VARIETY

By NEAL ESTES

SUSAN KAY LOGAN won the Miss Texas title in Fort Worth last week. She is a student in Texas Tech, or was, and will be after serving a year touring Texas. She is from San Angelo and is the daughter of an attorney in that city. MISS LOGAN represented Lubbock in the beauty competition. She received a thousand dollar scholarship, a wardrobe and other benefits by winning the Miss Texas honor.

The boiling hot weather has caused a lot of complaints. One fellow about my age asked the other day if I didn't think this was the hottest summer we have experienced in some years. I don't know about the heat record but it has been the "hurtingist" summer I have faced in a long, long time.

Rumors continue to pop up concerning re-election plans of LBJ. Some political proponents think he will definitely refrain from running on the Democratic ticket in 1968. But guess is that the war in Viet Nam and another year of testing the real results of his Great Society program will be the guides to his decision. MR. JOHNSON has encountered rough going in the past six months and his rating is badly down. We don't think he can lose the nomination if he wants it regardless of the pushing drive being staged by BOBBY KENNEDY. But as for JOHNSON'S election — that's another matter. The war must be stopped, the riots stilled, the marchers took off the streets, and the cost of living stabilized or the American people will do something about it at the ballot boxes eighteen months from now.

The untimely death of young TONY LEMA and his wife, BETTY, in an aircraft crash the other day was mourned by man throughout the ranks of the golfing enthusiasts. LEMA had his best year in 1965. He was a favorite star among the press corps assigned to cover the professional tournaments. It is ironic that he died in a crash on the golf course — a course that he was to have played on this past Monday.

We hear a lot of talk about vandalism and teenage delinquency these days but Stanton is fortunate in having a minimum of that type of rowdiness. Youngsters must let off steam occasionally and it is nice to know we have the type boys and girls here who innocently string tissue paper about the trees, stop signs, shrubbery, cars, and light poles instead of driving recklessly up and down the city streets at night and performing their "steam-letting" tactics in a more destructive way. This newspaper has always been an advocate of more recreational facilities for our younger folk and we still maintain that they are entitled to a lot more than they are currently enjoying in Stanton.

JOHN BEN SHEPPERD, head of the West Texas Chamber of Commerce, and a man of many positions with lots of responsibility, has added another chore to his long list. He has accepted appointment as chairman of the Texas Fine Arts Commission by GOV. JOHN CONNALLY. The personable Odessa attorney can fit the job in well with his outlined program for the regional chamber for that group is stressing cultural development in West Texas. CONNALLY previously named 12 men to the commission and along with JOHN BEN he named five more to complete the 17-person panel this week. An interesting observation on your writer's part was that

City Prepares For August Dollar Day

Pan American Slaughter May Produce From Dean

By JAMES C. WATSON

Pan American Petroleum Corp. No. 1 Eima L. Slaughter, Martin County rural discovery prospect, appears assured of completing as a commercial well from the Dean sand.

That horizon flowed 335 barrels of new oil and three barrels of old water in 24 hours through a choke of unreported size from a series of perforations extending from 3,790 and 9,007 feet after the injection of 7,200 gallons of acid and 50,000 gallons of fracture fluid.

Operator continues flowing to recover the 915 barrels of old water still in the hole and complete from the Dean and also possibly from the Wolfcamp.

That section is perforated from 9,106 to 9,442 feet. It had been stimulated with 10,000 gallons of acid and a 30,000-gallon fracture.

In the latest 24-hour test of the Wolfcamp, which has been reported, it swabbed and flowed 55 barrels of oil, plus 32 barrels of water.

That formation earlier has shown good signs of making a well and interested observers think that once all of the old water is recovered, the petroleum production will be restored.

No. 1 Slaughter, 12 miles north of Lenora, is 660 feet from east and 1,980 feet from south lines of section 77, block B, Bauer & Cockrell survey.

It is a re-entry to a former 14,075-foot Ellenburger failure, 6½ miles southeast of the depleted Wolfcamp (Wolfcamp)

pool, which Pan American cleaned out to 10,510 feet for the Dean and Wolfcamp checkings.

Clark Oil & Refining Co. of Corpus Christi will drill No. 1 B. B. Mullins as a 3¼-mile west flanker to the Ackerly (Dean sand) area. It is projected to a possible 8,900 feet. Located five miles west and slightly south of Ackerly, it spots 660 feet from south and west lines of the northwest quarter of section 12, block 35, T-3-N, T&P survey.

The firm's No. 1 E. B. Hope, a mile southwest of Ackerly, is contracted to 8,750 feet.

Drillrite is 660 feet from north and east lines of section 16, block 34, T-3-N, T&P survey.

Murphy H. Baxter of Midland has set 4½-inch production pipe at 9,441 feet over total depth of 9,444 feet, in No. 1 J. W. Cox, Glascock County wildcat.

The perforated Strawn interval at 9,310-337 feet was acidized with 1,000 gallons. After recovering all the acid residue, the operation was shut in to await installation of storage facilities to test and complete.

It indicated possible discovery production in a drillstem test of an hour at 9,315-60 feet when it flowed gas ranging from 1.1 million to 1.3 million cubic feet per day and recovered 1,210 feet of distillate.

The bottom section of the hole was checked but did not develop any shows of gas or

Blue Caps Honored With Victory Dinner

The Little League Blue Caps were honored with a victory dinner by their managers, C. W. Brumley and Ronnie Gilbreath, after winning the Sophomore League play-offs Friday, July 22.

They met at the home of Mr. and Mrs. C. W. Brumley, where they were served grilled hamburgers and all the trimmings, assisted by Mr. and Mrs. Ronnie Gilbreath.

Members present were: Gordon Eiland, Ricky Gilbreath, Jerry Brumley, David Corder, Elvin Brown, Sam Jones Tim Walker, Samuel Barnhill, Terry Kelly, and John White.

Stanton Lions Hear District Attorney Burns

President John Wood, presiding, called the meeting of Stanton Lion Club to order at noon in the Belvue Restaurant.

Lion Allen Fisher, assisted by Lion Sweetheart Pauline Wood at the piano, led the group singing.

Wayne Burns, District Attorney for Martin, Howard, and Glascock Counties, was introduced by Lion Roy Pickett.

Burns gave a talk concerning the drastic changes made in the code of criminal law. Burns brought out that the code of criminal procedure contained 1,082 articles. 200 changes had been made to

DE Students To Meet Here On August 1

High School Principal Bill Milam informed the newspaper this week that students completing their driver education course would be expected to meet at 1 p.m. Monday at the school for tests.

Milam said that a total enrollment of 45 students participated in the summer's driver education program. The percentage of local students taking driver education training compared favorably with the state average. Milam stated that the driver education car would be used in the examinations.

Former Stanton Couple Attend HemisFair Party In Washington

Mr. and Mrs. Kelsay Meek, son and daughter-in-law of Mr. and Mrs. C. Meek, this city, and Washington, D. C. residents attended a special party for HemisFair given by Texas Governor John Connally, in Washington recently.

The reception was held at the Mayflower Hotel. Gov. Connally was the guest of President and Mrs. Johnson at the White House. Connally welcomed foreign ambassadors and the Texas delegation to the reception to boost the 1968 world's fair — called HemisFair — to be held in San Antonio.

Kelsay Meek has been in Washington since shortly after he received his degree in political science from Trinity University in San Antonio in 1961. He is employed as a re-

Local Artist Has Paintings In Hobbs Show

Suzanne Hightower, well known Stanton artist, has numerous paintings on exhibit at the Hobbs, New Mexico show.

Mrs. Hightower advised the newspaper that her works were currently being displayed in the Westfall Art Gallery in Hobbs. The paintings will be exhibited for a two-month period. Mrs. Hightower stated that she had entered oils and watercolor paintings in the New Mexico show.

Mrs. Hightower stated that (Continued on page 4)

Big Monday Anticipated By Merchants

Stanton merchants are ready to bring the biggest bargain day in many a moon to the county hub Monday, August 1. The August selling spree will get off to a fresh, clean calendar start. Monday is the first day in the last of three summer months.

Cheerleaders Will Attend E-Tex School

Approximately 145 Texas, Arkansas and Oklahoma cheerleaders will attend the final week-long session of the 12th annual Cheerleader Camp at East Texas State University, scheduled for July 31-Aug. 5.

Classes will be given in all phases of cheerleading including composing yells, jesters, tumbling, pom pom and other new routines, and stunts and skits. Also included will be instruction on school spirit, sportsmanship, and conducting pep rallies.

More than 150 girls attended each of the first two sessions, according to Dr. Neill Humfeld, director of the summer camps. Students will live in ETSU's air-conditioned dormitories under adult supervision. During free time students will be treated to such activities as (Continued on page 4)

The timing for a good old-fashioned sales are really right. And the advertised prices in this issue of the newspaper indicate that the prices are as hot as the heat. More merchants are using the columns of the county publication to spotlight their values for the monthly Dollar Day events. We have listings from many kinds of stores in this issue and we urge all readers to carefully read the respective advertising messages.

Of course, all the stores in Stanton are not participating in the Dollar Day celebration. There are always those who are willing to forget anything in the promotion line that might help the entire community. But many of the hold-back merchants are always ready and willing to capitalize on the enterprising business methods, including advertising, sponsored by the real live merchants around the business circle.

Read the Ole Reliable — find the items you want — go by and shop with the local merchants — and take home your share of the giant August values to be found in your hometown.

CHEAPER AND BETTER THAN POISONS

Lady Bugs May Rid Fields Of Pests

By SAM BLACKBURN

How many lady bugs does it take to fill a gallon bucket? What is the price of lady bugs per gallon?

Why would you want to buy lady bugs by the gallon? The answers are: 80,000.

Control Pests
They may be the answer to control of cotton pests such as fleahoppers and bollworms. Lady bugs (beetles if you want to be technical) are built like miniature turtles. They are reddish yellow in color and covered over with polka dots. They are among man's best insect friends. Their favorite repast is plant lice, aphids and the eggs of kindred pests which ravage one's gardens and fields.

Kids have played a game with lady bugs for centuries. The youngsters find the little holes the bugs dig and leaning over near the opening chant in childish treble:

"Lady bug, Lady bug, fly away home—
"Your house is afire and your children alone."

Whereupon, it is alleged, the gullible lady bug pops out of her hole and hurries away even though her home is not on fire and chances are she has no children.

Utilitarian
Here in West Texas, the lady bug has a much more utilitarian value. A number of Howard County farmers are releasing countless thousands of the little beetles in their cotton fields. In Martin County, a larger number of cotton farmers are doing the same thing and have been doing so for two or three years.

Does it work? — Do the beetles halt the damaging

"NICE FRESH LADY BUGS, ANYONE?" Gerald Hanson does thriving business selling beetles to farmers

march of bollworms and other cotton pests?

Want More
Gerald Hanson, one of the owners of the Stanton Chemical and Seed Co., distributor of the bug, believes it does to a degree. Otherwise, he notes, how does it happen that cotton growers who tried the beetles two or three years ago come back for more each summer?

"I tell folk who ask me about it," said Hanson, a former Martin County agricultural agent, "the lady bugs eat insect eggs and larvae. In California, the bugs are used and seem to be getting results. If they do work, they're a heck of a lot better than poisoning — because if you poison, you not only kill off the pests, but you destroy the 'good guy' bugs, too. Besides poisoning costs a lot more than beetles."

Hanson is the only distributor, apparently, in this area. He sold about 200 gallons of lady bugs last year.

Record Sales
Already, this year, he has distributed 150 gallons and he thinks he will hang up a record for sales in 1966.

He gets his supply of lady bugs by air express from California. They arrive packed in plastic bags — the bags stuffed with a kind of moss. There

are 80,000 bugs in a gallon. The formula for the use of lady bugs to control cotton pests is a gallon for each 15 to 20 acres. The farmer releases a second gallon on the same tract within a week or 10 days. Four gallons in all should be ample to saturate the 20-acre field with lady bugs.

The theory is that the lady bugs, hungry from their long fast since being sacked up in California, start dining heartily on the eggs which produce the dread cotton bollworm and perhaps on the nymphs of fleahoppers. One thing is sure — the lady bug does not eat cotton.

Bill Ward, who farms north of Big Spring, is the most recent Howard Countyman to buy lady bugs from Hanson.

Mrs. Ward said the little beetles swarmed out of the bag and took over the field.

"We find them now in the garden and on flowers at the house," she said.

Others who have sought beetles, according to Hanson, include E. M. Newton, Bob Lee, Jack Grant, Elbert Long and Don Long in Howard County.

Leroy Linney is one of the pioneers in this experiment. Hanson said that he sold this Martin County farmer beetles three years ago. Linney has bought replenishments each year since. Leo Turner and Charles Hale are other Martin County men who are trying out this plan. There are others.

Costs Less
"If it works," said Hanson, "it costs a lot less overall than poisoning with chemicals." There is one difficulty — the winters here are a rugged enough to destroy the little workers. This means that while a few may survive, it is necessary to buy more beetle

each year. Jack Buchanan, Howard County, uses geese to keep his cotton fields free of weeds and Johnson grass. There were some who laughed when Buchanan imported a small army of white honkers and let them go on his fields.

They aren't laughing now. They only look with envy at the weed-free fields on the Buchanan ranch and wryly consider the expensive hired hands they have hoeing in their own fields.

May Laugh
They may laugh at the farmers who are trying out the beetles. Could be, though, the laughter may sound pretty empty later on.

Meantime, if you want a gallon of lady bugs Gerald Hanson has plenty on hand. He had 15 or so of the big plastic bags in crates at his place this past week.

Funeral Rites Conducted For W. C. Barber

W. C. Barber, 74-year-old Colorado City resident, died about 2:30 p.m. Monday in a Big Spring hospital.

Services were held at 10 a.m. Wednesday at the Nally-Pickle Rosewood Chapel in Big Spring. Graveside services followed in Munday Cemetery at 4 p.m. Wednesday.

Barber was born in Sebastopol, Miss., and was married to Nattie Amis in 1911 in Scott County, Miss. Mrs. Barber died in March, 1944. The couple lived in Loraine and Colorado City. Survivors include two daughters, Mrs. E. P. Madison of

Haggard To Make European Study Tour

Larry Haggard, freshman at Abilene Christian College, and the son of Mr. and Mrs. J. Alex Haggard, Stanton, will accompany Dr. J. W. Roberts on the Annual Abilene Christian College European Study Tour. The group will depart on August 1, from PFK International Airport in New York City.

Anyone interested in enriching his knowledge through first-hand information about the lands will profit from the trip. College students taking the tour will receive credit in Bible, geography, history, and archaeology. The courses involve reading assignments, lectures, and background information on the significance of all sites visited to complement travel experience.

Dr. J. W. Roberts, who will serve as tour director, is Professor of Bible, and director of graduate studies in Bible at Abilene Christian College, where he has taught for 29 years. He is a well-known writer, and editor of a scholarly Bible journal.

The tour includes such stops as London, England; Paris, France; Rome, Italy; Athens, Greece; Cairo, Egypt; Beirut, Lebanon; Damascus, Syria; Jerusalem and Bethlehem, Jordan; Tel Aviv, Israel, and Istanbul, Turkey.

After returning from the trip, Larry will continue his studies at ACC, where he is an education major and foreign language minor.

Mr. and Mrs. W. W. Atchison, Mr. and Mrs. Ellis Britton, and Mr. and Mrs. Gerald Hanson and their children, all toured Brackenridge Park and zoo in San Antonio recently, and also visited in San Marcos.

Gene and Jane Hodges have returned from visiting in Eldorado, Texas.

Linda Marie Caffey Becomes Bride Of Rodney K. Roten

Mrs. Rodney Karl Roten

The marriage of Linda Marie Caffey and Rodney Karl Roten, both of Stanton, was solemnized in a double ring ceremony at 7:00 p.m. Friday, July 22, at the First Baptist Church in Stanton. The bride's father, Rev. Ralph Caffey, assisted by Rev. James Bellah, minister of the First Baptist Church in Hayward, California, officiated.

The bride is the daughter of Rev. and Mrs. Ralph Caffey, Stanton. She attended Wayland Baptist College and Howard County Junior College. Mr. and Mrs. Louis Roten are parents of the bridegroom, who is an installer for the Western Electric Co., Midland.

The church was beautifully decorated with spiral candelabra, baskets of white gladiolus, palm leaves and fern, flanking a white satin prayer bench.

The bride's formal gown of white peau de sole was fashioned along Empire lines, with a-line skirt, featuring appliqued Chantilly lace, sprinkled with silver beading. A full chapel train fell from the Empire line in the back. Satin cabbage roses and petal points with pearls held the bouffant veil of illusion. She carried a cascade of white roses, with gardenias and lily of the valley, atop a hand-carved inlaid-pearl Bible from Jerusalem, borrowed from her mother.

The "something old," was an heirloom handkerchief, which belonged to her great-grandmother, and she wore a blue garter and a birthday penny in her shoe.

Dianne Caffey, sister of the bride, was her maid of honor. Miss Phyllis Long, Stanton; Miss Marilyn Maxwell, Fort Worth, and Mrs. Jimmy Fore-syth, Big Spring, were bridesmaids.

Junior bridesmaids were: Debbie Caffey, sister of the bride, and Jana Caffey, cousin of the bride. Ja Nay Crain, Merkel, cousin of the bride, was the flower girl.

Rhonda Roten, sister of the bridegroom, and Darla Caffey, cousin of bride, were the candle lighters. Ring bearer was Peter Lynn Brewer, Midland, cousin of the bride.

The maid of honor wore a formal gown with Empire bodice and a-line skirt of royal blue crystal peau, and carried a cascade of carnations, with veil of illusion ringlet head-piece.

The bridesmaids wore identically fashioned gowns in French blue, and the junior bridesmaids wore similarly fashioned gowns in powder blue.

Serving as best man, was Robert Roten, brother of the bridegroom. Ushers were: Johnny Swanson and Carroll Anderson. Groomsmen were: Clinton Miller, Bill Davis, and Roger Boyce.

Mrs. Beryl Clinton was organist and accompanied the soloist, Mrs. James Bellah, Hayward, California.

A reception was held at the Cap Rock auditorium immediately following the ceremony. Members of the house-party were: Mrs. B. F. White, Mrs. P. M. Bristow, Mrs. Jake Hodges, Mrs. F. C. Wheeler, Mrs. Roland Swanson, Mrs. Elmer Long, Mrs. J. C. Sale, and Mrs. Woodford Sale. Melrae Angel played appropriate piano selections. Guests were registered by Mrs. Robert Roten.

For a wedding trip of undisclosed destination, the bride chose a royal blue Shantung a-line dress, with matching hat and gardenia corsage.

Upon their return, the couple will be at home in Midland.

TO MARRY—Mr. and Mrs. Claud Gaspie, Jr., Stanton, announce the approaching marriage of their daughter, Betty Jo, to Donny Day Thompson, son of Mr. and Mrs. David Thompson of Stanton. The couple will marry at 7:30 p.m. Sept. 3 in Belvue Church of Christ in Stanton. The bride-elect is a 1966 graduate of Stanton High School and is employed by the Agricultural Stabilization Conservation Service in Stanton. The bridegroom-to-be attended Howard County Junior College and plans to enter Texas Tech this fall.

Texas Baptist Give 2-Million For Missions

Texas Baptists have commended for their gifts of almost \$2 million in the first six months of 1966 for world mission causes supported through the Cooperative Program of the Southern Baptist Convention.

The letter of commendation, from Porter Routh, executive secretary of the SBC Executive Committee in Nashville, Tenn., was sent to Dr. T. A. Patterson of Dallas, executive secretary of the 1.7 million member Baptist General Convention of Texas.

Receipts amounting to \$1,993,355 for the first half of the year were 5.24 per cent higher than the \$1,894,043 given to the Nashville office by Texas Baptists during the same period in 1965.

Members of the congregations of some 4,000 churches in the state which comprise the Baptist General Convention of Texas gave a record \$9,968,355 for state and SBC causes plus special offerings through the Dallas office of the BGCT during the first six months of 1966.

"On behalf of the agencies of the Southern Baptist Convention and the work which is done through these agencies in sharing the gospel to the ends of the earth, let me express through you my deep appreciation to Texas Baptists and the missionary leadership which you are giving which motivates such compassionate and sacrificial giving," said Routh's letter to Dr. Patterson.

2 New Western District U.S. Judges Named

President Johnson's nominations of two veteran lawyers from El Paso and Austin as federal judges for the Western District of Texas — have been approved by the U. S. Senate.

The Senate approved the nominations of Ernest Guinn of El Paso and District Judge Jack Roberts of Austin.

Two more steps are required before the appointments become effective — President Johnson's signature on the commission authorizing them as judges and a swearing-in procedure, which is expected to take place this fall.

One of the candidates for the judgeship, Roberts, said all four of the judges will be assigned division seats after the two new appointments become official.

The six division seats in the Western District are in El Paso, Pecos, Waco, Del Rio, Austin and San Antonio. Judge D. W. Suttle of El Paso has been serving in the El Paso and Pecos divisions.

Senior Western District Judge is Adrain Spears of San Antonio.

Guinn and Roberts nominations were approved by the Senate Friday along with those of seven other federal judge and marshal candidates for Texas, Oklahoma and Louisiana.

Guinn, 60, who has lived in El Paso since 1920, has been practicing law with his wife, Mary, under the firm name of Guinn and Guinn. He graduated from the University of Texas Law School and has been practicing law since 1931.

He and his wife have five children, three of whom are at Texas law schools.

Guinn was city attorney of El Paso from 1935 through 1938 and was appointed county attorney in 1939, a post which he held until 1954 when he and his wife formed their law firm.

Guinn is a Democrat and was formerly El Paso County Chairman of that party.

Roberts, 56, is a native of Sweetwater and graduated from the University of Texas Law School in 1933. He practiced law in Austin until World War II. After the war, he served as district attorney of Travis County until 1948, when he became district judge there.

April 6, 1968 will mark the opening for the first World's fair ever held in the Southwestern United States. This International Exposition, HemisFair 1968, is dedicated to the promotion of an even greater rapport between the peoples of the New World. For 184 days this festival of international importance will thrill, excite and entertain millions of visitors to Texas from all over the world.

TFB Seminar Set For Waco University

More than 350 high school juniors and seniors from all over Texas are expected on the Baylor University campus in Waco, August 9-13 for the fourth annual Texas Farm Bureau Citizenship Seminar, according to C. H. DeVaney, TFB president.

"Purpose of the seminar is to convey to students a better understanding of the American system and way of life," DeVaney said. Emphasis will be placed on the economic, moral and social aspects of the American society that were envisioned by our forefathers in our Constitution and Bill of Rights, he added.

Several nationally known speakers and educators will compose the seminar faculty. Included are Dr. Clifton L. Ganus Jr., president and head of the Department of History and Social Sciences of Harding College at Searcy, Arkansas; W. Cleon Skousen of Salt Lake City, author of "The Naked Communist," and former FBI agent and chief of police of Salt Lake City; Dr. C. L. Kay, vice president, Public Affairs, Lubbock Christian College; and Herbert A. Philbrick, noted lecturer, author and former counterspy for the FBI.

County Farm Bureaus with sponsor or co-sponsor will local organizations attendance of their representatives at the seminar. Charter buses will furnish round-trip transportation to the four-day TFB-sponsored school. TFB staff members and their wives will

Lubbock Crash Kills Lamesa News Editor

A member of a prominent Texas newspaper family and couple from Roby, Texas, were killed early Friday in a collision at a Lubbock intersection.

The victims were Ross Allen Woodson Jr., 24, editor of the Lamesa Daily Reporter and Mr. and Mrs. Finley Thomas Rogers of Roby.

Woodson was a son of Ross Woodson Sr., former publisher of the Reporter. The elder Woodson died last year.

Woodson was a nephew of C. C. Woodson who, with his sons Ben and Craig, owned and operated the Brownwood Bulletin, Del Rio News-Herald, Alice Echo, Lamesa Reporter, Brownfield News-Herald, Port Lavaca Wave, Waxahachie Light and Miami (Okla.) News-Record.

Ross Woodson Jr. joined the Reporter several months ago in the advertising department. He quickly moved up to sports editor and last month became editor.

He had been in Lubbock visiting his mother and was enroute back to Lamesa when he was killed. The wreckage of the two cars, with everybody in it dead, lay in the dark at the U. S. 87 and Texas High-

way 41 intersection an hour before it was discovered.

be counselors during the seminar. The three previous citizenship seminars were on the campus of Sam Houston State College at Huntsville.

Ford Starts 1967 Auto Production

Ford Motor Co. launched production of 1967 cars this week, Ward's Automotive Reports said Friday. Industry production dropped as other plants began tooling for 1967 models.

Ford began making '67 models at Wixom, Mich., Ward's said, the first factory to start assembling new models.

Car output this week dropped to 103,346, down from 138,610 last week and 168,901 in the same week last year, Ward's said. Truck production this week totaled 35,431 compared with 35,193 last week and 20,500 in the corresponding week a year ago.

In a recent survey, only one half of all drivers buying gasoline in Virginia knew within one cent how much they were paying per gallon. Only about 35 per cent came within one cent of knowing what the total state and federal gasoline tax was, and only 15 per cent were that close on the amount of the federal tax. Men drivers were twice as precise and tax conscious as women.

FBI Director J. Edgar Hoover says, "Law enforcement today is being degraded, purposely in many instances, by the widespread and indiscriminate use of the term 'police brutality.'"

Duke Could Have Been Hypocrite

The Duke of Windsor is quoted by an interviewer as saying he could have kept his throne in 1936 and still married his duces, had he chosen to be "a hypocrite."

Interviewed by Clare Booth Luce in the current issue of McCall's the duke says Winston Churchill and the late Lord Beaverbrook urged him not to abdicate as King of England but to "hold on to his throne and marry in due time."

"But if I had permitted the politicians or encouraged the public to stand with me," Mrs. Luce quotes the duke, "I would have been forming — don't you see? — a king's party, a political party to serve my own private interests."

"Had I done that, I would not have been a worthy king."

The duke is quoted as saying he could have appealed to the people of Britain over the heads of his enemies, or that he could have remained silent about his love for the former Wallis Simpson until after his coronation.

"The king is not only head of the state. He is the head of the Church. I would have been crowned by the Archbishop of Canterbury as defender of the faith."

"I intended to marry Mrs. Simpson sooner or later, knowing what was in my heart, if I had permitted myself to be crowned as defender of the faith — well, I would have been a hypocrite. Don't you see?"

The Exchange Desk

THE HOUSTON COUNTY COURIER: "Residents of Houston County began the current year with more protection in the form of life insurance than ever before. Their coverage, per family, has reached an all-time high. Total holdings of life insurance in the local area are now placed at more than \$51,115,000."

THE MUNDAY TIMES: "Jack Odol, Benjamin, League Ranch manager and well-known Texas cattleman, is one of six men named by the Texas County Agricultural Agents Association to receive their "Man of the Year in Texas Agriculture" award for 1966. He was nominated by the county agricultural agents of Extension District 3."

THE EDEN ECHO: "A team from the Texas Water Development Board will hold a series of hearings on the Colorado River Basin, the Brazos-Colorado and the Colorado-Lavaca coastal basins the week of July 25-29. The hearings will open July 25 at the Odessa College Student Union, move to Austin on July 27 for a hearing at the LCRA Auditorium, and windup the week's schedule on July 29 at the Oasis Motel in Bay City."

SEMINOLE SENTINEL: "The Gaines County grand jury last Thursday returned a lengthy list of indictments. Twenty-five true bills were handed down, five cases were dropped (no-billed) and seven other cases passed. Included in the 25 indictment was an apparent 'first' in Gaines County history, according to veteran local officials. Floyd Hughlet and Alice Steen were indicted by the Gaines grand jury of miscegenation. This is a marriage between persons of the white and negro races, prohibited by Texas law."

FORT STOCKTON PIONEER: "The question of commissioner precinct redistricting for Pecos County may be revived for further consideration on the basis of action by the Texas Supreme Court in its recent ruling on a Midland County case involving similar issues. The decision was rendered in a case which had been filed by Midland Mayor Hank Avery challenging the precinct districting on the basis of wide disparity in population."

THE MEMPHIS DEMOCRAT: "The Hall County ASCS was officially notified Wednesday, July 20, 1966, to permit grazing and harvesting of hay on Soil Bank and Diverted Acres, Roy L. Gresham, Chairman of the Hall County ASC Committee, announced today. The authorizing was to permit emergency grazing and haying through August 31, 1966, for a payment deduction of \$1.00 per acre per month for grazing and \$8.00 per acre for haying. There be no charge for grazing following haying."

In Scotland, New Year's Eve is called Hogmanay.

Bible Comment— Scripture Teaches Importance Of Home

The history of America's way of life is full of records of men who were reared in Christian homes. From humble homes all over the land have come sons and daughter nationally known for their greatness of character and achievement.

All too often, we have not always given proper credit to the home as a prime influence in molding these, the great women and men of our times.

Among many other lessons to be found in Scripture are the ones which exemplify the importance of good homes and Christian family life.

Two instances of this emphasis are to be found in the 16th chapter of Acts.

Lydia, the devout seller of purple, was baptised with her whole household; and when the jailer, about to kill himself because he supposed his prisoners had escaped, asked Paul what he must do to be saved, Paul answered: "Believe in the Lord Jesus Christ, and thou shalt be saved and thy house."

And the prime example of all is the life of Jesus with Mary and Joseph, as he grew to manhood in the archtype of a all humble Christian homes.

The influences exerted by truly Christian homes is the same today as it was then, and we can only hope and pray, that more and more homes return to a truly Christian concept of living.

Nineteen Years Ago

The District No. 26 Softball Tournament will be held in Odessa July 29 - August 3. Stanton has been placed in this district, and will be represented by a team called Stanton All Stars. The team is made up of players chosen from the different clubs playing in the City League. Members to the team are George Billy Wilkinson, George Hogg, Willard Pollock, Hiram Standefer, Lloyd Henson, Jimmy Mashburn, Howell (Red) White, Dwain Henson, Kay Robinson, Houston Woody, Johnnie Dalong, J. R. Doggett, R. L. Barnhill and R. W. Haislip.

The Big Spring Rodeo and Cowboys Reunion will be held August 7, 8, 9, and 10 in Big Spring. The event will be under the direction of Earl and Jack Sellers, Del Rio, and the purse money plus entry fees will be \$2,950.

Stanton girls softball team played Lamesa girls Wednesday night and won 10-6. Friday night Stanton plays Big Spring on the local field, and Wednesday of next the week, they play Midland at Midland.

John Hamilton of Abilene, visited Thursday in Stanton.

Mr. and Mrs. J. H. Burnam and Clayton Burnam attended a reunion of the Burnam descendants at the city park in Sweetwater last Sunday. There were 105 present.

Mrs. Milton Moffett and children are here visiting with her parents, Mr. and Mrs. T. E. Burnett. Lt. Moffett is being transferred from his station in Louisiana to Puerto Rico.

The Primitive Baptist Church is holding a three-day revival. It begins Friday and will continue through Sunday. Elder W. R. Dale is doing the preaching.

The Democratic primary election will be held Saturday. Presiding judges to hold the election in each of the voting boxes in the county are: W. A. Kaderli, No. 1; Guy Eiland, No. 2; H. R. Howard, No. 3; A. C. Fleming, No. 4; Roy Freeman, No. 5; Doyle Davis, No. 6; Robert Dunn, No. 7; Ben Foster, No. 8; J. D. McCreeless, No. 9; C. A. Castleberry, No. 10; Joe Lemon, No. 11, and Willard Pollock, No. 12.

Mr. and Mrs. Herman Cain, Mr. and Mrs. Butch Cain, and Mr. and Mrs. James Mashburn and David, have just returned from San Antonio, where they visited Airman Basic Harold Cain at Lackland Air Force Base. While there they visited Brackenridge State Park and zoo and the Alamo.

Philosopher Thinks He Has Found an Alarming New Trend In Governmental Thinking

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draws seems alarmed about something he read this week, his letter indicates.)

Dear editor:

Most people are so busy earning a living they don't have time to back off and recognize a new trend in governmental thinking when it first crops out, but I found one in a newspaper yesterday which somebody ought to head off before it spreads.

According to this article, a government official was struggling with the same problem every state has, as well as every city and town — how to get more revenue.

"We ought to raise the gasoline tax another cent a gallon," he said, and here's the clincher, "because it hasn't been raised since 1955."

That's what I'm talking about. You mean to say the government is coming around to the idea that tax rate eleven years old is out of style? You mean they're thinking about going over every tax there is and raising every one that hasn't been raised in a given number of years?"

You can see what this will lead to. Take just the gasoline tax. If it ought to be raised automatically every two or three years just to keep from

Joanna Epley To Be Married August 16

Miss Joanna Epley and William McMahan will be married August 16, in the First Baptist Church, Stanton. After a trip to the east coast, they will make their home in Virginia.

The hostesses were: Mrs. J. A. Wilson, Mrs. Fiji Brandt, Mrs. D. E. Ory, Mrs. Harry Echols, Mrs. Corene Manning, Mrs. Flora Morris, Mrs. James Jones, Mrs. Wanda McIntyre, Mrs. John Harvard, Jr., Mrs. J. C. Sale, Mrs. Tommy Newman, Mrs. R. C. Vest, Mrs. Tull Ray Louder, and Mrs. Robert White.

Mrs. J. A. Wilson Hostess To Bridal Shower

The lovely home of Mrs. J. A. Wilson was the setting of a bridal shower for Joanna Epley, future bride of William McMahan of Washington, D. C.

Mrs. Butch Cain registered guests at the register table covered with Austrian drape silk. The register table centerpiece was pink carnations in cut glass epergne centered with a white candle. The table displayed a framed copy of the Epley-McMahan wedding invitation and a large picture of the future bridegroom.

The serving table was also in Austrian draped with white silk. The crystal punch service featured floating rings of ice containing flowers of pink and white, the bride's chosen colors. The centerpiece of different shades of roses, was arranged by Mrs. Maxine McArthur. The flowers contained in a sterling candle epergne were a gift from Lyn White.

Members of the house party were Sherry Vest, who served the punch; Nancy Robnett, who served the cake, and Amelia Anne Luna of Mt. Pleasant, Texas, who directed the guests to the display of many beautiful and useful gifts.

In the receiving line Joanna Epley, Mrs. J. C. Epley, Mrs. Coy McMahan, from Levelland, mother of the future bridegroom, and Mrs. J. A. Wilson greeted the numerous guests.

Geronimo was chief of the Chiricahua band of Apache Indians.

1,875 pennies saved is 2,500 pennies earned

(with U.S. Savings Bonds)

If Ben Franklin were around today, he'd be amazed at what's happened to some of the things he innovated.

His fire insurance idea, for instance, has mushroomed into thousands of companies protecting millions of Americans.

His adventure with lightning has helped create myriads of electrical servants that make life easier and more fun.

And tens of millions of American families live by his principle of thrift, and save by investing regularly in U. S. Savings Bonds. At maturity Bonds pay \$25.00 for every \$18.75 you invest. Or, as Mr. Franklin might have said it, "1,875 pennies saved is 2,500 pennies earned."

And while the money is piling up for retirement, or an emergency, or your children's education, Uncle Sam is using it to strengthen the foundation of freedom Ben Franklin helped build.

Begin saving your pennies. Only 63 of them a day for one month, and you've got your starter Bond.

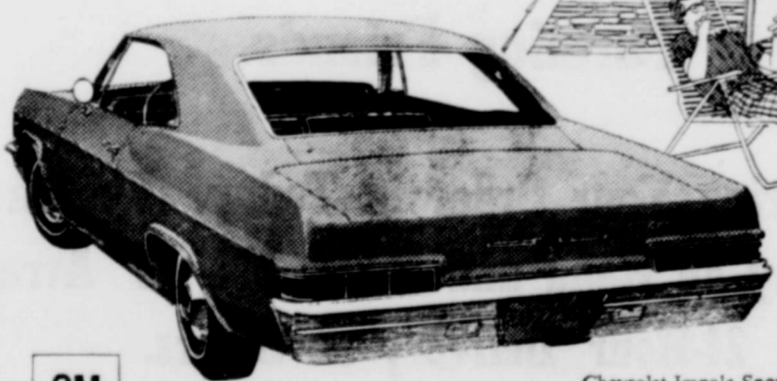

For your information: Series E Bonds pay back \$4 for every \$3 at maturity, are protected against loss, provide tax advantages, can be purchased where you work or bank. For current income on your investment, ask about Series H Bonds.

NOW PAYING 4.15% WHEN HELD TO MATURITY

Buy U.S. Savings Bonds

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

Cruise this vacation in Impala comfort with foam-cushion seats, a trunk like a small trailer and your caliber 6 or V8 whisking you along. This year's Chevrolets are the most—and right now so are the savings.

Chevrolet Impala Sport Coupe— with door-to-door carpeting and all the other Body by Fisher comforts you richly deserve.

This is the time of year you feel like holding up a do-not-disturb sign to the world—and relaxing. And relax you will the moment the door of one of these new Chevrolets closes behind you. The ride—with a hefty Full Coil spring at each wheel—isolates you from bumps and such annoyances. The power—seven engines available all the way

to a 425-hp Turbo-Jet V8—is the kind that's made for getting away from it all. And to help you see exactly where you're getting, you've got 2-speed windshield wipers with washer among eight standard safety aids. So get off to the right kind of start this vacation—and get down to your Chevrolet dealer's.

The Launching Pad

By NEAL ESTES

I talked with my old friend JACK IRETON awhile Wednesday afternoon. The IRETONS, are just back from a vacation trip to the Rocky Mountain area where they visited MARGIE'S sister and family. DENNIS and DANNY, the IRETON boys, and their favorite of all time, GRANDDADDY ALBERT LOUDER, enjoyed the trip all the way.

THE magazine publishing people must be desperate. Their circulation departments keep on filling the mails with offers of lower priced subscriptions et al. But to cap the climax here is one to always remember. We received TRUE MAGAZINES propoganda sales line. We simply tossed the card in the wastebasket. Last week we get a statement from TRUE urging payment of \$3.17 for a subscription. There was a yellow slip inside the dun which read: "Perhaps you forgot. We have yet to receive payment for your subscription order." I have never signed a subscription blank for the magazine. I have never received a copy of said magazine. And I am writing the "TRUE" people to this effect. And if anybody published a magazine called FALSE—I don't want it either. As a matter-of-fact, I don't want to buy any kind of magazine or stereo record by mail. If I want a magazine I'll go where I can buy what I want and if I want a record there is a place where I can buy it too, and reasonable. I also know that the postoffice people would be delighted to get rid of all this junk mail bringing offer after offer into Stanton. The junk mail, like all circulars we know about, wind up in the postoffice wastebasket in the lobby.

I want to acknowledge the thoughtfulness of one of my neighbors, MRS. ERNEST PRICE, for sending us over some hot pound cake. I am also glad to report that MR. E. (MR. PRICE) is doing just fine these days and seems to be enjoying life in full measure. It is also good to see my south neighbor, MRS. J. G. SPRAWLS home from the hospital. One of my neighbors to the north has been out of town all summer but will probably be back in town before long to put her children in school. This has been a very quiet block this summer. At one time, the editor was the only man in the section watching the premises and keeping the flag flying.

I have a new dog at my house. She joined LYN-DON'S company a few days ago and the handsome beagle appears delighted. I take a lot better care of my dog, named for the President, and look after his interest better than I do my own. And too, my canine LYNDON, depends to me to keep my taxes paid and to continue to bring him in steak, chicken and sweet milk. He refuses to eat canned or packaged dog food. He reminds me of a dog owned by my friend MR. BARNHILL, who says his dog won't eat anything but Red-Heart since he—the dog—learned to read!

WE should have a very interesting business announcement to make in the paper next week. A new merchant is opening up here and a liberal spread of advertising space will be included. Watch for this announcement.

BENTLEYS-OF-STANTON are expanding. They will shortly have a nice announcement to make through the columns of the OLE RELIABLE This fine furniture firm has long been established in the West Texas area.

PLEASE read every ad in this issue and patronize those merchants who have spent their money to help your town and county grow. Don't miss the many DOLLAR DAY values advertised. You simply must be in Stanton to see all the bargains for yourself.

Mr. and Mrs. Russell Means have had as visitors recently: Mr. and Mrs. Dell Riley and their son, from Colorado City; Mr. and Mrs. G. C. Holladay and family from Imperial, and Mr. and Mrs. Harvey McMeans from San Angelo. McMeans has accepted the high school superintendent position, and they are at home at 808 No. St. Joseph St.

son, Ronnie and Holly, Mr. and Mrs. Charles Butler, Leslie and Larry.

Mrs. Lois Powell and Mrs. Ward Parks of Big Spring, and "Pug" Deavenport of Stanton, have been visiting in Clouderoft, New Mexico, where they were later joined by Mr. and Mrs. Nolan Simpson and daughters.

Solons Fire Scatterguns At Aid Bill

The Senate is taking out all kinds of frustrations — from the war in Viet Nam to the price of bread in a supermarket — on the foreign aid bill.

"A general feeling of disenchantment" is the way Senate Democratic Leader Mike Mansfield puts it.

"You can cover it up all you want but the feeling is still there," Mansfield said today in an interview.

Officials of the Agency for International Development solemnly watched from the gallery as the Senate, seemingly in a mutinous mood, took the ax to the \$2.4-billion economic assistance bill.

Dirksen Cites Inflation Senator Republican Leader Everett M. Dirksen pointed first to the need for Uncle Sam to save money and then to the specter of inflation.

Dirksen considered that a loaf of whole wheat bread he likes for sandwiches cost 25 cents last week but when he bought it this week it was 30 cents.

"The people are beginning to get just a little excited, and just a little concerned," he said.

The Senate he said, couldn't short-change the soldiers in Viet Nam, so he proposed cutting \$250 million from the \$620 - million tagged for development loans.

The Senate voted 59 to 34 to make the cut. Chairman J. W. Fulbright of the Foreign Relations Committee — the bill's manager — was among the yeas.

"This has been building up for years," said Mansfield.

Now, he acknowledged, it is complicated by the war, worries about the economy, pinched domestic programs and high interest rates.

Domestic Interest Rates Sen. Peter H. Dominick, R-Colo., used the domestic interest rates in pushing through an amendment to double — to 2 per cent from the present 1 per cent — the interest rate on the first 10 years, the grace period of the development loans.

Fulbright complained that was costs are cutting into domestic projects.

"I spent a good part of yesterday," he told the Senate, "talking about one little project involving \$60,000 for operating a fish hatchery in my state. The administration is quibbling about the \$60,000 it will take to pay a few employees. This is almost ridiculous."

"HemisFair 1968 in San Antonio's way of telling the world that progress is the wave of its future." These were the words of President Lyndon B. Johnson when he signed the proclamation inviting 114 nations to participate in the international exposition which will be held from April * through October 6, 1968.

Mr. and Mrs. Cliff Hazelwood, and Mrs. Lila Flanagan, took Mrs. Flanagan's granddaughter, Connie, who has been visiting here this summer, home to Wilcox, Arizona, where they visited with Mr. and Mrs. Ralph Jones, and points of interest in Arizona.
