FINEST CLIMATE ON EARTH WHERE HEALTH, HAPPINESS AND PROSPERITY AWAIT THE HOMESEKER

Vol. LVIII—No. 13

STANTON, MARTIN COUNTY, TEXAS (79782), THURSDAY, MARCH 25, 1965

8 Pages—Price 5c

## VARIETY

By NEAL ESTES

March 26 is an important date for farmers. It is the deadline date for signing under the 1965 feed grain, cotton, and spring wheat programs. Details on each of the programs are available from county ASCS offices.

March is egg month. They're plentiful and economical, and one of the most easily and completely digestible foods. Eggs are also loaded with protein, vitamins and minerals.

USDA has released the annual Livestock Inventory. Cattle and calves on U. S. farms and ranches on Jan. 1, 1965 totaled 107.2 million head — up 106.7 a year earlier. Dairy animals decreased three per cent. In Texas there was no change in beef cow numbers but dairy cows were down; sheep numbers were down eight per cent and hog numbers dropped 24 per cent.

The TEXAS SENATE voted to increase their terms of office from four to six years. I don't like that decision at all. Long terms lead to complacency. If the senators — this group of 31 want long terms, then let them all resign and run from scratch for the six year terms. In any event, if the six-year term bill becomes law then let's put a clause in by amendment that would make them ineligible to succeed themselves. Giving six year terms is in fact, denying the right to run for office to many fine young men and women who have political ambitions.

By-the-way, governors in Louisiana and Oklahoma are elected for four years, but they positively can't succeed themselves. To vote any candidate entrenchment in office is a mistake. The U. S. Congress recognized this fact when they made it unconstitutional for a man to hold the presidency for more than two terms.

### Grady School Honor Roll Is Made Public

The honor roll was released for Grady School, for the fourth six weeks, lists the following students:

Third Grade: Alma Amaya, Carletta Pierce, Darilyn Jo Stewart, Deborah Clepper, Jody Yates, Judy Posey, Lana McKaskle, Leatrice Glaze, Nancy Pribyla, Randy Mattingley, Ronny Feaster, and Terry Tate.

Fourth Grade: David Pribyla, Junior Urias, Stephen Wood, David Chandler, Preston Springer, Pamela Roper, and Robert Hildreth.

Fifth Grade: Teresa Louder, Janice Haggard, and Gloria Bryand.

Sixth Grade: Rita Pribyla, (Continued on page 4)

### Junior Play And Cast Selected

"Take Three Girls," a bright and entertaining comedy by Peggy Ferrway, has been selected as this year's junior class play.

Tryouts for the play were held March 11 at the high school auditorium, under the direction of Don Youngblood, speech and drama teacher, and Roy Dodds, junior class sponsor.

The cast and characters they are portraying are as follows: Dwight Aswell, Larry Haggard; Wanda Larkin, Cindy (Continued on page 4)

### Estes Gives \$10,000 To Texas Press

Longview Publisher Carl L. Estes, brother of Neal Estes, editor of The Stanton Reporter, contributed \$10,000 and thereby became the first donor to a \$225,000 building fund with which the Texas Press Association will build a permanent home at Austin.

Staley McBrayer of Arlington, a classmate in college of Neal Estes, is chairman of the TPA building finance committee.

The Longview newsman presented his check to Aubrey McAllister, Bonham publisher and current president of the Texas Press Association.

McAllister, in accepting the Estes donation said: "Wherever you go in Texas, it is common knowledge that Carl Estes not only has built great East Texas newspapers, but has also used the newspapers and his own energies to build his community."

### Arthur Lefevre Honored By Texas Newsmen

Arthur Lefevre, Jr., Houston, well known Texas newspaperman and outstanding citizen, was honored at the North and East Texas Press Association meeting in Longview when he was named assistant to the president of that group.

Lefevre is also prominent in the West Texas Press Association. He has attended all of the meetings of all the state press groups in past years. Currently, he is serving as chairman of the resolutions committee of the West Texas association.

Editor Lefevre was a great friend of the late Jim Kelly of Stanton.

When advised that Arthur Lefevre had been named assistant to the president of the North and East Texas press group, Editor Estes of The Stanton Reporter said: "He is a great and courageous journalist and not only a man of letters but of immense personal charm and in my opinion personifies by daily living all the attributes of a real dignified and courtly southern gentleman."

### Editor's Mail

WEST TEXAS GIRL SCOUT COUNCIL  
Incorporated  
304 Mulberry Street  
ABILENE, TEXAS 79601  
March 17, 1965

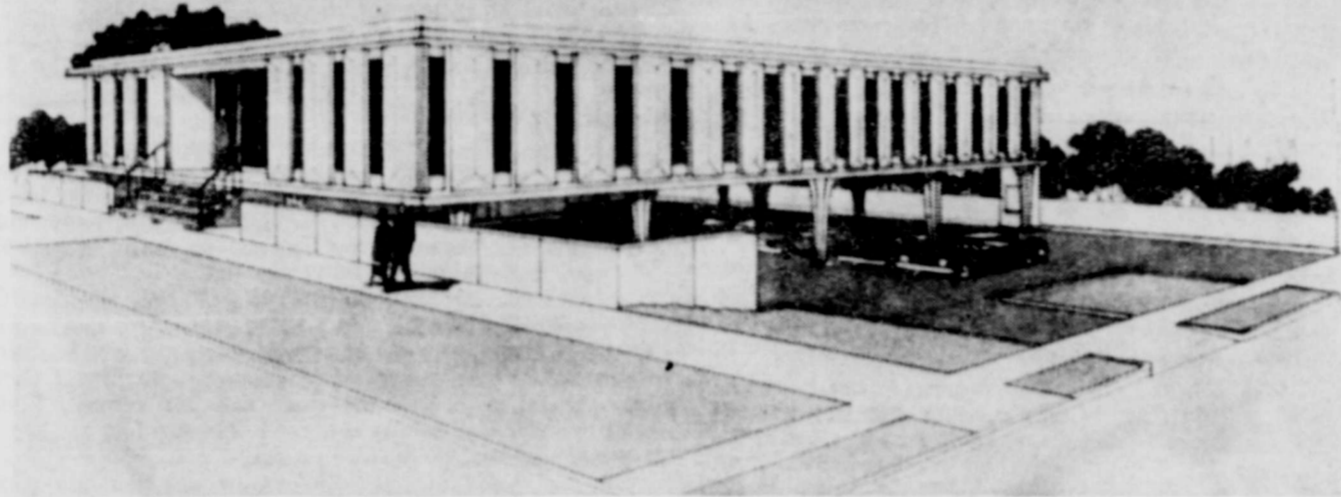

Mr. Neal Estes, Editor  
Stanton Reporter  
West Broadway  
Stanton, Texas

Dear Mr. Estes:

A very special "thank you" to you and to everyone at The Stanton Reporter who contributed to the success of our annual Cookie Sale and to inspiring public interest during Girl Scout Week.

Every member of our West Texas Council appreciates your time and effort, in addition to your belief and interest in the Girl Scout movement. We are indeed grateful for your generous assistance in the expansion of our program.

Gratefully yours,  
Gloria Zeraga  
Director of Special Services.

PRESS ASSOCIATION PLANS HOME—This is the architect's perspective of the \$225,000 home the Texas Press Association plans to build in Austin.

### Stanton High Group To Attend Midland Assembly

The Texas Association of Student Councils will be having its 29th annual conference in Midland this week. Delegates from schools all over the state will be converging on Midland and Lee High schools, hosts for the affair, which lasts from Thursday afternoon until Saturday noon.

Representing Stanton at the conference will be officers elected for next year. They are: Guy Brown, Buddy Shanks, Brenda Dyson, and

Mike Springer. Bill Johnson will accompany the group. In announcing the meeting, Johnson said a student "mixer" will be held Thursday night, where students will gather for recreation, and to exchange ideas and visit with members from other delegations. General sessions will be held all three days, and at the final general session on Saturday morning, delegates from each school will vote for officer's school for the coming year.

### Mrs. Stallings Submits Her Statement

(Editor's Note: Last week we issued a blanket invitation for our candidates for all school board places and seats to take advantage of the opportunity to use the columns of their home county newspaper free of charge to make short statements concerning their reasons for running for the various offices. We are pleased to have Louise Stallings' statement. She is the wife of Jimmy Stallings and a lady who is concerned about her community and as the sister of our good, capable and loyal friend, June Graham, has a head full of good common sense.)

I would like to take this opportunity to let the public know that I am running for (Continued on page 4)

### GI Insurance Available On May First

All veterans of World War II and the Korean Conflict who believe they are eligible to purchase the new GI insurance beginning May 1, 1965, can get full information at Veterans Administration regional offices throughout the country.

VA has urged those who can to visit or telephone the regional office nearest their home while those who live at too great a distance may write for a printed information sheet, outlining the provisions of the new law. In the Southwestern area, letters may be addressed to VA Regional Office at Waco, Houston, Lubbock and San Antonio, Texas; Shreveport and New Orleans, Louisiana; and Jackson, Miss. (Continued on page 4)

### Patti Harrell Honored At Texas Tech

Patti Harrell, daughter of Mr. and Mrs. W. E. Harrell, was honored at the all-college recognition service at Texas Tech Sunday, March 21. This is the fourth time Patti has been recognized. In addition, she will receive an award for having made the highest scholastic average in the school of business administration during the spring and fall semesters of 1964.

Miss Harrell is a member of Beta Alpha Psi, the national honorary sorority in accounting, and has served as secretary for the past three semesters. She has also served as treasurer for Phi Gamma Nu for five semesters. Phi Gamma Nu is the honorary sorority for women commerce majors. Miss Harrell was initiated last spring into Phi Kappa Phi, the national fraternity for excellent scholarship. She is (Continued on page 4)

### Stanton Lions Hear Brown's Hobby Report

The Stanton Lions Club met at Motel Belvue at their regular noon meeting Tuesday, with Udel Morris, president, presiding.

Finley Rhodes led the singing, accompanied by Lion Sweetheart Pauline Wood. George Costlow led the pledge to the flag. Rev. Leonard gave the invocation.

Program chairman for the month of March, John Roueche, introduced Guy Brown, who gave a talk on how he became a rock hound. He also showed some very interesting samples of his rock collection, which he has assembled during the past 11 years.

Guests of the club were the three finalists for the queen contest, with the winner to represent the Stanton Lions (Continued on page 4)

### FHA Members Attend Meet In Odessa

The Future Homemakers of America of Area II, held their annual area meeting at Permian High School in Odessa on Saturday, March 20.

Linda Manning was selected as the candidate from Area II to run for national office. She will go to Dallas the latter part of April to appear before the nominating committee with girls from the other nine areas in the state. Eunice Stephenson was (Continued on page 4)

### Cities Service Testing In For Grayburg

By JAMES C. WATSON  
Cities Service Oil Co. is testing for a Grayburg discovery completion in Martin County, 19 miles northwest of Stanton at the No. 1-K Scharbauer.

It has perforations at 4,549-552 feet and that section has been treated with 3,500 gallons of mud cake. On the latest pumping gauge, in 70 hours, it returned 24 barrels of oil and 98 barrels of water. Location is five miles northeast of the multipay Mabee field, 660 feet from north and east lines of league 324, LaSalle County School Land survey. (Continued on page 4)

### Workman First To Submit Press Statement

(Editor's Note: In the last issue of The Stanton Reporter, the official legal publication for Martin County, the City of Stanton, and all county school districts, an invitation was extended to the candidates for the various school boards and those seeking seats on the Stanton city council to have their statements concerning their respective candidacies, published without charge in the county tribune. We are happy to advise our many hundreds of readers that David Workman, civic leader, family man, and father of two fine children, was the first to take advantage of this opportunity.)

Stanton, Texas  
March 22, 1965

Mr. Neal Estes, Editor  
Stanton Reporter  
Stanton, Texas  
Dear Mr. Estes:

Thank you for the invitation extended in The Stanton Reporter last week. In reply, I wish to state that I am a candidate for school trustee because I am interested in our school system and want to do whatever I can to assure the best possible education for the children in our school district. My wife and I have a daughter in high school and a son in junior high.

In 1948, I graduated from Texas Technological College with a degree in business administration. I have been employed by Western Production Credit Association for fourteen years, the last nine as manager.

Respectfully Submitted  
David K. Workman.

## Mahon Pledges Cooperation With People

Stanton is in line for a new post office building if the people want such a facility to better serve the patrons of the community.

In a telegram to Neal Estes, editor of The Stanton Reporter, Congressman George Mahon pledged his total cooperation with the people in regard to postal facilities.

Estes said the progress the city has made in other areas make a new postal building a practical necessity.

"Of course, this program to get the ball moving toward securing a postoffice facility must be a one-man idea. It must have the complete backing of an interested citizenship and the movement should start with the Chamber of Commerce, the civic luncheon clubs and the ladies organizations," the editor said.

Most of the patrons of the local postoffice are aware of the cramped quarters, the bad location of the building and the total lack of parking space around the present site. Cities and towns in all directions from Stanton have either recently secured or they are in the process of attempting to bring new postal facilities to their communities. (Continued on page 4)

If anyone would like to have a particular kind of cake made, contact Larry Haggard, president of the junior class. Money from this sale will help pay for the junior-senior banquet and prom.

Mr. Neal Estes, Editor  
The Stanton Reporter  
Stanton, Texas  
Dear Mr. Estes:

At a meeting of the Board of Education of the Stanton Independent School District on March 15, 1965, a motion was made and unanimously approved that your service and assistance to public education be recognized.

We, therefore, take this means to express our gratitude for your interest in our system, and for the cooperation you have given us in the solution of the problems we have faced. Your editorial support is of great value, and we appreciate your understanding and your fair attitude.

We would also like to add that we appreciate The Stanton Reporter as a news medium, and we realize that a newspaper such as yours is a fine asset to a community. We encourage you to "keep up the good work", and if I, or any member of our board can be of assistance to you, we will count it a pleasure if you will call on us.

Sincerely,  
Beryl D. Clinton  
Superintendent

### BUT ECONOMY DUE PICKUP

## Spring Arrives On A Cold, Wintry Saturday

Saturday was the first day of Spring. It was also one of the coldest on record here in years.

The weatherman has been in a tallspin all season—the so-called Winter season that is. When it has supposed to have been cold — bone-chilling cold it has been uncommonly warm. When it was supposed to be warm and pleasant and springy — the cold winds nipped at the legs of pedestrians and heavy clothing had to be brought out of storage last Friday and Saturday.

The weather pattern out here in the Permian Basin has been extremely radical during the past three months. Little cold weather was experienced and little moisture blessed the soil. But in the east and northern part of the nation the people have had (Continued on page 4)

**PERSONALS**

Mrs. Bob Cox, Mrs. Bob Bryan, and Mrs. Cecil Bridges attended the North West Texas Conference of the Methodist Church in Stamford last week.

Mrs. A. L. Reed and son, Elmo, spent the weekend in Brownwood as guests of Mrs. Reed's sister.

Mose Laws of Odessa, visited with Mr. and Mrs. Clayton Burnam and Miss Sammie Laws last week.

Mr. and Mrs. G. E. McDaniel of San Antonio, visited her mother, Mrs. C. E. Crow, and other relatives here last week.

Dan Meek underwent surgery at Medical Arts Hospital in Big Spring last week.

Mrs. Beatrice McCresless, Mrs. C. E. Crow, and Mrs. Ma-

son Coggin were patients in Medical Arts Hospital in Big Spring last week.

Mrs. Cliff Hazelwood, Sr. is a patient in Malone-Hogan Hospital in Big Spring, where she had major surgery last Saturday.

Mr. and Mrs. Woodford Sale and Mrs. J. R. Sale went to Waco the past week to visit Jimmie Sale, who is a student at Baylor University. Monday, Mr. Sale went to Dallas to attend a week's school. Mrs. Woodford Sale will spend the week in Tyler and Kilgore visiting her daughters and their families, and Mrs. J. R. Sale will be in Bryan visiting her son and his family, the E. B. Sales.

John Wilkes left Sunday for Dallas on business.

**The Exchange Desk**

STAMFORD AMERICAN: "Officials of the Stamford Electric Co-op announced in the organization's annual meeting here yesterday, that this year will mark the first payment of capital credit payments to subscribers."

DENVER CITY PRESS: "Denver City High School will be host for the annual Interscholastic League Spring Meet, it was announced today, and preparations are under way for the full schedule of activities which will attract several hundreds of high school students from this district. It marks the first time in more than 10 years that the district meet has been held here."

WINKLER COUNTY BULLETIN: "Kermit's Kid Olympics will be held at Walton Field Saturday. It will be the 17th running of the Olympic and close to a hundred boys will participate."

THE EDEN ECHO: "At a 2 1/2 hour organization meeting held on Wednesday afternoon of last week, the Housing Authority of the City of Eden, Texas, became a reality. The wheels are now in motion for a low-income-low-rent housing program here."

THE GRAHAM LEADER: "Walter R. Adams, outstanding Texas poet for the past 45 years, has recently placed his lifelong collection of papers in the Fort Belknap Archives. The Archives is located in a restored barracks building on the ground of the old historic fort-on-the-Brazos, three miles south of Newcastle, Texas."

THE FORT STOCKTON PIONEER: "Construction on a 19.6-mile stretch of IH 10 across central Pecos County is expected to be underway by this time next year, it was indicated here Friday by Texas Highway Department engineers following a public hearing on the route of a section between Fort Stockton and Bakersfield."

**Fowler Is Named To Dillion's Post**

Henry H. Fowler, a Virginia attorney, was tapped by President Johnson to be secretary of the treasury. He is a former undersecretary and also has served in other government posts.

Johnson sent the Senate a nomination of Fowler to succeed Douglas Dillon who has said he wishes to leave the Cabinet March 31 to return to his family's banking business.

Surprise Move  
Fowler's nomination was a surprise to some Congressional sources which a little earlier had informed reporters that the job would go to David M. Kennedy, a Chicago banker.

Fowler, 56, was born in Roanoke, Va., and was graduated from Roanoke College. He obtained his law degree at Yale.

The Federal Power Commission reports that the annual standard bills for all-electric homes were lower in 1964 than in the previous year. About half the reductions amounted to \$25 or more in homes using 20,000 kilowatt-hours a year.

Fowler was appointed undersecretary, the No. 2 treasury job by President John F. Kennedy in 1961. He resigned in the spring of 1964 to return to private business in Virginia.

Recommended  
In announcing Fowler's selection, Johnson said he hopes Dillon will remain on as secretary until Fowler can be approved by the Senate and take over.

He said the nomination was recommended not only by Dillon but by other Cabinet members and had been received favorably by various congressional leaders of both parties.

"I regard Mr. Fowler as one of the most able and dedicated men I have known," the President said.

Advertise or be lost!

**Bible Comment— True Life In Christ Is Best Life**

"Except a grain of wheat fall into the ground and die," said Jesus, "it abideth alone; but if it die, it bringeth forth much fruit." And Jesus laid down as a law of the spiritual world that "whosoever will lose his life for My sake shall find it."

Is the Christian life, then, only a life of martyrdom? And are we, who are situated in areas where there is little danger of our dying for our faith, excluded from the life that is found through sacrifice?

The answer is "no." Jesus words have a deeper and more general application to Christian living. Saint Paul suggested this when he wrote, in Corinthians, that "I die daily."

What Paul meant by that is brought out in Galatians

where he says: "I am crucified with Christ; nevertheless I live; yet not I, but Christ liveth in me; and the life that I now live in the flesh I live by the faith of the Son of God, who loved me, and gave Himself for me."

Perhaps the mistake that most of us make is in failing to share all the experiences of the Christ as Paul did. We walk with Jesus in the fields; we listen as He talks in the villages with the common people; we watch as He blesses the little children.

But we shrink from following to the Cross, even as Mary, His mother did.

Yet the secret of the fullness of life is in going all the way in our acceptance of Jesus.

"He that loseth his life shall find it."

**Philosopher Figures Problem With Viet Nam Is Maybe It Has Too Many People Like Him**

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw takes another look at the Viet Nam situation this week. It's not clear what he sees.)

Dear editor:  
According to an article I read in a newspaper last night, the American newspaper reporters in Viet Nam are complaining because the U. S. government won't let them move freely in the country to report the news.

"Without freedom to report the news, the American public will not get a true picture of what's happening in Viet Nam," the reporters complained.

Now I'm not in favor of censorship, outside maybe of reporting what the Martin County grass farm made a last year, but

I'm afraid that if the reporters in Viet Nam think the only reason we don't have a clear picture of what's happening over there is that they aren't allowed to report it, they aren't taking a very practical view of the matter.

However, if one single reporter know what's taking place, we ought to buy him a ticket home and let him tell us. I have a notion President Johnson himself would buy the ticket if he thought he could get the complete dope.

Moreover, I have an idea the Viet Nam people themselves would like to find out what's happening.

And even if we knew everything that's taking place over there, I'm afraid we still

couldn't make heads or tails of it.

It may be that there are too many people in Viet Nam about like me. Regardless of how many experts come out here and tell me how I can make this Martin County grass farm pay more and give me a richer and fuller life, and regardless of how right they are and how sound their advice is, I just never do get around to doing much about it.

On the other hand, if I had 200 million hungry Chinese starving under a dictator and clamoring to break through my sagging fences, I might be hollering for all the help I could get.

Don't ask me the answers to such problems. Don't even ask me who to ask. In fact, if some of those reporters know what's happening in Viet Nam, why doesn't Congress subpoena them at once to come home and testify, so it can get in on it too?

Yours faithfully,  
J. A.

First known use of roller bearings is on the wheel hubs of a wagon made in south Germany in the first century B. C.

**Nineteen Years Ago**

A team from the little town of Lingleville, in Erath County, eliminated the chances of Stanton Buffaloes competing in the finals at the Region 2, Class B basketball tournament at Abilene last Friday and Saturday. The Lingleville team won over Stanton 25-14. The Buffaloes closed the season with a fine record. They played 31 games winning 30 of them.

Members of the Martin County Home Demonstration Council held its regular meeting Saturday at the county agent's office. The council elected the following delegates to the district meeting of home demonstration clubs to be held April 16 in Big Spring; Mrs. O. L. Key, Mrs. W. T. Wells, and Mrs. W. G. Lillard.

Martin County residents received word this week of the death of Adam Konz, who was Martin County's oldest settler. He died in Los Angeles, California, at the home of a niece, Mrs. Mamie Hodgson. Konz came to Stanton August 15, 1881.

Allene Bickley of Hobbs, N. M., visited recently with her parents, Mr. and Mrs. J. C. Bickley.

T/Sgt. and Mrs. Pete Gregg left last week for Elgin Field, after visiting in Stanton with his parents, Mr. and Mrs. W. L. Gregg. He has been in the Army for four years. He served as an instructor during the war but is now lines chief and mechanic.

Rev. and Mrs. A. W. Yell and son, Dwight Yell of Teague, visited this week with Rev. Yell's brother, Jim Yell.

Mr. and Mrs. Chuck Houston went to Amarillo Tuesday to attend the calf show. Mr. Houston's calf is being exhibited in Amarillo.

Mr. and Mrs. L. L. Phagan of Phoenix, Arizona, were guests Sunday night of Mrs. Phagan's aunt, Mrs. Flora Morris. They were enroute to Oklahoma and from there to San Antonio, where they will be joined by Mrs. Phagan's sister, Mary Jo Palm of El Paso. The trio will go to Mexico City for a vacation.

Sebaka, Minn., Review: even if the aged person has no income whatsoever. Under Social Security many thousands of persons past 70 years of age and with little or no income are being taxed by the federal government simply because they are physically incapable of doing the household and must have help."

Chevelle Malibu Sport Coupe

No matter how you look at it, this car makes a lot of sense.

If you're interested in value (and who isn't), the eleven features above give you a good idea why more intermediate-size car buyers are thinking Chevelle.

If you're looking for a wide power choice, Chevelle starts out with a standard 120-hp Six, an ideal city performer. After that you may order from a variety of engines that turn it into an even greater highway performer.

Room? Large door openings. Wide

curved side windows for extra shoulder room. Great front and rear leg room. Those four, five or six passengers have it made. And so do you. Chevelle may seat like a big car but it handles like a smaller car.

Comfort? Thick wall-to-wall carpeting in Malibu models. Foam-cushioned seats. Easy-to-read instrument panel. The whole interior looks like those in cars costing far more.

Come on down to our showroom and take a drive soon. Chevelle begins to make even more sense after you've gone a couple of miles.

## Stanton In - - -

(Continued from page 1) munities.

Some cities in this district are planning to abandon better buildings for newer and more modern ones than Stanton ever had.

With the recent voting of the school bond issue for the construction of modern classrooms, with the planned march of progress on the drawing boards, with a city-wide clean-up campaign planned to rid the town of unsightly scenes, the community would do well to start working hard for a new, adequate and modern postal building.

Congressman Mahon is possibly the most influential member of the present Congress and with his willingness to help the people, action is in order now. Expressions are invited.

## Cities Service -

(Continued from page 1)

Cities Service Oil Co. is drilling cement inside of 5 1/2-inch casing which was set at 4,561 feet in the No. 1-L Scharbauer, and is preparing to test.

That pipe was set without any tests or cores reported. Location is 3/4-mile northeast of the No. 1-K Scharbauer, 19 miles northwest of Stanton, 660 feet from south and 1,810 feet from west lines of League 322, LaSalle County School Land survey.

John L. Cox is testing for completion in the Spraberry in the No. 1/2 Boehmke, eight miles northeast of Stanton, 1 1/4 miles southwest of the Playe sector of the Spraberry Trend Area.

Perforations at 7,621-636 were fractured with 30,000 and in the last 24 hours, it pumped 18 barrels of load oil.

The location is 330 feet from north and east lines of section 34, block 35, T-1-N, T&P survey.

## Spring - - -

(Continued from page 1)

some of the coldest temperatures in years.

With the coming of Spring it is hoped that the economy of the community improves.

Spring can open up outdoor jobs, many involving less skilled labor of the type that currently keeps the jobless rate too high.

Although Spring officially arrived Saturday, March 20, its spur to the economy probably won't come until next month. And this year's late Easter is also counted upon to swell April's total of retail sales as people rush to improve both themselves and to buy new things for their homes.

Shellfish were the staple diet of Indians on the west coast of South America.

## Tips For Outdoorsmen

### POPPERS

Buy some fine-grain sponge rubber and rubber bands and get creative. If you can't take there ingredients (and a tube of rubber cement) and make the wrigglingstoppers poppers ever, give up!

### MAKE A MUDDY

If trout aren't biting make a "muddy." Stir the bottom up—stream from the best pool. When mud drifts down, trout get active looking for food.

### MARKER BUOY

Cut out the end of a bamboo piece and inside put a sinker and cork. Now you've an instant marker buoy. Pull cork, slide out line and chuck overboard.

### MILK CARTONS

Milk cartons make good freezer boxes. Fill with game, fill with water, freeze and store in freezer.

### WARM UP

Slit the cardboard of shotgun shells to make a quick, warming fire.

### RAZOR'S EDGE

Trappers carry a supply of single-edged razor blades to make the first slits in skinning. Tough hide of animals dulls regular knife quickly.

### PLIERS

Long-nosed pliers are the best way to remove hooks from a fishes mouth.

In snowy weather, if your feet are cold on deer stand, wriggle down through the snow and find grass. Much warmer there and the snow acts as an insulating layer.

## Mrs. Stallings -

(Continued from page 1)

the school board simply on the platform of an interested parent concerned with the education of children. I have no personal axe to grind and feel that if I am elected my place on the board would add a woman's and mother's understanding of some of the problems facing our children today. I earnestly solicit the vote of every patron of the district and if elected promise to do my best to conduct the business of the Stanton I. S. D. in the best interest of all the people.

Louise Stallings.

## Tenino, Wash., Independent:

"America is beset by a sickness called 'something for nothing'... Nature's laws are orderly, consistent and practical. We can use those laws to earn what we want. Every time a scientist discovers a new fact about the orderly universe, we have more knowledge with which to control our own destinies. The human being is capable of living a happy, fruitful life — if he's willing to accept nature as it is... Do you face reality and use it to better your life — or are you praying that the laws of nature will be repealed?"

**FIRST DONOR**—Longview Publisher Carl Estes, center, was revealed Saturday to have contributed \$10,000 and thereby became the first donor to a \$225,000 building fund with which the Texas Press Association will build a permanent home at Austin. The publisher is shown presenting his check to Aubrey McAlister, right, Bonham publisher and president of the Texas Press Association. At left is Staley McBryer of Arlington and Pasadena, chairman of the TPA building finance committee. The TPA during its 87 years of existence has occupied leased quarters and had to move several times.

**FHA Held Regular Meet**

The Stanton FHA Chapter met March 23 in the high auditorium.

Janis Burgess presented a skit on a wedding ceremony. Plans were discussed for the state meeting to be held in Dallas during the latter part of April.

Girls participating in the skit were Sandra Wilkes, Jennetta Avery, Gail Talent, Leta Johnson, Brenda Flippo, Cindy Pickett, Becky Boyce, Christine Woodrow and Janis Burgess.

**Stanton Wins At Klondike**

The Brantley team from Stanton took first place honors at a volleyball tournament held at Klondike on Thursday, Friday, and Saturday, March 18-20. The team headed by Benny Welch took first consolation prize.

Brantley team members are Iva Morrell, Lillian Brantley, Barbara Thomas, Winnie Thompson, Opal Therwanger, and Ruby Wells.

Welch team members are Doyle Edmiston, Bryan Boyd, Donnie Thompson, James Lewis, Mickey Allen, Wayne Petree, and Benny Welch.

Los Angeles' pervading danc-ing light makes sunglasses almost mandatory there.

**Fourth Grade 4-H Club Met Tuesday**

The fourth grade 4-H Club met Tuesday afternoon, March 16, at the courthouse, with the following present: Patti White, Vickie Graves, Elizabeth Flanagan, Cindy Wheeler, Twila Stallings, Suzanna Brown, and Carolyn Holloway.

The group said the pledge to the flag, the 4-H pledge and motto. They also made plans to enter the Favorite Foods Show Saturday morning at 9:30 in the Cap Rock Auditorium.

Twila Stallings and Vickie Graves cooked broiled wiener sandwiches and made koolade to serve for refresh-

ments. From the Medford, Oregon, Mail-Tribune: "The level of culture in any community cannot be measured wholly by that community's libraries, concerts, orchestras, theatres — although these, and the support given them are a yardstick. The level of a community's culture can be measured fully only by the individuals who aspire to the best in human conduct and thought, doing so either quietly and through their own resources, or publicly and through community resources."

Cindy Wheeler led the group in playing games.

Also attending were Mrs. Norwood Holloway, leader; Mrs. John White, and Mrs. Mildred Elland, county home demonstration agent.

### 3 New State Parks To Be Ready For Public In Summer

Plumbers, carpenters, pipefitters, landscape architects, electricians, roofers, road builders — skilled tradesmen all are hustling with a common target nowadays in three new Texas parks.

The goal is, according to W. M. (Mark) Gosdin of the Texas Parks and Wildlife Department executive staff to have Falcon State Park on the Mexican border, Dam B. State Park near Jasper in deep East Texas and Lake Whitney State Park in north central Texas, as near ready as possible for the summer trade.

In the latest progress report to his superiors, Gosdin title is assistant director for parks, said all of the \$1,251,966 authorized for the three new parks by the 1963 Legislature, has been committed.

He emphasized that water, electricity and at least some shelter is already available in all of the parks; that semitropical Falcon is practically ready for the big rush and that both Lake Whitney and Dam B. are expected to be ready when the main summer season starts.

Allocations by the Legislature, under the original Texas Tech development program, were Falcon \$289,416, Dam B. \$511,050 and Lake Whitney \$451,500 with the work spread over two years.

Falcon's facilities include a huge 459-foot boat launching ramp plus connecting roadways and a park loop drive, all constructed by the State Highway Department at a \$71,500 cost, and a 4,000 foot airplane landing strip. Both the landing strip and boat ramp have been in use for some time.

Already completed are 28,480 feet of water line, 16,700 feet of electric line, park maintenance and a picnic area, many grill cookers and picnic tables, thirty trailer camping sites, twenty-four

screened shelters and six septic tanks with 7,800 feet of connecting lines. Three modern restrooms and a concession building are scheduled to be ready before summer. Already more than \$2,000 in user fees has been collected.

At pine festooned Dam B. the water system is nearing completion and the electric facility is ready. The maintenance and service areas are in use. Forty-six screened shelters have been completed. Construction is underway on 240 concrete picnic tables. Work on 37 trailer camping sites has been finished. Concluding work is being done on 14 septic tanks and 17,300 feet of field lines. Approximately 325 acres have been cleared and the final work on six restrooms and a concession building is expected to be concluded during July.

Lake Whitney State Park, sited toward the populous North Central Texas metropolitan areas, features a large boat ramp, a massive water system and power system, already completed. Work on 40 screened shelters is in progress. Construction of 100 shade shelters and 35 concrete picnic tables will follow completion of the screened shelters. All ready for use are 35 trailer camping sites. Installation of seven septic tanks has been completed and connecting lines are being readied. Work on four restrooms is due to end shortly.

Visitors Sunday with Mrs. Ralph E. Kelly, Rex and Ima, were Mr. and Mrs. Felix O. Kelly of Lubbock, and Preston Kelly of Odessa.

Mrs. Ralph Kelly and Ima visited recently in Big Spring with Mr. and Mrs. Fred Eaker and Mrs. Cora Moss.

### Channel 7 Reports On Weather Tops

More people in the Permian Basin have come to depend on channel 7 weather for one simple reason. Channel 7 has become the most trusted weather information source to the thousands of viewers in the vast West Texas Region by presenting the most accurate, concise weathercasts in the area.

The channel 7 weather staff goes to great lengths to provide information for all around the nation, the state, and the Permian Basin. Working with the U. S. Weather Bureau at Midland Air Terminal, The Associated Press, The CBS Television Network, and local weathermen throughout the area, the channel 7 weather team is able to present the best possible coverage of the weather. Channel 7 not only talks about the weather, but does something about it as well. Storm warnings, tornado forecasts, hazardous driving conditions have always been an integral part of informing the public on channel 7 weather.

The 2-man-channel 7 weather staff represents close to 30 years experience in radio/TV weathercasting. Doyle Elliott has been close to the Permian Basin weather scene for 20 of those years and has been with channel 7 since 1956. His early weathercast at 6:25 six nights a week has continually been at the top of viewer preference. Also top-rated is the 10:25 late weathercast featuring Paul Archinal, who combines close to 10 years broadcast experience with exceptional knowledge about the weather. Paul became a Certified Meteorologist from the A. M. S. in 1962.

From Lubbock to Marfa, from Southeastern New Mexico to Big Spring, more people will continue to rely on channel 7 for the best in weather.

### Busy Bee 4-H Club Met March 18

The Busy Bee 4-H Club met Thursday, March 18, at the home demonstration agent's office.

Three new members were introduced. They are Janice Turner, Gerry Walker, and Laura Costlow.

Elizabeth Ward, who was president of the club, has moved away, and Margaret Turner, vice president, has assumed the office of president. Gerry Walker was elected as the new vice president.

The group has completed unit one on recreation, and will start a new unit on food at the next meeting, which will be on April 1.

Those attending were: Debra Linney, Margaret Turner, Donna Currie, Penny Harrison, Janice Turner, Laura Costlow, and Gerry Walker.

Mrs. Elland, home demonstration agent, met with the group.

### SOIL CONSERVATION DISTRICT NEWS

### OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT  
Jack Buchanan, Bob Cox, Bernard Houston, Larry Shaw.  
J. D. Crawford.

This is the time of the year when ranch operators can best determine the success or failure of their range management program. March and April are good months in which ranch operators should pay close attention to the selection of the key sites, and key forage species within the site, in the pasture or grazing unit.

As the end of the current grazing season approaches the pastures should be used to the heaviest extent than any time during the grazing season. Two points that should be reviewed in determining if the correct site and species have been selected for the pasture or grazing unit is a comparison of the degree of use of the key forage species with the other species within the site, and then a comparison of the site with the remaining area in the pasture.

If upon examination it is determined that the key species is not being used properly with the other forage species or if the key site is not being used in balance with the remaining area in the pasture, it may be necessary to re-evaluate the sites and key species before maximum use of the pasture can be obtained, and still maintain and improve the grass vigor and production capacity of the pasture.

Ranchers in the area need-

### Methodist Church Activities

The Woman's Society of Christian Service, Circle I and II, met at the First Methodist Church Monday at 3:30 p.m. in regular session. Presiding was Mrs. Cecil Bridges.

Mrs. James Jones gave the opening prayer. The study in Genesis was concluded. Mrs. Evelyn Woodard gave the story of Jacob, and Mrs. O. B. Bryan gave the story of Joseph. Mrs. A. J. Stallings gave the closing prayer.

There will be a social hour next Monday, March 29, at 3:30 p.m. in the church parlor. The ladies of the church are invited.

Present at Monday's meeting were: Mesdames Cecil Bridges, Jesse Burns, James Jones, C. R. LeMmond, Dewey Williams, Ann Davis, John Poe, Edmund Morrow, A. Donelson, O. B. Bryan, G. W. Alsup, A. J. Stallings, James Biggs, Eddy Butler, Evelyn Woodard, Miss Ima Kelly, Mrs. Bill Rhodes, and Mrs. Bobby Bryan.

Cerebral palsy, most frequently occurring before or during birth, can also occur in childhood or adult life as a result of accident, illness or infection, according to the Texas Society for Crippled Children and Adults, the Easter Seal Society, which reports that nationwide, 10 percent of the caseload of some 250,000 patients are so handicapped.

### Home Demonstration Club Activities

The Courtney Home Demonstration Club met Thursday in the home of Mrs. W. A. Walker.

Mrs. Glenn Brown presented a program on grooming, and gave a gift to each one present. A door prize was also given.

Cake, coffee, and soft drinks were served to 11 members, and give guests.

Guests present were: Mrs. Pat Wilson, Coahoma; Mrs. Billy Walker, and Mrs. D. B. Hall, Midland; Mrs. Doyle, and Mrs. Glenn L. Brown.

Members present were: Mrs. Alice Stripling, Mrs. Ohmer

Kelly, Mrs. Sid Cross, Mrs. Wayne Stroud, Mrs. T. B. Stewart, Jr., Mrs. Joe Stewart, Mrs. Chalmer Wren, Mrs. Albert Pitman, Mrs. Owen Kelly, Mrs. W. E. Kelly, and the hostess, Mrs. Walker.

Columnists Rowland Evans and Robert Novak write that, "The cause of (Uruguay's galloping inflation) is two-headed. One head is a weird system of government, so divided among parties that governing becomes impossible. The other head is a welfare state run wild."

### Stanton Man Wins Promotion In Germany

VII CORPS, GERMANY (AHTNC) — Abelardo M. Salgado, son of Mr. and Mrs. Jose M. Salgado, Stanton, was promoted to private first class, March 8, while serving with the 35th Artillery in Germany.

Salgado, a mechanic in Battery C of the 35th Artillery's 3d Battalion, entered the Army in April, 1963.

NO. 501

HOUSING AUTHORITY OF THE CITY OF STANTON )  
CONDEMNATION )  
PROCEEDINGS )  
BEFORE )  
SPECIAL COMMISSIONERS )  
VS ) APPOINTED BY JUDGE )  
OF MARTIN COUNTY, )  
H. A. HARLSON ) TEXAS, COUNTY COURT )  
THE STATE OF TEXAS )

TO: H. A. Harlson, who was also known as H. A. Harleson, if living; and if Deceased, his Heirs and unknown Heirs

YOU are hereby commanded to appear at the hearing before the Special Commissioners appointed by the Judge of the County Court of Martin County, Texas, to assess the damages occasioned by the condemnation of the hereinafter described property, and to appear and answer in said Proceeding at the office of the County Judge in the Martin County Courthouse in the City of Stanton Texas, at 10:00 o'clock A. M. on the first Monday after the expiration of forty-two (42) days from the date of issuance hereof, that is to say, 10:00 A. M., on Monday the 26th day of April, 1965, and answer the petition of the Housing Authority of the City of Stanton, Plaintiff, in the suit styled "Housing Authority of the City of Stanton vs. H. A. Harlson," wherein the Housing Authority of the City of Stanton is Plaintiff, and H. A. Harlson, whose place of residence is unknown, is Defendant, which petition was filed with the Judge of the County Court of Martin County, Texas, on the 12th day of March, 1965; and the nature of which suit is as follows:

The suit is a Proceeding in Eminent Domain in which the Housing Authority of the City of Stanton is condemning, at the request of its Board of Commissioners for public purposes, to-wit: For the purpose of constructing, erecting, maintaining and operating certain housing units for families of low income by the Housing Authority of the City of Stanton, the following described tract of land situated in Martin County, Texas, to-wit:

All of Lots 1, 2, and 3, Block A-24, East Addition, an Addition to the City of Stanton, Martin County, Texas.

You are notified that the said hearing has been set for the 29th day of April, 1965, at 4:00 o'clock, P. M., at the County Courtroom in the Martin County Courthouse in Stanton Texas, and to appear at same and present such evidence as you may wish. You are further notified to appear and answer said petition on or before the 26th day of April, 1965, at 10:00 A. M. If you desire to appear and answer before said date of April 26th, 1965, do so at the office of the County Judge of Martin County, Texas, located in the Courthouse in Stanton, Texas.

The interest of said H. A. Harlson, whose place of residence is unknown, and his heirs and legal representatives, if any, is that he either owns or claims an interest in said property, subject to unpaid accrued taxes and other liens.

If this Citation is not served within ninety (90) days after its issuance it shall be returned forthwith.

GIVEN UNDER OUR HANDS at Stanton, Martin County, Texas this 12th day of March, 1965.

### Lamesa Gets Plant To Mix Fertilizer

Marshall J. Morgan, area manager for the American Cyanamid Company, has announced plans for construction of a bulk fertilizer plant to be built in Lamesa within the next 90 days.

The plant is a part of a American Cyanamid, he said. A soil testing service will be available to area farmers and fertilizers will be blended on a prescription basis according to individual soil needs, a spokesman for the firm said.

The operation will involve a total investment of more than \$100,000. Construction is scheduled to be completed in September.

### Mrs. Hughlyn Todd Honored At Texas Tech

Mrs. Hughlyn Todd has been selected for membership in Texas Technological College Chapter of Phi Kappa Phi, one of the most widely recognized honor societies in the world. She was pledged on the basis of scholarship.

The Honor Society of Phi Kappa Phi exists for the dual purpose of recognizing and honoring those students who achieve high scholastic standing, and encouraging those students who are capable of such achievements. Phi Kappa Phi is unique in that it recognizes scholarship in all areas of academic endeavor, rather than restricting its election to a specific and limited field. Only those students who rank in the top 10 percent of the senior class are invited to membership.

She is a member of Phi U, national Home Economics Honor Society, Tech Dames, the Senior Students wives club, and Tau Beta Sigma, National Bandmen Society.

Mrs. Todd has been listed on the Dean Honor Roll each semester she has been in Texas Tech and is a candidate for a degree in Home Economics Education on this May 29. She is married to Hughlyn Todd, former resident of Stanton, and the daughter of Mr. and Mrs. P. M. Bristow of this city.

Brighton, Mich., Argus: "Since the formation of the first community, public disinterest has been a problem in society. Where does it begin? It begins with YOU. A society as apathetic as she individuals in it. But, you say, what can I do? You can do much to change the course of the world. If you don't believe in the power of the individual think of Louis Pasteur, Albert Schweitzer, Aristotle, Martin Luther King and Mahatma Gandhi."

### Stanton Enters UI League Meets At Plains, Seagraves

According to an announcement made by Bill Johnson, principal of Stanton High School, Stanton will be represented in University Inter-scholastic League competition at Plains and Seagraves in the near future.

On Saturday, March 27, at the literary contest to be held at Plains, Stanton will be represented by Rodney Robinson in persuasive speaking; in poetry interpretation, Sandra Jones, with alternate, Sue Walker; in prose reading, Beth Biggs; ready writing, Rodney Robinson; spelling and plain writing, team com-

posed of Beth Biggs and Butch Robnett, with Robert Haggard as alternate; typing, Linda Costlow, Eunice Stephenson and Mary Stewart; number sense, Johnny Louder.

On March 30, the one act play contest will be held at Seagraves. Stanton will present "The Wonder Hat" at 4 p.m. The cast will be Linda Louder, Cindy Britton, Rodney Roten, Wayne Woody, and Robert Haggard, with alternates, Larry Haggard, Lila Phillips, and Margaret Clardy.

Stanton will be competing against all schools in the district in both of these events.

### Woodford Sale Attending Home Office Meeting

J. W. Sale, a representative for Southwestern Life Insurance Company in Stanton, is attending a Company Business and Tax Insurance School at the Home Office during the week of March 22-26.

The school is the last in a series of four which Southwestern Life representatives attend over a period of three years.

The school will be devoted primarily to the study of problems and procedure involved in arranging business insurance plans for sole proprietorships, partnerships and corporations; insurance for keyman and credit purposes; pension and other employee trusts; and business insurance subjects to be discussed include the problems and procedures involved in arranging life insurance for Federal income, gift and estate tax purposes to achieve an effective estate plan through the cooperative efforts of attorneys, trust officers, accountants and life underwriters.

Saigon, the capital of South Viet Nam has an average daily high temperature of 87 to 95 degrees the year round.

### Motor Vehicle Registration Far Behind In W-Tex Area

Motor vehicle registrations and automobile inspections are far behind in the 49-county West Texas area of DPS.

The Department of Public Safety is anxious for all automobile owners to get their inspection stickers before the deadline on April 15 or cease driving their cars. It is a violation of Texas laws to operate a vehicle on the highways after the above date without an inspection sticker.

Automobile registrations are also lagging in Martin County and in the West Texas area. The deadline for car registrations is April 1.

According to Major Leo E. Gossett, Commander of the sprawling West Texas region of the DPS, "with less than three weeks remaining before the deadline of April 15 over 200,000 vehicles remain to be inspected."

Major Gossett said: "The period set by law for securing the 1965 inspection sticker ends a midnight, April 15, and there can be no extension of the deadline," Gossett pointed out. "Any Texas motorist whose vehicle does not display the new sticker after April 15 is subject to arrest by any sheriff, deputy, city policeman, or by officers of the Department of Public Safety."

The 49 county Midland Region of the Department of

### New Arrivals

Mr. and Mrs. Billy Carnes of McCamey, announce the arrival of a girl, Carra Lynn, on March 9.

Maternal grandparents are Mr. and Mrs. Glyndon Ragland of Bakersfield, Texas. Paternal grandparents are Mr. and Mrs. Carnes of McCamey. Maternal great-grandmother is Mrs. C. E. Crow of Stanton.

Mrs. Vera Osman and her daughter, Mrs. Dallas Thompson, went to Rotan Sunday, because of the death of Mrs. Osman's father, C. H. Cade.

## The Launching Pad

By NEAL ESTES

ONE of my little friends, SUZANNA BROWN, has the same birthday as LYNDIA BIRD JOHNSON, the President's daughter. SUZANNA, daughter of the GLENN BROWNS, was 10 years of age on March 19 and that's LYNDIA JOHNSON'S birthday too. LYNDIA was 21 on Friday. Congratulations to you SUZANNA, and you too, LYNDIA BIRD.

THE election dates are coming up—the first day of Spring has arrived—deadlines are near on car registrations and car inspections—income tax paying time is approaching—and the season for gardening is upon us. GEORGE DAVIS never drops a seed in the ground before Good Friday. Maybe he is right. We planted several packages of garden seed a few days ago—including some beet seed—and last Friday morning we learned the folly of early planting in West Texas—frozen beet tops—nothing more. We old East Texas boys are a lot like the mule—a thick hide and short memory. Maybe someday we'll learn.

WE know at least one letter was dropped in a "litter box" right in front of the Post Office. Wouldn't you hate to put a late insurance policy payment in there? Or mistakenly mail your income tax payment to Uncle Sam by posting it there? Wonder what our postal inspectors would do about that one?

THE COLLIN STREET BAKERY, Corsicana, has come up with something new for Easter—they are going to put the world famous Christmas Fruit Cake in Easter blossoms and mail them out in "needle-point" tins. The manager and one of the owners of COLLIN STREET is an old Commerce, Texas boy—DAVE WALKER. We remember when DAVE and our brother JOE used to participate in athletics for the CHS Tigers. We might add here that another EAST STATE COLLEGE grad—it's now called University—CHARLES TENNYSON, is doing a fine job for the TEXAS STATE TEACHER'S ASSOCIATION down in Austin. WALKER, TENNYSON, and our brother grew up in Commerce when patriotism was stressed as the town theme. Those were the days when people put out the American flag on the Fourth of July—when Boy Scout meetings were a weekly must—when a band concert was held on the town square every Friday night—when community gatherings furthered fellowship, goodwill, and neighborhood togetherness—when the entire population suffered through a crisis caused by illness of one member of some citizen's family—when friends visited friends—when preachers made house-to-house calls—when private enterprise flourished—when people were too proud to accept a handout—and when the center of life revolved around the churches, the schools and the homes.

MARY KATHERINE BRISTOW, wife of DOC, was downtown Friday and appeared to be on the high road to recovery following a bout in the hospital. The BRISTOWS and their splendid children, are some of our favorite people hereabouts. KATHERINE dropped a news story about the sororities off at the paper. Their daughter MARSHA is the wife of HUGHLYN TODD, and of course, TIM is still at home and a top student in Stanton High.

MY brother's newspapers in East Texas with headquarters in Langview, hosted the NORTH EAST TEXAS PRESS ASSOCIATION the past week. LT. GOV. PRESTON SMITH was the principal speaker. Here's an excerpt from his talk: "It is important to remember the roles public officials and newspaper editors play in the life of the state and I urge both groups to keep a wary eye on each other in order that good government may continue to be operated for the public interest." We were also glad to read when a friend of 25 years, VICTOR FAIN of Nacogdoches was awarded the top trophy at the meeting. FAIN is a past president of the TEXAS PRESS ASSOCIATION, Nacogdoches CHAMBER OF COMMERCE, Nacogdoches ROTARY CLUB, and member of the board of the METHODIST CHURCH in his hometown. He has also been an active civic leader and was instrumental in building the Fredonia Hotel in Nacogdoches.

SOME folks loudly proclaim "Buy At Home" advertising. But they buy their propaganda out of town. Their town loyalty is about skin deep. THE STANTON REPORTER is the only tax paying news media in Martin County—and for more than fifty years it has plugged "support for local merchants." Think it over!

RANGER NINE has successfully shot the moon. Man has about as much information now as can be gained without actually sending persons to the moon. The picture equipment functioned excellently. A large throng of engineers, and workers gathered in California to witness the impact they had planned. The people broke into applause when the project had accomplished its purpose. Just a few hours earlier GUS GRISOM and JOHN YOUNG made history in space by bringing their orbital flight in Gemini to a successful conclusion when they landed safely. They are to be honored in Washington this week. These flights—or orbital efforts accomplished another purpose too. They knocked BROTH-ER KING'S marchers off page one all over the nation and some publications shuffled the Alabama circus to the back sections. We observed none of the beatnik-style marchers, false clergymen, or rabble rousers in the applauding audience of those gathered in Pasadena, Cal., to watch the Ranger 9 effort to the moon. We are sure neither YOUNG or GRISOM glimpsed any marching monkeys upstairs there in their space journey. No sir—no federal troops up there with GUS and JOHN—not a moon pie or RC in the sky.

NEAL'S NUGGET: I'll never forget a sign I saw in the French Quarter in New Orleans once. "Breakfast Served At All Hours." How about lunch and dinner?

Trade With Your Hometown Merchants And Save!

## Library Lines

MRS. RALPH CAFFEY, Librarian

Library hours: Monday, 1-9 p.m., Tuesday, Wednesday, Thursday, 1-5 p.m., and Saturday morning 9-1 p.m.

Please notice that the hours on Saturday have been adjusted to perhaps meet the needs better, at least it will be given a try for the present.

I hope that by now you are aware that many different groups are trying to help the library acquire some much needed books. Perhaps you say "why do they need any more books?" A library to meet the demands must continually add volumes.

This library began the year 1965 with approximately 3,494 volumes on the shelves. The population in this county is approximately 7,580. A library should plan to have at least two books per person in the area which it serves. You can quickly see that we do not have even half enough books to meet this standard. Since the first of the year the library has received by purchase and donation a total of 99 books.

Some of these books may never get on the shelves, due to undesirability for the reading public.

With some excellent help of Mrs. Tommy Hursh, we have been endeavoring to catalog and weed out undesirable and have already taken 123 off the shelves. Many of these are unrepairable, others so old that they are falling apart. In the non-fiction section, one must keep books that are up-to-date, so that patrons can have reliable sources of material.

In many sections a book five years old is out of date and needs replacing, and we have found more books written in the early 1900's than any more recent. We are attempting to use discretion in discarding, but unless the book is useable, there is no need for keeping it on the shelf. We have plenty of shelf space now, just need to get good, useable books on them.

## Rebekah Meet Held Monday

Mrs. Lewis Carille, vice grand, had charge of the Stanton Rebekah Lodge 287 meeting Monday night at the IOOF Hall, when plans were made to have a family night for members of the Rebekah and Odd Fellows Lodges and their families.

Mike Anderson and his choir will sing, with Mrs. Richard Doggett and Mrs. Mike Anderson as pianists.

Visitors are invited to attend at 7:30 p.m.

Mrs. Leona Moore of Big Spring, who attended grand lodge in Dallas recently, gave a report of the sessions held.

Other visitors from Big Spring were: Mrs. Sara Griffin, Mrs. Olean Milton, and Shirley Lee.

Mrs. John Wilkes, Jr., lodge deputy of the Stanton Rebekah Lodge, was presented her commission as lodge deputy for a new year.

A report of 30 visits was made by the Stanton members.

Attending were: Miss Sammie Laws, Mesdames Jim McCoy, Lewis Carille, Fannie Graves, John Wilkes, Virgie Johnson, C. E. Christopher, and M. I. Yell.

## Baptist Church Activities

The Mary Stamps Circle of the First Baptist Church met in the home of Mrs. Eula Eubanks March 22.

Mrs. W. H. Yater, circle chairman, presided over the meeting. The calendar of prayer was read by Mrs. B. F. White. Mrs. H. R. Caffey gave the prayer for the missionaries.

The devotion was given by Mrs. Eula Eubanks.

Mrs. Paul K. Jones taught the first chapter in the mission study book, "Go Home and Tell," by Bertha Smith.

Refreshments were served to Mesdames B. F. White, Paul K. Jones, W. H. Yater, Guy Eiland, H. R. Caffey, Alie Sprawls, L. Clements, Roy Martin, Alice Stripling, John Pinkston, and the hostess, Mrs. Eubanks.

The meeting was dismissed with a prayer by Mrs. W. L. Clements.

In 1961, the cost of the Interstate Highway System was estimated at \$41 billion. The latest official figures is \$46.8 billion—an increase of 5.8 billion.

## Delaware Basin Pipeline Project Is Announced

Plans for the construction of a large diameter natural gas pipeline from the Delaware Basin area of West Texas to Odessa were announced today by Pioneer Natural Gas Company and Odessa Natural Gas Company. The intrastate pipeline will be jointly owned by the two companies. Present plans call for the termination of the pipeline near Odessa where it will connect with the pipeline systems of each company and implement the supply of gas to their customers in Texas. Representatives of the companies stated that excess capacity would be provided in the pipeline for future expansion. Initial construction will cost approximately 5 million dollars.

Pioneer Natural Gas Company transports a and distributes gas for residential, commercial, industrial and other uses in an area of West Texas covering 40,000 square miles and including 78 cities and towns. Gas sales by the company in 1964 amounted to 145 billion cubic feet. Annual gas supply requirements of Pioneer have increased by 90 billion cubic feet in the past 10 years and comparable increases in the future are expected.

Odessa Natural Gasoline Company operates a gas transmission system which delivers gas to a petrochemical complex near Odessa. Plants in the Petrochemical Complex are owned by El Paso Natural Gas Products Company, Rexall Chemical Company, Shell Oil Company, American Cryogenics, Incorporated, General Tire and Rubber Company and Big Three Industrial Gas and Equipment Company. Odessa Natural will also serve additional plants which are under construction by El Paso Natural Gas Products Company and Beaufort Corporation for the production of chemicals from which nylon will be manufactured.

The company delivers gas to Pioneer Natural Gas Company at Odessa and Big Spring and to Texas Electric Service Company's generating plant near Colorado City.

W. D. Noel and C. I. Wall, presidents of the companies, said that construction of the pipeline could commence as soon as all of the initial gas supply contracts were finalized since no regulatory authority is required for the construction of the intrastate pipeline.

## 20 States Require Literacy As Requirement To Voting

Twenty states—in the North as well as in the South—have some sort of literacy tests among their voting requirements.

That was brought out in research on the subject prompted by the move in Congress for legislation in that field.

President Johnson urged the lawmakers Monday night to "strike down restrictions to voting in all elections—federal, state and local—which have been used to deny negroes the right to vote."

States set up their own voting qualifications.

One Thing In Common

Viewed from a nationwide perspective, they are a hodgepodge but all have one thing in common. Voters must be citizens of the United States.

The Council of State Governments has gathered information on voting qualifications from state officials, via questionnaires, and has published it in the organization's Book of the States.

States with literacy tests are listed are Arizona, California, Connecticut, Delaware, Hawaii for English or Hawaiian, Louisiana, Maine, Massachusetts, Mississippi, New Hampshire, North Carolina, Oregon, Virginia, Washington and Wyoming.

End To Tests Sought

A bill has been introduced in Alabama's Senate to change voting requirements there to a six-grade education or the equivalent. It would do away with the controversial literacy tests now under attack in the federal courts.

Prospective voters must be able to read or speak English in Alaska; read and write English in New York; and read and write sections of the Con-

## Tax Man Sam Sez.

If you need additional tax forms most Post Offices and banks have them available. You'll usually find the common tax forms for filing your income tax on a table in the lobby of your local Post Office, or the clerk at the window will be glad to give you the form you need. If you can't get the tax forms locally, write to Internal Revenue Service, 1600 Patterson Street, Dallas, Texas, and they will mail the forms to you.

Upsala, Minn., News-Tribune: "Conjecture was expressed last week that the Republican party is in such bad shape that it might not have a candidate for the 1968 election. More pickle smoke. That is, if its higher-ups have the guts to get down to basics, one of which is this: to get the leeches off the relief and welfare roles—or disfranchise them. Relief roles should be only what the name implies—relief from want—but not in perpetuity."

## J. W. Blocker Celebrates 85th Birthday

J. W. Blocker celebrated his 85th birthday Tuesday with a dinner in his honor. Relatives present to help him celebrate were Mrs. Russell Sadler, Mr. and Mrs. John Blocker, Jr., and Mr. and Mrs. George Blocker of Jal, New Mexico; Mrs. W. H. Munn of Andrews; Mrs. and Mrs. Horace Blocker, Mr. and Mrs. Finley Rhodes, Mr. and Mrs. O. L. Snodgrass, Mr. and Mrs. Corkey Blocker and boys, and Mrs. Covey Powell and daughter, all of Stanton.

## Mrs. J. Jones Hostess To Garden Club

Mrs. James Jones was hostess to the Stanton Garden Club March 23.

In the absence of the president, Mrs. W. T. Wells, Mrs. J. A. Wilson, Sr., presided. She introduced Mrs. Mildred Eiland, who spoke on "Information on Gardening" which included analyzing and preparing the soil, and a unique way to test one's own soil to determine the degree of compactness in it. Mrs. Eiland also discussed the proper time and ways to plant and transplant flowers. A most effective method of trans-

planting, is to dig a hole and fill with water, then place plants in the hole. As the water soaks into the soil, the roots are made more secure in the soil. Then cover with top soil.

On display at the meeting was a lovely flower brought by Mrs. Guy Eiland.

Mrs. Arthur Wilson presided at the serving table, which was covered with a cutwork cloth, and featured a floral arrangement in pink and white, with candles as accessories.

Those present were: Mesdames Mildred Eiland, W. S. Decker, Guy Eiland, L. M. Estes, S. W. Wheeler, J. A. Wilson, Sr., Arthur Wilson, and the hostess, Mrs. Jones.

## Come to Comet's celebration!

- We're celebrating because we have the liveliest, fieriest lineup of cars in the business waiting for you to turn a key—the 1965 Comets. 10 models, all priced right. And all tough. All powerful. All beautiful.
- We're celebrating because this month is the date of Comet's 5th birthday. And this car has gone a long way in those years. We've just completed the best year in Comet history. Now we're out to top it! Want a popular car? That's Comet!
- We're celebrating because the 1965 Comet showed its championship performance by roaring 16,000 miles, from the bottom to the top of the world—from Cape Horn to Fairbanks, Alaska—in 40 days and nights of driving. A free 16-page, full-color booklet about this run is waiting at your Mercury dealer's.
- We're celebrating because a specially equipped 1964 Comet, after traveling 100,000 miles at Daytona, went on to complete another 130,000 stop-and-go miles cross country—more than the distance to the moon. And this Comet's hardy engine is still running strong, without a single major repair.
