CASH INCOME UP

With more than 32,000,000 persons living on the farms in the U. S.—a new all-time record—the money they make and spend is a decisive factor in the general business of economic conditions throughout the nation.

CHEERFUL NEWS

Newspapers reaching us from several of the large cities of the country carry cheerful messages of the industrial outlook for 1935.

Believe it or not, we still have old-fashioned people around who don't feel able to own a car because they're in debt.

You can tell a typical American. He thinks toothache and such things don't matter to a man who has plenty of money.

One trouble is that our leading politicians do anything for the working man except associate with him.

Did you ever hear of the fellow who doctored himself by reading the medical books and died a typographical error?

Christmas Party

The Senior class enjoyed a lovely party at the home of Mr. and Mrs. J. C. Wells, December 21.

The house was decorated beautifully carrying out the idea of Christmas.

The party was in full swing when Santa brought the mail. The Seniors were surprised and pleased to have the sweet old gentleman bring their mail.

The evening of fun and surprises ended with lovely refreshments served to the following: Geneva

HERE IT IS - THE CAR THAT MADE 175 EXPERTS Guess Wrong!

So Much Luxury, Style and Value in the New 1935 DODGE, Experts Overguessed its Price... Couldn't Believe It Would Sell for So Little.

175 experts—authorities in style, value, engineering—guessed too high when asked to estimate the price of the New-Value Dodge for 1935.

But no wonder they guessed wrong! Never before has any car so low-priced been so smartly designed, so sturdily built, so luxurious...

And "Synchronomatic Control," which makes driving unbelievably easy and effortless... the new "Airglide Ride," which gives Dodge a steadiness, smoothness and roadability never before ever approached by other cars.

The New-Value Dodge is powered with the Dodge "Red Ram" engine. It's silky smooth, with traditional Dodge depend-

ability. Develops 85 miles an hour and up! Built to last, to save money, no matter how fast you drive.

Ada Marsh spent her time going places and trying to decide which she likes best Hardin Simmons U. Texas Tech. A. & M. College, or Howard Payne U.

Marian McClarney went to Breckenridge, Texas and went dancing. Elva Stimpson and Mr. and Mrs. J. C. Wells and family visited friends in Graham.

Harlen Boyd went to Wichita with a piece of cheese in his pocket. Clarence spent most of the days at Lucille's.

Milton Winkles stayed in the fair city of Thrift. Mr. and Mrs. R. D. Watkins spent the holidays in Denton and Athens, Texas.

George T. spent Christmas at Bellvue, Texas. Wessie and Ford stayed at home. K. Miles spent Christmas at Alford, Texas.

Chuck went to Oklahoma. Simon saw relative Christmas day.

Phoebe went to Wise County and saw cousins, aunts, uncles, grandparents and more relatives. Then she went to a country "hop".

Please Tell Us Why

Bessie seemed so happy Monday morning. Dear old Fairview had so many visitors Monday. Marvaine always stands up to sing. Ruby Jewell and Mildred Morrison are always hunting thirty-two cents.

Elbert is just like Scotty. Shorty is so ugly. Lucille is sporting a new vanity.

Ruth doesn't be a sport, and all of Ruby Jewell's fines. Sneeeter is so blue. She is if she has lost a boy friend.

Maxine likes to watch the chorus practice. James and Charles are so anxious to practice the Junior play.

Ideals for Junior G

- Anita says her B. F. should be too good looking.
Ruth loves the popular blonde hair, blue eyes and charming personality.

Chevrolet Prices Been Announced

Chevrolet's prices for the 1935 New Standard and Master De Luxe models were announced by William E. Holler, general sales manager of the Chevrolet Motor Co., just before the opening of the New York automobile show. The prices are as follows:

New standard models—Coupe, \$475; coach, \$485; sedan, \$550; phaeton, \$495; sport roadster, \$465; sedan delivery, \$515.

Master De Luxe models—Coupe, \$560; coach, \$580; sedan, \$640; sport coupe, \$600; town sedan, \$615; sport sedan, \$675; commercial panel, \$560; de luxe panel, \$580.

The prices on the New Standard coupe, coach and phaeton are \$10 under those of the corresponding 1934 models. On the Master De

Luxe, prices are exactly the same as in 1934.

Knee-action continues as one of the outstanding features of the Master De Luxe cars, Mr. Holler stated, and is available to any customer on order at slight additional cost. Master De Luxe cars also feature the new Fisher turret top all steel roof construction, and a much larger body with corresponding increase in interior dimensions.

"Chevrolet was able to reduce its Standard model prices and to maintain its price levels on the Master De Luxe series in the face of substantially increased material and manufacturing costs because of the greatly increased volume scheduled for 1935, as indicated by the thousands of orders we now have on hand for the immediate delivery of the 1935 lines of cars from our organization of 10,000 dealers," Mr. Holler said in announcing the prices. "Last year Chevrolet built 870,000 passenger cars and trucks, which made it the leading manufacturer of motor cars in the world for the sixth time in the last eight years.

With the establishing of our 1935 prices, we are in a position to secure our share of the low-priced car business this year.

Both lines of cars are greatly improved. The New Standard is now powered with the Master motor, and has an entirely new X-type frame which is 15 times more rigid than its predecessor. The Master De Luxe is a completely new and much larger car than the 1934 Master. To increase the comfort of passengers, and procure more body room, the wheelbase has been increased to 113 inches. This line now features, in addition to the new Fisher turret top all steel roof construction, the latest in "tear drop" design, with dual windshield, no-draft ventilation, and all the comfort and convenience features found in much higher priced cars."

Mr. and Mrs. Marshall Chrestman have moved to Avenue F and Mr. and Mrs. Heiman Knight moved from the the same address to Iowa Park.

Are You Helping "OWN YOUR OWN AT HOME"

Do you fail to use city electricity? What would happen if everyone in Burkburnett were doing as you are? You are taking advantage of low rates because it is only with the installation of a municipal light plant that rates were lowered, and yet you fail to give the institution the benefit of a revenue. Without your support and your neighbor's support the municipal light plant would go out of existence, and with it low rates. If you fail to use city lights and power, are you performing the duties of a loyal citizen and neighbor?
