Thus, in another case, a court refused to impose liability for an accident on a driver who had blacked out for the first time in his life. One court even classified as unavoidable an accident caused by a sneeze, when the man didn't have the slightest warning that the sneeze was coming.

In one unusual case, a man headed down a steep hill in spite of the fact that he knew his brakes were in bad condition. When the car began to roll out of control, he became so frightened that he fainted. Did this sudden fainting

The Launching

By NEAL ESTES

Dresident NIXON has kept his promise to remove American troops from Cambodia by June 30. This action was not anticipated by his critics and the disappointed "doves" in and out of the U. S. Senate and off and on television networks are frantic. They-the Four M's and MR. K. were all set to "take the president apart" but he made the scheduled withdrawal on time and robbed the liberals of the opportunity to protest and raise sand. Incidentally, NIXON'S action in sending troops to Cambodia to protect American soldiers fighting in South Vietnam broke up a giant side-trust offensive all set up to be set in motion by the Commies. Our regular readers will recognize the identity of the Four M's mentioned above and the Mr. K as U. S. Senators MONDALE, Mc-GOVERN, McCARTHY, MUSKIE, and KENNEDY.

postcard invitation to visit them in their new home in Aransas Pass was received by the editor this week from former Coach and MRS. PHIL STOV-ALL. They reported living in "vacationland" as being wonderful, and stated they loved their new home. "Come on down and we'll go fishing!" These are tempting words but country editors never seem to find the time to enjoy the things they recommend editorially for other people to do. Thanks to MARGARET and PHIL for the invitation and we are glad they are happily located at Rt. 1, Box 578, No. 39, Aransas Pass, Texas.

Congratulations are in order this week for JESS WOODY, long-time resident of Martin County, prominent in West Texas Masonic circles, successful busiessman, expert marksman, and my personal friend. JESS, currently hospitalized in Stanton was the recipient of a 50year pin and scroll presented by EDGAR STANDEFER for local Masons Monday evening in appropriate ceremonies held in WOODY'S room at the hospital. FRANK ROQUE-MORE, another long-time Masonic leader, was present and PETE WOODY pinned the golden pin on his dad's pajama jacket. REV. RICHARD PAYNE of the First United Methodist Church offered a prayer as part of the ceremony and presented JESS with the certificate of appreciation. It was a fine tribute to a very worthy citizen. Hurry up, JESS, and get out of the hospital. Courage is half the battle of recovery and your friends know you have plenty

see by the columns where The Longview Daily News and Journal has editorially endorsed Congressman GEORGE BUSH of Houston for the U. S. Senate. In a strong appeal the editorial said in part: "After taking a long look at GEORGE BUSH, we are convinced that here is a man who speaks simply so the people can understand him, a man who acts honestly and openly so that he does not deceive or mislead, a man who talks confidently of his ability based on experience and performance, a man who is secure in his acceptance and position of influence in top administration circles where he is counted upon for leadership and support in Congress."

RS. H. GRADY SPRUCE, 7855 Wilton Hill Court, Apartment 130, Dallas, mailed in her renewal check this week. She is the widow of the late H. GRADY SPRUCE, a leading Dallas County educator in his lifetime, prominent Texan, oustanding leader in Rotary Club programs, and splendid gentleman. MRS. SPRUCE is a member of the distinguished HOUSTON family of this county. One of the larger schools in Dallas is named for the late MR. SPRUCE.

SUPT. MASSENGALE of the Flower Grove School District stays right on top of the educational requirement ball when it comes to getting legal and other important notices to the county newspaper so the patrons of the school district might be well informed at all times. He telephoned Tuesday morning to advise that a public reading of the Flower Grove School budget would take place at the school board council room on July 13 at 9 a.m. In this issue of the official county newspaper, the FG District has a legal notice of interest to the oil companies. It will be found elsewhere in this issue of the paper. The rules and regulations making the publication of legal notices mandatory for all meetings where taxpayers money is going to be spent have undergone a lot of legislative surgery in the past two sessions of the Texas Legislature. It will pay all administrators of public funds, both city, county, school, and state to brief up on the new laws and follow them. June is the month when preliminary reading of budgets are made. July is the month of the required legal hearings on said budgets.
