DUN & BRADSTREET, INC., operators of the best known credit organization in the nation, is one of our valued subscribers. To show you how efficient they operate we received a letter from their Fort Worth office the other day telling us that their subscription date was near at hand and they wanted a statement so they could mail in a check for their renewal. We are of the opinion that **DUN & BRADSTREET, INC.**, don't take all the country papers, so we are pleased to have their subscription.

COL. HOMER GARRISON, chief of the Texas Department of Public Safety thinks Texas can drastically reduce the casualty lists on highways by taking three steps. He proposes: A substantial increase in the number of highway patrolmen to stop drunk drivers, speeders and reckless motorists before their vehicles kill or maim. Pass driver license laws with more "teeth." More driver education courses in public schools. We recommend **GOL. GARRISON'S** suggestions to the Legislature and the governor.

THE BIG SPRING HERALD had this to say in a recent issue and we pass it along to prove that other editors are running items pointing up the endless amount of red tape being administered or dished out — if you please — from Washington. We quote: "The federal cotton subsidy program has now gotten so wound around the axle that even its framers have difficulty understanding it, much less explaining it to others. Yet Pep. Harold Cooley of North Carolina, chairman of the House Agriculture Committee, did his best at some length on the House floor not long ago. "When it was over a disenchanted Rep. Howard Smith, chairman of the House Rules Committee, rose to offer a simple alternative: 'I suggest that instead of going through all that mess you just take the money and divide it up among the farmers.'"

"Smith's suggestion has at least the virtue of promising more money for cotton farmers to share, since it would bypass the costly bureaucratic jungle which administers the unadministratable." We wish to acknowledge the gift of a large sack of fine, home grown tomatoes, from the **ROY MARTINS**. An editor never had finer friends or knew better folks than the **MARTINS**. We appreciated the thoughtfulness of the parents of **MRS. DON HIGHTOWER**, and want them to know we shared the tomatoes with friends. We also want to take this opportunity of thanking **WOODFORD SALE** for two fine melons he brought us a few days ago. They were delicious.

The Stanton football team has a vacant spot on the schedule this Friday and it is badly needed. The **Bisons**, shot with injuries, will have an opportunity to let some of the wounds heal.

Congratulations to **DICK** and **BETTY MADISON** for a very happy married life. **Mrs. MADISON** was the former **MRS. EMERSON** of Odessa before becoming the bride of **MR. MADISON**.

We talked with a very happy grandmother awhile Saturday night at Thriftway Grocery. **MRS. O. C. TURNER**, mother of **DIANNE HULL**, wife of **DONNIE**, was pleased as punch over the arrival of another grandson to join **KEITH**. The young man was born September 17 in Big Spring. He has been named **MICHAEL SCOTT**. We send (Continued on page 8)

Rotary Club Gains Two New Members

Two new members were introduced when the Stanton Rotary Club met Wednesday, September 15, for its regular noon meeting. They were Doyle Corder, minister of the Stanton Church of Christ, and Bill Vaughn, agent for the Texas and Pacific Railway Company.

The meeting was opened with an invocation by Claude LeMond. Stanley Wheeler presided in the absence of the president.

Program chairman for the month, Martin Gibson, introduced Pete Turner, Midland attorney, who is former state chairman for the American Legion. He spoke on "The Fifth Amendment," pointing out that since the 59th Legislature there have been 200 changes in jurisprudence, and discussed how these new rules will effect law enforcement.

Coats Bentley led the singing which followed, accompanied by Susan Brandt. Jim McCoy was introduced as a guest and visiting Rotarians were Olen Puckett of Big Spring, and Mr. Redding of Midland.

Sterling City Drubs F-Grove

The Sterling City Eagles, hampered by a rainstorm, smashed Flower Grove 39-6 Friday night in an 8-man game.

Wayland Foster was the big gun for the Eagles with a 12-point output while Mike Fisher added 10. Collin Doughty 6 and Dusty Dillard 2.

Johnny Howard scored the lone touchdown for the Cougars.

Sterling City 8 8 14 0—30
Flower Grove 0 6 0 0—6

Mrs. Mary Kelly To Mark Her 100th Birthday

Mrs. J. H. (Mary) Kelly will mark her 100th birthday in Stanton on September 24.

Her family will have open house for her on Sunday, September 26 in the local hospital where she has made her home for more than four years.

Her family has extended invitations to her friends to come and visit her for a few moments. Mrs. Kelly will receive visitors between the hours of 2 p.m. and 5 p.m. on Sept. 26. She will be glad to see her old friends again on her hundredth birthday.

Dr. L. L. Morriss Of Midland Speaks To Stanton Teachers

Approximately 75 Stanton teachers and members of the Stanton Lions Club were dined by Dr. L. L. Morriss on "live today above the past, to make tomorrow sure and fast and nail God's colors to the mast."

Dr. Morriss, pastor of the First Baptist Church of Midland, addressed the group at the annual Teacher Appreciation Night at the Stanton Lions Club Tuesday night in the Cap Rock Electric Auditorium.

Twelve of Stanton's 46 teachers are new to the system this year.

Stanton Lions President Bob Cain introduced Morriss and Stanton School Supt. Beryl D. Clinton. Clinton

Grady Faculty Introduced At PTA Meet

The Grady PTA met Tuesday, Sept. 21, in the Grady School cafeteria. The Boy Scouts conducted pledges to the American and Texas flags. The prayer was given by Grover Springer.

Mrs. Buddy Roper, president, introduced the PTA committee chairmen. Mr. Dunn introduced the faculty. Mrs. Charles Skeen made the motion that a public address system be purchased for the PTA years project. Mrs. Mac Tunnell was nominated as treasurer, and Mrs. Claude Miller was nominated as reporter.

Mrs. R. B. Lucore made the motion that the PTA meet every third Tuesday at 7:45 p.m. This motion was amended. Mrs. Jimmy Sawyer made the motion to sponsor the Halloween carnival. Mrs. James Lueb, vice president, introduced Mrs. N. Tate. Mrs. Tate showed movies that were taken the first week of school this year and year before last.

The meeting was adjourned and refreshments were served.

Grady Cub Scouts Meet

The Grady Cub Scouts, Den I, met Tuesday afternoon, September 21, in the home of Mrs. Newell Tate, den mother.

The scouts planned skits for the pack meeting to be held October 1 at 3:00 p.m. in the Grady School cafeteria. The pack meeting is a monthly meeting with the parents.

The scouts made their achievement record, played games, and sang songs.

Refreshments were served to David Pribyla, Terry Tate, Benny Howard, Mark Greenhaw, Preston Springer, Jerry Holloway, and Tony Sawyer.

Some of the scouts summer activities were swimming, skating, and miniature golf.

PTA Executive Group Meets

The PTA executive committee scheduled the first PTA meeting to be held Tuesday, September 8, at 7:30 p.m. in the Stanton High School study hall. The purpose of this meeting is to elect a nominating committee to fill the vacancies of president and vice president.

The public is invited to attend.

National 4-H Club Week To Be Observed In The County

National 4-H Club Week will be observed by Martin County 4-H Club boys and girls, September 25 to October 2. The head - heart - hands - health youths are among 2 1/4 million members of 94,800 clubs in rural, small town, urban, and suburban areas throughout the 50 states and Puerto Rico.

Special activities have been planned preceding and following this year's 4-H Week. Adult leaders have already held two meetings discussing needs and plans for future work. One group met at the Cap Rock Electric auditorium September 13, and another group met at Lenorah September 20.

Among aims of this year's 4-H Week observance, are to encourage more young people, 9 to 19 years old, to join or form 4-H clubs; acquaint more parents with 4-H, and

enlist their cooperation; urge a larger number of capable, public - spirited men and women to volunteer as 4-H leaders; recognize the important part played by friends of 4-H locally and nationally, and express appreciation to them.

Two information meetings were held in Stanton. One was held Monday night, September 20, and the other Tuesday night, September 21. These were held in the county courtroom to outline the 4-H program to boys, girls, parents, leaders, and friends. A similar meeting will be held at Grady School September 30. The outstanding program of the year, 4-H Achievement Night, will be held Saturday, October 9.

More information on 4-H is available from the county extension agents, Bobby G. Johnson or Mrs. Mildred El-land.

Coahoma Stops Stanton In 42-0 Triumph Friday

The rain came to Stanton Friday night and so did the Coahoma Bulldogs and both left dampness behind in the community when they departed.

The Stanton Buffaloes lost for a third straight time. They have been the football victims of Roscoe, Big Lake and Coahoma.

The Buffs get an off day Friday and it is badly needed. The Stanton squad has suffered many injuries in the season to date.

Coahoma is ranked third in the state in their classification.

Fullback Tony Bulter got Coahoma off to a quick start when he scored on a 5-yard run in the first. Quarterback Marshall Williams passed to halfback John Gibson of the 2 points.

In the second, Williams ran 5 yards of the TD after a 42-yard march. Gibson scored

SHS Assembly Program Set September 29

The first southern assembly program will be held at the Stanton High School Wednesday, September 29, at 9:25. This is the first of eight southern assembly programs to be held this year.

This program will be presented by Don Comfort, concert and popular accordionist, featuring the new electronic accordion. The admission is 25 cents per person. The public is welcome.

1 for 25 Punts, Avg. 4 for 32 the 2 pointer on a run. With 14 seconds left in the half, halfback Eddie Torres raced 17 yards up the middle to score. The 52-yard drive was highlighted by a 47-yard pass play from Williams to Bobby Phergo.

Coahoma pounced on a Stanton fumble to set up the next score in the third Terry Denton scored on a 10-yard sweep and the point failed.

Gibson scored on a 27-yard blast in the third. Substitute quarterback Wayne Oglesby capped the Coahoma attack with a 10-yard touchdown run.

Enrollment At SHS Drops

Bill Johnson, principal of the Stanton High School, informed the press Monday that the high school has had a few drop outs. The total number of students reported last week has dropped to 273.

The class registration is as follows: freshman, 98; sophomores, 67; juniors, 56, and seniors, 52.

SHS Assembly Program Set September 29

The first southern assembly program will be held at the Stanton High School Wednesday, September 29, at 9:25. This is the first of eight southern assembly programs to be held this year.

This program will be presented by Don Comfort, concert and popular accordionist, featuring the new electronic accordion. The admission is 25 cents per person. The public is welcome.

Mr. and Mrs. Bill Clements of Franklin, Texas, visited over the weekend in the home of her sister and brother-in-law, Mr. and Mrs. James Jones.

Cindy Britton Appears On 4-H TV Panel

Cindy Britton, daughter of Mr. and Mrs. S. F. Britton, appeared on tv Friday, September 17, as a member of a 4-H panel. She discussed 4-H work in District 6 with County Judge Tom Estes of Ward County, and Representative Dick Slack.

Cindy is District 6 representative on the State 4-H Council. She is requested to appear at many different events to discuss 4-H work.

Editor's Mail

THE ATTORNEY GENERAL OF TEXAS
AUSTIN 11, TEXAS
September 15, 1965

Mr. Neal Estes
Stanton Reporter
Stanton, Texas
Dear Neal:

I just want you to know of my deep gratitude for the support which your outstanding newspaper gave to our recent Attorney General's Youth Conference on Crime.

As you know, more than 1,600 young people from all over Texas came to Austin to study the problem of juvenile crime in this State, and to recommend ways in which this alarming rise could be halted. Their behavior while in Austin was completely beyond reproach, and they render valuable service of their State in carrying out these important responsibilities.

Houston Oil Men Stake No. 1 Cowden

Frank Waters Oil Co. and Curtis K. Canter of Houston have staked a wildcat site in Martin County, the No. 1 Cowden, to be drilled to a possible 5,500 feet in the Southwest part of the county, 19 miles west of Stanton and 15 miles northwest of Midland.

Location spots 1,980 feet from south and 660 feet from east lines of section 7, block 39, T-1-N, T&P survey. The wildcat test is 3 1/2 miles south of comparable production, that in the Mabec (San Andres) pool of Martin and Andrews Counties.

40th Anniversary Celebration Texas Technological College

The month of October will be one of the most memorable and eventful 31-day periods in Texas Tech's history as the college pauses — as much as a bustling university with 15,000 plus students can pause — to mark its 40th anniversary.

The theme for the 40th anniversary celebration will be one of recognition and honor for those who were instrumental in establishing the college.

Special guest lists will include members of the original faculty, the first football team, the locating board which put the college at Lubbock and many others including current state officials and administrative leaders from other colleges and universities throughout Texas and eastern New Mexico.

Tech Board Member Alvin A. Allison, Levelland, is gen-

Crops Reported Destroyed In Certain Areas

A Friday night rainstorm started driving the heat out of Martin County and when the spell of wet, damaging weather terminated late Tuesday evening the area could count lots of moisture, damage from hail, and some smashed trailers, outhouses, and tilted roofs from homes due to the high winds.

Friday evening's weather pattern began with drizzle, whipping winds and before the football game between Coahoma and Stanton was concluded on the local playing field a real downpour took place. The lightning display was also pretty realistic and evidence could be found in the number of light bulbs popped out in the city.

Cloudy weather prevailed in Martin County Saturday and Sunday and on Monday afternoon late a real moisture producing rain rolled in, falling hard and fast, and brought lots of hail to several sections of the county. In Stanton, hail accompanied the rainstorm which poured one and one-half inch of water down on the county hub in just a few hours. Hailstones of about the size of cubes of free motel ice fell in yards in Stanton. Roof damage in some areas of the city was reported. Adjusters were in the city Tuesday and Wednesday estimating the damage to dwelling caught in the path of the heavy hail.

Hail wiped out some cotton crops in the county. Some of the heaviest damage was reported from the Lenorah area where the places of J. T. Springer, Jack Kuhlman, George Sawyer, Marvin Standerfer and Jimmy Sawyer caught the full offensive of the hail strike.

Doc Bryant, residing eight and one-half miles from Stanton in the Valley View community reported a good 2.5 inch rain but light damage from hail.

Douglas Church said he received about two inches of rain on his place just outside Stanton and the area south of the county seat caught about an inch of moisture. The rainstorm and hail also brought lower temperatures. Air - conditioning units were shut down in Stanton and some firms started hunting for the gas and electric people to hook up their units.

Summer can be considered gone — winter is at hand — and the inhabitants can now safely feather the cooling units in favor of the central heating units, floor furnaces and just good, reliable home heating appliances.

Stantonites Attend Reunion

Several persons from Stanton attended the Atchison reunion and an aunt's 92nd birthday, Sunday, September 19, in Haskell, Texas. Some 150 or 200 persons from different places throughout Texas were present.

Those attending from Stanton were: Mr. and Mrs. H. E. Blocker, Mr. and Mrs. W. E. Kelly, Mrs. Alta Henson, Forgy Atchison, Mrs. Otie Jones, Mr. and Mrs. Les Durham, Mrs. Faye Rhodes, Mr. and Mrs. M. H. Nance, Mr. and Mrs. Lloyd Wiggins from Lamesa, and Casey Jones from Odessa.

FFA Statistics Link Drinking, Flying, Dying

Analysis of fatal general aviation aircraft accidents in the Southwest Region of the Federal Aviation Agency in 1964 shows that in 30.3 percent, alcohol was a contributing or causal factor.

Writing in the September issue of Texas Medicine, official publication of the Texas Medical Association, Dr. Harry L. Gibbons, Regional Flight Surgeon, and Judith L. Plechus, Human Factors Techni-

cian, Fort Worth, present their evaluations of the medical and human factors involved in the 86 accidents last year.

Toxicological or postmortem studies, or both, were obtained in 76.7 percent of the cases. Regardless of other known factors, the pilot's blood alcohol level was ascertained if possible.

Of the accidents in which alcohol was involved, 52.9 percent occurred with private rather than commercial or student licensed pilots. Pilots with 201 - 300 hours of flying time accounted for 5.9 percent of the accidents, while those with more than 1,000 hours accounted for 41.1 percent.

"The mere presence of alcohol in the pilot's body at the time of an accident does not constitute the probable cause; however, there is sufficient literature describing the effects of small dosages of alcohol upon performance in a link trainer and also the effects of alcohol on various parameters of the sensory modalities to convince the most intransigent," the authors state. Alcohol dulls critical judgment and sense of responsibility, frees emotions and instinctive impulses from habitual control, impairs mental function, and interferes with a person's physical control, speech, and sensory perceptions.

When fatal accidents occur, complete postmortem examinations can help to determine causes and associate them with current medical standards to keep persons who are

DENVER CITY PRESS: "Diversification of the agricultural industry in Yoakum County was getting a shot in the arm today with the construction of a major dairy facility about 12 miles west of Denver City. The dairy—with facilities to milk 500 cows—is expected to begin operations soon."

THE GRAHAM REPORTER: "City Council has announced plans to proceed with improvement of the city treatment plant. City Manager Doyle Duke has been authorized to proceed with plans as outlined by Freese, Nichols, and Endress Engineers, Fort Worth, for the enlargement of the filtering capacity of the city water treatment plant."

THE FOARD COUNTY NEWS: "The first cotton from Foard County's 1965 crop was delivered to the Farmers Co-op Gin in Crowell last Thursday. The bale, belonging to C. T. Hord, was ginned Friday, along with two other bales which Mr. Hord had brought in during the day. This first bale weighed 535 pounds with 1900 pounds of seed cotton, Bill King, manager of the gin, reported."

THE MUNDAY TIMES: "A total of 36 new members have been recently added to the rolls of the Munday Chamber of Commerce as a result of the 1965 membership drive, which was under the direction of Kenneth Baker."

MORTON TRIBUNE: "A T-37 jet plane crashed and exploded about seven miles south of Whiteface Tuesday about 7:50 a.m. The pilot, 2nd Lieutenant John R. Hernandez, 22, residing in Lubbock, was killed."

THE COMANCHE CHIEF: "Comanche County's new crop of peanuts is beginning to move to market — and the first three crops, all irrigated, reported sold, were of good yield and high quality. Two of the first three crops reported harvested, came from the Roch community, near Proctor, and the other came from a De Leon farm."

THE FORT STOCKTON PIONEER: "Jack Shugart, Fort Stockton real estate developer-contractor and owner of the Sands Motel here, has begun work on a block-square project which will add 26 units to the motel operation and provide a 28-unit apartment house for the community."

THE BIG LAKE WILDCAT: "The Big Lake Wildcat, edited and published by J. L. Werst, Jr., since May 1947, will be celebrating its 40th anniversary this month. Its first issue was dated September 12, 1925, and it was entered as second-class matter at the Big Lake post office on January 2, 1926."

THE McCAMEY NEWS: "Construction should begin in the next two weeks on the Mendoza Trail Museum building. At a recent meeting of museum directors, the Society voted to hire Walter Campbell to oversee the construction of this building which will be the fulfillment of a long-time dream of McCamey residents."

likely to have accidents from flying planes. Such studies also can indicate equipment failure and provide crash injury correlation. Statistics are valuable when legislators consider new laws affecting aviation, and also to show pilots certain types of avoidable hazards, such as drinking and flying.

Oldest unchanged border on the European continent is the Spanish - Portuguese frontier.

One out of every four apples sold in the United States is produced by Washington State orchards.

Bible Comment—

Paul Was Founder Of First Church At Philippi

The name "Philippi" may mean little to the casual 20th century observer, but it was in that ancient city that Paul, a Christian leader, was founded. From there the new religion was introduced into Europe. From thence it spread to our Western world.

Answering the Macedonian call, Paul crossed the sea from Asia to Europe. He had seen a vision of a Macedonian man standing beside his bed saying "Come over into Macedonia and help us."

The vision may have been an expression of Paul's waking thoughts for he must have felt even then, that he wanted to preach the Gospel to the ends of the earth.

Paul was an imperialist and the empire he sought to build was the empire of Christ.

In this empire the lives of men would be ruled by the constraining love of Christ. But it was to be an empire nevertheless, world-wide in its sweep and ruling every

destiny of man. No earthly empire builder was ever inspired with a greater vision than that seen by Paul. And certainly, none ever served his purpose with greater intensity, determination, and courage than Paul.

As Christ began His empire among lowly fishermen and others from every walk of humble life, so the first Christian church in Europe began among the group of women meeting for prayer by a river outside the city of Philippi.

The fact that Paul had strong ideas concerning the proper place of women in society did not prevent his supreme appreciation of their value in the work of the life of the church.

Among the notable women who had much to do with the acceptance and spread of the Gospel was Lydia of Philippi. Paul benefitted a great deal from the generosity of Lydia. When she was baptized, she gave him the wonderful hospitality of a Christian home.

Philosopher Doubts That Tax On Fat People Will Work As A New Source Of Tax Revenue

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw acknowledges a letter from a reader this week.)

Dear editor:

Ordinarily I don't answer mail, the post office department has enough to do as it is, but a letter from a college professor has found its way to this Martin County grass farm and due to the fact it concerns the most pressing problem facing America today — how to find new sources of tax revenue faster than Congress passes new legislation — I have decided to acknowledge it.

According to it, a new source of revenue was discovered in ancient Gaul centuries ago. They taxed fat people. They set up a legal size for a stomach and any man whose bay window went beyond the limit was taxed proportionately. I think it was called a luxury tax.

I have been thinking this matter over and while it has possibilities, it has some drawbacks too.

In the first place, it would never get past Congress. I wouldn't say Congressmen are any fatter than the rest of the country, but there are enough fat ones that the girth limit would be set so high most people would escape the tax.

In the second place, you bring everybody in this country down to a size 30 waist and it'll wreck agriculture. As it is now, every time a television commercial comes on telling a woman to eat one meal a day and spend the other two drinking a can of low-calory stuff, the government has to put up a dozen more surplus grain storage bins.

Reduce the waist of the 50 million people of this country who are out of shape and you reduce the consumption of cloth by at least twenty percent.

This country needs new sources of tax revenue, I estimate at least one for every new planet we land on, but taxing fatness is too dangerous. It may have worked in ancient Gaul, I don't know. All I know is that ancient Gaul isn't around anymore. At least I don't believe it is, I never have seen it mentioned in any of the lists of countries we're sending surplus grain to.

Yours faithfully,
 J. A.

Barge Stays Underwater For Awhile

A chlorine-laden barge 60 feet beneath the Mississippi River near Baton Rouge, will not be budget until an emergency plan to protect residents is completed.

Following a one-hour huddle with Army Engineers on Friday, Gov. John S. McKeithen said a plan will be set up to protect the population before any efforts are made to raise the barge. It sank when Hurricane Betsy tore through Louisiana last week dealing destruction and death.

The barge containing 600 tons of lethal chlorine was found Thursday night a short distance from where it was tied up in advance of the hurricane.

The governor said the barge posed no immediate problem while that far below the surface. The river channel was dredged in efforts to locate it before shipping was allowed to pass through. There was fear it might be rammed by a ship.

Dr. A. R. Chopin, dean of chemistry and physics at Louisiana State University, assured there was no present danger, McKeithen said.

Patronize your hometown merchant for better buys.

Ex-Servicemen Being Sought By Air Force

Men and women with previous military service in any of the armed forces are being sought for immediate enlistment in the Air Force.

The number of openings for prior servicemen has more than tripled for September. In addition, the variety of skills needed has been increased substantially in order to meet new manpower requirements.

This means that some prior service applicants who were not previously eligible may now be able to return to active duty immediately.

Men between 18 and 27 and women between 21 and 27 who possess honorable discharges from any branch of service may be eligible for enlistment in the Air Force at their previously held rank, provided they meet other recently liberalized qualifications.

Further, the upper age limit of 27 can be increased by adding to it the number of years active duty already served. In some instances to a maximum 46 years of age, Sgt. Wtzel said.

Soil Fertility Facts..

More are raised in many food demands. A 200-pound cow can produce 200 pounds of milk daily. It takes 100 pounds of feed to produce 100 pounds of milk. A 100-pound cow can produce 100 pounds of milk daily. It takes 100 pounds of feed to produce 100 pounds of milk. A 100-pound cow can produce 100 pounds of milk daily. It takes 100 pounds of feed to produce 100 pounds of milk.

Nineteen Years Ago

A near capacity crowd of 700 people turned out to watch a thrilling 0-0 tie football game Friday night between Stanton Buffaloes and the Loraine Bulldogs at the newly lighted Buffalo stadium. The weather was cool and clear and the gridiron in good shape in spite of earlier rains. It was the opening game of the season for both teams.

The Martin County Teachers met September 17 in the home economics lab at Stanton to elect news officers. Officers elected were: B. F. White, president; Elmer Miller, vice president; H. H. De-ik, secretary-treasurer, and Lavenia Davis, reporter.

The Senior Music Club met Tuesday, September 17, and elected new officers. They are: Mrs. James Jones, president; Mrs. Jesse Burns, vice president; Mrs. Morgan Hall, secretary; Mrs. Fay Smithson, treasurer; Mrs. O. B. Bryan, historian, and Lorene Brumley, reporter.

Delta Omega chapter of Beta Sigma Phi was entertained with a Mexican supper Wednesday evening at a Midland restaurant. Zora Lou Houston was honored at the supper. She is leaving to attend school in Chillicothe.

A farewell party honoring Ebbie Lou Atchison was held September 16 at the home of her grandmother, Mrs. R. L. Henson. Miss Atchison is to leave Saturday for Abilene to attend Abilene Christian College. Mrs. Henry Minton, sister of the honoree, assisted with the party.

Bill Collyns, manager of the Midland Chamber of Commerce for the past 10 years, has submitted his resignation to become editor of The Midland Reporter-Telegram. He will assume his duties as soon as the chamber names his successor.

Stanton Buffaloes will play the Iran Braves Friday night at Iran. Quite a number of Stanton fans are expected to accompany the team on their more than 100-mile trek. The starting lineup is expected to include Gregg and Avery at ends; Cross and Koonce, tackles; Jordan and Reid, guards; Henson, center; Stallings, Jones, White, and Stenderfer, backs.

With Harry Caverly carrying the pigskin across the line for both talls, Garden City's Bearcats nosed out the Courtney Eagles 12 to 6 Friday afternoon at Courtney. It was a six-iron football game.

DAILY FASHION SHOWS—Texas fashion houses and the State Fair of Texas, October 9 through 24 in Dallas, will present "Fall Fashion Fiesta" to visitors to the popular Women's Department at 2 p.m. and 4 p.m. daily. Left, the gray plaid cotton suit belted in leather from Justin McCarty is topped off by a Sherlock Holmes hat from Asbury Millinery Company. Also featured in the free daily showings will be the "Fiesta Red" sheath dress at right, designed by Tranel Sportswear and Dresses and shown with a Christian Dior turban in matching red wool.

- MARTIN COUNTY FARM BUREAU MEETING — Third Tuesday night of each month.
- STANTON PARENT-TEACHERS ASSOCIATION — Second Tuesday night of each month.

Soil Fertility Facts..

TIPS FOR OUTDOORSMEN

by Vern Sanford

- MAKES WEEDLESS HOOK**—You can make any lure weedless, or nearly so, by looping a rubber band between the point and the shank. Trick is to get the right pressure so weeds stay off, but fish stay on.
- EFFICIENT EMERGENCY STOVE**—For a tent or duck blind warmer, try filling the bottom of a 10 quart pail with four inches of sand and add several inches of glowing charcoal lumps. It warms for hours and it's safe.
- HANDY LENS COVER**—Want a quick, easy, cheap, lens-cover to protect your camera while hunting or fishing? Use cellophane tape, leaving a tongue hanging over for a pull tab. Or better yet, take along one of those elasticized plastic bags that Mom uses to cover small jars in the refrigerator.
- SEALS FRAYED ROPE**—Stop the mooring ropes on your boat from fraying by dipping the ends into household glue. It holds the tatters together and prolongs the life of the rope.
- PLASTIC PROTECTS LURES**—If you carefully spray new artificial baits with clear plastic they'll stay brighter longer and catch more fish as a consequence.
- POWDER REMOVES RUST**—A way to remove rust spots from guns is to dip a rag in oil, then in cement powder. Cement provides just enough mild abrasive to polish without scratching.
- HANDY GAME CARRIER**—A metal fish stringer, the kind with extra large safety pins, makes a fine game carrier for small animals like squirrels and rabbits. Just attach it through your belt loop. Hook the animals through both feet for easy transport.
- KEEPS DRYBOOTS**—If insulated or wading boots get damp inside, you can remedy this by cutting a piece of cardboard and inserting it in the bottom of the boots. Absorbent qualities of the cardboard will soak up the moisture.
- FOR CLEANER JACKETS**—Use of plastic bags to slip game in, or maybe the liver of a killed deer, will keep game fresh and jackets clean.

This is 4-H pledge: "I pledge my Head to clearer thinking, my Heart to greater loyalty, my Hands to larger service, and my Health to better living for my club, my community and my country."

4-H Clubs include programs for city youngsters as well as rural youth. Inquire now during National 4-H Club Week.

1965 STATE FAIR FASHIONS

MEET ME AT THE FAIR—Texas fashion houses and the State Fair of Texas, Oct. 9-24 in Dallas, will present a Fall Fashion Fiesta daily at 2 and 4 p.m. for visitors to the Women's Department. Among the 1965 fashions to be shown will be the trio pictured here. At left is the scramble scrambled look by Nardis—a golden dotted silk blouse, a solid over-bloss and a checked wool skirt. The center model wears Donovan Galvani's three piece ensemble of camel and cream blended fabric. At right, Tedda Togs shapes this "in" look of striped jersey and corduroy. The chic chapeaux—the four cornered hat, the feathered fedora and the corduroy helmet—all hail from Asbury Millinery Company.

Remainder Of Football Games Listed

- The remaining games scheduled for the various football teams of Stanton schools, are listed below for the benefit of those who may have missed the original list.
- Stanton High School:
 - September 24 — Open date
 - October 1 — Loraine (there)
 - October 8 — McCamey (here)
 - October 15 — O'Donnell (there) conference
 - October 22 — Seagraves (here) conference
 - October 29 — Wink (here) conference
 - November 5 — Tahoka (here) conference
 - November 12 — Plains (there) conference.
 - Stanton High School "B" team:
 - September 23 — Coahoma (here)
 - September 30 — McCamey (there)
 - October 21 — Garden City (there)
 - October 28 — O'Donnell (here).
 - Stanton Junior High team:
 - September 16 — Rankin (there)
 - September 23 — Coahoma (here)
 - September 30 — McCamey (there)
 - October 7 — Roscoe (there)
 - October 14 — McCamey (here)
 - October 21 — Coahoma (there)
 - October 28 — O'Donnell (here)
 - November 4 — Wink (here).
 - The Seventh Grade schedule is also listed:
 - September 23 — Coahoma (here)
 - September 30 — McCamey (there)
 - October 14 — McCamey (here)
 - October 21 — Coahoma (there)
 - October 28 — O'Donnell (here)
 - November 4 — Wink (here).

The Soviet Union covers almost one-sixth the world's total land area.

WAR ON UGLINESS

Engineer Maps Crushing Attack On Auto Junkyards

Lyndon B. Johnson is the general in the federal "war on ugliness" but Arno Liebman could well be one of his top lieutenants.

Liebman, a development engineer, proposes an attack on one of President Johnson's prime targets—junkyards.

Included in a request before Congress for federal beautification funds is \$190 million for work on highways. Part of this money would go for devising ways of clearing the growing number of auto junkyards which mar the nation's road system.

Liebman's process would use powerful mobile machines which would burn and crush junked autos into metal slabs. The slabs could be used as scrap, as components in the stabilization of river banks and roadbeds, and for a variety of other construction materials.

"Their value could be enhanced by treating with protective materials such as cement, coal tar products, mastic or plastic or materials," Liebman said.

Interior Secretary Stewart L. Udall gave Liebman, president of Centriblast, Inc., a hearing recently in Washington and reviewed his designs.

Udall was "impressed with the idea of using mobile crushing and incineration processes to dispose of automotive junk," Liebman said.

The machines would have advantage over existing crushers in that they could be mounted on trailer-like vehicles that would transport them to small junkyards not able to afford their own crushers.

While not yet available, the large machines are based on principles which Liebman has employed successfully in industrial waste disposal units used throughout the nation. Production of larger models for scrapyard use is expected within six months.

One 200-horsepower model which is in production at Centriblast's three Western Pennsylvania plants is a crusher-disintegrator which literally will chew up all kinds of metal, including refrigerators and ranges.

This machine, the first of which is destined for the city of Rochester, N. Y., also employs a density separation system which winnows the high-grade ferrous scrap from the rest of the materials.

Centriblast also has its eye on the urban renewal field. A machine, already designed and set for production later this year, will "eat up" wrecked houses.

These machines are merely the extension of principles proven in waste disposal installations throughout the country," Liebman said.

"Learning for living" is the theme of the 1965 National 4-H Club Week. For more than 50 years 4-H Clubs have guided young people in their personal development.

4-H Clubs are organized groups of young people who carry on educational projects and activities. Both city and rural boys and girls from 9 to 19 can participate. National 4-H Club Week, Sept. 25 through Oct. 2 is a good time to start.

Home Demo Club Members In Austin For Meet

Trophies, first place plaques with ribbons thru six places await 4-H horse owners from all over District Six on September 25, 1965. Ward County Stock Show arena — classes beginning at 9:00 a.m. — all exhibitors must be on the grounds at 8:00 a.m.
This is the third annual District Six 4-H Horse Show to be held in Monahans. Mr. Johnnie Rex McClellan of McLean, Texas, will judge this important event.
Entries from Marfa to Bracketville, north to Andrews are expected.

This is another of achievement events provided for 4-H members who are learning principles of 4-H horsemanship.

Classes are offered in halter, both registered and non-registered and performance events in Western Pleasure, pole bending, barrel racing and reining. The show is sponsored by the directors of the Ward County Livestock Show.

Horse show chairman, Pat Whitmore, John Wilson, and Abe Freeman; show secretary, Pat Whitmore; Ring Steward, James King; assistant ring steward, Emmitt Jernigan; announcer, John Wilson, and timers, Dr. William Faussett, and Jud Kennedy.

Entry deadline Friday noon, September 24, 1965.

Bobwhites Up And Down

Preliminary surveys by Texas Parks and Wildlife Department field men throughout Panhandle quail range indicate northeastern counties will afford better quail hunting than last year while dry summer weather in southern counties reduced quail numbers slightly.

Census tallies on Scaled (blue) quail in northwestern counties indicate the fleet-footed "blue" will be more abundant than in 1964 due to a good hatching season.

Carl (Hoot) Leonard, Jr., is attending a meeting for John Deere farm implement dealers in Dallas September 19 and 20.

November Draft Likely To Take 1,800 In Texas

A national quota of 36,450 draftees for November will result in about 1,800 Texans getting induction notices, a spokesman at state Selective Service headquarters said Friday.

"We have not been notified of our share of the national quota," Lt. Col. Boyd Sinclair said. "We will probably get the notice early next week but Texas generally supplies about five per cent of the national total."

The national quota, the largest since the Korean War, includes 28,400 men for the Army, 4,050 for the Marine Corps, and 4,000 for the Navy. The Marine Corps call for draftees is the first in 13 years.

Sinclair said he feels sure Texas will have a manpower pool large enough to meet its quota.

Goshen, Ind., News: "Of course the shortage of farm labor is due to Secretary of Labor Wirtz' cutting off of foreign workers, mostly Mexican. He wants American labor used. But if Americans, hypnotized by government checks and handouts, won't work, then who but foreign labor is going to gather the food crops to feed the bums and loafers who are living off the taxpayers? The government is simply going to have to downtrend this war on poverty stuff and tell those who don't want to work to get off the wagon. There is no other alternative."

Health And Safety Tips

From The American Medical Association

A new pamphlet from the American Medical Association describes the heart as "a muscular pump as big as your fist."

The right side of the heart receives blood from the body and pumps it through the lungs where it releases carbon dioxide and picks up oxygen. The left side receives oxygenated blood from the lungs and sends it through the arteries into the body. Both sides of the heart are protected by valves which permit blood flow in only one direction.

Whenever one's heart is unable to circulate blood efficiently, he has heart disease. You can best prevent heart disease by practicing good health habits, says the AMA publication. Although only a few preventive procedures have proven completely effective, a number of factors which contribute to healthful living decrease the likelihood of heart disease. Factors that seem to influence the heart's

health are diet and weight, exercise, smoking, infectious diseases and tensions.

Here are some suggestions from the AMA for healthful living that may help to reduce the hazard of heart disease—

- Learn your health status by periodic medical examinations.
- Reduce weight if obese: Eat less in the hope you will live longer to eat more.
- Don't experiment with special diets. If your physician thinks you need one, he will prescribe it.
- Exercise regularly. If you have heart trouble your physician will set activity limits.
- Don't smoke. If you must smoke, use cigars or a pipe moderately.
- Accept life's challenges, come to terms with the inevitable, and live as though you will live forever.

Mrs. Owen Kelly Demonstration Club Hostesses

The Courtney Home Demonstration Club met Thursday, September 16, in the home of Mrs. Owen Kelly, Mrs. Albert Pitman, president, called the meeting to order.

The club prayer was repeated in unison. Roll call was answered by members with "A spot remover I use."

Mrs. Mildred Elland gave a program on "Cotton and its uses and how it effects us." She showed toys and garments that can be made from sacks and cotton material and even bits of craps.

The next meeting will be in the home of Mrs. W. E. Kelly on October 7.

Mrs. Owen Kelly served refreshments of lemonade, cake, and cookies to six members and visitors. Those present were: Mmes. Gene Atchison, Mildred Elland, Albert Pitman, Sid Cross, Owen Kelly, Tom Smith, L. D. Sprilling, and W. E. Kelly.

Five home demonstration club members from Martin County are attending the State THDA meeting in Austin this week. They will participate in workshops in the field of 4-H family life, health, citizenship, recreation, and safety.

Those attending are: Mmes. Lewis Carlile, Owen Kelly, N. E. Holloway, E. P. Madison, and J. T. Mims.

TSTA Holds First Meeting

The first local TSTA district four meeting will be held in the Stanton High School cafeteria at 7:30 p.m. Monday, September 27.

The local unit includes Grady, Flower Grove, and Stanton. All teachers from these schools are urged to attend. Mrs. Floyd Sorley, president, will preside. Dinner will be served.

Panhandle Deer Increase In '65

Both white-tailed and mule deer, in brushy canyons and river bottoms traversing the Texas Panhandle, will be more plentiful this year than in 1964, according to Biologist Richard DeArment of the Texas Parks and Wildlife Department staff.

Panhandle deer densities have never been high in comparison to Hill Country herds, but what Panhandle deer lack in numbers is made up for in size, Notes DeArment. White-tailed bucks weighing 150-200 pounds on the hoof are not uncommon on the Washita and Canadian Rivers in eastern Panhandle counties.

The Palo Duro Canyon, southeast of Amarillo and the Canadian River area south of Dalhart, supports stable mule deer herds from which most Panhandle mule deer are harvested each year, said the biologist.

In 1964, 246 mule deer and 299 white-tailed deer were harvested by sportsmen.

Concert To Be Held At SHS

The 62nd Army Band from Fort Bliss of El Paso, will present a one hour concert on Tuesday, October 5, in the Stanton High School auditorium at 1:00 p.m.

The band is under the direction of Chief Warrant Officer Herbert Bihartz. Everyone is invited to attend.

Marshall Blocker of Midland, visited in the home of Mr. and Mrs. J. W. Blocker Sunday.

Dick Madison Weds Betty Emerson Sept. 18

Dick Madison and Betty Emerson were united in marriage on Saturday, September 18, in the home of his father, Mr. and Mrs. G. I. Madison in Lenora.

Mrs. Madison is a former resident of Odessa.

The wedding ceremony was performed by Rev. James of Andrews, Texas.

The following relatives and friends attended the wedding and reception following the ceremony: Mrs. W. J. Coats and children of Big Spring; Mr. and Mrs. Carl Hamilton of Odessa; Mr. and Mrs. G. I. Madison; Doris Houghton; and Miss Barbara Madison.

The Madisons are at home in Stanton on Carpenter Street.

Tax Man Sam Sez.

Most of us don't have any problems with our exemptions, because our children live with us and naturally we provide full support for the child. However, when you provide partial support for your child or for children who have reached the earning stage and are providing partial support for themselves, you may have a problem. It pays to keep records to make sure that you can prove that you provided bed and board while Junior engaged in the song and dance type of activity with his earning. If you are not sure, talk it over with the good tax folks.

Baptist Church Activities

This week is Sunday School Leadership Preparation Week in the church. The purpose of this program is to train new workers for the new Sunday School year, which will begin October 1.

The WMU held conference Wednesday, September 22, from 10:00 a.m. to 2:00 p.m. in the First Baptist Church in Odessa. These were conducted by state leaders of GA's, Sunbeams, YWA, and WMS.

School Menu

Menu for September 27 through October 1:

Monday — Chicken fried steak, cream gravy, peas and carrots, sliced grapefruit, hot rolls and butter, and milk.

Tuesday — Beef stew and vegetables, cole slaw, corn bread and crackers, milk, and peach pie.

Wednesday — Pinto beans with wieners, turnips and greens, carrot sticks, corn bread, milk, and fruit cobbler.

Thursday — Turkey and dressing, giblet gravy, rolled wheat rolls, butter green beans, fruit salad, and milk.

Friday — Tuna fish and pimento cheese sandwiches, vegetable soup, congealed salad, and milk.

Mr. and Mrs. R. O. Anderson visited Saturday in Lubbock with their son, Carroll, who is attending school there.

FHA Magazine Sales Start

The Stanton FHA chapter is selling magazines in the area this week. The purpose of these annual drives is to pay expenses for the girls who represent our chapter in state and national meetings. This also contributes to the expenses of the annual mother-daughter banquet. The chapter usually buys something for the home economics department.

This year's officers are Linda Manning, president; Eunice Stephenson, vice president; Cindy Britton, secretary; Brenda Standefer, treasurer; Susan Brandt, reporter; Beverly Clements, parliamentary; Katina Johnson, historian, and Cindy Pickett, song leader.

Stanton Lions Bringing Circus To The City

Members of the Stanton Lions Club met Tuesday at noon at DeWine Restaurant. President Bob Cain presided and following the invocation the seventeen Lions present entered into discussion of plans for sponsoring a circus and carnival to be present in Stanton in October.

The Birnam Brothers Circus will play in Stanton for one day only. The performance will be reeled off on Oct. 7 on the lot two blocks north of Highway 80 on the Lamesa Road. Performances are slated for 6 and 8 p.m. respectively.

No Football, But H-SU Enrollment Increases

Hardin - Simmons University, with a booming enrollment expected to hit 1,700, is beginning its first full school year since intercollegiate football was dropped.

Football was abolished by the board of trustees in its Jan. 10, 1964, meeting. Financial difficulties and losses by the athletic program were given as the reason.

What, if any effect, did this decision have on this year's enrollment?

Dr. James H. Landes, H-SU president, said there is no way to measure its effect. All we know is where we stand on enrollment now, he said.

"Personally, though, I don't think we were hurt," he said.

Big Freshman Class

With the deadline for enrollment still a week off (next Friday), the college already has chalked up the second freshman registration in history — 591. Postwar ex-GIs pushed the total for the Class of 1948 to 602.

Dr. Landes said he had heard no unfavorable comments about cutting the athletic program among students. Adults seem to have felt the loss more, he said.

"Football's a great sport," he

said. "I guess I felt it as much as anyone."

Praises Alumni

Despite their disappointment, "our alumni have been wonderful and understanding," he said. Without this attitude, recovery from the blow could have been more difficult, Dr. Landes said.

H-SU, with no previous paid student recruiters, this spring launched a crash program to bring in more students. Dr. Landes believes it has produced results.

The president and other administrative officials spoke in area towns and made visits in an effort to build up the student body. Beginning this year, Kenneth Hill, director of alumni, will coordinate the students development program.

Subjects Come Up

The subject of football did come up often in these meetings between H-SU officials and area people. However, the increased enrollment this year reflects "a splendid attitude that has prevailed toward H-SU by the exes," he said.

Registration totals Friday afternoon showed an enrollment of 1,686, compared to 1,590 last year, an increase of

96 students. The 591 freshmen this year beat the 1964 total by 52.

Also registered were 118 graduate students, 47 post grads, 299 seniors, 312 juniors, and 319 sophomores.

What are the basic factors which account for this increased enrollment?

For one thing, there are more youngsters going to school than ever before. Also, the importance of getting a college education has been driven home to parents and students alike; both realize the need for more training to get the better paying jobs.

More Upperclassmen

Dr. Landes said that H-SU is retaining a higher percentage of upper classmen, thus boosting total enrollment figures.

"I believe we have a happy student body," he said. "I believe they like our college program, the student life, a positive attitude by the faculty and the challenge of the academic program."

"I appreciate the goodwill of our friends in the public schools, of the churches, the people in area towns, and from places far beyond Abilene," he said.

What are the basic factors which account for this increased enrollment?

For one thing, there are more youngsters going to school than ever before. Also, the importance of getting a college education has been driven home to parents and students alike; both realize the need for more training to get the better paying jobs.

More Upperclassmen

Dr. Landes said that H-SU is retaining a higher percentage of upper classmen, thus boosting total enrollment figures.

"I believe we have a happy student body," he said. "I believe they like our college program, the student life, a positive attitude by the faculty and the challenge of the academic program."

"I appreciate the goodwill of our friends in the public schools, of the churches, the people in area towns, and from places far beyond Abilene," he said.

What are the basic factors which account for this increased enrollment?

Pretty Clothes and Pretty 4-H Girls Go Together

PRETTY clothes on pretty girls are a common sight in 4-H circles, particularly among the more than three-quarter million girls from 9 to 19 enrolled in the national 4-H Clothing program, observes Miss Mamie Hardy, head of educational field activities for Coats & Clark Inc., sponsor for 25 years of the clothing program.

Sketched here are some of the fashions that 4-H girls are putting into their fall and winter wardrobes. In their clothing projects they learn how to sew on and care for new fabrics, and to choose color, line and design. The "learning-by-doing" is guided by local volunteer clothing leaders and extension home economists.

Miss Hardy conducts numerous workshops for extension personnel. Her newest is called "The Shape of Things" which teaches how to get different

One member admitted: "I wanted to quit several times as junior clothing leader, especially when a girl came to club with a zipper in wrong for the thousandth time. But with a little more patience and one last explanation that finally hit home, we both scored a victory."

Something "extra" is offered the young seamstresses by Coats & Clark Awards consisting of medals, educational trips to the National 4-H Club Congress and a dozen scholarships of \$500 each will be claimed this fall by top-ranking 4-H Clothing program members.

For Dates

shapes in garments by use of various interfacings, backings and linings.

"Several generations ago," said Miss Hardy, "stiffeners used in garment construction gave exaggerated shaping and made the garment uncomfortable. Today's inner fabrics have changed to keep pace with the many new types of outer fabrics designed for contemporary living."

"The secret of good lines is knowing which type to use to achieve a softer and more comfortable effect," Miss Hardy added.

Workshop techniques will in turn reach local 4-H leaders who will pass them on to the girls.

Patience, persistence and pride in workmanship are three essential requisites for getting ahead in the clothing project, according to the 4-H'ers.

(Continued from page 1) our personal congratulations to DIANNE, DONNIE and KEITH as well as the grand-parents.

The cold spell finally arrived. That is to say, the area lost the summer temperatures and picked' up enough rain and other ingredients of weather to bring on a light dash of winter. We are all grateful for the change. This has truly been a long, hot summer.

Double congratulations are in order for MR. and MRS. RICHARD BARNES upon the arrival of twins sons, born September 17 in Big Spring. The new arrivals, ROCKY RANDALL and ROBBY KENDALL, arrived within two minutes of each other. The proud dad was passing out cigars a few hours after the boys arrived. We send our best personal congratulations to the twins for good judgment in picking parents.

STANTON LIONS will sponsor a Circus in Stanton on October 7. The pre-appearance publicity and advertising is being released currently and a big day is anticipated for all when the Circus rolls into town.

40th - - -

(Continued from page 1) education coordinating board, also will be participating.

Another group to be honored will be the 1939 Red Raider football team which played in the Cotton Bowl.

On October 2nd Tech plays host to Texas A&M in a Southwest conference game. The October 9th game, another SWC tilt, is against Texas Christian University.

Oklahoma State University, returning to the Tech schedule this year, will be in Lubbock for the October 16th date, and the final weekend of October 30th finds Rice University's Owls as the Raider foe.

The October 30th date also is the college's annual homecoming.

Editor's - - -

(Continued from page 1) Your local delegation played a large role in these proceedings, and it was a great honor to meet and become associated with them. I hope that all of your area citizens will continue to support these delegates as they begin to implement these ideas, gained at the State Conference, at the local level.

Again, my thanks to you for your help.

Yours very truly
Waggoner Carr.

Virgil Miller Promoted In U.S. Air Force

VALPARAISO, Fla. — Virgil W. Miller, son of Mr. and Mrs. Clyde A. Miller of 702 Burleson St., Stanton, has been promoted to first lieutenant in the U. S. Air Force.

Lieutenant Miller is a mechanical engineer at Eglin AFB, Fla. He is a member of the Air Force Systems Command which manages USAF scientific and technical resources to develop new missile, aircraft and other aerospace systems.

The lieutenant, a graduate of Stanton High School, received a B. S. M. E. degree at Texas A&M University. He was commissioned upon completion of the Air Force Reserve Officer Training Corps program.

His wife, Kathryn, is the daughter of Mr. and Mrs. O. H. Rogers of Rt. 1, Palacios, Texas.

Texas Duck Gets Mexico Welcome Mat

Texas' good neighbor policy with Mexico paid off another dividend.

A man wrot from Matamoros, State of Tamaulipas, Mexico: "Five days ago one of my nephews found near their home one of your ducks, No. 12642). He could fly only about a meter high. At the moment they have it as a pet and he seems to be thriving. For further information, etc., please write to — (and he gave a detailed address).

To the uninitiated, unfamiliar with international protocol involving wild ducks, this apparently it a banded duck, possibly a teal, which was wounded on the American side of the border during the recent experimental teal hunt which ended in Texas September 12.

The letter was dated Friday, September 9, and was sent airmail.

For the benefit of those unfamiliar with duck flight measurements in meters, a meter is slightly more than a yard, which would make the flying ambassador "smack on the deck", as the fly boys would say.

Mr. and Mrs. F. O. Rhodes visited Sunday in Littlefield with Mr. and Mrs. Bill Rhodes and family.

Mr. and Mrs. Coen of Odessa, visited Sunday in the home of Mr. and Mrs. Lee Graves and children.

Canned meat was introduced into the United States about 1867.

Small Stuff Holder

The screw - cap metal containers 35 mm color film comes in make neat waterproof holders for small items that usually bob around loose in a tackle box. Yellow color makes them easy to locate too.

There is no such thing as an all-purpose rifle.

Nevertheless, for financial reasons the average hunter must make one weapon do for all his hunting needs.

Let's say that he wants to hunt mule deer in West Texas or Colorado, whitetail deer somewhere else, even antelope. In that case he needs a rifle that will adequately cover his needs.

Then let's consider the .30/.06. With Texans it still is the most popular of all hunting rifles.

This time-honored weapon will do the job even on the bigger mule deer and the huge black bear. And it's adequate for whitetails and even antelope within certain limitations.

Nowadays, however, there are other rifles just as good, like the .308 and the .243. But to operate within full potential and satisfy all the needs, the weapon demands a sight that will give comparable performance.

Today the trend is to scope-sight. Under almost all circumstances the scope will do the job better than will conventional iron sights. But a fixed-power scope is, at best, a poor compromise.

Suppose you have a four-power (4x) sight. It isn't quite strong enough for antelope shooting, yet at times it is a mite too powerful for hunting whitetails, particularly when shooting at short range, in fairly heavy brush, or when shooting at a fast moving deer.

So what's the answer? Nearest thing the all-around sight is a variable.

Modern engineering improvements have made the variable scope adequate for almost all hunting needs. And the price tag is coming down to compare favorably with fixed-power scopes.

You'll pay more for the variable, but the old saying that "you get just what you pay for" certainly is apt here.

Early variables weren't too favorable. For one thing, they tend to be unnecessarily bulky. For another, the size of the crosshairs changed size as you switched power. And in damp weather they often fogged up and were practically worthless.

Any resemblance between this first model and modern-day variables is purely coincidental. At first glance it is difficult to tell a variable from a fixed-power scope anymore. And when you change power the crosshairs remain constant in size.

Modern scopes are fogproof and greatly improved. Sturdy mounts make them almost as durable as iron sights. Sure, the scope is sticking up there just begging to be knocked out of alignment, but it takes quite a blow to throw one off anymore.

One model even has a range-finder built into the scope. In long-distance shooting like with antelope, you actually can tell how far the game is away. So, if you know the range your rifle is sighted in, you can compensate for any added distance by holding it slightly high, to offset any drop of the bullet. Or aim lower at closer targets.

Most variables range from about 2-1/2X to 7X or 8X or even 9X. This means at lower power you have two-and-one half times the magnification of your normal eyesight and with 8X you have eight times.

But magnification is just part of the scope story. A quality glass has the ability to gather and intensify light. This makes it much easier to see early in morning, and late in the day or during heavy overcast. These are the times when iron sights tend to blur.

With a scope it's also easier to pick out game standing still in under-brush. Good scopes almost seem to "see" through the brush. Only real drawback is that a scope is difficult to use on running game at close range, such as when hunting deer. But this is more a matter of experience than anything else... as we quickly learned.

A VERY SPECIAL ANNOUNCEMENT!

Graves Laundromat Is Putting Prices Down On The 9 Pound Family Wash In Stanton And Martin County. Now Only Ten Cents A Load!

This represents a reduction of ten cents and you can't beat that kind of price cut.

And Listen To This — You Can Get Our Jumbo Wash — A Big 20-Lb. Load For Only .35.

Crime? The Solutions Are Plain

(Editor's Note: This article appeared on the editorial page of one of the country's leading newspapers, The Dallas News. It was written by Dick West, one of the ablest men in the newspaper field today.)

A few days ago a letter was printed on this page from E. E. Riley of Ennis so chock-full of common sense, so basic and so true, we want to reproduce a few lines:

"Houses don't make slums — it's the people who live in them. With some hot water and soap, a home can be kept clean and most of all be respected as a home. There must be pride in our home, no matter how humble.

"The house never built a character. It is the person who has the quality and who works for the good of his home, his church, and his country. A law-abiding citizen is one that will work for the good of our country—not to destroy but to build."

That letter appeared only a few days after President Johnson gathered 17 distinguished citizens of his country into the White House Cabinet Room. Among them were two Texans—Robert G. Storey of Dallas and Leon Jaworski of Houston.

This group, constituting a National Crime Commission, will work the next 18 months trying to find out why this country's crime rate is going up six times as fast as its population rate.

Its determinations will be given to the President, then he will sit down and try to figure out what the executive branch of the federal government can do about this national disgrace of lawlessness.

On an average day last year there were 300 robberies, half of them with weapons; on that same day, 1,265 cars were stolen. There were 25 to 30 murders and 70 forcible rapes.

The letter above from Ennis is reprinted because its basic truths are not likely to be the findings of the President's commission on crime.

If past history is an indication, the President will be told that we must build more public housing, spend more on education, wipe out the slums, set up a federal Department of Psychiatry with Cabinet status, triple the expenditures on the poverty war, increase rent subsidies, from an Anticrime Corps. And so on.

Again if the past is an indication, the final report will stress more spending and activity by Washington and less responsibility by the individual to his home his community and his God.

In the meantime, crime will continue to go up and the blame will be placed everywhere except where it belongs.

Why are we Americans essentially a lawless people?

Because we put the dollar and personal ambition ahead of integrity and honor.

Because we have relaxed discipline in the home, the schools and courts of law.

Because juries differ in their ideas of justice and appellate judges strain to find loopholes that release the criminal back into the streets.

Because we have more leisure than we ever had and less desire to put in an honest day's work for an honest day's pay.

Because too many churches endorse "sit-ins" as justice and approve of transgressions against private property in the name of "equality" and civil rights.

Because the government itself encourages loafing and indolence by weekly checks for unemployment compensation and rewards mothers of illegitimate children with welfare payments.

There are other reasons, of course. The professional sociologist can list a hundred. But neither the sociologist nor the President's commission is likely to come up with the proper answer—to wit:

Make justice swift, fair and certain. When the criminal fears the law, he is less likely to break it.

We can wipe out all slums and quadruple our spending on education—and we'll still have more crimes as long as the criminal thinks he can get away with it.

When a "professional" in Dallas robs eight supermarkets and is released on bail eight times before he is ever tried for the first one, he assumes he is in a profitable racket and hesitates to put in an honest day's work for an honest day's pay. If he's not caught or tried, he can make \$25,000 a year by working less than a month—and all of it is tax-free.

So he takes the gamble, simply because he doesn't fear the consequences. He is not a criminal because he lives in a slum or was reared in one. He's a criminal because it's profitable to be one, and it is profitable because he hasn't spent enough time behind the bars at Huntsville.

Putting him into a nice, FHA-insured home, or into a rent-subsidized apartment, is not going to change his ways. He must be taught respect for the law. In criminality, we put too much blame on environment and not enough on the man.

Why is juvenile delinquency so rare among Jews? Because respect for the home, for the family, for tradition, for law and for God's word is more important in the Jewish home than worldly possessions.

Why are slum-like dwellings and unemployment almost nonexistent in communities settled by Germans and people of German descent? Because they are frugal, they work, they pay their debts and deprive themselves of material gain to stay solvent. As the letter writer from Ennis said, with some hot water and soap a home can be kept clean and he respected as a home. But in Harlem, it is taken for granted that the government will do it.

None of this is likely to be in the commission's report to the President on why we have so much crime.

You are not likely, either, to find a paragraph pointing the finger at Chief Justice Earl Warren and the Supreme Court, saying in effect: "You gentlemen, too, have had a part by your vague decisions that have been followed by riots in the streets and made it more difficult for police and prosecutors to put criminals away where they belong."

Soil Fertility Facts..

USING LESS LAND, FARMERS CAN PRODUCE MORE FOOD AND FIBER FOR THE PEOPLE OF THE WORLD. THE KEY TO MORE EFFICIENT CROP PRODUCTION IS SOIL FERTILITY. IT IS THE BASIS OF ALL AGRICULTURE. THE MORE FERTILE THE SOIL, THE MORE CROP YIELD. TO MAINTAIN PROFITABLE LEVELS...

US FARMERS USE 11 TIMES MORE FERTILIZER THAN THE 1920'S HAD. MUCH ACTIVE PLANT FOOD HAS BEEN DISCOVERED SO THERE IS TIME AND MONEY TO BE MADE IN FERTILIZING YOUR ACTIVE PLANT FOOD. THIS SAVES YOU FROM LOSING PROFITS BECAUSE OF UNPROFITABLE CROPS.

Beta Sigma Phi Activities

Zi Theta Nu met in the home of Mrs. Ernestine Edmiston Thursday, September 16. President Gracie Hanson called the meeting to order.

Edna Linder was chosen as valentine sweetheart. Jo Jon Cox delivered the program on the polar region.

A party was planned for Saturday, September 25. It is held in honor of the members' husbands, and is to be in the home of Mrs. Jo Jon Cox.

Those present at the meeting were: Mmes. Janelle Britton, Jo Jon Cox, Barbara Douglas, Ernestine Edmiston, Gracie Hanson, Ruth Holcombe, Gina Hopkins, Edna Linder, Jeanene Perry, Kay Simpson, and Latrell Welch.

The Rho Xi Chapter of Beta Sigma Phi met Thursday, September 16, in the home of Sara Blocker. President Mona Elmora presided over the business meeting.

A bake sale was held Wednesday, September 22, as the first money-making project of the year.

Jeanene Wheeler gave a program on "Speech," which was followed by a program on "Prose," presented by Johny Conner.

Nona Cain reviewed the "Book of Beta Sigma Phi." Soft drinks, party dips, and chips were served to Joyce Bergstrom, Sara Blocker, Janie Boyd, Wanda Bryan, Nona Cain, Johny Conner, Mona Elmora, Jeanene Wheeler, Linda Bess Angel, and Fiji Brandt.

Preceptor Mu Chapter met in the home of Mrs. John Wood Thursday night, September 16th.

Mrs. Glenn Brown, president, presided at the business meeting. She read a letter from Walter Ross stating that we were a "3 Star Chapter" for 1964-65.

Mrs. John Wood, program chairman, introduced the program, "Music in the School and Community," which was presented by Mrs. Glenn Brown.

Refreshments were served by the hostess, Mrs. Wood, to the following members: Mrs. P. M. Bristow, Mrs. Glenn Brown, Mrs. Helen Dawson, Mrs. Glenn Gates, Miss Sammie Laws, Mrs. Bob Latimer, Mrs. Elmer Long, Mrs. Stanley Reid, Mrs. Louis Roten, Mrs. Jesse Talton, Mrs. Leo Turner, and Mrs. J. N. Woody, Jr.

4-H Club Activities

Martin County 4-H Council met Saturday, September 18, at 9:30 a.m., in the county agent's office with Cindy Britton, council chairman, presiding. Reports were given by club representatives of summer activities. Cathy Hazlewood and Gary Reid reported on the District 4-H Council meeting. Cindy Britton reported on the State 4-H Council meeting.

Plans were made to have annual 4-H Achievement Night October 9, at Cap Rock Electric's Willie Wirehand room at 7:00 p.m. Committees appointed for the event were: program, Tim Bristow; invitations, Gary Reid, Kenneth Terry, and Jana Hall; ceremonial, Cindy Pickett.

At the close of the meeting Cindy Britton presented to the 4-H Council a gavel given to her at the Attorney General's Crime Conference.

Those present were: Cathy Mayes, Nancy Selly, Don Roper, Guy Mabee, Pam Roper, Willie Wells, Leslie Butler, Gary Reid, Deborah Hazlewood, Patricia Haislip, Jana Hall, Cindy Pickett, Tim Bristow, Kenneth Terry, Cathy Hazlewood, Cindy Britton, Mrs. Bud Roper, and Mrs. Mildred Eiland.

Mr. and Mrs. James Moore attended the Westerner's Association square dance in Big Spring Saturday night.

Craig Graves, son of Mr. and Mrs. Granville Graves, was released from the Malone-Hogan Hospital in Big Spring, where he has been under observation and treatment.

HIGHEST IN 13 YEARS

Military Draft Call Reaches Peak

High prices and higher draft calls go hand-in-hand with war.

The military draft soared this week to its highest peak since the Korean War. And the United States Marine Corps for the first time in 13 years called for draftees to help fill its ranks.

The Defense Department asked the Selective Service system to furnish 36,450 men for the Army, Navy and Marines in November.

This is the biggest monthly draft call since May 1953, toward the end of the Korean War, when 53,000 men were inducted into uniform.

The announcement stressed that the November call is in line with President Johnson's recently announced decision to increase the active armed force strength in connection with the conflict in Southeast Asia.

The administration has set in motion plans to strengthen U. S. forces by 340,000 men, bringing the total to about three million.

The Air Force, confident of meeting its manpower needs

with voluntary enlistees, is the only one of the armed services which does not plan to call on the Selective Service.

In another development related to the buildup of the regular forces, the Army announced that starting next month it will expand its training system to handle 408,000 new soldiers in the 1965-66 fiscal year. That will be more than double the 195,000 who passed through the various training centers and service schools last fiscal year.

The draft fell as low as 3,300 men a month a little more than a year ago.

But a lag in enlistments and

then the buildup ordered because of the deepening of the war in Viet Nam led to the steeply rising inductions.

The Navy was forced to call on the draft after nine years of voluntary recruiting. It will take 4,600 men in October, for the first time since 1956.

The Marine Corps had not drafted since 1952 and its leaders sought urgently to avoid following that path. In 1951 and 1952 there were 81-430 inducted into the corps.

The corps had prided itself over the years on being able to pick and choose its men from an abundant supply of volunteers.

ward the end of the Korean War, when 53,000 men were inducted into uniform.

The corps had prided itself over the years on being able to pick and choose its men from an abundant supply of volunteers.

Bill Provides Quick Draft For Dodgers

Rep. Olin Teague of College Station Friday introduced a bill to induct without delay young men who got married to beat the draft.

Teague, chairman of the House Veterans Affairs Committee, said the measure would instruct draft boards to call up first the men who married on Aug. 26.

President Johnson ordered that men who were married after midnight that day but who were eligible for the draft but those who married before the deadline would not. Many youths rushed to the altar in the eight hours between the presidential announcement and the deadline.

"I'm just trying to help these young men who have made a mistake," Teague said.

"Somewhere down the line, in later life, these young men will have to face their wives and children, and explain why they were called draft dodgers."

Meanwhile, the draft soared Friday to its highest level since the Korean War. And the proud Marine Corps called for draftees to help fill its ranks for the first time in 13 years.

The Defense Department asked the Selective Service System to furnish 36,450 men for the Army, Navy and Marines in November.

This is the biggest monthly draft call since May 1953, toward the end of the Korean War, when 53,000 men were inducted into uniform.

The announcement stressed that the November call is in line with President Johnson's recently announced decision to increase the active armed forces' strength in connection with the conflict in Southeast Asia.

The administration has set in motion plans to strengthen U. S. forces by 340,000 men, bringing the total to about three million.

The November draft call assigns 28,400 men to the Army, 4,000 to the Navy and 4,050 to the Marines.

Andrews Enters 'City' Contest

Officials this week entered Andrews in the All-American City Awards Competition.

Dr. R. A. Montgomery, superintendent of schools, is project chairman for the contest. Fred Courtney, chamber of commerce president, and Morris Shaw, of Humble Oil and Refining Co.'s marketing division, assisted with the compilation of the entry.

The contest is sponsored annually by the National Municipal League and Look Magazine. The competition honors cities, towns and communities throughout the U. S. for outstanding civic achievements.

One-third of New Hampshire rises more than 2,000 feet above sea level.

Hawks Herald Winter Period

Biologist Walt Daniel of the Texas Parks and Wildlife Department staff saw what he thought was a large flock of crows milling and wheeling through the air in the Tehuacana Creek area of Freestone County. Then his binoculars helped identify the birds as migrating hawks.

Most of the birds were broad-winged and red-shoudered hawks, evidently seeking a roosting place on their southward flight.

Daniels said the migration was a normal thing, but seldom seen in his area. This group of hawks is largely beneficial to man as their diet includes many rodents, rabbits, etc.

Odd Fellows, Rebekahs To Meet Thursday

The Rebekah and Odd Fellow lodges will have a joint social Thursday night, September 23, at 8:00 p.m. in the I. O. O. F. Hall. Mike Anderson and his choir will lead in group singing of old and new songs. Audience participation will also be featured with the musical group.

Games provided will be forty-two and dominos.

Homemade ice cream and cake will be served to everyone present.

Mrs. Granville Graves, noble grand, urges everyone including children of the families to attend.

DPS Has Job Openings For 70 Highway Officers

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, announced today that the DPS has job opportunities in the uniformed services for over 70 young men interested in a career in law enforcement.

"The positions include opportunities for advanced education, excellent physical conditioning and a chance to participate in an outstanding public service," Garrison said.

Those who qualify will receive a salary while in training. They will undergo training at the DPS Law Enforcement Academy in Austin, studying such subjects as Texas Highway Law, accident investigation, first aid, professional driving, care and use of firearms, and many others.

Upon graduating from the 16-week training course at Academy, the trainee is commissioned into one of the DPS uniformed services. Assignment is based on talent and ability as well as the desire to serve in a particular branch. The services include: Highway Patrol, License and Weight, Driver Licensing, and Motor Vehicle Inspection.

"The work of a patrolman is challenging," Garrison pointed out, "but the rewards are many. Each man answers the call to serve with the best of opportunities for participating in the constantly developing effort to curb the dual menace of increasing crime and traffic accidents."

New Arrivals

A son, Michael Scott, was born to Mr. and Mrs. Donnie Hull, of Midland, Friday, September 17, at 8:00 a.m. in a Big Spring hospital. The young man weighed in at 8 1/2 pounds, 15 1/2 ounces.

Maternal grandparents are Mr. and Mrs. O. C. Turner of Stanton. The paternal grandfather is Leslie Hull of El Paso.

Mr. and Mrs. Richard Banes of Stanton, are the proud parents of twin boys born Friday September 17 in Big Spring hospital. Rocky Randall and Robby Kendall were born within two minutes of each other at 2:39 p.m. and 2:41 p.m. Rocky Randall weighed four pounds, 5 1/2 ounces. Robby Kendall weighed five pounds, seven ounces.

Maternal grandparents are Mr. and Mrs. J. W. Cline of Colorado City. The paternal grandmother is Mrs. Mary Tunnel of Stanton.

BULL'S EYE—Sure to be the target of attention in a cruise wardrobe is this sleeveless cotton shift. Splashed with brilliant red, white, and blue, it's designed to slip over a coordinated collection of swimshapers or to wear alone. By Harbor Road.

Urban Renewal Agency Of the City of Stanton

400 North St. Peter Street
Phone SK 6-3305
STANTON, TEXAS

Notice Of Sale

The Urban Renewal Agency of the City of Stanton (further referred to as the LPA) will accept sealed bids, on the following structures to be demolished, at the office of said LPA located at 400 North St. Peter Street until 2:00 P. M. October 4, 1965 at which time said bids will be opened and publicly read. The Agency reserves the right to reject any and all bids. The successful bidder must enter into a written contract with the LPA to demolish the structures on site, remove all salvage and debris from lot and level same. A cashier check payable to the Urban Renewal Agency for \$100.00 must accompany said bid as a guarantee bond that said successful bidder will demolish the structures and clear the lot to the satisfaction of the LPA. Upon satisfactory completion the cashier check will be returned to the Contractor and if lot is not cleared and leveled to the satisfaction of the LPA, the \$100.00 shall be forfeited to the LPA so they may clear the lot.

A cashier check in the amount of the bid payable to the Urban Renewal Agency must accompany each bid and if not successful the bid check and the performance check will be returned to the unsuccessful bidder. A period of 30 days from notice of acceptance of bid will be allowed for demolishing and clearing the site of all debris.

The following structures located as follows are open for bids and may be inspected until 2:00 P. M. October 4, 1965.

The Launching Pad

By NEAL ESTES

TV set owners have been bombarded with slush about the "new tv season" and all that jazz about the week being so big it was going to take eight nights instead of just seven. Well, the big week has come and gone. THE DENVER CITY PRESS told our views when they wrote: "Humph! the same old soap operas, some old horse operas, and, of course, the glorified soap opera for the hypo set. Ben Casey. What with the wife propping her feet in front of the screen and tuning in the tragedies, it's enough to make a fellow take up bowling, or card-playing, or maybe, moonlighting to afford enough chocolate for Milday's tv passtime."

A big, black headline on the green-colored sports page of the ABILENE REPORTER last Saturday morning read: "Coahomans Bury Stanton." We can't agree with the headline. Nobody was buried in Stanton. True enough, our sophomore boys lost a football game but that's all. The score wasn't bad either when one pauses to consider that Coahoma is one of the top ten clubs in Texas in its class and Stanton is playing this season with a light, inexperienced team.

BOB MURPHEY, Nacogdoches lawyer and wit, and recent featured speaker in Stanton at the CAP ROCK annual meeting, was talking to FRANK TOLBERT, able and entertaining writer for The Dallas News this week. Said MURPHEY: "An East Texas fellow was being importuned to join the Baptist Church and he wanted to join but offered as a reason for declining that he didn't think his health would stand it."

THE fine rain falling in the county the past Friday night and on Saturday morning was indeed refreshing to all — people, croplands, and ranges. The scheduled cold front stalled near Lubbock but the cooling rains drove that hot, sultry, summertime weather out of the area.

I picked this interesting comment up from PAUL CRUME's 25 years in The Dallas News: "Those of us who went to war 25 years ago could at least expect military pay vaguely like that we could earn outside. Nowadays, we not only want the young man in uniform; we want his wife to work to support him while he serves us. We want military families willing to live in converted chicken houses while the wage earner defends America. We will pay a man a princely weekly salary to make bayonets, but we want to hire a man to use them for a nickel."

IT'S too bad that some of the loud demanding labor voices, still have influence in Washington and are demanding unprecedented privileges and prices while the young, loyal, true, Americans are dying in COMMANDER-IN-CHIEF JOHNSON'S army in the war in Viet Nam and for very little pay. Wonder what would happen if those 1965 soldiers, sailors, and marines, refused to fight until their pay check was increased. And think about the overtime they could earn at midnight while trying to replace the enemy of our way of life.

THE thought has just occurred to me that none of PRESIDENT JOHNSON'S cabinet members or close personal advisers have sons of military service age. We have read a great deal about how smart BILL MOYERS, the top assistant is. I know BILL'S family down in Marshall, Texas. Marshall is just a stone's throw from Karnack. Karnack is the former home of LADY BIRD. I could be wrong, but I can't recall of any of the First Lady's brothers in the wars nor any of the MOYERS. I read the other day where one mother of a son of a man who is holding down a real important job in Washington told her boy: "Yes, I know it is hard in school—but you can either go to college or go to Viet Nam." And that—my friends—is the style of life being led by the leaders of the "Great Society."

THE Democratic ticket in Texas seems to be pat for next year. GOV. CONNALLY was the key to the political puzzle. All our public officials on a state level were undecided what office to seek until the Viceroy spoke. He spoke with tears in his eyes and as he cried, he started others zigging while he zagged. As of this writing it appears that BROTHER RALPH YARBOROUGH has again been "read out of the headlines." No one appears to relish RALPH, but he gets elected. Of course a certain congressman abdicated any chance he had to hold another high office in Texas by coming out for repeal of that highly cherished section of the TAFT-HARTLEY ACT.

MABLE and JOHN ATCHISON sure have some clever merchandise they are advertising in this issue as Pre-Christmas buys. Their line of novelty dolls and play guns are as modern as can be found in the cities. Go by their store for a demonstration. You must see their talking dolls to appreciate them. And you can buy your selections on lay-a-way now.

I met a very intelligent young fellow in my office Tuesday. G. DIETER UFER is associated as a representative of BERNARD JOHNSON ENGINEERS, INC., Houston. UFER is assisting in helping local officials make plans for the construction of an airport in the area. He talks convincingly and we are confident the plan he seeks approval for will be forthcoming with the cooperation of state and federal bodies and with the aid and help of locally interested people. Of course the airport is a Chamber of Commerce sponsored project. By getting Stanton's name in the financial pot now, construction on the airport could begin as early as September, 1966. I promised young UFER personal and newspaper backing and asked him to go by and visit with my nephew, CARL ESTES II an attorney in Houston. I also pledged UFER that I would write my fellow Hunt Countain, PAUL FULKS, SR., of Wolfe City, and chairman of the State Aviation Commission, a letter advocating an allocation for the Martin County project.

RLDS Church Activities

Seventy Jack T. Fears preached morning and evening sermons September 12, with Pastor Douglas Church in charge of the morning service. Elder Carl Leonard, Jr. was in charge of the evening service.

Preist and Mrs. M. T. Hursh attended service in San Angelo, Texas, September 12, where Brother Hursh was in charge of communion services.

John Lunt of Webb Air Force Base, received his wings Saturday September 12, with Mr. and Mrs. Douglas Church as guests at the ceremony. Mr. and Mrs. Lunt and baby daughter, Jennifer, are being transferred to California. They are members of the Stanton branch.

A cottage meeting was held in the annex of the church Monday evening, September 13. Seventy Jack T. Fears was in charge of the meeting, which was for members of the branch and their guests.

The woman's department of Odessa, Stanton, and Midland met in the home of Mr. and Mrs. Gearl Koonce, in Midland, Tuesday, September 12, for a workshop on "Evangelism." The meeting lasted from 10:00 a.m. to 2:30 p.m. These present enjoyed a salad luncheon. Twenty persons were present.

On September 19, 7:00 p.m. Elder Otis Baker, Jr., preached at the Stanton branch. Brother Jack Fears at the Midland mission, and Brother Douglas Church at the Odessa mission.

On September 26 at 7:00 p.m. Elder Gearl Koonce will preach at the Stanton branch, Elder Douglas Church at the Midland mission, and Seventy Jack Fears at the Odessa mission.

Thursday, September 16th, 9:30 a.m. the Women's Department met in charge of the leader, Mrs. O. E. Saunders. Hymn, "From thee all skill and science flow" was sung, accompanied by Mrs. Carl Leonard, Jr. The invocation was by Mrs. O. E. Saunders, who also was in charge of a short business meeting. Elected for 1966 officers were: Assistant Leader, Mrs. M. T. Hursh, secretary, Mrs. Fred Church, and treasurer, Mrs. Delmar Hamm.

Mrs. M. T. Hursh was recently appointed to the District Council of Women by the District Leader, Mrs. Otis Baker, Jr. to the office of Project Chairman.

The devotional was the reading of a poem by Mrs. Hursh, "Speak Gently," by David Bates.

"The Child and His Health" was the subject of the lesson taught by Mrs. Denton Hines, with a short talk on First Aid by Mrs. Carl Leonard, Jr.

The meeting closed with a hymn, "By roads that wound uphill and down," and the benediction by Mrs. Fred Church.

Served by the hostess, Mrs. Steve Church were: Mrs. Douglas Church, Mrs. M. T. Hursh, Mrs. Delmar Hamm, Mrs. Denton Hines, Mrs. O. E. Saunders, Mrs. Fred Church, and Mrs. Carl Leonard, Jr.

Guest speaker at the Stanton Church was Otis Baker, Jr., pastor of the Odessa mission. He spoke at both the morning and evening service, Sunday, September 19. Speaking at Odessa, was Douglas Church, pastor of Stanton Branch.

Tuesday, September 14, the Odessa, Midland and Stanton Women's Departments met in the Gearl Koonce home with Seventy Jack T. Fears, 10:00 - 2:30 for a workshop on evangelism. A salad luncheon was held. Seven women of the Stanton Branch attended.

Tuesday, September 14, Elder Douglas Church was called to Menard, Texas, by Mrs. Floyd Tilgen (a former Stanton resident) to preach the funeral service for her 82 year old mother, Mrs. Allie Murch. Elder Church was accompanied by his wife and Mrs. Steve Church.

SEPTEMBER is an important month to the many people who become eligible for benefits under the 1965 amendments to the Social Security Act. This is the first month for which benefits can be paid under the law. This is also the month oldesters received back pay bonus checks and this income supplemented their bank accounts and in the main resulted in more spending with local merchants.

NEAL'S NUGGET: There is not much sense in trying to beautify outside America while it is being littered up on the inside by the BOBBY BAKERS.

SIGNS OF THE TIMES—The Midland-Odessa Symphony and Chorale 1965-1966 season membership drive was announced recently by full color billboard posted in the two area cities. J. Wilmont Hunt, president, and Mrs. Harrell Moore, membership chairman, Midland Symphony and Chorus Association, are shown in the foreground. Six dual performances are scheduled for area concert goers. In addition, the orchestra and chorale will present six Concerts for Youth, three in each of the two cities.

Midland-Odessa Symphony Membership Drive Begins

The membership drive for the Midland-Odessa Symphony and Chorale, 1965-1966 Season begins this week in Midland and is scheduled to begin October 4 in Odessa.

Guest artists for the season will be John Browning, pianist, October 18 and 19, and Fredell Lack, violinist, February 28 and March 1. Dr. Lara Hoggard, conductor, was Mr. Browning's guest for his concert in Los Angeles, Calif., in August and wrote of him: "We've been hearing for the past year or so that there is no greater pianist today than John Browning. After last night's concert, I'm convinced that it's true!" Mr. Browning will perform the Piano Concerto No. 1 by Tchaikovsky.

The coming season will mark Miss Lack's second appearance with the symphony. She has been hailed by critics as "the leading young female concert violinist in the land." She has performed in Europe, Canada, South America and throughout the United States.

Four other concerts, one featuring the orchestra, one featuring the young artist winners, and two with the chorale will complete the season. As in the past years, dual concerts are scheduled; those in Odessa being given on Monday evenings and those in Midland on Tuesday evenings.

The symphony is composed of 70 members and the chorale of 78 members. Almost the entire Permian Basin is represented with musicians from 7

area cities. For the symphony, these include: Andrews: Jess Barrera, Daniel Lancaster, and Byford Sealy; Big Spring: Bill Davis, Ted James, R. E. McKiski, Dr. Charles N. Rainwater, and Mrs. Douglas Wiehe; Kermit: Mrs. W. D. Cameron; Lamesa: W. B. Crawley; Lubbock: Robert Ashby, James Beckham, Anthony Brittin, James Burleson, Peggy Cogar, Susan Ivie, John T. Lawson, Jr., Richard Meek, William E. Powell, and Benjamin Smith; Monahans: Mrs. W. H. Waldrop, and Rankin: Wells Teague.

Area members of the chorale are: Andrews: Mrs. Daniel Lancaster; Big Spring: Mrs. Carl Bradley, Gary Ebersberger, Milvern K. Ivey, Hubert Murphy, Mrs. Don Newsum, and Mrs. David R. Shaw; Crane: Dr. Dean Duerksen, Ralph Kies; Monahans: Kenneth R. Mills, David A. Shaw, Sherry Starling, Bill Whitfield; Seminole: Henry Sellers.

Season tickets are \$10.00 general admission, \$15.00 reserved (for the Midland concerts only), and \$4.00 students (elementary through college). They may be obtained for the Midland concerts by writing Box 4274, Midland, and for the Odessa concerts by writing Box 2342, Odessa. No tickets for individual concerts will be sold except to out-of-city guests. They will cost \$2.50 for each concert.

Outdoorsmen Tips For

Convenient Care For Ammo
New plastic cigarette packs make an ammunition case that is just the right size to hold nine .30/30 shells in your pocket and keeps them from rattling.

Netting The Hoppers
Cheesecloth about six feet by four feet makes a handy gadget for catching grasshoppers.

Let two men hold the cloth one at each end... and make a quick pass through tall grass. Jumping hoppers will hit the cloth and get stuck there.

Solves Sticky Worm Problem
Store plastic worms in small plastic bags, individually. This prevents them from sticking together in the tackle box.

Protects Trailer Hitch Ball
To prevent the trailer hitch on your boat trailer from corrosion during the winter lay-up, slit a tennis ball almost in half and slip it over the

Murch. Elder Church was accompanied by his wife and Mrs. Steve Church.

Methodist Church Activities

The Woman's Society of Christian Service Circle I met Monday, September 20, in regular session in the First Methodist Church. Mrs. Martin Gibson, president, called the meeting to order. Mrs. A. J. Stallings gave the opening prayer.

Introduction to the study, "Race Relations and Christian Missions" was given by Mrs. Bob Cox.

As the American; Mrs. James discussed by the following ladies: Mrs. Dewey Williams, with a prayer by Mrs. Wil-Biggs, as the Englishman; Mrs. Poe, as the Czech; Mrs. Stallings, as the Frenchman; Mrs. Eddy Butler, as the Swede, and Mrs. LeMond, as the Indian.

The meeting was dismissed with a prayer by Mrs. Williams. Those present were: Mmes. Jesse Burns, Edmund Morrow, A. J. Stallings, Dewey Williams, Martin Gibson, John P. O. Eddy Butler, James Biggs, C. R. LeMond, and Bob Cox.

The Woman's Society of Christian Service Circles I and II, the Wesleyan Service Guild of the First Methodist Church, of the Wesleyan Service Guild of the First Methodist Church, met for a salad supper and celebration of the 25th anniversary of the organizations.

There were originally 57 charter members; 15 have passed away, and others have moved away.

The table was laid with a cut work table cloth, silver coffee service, and birthday cake. The 13 charter members present lighted the candles on the cake.

Mrs. F. O. Rhodes gave the opening prayer. Mrs. James Jones presented a skit, assisted by Mrs. Jesse Burns, Mrs. Bill Morrow, and Mrs. H. J. Barbee. Pieces of a dress were put together to make a dress as Mrs. Morrow modeled. Each piece represented an office in the Woman's Society and the duties were explained as the pieces were put together to complete the costume.

Brief reviews of the studies for the year were given by Mrs. Bob Cox, Mrs. Bob Bryan, Mrs. Nolan Simpson, and Mrs. B. P. Eidson.

Mrs. Jesse Burns was presented a gift in appreciation for her work on the year book. The roll of the deceased members was called and the meeting was closed with a silent prayer.

Those present were: Mmes. Cecil Bridges, Dewey Williams, James Jones, B. P. Eidson, Evelyn Woodard, Martin Gibson, Eddy Butler, C. R. LeMond, F. O. Rhodes, B. F. Smith, Floyd Smith, Nolan Simpson, O. B. Bryan, Bill Morrow, H. J. Barbee, James Eiland, John Poe, James Biggs, Edmund Morrow, Jesse Burns, Bob Bryan, Tom Ed Angel, Aaron Donelson, A. J. Stallings, Homer Schuabae, Claude Straub, Roy Pickett, Bob Cox, and two visitors, Mrs. Delbert Donelson, and Mrs. L. G. Adkins.

Odessa, Texas, American: "Guess what? Forty members of the House Banking Committee are recommending a federal law to prohibit the use of silver coins as collateral security for loans. In other words, money with an intrinsic value is not to be used as collateral. That means, money is not money! Shades of the French Revolution! We have here the height of something and we suspect the proper term might be... idiocy."

PERSONALS

Mrs. Bill Lane and son of Amarillo, visited over the weekend with her parents, Mr. and Mrs. J. C. Epley.

Mr. and Mrs. J. C. Epley went to Lubbock Sunday, September 12, to enroll their daughter, Joanna, at Texas Tech.

Mr. and Mrs. Donald Barnes and daughter, Monea, visited Sunday in the home of Mr. and Mrs. Stanley Barnes and Mr. and Mrs. G. Tunnell.

Mr. and Mrs. George Farrington from Kingsville, Texas, visited this weekend with Mrs. Leita Hazlewood and Mr. and Mrs. J. E. Angel.

Mr. and Mrs. Marvin Hampton went to Abilene this weekend to see about a job. Mr. and Mrs. Hampton plan to move after their daughter, Elizabeth, finishes school.

Mr. and Mrs. Tom Ed Angel went to Lubbock Saturday and visited with Mrs. Angel's sister, Kay Bryan, who is a student at Texas Tech.

Mr. and Mrs. W. D. Odonell and children visited Sunday with Mr. and Mrs. J. W. Blocker.

Mr. and Mrs. Corky Blocker, Kendall, and Spencer Blocker attended the Texas Tech football game Saturday night in Lubbock.

Mr. and Mrs. P. M. Bristow visited over the weekend in Slaton with their daughter and son-in-law, Mr. and Mrs. Hughlyn Todd.

Wallace Adair of Portales, New Mexico, visited this weekend in the home of his daughter and son-in-law, Mr. and Mrs. Glenn Gates.

Mrs. Fannie Graves has returned from Phoenix, Arizona, where she has been visiting relatives for the past two months. On her way home she visited in El Paso with Mr. and Mrs. J. D. Graves and children.

Visiting in the home of Mr. and Mrs. Fred Church during the week of September 15th, were her sister and husband, Mr. and Mrs. Roy Ury and Joanna of Dallas, and Mrs. Church's mother, Mrs. Perkins of Roby, Texas.

Carroll Hull is in the Big Spring Foundation Hospital under observation.

Patronize your hometown merchant for better buys.

Veterans Administration

(Editor's Note: Veterans and their families are asking thousands of questions concerning the benefits their government provides for them through Veterans Administration. Below are some representative queries. Additional information may be obtained at any VA office.)

Q — I dropped my GI insurance right after getting of service in 1945. Why can't I obtain insurance under the new law without having to prove that I either have a service-connected disability or am not able to obtain commercial insurance because of disabilities not due to service?

A — The present reopening of National Service Life Insurance limited. The legislation enacted by Congress specifically limited the purchase of new insurance to those two categories.

Q — I have heard of a number of states which authorized a state bonus for veterans. Why hasn't the Veterans Administration in Wisconsin authorized such a payment?

A — The payment of a state bonus is authorized by the individual states, and not by the Veterans Administration. It is up to each state to determine whether they will authorize a state bonus for their veterans.

Q — I am a World War I veteran and am receiving pension and aid and attendance benefits under the old law in the monthly amount of \$155.45. Would I be entitled therefore to medicine and drugs at VA expense?

A — No. You would be entitled to medicine and drugs at VA expense only if you were receiving aid and attendance benefits under the new pension law. You, of course, have the right to elect under the new law.

Game Can Count
Many animals can count up to one. If you want to fool a big buck, walk into woods with a pal and have the pal walk out. The deer counts one in, one out and assumes all's well... until you harvest him.

In English coinage, 20 shillings equal one pound; 21 equal a guinea.

There are more than 50 kinds of oak trees in North America.
