## Stanton Music Club Hosts District 12 Conference

Stanton Music Club will be hostess Saturday to the Eleventh Annual Conference of the Twelfth District of the Texas Federation of Music Clubs. Delegates are expected to attend from Midland, Odessa, Pecos, Big Spring, Alpine and Stanton.

The First United Methodist Church will serve as official headquarters for the conference, which is scheduled to begin at 8:00 a.m. Saturday with registration at the church. Coffee will be served in the church foyer. The executive board will meet at this time.

welcome the group to Stanton at the official opening of the business at 9:00 a.m. Bob Deavenport, president of the Martin County Chamber of Commerce, will also welcome guests.

The call to order for the formal opening of the conference, will be given by Mrs. Robert Sewell, district president from Odessa. She will also give the main address.

Following her talk, reports from club presidents, district officers and district chairmen will be given. The reports will be interspersed by musical interludes from representatives of each club in the district.

Mrs. Leake J. Ward of Odessa, President TFMC, will be honored at the luncheon at noon in the church. She will also be the luncheon speaker and will give plans and purposes of the federation of music clubs.

Reports and business will continue in the afternoon. A new slate of officers for District 12 will be elected and installed at this time. Immediately following the close of the business session the Federated Choir Concert will be presented at 2:30 p.m. Choirs on the program include Howard County Junior College Choir, Sul Ross Choir, Odessa College Choir and high school choirs from Big Spring, Midland and Odessa. There will be no admission charge and the concert will be open to the public and everyone is invited to attend.

**To The Point**  
By BUDDY NORVILLE

The bon fire Friday night took me back several years to my high school days. We used to have competitive bon fires at Munday High School. Well, one time we did. You think that one bon fire was hot. Try to imagine four of them burning at one time. THAT was hot.

Getting material for a bon fire was always a big problem. No one ever had anything to donate for the cause. We usually ended up cutting dry mesquite trees in small enough logs to burn and a few that weren't quite small enough.

I guess putting an out-house atop the pile of what-ever-else you could find is as traditional as the bon fire itself. And you know, those things started getting scarce. One year we even had to build one (out of cardboard). As often as not, one was lifted that should not have been. Someone was almost always on the carpet for an out-house theft. Back then some people still used the two-holer. Not everyone had five rooms and a bath, for some it was four rooms and a path.

One such family lived out in the country a few miles from town. The story goes that one fall morning the man of the house stepped out the back door and discovered his back porch was missing. Nothing there! (It wasn't burned yet, but it was gone.) This brought no small amount of choice words for someone who stole his blanket-blank porch. Well, he completely forgot where he had started. And it was just as well, because his out house was gone too.

I think everyone had a good time Friday night at the ball game. This was the first time this season that I had a chance to get down on the field and take some pictures of the action, as Roy Pitchford was over from Midland to sub for me in the press box. I'll admit, I'd rather be down on the field where the action is than cooped up in the press box.

I discovered that you need good reflexes along the sidelines as well as on the field. Sometimes the plays end up out of bounds and whatever is on the sidelines must move or go down with the play. But a good photographer might stay with the action to get a better picture. This happened to the photographer from Big Spring Friday night. He waited until the last minute to ditch, only it was too late. He went down, camera in hand, beneath players of both teams. He escaped the mishap, however, with only a bump on the leg.

See you all at Seagraves, as the Buffs make it two wins in a row. Congratulations, Buffs, on breaking the losing streak at 21.

**HOMECOMING QUEEN** — Miss Charlotte Morris was crowned Homecoming Queen at halftime Friday night.

### TB Clinic at Grady

There will be a T.B. Test clinic at the Grady School on October 12 from 1-3 p.m. The reading of the test will be on October 15, from 1-3 p.m. Mrs. Pearl Cobb will be the Public Health Nurse. The test is free and everyone is welcome.

### 7th Grade Picks Class Officers

In a class meeting Wednesday the seventh grade of Stanton Junior High elected the following class officers. They are: president, Bimbo Allred; vice - president, Joe Dean; secretary and treasurer, Vickie Christian; and reporter, Scott Creech.

Seventh grade sponsors are, Mrs. Bill Decker, Mrs. James Lewis, and Mr. Charles Pinkerton.

**STATE REPRESENTATIVE** — E. L. Short, State Representative, is greeted by Morgan Hall, Mr. Hall is County Democratic chairman. Mr. Short was in town last week to speak to the Lions Club.

### Homecoming Set Friday at Tarzan

The Tarzan Homecoming will be this Friday, October 8. The Football team will host the Union Wildcats. The game will begin at 8:00. Tickets will be \$1.00 for adults and 25c for children.

The senior class will have chili, frito pie, sandwiches and drinks on sale from 5:30 to 6:45 and after the game. A reception for the exes will be held in the cafeteria after the game. If anyone knows of any exes who may not know of the homecoming, please contact them. The 1956 class will be honored.

**CAPITAL CREDIT REFUNDS** — Refunds amounting to more than \$82,000 were returned October 1 by Cap Rock Electric Cooperative, Inc. Nancy Swinks, Capital Credit Clerk, is shown preparing the refunds for mail out.

**COMING HOME QUEEN** — Candidates for Coming Home Queen were | to r, Carol Ringener Anderson, Donna Swanson Boyce, and Sara Mott Blocker. Sara Blocker was crowned Friday during halftime activities.

### Martin County Cancer Unit Gets Report On New Machine

The Martin County Unit of the American Cancer Society met Monday evening, October 4 at the Martin County Library. Mrs. Marvin Standefer, president presided and reported that the unit would meet in the month of November, January, March, April, and May of 1972. The treasurer's report was given by Mrs. John Roueche. Memorials for the month of August was \$37.00 and for the year totals were \$193.00. Mrs. Bob Cox has been named Crusade Chair-

### Cap Rock Returns \$82,417 in Refunds

Cap Rock Electric Cooperative, Inc., Stanton, returned \$82,417 to its member - owners for patronage capital refund for the year of 1963. This makes the 15th consecutive capital credits refund to the members of the Cooperative. With the refund being made October 1, plus, the \$1,856,781 returned to member - owners in previous years, the grand total of patronage capital refunded amounts to \$1,939,198.

Those present were Mrs. Caldonia Daugherty, Mrs. John Roueche, Mrs. Villa Wilkinson, Mrs. David Young, Mrs. Glenn L. Brown, Mrs. Jimmie Sawyer, Charles Miller, Mrs. Raymond Torp, and Mrs. Marvin Standefer.

### Cap Rock Board Tour Lines

Directors of Cap Rock Electric Cooperative recently spent a day inspecting the south and west portions of the Cooperative's electric distribution system. The tour gave Directors an opportunity to observe progress of new line construction in areas where there is considerable irrigation and oil activity at the present time.

Stops were made throughout the tour to look at special equipment on the power lines, metering points, oil field installations, irrigation pumping plants, all - electric cotton gins, and other agricultural and commercial loads. Portions of Martin, Reagan, Upton and Midland counties were visited during the day. Cap Rock Directors plan to make similar inspection trips to other portions of the Cooperative's system in the near future.

### Don Jackson Guest Speaker Of Farmers

Don Jackson of Lubbock County will be the guest speaker at the annual convention of Martin County Farmers Union to be held at Grady School Saturday, Oct. 9, 7:30 p.m.

Jackson is a senior at Roosevelt High School. He has been a member of Roosevelt 4-H club for six years and in FFA for three years. His projects are, public speaking and livestock. His most recent awards include: first place in Public Speaking—71 District II Senior Division; first place, Public Speaking — 71 4-H State Roundup; and first place in the South Plains Cooperative Oratorical Contest.

T. J. Godwin and C. C. Gregg will furnish entertainment and refreshments will be served.

In the business session directors and officers will be elected for the coming year. Out going directors are Ronnie Deathridge and Mike Holcomb. Outgoing officers are Newell Tate, president; Charles Hale, vice - president; and H. D. Howard, secretary - treasurer.

The public is invited to attend.

Don Jackson

### Mrs. Robert W. Sewell District 12 President

Mrs. Robert W. Sewell (Jo) has been active in National Federated Music Club work since 1950. She was first a member of the Odessa Music Study Club, and became a charter member of the Tuesday Morning Music and Arts Club. She is at present a member of this club.

Mrs. Sewell came to Odessa in August, 1949, and has since that time been a private teacher of piano and voice. Previously, she had been a professional singer in New York City, appearing in musical comedy, operetta, and serving as church soloist. She attended the Julliard School of Music in New York with a major in voice and minor in piano. After schooling, coaching, and performing for 10 years, she came to Odessa with her husband to make her home. There are two children, Melanie, a Sophomore at S.M.U., and Richard, a sophomore at Odessa High School. Mr. Sewell is also a private

### Mrs. Leake Ward Active President

Mrs. Leake J. Ward, State President, Texas Federation of Music Clubs, has been active in the Federation for many years. In her own words Mrs. Ward says that "Music is her first love," and she has studied piano all her life. She has taught music and English in public schools for several years. Mrs. Ward holds degrees from Howard Payne and from the University of Texas at Austin. She also attended the University of Colorado and the University of Southern California. In her hometown of Odessa, Mrs. Ward is active in church, civic and community affairs. In the Music Federation she has served as Odessa Music Study Club president, as District 12 president and has held several chairmanships on the state level. She has traveled many miles over the state of Texas and to other states in the interest of good music. Saturday Mrs. Ward will be honored at the Music Luncheon where she will also be guest speaker. The annual Texas Prison Rodeo is in progress, and will be held every Sunday during the month of October.

### Mrs. Leake Ward Active President

Mrs. Leake J. Ward, State President, Texas Federation of Music Clubs, has been active in the Federation for many years.

In her own words Mrs. Ward says that "Music is her first love," and she has studied piano all her life. She has taught music and English in public schools for several years. Mrs. Ward holds degrees from Howard Payne and from the University of Texas at Austin. She also attended the University of Colorado and the University of Southern California.

### H-SU To Present Student Recital

A new student recital will be held Tuesday at 7:30 p.m. in Hardin - Simmons University's Cardwell Recital Hall, according to Dr. T. W. (Jack) Dean, head of the School of Music.

Appearing on the program will be Ralph Hendley, mariamba, Marietta, Ga., sophomore, accompanied by Tom Pinkerton, Stanton freshman, "Chaconne," by Durand.

**DIRECTORS OF CAPROCK ELECTRIC** visited with Carlos Dusek and Robert Latzel on a recent inspection tour of the Coops. distribution system. Pictured here in irrigated cotton on the Dusek farm near Midkiff are, l to r, Directors Bob Cox, Alfred Schwartz, Dusek, C. Roy Russell, Glenn Cantrell, Raymond A. Pribyla, Neil Fryar, Paul Adams, Latzel, and Edgar Phillips.

**WINNING FLOAT** — The Junior class entered the winning float in the Homecoming parade. Shown on the float are, Larry Lawson and Molly Adkins.

**SECOND PLACE** — The Senior class was awarded second place for their entry. Miss Charlotte Morris, who was crowned Homecoming Queen, is shown riding on the float.

**Bond Sales At 91% of 1971 Goal**

Purchases of Series E and H United States Savings Bonds in Martin County during the month of August totaled \$3,536, according to County Bond Chairman James Jones. Total sales for the eight-month period were \$27,341 for 91 per cent of the 1971 sales goal of \$30,000.

Texas purchased \$18,190,740 in Series E and H during August for a 20.7 per cent increase over the same month of 1970 and believed to be the highest sales during any August since World War II. Total sales for the eight-month period of both series in Texas were \$136,917,471, over \$15 1-2 million above the same period last year, a 12.9 per cent increase.

Nationally, E and H Bond sales totaled \$516 million for 33 per cent above the same period in 1970, a record for any August since 1952. Year-to-date sales amounted to \$3,759 million — 19.4 per cent above a year earlier.

**Highway Dept. Lets Contracts**

AUSTIN — Contracts for highway construction in the Odessa district have been awarded by the Texas Highway Commission.

The work will be under the supervision of District Engineer Paul H. Coleman, and will be in Reeves and Martin Counties.

South Texas Construction Company of Corpus Christi was awarded a contract for grading, structures, base and surfacing on 3.8 miles of Pecos to 3.8 miles northward. Marshall D. Huffman of Pecos is the Highway Department engineer in charge of the project which will take an estimated 120 working days.

High Way Construction, Inc. of Odessa was awarded contract for grading, structures, base and surfacing on 7.9 miles of FM 1212 in Martin County. Low bid was \$174,895.32.

The project extends from the north end of existing FM Road 1212 northward to FM Road 87. William R. Haral of Midland is the Highway Department engineer in charge of the project which will take an estimated 150 working days.

*Beta Sigma Phi News*

My Lambda No. 4001 met at the home of Crystal Webb on Monday October 4.

The president, Maxine Kelly called the meeting to order.

The chapter discussed the final plans for the luncheon and Style Show which will be October 16 at 1:00 in the Cap Rock Electric Auditorium. Anyone needing a ticket can contact any of the members or tickets will be on sale at Dalashanta's Sheila's Davenport's and Stanton Electric. There will be eleven door prizes given away. Everyone is invited to attend.

The program was on "Self Estimates." Dorothy Pinkston led the discussion on the subject with all members participating.

The closing ritual was said and refreshments were served. Members present were Dorothy Smith, Dorothy Pinkston, Carol Anderson, Crystal Webb, Polly Atchinson, Nettie Byrd, Gienna Mims, Doris Oldecker and Billie Morgan.

Our next meeting will be October 18 in the Texas Electric Reddy Room. A Mexican supper will be served for the new rushees.

# Stanton High News

By Gloria Bryand

It was an enjoyable Homecoming for the Stanton Buffaloes Friday night. Jackie Swanson scored both of the Buff's touchdowns to get a final score of 12-7 against Rankin. Charlotte Morris was crowned Homecoming Queen at halftime while the SHS Band performed and the twirlers, Jackie Jones, Kim Douglas and Carolyn Holloway, twirled fire. The floats went to the Juniors, second place to the Seniors and third

place to the Sophomores. The B team lost to Rankin last Thursday 8-6. The only touchdown was scored by Dennis Stevens.

The Buffs travel to Seagraves this week to meet the Eagles.

### TEC Official Here

A representative of the Texas Employment Commission will be at the Chamber of Commerce office every Thursday morning, 8:30 - 11:30. Anyone needing employment, or employers needing someone to work, check with the official from the TEC.

### With Rains, Fall Gardens

The skillful home vegetable gardener, with recent help from the weatherman, should give immediate attention to the planting of a fall garden. There is still time for the planting of such favorites as summer squash, cucumbers and green beans, reminds John Larsen, Extension horticulturist. Lettuce, beets, turnips, collards, mustard, cabbage, broccoli, cauliflower and radishes can all be planted a bit later when temperatures drop a bit. And there are others, he adds, depending upon the section of the state where you live.

### S. S. Representative

Social Security representative to be in Stanton every Monday at the County Judge's office. Time is 10 a.m. to 12 noon.

**THIRD PLACE** — The Sophomore class placed third with their covered wagon. Leatrese Glaze and Bruce Stanley are the representatives of the Soph. class shown here.

## Father Of Local Man Dies In Benjamin

Funeral services were held Friday, September 24 for former Knox County Judge, L. A. Parker, 77, in the First Baptist Church in Benjamin, Texas. The Rev. K. E. Woolley, pastor, assisted, while the Rev. Douglas Crow, Vera Baptist Church pastor, officiated.

Mr. Parker died Wednesday, September 22, at 7:55 a.m. in the Knox County Hospital of an apparent heart attack. He became ill at his home earlier that morning and was brought to the hospital by his wife.

Mr. Parker was born November 17, 1893 in Arkansas. He married Oma Skelton in Boyse County, Texas on August 13, 1916. They moved to

Knox County from Collin County in 1925. He served as County Commissioner from 1947 until 1955. He was then elected County Judge and served until 1969.

Survivors include his wife, Oma of Benjamin; three sons, Luther of Sweetwater, Nolan of Stanton, and Dewayne of Kansas City, Missouri; three daughters, Mrs. Bonnie Garrett of Lafayette, La., Mrs. Dorothy West of Lamesa and Mrs. Ina Fern Gray of Morton; one brother, Homer of Austin; three sisters, Mrs. May Lowrey of Glen Rose, Mrs. Jennie Shorz of Mesquite and Mrs. Josie Brown of Wichita Falls; 18 grandchildren and 9 great-grandchildren.

### Army Band to Appear

The United States Army Field Band and Soldiers' Chorus will appear in concert in Midland during its fall tour, it was announced today. The free concert will be held at 3 p. m. Sunday, November 7, in the Lee High School gymnasium under the sponsorship of the Midland Chamber of Commerce, in cooperation with the Midland school system.

### Farm Management Talks

The South Plains Development Program will sponsor a Farm Management Conference in Lamesa, Friday, October 8. The meeting will be held at the Pioneer Park Community Center.

Registration for the conference will begin at 9:00 a. m.

# Bufs Break String at 21, Win by 12-7

Lady Luck smiled on the out. Stanton Buffaloes Friday night. But it wasn't all luck, as the Buffs made some of their own breaks in defeating the favored Rankin Red Devils.

Tired of being the loser, the Buffaloes stamped the Red Devils for 12 points. They gave up only 7 to the tough outfit from Class A Rankin. The Buffs defense appears to get more stingy every Friday, as their opponents have found

The game was played in perfect football weather, unlike the week before when they lost a close one to Frenship on a rain-soaked field. And, it was Homecoming at Stanton High School. The setting was in Stanton's favor. The rest had to be earned—and they earned it.

The Buffs received the opening kickoff and moved the ball with comparative ease for a series of downs on runs

by Jackie Swanson, Frankie Barnhill, and Dwayne McMeans. But the Red Devil defense forced them to punt. And then the Buff defense dug in and held for dear life as the Red Devil offense churned out huge chunks of yardage on flat passes and off-tackle slants. The Buff left side allowed the Red Devil backs running room, but the linebackers were on the job—stopping them before they

With 4 minutes and 28 seconds remaining in the second quarter, the Buffs had a third and four on their own 39. Rick

Wilson went back in the pocket to pass, he spotted Jackie Swanson wide-open on the Red Devil 40. Rick hit Jackie with a perfectly thrown pass and Jackie twisted and turned and finally outran the entire Red Devil secondary. The Buff line gave Rick the protection he needed to get the "Bomb" away. The kick for extra point was wide, but the Buffs enjoyed a 6-0 lead.

The Red Devils had a bad break in the second quarter when Jack Campbell returned a punt 80 yards untouched across the Buff goal line. However, one of his overzealous team mates was caught clipping and the play was called back, never to be seen again. The Red Devils committed 7 penalties for a

total of 85 yards.

The second half opened with the Red Devils receiving. They made three first downs in succession and had a fourth and one situation on the Stanton 39. Campbell broke loose around Stanton's left end and scampered in for what looked like a touchdown. But a holding penalty erased the effort. But the Red Devils went on to score in the same drive as

Tom Bloxon ran across from the 12. Bart Collins kicked the extra point to put Rankin ahead 7-6.

On the next series of downs neither team could get a drive going. With about 5 minutes remaining in the game, the Buffs began to move under the guidance of Rick Wilson. On 1-10 on the Red Devil 34, Frankie Barnhill scooted up the middle for 12 yards, then

3 more. Then Jackie Swanson flew through for 22 yards before being pulled down from behind. Rick Wilson followed with 15 on a keeper around right end. Frankie made only 2 yards from the 12. Rick threw an incomplete pass and things looked pretty dim for the Buffs. But on 3-8 from the 10, Wilson started around the left side, he hung on to the ball until the last second and pitched out to Jackie Swanson, who was trailing him. Jackie ran straight for the goal line, then cut back sharply to the left toward the flag in the

north-west corner. He was hit on the one, but his momentum carried him into the end zone for his second TD of the night. The try for points run was smothered and the Buffs had the lead again 12-7.

Rankin took the kickoff and began a desperation drive. But a terrific hard tackle by Mike Adams separated Campbell from the ball and the Buffs took possession and let the clock run out.

The victory was the first for the hungry Buffaloes since the second game of the 1969 season. The Buffs deserved to win it, because they earned it.

## 7th Grade Wins Again! Three Straight! 6 to 0

The Stanton 7th grade team continues to win football games. Thursday night they whipped the Rankin 7th grade team 6-0. Their season record now stands at 3 and 0.

Roger Owens scored the only touchdown of the game on a sizzling 65-yard run. Nicky Irvin's try to run for the extra points failed and the score was 6-0.

Good blocking was the key to success in their third victory. Those helping the ball carriers were: Scott Creech, David Louder, Randy Doshier, and Tim Glynn.

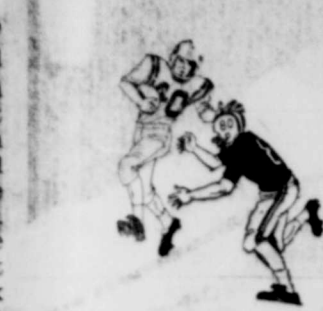

Defensive standouts in the game were: Bimbo Allred, Joe Dean and Roger Owens.

This week's game is against Wink, Saturday morning at 9:30 in Buffalo Stadium.

could break loose with the long run. Rankin drove into Stanton territory before they ran out of steam and had to give up the ball.

The Red Devils controlled the ball during most of the game, as the drive in the first quarter consumed over 9 minutes of playing time. But the breaks came to Stanton. And as the game turned out, the brakes made the difference.

## 8th Grade Wins First Game, 12-0

The Stanton 8th grade team was victorious for the first time of the season last Thursday. They whipped the Rankin team 12-0.

The first half ended in a 0-0 deadlock. Stanton took the opening kickoff of the second half and drove all the way down the field to score. Elvin Brown put the ball across the goal line. The try for point failed.

Stanton kicked to Rankin and Rankin fumbled and an alert Stanton defender re-

covered. But Stanton could not get going and was forced to kick.

Elvin Brown intercepted a Rankin pass and Stanton took over again. This time they drove to score again, 12-0. Randy Conner scored the second Stanton touchdown.

Coach Richard Granado would not single out any player as doing any better than any other. He said, "It was a fine team effort. They all played a real fine game."

This week the 8th grade will tackle Wink, here, Saturday. The Wink team beat Rankin 18-6, so this ought to be a close game. Come out and support the 8th grade.

## B Team Drops Close One, 8-6

The 'B' Buffs dropped their second game in a row Thursday night to the Rankin B team 8-6.

The Buffs outplayed the Rankin team 42 minutes out of a 48 minute ball game. But in the fourth quarter they

took a six minute break and lost the ball game.

The first half ended in a deadlock at 0-0. Stanton received the second half and drove to score in only four plays. On the fourth play from scrimmage, Dennis Stevens ran 54 yards for a touchdown. The try for point failed.

With nine minutes to play Rankin drove down the field and scored, and added two extra points. This put them ahead, 8-6.

In the last few minutes of the game Stanton had a chance to pull it out. But two holding penalties and one clipping penalty erased three, 30 yard runs or better.

Stanton amassed a total of 194 yards total offense to 138 for Rankin. As the story goes, mistakes will lose the game for you.

R—Tom Bloxon, 11 run, 5:53 3rd. Bart Collins extra point.

S—Jackie Swanson, 10 run, 3:54 4th. Run, fails.

## Weekly Honor Roll

Rick Wilson continues to shine for the Buffaloes. His excellent leadership in the quest for victory Friday over Rankin earned Back of the Week once again. Rick's passing is improving with every throw. And, his running is something to watch out for (especially the opposing team).

Mike Adams, who plays with two bad knees, gets the nod as Lineman of the Week. But he plays defensive end as if he had two good knees. Mike stopped a late drive by Rankin with a jarring tackle, producing a fumble.

### Stanton School Lunch Menu

Oct. 11-15, 1971  
 Monday — Hamburger, lettuce, tomatoes, onions, pickles, french fries, orange juice, milk butter cookies.  
 Tuesday—Enchiladas, vegetable salad, buttered rice, hot rolls, butter, fruit gelatine, milk.  
 Wednesday — T a m a l e s, pinto beans, buttered spinach, corn bread, butter, peach cobbler, milk.  
 Thursday — Fried chicken, gravy, green beans, new potatoes, ho t r o l l s, apricot halves, butter, milk.  
 Friday — Meat loaf, macaroni and cheese, buttered peas, hot rolls, butter, peanut butter cookies<sup>3</sup>/<sub>4</sub> milk.

Q—The lease on my apartment is about to expire. I know my landlord has raised rents for new tenants in similar apartments. Can he now raise my rent?  
 A—No. If a tenant's lease expires, his rent may not be raised to the level being paid by new tenants in similar units.

### The Wage-Price Freeze Questions And Answers

(This column of questions and answers on the Wage and Price Freeze is provided by the local office of the U.S. Internal Revenue Service and is published as a public service. The column answers questions most frequently asked about the Wage and Price Freeze announced August 15 by President Nixon.)

Q—I'll be getting out of the Army in two weeks and returning to my old job. Can I receive the pay increases I would have gotten if I had not been in the Service?  
 A—Yes. Veterans returning to their pre-military employment during the freeze are entitled to all the increases they would have received had they not served in the military. Employees are hired at the pay scale in existence during the 30-day base period of July 16 to August 14.

Q—Is the Internal Revenue Service the only place where you can get information on the wage-price freeze?  
 A—No. Information on the freeze and assistance with complaints is provided at the 10 Regional Service Centers of

the Office of Emergency Preparedness, and the more than 2,800 offices of the Department of Agriculture's Agricultural Stabilization and Conservation Service, as well as 360 Internal Revenue Service local Service and Compliance Centers throughout the country.

Q—Are welfare payments covered by the freeze?  
 A—No. Welfare payments are not covered by the freeze. They are not payments for services rendered and, therefore, are not wages.

Q—I'm a teacher. During the summer I received my master's degree and, as a result, I was to receive a pay increment this fall. Can I still get it?  
 A—Yes. Pay increments for teachers who receive their master's degree and other scheduled pay raises dependent upon employees completing certain educational requirements may be paid during the freeze, because these actions are bona fide promotions. The employer, however, must be able to certify that such an agreement was in existence.

If the effective date of the teacher's contract is after August 15, the increment must be no more than the amount that was granted last year.  
 Q—Can my city government increase rates for gas and electricity?  
 A—No. State or local governments may not increase charges or fees for government-provided services. However, state and local tax rates, and fees for licenses or legal penalties, such as traffic tickets, are not frozen.

Q—Can merchants pass on to consumers the cost of an increase in state or local taxes?  
 A—No. This is not permitted during the freeze.

Q—What are some of the food products not subject to the freeze?  
 A—Raw agricultural products, such as fresh fruits and vegetables, fresh fish and seafood, honey, and other products that retain the same physical form they possessed when they left the farm gate, are not covered by the freeze.

All other agricultural and food products, such as frozen foods, slaughtered meats, etc., would be considered processed and subject to the freeze.

BOZO THE DUMMY — The fire destroyed the dummy. The Buffs destroyed the Red Devils.

P, P, & K WINNERS — Winners in Saturday's Punt, Pass and Kick competition were: l to r, Benny Butler, 13; Tim Glynn, 12; Danny Peugh, 9; Miles Tolison, 11; Kendal Blocker, 10; Ranny Hernandez 8. These boys will go to Midland Saturday to compete in the District Competition.

## END WASHDAY HANG-UPS

### WITH A FLAMELESS ELECTRIC DRYER!

How many times have you dreaded seeing washday roll around — because of rain, blue northerners, dusty winds or humid-plus sunshine?

These are hang-ups you wouldn't have to face if you owned a flameless electric clothes dryer. You'd just move the clothes from your washer into the dryer, turn a dial and forget about the weather.

And you could dry clothes any time of the day or night.

If you were drying permanent press clothes, many would come out ready for wearing. Which could save you lots of ironing.

An electric dryer really makes sense. It costs less to buy. Only one energy source is needed. And it saves you hours of work for pennies a load.

See your appliance dealer soon about a flameless electric dryer.

# AMERICAN MOTORS INTRODUCES THE GUARANTEED CAR.

If anything goes wrong with one of our 72's and it's our fault, we'll fix it free. Anything.

#### AMERICAN MOTORS 1972 BUYER PROTECTION PLAN.

For years, car buyers in this country have been saying that instead of shiny new chrome every year, what they really want is a good car they can count on.

That's why American Motors and its dealers put together their 1972 Buyer Protection Plan. Here's how it works:

#### A STRONG GUARANTEE IN PLAIN ENGLISH.

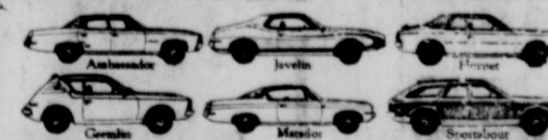

When you buy a new 1972 car from an American Motors dealer, American Motors Corporation guarantees to you that, except for tires, it will pay for the repair or replacement of any part it supplies that is defective in material or workmanship.  
 This guarantee is good for 12 months from the date the car is first used or 12,000 miles, whichever comes first. All we require is that the car be properly maintained and cared for under normal use and service in the fifty United States or Canada and that guaranteed repairs or replacements be made by an American Motors dealer.

This guarantee gives you 12-month or 12,000-mile coverage on a lot of things most car warranties don't. It covers air conditioning, battery, radio, wiper blades, front end alignment, light bulbs—literally everything we put on the car except tires.

In other words, if something we did goes wrong with one of our 72's, you won't have to pay for the parts or the labor. We will.

#### A MORE THOROUGHLY-CHECKED CAR. FROM THE FACTORY AND THE DEALER.

Naturally, we wouldn't be backing our cars like this if we weren't more sure of them than

we've ever been before. For 1972, we've put in more quality control steps, more tests and more people to see that every car leaving our factory is as perfect as man and machine can make it.

At the dealer's, it's checked over again.

Every car (not one of 50, one of 5, every one) is road-tested for starting, handling, braking and overall performance. When the serviceman completes the test, he signs his report and slides it over the sun visor, where you can see it.

And, when a man signs his name to something, you can be sure he's done his job. And done it right.

#### A LOANER CAR WHEN YOU NEED IT. FREE.

Not only do we offer you a strong guarantee, we've set up a system to back it up without inconveniencing you.

If you have to leave your 72 overnight for guarantee repairs, over 2,000 dealers will loan you one of their cars. A nice, clean, well-equipped car in good condition. Free.

#### A DIRECT LINE TO DETROIT. TOLL-FREE.

We're making some big promises, and we fully intend to keep them. But, just in case you have a problem, we have a way of handling it. When you buy a 72, you get the name and toll-free number of a person in Detroit.

If you call, we promise you you'll get results. And fast.

These aren't just fancy words. We mean it.

Nobody in the business does as much for you after you buy a car, and it takes a lot of time, men and money to do all these things.

But we think it's worth it.

Since we're giving American car-buyers exactly what they say they want, we should sell more cars than we've ever sold before.

STARTING TODAY, THESE AMERICAN MOTORS DEALERS WILL DO MORE FOR YOU AFTER YOU BUY A CAR THAN ANY OTHER DEALER IN TOWN

## Open Letter to The School Board

Stanton I. S. D. Board of Education

When the plans for the Primary Building were being considered there were many people who were against building because they said that we did not need the rooms. The other group who were against the building said that it wasn't enough and did not want to be faced with another bond issue in two or three years. Time has proved the first dissenters to be wrong and the latter to be correct. With the initiation of a more diversified educational program we find that in spite of a lower enrollment we have run out of space. This school year we need more rooms, and as the kindergarten program grows we will need more room.

If the need is to be satisfied we must provide these rooms by building or leasing (which is not feasible.) The present building was constructed in the early twenties (50 years ago) and will soon have to be replaced. It will cost at least 25 to 35 per cent more five years from now if inflation continues.

and there is no indication that it will change; therefore, I propose that we initiate a building program adequate to satisfy anticipated future needs while our valuation is high.

Our overall income is at a record level at this time and if normal patterns are followed the oil income will steadily decline as activity is reduced. The period of high oil valuation should last for several years, thus enabling us to pay off a major part of this bond issue before our income from that source is of little consequence, if the program is initiated now.

As I am not a qualified structural engineer, I cannot say that the old Elementary building is unsafe, but I can see that the windows are rotten, the roof has leaked for 17 years (to my personal knowledge) which in turn must have weakened the ceiling superstructure, the plaster is breaking and falling from the walls, the floor covering has worn through in areas of heavy use, and with the ad-

vent of greater electrical use, the wiring is completely inadequate.

We have already had to put supplemental braces to support the roof in two rooms, and I live in constant fear that next time we will not be so fortunate and the roof will fall on some of my children.

I would be haunted for the rest of my life if I permitted something to happen to cause injury to any mother's child who is under my supervision.

Therefore, I have no alternative but to recommend to the Board of Education that a bond issue be proposed and the Community be given an opportunity to determine the type of school facility it will provide for the children.

We feel that we have a good school program and will continually work to improve regardless of the outcome of this plea.

I remain sincerely yours,  
J. M. Yater—an old sore-head who believes that a child's early education is paramount to his future success in any endeavor.

## Two Teacher Homemaking Dept. Meets Needs Better

Reasons that a two-teacher Homemaking Department could better meet the needs of students at Stanton. 1.—If there were two sections each of Hm. II & III offered at different periods, more girls would be able to avoid schedule conflicts and enroll.

2.—If there were two teachers, semester courses in Consumer Economics and Family Living could be taught to 11th and 12th grade BOYS and girls, as is being done in many schools.

3.—Many of the newer teaching techniques or uses of media (film strips, transparencies, etc.) could be used more effectively if provision for space for individualized instruction was made.

4.—All phases of instruction could be carried on more efficiently in better planned laboratories, one for clothing and related subjects and one for foods and related subjects, with a large combination living-dining room for teaching entertaining.

5.—There are several other new programs that perhaps should be investigated, such as a pre-employment lab., or cooperative- useful programs, and several others in the making.

Our present Home - Ec. facilities in the high school will accommodate only one teacher.

## OLD PHILOSOPHER: Why Are Europeans Upset Over Falling Dollar?

Editor's note: The Martin County Philosopher on his crab grass farm on Mustang draw discusses the monetary system this week, mainly from the theoretical side, of course.

Dear editor: There's no way around it, the people in Europe are a bunch of sissies.

According to an article I read last night in a newspaper that turned up in my mail box by mistake — the new postal service hasn't, as some feared, abandoned all the fine traditions of the old one — all the countries in Europe are biting their finger nails and losing sleep over the value of the American dollar. It's going down.

As a result, everybody is selling dollars, refusing to take dollars from tourists, and generally demagoging that something be done before all Europe panics.

Clearly, they are a bunch of sissies. Why, the value of the dollar has been going down for years in the United States and I haven't found anybody yet who refused to take one. Everybody I know would like to have a lot more of them.

In fact, it takes a lot more of them to pay two dollars for a dollars worth of groceries.

Of course, the monetary system is one of the things I and possibly some others, say three-fourths of Congress and all economists, have never been able to understand, and it may be that the value of the dollar hasn't gone down, just the price of things have gone up.

Whichever way it is and regardless of whether the dollar is worth 100 cents or 48 cents, I have never seen a man yet who, makes no difference what shape his back was in, wouldn't, if he saw one lying on the street, bend over and pick it up. I know a banker who dislocated a hip bending over to pick up a quarter. Europeans ought to calm down and latch on to all the dollars they can.

As the saying goes, a bird

in the hand is worth two in the bush, but you'd better not let the Environmentalists hear you say that.

Personally, I've got confidence in the dollar. It's still worth 100 cents. Unfortunately though a cent is just worth half a penny. That's where the trouble is.

Yours faithfully,  
J. A.

The United States in the year 2,000 will be a nation of from 280 to 350 million citizens. We will inhabit the same fixed number of square miles as today and we will live from the bounty of the thin layer of topsoil that feeds 200 million Americans today.

Largest recorded interval in post-mortem birth is 29 minutes.

## Beta Sigma Phi News

The Xi Theta Ne met on October 4, 1971 at 7:30 in the home of Jo Jon Cox. Cay Simpson presided over the meeting.

The city council minutes were read and discussed. Plans were made for the Thanksgiving Party in November. Reports were given from the birthday parties. Ritual of Jewels was given to Pat Hull, Robbie Tollison, Marilyn Glaspie, Betty Gregg, Carlynn Harris, and Jo Jon Cox.

The next meeting will be held on October 18 at Robbie Tollison's.

Piccolo is the highest toned wind instrument.

Cay Simpson spoke on "How to Get What We Want" and "The Good Life."

Those present were Day Simpson, Judy Reager, Pat Hull, Peggy Sorley, Robbie Tollison, Marilyn Glaspie, Betty Gregg, Carlynn Harris, and Jo Jon Cox.

The next meeting will be held on October 18 at Robbie Tollison's.

Piccolo is the highest toned wind instrument.

## Brumleys Tour Sugar Plant

Mr. and Mrs. C. W. Brumley were invited by the Imperial Sugar Company to go to Sugar Land. The Imperial Sugar Company's plane picked Mr. and Mrs. Brumley up in Big Spring and flew them to Sugar Land. They were given a tour of the sugar plant. Later, in Houston they were taken to the Astrodome to see the Astros play New Orleans. Mr. and Mrs. Brumley were the guests of Bill Loubire for their stay in Houston.

## OUR SOIL ★ OUR STRENGTH

MARTIN-HOWARD-MIDLAND SOIL CONSERVATION DISTRICT

### - SOIL CONSERVATION - DISTRICT NEWS

When an inch of rain falls on a 160 acre farm, it delivers over four million gallons of water weighing 152 tons. This sounds like a lot of water when you multiply it by three or four inch rains.

When rains like this occurs some farms suffer water erosion if not protected by the necessary vegetative and structural measures. Running water does not always leave a track, except those in your pocketbook. Erosion is often overlooked. Those little gullies and silt bars get plowed out the next time the land is plowed but the long time effect of these small losses mean lower and lower yields over a period of years. This means less and less profit for the land owners and operators.

The water that falls during a rain can be beneficial if the destructive power is curbed. Fences keep livestock in the pastures, terraces keep soil and water in the field. Terraces slow down the water so that more of it can soak into the soil and be available for future crops. It is not the amount of rain that counts, but the amount that we keep on the land. Parallel terraces are getting more popular each year in Martin County. One of the reasons for having terraces parallel is that they make farming faster and less expensive because point rows are eliminated. The Soil Conservation can cash - share 70 per cent of the cost of parallel terraces through the Great Plains Conservation Program.

## Deavenport's

Mr. and Mrs. Vic McElrath

### Jan Poldrack and Vic McElrath wed

Jan Poldrack and Vic McElrath were married in Coleman on October 2, at 7:30 p. m. in the Concho Baptist Church. There was a reception that followed in the Fellowship Hall.

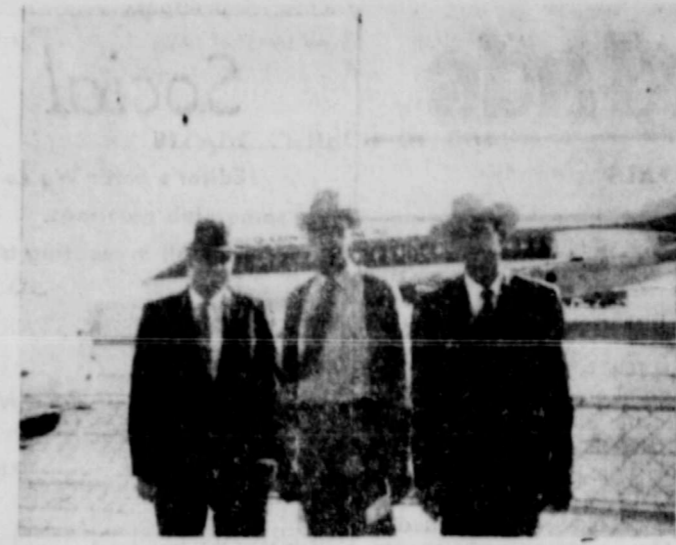

Mrs. McElrath is employed at the Stanton Reporter and Mr. McElrath is a teacher at Stanton High School.

The couple will be residing at 505 St. Joseph.

### Quail Season Extended

Enlarged Parks and Wildlife Commission voted to extend the closing of quail season statewide to February 15. Action provided two additional two weeks for most counties, but in some areas the season is still two weeks shorter than last year.

At the same meeting, the Commission voted unanimously to reopen the Canadian River bed to free public hunting under an attorney general's ruling of September 16.

**MAKE FARMERS UNION TRIP** — Jim Franklin, Newell Tate both of Martin County, and Gale Pugh, of Midland, all made the trip to Washington, D. C. for the bargaining sessions.

### Farmers Union Attend Session

Jim Franklin of Martin County, Newell Tate of Martin County and Gale Pugh of Midland County, board a plane at Midland Air Terminal for Dallas where they joined thirty other Farmer Union members for the trip to Washington, D. C. While in Washington the group joined still other Farmers Union members from all over the United States. Their mission while in the nation's capitol was to get more strength for the nation's family farmers through legislation and bargaining. Tuesday the group divided into teams and visited each Congressman and Senator on Capitol Hill. Wednesday, members of the group testified to a House Agriculture Sub-committee which was holding hearings on farm bargaining and marketing.
