Seventh Grade Rolls On, Beats Coahoma 16-0 For Fifth

At the expense of the Coahoma Bulldogs, the seventh grade Buffaloes pushed their season's record to 50- with a 16-0 victory Thursday afternoon.

After a scoreless first quarter, the Buffs decided to get on the scoreboard early in the second period. Mastermind Terry Smith, reading the defense perfectly, called a reverse that sent speedster Nicky Irvin 40 yards to the Bulldog 10. Following a penalty, fullback Tim Glynn powered over from the four. Scott Creech made a spectacular catch of a Smith pass to ring up an 8-0 half time lead.

The third quarter was a seesaw battle with neither team threatening seriously. With a minute left in the fourth quarter, big Roger Owens made a jarring tackle and the Coahoma backfield caught up the football. The alert Owens recovered on the 30. Stanton then pushed the ball down the throats of the Bulldog defense with Nicky Irvin scoring from 6 yards out. Irvin also scored the extra points, attacking the heart of the defense.

Coach Goodrum feels that excellent blocking by Russell Conner, Scott Creech and Tommy Haislip, along with a

Christmas Seal Campaign in Oct.

"Later this month many citizens of Martin County will receive their envelope containing the traditional Christmas Seals. This year we will be asked to return our contribution for this important health work to a different location," Cecil Bridges a member of the Board of Directors of the Big Country Area of the Texas Tuberculosis and Respiratory Disease Association announced this week.

To reduce the cost of administration and to increase overall efficiency the Christmas Seal mail appeal has been "centralized" and all record keeping computerized. All contributions this year are to be returned to Austin. Proper accounting procedures will credit all gifts to the county from which they came. Now more of each contributor dollar can be spent on the association's basic aims—control of Emphysema and other Respiratory Diseases, eradication of Tuberculosis, and elimination of Air Pollution and Smoking.

"We hope everyone who receives an appeal letter containing Christmas Seals will respond generously this year as 'there is more to do'. Remember, just because the gift is sent to Austin does not mean that Martin County will not get credit for it. Actually, we will receive more benefit since the cost of soliciting the gift will be reduced," Mr. Bridges said.

Permian Basin Planning Board Announces First 5 Year Plan

AUSTIN — The first five-year plan for improving criminal justice in the 17-county area served by Permian Basin Regional Planning Commission has been received by Governor Preston Smith's Criminal Justice Council.

The regional plan, covering 1972 to 1976, and similar documents from the state's other 23 planning regions will provide input for an updated statewide criminal justice plan to be issued later this year.

Included in the prospectus is a survey of the resources and needs of the entire region, which is made up of the counties of Andrews, Borden, Crane, Dawson, Ector, Gaines, Glasscock, Howard, Loving, Martin, Midland, Pecos, Upton, Reeves, Terrell, Ward and Winkler.

For 1972 the plan projects a need for \$223,000 in CJC funding. Largest amount, \$100,000, is needed to provide updated radio communications to law enforcement agencies and to form a regional law enforcement radio communications system. Also needed in 1972 is \$35,108, for a youth service bureau. With the help of the Bureau, 150 juvenile delinquents, faced with imprisonment, will be given a chance to learn self control, to recognize personal potential and to live with themselves

to across country to the Bill Houston Ranch. Ray's Catering Service of Odessa will serve the noon meal. The meal will be at the expense of each rider.

On Sunday a ride of about the same distance to another ranch will be held.

All persons who ride horses are invited to attend. NO STALLIONS will be allowed on the ride.

McMurry Alpha Chi Invites Pug Deavenport

Twenty-seven top McMurry College students have been added this fall to the roll of Alpha Chi, national co-educational honor society, says John Ragle, president.

"To be invited to join this select organization, a student must rank in the top 10 percent on campus, and must also have good moral character," explains Ragle, senior religion major from Lubbock.

Sponsors for the McMurry chapter are Robert Sledge, chairman of the social science division; Dr. Clark Beasley, assistant professor biology; Dr. Joseph D. Stamey, associate professor of philosophy. Frances J. (Pug) Deavenport, junior physical education major, daughter of Mr. and Mrs. Bob Deavenport of Stanton.

School Board Hears Proposal

The Stanton ISD School Board Monday night voted in favor of a proposed \$1,200,000 building program. The proposal was brought to the Board by Mr. Brasher of Brasher, Goyette, and Rapier of Lubbock. The Lubbock firm was hired by the School

Board to draw up plans for the needed construction.

Mr. Brasher had three proposals in all. One called for \$1,370,000, another for \$870,000. The \$1,200,000 proposal will meet the needs of the school for years to come. Mr. Brasher warned that if we cut the amount we would have to cut the program. And this would defeat the purpose of the issue. To make any cutbacks at this time would only necessitate another bond issue in a few years.

Primary School Music Room Crowded, Lacks Conveniences

The music room in the Primary building, is the hallway, designed for an entrance into an extension of the building. It is also used as a book-room. Limited space allows for about 14 chairs, thus causing some pupils to stand or sit on the floor.

There is no place to show film strips of musical stories and no room to learn to march or do other rhythmic exercises. There are no blackboards or bulletin boards to put charts on, or to illustrate musical terms and teach the keyboard.

There is no electrical outlet for the record player or place to keep rhythm instruments.

This is the first year the state has sent regular music books for grades one and two, and there is a limited number, so they must be carried from room to room when the pupils remain in their individual rooms for instruction.

Charts, keyboards, musical terms, etc., cannot be left in the room for further use, but must be taken down and put up each time they are used, which takes time from the class period.

If more classes are added in the Elementary Building, the music room will be lost, and the higher grades will be greatly hampered. There would be no place for a symphony class to practice, no way to use music books, no place for the autoharp, bells, and other instruments or the piano.

Trouble Ahead For Courts, As They Define Noise Pollution

Editor's note: The Martin County Philosopher on his Crab Grass farm on Mustang Draw examines a new form of pollution this week.

Dear Editor:

I hadn't thought much about it, by the time you get through thinking about water pollution, air pollution, and ground pollution you don't have much time left, but according to an article I read yesterday a new kind of pollution now confronts us. It's noise pollution.

In fact, the discoverers of this new one have become so sensitive to noise they've filed suit against a church for ringing its bells too often, but the main complaints are against jet airplanes, roaring trucks, bumper-to-bumper traffic, automobile horns, construction noises, etc.

The courts had better get ready for some complicated suits.

For example, take the automobile horn. If you've worked hard all day and go to bed around 8 p.m., a horn blast in front of your house right after you've dozed off is clear-cut noise - pollution and the honker ought to be thrown in

jail. But if you're a teenager across the street waiting for your date, a horn blast signaling his arrival sounds like music.

A big jet roaring overhead near your house is an unmitigated nuisance, I understand it's so bad you can't even hear your own lawn mower running, but if you're waiting at an airport to get rid of some in-laws after a three-weeks visit, it sounds wonderful.

Or take a mockingbird. Who would ever consider it guilty of noise pollution? It's something you write poetry about. But you let one open up outside your window at 2 a.m. get stuck on the same three notes, and continue whistling away for two hours, and you're ready to file suit against the universe.

I won't go into the noise rock bands make, but if I were a candidate for the Supreme Court I believe I'd give some second thoughts about taking the job if I had to rule on laws trying to define noise pollution.

Yours faithfully,
 J. A.

Coahoma Humbles Stanton, 57-22

By BUDDY NORVILLE
The Coahoma Bulldogs turned the Stanton Buffaloes every way but loose Friday night. The Bulldogs put on quite a show for the overflow Homecoming crowd in Coahoma. The Coahoma coach never called off his dogs, as he left his big guns in the game for its entirety. Biting at the heels of the Buffaloes wasn't enough for the hungry Bulldogs, they went for the throat. Before the night was over the Bulldogs had amassed 460 total offense. All-Stater, Donnie Buchanan accounted for 290 yards in 21 carries en route to scoring four touch-

downs and kicking four extra points. Stanton mistakes accounted for five of Coahoma's eight touchdowns. The tense and overeager Buffaloes couldn't hold on to the ball, as they fumbled five times to the Bulldogs. Coahoma's first big break came in the opening series of the game — Stanton had the ball. The Buffs had made 8 yards in two carries. On third down, however, a bad pitch-out or crossed-up play resulted in a fumble in the Buffalo backfield. Coahoma recovered on the Stanton 15 and scored four plays later when Donnie Buchanan bucked over from the four. His kick made it Coahoma 7, Stanton 0, with 9 minutes remaining in the first stanza. Roland Beal kicked to

Dwayne McMeans standing on the Stanton 24. McMeans, who had lost a contact lens, couldn't find the ball and Coahoma recovered. Wendell Walker scored from the 7 four plays later. Buchanan's kick made it 14-0 with 8 minutes and 50 seconds showing on the clock. Armando Rios received the ensuing kickoff, running it back from the 15 to the 27. But the jittery Buffalo offense could not go and Rick Wilson punted on fourth down. The kick was short to the Coahoma 46. Coahoma was camped on Stanton's goal line in four plays. Larry Jones saved a touchdown with an interception in the end zone and ran it out to the one. The Buffs were able to move the ball out to the 30 where Roland Beal intercepted Wilson's pass and ran it back to the Stanton 24. On first down Donnie Buchanan raced 24 yards for his second touchdown of the night. His kick was wide of the mark, and Coahoma led 20-0 with 4 1/2 minutes remaining in the first quarter. Stanton drove to the Co-

homa 3 early in the second quarter on some fine runs by Larry Jones and a pass to Paul McCallister. On the 3 Wilson fumbled a bad snap from center and Coahoma recovered again. The Buffs got the ball on second down Wilson was again intercepted, Coahoma was finally stopped on the Stanton 19 on the runback. Wendell Walker scored from the 14, and Buchanan kicked 36-8. The first half ended with the Buff offense stalled on their own 36. Stanton kicked to Coahoma to start the second half. The stubborn Buff defense, with the aid of a penalty, held the Bulldogs. Roland Beal kicked the ball into the end zone from his own 20, 80 yards away. Stanton swapped kicks and then held Coahoma again. Beal once again kicked the ball into the end zone, 75 yards away. On first down on their own 20, disaster struck again, fumble in the backfield — Coahoma recovered. Keith Pherigo ran 5 yards in two plays to score. Buchanan kicked the PAT, 42-8. The two teams swap fumbles on the next two series. Frankie Barnhill recovered for Stanton on his own 26. From there the Buffalo offense began to click and they drove to score. Frankie Barnhill went across from the one and fumbled into the end zone. Jackie Swanson was in the right place at the right time to pick it up. T pass for two points fails, 42-14. Coahoma began to pick up Stanton habits as they fumbled on first down and the Buffaloes recovered on the 23. This time Stanton drove to score in only four plays. Dwayne McMeans carried

across from the four and Rios ran for two, 42-22. Coahoma came right back to score, however, as Buchanan got loose for 46 yards, and finally scored on a run from 5 yards out. Walker ran for

Buffalo 15 when the final gun sounded, sparing the Buffs any further embarrassment. The Buffs take on Crane

Coahoma Wins Another From Stanton, 33-8

Coahoma eighth grade defeated the Stanton eighth grade by the score of 33-8 Thursday night. The scrappy Stanton eighth grade team played heads-up for three quarters before the Coahoma team ran away with it. Turning point in the game came when Coahoma had a third and five situation on their own 15 and they were able to make a first down. They went on to score 19 points in the fourth quarter. The score was 14-8 going into the fourth. Randy Conner scored for Stanton on a quarterback sneak from the 6. Key Alired ran up the middle for the 2-point conversion. Several costly mistakes gave Coahoma the advantage in the fourth quarter. Stanton fumbled and Coahoma scored, familiar story. Coach Richard Granado singled out Key Alired and Randy Conner as offensive standouts in the game. Adam Saenz, Elvin Brown, and Terry Kelly were defensive lights.

PUTTING THEIR HEADS TOGETHER—The Stanton Buffaloes have been working hard this week in practice. They will be out to avenge their loss to Coahoma against Crane Friday night on their own field. Kickoff time is 8 p. m.

back three plays later when Coahoma fumbled on their 20 and Jackie Swanson recovered. A determined Buffalo offense pushed the ball across the goal for a touch down. Wilson hit McMeans on a pass play for 12 yards to set up the TD on the 3. Jackie Swanson took the pigskin across from there. Wilson passed to McMeans for the two extra points. Score, 20-8. Coahoma scored 3 minutes and five plays later when Wendell Walker broke loose on the Stanton 33 and raced untouched into TD land. But a penalty blotted out the score and brought the ball back to the 37. From there it took the Bulldogs seven plays to score. Keith Pherigo rammied across from the 1. Walker ran for two, 28-8. The Buffs received on their 20 and ran it back to the 32. A Wilson to McCallister pass netted 9 yards to the 41. But

B Team Drops Game To Coahoma Eleven, 20-8

The Stanton B team lost to the Coahoma team, 20-8 Saturday morning in Coahoma. Coahoma scored on their first possession of the game. Stanton moved to score in the second quarter with Mitch Irvin on the counter option. Vernon Brown ran the two point conversion. Stanton had several opportunities to score but could not make them work. The Buffs fumbled twice inside the 10, once when the score was tied, 8-8. Coahoma broke loose and scored following the fumble. Mitch Irvin dropped a pass in the end zone, a sure touchdown. Coahoma had a lot of penalties, but the Buffs could not take advantage of the mistakes.

Coach Jackie Burns said the boys have improved a great deal over the last few games. "We're just playing teams that are so much better than we are," he commented. "The kids weren't doing what we told them to do Saturday. They were trying to do something else. This is just inexperienced." We are proud of the offensive play of Billy Howard, Dennis Stevens, Ronny Dickenson and Bruce Stanley. On defense Mitch Irvin and H. A. Schulke stood out. "Crane will have a junior B team. We will go against them with freshmen and sophomores. They have a big team," Jackie said. The game against Crane will be here, Thursday afternoon.

Weekly Honor Roll

Junior Duana Clary, an end on defense and a tackle on offense was named Lineman of the Week. He did a fine job of shutting down Coahoma's quarterback on defense. Back of the Week is Larry Jones, a 130-pound junior fullback, who gained 80 yards in 13 carries against Coahoma's rugged defense. A halfback on defense, Larry also was one of Stanton's leading tacklers in the Coahoma contest.

Farmers Union Wants Stronger Bargain Bill

WASHINGTON, D. C.—The tug of war on farm bargaining began Sept. 29. The Nixon Administration and handlers and processors of more farm commodities think the Sisk Bargaining Bill (HR 7597) is too strong. The Farmers Union says its too weak.

The national president of the Farmers Union, Tony Dechant, told the House Subcommittee on Domestic Marketing and Consumer Relations, that strong bargaining legislation along the lines of bills introduced by Congressman Bob Bergland (Minn.) and Sen. Walter Mondale (Minn.) is a necessity if farmers are to bargain effectively for better prices and other conditions of the sale of their products. One bill (HR 8886) is the National Agricultural Bargaining Act and would establish a National Agricultural Relations Board to facilitate bargaining between farmers and handlers. The other (HR 8887) is the National Agricultural Marketing Act and es-

HD Agents Report

The Bartlett pear, by far the most popular, has been on the market since mid July and will continue to be in good supply on into October, reports Mrs. Mildred Eiland, County Home Demonstration Agent.

Bartlett pears are creamy yellow when ripe, and many have an attractive red blush, Mrs. Eiland says. For smooth, sweet and juicy pears, select ones that are fully ripened. Others may be used for cooking and baking, or may be left to ripen at room temperature.

Pears can be ripened at home by keeping them at room temperature (60 degrees to 70 degrees) for 3-4 days or until they soften, the Agent explains. She adds that it is best to use fresh pears just as soon as they are golden ripe. Don't let them stand until they become soft and mushy. If you do keep ripe pears for more than five days, she says to store them in your refrigerator.

According to Mrs. Eiland, the amount of pears you buy depends on your intended use of the fruit. One pound, which equals 3 to 4 average medium sized pears, will yield 4 average servings of sliced pears. Two pounds of fresh pears will equal one quart of canned pears. One bushel of pears (48 to 52 pounds) will yield 16 to 20 quarts canned or frozen pears.

For top quality, the agent says to choose pears that are firm to fairly firm, but not hard, and pears that are well-shaped and clean and are free from blemishes and bruises. Don't select pears by squeezing or pinching them; the fruit should be handled with care to avoid bruising. Gently replace any of the pears you don't want to buy.

STEP SAVER
To save steps while housecleaning, wear an apron or smock with large pockets. You can carry needed cleaning items as well as have pockets for items you pick up as you clean, explain home management specialists at Texas A&M.

STORING NUTS
Store nuts in the refrigerator in air tight containers, suggests Sally Springer, foods and nutrition specialists. Due to their high-fat content, nuts require refrigeration to delay development of rancidity. You can even store them in the freezer, she adds.

LEGAL NOTICE

THE STATE OF TEXAS
TO: All beneficiaries, including present, future, vested and/or contingent of the Ann Southard Life Trust and all persons owning or claiming any title or interest in land under and by virtue of a warranty deed dated June 26, 1965, executed by A. C. Woodward and wife, Ina Lee Woodward (as Grantors, to the Lamesa National Bank, Trustee, as Grantee, recorded in Vol. 99 Page 25, Deed Records of Martin County, Texas Defendants, Greeting:

You are hereby commanded to appear before the Honorable District Court of Dawson County at the Court House thereof, in Lamesa, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 29th day of November A. D. 1971, then and there to answer Plaintiff's First Amended Original Petition filed in said Court, on the 14th day of October A. D. 1971, in this cause, numbered 8062 on the docket of said court and styled A. C. WOODWARD and wife, INA LEE WOODWARD Plaintiffs, vs. THE LAMESA NATIONAL BANK, Lamesa, Texas, Trustee of the Ann Southard Life Trust; ANN SOUTHARD COLE and her husband, JIM COLE; GLENDA SOUTHARD BLACKWOOD, and her husband, CLINTON EDWARD BLACKWOOD; JULIE McBRIDE, a feme sole; CLINTON EDWARD BLACKWOOD, II SHAUNA LEANN McBRIDE; JENNIFER McBRIDE; JOHN WOODWARD; JONNA CHERI WOODWARD; and JILL KRISTENE WOODWARD; all beneficiaries, including present, future, vested and/or contingent, of the Ann Southard Life Trust; and all persons owning or claiming any interest under and by virtue of a Warranty Deed dated June 26, 1965, executed by Plaintiffs as Grantors to the Lamesa National Bank, Trustee, as Grantee, recorded in Vol. 99, Page 25, Deed Records of Martin County, Texas, Defendants.

A brief statement of the nature of this suit is as follows, to wit:

Said suit is one to correct a mutual mistake in, and to reform, a certain trust indenture dated June 21, 1965, executed by A. C. Woodward and wife, Ina Lee Woodward, as Grantors, and The Lamesa National Bank, of Lamesa, Texas, as Trustee which created the "Ann Southard Life Trust" so as to require the Trustee to distribute all of the net income of said trust, annually or more frequently, to the said existing beneficiary of the trust, said beneficiary now being Ann Southard Cole. The land which is a part of the corpus of the trust, and which is affected by said suit is described as the Southeast one-fourth of League 245, Dickens County School Land, Martin County, Texas, subject to the exceptions contained in the Warranty Deed recorded in Vol. 99, Page 25, Deed Records of Martin County, Texas, as is more fully shown by Plaintiff's First Amended Original Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Lamesa, Texas this 14th day of October A. D. 1971.

PERMIAN

(Continued from page 1) ing the coming year for continuing operation of a regional teletype communications and information system.

Permian Basin's 1972 application for CJC funding will fall into six of the council's 12 program categories: upgrading law enforcement personnel, prevention of crime, prevention and control of juvenile delinquency, improvement of detection and apprehension of criminals, improvement of prosecution and court activities and law reform, and improvement of communications and information systems.

Needs for the five-year period covered by the plan are estimated at \$636,000.

Every veteran who sells a home purchased with a GI loan should get a "release of liability" from VA before signing a sales contract, the agency advises.

Nettie Byrd hosted the meeting at the library. Doris Oldecker gave a program on "Environment, Health, Work, and Play." All the members participated in a group discussion on how these things affect your life.

The meeting began by the members repeating the opening ritual. Regular business meeting was held. Maxine Kelly brought the "It Gift" and it was won by Billie Pinkerton again. The closing ritual was repeated by the members.

A Mexican supper was enjoyed by those present. Those attending were Carol Anderson, Polly Atchinson, Nettie Byrd, Maxine Kelly, Glenna Mims, Billie Morgan, Billie Pinkerton, Dorothy Smith and Crystal Wells.

STORING FRESH FRUITS

When you store fresh fruits, the temperature and humidity are very important. Extension foods and nutrition specialists at Texas A&M University remind. Poke a few small holes in plastic bags of fruit to provide ventilation and to let out some of the moisture that will accumulate.

Those who say "you can't take it with you" never saw a car packed for a vacation trip.

SHORT SNORTS

Dr. Elmer Baum of Austin resigned as State Democratic Executive Committee chairman, and SDEC set Wednesday, Oct. 20 as meeting date in Dallas to pick a successor. Legislative Redistricting Board, after coming up with a Senate redistricting scheme, is racing to beat the clock and complete House of Representatives reapportionment by October 23 deadline.

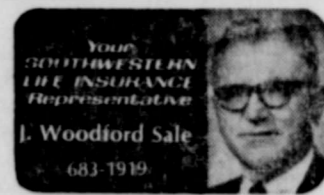

Governor Smith declined to call a special legislative session "for any purpose" after a telephone poll of House members.

Applications have been filed for Citizens State Bank in Rowlett, Dallas County, and Woodridge State Bank in Guilfate Mall, Houston.

Jim Kane, state Republican party executive director, said the GOP expects to pick up 20 to 30 Texas House seats next year if redistricting lines are "drawn right."

Just Picture It

THE SMOKE SIGNAL—ONE OF THE EARLIEST VISUAL MEANS OF BROADCASTING—WORKED GREAT IN GOOD WEATHER, BUT WAS OTHERWISE SOMEWHAT UNRELIABLE.

IN 1884 THE FIRST VERSION OF TV TRANSMISSION—THE NIPKOW DISK—SCANNED A PICTURE MECHANICALLY. BUT THAT, TOO, FAILED WHEN OPERATED AT HIGH SPEEDS NEEDED FOR GOOD DEFINITION.

ELECTRONIC TUBES CHANGED ALL THAT, AND TELEVISION BECAME A FACT OF LIFE... FIRST WITH BLACK AND WHITE AND THEN COLOR SETS. AND THE IMPROVEMENTS GO ON... LATEST IMPROVEMENT IS TELE-MAGIC, ONE-BUTTON COLOR TV CONTROL, BY PACKARD BELL. PUSH A GREEN BUTTON AND INTENSITY, HUE, FLESH TONE, BRIGHTNESS, CONTRAST AND SIGNAL STRENGTH ARE COORDINATED AUTOMATICALLY. SIX CONTROLS IN ONE!

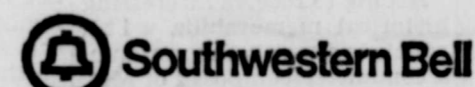

Don't sell us short.

You call us the phone company.

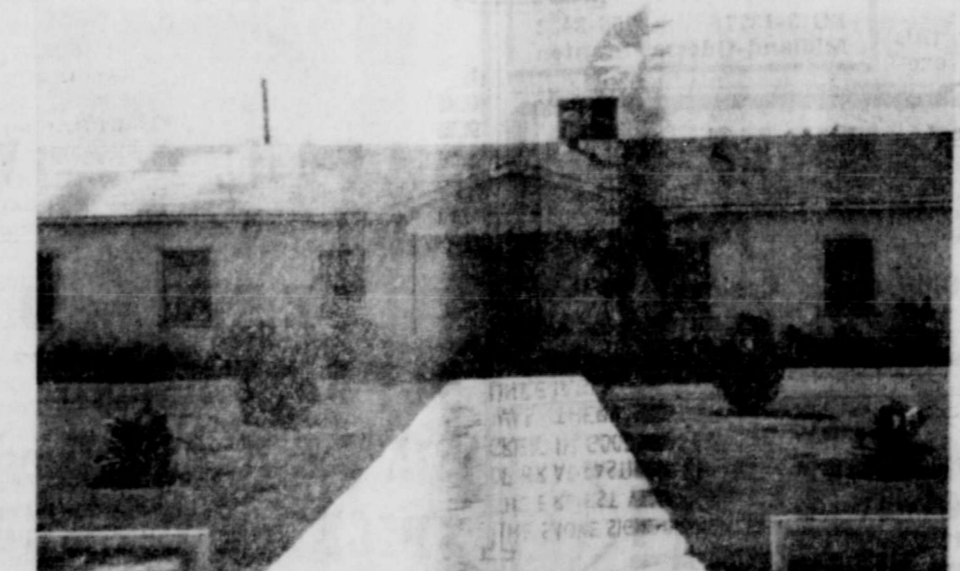

We're that. But much more. We're part of the nation's largest computer. The Long Distance network. We offer as much special equipment for the handicapped as some hospitals. We transmit more data than a chain of computer companies. We employ more specialists than the largest consulting firms.

Why? Because we're more than a phone company. We're a communications company. "We may be..."
