Friend In Need—Is A Friend Indeed

Someone once said, "A friend in need is a friend indeed!"

Too many times we read this, and even say it, without really understanding the true meaning of it.

But one Stanton man can say this in all its true meaning, with gratefulness to a big bunch of friends and with a prayer of thanksgiving in his heart.

That man is Jesse Nevarez, who has been laid up due to injuries received in a car wreck several weeks ago. Jesse has not been able to work until this week.

Jesse knew he had friends in Stanton. He probably didn't realize just how far they would go to help him.

On Monday, January 10, some 10 or 12 men showed up on his place north of town, with strippers and trailers and a willingness to help a friend in need. In a matter of three hours his cotton crop on 28 acres was gathered and on the way to the gin. Twenty bales were ginned.

Thank God there are some who know the answer to the question, "Am I my brother's keeper?"

The men who helped Jesse are: W. C. "Buck" Boon, Jack Thompson, Claude Glaspie Jr., Bud Glaspie, Manual Rodriguez, A. C. Powell, Tommy Hurch, Mark Hurch, Pat Ramirez, G. P. Harrel, Tooter Harrell and Cliff Hazlewood Jr. Delbert Franklin furnished the diesel for the tractor. Thanks, men!

Stanton Student On Dean's List

LUBBOCK—A total of 361 students in the College of Agricultural Sciences at Texas Tech University qualified for the dean's honor list for the fall semester, according to Dean Anson R. Bertrand.

To qualify for the honor list, a student must be enrolled in 12 semester hours of courses, excluding pass-fail courses, and have at least a 3.0 grade point average. Texas Tech uses a 4.0 point grading system.

The College of Agricultural Sciences is one of six colleges and two schools at Texas Tech University, with a total fall enrollment of more than 21,000 students. The others are the colleges of Arts and Sciences, Business Administration, Education, Engineering and Home Economics, and the Graduate School and the School of Law.

Glen Lawson of Stanton was recognized for high academic achievement in the College of Agricultural Sciences.

L. O. Kaderli, 83, Killed in Accident

L.O. Kaderli, 83, was pronounced dead at the scene by Justice of Peace Ruth Nicholson following a two-vehicle collision at the intersection of Alamo and E. 39th streets. He was San Angelo's first traffic fatality for 1972.

Kaderli's pickup was turned up on its side in a vacant lot after it was in collision with an auto driven by 17-year-old Larry A. Teague of 2405 Forest Park. Teague was slightly injured but not taken to the hospital.

Graveside services for L.O. Kaderli, 83, were held at 11 a.m. on Tuesday, January 11 in Fairmont Cemetery directed by Robert Massie Funeral Home. The Rev. A.C. Huff officiated.

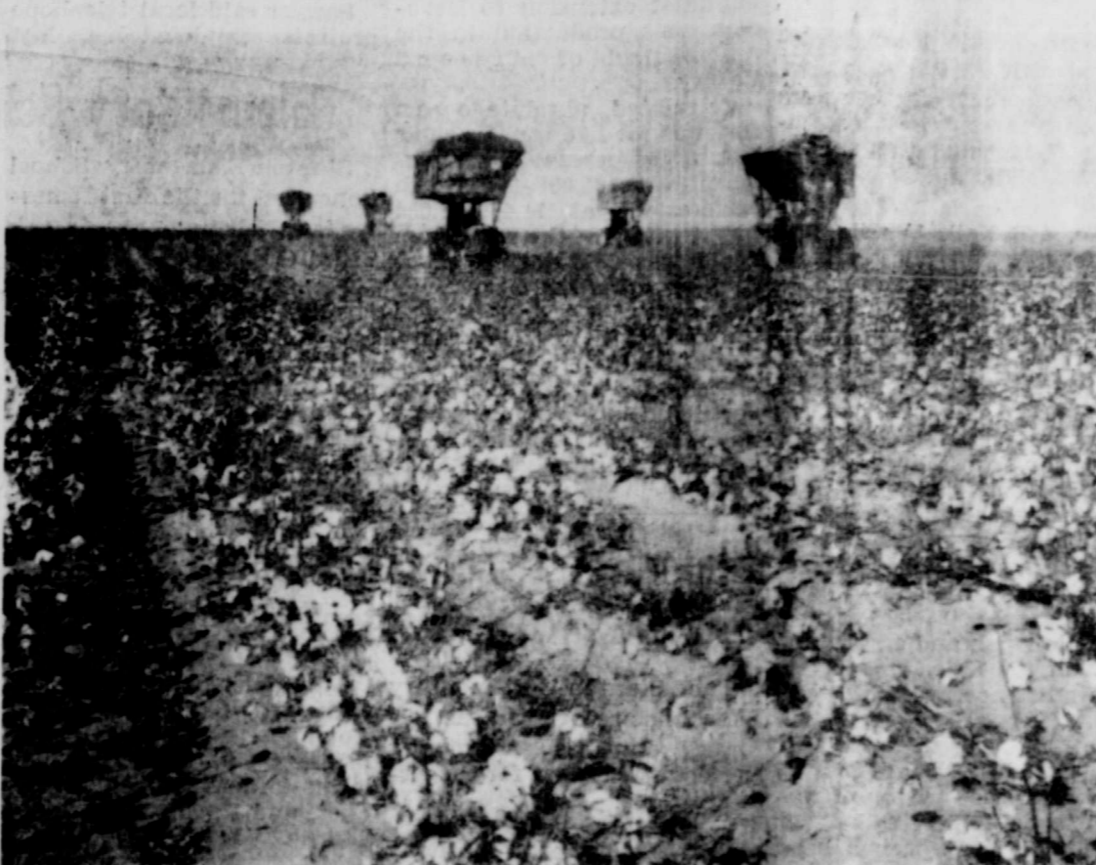

He was born December 29, 1888 in Williamson County. He was a truck farmer.

Survivors include a daughter, Mrs. Ervin L. Holden of Lynnwood, Calif.; three stepsons, W.F. Pickett and G.E. Pickett, both of San Angelo; and Earl Pickett of Odessa; three stepdaughters, Mrs. Charles Holster, Mrs. Jo Nell Moore, and Mrs. A.L. Tennis, all of San Angelo; two sisters, Mrs. Ethel K. Owens and Mrs. Edna K. Bostick, both of San Antonio; two brothers, A.T. Kaderli of Austin; three grandchildren; and three great-grandchildren.

Social Security Visit Schedule

A representative from the Big Spring Social Security office will be in Stanton Monday, January 24, at 10 a.m.

Sheila Manning visited her sister, Mrs. Jerry Toie, in Omaha, Nebraska during the holidays.

STRIPPERS AT WORK—Five cotton strippers can be seen at work in Jesse Nevarez's field.

A STOMPING GOOD TIME—Jack and Buck are seen having a good time stomping the cotton down while helping out Monday.

Rites Held For James Blackerby

Graveside services were held Monday in the Evergreen Cemetery for a former Stanton resident, James Otis Blackerby, 81, Lubbock, who died Friday in Lubbock University Hospital following a lengthy illness.

Claude Woods, minister of the Stanton Church of Christ, officiated at the service. Arrangements were under the direction of Gilbreath Funeral Home.

Born Dec. 29, 1890, in Jack County, Texas, Mr. Otis moved to Stanton in 1906 where he spent most of his life as a farmer. He married Leatha Youngblood in Stanton March 25, 1916. She preceded him in death in September, 1971. Mr. Otis moved to Lubbock in July, 1971.

He was a member of the Stanton Church of Christ.

Survivors include one daughter, Mrs. J. J. Bentley, Lubbock; two sisters, Mrs. Lester Adams, Turlock, Calif., and Mrs. Ethel Youngblood, Oakhurst, Calif.; five grandchildren and two great-grandchildren.

Humble Rewards Billy Latty

Mr. Billy J. Latty has observed his 20 year service anniversary with Humble Oil & Refining Company. Mr. Latty is assigned as Maintenance Specialist at Midkiff in the Midland District, Midcontinent Production Division.

At a luncheon held recently in his honor, Mr. Latty was presented a service emblem by Senior Field Superintendent E. L. McBee.

Mr. Latty's hometown is Westbrook, Texas. In 1951, he was employed as a Rounstabout at Stanton, Texas. Subsequent field assignments took him to Monahans, Texas, and Hobbs, New Mexico, prior to his move to Midkiff.

Mr. Latty and his wife, the former Peggy Yates, are the parents of two daughters. The Latty family reside in Stanton.

Martin County Livestock Show Set for This Weekend

The Annual Martin County Livestock Show, sponsored by the Agricultural Committee of the Martin County Chamber of Commerce, will be held this week. Due to the large increase in entries, the show will be Friday and Saturday, the 14th and 15th of January. The proposed itinerary will be as follows: All entries must be weighed and checked in by 6 p.m. on Thursday, January 13th. Lamb show will be held at 10 a.m. January 14th. Hog show will be held at 2 p.m. that afternoon, and the steer judging will be on Saturday morning, January 15th, beginning at 9 a.m. There will be a Livestock Sale following at 2 p.m. with Eddie Owens of Big Spring handling the auctioneering.

Chairman Chuck Elmore announced that the Judging Committee has secured the following to judge this year: Robby Lemon, Mitchell County Agricultural agent, Colorado City, Texas, will judge the steer show. Fred Wilkerson, Crane County agricultural agent, Crane, Texas, will be the lamb show judge, and Bobby Lee, Wilson FFA teacher from Wilson, Texas, will judge the hog show. The superintendent of this year's show will be Craig Beckmeyer, Ackerly, Texas, lambs; Bobby O. Kelly, Stanton, hogs, and Owen Kelly, Stanton, steers.

According to reports from Billy Reager, Martin County Agricultural agent; Nolan Parker, Stanton FFA teacher, and Melvin Chisum, Flower Grove FFA teacher, this will be the largest Livestock Show in the history of Martin County.

The Agricultural Committee is asking all interested persons to come out and support our FFA and 4-H members in this worthwhile project.

March 25th at 7:30 p.m. in the Stanton High School Auditorium.

There will be two categories. Little Miss Martin County will be in the 2-5 age group and Junior Miss Martin County will be age 6-10.

Entry blanks will be in the Stanton Reporter weekly until the deadline in February 15.

Our five out-of-town judges will be Kay Gaddy, Odessa; Jim Crawford, Midland; Keith Ward, Midland; Jimmy Taylor, Big Spring; and Mrs. Zack, Big Spring. Harry Newhart of KMDI TV will be Master of Ceremonies.

There will be local entertainment at the pageant, so buy your ticket now from any Rho Xi member to be sure you have a seat. Tickets are \$1.00 for adults and 50c for students.

Survivors include a daughter, Mrs. Charlene Schremsler of Richmond, Calif.; two sons, Raymond of Stanton and Truman of Big Spring; and seven grandchildren.

Rep. E. L. Short Seeks Second Term in House

State Rep. E.L. Short of Tahoka is announcing his candidacy for re-election to the Texas House of Representatives.

In seeking his second full term of office, Short made the following statement:

"I take this opportunity to thank you for permitting me to serve as your state representative in the Texas Legislature. I solicit your continued interest and support for this office. My wife, Dink, our daughters, and I are indebted to you for this opportunity.

"There have been many times of necessity presented to me since I have been your state representative and I am asking you, the people of this West Texas District, to reelect me so that I might initiate and continue to bring some of these problems before the legislative committees and the 63rd Legislature. They concern the important fields of constitutional revisions; initiating a new method and to formulate a new tax system for financing the public schools of Texas; insurance; strengthening county government; welfare reforms and upgrading our ancient civil and criminal laws.

"I pledge to you once again my devotion to this office to be available within this district answering the requests of the people, their towns, counties, and schools. I feel that we have made much progress toward our goals of conservation government with many people throughout Texas. I have no reservations in admitting taxes and the cost of government is ahead of the times and that state agencies and regulatory authorities need to be kept under constant surveillance by the people and their elected officials. As I have stated many times while visiting in your community, it shall be my challenge to bring you, the people, closer to state government.

"Many important offices and issues are to be voted on in 1972. I urge you to encourage everyone to register to vote."

Rep. E. L. Short

Stanton High Band Students Will Participate In All-Region Concert

Several members of the Stanton High Band will be participating in the Region VI All-Region Band Concert being presented at the Lee High School in Midland on Saturday evening at 7:30. Admission is free and the general public is urged to attend.

Harlan Lamkin, band director at Palo Duro High School in Amarillo, will serve as guest conductor of the Class AA honor group. Several program numbers will be prepared during the day for presentation at the evening's activities. Rehearsals for the pending concert will be held at the Goddard Junior High School.

Musicians attending the day's program will include: Betty Anderson, Karen Anderson, Zanna Angel, Judy Costlow, Polly Creech, Doyla Doggett, Kim Douglas, Ronnie Henson, Lyn Herzog, Molly

Hughes, Jackie Jones, Jimmy Jones, and Diana Payne. Margie White is named as alternate to her section.

This year's recipients represent almost twice the placement honors awarded in past years for the local group and equals the total band membership of just a few years ago.

Louder Boys Visit Here

Captain Ray Louder of Fort Sill, Okla. and Jimmy Louder of Texas A&M University spent Christmas at home with their parents, Mr. and Mrs. Tull Ray Louder and Gene.

Jimmy is presently on a ski trip to the Alps in Switzerland. He will also spend a day in Paris. He will return to Houston on Jan. 13th and resume studies at A&M on Jan. 17.

Jimmy is making the trip with friends from A&M.

RECEIVES SALES AWARD—Greg McDonnell, Territory Manager for John Deere Co., is shown presenting O. B. Cave and Fred Bowlin of Cave-Bowlin Inc. a Tractor Sales Award for the outstanding job they did in 1971.

To The Point

By BUDDY NORVILLE

Someone actually missed my column last week. I'm glad it is being read.

Last week was one of those weeks that I should have stayed in bed. But I didn't. Stubborn as I am, I was determined to set type myself in the absence of George Smith. It has been some time since I set much type. And I had forgotten a few things about how to treat a Linotype machine. They are a lot like a wife — you've gotta treat them with respect, love and devotion. And, as with the wife, I often ake the machine for granted. broke down twice—each time for about four hours. That's a whole day when you add them together.

But help was only a call away. And we (I didn't do it all by myself) got the type set.

1971 is gone, to become another segment of history. A lot of history was made in 1971, another year of man's futile attempts to live at peace with himself. Seemingly, man never learns from the mistakes of his ancestors. We have yet to discover that the right way to make friends is to love our neighbors, not make war on them.

At one time I was for the war in Vietnam. That was when I thought we were over there as a good neighbor, trying to halt the communist advance in Southeast Asia. The time has come for every American to take a close look at the situation over there.

In a recent poll, 75 percent of all Americans were believed to be against the war in Vietnam. How many men will die over there before our leaders will agree to pull-out? How many prisoners will the enemy take before the war ends? It's a sad state of affairs when the majority of our democratic population do not want to continue the war, and there's nothing they can do about it. I say it's time for the people to have a say. If you are as concerned about this as I am, will you vote—and send the ballot to me. At the end of the month I would like to send the results to Washington, D.C.

Unofficial Ballot

I am (am not) a registered voter.

I Am For Against the war in Viet Nam.

Oilpatch Outlook

The Sale Ranch (Strawn) field of Martin County gained its second well and a 1/2-mile north extension with completion of Adobe Oil Co. No. 1-A Hilger, 11 miles northwest of Stanton.

On 24-hour potential test, it pumped 122 barrels of 47.2-gravity oil and 26 barrels of water, with gas-oil ratio measuring 1,721-1, through perforations at 10,376-10,437 feet. The section had been treated with 6,000 gallons of acid.

Location is 1,880 feet from south and 600 feet from west lines of section 41, block 37, T-1-N, T&P survey.

Fort Worth Oil & Gas Co. of Midland continued testing at No. 4 Meek, indicated six-mile northwest extension to the same field.

It flowed two hours through perforations at 10,572-10,762 feet, which had been acidized with 1,000 gallons, recovering 30 barrels of fluid, cut 75 per cent oil, and then swabbed 10 barrels of fluid per hour, cut 30 per cent oil, for seven hours. There was a good gas show.

Location is 1,320 feet from south and west lines of section 6, block 38, T-1-N, T&P survey, 16 miles northwest of Stanton.

The Sale Ranch opener, Adobe No. 2 Glasscock, finished in August for 233 barrels of 48.7-gravity oil daily, through perforations at 10,388-10,394 feet.

Continental Oil Co. was preparing to re-acidize and resume testing at No. 2-14-7 University, north offset to the opener and lone producer in the Mustang Draw (Devonian) oil field of Martin County, 15 miles northwest of Tarzan.

From open hole at 12,325 feet, where 5 1/2-inch casing is seated, and 12,328 feet 1/4 total depth, which had been acidized with 100 gallons, it swabbed 73 barrels of oil and two barrels of water in an unreported time.

Location is 1,980 feet from north and west lines of section 14, block 7, ULS.

The opener, Conoco's No. 1-14-7 University, finished Oct. 15, 1971, to flow 339.74 barrels of oil and 8.4 barrels of water daily, natural, through a 10 3/4-inch choke and perforations at 12,323-12,325 feet.

Two field areas in Martin County gained completions. Collier Diamond Oil Co., Inc., Midland, completed No. 1-H Slaughter 1/2 mile north and 5/8 mile southwest of production in the Sulphur Draw (8,790 Dean) field of Martin.

On a 24-hour potential test, it flowed 114 barrels of 37.3-gravity oil, with a trace of water, through a 16/64-inch choke and perforations at 8,937-9,040 feet, which had been acidized with 1,750 gallons and fractured with 100,000 gallons and 135,000 pounds. Gas-oil ratio measured 763-1.

Location is 1,320 feet from north and west lines of section 3, block 36, T-3-N, T&P survey, 25 miles northwest of Stanton.

Vanderbilt Resources Corp. operating from Dallas, has completed No. 1 Raymond Glasscock 1/2 mile south of the nearest producer in the Spraberry Trend Area of Martin.

It was finished through perforated section at 8,423-8,937 feet, which had been acidized

with 3,000 gallons and fractured with 80,000 gallons and 160,000 pounds, for 235 barrels of 38-gravity oil and 38 barrels of water. Gas-oil ratio is 870-1.

Wellsite is 1,320 feet from north and west lines of section 5, block 37, T-1-S, T&P survey, 3 1/2 miles east of Courtney.

John L. Cox, Midland, completed two producers in the Spraberry Trend Area of Martin.

No. 1-B Nail, one mile north, was completed to pump 84 barrels of 40-gravity oil and 12 barrels of water on 24-hour potential test, through perforations at 8,293-9,059 feet. The section had been fractured with 80,000 gallons.

Location is 1,320 feet from north and east lines of section 27, block 38, T-1-N, T&P survey, eight miles northwest of Stanton.

No. 4-B Nail, 1/2 mile east of the nearest producer, finished to pump 97 barrels of 39-gravity oil per day, plus 10 barrels of water, through perforations at 8,413-9,232 feet, which had been fractured with 80,000 gallons.

Location is 1,320 feet from north and west lines of section 28, block 38, T-1-N, T&P survey, three miles northeast of Midland.

Petroleum Exploration & Operating Corp. of Midland completed No. 1 Webster as a 1/2-mile north and east extension in the Sale Ranch area, five miles northwest of Stanton.

On 24-hour potential, it pumped 102 barrels of 39-gravity oil and 20 barrels of water, through perforations at 7,908-8,967 feet. It had been acidized with 4,000 gallons and fractured with 147,000 gallons and 180,000 pounds.

Location is 1,320 feet from south and west lines of section 42, block 36, T-1-N, T&P survey.

Operators staked sites for development wells in the Spraberry Trend Area of Martin County.

RK Petroleum Corp., Mt. Carmel, Ill., filed application for No. 1 Giendening to be drilled to 9,300 feet.

Wellsite is 1,320 feet from north and east lines of section 26, block 36, T-3-N, T&P survey, seven miles northwest of Lenorah and link well 1/2 mile east of the Trend Area. It also is 1/2 mile west of production in the Sulphur Draw (8,790 Dean) field.

Stallworth Oil & Gas of Midland, will drill No. 1 McCreless to 9,000 feet in the Trend Area of Martin.

Location is 1,320 feet from south and west lines of section 24, block 36, T-2-N, T&P survey, 2 1/2 miles northeast of Lenorah and 1/2 mile north of the closest completed well.

RK Petroleum staked site for No. 1-A Ann Cole, as a 1/2-mile offset to the nearest completed production in the Martin County part of the Trend Area.

Scheduled depth is 9,300 feet for the test which spots 1,320

feet from south and east lines of section 6, block 36, T-2-N, T&P survey, six miles northeast of Tarzan.

In Howard County, Dalton H. Cobb and John W. Ruwwe of Midland will drill No. 1 Kalus White as a 7,700-foot wildcat, 1/2 mile northwest of a 7,491-foot failure and 3 1/2 mile northeast of production in the Vealmoor, East field.

Location is 2,173 feet from south and 467 feet from west lines of section 36, block 25, H&TC survey, seven miles west of Vincent.

North American Royalties, Inc., of Midland has completed No. 1-4 Driver as a 3 1/2-mile southeast extension to Devonian gas production in the Azalea field of Midland County.

Calculated, absolute open flow was for 1.35 million cubic feet of gas per day, with gas-oil ratio of 168,000-1, through perforations at 11,486-11,634 feet. Gravity of the petroleum liquid was 65.4 degrees. Producing section had been acidized with 5,000 gallons and fractured with 100,000 gallons and 138,000 pounds.

Location is 1,320 feet from north and 1,680 feet from east lines of section 4, block 37, T-4-S, 12 miles southeast of Midland.

Elementary School Recognizes Students With Perfect Attendance

The Stanton Elementary School has recognized the following students for having perfect attendance for the first semester:

Kindergarten—
 Mrs. Ledbetter - Anthony Estrado, Yolanda Flores, Margie Gutierrez, Luis Villa, and Kathy Young.

First Grade—
 Mrs. Epley - Rhonda Garcia, Mark Luna, Wayne Kargl, Leandro Gonzales, Adolph Garza, Bonnie McKenzie, Manuel Rodriguez, Johnny Montez, and Karla James.

Second Grade—
 Mrs. Lillison - Connie McCauley, Clifton Mullins, and Russell Carter.

Third Grade—
 Mrs. Petree - Jimmy Swanson.

Fourth Grade—
 Mrs. Lankford - Freddy Hernandez, and Lana McKenzie.

Fifth Grade—
 Mrs. Harrell - Eddie Bryan, Richard Perez, Charlotte Trimble, and Kristi Turner.

Sixth Grade—
 Mrs. Elmore - Norberto Arguello, Lloyd Brown, Michael Estrada, and Steven Walton.

Dr. Maxwell is the first UT Austin geologist ever to receive this honor. He will serve during the coming year as vice president of the professional society.

In addition to the election of Dr. Maxwell, Dr. Peter T. Plawn, vice president for academic affairs at UT Austin, also a geology professor, was elected to a three-year term on the society's council.

Suits challenging House redistricting have been lumped together and assigned Dallas Federal Judge Joe Estes.

Stanton On The Grow, According To Southwestern Bell Telephone

More than 1,280 telephones were in service in Stanton as of December 1, a healthy increase of 1-8 per cent during 1971, Harry Sawyer, manager for Southwestern Bell, said today.

"Telephone growth is considered a good indicator of overall economic growth," Sawyer said. "The addition of 23 phones last year shows that Stanton is on the grow."

Sawyer said Stanton residents are using their phones more, too. "In November, 4,779 calls were dialed here on an average business day. That's a 12.6 per cent increase over November, 1970."

Sawyer said local telephone projects completed here last year included installation of dial equipment to provide 200 new phone numbers to meet growth.

"Growth and expansion are likely to continue for the city's communication system," Sawyer said. "Telephone engineers predict that Stanton will have 1,500 telephones in service by the end of 1975."

He added that a record \$150 million construction budget has been set for Southwestern Bell's San Antonio Area, of which Stanton is a part. The 1972 budget includes expenses for central office equipment, buildings and additional plant facilities, such as telephone cable, in an area covering approximately the western two-thirds of Texas.

State Sen. Joe Christie of El Paso became the sixth Democratic entry in the lieutenant governor's race.

A House committee will study state medical welfare program costs.

At your service:

Enough electricity for today and tomorrow.

Dependable electric power in ample supply helps make good living possible today—and is essential for tomorrow's growth and progress—throughout the area served by Texas Electric.

Providing enough electricity to meet these needs will require over \$165 million in new construction in the next two years. That's a lot of money. And about \$100 million of this

will have to be raised in a competitive market at a time when interest rates are much higher than they were just a few years ago. This, added to other higher costs of doing business, makes the job of planning and building ahead an even bigger task. At Texas Electric, providing enough electricity is a commitment and a continuing effort that keeps us at your service.

Mustang Soil Conservation News

Garden mulches and how to use them is the subject of a new leaflet available from the USDA Soil Conservation Service.

Jake Hodges, S.C.S. District Conservationist at Stanton, said the leaflet "Mulches For Your Garden" has the best and most concise explanation of how to use mulches and compost in a garden that he has ever seen.

"The leaflet explains how mulches cushion falling raindrops which reduces soil loss and compaction," Hodges said. "Mulches keep soil cool in the summer, conserving moisture; they also furnish food for earthworms which are valuable for aerating the soil. Organic matter added by mulches helps keep soil crumbly and easy to work."

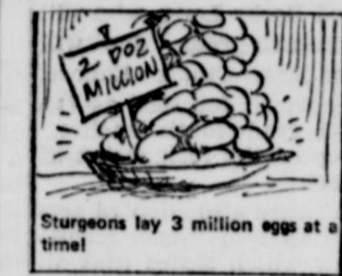

Hodges said some mulches

are more valuable if composted before using. The new publication shows how to build a simple compost bin out of wire or boards and is complete with drawings and pictures.

The leaflet lists the number of cupful of various kinds of fertilizer, wood ashes, or epsom salts to add to a bushel of compost to speed decomposition, and to increase the compost's plant nutrient value. Details are also given on how to make and compost for use with azaleas and rhododendrons.

"Proper handling of mulches is one of the most important but least understood soil and water conservation measures used in Texas," Hodges said. "All good conservation farmers leave the stalks and stems from their crops on the land to reduce erosion and conserve moisture. Few conservation measures do more to reduce pollution from blowing dust or from sediment." The district conservationist said gardeners could use the same principle in flower and vegetable gardens by utilizing mulches from grass clippings, tree leaves, straw, stems and stalks from harvested vegetables, and other material.

To get your free copy of the leaflet contact any Soil Conservation office. The Stanton work unit is located in the Crim building.

Beta Sigma Phi News

Xi Epsilon Delta

The Xi Epsilon Delta chapter of Beta Sigma Phi met January 6 at the home of Georgia McMeans.

A very interesting and informative program on adult education was given by Dr. Davis, head of Adult Education at Midland College and Mr. C.C. Dakil, Dean of Students.

They discussed extension courses, correspondence schools and special skills and talents courses for career training. Besides the regular academic courses offered at Midland College, there are also community service, non-credit courses offered in many fields that may interest adults in our community.

The business meeting was conducted by president, Edith Chenault. A report from city council was given and plans for future activities were discussed.

Refreshments were served by the hostess to Edith Chenault, Tince Ory, Margie Ireton, Bert Schwabe, Lois Powell, Corene Manning, Allyne Kelley, Helen Thrallkill, Overa Angel, Ailie Anderson, and Debra McMeans.

Preceptor Mu

Preceptor Mu of Beta Sigma Phi met January 6 in Big Spring, at the home of Helen Dawson.

A candlelit dinner of special Scandinavian gourmet dishes was served. The hostess used recipes of her Swedish ancestors.

June Reid, president, presided at the business meeting. Reports of various Christmas activities and projects were presented. Plans were formulated for coming events of the new year. Irene Long gave excerpts from "Book of Beta Sigma Phi."

The program, "Land of The Rising Sun", given by Helen Ruth Louder, was highlighted by pictures and mementoes of her nephew, Dennis Ireton, who recently returned from a trip to Japan. The hostess showed many souvenirs her son sent to her.

Members gathered around a table laden with gifts, to receive a delightful reminder of a new Phi Pal.

Members answering to roll call were: Mary Kathryn Bristow, Mary Prudie Brown, Helen Dawson, Gerry Gates, Mary Grace Latimer, Sammie Laws, Irene Long, Helen Ruth Louder, June Reid, Mamie Roten, Margaret Rouche, Jendo Turner, and Pauline Wood.

Rho Xi

Rho Xi's first meeting for the new year was held on January 6 in the home of Mrs. Ulen North Jr.

The opening ritual was recited and vice-president, Sara Blocker presided over the business meeting. The roll call and minutes were given showing nine members present. Treasurers report and communications were read.

The meeting was then turned over to the pageant committee and jobs were assigned and explained to members.

Sarah Blocker gave a study of Beta Sigma Phi and also presented the program "Interpretation of Love."

The closing ritual was repeated and refreshments were enjoyed by all.

A baby shower was given in honor of Mrs. Butch Cain.

Those present were: Beverly North, Sara Blocker, Mary Deitiker, Beth Black, Elaine Stanley, Becky Graham, Bonnie Franklin, Lois Laxon and Clara Stewart.

Want to Write To Congress

For readers' convenience in communicating with members of Congress, the addresses of Texas' U.S. Senators and Congressmen serving the West Texas area, are given here:

Omar Burleson, Congressman, 17th Texas District, care of House Post Office, Washington, D. C., 20515.

Lloyd Bentsen, U. S. Senator care of U. S. Senate Post Office, Washington, D. C., 20510.

George Mahon, Congressman 19th Texas District, care of House Post Office, Washington, D.C., 20515.

John Tower, U. S. Senator, care of U. S. Senate Post Office, Washington, D. C., 20510.

Boys Almost Pull Upset

The Stanton Buffaloes took the court with an upset over the highly-rated Crane Golden Cranes on their minds Monday night. And the amazing part of the story is—they almost pulled it off.

Stanton scored first on a free throw by Tommy Deavenport. Crane went ahead on a jump shot by Terry Neal, who scored 21 points before the night was over.

With 3:22 remaining in the first quarter, Stanton pulled ahead, 12-11. The lead was short-lived, however, as the Cranes led, 19-17 at end of the quarter.

The lead changed back and forth many times in the second quarter. With 4:24 to go in the half Stanton led by four, 29-25. Half-time score read, 37-37.

Stanton clearly out-hustled the Cranes in the first half. The hustle of the Buffaloes caught the Cranes completely off guard. They came to town expecting a push-over. They were badly mistaken, the Buffs had no intention of playing dead. Tommy Deavenport, smallest man on the court, was a menace to the Cranes all night, continually stealing and deflecting Crane's passes.

At the end of the third quarter Crane led, 56-54. And Stanton was hot on their heels. But with about five minutes to play in the game, Crane jumped ahead by 8 points. A couple of bad calls by the tiring referees and a couple of bad passes by eager Buffaloes gave the advantage to Crane.

The Buffs began to hurry their shots, not giving their teammates time to get in position to rebound, and the Cranes gained further advantages. As a result, Crane's lead stretched to 20 points at one time.

The game ended with Crane well-ahead, 86-71. Preston Springer led the Buff score-attack with 22 points. Preston kept the Crane defenders on their toes. More than once they could do nothing but watch as he drove past them for lay-ups.

Terry Neal led Crane with 31 points. Crane also won the B game, 60-46.

Billy Howard sparked the B Buffs with 14 points. Gene Louder had 12 and Mark Eiland had 9.

Green had 14 and Neal 13 for Crane.

Girls Continue Winning Ways

By Gloria Bryant

The varsity girls game saw a lot of exciting action last Thursday night as the A-girls won their second district game against the Crane Golden Cranes.

The first two Stanton points came quickly from a pass by Darla Sawyer, Sr. forward, to Debbie Lambert, Jr. forward, Audrey Brown, Sr., Teresa Louder, Sr. and Rosalyn Welch, Soph. were starters at guards, but getting the ball to the offense was difficult and at the end of the first period Stanton trailed 11-7.

Fawn Briggs, Soph. forward, replaced Darla Sawyer in the early part of the second quarter, due to Sawyer's fourth foul. The Stanton offense managed to score 11 points and closed the 5-point trailing gap to 2, and ended the first half, 20-18.

Stanton jumped ahead ahead early in the third period as Debbie Lambert, having been fouled, made one of two free throws. Stanton scored 12 points in the third quarter. Good defensive action was shown by Rosalyn Welch and Audrey Brown in the second half.

Stanton enjoyed a 10-point lead, the most ever held by Stanton, at the end of the third quarter.

Darla Sawyer, back into the act at the beginning of the 4th quarter, sank two free throws and Stanton maintained their 10-point lead.

Crane, however, took advantage of Debbie Lambert's Brown's and Louder's fouls and closed the 10-point gap to only 4. With 19 seconds remaining in the game, two unsuccessful lay-up shots by Lambert left the score at 35-31, Stanton leading. Audrey Brown fouled with 2 seconds left and Crane completed 2 free throws and determined the final score, Stanton 35-Crane 33.

High point men were Darla Sawyer and Debbie Lambert each scoring 15 points.

The B team girls won 44-36 against Crane. Trica Shoemaker led scoring action with 16 points.

Monday night the Stanton girls defeated Ozona, 50-45, here in Stanton. Leading Stanton scorers were Betty Smith with 18 points and Darla Sawyer with 17. Debbie Lambert had 13 and Fawn Briggs 2. Hyde led Ozona with 24. The B girls also won their game against Ozona, 30-13. Trica Shoemaker again led, with 30 points for the night.

Stanton B Team Places Second At McCamey

The boys' B team played in the McCamey B team tournament over the weekend, coming home with a second place trophy.

Stanton Drew Eldorado in the first round and won easily, 55-34. Gene Louder led the winners with 10. Gary Henson chipped in 9, Mark Eiland 8, and Jack Smith 7.

Reiker led Eldorado with 10. McCamey bowed to the Stanton B Buffs, 48-47, in the next round. Mark Eiland and Gary Henson led scoring with 14 apiece. Ray Conner had 13. Carrasco hit 26 for McCamey.

Stanton whipped Ozona handily in the semi-final round. Mark Eiland netted 25 points to lead all scorers. Gary Henson had 9.

Payne led Ozona with 13. Ft. Stockton, a class AAA school, won over Stanton in the finals of the tourney, 56-43. Mark Eiland led again with 30 points. Vernon Brown 7, and Gene Louder 6.

Vasquez had 21 for Ft. Stockton.

Junior High Basketball Stanton Jr. High went to Garden City Monday for a game of basketball. They played, but it wasn't a game. Stanton won by the score of, 52-9.

Coach Richard Granada attributed the success of his team to the extra work they have been putting in. He voiced his approval of the team's press defense, and of course, the offense.

Terry Kelly led scoring with 16 points. Elvin Brown reached for 14 rebounds in the game.

Coach Granada said all the boys played real well.

Next games for the Jr. High teams will be against Forsan, to be played there, next Monday night. The games will begin at 6 p.m.

Stanton's Seventh grade girls won over Garden City, while the eighth grade girls lost to their host team.

Price Commission Okays Adjustment

An adjustment of long distance telephone rates within Texas, announced on July 31 but deferred because of the wage-price freeze, has been authorized by the Price Commission in Washington and went into effect at 12:01 a.m. Wednesday, December 29.

The new telephone rates feature reduced charges for most One - Plus Dialing and increased rates for operator-assisted calls within Texas.

Harry Sawyer, manager for Southwestern Bell, said the adjustments should increase the company's intrastate revenue by about 2 per cent.

Also being introduced along with the new rate for One-Plus Dialing are:

A new one-minute initial period of "night (11 p.m. to 8 a.m.) One - Plus calls which do not require the services of an operator.

New rates for all operator-assisted calls (station - to - station, person - to - person, credit card, coin, third number and "collect") during all calling periods.

New rate periods (day, evening, night and weekend) on One - Plus calls. These time periods are the same as now in effect for calls going outside Texas.

Sawyer also pointed out that two holidays - Labor Day and July 4 - are being added to the list of days on which reduced rates apply for One - Plus calls within Texas.

The new One - Plus rate also will be available in cities which are not now equipped for One - Plus when a station-to-station call is charged to the telephones from which the call is made, but this rate will not apply on station collect calls, credit card calls, calls charged to a third number, or station calls made from coin telephones.

Superintendent McMeans told the Reporter Tuesday, that in the event of bad weather, three radio stations would be called to announce closing of Stanton schools.

They are: stations, KCRS and KJBC in Midland and KHFM in Big Spring.

Rankin edged the Buffs Friday by the score of 66-65. This loss eliminated the Stanton team from the tournament.

Preston Springer was again high point man for the game, hitting for 22 points. Tommy Deavenport netted 16, and Jackie Swanson got 7 for the Buffs.

Crane eventually won the tournament, winning three games with relative ease.

Dr. Benjamin S. Bradshaw and Dudley L. Poston of UT's Population Research Center says that for every 100 residents 17 or younger, there are now almost 25 persons who are 65 or older.

In contrast, in 1940 for every 100 residents aged 17 or younger, only slightly more than 14 persons were aged 65 or older.

The scholars' data also shows that 55.4 per cent of the Texas population falls in the 18-to-64 age bracket.

Dr. Bradshaw says that for every 100 residents 17 or younger, there are now almost 25 persons who are 65 or older.

THE INFORMED CONSUMER

BY CRAWFORD C. MARTIN
Attorney General of Texas

Column 5 - Multilevel Marketing Plans and Pyramid Schemes

What is a pyramid or multilevel marketing plan? Basically, under this sales scheme, a company sells a contract to individuals which permits them to market a "fabulous" new product or service. These individuals in turn induce others to invest. Prospects are encouraged to believe they will receive enormous amounts of money in profits from the product or service that they sell, in rebates paid for each person they recruit, and in "over-rides" on all sales. The marketing plan offers far greater rewards for recruiting other participants than from selling the product or service.

If a friend, neighbor, or relative invites you to attend a meeting to learn about a program to earn money, he may be attempting to recruit you into a multilevel marketing plan. If this does happen, you should consider the following factors. First, the product or service is often nothing more than a vehicle used to recruit people and in some cases consists of a personal improvement course or a series of lectures to attend. Second, great emphasis is placed upon the enormous earnings which await participants. Third, the salesmen are extremely persuasive and an immediate decision to join the program must be made. It is now or never, and you can join at one of three or four levels depending upon how much money you can gather together and how much "ambition" you can muster. Finally, little or no mention is made regarding market saturation as the ever-increasing number of participants attempt to recoup their investment by recruiting from

the ever-decreasing number of potential investors in a given geographic area. In summary, it is very difficult to recruit enough individuals into a multilevel program to recover your original investment. While the promoters talk of money and success with a virtually endless chain of new recruits flocking to the program, participants will oftentimes find the product difficult to sell and recruiting even more difficult. Since the entire marketing program is based upon the exploitation of others, market saturation is the end result of any multilevel or pyramid program.

LAW TRUST FUND

AUSTIN - A trust fund establishing the Judge Benjamin Harrison Powell Professorship in Law at The University of Texas at Austin has been accepted by the UT System Board of Regents.

The endowed professorship, requiring a minimum of \$100,000 to establish, was created by a gift to the UT Austin Law School Foundation from Judge Powell's son, Ben. H. Powell, Jr., of Houston, and the judge's widow, Mrs. Marian Rafter Powell of Austin.

The professorship honors the memory of a man whose contribution to Texas jurisprudence spanned more than a half century. He served as a state district judge and as a judge on the Commission of Appeals of the Texas Supreme Court.

Judge Powell, who had two degrees from UT Austin, was the first editor of The Daily Texas, the student newspaper.

Jan's Jots...

By Jan McElrath
Society is changing. In the article published last week, poll was taken in several large companies on fashion. The overwhelming majority were for the mod look.
The women are allowed to wear miniskirts and boots. So as of this year, fashion seems to be keeping up with the times. No longer does one have to wait a year or several months before they can try out the new creations or hair styles. Take heed, this may be a sign of the times.
Men have much more freedom in fashion. They are allowed to wear their hair long and even grow beards. But, ties and jackets in the way of clothing are demanded. Sandals may be comfortable but were rejected completely by the companies in the poll.

High School News

By Gloria Bryand
After a long holiday vacation students returned to school Wednesday Jan 5, after getting an extra day when school was closed January 4 because of bad weather.
Mid-term graduates were: Sherry Hankins, Brenda Holloway, Lova Stewart, Laurende Mennifield, Don Robinson, and Rocky Ringener.
The F.T.A. (Future Teachers of America) had a bake sale Saturday morning to raise money to attend the F.T.A. convention in Dallas next month.
The varsity boys entered in Big Lake's Basketball Tournament January 7, 8 and 9 and lost to Van Horn Thursday night and Rankin Friday night. This eliminated them from the tourney.

Martin County Youth Make Good Showing At Odessa Livestock Show

Martin County 4-H exhibitors made a fine showing at the Sandhills Hereford and Quarter Horse Show in Odessa last week. The Odessa show limited the number of Hereford steer and fine wool lamb entries to 10 per county of F.F.A. chapter. Martin County 4-Hers exhibited ten steers and ten lambs.
In the steer division, 4-H members placed seven out of the ten entered. Brenda Holloway placed 1st with her light weight steer. The steer was bred by the Newman and Sale Ranch. In the medium light weight class, Jackie Jones placed 9th, Robert Cox 10th, Tana Yates 15th, and Clay Holcomb 16th. In the light weight class, Cydne Mullins placed 16th. In the heavy weight class, Jerry Holloway placed 12th.
Other steer exhibitors were Jody Yates, Morgan Cox, and Ricky Hightower.
Martin County placed 3rd in group-of-five steers from one county.
In the Lamb show Martin

County had a good day, placing five out of ten lambs. Martin County placed more lambs in the sale than any other county or F.F.A. chapter.
In the light weight class, Elonna Airhart placed 2nd, Lesa Bess Angel 12th, and Clay Holcomb 13th. In the heavy weight class, Deana Holcomb placed 4th, and Tahita Blake placed 9th. Other lamb exhibitors were Joni Latty, Sharalyn Holcomb, and Belynda Blake.
This was a fine effort by Martin County 4-H youth since Odessa is considered to be one of the toughest Hereford Steer and Finewool lamb shows in the U.S.
