STANTON, MARTIN COUNTY, TEXAS (79782), THURSDAY, JULY 1, 1965

8 Pages—Price 5c

## VARIETY

By NEAL ESTES

**LOST:** Pair prescription ground tinted glasses. Reward personally paid to finder for return to your country editor at THE STANTON REPORTER. These glasses were prepared for me by DR. ALLEN HAMILTON of the HAMILTON OPTOMETRIC CLINIC across the street from the courthouse in Big Spring. I think the glasses were lost in the downtown area.

**THE STANTON MUSIC CLUB** will present its annual folk festival on Monday evening, July 12 at 7:30 at the High School auditorium. This year's festival will be entitled "Fun and Frolic of Day Before Yesterday."

A former East Texas farm boy, RICHARD A. GOODSON, has become the first native Texan to be elected president of the SOUTHWESTERN BELL TELEPHONE COMPANY. He will assume his new duties in the company's headquarters office in St. Louis, Mo., on July 1. RICHARD GOODSON, who put in his first five years on a Cherokee County farm and got his first business experience in box factories and his father's hardware store in Jacksonville, has earned his high position and will occupy the office with ability, dignity and honor. Across the years the GOODSON-ESTES families, (East Texas branch of the ESTES) have been good friends. The new president of SOUTHWESTERN BELL has a brother living in Longview. President GOODSON joined the telephone company as a traffic assistant in Dallas in 1928. And for the benefit of JIM ELLAND, JAKE HODGES, JERRY HANSON, BOB JOHNSON, JOHN GRAVES, and other Aggies — you don't say Aggies, the new top man at S&W Bell is a graduate of A&M. No siree, you don't say ex-Aggie you are supposed to follow the rule: "Once an Aggie — always an Aggie." This Texas teapipper learned that just the past year.

Old-time colored comedian RED FOX appeared on the other night. JOHNNY asked RED if he had been doing any marching. FOX replied: "I'll ride maybe — but not march. All that would happen to me would be that I would fall out and the brothers would stomp me even if I were trying to hum 'We Shall Overcome' while down." For that crack about the "revolution" RED is now being called an "Uncle Tom."

Poverty fighter SARGENT SHRIVER passed out some cold cash in Harlem to keep a hot summer from developing in the sprawling, heavily populated negro area in New York. The amount of my money and yours my fellow struggling taxpayers that the in-law of the politically minded KENNEDY family spent was four million and three hundred thousand dollars. I sure would like to be able to get this community just a portion of that sum for a recreation center, swimming pool and decent baseball field. Oh yes, I forgot to mention that is exactly what "DOCTOR" SHRIVER plans for Harlem — plus a few bucks for political hooch no doubt. BOBBY KENNEDY may not wait until 1968 to run for president. LBJ better watch that bunch of till tenders up there or he won't have enough money left to buy a branding iron for next spring's roundup on the ranch.

Saturday's legislative election did more than designate a winner. It clearly indicated

## Brenda Standefer First Fine Arts Award Winner

By FRANCHELLE MOORE  
Society Editor  
The Midland Reporter-Telegram

**SPECIAL TO THE REPORTER** — A young Stanton artist, 17-year-old Brenda Elaine Standefer, is the recipient of the first Fine Arts Apprenticeship Award made by the Harry J. Russell Fine Arts Foundation, Mrs. Harry J. Russell, president-treasurer of the foundation, has announced.

Miss Standefer is the daughter of Mr. and Mrs. Clement R. Standefer of Stanton. Her grandparents are Mr. and Mrs. Grady Standefer of Stanton, Mrs. Nathan L. Heidelberg of Midland and M. Henson of Stanton.

A senior student at Stanton High School, Miss Standefer has studied art with Mrs. Myrtle Lee of Big Spring and Arnold Leonard of Midland. Interested in art several years, she plans to major in fine arts at the University of Texas.

At SHS, Miss Standefer is a member of the Future Homemakers of America, Drama Club, Pep Squad, A Cappella Choir and National Honor Society.

Mrs. Russell said, "The Old Chair" is the title we (directors of the Fine Arts Foundation) have selected for the oil painting executed by Miss Standefer as her final examination to receive the

Brenda Elaine Standefer

award. In our opinion, the painting was very skillfully done and the problems encountered were well met by an artist as young as Miss Standefer.

The painting will be displayed one week in The First National Bank of Midland, beginning Thursday, and then will be displayed in Stanton, at the First National Bank.

Preliminary procedure for applicants for the award included submitting three original oil paintings, three original watercolors, three original drawings. These were judged

## Editor's Mail

6565 Sepulveda Boulevard  
Van Nuys, California

Dear Neal:  
Here's my subscription for a renewal of The Stanton Reporter—couldn't live out here without keeping up with all my good friends in Stanton! By the way, Neal, you said you'd send me a few of your issues of June 10, which carried the story of my resignation and moving away from my wonderful work. I didn't even read that story! So-o-o, may I please have a few copies? Will really appreciate it. Sorry you didn't get to see my "money tree" — it was pretty fabulous!  
Good wishes to you and all of your staff.  
Sincerely,  
Stormy.

Stanton, Texas  
Dear Editor:  
On behalf of the Texas Society for Crippled Children and Adults, we extend to you (Continued on page 4)

## Sheriff's Posse And Rangers Win Second At Rotan

The Martin County Sheriff's Posse rode in the parade which preceded Rotan's annual rodeo last Thursday and received second place honors. The Snyder Sheriff's Posse placed first in the competition.

In the junior division, the Stanton Rangers also received second place.

The Posse is scheduled to enter the parade at Peecos on July 1, and will ride in the Old Settler's parade in Stanton on July 13.

## Rites Held For Former Martin County Resident

Mrs. Clara O. Duke, 80, passed away in an El Paso hospital on June 28. She suffered a stroke on February 24 and had been confined to the hospital until her death.

She and her husband, N. C. Duke, who survives her, lived in Martin and Howard Counties from 1927 until about five years ago when they moved to El Paso.

Survivors other than her husband, are three daughters, Mrs. Lewis Carlile, of Stanton; (Continued on page 4)

## Important Notice To Subscribers

We have assumed that the delinquent subscribers on the mailing list desire to continue taking the paper or they would have notified us otherwise. We do not want to abruptly terminate the subscription of any person, but paper, ink and labor costs now make it essential for us to remove all past due subscribers by the 15th of July.

## Some Stores Will Close July Fifth

Some Stanton stores will close on Monday, July 5, to observe Independence Day, July 4, which comes on Sunday this year.

Independence Day is one of the holidays merchant members of the Chamber of Commerce voted to close on but all merchants do not belong to the chamber and some that do have plans to open up for Monday business.

Some merchants plan to close half a day.

Dollar Day will be observed on Tuesday, July 6, and advertising messages are found in this issue of the paper.

The next holiday on the community agenda comes on Labor Day in September.

As far as the newspaper was able to determine no special July 4 program has been planned for the community.

## WTCC Board Sets Meeting At Andrews

The West Texas Chamber of Commerce board members from a 10-county area will meet with the top echelon WTCC officers in Andrews at 3 p.m. July 7 as part of an intensified program of participation and membership.

The counties, in District 6 of WTCC, include Andrews, Borden, Dawson, Ector, Gaines, Glasscock, Howard, Martin, Midland and Winkler.

The Andrews briefing session will be held at the Andrews Chamber of Commerce, with the District 6 vice president, W. H. (Bill) Collins of Midland, in charge.

Meeting with the directors will be Beeman Fisher of Fort Worth, now serving his second term as WTCC president, and two vice presidents of the organization, Henry Sears of Hereford and John Ben Shepherd of Odessa.

Directors expected to participate in the Andrews meeting include J. A. Ulmer, Andrews; (Continued on page 4)

# Roger Brown Elected To Legislative Place

## Dollar Day Stated July 6 In Stanton

There will always be a Dollar Day in Stanton and Martin County.

Ordinarily the special day each month is held on Monday. Merchants who remain open this coming Monday, July 5, will have bargains but the big day — the real Dollar Day — will be celebrated with values and bargains by the stores whose ads appear in this issue of the paper for Tuesday, July 6. We cannot speak for the merchants who did not use the columns of the paper to advertise.

Independence Day comes on Sunday so some of the stores will close Monday to observe the day.

The First National Bank and The Stanton Reporter, and a lot of other business places will remain open on Monday. It is not possible for us to meet our daily news deadlines and close up during the first part of the week.

Independence Day is not a national holiday for national banks.

## Cindy Britton Earns State 4-H Office

Cindy Britton was chosen secretary of the 4-H State Council for 1966, when she attended the 1965 meeting of the group in Houston last week. She had attended the meeting as the sole girl representative of District 6, and her election as secretary was termed quite an honor by Mrs. Mildred Eiland, local home demonstration agent.

She is to attend the Attorney General's Youth Conference on Crime, to be held in August in Austin, as well as other state-wide events.

Cindy, the daughter of Mr. and Mrs. Souval Britton, will be a senior in Stanton High School next year.

## Programs For Local Girls Announced

All girls in Martin County who will be high school students next year, are urged to attend a special series of programs to begin on Thursday, July 1, at Cap Rock Electric auditorium. They are to continue each Thursday during the month of July. These programs have been planned by a Youth Program Building Committee, composed of local citizens who are interested in young people, according to Mrs. Mildred Eiland, who made the announcement.

The first session, set for 9 a.m. on July 1, will deal with makeup and will be under the direction of June Sparks, Midland, who is a specialist in that field.

Other interesting and informative programs are to follow, such as the one titled "How Good an Executive Are You?" which is to be given by Jimmy Stallings at the second meeting, July 8.

Mrs. Floyd Walker, Mrs. Laymon Baker, and Mrs. Mildred Eiland will be in charge of arrangements for the meetings, which are free of charge to those attending.

## Library To Start Summer Story Hour

Beginning Wednesday, July 7, the library will offer a Story Hour for certain groups of children. The sessions will be conducted each Wednesday afternoon during the month of July.

Children who are 4, 5, and 6 years of age are to attend from 2 to 2:30 p.m. Those who were in the first and second grades at school the past year are to attend from 2:30 to 3 p.m.

All children of Martin County are urged to attend this Story Hour. It is expected that much good, as well as entertainment, will be derived from it.

## Location Staked In Southeast Martin County

By JAMES C. WATSON  
Connally Oil Co., Inc. of Abilene has staked location in Southeast Martin County for the No. 3-3 Jim Tom, a location west outpost to the Gordon Street (lower Wolfcamp) pool.

It is projected to a total depth of 9,900 feet and is five miles southeast of Stanton, 1,000 feet from south and 1,640 feet from west lines of section 31, block 35, T-1-S, T&P survey.

Murphy H. Baxter of Midland is making hole below 10,100 feet in the No. 1-B Allar, a Martin County wildcat which is scheduled for total depth of 11,000 feet.

It is 15½ miles north of Stanton, 3½ miles south of the Hill Ranch (Dean) pool, four miles northwest of the north edge of the Spraberry Trend Area in Martin County, 1,980 feet from south and east lines of section 15, block 35, T-2-N T&P survey.

## Last Rites Held For Aged Resident

Ponciana Morales Sepulveda, age 90, died June 27 at 1:33 p.m. at Physicians and Surgeons Hospital in Stanton.

She was born April 16, 1875, in Mexico, and came from there to Stanton in 1924.

Services were held at 5 p.m. Monday, June 28, at St. Joseph's Catholic Church, with interment in St. Joseph's Cemetery, under the direction of Arrington-Gilbreath Funeral Home.

She is survived by six sons and four daughters, and a number of grandchildren.

## Big Spring Attorney Takes Martin County

Roger Brown, Big Spring attorney, won the special legislative race Saturday by polling the highest number of votes in the special election to fill the seat left vacant by the death of the late Ed Carpenter in the 78th District.

The district is composed of seven counties. Brown carried three of them, Coke, Reagan, and Martin. Martin County gave Brown a 40 vote margin over Frank Hardesty, second man in the special race balloting. But Harold Hall placed second in Martin. Hardesty was last here.

Hall, the lone Republican in the race, made a fine race receiving 925 votes in the seven counties. He carried Sterling, Glasscock and Reagan counties. Hardesty squeaked by Roger Brown 24 votes in

Howard County to bag the one county in the 78th district race. Hall also ran well in Howard County.

Martin County supplied 40 of the 100-vote victory margin Brown had over Hardesty district wide.

Brown made an intensive personal contact-type campaign in this county. He and his wife both visited the county many times.

County	COUNTY VOTE		Hall
	Hardesty	Brown	
Coke	53	80	41
Glasscock	33	39	63
Howard	1081	1057	639
Irion	21	48	32
Martin	62	102	63
Reagan	14	36	54
Sterling	12	14	33
<b>TOTALS</b>	<b>1276</b>	<b>1376</b>	<b>925</b>

## Dress Revue Planned By 4-H Members

The final Martin County 4-H Dress Revue for this year will be on Tuesday, July 6, at 8 p.m. at the Cap Rock Electric auditorium.

The public is invited to attend to see what has been accomplished by some 35 girls in the field of sewing.

Judging will begin at 9:00 p.m. All girls entering will appear before the judges and be given instructions on how to model.

Serving as judges will be Mrs. Norma McGrew and Lillian Kosh, home economists for Texas Electric Service Company, Midland.

## Social Security Representative's Visits Listed

The summer schedule of visits by a representative of the Social Security Administration has been announced. He is to be in Stanton at the courthouse on Monday afternoon, July 28, August 23, and September 27, from 2 to 3 p.m. He will assist older or disabled workers and the survivors of those who have died, to complete their applications for retirement, disability and family insurance benefits. He will also take applications for social security numbers and furnish information about the social security program to all interested persons.

He is available for talks to groups upon request.

You can also obtain service by going to the district office at 1009 Greg Street, Big Spring, or by calling AMherst 4-5226.

## Local Sorority Members Attend Convention

Seven members of the local Beta Sigma Phi chapters attended the state convention held June 18-20 at the Sheraton-Dallas Hotel.

The theme of the convention this year was "Six Flags Over Texas," and on Friday the group toured the Six Flags Over Texas park near Dallas.

On Friday evening, they attended a buffet dinner with entertainment by the Levee Singers and Alex Martin.

On Saturday, a forum was held for each office in the organization, followed by a luncheon and style show. That afternoon, a general assembly was held and the group voted to have as their project for 1965-66 the Children's Medical Center of Dallas, and next year's state convention site was set at Corpus Christi. A formal banquet was held in the hotel ballroom on Saturday evening.

Devotion was held on Sunday morning, followed by a luncheon. The speaker was Walter W. Ross, who is president of Beta Sigma Phi, and is from Kansas City, Mo. He made the closing address of the convention.

Those attending from Stanton and their chapters: Xi Theta Nu, Janelle Britton, Gracie Hanson, Jo Jon Cox, Mary Gilbreath, and Jeneane Perry; Rho Xi, Nona Cain, and Mu Lambda, Wanda McIntyre.

Mr. and Mrs. J. H. Parrish had as their guests recently their son and daughter-in-law, Mr. and Mrs. Harold Parrish of Tokio, and their daughter and son-in-law, Mr. and Mrs. J. D. Shewmake of Odessa.

## Message For The Fourth

It is auspicious that this year Fourth falls upon a Sunday, that it may remind us: "A nation needs to pray as well as play: for things it has not earned, for gifts from men now dead, some dead so long ago we never knew they lived. Their hopes and dreams, their genius and their sweat.

A nation needs to pray . . . in the knowledge that our free world holds the sanctuary of the hope of man, for freedom on this earth.

The way of the first Fourth, 189 years ago, was for the people to celebrate joyously, and it is an appropriate custom today. But we are favored, too, this particular July 4 by a several day holiday, and it will afford us time to meditate. For in the celebration we

are apt to forget that we were not always free.

With the Fourth falling on Sunday this year and with our young men dying daily in Viet Nam, it may be that Heaven is giving us a sign; for this year especially "this nation needs to pray" for the guidance and the strength to hold fast to our heritage. We need to think of our Declaration of Independence and above all take stock of our Constitution and find ways to return to the rules of our way of society as practised by our forefathers for years before nine men started making strange decisions regarding prayer in schools, the right of a man to be a Communist in this country if he so desires, and all that clap-trap.

## Bracero Policy Test Pends

A critical test of the Johnson administration's policy greatly limiting use of foreign farm workers is yet to come. Its fate may well be decided when it comes time to harvest many crops from August through October.

There has been much about the government's termination this year of the bracero program — a term applied to arrangements under which Mexican workers were brought in during seasonal periods to plant, cultivate and harvest crops.

There have been complaints that the lack of these foreign workers to do what is referred to as stoop labor has reduced production of some spring vegetable and fruit crops, particularly in Arizona, Michigan, California, and Texas.

Secretary of Labor Willard W. Wirtz, whose department supervises the bracero program, led the fight last year to end use of foreign workers. He contended there are plenty of unemployed workers in this country to fill these seasonal

jobs on farms.

The bracero program terminated last Dec. 31. However, the executive branch of the government has authority, under the Immigration and Nationalization Act, to permit entry of foreign agricultural workers if they are found to be needed.

Recent sharp increases in retail prices of some vegetables and some fruits — particularly strawberries — were laid at Wirtz' door by some farm groups and farm employers (Continued on page 4)

**Lake Blitz Clips Carp**

As the old saying goes, the one that got away "weighed a ton" but unwanted rough fish were put away for keeps to the tune of 225 tons by the recent treatment of San Angelo reservoir.

Biologists for the Parks and Wildlife Department determined that most of the rough fish were shad and carpucker, considered the twin enemy of fishing fun.

Mrs. E. E. Buntyn and Miss Grace Bisbee of Haskell, were visitors in the home of Rev. and Mrs. C. R. LeMond Saturday.

Mr. and Mrs. Sid Cross had four grandsons spend the week with them last week. They were Tracy and Greg Cross of Midland, and Clinton and Scott Creech of Denver City.

Mr. and Mrs. John Wood recently escorted their son, Mike, to Lawrence, Kansas, where he is attending a music and art camp. While on the trip, they visited the Truman Library at Independence, Missouri, and the offices of the headquarters of Beta Sigma Phi sorority at Kansas City.

The name arsenic comes from the Greek word for "bold," from its action on other metals.

**The Exchange Desk**

THE GRAHAM REPORTER: "City street department crews were busy Monday on a new paving project for the city after City Council approved an ordinance Thursday."

DENVER CITY PRESS: "Southwestern Public Service Co. today had reduced its utility rate in Denver City. The reduction, through a rate simplification and standardization program, will mean an aggregate saving estimated at around \$2,016 per year for the city's approximately 1,400 residential subscribers."

THE FOARD COUNTY NEWS "The Santa Fe Railway Co. shipped 206 cars of wheat from the crop just harvested in Foard County, Santa Fe Agent T. O. Ellis reported Tuesday."

STAMFORD AMERICAN: "Stamford's National Guard unit, Battery C, 1st Battalion, 131st Artillery, returned home from summer camp on Sunday, rated as the top artillery firing battery in the 36th Infantry Division."

THE BIG LAKE WILDCAT: "Mrs. L. L. (Red) Nutter had been on an overnight camping and fishing trip to the Pecos River Sunday about two hours when she was bitten by a copperhead snake. She received prompt medical attention in the Iraan Hospital and was transferred to the Reagan Memorial Hospital Wednesday morning."

THE MEMPHIS DEMOCRAT: "Eighteen of a proposed 31 blocks of paving were approved for a new program Tuesday night by Fort Stockton City Council. In a spirited hearing which opened the council meeting, about 30 property owners voiced their attitude toward the proposals for paving the 30 blocks, with opposition expressed to a number of projects on grounds of cost out of proportion to benefit, lack of development in areas, and low traffic."

MORTON TRIBUNE: "Three Way schools let the contract and work is now underway for new construction and remodeling work at the school Mamock Brothers of Lubbock, were the successful and lowest bidders at \$149,880. There were four other bidders ranging in amounts from \$158,419 to \$183,422, according to Harrell Holder, superintendent of Three Way schools."

**Tips On Transplanting Trees, Bulbs During Summer Months**

If you've just purchased or built a new home, chances are you are ready to try some summer transplanting of trees and shrubs.

Everett E. Janne, Texas A&M University Extension landscape horticulturist, says it isn't necessary to wait until fall or winter to set out shrubs and start a landscape program.

Although most reference authorities do advise you to wait until the dormant season, many reputable nurserymen will be happy to provide you with balled and burlapped plants or container-grown plants which can be transplanted most any time, Janne says.

It's best to avoid planting just before leaving on vacation — unless you have a reliable yard man to look after the plants while you're away.

When transplanting balled and burlapped or container-grown plants, be sure to select those which are healthy and have a good color. Avoid misshapen and off color plants, for they're usually slow to become established.

When transplanting, the hole should be the same depth as the ball or container, and considerably larger in diameter. A good rule of thumb is to make the hole 50 percent greater in diameter than that of the soil ball. If the soil is poor, remove it and add good topsoil or compost. A poor soil can be improved by adding peat moss — 30 to 50 percent by volume — to the existing soil and using it as backfill. This encourages new root development, provides better moisture holding capacity, and improves aeration of the soil.

Place the plant in the hole at the same depth it originally grew. Fill up around the soil ball with the prepared soil, firming it in place. When the hole is about three-fourths full of soil, fill the rest of the way with water. Allow to soak away. Then finish filling the hole with soil, but do not tamp it in place.

If you are planting a burlapped ball, it's best to remove the upper portion of the burlap to prevent girdling the trunk in case the fabric is slow in rotting near the surface. The lower portion will readily decompose.

Delay fertilizing until after the plant has started to put on new growth, suggests Janne.

Another desirable practice is to prune the plant to remove at least one-third of the top growth. The above-ground portion should be reduced in relation to the root system. Remove some of each branch, rather than taking all from the lower limbs or top.

Pontotoc, Miss., Progress: "... In Bulgaria. Offenders caught the second time driving while drinking are invariably sentenced to death ... the death sentence is invariably carried out. On second thought, a death sentence for drunk drivers is not as harsh nor unreal as it might seem. Habitual drinking drivers in America generally sentence themselves to death. The pathetic and useless part of this sentence is that innocent drivers are often killed when the drunk driver's death sentence is fulfilled."

**Bible Comment—**

**Even Paul Sought Training For His Life**

Paul was not long in finding Christian friends although at first the disciples feared him because of the recent zeal he had shown in persecuting them.

But Ananias, a saintly Christian in Damascus, welcomed Paul as a Christian brother. Ananias had been prepared in a vision for the coming of Paul but he doubted, at first, that so terrible a persecutor as Paul would become a disciple so suddenly.

The disciples in Jerusalem were a little harder to convince. They had suffered much more from the fury of the persecutor and were suspicious. It was Barnabas, the rich disciple who had given all his wealth for the Christian cause, who vouched for Paul.

It was not unnatural that Paul's former associates in persecution should have been aroused to a high pitch of anger at Paul's defection. Their fury was so intense that

**Nineteen Years Ago**

Mrs. Imogene Ledbetter has assumed her duties as Martin County Home Demonstration Agent. The county has been without a home demonstration agent since the resignation of Fern Hodge, who accepted a like position with Wise County. She will attend a refresher course for all home demonstration agents at A&M University during August. Her husband, Alton Ledbetter, is employed by the Soil Conservation Service at Midland.

Directors of the Old Settlers' Reunion met Sunday afternoon at the home of Mrs. Cal Houston and decided to hold the Old Settlers' Reunion this year. It had been postponed during the war. The reunion will be held Tuesday, July 9, at the city park.

New officers were installed at a meeting of the Stanton Lions Club Monday night. Installed were Poe Woodard, president; I. E. Biggs, second vice president; J. Mott, third vice president; Glenn Jamison, secretary-treasurer; Finley Rhodes, fourth vice president; Morgan Hall, Lion tamer; A. E. Pitman and Gordon Stone, directors. Joe Pond of Big Spring, served as installing officer. Jimmie Green of Big Spring presented awards to retiring and incoming presidents, the secretary, and to Jess Burns and Glenn Jamison for perfect attendance. Delbert Downing of Midland, was guest speaker.

The records committee of the National Rifle Association have announced that it has been confirmed and made official a new .22 caliber pistol record over the National Match Course. The new record score, 397, was fired by Jess Woody of Stanton at the Southwestern Pistol Tournament held in Dallas. He broke the record score, which was set in 1938 by Al Hemming of the Detroit police.

Mr. and Mrs. Ed Weaver and son left Wednesday for Rutland, Vermont, to make their home, where Mr. Weaver will enter business. Mrs. Weaver is the former Gaynell Watson.

Recent visitors with Mr. and Mrs. C. E. Crow were Harold Crow, who is attending the University of Texas at Austin, Cpl. Billy Crow of Camp Lee, Va., and Mr. and Mrs. R. G. Ragland of Modesto, California.

American eating habits more cheese and 23 per cent have changed dramatically in more canned fruit. Consumption of frozen fruits and vegetables, which was slight in 1950, has skyrocketed as much more chicken, 33 per cent as 300 per cent.

**Philosopher Gets A Rainfall Report From Viet Nam And Admits He's Confused**

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw apparently has gotten a weather report from Viet Nam, his letter this week indicates.)

Dear editor:  
 When it comes to understanding the problem in Viet Nam, I leave the job to smarter people than me who have a lot more facts, and when one President after another from both parties says it's important that we keep on doing whatever it is we're doing over there, I don't argue.

Maybe I ought to be ashamed to admit it, but news from Viet Nam to me in my ignorance is as baffling as a report on a national golf tournament. I see the headlines but the names are beyond me because I don't keep up with golf. I'm worse on geography, and I don't know any more about Viet Nam than I do Brooklyn.

But I did run across one small fact about the place the other day and I've been thinking.

According to this article, there are places in Viet Nam where the normal rainfall in November is 29 inches. That's right, twenty-nine inches. It slacks off to eleven inches in August and thirteen in September, with scattered showers and thundershowers throughout the rest of the year, except for a few months when it dries up and the temperature gets unbearable. In the months when it rains every afternoon, everything bogs down, too wet to plow or drive a tank.

Now I'll tell you, a country's in bad shape when it has to plant a crop and fight a war in between showers.

I know the free world has got to take a stand against Communist dictatorship, but it sure is unfortunate we couldn't have found a drier spot to do it on.

On the other hand, think what a snap a weather forecaster has over there. One of the few places on earth where, when he predicts rain, it rains every time.

Yours faithfully,  
 J. A.

**Veronica Grant Makes Honor Roll At College**

Veronica Sorley Grant, daughter of Mr. and Mrs. Floyd Sorley, was among students listed on the honor roll at Howard Payne College, Brownwood, for the spring semester.

In order to be listed on the honor roll, a 2.50 - 2.74 grade point average must be maintained. There were 48 students who qualified for the honor roll, according to a report issued from the Office of Public Information at the college.

**Red, white, & blue retirement plan**

Sure, you'll have social security. Maybe an insurance plan, company pension and money in the bank to boot.

But buying U.S. Savings Bonds is also an excellent way to prepare for that day when you start taking it easy full time.

If you buy one a month at \$37.50 for 7 1/2 years before you retire, you'll have \$50.00 a month coming in for 7 1/2 years after. (That's just an example. You can adjust the dollars and the years to suit yourself.)

Something else to think about: Bonds can help make sure you'll have a future to retire to in the first place. The money does a lot to strengthen Uncle Sam's hand in the free world.

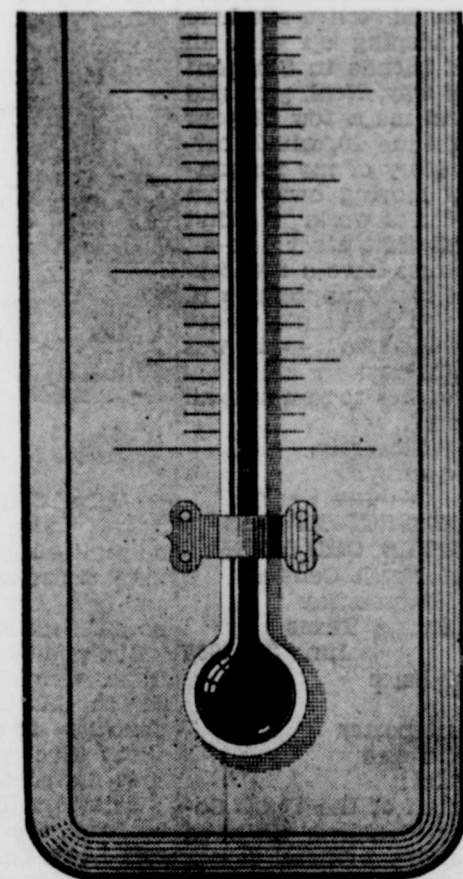

Why not make it a habit to buy Bonds regularly where you bank, or on the Payroll Savings Plan where you work? See if you don't feel pretty good about it—now and later.

- Quick facts about Series E Savings Bonds**
- You get 3 1/2% more money when they mature (7 years, 9 months)
  - You pay no state or local income tax and can defer the federal tax until the Bonds are cashed
  - You can get your money when you need it
  - Your Bonds are replaced free if lost, destroyed or stolen

Keep freedom in your future with

How to keep your kitchen cooler while you're cooking...

**COOK FLAMELESS ELECTRIC!** With flameless electric cooking, pots and pans sit directly on electric heating elements, and absorb the heat before it can escape to warm up the kitchen. Air circulation isn't needed to support combustion, so flameless electric ovens are fully insulated on all four sides, top and bottom to "lock" cooking heat inside where it's used and wanted. This means your air conditioning equipment will have an easier task... work more efficiently and economically because it doesn't have to overcome heat wasted into the kitchen air by cooking flames. See the new electric ranges at your dealer's soon... and enjoy a cooler kitchen... electrically!

**Summer Safety Tips...**

**STOP THROWING THINGS WITH THAT ROTARY MOWER**

The propeller-like blade on a rotary power lawn mower revolves at a rate of 4,000 times per minute.

It efficiently and indiscriminately cuts everything in its path. It can turn a stone on the lawn into an unguided missile if it strikes it. Such flying objects have been hurled at great distances at speeds up to 170 mph and have pierced, fractured, crippled, blinded and killed. They will cause an estimated 30% of the 100,000 power mower accidents expected to take place this year.

Mower producers are constantly working on designs to eliminate the danger of thrown objects. They have carried on broad educational programs to familiarize owners of the estimated 22 million rotary mowers being used in this country with proper safety procedures. To reduce the danger, they advise:

- ... Before mowing, clear the lawn of stones, wire, glass, toys, etc.;
- ... Don't let children stand on the sidelines watching;
- ... Stop the mower if someone approaches;
- ... Guide the mower so that the discharge side never faces a sidewalk or neighbors on an adjoining lawn;
- ... Always stop the engine before crossing a gravel driveway, walks or dirt roads.

This year a new type of rotary mower is available that will not throw objects. It has no propeller-like blade, but cuts grass efficiently with a unique "safety disc" cutting system that has been developed by P.M. Engineering & Manufacturing Co., of Ridgeway, Pa.

Four small steel blades are securely fastened to a round "safety disc" that rotates beneath the mower's housing. Each blade is free to spin in a

complete circle around a special bushing and is held in place to cut the grass by centrifugal force from the spinning disc.

On contact with a solid object, the blades spin back and seldom even move the object. They are immediately returned to the cutting position by the centrifugal force.

The "Whispering Jet" weighs 40-44 lbs., about 20 lbs. less

than the average comparable metal mower, because reinforced plastic has been used in the housing, safety disc and motor cover. These sturdy components

are fabricated using polyester resins produced by Koppers Company, Inc., reinforced with fiberglass. They won't rust or corrode.

P.M. plans to sell the safety disc and blades separately for less than \$5 to owners who want to convert their conventional rotary mowers to this new cutting system. Information on the safety disc can be obtained by writing to P.M. Manufacturing, Ridgeway, Pa.

**Lamesa Set For Jubilee**

Plans are near completion for the homecoming in Lamesa July 2-4. Approximately 5,000 ex-students and teachers are expected to be on hand for the three day event.

Bob Crawley is chairman of the jubilee committee. Plans call for the largest extravaganza in Lamesa's history. All facilities, including schools, club houses, churches and homes, will be available to guests.

Class meetings will be held for each graduating class and an ex-teachers tea will be held Saturday afternoon. A hootenanny is being planned for children of all ages at the local swimming pool, and a giant extravaganza headed by Richard Crawley will be staged Saturday night in the Lamesa High School auditorium.

Spud Stuart, chairman of the housing committee for the guests, has issued an SOS for bed rolls, roll-a-ways, cots or any other available facilities to help take care of the visitors.

Some families are expecting three or four children home with their families. One family will have six children home with a total of 30 guests in their home for the three-day

**L. Mattingly Attending Summer Course**

Edgar Leon Mattingly of Tarzan is enrolled in the annual Health Education Workshop at North Texas State University this summer.

The accelerated six-week course is designed to give its participants particular attention to recent community and school health problems.

Guest lecturers include various medical, education and state consultants.

A 1959 graduate of Stanton High School, Mattingly is the son of Mr. and Mrs. W. L. Mattingly, Star Route, Tarzan.

A barbecue will be served Saturday night preceding the extravaganza in the football stadium. Tickets are being sold through local civic clubs.

Pat Ryan, local manager of the chamber of commerce, said everything possible was being done to make this one of the greatest events staged in Lamesa in many years.

The program will be rounded out Sunday morning with services in the football stadium with coffee and doughnuts being served by the class of '29.

**PUBLIC NOTICE**

**Proposed CONSTITUTIONAL AMENDMENT**

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON SEPTEMBER 7, 1965.

SENATE JOINT RESOLUTION NO. 44 proposing an Amendment to Sections 2 and 25 of Article III of the Constitution of the State of Texas so as to provide for an increase in the membership of the State Senate from 31 to 39 members; to fix the membership in the House of Representatives at 150 members; to require apportionment of the Senate according to population; and to delete the limitation that no single county is entitled to more than one Senator.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Sections 2 and 25 of Article III of the Constitution of the State of Texas be amended to read respectively as follows:

"Section 2. The Senate shall consist of 39 members. The House of Representatives shall consist of 150 members.

"Section 25. The state shall be divided into Senatorial Districts of contiguous territory according to population, as nearly as possible.

"Should the Legislature enact any enabling legislation in anticipation of this Amendment, no such law shall be void by reason of its anticipatory nature.

"This Amendment shall be-

come effective upon its adoption."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the 7th day of September, 1965, at which election all ballots shall have printed on them the following:

"FOR the Constitutional Amendment increasing the membership of the State Senate from 31 to 39 members, retaining the present membership of the House of Representatives, requiring apportionment of the Senate according to population, and deleting the limitation that no single county is entitled to more than one Senator."

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for the election and this Amendment shall be published in the manner and for the length of time as required by the Constitution and laws of this state.

### Standefor - - -

(Continued from page 1) and tentative acceptance applicants were notified to appear for final examination.

The final examination, during which Miss Standefor painted her winning oil, was conducted, with applicants painting and drawing from the still-life arrangement and sculptors using sketches, with a maximum time limit of six hours.

Leondar, director of the Midland Institute of Fine Arts, which administers the apprenticeship award for the Russell Foundation, and a jury selected the winning painting.

The apprenticeship awards, according to Mrs. Russell, are made on a two month basis, with the recipient required to attend 26 meetings, including three meetings weekly (one class meeting and two teaching assignments), with two additional meetings for art history and writing two papers, minimum of 500 words, on art. The awardee may ask for renewal of apprenticeship.

The foundation is a non-profit educational institution dedicated to the fostering of substantial interest in the visual arts. The foundation's areas of interest include the Art Apprenticeship Award (for deserving artists more than 16 years of age), the Art Honor Award (for artists under 16, sponsorship of fine arts lectures and purchase of works of art from the artist to be donated to a public institution.

Serving with Mrs. Russell on the board of directors are Dr. R. L. Penn Jr., vice president; Addison Young, secretary; and Leondar, advisory committee chairman.

### Variety - - -

(Continued from page 1) that the liberal element of the Democratic Party is not as popular as it was just six months ago when LBJ was swept into office by a landslide. The escalation of the war in Viet Nam — plans now in the Washington mill to step up the offensive — with the war casualty list growing — with riots and marches, muggings, and crime on the increase here on the home front, some voters are disenchanted with the policies of the administration. HAROLD HALL, the Republican candidate in the race ran second in Martin County to ROGER BROWN, the winner here. HALL also carried Reagan and Sterling counties. BROWN won in three counties and FRANK HARDESTY won Howard County by 24 votes.

It's sad when a professional baseball player-manager like LEO DUROCHER comes down to a mere mouthpiece on the tube. Always known as the "LIP"—all the talent DUROCHER brings to the fans is ballyhoo. He has apparently left any technical knowledge of the game back there in a trunk in Brooklyn. He simply recites like a first grader. Example: "A fouls out to B — two down — C up — score 2-0 for D." Our first grade teachers had us read as well. Remember this: "JACK is a good boy. He goes to school. He eats, sleeps, and gets his lessons." As an announcer DUROCHER is a public joke.

Since no Independence Day program has been planned for the residents of this area we suggest that the day be spent in a safe, sane, and quiet manner at home with family groups. Stay off the highways unless you have a special reason for going somewhere. The traffic is always terrific on the Fourth of July and you

lectures and purchase of works of art from the artist to be donated to a public institution.

increase your chances of being in an accident: But if you must go be sure and drive safely. If you are planning an outing with friends and family near the water — take all the precautions against a possible water fatality by drowning. If you plan to get out in the open space on a picnic remember to take along a snakebite kit. You could need the kit in this area.

## Texas Women Favor Fryers For Summer

Fryers are a summer-time favorite with many families, since they're good served hot or cold. Homemakers can stretch their food dollars this weekend by serving chicken, says Mrs. Gwen Clyatt, Texas A&M University extension consumer marketing specialist.

Egg prices also are reasonable. Deviled eggs go well with other foods at home or on picnics. Grade A large size eggs offer the most quality and nutrition for the money spent.

Good beef values are available if homemakers shop carefully. Best beef choices this week are arm and blade pot roasts and steaks, ground beef, rump roast and round steak.

Supplies of fresh fruits and vegetables are increasing, with many of these coming from near-by growing areas. Best values this week are centered around squash, eggplant, bell peppers, hot peppers, sweet corn, cucumbers, green onions, radishes, carrots, celery, green beans, cooking greens, cantaloupes, watermelons, bananas and pineapples.

Bing cherries are being featured at some stores — but their season is expected to be short. Honey dew melons are available at moderate price levels in most stores.

Mr. and Mrs. C. S. Bevers and Charlene returned recently from a two week vacation to Lubbeck, New Mexico, and Corpus Christi.

## Negro Teachers Losing Jobs Under Integration

The National Education Association is launching a million dollar fund drive to help negro teachers who lose their jobs when schools are desegregated.

NEA realizes that they must necessarily lose because of their lack of background qualifications as a teacher. To match the better educated faculty member the negroes must seek better college training. And the colored teachers just entering the profession, in some cases, are going to have to go back to college and study and learn a lot more before they can qualify as trained teachers.

The executive secretary of NEA has called on another government agency, recently created, the U. S. Office of Education for a \$200,000 free grant from the taxpayer's till to help get service centers for unemployed negro teachers started. The NEA proposes to raise \$1 million from its members to provide the dismissed teachers with job placements.

The NEA takes the position that money is going to put the

### Editor's - - -

(Continued from page 1) and your staff many thanks for making known the needs and hopes of crippled children and adults in Texas during the 1965 Easter Seal Campaign.

By telling their story so effectively through your news and feature columns, you have helped to assure success of the 1965 fund appeal, as well as the continuing operation of broad rehabilitation services provided for the physically handicapped through Easter Seal funds.

By reflecting understanding and support of the disabled, you and your paper have also helped immeasurably in creating a greater public acceptance of the handicapped.

We and those we serve are grateful to you.

colored teacher back in the classroom. That remains to be determined by court decisions — hundreds of them due to come in the months ahead in the country. Where no discrimination is proven — where the integration of the schools caused extra money

### Baptist Church Activities

The Mary Stamps Circle of the First Baptist Church met Monday, June 28, at the church building.

Mrs. W. H. Yater, circle chairman, presided over the meeting, and read the calendar of prayer.

Mrs. H. R. Caffey gave the prayer.

Mrs. Paul K. Jones discussed the last two chapters of the book, "Go Home and Tell."

Those present were Mes. W. H. Yater, John Pinkston, Paul K. Jones, Allie Sprawls, Eula Eubanks, and W. R. Caffey.

The closing prayer was given by Mrs. John Pinkston.

Mrs. A. C. Fleming accompanied Mrs. Lewis Carlile to El Paso last week, when word was received of the passing of Mrs. Carlile's mother, Mr. Carlile went to El Paso later to attend the funeral.

Mrs. Floyd Hines, Midland, Mrs. M. L. Koonce, Mrs. Steve Church, and Edgar Standefor of Stanton, spent several days recently visiting relatives in Hot Springs, Arkansas.

to have to be voted by bond issue—where the school boards have acted in good faith and without prejudice, there is no solid legal ground for them to stand on. The NEA is going to continue to work for the scholastic advancement of the negro teachers through the service centers.

### King Family Reunion Held At Big Spring

A reunion of the children and relatives of Mr. and Mrs. J. B. King was held June 20 at Big Spring City Park. Seven of the nine living children of the couple were present. They are Henry King, Midland; Mrs. George Bush, Odessa; Mrs. Bill Harrison, Fort Worth; Mrs. Katy McMillon, Brownfield; John King, Plainview; Mrs. Lewis Clark, and Mrs. C. E. Crow, Stanton.

There were 52 present for the reunion, spanning four generations.

Families from Seagraves, San Antonio, Plainview, Fort Worth, Midland, Odessa, Brownfield, Stanton, and New Orleans, La., attended.

Mrs. Floyd Hines, Midland, Mrs. M. L. Koonce, Mrs. Steve Church, and Edgar Standefor of Stanton, spent several days recently visiting relatives in Hot Springs, Arkansas.

to all the people of the 78th district. I would like to express my heartfelt appreciation to you for the consideration given me in the special election held on Saturday, June 26.

I will make every effort to merit your confidence and to be your representative.

Thank you,  
ROGER BROWN

## Bracero - - -

(Continued from page 1) But statistics show that the big demand for workers is yet to come. The cotton harvest is still ahead. The tomato crop is still to be gathered.

The Agriculture Department has estimated that the number of bracero replacements needed for peak periods this year may be well above 100,000 after allowing for the maximum possible replacement of workers by increased mechanization and other technology.

Even while the bracero program was in effect, much progress was made in developing mechanical harvesters for crops heretofore harvested by hand. This is reflected by the fact that the number of braceros declined from a record high of 445,000 in 1955 to 177,000 in 1964.

Machines have been developed for harvesting tomatoes, cucumbers, lettuce, potatoes, snap beans, and cotton.

The administration's efforts to shift from migratory to domestic labor is also creating new housing problems. Many domestic workers will want to take their families along with them as they work from one area to another. Thus there will be more need for family-type living quarters. This will be true

SALE STARTS THURSDAY AT 8:30 A. M. BE HERE EARLY FOR YOUR SHARE OF THE BARGAINS.

## Johnson's Dress Shop

## The Launching Pad

By NEAL ESTES

ONE individual in North Carolina was discovered on welfare assistance last month with two telephones in the house, a television set, and charge accounts at leading stores. The local welfare authorities told her to either give up the luxuries or get off relief. The same thing could happen in Texas or any other state in the union. I saw a woman cash a welfare check the other day and pay for a package of ready rolled cigarettes for a town bum. That old boy ought to be out helping the farmers move some of their irrigation pipes or be made to roll his own—remember the Bull Durham or Run-Johnny-Run brands. Why, some cowboys got so good at rolling their own smokes they could do it at a fast gallop in the saddle without spilling a bit of the makings.

A car moving down U. S. Highway 80 the other day carried this sign on back: "Helping fight poverty. I've got a job."

THE BEATLES aren't doing so well these days. The crowds are way off par in attendance at their performances. In Milan, Italy the other day, while making their debut in the ancient land of bel canto, only a few people turned out. It was a flop. No doubt some of their former fans resent the OBE honors bestowed by the Queen of England recently. OBE stands for Order of British Empire. Perhaps the hysteria group generally heard shouting and applauding at the long-haired singers appearances resent the royal stuff—or it could be the BEATLES have lost the "common" touch.

THE National Square Dancers convention was held in Big D recently. The oldest square dance caller in America was there. He is LEE WADDELL, 76. He snarled his contempt at modern dances like the twist, frug and the jerk. "Those dances the kids do. They're like the Indians used to do to get themselves in a tizzy to attack somebody."

THE special race to name a successor to the late ED CARPENTER turned out to be a pretty interesting political contest after all. ROGER BROWN won the race with 1,376 votes. FRANK HARD-ESTY was second with 1,276. HAROLD HALL polled a respectable 925 votes. We wish to salute the Big Spring attorney on his victory and we know he will undoubtedly keep in mind that Martin County gave him forty votes more than his closest opponent and that's exactly 40 per cent of the total margin he won by.

THESE days too many preachers are leaving the pulpits to play politics or vice versa — too many of them are talking programs, politics, and preaching propoganda from the pulpits. What's happened to the old time religion? I deplore the fact that a minister in this country would take "time out from the Bible" to talk about poverty just because a distinguished exponent of that theory—and that's all it is—attended one of his church services. The poverty program is nothing short of a politician's prayer—a vote-getting gimmick. I was amazed to read where a preacher in Austin chan-

neled his sermon into the political mainstream. It was disgusting. The minister was right about one thing though when he said: "This war on poverty is going to be a long one." It's been going on since the dawn of civilization.

I caught the JIMMY DEAN SHOW Monday evening. He concluded the entertainment with a statement on juvenile delinquency. We quote JIM now: "My Uncle Henry used to tell me that the best answer to juvenile delinquency was a Parents Club—made out of hickory." I gather from that statement the Plainview, Texas native was reared a lot like I was up on the blackland. We worked and studied so hard in the daylight hours we were too tired to go and raise Cain at night. We might add that the only 'headstart' we had in our first school days was the start we had walking two miles to school in front of our brother JOE. And I didn't drop-out on the way because the now federal judge had a way of looking at me that told me to keep on going.

INDEPENDENCE DAY is one of the greatest in our illustrious history as a nation. This year, it falls on Sunday. We suggest a fine day at home, around the house, and attend the church of your choice in the morning. There is nothing square about having an outdoor barbecue in the backyard and some old-fashioned homemade ice cream. You can enjoy good fellowship and remain safe from dangers lurking along the accident crowded highways. Have a good Fourth and don't forget the reason we are celebrating this great patriotic day.

I want to put a bread commercial in the capsule this week and launch it. The bread the announcer is trying to sell is as fresh as the guy reading the commercial. It is so fresh you can't chew it or digest it—it just gums up in tiny balls of dough in your mouth. It sure must have been taken from the oven at 4 a.m.—'cause it's still half done. The pitchman comes on in a deep south drawl, changes gears and gets into West Texas—then drops a couple of typical R's and heads back to Gilmer in East Texas and shoots some of the sweet potato slang at the visionary audience. He is wild man—wild! But his bread can't hold a candle to that old Dallas gal's. You've heard the old saw about "walking a mile for a certain cigarette." Well, I know a lot of people who pick up a half dozen loaves of the old-time lady's bread everytime they go swimming in Big Spring or Midland.

NEAL'S NUGGET: I am just an old-fashioned guy that catches them on the rebound but I had rather snag flies in right field than not to play the game at all.

## Veterans Administration

(Editor's Note: Veterans and their families are asking thousands of questions concerning the benefits their government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.)

Q—Are World War I veterans eligible to buy the new GI insurance now on sale?

A—No. The insurance is available only to those who had military service between October 8, 1940, and December 31, 1956.

Q—How much can I borrow on my 20-payment life insurance policy which is now over twelve years old? What will be the rate of interest?

A—You may borrow 94 per cent of the cash reserve value after the policy has been in force for one year. This sim-

ply means that the longer the policy is in force, the greater the cash surrender and loan values. Read your policy for complete information or write to the office where you pay your premium. The interest rate is 4 per cent yearly.

Today's Health reports that more children between the ages of 1 and 14 years die as a result of accidents than of the next six causes of death combined.

Phosphorus, an essential constituent of the human body, is a deadly poison in its pure form.

## Jimmy Bickley Superintendent At Robert Lee

Jimmy Bickley, formerly of Stanton, is the new superintendent of schools at Robert Lee.

Bickley started his school teaching career in Stanton several years ago. He served here as principal before moving on to Marfa. Bickley moved on from Marfa to the superintendent's place in Blackwell, Nolan County. He was in Marfa two years and in Blackwell two years before taking the Robert Lee job.

Jimmy Bickley holds degrees from Sul Ross College in Alpine and from Hardin-Simmons University in Abilene. He is married and the father of three daughters. He holds membership in the National Education Association, the Texas State Teachers Association and is a 32nd degree Mason.

While in Blackwell, Bickley served as legislative chairman in the Nolan County unit of TSTA and was third vice president - elect for the coming year of the county unit.

## A Calendar Of Fact And Opinion

Percy L. Greaves, Jr., writes in The Freeman: "The great advantage of the gold standard is that gold cannot be created by printing presses or by bookkeeping entries. When a country is on the gold standard, politicians who want to vote for spending measures must also vote for increased taxes or sanction the issuance of government securities paying free market interest rates that will attract the funds of private savers and investors. Under a true gold standard, men remain free, the quantity of money is determined by market forces, and both the manipulated inflations and the resulting depressions are eliminated, along with all the poverty and human misery that they cause."

Oil Facts reports that the octane ratings of automotive gasolines sold in the United States reached record-breaking peaks at the beginning of 1965, averaging 100 octane for premium fuel and 93.8 for regular - grade gasoline. Octane number — which indicates a fuel's resistance to engine knock — is one of several measures of gasoline quality.

## YOUR SAVINGS BOND QUIZ

Question: What size Savings Bonds do most people buy?

Answer: In the first quarter of this year, 65.5 per cent of all Savings Bonds sold were in the \$25 to \$200 denominations — an increase of about 3 per cent over a year ago. Sales of Series E Bonds have been going up steadily for the past three years and now are at their highest level since the end of the World War II financing days.

Question: What is the difference between Series E and Series H Bonds?

Answer: E Bonds are accrual - type securities in denominations of \$25 and up, which are purchased at three - fourths of their face value and reach this value on maturity in seven years and nine months. They have an automatic 10-year extension period. H Bonds are purchased at face value, in denominations of \$500 or more, and pay a interest by Treasury check every six months. The interest rate for the first 18 months is about 2.5 per cent, then goes up to 4 per cent for the remaining period to maturity. On either type bond, the interest rate averages 3½ per cent, when held to maturity.

Question: Series E Bonds now being sold carry an automatic 10-year extension privilege, I know. But what about the bonds I bought during World War II and which I still own?

Answer: Bonds issued between May, 1941, and May, 1949, had an original maturity period of 10 years and have been granted two 10-year extensions. One 10-year extension has been provided for all E Bonds sold since June 1949. No Series E Bonds ever sold has ceased to earn interest.

Baltimore has 270 piers on the 40 miles of waterfront in its harbor.

## Older People Need Improved Daily Diet

Better diets are needed for older citizens. Patsy Reynolds, Texas A&M University specialist in family life education, says that "overweight inadequate diets and inappropriate use of extra vitamins" are some of the major diet problems of older people.

Recent research, conducted by U. S. Department of Agriculture nutritionists in Rochester, N. Y., revealed that slightly less than half of the households interviewed had diets providing enough nutrients and calories to insure good health.

Research in Texas indicates a similar situation, Miss Reynolds says.

Many people believe that a full table insures good health — and fail to make wise choices of foods necessary for a balanced diet adequate for their age and activity levels, the specialist adds.

Approximately one-third of the persons interviewed — including more women than men — were overweight. They obviously consumed too many calories, while possibly neglecting other essential nutrients.

Many senior citizen groups in Texas are working on programs to improve health of their members through better eating practices. If you'd like more information on the subject, contact your county home demonstration agent or your local Committee on Aging.

Sunday visitors with Mr. and Mrs. Sid Cross were Mrs. Joyce Crow and children, and Mrs. Ruby Cross and children of Midland.

For all the local news read The Stanton Reporter.

## Stanton Girls Attending Camp At Boothe Oaks

Session III of Camp Boothe Oaks began on June 29 for 12 days, and will close on July 10. Boothe Oaks is the camp that provides many happy hours of fun, learning, companionship, and pleasant memories for Girl Scouts in the West Texas Council.

The girls attending this session will have additional treat and experience. The council's guests from Bogota, Colombia, Cecilia Davila and Carman Lara, will visit camp for two days and tell of their life and Girl Guide experiences in Colombia. Entertainment will be provided when the girls play their quattros (ukuleles) and dance the Cumbia (native dance of the coast).

The camper attending Session III from Stanton is Judy Costlow.

Laura Costlow, Stanton, will attend the Pioneer Unit. This is a wilderness unit for girls with camping experience. Pioneer plan and cook their own meals, sleep in two-man tents, and establish their own living area.

Mr. and Mrs. P. G. Smithson attended the graduation exercises of their grandson, Johnny Smithson, at Iraan the latter part of May, and Mrs. Smithson remained for a three-week visit with her son, Jack, and his family.

Mrs. Ollie Hart of Carthage, visited last Saturday with her niece and nephew in Stanton. At noon on Saturday, she was entertained at lunch in the home of Mr. and Mrs. P. G. Smithson. Also present were Mr. and Mrs. Harry Echols, Mr. and Mrs. Brick Eidson, Mrs. John Harvard, and Mrs. Rose Eidson of Midland.

**FORD GALAXIE 500/XL**  
EXTRAS AT NO EXTRA COST:  
The ultimate in bucket-seat luxury. You get: Big, new 289 V-8 (200 hp). 3-speed Cruise-O-Matic with T-bar "stick." Full-length console. Individually adjustable front bucket seats. Bucket-styled, foam-cushioned rear seats. Automatic courtesy and safety lights on door panels. Full-chrome dash controls. All-vinyl upholstery trim. Loop-pile carpeting. Full wheel covers.

**FORD GALAXIE 500**  
EXTRAS AT NO EXTRA COST:  
A great family car, the Galaxie 500 has the same solid construction and spaciousness as XL's and LTD's. You get: A thrifty new 240 cu. in. Big Six (150 hp). Fully synchronized manual transmission. As in all '65 Fords—you get more luggage space than in major competitors' cars.

The Galaxie 500 also shares these standard features with the LTD and XL:  
• Electric clock . . . backup lights. • Illuminated glove box and ash tray. • Constant-speed electronic windshield wipers. • Fully aluminum muffler and galvanized underbody members. • Handy reversible keys. • Keyless door locking. • Minimum routine maintenance schedule. • Self-adjusting brakes. • Long-life battery. • Safety-Yoke door latches. • Heater-defroster. • Front seat belts. And more.

There's no extra charge for any of these features—and no obligation for test-driving any of the hot-selling 17 full-size Fords for '65. Visit your Ford Dealer soon.

Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines and automatic transmissions rode quieter than a new Rolls-Royce. These tests were certified by the U. S. Auto Club.

Test Drive Total Performance '65 Best year yet to go Ford!

### Local Residents Return From Amarillo Trip

Mrs. Nobe Hamilton and Miss Lela Hamilton returned Sunday afternoon from Amarillo, where they visited in the home of Mr. and Mrs. Buddy Simmons. Mrs. Simmons, the former Bettye Hamilton, is the granddaughter of Mrs. Hamilton. They were accompanied by Mrs. DeWayne Davis and Mary Lou of Midland, and were joined there by Mr. and Mrs. H. C. Hamilton of Lubbock.

While in Amarillo, they attended the rehearsal dinner and wedding Saturday night of Mrs. Hamilton's grandson,

### Methodist Church Activities

The Woman's Society of Christian Service, Circles I and II, met Monday at the home of Mrs. C. R. LeMond for a social. Mrs. Jesse Burns was co-hostess.

Mrs. Martin Gibson presided over a short business meeting, during which the budget for the year 1965-66 was presented and approved.

Mrs. James Jones lead the group in playing several

Robert Allen Hamilton, and Miss Cynthia Diane Stall.

The wedding, and reception following, was in the home of the bride's parents, Mr. and Mrs. Mooney Stall.

### Sunshine 4-H Club Met With Vicki Graves

Thad Koonce, who is working during the summer at Clovis, New Mexico, was home for a visit with his parents, Mr. and Mrs. M. L. Koonce. He was accompanied by Miss Linda Brice, also of Clovis.

The Sunshine 4-H Club met Tuesday afternoon, June 22, at the home of Vicki Graves. The group continued working in the skirts they are making for the dress revue to be held July 6.

Refreshments were served to Twila Stallings Carolyn Holloway, and Vicki Graves. The adult leader was Mrs. N. E. Holloway.

Recent visitors with Mr. and Mrs. John A. Wilkes, Jr. have been Mr. and Mrs. G. E. McDanel of San Antonio, Mr. and Mrs. Gary McDaniel and Glenn and Mr. and Mrs. J. T. Harkins of Dallas.

### HE Graduates Show Shortage Among Grads

There's a critical shortage of home economics graduates—and many jobs seeking them are unclaimed.

About 15,570 home economists are needed each year to fill new or vacant positions in the United States, according to a report just issued by the Federal Extension Service of the U. S. Department of Agriculture.

Opportunities for employment in home economics fields are tremendous, says Mrs. Florence W. Low, assistant director for home economics with the Agricultural Extension Service at Texas A&M University, who is immediate

### HE Graduates Show Shortage Among Grads

past president of the American Home Economics Association. She urges all agencies concerned to tell girls of these career opportunities and the challenging work.

About 700 new home economists are needed each year to fill extension positions alone, the report indicates.

A total of 10,296 degrees were conferred in home economics in 1964. This represents 1.7 percent of the total degrees conferred in all fields, the report reveals.

Other report facts include: Recent estimates indicate 99,000 persons were employed in home economics occupa-

### HE Graduates Show Shortage Among Grads

tions in 1962. Approximately 50,000 of these were teachers, 28,000 were dietitians, from 5,000 to 6,000 were with private business firms, and 5,000 in cooperative extension work.

Beginning salaries for home economists are among the top for women. Only women in fields such as engineering, physics, chemistry, math and biological sciences tend to receive higher starting salaries. Fifty-eight percent of the home economists in AHEA earn more than \$5,500 annually—or \$600 more than the median full-time annual salary for women in professional and technical occupa-

### HE Graduates Show Shortage Among Grads

Visitors last weekend with Mr. and Mrs. Tom Smith were their children and families. Present were Mr. and Mrs. Posey Joe Hanson and children of Bowie, Gerald Smith and family from Lorraine, and Mr. and Mrs. Lorell Quaid and children of Stanton. Another daughter, Mrs. Joe Williams, has been a recent visitor in the home, but returned last week to Amarillo.

Mrs. G. A. Bridges returned home Monday after spending two weeks in a Big Spring hospital.

Mrs. J. E. Haynes and family of Crane, spent Sunday with Mr. and Mrs. Stanley Reid. Mrs. Haynes is Mr. Reid's sister.

In 1962, the report says.
