

## Town Hall Meeting Tonight, Thursday

Chamber of Commerce is sponsoring a "Town Hall" meeting tonight (Thursday), June 10, in the county courthouse.

Community members interested in the Texas Industrial Commission of Austin, Texas, will be the featured speakers at tonight's session.

Mrs. Neil Mathison, 69, Weineert resident since 1905, was dead on arrival at the Haskell County Hospital last Thursday, of an apparent heart attack.

Born in November, 1895, in Campbell, she married Neil Mathison on Jan. 4, 1914. He died several years ago.

Survivors are one son, R. A. Weinert; one granddaughter, Sandra Mathison; two brothers, Roy Gilbreath of Wichita Falls and Hoyt Gilbreath of Stanton; two sisters, Mrs. Ruby Gentry of Oklahoma City and Mrs. Jewell Rogers of Llano.

The Rev. Carl Pool, pastor, and Rev. Ross Anderson, pastor of the First Baptist Church of Weineert, officiated.

Pallbearers were Bill King, Leon Newton, E. D. Earle, Jiggs Edwards, Henry Vojtkurka and Thurman Stout.

## Grain Harvest Is Progressing Very Slowly

"Harvesting of Haskell County's grain is progressing very slowly," Ailyn Ballard of United Industries said this week. A large number of combines were stuck in the fields the first of the week, and it will probably be next week before we can run any estimate as to how much grain the county will harvest from this year's crop, Ballard pointed out.

Harvest is about 35 per cent complete, with yields averaging from 20 to 40 bushels per acre.

Thunderstorms, accompanied by strong winds struck here, just about dusk, Friday and dumped another 35 of an inch on already waterlogged Haskell, Sam Herren, the weatherman reported.

As has been the custom on several times, parts of the county received considerable more rain Friday, than did the city of Haskell.

## Former Haskell Resident Is Parks Director

A 30-year-old Texan was recommended by Sparks, Nevada Mayor Chet Christen for the new job of director of parks and recreation in the Rail City.

The City Council gave a swift approval to the recommended applicant, Don Payne, of Aurora, Colorado.

Payne, born in Haskell, graduated from Texas Technological College with a degree in park management and horticulture and is now working at Colorado State University.

He has worked for the National Park Service and the Dallas city park department, and since 1962 has been with the city of Aurora as parks superintendent and director of parks and recreation.

Payne was chosen from among 35 applicants from throughout the United States. The applications were screened by the Sparks Public Service Commission and a special board of experts in parks, recreation and civic government.

## Final Rites Are Held For Theron Cahill

Theron Cahill, 63, prominent Haskell County businessman and civic leader, member of the Cahill and Duncan Insurance Agency, died at 5:20 a. m. Thursday, June 3, in Haskell Hospital following an illness of about two months.

Funeral services were held in the First Christian Church at 2:00 p. m., Friday, with Dr. Stuart Currie, of Austin, former pastor of the local Presbyterian Church, and Rev. Royce Woods, pastor of the Haskell First Christian Church, officiating.

Burial was in Willow Cemetery under direction of Holden Funeral Home.

Mr. Cahill came to Haskell 60 years ago from Sonora and was a member of First Christian Church, a charter member of Haskell Lions Club, a life member of the Elks Lodge and member of the Haskell Chamber of Commerce.

He was a deacon in the First Christian Church and taught the men's Bible class there for more than 22 years.

Survivors include his wife, Mildred; one son, Jerry, of Lafayette, La.; two sisters, Mrs. Exa Campbell of Wichita Falls and Mrs. Ruby Long of Austin; two grandchildren, Laura and Kelly Cahill.

He had been associated with his father, the late T. C. Cahill, in the insurance and real estate business here for several years. Both father and son had been active in civic affairs here.

Pallbearers were: W. P. Raliff, Henry King, O. V. Kruger, C. O. Holt, Lynn Pace Jr., Desmond Dulaney, James Riley Pace and Roy Pitman.

## Mother Of Jetty Clare Dies At Austin

Mrs. O. J. Clare, of Austin, died at 8:30 a. m. Friday in an Austin rest home. She had been in the convalescent home for two years and had fallen and broken her hip about 2 months ago and had been in serious condition since.

Born May 4, 1883, in Gardner, Milam County, she lived on a farm there until about 15 years ago when she and Mr. Clare moved to Austin. The husband died in 1958, and a son, J. Cleo, was killed in an automobile accident in December, 1941.

Survivors include a son, Jetty V. Clare, publisher and owner of The Haskell Free Press; two daughters, Mrs. C. C. Thornton of Liberty, and Mrs. B. F. McCoy, of Austin; and three grandchildren, Mrs. Temple Williams of Bethesda, Md., Billy Mac-McCoy of Denver, and Mrs. Louis Satterfield Jr. of Houston; and four great-grandchildren.

Funeral was held at Kinney Avenue Baptist Church in Austin Saturday afternoon, with her pastor, Rev. Joel C. Thielepape, officiating.

## Haskell 4-Hers Will Attend Leadership Camp

Haskell County 4-H girls will attend a joint leadership camp at the Baptist Encampment Grounds at Leaders next week, Barbara Marsee, County Home Demonstration Agent, announced.

Debbie Campbell, of Mattson; Martha Chambers, of Rochester and Mary Yeats, Weineert, will attend. Alternate is Susan Weise of Mattson.

Members of the committee naming the representatives were Mrs. W. R. Hager, Jr., Mrs. C. C. Campbell, Mrs. Joe Davis, Mrs. Frank Moeller, Mrs. Jack Chapman, Mrs. Russell Rainey and Mrs. Tom Yesta.

The camp group will leave Haskell Monday morning, June 14, at 9:00 and will return Wednesday afternoon. They will attend study groups, swimming, games, songs and talent numbers.

## Second Sunday Singing Set

The regular second Sunday Singing will be held June 13, at the Central Baptist Church, beginning at 2:00 p. m.

Clyde Williams said the Red Shipman family from Seymour, along with the singing Seymour Mayor, Mr. and Mrs. Cooper and Glenn Cooper, plus others will be present.

The public is invited to attend.

Haskell County Home Demonstration Agent, Miss Barbara Marsee, left, daughter of Mr. and Mrs. Joe Marsee, Rt. 2, Breckenridge, received the Crisco Home Economics Award at Texas Wesleyan College, Fort Worth, where she was recently graduated with a Bachelor of Science Degree in Home Economics.

The Crisco Award is presented annually to the most outstanding home economics major at Texas Wesleyan. Miss Martha Smith, head of TWC's Home Economics Department, is shown presenting the award at special ceremonies at the college.

Miss Marsee is one of 150 persons receiving degrees at Texas Wesleyan's Commencement, Sunday, May 30, in Fort Worth.

## Lions And Ladies To Hear Dr. Elwin L. Skiles, of Abilene, Tuesday Night

Haskell Lions annual Ladies' night will be held next Tuesday, June 15, 7:30 o'clock, at Sam's Cafe.

Dr. Elwin L. Skiles, pastor of the First Baptist Church, Abilene, will be the speaker for the occasion.

Born in Callahan County, Texas, near Cisco, on June 15, 1912, Dr. Skiles moved to Abilene in the fall of the same year when his father entered Simmons College. He moved from Abilene to Cisco in 1919 and completed public school education in that town. His father was a grocer and served as a deacon in the Baptist church.

College education received at H-SU, 1930-32, and Baylor, 1932-35. A. B. degree from Baylor, 1934, and M. A. degree, 1935.

He served as fellow to Dr. J. E. Tidwell in the Bible department during graduate year. Seminary training received in Southern Baptist Theological Seminary, Louisville, Ky., 1935-41, Ph.D. in 1941. Appointed teaching fellow in the Church History department of the Seminary and served in similar capacity in the Woman's Missionary Union training school during three years of graduate study. During Baylor and Seminary days, served as pastor of several small churches in Texas and Kentucky.

First pastorate out of the seminary was in Russellville, Ky. Second pastorate was Bainbridge Street Baptist Church of Richmond, Va. Resigned pastorate upon being commissioned as chaplain in the U. S. Naval Reserve. Served in the Navy for a year and a half on the West coast and aboard a carrier in the Pacific fleet. On being separated from service in 1946, he became pastor of First Baptist Church in Georgetown, Ky. and served there until called to First Baptist Church, Pensacola, Fla., in November of 1949. After a four-year ministry at Pensacola, he returned to Abilene, as pastor of First Baptist Church, the church in which membership was held during student days in Hardin-Simmons.

Former places of denominational service: member of the Foreign Mission Board of the Southern Baptist Convention, president of trustees of Central Baptist Hospital, Lexington, Ky.; trustee of Baptist Hospital, Pensacola, Fla.; member of Sunday School Board of Southern Baptist Convention; vice-chairman of Executive Board in Kentucky and Texas.

Present places of service: trustee of Hardin-Simmons University, trustee of Hendrick Memorial Hospital, and trustee of Golden Gate Baptist Theological Seminary; member of executive Board of Baptist General Convention of Texas, and member of Program Coordinating Committee.

Member of the Rotary Club of Abilene and past president of Rotary in Pensacola and Russellville.

Married to Ruth Kinder of Homer, La., in 1938. Three children, Elwin, Jr., born in 1941; Ann Collier, born in 1949, and Sarah Parks born in 1952.

Dr. and Mrs. Skiles have travelled extensively in Europe, the Near East, and the Orient. In the fall of 1960, at the invita-

## Rotary Club Members Hear R. C. Couch

R. C. Couch, field worker in the office of the Agriculture Stabilization Conservation Service, presented some very interesting information concerning work of this office within Haskell county, at the Thursday noon-day luncheon of the Rotary Club.

Woody Woodard was program chairman for the day, and introduced the speaker.

President Roy Johnson presided over the meeting and Bob Herren led the group in two songs. Rev. J. V. Patterson gave the invocation.

Guests introduced at the luncheon-program meeting were Gene B. Louder of Rochester; Buford Abeldt of Southwestern State College, Weatherford, Oklahoma, and Tom Hester, student at the University of Texas.

## Josset Inks Pact At Lubbock Christian College

Haskell High School's outstanding athlete, Joe Josset, son of Mr. and Mrs. J. R. Josset, has signed a scholarship with Lubbock Christian College.

Josset excelled in all participating sports in high school, but "hit his stride as a sprinter." His fastest time in the 100-yard dash was 9.7, and he clocked a 22.2 in the 220 yard dash.

He was selected as "all-district" in football, all-area in basketball and honorable mention as quarterback in football.

Josset received the "Dick Gaines Trophy" award and the Jaycees Sportsmanship Trophy. He was entered in Regional track and went on to State at Austin where he was nosed out by a time of 9.7. Joe posted a 9.8 in the 100-yard dash.

Major James F. Lafferte Jr., Chief Analysis Division, Dyess AFB, Abilene spoke to members of the Haskell Lions Club Tuesday noon and showed some interesting slides.

Title of the program was "United Air Force Presents Strategic Mixed Force."

Major Lafferte pointed out that Strategic Mixed Force helps maintain peace through strength.

Jim Sampson was in charge of the program and introduced the guest speaker.

Lions accepted their part of the labor survey and work on the project will get underway immediately.

President Frank Martin announced that the club would not meet next Tuesday noon, due to the Ladies' night program scheduled for that night.

## Luther Walker Attends C of C Manager's Meet

Luther Walker, manager of the Haskell Chamber of Commerce, was in Odessa, Texas, June 8-8, attending the 59th Annual Conference of the Texas Chamber of Commerce Managers. Around 200 delegates attended the conference held at Hotel Lincoln.

"Strictly Personal: Your Job and You" was the theme for the annual conference of the TCCM, the oldest and largest state association of chamber managers in the world.

## District Spelling Champion Bette Edwards Awed By Capitol

Soft-spoken Bette Edwards, Wichita Falls District spelling champion was without words Sunday to describe her first and second airplane rides and the gem of the Potomac that is Washington, Don James, Wichita Falls Times & Record News "staffer" said.

First glimpse of the Capitol came from the ultra-modern interstate highway from Dulles International Airport and included, with the Potomac in the foreground, the skyline with the 555-foot tall Washington Monument in the center and the Capitol gleaming behind.

"Gosh," was the speller's reaction. She still was overwhelmed by the 45-minute flight to Dallas from Wichita Falls, her first, followed by a 2 1/2 hour flight by 107 Jetliner to Washington.

Even Dulles International Airport was awe-inspiring. A brand new spic and span expanse of asphalt and concrete with ultra-modern terminal and mobile lounges, Dulles is set in a tree-covered, gently rolling rural area near Leesburg, Va., and is a complete city in itself.

Bette appeared only slightly ruffled by it all, but admitted her nervousness readily.

Following two days of sight-seeing, the 13-year-old seventh grader at Weineert Rural School began the competition for a top prize of \$1,000 and an expense-paid trip to New York this weekend.

"All I have to do is spell more words than anyone else," she said with a shuddering half smile.

Monday included a memorable morning when she visited the office of Rep. Graham Purcell and was photographed with the Speaker of the House, Rep. John McCormack. Monday afternoon included a tour of Washington.

Bette is accompanied in Washington by, in addition to her newspaper escort, her mother, Mrs. R. L. (Jiggs) Edwards; her sister, Anita, 16; and her teacher, Mrs. Sara Jones; more boosters than most contestants.

The District contest, which she won in April, and the Washington trip is sponsored each year by the Wichita Falls Record News and Times. The Scripps-Howard newspaper (Continued on Page 12)

## Second Man Is Apprehended In Theft of Farm Equipment

The second of two men implicated in a series of widespread thefts of farm and ranch equipment was placed in Haskell County jail Thursday to await grand jury action.

Kenneth Fred Phifer, 42, of Comanche, surrendered himself to the Comanche County sheriff's department early Thursday and was transferred to the custody of Haskell County Sheriff Garth Garrett at 1 p. m.

Garrett said charges against Phifer and L. D. Mings of Tye, who has been held in Haskell County jail the last two weeks, have been filed in connection with theft of at least \$50,000 worth of equipment during the last two years.

He said the thefts occurred in 11 West Central Texas counties—Haskell, Garza, Martin, Dawson, Mitchell, Terry, Lynn, Crosby, Howard, Runnels and Jones.

Equipment taken includes tractors, plows, parts stripped off tractors, Garrett said. Part of the loot has been recovered. Garrett said, but much of it is likely never to be found. He said it is believed most was disposed of at farm auction sales.

"Hold orders" on the two men have been placed by most of the counties involved. Garrett expects from one to four cases to be filed against the accused pair in each county following disposition of the case here.

He estimated that between 20 and 30 thefts occurred in Haskell County.

## Haskell Well Represented At Boys' State

The American Legion Boys State is in session this week at Austin, Texas, with some 750 high school boys from throughout the state registered.

Attending from Haskell are Michael David Felker, Joe Steven Harper, Ronald Lee Hilliard, Clarence Ronnie Josselet, Perry Wayne Turnbow, Dennis William Rueffer and Bobby Nelson Watson.

Under the sponsorship of the American Legion the following organizations and individuals assisted in sharing the expenses to Boys State: Rotary Club, Lions, Haskell Bar Assn., Jaycees, American Legion, Carl Anderson, Mr. and Mrs. Charles Conner, and Mr. and Mrs. Roy Pitman.

Upon arrival at the University of Texas campus, each citizen was assigned to one of two political parties—the Longhorn or Pioneer. Each citizen then functioned as a member of his party; he attended its conventions, caucuses and voted in its primary.

In Boys State, the American Legion provides the type of program where the young citizen has the opportunity to learn for himself that his government is just what he makes it. The boy "learns to do by doing."

Highlight of Boys State will be a trip to the Capitol on Friday morning where each elected Boys State official will be given an opportunity to serve in his respective office for a day, followed by the Governor's Ball Friday evening.

Boys State enrollment this year brings the total to 11,156 junior high school boys who have attended since 1940, when Boys State was first inaugurated.

## C of C Directors Stress Necessity Of Getting Started On U. S. 277

In a meeting of the Chamber of Commerce board of directors, Tuesday morning, 7:30 at Sam's Cafe, Harold Spain, chairman of the Highway committee stressed the necessity of getting started on U. S. 277. This project is from city limits to city limits, and to purchase the right-of-way will take time. No figures are available at this time as to the cost of the project.

Work on Highway 24 will start the latter part of this year, or early next year, it was reported at the early morning meeting.

County Judge Jim Alvis, Mayor J. E. Walling, Charles Perry, Douglas Finch, Harold Spain and Luther Walker were in Abilene last week attending a Highway meeting. The highway committee and some of the C of C board members will meet with the county commissioners at their regular meeting next Monday.

## Riding Club Wins First At Jacksboro

The Haskell County Sheriff's posse continued their winning ways, Thursday of last week, as they "rode-away" with first-place honors at the Jack County Rodeo, at Jacksboro. Following the parade, the Haskell group "stayed-over" to set pivots on Thursday night.

The famed Saddle Tramps, with O. L. Couch, president, won first place at Rotan, first at Mineral Wells, third at Vernon and then first at Jacksboro, since the season opened only a few short weeks ago.

## Treasure Hunt

Mrs. Viars Felker reported on the Treasure Hunt to be next Tuesday, June 15, in connection with Dollar Day. Mrs. Felker pointed out that gifts to be given away by participating merchants on Dollar Day should be displayed in the stores early, but the numbers will not be disclosed until Tuesday morning. Numbers on the Dollar Day circulars must correspond with the numbers on the gifts.

## Town Hall Meeting

President Muenzler called attention to the "Town Hall" meeting which will be held tonight, Thursday, June 10, in the courthouse, Haskell.

### IN THE LONG RANGE

It's easy, even logical, to become depressed about the state of the world. The news media groans with accounts of conflicts, profound dissensions, and grave troubles of every kind in nation after nation.

But despite all this, there are signs that foreshadow an era in which peoples will have an infinitely better understanding of the problems, wants, beliefs and traditions of others.

To take one, the jet age has brought an enormous increase in the number and type of people who now, almost as a matter of course, travel to foreign lands. It is a two-way street—more and more foreigners are coming to visit us, even as more and more Americans go abroad. Whatever the reason for this vast movement of individuals—education, business, government affairs, or just plain fun—it is a rare being indeed who will fail to learn and become the wiser from his experience.

This people-to-people mobility cannot produce miracles overnight. But its long-range possibilities are tremendous.

### NATIONAL FLAG WEEK

National Flag Week is to be observed from June 13 through 19. This is an important event at any time; it is vitally so today.

The purpose of the Week is formally defined as "The inculcation of the meaning of true Americanism into the minds and hearts of our citizens..." And true Americanism has nothing to do with liberalism or conservatism, with one's political or economic beliefs, or with sects and factions of any kind. It lies in devotion to country, and to those eternal principles of freedom upon which it was founded and which are the source of strength and greatness.

In some circles nowadays, patriotism seems to be regarded with contempt. Highly vocal groups of young people, within and without the colleges, pay lip service to our enemies, overt and covert alike, and violently denounce the efforts of the government to honor our commitments, and to halt the forces of slavery. It is generally believed that this is communist inspired. But, whether it is or not, it perfectly serves the ends of communism and to all those who would bring another Dark Age of oppression upon the world.

Let the flag fly high during its Week—and let all know that the overwhelming majority of Americans, differ as they do on problems and issues, revere it, and revere all that it stands for.

### AFFLUENCE AND POVERTY

A good many people doubt that the government's war on poverty will produce the hoped-for result. Time will tell as to that. But one thing is sure. It is producing a high degree of affluence for a considerable number of federal jobholders.

This has raised the dander of Senator Simpson of Wyoming. He points out that the Office of Economic Opportunity, which is the "poverty office," will have a Director at \$30,000 a year; a Deputy Director at \$28,500; three assistants at \$27,000; nine other assistants at \$24,500; eleven more at \$21,445; and another twenty at \$18,535 each. In his words, "National poverty headquarters plans a staff of 1,050 as a starter which makes it appear that the war takes the form of mass Federal employment at ski-high wages." The Senator plans to join with other Senators in an effort to place curbs on the salaries.

Whatever happens to this effort, it is apparent that another elite bureaucracy, whose ultimate size and cost is as yet unknown, is in the process of creation.

### For More Painful Taxes

This year a great many income taxpayers were stunned and angered by the fact they owed more than they had expected when April 15 rolled around. The reason lies in the recent tax cut. As passed by Congress, the cut was spread over a two-year period. But the entire reduction in withholding was made at once. So, in innumerable instances, the sum withheld was well below the amount of the tax.

Now it is planned to readjust the withholding percentages, in order to make the income tax less painful. That may seem like a fine idea. But the Birmingham, Alabama, Post-Herald views the matter differently. It thinks the tax should be more painful, rather than less so. Here is its reasoning:

"When taxes are withheld at the source, the money never really seems to belong to the individual involved. It is just a bookkeeping transaction, in which funds pass from the employer directly to the Government.

"Taxes paid in cash, however, represent real money out of pocket. They stand for trips not taken, clothes not bought, appliance purchases postponed. And they tend to make a man look skeptically at what the Government is doing with his tax dollars.

"We have nothing against the withholding principle as such. But if Uncle Sam's tax bite doesn't hurt a little bit, you'll never realize it is YOUR money he is spending, and you should."

It looks as if the Post-Herald really has something there!

### The Good Earth

By MRS. B. F. COBB

You know the old saying, "The good earth is our mother." Well, our plans for moving through the people to leave our house. My husband and I talked it over and decided to move off, and the house vacant.

The "Good Earth" is so busy with weeds along with my vegetable crop. I have hardly had time to stop hosing long enough to put Sabadilla dust on my squash vines.

Hail damaged some of our trees so severely the life-giving sap nearly died the trees to death.

I've been busy painting the hail scars with tree paint to keep out an invasion of borers. All damaged limbs have been trimmed from the rose bushes. The plants are beginning to put out once more.

Strawberry plants that lived through the hail are dark green and growing runners like mad. It shouldn't be long until our bed is established once more.

Plants from our yard have traveled far this year. Friends and relatives from Franklin, Abilene, Fort Phantom Lake, Haskell, Seminole and Rule have shared in our gardens abundance.

Many kind friends have shared their plants with us. Mr. Charlie Quattlebaum gave me a rooted oleander and a bougainville. Each of these plants are growing and thriving. There is no greater regard than sharing plants with friends and neighbors.

My husband will continue to work in Fort Worth for a few more months, but will come home for two days every other week. Our lawn mower on our little tractor makes it easy for him to mow the lawn each time he is here. He will also keep our large garden plowed.

## Few Ounces of Safety Glass Worth More Than Many Problematical Cures

### Haskell Girls Are Attending Scout Camp

Tuesday marked the opening day of Girl Scouts' 13th camp season at picturesque Camp Boothe Oaks.

Fane Downs, district advisor of the West Texas Girl Scout Council, is serving for the fifth summer as director of Boothe Oaks, the established camp located eight miles southwest of Sweetwater in Nolan County.

Five sessions have been scheduled for the season. They are: Session I, June 8-19; Session II, June 20-26; Session III, June 29-July 10; Session IV, July 11-17; Session V, July 18-24. A Pioneer unit will be held at the same time as Session III.

Registrations are still being accepted for Session III.

Those attending Session I from Haskell are: Ann Lou Allen, Karen Felker, Eugene Lane and Lee Ann Toliver.

Comparing an ordinary pair of eyeglasses to a bomb may seem ridiculous at first glance. The Texas Society for the Prevention of Blindness has facts to prove that the statement is no exaggeration. In its campaign for safety glasses, the organization has record of numerous eyes and even life-destroying accidents which could have been avoided by the use of protective lenses. Nearly a thousand persons a day suffer eye accidents. Almost any such injury can result in blindness.

The Wise Owl Club of America, an eye safety program sponsored by the Society, includes over 25,000 members whose sight has been saved in accidents by safety eyewear. Apparently innocent activities account for many of the eye calamities which occur to 300,000 adults and 145,000 children every year. Students in school shops and laboratories, adults with power mowers or tools, trimming shrubs, spraying

plants, children engaged in sports are common victims. The dangers in industry are more self-evident, but often neglected. Over 90 per cent of industrial eye accidents are believed by the Society for Prevention of Blindness to be preventable.

All shatter-proof glasses must meet rigid Federal standards. Sturdy frames support lenses which look exactly like ordinary lenses, but which must withstand the impact of a 1½ ounce steel ball dropped from 50 inches in height. Only slightly more expensive, with a few grams difference in weight than conventional "specs," they can be ground to fit prescriptions, made up as sun glasses, or worn to protect 20/20 vision.

America is justly proud of its

many programs of preventive medicine. Saving lives is of paramount importance. The Texas Society for the Prevention of Blindness believes that saving sight to keep those lives useful and happy ranks a close second. A few ounces of safety glass are worth more than many problematical cures.

## Farmers Union Urges Reforms

In a written statement presented to the National Commission on Food Marketing, which met at Omaha, Nebraska June 3, Texas Farmers Union President, Jay Naman of Waco urged that the Commission recommend "sweeping reforms be legislated to correct the injustices that have disadvantaged livestock producers and destroyed free market place competition."

Naman's statement gives parties of the Texas Hog Marketing Association which he helped organize and served as its first president. The organization failed, according to Naman, because "the packer and chain store complex has eliminated competition in the market place and acquired for itself a larger share of the consumer's pork dollar" at the expense of the hog producer.

Naman's statement gives partial credit for the recent strengthening of hog prices to the fact that the Food Commission is "scrutinizing" the marketing situation. The hog marketing cooperative closed down in 1963 after its four-year struggle to convince Texas packers that they should cooperate with producers by encouraging them through price incentives to produce a product more acceptable to the consumer. According to the Farmers Union president, this failure has had a marked effect on the progress made toward improving the quality of Texas hogs.

Naman said, "Texas farmers have lost millions in income that they were justified in receiving for their skill in improving their product, and the consumers have been denied the opportunity to benefit from the producer's improved technology and effort."

**PAINT CREEK . . . COMMUNITY NEWS**

BY MRS. GENE OVERTON

Paint Creekers are busy this week. Wheat cutting and cotton planting are going full blast, and the weeds are growing by leaps and bounds. I don't remember our community ever being this green and pretty.

Mr. and Mrs. Howard Montgomery were on the North Texas State University campus last Wednesday for the graduation of their niece, Elizabeth Cathey. She received her B.S. degree, and will be a teacher in the Lubbock schools next year. The Howard Montgomeries were in Midland weekend before last for the piano recital in which their grandchildren, Johnny Paul and April Montgomery played. While they were out in that part of the country, they went across into New Mexico and visited a niece, Mrs. Sam Sorenson and Mr. Sorenson.

Mr. and Mrs. Bill Griffith and children were in Abilene last Monday for commencement exercises at Hardin-Simmons University where their daughter, Joann received her B.S. degree. Joann will teach in Compton, California next year.

Mr. and Mrs. Ray Overton, Sr., and Mr. and Mrs. George Free were in Abilene Sunday afternoon to hear their mutual granddaughter, Mary Margaret Overton play in her piano recital. The Free's granddaughter, Joan Free, of Seymour, went with them and remained for a longer visit with Mary.

Durward Mickler of Snyder visited with his parents, Mr. and Mrs. Bill Mickler last week.

Bill Mickler returned home from the Hendrick Memorial Hospital in Abilene Thursday. He had been a medical patient for about a week.

Mr. and Mrs. Buddy Brazzel and children attended a Brazzel family reunion in Oklahoma weekend before last.

Danny Isbell can walk across a room now. He has to have two co-pilots to go along on each side of him, but before long he'll be walking alone. Two of his therapists from Baylor Hospital came and spent the weekend this past week, and they were so pleased with his progress. They are Patricia Lynch and Nancy Grove, and the Isbells took them to the lake to ski and entertained them so royally that they plan to come again this summer.

Mr. and Mrs. Van Morrison and children went to Mineral Wells Sunday afternoon to visit a few days with his mother, Mrs. V. P. Morrison.

Mr. and Mrs. Sam Chaffin of Midland spent the weekend with her parents, Mr. and Mrs. Paul Fischer.

Mrs. Dan LeFevre was installed Adah at the installation of officers for next year at the Stamford Order of Eastern Star.

William Overton, speech and English teacher in the Garland schools, spent last week at home with his parents, Mr. and Mrs. Gene Overton, Wallar and Mike. He left Thursday to enroll in North Texas State University, and he left there Sunday for Fort Hood for two weeks of training with the 36th Infantry Division.

Mr. and Mrs. Lennis W. Jones of Rule spent the afternoon with their daughter's family, Mr. and Mrs. Gene Overton last week, and left a few days after that for Amarillo and on to Vadito, N. M., to visit another daughter, Mrs. Charles McBeath and Mr. McBeath.

Gary Gosney of Fort Worth spent last Tuesday and Wednesday visiting his roommate at Texas A&M, Mike Overton.

Wallar Overton was at Camp Tokawa Saturday night for an Explorer Scout dinner and Hootenanny. Mr. Overton is the District Explorer Advisor of the Northern District, Chisholm Trail Council, B.S.A.

Scout Bill Lane set up the Adventure Trail for Troop 48 to take Saturday morning, and although the rain Friday night hurt some of the written messages, the trail was surely a good one, and the scouts learned a lot in taking it. The other scout who had been assigned to help Bill was working, so Bill enlisted the help of his little sister to lay out the trail in the Gene Overton pasture. Scoutmaster Wallar Overton appreciated the work of both Scout Bill and Scout-sister.

Mrs. James Ross Mickler and children and her mother, Mrs. Chaney of Abilene are on a trip to San Antonio and the Marine Garden's at New Braunfels.

Mr. and Mrs. Asa Lowe of Lewisville spent the afternoon last Wednesday with Mr. and Mrs. Allen Isbell, Danny, Joannine and Janice. Mr. Lowe was in an auto accident last fall, and was Danny's roommate at Baylor Hospital for several weeks.

Little Peeewe Mickler, of Stamford, is making the trip to the West Texas Rehabilitation Center twice a week with his aunt, Mrs. Allen Isbell, and Danny. Peeewe is a Muscular Dystrophy patient. Danny is anxious to go for his treatment this week because the therapists this week are students from Baylor Hospital, and he feels sure there will be one or two former friends in the group.

We were talking at the dinner table last week about people always asking if the U. S. "can't catch up" with Russia in the space program. That is such a foolish question. There is no comparison. Our government takes into consideration the spacemen's safety and comfort, and things the Russians never consider, and so the U. S. is more cautious and slower. We decided that if the U. S. wanted to "catch up" with Russia, this is how it could be done: First, we would have to take all but a few of our automobiles and run them off a cliff somewhere. Then, pile all the TV sets in piles and burn them. Next, tear up millions of roads, millions of telephone wires, millions of telegraph wires and remove billions of telephones . . . then destroy all but a few thousand of our radios, burn most of the super-markets, do away with millions of bath tubs, pleasure boats, trailer houses, and recreation equipment . . . have everyone do away with their wardrobes and kitchen appliances, washing machines and dryers, vacuum cleaners, etc. I am afraid even all this would not

make us even with Russia. So, let's be very proud of our own space program; be grateful for men who consider a human life is worth something, and enjoy our being so "far behind Russia."

College students home for the summer are: Ina Bittner, Margie Earles, Vern Howard, Edwin Livengood, Joann Griffith, Billie Cockrell, Eddie McKeever.

Students attending summer school are Paulette Fischer, a junior at Texas Tech; Carolyn Cariton, a sophomore at West Texas State; Ann McLennan, a senior at W.T.S.U.; Evelyn Pus-tejovsky, Beauty School at Dallas.

Students working on their Master's Degree are Dolin Hughes, majoring in physics and math at N.T.S.U.; William Overton, majoring in Speech at N.T.S.U.; Barbara Grand, majoring in Biology at Texas Tech; James Ross Mickler, majoring in Education at Hardin-Simmons.

Mike Overton of Texas A&M is at home for two weeks but leaves for his R.O.T.C. six months at Fort Sill, June 16th.

Barbara Grand spent Sunday with her parents, Mr. and Mrs. John Grand. Barbara is working on a Master's degree in Biology at Texas Tech and working for the Lubbock Avalanche after classes.

Mr. and Mrs. Clyde Davis of Crosbyton spent Sunday with his sister's family, Mr. and Mrs. Vernay Howard and Vern.

Rev. Lawrence Trot, the Baptist area missionary from Stamford, preached at both services at the Baptist Church Sunday. Rev. and Mrs. Neely are in Virginia visiting her people.

Mrs. Sarah Howard has a new great grand baby. Her son, Bud's, daughter, Mrs. Bill Taylor and her husband of Amarillo have a little boy, born last Friday.

Woodrow Smith jumped off his combine Sunday and broke his foot. He is a patient in the Stamford Hospital.

Mr. Francis Blake has promised to build up and re-dig the bar ditches on the road west of the highway that goes to the Woods and the Grametbauer places. Mr. Carothers, Gene Overton, Vernon Lovern, the Woods, the Grametbauers, and others who use the road, will surely be glad, because it is almost impassable when it is muddy. The school bus has the hardest time going that route of any road in the west part of the community. Mr. Carothers obtained permission from the owners of the farms along the road, for the barrow ditches to be re-dug and Mr. Blake said that was all that was delaying his fixing it.

Mr. and Mrs. Sam Chaffin spent last weekend with her parents, Mr. and Mrs. Paul Fischer and Clara Ann.

**CHRISTIAN SCIENCE SERVICES FOR JUNE 13**

Assurance of God's care for all is offered in the Bible Lesson entitled "God the Preserver of Man," which will be heard at Christian Science churches this Sunday.

Bible readings include these verses from Psalms: "The Lord is high unto all them that call upon him, to all that call upon him in truth . . . The Lord preserveth all them that love him."

A correlative passage from "Science and Health with Key to the Scriptures" by Mary Baker Eddy will also be included: "Doest thou love the Lord thy God with all thy heart, and with all thy mind, and with all thy strength, and with all thy mind? This command includes much, even the surrender of all merely material sensation, affection, and worship." (p. 9)

The Golden Text is from Proverbs 29:25: "Whoso putteth his trust in the Lord shall be safe."

### Employer Cooperation Needed By Texas Employment Commission

**Josselet H. D. Members Discuss "Rest Homes"**

The Texas Employment Commission's capacity to detect and prevent fraud and improper payments in its unemployment insurance program can be measured by the amount of employer cooperation received, W. Sherman Birdwell Jr., commissioner representing employers, told members of the Fraud Detection and Prevention Committee of the Interstate Conference of Employment Security Agencies in Silver Springs, Maryland, recently.

"We are not asking the employer to assume responsibility for policing the program, since that is our responsibility," Birdwell told the group, "but we have learned that some employers need reminders from time to time that their role in a well-administered unemployment insurance program calls for more than the payment of taxes."

He cited a recent fraud prevention study in which the Commission requested 12,000 employers to supply a daily breakdown of quarterly wages.

"The fact that we received an 85 per cent employer response is indicative of the willingness of Texas employers to help protect the program against abuse, though in some instances we know it is a hardship on some employers to supply this information," Birdwell said.

He pointed out that several thousand dollars per month are saved by the fraud prevention efforts of the Commission. During the four quarters ending in March, \$259,350 was returned to the fund as a result of fraud detection or non-fraudulent overpayments discovered by Commission investigative efforts.

"The electronic data processing equipment installed last year now enables us to conduct a benefit wage survey on every claimant, but investigative efforts by local TEC office personnel and other efforts dependent upon employer cooperation are still an important part of our fraud prevention program," Birdwell declared. "Unemployment insurance serves a real need in our economy as well as in the lives of those unemployed through no fault of their own when it is paid under the conditions for which it is intended, and we have a responsibility to the general public to conduct the program fairly and with minimum abuse."

By the year 2000, three of every five veterans in civilian life will be World War II veterans and the other two will be Korean Conflict veterans, the VA predicts.

By MRS. DELBERT LEFEVRE

Vacation Bible School ended at St. Paul's Lutheran Church Sunday with a program at the Sunday School hour. Mrs. Billie Kupatt, superintendent, reported that all classes had 100 per cent attendance for the five days, with the exception of Marla and Norva Lehrmann, who had their tonsils removed Friday morning, but were there for the program Sunday morning.

Mr. and Mrs. J. S. LeFevre and son, Cliff, and Mrs. Lillie LeFevre of Coleman visited with Mr. and Mrs. Cliff LeFevre

and family Sunday. Mr. and Mrs. M. Y. Benton are visiting in Fort Worth with Mr. and Mrs. Yater Benton, Jr., and their daughters and their families.

Mr. and Mrs. Harvey Lee Jordan of Tulsa, Larry Jordan of Lubbock, visiting with Mr. and Mrs. Harvey Jordan, Sr., over the weekend.

As of Monday, the farmers are back in the fields planting and replanting cotton, and hoping to get it up before another rain. The maize is looking very pretty and the wheat harvest is progressing nicely with the average yield of 30 bushels in fields that the hail did not hit.

Mrs. G. A. Leach has returned home after visiting her mother, Mrs. Ethel Laughlin, in Waco. Her daughter, Mrs. Wilson Gibson, of O'Brien, was here to visit her last week.

Mr. and Mrs. Ray Hendrichs of Abilene visited with Mr. and Mrs. Herbert Stremmel Sunday. Mr. and Mrs. Larry Stremmel and family also visited with them and then went on to Hamlin to visit her relatives, Mrs. Herbert Stremmel, who has had

to be confined to her bed for several weeks, is feeling better, but is still not able to get about much.

Guests in the home of Mr. and Mrs. Otto Schaake Sunday were: Mr. and Mrs. Ervin Schaake of Paint Creek and Mr. and Mrs. A. C. Knipping and Erna and Walter Schaake of Stamford.

Mrs. Herbert Nierdieck hosted the L.O.C. Home Demonstration Club in her home Thursday of last week. Mrs. Billie Kupatt presided during the business meeting and gave the council delegates report. Mrs. A. C. Knipping gave the yearbook committee report.

A demonstration on making artificial flower corsages was given by Mrs. Delbert LeFevre. Mrs. Barbara Marseo, the new Haskell County H. D. Agent, was a guest and a surprise shower was given in her honor, since she will be a June bride.

Other guests were: Mrs. C. C. Bredthauer, Mrs. Johnny Spitzer, Mrs. Johnny Kieck and children, Joy Nierdieck, Vicki Tichelmann, Phyllis Tichelmann. Members present were: Mrs. A. C. Knipping, Mrs. Billie Kupatt, Mrs. John Tichelmann, Mrs. Herman Klose, Mrs. Hubert Klose, Mrs. Harvey Jordan, Mrs. Delbert LeFevre, Mrs. Leonard Kieck, Mrs. Lewis Cor-

zine, Mrs. Clarence Tichelmann, and the hostess.

The next meeting will be in the home of Mrs. Delbert LeFevre on July 8, and Miss Marseo will give the demonstration on managing your time. All visitors are always welcome.

Mrs. John L. Brooks, Sagerton Postmaster, is attending the National Association of Postmasters Convention in Corpus Christi this week. She was accompanied by her son, Jack Tabor, of Fort Worth. While in Corpus they will visit with her other son, Bill, and his wife.

Mrs. D. A. Ulmer of Hamlin and Diane Trougher of Dallas are visiting here with Mr. and Mrs. F. A. Ulmer this week. Their daughter, Jana, spent the weekend with them. She is attending summer school at Texas Tech.

Mr. and Mrs. A. C. Knipping visited in West Columbia the first part of the week and attended the dance recital of their granddaughters, Karla and Tonya Askew.

Daily Vacation Bible School at the Zion Lutheran Church will be in session from June 14 through June 25. All visitors are welcome.

Bro. Marvin Armppriester, the new pastor at Sagerton Methodist Church, will be here for his first service next Sunday, at 10:45, with Sunday School at 9:45. He will conduct services here on the second and fourth Sundays of each month.

Terry and Billy Sellers, sons of Mr. and Mrs. M. J. Sellers, and Cisco Junior College students, are here for the summer.

Larry Quade, son of Mr. and Mrs. Glyn Quade, and a Texas University student, is here for the summer and is employed in Aspermont.

Mr. and Mrs. Franklin Mrazek of Aspermont took Leo Monse to Abilene Sunday to see his new grandson.

Mrs. Annie Kainer, who has been visiting in Jacksonville, Fla., for several weeks, returned home Saturday with Mr. and Mrs. Roland Rinn and family. Mr. and Mrs. Emil Kainer and daughter, Lora Payne from Bisbee, Arizona, are also visiting Mrs. Kainer and family. Other guests in her home Sunday were: Mr. and Mrs. William Barnett and Jeff, of Stamford; Mr. and Mrs. Jerry Kainer and sons, of Stamford; Mrs. Evelyn Kainer and Annette, Mrs. Wedel and son, Mr. and Mrs. Gene Botz and children, Cherry Ann Freeman of Fort Worth; J. C. Kainer of Stamford; Mr. and Mrs. J. D. Kupatt and children, of Rule; and Mr. and Mrs. August Angerman and Mrs. Hilda Koch.

Mrs. What Clark is attending a Teacher's Meeting at Austin this week. She also visited her mother, Mrs. Heathenington, in DeLeon.

## Mary Alice Davis Placed on Dean's Honor List, TWU

Mary Alice Davis, daughter of Mr. and Mrs. J. D. Davis, of Weinert, has been placed on the Dean's List of Texas Woman's University, Denton. A student must have at least a 2.5 grade point average to be placed on the list.

Miss Davis is a senior elementary education major with a minor in English. She is a member of the Student Education Association, Student Council of Social Activities, Baptist Student Union, and other organizations.

During the past year she was elected Redbud Princess and was a residential assistant in Fitzgerald Hall.

### CARD OF THANKS

## New Jet-Age Game

For all the thrills and realism of a jet race around the world, here's a new family game called "Whirling Derby." Players use miniature magnetic jet planes to race each other around a real 8-inch world globe; develop strategy as they learn to fly great circle routes to shorten distances, save flying time. First player to fly completely around the world and come back to his starting point is the winner.

Designed for 2 to 4 players, "Whirling Derby" includes fuel tokens, play money, good and bad luck chance cards, a device to measure distances and flight time. Course of flight must be determined by illustrated flight plan country cards dealt to each player. It's the globe that whirrs as players spin it, read the revolving pointer on the base to win flying time, extra fuel, good and bad luck chances. A variety of situations occurs, new challenges arise with each succeeding game. Equipment fails, flyers are beset by headwinds or bad flying weather, aided by tailwinds. They may hold the winning ticket in a lottery, earn money by taking on passengers, encounter travel restrictions.

Youngsters and grownups alike can share in the fun and excitement of this unique jet-age game, get a basic knowledge of our world from the colorful, greatly detailed globe. "Whirling Derby" sells for around \$5.00 in toy departments and toy shops. Or write: Replage Globes, Inc., 1901 N. Narragansett Ave., Chicago, Illinois 60639.

## TRY THIS TECHNIQUE FOR BETTER TIME MANAGEMENT

Here's a technique for better furniture, also can be adapted to the dual-hand technique.

Train your other hand to become a full-fledged helper—whether you are right-handed or left-handed, suggests Mrs. Wanda Meyer, Texas A&M University Extension Service home management specialist. Time and motion studies indicate that ambidexterity in some tasks can nearly double efficiency—that is, it can cut work time almost in half.

It takes practice, however, cautions Mrs. Meyer. The "secondary" hand may never become as efficient as the primary one—but most adults who have any manual dexterity at all are capable of teaching it to help.

Efficiency is developed in two ways. The first is in jobs requiring rhythmic motion—where both hands can be doing the same thing at the same time. The second is in jobs requiring real elbow grease—where one hand is normally used at a time so that the dominant hand is able to rest while the other takes over for a while.

The first category, says Mrs. Meyer, includes such tasks as washing large mirrors or windows. Hold a sponge or cloth in each hand, dip each in thick soap or detergent suds or in a paste or fine scouring powder and water. Use both hands to scrub the glass in rhythmic swirls. Then let both hands wield damp rinse cloths and dry polishing cloths until the glass sparkles. The same techniques apply to washing walls or any other large area.

Chores which require energetic attention to smaller areas, such as polishing and waxing

## HONOR GRADUATE

According to word received here by Mrs. O. O. Akins, her grandson, David Gustafson, of Gonzales, graduated with hon-

ors from Gonzales High School Friday, May 28. David named as highest ranking in the class of 121 seniors was also presented the American Legion Award. The address was given by the President of the Student Council, David also served as Apache Band this past year. He was voted the most eligible upperclassman of that organization. He has been a member of the National Honor Society the last two years.

Young Gustafson plans to study pre-med at the University of Texas this fall. He is the son of Mr. and Mrs. Sidney Gustafson, his mother being the former Lucille Adms of Haskell.

### Peace Corps To Test On June 12th

An opportunity for Haskell area residents to test their aptitudes for Peace Corps service will come at 9 A. M., Saturday, June 12, at the Abilene Peace Corps Test Center, Room 5, Federal Building.

The opportunity is the Peace Corps Placement Test, which is not passed or failed and you can't study for it. It measures general aptitude and the ability to learn a language. If, for example, test scores indicate limited language acquiring ability, the Peace Corps tries to place the applicant in an English-speaking area. The test is used by the Peace Corps only as a tool in the matching of Volunteers and jobs. The Peace Corps application is the most important indicator of suitability for Peace Corps service. It must be filled out and brought to the exam unless previously submitted.

Applicants should plan on about 1 1/2 hours at the testing center, unless they wish to take the Spanish or French language achievement test, which requires an additional hour.

**FOLOSOPHY:** Prosperity is a great teacher; adversity is a greater teacher. Possession trains and strengthens it.

The really busy man always has more time than the man who only thinks he is busy.

Most women are born actresses, which accounts for the fact that such a small percentage of them are old maids.

Many women would worry themselves to death if they knew what their next door neighbors really thought of them.

A man lived by the side of the road and sold hot dogs.

He was hard of hearing so he had no radio.

He had trouble with his eyes so he did not read newspapers or watch TV.

But he sold good hot dogs. He put up signs on the highway telling how good they were.

He stood by the side of the road and cried: "Buy a hot dog, Mister?" and people bought.

He increased his meat and bun orders.

He bought a bigger store to take care of his trade.

He got his son home from college to help him.

But then something happened. His son said, "Father, haven't you been listening to the radio? There's a depression on."

The world situation is terrible. The domestic situation is worse.

Whereupon the Father thought, "Well, my son's been to college. He reads the papers and he listens to the radio, and he ought to know."

So the father cut down on his meat and bun orders; took down his advertising signs, and no longer bothered to stand out on the highway to sell hot dogs.

And his hot dog sales fell almost overnight.

"You're right son," the father said to the boy. "We're

tainly are in the middle of a great depression."

**Goodbye Guns?**  
Because big cities such as New York and Chicago cannot cope with their crime problem, there is a strong drive underway to try and remove all guns from the Great Society.

While we agree there is no reason for a drug addict, a known criminal, or a young punk to own a gun, there is no reason either, why a farm boy or a responsible person shouldn't be allowed to have a gun for sport, or hunting without getting a permit from the Secretary of the Treasury.

Connecticut's Sen. Thomas J. Dodd introduced a Senate Bill, 1592, in the Senate as a perfect example of how rural America under rearmament will suffer for the sins of cities. Under Sen. Dodd's bill, the Secretary of the Treasury would have the power to impose registrations of all firearms. The history of registration all over the world has been confiscation and the end of recreational shooting. And if a criminal has a gun and plans to use it illicitly, just what makes the good Senator think he will register it?

There is a definite problem, we agree. But that is no reason to penalize more than 20 million law-abiding citizens who hunt and shoot for fun. Hunters pour \$1.5 billion a year into the national economy, much of it in rural areas.

If city folks would spend more time on outdoor recreation, their crime rate would drop. A jailer in Knox County, Tennessee, conducted a survey and found that out of 10,000 inmates, less than two per cent had owned a fishing or hunting license.

And a Seattle Juvenile Court Judge who heard 45,000 cases over a 20-year period, says that not one of the boys or girls who came before him had a wholesome outdoor hobby.

There are nearly 20,000 federal, state, county and city firearm laws already on the books. If they are properly enforced, the Secretary does not need the power to disarm sportsmen. But if the people do not complain, long and loud, to their Senators and Representatives, their right to own and use firearms, guaranteed by the Constitution, will be taken away.

And the pity is that no real purpose will be served!—Arlington Citizen.

The greatest Naval engagement of World War I, the Battle of Jutland, was fought off the entrance of Skagerrak, on May 31, 1916.

## Woody Turnbow Is Commissioned 2nd Lieutenant

Woody W. Turnbow, of Wichita Falls, son of Mr. and Mrs. Woodrow Turnbow, of Haskell, was commissioned second lieutenant in Armed Services, at graduating exercises of Midwestern University last Saturday.

He was named a distinguished military graduate along with Jerry R. Thoele, of Seymour. Only two out of the group of graduates received this honor.

Turnbow and family left on Tuesday morning for Fort Hood where he will spend six weeks in training. He is in the Armor and Cavalry Division.

Lt. and Mrs. Turnbow and children had visited in the home of their parents, the Turnbows of Haskell and Mr. and Mrs. George Gray of Weinert.

### VISIT HERE

Major Houston C. Cross and wife, Catherine, visited here recently with his mother, Mrs. M. O. Brinlee, prior to going to Hickman Air Base for a 3-year assignment in Hawaii.

Barbara Ann Cross, daughter of Mr. and Mrs. Houston Cross, who has been attending T.W.U., Denton, also visited here. She will go to Hawaii with her parents for a year at the University of Hawaii.

Curtis Cross Jr., son of the Houston Cross, who is attending Texas Western in El Paso, will continue to make their home in El Paso.

Major Cross is a Haskell native, and was born and raised here. He finished school in Haskell in 1941. He entered the Air Force June 5, 1941, which gives him 24 years of continuous service.

### District Spelling --- (Continued from Page 1)

chain sponsors the national spelling bee.

This year's competitors include 35 girls and 35 boys from 32 states—including Alaska and Hawaii—and Guam, half an ocean away.

Bette is average in age at 13, but is expected to be above average in spelling ability, according to her cheering section.

She is one of nine spellers from Texas, which ties with Ohio for top number of representatives. The official program mentions that the list of words was exhausted at the Wichita Falls bee, where she won the championship.

## Wooten Takes Shoot-Off With Perfect Score

In the "300 bird registered shoot" held at the Haskell Gun Club, here Sunday, June 6, Wallace Wooten won the singles with a 99 out of 100, in class "A."

Don Cook of Wichita Falls, took class "B" honors with a 95x100.

Charles Smith of New Orleans, La., hit a 93x100 score to take the class "C" honors. Smith also won the Handicraft event.

In the doubles event, Wallace Wooten of Haskell, and Curtis Goljehon, of Brownwood, tied with a 97x100 score, but "rootin'-tootin'-shootin'" Wooten prevailed with a perfect score in the "shoot-off." Wooten also

## Donna Josselet To Attend Band, Twirling School

Donna Josselet, of Weinert, has been accepted as a student to attend the 18th annual McMurry College Band and Twirling school, Abilene, July 11-24.

Miss Josselet will receive specialized training in playing the flute, and she has enrolled in twirling classes at the two-week school.

Nearly 500 students from Texas, New Mexico, Oklahoma and Kansas took part in the band school last year.

Classes will offer training in individual instruments, conducting, marching, stage band, theory, concert band, twirling and band majoring, according to Dr. Raymond T. Bynum, director and founder of the school. A course in reading band will be offered to the more advanced students.

## Next Tuesday Is "D-Day" In Haskell

Next Tuesday, June 15, is "D-Day" in Haskell — Dollar Day, that is.

Residents all over this wide trade area, should watch for the June Dollar Day, big 4-page circular this weekend — and when it arrives through the mail, or at your front door by delivery boys, be sure to look it over with an "eagle-eye" — not only to check the many, many bargains—but the number you find printed on the circular could make you a "Treasure Hunt" winner.

All 8,500 circulars for the June Dollar Day, printed by the Haskell Free Press, are numbered. Merchants have been given a card by the Chamber of Commerce office listing four numbers. One, or all of these numbers will match the number on a circular. Merchants will display their card toward the back of their store—but in a place that can be easily seen.

Participating merchants have listed in their "Dollar Day" ad, the prize or prizes, to be given away.

## Sharp Says June 19th Plans Are About Complete

Plans are nearing completion for the "big June 19th" celebration in Haskell, Albert Sharp and Jessie Tyler, chief "ramrods" for the occasion, said today.

"We are still in need of donations," Sharp said, and asked that anyone desiring to help promote the program may leave their contributions with Jesse Tyler at Oates Drug, or at Cook's Barber Shop.

A full program for the day, with baseball games, barbecue, plus other activities are on the agenda for June 19, Sharp said.

### DID YOU KNOW THAT:

It is a violation of the law to either carelessly or deliberately set on fire the lands of another. In 1951 the Legislature made it a felony for a person to deliberately set fire to grass or forest land owned by another. They also enacted a law making it a misdemeanor to negligently set, or cause to be set on fire, the lands of another. The Texas Forest Service is primarily responsible for enforcing these statutes.

## These Practices Will Reduce The Weevil Population

The following recommendations concern practices which will reduce the over-wintered weevil population. If all farmers in a weevil infested area follow these steps the over-wintered weevil population can be greatly reduced.

1. Desiccate or defoliate the crop as soon as the cotton has reached the proper stage.
2. Add a phosphate insecticide such as Guthion or methyl parathion to the desiccant or defoliant. (Do not add phosphate insecticides to Chlofate defoliant and/or desiccants.)
3. Harvest cotton as soon as possible.
4. Destroy stalks immediately after harvest to prevent regrowth.

When cotton is desiccated, the boll weevil's food supply is destroyed. The addition of an insecticide to the harvest-aid chemical provides a quick kill, preventing weevil movement from the desiccated field into other fields. Stalk destruction immediately after harvest will prevent the cotton from regrowing and supply food for weevils. These practices force the weevils into starvation before time to enter winter quarters, prevent late season buildup of weevils and bollworms and reduce the over-wintering populations.

## Residents 65 Or Over Asked To Apply For S.S.

Haskell County residents 65 or over who have not yet applied for social security benefits were advised this week to file a claim now even if they are not planning to retire right away.

R. R. Tuley, Jr., district manager of social security in Abilene, explained that it is to the benefit of an applicant to file when reaching age 65 to protect his social security rights.

"A sizeable number of Haskell County people in our district who applied late last year found that they had lost some benefits by not applying earlier," he said. "We have found that the best way for a person to protect his social security benefit rights is to file his claim at 65 whether or not he intends to go on working. Even if no benefits are payable right away, there's an advantage in having

your claim already when you actually retire, then needed is to say, my checks."

The U. S. Naval Academy established in the fall of 1963.
