

## Southern Baptist Mission Board Plans For Expansion

The Southern Baptist Foreign Mission Board expects to have 50 single college graduates in strategic missionary tasks overseas by September 1, 1965, according to Rev. Louis R. Cobbs, director of its new short-term program.

Named the Missionary Journeyman Program, the project is part of the board's plans for expansion calling for 5,000 missionaries. It is designed for college graduates who do not feel called to a missionary career but who have dedicated

talents and vocations to Christ and are willing to serve overseas for two years.

Mr. Cobbs, an associate secretary in the personnel department of the Foreign Mission Board, says: "These trained young people will work in many of the 56 countries where Southern Baptist missionaries are now serving. There, under the direction and supervision of career missionaries, they will share their Christian faith and perform tasks to meet critical needs."

Single college graduates under age 27 who are active workers in Southern Baptist churches are eligible for consideration as missionary journeyman. Those selected will serve a two-year, nonrepeatable term after 10 weeks of intensive training. They will receive travel expenses, housing and meals, and small salary.

They will be sent to do specific jobs as requested by the Missions (organizations of missionaries.) Early requests are for youth workers, a laboratory technician, an office secretary, a draftsman, a college teacher, a pharmacist, a youth and music worker, and a librarian.

Many young people have already requested application forms. These will be mailed October 15. Deadline for applications to be in is December 31. For additional information write: Volunteer Division Foreign Mission Board, Richmond, Va.

# Safety Manager Cites Danger Of Pesticides

The Texas Safety Association today warned homeowners of the misuse of pesticides and reported that about 75 percent of pesticide accidents occur to children under age 10.

"Householders, apartment dwellers, home gardeners and farmers are using more pesticide chemicals each year, and when used according to instructions these pesticides

have achieved striking success, J. O. Musick, TSA General Manager said.

"However, pesticides must be handled with care and directions must be followed meticulously for safety as well as for best results."

There are about 50,000 trade-named pesticide products. These are made up from about 200 basic chemicals. These materials help keep homes

free of ants, roaches, silverfish and other fish. They also protect flowers, trees from damage by insects and plant disease, and they keep out destructive rodents and clear lawns of unwanted weeds.

Pesticides which are highly toxic are required to be labeled with a skull and crossbones, the word poison printed in red, and the proper antidote.

Musick advised reading the label on each container before each use as pesticide spray in one container may be quite different from the spray in another.

He reported that about 75 percent of the accidents from misuse of pesticides occur to

children under age 10, and about 90 percent of these occur among children under age five.

"Most of these accidents could be prevented if adults would follow the general safety rules for use and storage of pesticides," he emphasized.

The safety director suggests the following safety precautions:

Read the label. Follow instructions for application and heed all directions and warnings.

Store pesticides in locked cupboards or rooms where children, pets or irresponsible persons cannot reach them. Do not store near foods of any kind.

Keep pesticides in their original containers only. Always keep containers tightly closed. Never put pesticides in unlabeled gallon jugs, pop bottles, buckets, cups, paper bags or other common food containers.

Use only the amount of pesticides, called for on the label, and avoid breathing spray mists or dusts.

Do not smoke while using pesticides, and avoid breathing spray mists or dusts. Be sure to wear a suitable mask or respirator if the label recommends it. Keep sleeves rolled down and collar buttoned.

Always wash hands and face after using pesticides. If

exposed to dust or spray mist, change clothing. If pesticide is spilled on clothing, remove clothes immediately and wash yourself with soap and water.

When using insecticides or other pesticide sprays or dust in the house, remove or cover food and water containers. Do not leave aquariums or fish bowls exposed. Be sure to keep pets out of the treated area until the spray mist has settled completely. This is particularly important if you use one of the currently popular insecticide fumigating devices.

Don't leave empty pesticide containers where they will be a hazard to humans, especially children, or to animals.

THE STANTON REPORTER, THURSDAY, JULY

Burn paper bags and cardboard boxes, being sure to stay out of the smoke. Never reuse cans and bottles that have contained pesticides.

In closing Musick said if you should suddenly feel sick while using a pesticide, or shortly thereafter, call a doctor immediately.

"Doctors and hospitals have available information to treat you effectively if they are called promptly," he explained.

"In an emergency, be sure to take the pesticide container and label with you when you go to the doctor's office or hospital."

Jerry Johnson, mentioned with the National Francisco, has been for several days with Avery. The two also were Del Rio while Johnson here. He is a former of Stanton.

Mrs. David Baucom daughter, Connie, of Tyler, visited with her parents, Mr. and Mrs. Woodford Sale, during the past weekend. Also Jack Ward of Kilgore, came for his wife, Sharon, and son, Scott, who had been visiting here for the past week. They all returned to their homes in East Texas Sunday.

Texas 4-H'ers Eligible For Increased Scholarship Grants

Twenty-five college bound 4-H Club members in nine states including four from Texas, will find their educational fund increased by \$100 in 1964.

The Santa Fe Railway System, donor of these grants and other 4-H educational awards, has increased their college scholarships to \$500, according to Floyd Lynch, state club leader.

The railroad has actively supported 4-H Club work for more than 40 years, and has provided scholarships since 1951. Presentation of the 1964 scholarships by Ernest S. Marsh, president of Santa Fe, will take place in Chicago this fall.

In announcing the increased value of the scholarships, State Leader Lynch also called Texas 4-H members' attention to the 12 other educational awards annually provided by the company.

AT ALL DRUG STORES

extension service workers during the summer and early fall. Scholarships and other awards in the program are given in recognition of 4-H achievement in projects and activities, demonstrated leadership abilities and personal growth and development.

Two of Texas' most recent (1963) scholarship winners in this program currently are in college. Joyce Rodgers, Rt. 3, Brownwood, has completed her freshman year at Texas Woman's University.

For additional information on qualifications, supporting evidence needed, and deadlines for submitting records of accomplishments, State Leader Lynch encourages 4-H members to contact their county extension agent.

Tips On Drying Fresh Peaches

After you've canned, frozen, eaten and given away all of the peaches you can from your backyard tree — and there's still some left — try drying these fruits.

According to Mrs. Mildred Elland, county home demonstration agent, dried fruits will keep a year or so when stored in a cool, dry, dark place.

Here's how to dry the fruit — in your oven. Select about 6 pounds fresh, ripe, firm fruit. Wash and drain. Peel if you wish, then cut in halves and remove pits.

To prevent discoloration, soak 15 minutes in a solution of 3 1/2 tablespoons sodium sulfite to 1 gallon of water. A druggist can supply sodium sulfite. Two other, but less effective, treatments are: (1) to dip fruit in a salt-water bath of 4 to 6 tablespoons salt to 1 gallon of water for about 10 minutes or (2) pre-cook fruit in steam or boiling water until tender but firm.

Arrange fruit on trays and place in 150 degree F. oven with the bottom tray 3 inches from the oven floor. Do not use top unit in electric oven. Prop open the door of an electric oven about 1/2 inch; a gas oven door, 8 inches. Helps control heat and lets out moist air.

Alternate trays every 1 or 2 hours. Fruit is dry when pliable and leathery, usually about 6 hours or longer. Pieces around the edges of the tray will dry first. Remove these as soon as they are dry.

Cool and package at once. Pack dried fruit in glass jars, plastic, metal or heavily waxed cardboard frozen food containers. Use a tight fitting lid.

Senate OK's 1964 Date On All Coins

In an effort to discourage widespread hoarding and speculation in coins, the Senate has approved use of the date 1964 on all new coins until the current nationwide shortage is over.

The measure now goes to the House. Sen. A. Willis Robertson, D-Va., obtained passage of the emergency legislation by voice vote with a brief explanation.

Redistricting Plans Sifted

State and local politicians these days spend much of their spare time with a map of Texas, a pad of scratch paper, a pencil and a Texas Almanac.

The problem in many cases is one of survival; to redraw the state's 23 congressional districts into equitable sizes — 416,508 is the number the federal courts picked — and map it out.

At a fourth public hearing Tuesday in San Antonio, the special Texas Legislative Council committee studying the touchy congressional problem will hear still more proposals for channeling the state's 254 counties into equal house seats.

Members of the committee are Sens. Abraham Kazen, Jr. of Laredo and George Moffett of Chillum, its chairman; and Rep. Paul Floyd of Houston. Wayne Gibbons of Breckenridge, Gus Mutschler of Brenham, Tommy Shannon of Fort Worth and Richard C. Siack of Pecos.

Earlier the hearings were held in Dallas, Fort Worth and Houston, with additional meetings likely in West Texas and the Rio Grande valley.

At issue is the basic liberal-conservative Democratic struggle and the emerging Republican party organization. But also to be considered are questions of seniority and geography.

One of the first complete plans to emerge was presented by state Rep. Bob Eckhardt of Houston at the hearing there, a plan the Bexar County Democratic coalition quickly embraced as their choice for Bexar County redistricting.

The plan gives Harris and Dallas counties three and two representatives respectively, overlaps Dallas and Tarrant county residents into a separate district and gives Bexar County two S. Antonio-dominated seats with a few rural counties tacked on.

The plan proposed by the Houston solon would pit Reps. Wright Patman and Lindley B. Beckworth against each other. And it would have Rep. Ray Roberts of McKinney and Rep. John Dowdy of Athens in the same ring.

One district would include Webb, Zapata, Starr, Hildago and Cameron counties.

Eckhardt proposes splitting Bexar County east and west. Dallas County's two districts would be heavily Republican. West Dallas and eastern Tar-

leton counties could be held by Rep. Jim Wright or congressman-at-large Joe Pool. Another district would extend from Tarrant County to include Johnson, Hood, Parker, Denton, Wise, Montague and Cook counties.

Reps. Omar Burleson and Graham Purcell would fall into another district suggested by Eckhardt. Republican Ed Foreman of Odessa would be cut out of his far-West Texas district and tied to Rep.

er Phillips of Midland, accompanied by his family and Mrs. Ralph Webb and family. 10. A 1923 Cadillac owned by Dr. W. D. Kelly of Midland, driven by Mrs. W. D. Kelly, and accompanied by their family.

11. A 1938 Cadillac Limousine owned by Dr. W. D. Kelly of Midland, and driven by his brother Phil Kelly.

With Foreman's home county, Ector, however, would come Midland County. Both are heavily Republican.

Reps. Jake Pickle of Austin, Jack Brooks of Beaumont, George Mahon of Lubbock, Walter Rogers of Pampa, Olin Teague of Bryan, Bob Poage of Waco, Clark Thompson of Galveston and John Young of Corpus Christi, all appear safe on the Eckhardt map.

Barnett Says Rights Force Should Leave

Both Mississippi and the civil rights workers in the South would be better off if the "traveling agitators" would "simply go home," former Mississippi Gov. Ross Barnett said Tuesday night.

In a speech his audience punctuated with rebel yells, Barnett described the integrationists as "breaded beatniks trying to stir up trouble." Barnett spoke before 2,000 persons in place of Gov. George Wallace, D-Ala., who at the last minute declined an offer by the Citizens Council of America in Texas, Inc., to speak.

A representative of Wallace said since the governor has announced he would not be a candidate for the presidency, his schedule has been disrupted.

As Barnett entered the music hall in downtown Houston pickets, both negro and white, paraded near the entrance.

There were no incidents other than a few insults exchanged between integrationists and a dozen or so pro-segregationists who appeared as rival pickets. About 50 policemen were stationed at the Music Hall.

Barnett spoke from a flag-lined platform. American flags were to his left, Texas flags to his right and a lone Confederate flag was in the center.

Many horsecar lines in the 1880's had funeral cars with a hearse compartment.

Antique Cars Featured In Recent Parade

The Midland Antique Automobile Club presented the following cars recently in the parade at the Martin County Old Settlers Reunion.

Below is a list of the owners and those who drove and rode in the antique cars: 1. A 1901 Oldsmobile (replica) owned by Troy and Jean Roberts of Midland, and driven by Jean Roberts, accompanied by Mrs. Dorothy Phillips of Odessa.

2. A 1923 Cadillac, owned and driven by Troy Roberts of Midland, accompanied by his daughter, Ginger.

3. A 1928 Chevrolet Roadster, owned by Troy Roberts of Midland, and driven by Leonard Short of Midland.

4. A 1937 Duesenberg Touring car, owned and driven by Fillmore Epley of Midland, accompanied by Mike Mitchell.

5. A 1937 Super Charged Cord Sedan, owned and driven by Mrs. Charlotte Epley of Midland, accompanied by Mrs. Van B. Mitchell and her daughter, Patricia Mitchell.

6. A 1937 Auburn Phaeton owned by Fillmore Epley of Midland, driven by Jimmy Epley, accompanied by Mrs. Iva Lee Epley.

7. A 1931 Auburn Sport Sedan owned by Fillmore Epley of Midland, driven by Ed Hewitt, accompanied by Mrs. Jno. F. Epley.

8. A 1933 Chevrolet Sedan owned and driven by Odell Anders of Midland, accompanied by his wife and children, and also the mother of Mrs. Anders, from Merkel.

9. A 1925 Chevrolet Touring Car owned and driven by Rog-

# Goldwater Try To Eliminate Civil Rights Topic Refused

Senator Barry M. Goldwater, candidate for President on the GOP ticket attempted to get President Lyndon Johnson to try and eliminate the civil rights issue as one to be discussed in the coming campaign but Johnson refused to go along. President Johnson said the issue was one of concern to the American people regardless of one's ancestry, creed, or race and would have to be discussed in the campaign. Johnson also predicted a rough campaign. "Most campaigns are rough campaigns," Johnson stated. "I'm an old campaigner. I've been at it 30 years." Shortly before President Johnson met with Senator Goldwater in the White House he held a press conference and at that conference indicated he would not agree to Senator Goldwater's try to keep the civil rights matter out of the political arena. Senator Goldwater wanted the talk with President Johnson to attempt to work out a plan to eliminate the civil rights issue from the campaign in order to keep down violence, rioting in the streets and illegal marches and unlawful breaches of the peace.

now going on above the Mason-Dixon line. Shortly before Goldwater and Johnson talked, Martin Luther King issued a statement from his "battle station" in Mississippi saying that he wanted the civil rights issue kept in the campaign discussions as a major issue. King is now in Mississippi organizing a delegation of negroes to demand seating at the Democratic National Convention to be held in Atlantic City, New Jersey in late August. King's forces will attempt to get the Democratic National credential committee members to reject the white delegation from Mississippi. King has predicted favorable consideration from the Democratic group. The committee will possibly meet Mr. and Mrs. Delbert Franklin and Terry, and Steve Hall left Thursday for a visit with relatives in California. They will visit with Mrs. Franklin's parents, Mr. and Mrs. W. E. Allgood in Fresno, and her brothers, Kenneth and Bill Allgood in San Jose. They will also visit with Billy Franklin in San Diego, who is a brother of Mr. Franklin. They will be gone approximately two weeks.

# Bird Breeders Meet In Texas

A southern state has been chosen for the first time for the annual convention of the American Pheasant and Waterfowl Society. The organization meets in San Antonio August 21-23 with breeders from the United States, Mexico and Canada attending. The society has been a factor in promoting the rearing of upland game birds and waterfowl on a private basis and this, according to Texas Parks and Wildlife Department officials, has providing hunting sport on shooting resorts for thousands of hunters. Bob Grant, convention host, said game bird breeders from the southwest are particularly urged to attend the convention since, he said, "It may be years before they again have an opportunity to contact some of the most famous breeders in America." Interested persons should write Grant at 222 Pike Road, San Antonio. gators sometimes get bored with their surroundings. Then it isn't at all unusual for them to pack their alligator suitcases and move. After the pastoral hubbub, Easterly counted his cows, found them all present and accounted for, then began looking for a home for the reptile.

# 'Gator Ahoy! Cows Spared

When a strange varmint's running loose in the pasture it's usual to drop a rope on him. Not so usual is the type of varmint roped by Elmer Easterly in his pasture near Pritchett in East Texas. His jasso found itself around a seven-foot alligator. Easterly named his intruder "Bigun", estimated his age at more than seven years, and promptly boned up on alligator-lore in an encyclopedia. He figured that reading was safer than a close-up examination. This, according to W. R. Long, information and education officer for the Parks and Wildlife Department, is likely correct. There are muddy sloughs nearby, and presumably all-

State Board of Control is willing to go only halfway in the drive to take energetic tourists to the top of the capitol dome. State purchasing and house-keeping agency asked for \$16,950 to open the dome to the fifth floor. Sightseers now must stop at the fourth floor landing. Board of Control looks with disfavor on tourists going 41 feet higher, to the tip-top. "Structurally," said the board, "the capitol dome is thoroughly safe for its intended and original purpose — which was not as a tourist attraction." Cost of opening the dome to the public — complete with guide service, security, repainting and janitorial service — was estimated at an additional \$52,000. Even opening the fifth floor landing is complicated enough, said the board. Included in its recommendations were \$4,000 for a grill to catch objects dropped from the lofty landing; \$3,000 for a ventilation system in the stairwell areas "to keep people from dropping out from exhaustion while climbing"; \$2,000 to run a water line and install a fountain; \$2,500 for annual repainting to hide the work of slogan-writers; and \$350 for a first aid kit. Courts Speak — Texas Supreme Court has declined to reconsider an earlier decision holding off pipe shipping rates set by the Railroad Commission in 1962 while they are in contest. High court refused the commission's request for rehearing. Oil field truckers called for suspension of the new rates, claiming they give railroads an unfair advantage. In another case heard by the Supreme Court, a Railroad Commission production formula for Fairway Field in East Texas, largest U. S. oil discovery in the last eight years, is under attack. W. L. Pickens brought the action to void the formulas for the field in Anderson and Henderson counties. Pickens claims the formulas would allow neighboring leases to drain oil from under his property. Under the commission order, allowables would be based 50 per cent on tract size and 50 per cent on acre feet of oil-bearing sand beneath. District court here has upheld the order. Finance companies won a major battle with the state when the Third Court of Civil Appeals in Austin refused Regulatory Loan Commissioner Frank Miskell's motion for rehearing on the state's case against Terplan, Texas Public Finance, Beneficial Finance and Consolidated Credit. Court affirmed the opinion of the 53rd District Court in Austin that the 1963 Texas Loan Act section which says a loan company cannot be licensed unless 51 per cent of its stock is owned by Texans is unconstitutional. Education - Job Opportunity — Texas Department of Public Safety is offering educational opportunities along with jobs for young men who can qualify. Fifty will be selected between August and October for the DPS Law Enforcement Academy here. Graduates of the four-month school, covering 800 hours of instruction in 95 subjects, will fill vacancies in the highway patrol, license and weight, motor vehicle inspection or drivers licensing divisions. Young men 21 to 35 who can meet physical and mental requirements will be given qualifying examinations on August 8, September 12 and October 10. School will begin on November 19. Students earn \$375 a month while in training and \$438 to \$453 a month on graduation. Redistricting — Fourth in a series of public hearings held by the Legislative Council Study Commission on Congressional Redistricting will be held in San Antonio. Legislators seek public opinion on the way to draft redistricting to conform with the U. S. Supreme Court edict. It's a matter which must be settled during the 1965 session. Speaker of the House Bryon Tunnell says he believes redistricting should be the first item on the Legislature's agenda. Passenger Train Hearing Set — Railroad Commission issued notice that it will hold hearings on the Texas and

# Ellender To Shun Party Convention

Sen. Allen Ellender, D-La., said today he has decided not to attend the Democratic national convention next month. Instead, he will spend the time in Louisiana. He has been designated as a delegate to the convention, but he said he will not go "because I want to spend some time in the state visiting every parish." His term extends to 1967. Ellender said he hoped President Johnson will not select Atty. Gen. Robert (Bobbie) Kennedy as vice presidential candidate. "There is no question," Ellender said, that the selection of Kennedy "would hurt the Democratic ticket throughout the South." recorded a rise of five per cent over the first half of 1963. Biggest increases over the 1963 period were made by automotive dealers and stores dealing in women's ready-to-wear. But every retail category showed a rise, except meat-less grocery stores. SHORT SNORTS State Education Commissioner J. W. Edgar still is looking into complex legal angles of an Eagle Pass school controversy in which former Odessa W. T. Poulos was dumped as superintendent two weeks after he was hired, in the wake of a school board election. The highway and heavy construction industry in the U. S. cut its industrial accident rate in half between 1948 and 1961, according to Hugh McMillon, president of the Texas Highway - Heavy Branch, Associated General Contractors. Yorktown Community Bank, DeWitt County, and Security Bank of Spring, Harris County, were chartered by State Banking Board. Texas Employment Commission announced it had selected 200 youth counselors to work in the intensive Federal-State effort to rehabilitate unskilled and unemployed youth. Mr. and Mrs. Beryl Clinton and Charles vacationed last week at Galveston, Corpus Christi, and San Antonio. Clinton also attended a business meeting in Houston while they were away. Tortoise shell combs are made from the shell of a tropical marine turtle.

# Turner Home Is Scene Of Wedding

Mrs. Pauline Crawford of Big Spring, and Alvin Morgan of Stanton, were united in marriage Friday evening, July 24, at 8:00 p.m. at the home of his sister, Mrs. Alton Turner. A Eilmore Johnson minister of the Stanton Church of Christ, officiated at the single ring ceremony. Vows were said before the fireplace flanked by baskets of white gladioli on either side. The bride wore a pink brocade dress with white accessories. She carried a white Bible and a bouquet of deep pink feathered carnations. Immediately following the ceremony a reception was held in the Turner home. The bride's table was covered with a white linen cloth with red linen underlay. The table was centered with a floral arrangement of red roses. Table appointments were in milk glass. Mrs. Weems Williams of Lubbock, and Miss Rhonda Morgan served the two tiered wedding cake and red punch to guests attending the affair. Morgan is employed by the Stanton Independent School District, and the couple will reside in Stanton. Approximately 25 guests from Lubbock, Big Spring, and Midland were present for the ceremony. Patronize your local stores!

## PUBLIC NOTICE

### Proposed CONSTITUTIONAL AMENDMENT NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 3, 1964. SENATE JOINT RESOLUTION NO. 6 proposing an amendment to Section 5 of Article VII of the Constitution of the State of Texas so as to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund. BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS: Section 1. Section 5 of Article VII of the Constitution of the State of Texas is amended to read as follows: "Section 5. The principal of all bonds and other funds, and the principal arising from the sale of the lands hereinbefore set apart to said school fund, shall be the permanent school fund, and all the interest derivable therefrom and the taxes herein authorized and levied shall be the available school fund. The available school fund shall be applied annually to the support of the public free schools. And no law shall ever be enacted appropriating any part of the permanent or available school fund to any other purpose whatever; nor shall the same, or any part thereof, ever be

appropriated to or used for the support of any sectarian school; and the available school fund herein provided shall be distributed to the several counties according to their scholastic population and applied in such manner as may be provided by law." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors at an election to be held on the first Tuesday after the first Monday in November, 1964, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund." "AGAINST the Constitutional Amendment to remove the authorization to transfer not exceeding one per cent annually of the total value of the permanent school fund to the available school fund." Section 3. The Governor of Texas shall issue the necessary proclamation for the election of this amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this State.
