These Things We Note

By ED PIEL

No marriage is perfect: Even Adam and Eve raised Cain.

The season of tornado watches and severe thunderstorm warnings is upon us, and I for one am not quite sure how to interpret the warnings. For instance, a typical tornado watch will say . . . A tornado watch is in effect until x o'clock in this evening for the southwest portion of Oklahoma, and the north-northwestern portion of Texas, including the eastern half of the northern most part of nameless county. Also included in this watch is the area from a line 80 miles east of the New Mexico border to a line just east of Big Spring, Texas, and stretching north to the southern and eastern half of the panhandle area including the northeast section and southwest sections of nameless counties.

I don't know how the rest of you feel about the recent demonstrations in Washington, but it leaves me shaking my head. While I agree that the right to disagree and to express such disagreement is the basic right of all Americans, where should one draw the line between legitimate disagreement and outright lawlessness.

Personally, I feel the authorities should have stepped down hard on these "out-of-hand" demonstrations two or three years ago. But, instead we have had an endless number of these so-called protests and have been subjected to the sight of some of the worst behavior ever recorded on film. Of course, encouragement has been given to these protests by some of our elected officials, doubtless trying to prove something, though just what, I haven't been able to figure out.

And if anyone can enlighten me as to how undressing and standing nude on the steps of congress can in any way help end the war in Vietnam, I'd sure like to hear from them.

And naturally enough, along comes a psychiatrist with a ready explanation of causes and cures. Dr. John P. Spiegel, director of the Lemberg Center for the study of Violence at the redoubtable Brandeis University citing chapter and verse of what the government did wrong in handling the demonstrators.

Dr. Spiegel along with three other psychiatrists had this to say, "It seems to me, that the authorities in Washington behaved like parents in a delinquent family, which is extremely provocative insofar as guiding their children with respect to social behavior."

Evidently what he's trying to say is that its all our fault . . . which is the usual rubbish one comes to expect from a psychiatrist yet who didn't strike me as being a little bit on the other side of the mountain himself.

Well, as I said at the beginning everyone has a right to protest and demonstrate, and to petition the government for redress of grievances . . . but their right to demonstrate and express their rights stops when it interferes with my rights.

COMING EVENTS:

Thursday, May 13—Stanton Scale Steppers meet at 7:30 p.m. at Martin County Library; Southside Scale Steppers meet at 7:30 p.m. at the Day Care Center; Martin County Rodeo Assn. meet at 8:30 p.m. in Courthouse.

Tuesday, May 18—Martin County Home Demonstration Club meet at 2:00 p.m. in the library; Sr. Citizens meet at 3:00 p.m. at Cap Rock Electric Auditorium; Chamber of Commerce meeting at Chamber Office at 7:30 p.m.

Monday, May 17—Hardin-Simmons Choir at 9:30 a.m. in High School Auditorium.

Operators Complete 3 In Spraberry Trend Area

Operators completed three new producers, and filed application to drill a new project in the Spraberry Trend Area of Martin County.

Tom Brown Drilling Co., Inc. of Midland, accounted for two of the new development wells, both approximately 10 miles northwest of Stanton town-site.

No. 3-3 Woody, 1/2 mile south of the nearest producer, completed to flow 326 barrels of 39.6-gravity oil, plus 17 barrels of water on a 24-hour test. Gas-oil ratio was 1.225-1.

Production was through perforations at 8,418-9,072 which had been acidized with 3,000 gallons and fractured with 90,000 gallons and 180,000 pounds.

It spots 1,320 feet from south and west lines of section 3, block 37, T-1-N, T&P survey.

No. 4-3 Woody, located 1,200 feet from north and 1,320 feet from west lines of section 3, same block and survey, pumped 262 barrels of 39.4-gravity oil, plus 43 barrels of water, daily, through shot holes at 8,397-9,067 feet. It had been acidized with 2,000 gallons and fractured with 90,000 gallons plus 180,000 pounds of sand.

John L. Cox, Midland, completed No. 4 Kewanee, through perforated section from 6,786-8,325 feet. It pumped 89 barrels of 39-gravity oil and 16 barrels of water on a 24-hour potential test. Gas-oil ratio is 678-1.

Producing section had been fractured with 130,000 gallons plus 260,000 pounds.

Well-site is 1,980 feet from south and west lines of section 4, block 35, T-1-S, T&P survey, three miles northeast of Stanton.

Archie Oil Co. of Midland, staked No. 1 O'Jibway 1/2 mile south and east of the Trend Area in Martin.

Scheduled to be drilled to 9,200 feet, it spots 1,320 feet

from north and west lines of section 44, block 36, T-2-N, T&P survey, two miles southwest of Lenorah.

United State Smelting, Refining & Mining of Salt Lake City, Utah, completely No. 4 Holt as a 1 1/2-mile south extension to the Lacaff (Dean) field of Martin County.

On 24-hour potential, it finished to pump 155 barrels of 32.8-gravity oil, through perforations at 8,922-9,758 feet, which had been fractured with 90,000 gallons and 180,000 pounds.

Drilled to 9,840 feet, and plugged back to 9,802 feet, it has 5 1/2-inch casing set on bottom.

Location is 933 feet from north and west lines of labor 22, league 320, Garza CSL survey, eight miles northwest of Tarzan.

The Warsan multipay field of Midland County gained its fifth Devonian gas producer and a location north and east extension to that pay with recompletion of Texaco Inc. No. 3-A Midland Pee, former Ellenburger and Wolfcamp producer, 17 miles southeast of Odessa.

Calculated, absolute open flow was for 1,850 million cubic feet of gas per day, with gas-condensate ratio of 38-800-1. Gravity of the liquid was 69.9 degrees.

Production was through perforations at 11,789-11,956 feet, in 7-inch casing set at 13,409 feet, on total depth of 13,411 feet. Plugged-back depth is 12,436 feet.

Location is 2,634 feet from north and 1,980 feet from west lines of section 39, block 41, T-3-S, T&P survey.

North American Royalties, Inc. of Midland, No. 1-44 Judkins Estate, scheduled 11,800-foot test in the Azalea (Devonian) field of Midland County, was drilling below 11,589 feet in chert and lime, after re-

covering oil and gas on a drill-stem test taken in the Strawn.

Test was from 10,418-10,471 feet, tool open one hour, and surfaced gas in six minutes at the estimated rate of 600,000 cubic feet per day. It reversed out 1,450 feet of 56-gravity oil and gas. Flowing pressure ranged from 238 to 688 pounds, and one-hour initial and two-hour final shut-in pressures were 4,853 and 4,715 pounds, respectively.

It is located 6 1/2 miles south of the depleted Strawn gas opener and lone producer in the Spraberry Trend Area, and 18 miles south of Strawn gas production in the Azalea field. Drillsite is 1,200 feet from south and 1,917 feet from east lines of section 44, block 37, T-3-S, T&P survey, 17 miles southeast of Midland.

John L. Cox, Midland, has completed No. 3-F Buchanan as a 1/2-mile west extension to the Spraberry Trend Area of Midland County.

On a 24-hour potential test, it pumped 146 barrels of 39-gravity oil, plus 14 barrels of water. Gas-oil ratio measured 635-1.

Production was through perforations at 8,110-8,948 feet, which had been fractured with 90,000 gallons.

Operator drilled to a depth of 9,000 feet, and set 4 1/2-inch casing on bottom.

Well-site is 1,656 feet from south and 1,682 feet from west lines of section 32, block 37, T-2-S, W. M. Baldrige survey, seven miles east of Midland.

G. E. Kadane & Sons of Wichita Falls, has filed off-

(Continued on page 8)

Morgan Hall Selected For 'Who's Who In Politics'

Long time Martin County resident, Morgan Hall, has been selected to appear in the next edition of "Who's Who In American Politics." Hall received notification of his selection by mail from the editors of the volume.

The 1971-72 edition of "Who's Who In American Politics," will be published in the summer of 1971.

Hall has long been active in political activity in the state, and just recently Ben Barnes announced that Hall has been elected as a delegate to France, Russia, and Switzerland from the Texas Peace Party. The Peace Party is composed of citizens from all walks of life concerned with securing the release of prisoners of war in Southeast Asia.

FFA AWARDS — Jackie Rudd, left, received the 1971 Star Chapter Farmer Award Monday night at the FFA annual awards banquet. George Franks was presented the Green Hand Award as the top first year chapter member. Nolan Parker, Stanton FFA sponsor, made the presentations. Nolan said, "this is one of the finest groups I've been associated with, and they well deserve the many awards they earned this year."

Local SHS Student To Attend 11th Texas Nuclear Symposium

Lyn Herzog, a student at Stanton High School, has been selected to attend the 11th Texas Nuclear Science Symposium for high schools at the University of Texas at Austin June 7-10.

She will be accompanied to the symposium by John Anastasia, science teacher at the high school.

Texas Electric Service Company will sponsor them to the symposium, which is put on annually by the Texas Atomic Energy Research Foundation and the university. The foundation is made up of Texas Electric Service Company, and nine other investor-owned electric power companies in Texas.

Some 500 outstanding science students and their teachers from throughout the state will attend the four-day meeting. The students are selected by their schools for their scholastic standing and interest in science.

Scientists and engineers from industry and education will discuss nuclear physics and related topics, and two afternoons will be spent touring the science laboratories

at the university. Included will be a tour of the laboratories where experiments sponsored by the research foundation are being carried on in thermonuclear (fusion) research.

"This is a real opportunity for students interested in careers in engineering and science to see and hear about some of the latest achievements in nuclear science and other related fields," Don Tollison, company manager, says. "We are pleased that we can make this opportunity available to them."

The opening address at the symposium will be made by Dr. Edward Teller, professor of physics at the University of California, and associate director of the university's Lawrence Radiation Laboratory in Livermore, Calif. Dr. Teller, who helped develop both the atomic and hydrogen bombs, is presently involved with applications of nuclear energy, astro-physics and molecular physics, along with his science teaching.

Other noted speakers scheduled during the symposium include U. S. Representative

Olin E. Teague of Texas, a member of the House of Representatives' science and Astronautics Committee, who will give the commencement address on Thursday; Dr. H. O. Pollak, director of the Mathematics and Statistics Research Center for Bell Telephone Laboratories; Dr. Philip C. Johnson, professor of medicine and chief of the Radioisotope Laboratory at The Methodist Hospital, Houston; Dr. A. E. Robson, research scientist in the Plasma Research Center at the University of Texas at Austin; Dr. Robert G. Cochran, professor and head of the nuclear engineering department at Texas A&M University; Dr. W. Peter Trower, associate professor of physics at Virginia Polytechnic Institute, Blacksburg,

and Dr. Richard Caldwell of the Mobile Research Laboratories, Dallas.

Dr. Earnest F. Gloyna, dean of engineering at the University of Texas at Austin, is chairman of the symposium.

"Texas Electric Service Company and the Texas Atomic Energy Research Foundation are able to provide this educational opportunity for students and teachers because of our association with the university in the thermonuclear research program," Tollison says. "We are vitally interested in this research program. Nuclear fusion is an important potential source of energy for electric power generation. It also offers the promise of being able to generate power with minimum effect upon the environment."

Boys Ranch

Odus Wittenburg, 1971 West Texas Boys Ranch Roundup Chairman, has announced the selection of Wagon Bosses to assist in this year's fund raising effort in behalf of the

West Texas Boys Ranch located near San Angelo. Wittenburg has appointed Mr. Sammy Yates, of Tarzan Texas, to be Wagon Boss for Martin County. As a Wagon Boss, Mr. Yates will aid area ranchers and other interested persons in making donations for the 72 boys at West Texas Boys Ranch.

Wittenburg has also announced the addition of a Wool and Mohair program to this year's Roundup. Wool and mohair producers are urged to check with their Wagon Boss or wool warehouse on how to donate wool or mohair to benefit the Boys Ranch. Wittenburg said that emphasis on giving cash and livestock to the Roundup will be concentrated now through fall, and expressed the urgent need by the Ranch for donations at this time.

West Texas Boys Ranch has served over 800 Hard-Luck Boys of West Texas since it was organized in 1947. Boys come from various backgrounds of neglect, broken (Continued on page 8)

Awards Presented At Annual FFA Banquet

Jackie Rudd was named the Star Chapter Farmer at the annual FFA Awards Banquet held Monday night at Cap Rock Electric. Jackie was a member of the winning grass team, Range and Pasture team which captured honors at El Paso, Sweetwater, Texas Tech, and at the state meet. He was the fifth high individual at the National FFA Range and Pasture contest held at Oklahoma City. He received a trophy for his selection.

George Franke was named Star Greenhand of the local

chapter, and received a trophy. Franks was a member of the FFA Quiz Team, on the winning Grass team at Waco, El Paso, and Texas Tech.

Other award winners were: Brad Hull, agriculture mechanics; Mark Hursh, crop farming; Lynn Romine, Home Improvement; Michael Adams, public speaking; Rickey Kennedy, farm and home electrification; David Brown, electrification; David Brown, Agri-business; Steve Wood, and Gary Posey, soil and water management.

Elected area delegates

were: Gary Posey, Rickey Mims, and Gary Hanson. State delegates chosen were: Lynn Rogary Posey, with Rickey Mims as alternate.

Entertainment was provided by Larry Adams, who played the guitar and sang several songs. Michael Adams gave a speech on "synthetics in connection with agriculture."

Nolan Parker, FFA advisor, received a plaque from the senior boys, and a gift certificate from all members and the parents of the chapter. FFA Queen, Judy Costlow, was introduced to the guests.

Carla Perry Wins Lions Queen Title

"I couldn't believe it was really me, I was so surprised and stunned," said Carla Perry when she learned she had been selected as District 2-A Lions Club Queen.

Carla, a 16-year-old brown haired beauty, is the daughter of Mr. and Mrs. Gene Perry, who reside on a farm 12 miles from Stanton. She is a junior at Stanton High School. Carla is five feet, eight inches tall, with measurements of 37-28-38. She won out over 37 other contestants, representing 37 different area Lions Clubs.

First runner-up in the contest was Paula Kay Anthony, representing the Ballinger Lions Club, and second runner-up was Niki Stewart of San Angelo, representing the East Angelo Lions Club.

The other finalists and their sponsoring clubs were Cynthia Cook, Big Spring Downtown Lions Club; Candy Lane, Sweetwater Evening; Sarita Acklen, Midland Downtown; Sallie Richards, Bronte; Becky Sweeney, Brownwood Noon; Carole Tate, Midland Morning, and Evelyn Schwartz, Miles.

The new queen will represent this district in the state contest to be held next month.

Miss Perry plans to attend Texas Tech on graduation from Stanton High, majoring in Drama or home economics. She participated in a high school one-act play recently.

Carla is a member of Future Teachers of America, pep squad, and played on the A basketball team.

Active In 4-H Work

She has been active in 4-H Club work since she was nine years old, and has participated in numerous club contests. She likes to sew and cook, and to work with livestock. She and her brother have shown livestock in various stock shows the last several years. They showed a prize barrow to the championship of the El Paso Livestock Show last year.

The contest judges were Mrs. Charles Carruth of Andrews, Mrs. Guy Nees of Odessa, and Mrs. Donald C. Pease of Midland.

Duke Jmerson, a member of the Midland Downtown Lions Club and a past district governor of Lions, arranged and emceed the Queen Contest performance. He sang two selections in addition to his master of ceremonies assignment.

Especially impressive was the international flag presentation in which members of Midland Boy Scout troops participated, along with the contest entries.

A patriotic theme was followed in the performance, which was presented on stage, before an impressive background.

A youth rhythm choral group from the First Baptist Church of Midland, was featured in several popular selections.

Several humorous skits were intermingled with the contest events.

District Gov. Harry Wisheart, Jr. of Junction, and Carl O. Hyde, and Bob Baker, convention co-chairmen, assisted in crowning the new queen, and presenting awards to the runners-up.

Jack Ireton Received Ford Award

Jack B. Ireton of White Motor Company here in Stanton, has been named one of the nation's leading Ford dealership salesmen during 1970, and received a Ford Division Sales Award at a banquet held in Dallas on Saturday, May 8.

Charles J. Soderquist, Dallas district sales manager, said the Sales Award recognizes achievements almost to the top Hatter level — the highest honor any Ford salesman can earn.

In addition to Mr. Ireton, another White Motor salesman was honored at the banquet. Elmer J. Long received a 300-500 Club pin for 1970.

Mr. Soderquist said the average 300-500 Club member sold about \$750,000 worth of automotive merchandise in 1970 to qualify for the national honor.

County Women's Auxiliary Met Tuesday, May 11

The Martin County Women's Auxiliary met Tuesday, May 11, at 7:30 p.m., at the Belvue Motel and Restaurant. Mrs. Owen Kelly, president, presided.

It was reported that the Cancer Drive, conducted in the business district by members of the Auxiliary, brought in proceeds of \$382.00.

Since December of 1970, 500 shots have been administered at the Free Clinic, sponsored at by the MCWA. There will be one more Free Clinic held on June 2, before it is closed for the summer vacation.

Members attending the meeting were Mrs. Eugene Atchison, Mrs. D. M. White, Mrs. John Roueche, Mrs. Glenn L. Brown, Mrs. Bob Latimer, Mrs. Owen Kelly, Mrs. Ed Piel, and one new member, Mrs. Ed Lawson.

Local Students Apply For Degrees At Tech

Among the more than 2,700 students that have applied for degrees at Texas Tech University, are Becky Sue Long, Government; and Johnny Lynn Howard, Physical Education. The commencement exercises are scheduled for May 15.

William T. Pecora, acting Under Secretary of the Interior, will deliver the principal address at the 8 p.m. exercises in Lubbock Municipal Coliseum.

Texas Tech is a multi-purpose university with eight academic divisions: the college of Arts and Sciences, Engineering, Business Administration, Home Economics, Agricultural Sciences, and Education, the School of Law, and the Graduate School. Tech has a student body of more than 20,000.

First Baptist Church News

The Baptist Women's Current Mission Group met at the church Monday, May 10. "The Tossed About," was the subject discussed. Of the two and one-half million migrant laborers in the United States, thirty-five per cent are Mexican-Americans.

A former home missionary to the Spanish speaking says, "The impact of Christ on a life is the only solution for the problems of the migrant."

Those on the program were: Mrs. H. R. Caffey, Mrs. Sid Cross, Mrs. L. D. Striping, Mrs. Paul K. Jones, Mrs. Vena Fortune, Mrs. B. F. White, and Mrs. W. H. Yater.

The Missionary birthday calendar and scripture was read by Mrs. B. F. White, and prayers by Mrs. Cross, and Mrs. Fortune.

On Thursday, May 6, the Bethany Sunday School class met for a luncheon and business meeting at the First Baptist Church. Bible readings from the book of Ephesians, and prayer was given by Mrs. Jane Stovall.

Those attending were: Mrs. Oma Womack, Mrs. Ruth Holloway, Mrs. Verda Guerin, Mrs. Vivian Tippett, Mrs. Jane Stovall, and Mrs. Mae Yater.

Following the meeting, a visit was made to a new prospect for the class.

STANTON SCALE STEPPERS PARTICIPATED IN EXERCISES, MAY 6

Members of the Stanton Scale Steppers went to the Elaine Powers Salon in Big Spring, Thursday evening, May 6, and participated in exercises.

Mrs. Joe Barber was named Mother's Day queen. The next meeting will be Thursday evening, May 13, at the Martin County Library. Mrs. Homer Schwaibe, teacher of the Adult Night School in Stanton, will bring the program, concerning the school.

Members that went to Big Spring were: Mrs. Calvin McKenzie, Mrs. Prentiss Hightower, Mrs. W. A. Ringener, Mrs. Joe Barber, Mrs. Derwood Clardy, and Miss Kathy Stewart.

New Arrivals

Mr. and Mrs. Raymond Swanson announce the birth of a son born May 10. They have named him Paul Rudolph, and he weighs seven pounds, eight ounces. He joins a brother, Jimmy, 5, and a sister, Lea Ann, 3.

Mr. Swanson is a lab technician at the Martin County Hospital.

Congratulations to Mr. and Mrs. Ernesto Salazar on the birth of a son born May 4. They have named the infant Jerry, and he weight eight pounds, 11 ounces. Te joins six brothers, and sisters.

Stanton School Menu

May 17 Through 21:
Mon.: Cheese and meat pizza, buttered corn, English peas, chocolate pudding, and milk.
Tues.: Corn dogs and mustard, tomatoes and macaroni, celery sticks, lemon gelatin, corn bread, butter, and milk.
Wed.: Vienna sausage, beans, buttered spinach, French fries, hot rolls, honey butter,

Hospital News

Admissions from May 3 through May 9:

May 3: Lazaro Salazar, David Askew, Midland; Fabian Hinojosa; Raymond Hinojosa; Pearl Thomas, Midland, and Lydia Villa.

May 4: Mrs. Ernesto Salazar and infant son, and Eliay Rodriguez.

May 5: Elizabeth Harper, and Linda Henley.

May 6: Alma Bright

May 8: Maudie Davis, Sherlene Walker, Midland; Her-

man Fisher; and Bernice Sims, Midland.

May 10: Mrs. Raymond Swanson and infant son.

Dismissals from May 3 through May 9:

May 4: Lillie Graham, and Lazaro Salazar.

May 5: Alma Bright; Fabian Hinojosa, Raymonda Hinojosa, and Eliay Rodriguez.

May 6: Albert Earl Creech; Lydia Villa, and Mrs. Ernesto Salazar and infant son.

May 7: David Askew, Midland.

May 8: Mary Roquemore, and Linda Henley.

Study Club Held Luncheon

The Stanton Study Club met Tuesday noon, May 11, at the Texas Electric Reddy Room for their annual spring luncheon hosted by Mrs. Glenn L. Brown, chairman; Mrs. J. O. Stuard, and Mrs. S. W. Wheeler. Mrs. Bob Cox, president, presided.

The Study Club donated two books to the Martin County Library. One in memory of Mrs. Poe Woodard, who was

the first president of the club and the second in memory of Mrs. Betty Jo Rider.

Mrs. Velma Zimmerman presented the program by viewing the past year's activities of the library. Guests at the luncheon were Mrs. Velma Zimmerman, Harry Echols, and Miss Sanye Laws.

Members attending were Mrs. George Lawson, Mrs. F. Huling, Mrs. Don Tollie, Mrs. Alex Haggard, Mrs. Lawson, Mrs. B. F. Smith, Mrs. Bob Cox, Mrs. J. O. Stuard, and Mrs. Glenn L. Brown.

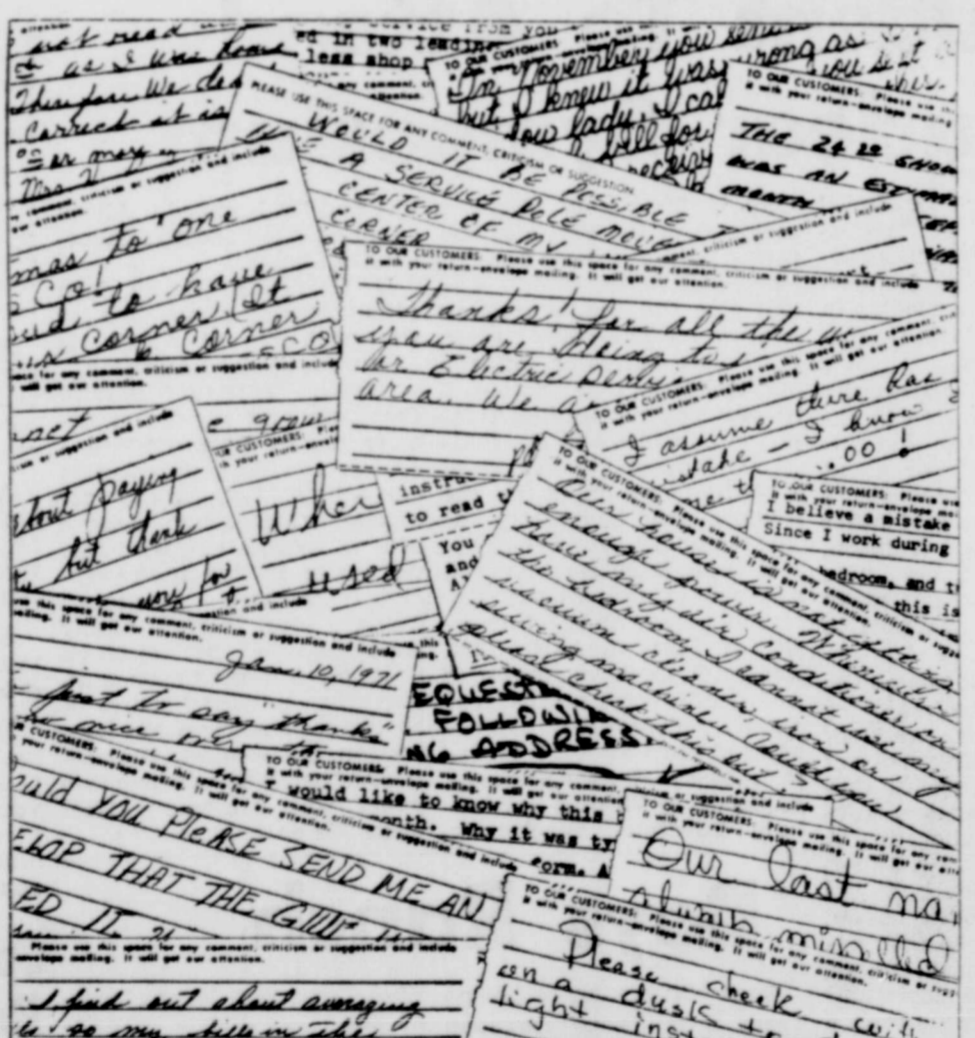

We wear this button...

to remind us...

to always wear this!

It's good to hear from you.

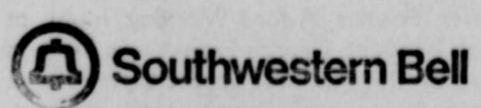

Many of our customers are using the customer comment space on the back of their service bills. And this is good. It's been put there for you to suggest ways we can improve the quality of our service. Whatever you have to say, we take it seriously. If you have a complaint and don't tell us, we may never realize you're dissatisfied with some part of our service. Once we know, we can do our best to make things right. When you have a service problem that needs immediate attention, please telephone our office. We'll move on it as fast as we can.

At Texas Electric, our People Power is at your service. **People power**

"Keep 'em happy!" That's our personal motto when we talk about your communications needs over the phone or face-to-face. We believe courtesy is contagious. An employee who's equipped with a smile is ready to do a

better job of giving you good service. And it's hard to be discourteous when you're smiling. But don't take our word. Try it. (P.S. The button reminds us that We May Be The Only Phone Company In Town, But We Try Not To Act Like It.)

Rebecca (Becky) Fryar
Engagement Announced

When turned loose to feed at will, a horse will eat himself to death, while a mule will eat only his fill.

Mr. Bill Fryar, Silver Hells Addition, Big Spring, announces the engagement and approaching marriage of his daughter, Rebecca (Becky) Fryar to Richard George (Dicky) Weaver, son of Mrs. R. G. Weaver, Big Spring. The wedding will take place June 1, 1971 at 8:00 p.m., in the Baptist Temple, Big Spring.

Becky graduated from Stanton High School, and Dicky graduated from Big Spring High School. He is now employed by K & T Electric.

**TEA TO HONOR
MR. AND MRS. BARBEE**

A retirement tea honoring Mr. and Mrs. H. J. Barbee will be held Sunday afternoon, May 16, between 3:00 and 5:00 p.m., at the home of Mr. and Mrs. James Eiland.

The tea is being sponsored by Wesleyan Service Guild, and Adult Bible Class of the First United Methodist Church. The public is invited to attend.

AD Club

Members of the Lakeview Home Demonstration Club heard the council report given by Mrs. W. J. Harlow, to the Home Demonstration Council, when they met Thursday afternoon, May 6, in the home of Mrs. E. P. Madison. Mrs. Alfred Franks, president, called the meeting to order, reciting the club prayer.

Roll call was answered with "an old wives tale." It was announced that the club made a donation to the cancer drive. Mrs. Horace Tubbs was voted as nominee to the Council, and of all the nominees of the club, a delegate will be elected to the state meet in September, in Dallas, in conjunction with the national meet. This is Texas sponsored, and it has been 20 years since they had a national meet.

Mrs. James Eiland, Martin County home demonstration agent, gave the program entitled, "Everybody is doing it to Their Home." She explained new trends in the home, such as color, balance, and the center of focus, such as oil paintings, hand crewel embroidery pillows, and house plants. Mrs. Eiland received the special gift.

Six members were present and guests were: Mrs. Lee Castle, Mrs. Gary Romine, Mrs. A. D. Murphy, and Mrs. J. R. Hopper.

The next meeting will be the visit to the Tomato House at Lake Thomas, which was planned and canceled. Refreshments were served.

Members present were: Mrs. Bill McIlvane, Mrs. Horace Tubbs, Mrs. W. D. Bryant, Mrs. Alfred Franks, Mrs. W. J. Harlow, and Mrs. E. P. Madison.

Local News In Brief

Dinner guests at the home of Mr. and Mrs. L. C. Hazelwood on Mother's Day were: Mr. and Mrs. Cliff Hazelwood, Jr., Amy and Tere Lyn; Debra Hazelwood, McMurry College; Anita Campbell, Dallas; Mr. and Mrs. Carl Herzog, and Gregg, Lubbock; Mrs. W. E. Hazelwood, Mrs. Bess Brown, Mrs. Paige Eiland, Craig and Paiga Lou.

There were five generations present: Mrs. W. E. Hazelwood, Mr. L. C. Hazelwood, Sr., Cliff Hazelwood, Jr., Mrs. Carl Herzog, and Gregg Herzog.

Mr. and Mrs. Wes Morgan and Mrs. Henry Pinkerton spent part of last week in Temple. Mrs. Morgan and Mrs. Pinkerton went through Scott White Clinic. While there, they also visited with the Morgan's son, SP 4 Carlis Morgan, who is stationed at Fort Hood. On their return trip, Carlis came back as far as Ballinger with them, where they visited with the Morgan's daughter, Debby Carlis and Debby are grandchildren of Mrs. Pinkerton.

Spending Mother's Day in the home of Mr. and Mrs. Henry Pinkerton were their four children, and part of their grandchildren; Mr. and Mrs. Charlie Pinkerton, Rita and Johnny; Mr. and Mrs. Wes Morgan; Mr. Kay Pinkerton, Danny, Sue, Beverly, and Steve; Mr. and Mrs. Herman Lander, Jr., Shandal, and Kresl.

Mr. and Mrs. Wes Morgan attended an Awards Dinner in Midland at the Elks Club Thursday night, May 6, honoring members and sponsors to the Twilight Bowling League.

The Roadrunner Aerial Spraying team finished in first place. Team members receiving individual trophies were: Anita Blocker, Bennie Brockman, Hope Schuelke, Pebble McLane, and Midge Olive. Accepting the plaque presented to Roadrunner Aerial Spraying, as sponsor of the first place team, was Mrs. Wes Morgan. Roadrunner Aerial Spraying has sponsored this same team in the Twilight League for the past two years.

Mother's Day weekend guests at the home of Mrs. Flora Morris, were her grandson, Larry Neil, and his wife. On Sunday they went to Tornillo to spend the day with Mrs. Morris' daughter and son-in-law, Mr. and Mrs. Bill Neil. On Tuesday, May 11, Rev. and Mrs. Will Ezell from Nixon, Texas, were guests of Mrs. Morris.

**HARDIN-SIMMONS
CHOIR TO
APPEAR HERE**

Hardin-Simmons University Concert Choir, under the direction of Dr. James Cram, will present a concert at Stanton on May 17, at 9:30 a.m. in the High School Auditorium, during its annual spring tour, May 16-23.

This 45 voice choir will present selections such as "Psalm 90," by Charles Ives, as well as other hymn arrangements, spirituals, and anthems.

Pine trees are less likely to be struck by lightning because their resin interperes with their conducting of electricity.

**Symphoniet Class
Presents Program**

The fourth grade symphoniet class under the direction of Mrs. John Wood, presented their last program of the year to the third and fourth grade classes on Thursday, May 6. They played pieces including two and three part harmony, and two-tune songs. At the conclusion of the program, they received merit certificates.

The class consisted of the following pupils: Kendel Blocker, Ben Bowlin, Robert Cowan, Vicki Cox, Donetta Douglas, Mitch Elmore, Dale Green, Lanny Hanson, Glee Henson, Tony Henson, Cindy Herzog, Tracy Klein, Polly Lewis, Tommy Morrow, Charles Phillips, Fabian Sanchez, Karla Simpson, Todd Smith, Charles Straub, Miles Tollison, and Randy Turner.

**Former Resident
Dies At Houston**

Marion (Pete) Wyatt, 58, 13041 Flagstaff, Houston, Texas, passed away Sunday, May 2, 1971. He was a veteran of World War II in the Navy. Wyatt is survived by his wife, Lucille, of Houston; brother, D. B. Wyatt, Stanton; sisters, Mrs. Leland Hedrick, and Mrs. Loyd Hasting, both of Stanton; Mrs. Modean Wilkinson, St. Lawrence, South Dakota.

Services were held at 2:00 p.m. Wednesday, May 5, at Earthman's Fannin Street Chapel. Interment was in the VA Cemetery, Houston, Texas. Mr. Wyatt came to Stanton when he was 12 years old, and lived here until he went into the service during World War II.

**Wind Song makes
The Clean Scene.**

Makes it prettier. Softer. Fragrant-er. Because now Wind Song comes in things to splash, bathe and shower in too. Bath oil, body lotion, after-bath splash, everything nice. Everything super-moisturizing too.

Every true Wind Song girl will see the advantages without further ado. The Wind Song "Clean Scene" Collection by Prince Matchabelli.

HURRY . . . OFFER IS FOR LIMITED TIME ONLY!

THE STANTON REPORTER

Tear this out—send it to a friend in another city—ask them if they will run this in their newspaper.

Officers and directors of Plains Cotton Growers, Inc. are joining other leaders across the state in urging a large and favorable vote May 18 on Amendment 4 to the Texas Constitution.

According to Donald Johnson, Executive Vice President of PCG, passage of Amendment 4 will help provide the financing necessary to "get on with the job of solving the State's long range water problems, including the well documented problems of the High Plains."

Texas voters had the opportunity on August 5, 1969, to approve a bond issue that would have gone far towards authorizing funds to implement the Texas Water Plan which contemplates redistribution of the state's available

water supplies as well as the importation of water from out-of-state sources.

"But," Johnson says "by a paltry 6,000 votes, the bond issue at that time failed. High Plains voters voted 10 to 1 for the issue, but barely more than 26 percent of the eligible voters went to the polls, and that wasn't enough." Significantly, if only another 5 percent of the voters in the Plains had voted, the bond issue would have carried.

A favorable vote May 18 on Amendment 4 will mean (1) funds to assist with construction of waste water treatment facilities in Texas, (b) continuation, beyond 1982, of Texas Water Development funds previously approved by voters, and (c) authority for the

OUR SOIL ★ OUR STRENGTH MARTIN-HOWARD-MIDLAND SOIL CONSERVATION - SOIL CONSERVATION - DISTRICT NEWS

Each year during May the Soil and Water Conservation Districts in America celebrate Soil Stewardship Week. The dates for 1971 are May 16-23.

Many of us when we hear the term stewardship immediately think of men in the ministry as those who are qualified to speak on the subject. Many of us also take the attitude that we are not affected by stewardship of our resources, but this is no true. Most of us would like to pass responsibility on to a few not recognizing we all have an interest, a stake, or a share in the stewardship or conservation and development of these resources.

Good food and clothing is important to all mankind — however, many countries do not enjoy the wonderful food States often overlook as a blessing. Neither are many nations well dressed. Good stewards will help keep us well fed and well dressed. They will keep the soil where it is so that they do not contribute to the silt that fills the lakes we depend on for our water supply — and incidentally silt is also a pollutant. Good stewards not only are developing and conserving our future generations but will make more money with less expense today than those who do not. Ask your bankers or other loaning agencies which is the better loan risk — the conservationist or non-conservationist.

The schedule of premiums and discounts for eligible qualities of 1971-crop upland cotton, to be used by Commodity Credit Corporation in making loans to producers, was released May 4. Loan premiums and discounts are generally narrower than those in effect for the 1970 crop, reflecting spot market prices for cotton recorded over the nine month period August through April.

The trend toward smaller differences between loan values for higher and lower qualities and longer and shorter staples began in 1970 as a result of the supply-demand relationships of the various classifications. For the past two years the supply of shorter staples and lower grades of cotton has been somewhat restricted, generally speaking, and in some instances very tight, while the supply of higher white grades of medium and longer staples has been relatively plentiful.

The base loan rate for Middling 1-inch cotton, basis 3.5 to 4.9 micronaire and net weight at average location, for 1971 is 19.5 cents per pound. That rate was based on gross weight and average-of-the-crop micronaire.

The loan rate for Middling 1-inch cotton at Lubbock area warehouses, excepting Floydada, last year was 20.20 cents per pound, five points below "average location." Floydada rate was the same as the

average, 20.25 cents. However in this year's announcement, USDA said "Minor revisions were made in the 1971 location differentials because of increased transportation costs."

Conservation and Stewardship will and is doing much toward keeping our country beautiful. It is responsible for the bountiful supply of wildlife, lovely woodlands, and clear streams for better and more enjoyable recreation. These things we all have an interest in and a share of the responsibility lies with each of us.

The extent of these revisions, according to a spokesman from CCC's New Orleans office, has not been finally determined. Freight rates have been increased since last year to both the northeast and southeast, which presumably means the "location differential" for cotton on the Plains will be greater than last year's five points. However, the Washington announcement would not exceed 10 points for any warehouse location.

Until the location differentials are known, calculation and publication of physical loan prices will be impractical.

The economy of our state and nation is greatly affected by Stewardship. In Texas, agriculture is second only to oil as the biggest industry. Although only about 8 percent

of our people are actually farmers or ranchers, over 40 percent of our people are employed to handle agricultural products. Processing and distribution employs many people.

Our agriculture in America uses more steel, rubber, petroleum, and chemical products than any other industry—add these few examples to many more, and then ask yourself

whoever you are, or whatever you do, if you do not have a share of the responsibility for Stewardship of our resources. Let us remember

Teachers Held Golf Tournament

The Martin County Invitational Teachers Golf Tournament was held Saturday, May 1, 1971. Teachers, school board members, and other school personnel were entered in the one day 18-hole affair. First, second, third, and fourth were given in two divisions, handicap and no handicap.

Winning the first place trophy for the best low score with no handicap was J. W. Massengal, Superintendent of Flower Grove School; second place trophy went to Bill Young, Stanton High Athletic Director; third place to Tommy Gregory, Stanton coach, and fourth place to Dwain Henson, Stanton board member.

In the handicap division, first place trophy went to J. W. Massengal, Flower Grove; second to Ted Gate, Flower Grove; third and fourth place was a tie between Dwain Henson and Bill Young of Stanton.

The boogie prize for the highest score went to Melvin Chisum of Flower Grove. A total of eighteen players were entered, and plans are being made to invite more schools next year for a bigger and better tournament.

Beta Sigma Phi News

Xi Epsilon Delta, Beta Sigma Phi Sorority met May 6, at 7:30 p.m., in the home of Jean Koonce. Allie Anderson, president, presided. The chapter voted in favor of the Pediatric Hematology Laboratory at San Antonio, as a state project for the coming year.

Helen Thrallkill reviewed the books, "A Gift of Prophecy," and "My Life and Prophecies," by Jeanne Dickson. Alyne Kelly discussed "Body Language."

Members present were Alyne Kelly, Mary Payne, Lois Powell, Obera Angel, Beulah Mae Hall, Bert Schwaibe, Jean Koonce, Robbie Graves, Helen Thrallkill, Edith Chenault, and Allie Anderson.

The next meeting will be held on May 20, at the home of Vanita Waid in Midland.

English Language Program Now In Fifth Year

The English Language Arts Program conducted by the Stanton Independent School District, and funded by E.S.E.-A, Title I has been in operation for four and one-half years, with Mrs. Beth Barbee as instructor.

This program is designed for the child who is having difficulty with his language, and is not reading up to expected levels.

Each year sixty students are selected to participate in this program. Some of these people make rapid advancement, and are allowed to go back to the regular classroom during their first year of participation, while others need two or even three years to reach a language level considered satisfactory.

Through the use of reading machines, listening devices, and visual instructional media. Any student can increase his read speed and comprehension regardless of his academic abilities.

The reading materials are not traditional in that they are high interest stories written at the child's level of reading. Simple stated, a fourteen year old student likes to read about football, or social activities instead of Jack and Jill, or Puffy the Frog.

The Stanton schools try to design and operate the program for the benefit of the individual child. The attitude of the child's parent is considered and his advice sought. A community committee is selected each year to help the school officials plan the operation of the program so that it has every chance of achieving the ultimate benefit to the population we are permitted to serve.

Resident's Kin Dies At Lamesa

Mrs. Eva Hall, 83, died Monday morning at the Medical Arts Hospital in Lamesa, following a lengthy illness. She had been a resident of Lamesa since 1924.

Funeral services were held Tuesday, May 11, at 2:00 p.m. in the Downtown Church of Christ, with Bill Allen and Wesley Mickey officiating, and burial was in Lamesa Memorial Park under the direction of Branon Funeral Home.

Mrs. Hall was born November 14, 1887.

Survivors include four daughters, Mrs. G. W. Stewart, Weatherford; Mrs. Eddie Clifton, Lubbock; Mrs. L. C. Scott, Albuquerque, N. M., and Mrs. Mildred Lee, Stanton; one son, Ed Hall, Stanton; two sisters, Mrs. Helen Click, Irving, and Mrs. Ocie Tennison, Fort Worth; two brothers, W. J. Ballow, Weatherford, and J. L. Ballow, Stephenville; eight grandchildren, and 12 great-grandchildren.

Resident's Kin Dies In California

Betty Jo Rider passed away Wednesday, May 5, in Community Hospital, Santa Cruz, California, at the age of 47. Her home was in Davenport, California.

She was born and reared in Martin County, and graduated from Courtney High School.

She is survived by her husband, Bill Rider, five daughters, and one son, of California; one brother, Edward G. Stewart, Midland; two sisters, Virginia Collins, Midland, and Barbara Jane Smith, Plain-

An outpatient gets hospital care without staying overnight. In the last ten years, outpatient visits in hospitals registered by the American Hospital Association have increased by 71 per cent. Inpatient days have increased by only 28 per cent.

Birmingham is England's second largest city.

An average bale of cotton weighs 480 pounds.

view, and her parents, Mr. and Mrs. Joe Stewart of Stanton. Interment was in Santa Cruz, California.

Tax Man Sam Sez:

Remember your resolution that you made a couple of weeks ago who you filed your tax return? You can also recall that you didn't keep good records after resolving to do it last year and the year before. Just about everybody will agree with you that going through a mess of stuff to make up your tax return is a mess. However, if you are going to keep good records this year you need to start now.

STATE-LOCAL TAXES DOUBLE

John Q. Taxpayer knows that his taxes have been increasing, but does he realize HOW MUCH? During the 12 year period, 1957-1969, state and local government taxes per person more than doubled in all but 10 states, according to data compiled by the Tax Foundation, Inc. and reported in the April 1971 issue of FINANCE FACTS, a monthly report on consumer behavior published by the National Consumer Finance Association.

If John Q. lived in Delaware, he realized the greatest percentage rise in state and local taxes — 170 per cent. In other words, for every \$100 John Q. was paying in taxes in 1957, he was paying \$270 at end-1969. In Maryland, the rise was 156 per cent, New York, 153 per cent and Nebraska, 151 per cent.

If John Q. lived in Louisiana or Montana where taxes increased only 86 per cent, he would have paid \$186 in 1969 instead of the \$270 he paid in Delaware.

A portion of John Q.'s tax money, if he lived in Maryland, would have been spent on welfare — where spending on this government function went from \$27 million to \$193 million, up 615 per cent. In New York, welfare spending rose 515 per cent (\$359 million — \$2.2 billion) while in California, a 449 per cent rise (\$416 million — \$2.3 billion) was reported.

Philosopher Comes Out With A New Idea For Postal Service Faster Than Air Mail

(Editor's note: The Martin County Philosopher on his grass farm on Mustang Draw, comes up with a new idea, his, not ours, for faster mail service).

Dear editor:

According to an article I read in a newspaper last night which was three days old but still better than the re-run on television, the Post Office Department in Washington has worked out a speeded-up mail delivery system whereby it'll guarantee an air-mail letter will get to its destination in 24 hours within an area not more than 600 miles away. Further away, it'll take two days.

To pay for this speed, the post office's word, not mine, the cost of an air-mail stamp will be increased.

I have been thinking this over and have begun to wonder why the Post Office Department, if it's convinced there are enough people within 600 mile of Stanton who have to have their mail within 24 hours, doesn't come into the modern age.

Why doesn't it issue a special Pickup Truck Stamp? With the country now inter-laced with good roads, any pickup truck can get to any point within 600 miles of here in far less than 24 hours. That'll beat airplanes all hollow.

Why haul mail say in New York City out to some distant airport, load it on a plane, fly

it to Boston, land after waiting for air traffic to clear, unload it at the airport there and haul it in to the post office, when you can back a pickup up to the first post office, load the mail on, and take off for the next city and be half-way there before an airplane can make up its mind to take off?

Under this new service, people in no hurry about their mail could stamp their letters AIR MAIL, and those in a hurry could stamp their PICKUP TRUCK. It would be the prestigious thing to do.

If you think this is a good idea, write the Postmaster General a letter now so he'll have plenty of time to get it before mid-summer.

Yours faithfully,
J. A.

Boys - - -

(Continued from page 1) homes, and are generally dependent on someone to provide food, clothing, and shelter for them. West Texas Boys Ranch is supported entirely by tax deductible donations from the public. The Annual Roundup is one of their major fund raising efforts of the year providing bread and butter, and shoes and socks money for the boys. West Texas Boys Ranch is located 17 miles west of San Angelo at Tankersley, Texas.

Operators - - -

(Continued from page 1) cial potential test with the Railroad Commission for its No. 1 Morgan Ranch, Howard County dual Wolfcamp and discovery, five miles southeast of Big Spring, and 1 1/2 mile west of a recent lower Wolfcamp pay opener.

From the Wolfcamp, it finished to pump 57.60 barrels of

oil ratio measuring 742-1, through perforations at 7,204-7,300 feet, which had been acidized with 13,250 gallons.

From the Leonard, it completed to pump 178.32 barrels of 34.4-gravity oil, with gas-oil ratio of 499-1, through perforations at 6,704-6,735 feet, which had been acidized with 5,750 gallons.

Drilled to 7,515 feet, and plugged back to 7,415 feet, it has 5 1/2-inch pipe set at 7,485 feet.

Top of the Leonard was picked at 6,676 feet, and Wolfcamp at 6,790 feet, on kelly bushing elevation of 2,685 feet.

Operator earlier had reported a commingled potential of 96.4 barrels of oil through both set of perforations.

Location is 1,980 feet from north and east lines of section 27, block 32, T-1-S, T&P survey.

We are lucky to be citizens of a country where we can say what we think without thinking.

Area Students Degree Candidates

Among the nearly 400 students that have been named graduate and undergraduate degree candidates during 1971 spring commencement exercises held Sunday, May 9, at Abilene Christian College, were Guy Story Brown, son of Mr. and Mrs. Glenn L. Brown, Stanton, and Janelle Tate, daughter of Mr. and Mrs. R. H. Tate, Tarzan.

Brown's candidacy was for a BA history major and philosophy minor, and Miss Tate, a BSEd, elementary major, and music minor.

Dr. Billy Mac Jones, president of Southwest Texas State University in San Marcos, was the featured speaker during the 2:30 p.m. ceremonies in the college's Moody Coliseum-Auditorium.

It's a good idea to contact your social security office about three months before you retire.

(Taurus, April 21 — May 21)

Gardens are highly regarded by those born under the sign of Taurus, as is the fresh air of the countryside. They are generally contented with their possessions which seem to grow on them. Not particularly enterprising, they prefer to conserve, prosper and cultivate success in well-tried ways.

But overstress or misuse of these traits make it difficult to root out inertia, stodginess,

obstinacy and a tendency to suspicion of more active persons. One way in which they can circumvent these attitudes is by sending flowers to loved ones who'll never soft-pedal their thoughtfulness.

Pink is the color for Taurus, who tend to be reliable, careful, steadfast persons of pleasant ways. Emerald is their birthstone and the hyacinth their flower, say FTD florists.

They are better in a position of trusted responsibility rather than as a "go-getter," better in the country than in town, and better where they can deal with art and beauty rather than where they might be upset by too much movement. And Taurus are not the ones to bull their way to the top.
