### BANKRUPT BENEFACTOR

The 92nd Congress passed legislation providing that \$30 billion of federal revenues would be turned over to state and local governments over a five-year period. The idea was that these no-strings-attached grants would bolster the independence of lower levels of government by enabling them to exercise their own initiative in solving local problems without waiting for federal intervention.

This all sounds like a good idea. The only problem is that the revenue sharing program no longer makes any sense — state and local governments don't need a handout nearly as much as the federal government. As a matter of fact, they ran a budget surplus of about \$3 billion in the year ending June 30, 1972, and it is estimated that they may roll up a surplus of \$5 billion or so in the fiscal year ending June 30, 1973. By comparison, the federal government in the same period is expected to run a \$25 billion deficit this year.

All things considered, and distasteful as it might be to mayors and governors throughout the 50 states, it would make a lot more fiscal sense if the states shared the federal deficit rather than nonexistent federal revenues. Federal budget breakers have the fiscal integrity of a pack of riverboat gamblers. Until this changes for the better, the only thing we can figure on for sure is higher taxes and more inflation.

Have you noticed how well the buildings are coming along for the School. It doesn't look like it will be long before they are about ready.

The area experienced the coldest weather for April in any years. Would you believe 20 degrees?

## Hinojosa Goes To Germany

U. S. FORCES, Germany—Army Private Hinojosa Filiberto, 21, son of Mrs. Elida L. Hinojosa, 807 St. Joseph St., Stanton, Texas, participated with some 15,000 American and allied troops in Exercise Reformer IV in Germany Jan. 22-26.

Pvt. Filiberto is regularly assigned as a cannoneer in Battery D, 1st Battalion of the 5th Field Artillery at Ft. Riley, Kan.

Immediately after arriving overseas, the redeployed units drew combat gear and vehicles from prepositioned storage sites in Germany and moved to the exercise area to begin the five-day maneuver.

## Seniors Honored

The graduating seniors of the Stanton High School and their sponsors were the honor guests at a dinner given by the members of the First United Methodist Church on Monday night in the Fellowship Hall.

A western motif was carried out by the decorating committee. The tables were covered with red and white check cloths, greenery was strewn down the center, and oil lamps provided the light. The Deavenport Department Store presented each of the guests with red bandanna kerchiefs.

The guests enjoyed songs and music presented by a duo of young ladies from McMurry College in Abilene, known as the "Good Grieffs." They were Miss Connie Goodwin and Miss Sally Stone.

## JAYCEE BANQUET

RECEIVING AWARDS—Receiving awards at the Jaycee Installation and Awards banquet were: Bob Wilson (not pictured), Herb Sorley, James Lewis, Terry Franklin, James Jenkins and Bob Sale.

The Stanton Jaycees held their first Annual Installation and Awards Banquet at the Cap Rock Auditorium last Saturday night. It looks like the whole town turned out to hear a very interesting speech by Ernie Crawford of Odessa and see the local Jaycees get their awards.

Don Tollison was the Master of Ceremonies and did his usual suave job of keeping the program running smoothly. The incoming officers of the year were: Herb Sorley, president; Terry Franklin,

Vice President; Roger Burch, Secretary; James Lewis, Treasurer; Gary Deltiker, Bob Sale and James Jenkins were selected as directors with David Pinkerton the State Director. The outgoing officers were Mike Black, President; Herb Sorley, Vice President; Terry Franklin, Secretary; Fred Hernandez, Treas.; James Lewis, State Director and James Jenkins, Director.

The J. C. Ettes also presented their awards and installed their new officers at the occasion. The president gave us some hope that we may get

a Boy's Club started in Stanton in the future as an affiliation of the national organization. The committee was complemented for their handling of the circus and other projects of the year which have come off well.

The speaker gave a talk on the "Value of a Man," telling of the achievements of young men in history and asking the value of a man to himself and his community. He gave an impressive series of quotations illustrating his points, and the banquet was enjoyed by all.

## Lions Broom Sale

### Brooms Anyone?

Is that old worn out broom getting on your nerves? If it is — hold on to it until Monday. This Monday the local chapter of the Lions club will hold their annual "Broom Sale." The sale is not only for brooms but they have mops, ironing board covers and a lot of other things for the housewife. They will be down town in Stanton with the van in the beginning. After this they will go to many of the homes in the area to sell their products. The proceeds go to the help of those with eye problems.

One lady in town told me just a couple of weeks ago that she wished the Lions would hurry up and come around because she wanted another one of their special style brooms which you can't find anywhere else.

Be looking forward to the Lion at your door.

## THOSE POW WIVES...

How many years did Penelope wait for the return of her warrior husband Odysseus? And how many suitors did she reject, while weaving and unweaving a shroud for Laertes, her father-in-law? It has been told since, and

Three Stanton tracksters qualified for this week's Regional Track Meet by virtue of their showing at last week's district track meet held in McCamey.

Joe Louis Hernandez won the 880 in 2:03.46 Johnny Gonzales won the mile in a time of 4:55.7; and Rick Wilson finished second in the shot put with a throw of 50 feet to qualify for the trip to Odessa this Thursday.

Team-wise Stanton finished fourth with 73 points. Ozona won the team title with 171 points. Big Lake took second with 99½ and Crane

third with 78.

Other points garnered by the Buffs were: A third place finish by the 440 relay team, made up of Gordon Eiland, Billy Howard, Joe Hernandez, and Dwayne McMeans; Vernon Brown's third place in the 120-yard high hurdles; Elvin Brown's fifth place in the high hurdles; Dwayne McMeans finished third in the 100 yard dash and fourth in the 220; Billy Howard placed fifth in the 100; Joe Hernandez got a fifth in the 220; and Rick Wilson won a third place in the discus.

## Square Dance

The new Community Building was the scene Friday night for the Cotton Squares American Cancer Society. An average of seven squares danced as many spectators viewed them. Clubs from Snyder, Colorado City, Crane, Big Spring, Midland, and Lamesa joined in the festivities to make the evening a complete success.

Mr. and Mrs. Don Mac from Midland gave an exhibition on round dancing along with

## School Board Election Results

### Incumbents Bridges, Rhodes Winners In Election

City residents at Stanton reelected two incumbents, Cecil Bridges and F. O. Rhodes. Bob Motley received 106 votes; Mrs. Bob Schumburger 169; and Don Powell 140.

Louis M. Gonzales got 31 votes compared to 78 for Bridges and 68 for Rhodes.

In the Stanton school board election Gerald Hanson, Richard Doggett and unopposed J. N. (Pete) Woody won.

Hanson defeated incumbent Jack Ireton by 107 to 71. David Pinkerton a third candidate in the race for place three drew 38 votes.

Richard Doggett incumbent for place five received 138 votes to 76 for Herb Sorley.

Woody the unopposed incumbent in place four saw 169 votes returned in his favor. The school election attracted 215 voters.

## Stantonites Sweep Area Judging Contests Again

The Stanton FFA Chapter won sweepstakes at the Sul Ross State University Judging Contest Saturday for the second sweepstakes trophy in one week. The teams won the Sul Ross contest by winning first place in three of the four events at the contest, the first place team awards were in Wool Judging, Grass Judging and Range Judging, and placing eighth in the Livestock team judging. The Stanton Chapter, also, had a banner day at the first West Texas Invitational Judging Contest at Big Spring by sweeping first place in three of five events.

The events won were: Range and Pasture Plants, Range Judging and Crops Judging. To put the icing on the cake a Range and Pasture Plant team composed of James Franks, Darrell Bradshaw and Dennis Ireton won the first place trophy at the West Texas State University Judging Contest at Canyon. James Franks was high individual; Darrell Bradshaw 2nd; and Dennis Ireton 3rd high individual in the contest. There were 17 teams in the contest with Childress FFA 2nd in team scoring and Vega FFA 3rd in team scoring.

Teams winning first place at the Invitational Judging at Big Spring included: Crops—Jackie Rudd, H. Baker, Steve Hull and David Chandler. Jackie Rudd was high individual with H. Baker 2nd high individual. Other teams placing were Snyder FFA 2nd, Wilson FFA 3rd; and Winters FFA 4th.

The Range Plants or Grass Contest was won by a Stanton FFA team composed of Lynn Romine, Jackie Rudd and Brad Hull, with Lynn high individual, Jackie 2nd, and Brad 3rd high individual. The Stanton number two team was composed of Terry Kelly, Larry Romine, and Ronnie Mims. Terry was fifth high individual, Larry 6th and Ronnie Mims 7th high individual. There were 12 teams in the grass contest. Socorro FFA of El Paso was the 3rd place team. Their coach is Glen Lawson, a Stanton High School graduate.

The Range and Pasture Judging contest was won by a Stanton FFA team composed of George Franks, Dennis Hull and Gary Henson. George was high individual, Dennis 3rd, and Gary 4th. Snyder FFA placed 2nd, La-

mesa FFA 3rd, and San Angelo Central 4th.

The Stanton FFA Chapter won sweepstakes at Sul Ross by winning first in Wool Judging, first in Grass Judging, and first in Range Judging, also eighth in Livestock Judging. The wool team composed of Kevin Shoemaker, Rickey Kennedy and Jacky Romine won over five other teams with Kevin Shoemaker as high individual. The Grass team composed of Daniel Lozano, Garry Hull and Bruce Graham won first place with Daniel Lozano as high individual. The Range team composed of Bruce Graham, Garry Hull and Daniel Lozano won first place with Bruce Graham as high individual. The Livestock team composed of Morgan Cox, Keyv Allred and J. C. Tunnell placed eighth with Keyv Allred high individual in Sheep judging in the entire contest and Morgan Cox 3rd high individual in Beef Cattle judging in the entire contest. The team placed 2nd in Sheep judging in the overall contest. Mr. L. R. Shoemaker served as Adult Sponsor for the teams going to Sul Ross.

## Sul Ross

The Stanton FFA Chapter won sweepstakes at the Sul Ross State University Judging Contest Saturday, April 7, for the second year in a row. The Stanton teams won first place in three of the four judging contests and placed in eighth place in the fourth contest. A team composed of Kevin Shoemaker, Jacky Romine and Rickey Kennedy won first place in Wool Judging with Kevin Shoemaker as high individual in the Wool Contest. A Range Judging team composed of Bruce Graham, Garry Hull and Daniel Lozano won the Range Contest with Bruce Graham as high individual. The Stanton Livestock team placed eighth in the overall contest and second in Sheep Judging as a team. Morgan Cox placed third high in Beef Cattle Judging and Keyv Allred was high individual in Sheep Judging overall.

## David Saunders

David Saunders, patrolman for the Stanton Police Department, is in the ninth week of training at the Permian Basin Regional Law Enforcement Academy in Midland. He is among 25 other trainees attending the 12-week, 480-hour basic certification school. During the week, trainees will be instructed in defensive tactics, accident investigation and reporting, and traffic law enforcement.

With the Regional Police Academy, a comprehensive and thorough training program, centrally located, is offered to enable the officer in the small department to obtain the same training as any other officer in the region.

Patrolman Saunders has been attending the 12-week school since February 5, eight hours a day, five days a week, and will graduate on April 27. He is considered on temporary duty for training purposes and is being paid his regular salary. All students must maintain a grade average of at least 70 while attending the school.

Throughout the remaining three weeks of training, students will be educated in firearms training, traffic direction, written and oral reports, courtroom demeanor and testimony, crowd and riot control and crime scene tech-

## SHOULD GOVERNMENT REORGANIZE BUSINESS

Should the government be allowed to break up and reorganize American business firms? It could happen if a bill in the 93rd Congress passes.

The measure is the Industrial Reorganization Act, introduced by Senator Phillip A. Hart (D-Mich.). It's designed to break up larger companies — relative to either a national or regional scale.

Although pointed at business generally, the bill would give particular attention to seven industries in the beginning—chemical and drugs; electronic computing and communication equipment; electrical machinery and equipment; energy; iron and steel; motor vehicles; and nonferrous metals.

Without proof of abusive conduct or intent, any company (or small group of companies) operation in a national or regional market could be liable to break-up, if (1) a single company has an average return on net worth

above 15 per cent for five years; (2) a small group of companies sell competing products at substantially similar prices for three years; (3) four or fewer firms do 50 per cent of the business.

The Chamber of Commerce of the United States staunchly opposes the Hart bill because true competitive conditions cannot be determined by looking only at the size or number of firms in a market or industry.

The Chamber of Commerce of the United States believes that higher minimum wage rates would close more doors to jobs for teen-agers, hurt the low-wage worker (even to the point of causing him to lose his job), and place added financial burdens on hard-pressed colleges and universities which help full time students by giving them part-time work at lower rates.

To put it another way: Are you doing a youngster a favor by raising the minimum

TRUSSED-UP GOATS

Foreign editor Louis Heren of The London Times has said, "... that the world cannot much longer afford Russian Communism..." His remark was based on practical economics. The failure of communism to produce the essentials of life is becoming manifest. Increasing dependence of the USSR on the exports of grain and production techniques from capitalist countries are concrete indications of a failing system. Economic hardship in a nation has always been presumed to offer maximum opportunities for communist takeovers. Ironically, the same conditions in communist countries may impel people to turn toward the opportunities and incentives of capitalism. If that happens, the professional agitators that have been so busy condemning America will be left hanging somewhere between the two systems — hopefully as harmless as trussed-up goats.

D. 1973, a petition was presented to me for an election to be held in the Flower Grove Independent School District, (a county line district with territory in both Dawson and Martin Counties, Texas, but which district is under the jurisdiction of this county, and is hereinafter referred to as "said Flower Grove District") for the purpose of determining whether or not a majority of the resident legally qualified voters therein desire that said Flower Grove District shall be consolidated for school purposes with Klondike Independent School District (a county line district with territory in both Dawson and Martin Counties, Texas, but which district is under the jurisdiction of Dawson County) that said proposed consolidated district shall have the boundaries as set out in said petition, and be named Klondike Consolidated Independent School District;

WHEREAS, on this same date a petition for such a consolidation election is said Klondike Independent School District, has been presented to the County Judge of Dawson County and he has informed me that he has found the same legally sufficient and that he is ordering such an election in said Klondike Independent School District on the same date that I am calling this election;

It appearing that each of said contiguous districts has been properly established and created and is a legally and validly existing school district;

It appearing that at least 20 legally qualified voters residing within said Flower Grove Independent School District has signed said petition presented to me; and that at least 20 legally qualified voters residing within such other school district has signed such other petition to the County Judge of Dawson County;

NOW, THEREFORE, I, in my official capacity as County Judge of Martin County, Texas, do hereby order that an election be held on the 30 day of April, 1973, in said Flower Grove District to determine whether or not a majority of the legally qualified voters of said Flower Grove District desire that it shall be consolidated for school purposes with said Klondike Independent School District, that said proposed consolidated district be named Klondike Consolidated Independent School District; and that it have the boundaries set out in said petition on file in this office.

I further order that said election shall be held at the Flower Grove School Gymnasium Building with Murray Cook as Presiding Judge and Mrs. Murray Cook as Alternate Presiding Judge, and said Presiding Judge shall appoint the necessary clerks to assist him. Absentee voting in said election shall be held at the office of the County Clerk of Martin County in the Martin County Courthouse, Stanton, Texas, and Mrs. Doris Stephenson, the County Clerk of Martin County, and her deputies are hereby appointed Clerks for absentee voting. The Clerk's mailing address for absentee voting by mail is Martin County Clerk's Office, Martin County Courthouse, Stanton, Texas. Applications for absentee ballots and ballots voted by mail may be sent to her at said address.

The polls shall be open for such election on said 30 day of April, 1973, from 8 A. M. until 7 P. M.

Said place for absentee voting shall be open from 9 A. M. until 5 P. M. on each day except Saturdays and Sundays between the 20th and 4th days preceding the date of said election.

None but legally qualified voters residing in said Flower Grove School District shall vote at said election. The ballots shall have written or printed thereon:

FOR Consolidation  
 AGAINST

Each voter shall vote on the proposition hereby submitted by placing an "X" in the square beside the statement indicating the way he wishes to vote.

Notice of said election shall be given by posting a copy of this Order and Notice of Election to Consolidate Districts within the boundaries of said Flower Grove School District, which posting shall be done not less than 20 days prior to the date fixed for said election. The sheriff shall also cause a notice by publication of this election to be published in a newspaper of general circulation in this county, which publication shall be not more than 30 days nor less than 20 days before said election.

Immediately after said election has been held, the Presiding Judge shall make returns of the results thereof to the Commissioner's Court of this county and return the ballot box and other election supplies to the County Clerk for safekeeping.

DATED the 5th day of April, 1973.

Mustang Soil Conservation News

A multi-colored general soil map of Texas has now been published and is available for sale to the public, a local conservation official said this week.

Jack Elrod, district conservationist for the U. S. Soil Conservation Service at Stanton, said the beautiful 36-by-45-inch map can be seen in his office. It shows soil information compiled from years of detailed soil survey work by the Soil Conservation Service in cooperation with the Texas Agricultural Experiment Station.

The map lists basic soil information which should be useful to teachers, planners, conservationists, contractors, engineers, developers, realtors, farmers, ranchers, researchers, and others.

The map gives color delineations of the 73 major soil associations (containing 161 separate soil series) in the state and their extent. It also

lists special limitations of the soils that affect their use.

Inset maps show rainfall, temperature, and length of growing season across the state. Current and potential urban and rural uses by soil associations are also listed.

Printed on two separate sheets, the map costs \$4.

The map may be purchased from the Department of Agriculture Communications, Texas A&M University, College Station, Texas 77843.

Meat Price Freeze

President Nixon's decision to freeze the retail prices of beef, pork and lamb may have long-reaching effects on future production plans of farmers and ranchers. Since production costs of farmers and ranchers are continuing to increase, producers may decide to slow down their expansion efforts. The result would be less meat to satisfy consumer demand.

.... POW WIVES

Continued from Page 1  
probably long before, the days of Homer, told with fervor to show the morale of all women who have waited far behind the battle lines, but served bravely, without medals or other conspicuous honors.

Surely the most heart-warming and encouraging story of Vietnam and of our returning POW's lies in the wives who were left behind. Through long years of loneliness they managed to hold together their families, playing roles of both father and mother to their children. How long those years must

have seemed to them! But, because of the courage they exemplified, many of our POW's are returning home. Without these courageous women who, with their National Committee of Families made their voices heard from Washington to Hanoi, the release of their loved ones may never have come to pass.

As we watched the heroic Prisoners of War climb proudly from the planes bringing them home, the toll of time away from loved ones was visible in every returning face. When that one face in the crowd was located — usually racing toward the arms of their loved ones — every heart in America warmed

While we complain about the high cost of food, most of the world population's major concern is finding enough food to just get by with. Housewarming For Newmans

There was a surprise housewarming given for Mr. and Mrs. Tommy R. Newman in their new home 15 miles northwest of Stanton Friday night, April 6. Approximately 120 guests registered at a table decorated with house plants that were gifts from the guests.

"Time Out" For Special Things

Take time to do something special each day, and life can become more meaningful. "Individuals and families spend too little time and energy on activities enjoyable or important to them," Victor Gene Hughs, County Extension agent, contended. Time spent on really important things will show in the following test for a day or so. First, keep track of the time is spent. How much go for important things — and how much for special things.

HIGHLIGHTS AND SIDELIGHTS FROM YOUR STATE CAPITAL

By Bill Boykin  
Texas Press Association  
AUSTIN — When several Texas cities, including Austin, had fuel problems during the winter, many city leaders and Texas residents took another look at proposed legislation which would expand oil and gas production in this state.

"Unitization" does not have much glamor as a legislative topic, but it takes an added importance during ice storms.

Legislation proposed to increase unitization activities in Texas oilfields would support cooperative projects in Texas oil gas fields to recover at least a portion of an estimated 98 billion barrels of oil — left in the ground under current operations.

James E. Russell, an independent oil operator from Abilene, is chairman of the statewide Texas Conservation Committee for Unitization, and spokesman for the current legislative efforts.

"Texas is headed for economic problems unless steps are taken to expand its oil and gas production," Russell has told several regional gatherings of Texas lawmakers. "Without substantial new re-

serve additions, we will see a decline in the state's tax base, the state's job base and economy."

"This 98 billion barrels are known to be present. They are not regarded as recoverable without extensive application of methods which repressure the fields or which use injected fluids to squeeze more oil out of the producing formation," he said. "Such secondary recovery projects usually are not feasible unless the reservoir is managed as one unit."

Why is this important to Texas? And who would benefit? Russell says, "Essentially every citizen in the state."

"First of all, with the potential additional recovery of about nine billion barrels, and a state tax of 35 cents per barrel, Texas would receive approximately \$3 billion in direct tax revenue."

"Too, it would insure continued high employment, help alleviate the energy shortage and give increased payments to royalty owners," Russell said, "plus continued payments to the Teacher Retirement fund and added support for the various school districts."

Environmentalists Kill Things Also

Bastrop, La., Enterprise: ... some of the "nuts" who are pushing the environmental cleanup are the worst personal polluters you can imagine. Not all, I say, but some of the radical element, wouldn't even bother to clean up their own backyards, or their front yards for that matter. Garbage is piled up around their homes, and apartments. There are many more exponents of pollution control and I am with them, but let's be reasonable. Going to an extreme on these requirements for pollution control can put some industries out of business. I agree that many industries have been negligent in protecting the environment. But sometimes I wonder if these advocates, the extremists, are set out to kill industry and thus weaken our nation. They are like they want us to go back to the stone age, or at least the agricultural age of 10 years ago. Before you start following this crowd of official so-called ecologists take a second look and see if they may not be out to de-

stroy our country using anti-pollution campaigns as a subterfuge."

The Vanishing Species in N. Y.

Overett, Wash., Herald: Among the people who must be a special interest in a specific vanishing species are chain citizens in New York City — those who pay taxes. A decade ago the city had 9.7 taxpayers to each person on welfare. Today the ratio is one welfare recipient to each taxpayer, and the day is nigh when the persons who pay for the costs to public assistance, law enforcement, streets, water services and so forth will be outnumbered by those who do not. Perhaps they could then designate themselves a minority and ask for a tax break."

### Bethany Sunday School Class

The Bethany Sunday School class of First Baptist Church met Thursday at the church. Lunch was served in the Fellowship Hall. Prayer by Mrs. Ruth Holloway.

Mrs. J. A. Wilson gave the devotion from Deuteronomy 6:4-5 on Love, and Hebrew 12:1-2 on Faith.

Afterward a business session was held. Mrs. Oma Womack gave a report of the class work the past three months.

One member was absent because of illness. Present were: Mrs. Oma Womack, Mrs. Hattie Estes, Mrs. James Stovall, Mrs. J. A. Wilson, Mrs. Clyde Geurin, Mrs. Ruth Holloway, Mrs. Eruda Towery and Mrs. Mae Yater.

Three other members were absent.

### Baptist Women Have Meeting

The Mission Action Group of Baptist Women met Monday evening in the home of Mrs. R. S. Lewis. Mrs. Elmer Long led an interesting Bible study on the subject of "The Way of the Cross."

Mrs. Vena Fortune presented the missionaries who had birthdays on this date and special prayer was given for these. Among this group was a woman from Stanton, Mrs. Gilbert Diaz, who is working with her husband at the Mexican Baptist Mission in Stanton. It was decided that the group would present Mrs. Diaz with a birthday gift and card signed by all the members.

For a current project, the group agreed that each member would adopt a "shut-in" to minister to during the summer.

At the close of the meeting refreshments of cake, coffee and juice were served to the following: Mrs. Eugene Byrd, Mrs. Ed Lawson, Mrs. Warren Hall, Mrs. Elmer Long and Mrs. Vena Fortune.

The next meeting will be April 22nd in the home of Mrs. Elmer Long.

### FIRST BAPTIST CHURCH

## Guest Devotional

By WARREN G. HALL  
THE RICHES OF THE OLD TESTAMENT

"Never imagine I have come to destroy the Law of the Prophets; I have not come to destroy but to fulfill." (Matt. 5:17 Moffatt)

People have often wondered why it was that the early church decided to incorporate the Old Testament with the New Testament. So many people who are Christian say that they enjoy reading the Gospels, but that they are not interested in the Old Testament and that the Pentateuch (five books of Moses) has any thing to do with the message of the New Testament. The people of the early church did not take that view for this reason; the one cast light upon the other, and each in a sense can only be understood in the light of the other. No one can understand the Gospels and Acts until he has a thorough knowledge of the writing of Moses. He will have great difficulty with the writings of Paul until he has a working knowledge of the Prophets. Do you remember the use of the apostle Peter makes of the Old Testament in his second letter? He is writing to comfort people who are in trouble. He is an old man by this time and does not have long to live. He wants to give them some final comfort before he goes. He tells them how he and James and John had the privilege of seeing the transfiguration of Jesus and how they had heard a voice from Heaven which said, "This is my beloved Son, hear him." "And yet," says Peter in effect "I have something even better to tell you. You don't need to take my word for it, go back and read the Old Testament prophets. See how they testify of Jesus and your faith will grow strong."

Paul said in II Cor. 1:20, "All the promises of God in him are yea, and in him Amen." Now that is finality. That is what Jesus said of Himself in our text.

The fulfillment of the prophecies is truly one of the most astounding and remarkable things that one can ever encounter. Think of the exact prophecies as to His birth, the place of His birth even—

Bethlehem-Judah; all were fulfilled exactly. It is amazing that the Jews did not recognize Him. It was their own ideas and prejudices that led them astray. They thought of the Messiah as a worldly king, a political figure even though they had been told the opposite by these prophets. Their own super-imposed ideas were more important than the words of this is always dangerous.

Think of the accurate description of the type of life He lived — "a bruised reed shall he not break, and smoking flax shall he not quench." —end that wonderful description of His person and life in Isa. 53. Think of the accounts of what He would do, the foretelling of His miracles and the teaching involved. It is all there, and that is why it is always such an easy and

### OWYG Sponsors Car Wash

The OWYG (One Way Youth Group) from the Mission Bautista Mexicana is back in the news. This week they will be sponsoring a car wash at the Mobil Station on the corner of East Highway 80 and Convent.

It will be this Saturday, April 14, from 8:30 a.m. until 3:30 p.m. It will cost \$2.00 per car wash.

This is only one of the fund raising activities that the youth have. The money made will help them to pay for a trip to a Youth Convention in San Angelo. In May they will be going to Mexico to help a small Baptist church and its youth there.

They will also buy some song books for the youth choir of the church. So now that you know what they are doing, go and help them do it and take your car to be washed.

Tips for using electricity efficiently:

## Use oven heat for all its worth.

There's many a time when you can make your oven do double duty. When you plan to use it to cook meat or a dessert, you can make more efficient use of the heat by cooking an entire meal in the oven.

Simply choose foods that cook at the same temperature. One good example would be a meatloaf, baked potatoes, frozen peas or broccoli in a covered casserole, and a fruit

cobbler. There! You'll have cooked a well-balanced meal without once having used a surface unit. And our home economists can suggest others.

Here are some other efficiency tips you may find helpful. Reduce the cooking time for frozen meats by thawing them properly. For best baking results, pre-heat your oven just long enough to obtain the necessary cooking temperature. For broiling or

roasting, do not pre-heat, but start with a cold oven. If there's a delay in serving the meal after it's cooked, a temperature setting of 150 degrees will keep food warm without cooking it further.

It's our job at Texas Electric to help you get the most value from your electric service. Call us when you have questions about cooking or any other use of electricity.

# Deavenport Wins District

**Mrs. Velma Zimmerman**  
Total circulation for the month of March was 577. \$7.14 was collected for fines and \$13.55 was spent for miscellaneous supplies. Sixty-books were added to the library. Memorials were received:

In memory of Mr. Morgan Hall by Mr. and Mrs. G. P. Harrell and Mr. and Mrs. Curtis Flanagan of the Stanton Study Club.

In memory of Mrs. Fay Smithson by Mr. and Mrs. Curtis Flanagan, Mr. and Mrs. O. B. Bryan, Mr. and Mrs. R. G. Havens.

In memory of Mrs. Candida Gonzales by Amelia and Lyndon Marques, Mr. and Mrs. Joe Puga Sr.

In memory of John Roueche by Mr. and Mrs. Cliff Hazlewood Sr.

In memory of Mr. L. H. Batton by Mr. and Mrs. O. B. Bryan.

In memory of Mr. M. Fillmore Epley by Mr. and Mrs. R. S. Lewis.

In memory of Mr. Herman Deavenport by Mr. and Mrs. O. B. Bryan.

Stanton's Tommy Deavenport broke Crane's stranglehold on the district 7-AA singles crown last Friday by soundly defeating Joe Tooke of Crane 6-1, 6-2.

Crane had dominated the district singles title for years until Deavenport broke the string. Crane has had the state champion in singles for the past two years but Deavenport will represent District 7-AA and Stanton in the state playoff this year. The regional meet will be the first stop for Tommy this Thursday and Friday at Odessa's De Berry Courts on the campus of Odessa College.

Deavenport drew a bye in the first round, then defeated Tim Bowden of Crane 6-1, 6-0 in the quarterfinals. Jeff Fishback from Coahoma was his semi-final opponent and was easily disposed of 6-1, 6-1. Crane's Joe Tooke had advanced to the finals with a 6-1, 6-4 victory over Stanton's Jack Smith before losing to Deavenport.

In the matches involving

Stanton netters, Jack Smith won his quarter-final match with Tom Roman of Coahoma 6-3, 6-2. Stanton's doubles duo of Darrell Thompson and Darrell Christian lost their first round match to Crane's Don Adams and John Johnson 6-0, 6-0. In the junior division, Larry Butler won over Ozona's Jim Perry, 2-6, 6-4, 6-3, to advance to the semifinals before losing to Tom Barton of Crane 6-4, 6-0.

Tommy Haislip lost his semi-final match to Tom Jones of Big Lake 6-1, 6-1. Daniel Lozano and David Louder lost to the Big Lake doubles team 6-4, 6-1.

"All of these boys will return next year with the ex-

ception of Tommy Deavenport, and with a lot of practice this summer could develop into fine tennis players," remarked Coach Jensen.

## Housewarming For Newmans

There was a surprise housewarming given for Mr. and Mrs. Tommy R. Newman in their new home 15 miles northwest of Stanton Friday night, April 6. Approximately 120 guests registered at a table decorated with house plants that were gifts from the guests. Refreshments were served from a table holding a large punch bowl along with small pastries, nuts, and mints.

Couples hosting the surprise party were: Mr. and Mrs. Mike Black, Mr. and Mrs. Fred Bowlin, Mr. and Mrs. Cliff Hazlewood, Jr., Mr. and Mrs. Jim Robertson, Mr. and Mrs. Bob Sale, Mr. and Mrs. Bill Stone, and Mr. and Mrs. Rufus Tom.

## "Time Out" For Special Things

Gene Hughs, County Extension agent, contended. "Time spent on really important things will show up in the following test for a day or so.

First, keep track of the way time is spent. How much goes for important things — and how much for special things? Chances are, unimportant things take more time. If so, some changes may be in order.

For example, instead of concentrating on house cleaning, some homemakers spend more time doing things with and for their families.

One explained it this way: "I want my children to remember me as a mother who had time to read stories and bake cookies — not one who kept the house clean no matter what."

To other individuals, quiet reading is important. They set aside some time each day for that.

If necessary, dropping out of a club or organization no longer enjoyable might add "new" time to the day.

Also, take time for special things today — there may be less time tomorrow, the agent concluded.

**GOOD PLUMBING CAN MAKE IT PERFECTLY CLEAR**

Plumbing and piping people are trained to get you water when you want it, where you want it and in the volume and pressure you want. We also get rid of your waste water. And most important we make certain that this contaminated water doesn't get mixed up with your fresh water supply. Although plumbing and piping today is a multi-billion dollar business... one of the largest industries in the country, it is still considered by those who are in it an ancient craft.

The next time you turn your faucet tap for a cool, drink of water, you might remember that we helped make it perfectly clear.

# Beta Sigma Phi News

**XI THETA NU**  
Xi Theta Nu Chapter of Beta Sigma Phi met on Monday, April 12, in the home of Ruth Holcombe. The meeting consisted of a chicken-spaghetti supper in honor of the rushees and members on leave-of-absence of Xi Theta Nu.

Marilyn Glaspie presided at the business meeting following the supper and asked members to repeat the opening ritual.

Peggie Sorley called roll and read minutes of the previous meeting before Judy Thompson presented a treasurer's report.

Kay Simpson reported on the recent city council meeting and announced that the spring banquet would be held at the Holiday Inn in Big Spring on April 26 with Preceptor Mu as hostess chapter. She also stated that an invitation had been sent to the various chapters to attend the Order of the Rose to be held following the banquet.

It was announced that the resumes on the "Woman of the Year" be turned in to the city council as soon as possible. She also announced that the Cancer Drive sponsored by the city council would be held on April 3 starting at 6 p.m.

The chapter then voted on "Woman of the Year" and after taking a secret ballot, it was announced that Xi Theta Nu's candidate was Patsy Jones.

Nona Cain then presented an introduction to Beta Sigma Phi for Linda Christian who is being rushed by the chapter.

Following the introduction, Peggie Sorley presented her program on "It's All In the Stars." She presented a cash individual member a personal horoscope and members discussed how each fit or did not fit each member.

Closing ritual was repeated by members: Betty Gregg, Judy Thompson, JoJon Cox, Peggie Sorley, Nona Cain, Kay Simpson, Marilyn Glaspie, Ruth Holcombe and special guests: Patsy Jones, Johnnye Conner, Charlotte Elrod, Linda Christian, Robbie Tollison, Carol Anderson, Sara Blocker and Pam Holcombe.

## High School Happenings

**By Debbie Lambert**  
Well, how is everyone? ? ? Everything's almost at an end, and district is almost over for us, and everyone is looking forward to Regional. Last week was one of RUSH, RUSH, RUSH, a tennis meet here, a golf meet there, here a track meet, there an FFA meet, everyone some kind of meet... **BOY WAS IT BUSY, AND I DO MEAN BUSY!**

Well, first I'll tell you about the little things of the week, and then I'll get to the umpteen million meets... Nothing happened on Tuesday, but on Wednesday, April 4, we had a southern assembly. He was a professional artist and cartoonist. He drew several pictures of comical characters, and then he drew a portrait of someone out of the audience. He was very entertaining. After the assembly, the 1972-73 S.H.S. Roundup yearbooks were distributed. The annuals for this year are very nice and because of them our memories of this year will never fade.

Wed., Thurs., and Sat. are taken care of in the next items and they pertain to S.H.S. COMPETITION!

**GOLF:** On Wed., April 4, the S.H.S. golf team went to a golf meet at the Stanton Country Club. The team got 5th place in the overall meets and these are the individual scores: Gary Henson, 79; David Dillard, 88; Bobby Richardson, 90; Gene Louder, 93; and Mark Elland, 93. Congrats Guys!

**TENNIS:** On Wed., and Thurs. April 4 and 5, the S.H.S. tennis team went to Crane for the district tennis meet. Tommy Deavenport placed 1st in boys singles and the team got 3rd in the overall meet with T. Deavenport scoring all the points. Tommy will head for Regional April 12 and 13th for competition. **WAY TO GO! BEST OF LUCK at Regional Tommy!**

**TRACK:** On Thur. April 5, the S.H.S. track team went to McCamey for the district track meet. The track team placed 4th in the overall meet, and these individuals placed as is in their events:

Joe Louis Hernandez, 1st, 880 yd run, and 5th, 220 yd dash. Dwayne McMeans, 3rd, 100 yd dash and 4th, 220 yd dash. Johnny Gonzales, 1st, mile run. Ray Conner, 6th, mile. Vernon Brown, 3rd, 120 high hurdles. Elvin Brown, 5th, 120 high hurdles. Billy Howard, 5th, 100 yd dash. Rick Wilson, 2nd, shot, and 3rd, discus. The 440-rely team got 3rd. These individuals go to Regional in track competition: Joe Lewis Hernandez, 1st, 880 yd run. Johnny Gonzales, 1st, mile run. Rick Wilson, 2nd, shot put. Congrats! Ya'll deserve it!

On Saturday, April 7, the various FFA teams went to several contests and here is how they turned out: Sul Ross S.H.S.'s FFA chapter won the Sul Ross Sweepstakes. Stanton FFA members took all three places in the grass and range judging and produced the winning team in the wool competition. The grass team winners were Dan Lonzo, 94 points, Garry Hull #1, and Jack Romine, #3. The range judging team winners were Bruce Graham, 159; Hull, 149; and Lozano, 147. Sheep judging: Keyv Allred, 135; and Kevin Shoemaker, wool judging, 330 points.

## To The Point

By BUDDY NORVILLE

I would like to say 'thanks' to all the people from the Midland Reporter-Telegram for helping us get the Stanton Reporter out last week. I was laid up in the hospital and couldn't help Jan and Chester much here.

Wain Miller came over and collected news, and did a fine job. Juan Sanchez helped out in the back with the ads and page makeup. Dub Pearson, Vice-President of the Reporter-Telegram, got things organized. Thanks fellas.

Hospitals aren't a good place to be, but I'm glad we have them for when we need them. We were planning on spending the weekend at Big Bend National Park. It's a good thing we weren't already there when I took sick.

Every year, the week before Easter, the First Baptist Church of Midland sends a group of young people and adults to San Vicente, Mexico to hold Bible schools and revival services. San Vicente is just across the Rio Grande from Big Bend. On the Saturday before Easter the pastor of the Mission holds a baptismal service in the shallow waters of the Rio Grande.

We were going down for the baptismal service, and take pictures and try to write a story about the occasion. But, we ended up in the Medical Arts Clinic-Hospital in Big Spring instead. As it turned out, I was glad to be there instead of anywhere else. The people there took real good care of me. They kept me too long, but I was in much better shape when I left than when I entered.

Stanton had its first street demonstration Monday afternoon. About thirty of forty young people, led by a Latin Pied Piper, walked up and down the main street of town singing and shouting and passing out tracts.

A man passing through in a car stopped me and asked, "What is that man singing about?" I told I didn't know and asked him to park his car and listen with me. He did. We listened. The man was singing about a man named Jesus. The stranger was astonished. "I really expected trouble when I saw that group. And they're singing about Jesus?" He went on his way, with a good impression of the young people of Stanton.

Lee Castro is here this week, along with Gil Stricklin, for the Encounter Crusade. Lee is the Latin Pied Piper who sings in the streets and witnesses for Jesus wherever he goes. Gil is the former Boondini, a great magician, who says, "there is nothing tricky about Jesus. Jesus is real."

One can't help but be impressed by the ability of these two men. But the impression goes even deeper than that—God is using these men to draw others close to him.

Plan to attend the last two nights of the Crusade, you'll be glad you did.

Health Dpt. To Have Schools

The Texas State Department of Health will sponsor and conduct two schools in this area on emergency care and transportation of the sick and injured. The first school will be in Pecos at the Pecos Fire Hall, April 17 through April 20. The second school will be in Monahans at the Tatom Elementary School Cafeteria, April 24 through April 27. Registration for both schools will begin at 6:15 p.m. Sessions will run from 6:15 to 11:00 p.m.

## Mayor Declares Friday 'God And Country' Day in Stanton

A "God and Country" Service — with flags, patriotic singing and a Biblical message on America — will highlight the Stanton Encounter Crusade at the closing meeting in the High School Auditorium Friday night.

"Response and American Survival" will be Evangelist Gil Stricklin's sermon topic. The 50-voice Encounter Crusade Choir under the direction of Lee Castro will present the patriotic music for the special service.

Already this week, Stanton Mayor J. C. Epley has designated Friday as "God and Country" Day. Businesses and neighborhood homes are asked to fly the American flag as a part of the one-day celebration.

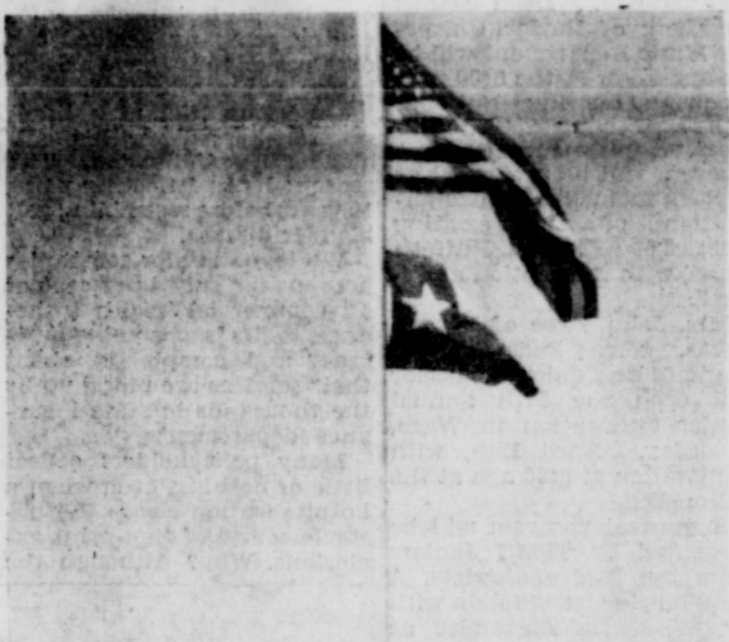

"The United States is in desperate need to turn back to God, Evangelist Stricklin said in an interview here this week. "America is facing one of its most challenging hour in her history."

The Baptist minister from Dallas told the Lions Club Tuesday that any intelligent person must be concerned about the moral, spiritual, and economic condition of our country. He explained that some of the areas of his concern were: crime and violence; the race problem, pollution; poverty; rebellion against law; an abnormal emphasis on sex; and the breaking up of the American home.

"In the last five years, the United States has reeled under the impact of more than 1,000 major riots in our streets," he said. "These riots have produced murders, snipings, looting and thousands of fires set by arson's Molotov cocktails."

He continued: "It is time for America to drop on her knees and stay there. We are sick and the judgement of God is much closer than any of dare think. "God cannot bless the United States in 1972 or can we expect it with the tragedies of recent years, months, weeks, and days. We should be ashamed. Maybe some are, most of us care as little as did the people of Sodom and Gomorrah. (Biblical cities completely destroyed by God's wrath and just judgement.)"

The Evangelist continued: "The average age of 20 great civilizations of history has been only 200 years. Our nation will be that age in only four years. Yet there are some revolutionaries who are predicting we will not celebrate our 200th birthday as a free

PLAN SPECIAL SERVICE — Evangelist Gil Stricklin (r) and Crusade General Chairman, Paige Eiland are shown making plans for the special 'God and Country' night services to be held Friday. Mayor Epley has declared Friday as 'God and Country Day' in Stanton.

democratic society. "Unless we have a real, genuine, moving of God's mighty Holy Spirit on our country we are doomed. God certainly could do many things: first, let us fall under the rule of a powerful atheistic nation such as Russia or China; next, come the second time to set up his rule on earth and end history as we know it now; or we could experience the greatest spiritual awakening our country has ever known."

"I join many thousands of God's people praying that America will be spared and that revival will come." "Not everything is 'dark' according to the Rev. Stricklin. There are some "healthy" signs that should be emphasized, he explained.

ANNOUNCEMENT Senior Citizens will meet April 18 at 3:00 p.m. for their regular monthly program at the Cap Rock Auditorium.

## Jaycees Need Your Help!

The Stanton Jaycees need your help. The Jaycees, in cooperation with the City of Stanton, are making ready for a massive clean-up campaign to be climaxed with one day of picking up all that's been piled up on Saturday, April 29.

You can help in many ways. You can begin by cleaning out your closets, attics, garages and yards. Clean them out good, then pile all the junk, weeds, grass, leaves, trash in general in the alley behind your house. Place the trash

so that it won't blow away and clutter up the alleys and streets. You can volunteer your self, to work on the big pick up day. The Boy Scouts have already volunteered their services.

You can help by loaning a truck or pickup and a driver, or you may drive yourself. Everyone can help, simply do your share to keep Stanton clean. Don't be a litter bug. Don't wait until pick-up day, get busy today. Clean up your part of Stanton.

## Myrtie McCleskey Dies In Midland

Mrs. Myrtie Lillian McCleskey, wife of retired Methodist minister, A. A. McCleskey, and formerly of Stanton, died April 4 in Terrace Gardens Nursing Home in Midland. She was born Myrtie Lillian McElhaney on October 7, 1894, near Stephenville, Texas. She grew up in that county and attended its schools.

On August 14, 1913 she was married to Albin A. McCleskey who was a teacher in the Lake View school and was a licensed Methodist preacher. In November 1915, she with her husband and first son went to Oklahoma where her husband joined the West Oklahoma Conference of the Methodist church. They spent sixteen years there before transferring to the New Mexico Conference in 1931.

They retired in 1957, and moved to Stanton, where they established their home. Mrs. McCleskey had suffered ill health for many years.

She is survived by three brothers, Clayton McElhaney of Valejo, California, Willie McElhaney of Ventura, California and Curtis McElhaney of Fort Worth, Texas, also, one sister, Mrs. Lola Bennett of Abilene, Texas.

She was the mother of five children: Milton, Arlington; Ralph, Midland; Alton, San Antonio; Mary Haislip, Stanton; and Hubert of Houston. There are 17 grand children and 4 great-grand children.

Memorial service was in the Stanton United Methodist Church with Rev. Floyd Dunn officiating, assisted by Rev. Joe Scrimshire of Kermit and Rev. Marvin Menefee of Midland, both long time friends of the McCleskeys. Interment was in Rest Haven Cemetery in Midland.

## Tennis Team Wins Own Tournament

In their final warm up for the district tournament Coach Jackie Burns' boys tennis team won the team trophy in last week-end's Stanton Invitational Tennis Tournament. The Buff squad had 21 points to runners-up Baird with 8 points.

In doubles play the team of Walt Haislip - Jerry Brumley downed Darrell Thompson - Paul Evans 6-2, 6-3, in the finals to take first place. Jack Smith, one of Stanton's singles players, dropped a second round match to Denman of Baird 6-4, 6-4. Playing for third, Smith came back to down Bates of Baird 6-4, 6-2.

Tommy Deavenport, Stanton's other singles entry, advanced to the finals with a 6-0, 6-0, win over Fishback of Coahoma; and a 6-0, 6-0, victory over Baird's Bates. Denman captured the boy's singles victory over Deavenport 6-3, 1-6, 6-3. Denman is the first place winner in district 8A.

The Stanton junior doubles team of Butler-Louder dropped their third place match to Renfro-Easterling of Coahoma 6-3, 6-2.

In other first round action two Stanton junior players dropped matches; Tommy Haislip to Denman 6-0, 6-0, and Jimmy Jones to Bates 6-1, 6-2.

ANNOUNCEMENT Martin County Home Demonstration Club Council meets at 2:00 p.m. on Tuesday, April 18, in the Martin County Library.

## Wreck Kills Stanton Youth

A one-car accident six miles east of Midland on the north service road of IS 20 Friday night claimed the life of one Stanton youth and injured two others.

Leo Robert Cullison was pronounced dead at the scene. The other two boys, Steven David Hull, 17, and Bernard Robertson, 17, both of Stanton, were admitted to the Midland Memorial Hospital.

Hull and Robertson were both reported to be in good condition at the hospital Saturday night.

Department of Public Safety officer said the car apparently struck the guide wire of a power pole and rolled several times.

Services for Cullison were held at 2 p.m. Monday in the First United Methodist Church in Stanton, with the Rev. Floyd Dunn officiating.

Burial was in the Evergreen Cemetery under the direction of Gilbreath Funeral Home.

Leo Cullison was born Aug. 5, 1955, in Sulphur, Okla., and resided in Martin County for the past year. He was a student at Stanton High School.

Survivors include his parents, Mr. and Mrs. Brent Cullison, of the home; two brothers, Richard Cullison of Plainview, and Roy Cullison, U.S. Air Force, Las Vegas, Nev.; and grandparents, Mr. and Mrs. Roy Cullison, of Edmond, Okla.

## To Discuss Building

## New School Board Calls Special Meet

The new school board took office Monday night and got down to business immediately. George Glynn, outgoing president, administered the oath of office to Billy Mims and Tommy Newman. Mims and Newman were elected in the recent board election.

They joined Deibert Dickenson, Jack Ireton, J. N. Woody Jr., Fred Bowlin, and L. D. Snell on the board.

Elected to serve as president of the board was L. D. Snell. Tommy Newman was elected vice-president and Billy Mims Secretary.

The board went right to work on things at hand and

even called a special meeting for tonight to discuss a building program.

Other business transacted by the board included:

—Approved the bills as presented.

—Approved the calendar for 1972-73 as presented.

—Approved salary schedules as presented. Bonuses will remain the same.

—Appointed Cliff Hazlewood Sr. to serve with Wayne Stroud and Herbert Scheduled on the Board of Equalization.

—Voted to attend a Workshop for school board members at Angelo State University on May 9.

## Youth Featured At Crusade Tonight

Stanton area young people will be featured at the Encounter Crusade in the High School Auditorium Thursday night.

"Bye Bye American Pie and Jesus Christ Superstar" will be the theme for the evening meeting.

The message theme is from two top popular youth music albums being played and sung by young people across America, according to Evangelist Gil Stricklin. Stricklin, from Dallas, is the speaker each evening at the interfaith meetings.

A "Spagetti Splash" will be held prior to the evening service. Jr. High and High School students are invited to the "free for you" supper at 5:45 p.m. at First Baptist Church.

Singer Lee Castro and Evangelist Stricklin will present the entertainment for the youth supper meeting. All are welcome, according to the Crusade Team.

What's Happening The Buffalo track team journeys to McCamee today for the District track meet. Coach Bill Young says there will be a tough field, but Stanton should be able to make a good showing.

The spaghetti dinner meeting will be over at 7 p.m., where the youth can get to the High School Auditorium for the 7:30 service.

Also, a young person will help direct the main meeting in the auditorium, as well as young people singing, and giving the "witness" for Jesus Christ, said Crusade officials.

"Young people today are more open to Christ than any time in recent history," is the opinion of Evangelist Stricklin. "They are searching and interested in the Person of Jesus. Many of them are not overly enthusiastic about organized religion, but they are excited about the Son of God."

Rev. Stricklin, who has spoken to more than 50,000 students in the past year, said that many, many youth are turning to Christ after materialism, drugs, sex, and other experiences have failed to bring lasting joy.

The Encounter Crusade has had a youth flavor all week, as there have been "Jesus Rallies" in the downtown area of Stanton, and a "Ice Cream" fellowship on the parking lot of the new Dairy Queen on the Lamesa Highway. Approximately 200 chocolate dipped cones were donated by the owner and manager of the Stanton Dairy Queen.

What's Happening The last meet of the District Round Golf Tournament will be held here in Stanton Friday, April 14. Play will begin on the local course at 9:00 a.m. The public is invited to attend and back the Buffalo golf team. The team is coached by Harold Oldaker.

## Coaches Needed In Little League

The Little League needs two coaches and assistants. This was the plea of Little League Commissioners, Ugene Byrd Tuesday morning.

"We have the forms in the school now," Gene said "But we need them in by Saturday. The deadline for having them in is this Saturday, April 15."

Stanton will again have 8 teams, in two leagues, Major and Minor. The winner of the Major League will compete for the District Championship. Gene said tryouts for the teams will begin Saturday, April 22. League play will begin May 29. Practice sessions will begin May 1.

Anyone who is interested in Little League baseball and would like to coach or assist, or umpire or keep score — just let Gene Byrd know and he will give you a job. Any help of any kind will certainly be appreciated.

## Ken Kubik, Susan Smith Win Cap Rock Oratorical Contest

Ken Kubik, 17-year-old son of Mr. and Mrs. Kenneth Charles Kubik of Midland, was selected Monday evening as the top male speaker in an oratorical contest sponsored by the Cap Rock Electrical Cooperative of Stanton. He is a straight "A" student at Midland's Robert E. Lee High School.

Kubik shared winning honors for the evening with 16-year-old Susan Smith of Big Spring High School, who was chosen the outstanding girl speaker. Susan is the daughter of Mr. and Mrs. Herman Smith of Big Spring.

The most popular topics Monday were religion and Americanism. Each of the students prepared a speech of approximately five minutes which discussed their personal thoughts on God and patriotism.

As winners of the Stanton contest, Kubik and Miss Smith will accompany 66 other state winners to Washington, D.C., for a 10-day look at the nation's legislative process and a tour of national monuments.

The students will leave from Waxahachie June 10. In Washington, they will visit the chambers of the House of Representatives and the Senate, attend a meeting with their local congressman and tour Arlington National Cemetery, Mount Vernon, the Smithsonian Institute, the Washington Monument and the Lincoln and Jefferson memorials. June 15, the speech winners will go for a cruise down the Potomac River.

Both winners in Stanton Monday night are active in high school activities and are members of the National Honor Society.

Kubik, a junior at Lee, is a second-year member of the school's debate team and is currently taking honors classes in all of his major classroom subjects. He lists his hobbies as bowling, religion, speech and the theater.

Miss Smith is president of both the Future Homemakers local chapter in Big Spring and the state's area organization for the Permian Basin. Her hobbies include reading, swimming, poetry, cooking and walking her seven big dogs.

Alternates for the Washington trip include Lee High School student Allen Mitchell, 16, son of Mr. and Mrs. Wade Mitchell, and Kayla Gaskins of Sands High School at Ackery, 15-year-old daughter of Mr. and Mrs. Joe Mac Gaskins of Knott.

**WATCH FINE PRINT IN MAIL-ORDER HOSPITAL POLICIES**

Collect \$600 a month tax free when you go to the hospital," the ad triumphs. Costs only \$3.45 a month. Sound good?

Insurance regulators advise you to think again. "Buying some of this insurance is like buying a ticket on the Irish sweepstakes."

Of \$500 million invested in mail-order policies last year, a survey of 30 companies showed that 60 per cent was gobbled up by profit and overhead. Only 40 cents of every premium dollar was returned in benefits, compared to 96 cents by hospital insurance companies that don't sell by mail order. Even the better state lotteries return more — about 45 cents on every \$1.

Studies by the Pennsylvania Insurance Department show that the odds on staying hospitalized long enough to collect the promised \$66 to \$1,200 for a month are 1 in 230, and the chance some companies will disallow a claim are 1 in 3.

Why? Fine-print exclusions such as this one: No benefits for hospitalization because of a pre-existing ailment during the first two policy years.

A Clearfield, Pa., woman had surgery for glaucoma, an eye disease was denied benefits because of a pre-existing heart condition.

The claim of an 82-year-old Norville, Kan., woman hospitalized because of a kidney blockage was rejected, over her doctor's protest, after the company decided the obstruction must have existed before she was insured.

A Bronx, N.Y., man didn't get reimbursed for his gall bladder hospitalization. The reason: he had fleeting pains 10 years before resembling gall bladder disease.

While mail order companies account for only 4 per cent of all commercial health insurance, theirs is a booming business and complaints about their services are piling up by the thousands in state insurance departments.

Many policyholders collect little or nothing, even when a hospitalization clears the obstacle course of fine-print exclusions. Why? Although the

average period of hospitalization is eight days, a number of policies pay not a cent for the first six to eight days, unless an accident is to blame for the confinement.

A spokesman for the Health Insurance Association of America defended exclusions and other limits on mail-order policies, saying they make possible low monthly premiums. Fine print does limit benefits in early years but the payout rate climbs as policies mature.

Some regulators question whether what they call "Mickey Mouse" policies should be sold at all.

The policies are not needed by persons with basic, comprehensive hospital and medical insurance. And for those without basic coverage mail-order policies cover but a fraction of hospital cost — \$100 tow-

wards a typical \$625 appendectomy confinement, for example.

The average claim settlement of five major mail-order firms last year was \$179. This compares to four-and five-figure sums dangled in the ads, and hospital charges exceeding \$100 a day.

## Cook the automatic way!

Choose AMERICA'S FAVORITE Electric Range

There's nothing nicer for the kitchen than a new flameless electric range with an automatic oven and automatic surface unit.

Just pop the meal into the automatic oven. Set the time and temperature controls. Then do something else while the oven sees to the cooking.

The automatic surface unit keeps the food in the pan at the right cooking temperature. No scorching.

No boil-overs. No reason for pot watching. If you include an oven that's self-cleaning, all you have to do is let it clean itself automatically!

## Large Field Expected For Tech's First Block And Bridle Show

LUBBOCK, Texas (Spl.) — More than 175 entries are expected for this year's first annual Block and Bridle Show on April 22 at Texas Tech University.

The show is being sponsored by Tech's chapter of the National Block and Bridle Club for students studying animal science and will be conducted in conjunction with the annual Texas Tech Intercollegiate Rodeo scheduled for April 20-22.

Ricky Kellison of Lockney, Tex., Tech Block and Bridle vice president and chairman of the show, said the competition has been given official sanction by the American Quarter Horse Association and that it is open to all interested persons.

John Trimmer of Hale Center will judge show entries in 20 halter classes and eight performance classes. Show manager will be Ken Cook, Swisher County agricultural agent from Tulia.

The show will begin at 8 a.m. in Lubbock Municipal Coliseum with entrants competing for shares of \$2,100 total prize money contributed by local and area businesses.

Awards will include trophies for class champions and ribbons in addition to cash prizes. Grand and reserve champions will be named in each class.

Kellison pointed out that mares, stallions and geldings entered in halter competition will be judged according to performance in cutting, roping, reining in both junior and senior age groups, barrels in both age groups and Western Pleasure in both age groups.

There will be an entry fee, Kellison said, of \$6 for each horse entered in halter class competition and \$10 for horses entered in performance class competition.

Delbert McCloy, Tech Block and Bridle president from Morse, Tex., said entrance and classification regulations for the show are taken directly from the American Quarter Horse Association handbook. He added that all horses must be registered in order to compete.

Additional information regarding entries may be obtained by calling the Animal Science Department office at Tech, 742.1153.

Performances for this year's annual Texas Tech Rodeo are scheduled for 8 p.m. nightly, April 20-22, in the Lubbock Municipal Coliseum.

## U.S. High Court Rejects Texas Law

The decision of the United States Supreme Court in *Dunn v. Blumstein* has invalidated state laws which require more than 30 days residency in the state or locality in order to be eligible to vote.

The Texas law has now been enjoined by a federal court in the case of *Whitley v. Bullock* which was decided on March 31, 1972.

Persons who have resided in the state and locality for 30 days prior to the election in which they wish to vote are now eligible to vote in state and local elections. Persons entering the state may register to vote immediately upon their arrival.

Born to Mr. and Mrs. Orin Norris, Box 235, Stanton, a girl, Denise LaDell, at 2:10 p.m., April 4, weighing 7 pounds, 14 ounces.

## Reading Makes The World Go Round Is Theme Of National Library Week

READING MAKES THE WORLD GO ROUND and YOU'VE GOT A RIGHT TO READ are the dual themes of National Library Week to be observed through Texas during April 16-22.

The NLW Program, now in its fifteenth year, is sponsored by the National Book Committee, Inc. in cooperation with the American Library Association.

In an effort to create a better-read, better-informed America by encouraging lifetime reading habits and promoting the wider use and fuller development of all types of libraries, NLW dramatizes the

year-round efforts of your local libraries.

YOU'VE GOT A RIGHT TO READ directs public attention to the importance of literacy for our national progress and to libraries which, when used fully and supported properly, can make information accessible to everyone. (or... can help provide equal educational opportunities for all.)

U.S. Senator Lloyd S. Bentsen is the State Chairman of the Texas Committee for National Library Week. Senator Bentsen recently introduced the "Older Readers Services Act of 1972" which is amending the Library Services and Construction Act to provide for a public library service program for older persons.

### No. 1-21 Harris

A newly opened shallow producing area in north central Martin County regained its third well and casing has been set at another.

Ted Weiner Oil Properties, Midland, completed No. 1-21 Frank Harris, 3/8 mile southeast and 3/8 mile southwest of production in the Phoenix (Grayburg) field, eight miles north of Lenorah.

On 24-hour potential test, it flowed 240 barrels of 35-gravity oil, with gas-oil ratio measuring 600-1, through a 16-64-inch choke and perforated interval from 3,864-3,780 feet, which had been acidized with 500 gallons.

It has 4 1/2-inch casing set at 3,935 feet, total depth. Location is 2,205 feet from north and 597 feet from west lines of section 21, block 36, 9-3-N, T&P survey.

Weiner set 4 1/2-inch casing at 3,920 feet, total depth, for completion attempt at No. 2-21 Frank Harris, 3/8 mile northeast of No. 1-21 Frank Harris.

Location is 735 feet from north and 1,791 feet from west lines of section 21, block 36, T-3-N, T&P survey.

Both of the projects were scheduled as wildcats.

### No. 1-A Holt

U. S. Smelting, Refining & Mining Co., Salt Lake City, Utah, filed application to drill No. 1-A Holt in the Lacaff (Dean) field of Martin County.

Hanson Oil Corp. of Roswell has filed application to drill No. 1-A Ray Walker as a 1/2-mile north stepout to the Martin County sector of the Spraberry Trend Area.

It spots 1,320 feet from north and west lines of sec-

tion 14, block 36, T-2-N, T&P survey, 4 1/2 miles north of Lenorah.

### No. 1 Anderson

Eugene E. Nearburg of Dallas, has filed application to drill No. 1 W. D. Anderson Estate as a 7,800-foot reef wildcat in Howard County, 1 1/4 miles southeast of the reef opener and lone well from that zone in the depleted Luther, East (reef and Spraberry) pool.

Drillsite is 1,800 feet from south and 660 feet from east lines of section 14, block 31, T-2-N, T&P survey, four miles northeast of Luther.

The discovery, Goldston Oil No. 1 W. D. Anderson finalized Oct. 26, 1955, for 187 barrels of 46.4-gravity oil daily, with gas-oil ratio of 1,610-1, through a 1/2-inch choke and perforations at 7,708-7,714 feet.

### No. 1-B Station

Del Mar Petroleum, Inc., Midland, plans to work over No. 1-B Station at 9,300 feet in the Spraberry Trend Area of Midland County.

It originally was drilled by Murphy H. Baxter as No. 1 Station, and plugged and abandoned at 11,756 feet, August 20, 1959.

Location is 1,320 feet from south and east lines of section 46, block 38, T-1-S, T&P survey, four miles southeast of Midland and 1 1/2 mile north of the nearest producer in the field.

### No. 1 Truelove

Del Mar Petroleum, Inc., been finalized in the Midland County sector of the Spraberry Trend Area.

## 3 Given Tickets For No License

The Department of Public Safety reported recently that there were too many people driving in Texas without a valid drivers license. The DPS has requested that city and county officers cooperate in enforcing the laws pertaining to this subject.

Chief Rogers, of the Stanton police department, reported issuing citations to three persons over the weekend for driving without a valid license. The law states that anyone driving a motor vehicle must have a drivers license.

Chief Rogers said, "We intend to enforce this law and every law."

The chief also said that there have been numerous complaints of teenagers peeling rubber and driving recklessly in residential areas of Stanton. He warned that, beside being unlawful, the practice is dangerous. There are always children playing, often in the streets. To insure the safety of everyone concerned, Mr. Rogers suggest driving within speed limits and refrain from 'digging out'.

Chief Rogers pointed out that with every peeling of the tire, the tire is weakened so much. Tires are not made to be abused, and one never

## Midland Society To Hold Workshop

The Midland Genealogical Society will hold its first workshop in the fellowship hall of Memorial Christian Church — Cuthbert and Andrews Highway, Midland.

April 15, 1972 (Saturday) 10:00 A.M. till 4:00 P.M.

The morning program will be "Instruction for Beginning Genealogists" by Jacob L. Williams, J. J. Johnson and Mrs. John Walker.

In the afternoon the program will consist of "Immigration Trails" by Mrs. Rugen Spivey, "Unusual Courthouse Records" a panel led by Mrs. John McKinley, and "The use of the Latter Day Saints Genealogical Library" in Salt Lake, Utah by Mrs. Leon Davis.

Mrs. Robert Knoot is chairman for the workshop.

Committee chairmen are: Mrs. Bob Lampkin - registration and refreshments, Mrs. Max Perry - books and materials, Mrs. Custer Russell - exhibits, Mrs. Thomas Friday - publicity.

There will be an exhibit of interesting family heirlooms belonging to members of the society. Also, books of research in many areas and family histories compiled by society members. A snack bar will be provided at which lunch or snacks may be purchased.

Something for all genealogists is being planned, whether beginner or experienced.

Anyone interested in recording their family history is invited. No registration fee!

Saturday was track weather in West Texas, hot and windy. Eight schools fielded track teams in the annual Stanton Jr. High track meet.

Host Stanton, while not doing so good in team totals, exhibited the best individual tracksters in the meet. Connie Christon, who has set records in every meet this spring, continued the torrid pace Saturday. She won the girls 100 and 60 yard dashes in record times of 11.5 and 7.6. She accounted for most of Stanton's girls 67 points in the team totals.

Seventh grader Roger Owens won his specialty, the 660 yard run, in 1:45.1. Roger has never been beaten in a race.

Elvin Brown ran the best time in this area for the 70 yard high hurdles. Elvin is undefeated. He is in the eighth grade.

Team winners in the 3 divisions were:

- 8th Grade Boys
- 1. Coahoma—122
- 2. McCamey—113
- 3. Ozona—108
- 4. Sands—90
- 5. Crane—50
- 6. Stanton—40
- 7th Grade Boys
- 1. Ozona—179
- 2. Crane—109
- 3. McCamey—65
- 4. Coahoma—65
- 5. Stanton—56
- 6. Sands—2
- Girls 7th and 8th
- 1. San Angelo Lincoln—134
- 2. Stanton—67
- 3. Garden City—63
- 4. Crane—33
- 5. McCamey—28
- 6. Iraan—26
- 7. Greenwood—15½
- 8. Coahoma—7½

Coach Bill Young voiced his appreciation to the Stanton Jaycees for their help in the track meet. The Jaycees served as timers and helped set up hurdles and in other areas.

Mr. and Mrs. Thad Gardenhire of Hugoton, Kansas and G. N. Gardenhire of Tahoka visited over the weekend in the homes of Mr. and Mrs. Grady Gardenhire and Mrs. Pollock.

Governor Smith has proclaimed March, April and May official Bluebonnet months.

**CONNIE WINS AGAIN** — Connie Christon has made winning a habit this track season. Every time the gun goes up records come down. Saturday was no exception. Connie won the dashes with ease in Stanton's Jr. High track meet.

## Stanton Youth Wins Scholarship

Armonda Madrid, a senior at Midland High School, has been awarded a four year scholarship to study petroleum engineering.

The scholarship is sponsored by the Continental Oil Company and is an award of \$750 a year plus a guaranteed summer job with the company every summer following the freshman year.

Armonda is the 18-year-old son of Mr. and Mrs. Frank Madrid of Stanton.

Only one scholarship of this kind is offered by CONOCO in West Texas, according to Tony Gordon, a Conoco petroleum engineer who is also in charge of the scholarship. The first such scholarship here was given last year to another MHS student, Manuel Jiminez.

"The scholarship is for students from minority families, to try to get more minority people interested in careers in Petroleum Engineering," said Gordon.

Armonda has a 3.029 grade point average — a solid B. He has taken four honor courses, has lettered in varsity football, and is in the Spanish honor society at MHS.

He already has made plans to attend Texas Tech — the school of his choice since the scholarship is good to any school offering petroleum engineering.

Pearce, of Houston, director of Engineering Production Personnel for Conoco's Western Hemisphere operations presented the scholarship.

Tony Gordon of Conoco, Midland, was in charge of naming the West Texas winner.

## Swine Short Course

Discussions on reproduction, diseases, housing, marketing and nutrition will highlight the 21st annual Swine Short Course at Texas A&M University, March 27-28. Several out-of-state speakers plus a panel of producers will highlight the short course. The 1972 Master Pork Producer and the 1972 Texas Pork Queen will be named at a pork banquet.

## Ladies, Read This

The following article is one of a series of suggestions to women on protection from assailants. There have been a few cases in the area of attempted assault. We hope this article will be beneficial to our readers.

### Travel in Motor Vehicles:

A. Rural Highways.

1. Do not pick up hitchhikers who are strangers to you.

2. Avoid stopping at lonely, out of the way, or poorly lighted places for car service.

3. If you have car trouble and need help, hang a white cloth on a traffic side door handle and/or radio aerial. You might also raise the hood. If someone stops and you are in doubt about your safety, sound your horn frantically whenever a vehicle passes, until the person leaves. Make a note of his description, his license number, what he said, and the time and report the incident to the nearest police.

4. If you are alone avoid stopping to give aid to a "breakdown" if the car and occupants appear suspicious in any way. If you make such a stop, keep your doors locked, get instructions for sending help and drive on.

5. Be sure you have a spare tire properly inflated, tire tools and jack, enough gasoline and oil and a good battery before starting a crosscountry trip alone. Check radiator water and tire pressure. Underinflated tires rolling at rural speeds will overheat and may give trouble. Before a trip at night check batteries in flashlight.

Next week, Traveling in Motor Vehicles on Urban Streets.

## PCG To Sponsor Cotton Seminar

Plans are near completion for a "Cotton Contracting Seminar" to be held on Thursday, April 20, beginning at 2:00 p.m. in the KoKo Palace, 5201, Avenue Q, Lubbock. The meeting is being sponsored by Plains Cotton Growers, Inc., regional cotton producer organization representing 25 counties surrounding Lubbock.

PCG President Ray Joe Riley will open the afternoon meeting and serve as general chairman. He will set the stage with an outline of the current cotton supply-demand-price situation and comment on the possible advantages and disadvantages of forward contracting as a means to assure adequate supplies of cotton fiber in future years.

### PARTNERSHIP MEET SET

The Stanton Country Club is sponsoring a Men's Invitational Partnership Tournament this weekend, April 15 and 16.

Entry fee has been set at \$30 per team. All golfers will be treated to a free bar-b-que supper Saturday night.

Teams may tee off any time Saturday. A shot gun tee will get the ball rolling Sunday.

It seems there were so many shotgun weddings performed in one church that the congregation decided to rename it Winchester Cathedral.

All non-coin station calls, charged to the phone from which they are made, go through at the same low rate charged for One-Plus calls in cities having direct dialing capability.

Mu Lambda met April 3rd in the Reddy Room with Dorothy Pinkston as hostess.

President, Maxine Kelly, presided over the meeting. Eleven members answered the roll call.

Glenna Mims and Polly Atchison gave reports from city council. Plans for several future projects were discussed. Dorothy Pinkston and Maxine Kelly were in charge of the program. Their special guest was Janie Linney. She brought many of her beautiful paintings to show and talked about which was interesting to all.

The "it" gift was brought by Nettie Byrd and won by Dorothy Smith.

Carol Smith was selected to represent Mu Lambda Chapter in the Lion Sweetheart Contest.

Four guests attended the meeting, they were Paulene Graves, Mabel Atchison, Eula Mae Bludworth, and Becki Sherrod.

The closing ritual was repeated and refreshments were served to the guests and following members, Jerry Belshiem, Nettie Byrd, Billie Pinderton, Polly Atchison, Crystal Webb, Doris Oldaker, Dorothy Smith, Carol Anderson, Glenna Mims, Maxine Kelly and Billie Morgan.

The next meeting will be April 17th in the home of Polly Atchison.

## USDA Agrees To Later Deadlines

AUSTIN, Texas — Senator John Tower today announced the United States Department of Agriculture has agreed to establish later deadlines for designating set-aside acres by Texas farmers for various crops.

The new and later deadlines were established as a result of a recent letter by Tower to Undersecretary of Agriculture J. Phil Campbell pointing out that current deadlines come too early for most Texas crops.

Tower said the new certification deadlines would be "extremely helpful" to Texas farmers.

# To Tell You The Truth

**Bob Munro, Minister  
Church of Christ  
Tarzan, Texas**

**QUESTION:** Is the Lord's Supper the literal body and blood of Christ?

**ANSWER:** Those religionists that take Christ's words literally which state, "For this is my blood of the new testament, which is shed for many for the remission of sins," (Matthew 26:28) fail to note that Jesus' blood had not at that moment been shed. After He said it was the blood of the new testament and after He had blessed it, He still declared it was "this fruit of

the vine." (Matthew 26:29) Those who deny it was still the fruit of the vine after He blessed it, today the word of Jesus who instituted the supper! Ultraliteralists who would inject trans-substantiation into the Lord's Supper would, of necessity, make Herod an actual fox, Ananias a literal whited wall (made of stone and covered with whitewash), and John the Baptist the actual person of Elijah!

(If you have any questions regarding the scriptures or the church of Christ that you wish to have answered in this column or privately, send them Box 87, Tarzan, Texas 79783.)

## Pamela Jean Hartsell Bride of Richard Trout

Mr. and Mrs. Roger Hartsell of Lamesa wish to announce the marriage of their daughter, Pamela Jean to Richard Melvyn Trout, son of Mr. and Mrs. Melvin A Trout of Wheat Ridge, Colorado.

The wedding was in the Midway Baptist Church of Lamesa on April 1, 1972 at 7:00 with the Rev. Bob Manning officiating. She was given in marriage by her father.

The church was decorated with two candle trees holding nine Ice Blue tapers each and decorated with Salad greenery and blue lace carnation. A Tri-Candleabra with two blue candles and a white memory candle decorated with greenery and blue carnation stood between the two candle trees.

The kneeling bench was centered on the altar. The Bridal Aisle was decorated with hurricane candlebras entwined with greenery and Blue satin bows.

Musical numbers were the "Lord's Prayer" by Molly Williams, "Twelfth of Never," and "We've Only Just Begun" by Beth Starnes. The pianist for all three selections was Linda Gibson.

The bride's dress was a white ante bellum gown of Alencon allover lace. The fitted bodice featured a stand up collar with seed pearls and lace roses centered with pearls circling the collar. The blossom sleeves come to a deep petal point at hand length. The natural waistline dipped in front with the full tiered skirt featuring lace roses. The back was full tiered to form a chapel length train A Juliet crown veil of Alencon and covered with seed pearls and slightly gathered tulle giving a bouffant illusion.

The Matron of Honor was Gloria Thomas of Odessa, and the Maid of Honor was Sally Gammegard of San Antonio. Mrs. Ronald Hartsell, sister-in-law of the bride, registered the guests. Miss Nancy Sonnenberg and Mrs. Erol Porter served at the bride's table.

There were out-of-town guests from Levelland, Tarzan, Stanton, Odessa, and Big Spring.

The Maid of Honor and Matron of Honor were powder blue dotted Swiss with natural waistline that dipped slightly in front. They carried long blue satin arm bands decorated with blue lace miniature carnations, Tulle, and gypsophia. The bridesmaids were dressed identically.

The candlelighters were Hope and Holly Hartsell, cousins of the bride, from Floydada, Texas. Best man was Ken Trout, brother of the groom, from New York City. Groomsman were Ron Trout, brother of the groom, from Wheat

Ridge, Colorado, and Dan Risk from Bakersfield, Calif. Head usher was Ronald Hartsell, brother of the bride, from Lubbock. Other ushers were Al Hoppe from New York City and Rob King from Albuquerque, New Mex.

The reception was held in the fellowship hall of the Midway Baptist Church.

After the honeymoon, the couple will reside at 4303 Andrews Hwy. Apt. 309, Midland.

Miss Hartsell was a 1971 graduate of Lamesa High School, attended Columbia Secretarial College in Odessa, and is presently employed at the French Oil Company in Odessa.

Mr. Trout was a graduate of Wheat Ridge High and attended Metropolitan State College in Denver, Colorado, and is employed at the U.S. Air Force, Webb Field, Big Spring.
