NUMBER 34.

SECOND TREASURE DAY TO BE HELD SATURDAY

BANK DEPOSITS INCREASE OVER LAST REPORT

FIRST TREASURE DAY BRINGS A CROWD ESTIMATED 2000 TO BURK

RAMBLED EGGS

By F. C. B.

ASURE DAY WOUND UP Saturday with 1,341 names in books. The registrations already passed the 1,750 mark expected to reach the 2,000 by Saturday. It seems to be that the days was a success. We heard a few dishonest who seem to think they are going to win the money every time we invite to come to Saturday and run the ourselves.

Herman Samson is Burk Burnett to open a dry store in Fort Worth. Herman is a resident of Burk Burnett number of years and when asked as to the reason he was in Fort Worth, he stated "that his wife was tired of eating 'Unique cooking'."

Alvin Hill, the newly elected president of the Rotary club, in his speech, stated that he was going to make a better president than Bob Tevis when he was president. We will tell you about it after Alvin has been in for awhile.

style show being sponsored by the Manhattan which will be the high school next Tuesday for the benefit of the Burk Bulletin is worthy of your support. Booth, who has charge of arrangements, has secured some models and gowns and a musical program under the direction of Blanche Butler. requested the editor to for the men who have that spread but after due consideration she decided to call on Adams. It is too bad that Westfield wore out his hands on the flying trapeze would be on the program.

city election and election of every held here last week very tame affair when you think of the hot race that had last year. But look out for three are to be elected the majority and it is expected to develop into a hot race.

Reagan, city manager, Osmund Mayor, Capt. Fred Boden H. Howard returned Tuesday from St. Louis where he went on business for the city.

will be a rabbit drive in Rabbit Creek community start Sunday and every man in Burk Burnett is invited to attend. Mr. Jack Everheart that he or his outfit will not molest anyone does not have an Oklahoma. We doubt if this will interest Fred Flanagan as there is a season on jack rabbits.

insurance men of Burk Burnett have a policy for nearly every one but none have come forward with a policy that will protect you from sand storms we have been lately. An insurance man is one on Henry Pearlman. He is trying to sell him some hail insurance and Henry "What do I want with wind insurance, I can't make it

VanLoh, who resides on Iowa Park, name was called the \$25 award Saturday and went to Paducah on business. Conduct your Saturday's in Burk Burnett.

of the articles appearing in Tracks, a column edited by the Fairview high school "Seniors Go To Den" they told just about everything did with the exception of Simon Hanks was walking.

Two Burk Burnett Financial Firms Show Soundness

Nearly Three-Quarter Million Dollars Held By Firms At Close Of Business

Loans Decrease \$3,520

Farmers State Deposits Are \$257,886.14; First National Deposits Are \$474,097.10

Total deposits of \$731,983.24 are shown to be on hand at the two banks in Burk Burnett at the close of Business on March 4, 1935, it is revealed in the called statements, as against loans and discounts of \$400,288.10.

This is an increase in deposits since the last call of \$85,698.89 and a decrease in loans of \$3,520.14.

Individual statements of banks reveal that the First National has on deposit \$474,097.10 with loans and discounts of \$193,585.25, as compared to the December 31 statements of deposits totaling \$430,264.44, with loans and discounts at that time being \$211,905.63.

The Farmers State Bank shows deposits of \$257,886.14, with loans and discounts of \$206,642.85, as against the December deposits of \$216,019.91. Deposits show a gain of \$51,243.29. The Farmers State also shows a gain of \$14,800.50 over the loans and discounts of December statement.

Junior Class To Present Playlet At High School Friday

The Junior class of Burk Burnett High School is presenting in the high school auditorium Friday evening at 8 o'clock "Dummy," a comedy in three acts. This play, as coached by Miss Margaret Tanner, promises to be one of the high lights along entertainment row in Burk Burnett this season, or any season, for that matter. Your brain will be stimulated to figure out the mystery that is neatly woven into this intriguing comedy. And it would take a very imperturbable gentleman to sit more than a very few minutes at this performance without giving some outward expression of enjoyment at the light veins of humor.

(Continued on Page 10)

Successful Revival Is In Progress At Baptist Church

The revival now in progress at the First Baptist Church continues to grow in interest and power. Sunday was a day never to be forgotten by those present. There were 43 additions to the church during the day, with 36 of these coming on profession of faith in Christ. The pastor baptized 22 at the close of the Monday night service, and the ordinance of baptism will be administered again at the close of the Friday night service.

Dr. W. W. Chancellor, of Mineral Wells is doing some great gospel preaching and Mr. Joe Trussell of Brownwood is leading the sing services, and bringing some wonderful messages in song, in his gospel solos. The services will continue through the Sunday night service, and the general public is urgently invited to attend. There have been 60 additions to date and many more are expected to be added to the church before the close of the revival.

Why are you looking so gloomy this fine morning?
My doctor told me to eat more fruits and their skins in order to get more vitamins, and my favorite fruits are coconuts and pineapples.

Employees Of Burk Burnett Gas Company To Receive Annuities And Insurance Retirement Plans According To Mooers

In keeping with the president's plan of retirement pensions for company employees, Clifford Mooers, formerly of this city but now of Houston and Wichita Falls, has arranged annuity funds and insurance for his workers.

Mr. Mooers heads six companies, the Burk Burnett Gas Co., The Shasta Oil Co., The Shasta Corporation, the Shano Oil Co., and the Grandfield Gas Co.

The employees of the Burk Burnett Gas Co., who will participate in this annuity plan are: Jack Kelly, manager; Geo. Brashear, assistant manager; Reba Jane Wimberly, cashier, and Robt. Dunn, general repairman.

The retirement payments go into effect for the male employe at the age of 65 years and for women employes at the age of 60 years. It builds up the employe's income and guarantees sufficient monies to provide for a comfortable old age. Each employe contributes a portion of his salary—the amount depending entirely on the salary—and the company handles the balance of monthly premiums. The Minnesota Mutual Life Insurance company of St. Paul, Minn., brought the retirement plan before the Mooers' holdings and is in charge of investments.

\$120 Annuity
A 35-year-old employe, earning a salary of \$200 a month, will deposit \$10 a month toward retirement at the age of 65. When he is 65, he will be eligible to retire with an annuity of \$120 monthly for the remainder of his life.

In case of the employe's death, the entire amount he has deposited will be turned over to his estate or his nearest relative, in addition to \$1,000 which the company carries on each employe in insurance.

Should the employe leave the Mooers' companies, he can take the total he has deposited or continue

to hold the annuity his savings have brought at that date.

Man and Wife
On retiring, the employe may take a slight amount less than is due him alone and provide an annuity for both him and his wife until the death of both. If the employe does not expect a great enough return from his savings, he may request, at least a year before the annuity becomes effective, as much as a 10-year guarantee. Should he die before the 10 years are ended, the remainder of the annuity goes to his beneficiary in monthly payments. Such a guarantee will reduce his monthly payments only a small per cent.

The employe's deposit is fixed from the start, but there is an increasing burden of deposits that must be made by the employe.

Old workers of any of the six companies receive benefits for back service as the contribution of the company. If he has worked for Shasta Oil for 10 years prior to Feb. 1, 1935, when the annuities begin operation, the company will make payments toward the annuity for that period of service, without cost to the employe.

Fund Increases
The annuity fund and deposits increase as the employe's salary increases.

Whereas the federal plan of employe's insurance provides only \$30 a month of retirement, the Mooers' employes will receive \$75 a month retirement as a minimum.

Employees of the companies, according to C. C. Parfet, certified public accountant, had planned to deposit portion of their salaries toward the purchase of royalties in efforts to provide for their old age. However, that plan was deemed unsatisfactory, and the new plan was put in service.

RABBIT DRIVE BE HELD APRIL 15th

At a meeting at the Rabbit Creek school house Wednesday night April 10, a group of farmers decided to put on a rabbit drive in that community. The drive is to be staged on Monday, April 15th.

The people who wish to join in the drive are asked to meet at the Rabbit Creek school house Monday morning April 15th at 8 o'clock. Dinner will be served at Henry Kinnairds to all men that participate in the drive. Texans are invited to bring their shotguns and join in the drive. Shotgun shells

will be available on hunting grounds. The hunters are asked not to bring rifles or dogs.

Notice To Patrons And Parents of P-TA

Parents and patrons are requested and invited to attend the general meeting of the Burk Burnett P-TA at the grade school building at 4 o'clock Tuesday afternoon. Reports of the District Convention will be given at this meeting.

Alvin Hill Is Elected President Burk Rotary Club

Alvin Hill, cashier of the First National Bank, was elected president of the Burk Burnett Rotary Club at their regular monthly meeting Tuesday at noon held in the basement of the Methodist church.

Other officers elected were: B. F. Gilchrist, vice president; N. R. Vaught, secretary-treasurer; F. A. Jamieson and Glen Bear, directors.

Oscar Kemp, outgoing president, was unable to attend the meeting as he was out of town. O. C. Wills and H. D. Smith are the retiring directors. B. F. Gilchrist was re-elected vice president.

Houston Bolin, chairman of the Wichita Falls Rotary Club arrangement committee for the trip to Mexico City for the international meeting, explained the different routes that were available and the prices. He stated that the delegates from Wichita had chartered a pullman and urged the members from Burk Burnett who were anticipating making the trip to make their reservations early.

Guests from Wichita Falls were: Houston Bolin, Edgar Mann, J. N. Biggs, Joe Emold, Ted Krohn, Geo. Fox.

Samson Leaving To Open Store Ft. Worth

H. Samson, proprietor of Samson's store here for a number of years, left the first of the week for Fort Worth where he will make his future home. Mr. Samson stated that he hated to leave Burk Burnett but that his family resided in Fort Worth. Mr. Samson first came to Burk Burnett in 1918 and owns business and residential property here.

He has purchased the Polly Royal dry goods store, located at 12th and Houston and invites his Burk Burnett friends to visit him when in Fort Worth.

C. of C. Holds Noon-Day Meet

The Chamber of Commerce Board of Directors stepped aside from the usual night meeting and held the regular monthly meeting Wednesday noon at the Seruggs dining room.

The financial report given by the Secretary showed that the organization was in good financial condition and that committee projects work could be financed to a fair extent.

A report was had from Henry Prinzing, chairman of the Merchants committee. His report covered the workings of the committee for the past two meetings. The committee recommended to the board that a committee to be known as

(See C. of C. on Page 7)

Soft Ball League Rules To Be Discussed Next Mon.

The Burk Burnett Soft Ball Association held a meeting Tuesday night at the City Hall at which time they adopted a set of by-laws and the Constitution by which they expect to operate during the season.

Due to the fact that but four Clubs have sent in their entry fee signifying their intentions of carrying on throughout the season, and with only a limited few in attendance which included the players from all clubs the rules committee decided to dispense with the lecture and rules interpretation which was to be given by Neeley Vaught until next Monday night April 15, at which time it is expected that final plans and the dead line is up

(Continued on last page)

A crowd estimated at 2,000 people assembled at the corner of Main street and Avenue B Saturday afternoon at 4:30 for the Treasure Day Awards which lasted about 30 minutes, including the awarding of \$25 and the distribution of 30 balloons containing merchandise values from 25c to \$1.00 and a short concert by the Burk Burnett Cowboy band, under the direction of E. L. Nichols.

Herman Brown, manager of the Chamber of Commerce, made a short address explaining the purpose of the Treasure Day.

Melvin VanLoh, who resides on Route 3, Iowa Park, was not in the city and thereby lost \$25.00, as no one who is not in the city can receive the awards. The merchants will offer \$50 next Saturday.

The awards are made with a view of helping local business conditions through bringing people to Burk Burnett from the vast trade territory about the city. To be eligible to receive one of the awards a person does not have to buy anything or does not have to pay a cent of money in any way. The award is absolutely free and there are no strings tied to it. The only requirements are that the person desiring the award write their full name, address on a registration blank provided by business men and be in Burk Burnett each Saturday. This is called registering in the Treasure Day club and makes the person a treasured member of the club.

\$50 This Saturday

The merchants are offering \$50 as an award this week in addition to many bargains. The meeting this week will be held at the same time and will be held on Ave. C and Main street, between the Corner Drug Store and the Collier building.

The Chevrolet Motor Co. has arranged a special surprise for this day, and Henry Grace, urges every visitor who comes to Burk Burnett to come to the show rooms for a glimpse of this surprise that they will have.

Herman Brown has arranged a good program for this Saturday. The public address system will be installed and the program will take place in the building formerly occupied by the Collier Bros. Hardware.

Burkburnett's popular string orchestra, composed of Henry McKown, Todd McKown, Melvin Mitchell and Eddie Sims, will render several numbers and the Burk Burnett Cowboy Band will also entertain you. Immediately after the program the award will be held, and if the person whose name is called is present, will receive the \$50 award.

Cream Prices Hiked

Local produce houses have boosted the price of cream this week to 33c and they expect to do more buying this week than in several months. Burk Burnett's price on cream is from 1c to 2c higher than in Temple, Okla. So bring your cream, poultry and eggs to Burk Burnett Saturday and spend the day, for you will be assured of the highest prices possible, a good time and at the same time you may go home \$50 richer.

Chas. Grace Conducting Used Car Sale Barrow-Grace

Charley Grace, sales manager of the Grace-Barrow Chevrolet Co. at Denton, Texas, arrived in Burk Burnett Tuesday and will conduct the Used Car Sale of the Barrow-Grace Chevrolet Co. here.

Mr. Grace stated that their company was conducting the greatest used car sale in their history. He further stated that owing to the demand for the new Chevrolet that they were overstocked on used cars. Read their ad elsewhere in this issue and note the many bargains they are offering.

She stood, hanging onto a strap in a crowded street car. A man rose and offered her his seat. She fainted! When she came to, she thanked him. He fainted.

Staff Meeting

Thursday the Bear Track staff had a meeting to get regulated. A later date, but just the same achieved something. Let's hope the Bear Tracks began to grow again.

Notice!

The Seniors have started practicing their annual play, "The Eyes Love". This will be given in the school auditorium April 26. Admission is 10c and 20c. Buy your ticket now from the members of the Senior class. A full evening enjoyment is guaranteed. Remember April 26, admission 10 and 20c.

Fairview Wins District High Jump

Six boys represented Fairview at the district meet held in Wichita Falls April 5 and 6. Leroy O'Guinn won first place in the high jump, hurdling the old cane in five feet, ten inches. Leroy also took third place in throwing the javelin 162 feet. Henry Fuller in the mile, won first place in the heat in the preliminaries. He took place, however, in the final. Scotty McCall, Elbert Zink, and Bert Zink ran in the 100 yard dash. Scotty McCall also competed in the mile run. Orville Morris and Bert Zink ran the 880 yard dash. Bert Zink ran the 220 yard low hurdles. This is the third consecutive year that Fairview has won the district high jump. In 1933, Buddy McWhorter jumped 6 feet, 1 inch; in 1934, Sanford Mills jumped 5 feet, 10 inches; and in 1935 Leroy O'Guinn jumped 5 feet, 10 inches.

Seniors Go To Denton

The '35 class of F. H. S. Seniors and Mrs. R. D. Watkins and Ben Winkles were guests in Denton this past week end. Saturday morning, we left at 6:30 three cars, each very, very crowded. In one car many laughs were heard, when the occupants of this car were asked why the fun, the answer was alphabets, alphabets. The direct reason is still a mystery. We arrived in Denton about one thirty and immediately loaded at Mr. and Mrs. Nat Wilks house. We gathered up the sandwiches, etc. and walked back to one the N. T. S. T. C. parks. Mrs. Watkins then sponsored a trip thru two colleges. First to N. T. S. T. C. where we were each introduced the president of the college, Dr. Connell. We were conducted through the building and given an exhibition of the lighting system on the stage. We then "ginned" over to

been going to this same church for several years and always on Sunday the little woman wears the black silk bonnet.

Of course our church could not go without the flapper. She comes in when the sermon is about half over so that she may be seen when she arrives. I always know her by the loud-colored hats she wears—I could hardly call them hats because they are made of such a small quantity of material.

I agree with you that you may get so interested in the "personality of hats" that the sermon may be very vague in your mind, but hats are interesting. —By Elva Stimpson

Inner-Class Meet

One of the most interesting activities of the year was the track and field events for both boys and girls.

This meet was brought about by the efforts of Mr. R. D. Watkins and about 95 per cent of the High School students participated. Henceforth this meeting shall be held every year on the first of April. Some good records were established and will make the students who are rising each year in ranks, fight to break them.

Summary of Events

110 yard dash, Senior, Bridges, 10 sec.
220 yard dash, Senior, Bridges, 25 sec.
1 mile run, Sophomore, Fuller, 5 min. and 42 sec.
880 yard run, Senior, Miles, 2 min. and 30 sec.
440 yard dash, Senior, Bridges, 52 sec.
1200 yard relay, Seniors, Wells, Boyd, Morrison, Miles; 2 min. and 43 sec.

Field Events

Pole vault, Senior, Morrison.
Discus, Senior, Winkles, 92 ft., 4 in.
Javelin, Freshman, O'Guinn, 133 ft., 7 1/2 in.
Broad jump, Senior, Bridges, 21 ft., 9 in.
High Jump, Freshman, O'Guinn, 5 ft., 3 in.
Shot put, Freshman and Senior, O'Guinn and Winkles (tie), 36 ft.
Standing Seniors, 72 points, First. Sophomores, 30 1/2 points, Second. Freshmen, 20 1/2 points, Third. Juniors, 6 points, Fourth.
Girl's Track Events
50 yard dash, Junior, Beavers, 8 sec.
100 yard dash, Freshman, Baine, 14 sec.
300 yard relay, Seniors; Lamberneck, Stimpson, McClarnay, Bogy; 48 sec.

Field Events

Broad jump, Senior, Stimpson, 12 ft., 9 in.
High jump, Seniors, Stimpson and Vines (tie), 4 ft., 1 in.
Baseball throw, Senior, Stimpson, 112 ft., 2 in.

Standing

Seniors, 25 points, First. Juniors, 17 points, Second. Freshmen, 14 points, Third. Sophomores, 9 points, Fourth.

English I Completes "Julius Caesar"

The English I class has just completed the studying of "Julius Caesar". The manner in which they studied this play was very interesting. They were each given a part to portray throughout the period. Each one in the class had a part to read sometime during the course of study.

After the study of the play was completed, each person was given lines from the play to learn. These lines were counted as a part of their required memory work this year.

Each member of the class enjoyed taking part, and they are hoping the next classic, which will be the "Treasure Island", will be as interesting as "Julius Caesar".

Don't Read This Unless A Senior In F. H. S.

Ford Hearrell has caused many laughs playing alphabet. (Especially "L").

The Seniors left for Denton at 6:30 Saturday morning (10:30). Ada and Geenva were all wet after the first motor boat ride—(weren't they always).

"Chuck", the "Don Juan" of the Senior class, has finally made up his mind about his special (G. F.) girl friend.

Elva looks good with ice cream on her face.

Marian loves for people to jerk chairs from beneath her.

Mr. Wilks gave Marian and Wesie a penny to go to church.

Harlen likes to dance in the C. I. A. gym. (He's sissy or conceited).

Bill gets red behind the ears when he gets angry. (How would we know?)

Milton wanted Ada's milk bottle in Dyches (Ada was kind hearted).

Harlen Watkins really believes in minding Marian Watkins (so we think).

Senior class meetings are "few and far between".

The Seniors have an invitation to a Weiner Roast (keep them from accepting).

We wonder why Simon blushes when he sees a horse.

Sophomore News

The last six weeks of English II work is to be devoted largely to compositions.

Up until now compositions or themes have not been studied with the exception of a few biographies in the literature section.

The compositions will be of informative, argumentative, entertainment and biographical types.

Our goal is the development of power of expression, the ability to say effectively what we have to say.

Capitol News Letter

—by—
W. D. McFARLANE, M. C.

WORK RELIEF BILL

Friday, April 5th, the final legislative action on the \$4,890,000 Works Relief Bill was completed when both Houses adopted the conference report on the measure by comfortable majorities. For more than ten weeks this bill has been kicked around between the Houses but in the end the Administration came out on top, as usual. The only thing lacking Friday night was the signatures of the Speaker, the Vice President and the President. There is some talk of sending the bill to the President by airplane in order to start the program immediately. There were only two important changes made by the conferees. The first was the abandonment of the Thomas silver amendment. This was one cause of the delay in the adoption of the conference report by the Senate for the silverites carried their protestations to the floor in a long debate. The other change was the dropping of the amendment earmarking \$40,000,000 for educational purposes.

THE MUST CALENDAR

Now that the Works Relief Bill has finally been disposed of only four more points remain in what is commonly termed here the "must" calendar. Just prior to his leaving for Florida on his fishing trip, the President is reported to have outlined the following program to Senate Majority Leader Ribbinson; the NRA extension, the social security bill, the holding company regulation measures, and certain banking legislation. Every one of these are in trouble at present and some of the leaders are wishing heartily for the immediate return of the President in order that he may personally exert his influence to speed their passage.

A gag rule for the consideration of the security bill was reported by the House Ways and Means Committee, Friday, if adopted will prohibit the offering of any amendments in the meantime there is also a growing sentiment for the passage of a bonus bill.

PROFITLESS WARS

A large part of the past week has been devoted by the House to the McSwain measure to take the profit out of war. The bill as introduced was a mere authorization giving the President power to limit at his discretion the profits that might be made during time of war. However the liberal element of the House early expressed its dissatisfaction with such an authorization and began a fight to place specific tax provisions in the bill by amendment. As written the bill permitted the President to freeze prices immediately on the declaration of a state of war. But as pointed out by the liberal faction such prices would not represent a fair price for they would be far too high. This fault was overcome when Saturday an amendment was adopted placing a 100 per cent excess profits tax in the bill—the first liberal victory of the Seventy-Fourth Congress. In this present shape the bill permits the Senate to attach any amendments that it may see fit while prior to the adoption of the tax amendment there was no doubt that under the constitution the Senate could not adopt any tax amendments if none were placed on the bill in the house.

CALENDAR

The long debate on the War Profits Bill and the conference report on

FEEL TIRED, ACHY— "ALL WORN OUT?"

Get Rid of Poisons That Make You Ill

IS a constant backache keeping you miserable? Do you suffer burning, scanty or too frequent urination; attacks of dizziness, rheumatic pains, swollen feet and ankles? Do you feel tired, nervous—all unstrung?

Then give some thought to your kidneys. Be sure they function properly, for functional kidney disorder permits poisons to stay in the blood and upset the whole system.

Use Doan's Pills. Doan's are for the kidneys only. They help the kidneys cleanse the blood of health-destroying poisonous waste. Doan's Pills are used and recommended the world over. Get them from any druggist.

DOAN'S PILLS

the Works Relief Bill prevented the consideration of the authorization, bill for the improvement of Rivers and Harbors and so this measure comes up April 8th. For Tuesday and the balance of the week beginning the 8th the only business scheduled is the Social or Economic Security Bill providing Old Age Assistance.

DOUBLE BING

Bing Crosby's singing voice is so good that Paramount has often wished that it had another Crosby. That problem is finally solved in his new picture "Here Is My Heart" coming Sunday and Monday to the Palace Theatre, where Crosby sings a duet with himself!

This trick is contrived with the aid of a phonograph which appears in the scene. The phonograph plays a record of Crosby singing "It's June in January", and Crosby first whistles with his voice, then mocks it and finally launches into full harmony, accompanying himself to the end of the piece.

"Here Is My Heart", which was directed by Frank Tuttle, again teams Crosby with Kitty Carlisle who appeared with him in "She Loves Me Not."

Alison Skipworth, Roland Young and Reginald Owen appear in the supporting cast.

SOME MISTAKE

Director of Personnel: Before we can emerge you, you will have to take an intelligence test!

Girl Applicant: Intelligence test! Why, the ad said you wanted a stenographer.

PLEASURE FIRST

Alice: What is your favorite sport? Young Doctor: Sleighting.

Alice: No, I mean apart from business.

LIFE'S DARKEST MOMENT

"Yes," said the old man, "I have had some terrible disappointments, but none stands out over the years like the one that came to me when I was a boy."

"And what was it?" "When I was a boy I crawled under a tent to see the circus, and I discovered it was a revival meeting."

JUST LIKE THAT

Woman on crowded car said to friend, "Wish that good-looking man would get up and give me his seat." Ten men fell out of their seats.

TIMES HAVE CHANGED

Fredericks W. Wile recently met a celebrated foreign visitor, who had not been in the United States for ten years. Mr. Wile asked: "What changes in America impresses you most?"

"Well," the visitor replied instantly, "if I had walked down Broadway in 1924 with a bottle of whiskey and a ten-dollar gold piece, I'd have been arrested for having the whiskey. Now I'd be arrested for having the gold piece."

The sad part is that times are improving in spite of the professors and people who think their queer theories did it.

NOW YOU CAN STOP LIVING UNDER A SIEVE

Must your family run to the attic with pots and pans every time it rains? Watch out for those first tiny streams that trickle through the roof!

Little leaks are danger signs. At first, water leaks through in only the hardest rains. Left unrepaired, a roof with small leaks becomes a roof with large leaks. And that means no roof protection at all like living under a sieve.

A new roof now . . . or necessary repairs may save much larger repair bills a few months from now. A leaky roof can cause expensive damage to interior walls, ceilings, decorations, and equipment.

Roofing material may be financed at once through the Government's "Modernization Credit Plan."

Ask any one of the firms listed here to give you a free estimate on the cost of making your home safe and modern with a new roof or necessary roofing repairs. We are prepared also to explain how you can make home improvements now, with no "down payment" . . . and repay the loan in convenient monthly installments, while you enjoy the improvements.

March of Progress

Capitol Hill in a Fog

Senator Carter Glass, the twentieth century Patrick Henry of Virginia, disagreed with the Administration on the \$4,880,000,000 relief measure, by insisting that a large part of all money loaned by the Government shall be spent directly for labor. No one takes seriously the veiled threat of Democratic leaders to dethrone Glass, who is about as solid a fixture as the cornerstone of the Capitol.

The PWA, FERA and the CCC are involved in the new relief measure. Metropolitan and country newspapers are getting all "fogged up" over this legislation. The editor of a local newspaper, the Wood River (Ill.) Press, expresses current opinion as ably as any one—as follows: "At the present time, the recovery program has failed in various important particulars—and, in addition, it has become confused with the reform program. Unemployment soars; more people are on relief than ever, industry is sitting still and many leaders seem pessimistic. A belief is prevalent that the President's program has lost direction—that it is whirling around in circles—it is going nowhere. And this Illinois editor asks: 'Is Roosevelt slipping?'"

Montclair, New Jersey, figured in the Revolutionary War, and present trends of events in Washington recall military paraphrases such as: "Al Smith said 'no one is going to shoot Santa Claus!'"

Here's one from the Allison (Iowa) Tribune: "If five billion dollars is placed in the hands of the President, to spend as he sees fit, it means approximately \$100 for every vote which will be cast in the next presidential election."

There's the evidence, from Illinois and Iowa, that the "free press" still survives in the broad open spaces, where homefolks still live and cultivate liberty and seek happiness even through their National Capitol in a fog.

The Mess of the AAA

At least a dozen Southern Senators, led by Senator George of Georgia, have an aversion for the AAA. Senator George has denounced Secretary of Agriculture Wallace as "unfit", on account of his policies with regard to cotton. There are troubles in the South.

The editor of the Crestview (Fla.) News-Journal says: "We're one of the suckers who owe the government 12 cents a pound on cotton worth 10 cents. . . Other countries saw an opportunity to grab off America's cotton trade. . . January exports of American cotton dropped 44 per cent below those for the same period last year, and the volume of all farmer products exported was the lowest in 20 years."

The Durant (Okla.) News observes that "the AAA is presumed to be based upon voluntary cooperation of the farmer with the Federal Government," but there is a strong probability that there "will be little left of the voluntary idea" since the Secretary of Agriculture will have power under the act "to eliminate whatever he may hold to be unfair charges and practices," and the editor fears that the legislation "means turning the agricultural interests of the country over to Federal agencies and political appointees."

Harrisonburg (La.) News: "Of all the complaints that are being raised by the public against bureaucratic plans in Washington, that with increased cost of living in the wake of the AAA policy of 'prosperity by destruction,' is the loudest." Just to let the folks back in Washington know that Louisiana seldom forgets, the News adds this jab: "The AAA persistently ignores any public reference to its recent hog slaughtering. . . destruction may bring some money into the hands of a few but as to making commodities easier for the average man to get, it is impossible."

Opposition to AAA policies in the South is almost in open revolt against this feature of the New Deal as indicated by its local newspapers, particularly editorial utterances in the Chronicle of Cheraw, South Carolina; the Breeze of DeFuniak Springs, Florida, and the Italo of Huntville, Texas, in their last issues.

A Wounded Bird

While Donald Richberg is fighting for a renewal of the NRA for two years the industries are failing to come forward with their dues to maintain or support many of the code organizations. About the only appeal there is left for the NRA is found in the Government's helpfulness to the American Federation of Labor. Inasmuch as most of the largest industries are not friendly to the Federation they are not trilled over the NRA, even though it may foster huge monopolistic practices. It is not surprising that the Congressional Record carries references to the "buzzard", and "the bird of prey."

New Meaning for Memorial Day
Perhaps this old world is not as hard-boiled as the past few years have led us to suppose. Proof that sentiment still flourishes is provided by recent appeals for a wider and more intimate observation of Memorial Day.

A Cincinnati organization suggests that a tribute of honor be paid on the coming holiday not only to

the heroes of war but to "heroes of peace"—scientists, explorers, writers, statesmen and others who contributed to our country on the battlefields of everyday life.

The Memorial Extension Commission, with headquarters in New York, supports this idea and carries it even further. It urges Americans to visit their private shrines—the graves of their beloved friends and relatives—as well as public shrines. Other religious, patriotic and historical groups agree that the significance of Memorial Day should be deepened.

We are not ancestor worshipers. Yet we realize that reverence for the dead is an index to a nation's moral and spiritual fibre. The out-of-sight-out-of-mind tendency in modern times is a symptom of shallowness, whether it shows itself in relation to national celebrities or departed members of the individual family.

A tribute of affection for the dead is useful and ennobling to the living. It symbolizes the continuity of human existence, the sanctity of tradition, the moral grandeur of family loyalty.

The movement for enlarging the meaning of Memorial Day includes a plea that the sites of local historic events and the final resting places of local celebrities should be fittingly marked and memorialized. The memory, too, of near and dear ones who have passed into the Great Beyond should be kept fresh.

No, sentiment is still with us and will be always. On Memorial Day it can find fitting expression in homage to the graves of heroes of war and peace and at the graves of beloved friends and relatives.

Will Mining Come Back?

According to the Sonora (Calif.) News, mining has lost its grip "largely on account of politics". Unfair taxes seems to have been the cause. California has been one of our great mining states in the past but according to the News "the industry was constantly in difficulty because of unfriendly or ill-advised legislation," which was bad enough in normal times—"in bad times, it becomes an insurmountable obstacle to progress. . . The United States needs the mining industry. It needs the jobs and purchasing power it creates. It needs it as a measure of national security. Mining will come back—if it is treated fairly by our law makers."

Task for Independent Press

"Hoosiers" have ways distinctly their own by which they talk straight at the mark. The Fairmount (Ind.) News is no exception and the editor of that paper tells us "that the individual's responsibilities to his local government has decreased if not vanished altogether. . . there was a time when, if taxes were too high we got after the spending officials. . . Since the spending agency is safely hidden, there is nothing left to do but find a way to get more money." The News says that "our job as a nation, is to restore local government and with it the individual's self-respect for independence. To this task the independent press of the nation must dedicate itself."

Look Out for the Automobiles

The railroads of the country are said to have lost something like 70 per cent of their passenger business in recent years. What a wallop!

Streamline trains, electrification, diesel engines, increased speed, air conditioning, comfort, millions for new transportation facilities, personal service and reduced fares, are among first-aid managements that have ever been called upon to win back a vanishing source of revenue.

There never has been better railroad service. Only 33 passengers

JUST AS

Oil City Pharmacy
C. E. West, Prop.

were killed on the railroads in 1933—but 1,511 lost their lives by trying to bump trains off their tracks at grade crossings. Over a million automobiles were in accidents in the same year, and 558,1000 were injured and 17,200 killed. This suggests that the signs, "look out for the cars" should be repainted to read, "look out for the automobiles." A person is as safe on a train as in his own home, but the toll of the highway is greater than that encountered by American troops in the World War. Then, the question naturally arises: Will not the tide of travel naturally return to the railroads for the commonsense reason of "safety first"? Maybe that will be an influence. If a good part of we folks who drive cars get to thinking more about these dreadful figures we may conclude, in large numbers, to ride in greater comfort on these new swell trains, and thereby increase our chances to arrive, according to that wise old saw, at the age of three score and ten. What do you think about it?

There Ain't Going to be No War

Official Washington hasn't been scared very greatly about a close-at-hand war in Europe, but the situation is now being used to advance appropriations for army and navy purposes. In former years the Japs have been used to scare money out of the Government for "preparedness".

There is a lingering suspicion in Washington that the European nations may be using our familiar American tricks in behalf of their own "preparedness, with public approval", without really hungering for the great world war that we read so much about in the papers. The American merchant marine

has failed to win any pennants in playing for advantageous positions against foreign shipping during the past two decades. It is now proposed that the Government give direct and undiguised subsidy to American ships. Senator David J. Walsh of Massachusetts says on this subject:

"The American taxpayer, I believe, is ready and willing to help any legitimate ship operator expand foreign trade and to aid him in making ships available to the country in time of war, but he is not willing that his hard earned money shall be dissipated."

This Sounds Good

Treasury receipts reported by the Government showed a surplus over expenditures during March for the first time since 1931. The increase is 40 per cent in income tax collections over March of a year ago.

Weather Conditions

The prophets have missed most all guesses on weather for the cherry blossom season in Washington. For the most part the opening days were cloudy and there was a good deal of rain. But the blossoms still hang on and there may be a spare bed or two left in Washington.

Wichita County Tuberculosis Association
In Cooperation With Nat'l and State Ass'n
Observing Early Diagnosis Campaign

The Wichita County Tuberculosis Association in cooperation with the National and State Associations, is observing the Early Diagnosis Campaign during April. The slogan this year is "Fight Tuberculosis With Modern Weapons". It is the keynote of our educational campaign for 1935. For several successive years the emphasis of the Early Diagnosis has been on early diagnosis and the search for cases of tuberculosis. It is important that the public be brought up to date on the treatment of tuberculosis. Many still think of this disease as an incurable doom, quackery continues to flourish, diet, exercise and deep breathing fads thrive. It takes time for new ideas to take root and patience to dispel deeply rooted fallacies. During 1935 tuberculosis associations throughout the county have agreed to concentrate their educational resources and treatment. Some may feel it is quite enough to urge people to go to the doctor and say nothing about treatment. Misconceptions about treatment never do any good and it is our job to present the true modern facts. A general knowledge of the treatment of tuberculosis dispels, to a large extent, the fear of tuberculosis and prompts the person, who may be worrying about his health to go to a scientific doctor other than a cultist or to the drug store. A chest clinic will be held Wednesday

afternoon April 24th from 2 to 5 P. M. Anyone who has lived in a home with an active case or have not made a good recovery from flu or pneumonia and have the following symptoms should be concerned about themselves: fatigue or tire easily, pains in chest particularly across the shoulder blades, loss of weight, cough that hangs on over two weeks, spitting of blood, loss of appetite, nervousness, indigestion and use of temperature in afternoon as much as 99 degrees. You may make your appointment for the chest clinic by calling Mrs. J. M. Thomas, phone 66. Dr. Sims Hulsey of Fort Worth, will be in charge. Parents who wish to give their children the tuberculosis skin test may do so by making an appointment with Mrs. J. M. Thomas.

School Census Burk
Lists 1,330 Students

The final school census report lists 1,330 eligible students for 1935-36. This report is 26 students lower than the final report for last year. However, it is probable that a sufficient number of transfers will be made to bring the number up to last year.

Typewriter Ribbons for Sale at Star

Robt. Green Re-
covering From An
Auto Accident

Robert Green, 6-year-old son of Mr. and Mrs. W. M. Green is recovering at the Burk Clinic from an accident suffered Saturday afternoon when struck by an automobile driven by Bill Edson, also of this city. The accident happened between Thaxton Bros. and Boyd Bros. store on Ave. B.

Jim Hewell Recover-
ing Auto Mishap

Jim Hewell of this city was painfully injured about the head and shoulders late Saturday night when his car left the road near the old Tidal Western lease. The young man approached a curve and in attempting to slow his car, found that the brakes would not hold. He was given emergency treatment at the Burkburnett clinic and taken to his home early Sunday morning. Several other young people were in the car at the time of the accident, but they escaped serious injury.

The old-fashioned Burkburnett girl who married for a home usually is found in it.

Dr. J. D. Sandefer to
Speak Burkburnett

Dr. J. D. Sandefer, president of the Hardin-Simmons university, will be the baccalaureate speaker for the Burkburnett graduation class this year. The service will be May 19 at the First Baptist church. The rest of the program will be announced later.

Father of C. Cannon
Dies In San Angelo

W. A. Cannon, 62, father of Cliff Cannon of this city and former resident here, died suddenly of a heart attack, at his home in San Angelo, Friday afternoon. The body was brought overland to Burkburnett by the Owens and Brumley Funeral home and funeral services were held here Sunday. The rites were at the Church of Christ and were conducted by the Rev. Willis Kreager and burial in the Burkburnett cemetery. Mr. Cannon was a resident of Burkburnett for many years before his removal to San Angelo, six years ago. He is survived by his widow, three daughters, Mrs. Grace Curry, Waco; Mrs. Joy Marie Kirkham, San Angelo; and Mrs. Ercey Sullivan, San Angelo; and the son mentioned above. Pallbearers were George Counter, Robert Gilchrist, James Duke, Samuel Reed, Charles Kirsch and A. R. Hill.

Swastika Club Met
With Mrs. Meador

Swastika Club met Monday with Mrs. Hudson Meador, Wichita pavement, for their regular business meeting. After the business session a singing and various games were enjoyed by Misses Blanche Butler, Nelda VanLoh, Ruth Willis, Natalie McClure, Manilla Milford, Frances Cropper, Naoma Meador, Bertie Jacobs, Doris Webb, and Mesdames J. R. Chatham and Hudson Meador.

GUILT EDGE

Dear Sir: Knowing that you are always interested in, and looking for investment in good live business proposition, I take the liberty of presenting to you what seems to me to be an excellent business proposition, and which, no doubt, you will take a lively interest. Please advise me the amount of stock you wish to subscribe toward the forming of a company of the exploitation of this idea.

The object of this company is to operate a large cat ranch in some spot where land can be purchased cheap for that purpose. To start with, we will collect about, say 100,000 cats. Each cat will average twelve kittens a year. The skins sell for from ten cents for the white ones to seventy-five cent for the pure black ones. We will have about 12,000,000 skins, to sell at an average of thirty cents apiece, making our revenue about \$10,000 a day, gross.

A man can skin fifty cats a day. He will charge \$5.00 a day for his labor. It will take about one hundred men to operate this ranch, therefore, the profit will be about \$9,500 a day, gross.

We will feed the cats on rats and will start a rat ranch adjoining the cat ranch. The rats will multiply four times as fast as the cats, and if we start with 100,000 rats we will have four rats a day for each cat, which is plenty.

We will feed the cats and rats and return will feed the rats on the stripped carcasses of the cats, thus giving each rat one-fourth of a cat.

It will be seen by these figures that the business will be selfacting and automatic. The cats will eat the rats, and we will get the skins.

Awaiting your prompt reply, we beg to remain

Very truly yours,
I K KETCHUM & U. SKINNUM.

The modern girl adores spinning wheels, but she wants four of them and a spare on the rear.

THE BULLDOGS GROWL

Edited by the Students of Burkburnett High School

VOLUME 1

BURKBURNETT, WICHITA COUNTY, TEXAS THURSDAY, APRIL 11, 1935.

Let's Find Time To Play;
Let's Make Opportunity In Work
Let's Be Courteous To All

NUMBER 30

Who's Who

Carl Edward Pommering is a teacher of arithmetic and history in the Fifth and Sixth grades. He went to high school at Commerce High School at Commerce, Texas. He attended college at East Texas State Teachers College. He holds a B. A. degree with double major; Mathematics and Spanish. This his his second year to teach in Burkburnett, before that worked for associate editor in the East Texas newspaper for Commerce Journal newspaper. His ambition is sincerity in everything. He has no particular plans yet for the summer.

Janis Franks is a teacher of English and reading in the Sixth grade. She attended high school at Henrietta, Texas. She attended college at Baylor college. She has her B. A. degree and majored in English. Her experience before was secured by substituting in Baylor. Her ambition is to teach English in High School. She plans to work this summer toward her M. A. degree.

H. Lee Clifton is now Principal of grade school. He attended high school at Commerce, Texas and he has attended college at East Texas State Teachers College at Commerce and U. S. C. Los Angeles California. He has his B. S. degree and majored in Education Administration. He has had two years experience as teacher and seven years as principal. He plans to go to U. S. C. this summer if possible.

Francenia McGarity is now a first grade teacher. She attended high school at Belton, Texas and college at Baylor college she has her A. B. degree and majored in Kindergarten work. She has had seven years experience and her ambition is to have a private Kindergarten. She has no plans for the summer.

Glady Margaret Westbrooks is the seventh grade teacher. She attended high school at Burkburnett High School and college at N. T. S. T. C. and Denton Teachers College. She has her B. S. degree and majored in Math. She plans to enjoy her leisure time this summer.

Annie Laurie Billingslea is the high first grade teacher. She attended high school at Elgin, Texas and college at Texas University and she majored in History. She has eight years of experience. Her ambition is to be successful in her work. She plans to attend Texas U. and get her B. A. degree this summer.

Helen Ingle is the Low Third grade teacher. She attended high school at Wichita Falls and attended college at Wichita Falls Jr. College and University of Colorado and West Texas State Teachers College. She majored in Primary Education. She has had three years of experience. She plans to go to school this summer.

Mr. Minnie M. Blum is the teacher of the Low Second grade. She attended high at Burkburnett High School and college at N. T. S. T. C. at Denton and W. T. S. T. C. at Canyon, Texas. She majored in Primary Education. She has had five years of previous experience and she plans to go to Summer school at W. T. S. T. C.

Our class is smart, but our play is "Dummy."—Junior Class.

Spring Football

Spring football has been delayed a little until after the district track meet. The meet is passed and it is hoped that the team will be able to concentrate on real blocking this week. Some of the boys are improving nicely while others are a little slow. There are a few changes to be made in the positions of the boys. Captain Finch will probably play offensive guard because of his powerful blocking and defensive center because of his shrewd and fast thinking. It looks at present as if Ralph Stuart will play offensive center and defensive guard. Ralph is a little heavy at present and he will have to lose quite a bit of his weight to be able to handle himself in a football way.

The 1935 team will play the 1934 team Friday afternoon at 4:30.

A hint to the wise is not dumb—see "Dummy!"

Office News

Although we do not have any fixed rule about the number of times a student may miss a class during the semester and still pass, I suggest that if any student has been absent as many as ten times from any one class by the end of the semester, that the teacher consider a student's absence seriously before

giving him a passing grade. Of course there are extenuating circumstances, such as unavoidable absence on account of sickness, etc. For example, we have had several students who have had appendicitis operations this semester and were unavoidably absent more than ten times. But there are other cases when so far as we know there were no good reasons why a student should have been absent at all, and yet, up to the present time they have been absent as many as seven or eight times since this semester began.

When such cases occur, it is my advice that such students should be failed unless their work while here is of very high quality and they show ample evidence of having made up all work which they missed while absent.

The students are pleased that Janet Davidson is back with us this week after three week's illness from appendicitis.

It is hoped that Mr. Culpepper will be able to be with us at the beginning of next week. He is now getting along nicely after his operation for appendicitis.

The faculty of the Burkburnett school system are planning a trip to Medicine Park Saturday, April 13. According to present plans, they will leave about 5:30.

If your mother-in-law can't appreciate you, take her to see "Dummy."

Entrants of District Meet

Entrants of the district meet held in Wichita Falls were Loyd Guinn who entered the 100 yard dash and 220 yard low hurdles. He placed third in the 100 yard dash and first in 220 yard low hurdles. Marshal Teal and Tollie McKown ran the 880 yard dash, but was eliminated in the preliminaries. Billie Shoefstall and Kenneth Whitton entered the mile but did not place. Wayne Rose entered the pole vault. J. T. Clifton entered the 100 yard dash. Our senior declaimers, Billyjane Chatham and J. R. Brock reached the finals but were eliminated. La Verne Patton received third place for the Juniors.

Is there a dummy in the crowd? No, we're seeing "Dummy."

Burk Central Girls Picnic

Wednesday, afternoon, April 3, the Burk Central baseball girls went on a picnic to Prescott's. During the season these girls developed into a reasonably well-playing team, considering the fact that none of them had ever played baseball before.

Those present at the picnic were Ollie Faye Matthew, Peggy Wilkins, Ruth Church, Margaret McKown, Pauline Dixon, Angie Garvin, Mary Helen Bundy, Glenda Bell Maney, Juanita Foster, Fern Simmons, Doris Potts, Dalpha Sanders, Bernice Kinnett, Marcella Logan, Billy Fay Dudley, Jessie Mae Brady, Wanda Garvin, Pearl Cooper, Earleen Reed, Pauline Stubblefield, Jane Duvall (mascot), Juanita Bradley, Dorothy Logan, Gladys Pinkston, Mr. Brady, and Mr. Pommering, the coach.

Refreshments followed several games, and pictures were taken of the group. Then the party came home with the baseball season officially over.

Solomon was a wise old man. Who is a dummy? See "Dummy."

Song Contest

The faculty is awarding any boy or girl five dollars for the best composed song for the school.

Mr. Hill, Mr. Robison and Miss McClure are behind this contest.

The song contest has been going on for two weeks and will end April 12th.

The songs will be turned in to the Choral Club girls and they will sing them, and judges will decide on the best song.

The writer of the best composed song will be awarded the five dollars.

Quite a number of songs have been turned in to be sung.

The winning song and a list of persons trying the contest will be published later.

All of us are goin to see "Dummy."

Football Queen

Lucille Kemp was elected Queen of the 1935 football team Friday morning. There were three girls selected from the pep squad by the 1935 football team. These three girls, Lucille Kemp, Pauline Browning, and Billyjane Chatham, were voted

upon by the student body. The total vote was 10,800. The Queen will make all the football trips next fall with the squad. She is to be awarded a brown suede jacket with letter B. The B is to be topped with a crown and Queen written at the bottom of the B. There also will be a plaque placed in the Hall of Fame with her name on it.

You don't have to be dumb to appreciate "Dummy."

The Maid And The Golden Slipper

The primary operetta, "The Maid and the Golden Slipper", directed by Miss Ethel Virginia Allen, is taken from the well known story "Cinderella".

The fairies are singing of joy in service and the godmother tells them of the sad lot of Cinderella who has a wicked stepmother and two jealous stepsisters.

They all wish to help her, and the godmother tells them of the ball which is to be given by the Prince and how, with their aid, and that of Cupid, she intends to let Cinderella attend.

Cinderella helps prepare her stepmother for the ball, and she is left alone in the kitchen. The godmother appears and magically changes Cinderella's rags to a beautiful gown of yellow, and gives her golden slippers but with the warning to leave before the clock strikes twelve.

At the ball, the Prince, under the spell of Cupid, falls in love with Cinderella who escapes just as the clock strikes.

In her haste she leaves one slipper. After a long search, the Prince finds the owner and all ends happily.

There are two acts and four scenes. Between acts solo dances will be given by Sadie Beth Tevis and a piano solo by Jack Grant.

The cast includes:
Faries: Virginia Thurmond, Valta Brookman, Rubynelle Russel, Billie Ruth Shafer, Janita Majors, Pansy Kent, Ellouise Slaughter,

Peggy Kemp, Martha Gene Walding, Deerstine Moore, Bobby Lou Westfield, Jean Willis, Clara Mae Jenkins, Dorothy Browning, and Josephine Utts.

Characters: Joy McFarlane, Princess; Glendon Alexander, Prince; Stepsisters, Mary Ann Danforth (Belinda), Lela Mae Pikston (Henrietta); Myrta Mae White, Step-mother; Cupid, Sonny Clifton; J. Nell Davidson, Godmother; Bobby Hayes, Footman.

Dukes: Robert Campbell, Carl Usleton.

Ladies: Dorothy Beldon, Mary Helen Bundy, Betty Jane Hill, Ila Fae Mathews, Gracie Bell Jones, Norma Jean Cannon, Callie Virginia Andrews.

Lords: James Thomas, Glenn Woods, Hubert Oglivy, Billy Franks, E. L. Blum, Charles Phillips, Ray Allen Peevey.

Chorus: James Walling, Director; Wanda Boydston, Ruby Parkson, Maxine Gilbon, Doris Frances Majors, Wetona Phillips, Angie Garvie, Bonnie Albee, Bettye Barnes, Marjorie Gilbert, Mary June Patterson, Martha Beth Utts, Lurene Rich, Bebe Strickland, Emma Tom Yeary, Geneal Gregory, Jessie Mae Brady, Billie Jane Roach, Wanda Lou Gragg, Ila Frances Crabtree, Opal Swofford, Jane Duvall.

Be Smart and See "Dummy."

Commercial Arithmetis Score

The following test scores were made by one section in Commercial Arithmetic in speed and accuracy tests this week. The same test was given three times with one day of study between each test. In the 169 problems every type of short method multiplication was reviewed. In the allotted 40 minutes 70 per cent of the problems were worked to be satisfactory.

Harriet Chambers, 159; Christine Millikin, 154; Hazel Pinkston, 143; Mary Louise Kelly, 138; Lewiese Holiday, 135; Ruby Andrus, 135; Geneva Minick, 130; Earlama Seickland, 127; Dan Hofacket, 126; Lewis

Watkins, 125; Virginia A. Laney, 124; Marginell Chambers, 123; Pauline Brown, 123; Helen Grady, 121; Claudia Mae Boman, 121; Lorene Battle, 120; Ellouise Simmons, 118; Luther Lee Grace, 99; Jim Shaw, 90; Lois Walden, 86; Lloyd Gwinn, 86; Marshall Teal, 85; Kenneth Willett, 80; Billy Strickland, 76; Clifford Duke, 65; Yvonne Legg, 53; Eldon Maney, 46; John Golden, 42; Jack Boulton, 0.

If you think your husband is dumb, see "Dummy."

Senior Class Orchestra

Well, folks, it was supposed to be a great surprise, but as the news has already leaked out I suppose you, too, should know of our Senior Class Orchestra. No kidding, we really mean it when we tell you that they're something, or, that is, somebody come to town. They can play "Tiger Rag" better than the guy that wrote it. And when it comes to playing "College Rythm"—well, they just can't be beaten.

The following Seniors are members of this great musical organization: Louis Sims, Tex Allen, Valetta Smith, Vern Blanscet, Bob Trask and Hubert Gragg play clarinets, while Loyd Wolf and Dalton Hash play Trumpets. Vinson Duvall the saxophonist, Quannah Nicholas the Baritonist and drummer (how does he do it??) John Garner, "Slip Horn" or slide trombone to you but these seniors do have such "cute" names for things. Then there's Odie Hatcher who plays the guitar, and Frances Clark pounds the ivory (piano to you), Olena Cash plays the snare drum and Eugene "Rocking" Robertson plays a Jews Harp. R. B. Faulkner will comprise the bass section with his Allisor horn.

You'll miss something if you're not around to hear the one and only "Senior Class' Orchestra of B. H. S. because we mean it when we say they're plenty good. So be on hand May 9, (Senior Day) and then at the Senior play or you'll miss half your life.

She's not so dumb; she's going to see "Dummy."

Home Economics News

The dresses made by the girls in the 1-B and 2-B classes of both last semester and this semester will be judged by out of town judges on April 16, at 4:30 in the high school auditorium. Anyone is invited to attend this judging.

The girls in the 1B classes have made school girl's dresses and the girls in the 2-B classes have made tailored garments.

Score card which the judges will use in scoring the dresses:

1-B Score Card for School Girl's Costume

A. Effect of complete ensemble—design, attractiveness and distinctiveness of dress, underwear, shoes, hoes, and other accessories; color and texture as they relate to personality of individual—50 points.

B. Grooming and posture—25 points.

C. Cost in relation to durability—25 points.

Score Card for 2-B Classes, Tailored Garments

A. Design, attractiveness, appropriateness, simplicity and distinctiveness, material color, texture, accessories such as shoes, gloves, bag, hat, etc. — 50 points.

B. Finishes appropriate to tailored costume — 25 points.

C. Cost in relation to durability—25 points.

If you think your wife is dumb, see "Dummy."

High School Library

The library has purchased with fine money a copy of the "World Almanac and Book of Facts for 1935". This volume presents in brief form the very latest accurate information on political, scientific, social and economic progress and problems.

A fine response has been given to the librarian's requests for material on fire prevention. The following organizations have sent generous packages of free pamphlets, leaflets and posters on the subject: National Fire Protection Association, Pyrene Manufacturing Company, Fire-Fyter Company, American-La France and Foamite Industries, Inc., and the National Board of Fire Underwriters.

On the twenty school days of the month of March the high school library circulated 1585 seven-day and thirty overnight books. The average of the twenty days is over 79 books circulated per day.

High school students are urged to pay their library fines at once, as all library accounts must be settled before report cards can be received next week.

All work and no junior-class makes you a dummy. See "Dummy."

Mystery! Laughter! Love!

Elemental passions woven together into a thrilling story involving such characters as an abandoned professor, a man-hated wife, a lovelorn maiden, and Alalulu-sponosee (don't you wish you knew what that is?) detecting a saucy maid, a deaf and dumb handsome young shiek or a star and his moll.

What is this? Why the Junior Play!!!

You know that Othar Whisen was high point man in the team in county meet, the John Baptiste was the best quarterback on the best football squad in the district, that J. T. Clifton and G. Shafer are outstanding players they can act on the stage as well as the '35 squad, but did you know on the football field.

You know Lucille Kemp is queen of the football team but should see her act the part of maid.

Yes, you know Willie Etta red-headed but you haven't seen her temper displayed until you see her married to an absent-minded professor.

You know J. R. Brock can claim and Irene Evans is a beauty but did you know that they are also actors.

You know something of Billyjane Chatham's fame as a speaker and an actress but you haven't anything until you see her as a love sick maiden in the Junior play.

To borrow the phraseology of one of our prominent industries it's splendid!!! Magnificent!!! Superb!!!

Don't Miss It!!! THE JUNIOR PLAY!!!

Don't be dumb and miss "Dummy"

Physical Education

Physical education is a course the Burkburnett High School directed by Coach Robinson and Miss McClure.

The aim of Physical Education to develop the body, to teach sportsmanship, to teach students to play games and to know the rules of the game. The students are made take exercises every day unless they are going out for football or to have an excuse from the dress saying that they are not physically fit.

There are many different kinds of exercises that the students are given. An exercise for the arm muscles and an exercise for the chest muscles and an exercise for the leg muscles. There is an exercise for every part of the body.

The boys are taught how to play baseball, football, basket ball and other games.

The girls are taught how to play baseball and volley ball. Every Friday Miss McClure gives the girls certain games which they put in their notebook. Physical Education is required in high schools, although this is the first year Physical Education has been taught in the Burkburnett High School. It is creating a lot of interest.

Some pupils seem to think that it for the teachers benefit that the exercises are given to them but they do what the coaches tell them to do, they will build up a physical body that they will always be prepared to possess.

Choral Club

The Choral Club girls sponsored by Miss McClure will leave for Denton, Friday, April 12, to enter in the contest which is Saturday, April 13th.

The girls will sing "Narcissus" Nevin, and "The Breeze" by Margaret accompanied by Dorothy Houser, pianist.

The girls and Miss McClure are expecting to return, April 14.

Those who are expecting to attend are: Kathryn Houser, Harriet Chambers, Grace Preston, Pauline Allen, Mary Lafon Alexander, Wanda Clark, Claudie Mae Bowman, Ruby Louise Bishop, Emma Jones, Garland, Kate Kendall Woods, Geneva Minick, Mary Emma Hester, Christine Milliken, Katie Kelly, Valetta Smith, Margaret Taylor, Margaret Turner, Margaret Griffin, Jeanette Davidson, Doris Hagard, Rheba Chambers, and Natalie McClure.

Who is the dummy in "Dummy"?

Mr. Roosevelt thinks workers relief jobs should have \$50 a month but wait till he tries to hire his hands for his Georgia farm.

Good times are those in which most Burkburnett people run the debts that worry them in bad times.

First Anniversary of Foster Business College

April 16, Foster ... celebrated the anniversary of Mr. ... business college ... Falls and the first ... present school ... the nature of a ... and former student ... which a varied program.

Twenty-one years ago Mr. Foster brought the Wheeler-Hughes Business College and changed the name to Wichita Commercial School. Mr. Foster had associated with him two of the best teachers in this section of Texas. One is now one of the leading Certified Public Accountants of Wichita Falls, and the other was elected teacher of Shorthand in the largest girl's school in Texas.

Mr. Foster's students of Wichita Commercial School are now holding and have been holding leading commercial positions in Wichita Falls for twenty years.

From the present school, a number of students are gainfully employed over the city of Wichita Falls, as a result of training here.

When the Foster Business College opened its doors one year ago, there were several day students on the first day, but the night school

ran several nights with only one student. Now the night school has about twenty-five students enrolled. Night school is conducted for not less than two hours each night, and for five nights every week. Five teachers are employed in the night school, six teachers in the day school.

In the whole school there has been a total enrollment of 154 since the school opened one year ago. Courses are offered in Bookkeeping, Shorthand, Secretarial Training, Business Administration, Typing, English, Spelling, Arithmetic, Penmanship, Salesmanship, Commercial-Law, and other subjects usually offered in the better business colleges.

Every student is required to take Penmanship. The author of the text is nationally known and final papers are sent to him for his approval. Upon graduation in the Penman-

ship Department, the student receives a certificate from the author in New York City.

Gregg Shorthand, a universal system, is taught. For graduation it is required that a student write 100 words a minute. This test must be passed and accepted by the Credentials Department of the Gregg System of New York City. An award for graduation in typing is secured in the same manner when a speed of 50 words a minute can be written.

The school is strictly disciplined—no talking being encouraged during study hours. A general spirit of studiousness pervades the school; however, the students are noted for their friendliness and sociability. From eight until nine A. M. and from twelve until one, they meet in the study hall and are free to enjoy the association of friends. Social gatherings properly sponsored are frequent enough to satisfy the social instinct of young people. The

school does not permit students to leave the building nor to attend picture shows during the school hours. Neither are they allowed to leave the building and congregate in drug stores and such places during school hours. Tardiness and unnecessary absences are discouraged and require written excuses from parent or guardian.

Many boys and girls are working their way through school with either work as janitor or as office girl. Some of the more capable students with better literary background are given a course in Teacher's Training during their advanced period of attendance and are, also, employed as assistant teachers.

Foster Business College has a degree teacher in charge, Miss Valentine Oliphint is Principal of the school and head of the shorthand department. She is what is usually termed a self-made young woman. Miss Oliphint has had seven years of successful teaching experience.

She is an experienced stenographer and practical bookkeeper. She not only attended a well-known business school, but also has her degree from NTSTC where she majored in Business Administration. Miss Oliphint made her own way as a student at Denton, being head of the mimeograph department and doing stenographic work in three different offices.

Miss Oliphint is a Christian woman of high ideals and is worthy to be entrusted by parents with the character molding of their sons and daughters.

M. O. H. Foster is well known throughout the country for his experience as teacher, ward principal, city superintendent, and business college manager and owner; in addition to experience in the school room, he has nearly as many years of sales experience as he has of teaching experience.

Retiring School Board Member Expresses Thanks Cooperation

After having served for five years as a member of the board of education for this school district, I found that my business was such that it would be unwise for me to offer myself as a candidate in the trustee election just past. In retiring from my office I wish to publicly express my appreciation to the voters of the school district for having bestowed this honor upon me in these past years.

It has been a pleasure to serve with the members of the school board. I have found them intensely interested in the welfare of this community. The meetings have been characterized by a spirit of cooperation and understanding of the problems of the institution. It is with a great deal of pride that we point to the fact that our schools have been able to operate through these depression years on a cash basis. Great achievements in financial improvement have been made. The board realizes that these achievements have been made possible through the cooperation of the entire citizenship.

It has been my observation that the teachers of our schools have worked diligently to instruct our children in an efficient manner and have also cooperated in all of our community activities. The community should be proud to have men and women of the high qualities of our teachers living in our community.

In serving my connection with the school in an official capacity, I wish to express my best wishes for the continued success of our schools and pledge to the future members of the board my willingness to help in any way possible to make them still better in the future.

Notice Of Election

ORDINANCE NO. 182
Ordinance providing for the holding of an election in the city of Burkburnett, Texas, for the purpose of submitting to the qualified voters of said city a proposition to encumber the electric light and power system belonging to said city and the income therefrom, and the franchise and the income therefrom, to secure the payment of the light and power system of said city in the amount of two thousand (\$32,000.00) for the purpose of refunding the existing indebtedness of the electric light and power system and to purchase additional machinery and equipment and to improve, enlarge, extend and repair the same and declaring an emergency.

Ordained by the City Council of the City of Burkburnett,

Section 1
An election be held in the City of Burkburnett, Texas, on the day of May, A. D. 1935, at the election the following proposition shall be submitted:
That the City Council of the City of Burkburnett, Texas, be authorized to encumber the electric light and power system of said city and the franchise and income thereof, to secure the payment of bonds to a part of the existing indebtedness of said electric light and power system and to purchase additional machinery and equipment and to improve, enlarge, extend and repair said system; such bond to be in the sum of Thirty-two Thousand (\$32,000.00) Dollars, to mature serially from one (1) to eight (8) from date thereof, bearing interest at the rate of six (6%) per annum, payable monthly?

Section 2
The election shall be held at the City Hall in the City of Burkburnett, Wichita County, Texas, and be conducted by the following named persons:
W. A. ROBERTS
SYLVIA LOHOEFENER
B. E. BRYANT
Clerks

Section 3
The holder of said bond shall have the right to demand payment of such obligation out of the funds raised or to be raised by the City.

Section 4
The election shall be held in accordance with the general elections and only qualified voters of the City shall be allowed to vote.

Section 5
Ballots to be used at said election shall contain the proposition above set forth followed by the words: "For the encumbrance of the electric light and power system and to purchase additional machinery and equipment and to improve, enlarge, extend and repair the same and to declare an emergency." Against the encumbrance of the electric light and power system.

Section 6
The election shall be held for at least thirty (30) days preceding the election, and the Mayor, by publishing in the Burkburnett Star, a newspaper of general circulation in Wichita County, Texas, published in the City of Burkburnett, Texas, and such notice be made by publishing a copy of this Ordinance with the words "Notice of Election" prefixed thereon, a week for four (4) consecutive

Soft Ball

(Continued from front page)

for entering clubs in the League.

It is requested that all club managers, sponsors and players, as well, meet at the City Hall next Monday night at 8:00 o'clock. All matters of importance will be set in order for the operation of what is expected to be one of the best seasons for soft ball ever had in Burkburnett during this year.

Everyone seems to be very enthusiastic about the outlook for a very successful year. The clubs that have entered thus far are as follows: The Texas Co., The Mity Nice Bakery, Thaxton Hardware Co., Barrow-Grace Chevrolet Co. Others who have promised to be in line by next Monday night are as follows: The Bell Oil and Gas Co., Tucker Oil Co., The Skelly Oil Co. and the Magnolio Oil Co.

Ben Winkles of Thrift, Texas, was elected to the list of Directors being elected second vice president. B. F. Gilchrist, chairman of the Chamber of Commerce sports and recreation committee and president of the association, presided at the meeting. He urgently requests that everyone interested in this project be present at next Monday night's meeting.

M. C. Tucker was a business visitor in Wichita Falls Monday.

Mrs. W. C. Nolen of Brownsfield Mr. and Mrs. P. J. Nolen of Wichita Falls and Mesdames F. O. Minick and A. A. Evert spent Monday visiting in Eastland, Texas.

Jonita Majors spent the week end visiting in the home of Mr. and Mrs. Rex Smith in Wichita Falls.

The most for your money in one of our \$1.00 Oil Waves. You will not be disappointed in this wave. City Beauty Shop. 33-2tc.

A district meeting of the Christian church missionary societies was held Monday at the First Christian church with 125 in attendance. Delegates from this church who were in this meeting were Mesdames W. D. Bent, E. C. Waits, Jesse Johnson and J. D. Riddle.

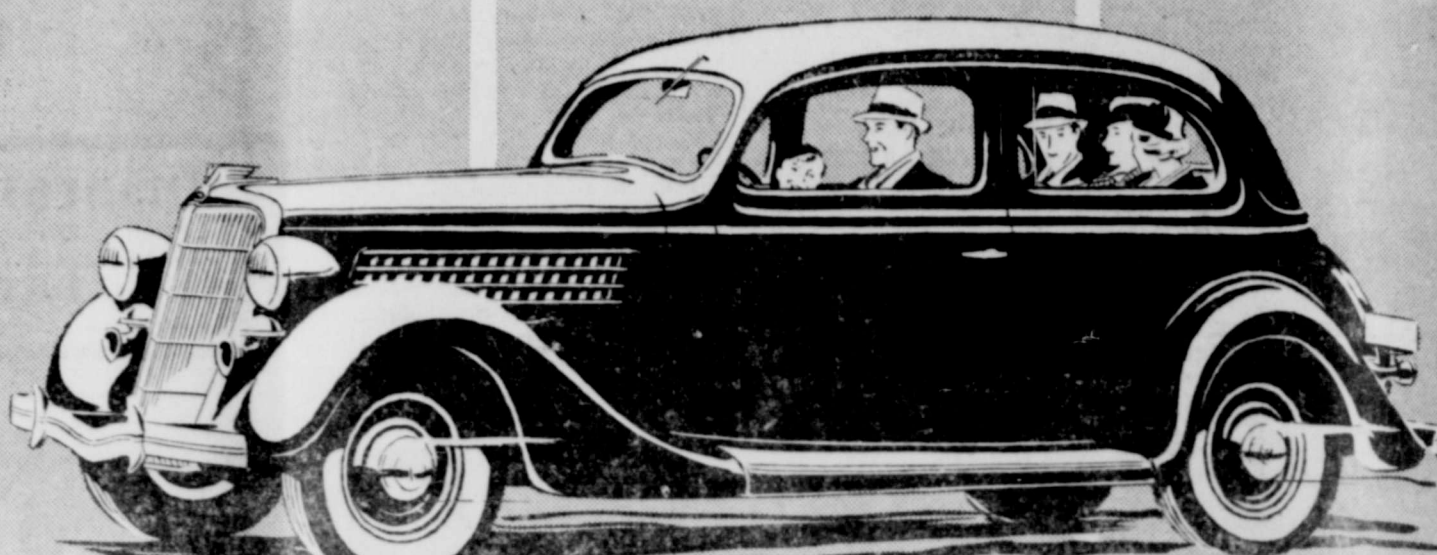

Mr. and Mrs. W. D. Barrow and children of Denton were guest of relatives and friends over the week end.

Mrs. Joe Saylor and infant daughter, Rosalie, were carried from the Burkburnett clinic to their home west of Thrift in an Owens and Brumley ambulance Wednesday afternoon.

Mr. and Mrs. H. C. Preston and children spent from Thursday until Sunday visiting Mrs. Preston parents and other relatives in Amerillo.

Mrs. Fands was brought to her home in Burkburnett from a Wichita Falls hospital in a Thomas ambulance last Thursday.

POWER ZONE

V-8 POWER

With the introduction of the V-8 engine, Ford brought a new standard of performance to the low-priced field.

COMFORT ZONE

Comfort Zone Riding

Gives the ease, smoothness and comfort of a "front seat ride" even to back seat passengers—an important engineering advance.

ECONOMY ZONE

FORD ECONOMY

The 1935 Ford V-8 gives you the most economical car to operate Ford has ever built.

Why take less?

FORD has always aimed to make the automobile-buying dollar go as far as possible.

This year, the 1935 Ford V-8 gives you traditional Ford low prices, traditional Ford operating economy—and, in addition, riding comfort, body roominess, new beauty and new safety features that will satisfy the requirements of almost everyone.

Consider some of the major improvements in the Ford V-8 for 1935. Take Comfort: From this standpoint alone, what a completely rounded car this is! Comfort Zone Riding that gives "front seat comfort" even to rear seat passengers. Deep cushioned, high-backed, wider seats. Big, air-balloon tires. Easier steering and a newly-designed clutch that responds to the touch of your foot.

\$495

AND UP, F. O. B. DETROIT. Standard accessory group including bumpers and spare tire extra. Easy terms through Universal Credit Co., the Authorized Ford Finance Plan.

Consider safety: There's safety glass all around—on all models—at no additional cost. A new, welded all-steel body. New, more powerful brakes, with an unusually high ratio of braking surface to car weight. And a lower center of gravity that gives increased safety and stability on curves!

Why be satisfied to receive less than this for your money? Examine this new 1935 Ford V-8. Ride in it. You'll realize that it is truly a new automobile value.
