FINEST CLIMATE ON EARTH WHERE HEALTH, HAPPINESS AND PROSPERITY AWAIT THE HOMESEAKER

Vol. LVIV—No. 11

STANTON, MARTIN COUNTY, TEXAS (79782), THURSDAY, OCT. 9, 1969

6 Pages—Price 10c

## VARIETY

By NEAL ESTES

Stanton won everything on the field Friday night but the football game when the Buffaloes played Coahoma. It was truly a heartbreaker to lose because our boys performed so superbly and well and but for a break or two would have won easily. I personally thought we had victory in the bag when with five minutes to go in the game the Bisons were leading 14-12. But the picture changed rapidly and the final tally was 26 for Coahoma's Bulldogs and 14 for Stanton.

The fine shower falling in Stanton Sunday night will serve to make the weeds grow faster but cooler weather will result in the use of less water for watering plants. All in all, the lawn photo looks pretty green this time of the year in our community. Many rose bushes are in full bloom too. The roses occupying space in the beds in front of the library are especially beautiful this year.

The editor received a letter from a resident of Cisco stating that DORIS HOWARD, our school correspondent, is a relative of his. G. E. WILLIAMS is pretty proud of the way DORIS has started out and so are we. If you have news of student activity please give DORIS a buzz.

It was necessary to take my Beagle, LYNDON, to the vet Saturday morning. I was advised that my dog had a slipped disc. No wonder LYN was in such pain. There is nothing more annoying than a back injury.

The dedication ceremonies at the Martin County Country Club went off in splendid style the past Saturday. A crowd of members, families, and visitors from the states were on hand for the opening rites. It was another fine day for Stanton and the interest being generated at the present time about the country club indicates the memberships needed to keep the club operation on a healthy financial basis will be forthcoming. The entire facility is a credit to a town of Stanton's size. RONNIE GILBREATH and JAKE HODGES, both well acquainted with other golf courses in the area have proclaimed the local layout one of the best in the area with prospects of becoming the finest in the future.

With the dedication and formal opening of the Martin County Country Club Saturday, it means that for the second time in less than a month a fine project has been unveiled in Martin County. Just recently the Aero Club sponsored a fly-in that was well attended and the new airport was put on display for the inspection of aviation enthusiasts and the general public. It was nice to observe Saturday that a different set of community leaders are in the driver's seat at the Martin County Country Club. It was also nice to notice that still another group of community leaders were found to

## FFA Team Wins Top Honors At State Fair Oct. 4

The Stanton FFA Plant I. D. Team composed of Rickey Mims, Roy Kelly, Dennis Jones, and Stanley Louder, won top honors at the State Fair of Texas, on October 4, in Dallas.

Rickey Mims and Roy Kelly tied for first and second place honors in the individual scores, with a score of 390 points out of a possible 400.

Dennis Jones was the tenth high individual with a 379 point total. The team was placed second out of the 23 teams entered in the State Fair contest.

The second Plant I. D. Team from the Stanton chapter, journeyed to Waco to compete in the Heart of Texas Fair on October 4. The team composed of Lynn Romine, Gary Posey, Chris Blow, and Curtis Flanagan, placed second in team standings, with Lynn as fourth high individual, and Gary as fifth high individual.

Both teams will compete later in the school year at El Paso, Fort Worth, Houston, and San Angelo.

## Stanton Lions Honor Faculty

The Stanton Lions Club this week said "thanks" to teachers in the Stanton schools. The annual Teachers Appreciation night drew 105 participants to the Cap Rock Electric Cooperative auditorium Sept. 29, for a barbecue dinner.

Russell McMeans, superintendent, introduced the principals, J. M. Yater, (elementary); Jimmy Conner, (junior high) and J. R. Dillard, (high school), who presented 66 faculty members, together with their wives and husbands.

A. E. Prugie, Sonora, District 2-A1 Lions governor, praised Stanton for making good physical facilities for its young people. He stressed the importance of education as an investment in the future of the community and nation.

Entertainment was furnished by the junior high chapel band under direction of George Walker.

Jimmy Ray Smith, Big Spring, Lions zone chairman, cited the club for attaining the 10 per cent membership award during the past year.

## Official Proclamation

WHEREAS the 4-H Club Program has, since its beginning over 50 years ago, contributed much to the health and welfare of the nation and has encouraged many young people to choose careers which help improve family and community living; and

WHEREAS 4-H members put into practice the skills and activities, and strive "To Make The Best Better," the motto of 4-H Club work; and

WHEREAS young people, who are citizens of tomorrow, must discover and acquire the virtues of responsibility, thoughtfulness, morality and understanding in these changing times; and

WHEREAS the 185 boys and girls now enrolled in 4-H throughout the County of Martin, under the guidance of adult leaders, will soon be establishing homes of their own and taking their places in society as community leaders;

NOW, THEREFORE, I Jim McCoy, County Martin Judge of Martin County, in recognition of the fine achievements of 4-H members and their families, do hereby proclaim the week of October 5-11 as NATIONAL 4-H WEEK in Martin County.

In official recognition whereof, I hereby affix my signature this 4th day of October, 1969.

COUNTRY CLUB DEDICATION — Pictured above are just a few of the approximately 200 persons that attended the dedication ceremony of the Martin County Country Club on Saturday.

## Coahoma Lucky To Trim Stanton 26-14

Coahoma was extremely fortunate — down - right lucky to leave Stanton Friday night with a 26-14 victory over the Buffs.

The statistics all favored the Buffaloes.

But for two bad breaks and an opening 85-yard run back of the opening kickoff the game could have easily gone to Stanton.

Dean Richters opened the scoring for the visitors with his 85-yard scamper into the end zone to put Coahoma on the boards 6-0 with only 15 seconds on the clock gone in the first period. The attempt to run over two points failed.

Three minutes later, Stanton posted six points on the scoreboard on a beautiful 37-yard pass from Glen Ray to end Larry Adams. The attempt for two points failed and the game was tied 6-6.

Coahoma took the lead again in the second quarter when quarterback Kenny Clanton hurled a 34-yard aerial to end Toby Green. The try for extra points failed and the first half of the ball game ended with the Bulldogs on the big end of a 12-6 score.

Both teams rocked through the third quarter of the game without scoring.

In the last frame, the Bisons went ahead for the first time during the night when Ray hit halfback Alan Gregston with a 1-yard touchdown throw. Halfback Roy Kelly picked up the two points after touchdown on a sweep around end.

Stanton led 14-6 with just five minutes remaining in the game.

Coahoma gained possession

of the pigskin deep in Stanton territory on one of the two major breaks against the Bisons during the night, and Ted Fowler scored a third touchdown for Coahoma to put his club ahead 18-14. The Bulldogs gained two more points on the conversion and led 20-14 with less than three minutes to play in the contest. Coahoma scored a final touchdown with just 50 seconds left on the clock. The PAT failed and the Bulldogs left the field with a 26-14 victory.

## Cool Front Sweeps In On County Monday

The cool front sweeping in on Stanton and Martin County generally Monday lowered temperatures and coat clad individuals could be spotted everywhere.

And the short-sleeved weather pattern yielded to the more frigid variety residents prepared to get ready to welcome cooler days and nights.

The entire Permian Basin got a chilly hint of winter Monday as the season's first real cool front passed through, giving the area generally misty, showery, cloudy, and unseasonably cool weather.

Heavy clouds continued to hang on throughout Monday and the mercury dipped to 50-degrees in Stanton at one time.

## Workshop On Aged Set For October 15

A one-day workshop will be held Oct. 15 in the Cap Rock Auditorium by Minnie Bell of Texas A&M Extension Service, specialist in family life education, it is announced by Mrs. James Eiland, Martin County home demonstration agent.

This is a pilot project, as Miss Bell primarily offers the training in district workshops.

Time for the workshop is 10 a.m. to 3 p.m., with the following subjects to be reviewed: "Gerontology and Texas," (Continued on page 6)

## Hard Luck Buffs Lose Halfback For 1969 Season

Hard Luck Stanton High School Buffalo football team have been jinxed again with the announcement that halfback Gary Kitchens will be unable to play for the remainder of the season.

Kitchens, who had been previously injured in the Seagraves game, suffered a severe knee injury in the rough Coahoma game last Friday night.

Coach Gerald Loyd announced that his team has been plagued with injuries. His other first string halfbacks, Rusty Hicks, and Lupe Padilla are also out for the season due to injuries.

"Loss of the first string halfbacks means we'll be doing some sitting around, and will probably be using some B team members," Loyd reported.

The Bisons meet Post this Friday night at the Post stadium.

Post has a record of three wins and one lost, to Floydada.

Loyd reports that Post is a big strong type of team which reminds him of the Rotan squad, which Stanton defeated 14-6.

Johnny McMeans, and Alan Gregston will still be the mainstay in the backfield, in the same Friday night. Randy Nichols is scheduled to substitute at center for injured Larry Pinkston, with Robbie Dickenson, Ricky Mims, Scotly Fisher, Jerry Smith Larry Adams, and Steve Stallings filling out the line positions.

Despite the injuries and hard luck, the team still has a good attitude Loyd said, and are looking forward to Friday night's bout with Pest.

STATE REP. SHORT — Representative E. L. Short of Tahoka, was among the dignitaries at the dedication of the Martin County Country Club. Short appeared as a speaker on the program, and single out for praise the executives of the club and leading citizens who were successful in organizing the club.

## Martin County Club Dedicated

### Facility Is First Finished Under New Policy Of FHA

Some 200 persons from Texas and New Mexico attended the dedication ceremonies Saturday of the Martin County Country Club.

Principal speaker was Jack Biers of the district Federal Home Administration at Temple. Biers told his audience that the Martin County Country Club is the first recreational facility to be completed under the administration's recently adopted policy.

He pointed out in his speech on recreational needs that

CLUB PRESIDENT — Jake Hedges, Country Club president, extends welcome greetings to the members and the visiting dignitaries during the Saturday opening ceremony.

## Angel To Attend Cancer Meet In Houston Oct. 15

President Tom Ed Angel will represent the Martin County Unit of the American Cancer Society, October 15-16 at the Rice Hotel, Houston. Angel will join more than 300 Texas delegates during the two day session. Delegates will plan the 1969-1970 program to be conducted by 25,000 Texas volunteers.

Richard T. Lyons, Houston, chairman of the Board of the Texas Division, has said that "The success of the ACS in Texas for the next few years will be greatly dependent on the interest and participation of the volunteer leaders present at this annual meeting. The society's greatest need is for active volunteer leadership to expand local service and educational programs designed to help more people protect themselves against cancer."

Allan K. Jonas, president of the California division of the ACS, will address delegates at the leadership dinner. Jonas, a prominent Los Angeles real estate developer, has served for 16 years as an ACS volunteer.

Concerning cancer research, Dr. Hanes H. Brindley, Temple, president of the division, said the society has 31 research grants at work in 11 Texas research institutions. These

(Continued on page 6)

## Local Chapters Participating In Activities

Approximately 185 Martin County 4-H members are among the 100,000 4-H Club members in state who are giving recognition to the National 4-H Week, which began October 5.

4-H is part of the educational program of the Texas A&M University Cooperative Extension Service, and is supervised on the county level by extension agents, Mrs. Mildred Eiland, and Billy Reagor.

## Joyce Jones Is Ed. Chairman For Cancer Unit

The Martin County Unit of the American Cancer Society, met recently in the Cap Rock Auditorium, with Tom Ed Angel presiding. Mrs. Joyce Jones was introduced as the new education chairman, taking the chairmanship of Mrs. Jo Henson, who has resigned.

Mrs. Jones reported that letters concerning program available for clubs had been mailed to all clubs, and that a film had been shown to one home demonstration club in the interest of educating the public about cancer.

Mrs. Jewel Standefer reported for Mrs. Donna Sawyer, service chairman, that this committee was seeking aid in assisting Jimmy Rivas to return for treatment to Houston.

Mike Dean, field representative from Midland, for ASC, presented a film show excerpts from some of the many films that are available free from the education chairman.

Refreshments were served to Mrs. Mildred Eiland, Mrs. Joyce Jones, Mrs. Jewel Standefer, Mrs. Frances Valles, Mrs. Mary Prudie Brown, Mike Dean, and Tom Ed Angel.

Each 4-H'er learns by doing projects which fall in various categories of home economics, agriculture, science, personal development, leadership, and citizenship.

National 4-H Week is designed to give 4-H members the opportunity to show their appreciation to civic groups, business, industry, agriculture, and foundations who have helped them during the past year.

October 25 will be the date of the annual Martin County 4-H Achievement Day. The 4-H County Council reported that the theme for this year's event will be "Citizenship."

The highlight of the achievement festivities will be the announcement of the 1969 Gold Star Boy and Girl from Martin County. Other 4-H members will be presented with their various awards, medals, and ribbons.

The program will be under the direction of the club council, and the county agents, Mrs. Mildred Eiland, and Billy Reagor.

Serving this year as chairman of the council is Doris Howard, assisted by vice-chairman, Willie Wells; secretary - treasurer, Deborah Holloway; district delegates, Willie Wells, Elizabeth Flanagan, and reporter, Deborah Hazlewood.

Attending the achievement day will be 12 area chapters, and 18 adult leaders of county 4-H.

## Mahon Secures 1 Million For W-Tex Water Study

Representative George Mahon advises that the House of Representatives in Washington, has approved the sum of \$1 million for the continuation of the study to import water into Texas, particularly into West Texas. This item is contained in the annual appropriation bill for Public Works.

The current study seeks to

answer the question of whether surplus water is available from the lower Mississippi River and whether it is economical to transport such surplus water into Texas.

The study was initiated in 1966 at Mahon's request and is a joint effort of the Corps of Engineers and the Bureau of Reclamation. About \$2.1 million has been made avail-

able to these agencies prior to this week's action by the House of Representatives. The study is scheduled to be completed by 1972, and will require about \$2 million additional funding in the next two years.

If the results of the current study are favorable, legislative authorization will be

(Continued on page 6)

## \$56,774 ACP Fund Set For County

A fund allocation of \$56,774 has been made for the 1970 Agricultural Conservation Program in Martin County. Chairman Bob Hill of the Martin County Agricultural Stabilization and Conservation Committee has reported.

"This federal money is used to share costs with farmers and rancher for needed measures to conserve soil and water resources on agricultural lands," said the ASC committee chairman. Generally,

The ceremonies began at 11 a.m., when Cecil Bridges directed the ribbon cutting

### Officers Named At Sept. Meeting Of Weddle Club

The September meeting of the Weddle Club was held in the home of Mrs. Carl Leonard Jr. in Midland. The Weddle Club is the junior club of the Stanton Music Club, and a member of the National Federation of Music Clubs.

Officers were elected as follows: president, Ginger Randolph; vice president, Jo Ann Leonard; secretary, Diana Payne; and treasurer, Angela Branch.

The members present were Ginger Randolph, Jo Ann Leonard, Angela Branch, Cindy Kregger, and Cynthia Moore of Midland, and Dianna Payne of Stanton.

The program included "Somersaults," Francis Clark; "The Rainbow," and "Baby Bear," Lella Fletcher, played by Cindy Kregger. Angela Branch played "The Choir Songs," by Weybright, and "Carry Me Back to Old Virginia," by James A. Bland. A game was played in which

the members composed a song. Cup cakes and punch were served by Mrs. Leonard at the close of the meeting.

### Beta Sigma Phi Activities

The Preceptor Mu Chapter of Beta Sigma Phi met Thursday evening, October 2, in the home of Mrs. Glenn L. Brown, for a business session and program.

Mrs. Helen Dawson, president, presided at the business session, at which time a rummage sale was planned for Saturday, October 18, to be held at 205 N. St. Peter Street.

Mrs. Glenn L. Brown gave a program on Greece, and showed color slides of the Acropolis, and displayed a map of Greece. She was introduced by Mrs. Glenn Gates.

Mrs. Brown assisted by Mrs. Leo Turner, served refreshments to Mrs. John Wood, Mrs. Bob Latimer, Mrs. Glenn Gats, Mrs. Helen Dawson, Mrs. T. R. Louder, Mrs. Stanley Reid, Mrs. Louis Roten, and Miss Sammie Laws.

Opening ritual was repeated by 11 members, as Rho Xi Chapter of Beta Sigma Phi, gathered October 2, in the home of Mrs. Eddie James.

The group made plans to help being a memorial scholarship in memory of Walter W. Ross, founder of Beta Sigma Phi. This scholarship will be available to children or sorority members.

Mrs. Charles Burnett was welcomed as a new transfer member into Rho Xi.

Plans were announced for Mrs. Jo Henson to show a cancer film to the sorority with the date to be revealed later.

Rho Xi Chapter members signed a letter to be sent to NASA to keep prayer and Bible reading in our space program.

Mrs. Eddie James gave a study of Beta Sigma Phi, covering the subject of voting.

A very unusual but interesting program on "Prose," was presented by Mrs. Jerry Waid. The group participated using the theme of "The Hobo." Each person adding their own phrase forming the complete story of the hobo.

Refreshments of strawberry short cake and cokes were served.

Mu Lambda Chapter, No. 40-01, Beta Sigma Phi, met Oct. 6 at 7:30 p.m. for a Hippie Party at Peggy Sorley's Hippie Pad.

A special model meeting program was given for our rushee, Marilyn Glaspie. Brief reports outlining what is done in a typical meeting, was given by Robbie Graves, president; Dorothy Smith, Maxine Kelly, Nettie Bryd, Polly Atchison, Bonnie Faye Sorley, and Peggy Sorley. The history of Beta Sigma Phi was given by Gene Nowlin, vice president.

A sack lunch was enjoyed by each one present, with cold drinks being served by the hostess, Peggy Sorley. Our hostess had decorated her front room in the Hippie Fashion, with flowers, protest signs, and signs of peace on the walls. She had placed pillows on the floor for each one of the members.

Each one present was dressed as a Hippie. Gene Nowlin was voted the "Hippiest" hippie, and given a prize.

Lots of fun and food was enjoyed by the following: Carol Anderson, Polly Atchison, Gerry Bellsheim, Nettie Bryd, Shirley Clay, Faye Graves, Robbie Graves, Maxine Kelly, Gene Nowlin, Dorothy Smith, Bonnie Faye Sorley, Peggy Sorley, Judy Thompson one rushee, Marilyn Glaspie, and one visitor, Pat Doshier.

#### HOUSEHOLD HINTS

Housework is made easier if you rest a few minutes every hour or so during a long job. This practice more likely to prevent muscle exhaustion that lying down for a couple of hours after the job is completed. Trying lying flat relaxing for two minutes every hour.

### Martin County Diapause Program On Boll Weevil

By BILLY REAGOR, Martin County Agent

The diapause program on the cotton boll weevil was started on September 3, with the Martin County Insect Control Association, and the Texas Department of Agriculture sharing the cost. The first spraying covered 2,274 acres of the heavily infested fields in the southeast part of Martin County, northeast part of Midland County, and northwest Glasscock County.

The outlined area was designated by state entomologist as a "hot area," so spraying began a little early to try to prevent migration to other field in Martin and Midland counties. Then the rains came and the dry land fields greened up and the program failed to some degree in preventing the spreading. The decision then had to be made whether cover more acres less times or stay with the "hot area."

With weevils still hatching out in these fields, it was decided to stay with the first designated area. The goal was to kill the most weevils with the funds available. The second spraying covered 2,835 acres, completed on September 14. The additional acreage paid for by individual farmers.

On the third spraying, completed September 24, Midland County joined the fight and came up with funds for about 2,300 acres, making a total of 5,595 acres sprayed at this time.

October 5, completed the fourth spraying with 6,127 acres covered. Total acres sprayed comes to 16,831.

State funds are still available, but will have to be matched by individual farmers if more spraying is done, since association funds are depleted. The Martin County Insect Control Association urges the farmers that have been sprayed, to consider paying for and additional spraying to carry us to a later date nearer frost. We also urge each farmer to use some insecticide in his defoliant or desiccant to help

in this battle. We must all do what we can to make a showing on these pests. One part of the sprayings, at least a 95 per cent kill was counted, so the association feels much need has been done. The directors wish to take this means to thank all who have cooperated in this effort, and we feel we will see the results on next year's weevil population.

There is also a large build-up of pink boll worm in some fields. Early harvest and good farming practices (shredding stalk and plowing under) will help reduce both weevil and pink boll worms overwintering.

If any farmer has any suggestions for improving the effectiveness of the program for next year, please contact the directors of the Martin County Insect Control Association.

### HD Agents Column

By MRS. MILDRED EILAND Home Demonstration Agent

Retailers around the country say the co-ordinated sheer curtains and draperies are expected to become even more popular.

Colors are the traditional lines of eggshell, off-white, beige, and white, with soft pastels and some deeper blues, greens and yellows, gaining in popularity. Solids are most popular with a few patterns being sold. Embroidered single panels or entirely embroidered pairs also are being used.

### Garden Club News

The Stanton Garden Club held its opening coffee at the home of club president, Mrs. W. I. Wells.

Mrs. J. A. Wilson presented the morning program on the club yearbook, and presented to the club members the new 1969 yearbooks.

The club voted to continue to sell the Coriscana fruit cakes this year.

Refreshments of fruit bread and coffee were served from the serving table, that had a centerpiece arrangement of red roses provided by Mrs. Arthur Wilson.

Officers of the club are: Mrs. W. T. Wells, president; Mrs. W. C. Clements, first vice president; Mrs. J. A. Wilson, second vice president; Mrs. L. C. Hazlewood, recording secretary; Mrs. Guy Eiland, corresponding secretary; Mrs. Ray Kelly, treasurer; Mrs. Morgan Hall, historian, and Mrs. Cecil Bridges, parliamentarian.

### \$30 Million TESCO Plant To Be Built In Monahans

A new electric power generating unit to cost more than \$30,000,000, is to be installed at Texas Electric Service Company's power plant near Monahans. It was announced Saturday by Buri B. Hulsey, Jr., company president.

The new unit at the Permian Basin plant, according to Hulsey, will have a net capacity in excess of 500,000 kilowatts and will be larger than any unit now operating in the company system.

"Addition of the new unit is part of the company's long-range plans to assure plenty of dependable electric power for the increasing use of electricity and for the growth of the area we serve," Hulsey said.

The company has employed United Engineers and Constructors, Inc., to do the detailed design and prepare construction specifications. A general construction contract

will be awarded on the basis of bids which will be invited during the latter part of 1970. Plans are for the contract to be let early in 1971, so construction can begin in the spring of the year. Completion of the project is scheduled for late 1973.

The new unit will use large quantities of natural gas, up to 130 million cubic feet per day, as fuel for the boiler to produce over 3,800,000 pounds of steam per hour. Cooling water will come from water wells in the Monument Draw area west of Wicket, where the company has underground water rights.

The transmission system also will be strengthened in the West Texas area, Hulsey said, and several new high-voltage lines will be built from the Permian Basin plant to the Odessa - Midland area to strengthen the tie of the additional generating capacity into the company's interconnected transmission system.

Addition of the new unit will make the Permian Basin plant the second largest on the company's power system. Present generating capacity of the plant is 167,000 kw. The company's Morgan Creek plant at Colorado City has six generating units totaling

#### HARDY ANIMAL

One of the first animals domesticated by man was the camel. The hardiness of this beast made human life possible in the deserts of Arabia, Congoia, and North Africa.

#### "Valley Of The Fallen"

The "Valley of the Fallen" is a shrine built in a mountain near Madrid to honor the Spaniards who died in the Spanish Civil War. The memorial was dedicated by Franco on the 20th anniversary of the war's end.

#### 833,000 kw capability

Texas Electric has two other plant construction projects underway. A 375,000 kw unit being added to the Eagle Mountain plant near Fort Worth is scheduled for completion in the spring of 1971.

The company also is constructing a new power plant jointly with Dallas Power & Light and Texas Power & Light near Fairfield in Freestone County. This plant, which will use local deposits of lignite for fuel, will have two 575,000 kw generating units. The first unit is scheduled for completion in late 1971, and the second a year later. The three companies will share equally the electricity generated.

Minutes were read and approved, and reports read from various groups. Lunch was served to 10 members, and one guest: Mrs. Guy Eiland, Mrs. Raymond Louder, Mrs. Paul K. Jones, Mrs. Roy Martin, Mrs. Verda Geurin, Mrs. Ruth Holloway, Mrs. Erude Towery, Mrs. Oma Womack, Mrs. Vivian Tippit, Mrs. L. C. Stovall, are Mrs. Maggie McIntoch, guest. Mrs. W. E. Towery dismissed the group with prayer.

### First Baptist Church News

The Bethany Sunday School class of the First Baptist Church, met October 2, at the church for a luncheon and business meeting.

Mrs. Raymond Louder, president, presided over the meeting. A new gate rate will have no immediate effect on current gas rates. However, such an increase would establish a new cost of gas at the city gate for any subsequent changes in domestic and commercial rates in cities on the West Texas Distribution System.

The last determination of Pioneer's gate rate was based on operating costs and investment values for the year 1961. Since that time the field cost of gas, labor, materials, and supplies, as well as interest rates, have gone up frequently and substantially, Pioneer officials noted.

It is Pioneer's intention to ask the Railroad Commission to establish a city gate rate of 34 cents plus and allowance for federal surtax, compared to the present rate of 28 cents. The federal income surtax, compared to the present rate of 28 cents. The federal income surtax, compared to the present rate of 28 cents. The federal income surtax, compared to the present rate of 28 cents.

But there is more to it than that. There is this new word we have learned, "reparations." You know, like the 6 billion or so the blacks are demanding of the churches for the past "mistreatment" of Negroes by whites; that sort of reparations.

You admit to having maligned us, and you have. And you promise not to throw any more stones and for that we thank you. But are you going to sit quietly in your glass house? The brigands are on the march, you know. How many Chicago policemen died; seven? And two shot in the back.

Won't you lend your weight to the good fight; being passive won't get the job done. You ask us, the injured party, for help. Try this: Help yourselves. Specifically, lend your editorial weight to Stanford University's Dr. William Shoemaker. For some years now, this Nobel Laureate has been beseeching the National Academy of Sciences to make a study of racial differences, and all he ever gets back is his own echo. That would help. Actions, as they say, speak louder than words.

Colo-blooded animals, such as fish and reptiles, take on the temperature of their surroundings. This clearly distinguishes them from birds and mammals.

## Enjoy carefree comfort

with clean electric heat.

You'll be delighted with the way your Total Electric home keeps its bright new look, year after year. That's because flameless electric heat is as clean as electric light. It's gentle, even heat, too... keeps you pleasantly warm without cold drafts or sudden blasts of hot air. And clean electric heat is just one of many advantages you'll enjoy in a Total Electric home. Let us tell you more about Total Electric living and our low rate for Total Electric homes.

TEXAS ELECTRIC SERVICE COMPANY

# Stanton High School News

**By DORIS HOWARD**  
Stanton High School's annual homecoming date will be November 7, announced the student council at its last meeting. All kinds of events are being planned by the council and the school to celebrate the school's big fall event.

It will be time for queen contestants, dress-up day, and freshmen day, and many more fun events for every class member.

**SHS**  
The seniors had their all-important senior pictures taken last Friday, by a representative of Photographic Arts in Fort Worth.

**SHS**  
The annual staff had a meeting this week to issue subscription receipt books, and to begin the advance sale of the 1969-70 Stanton Buffalo Annuals. Working on the annual will be: Darla Dowden as editor, Galye Haggard as assistant editor, Scotty Fisher, as business manager, John Anastasio, Walt Halslip, and Danny Saunders as photographers, and Sandra Chandler, Polly Creech, and Susan Vest as layout personnel.

**SHS**  
The pep squad, band, and fellow students are very proud of the tremendous game that the Stanton Buffaloes played last Friday night against the Coahoma Bulldogs. Although they lost, we feel they represented the school's name very well. We also want the Buffaloes to know that we are behind them 100 per cent as they travel to Post this week to trample all over the Antelopes.

**SHS**  
The "B" team Buffaloes showed plenty of spirit and school pride as they played Crane last Saturday. Although they lost by a score of 18-12, they gave an outstanding effort in the struggle to top the

## Local Residents Active In Horse Show Circuit

Local Martin County residents, Larry and Mary Franklin, children of Mr. and Mrs. Jim Franklin, have been active the past weeks in the Appaloosa Horse Show circuit in the state.

Larry has shown his gelding, Mighty Frosty, in four shows recently in Lubbock, Levelland, Waco, and Refugio, for a total of one first place, one second place, and two third

## 4-H College Scholarships Announced

Four 4-H members, who have stayed on the job for a combined total of 38 years, have been rewarded for their good work. Stephen Warminski, White Deer, Carson County; Laura Jane Pair, DeLeon, Comanche County; Brenda Louise Malmstead, New Braunfels, Comal County, and Josep Pickett, Carrizo Springs, Dimmit County, have been named college scholarship winners, according to a state 4-H Club office announcement.

The C. J. Davidson Foundation Scholarship Fund, administered by the Texas 4-H Youth Development Foundation provided the scholarships, the announcement said.

Stephen is a freshman at Texas Tech University; a former National 4-H Club Congress winner on natural resource and conservation project work, and the holder of many local, district, and state 4-H honors. He is the son of Mr. and Mrs. Charles Warminski, and a 10-year 4-H veteran.

Laura Jane is attending Texas Women's University,

Crane. The freshman team travels to McCamey this week, and we hope they come home with a Badger Cap.

**SHS**  
The seniors and juniors had a tie to be the winners of the best poster for last week. That's to wings for both the juniors and seniors for a first place tie. The freshmen have one win — WHAT ABOUT YOU SOPHOMORES????

## Lunch Menu

Elementary and High School

**Oct. 13 Through Oct. 19:**  
Menus subject to change.  
**Monday:** Chicken fried steak, mashed potatoes, green beans, spiced apples, hot rolls, butter, milk, and gravy.  
**Tuesday:** Enchiladas, coffee, salad, buttered corn, grape fruit sections, hot rolls, butter, buttered rice, and milk.  
**Wednesday:** Butter beans, ham chunks, buttered spinach, pickled beets, berry cobbler, corn bread, butter and milk.  
**Thursday:** Hamburger on buttered bun, lettuce and tomatoes, onions, pickles, French fries, gelatin with range and pineapple, and milk.  
**Friday:** Beef stew with vegetables, cabbage slaw, crackers, butter cinnamon rolls, and milk.

## CHILDREN SHOES

Experts advise that when purchasing shoes for children, have both feet measured and the larger one fitted. Proper measurement is done with the foot up on the fitting stool and the leg at a right angle. Make sure the salesman holds the child's foot down while measuring, says Jane Speece, textiles and clothing expert at the University of Nebraska extension service.

Texas leads the nation in production of sheep and goats, of wool and mohair.

place trophies at halter.

Riding Frosty, Larry has won a first place, fourth place, and a fifth place in junior western pleasure.

Mary Franklin showed Joker's Wow in the 1964 and before gelding class in Levelland and placed third.

Mighty Frosty now ranks fifth in the state standings of Texas Appaloosa Horse Club in the 1967 or later gelding class for 1969.

and majoring in home economics. Her 9-years in 4-H centered in the home and on foods and nutrition projects. She is a Gold Star girl, and honor graduate of Comanche High School. Her parents are Mr. and Mrs. D. F. Pair.

In 10-years of 4-H Club work, Brenda Louise gained an outstanding background in community activities. She was a state winner in entomology. A 4-H Congress trip winner. She is now a freshman student at the University of Texas, and is the daughter of Mr. and Mrs. Ralph Malmstead.

Joseph in his 9-years in 4-H specialized in livestock project and junior leadership. He holds many local and district honors, and in high school was active in sports and FFA. He is now a freshman at Texas A&I University, majoring in agriculture. He is the son of J. R., and the late Mrs. Pickett.

Tom Davison, assistant state 4-H Club leader said these four 4-H members have been strong influences for good in their respective clubs, counties, and districts, by helping younger 4-H members, their local adult leaders, and county extension agents with literally hundreds of 4-H events and activities.

Trade at home and save!

Mrs. Joe Wayne White

## Joe Wayne Whites To Live In Clovis

Mr. and Mrs. Joe Wayne White will establish residence in Clovis, N.M., where he is engaged in the cattle business, following their marriage ceremony here at 6 p.m. Saturday in the Reorganized Church of Jesus Christ of Latter Day Saints.

The bride, the former Nancy Jayne Hursh, is the daughter of Mr. and Mrs. Melvin T. Hursh of Lenorah. Mr. and Mrs. Ken White of Clovis, are parents of the bridegroom.

Music for the ceremony was presented by Mrs. Carl Leonard, Jr., aunt of the bride, organist, and Nancy Price, vocalist.

The church was decorated with candelabra entwined with emerald greenery, baskets of yellow gladiolus and votive candles.

Guests were seated by Dan Cathey of Midland, and Jerry Phillips of Clovis.

Judy White, sister of the bridegroom, was the maid of honor. Another sister of the bridegroom, Charla White, Melissa Hursh, sister of the bride, were the bridesmaids. They were dressed alike in

floor-length gowns of antique gold peau de soie with full puffed sleeves and velvet ribbons accenting the Empire waistlines. They carried bouquets of bronze and yellow pompon chrysanthemums.

Elder White was the officiant for the double ring ceremony, with the bride's father presenting her in marriage. She wore a formal gown of candlelight peau de soie enhanced by pearl imported Chantilly lace outlining the crescent waistline and overlaying the roll collar. The lace trim was repeated on the long petal point sleeves and the "swallow tail" of the chapel-length mantle train. Her tiered elbow-length veil of imported illusion was attached to the Camelot head piece of candlelight peau overlaid with pearl encrusted Chantilly. She carried a cascade bouquet of white roses encircling a white orchid.

A reception was held in the church annex. Members of the house party were Mrs. Doug Church, and Mrs. Fred Church, aunts of the bride; Mrs. Bruce Carter, and Mrs. John Issack, cousins of the bride; Elaine Leonard, of Midland, cousin of the bride, and Sharon Welch of Dimmitt.

**LIONS PRESENTATION** — Bill Terry was presented a placard recently from the Stanton Lions Club for outstanding service to the local club for the years 1968 and 1969. Lions Club president, Chuck Elmore, presented the award to Terry prior to Terry's departure to Ranger, where he will assume banking duties there.

## JHA News

The first school meeting of the Junior Hospital Auxiliary was held on October 6. The school counselor for the organization was introduced to members of the club. She is Mrs. Gene Douglas.

Susan Vest, president, called the meeting to order. She presented the officers to Mrs. Douglas. A business meeting was held.

## FLOWER GROVE FISH INITIATED TO HIGH SCHOOL

Freshman initiation was held last week. The girls had to wear their hair in pigtails all over their heads, and wear their clothes wrongside out backwards. No one could speak unless to a teacher. The boys had to wear dresses on Friday, and they were "invited" to a make-up party in the VA shop by the upper class boys. When they returned to the main building, they were hardly recognizable.

## New Arrivals

Born to Mr. and Mrs. Fabian Rangel, Stanton, a boy, Juan, at 12:26 p.m., Sept. 27, weighing 6 pounds, 5 ounces.

Born to Mr. and Mrs. Ygnacio Manche, Stanton, a girl, Dora Maria, at 11 p.m., Sept. 29, weighing 7 pounds, 2 ounces.

## Scale Steppers Note Weight Loss

The Stanton Scale Steppers met recently in the Martin County Library, with Mrs. Henry Louder presiding.

The 14 members present reported a total weight loss of 23 pounds.

Mrs. Louder gave a program on calorie counting.

Mrs. Lyndon Huckaby was a guest.

## HD Club News

Mrs. D. E. Ory was hostess and gave the program for the first meeting of the season recently for the Stanton Home Demonstration Club.

Mrs. Viola McClane, 94-year-old mother of the club's secretary, Mrs. Jim Webb, attended the meeting as a guest.

In the program, Mrs. Ory told of her experience while attending the Texas Home Demonstration Association convention in Dallas last month.

The Lakeview Home Demonstration Club met recently in the home of Mrs. Bill McIlvain, with Mrs. W. J. Harlow presiding. Three guests were present, Mrs. O. L. Rush, Mrs. Mary Lawrence of Big Spring, and Mrs. C. J. Russel of Stanton. Roll call was answered by members with a gift idea. Mrs. Rush gave the program on making burlap flowers, and gave ideas on arranging them.

## DOG DAYS

The term dog days arises from a superstition in Europe. Fearful summer's sultry apogee, Mediterranean man named it dog days, full of disease and discomfort, plague, and even death.

## SON, CONSERVATION DISTRICT NEWS

## OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT

Jack Buchanan, Bob Cox, Bernard Houston, Larry Shaw, Bobby Howard.

The Martin-Howard Soil and Water Conservation District has been notified by Martin Dies, Jr., secretary of the state of Texas, that the district name has been officially changed to the Martin-Howard - Midland S. W. C. D.

The district encompasses all of Martin, Howard, and Midland counties, and part of Glasscock County.

The local S. W. C. D. was formed early in 1941 by landowners interested in conserving the soil and water re-

sources. Soil Conservation Service personnel began assisting the newly formed S. W. C. D., and interested landowners in developing conservation plans in the spring of 1941.

If a garment is labeled hand washable, follow the manufacturer's instructions. A manufacturer who labels his products "hand washable" usually has a valid reason for doing so, according to a Pennsylvania State University extension clothing specialist.

## Rites Held For Challis Infant

Graveside rites were conducted Monday for the infant daughter of Mr. and Mrs. Roy C. Challis of Star Route, at the Trinity Memorial Cemetery in Big Spring. The child died at birth on October 4, at the Lamesa Hospital.

Services were conducted by Rev. Charles Mitchell of the Lenorah Baptist Church.

Survivors include the parents, the maternal grandparents, Mr. and Mrs. Troy Langston, and paternal grandparents, Mrs. U. A. Challis, of Oklahoma City, Oklahoma.

## Swaziland's Resources

Swaziland is one of Africa's smallest and richest countries. About the size of Connecticut, the nation has immense amounts of high-grade iron ore, one of the biggest asbestos mines in the world, large coal reserves, and huge timber plantations.

## Distinguishing Mark

Long before the white man settled in America, the Indians concocted a rum drink they called "Coow Woo."

Will be ready to gather soon. Never fail to bear every year. Come see for yourself. By owner, Charlie Eckert. 10-41-2t

# Borman, Campbell To Speak At International Textile Symposium

Frank Borman

Astronaut Frank Borman, and Under Secretary of Agriculture J. Phil Campbell will head a distinguished panel of speakers who will be addressing the International Textile Symposium at Lubbock, October 30th and 31st.

Colonel Borman, Astronaut and Commander of Apollo 8, the first manned Apollo flight to orbit the moon, has accepted an invitation to speak to the International Symposium on Thursday, October 30, according to an announcement by Dr. John R. Bradford, director of the Textile Research Center, and Dean of the College of Engineering at Texas Tech.

Dean Bradford stated, "As an astronaut for the National Aeronautics and Space Administration, and as the newly appointed Field Director, Space Station Task Group at the Manned Spacecraft Center in Houston, Borman is extremely busy and we are most pleased that his schedule will allow him to participate in this International Textile Symposium. The success of the historic flight last Christmas, and the diplomatic assignments that have followed, have provided Colonel Borman with an excellent background for speaking to this international audience." Colonel Borman will address the

luncheon meeting on "Apollo and Space Stations."

Colonel Borman will be introduced by Congressman George Mahon of Lubbock, Chairman of the Appropriations Committee of the United States House of Representatives.

The Honorable J. Phil Campbell, Under Secretary of Agriculture, will address the world gathering on Friday, October 31, Secretary Campbell, who takes great pride in his farm background, lived on his Georgia farm until moving to Washington to accept his current appointment. Secretary Campbell has a deep understanding of farm problems gained through many years experience. He is the son of a pioneer agricultural family, and while earning his degree from the College of Agriculture of the University of Georgia, he operated Grade A dairy, and raised cotton on the family farm.

President Nixon appointed Mr. Campbell Under Secretary of Agriculture in January 1969. The President also appointed him to the board of the Commodity Credit Corporation, which approves and finances specific price support programs, and determines basic policy for the purchase, sale, and storage of agricultural commodities. His subject "Fiber Opportunities of Today and Tomorrow," will be of genuine interest to all.

Another highlight will be the formal dedication of the newly expanded Textile Research Center. This center has undergone tremendous growth during the past three years, and now encompasses over 50,000 square feet of floor space. When completed, the Textile Research Center will be capable of studying textile operations on a large commercial scale from fiber production through dyeing and finishing.

The keynote speech October 30th, will be delivered by Julius H. Goldberg of New York City. Goldberg has a rich background in textile and che-

J. Phil Campbell

mical engineering and since 1953 has served as a consultant to fiber producers, chemical companies, textile mills, machinery manufacturers, and allied industries. His subject will be, "Ceiling Zero — Visibility Unlimited."

"The International Aspects of the Cotton Industry," is the subject title assigned to Roy B. Davis of Lubbock. As chairman of the board of the National Cotton Council, and a life long student of the cotton industry, no one could be better qualified to handle served on President Johnson's Cotton Advisory Committee, he is past director of Texas A&M University, and in 1968 was selected by Texas A&M University to receive the Distinguished Alumni Award. His past president of the National Cottonseed Products Association, and is now serving on the Regional Export Expansion Council for the United States Department of Commerce. The many honors that he has received include Man of the Year selection by The Progressive Farmer magazine, and Man of the Year designation by the Texas Agricultural Extension Service.

The needs and demands of the consumer will get special treatment by Fred For-

rest, manager, Consumer Technical Relations, Celanese Fibers Marketing Company of New York. In his talk entitled "Engineering Man-Made Fibers for Fashion and Performance," Fortes will draw on his experience in creating new and improved textile products as a result of his contacts with home economists and other consumer organizations.

Presiding over this first morning's program will be Dr. Michel Coreleir, Director of Foreign Relations, Institut Textile de France, Paris, France.

The moderator for the afternoon session will be Alejandro Yujueco, Jr., vice president, General Textiles Incorporated, Rizal, Republic of Philippines.

Afternoon speakers will include Felix Colangelo, president, Wool Bureau, Inc., New York, N. Y. Colangelo's topic will be "International Aspects of the Wool Industry." As president of the Wool Bureau, and director of the U. S. Branch of the International Wool Secretariat, Colangelo is in unique position of knowing all aspects of wool, both at home and abroad. After a nine year stint in the wool textile manufacturing industry, Colangelo joined the Wool Bureau in 1953 as financial controller. In September of the same year he was appointed secretary-treasurer, and in 1963 was elevated to U. S. Branch Director and given executive authority for all low the International Wool Secretariat activities in the United States.

Another wool expert, Dr. Harold Lundgren, Chief, USDA Wool and Mohair Laboratory, Western Utilization Research and Development Division, Albany, California, will follow Colangelo. Dr. Lundgren's subject, "Physiology and Psychological Criteria in the Selection of Fabrics," will be of vital interest to producers and mill executives, alike. Dr. Lundgren's in-depth study of proteins, particularly as found in wool, lead

to the development of the W-URIAN process for easier care of wool products by the Western Utilization Research Laboratory. He is a member of various scientific and honorary societies, and has participated in many national and international symposia. His many honors include the U. S. Department of Agriculture's Superior Service Medal, the Golden Fleece Award of the California Wool Growers Association, election to the Royal Swedish Academy of Engineering Science at Stockholm, and the Olney Medal from the American Association of Textile Chemist and Colorists.

Discussing "Opportunities in Apparel Manufacture with New Fabrics," will be Jerry A. Coban, Jr., president, Deering Milliken Research Corp., Spartanburg, South Carolina. Coban's rich background in textiles and textile research provides him with an insight to what the future holds for the textile industry.

"Chemical Finishing of Cotton," is the subject for the Friday morning speech by Dr. Leonard Smith, director of Utilization Research, National Cotton Council, Washington, D.C.

Completing the Friday morning program will be the address by Secretary Campbell, and the dedication ceremonies.

Chairman for this final session will be Charles G. Scruggs, editor, The Progressive Farmer, Dallas, Texas.

Of special interest during the International Symposium, will be the Thursday evening banquet at the Lubbock Country Club. Dr. Willa V. Tinsley, Dean, College of Home Economics, Texas Tech University, will be master of ceremonies, and Dr. Milton Harris, founder of the Harris Research Laboratories, will be the after dinner speaker on the subject of "Textile Science as Part of the Changing Science Scene." A colorful fashion show, "The Fashion World of Tomorrow," will be coordinated and narrated by Mrs. Kim Dawson, fashion coordinator, The Apparel Mart, Dallas.

This is the first International Symposium, that in-

## Stanton Youth Cast In Tech School Drama

Texas Tech sophomore Jimmie A. Jones, a theater arts major from Stanton has been named to the cast of "The Multicolored Maze," a new musical by John Vance Gilbert to be presented Oct. 10-13 in Tech's University Theater.

Jones will portray a thug in the multi-media production, which zeroes in on the generation gap struggle between The Establishment and today's youth.

The Tech performance will constitute the world premiere of the work which was commissioned especially for the University Theater by the International Center for Arid and Semi-Arid Land Studies (ICASALS) as a feature of the Center's focus on the Arts.

Jones, whose experience includes a similar role in the movie "The Midnight Cowboy," also has appeared in hometown productions of "It's Gold in Them Tnar Hills," "Grl Shy," "Nobody Loves a Fat Boy," and "Diamonds Cheap."

He is the son of Mr. and Mrs. James H. Jones.

udes all segments of the complex textile industry. We are very pleased to be sponsoring such an important event in Lubbock, and on the campus of Texas Tech University," Dean Bradford said. Bradford continued, "We know that many textile executives are planning to attend from several countries overseas. It is hoped that U. S. interests, from the producer to the merchandiser, will afford themselves of the opportunity to attend also. It is open to the world."

Advanced registration is now being received by the Textile Research Center, P. O. Box 4150, Lubbock, Texas, 79409, USA. Interested persons are invited to write the Center for registration forms and the Symposium program.

# The Launching Pad

By NEAL ESTES

The world was witness to another hazy-to-fog uncovered seamy side of the personality of JACKIE KENNEDY ONASSIS Sunday in New York when the brawling beauty smashed a photographer with a judo chop to the body sending him down to his knees. The incident happened on public property where the photographer had a legal right to be. The legend of the gal all the world once thought of as the darling of the compound has almost been completely obliterated. First, JACKIE surprised America in particular when she went for the aged money man of foreign extraction. She sold herself out like a cherished antique. Then her personality was further exposed by a series of books written about those people around the White House in her days of occupancy there. Then came the exposure of her contempt through the years of ROSE KENNEDY, a kindly woman and mother of the late JFK. Yeah, MRS. ONASSIS is just beginning to reveal her true personality.

DIANNE LINKLETTER, daughter of ART, television big-wig and MC on a tv show, died following a leap from a six story apartment building in Hollywood Sunday. She was full of LSD according to news reports of her death and a statement issued by her father. ART LINKLETTER deserves the plaudits of the public for exposing DIANNE'S death as "murder by LSD." He

## Stanton Independent School District

STANTON, TEXAS

SCHOOL CALENDAR—1969-70

August 21 ..... Pre-Registration for New Students  
 August 22 ..... In-Service for Teachers

 November 27, 28 — Thursday, Friday, Thanksgiving Holidays  
 December 24 - January 2 ..... Christmas Holidays  
 March 6, Friday ..... TSTA District XVIII  
 March 25 - 31, Inclusive ..... Spring Holidays  
 School dismisses at 2:30 prior to each of the above holidays.

refused to think his daughter would have entertained committing suicide in her right mind. "It was a bad trip," he said of her death. He continued: "If my daughter's life is to mean anything at all now, it is for her death to be publicized truthfully as to the cause so other young people will not follow her example."

JAKE HODGES and his wife, SHORTY, own a pair of fine dogs, and they are called GRETCHEN and BUBBA. The other night three young pups arrived and the next day attractive canine birth announcements appeared in the mail to friends. Our announcement was addressed to NEAL ESTES and LBJ and STORMY. JAKE went all-out and brought us down a good cigar too.

The nation is marking the celebration of three special weeks. All three special weeks started Sunday and will conclude on Friday. National Newspaper Week is being observed. It is 4-H Club Week. And it is Fire Prevention Week.

The New York Mets and the Baltimore Orioles will meet in the World Series starting on Saturday of this week. The first game will be played in New York. The Mets took three straight games in the play-off with Atlanta to win their league title, and the Orioles clobbered the Minnesota Twins three straight in the play-offs to win their flag.

A number of readers who live in other states like to keep abreast of rainfall in Martin County. To supplement our weather story previously written I would like to report that Stanton caught one-inch of moisture Monday. It was a slow falling rain and dropped temperatures considerably. Most of Martin County reported Monday showers measuring from one-quarter inch to one and one-half inches.

LAURA CLARDY, six-year-old daughter of MR. and MRS. DERWOOD CLARDY, this city was returned to her home from a Midland hospital after receiving treatment for injuries suffered when struck by a car on Fifth Street. She received a broken leg, abrasions, and bruises, and will be confined to her home for about two months during the recovery period.

## Variety - - -

(Continued from page 1) be in the official family and forefront when the airport held open house recently. I heard one person say: "Thank goodness the same old crowd is not running this project." The only point in mentioning the above facts here is to prove that Martin County has an abundant supply of community leaders.

## Mahon - - -

(Continued from page 1) required to proceed with the project. Mahon emphasized that this is an extremely long-range and expensive undertaking, but he expressed confidence that the proper steps were being taken at this time to move the project forward.

Also contained in this same appropriation measure from Mahon's Committee is initial funding in the amount of \$500,000 for a comprehensive study of the lower Mississippi Valley. This \$1.3 million study is to appraise the overall land and water resource needs of the area and has a very significant relationship to the Texas water import study.

The bill will now be considered by the Senate, where Mahon is confident the funds for the water study will be approved.

## Angel - - -

(Continued from page 1) grants and fellowships represent an investment of \$1-181,376 in Texas. "Our research program must seek every possible avenue to find a cure for cancer," he said.

During the business sessions, delegates will hear prominent Texas physicians present cancer cases and discuss treatment now being used in the management of these patients.

Highlight of the meeting will be an address by Dr. Edward R. Annis, president of the Denver Corporation, Denver, Colorado. Dr. Annis has received numerous awards including five honorary doctorates and is past president and trustee of the American Medical Association.

## Workshop - - -

(Continued from page 1) "The Story of Aging Today," "Who is Responsible for Aging Program?" and "Special Activities for Aging."

Each HD club is asked to have five or six representatives, and two non-club members attend.

BOYS 8

THROUGH 13

—SIGN UP

NOW FOR OUR

PUNT, PASS

& KICK

COMPETITION!

WIN A TROPHY AND COMPETE AT NFL GAMES

Yes, the best things in life are free! Just bring your mom, dad or legal guardian with you to our dealership and sign up for Punt, Pass & Kick. There's nothing to buy and you may end up a trophy winner.

We are awarding a 1st, 2nd and 3rd place trophy for each age group, 18 trophies in all. You compete only against boys your own age. And, if you're lucky, you can go on to more advanced competitions. Imagine your parents watching you compete at NFL games. You may even become a National Finalist and go the NFL Play-Off game in Miami, Florida, and tour Cape Kennedy and the Air Space Museum.

When you register you also get a free Tips Book which is loaded with stories and tips on punting, passing and kicking by top NFL stars.

HURRY! HURRY! HURRY!

REGISTRATION ENDS OCT. 10

White Motor Co.

201 E. St. Anna

Phone 756-3321

Competition will be held Oct. 11 at SHS football field.

## \$56,774 - - -

(Continued from page 1) farmer pays half the cost, and the ACP pays half.

Allocations are made to each State ASC Committee on the basis of the state's conservation needs. The State Committee in turn allocates funds for administration by County ASC Committees on the basis of conservation needs within each county.

"Public benefits from this program are very real. For instance, when farmers use ACP assistance to stabilize stream banks, from that time on the stream runs clearer, has less silt, is more useable and more attractive for everybody," the chairman pointed out.

"Every ACP practice, in fact, his public benefits built into it. Most ACP practices help keep silt out of streams, ponds, and lakes. Some practices help provide wildlife habitat, add recreational opportunities, and contribute to the beautification of the landscape. And all ACP practices help conserve soil, water, or woodland resources."

Principal ACP practices in Martin County in recent years have been deep plowing, chiseling and reorganizing irrigation system.

## Martin - - -

(Continued from page 1) event. This was followed at noon by a barbecue dinner.

Chris Blocker of Jal, N. M., a touring professional golfer, shot a one over par 36 on the wind-swept course during an exhibition round. He is a former Texas Tech University star linkster.

The course was open to the general public Saturday, and numerous other golfers also played the 3,300-yard layout, Corky Blocker, a club member, said.

BELVUE MOTEL

The Maverick-maker strikes... again and again and again.

Ford. Take a quiet break. Move into the quieter world of the sleek new Ford with a computer-designed S-frame and a unique new suspension system. The ride is so smooth and vibration-free that you have to test-drive it to believe it.

Torino. All new clear through. Torino is the most completely changed car of the year. Longer. Wider.

Smoother. And sparked by six great V-8's up to the big 429 4V Cobra Jet Ram-Air V-8.

Maverick. Still \$1995\*. The Simple Machine. The car that held the price line is the best-selling car of the seventies. Maverick already has more than 150,000 happy owners. Join them... see how simple life can be.

\*Ford's suggested retail price for the car. White sidewall tires are not included; they are \$32.00 extra. Since dealer preparation charges (if any), transportation charges and state and local taxes vary, they are not included. See your dealer for details. Some extra equipment that is specially required by state laws.

Ford gives you Better Ideas. It's the Going Thing!
