JUDGE J. SKELLY WRIGHT, a Washington, D. C. federal judge has criticized current efforts by fellow lawyers to restrict press coverage of the police and courts. "In addition to being unconstitutional, external controls on the press are wrong politically, socially, and historically," he said. JUDGE WRIGHT continued: "A healthy democracy requires fresh air and life. Public officials, including judges serve best in a goldfish bowl. To place the police stations and the district attorney's offices of this country off limits to the press, would in my judgment, be a massive disservice to the cause of criminal justice."

Congratulations go this week to VICTOR BENTLEY, son of MR. and MRS. COATS BENTLEY, VIC is now a teenager and that makes two in the family now. MARK is the eldest son and LITTLE PHILIP is coming right along, but he has a few years to go yet before entering teenage glory.

CASEY STENDEL, 75, colorful manager of the New York Mets fell at West Point recently and broke an arm. When asked if the accident would interfere with managing, CASEY said: "I didn't fall on my head."

Want your own personalized car license plate? For extra money you can get a personalized plate for your car up to six letters. You can have your nickname or your initials. If you want to remember a certain date you can get it too — such as "Sept. 6." Some may want to advertise their business such as "CARPET." Or you can get one reading "safety." Once you get plate personalized you can renew annually at \$10 extra and no one else can get the marking as long as you renew it. It takes a pretty long time to get the plates back after they are ordered though.

One of the twenty-five or thirty area radio stations — they are as thick in West Texas as flies around the boarding house syrup pitcher — is consistently featuring the recordings of colored artists. That's about all the kind of records they play. Of course, it's their right to load the rack with selections of their own choosing. But we have a friendly suggestion to pass along to the management of this station — strictly unsolicited of course. Every now and then fellows won't you play something besides the loud, revolution numbers? For a starter try JOHNNY HORTON'S best seller — "JOHNNY REB."

Grady Lions Hear Rev. Ralph Caffey

The Grady Lions Club met in its regular meeting Monday night at 7:30. Lion Elwyn Bass was in charge of the meeting, and gave the invocation. Pledge of allegiance to the flag was led by Jake Lueb.

Ten members and 13 guests were present. Visiting from Coahoma were Bill Reid, Horace Wallum, W. A. Wilson, and Gerald Oaks. The club's Outstanding Citizen Award was presented to Ann Haggard, and Victor Hewitt, by Grover Springer, after a short talk. Rev. Ralph Caffey delivered a very interesting talk on archaeology.

4-H Teams Give Program At Rotary Club

Four members of the 4-H Club demonstration teams were heard by the Stanton Rotary Club at its noon meeting on Wednesday, May 12. Club president, Stanton White, presided at the meeting.

During the business session, O. B. Bryan was appointed program chairman for the month of June. Beryl Clinton requested that Rotarians assist in locating students in this area for a summer pre-school class to help prepare them for school.

Phillip White, current program chairman, presented Bob Johnson, county agent, who introduced the teams. The poultry marketing team composed of Tim Bristow, and Gairy Reid gave a demonstration on the "ABC's of Eggs." The civil defense team of David Howard and Donnie Jones spoke on "What You Should Know About Civil Defense." These are part of the Senior 4-H members who will compete at the state contest at A&M University on June 1, 2, and 3.

The song leader for the day was Ellmore Johnson.

Stanton Reporter
Stanton, Texas
Dear Editor:

Each year during the income tax filing period we ask you and your staff to help us with our tax education program. This year we again asked for special help on the sales tax table. Your prompt response enabled us to answer thousands of taxpayers' questions through your news media. The news clippings we receive show us the commendable results of your support in this special project and others through the filing period.

The educational job you did for us was outstanding. We believe we now have better informed taxpayers in our district than the average throughout the county. Your newspaper had a major part in accomplishing this.

We truly appreciate your splendid cooperation.
Sincerely yours,
Ellis Campbell, Jr.
District Director.

Mother Of Stanton Man Dies Saturday

W. O. Batten, minister of the Belvue Church of Christ, was notified Saturday of the unexpected death of his mother, Mrs. Lula Batten. She died early Saturday morning at the home of a daughter, Mrs. Tom Gallaway, at Palestine.

Funeral arrangements had not been completed at the time the Battens left for Palestine, and friends here were unable to supply later information.

Mrs. James Jones and Mrs. Jess Burns attended the Porcelain Art Club of Texas in Sweetwater last Saturday.

Dryland Ready For Cotton Planting Following Rains

Good rains of last week and this week have opened the way for farmers in most sections of Martin County to plant their 1965 cotton crop.

Gerald Hanson, former Martin County agent, and local feed and seed business, told the newspaper this week that "the big portion of dryland farms can now be planted."

Hanson stated that there existed approximately 70,000 acres of dryland acreage in the county. He estimated the irrigated acreage at between 25 and 30,000 acres and stated that it had all

been planted for several days. The former agent also commented that some of the irrigated cotton would have to be replanted due to some hail damage and because high water invaded some fields.

The Flower Grove area might be a little shallow on moisture, but other sections of the county reported good, soaking rains. The general county average of rainfall for the past week has been estimated at from two to four inches. The area around Stanton averages about three inches.

Commencement Exercises Set For Friday Night

The Senior class of Stanton High School will have its commencement exercises on Friday night, May 21, at 8 p.m. The program will be held at the Stanton High School auditorium. There are forty-five members in the graduating class.

After processional music by Susan Brandt the invocation will be said by Ellmore Johnson, minister of the Stanton Church of Christ.

The five top graduates will appear on the program. They are Carolyn Springer, Mary Wilson, Charlotte Kuhlman, Carroll Anderson, and Thomas Bruton.

The song "Today" will be sung by the class, and a welcome to all present will be given by Thomas Bruton.

Theme of the evening in "The Future Is Ours."

"Foundation for the Future" is the title of the talk to be given by Carroll Anderson. Charlotte Kuhlman will discuss "Possibilities of the Future."

The salutatory address, "Demands of the Future," will be given by Mary Wilson.

Carolyn Springer will present the valedictory address, "The Future—Ours to Make." Bill Johnson, principal of the high school, will present the awards. Beryl D. Clinton, superintendent, will make announcements and introduce the president of the school board, James Biggs, who will present the diplomas to the class.

Benediction will be voiced by Rev. W. H. Uhlman, pastor of the First Baptist Church in Stanton.

Freeman Grants Delay In 'Skip-Row' Dispute

Rep. George Mahon of Lubbock announced Friday that the Agriculture Department has decided to postpone modification of skip-row cotton planting.

Sec. Orville Freeman said he would let the May 22 deadline for protests go by and wait until the House Agriculture Committee can consider the skip-row issue along with cotton subsidy legislation.

Since Freeman announced his plan to disallow the skip-row technique, an almost universal shout of protest has gone up from cotton growers and members of Congress.

Mahan, who carries a big stick as chairman of the House Appropriations Committee, requested Rep. Harold Cooley, D-N. C., to hold Agriculture Committee hearings on the changes to give cotton farmers a forum to express their sentiments.

When Freeman decided to re-evaluate his decision on skip-row planting, Mahon agreed with committee members that the hearings should be postponed long enough for the panel to get cotton legislation in order.

Mahan said Congress and cotton producers are "a long way from a consensus" on what should be done about the cotton situation.

"It will be fought out in a long battle that may last for many weeks," he said.

Deavenport Presides At Scout Meeting

A Court of Honor was held by the Boy Scouts of America on Thursday night, May 13, at the Cap Rock auditorium, at 7:30 p.m. The meeting was presided over by Bob Deavenport, Cubmaster.

The opening ceremony was observed by trooping the colors, report of patrol leaders, and report to chairman. David Workman led the troop in the Scout Oath. Mike Adams led the pack in the Cub promise.

After a short talk by Bob Deavenport, David K. Workman, Scoutmaster, conducted a candle ceremony, during which the awards were presented. Wolf awards were presented by Sammy Houston, Neighborhood Commissioner of Scouts to Randall Pappas and Tommy Deavenport, and Douglas Dowden. Wayne Woody, Eagle Scout, presented the Bear Award to Michael Adams. Lion awards were presented to Michael Adams, Walt Haislip, and Curtis Flanagan, by David K. Workman.

The Tenderfoot Award was presented to Michael Adams.

(Continued on page 5)

Martin County Sliced From 28th District

The Senate Tuesday tentatively passed a bill slicing itself into 31 new districts and under the plan Martin County would be removed from Sen. H. J. Blanchard's 28th District and put in Sen. David Ratliff's District.

The vote was 24-7 but there were not enough votes to suspend rules for final passage. However, due to the short time remaining before the deadline, little change could be anticipated in the transfer of Martin to a new district.

Thirteen incumbent senators have been put into six districts in the redistricting plan and some will have to oppose each other for reelection.

James McCoy Passes Texas Bar Exam

James Clayton McCoy has successfully passed the Texas State Bar Examination and is a full-fledged lawyer with all the rights and privileges to practice his profession in Texas.

McCoy, son of County Judge and Mrs. Jim McCoy of Stanton, received the oath along with 66 other youthful Texans in a special oath taking ceremony held in the Texas Supreme Court building in Austin last week.

The new attorney attended the University of Houston and took the bar examination in April. He was granted his license to practice in the Austin ceremony after being officially notified he had passed the bar exam.

Judge and Mrs. McCoy attended the impressive oath taking event in Austin.

Judge McCoy advised The Stanton Reporter that his son planned to go back to Houston and get his LL.B. degree before picking a location to practice law in.

Chapman In Washington For Meeting

Carlton Chapman, area agriculture leader and Big Spring banker, is in Washington, D. C. attending a special meeting called by Secretary of Agriculture Orville Freeman.

Only six persons were invited from Texas.

In addition to Chapman, a former Stanton businessman, a representative from five associations in the state will go to the hearing called to discuss the acreage cut in skip row cotton planting proposed by the Department of Agriculture.

One man will go from Plains Cotton Growers Association, (Continued on page 5)

Connally Calls Special Election

Gov. John Connally has called a special June 26 election to choose a successor to Rep. Ed J. Carpenter of Coahoma, who died May 11.

The governor had 20 days in which to issue the election call following notification of Rep. Carpenter's death. June 26 is on Saturday.

Carpenter represented Martin, Glascock, Howard, Reagan, Coke, Sterling and Irion Counties.

Secretary of State Crawford Martin said filing applications must be in his office before midnight, May 27.

Candidates will not run under party labels. The high man will be declared the winner without a run-off. Candidates considering the race are required to file with county judges in each of the counties in the district — not with county Republican or Democratic chairmen in those counties.

Child Hurt In Fall From Moving Auto

three year old daughter of Mr. and Mrs. Richard P. Babineaux of New Iberia, La., suffered cuts and bruises on practically every part of her body when she fell from the family car in a freak accident near Stanton Sunday evening.

The Babineaux family was enroute to Carlsbad, N. Mex., on a vacation trip, when the rear door of their Lincoln automobile somehow opened and Dina fell to the pavement. Although bruised and cut, she apparently escaped serious injury, according to a report by her father. A son, Gregg, 8, was also in the rear seat of the auto at time time of the accident. Another daughter, Jennifer, remained in Louisiana with Mrs. Babineaux's mother.

By the time the father could stop the car and rush back to Dina, Mr. and Mrs. Doyle Edmiston and Mr. and Mrs. Roy Dodds of Stanton, drove up to the scene. They carried Dina and her father to the local hospital. Mrs. Babineaux and Greg followed in the family car.

Babineaux is district manager for Colonial Life and Accident Insurance Company in New Iberia.

Three Inches Recorded On Local Gauges

Booming good rains have blasted most of Martin County with generous measures of moisture during the past six days.

On Thursday of last week the rains made a first visit and another story appearing on this page tells the tale of that event. Although good measurable moisture fell Thursday, Friday, Saturday and early Sunday morning, some sections of Martin County still lacking sufficient moisture.

Special Summer Session For Pre-Schoolers

A summer session will begin on May 31 at the Stanton Elementary School for children who will start to school next September and do not speak English well.

Classes for the group will be held each day from 8 a.m. to 11 a.m. and will be taught by Mrs. Mary Bruton.

J. M. Yater, principal, urges that all children who do not know English to attend this summer session in order that they may become better acquainted with the school routine and at the same time learn many of the basic English words, which will help them when they begin school next fall. Help by local citizens in locating the children needing this service will be appreciated, he added.

Lenora received three and one-half inches during the rainy period. Harry Echols reported that three and one-half inches of moisture fell on his land south of Stanton.

O. L. Snodgrass, Sr., living about 12 miles northwest of Stanton reported banner moisture for the rainy spell. His gauge measured five inches. (Continued on page 5)

STANTON CATCHES 1.6

First Measurable Moisture In Months Visits County

Turbulent thunderstorms, laced with some wind, and carrying tornado threats, dumped beneficial amounts of moisture on thirsty Martin County last week.

Stanton appeared to be richly rewarded with a measurement of 1.6 inches at one section of the city. Other parts of town were not as fortunate. North Stanton 1.3 was trapped. South of the city, Mason Coggin and Raymond Louder read .7 on their gauges. The Gordon Stone Ranch had a rain of more than one inch and in Tarzan in the extreme northern part of the county .6 fell. Lenora measured .2 and Courtney received .3 tenths.

Elmer Mashburn reported a half-inch downpour and one of his neighbors measured .3 in their gauge. Mrs. W. J. Harlow said that .5 tenths of an inch fell on their land.

The five-mile store west of Stanton read .8 in their gauge.

Several local citizens became apprehensive when a swirling, tornado-toned cloud appeared over the city — but no heavy wind damage or hail was reported. One giant blast of wind did roar in for a few seconds and the cloud sailed on over toward Howard County.

On Thursday, following Wednesday's rainfall the sky cleared in the afternoon and possible threats of more moisture faded.

Midland Operator Sets Surface Casing In North Martin Wildcat

By JAMES C. WATSON
Murphy H. Baxter of Midland has spudded and set surface casing in his No. 1-B Allar, a Martin County wildcat 15½ miles north of Stanton.

The project began drilling on an 11,000-foot Fusselman contract on May 13, and set 10¾-inch surface casing at 355 feet with 225 sacks of cement.

At last report, it was drilling below 2,011 feet. Location is 1,980 feet from south and east lines of section 15, block 35, T-2-N, T&P survey.

It is 3½ miles south of the Hill Ranch (Dean) reservoir and four miles northwest of the extreme north edge of the Spraberry Trend Area.

Joe Carter of Big Spring will attempt to re-open Queen sand production in the Carter multipay field of Glascock County, at the No. 1 Carter Fee.

It is 10 miles north of Garden City and drillsite spots 1,787 feet from south and 467 feet from west lines of section 8, block 33, T-3-, T&P survey. Currently there are three marginal wells in the area producing from a pay section topped at an average depth of 2,632 feet. All the former producers in the Queen sand are depleted and contract depth for the new test is 2,600 feet. (Continued on page 5)

Lyndon's Critics

Academic critics of President Johnson's foreign policy put on a marathon "teach-in" Saturday over tv with Elie Able acting as moderator. Hisses from the audience greeted the reading of a statement from McGeorge Bundy stating reasons why he could not appear to defend the administration's foreign policy. Bundy is one of President Johnson's top advisers on foreign affairs. A Cornell professor, George Kahin, really teed off on the administration handling of the Viet Nam and Dominican Republic situations. Another professor, M. Sahlin, joined Arthur Schlesinger, Harvard historian, in criticizing Johnson's policies. He is a former foreign affairs advisor to the late President Kennedy. A principal critic from the academic ranks was University of Chicago professor Hans J. Morgenthau. A main theme of the critics was that the United States should pull out of its present deep military involvement in Viet Nam.

We cannot agree with the President's critics. We prefer to think he is doing the only thing he can under the war he inherited from the late Mr. Kennedy's administration. We specify the war in Viet Nam. The U. S. cannot afford to allow communism to spread any further—either in Asia or in the area closer to home. It is also refreshing to know that Senator Barry Goldwater, Senator Everett Dirksen, former vice-president Richard Nixon and other leading Americans, are backing the Johnson doctrine all the way.

USDA Economist Named Cotton Congress Speaker

Frank Lowenstein, a top economic advisor in the United States Department of Agriculture, will be the principal speaker at the luncheon session of the twenty-sixth annual Cotton Congress in Lubbock May 28. The acceptance by Lowenstein was announced by Burriss C. Jackson of Hillsboro, Texas, chairman of the Cotton Congress organization. Lowenstein has considerable experience in cotton during his career with the federal farm agency. For a number of years, he prepared Cotton Situation, a bimonthly report by the Economic Research Service of USDA on the condition of the cotton industry. He has been a member of Staff Economists Group in Washington, D. C. in recent years. F. Marion Rhodes, president of the New York Cotton Exchange and a former USDA administrator, will introduce Lowenstein at the luncheon in Lubbock's Koko Inn. Rhodes, who maintains a headquarters in Washington, D. C., will report on the cotton legislative situation. The complete program for the Cotton Congress will feature discussions and research reports on way to reduce costs of producing cotton. Speakers will present views from cotton mills, national research facilities, state agencies and High Plains cotton farmers. Dr. Jasper Jeringan,

The Exchange Desk

THE COMANCHE CHIEF: "Joe Crouch, 32 year old successful coach at Whitewright High School, has been named head coach and athletic director of Comanche High School. He succeeds Roger Oliver, who has been head coach here the past four years."

THE MERKEL MAIL: "Wrenn Durham announced this week he has received official word that a site has been selected for a new Post Office. The site selected is at the southeast corner of the Edwards and North Third Streets intersection."

THE FORT STOCKTON PIONEER: "Distinct tracks of a three-toed Ornithomys Dinosaur, found recently in the bedrock of a dry arroyo on the McKenzie-leased lands of the University of Texas between Fort Stockton and McCamey, are being promoted as a roadside park and point of scenic interest by the McCamey Chamber of Commerce, which has asked the support of the Fort Stockton chamber in the project."

THE BIG LAKE W.M.D.CAT: "Reagan County High School's golf team captured the Conference A Championship at the state meet last week. The Big Lake foursome had a team total of 662 to win state honors. Albany was runner-up with a 690."

THE MITCHELL COUNTY NEWS: "The plea for help in cleaning up the Little League ball park was answered by a large group of citizens Tuesday night when work started there about 6:30 and by 9 o'clock the grounds were clean, the old bleachers and concession stand torn down and everything in readiness for work to start on new bleachers and stand."

WINKLER COUNTY BULLETIN: "A report of continuing efforts to control pollution of water in Winkler County was presented the Winkler County Commissioners in their regular meeting Monday. Water conservation engineer Harry Clark told the commissioners of working with oil companies, brine transporters and pumps in efforts to keep the underground water supplies from being polluted."

Philosopher Comes Out With New Language For U. S. Budget So We Can Get Some Sleep

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw gets involved with figures this week.

I understand some colleges specializing in agriculture around the country are now offering a new service to farmers.

They've installed big computer machines and if a farmer will send in his records to the machines will digest the information and in 30 seconds or so tell him what he's doing wrong.

However what I started out to say this week before I got sidetracked — as you can see I operate on the same level as the statesmen do on foreign policy, you don't plan what you're going to do, you wait till something busts loose, and then react the best you can — is that I have developed a plan for simplifying figures covering such things as the national budget, the national debt, etc.

As everybody knows, the figures have become unmanageable and frightening. For example, when the President says the budget this year will be right at \$100,000,000,000, or spelled out, one hundred billion dollars, the amount is ungraspable. You can't get hold of it. It's too wide to go through your brain broadside, and if you let it in lengthwise part of it's out before the other's in.

What Washington ought to do is come on in to the last Washington, D. C. USDA agronomist, will report on the program of the Federal Extension Service to carry research technology to farmers. Such practices are designed to reduce the costs of growing cotton.

Bible Comment—

We Defeat God's Plan For Mankind When We Allow Dishonesty, Corruption To Live

Perhaps the one great, comprehensive, all-inclusive definition of Jesus' mission and redemptive purpose is in the declaration, "I am come that they might have life, and that they might have it more abundantly."

In that declaration, Jesus specifically contrasted the purpose of God, in His own mission, with the purpose of others to steal and destroy.

The long course of history is one of bloodshed, but our own age has revealed evil fully as appalling. The great tragedies and evils of life are apparent.

What is not so apparent is that they have their roots in the lesser evil of men, and in the lack of basic morality.

Dishonesty is at the root of crime, even in the hearts and lives of men who are not legally criminal. The businessman who takes unfair advantage of his fellows is weakening the whole fabric of society. The public official who betrays his trust would probably scorn to commit murder, or banditry, or to steal in some grosser way.

One can see plainly in revelations of graft and civic corruption how such men have been the actual ally of those who have made stealing and destruction their chief purpose.

Everyday the news reveals, in its recount of tragedies and accidents, the extent of the drink evil, the gambling evil, and the other evils that affect and endanger society — the things that oppose and defy God's life-giving purpose for mankind.

Yet the public attitude is still largely apathetic and ineffective. What the world needs is an immense endowment of God's life-giving purpose, as Jesus expressed it.

Parks Format Omits B. Gum Under Table

The dream arrangement to accommodate state park visitors is the goal of the men who handle the crowds, judging by the working guide provided by Texas Parks and Wildlife Department headquarters.

Just about everything but baby-sitting advice is included in the official field format. And a regular check is made, according to W. M. (Mark) Gosdin, to determine that the procedure is followed.

Here's what the trouble-shooting inspectors look for: Park headquarters neat, clean and well organized; Adequate and safe water system;

Electrical distribution system in good condition; Natural and LO gas installed properly;

Sewer disposal system functioning properly; Roads, playgrounds, picnic and camp areas free of litter; Garbage disposal receptacles properly maintained;

Grass mowed and trimmed along barriers and structures; Park signs properly maintained; Beaches, pools operated

Game Survives Mountain Fire

Deer, turkey and most other wildlife successfully avoided a wild fire that ravaged 5,000 acres of timber in the Davis Mountains, according to Game Warden Harvey Adams stationed at Fort Davis.

Numerous bird nests were undoubtedly destroyed, but Adams pointed out, birds generally re-nest after such setbacks.

Had the fire occurred a few weeks later, he said, fawns and young turkey on the ground would have been endangered.

Adams said normal rainfall would heal the 5,000-acre area but it will take many years to replace timber.

Nineteen Years Ago

The most severe hail storm in the memory of the oldest inhabitant in this area struck Stanton Tuesday evening. Hail fell an hour covering the ground and drifting to an inch high on the north side of business houses. Hail stones were large as marbles and a few were as large as turkeys eggs. Water on Highway 80 was over running boards of automobiles. Mexican Lake, just south across the T&P railroad tracks, was full. The big salt lake each of Stanton was full.

Mr. and Mrs. G. A. Bridges celebrated their 34th wedding anniversary recently. Guests for the occasion were Mr. and Mrs. Albert Baugh, Jr. and daughter of Stamford, Mr. and Mrs. Henry Bridges and daughters of Lamesa; Mr. and Mrs. Bascomb Bridges and sons of Big Spring, and Mr. and Mrs. Walter Graves and son of Stanton.

Betty Renfro has been announced as the valedictorian of the Stanton graduating class. Salutatorian is Bille Evelyn Lindsay. Commencement is to be held Thursday night, May 23. H. G. Hambrick, superintendent, will award diplomas. There are 27 students in the graduating class.

Delta Omega chapter of Beta Sigma Phi met May 8 at the courthouse. Sammie Laws gave the program "Tools for the Art of Life" and "The Good of Action."

Mr. and Mrs. Cliff Hazlewood had as Sunday guests, Mrs. Louella Singham of Hobbs N. M., Mr. and Mrs. L. A. Cooper of Monument, N. M., Mr. and Mrs. Clifford Lasley and children of Hobbs, N. M., Mr. and Mrs. G. H. Bingham, Tommie and Paye of Lovington, N. M., and Mr. and Mrs. Bingham Beal of Dallas.

Mrs. E. Petree of Capitan, N. M., visited her children here last week. A reunion was held at the home of her daughter, Mrs. Roy Herrington, Saturday. Forty-five persons attended.

Mildred Louder, daughter of Mr. and Mrs. Albert Louder, became the bride of Jack Adams of Forks, Washington, in a double ring ceremony May 9 at the Calvary Baptist Church in Midland. Rev. Fred McPherson read the ceremony. Maid of honor was Margie Louder. Billy James Louder was best man.

Highlights and Sidelights FROM Your State CAPITOL

Uppermost question in the minds of taxpayers and legislators is — will there be a new tax bill?

Answer rests with the lawmakers. And their decision depends on whether or not a teacher pay raise bill is passed.

About \$73,500,000 in new state revenue would be needed to cover the cost of Texas State Teachers Association's \$45 - in - '65 program.

Alternate proposal offered by Gov. John Connally to reward experienced teachers at an accelerated rate would cost the state an estimated \$64,700,000.

Both plans are based on cost estimates for the next two years and would, of course, call for additional local money.

Hundreds of teachers jammed into the legislative chambers for hearings on the teacher - pay - raise bills, putting all the pressure possible on the legislators.

TSTA stresses that many local districts cannot afford to pay a higher share of the salaries called for in the governor's plan and that this is a state responsibility anyway.

Governor Connally says "Texas will continue to lag far behind the national average in school teacher salaries until local support shows the same increase expected of the state government." He contends TSTA is not telling the whole story. "They never admit that state support of our public schools is \$56 a pupil above the national average, while local support is \$93 below the national average."

While compromise efforts floundered, a sub-committee of the House Revenue and Taxation Committee methodically and quietly reviewed some ideas for producing more income.

Considered was an additional tax of three cents a pack on cigarettes. This would raise about \$69,600,000. Other suggestions reviewed by the five-member group include:

- * A two per cent sales tax on beer and liquor, \$22,000,000;
 - * Restoral of the 50 cents per \$1,000 corporation franchise surtax, \$24,000,000;
 - * A one - shot inheritance tax payment date adjustment, \$6,000,000.
- Senators want the House to

pass a tax bill before any agreement is reached on a teacher pay raise.

A House tax committee member, active in the sub-panel deliberations, says pay raises should be determined before tax drafters decide how big a bill to write.

With the legislative session rapidly drawing to a close, and many differences still unresolved, a teacher pay raise is by no means a certainty. A breakdown in negotiations could mean no tax bill at all during the regular session.

Record Budget — Both houses passed the \$3,700,000,000 conference committee appropriations bill, which calls for expenditures of \$154,000,000 over the current level.

Education got the biggest share of increases in the biennial budget. These increases included \$80,500,000 for the 22 state colleges and universities; \$10,400,000 for public junior colleges; \$89,700,000 for public schools; and \$11,600,000 for vocational and technical education.

Salaries of state employees, in the classified service, will be increased 3.4 per cent each year and welfare spending will go up \$16,000,000. Judges from the district court to the Supreme Court levels will get substantial raises in their annual salaries.

Soil Conservation Board was given an \$89,155 increase for its operations, including \$28,000 more for watershed planning. An additional \$3,800,000 was set aside for the Water Development Board which is being reorganized. Department of Agriculture will get a \$1,400,000 increase. Animal Health Commission gets \$1,800,000 less than the current spending level since the federal government is taking over responsibility for

screwworm control. **County Study Proposed** — Rep. Alonzo Jamison of Denton has introduced legislation which would authorize a thorough study of county government, with a special eye to eliminating county offices which may have outlived their usefulness.

Jamison told the House State Affairs Committee, which took his bill under study, that he thinks offices such as county treasurer, justice of the peace and constable should be studied as to their necessity and effectiveness. Study also would seek way of freeing county officials from what Jamison believes are overly restrictive statutes.

No More Road Gangs — Rep. Vernon Beckhom of Denison got easy approval in the House of a bill to repeal a series of 1876 laws, including one which still requires all men 21 to 45 to spend five days a year on a road gang.

Laws are not enforced, but still are on the books, and Beckhom thought it a good idea to eliminate them.

Redistricting Woes — As if legislators did not have enough problem with teacher pay raises, the even thornier problem of redistricting is upon them.

Senate is in-fighting over proposed plans for Senate redistricting, which necessarily will remove some of the present members.

On the other hand, the Senators are not likely to agree with the House version of congressional redistricting.

Governor Connally, meanwhile, hinted he may not call a special session if there is no agreement on redistricting, leaving the matter up to the federal courts.

AG Opinions — Atty. Gen. Waggoner Carr holds that:

* A county depository-bank cannot be selected which has among its directors or stockholders the county judge, county attorney, county clerk or county treasurer;

* Law officers may use force in handling mentally ill persons to protect themselves, the persons and public;

* Attoyac Bayou Watershed Authority has legal authority to develop a multi-purpose reservoir, including recreational use, and may use tax funds to finance and maintain it;

* Highway Commission can sell surplus land and improvements directly to the City of Lamesa for established value without advertising and taking sealed bids;

* U-Haul trailers are taxable in individual counties which are their business sites;

* Hillsboro Junior College District can levy 30 cents tax for maintenance and 50 cents tax for servicing bonds.

Single House Proposed — House Constitutional Amendments Committee approved for floor debate a proposed amendment to create a 100-member unicameral (one house) legislature for Texas.

Proponents said measure strikes at inherent evils of the conference committee where so much major legislation is written behind closed doors and hastily voted on in closing hours of a session.

Rare Bird Said Seen In E. Texas

Regional headquarters of the Texas Parks and Wildlife Department has learned that a rare, almost non-existent, ivory-billed woodpecker was seen in East Texas by Mrs. J. McCratic of Longview.

Once common in East Texas, the bird has become very rare, and some ornithologists believe it to be extinct. Probable reasons for the gradual disappearance of the bird are destruction of its habitat, inability to adapt to changing conditions, a restricted diet and wanton shooting of the species for its ivory-like bill.

Past reports have noted such sightings, only to find that the observer has mistaken the similar pileated woodpecker for the ivory-billed species.

A house - passed resolution to repeal the poll tax, as a requirement for voting, received approval of the Senate Constitutional Amendments Committee. An election is proposed in November of 1966.

Another amendment resolution cleared for Senate debate is HJR 38 to remove from constitution restrictions on soldier voting in state.

Desalinization Proposed — The U. S. Corps of Engineers recommends that the federal government spend \$46,000,000 to eliminate natural sources of salt pollution on the headwaters of the Wichita River. Uncle Sam would pay the full cost and the \$216,500 a year needed to operate and maintain it.

Proposed are three low-flow dams, one on each fork of the Wichita, to capture water with high concentration of chloride. Water would be pumped to brine reservoirs for evaporation. Project would reduce chloride concentration in Lake Kemp near Wichita Falls to a safe level and would help alleviate salt pollution at Lake Texoma on the Red River.

College Board Bill Vetted — Governor Connally vetoed a bill that would transfer East Texas State University and West Texas State University from the Board of Regents for Texas State Teachers Colleges to a separate board of regents for each.

Governor noted that he repeatedly had emphasized his opposition to creating more boards of regents. He also said language of the bill might "inadvertently exempt" the two institutions from coordination by the Coordinating Board, Texas College and University System.

Short Snorts — Senate passed a bill exempting many from laws prohibiting carrying of firearms. . . Senate approved a bill by Sen Tom Creighton putting independent crude oil gathering systems under the common purchaser law and regulation by the Texas Railroad Commission. . . House tentatively approved "freedom of information" bill to require governmental agencies (with several exceptions) to conduct their business in open meetings. . . House passed a bill to abolish common law marriages. . . Parks and Wildlife Commission will hold statutory quarterly meeting here May 31. . . Fifty-third District Judge Herman Jones entered judgments of \$395,519 against 11 defendants for alleged slant wells activities in East Texas, involving five lawsuits and 34 wells in Gregg, Rusk and Upshur counties.

Summer Farm Job Program For High School Boys Planned

Attention High School Boys: If you need a summer job, try working on a farm.

That is the advice of Secretary of Labor Wirtz, Secretary of Agriculture Freeman, and Chairman Stan Musial of the President's Council on Physical Fitness.

The top government officials and some of the nation's outstanding athletes jointly announced an A-TEAM (Athletes in Temporary Employment as Agricultural Man-

power) project designed to provide employment for high school boys who would like to work in the fruit groves and harvest fields, during summer vacation.

Here's how Secretary Wirtz summarized the project's purpose: "There are going to be hundreds of thousands of high school students looking for work this summer, and fruit and vegetable growers are going to be needing workers."

Veteran pitcher Warren Spahn, record-breaking football back Jim Brown, and 1960 Olympic decathlon champion Rafer Johnson are among those of an advisory committee who joined the government officials in announcing the project.

Other members of the committee include Bob Mathias, Ara Parseghian, Mickey Mantle, Bob Richards, Joe Namath, Sandy Koufax, Red Auerbach, John Huarte, and Clifford B. Fagan.

Bailey County Teachers Back TSTA Pay Hike

In the current conflict over a teacher salary raise, teachers are rallying to the support of the Texas State Teachers Association, T S T A Exec. Secy, Charles H. Tennyson reported today.

Tennyson said teachers in Bailey County wanted to show their endorsement of TSTA so they sent in their \$10 dues for next year — four months early. The 1965-66 membership year begins September 1.

Darrel Corkery, president of the county organization, sent individual checks from each of the 22 teachers at Three-Way and Bula schools. Corkery wrote to Tennyson: "We members of Bailey County local of TSTA would like to show our support of our state association by submitting to you our local's membership at 100 per cent, for the coming year of 1965-66."

Many other voluntary pledges of approval have come from teachers throughout the state. Tennyson said, after Governor John Connally attacked the TSTA organization on a statewide television appearance last week.

"This action by Bailey County teachers is perhaps the most dramatic show of solidarity yet," Tennyson said, "but it is typical of the reaction by teachers to recent attacks."

Mr. and Mrs. S. E. Cross visited Sunday with Mr. and Mrs. L. E. Turner in Mertzon, and in San Angelo with Mr. and Mrs. Fred Mitchell. Mrs. Mitchell and Mrs. Cross are cousins.

Kay Bryan was home from Texas Tech in Lubbock, last weekend visiting her parents, Mr. and Mrs. O. B. Bryan.

Guests of Mr. and Mrs. Dee Rogers Sunday, were their daughter-in-law, Mrs. James Rogers, and her daughters, Rena and Kay, from Dumas.

Weekly Newspaper Service Summer Job Program Planned

"Farm Work Builds Men" is the slogan of those athletes who will boost the program in personal appearances throughout the country.

Secretary Wirtz said that the students — most of them sports-minded — will be recruited through their high schools and will work in "A-TEAMS" of 20 to 31 boys under the supervision of teachers and coaches. He hopes to recruit 15,000 to 25,000 students.

The project is a part of a large recruitment program Secretary Wirtz initiated to fill shortages of farm labor since the expiration last December 31 of a program for importing Mexican braceros.

Wirtz emphasized that "the boys' interests come first" in the A-TEAM project. He said they will be under responsible supervision, will be provided with good housing, and food and will earn \$1.15 to \$1.40 per hour.

The program is aimed at students on vacation, not school dropouts, the Secretary of Labor emphasized.

He said boys in the program will work within 350 miles of their homes.

High school students interested in summer farm work should get in touch with their local employment service offices or write to the Department of Labor, Farm Labor Service, Washington, D. C., 20210.

"The work is hard," Wirtz said, "but it's the kind of work this country grew up on, and it's a good way to invest a summer."

The program will start in 11 states — California, Arizona, New Mexico, Texas, Colorado, Wyoming, Montana, Michigan, Florida, Massachusetts, and Maine.

Venezuela ranks third only to the United States in petroleum production.

Plant these High Capacity LINDSEY SORGHUMS for this area

Lindsey 744 — Earliest Grain Sorghum.
Capable of surpassing yields of later hybrids under same conditions. Does better under adverse conditions than other hybrids. Has found its greatest use in this area under limited moisture.

Lindsey 755 — Medium Season Grain Sorghum.
Has great reputation for producing high yields under adverse conditions. Great hybrid under irrigated or dry conditions. Has found its greatest use where less irrigation water is applied.

Lindsey 101F Silage Sorghum.
High Capacity ensilage hybrid in field and feedlot. Maximum tonnage producer. High in grain and protein content. Highly palatable to livestock. Good standability.

Mail Carriers To Distribute Survey Cards

Postmaster W. E. Morrow reminds rural patrons of the Stanton Post Office to be on the lookout for June Livestock Survey cards. Next week, mail carriers will leave survey cards in a sample of boxes along their routes.
"USDA bases livestock and poultry estimates on replies to this survey," Mr. Morrow explains. "It is important for everyone who gets a card to fill it out and return it to the carrier. This way, USDA gets a representative sample of the area's livestock and poultry holdings.
Carriers assisting with the survey are: Mrs. Oma H. Johnson, Route 1; Coats Bentley, substitutes, Route 1, and Mr. and Mrs. D. H. Rogers, Star Route.

Survey cards will be forwarded to Cary D. Palmer, State Agricultural Statistician, in Austin. After adding and analyzing these cards, USDA statisticians are able to estimate the state's milk production, calf and pig crops, lamb and wool crops, and the number of hens and pullets.
Information from this survey will guide livestock and poultry producers in making important business decisions," Mr. Morrow concludes.

End Of School Schedule Announced

J. M. Yater, principal of Stanton Junior High School, announced to the paper this week the modified school hours to be observed this last week of school.
On Wednesday and Thursday afternoons, Junior High will dismiss at 2:15 p.m. High School will dismiss at 2:20 p.m. on those days.
There will be no school Friday, which is reserved for teachers to complete their records.
On Saturday at 9:00 a.m., report cards will be given out. Anyone desiring to have the report cards mailed to them may receive this service by furnishing a self-addressed, stamped envelope to his home room teacher.
Buses will run according to the schedule listed above. There will be no bus service on Friday, and on Saturday, buses will remain at the schools only long enough for the report cards to be distributed.

Brantley Team Wins Fifth Tournament

The Brantley volleyball team, composed of Lillian Brantley, Iva Morrell, Barbara Thomas, Winnie Thompson, Opal Therwanger, and Ruby Wells, won first place at the Stanton Outsider's volleyball tournament held at the high school gymnasium last weekend. This represents the fifth straight win for the team, and was the last game scheduled for them.
Team members were presented with a trophy May 8 at Flower Grove for winning the tournament held there that week.

Members Of Hull Family Have Reunion

A family gathering was enjoyed recently by members of the family of Mrs. Elmer Hull at Courtney. A total of 32 were present for the occasion, including all of the six children of Mrs. Hull, as well as numerous grandchildren and great-grandchildren.
Mrs. Hull's children, who were present were: Leslie Hull of El Paso, Anna Lee Ledbetter of Midland, Mrs. Ernest Reynolds of Lakeview, Mrs. Loreta Posey of Courtney, and Bill Hull, and Mrs. Bertha Stewart, of Stanton.

Phone SK 6-2161
STANTON TEXAS

Notice Of Sale

The Housing Authority of the City of Stanton (further referred to as the LHA) will accept sealed bids, on the following structures to be demolished, at the office of said LHA located at 408 East Carpenter Street until 2:00 P. M. May 28th, 1965, at which time said bids will be opened and publicly read. The LHA reserves the right to reject any and all bids. The successful bidder must enter into a written contract with the LHA to demolish the structure on site, remove all salvage and debris from lot. A cashier check payable to the Housing Authority of the City of Stanton for \$50.00 must accompany said bid as a guarantee bond that said successful bidder will demolish the structure to the satisfaction of the LHA. Upon satisfactory completion the cashier check will be returned to the contractor and if lot is not cleared to the satisfaction of the LHA, the \$50.00 shall be forfeited to the LHA so they may clear the lot.

A cashier check in the amount of the bid payable to the Housing Authority of the City of Stanton must accompany each bid and if not successful the bid check and the performance check will be returned to the unsuccessful bidder. A period of 20 days from notice of acceptance of bid will be allowed for demolishing the site of all debris.

The following structures are open for bids and may be inspected until 1:00 P. M. May 28th, 1965.

Those attending the family dinner were: Mr. and Mrs. Mike Davidson of Ackerly, Mr. and Mrs. J. O. McNew of Snyder, Mr. and Mrs. B. F. Ellett of Westbrook, and Mrs. John Latty of Westbrook.

Patio Supper Honors Grads At Eiland Home

Members of the Baptist Young People's Department and their guests met Friday night, May 14, at the home of Mr. and Mrs. Paige Eiland, for a patio supper honoring six of their number who are graduating from high school.

The group enjoyed hamburgers prepared on an outside grill, together with baked beans, potato chips, and soft drinks.

The seniors were presented with gifts.

Present were: E. Mike Hall, Susan Brandt, Linda Manning, Lynda White, Alfred Therwanger, Mike Sorley, Norma Long, Vernon Long, Lila Phillips, Margaret Clardy, Mary Wilson, Jimmy Barnhill, Judy Barnhill, Ray Louder, Carroll Anderson, Linda Doyle, Linda Lamb, David Hodges, Mrs. Doris Stephenson, Tull Ray Louder, Rev. and Mrs. W. H. Uhlman, Mr. and Mrs. P. M. Bristow, and the host couple, Mr. and Mrs. Paige Eiland.

Bridal Shower Given For Larie Fisher

A bridal shower honoring Miss Larie Fisher, bride-elect of Sammie G. Amsler of Midland, was held Saturday afternoon at the home of Mrs. Glenn L. Brown. Calling hours were from 3:00 to 5:00 p.m.

The bride-elect's chosen colors of pink and white were carried out in the decorating theme. She was presented with a pink corsage by the hostesses. Refreshments of punch and decorated sheet cake were served from a table covered with a pink net cloth and centered with an arrangement of pink roses. Pink napkins, with "Larie and Sammie" monogrammed in silver, completed the table arrangement.

Greeting the guests with Miss Fisher were her mother, Mrs. Herman Fisher, and Mrs. D. W. Rmsler, mother of the prospective bridegroom.

Members of the house party were Reba Ringener, Leta Johnson, Janis Burgess, and Brenda Standefer. They were dressed in formal dresses and helped with the registering and serving of guests and with the display of gifts.

About 30 persons registered during the afternoon.

Hostesses were Miss Sammie Laws, Mmes. W. A. Ringener, Eilmore Johnson, J. T. Mims, Owen Kelly, Horace Blocker, Coats Bentley, and Glenn Brown.

Busy Bee 4-H Club Met At Courthouse

The Busy Bee 4-H Club met Wednesday afternoon, May 12, at 3:30 at the courthouse.

During the business meeting, Janice Turner was nominated for sergeant at arms. Plans were also made for the group to begin a series of meetings dealing with sewing.

Present at Wednesday's meeting were: Margaret Turner, Janice Turner, Rebecca Fryar, Beth Ward, Donna Currie, and the adult leader, Mrs. Willard Turner.

Beta Sigma Phi Activities

Rho Xi chapter of Beta Sigma Phi met Thursday night, May 6, at the home of Nona Cain.

Virginia House presided in the absence of the president and vice president.

Plans were completed for the mother-daughter dessert which was held Saturday afternoon at 3:30 at Cap Rock Electric auditorium. Also, plans were made for the ice cream party to be held for the husbands on May 29 at Cap Rock auditorium.

The program was "Tools for the Art of Life — Thoughts," by Joyce Bergstrom, "Substance for the Art of Life — the Truth," discussed by Virginia House.

Attending were: Nancy Barnes, Joyce Bergstrom, Sara Blocker Nona Cain, Johnnie Conner, Nadine Dodds, Mona Elmore, Virginia House, Patsy Jones, Edwina Tom, Linda Angel, Claudene Sorrel, Janie Boyd, and Nancy Powell.

A salad supper in honor of four sorority members who have achieved Exemplar status, was given Thursday evening, May 8, by the Xi Theta Nu chapter of Beta Sigma Phi. Those honored were: Barbara Douglas, Ernestine Edmiston, Kay Simpson, and Latrelle Welch. They will join the Xi Theta Nu chapter in September.

The business meeting was conducted by Janelle Britton. The group discussed the convention to be held in Dallas on June 18-20, and plans were made for the chapter to be represented at the convention.

Jo Jon Cox gave the programs on "Ideals of Liberty and Justice." She read portions of the Constitution with the suggestion that each member go home and read the entire document.

After the program, Exemplar Rituals were given to the four guests.

Members present were: Janelle Britton, Jo Jon Cox, Mary Gilbreath, Ruth Holcombe, Ruby Payne, Jeanine Perry, and Gracie Hanson. Guests were the four incoming members, Barbara Douglas, Ernestine Edmiston, Kay Simpson, and Latrelle Welch.

A Chinese meal was served to members of the Xi Epsilon Delta chapter of Beta Sigma Phi, when they met Friday night, May 14, at the home of Peggy Walker.

During the business session, the Exemplar Degree was given to Augustine Epley, who will become a member of

the chapter in September. The City Council report was given by Bert Scwalbe, and plans were made to give a graduation gift to Beth Dodson, a resident of Girl's Town, who is sponsored by the chapter.

Officers installed at the meeting were: Helen Thrallkill, president; Dallas Thompson, vice president; Allene Kelly, recording secretary; Corene Manning, corresponding secretary; Lois Powell, treasurer; Lavelle Reid, extension officer; Helen Ruth Louder, City Council delegate, and alternate, Audrey Louder.

The Yardstick was filled out for the year.

The program, given by Helen Ruth Louder, was "Exercises in Thought."

Present were: Helen Ruth Louder, Bert Scwalbe, Lavelle Reid, Margaret Rouche, Allene Kelly, Corene Manning, Zella Graves, Helen Thrallkill, Peggy Walker, and guests Ann Workman, and Augustine Epley.

Annette Louise Tixier

Methodist Church Activities

The Woman's Society of Christian Service, Circles I and II, met Tuesday, May 18, in the parlor of the First Methodist Church, with Circle II acting as hostess. Mrs. Bob Cox is chairman of Circle II.

The opening prayer was given by Mrs. Calvin Jones. The devotional was given by Mrs. Bill Rhodes. Her subject was "Faith," based on scripture found in Hebrews 11:1.

Mrs. Bob Cox led the introduction to the new study, "Missions Among New Nations." She gave a very interesting introduction.

All officers are urged to attend the officer's training day at Kentwood Methodist Church, Big Spring, Thursday, May 20. Time is 9 a.m. to 11:30 a.m.

Refreshments were served to those present.

Attending were: Mmes. Cecil Bridges, C. R. LeMond, Martin Gibson, Calvin Jones, A. J. Stallings, Edmund Morrow, B. F. Smith, Jesse Burns, James Jones, James Biggs, F. O. Rhodes, Bob Cox, Bill Morrow, Tom E. Angel, Bill Rhodes, Nolan Simpson, and Tom Johnson.

Mr. and Mrs. C. B. Jones visited in Lubbock Saturday with Mrs. Jones' sister and brother-in-law, Mr. and Mrs. J. T. Carter.

Mr. and Mrs. Maurice Pierre Tixier of 2319 Bolsover Road, Houston, Texas, announce the engagement of their daughter, Annette Louise, to Mr. George Harper West, son of Mr. and Mrs. Willie Croom West, Kinston, North Carolina. The wedding is planned for the evening of July 30, in the First Presbyterian Church of Houston.

The bride-elect was graduated from Lamar High School in Houston, Texas, and attended Mary Baldwin College in Staunton, Virginia. She is now a student at the University of Arizona, Tucson, Arizona. Miss Annette Tixier is the granddaughter of Mr. and Mrs. William Allen Kaderli of this city.

The prospective bridegroom graduated from North Carolina State University and was a member of Phi Kappa Phi, Tau Beta Pi, and Pi Tau Sigma honorary fraternities. He will be a third year student at Bowman Gray School of Medicine of Wake Forest College, Winston Salem, North Carolina, where he is a member of Phi Chi medical fraternity.

Also Linda Lou Deloyce Parker, Nancy Williams Powell, Shirley Graves Ratliff, Reba Mae Ringener, Rodney Karl Roten, Claudene Nowlin Sorrel, Carolyn Ruth Springer, Wilson Lee Stewart, Johnny Rayborn Swanson, Alfred Lynn Therwanger, Glen Dale Thompson, Mary Elizabeth Wilson, and Wayne H. Woody, Jr.

Mrs. June Graham of Alpine, visited her parents, Mr. and Mrs. F. O. Rhodes, on Monday.

Midland - - -

(Continued from page 1) A. K. Guthrie of Big Spring has plugged a and abandoned the No. 1-B Spruce, a Glasscock County wildcat 12 miles southeast of Stanton at total depth of 3,850 feet. It is 467 feet from south and west lines of section 13, block 35, T-2-S. T&P survey.

Commencement -

(Continued from page 1) John Kenneth Owen.

Mrs. Faye Rhodes accompanied her son and his family, Mr. and Mrs. Sam Rhodes and daughter, Stacy of Midland, to Colorado City Lake last weekend.

Notice Of Equalization

In obedience to the order of the Board of Equalization regularly convened and sitting, notice is hereby given that said Board of Equalization will be in session at its regular meeting place in the Courthouse in the town of Stanton, Texas, Martin County, Texas, at 10:00 o'clock A. M. on Tuesday, the 1st day of June, 1965, for the purpose of determining fixing and equalizing the values of any and all taxable property located in Martin County, Texas, for taxable purposes for the year of 1965, and any and all persons interested or having business with said Board are hereby notified to be present.

Doris Stephenson,
County Clerk,
Martin County, Texas.

(Continued from page 1) given to Scotty Fisher, and presented by James Eiland, troop committeeman. Second Class Awards, also presented by James Eiland, went to David Michael Workman, Alan Gregston, Rusty Hicks, Tommy Walker, Steve Robnett, Randy Nichols, and Steve Stallings.

Tenderfoot Scouts who had received their awards in a previous ceremony were recognized. They are Victor Bentley, Kenneth Spencer, Mike Cook, Stanley Louder, and Danny Matteson.

Mrs. Bob Halslip presented an appreciation certificate by Bob Deavenport, noting her service as a den mother last year.

The Scoutmaster, David K. Workman, conducted the closing ceremony, after which refreshments were enjoyed by those attending.

The Scoutmaster, David K. Workman, conducted the closing ceremony, after which refreshments were enjoyed by those attending.

Booming - - -

(Continued from page 1) ches and three-tenths. Other farmers living in this area reported as much as four inches and better.

In the Tarzan area a total of two and six-tenths fell.

The rain was accompanied by some damaging hail near midnight Saturday. An earlier hail failed to do much damage but the second icy barrage from the skies beat up young plants, whipped garden plants down, buzzed through flower beds and raked some cotton fields so badly a replanting job will have to be done.

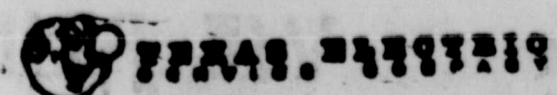

Udell Morris, living about three miles north of Stanton brought a hallstone the size of a cup cake to the editor Saturday afternoon. His place apparently caught the heaviest blunt of hail in that area.

Cool, cloudy weather continued to hang on Wednesday in the county. The skies were of an overcast hue and more moisture is on the menu.

FLAMELESS ELECTRIC COOKING
helps keep your kitchen 'Company-Ready'

Unexpected coffee break! It's a kitchen-cleanup test every woman experiences from time to time. And it's so much easier to pass this test successfully when you cook with one of the new, smartly modern, electric ranges. A flameless electric range helps you keep your kitchen showcase-bright year 'round. Walls and curtains stay lovely longer when you cook electrically, because there's no fuel grime to dull their appearance. Pots and pans retain their brightness with less sootling, too, thanks to flameless electric heat. Right now is a good time to see your electric range dealer. Cook electrically... live better electrically!

FARM REVIEW AND FORECAST

A Texas A&M University agricultural economist sees few encouraging signs in his spring review of the outlook for cotton.

John G. McHaney, economist for the Texas Agricultural Extension Service, says the carryover for U. S. upland cotton on August 1, 1965, is expected to reach 13.4 million bales, up 1.3 million bales from last year. And, he adds, this is the fourth consecutive year the carryover has increased. The record carryover of 14.4 million bales was set in 1956.

Despite a rise in domestic mill consumption, the total disappearance of upland cotton for the 1964-65 year is well below the production for 1964, the economist said. Exports, which play a very important role in total disappearance of cotton, have declined sharply this year, McHaney said.

The economist listed three major factors behind the expected 21 percent drop in exports. They are the record production of cotton in foreign free-world countries; the reduced free-world trade with Communist countries because of their near record production and the working down of cotton stock in importing countries.

Foreign free-world consumption of cotton is expected to total a record 25 million bales. Production in these

same countries also set a new record of 22.5 million bales for the 1964-65 year. The sharpest increases were in Central American and Africa, McHaney said.

In order to make U. S. cotton available for export and as competitive world prices, the U. S. Department of Agriculture has announced that the initial rate for payment in kind for the 1965-66 crop year under the Cotton Equalization Program will be approximately 5.75 cents per pound.

Texas cotton growers should continue to strive to produce cotton at the least possible cost per pound. This means the use of the latest findings from research and demonstration farms covering all phases of cotton production, says McHaney.

Approximately four more pounds of meat per person will be consumed in the United States this year than last.

This will bring the per capita consumption of red meat to 173 pounds—a record high, says Mrs. Gwen Clyatt, Texas A&M Extension consumer marketing specialist.

Virtually all of the nationwide increase will be in beef and veal, which have been in especially good supply and at reasonable prices, U. S. Department of Agriculture researchers have indicated. The availability of supply is ex-

pected to continue through out 1965.

Homemakers who are looking for tasty, economical ways of using beef will do well to consider the round, says Mrs. Clyatt. Round steaks have gone modern and have taken on a new look.

Many markets offer for sale, in addition to whole round steaks, portions of the round. There are some advantages to these cuts. Some

of the misunderstanding or abuse in preparation may be eliminated, since the shopper can now purchase that part of the round for a specific use.

The whole round steak is full of flavor. However, it is not tender enough to broil, and should be cooked in a covered skillet at low heat.

The top muscle in the cut of round is the most tender. It can be broiled, braised,

chicken fried or roasted. The bottom round, an outside cut, usually has a lower price tag than the top round. The bottom round makes pot roasts when cut in thick slices and may be carved across the grain. There are two other muscles in a cut of round steak. A visit to the meat counter will reveal the method of cutting round used by the store where you trade.

L. J. Cappleman Is USDA Honor Award Winner

L. J. Cappleman, Texas State Director of the Farmers Home Administration, today (May 18) received the United

A. J. Cappleman

States Department of Agriculture's coveted Superior Service Award which was presented by Secretary of Agriculture Orville L. Freeman during special ceremonies on the Washington Monument Grounds in Washington, D. C.

Mr. Cappleman has been state director for 12 years and a USDA employee for 30 years. His current residence is 2105 West Adams Avenue, Temple, Texas.

Mr. Cappleman was cited "for exceptional effectiveness in program administration, agricultural leadership and institution of a farm management program to improve the living standards of Texas

farm families." Beside the citation certificate, Cappleman received a silver medal.

Howard Bertsch, Washington, D. C., the agency administrator congratulated Cappleman and said that "this outstanding Farmers Home Administration State Director and his hard-working staff served some 127,000 Texas farmers and other rural residents during the fiscal year of 1964 alone, when they extended supervised credit totaling close to \$74.5 million."

Administrator Bertsch emphasized that the importance of this rural credit program to Texas is clearly defined. "If each of the 74.5 million dollars loaned by the agency throughout the state last year passed through only five hands as they were spent and repented, these loans would have had a cumulative economic impact of \$372.1 million."

"He has made a major contribution to the strengthening of family farms and rural communities and the alleviation of poverty in rural Texas," Bertsch said.

A statement of achievement accompanying Cappleman's nomination for the award explains that while serving as state director for the past four years "he has exhibited remarkable leadership qualities in administering a program that has effectively car-

ried out Farmers Home Administration objective by formulating realistic programs designed to best serve eligible Texas families."

Following are a few of the agency's achievements under Award Winner Cappleman's leadership:

1. An estimated 106,000 Texas farm and rural residents are or soon will be enjoying an adequate safe water supply for the first time because Cappleman placed special emphasis on the agency's community water system loan program.

The agency extended \$21,427,890 in supervised credit for the construction or expansion of 189 Texas community water systems during the period fiscal 1961 through fiscal 1965 up to Mar. 31. This is the largest number financed by the agency in any of the 50 states or the Commonwealth of Puerto Rico.

2. In 1964, under Cappleman's direction, the incomes of 7,200 family farmers throughout Texas were strengthened by Farmers Home Administration loans totaling \$44,000,000 made during this period to operate, develop and buy family farms, and to refinance debts.

3. Cappleman also received credit for assistance given farm families in times of disasters brought about by hurricanes, freezing weather and drought.

In recent months the Farmers Home Administration has made 3,845 emergency loans totaling \$23,708,035 in 208 designated Texas counties. Farmers getting needed operating finances were un-

Stanton PTA Installs New Officers May 11

The Stanton PTA met in its last monthly meeting Tuesday night, May 11, in the high school cafeteria.

Mrs. Udell Morris presided over the business meeting in the absence of the president, Dr. Jack Woodrow.

Room count was won by Mrs. Grays second grade room.

New officers installed by Mrs. Glenn Brown for 1965-66 are: president, Ellmore Johnson; first vice president, Mrs. Udell Morris; second vice president, Bob Deavenport; third vice president, Mrs. Curtis Flanagan; secretary, Mrs. Paige Eiland; treasurer, Mrs. Bob Cox; historian, Mrs. Floyd Walker, and parliamentarian, Mrs. Morgan Hall.

The next meeting of the PTA will be held in September.

Stitch And Chatter Club Met Wednesday

Mrs. Ruth Holloway entertained the Stitch and Chatter Club at her home at 406 West Second Street Wednesday, May 12. The afternoon was spent visiting and doing handwork.

Punch and cake were served the members.

Those attending were: Mrs. J. A. Wilson, Lillie Harward, Hattie Estes, John Poe, B. F. Smith, M. L. Gibson, Edmund Morrow, Oma Womack, and a guest, Mrs. J. T. Mims.

Rev. Roy Haynes of Ira, will be the speaker at both services at Courtney Baptist Church next Sunday.

able to obtain it from other sources.

Under Mr. Cappleman's leadership, not only is the family type farmer receiving opportunity to increase his income, but many rural communities are experiencing new growth through the construction of new dwellings and, in many cases, the establishment of new businesses.

Mrs. Sid Cross spent several days last week in Denver City with her daughter and son-in-law, Mr. and Mrs. Earl Creech and family.

Elma Nichols. Mrs. Mary Ruth Hall, Leslie and Donna from Midland, visited in Stanton Sunday.

Mr. and Mrs. Ed Weaver and daughter, Susan, of Houston, visited last weekend with Mrs. Weaver's sister and brother-in-law, Mr. and Mrs.

Guest of Mrs. Faye Rhodes last week was her granddaughter, China Dale Smith, daughter of Mr. and Mrs. Dale Smith of Big Spring.

Notice To School Patrons

Parents wishing to transfer their children from one school district to another for the 1965-66 school year must do so during the month of May, 1965, if funds allocated for each child in a district by the State of Texas are to be transferred from one district to another. If applications are made at any other time, the state funds must remain in the district of the pupil's residence. June 1 will be the last day for applying for such transfers. The County School Board will meet early in June to act on the application.

JIM McCOY,
County School Supt.

URGE PLANNED TRAVEL—In a recent official proclamation for Vacation Planning Week, May 10 to May 17, Governor John Connally declared that vacationers would get additional enjoyment from the state's endless variety of historical and scenic attractions by planning their visits ahead of time. Pictured with him is Jack A. Harner of Houston, chairman of Texas Mid-Continent Oil & Gas Association's Information Committee, sponsor of Vacation Planning Week.

Home Demonstration Club Activities

The Coffee Kup Kraft Home Demonstration Club met Thursday, May 13, at the home of Mrs. Jay Dee House.

During the business session, the group discussed the possibility of raising more trading stamps for the benefit of the library fund. Mrs. Homer Lee Hull gave a report on the council meeting and discussion was held on the various points raised.

A program given by Mrs. Mildred Eiland, county home demonstration agent, was on "Table Settings." Mrs. Homer Lee Hull discussed "Salads and Desserts."

After the meeting was adjourned, a salad luncheon was enjoyed by those attending.

Present for the meeting were: Mmes. Stanley Barnes, Bob Cox, James Doyle, Jay Dee House, Homer Lee Hull, Nolan Simpson, Bill Rhodes, and Mildred Eiland.

The next meeting for the group has been postponed to May 22 at 2 p.m. That will represent the last meeting until next fall, except for a family party, which has been planned for some time in July.

The Courtney Morning Home Demonstration Club met Thursday afternoon, May 13, at the home of Mrs. Weiland Atchison.

Roll call was answered with a tip for freezing or canning and a favorite salad dressing.

Mrs. Donnie Jones gave a report of the home demonstration council.

The club discussed plans for serving food for the singer's convention, which will be held in June.

For the program, Mrs. Weiland Atchison spoke on meals and frozen prepared foods. Mrs. G. P. Harrell spoke on salads and desserts.

The will be one more meeting of the club before it disbands for the summer.

Present were: Mmes. Eugene Atchison, G. P. Harrell, Homer Henson, Norwood Holloway, Donnie Jones, and the hostess, Mrs. Weiland Atchison.

Much greater efforts on the part of the federal government to reduce federal spending abroad and to make American industry more competitive in foreign markets through tax reduction and inflation control are advocated by the Council of State Chambers of Commerce as long-run solutions to the country's balance of payments problem.

Robert King Named Head Masonic Home

A veteran Texas educator has been named to head the Masonic Home and School in Fort Worth. Robert R. King, who has been superintendent of schools in Vernon since

Robert King

1963, will assume his new duties on July 1, according to an announcement by the Board of Directors of the Home and School.

King replaces W. Z. Compton, who is retiring. The Masonic Home and School is maintained by 250,000 members of the Masonic Fraternity in Texas to care for children and grandchildren of Texas Masons whose families are disrupted. Some 300 students live on the campus and attend classes in the fully-accredited, independent school system.

Prior to his service in Vernon, King was superintendent of schools in Haskell, Rochester and Girard, Texas. He had also served in other capacities in Spur, Silverton, and Girard, Texas, school systems. His school experience dates back to 1937.

As superintendent at Masonic Home and School, King will supervise and be administrator of a staff of 100 persons who are teachers or otherwise provide guidance and leadership for the children living at the 212-acre facility in Fort Worth.

King is current president for District Seven of the Texas State Teachers Association, a member of the executive committee of the Texas Association of School Administrators and is secretary of the Committee on Public Education of the Grand Lodge of Texas.

King is married to the former Jo Robinson of Abilene, and they have two daughters.

Mr. and Mrs. Gordon Stone had as weekend guests, their daughter, Carolyn, and Dr. Walter Skinner, of Dallas.

U. S. Highway 40 traverses 14 states.

Floyd Sorleys To Be Honored

The children of Mr. and Mrs. Floyd Sorley are honoring them with an open house Sunday afternoon, May 23, from 2 to 5 p.m. on the occasion of their twenty-fifth wedding anniversary.

All friends of the couple are issued this form of invitation to attend.

Garden City Graduation Set For May 21

Graduation exercises are set for 8 p.m. Friday, May 21, the seniors of Garden City High School.

Valedictorian has been named as Taylor Etchison, son of Mr. and Mrs. Waymon Etchison, Route 2, Big Spring, with a grade average of 90.45.

Taylor has been active in all school activities, participating in basketball and track all four years. He was named class president his freshman year, as well as being a member of the FFA quiz team. He played football for three years, and was named captain of the team his senior year. He was named class favorite his junior year, and was Beta Club vice president during his junior year. Activities during his senior year, included being selected Mr. Bearkat; vice president of Student Council, Beta Club president, best all-around boy, and FHA Beau. He plans to attend Texas Tech this fall.

Alice Hoelscher has been named salutatorian, with a grade average of 87.41. She is the daughter of Mr. and Mrs. L. B. Hoelscher of St. Lawrence.

She plans to attend college at San Angelo State College this fall. Her high school activities include being a member of FHA and pep squad all four years; member of Industrial Arts Club; class secretary her sophomore year; and class favorite her junior year. She was a member and club secretary of the Beta Club her junior and senior years. During her senior year, she was class treasurer, Student Council secretary, member of the annual staff, and recipient of the Betty Crocker Homemaker Award. She was also named the girl most likely to succeed, Halloween queen, and Miss Garden City High School, her fourth year.

Foiger Library, Washington, D. C. contains more materials relating to Shakespeare and his writings than any other institution of its kind.

The doctrine of Dadaism is the suppression of all relations between thought and expression in art and literature.

Reunion Held For 1940 Class At Courtney

The first reunion of the 1940 class of Courtney High School was held Saturday night, May 15, in the Courtney gymnasium. This was the first time some of the classmates had met since their graduation. Mr. and Mrs. F. O. Rhodes and Mrs. Lila Flanagan were class sponsors, and Mrs. Rhodes reported that "it was a happy get together for all present."

Johnny's Barbecue served 55 members of the class, and their families and teachers.

Those coming from out of the county for the reunion were: Mrs. Louise Lawyers, Rancho Cordova, California; Mrs. Gwen Vaughn, Los Gatos, California; Mr. and Mrs. Ed Weaver and Sue, Houston, Texas; Mr. and Mrs. Dick Reinhard, their daughter and grandson, Dimmitt, Texas; Mrs. Ivy Morton and Pam, Sanford, Texas; Mr. and Mrs. J. D. Mims, and Mr. and Mrs. Nolan Robnett, Lubbock. Mr. and Mrs. Russell Sadler and Greg, Jal, New Mexico; Mrs. Foye Powell, Plains; Mr. and Mrs. Herbert Schuelke, a n d Mr. and Mrs. Cecil Schuelke, Midland.

Those who live in the county and were present were. Mr. and Mrs. Marvin George, Mr. and Mrs. James H. Jones and family, Mr. and Mrs. Vanburn Glaze, Mr. and Mrs. Perry Geurin, Mr. and Mrs. B. W. Brown and d family, Mr. and Mrs. T. D. Barnhill, and Miss Ganevera Middleton.

Commencement Exercises Held At Sul Ross

Commencement exercises for 156 seniors at Sul Ross State College were held in Alpine at 7 p.m. Sunday, May 16, in the Main Auditorium.

Commencement speaker was Dr. James F. Rogers, from the Department of Health, Education and Welfare in Washington, D. C. Dr. Rogers is specialist for faculty staffing of the higher education administration branch.

Degrees were conferred by Dr. L. Harlan Ford, academic dean and interim president of Sul Ross State College.

Special music was provided by the Sul Ross Choir, under the direction of Ross Hise. Invocation was led by the Rev. C. W. Newbill, pastor of the Alpine First Presbyterian Church. Organist was Miss Ellen Boyd, instructor of music.

Among those graduating with Bachelor of Science degrees was Ruby Jean Doshier Laney of Stanton.

Library Lines

MRS. RALPH CAFFEY, Librarian

Library hours: Monday 1-9 p.m., Tuesday, Wednesday, and Thursday 1-5 p.m., Saturday 9 a.m. - 1 p.m.

Presented to the Martin County Library in memory of Mrs. Julia Haynie by Loyce Haynie Rossman is a most interesting book. The book is entitled Rev. John Haynie, Ancestry, Life and Descendants. The book is more than a genealogy, it gives the beginning of Methodism in Early Texas, because Rev. Haynie was a pioneer Methodist preacher for 49 years, as well as much early Texas history.

The library has received on loan from Austin for a year, 100 new books for the Easy (children's) shelf and Junior shelves. This will help much as we get ready to start the Reading Club program for the boys and girls. A special invitation to those of you who live out in the country and attend other schools to come in and join the Reading Club. You must read at least 12 books to receive a certificate and get your picture in the paper the last of August. The school teachers are very enthusiastic about all the pupils participating, so parents encourage your children to join. The eighth graders who will be going into high school next fall would find it very profitable to read some of the required reading that they will be having next fall. I would be happy to advise you on this.

As Edward Gibbon says: "Let us read with method, and propose to ourselves an end to what our studies may point. The use of reading is to aid us in thinking."

P-TA Brandishes Sword At Sudsies

Americans who are tired of too much sex and soapuds on television might just as well ignore the network and appeal directly to the sponsors if they want better programs, the editor of the P-TA Magazine said Monday.

"The networks evidently will not deal with moral issues involved in programming," Mrs. Herman Grant of Chicago said.

"Very well, then, let them admit they are devoted to their own interest, not the public interest, and that they think these two interests are incompatible.

"The simple fact is," Mrs. Grant said, "that a documentary once a month does not make up for a 'Peyton Place' three nights a week."

Officials of the three major networks in New York had no comment on Mrs. Grant's

charges.

"Beginning with the September issue, TV programs reviewed in the P-TA Magazine will carry the name of the sponsor or sponsors, and readers will be urged to express their views directly to them.

"P-TA members are mourning the demise of some of the new worthwhile shows left on TV, among them 'Profiles in Courage,' 'Mr. Novak,' and 'The Defenders.'

"About all we have a surplus of is the emotional problems of the people in 'Peyton Place'—that strange town in which practically every inhabitant has a sordid past, an equivocal present, and a fearful future.

"No wonder we need three prime time programs, instead of two, to keep us afloat in this maelstrom soapuds."
