greetings.

FRANK DYSON, 3925 Dakota, Fort Worth, sent in a letter concerning his newspaper and we appreciated the communication. We have you on the mailing list, MR. DYSON, and if you don't get your paper please write us immediately. In the meantime, have a good New Year and we will try and see that you get the news from your home county.

The editor wishes to send special New Year greetings to MR. and MRS. E. E. ALEXANDER of 412 Indian Place, El Paso, Texas. They have long been avid readers and constant supporters of our editorials and column content. MR. ALEXANDER is the son of a very fine Stanton lady, MRS. ANNIE THOMASON.

The editor received a much appreciated letter from MRS. GRACE NANCE, Medina, Texas, this week. She wrote: "When I say home, I still think of Stanton. I moved there in 1911 and stayed until 1950. And it is a wonderfully nice place to live. You have a good paper and so does Bandera, our county paper here." Thanks, MRS. NANCE and we wish for you and yours a very Happy New Year!

Just a few minutes before we finished writing this column we had a pleasant telephone call from our brother in Longview. He is publishing a 460-page New Year's edition and as soon as that "little chore" is off the hook will be out here in West Texas for a ten-day visit. We are looking forward to his visit—the BIG and LITTLE COLONELS have ways of drumming up "gold watch" banquets for people who are really in need of retirement benefits.

The writer wishes to acknowledge a nice Christmas note from MR. and MRS. JAMES WHEELER and son, GIB. JEANINE is another of our former society editors one of the sweetest, most talented women we know and of course JIMMY, her husband, and JAMES GIBSON WHEELER, her son, are eternally and affectionately aware of their wife and mother's talents. Incidentally, JIMMY, congratulations on being elected to head the C.C. here next year.

O. C. Turner, treasurer. These officers will assume their duties at the annual banquet on January 27.

Three directors were elected last week by secret ballot. The directors are: H. S. Blocker, James Jones, and Stanley Reid. Other nominees were F. O. Rhodes, Carlos Brantley, and Jack Ireton. The new directors will replace Roy Pickett, current president; Bob Cox, and Cecil Bridges. Other Chamber of Commerce directors are Paige El-

Terri Graves Honored On Birthday

Terri Graves was honored on her sixth birthday Thursday, December 26, with a party at the home of Mrs. Walter Graves.

Games were played, directed by Mrs. Granville Graves. Over the refreshment table, large and colorful balloons hung in clusters. The table was laid with a lace cloth with a poinsettia arrangement.

The children were served birthday cake and punch at small tables. The balloons were given as favors.

The children sang songs accompanied by Mrs. Walter Graves at the piano.

Attending were: Lynn Gilmore, Kerry Gilmore, Rae Avery, Lonnie Graves, Dorothy Graves, Greg Gilmore, David Holder, Laura Holder, Sharon Graves, Stacy Payne, Craig Graves, the honoree, Terri Graves, Mrs. Fred Holder, Mrs. Kenneth Gilmore, Mrs. Billy Avery, Mr. and Mrs. Granville Graves, and Mrs. Walter Graves.

Editor's - - -

(Continued from page 1) will be effective January 1, 1964. Its provisions are of vital importance to our State's five million drivers.

The Texas Department of Public Safety, the agency charged with administering this law, believes it is essential that all Texas drivers become aware of the numerous changes that have been made.

In a few days we will be sending you the first of several news stories and other informational materials highlighting the various changes in the law, which we hope you can see fit to present to the public in the best interests of everyone concerned.

We would like to take this opportunity to express our gratitude for your wonderful cooperation with this Department in the past in conveying messages to the people concerning their rights, privileges and well-being.

Please feel free to call on us if we can be of assistance to you in any way.

Sincerely yours,
Homer Garrison, Jr.

And with an expression from all of our newspaper family we can truly have a HAPPY NEW YEAR!

There is no finer way for our people to show their appreciation for THE OLE RELIABLE and the influence in the community that it exerts than to have these New Year testimonials in the form of subscriptions to roll into our office. Here they are — just a small part of our honor roll of readers for another year:

James N. Biggs, Route One; Jim Franklin, Star Route; C. L. Howard, Abilene; Mrs. Lewis Orland, Spokane, Washington; Foye Powell, Plains; Gene Smith, Plains; Jack Ireton, Stanton; Mrs. Mary Ruth Hall, Midland; George W. County Judges, Commissioners Set A&M Meet

The sixth annual Conference for County Judges and Commissioners will be held on the campus of Texas A&M University, February 16-18, 1964.

In announcing the dates for the conference, Director John E. Hutchison, Texas Agricultural Extension Service, said it was again being sponsored by the County Judges and Commissioners Association of Texas and the Extension Service.

The conference program, the director added, will be based on information requests from the county officials. It will be designed to help them with the many problems they face in carrying out their responsibilities.

Panel discussions have been a popular means of answering the questions raised and will be used again for presentations covering such items as machinery maintenance and operation, probate, juvenile courts, tax policies, and other items of concern to commissioners' courts. Director Hutchison said that Assistant State Attorney General J. C. Davis will again be a featured contributor to the program.

Other program details and speakers will be announced in advance of the conference, the director said. He encourages early registration in order that facilities may be readied for the conference and adds that county extension agents can supply information on registration and housing.

up" seat belts on all cars.

42. New Inventions: I forecast that rapid strides will be made in 1964 in the direction of transferring mass through matter.

43. Electronic Production: I forecast a great increase in electronic manufacturing in 1964 . . . with emphasis on adaptation of space efforts to military applications.

44. Air Conditioning: I predict radical changes in air conditioning in 1964 via the reduction, and later elimination, of moving parts in the heat-withdrawal machinery.

45. Electric Heating: I forecast experiments in electric heating in 1964 whereby radio waves will heat only the individuals in the room, but not the air.

46. Oceanography: I forecast great developments in 1964 in mineral recovery, food supplements, new chemical derivatives, etc., obtained through oceanographic research.

47. Cuba: People in Florida have no reason to worry about nearness to Cuba in 1964. Russia will undoubtedly keep a controlling finger on Cuba until she decides to withdraw in a swap of some kind with the U. S. in connection with Berlin or West Germany.

48. War: There will be no World War in 1964, and even the "cold war" pressures should gradually soften and prove less costly. I, however, am watching carefully how President Johnson and Premier Khrushchev get on together.

49. Russia: I predict that the Russian government will vastly increase the manufacture of electrical appliances, and will have a 100%-owned installment company which it will operate without competition. When I was in Russia it was evident from my talk with the young people that they would have to be given more of the advantages enjoyed by the free nations.

50. In this connection I should say that, like the U. S., Russia is very rich in natural resources . . . and in research. This latter is especially important these days. I was much impressed, during my visit, with the Russian educational system which is developing a very able generation of young people. I forecast, however, that Mr. Khrushchev's real problem will be how long he will be able to hold these young people in line!

Henry Bridges, Sandra Kay Bridges, and Butch Bridges of Seminole, visited Mr. and Mrs. G. A. Bridges on Christmas Eve.

The sixth annual conference for County Judges and Commissioners will be held in the Memorial Student Center on the campus of Texas A&M University, February 16-18, 1964. The conference is sponsored by the County Judges and Commissioners Association of Texas and the Agricultural Extension Service.

Famed Babson Report - - -

(Continued from page 1) mining stocks will go down as well as up, in accordance with many different conditions.

17. Profits. I forecast that corporate profits will continue to rise in 1964, though possibly at a somewhat slower pace than recently.

18. Copper Prices. Commodity prices are dependent on two factors: Demand and supply. Take copper: I believe demand will continue to increase during the electrical era we are now in. And, since my visit to Africa, I feel the supply of copper is almost unlimited. Hence I forecast little change in price on balance in 1964.

19. Other Basic Raw Materials. With some few exceptions, the above applies generally to many of the basic raw materials, including iron and steel, and especially aluminum. The present firming in quotations will not carry much further and could be subject to setbacks later in the year.

20. Sugar. Sugar prices, however, will hold in a generally high range all through 1964.

21. Building — Suburbia. I forecast that new building will continue around present levels through 1964, with additional growth in "suburbia." This applies to single houses and to apartment houses, which could easily be overbuilt as the hotels and motels have been.

22. Public Construction. Otherwise, strength in building will occur mainly in the public sector — especially roadbuilding.

23. Real Estate. I predict that farms on the "right side" of cities will constantly increase in value during 1964. I say "right side" because every city seems to have some one best direction in which to grow. This usually is toward the higher land and often to the west; but this is something subdivision developers must watch very closely.

24. Rural Areas. As I have said before, the way to buy real estate profitably is to drive out the main road away from the city in which you live, on the "right" side. Every five miles, stop and inquire the price of land; so long as it is quoted by the foot, get back in your car and drive until it is quoted by the acre. Everything else being equal, I forecast that the purchase of this land in 1964 will show you a profit over the long term.

25. Florida Property. There is still a lot of land in Florida, and there are many retired people who are hoping to move there. I forecast that your best Florida buy in 1964 will be waterfront property. God made only so much waterfront land; but there is an enormous amount of interior land which for many years will be good only for pasture. Do not buy land — anywhere — until you see it; don't depend on blueprints, catalogs, and super sales organizations.

26. Florida Home. I believe a small home in a small Florida city, and ownership of the vacant lot on each side thereof, will prove a safe and attractive investment in 1964 for anyone who has a check coming in regularly from the North.

27. Advertising. While TV advertising will continue strong for patent medicines and some other products, I forecast that honest newspaper

advertising will hold its own. Newspaper ads can be cut out and kept for reference, which is impossible with radio or TV ads.

28. Newspapers. I forecast that competing newspapers will continue to consolidate; and there may possibly be a return to the days when newspapers represented the opinions of some one man with courage, influence, and personality rather than the decisions of a "cold" board of directors. Note that this is something television is already trying to develop in its news reports, and newspapers must match it.

29. Strikes. I believe that 1964 will be free from large strikes. The "big show," of course, will be the negotiations between the auto workers and manufacturers. However, I predict that both sides will arrive at a peaceful settlement before the deadline.

30. Wages. While labor will not get all the pay increases it wants in 1964, it will get the equivalent in "fringe benefits."

31. Employment: I forecast employment will rise further in 1964, due to a prosperous economy with new and expanding operations. Unemployment will rise, too, because of the influx of young job seekers and displacement of unskilled workers by automation.

32. Work Week. There will be continuing agitation to cut the 40-hour week in 1964 to a 35-hour week with the same pay. I forecast this will not be accomplished. There may be a compromise to 37½ hours, though this will depend largely upon President Johnson.

33. Foreign Trade. Rising automation in the U. S. in 1964 will enable us to compete more effectively with lower pre-manhour labor costs in Europe. Labor costs in Italy are already rising, and inflation is threatening Europe . . . particularly Italy and France.

34. Inflation. Like the rest of the world, we will be tempted to resort more and more to inflation; but I forecast this will not be a vital factor in 1964.

35. Living Costs. There will be continued upward pressure on living costs during 1964, even through the Administration may soft-pedal any abnormal rise in the Labor Department's index to prove that costs are being held down.

36. Retail Sales. I forecast that 1964 will show an increase in retail sales and in installment purchases.

37. Recreational Equipment. I forecast that the great increase in leisure time and the consistent gains in personal income will give manufacturers of recreational equipment a prosperous year in 1964.

38. Synthetic Foods. I forecast that many new synthetic foods—cheaper than the natural, and just a healthful — will appear in supermarkets in 1964.

39. Synthetic Clothing. I forecast that this new industry will develop notably in the United States during 1964, particularly as regard specialty work clothes.

40. Auto Parking. The auto companies are devoting much study to the parking problem. I forecast real progress toward mechanical parking in 1964.

41. Seat Belts. I predict that insurance companies will put added pressure during 1964 on all state governments to enact legislation requiring "roll-

The Image Of Dallas

(An Editorial)

WHILE THE SPIRIT of Dallas is bowed in the slackcloth of deep grief over the irresponsible acts of two wild-eyed fanatics, we are witnessing the sorry and un-American spectacle of a widespread campaign of slander and vilification designed to discredit and destroy her recognized influence and strength as a center of faith and patriotism, culture and progress.

Two gun-slingers on a shooting spree do not represent nor reflect the true spirit and life of Dallas. Dallas leaders and citizenship alike have firmly condemned the violence. But while the great heart of Dallas has been too deeply moved to speak adequately in its own right, we hear the airwaves literally sizzling and see the pages of the ultra-liberal press spread with the out-cries of a howling horde of left-wingers, pro-Marxists, Communist admirers, opportunistic political aspirants, unhappy social climbers, sensationalist tv announcers, and not a few highly placed officials who are doing their ugly best to project a horribly discolored and false image of Dallas.

East Texans, and especially we here in Longview, will not sit idle as a mum while the red paint bucket brigade puts the big smear on our metropolitan neighbor. When outsiders jump on Dallas and seek to condemn her before the nation and the world as a sinkhole of crime and outlawry, we East Texans can and do proudly declare: It isn't so!

Because two zealots of questionable background wantonly splattered blood on the proud image of Dallas, is it fair or reasonable that uninformed outsiders should join their dastardly cause and make the smear national and international in scope? This is justice gone berserk!

Who are these self-righteous and howling critics who would drown Dallas in the blood spilled by two fanatical acts of violence? They appear to be led by Communist Russia with the "me-too" approval of Cuba Dictator Castro, and apparently are joined by left-wingers, social climbers, and the misinformed who so easily are deceived. What blind fools some mortals be!

WE EAST TEXANS flatly refuse to keep quiet and see Dallas crucified by an unholy aggregation of character assassins, disgruntled misfits and social malcontents who display the strong suspicion of godless foreign isms of questionable color and name.

What has happened in Dallas could have happened almost anywhere. Is a great city to be judged by the action of a mail-order foreign-made rifle said to have been fired by a self-confessed Marxist and admirer of Communism? Can decent-minded people fairly judge a city by the blast of a pawn-shop type revolver stealthily wielded by a Chicago-born night club and dance hall operator with a strange penchant for dating strip-teasers and a passion for social climbing? God forbid!

East Texas people know the heart and spirit of Dallas. We want to tell the nation and the world that we regard it as manifestly unfair and cruelly vindictive for persons standing on the idiotic fringe to try to recast the image of Dallas in a mold of common outlawry because of the foul deeds of two discontented misfits who set themselves as prosecutor, jury, judge and executioner of their fellowman.

DALLAS IS A great city. Dallas is big, dynamic, forceful, cosmopolitan. Dallas also is civic-minded, cultural, patriotic, religious. Dallas has the marks of character and courage, enterprise and leadership, achievement and stability, vision and a steadfast dedication to high purpose.

The great traditions of the free press — established by the late G. B. Dealey of The Dallas Morning News and the late Edwin Keist and Tom Gooch of The Dallas Times Herald, and so ably and commendably perpetuated today by Ted Dealey and Joe Dealey of The News and by John W. Runyon and James F. Chambers of The Times Herald — provide a rich heritage which both Dallas and East Texas admire and cherish.

Dallas is a major stronghold of private enterprise in Texas and the Southwest — the cherished free system which from the earliest days of the Republic has underwritten and continues to sustain the material strength of our nation. This system of free enterprise and individual opportunity, so faithfully nurtured and vigorously promoted by Dallas, not only affords the people the highest standard of living the world has ever known but has given multiplied billions of dollars worth of aid and succor to downtrodden peoples and weaker nations of the world around.

IN A MEASURE almost beyond description, Dallas has contributed to the progress and strengthened the image of Texas as a leader among the states of the Union. The State Fair of Texas, although not exclusively a Dallas institution, has been developed and operated by Dallas for Texas as a whole. It has become the greatest exposition of its kind in the nation. The Cotton Bowl, built and largely financed by Dallas, is nationally recognized as a symbol of Texas and its lead-

ership in outdoors sports and entertainment spectacles.

East Texas, indeed all Texas and her neighboring states, as well, looks to Dallas as the financial center of the Southwest. The enterprising leadership and progressive standards of banking set by such giants as the late Fred Florence and by Nathan Adams, R. L. Thornton Sr. and others, and so admirably and effectively maintained and extended today by James W. Aston, Robert H. Stewart III and Ben H. Wooten, R. L. Thornton Jr. and others, have given Dallas a pre-eminence that challenges and inspires others all across Texas and the Southwest.

Dallas paces Texas and the great central Southwest region in the field of insurance, with such stalwarts as Dan Williams and Ben Carpenter among many others symbolizing the leadership which has built a large number of strong companies which now make Dallas a major headquarters of this important institutional service.

Symbolizing the pioneering role of industrial development of Dallas and much of Texas was the leadership of the late John W. Carpenter, and the present day leadership of young Ben Carpenter and associates in the ambitious dream and worthwhile canalization of the Trinity River and development of its tremendous potential.

All of us here in East Texas are keenly aware of and impressed by the magnificent role in industrial progress which W. W. Lynch continues to play in Dallas and throughout Central Texas. The eyes of Texas have long been on the valuable leadership of E. B. Germany, chairman of the Texas Industrial Commission. The hopes and confidence of East Texas and a great section of the Southwest ride with the current leadership of George A. Wilson and associates such as L. D. Webster and others of the Dallas-based Lone Star Steel Company.

EAST TEXAS LOOKS to Dallas for its religious, educational and cultural inspiration and leadership. For three generations and more, we have often attended and regularly followed the leadership of its fine churches and religious institutions, its colleges and universities, its art centers and libraries, its theaters and symphonies, operas and concerts.

Exemplary courts and honorable and hard-working judges are the hallmark of Dallas.

Dallas has an able, dedicated and widely recognized mayor in Earle Cabell — a man whom East Texas has long admired and loved. Dallas is noted for its energetic and responsible city government.

A major medical center has been in development in Dallas over the years. Today its many modern hospitals, study and research centers, excellent doctors and trained technical staffs have national and world recognition.

Dallas leadership is a major asset to Texas and the nation. It is characterized by ability, courage, energy, friendliness, and understanding. We have named only a few but Dallas has thousands of big men who have served with devotion and faithfulness over the years — including such indefatigable workers as B. Hick Majors, Bob Cullum, Earl Wyatt, Julius Schepps, Henry English, Rae Skillern, Erik Jansson, Stanley Marcus, Willis Tate, and many others.

WE HERE IN East Texas are homefolk with the people of Dallas. We have much in common. Call the roll of Dallas leaders and we find prominent among them many who came from our sand hills and piney woods.

Here in Longview especially do we recognize Dallas as our friend and neighbor. We can never forget that it has been Dallas to which we have turned when we needed help, financial and otherwise, in our pursuit of new industrial payrolls to bolster the economy of East Texas. Across the years—in the cotton era, later in the oil era, and in the latter years of our spreading development as an inland industrial center—we have had the assurance that Dallas was at our side.

Dallas has been the friend of East Texas across the years. Our material, cultural and religious interests are rooted in Dallas. As for many of us East Texans, our friends and kinsfolk are there, and some are buried there.

IN THIS HOUR of crisis and distress when the bright image of Dallas is under outside fire, we in East Texas will not turn our back and run. In the face of a rising chorus of left-wing attacks and condemnation, we will not sit cowed in silence. While some may run for cover before the onslaught of the red smear brigade, we will stand up with Dallas and be counted at her side.

For, you see, we know the great heart and the true spirit of Dallas and have the firm imprint of her proud portrait in our hearts. Whoever would wantonly distort and smear her fair image must learn that when outsiders jump on Dallas they also jump on Texas.

Fair warning is enough. While all honorable Texans condemn and decry deliberate acts of violence, we here and now serve public notice to character assassins of whatever ilk

Political Tempo Quickens

The political tempo is quickening with the end of national mourning for the late President John F. Kennedy as evidenced by these developments:

Seranton—Gov. William W. Seranton of Pennsylvania said he is giving additional thought to becoming a Republican presidential candidate because of the urging of former President Dwight D. Eisenhower.

Stevenson — Adlai Stevenson, U. S. ambassador to the United Nations, said he would run for vice president if President Johnson asked him and "it was both compatible with my health and other considerations."

Lodge — Friends of Henry Cabot Lodge, U. S. ambassador to South Viet Nam, are forming a national committee to boost him for the Republican presidential nomination.

Shriver—Peace Corps Director, Sargent Shriver, said he has no plans to enter politics, but indicated he could be persuaded if President Johnson is the persuader.

Goldwater — In Washington's Republican circles, the feeling grew that Sen. Barry Goldwater of Arizona would signal his supporters to resume their efforts to boost him for the Republican presidential nomination.

It's The Law

Legal trouble is easier and cheaper to prevent than to cure.

Most wage earning, child-bearing, home-buying, installment-paying families don't see much need for a family lawyer.

Often only under prodding, one may have his lawyer prepare a will.

But can you tell a big legal risk for a small one? Can you spot the signs of legal trouble?

Check with your family lawyer when:

1. **Your status changes:** upon coming of age, marriage, the birth of your children, buying a house, divorce or death. For you may then need to draft or revise your will, change your insurance, or re-figure your taxes.

2. **You buy or sell.** Look out for flaws in the papers before you go into debt, part with money, or sign anything involving big expenditures or long-term obligations.

3. **You enter into other contracts.** Promises, spoken or written, bind you if they call for a "consideration," something of value in return.

4. **Someone threatens your rights.** The law exists to defend them but with some rights you must take action yourself for them to work for you.

When you can bring your lawyer "live" facts (e.g. unsigned contracts, vexing tax returns you haven't filed), he can do much more for you, and at a smaller cost than when you bring him "cold" facts (mistakes you have made which threaten trouble.)

But above all, get both live and cold facts to him at once. For time may run out in many such situations. Your lawyer may be able to do something for you today, which he cannot do tomorrow.

Tell your lawyer what you want. Tell him all the facts, good or bad, and then keep him informed all along. He is sworn to keep what you tell in confidence, and he cannot serve you well without full knowledge.

Laney-Doshier Vows Said In First Baptist Church

The First Baptist Church was the scene for a wedding uniting Miss Ruby Jean Doshier and Jim Laney. The marriage was solemnized at 3:00 p.m. Sunday afternoon, December 22, with the Rev. W. H. Uhlman, pastor, reading the double ring ceremony. The altar setting featured two baskets of white gladioli.

Parents of the couple are Mr. and Mrs. H. H. Doshier of Stanton, and Mr. and Mrs. R. E. Laney of Dallas. Miss Phyllis Long, organist, played the processional and recessional. She also accompanied Miss Patricia Miller who sang "Whether Thou Goest" and "The Lord's Prayer."

H. H. Doshier has his daughter in marriage. She wore a gown of white slipper satin and chantly lace. The dress had a scalloped neckline and long sleeves, ending in points at the wrists. The skirt was bell shaped. A crown of seed pearls held the veil of white illusion. She carried a cascade of white carnations atop a white Bible.

Miss Judy Ann Doshier, sister of the bride, was maid of honor. Kay Doshier, cousin of the bride, was bridesmaid. They wore identical dresses of blue satin with bell shaped skirts and long sleeves. The

attendants wore matching shoes and headbands with veils.

Jerry Doshier of Lamesa, cousin of the bride, was best man. Bob Doshier, of Del Rio, also cousin of the bride, was groomsmen. Ushers were Garry Doshier, the bride's brother, and Larry Doshier, cousin of the bride.

A reception was held in Fellowship Hall of the church. The guests were received by the couple, their parents, and members of the houseparty. The serving table was laid with an ecru lace cloth over blue. The centerpiece was an arrangement of blue flowers. Cut glass appointments were used. A five-tiered wedding cake, made by Mrs. Joe Sullivan, cousin of the bride, was served.

Members of the houseparty were Mrs. Joe Sullivan and Margie Laney, sister of the bridegroom.

The bride is a junior student at Sul Ross College at Alpine,

In the Martin-Howard area of the Great Plains, where medium textured soils predominate our agricultural lands, tillage operations should be applied to conserve the organic matter which they contain. Erosion, by wind and water robs our fertile soils of tons of organic matter every year. This lost can only be replaced and held by crop residues, cover crops, or green manure crops. By these methods we can prevent erosion by wind and water and return a large amount of organic matter to the soil.

fort should be made, no matter what kind of equipment used in tilling the soil, to utilize crop residue by managing the maximum amount on the soil surface until about the first of April each year. By permitting these residues to remain, wind and water erosion are held to a minimum and also organic matter is returned to the soil in the spring when the residues are returned to the soil, during seeded preparations.

In tillage operations on the Great Plains, efforts to utilize crop residues should be of utmost importance. In tillage, the maximum amount of crop residue should be allowed to remain on the soil surface to retard erosion and conserve moisture. Every ef-

Marriage Vows Said In Evening Service

Nuptial vows were repeated by Miss Nancy Jean Hampton and Johnny Wayne Barnes Saturday evening at 8 o'clock in the First Methodist Church. The Rev. C. R. Leonard, pastor, officiated in the double ring service.

The bride is the daughter of Mr. and Mrs. Marvin Hampton of Stanton. The bridegroom's parents are Mrs. A. T. Barnes and the late Mr. Barnes, Stanton.

White gladioli were basket arrangements on the altar which was lighted by candles. Mrs. James Jones, organist, provided a program of wedding music and accompanied Mrs. Ronnie McReynolds, vocalist.

Given in marriage by her father, the bride wore a white satin gown fashioned with a lace and pearl-trimmed bodice, long tapered sleeves and

a full skirt which extended into a chapel train. A pearl tiara secured her veil of illusion, and she carried a white orchid.

Mrs. Elizabeth Castleberry, sister of the bride, was matron of honor. Miss Nancy Graves served as bridesmaid, and both wore green brocade taffeta dresses styled with long sleeves and belled skirts. Their flowers were white carnations.

The bridegroom's brother, Richard Barnes, was best man, with Stanley and Donald Barnes, also brothers, the ushers. Tommy Castleberry was groomsmen. Candles were lighted by the ushers.

A reception was held in the church parlor. The couple and the parents formed the receiving line. Miss Carolyn

Kline was in charge of the register.

Spread with white linen, the bride's table featured the wedding cake which was two-tiered and all white. Those who served were Mrs. Stanley Barnes and Mrs. Donald Barnes of Odessa, Mrs. Finley Rhodes, Mrs. Jake Hodges and Mrs. Leon Graves.

Wedding Trip

The couple left afterward for an undisclosed destination. For travel the bride chose a white wool sheath and brown accessories. She wore her bridal corsage. They will return to make their home in Stanton.

The bride is a senior student at Stanton High School where she is a member of the annual staff and chorus. Barnes is associated with Laymon Baker, Stanton.

Visiting with the Udell Morris family during the holidays were Mr. and Mrs. Theo Birdwell and children of Palmdale, California, Mr. and Mrs. W. E. Morris and sons of Cisco, Rev. and Mrs. Billy Morris of Rotan, Misses Mina and Janie Morris of Oklahoma, Mrs. Mary Clydene Meissner and children of Fort Worth, Milton White and sons of Fort

Worth, Mr. and Mrs. Elmo White and daughters of Midland, and Mr. and Mrs. Lee Tate and children of Santee, California.

Mrs. G. B. Pollock spent the holidays in Lorenzo visiting with Mr. and Mrs. Willard Pollock and George, and in Aduff with Mr. and Mrs. Tom Ed Reynolds.

Mrs. Tommie Foreman and George visited over the holiday in Stanton with Judge and Mrs. Shelburne and other relatives and friends.

Bobby and Glen Wren, sons of Mr. and Mrs. Chalmer Wren, have returned to the University of Texas campus. The Wren boys played in the band at the Cotton Bowl game.

Sorrels-Nowlin Vows Pledged In Stanton

Mrs. Nolan Sammy Sorrels

Double ring rites were read for Mildred Clauden Nowlin and Nolan Sammy Sorrels Saturday evening, December 21, at 6:00 p.m. in the First Baptist Church of Stanton, with the Rev. W. H. Uhlman, pastor of the church, performed the ceremony.

The bride is the daughter of Mr. and Mrs. Claude Nowlin. Parents of the bridegroom are Mr. and Mrs. N. I. Sorrels of Borger, Texas.

The church was decorated with candelabums in front of the altar and down the aisles. White candles were used in the candelabums.

Miss Phyllis Long, organist, played traditional wedding selections and accompanied the vocalists, Miss Kay Bryan and Mrs. Carol McReynolds. They sang "My Love, My Love" and "Always" as a duet; their solos were "Wedding Prayer" and "The Lord's Prayer."

The bride was given in marriage by her father. The bride wore a gown fashioned of white satin and chantilly lace with detailed bustled rows of lace and a front lace panel. Long sleeves were tapered to points over her hands, and a pearl encrusted bandeau secured her fingertip veil. With a white Bible, the bride carried a cascade bouquet of

white carnations centered with a white orchid. In keeping with tradition she had something old, new, borrowed and blue, and she had birth-date pennies in her shoes.

Mrs. Courtney Clements of Farmington, New Mexico, sister of the bride, was matron of honor. The bridesmaids were Mrs. Judia Foreman of Midland, and Mrs. Sheila Williams of Lubbock. The attendants wore identical attire. Their red brocade silk sheaths were trimmed with matching cummerbunds and bouffant half-bows at the back necklines. Their hats and slippers were of matching red shade, and they wore white gloves. They carried white lace fans with clusters of red carnations and white streamers.

The bridegroom's father served as best man. Dan Foreman of Midland, and Kenny Block of Beautonville, Arkansas, were groomsmen.

Candles were lighted by Rickie Grace and Tony Tippet, cousins of the couple. Leigh Tippet, the bride's cousin, was flower girl, and Jay Foreman of Midland, was ring bearer.

Ushers were Kenneth Block, Dan Foreman and Phil Foreman.

Reception

Guests were received after-

ward in the hall of the Cap Rock building, where they were registered by Mrs. Tommy Newman. The guests were received by the couple, their parents, grandparents and the wedding party.

The bride's table, spread with a floor length white satin cloth, was centered with the bridesmaid's red carnation bouquets. Silver candelabra held red tapers. Red linen covered the bridegroom's table where guests were served from a silver coffee service.

Members of the house party were Miss Brenda Standefer, Miss Joyce Standefer, Miss Jan Block, Miss Cindy Britton, Miss Jackie Ann Cowan, and Miss Jan Tippet.

Guests attended from Odessa, Tahoka, Midland, Big Spring, Lubbock, Borger, Pampa, Lampasas and Bentonville, Arkansas.

Stanton Residence

Returning from a wedding trip to an undisclosed destination, the couple will reside at 607 Gray St. Before departing, the bride changed to a turquoise silk suit, with which she wore multi-colored bro-
