BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, JANUARY 9, 1936

NUMBER 21

BURK PIONEER IS HONORED BY WICHITA C. OF C.

Annual C of C Meet Will Be Civic Rally For All Burkburnett

Interesting Program With Reports
As Climax and Projects
Planned

Many Visitors Here January 17th

The annual meeting of the Burkburnett Chamber of Commerce at a banquet January 17 will be the occasion of a rally of all the civic minded people of the city, and the program will report the progress made during the past year, and submit the projects for the coming year.

The speaker for the night will be John Lee Smith, noted attorney of Throckmorton, Texas, and well known member of the American Legion both in Texas and in national Legion affairs.

The entertainment will include a variety of musical and speaking features. The new president for 1936 will be introduced to succeed H. D. Smith, who has presided during the past year.

The musical feature of the program will be a series of numbers by the Gibbs brothers. These talented performers on string instruments went to the finals in the Chevrolet amateur programs last fall, and were well received at all the performances. They will contribute a number of songs of old and new type at the meeting. Katherine Sue Ralston of Iowa Park will sing several selections in vocal solo.

Trades Day Event To Be Held Front Of The City Hall

The weekly trades day event will be held this week in front of the city hall and chamber of commerce offices. The event is sponsored by the leading merchants of the city in an attempt to express appreciation of the patronage of the people of this territory. Everybody in the area have been invited to be the guests of the business men at 4 o'clock Saturday afternoon.

The entertainment will include a half hour's introduction of concert by the cowboy band under the direction of E. L. Nichols. The main event will be at 4:30.

CCC Boys Given Work Roads Here

Young Men Asked to Register for
Work at County Authorities

"4,475 youths will be placed within the next ten days on State Highway projects in parks, located in the Texas Highway System," Lyndon B. Johnson, director, National Youth Administration, announced at Austin today.

Just prior to the announcement, Johnson approved projects calling for an expenditure of \$176,549, which is an average of over \$1,650 for each park in the project, which, when completed, will give Texas one of the finest highway park systems in the country. Among the roads will be those near Burkburnett on Burk-Wichita highway.

Youths to be employed on these projects are to receive from \$1.06 to \$4.32 for each day worked. Youths are paid at approximately the same rate per hour as adult security wage earners, but cannot work more than 46 hours in any one month. Only youths from relief-families who are registered with the National Re-employment Service will be eligible.

Additional projects calling for approximately \$350,000 are now being examined, and approval releases are expected to be issued within the next few weeks.

Johnson stated that approximately 29,000 youths are now employed on high school, college and WPA projects. Provisions are now being made for the employment of some additional 20,000 youths.

Johnson urged all eligible youths to register immediately with the proper employment agency in their county.

Central Ward School Pupils Present Play At Lions Club Tues.

New Reading System At School Analyzed by Morris Strong

Future Programs Planned

Members of the Central Ward school classes presented a short play in two acts at the Lion meeting Tuesday night under the direction of Morris Strong, teacher in the school. The play called "Book Friends," presented an array of the most interesting characters of literature, characters that have intrigued the young and old for generations.

In introducing the player Mr. Strong spoke of the interesting work that has passed the experimental stage at the school in reading classes.

In the work the students choose from 200 books that are approved by the state department of education. When the students read 20 books per year, each receives a certificate from the state department. On reading 40 books a seal is attached showing efficiency.

These books have been paid for by funds from the annual operetta fund and some grants made by the board of education. After student reads the book a review blank giving particulars of books is submitted.

The standard tests show rapid improvement, and the students have been so interested in the work that the entire library was checked out during the Christmas holidays.

The play was presented in form of conversation between children on a rainy day that adjourned to a library to see their literary characters come to life.

The members of the cast were I. E. Harwell, Jr., Eloise Slaughter, Jo Nella Magers, Martha Gene Woolly, Petite James, Dereshine Moore, Elmer Garret, Leroy Davis (better known as Banjo), Ed Whitesides, Paul Coats, Joy McFarlane, Bobby Lou Westerfield, Jimmy Roy Morris, E. J. Reed, W. A. Strickland, Billy Bowman, Kyle Tanner, and James Johnson.

School Girls To Present Play Tues.

The Burk Central Junior Girls ball team is presenting a play entitled "Uncle Skinflint," on Tuesday afternoon, January 14, beginning at 4:00 o'clock. Tickets will sell for only five cents.

Proceeds of this three scene play will be used to finish paying for uniforms for the ball team.

The cast of characters is as follows: Uncle Skinflint, Francis McKown; Andrew, Lora McCormack; Sons, Dalpha Sanders, Violeta Noe, Agnes Sauls, Charlotte Whiteacre, Nina Ruth Sands, Myrtle Watson, and Frances Brady.

Robbers are Mildred Guthrie, Dorris Potts, Clara Gist, Rebecca Hothan, Mildred Tyler, Betty Barnes, Mary Blackstone, Dorothy Weiborn and Irene Hullum.

Passersby are Mary Ann Danforth, Pauline Stubblefield, Shirley Simpson, Lorene Womack, and Elveree Green.

Heart Attack Fatal For Mrs. M. Matthews

Mrs. Matilda Matthews, 76, died of a heart attack in a local hospital Wednesday night at 9:30 o'clock. Funeral services have not been set pending arrival of relatives.

Living with her daughter, Mrs. O. L. Pipkins, on 607 North Broadway, Wichita Falls, Mrs. Matthews had been in the best of health until she was stricken suddenly Wednesday afternoon and taken to the hospital.

Owens-Brumley of Burkburnett are in charge of arrangements.

Surviving are Mrs. Pipkins of Wichita Falls; three other daughters, Mrs. Pete Marine of Burkburnett, Mrs. Willie Johnson of Gary, Ind., and Mrs. Eula Twitty of De-Queen, Ark.; and one son, Monroe, Matthews of Burkburnett.

Ralph Foster Will Face Trial Second Time January 21

Former Burk Mail Carrier Is Charged With Death of Wife in Burk

FIRST TRIAL TIED JURY

Ralph Foster, formerly federal employee at the Burkburnett post-office will face trial on the charge of having murdered his wife, for the second at the Wichita County court house Tuesday, January 21, according to the announcement of the county attorney, Mike Anglin.

Foster was indicted by the grand jury last summer after his wife had been found severely beaten and dead from a bullet wound in her head. A 45 calibre pistol of the army type, alleged by the investigating officers to have belonged to Foster, was found near the body of the dead woman.

Foster was questioned by N. H. Harris soon after the discovery of the death. Harris called Mike Anglin, Sheriff Allen and other county officials.

Foster submitted to volunteer examination at the city hall soon after the officers arrived. At that time a group investigated the scene and the body, and released Foster on promise that he would remain in the city for further investigation. Two days later, June 23, he was arrested on a warrant sworn out by the Burk officials, in Seymour, Texas, and returned to the Wichita county jail.

For several weeks the bond was set at \$7,500. When Foster was indicted by the grand jury, at the request of the county attorney, the bond was reduced to \$5,000, and Foster received his release.

The trial was extremely short. The state presented a few witnesses, including both Burk and Wichita officers and a few neighbors. The other witnesses were saved for the rebuttal. The state rested its case, and the defense never presented a single witness after motion for dismissal was denied. The clever move secured a tied jury of 6 to 6.

The trial will secure a more description, even on the sensational evidence that was presented at the first trial during November.

Howard Martin assisted in the prosecution. C. C. McDonald directed the defense.

Directors Appointed For Interscholastic Meet and Activities

County Contest To Start Here Next Month With Volley Ball and Basket Ball Meets

LOCAL STUDENTS TRAIN

The directors for the high school and the 6th and 7th grade of the grade school have been made in preparation for the interscholastic meets that will be held in Burkburnett this spring, starting with the volley ball and basket ball meets the first and second week in February.

The interscholastic activities will be held later in connection with the track and literary meets. The one act play, tennis, and other special features will be held at the time chosen by the county directors. The play ground ball contest will be held later in the spring, during May.

The teachers have requested that as many as possible in the student body should attempt to qualify in order that the best entries can be

Independent Basket Ball League Planned

An independent basket ball league has been planned for the local cage enthusiasts, and those who are interested in playing or entering teams have been asked to get in touch with Garland Smith. The league will be organized along the line of the soft ball league organized last summer.

U.S. SUPREME COURT RULES AAA UNCONSTITUTIONAL

Negro Women Gets Revenge Husband

A warning was not sufficient according to a Burk negress who stabbed her husband here Sunday after meeting him coming from the home of another attractive dusky lady. The two negroes met, and according to the statement of the wounded man, his wife stabbed him with an ice pick. "But it was my fault". The ice pick was supposed to have pierced the lung of the man, and he was under the care of the physicians at the Wichita Falls General hospital this week.

The case was investigated by the local authorities and the county officers, but no charges were filed after the man stated that he wished none to be filed. The negro was given emergency treatment in Burk before being carried to Wichita Falls.

Poll Tax

The number of people that are paying their poll tax this year is larger than usual, but it is still much smaller than the interesting elections of the year justify. Five major elections will be held this year that will especially interest the people of Burkburnett.

Taxes can be paid up until midnight of the last day in January, and there will be many who will neglect qualifying that will wish that they had done so before the year is out.

Some of the elections of local interest will be: vote of return of liquor to Wichita county, school board, city council, county officers, precinct officers. Some state and national elections include: senator from Texas, president, district congressman, governor, and state representatives. Pay your poll tax now!

Examination For Postmaster Is Announced for Jan. 28

To fill the vacancy in the position of postmaster in this city, the United States Civil Service Commission has announced, at the request of the Postmaster General and in accordance with an order of the President, an open competitive examination.

To be eligible for the examination, an applicant must be a citizen of the United States, must reside within the delivery of this post office, must have so resided for at least one year next preceding the date for close of receipt of applications, must be in good physical condition, and within the prescribed age limits. Both men and women are admitted.

Under the terms of the Executive order, the Civil Service Commission will certify to the Postmaster General the name of the highest three qualified eligibles, if as many as three are qualified, from which the Postmaster General may select one for nomination by the President. Confirmation by the Senate is the final action.

Mrs. King Has Moved Her Stamford Beauty Shop to Burkburnett

Mrs. King, proprietor of the King's Beauty Shop here, has moved her beauty shop from Stamford to Burkburnett. The equipment arrived Wednesday and is the very latest and modern design. Mrs. King will have one of the most modern and up-to-date beauty parlors in this part of the state. Watch for her special announcement in next week's paper.

The G. O. P. started the practice of giving away free seeds. The new deal is reaping the harvest.

In a 6 to 3 decision the United States Supreme Court threw a stunning shock into the new deal group Monday when the decision handed down by the court set aside the AAA as entirely unconstitutional. The decision stated that it was regulation beyond the welfare of the nation and an invasion of state rights.

The leaders at the capitol were stunned by the import of the decision. The 900 million already paid on processing tax will be the center of attention. There is possibility that it may be recovered by the millers of the United States.

There is 500 million that is still due to farmers of the nation for the fulfillment of contracts during 1935. The only source of income for this payment was the processing tax. The contracts for next year that bind the farmer for four years were thrown into discard by the act.

The emergency actions of the administration will be watched with interest. There are two possible courses. A new law eliminating the objects of the Supreme Court, may be passed to raise the funds. A new amendment may be added to the constitution that will make it possible for the government to do exactly the thing that has been outlawed by the Supreme Court.

As soon as the decision was handed down the government called the secretary of the agriculture department and the attorney general into conference to plot the course of action.

The decision was received with joy and sadness in various parts of the nation. The sadness on part of the administration backers, and the farmers. The joy on the part of the backers of the opposition to the new deal. It was the third major law or act of the new deal that has been declared unconstitutional by the Supreme court.

Goodwin Grocery to Move to New Place In Burk Monday

H. A. Goodwin, proprietor of the West Main Grocery for several years, will move to a new location at the building formerly occupied by the Alexander Hardware. The new location will make it possible for the store to be more centrally located and give faster, more efficient service. The move will be made over the week-end and the store will be ready for service next Monday morning. The new store is located on Ave. C across the street from the Russell Clinic.

Mr. Goodwin has been in business here and won the patronage of a large number of Burk people by handling a good line of fresh groceries and meats. The owner invites all his friends and customers to meet him at the new store.

Miss Edna Cropper Receives Honor

Miss Edna Cropper, daughter of Mrs. Bertha Cropper of Burkburnett, is the first Burkburnett girl or member of the local assembly of the Rainbow Girls to be honored with a grand office in the state and national assembly. Miss Cropper has been elected to the position of Grand representative from Texas to Montana by the Grand assembly that met in Galveston, Texas.

The honor is an unusual one, and the local representative will be the first to attend the Grand national assembly for the meeting set some time in June during the lodge meeting as representative of the state of Texas, and will go to place designated later by the executive body of that organization.

Hardin Remembered For Many Generous Gifts To Colleges

Extends To Youth of Today Opportunity He Lacked as a Boy

PRaised BY WICHITANS

Once again Burkburnett's first citizen was honored in a distinctive way, as no other person from this city has ever been honored when the Wichita Falls Chamber of Commerce voted him the most philanthropic citizen of that city. Many times before the Burk citizen and his former wife have been honored in many different ways, but to have this honor usually reversed for people within the limits of that city, is unique.

The cup was presented at the annual banquet of the chamber of commerce at Wichita Falls Monday night. Mr. J. G. Hardin could not be present. He was in the Baylor hospital at Dallas, taking a much needed rest. The cup will be presented to him at a meeting of the Business Men's council in the near future.

Wichita Falls' award of a 1935 service cup to John G. Hardin of Burkburnett is a sincere acknowledgement of worthy stewardship. Mr. Hardin's days of greatest personal effort in the world of bus-

C. F. Kirksey's Leg Broken In Accident

C. F. Kirksey, employed on local PWA project received a slight fracture of his leg Wednesday night about 7 o'clock when the car of R. R. Jackson, Skelly employee smashed into him on Main street. Mr. Kirksey had started across the street in front of Majors Variety store, and stepping from behind a parked car he stepped in front of Johnson's moving car, and was thrown to the pavement.

Bill Stapp investigated and found that Johnson had turned the 3rd street corner a few feet away and was traveling at a moderate rate of speed. Kirksey was carried to the Clinic by Johnson and given emergency treatment. X-Ray revealed the break Thursday morning. He was then taken to his home near Burk.

Precinct Offices Placed On Salary

Amount to be Determined Later by County Court at Wichita

After an all day deliberation of the county commissioners court, the constables and justices of peace of Wichita county and constables of the various precincts were placed on a regular salary basis with the salary schedule to be determined at a later meeting. The decision had to be made Monday in as much as the law requires that the type of compensation should be determined by the first regular meeting each year.

However, in spite of the long session that held the commissioners in session throughout the day, they were unable to arrive at any schedule of the amount to be received by the precinct officers.

The two officials to be affected in Burkburnett are Dad Sanders, and W. T. Vance, constable and Justice of Peace.

These two officials as have all others in Texas have received only the fees from fines, serving of papers, arrests, and other such duties performed.

Under the new law these officials will receive a definite salary for the services that they perform, regardless of the fees that they collect. The fees collected will be turned over to the officers salary fund.

Salaries Set

The salaries for several offices were definitely set. County Judge, clerk, sheriff, district clerk, assessor and collector were voted a salary of \$4,750 per year. The county treasurer was given a salary of \$2,000 per year.

The county manager of the tax plat system was voted a salary increase of from \$150 to \$175 per month.

PROGRESSIVE EDUCATION

There are two ways of making an automobile move. One is to get behind it and shove. A better way is to release the brakes, step on the starter, and get the thing going under its own power. The leaders in the Progressive Education movement have undoubtedly committed sins of both commission and omission, but they have hammered continuously and relentlessly on the idea that the essence of all education is to release the person being educated to the point where he will operate (so to speak) on his own. Many administrators and teachers look unkindly on the idea, being fearful that the child may let the machine get out of control. Most school board members know very little about the modern methods in education and a socialized decadence in which the pupils are allowed to take the leading part would perhaps be looked upon with horror. As a result, thousands of children submit daily to being pushed about by their teachers and never learn the thrill of accomplishment. Anyone who visits schools a good deal soon learns to distinguish between the shovers and the self-starters. Life in schools of the first type is a dreary round of unwelcome tasks. Life in the other schools is a glorious adventure.

The underlying reason for the difference lies in the character of the persons who guide the destinies of the schools. The reason is fear—or the absence of fear. Superintendents, principals and teachers of the shove 'em school are fearful (a) of the authorities, (b) of the parents, (c) of the lay public, and (d) most of all their own abilities. Those who believe that education is something which comes from within rather than something which is imposed from without are likely to be released beings themselves. They have sufficient confidence in their philosophy of education to do what seems to them to be good educational practice. This keeps them so delightfully occupied that they have no time to worry about what the other fellow thinks. The result is a growing, living community of human beings adventuring daily farther and farther into the good life.

YES WE HAVE NO BRIDGE

1936 has rolled around and still we have no permanent structure to bridge the gap so disastrously wiped out last May. The state department has promised time after time that emergency action would be taken and the contract let as soon as possible, and still we have no bridge. Estimates have been made and submitted to each of the Oklahoma and Texas commissions. The commissions have approved and still we have no bridge.

The district department at Wichita Falls has issued a monthly statement to the effect that the contract would be let within the next few days, and still we have no bridge.

Now his paper would like to know when the stall is at this time, and also would like to know whether or not there is anything that we, citizens of Burkburnett can do about it.

Will an aroused citizenry preparing petitions or sending telegrams to officials do any good? If it won't, will a personal delegation visiting the state headquarters of each state do any good? Isn't there some way for us to get immediate action? The big brains in the community ought to think about this very seriously.

There are several reasons we are very deeply concerned about filling that gap and starting on the job immediately. The first reason is that the present structure wouldn't stand a rise in the river that would wet a small ladies handkerchief.

The second reason is that the people visiting here next year would get a very bad impression on entering our state over that rickety structure at the break. That impression would last at least until they got to Burk.

We would suffer more than it would cost us to build the bridge. But any way we still have no permanent bridge. Like Like Pop Eye would say, "Phooey from us to somebody".

OFFICIAL HOSTS

Starting the second week next month and lasting throughout the spring season, Burkburnett will be official host of the county Interscholastic activities. The elimination for the district will start in the first week of February and last until May. The first of our guests will be the basket ball and volley ball teams. These two groups will be here on successive week-ends.

We are sure that Mr. Westerfield is doing all that he can to make the tournament successful and attractive for the visitors. We are also sure that his end of the tournament will be well handled. However, that doesn't relieve the rest of the city without obligations that every courteous host must assume.

The visitors will be here for several days, and they will leave the city with either the definitely pleasant or definitely unpleasant impression. That impression doesn't depend as much on the administration of the tournament as it depends upon co-operation and courtesy of the business men down in town and the citizens in the residential section.

There will be an admission to the games, and one thing that all of us can do to express our gladness to have the visitors is to attend the games at the gym. But our courtesy will only start in that. People who are visiting other towns need hundred of little things that make the difference between their comfort here and their discomfort.

New Years day is past but we think that every merchant and every citizen ought to make a resolution now and keep it in mind that they will go out of their way looking for opportunities to be of service next month and in the following weeks.

Adding Machine Paper at the Star Office

News Of Week

The Social Security Act was one of the bills that went into effect on January 1. There are still many business places that are not aware of the fact that the bill affects them. Every company employing eight or more men or women or both, must keep a week by week report of the amount of wages they pay the employees. Of this amount 1 per cent this year will be sent to the national treasury to start the creation of a fund that will ultimately relieve unemployment.

The only weakness of the bill is that the states have not been fast enough to adopt administrative measures. The federal government will allow each state to administer the fund. The government prefers a system comparable to the insurance laws adopted in New York. In the meantime all employers must deposit the wages for the federal tax.

New Congress

Three big issues face the congress that met last Friday morning, and there is very little prospect of the congress getting through the session without some very serious disturbance on each of the questions. The questions are War Ban, Bonus and Various PWA activities.

War Ban

Just as the last congress adjourned the English and French leaders tried to throw U. S. into the aggressive by suggesting that we take the lead in banning oil exports to Italy. The president and secretary of state did not fall for the bait, but they will be after broader powers of embargo during this session. Italy is already feeling the pressure of the embargo, and U. S. has felt its results. The financial and manufacturing centers are not going to give up the prospects of profit without a struggle.

Bonus

The bonus possibly will pass. It is too close to congressional election for it to fail. Then the soldiers are better organized this year than ever before. The experts calculate that it will take about 30 days to push the bill through.

PWA

Relief was shut off here and everywhere else on January 1, for all employable people. This is bound to raise a fuss and cause a lot of comment and investigation. Politics cause the fur to fly.

Townsend Plan

The Townsend plan for old age pensions will cause a lot of noise, but there isn't much prospect of its getting very far in this session.

Red Cross Bombing

The Italians used very poor judgment when they bombed the Swedish Red Cross station in Ethiopia. For some reason or the other the race has built an ideal around the service rendered by the Red Cross and the bombing is generally considered an act of barbarism by all the world.

To make the act seem worse they wouldn't apologize or send a message of regrets to Sweden. That just hasn't ever happened before. Red Crosses have been shot up, bombed, burned and attacked, but never before has a nation done so and not apologized very diplomatically about the "mistake" that was made.

World opinion has crystallized into active opposition for the first time since the war in Africa started.

Aggressive President

The president took the aggressive last Friday night when he delivered his annual message to the congress assembled in a body at the national legislative houses.

He sent out a ringing challenge to those who criticized the new deal or any part of it to substitute the program for the next election. The message was really a political speech.

It included an affirmation of the acts of the new deal, the neutrality policy, and other new deal features. This will be a delightful battle to watch from now until next November when the American people cast the final ballot.

Devol Church Has New Year's Party

Honoring Rev. W. C. Bucy, and his family, new pastor of the Lafton demonstration charge, the Devol Methodist church held an elaborate service and party New Years eve at the church in Devol last week. After the formal service led by the pastor the members of the church gave the pastor an old fashioned pounding. The generous response of the members was climaxed in the arrangement of a new kitchen stove for the parsonage.

The work at the Lawton demonstration charge is one of the most successful of its nature in the state, and the progress of the work has been very successful under the new pastor.

Pneumonia Claims Child At Residence Near Burkburnett

With a sister desperately ill of pneumonia at the family home 8 miles southwest of Burkburnett on the Iowa Park road, James Edward Walpup, year-old son of Mr. and Mrs. O. C. Walkup, was buried Saturday afternoon in the Burk cemetery.

James Edward died early Friday afternoon of pneumonia, from which he became ill about a week ago. Physicians said Friday the small sister was in grave condition.

The Rev. O. C. Mowery, pastor officiated at funeral services at the Magnolia Baptist church Saturday afternoon at 2 o'clock. From there the body was taken to the Burk cemetery for interment under the direction of Owens-Brumley Funeral home.

Besides the parents, the infant is survived by two sisters, Ester and Louise, and a brother, Gilbert, and the grandparents, Mr. and Mrs. W. T. Walkup all living near Burkburnett.

J. F. Perona Rites Held Last Friday

Funeral services were held Friday at 2 p. m. from the Catholic church in Montague for John F. Perona, 26, Byers community farmer, who died in a hospital at Wichita Falls Thursday morning as a result of blood poisoning. Interment in the Catholic cemetery at Montague was directed by Owens-Brumley Funeral home of Burkburnett.

Mr. Perona had lived in the Byers district for seven years. Survivors include the widow and four small children, the parents, seven sisters and four brothers.

B. T. S. Entertained Watch Party Tues.

The members of the B. T. S. of the First Baptist church were entertained with a New Year's party at the home of Lorean Alvey Tuesday night, Dec. 31. The group gathered to watch the old year out and the New Year start. The guests were received at the door by the hostess who gave them a list of "Roots and Regulatuisaons" for the evening.

The social hours were spent playing various games such as a treasure hunt, bean, and pantomimes, along with several other interesting contests. During the evening an operation occurred—see some B. T. S. members for further details. Some young doctor may want a job soon.

At the midnight hour as the new year approached, the guests were served delightful refreshments. The following were present: Claudia Mae Bowman, Clifford Duke, Myrl Cheney, Quannah Nichols, Gladys Smith, Joe Johnson, Bernice Smith, L. W. Sutherland, Lorene and William Carnes, Elizabeth Birkhead, Paul Hudspeth, Marie England, Frank Dickson, Ruth Johnson, Donald Cress, Modene Pinkston, Gladys Pinkston, Hazel Pinkston, Earima Strickland, Goldie McCaig, Irilla Barton, Thelma McCaig, Ruth Bryarly, Lavern McCaig, Louise Kent, Frank Germany, Edna Styles, Edward Barnes, and the hostess, Miss Lorean Alvey.

The B. T. S. extends a most hearty invitation to all young people to attend the B. T. S. each Sunday evening at 6 p. m.

Pneumonia Attack Is Fatal For T. J. Parrie

T. J. Parrie, 73, resident of Wichita Falls for 16 years, died at 2 o'clock Sunday afternoon from pneumonia. He had been ill since Wednesday.

Funeral services were held at 2 o'clock Monday afternoon from the North Side Full Gospel mission with Rev. S. E. Doyle officiating. Interment was in the Riverside cemetery under the direction of the Owens-Brumley Funeral home of Burkburnett.

Mr. Parrie had made his home with a daughter, Mrs. K. D. Wilbanks of 708 Houston street. Other survivors include the widow, a son, W. T. Parrie, of Clovis, N. M., and two sisters, Mrs. H. L. Wilson and Mrs. C. H. Lowdermilk, both of Wichita Falls.

SLEEP!
Tonight!

When the worries, noise, confusion, high-tension work, or hectic pleasures of your waking hours "get on your nerves," here is a simple time-tested preparation that will bring a feeling of calm and relaxation and allow you to get a good night's sleep. Dr. Miles Nervine quiets your nerves. It is not habit-forming and does not depress the heart. Why take chances with dangerous habit-forming drugs? Why use narcotics that make you dull and depressed? Millions have found relief, relaxation, sleep, by using Dr. Miles Nervine. Although first used more than fifty years ago, Dr. Miles Nervine is as up to date as today's newspaper. Nothing better for the home treatment of overtaxed nerves has ever been discovered. Your druggist sells Dr. Miles Nervine. We guarantee relief, or your money back, with the first bottle or package.

THE BULLDOGS GROWL

EDITED BY STUDENTS OF BURK SCHOOLS

Senior News

Editor and Chief Resigns

The Seniors always regret losing a good officer, and such was the case of late when the editor and chief, G. L. Shaffer, resigned. Last year when this was juniors, G. L. proved to be such a good president that he was re-elected for Senior president. His splendid work as editor in chief, as well as class president, has been much appreciated by the class.

Even though a good officer of the Senior class resigns a good officer, never mind but what another good officer for that office can be found. The office was vacant but a short time, because there was no trouble in finding one who could fill the vacancy as it should be, and that was none other than Geneva Minick. Geneva is already doing splendid work, as she is a willing worker, and indeed capable of the work to be done in the office.

OUR SCHOOL

By Pauline Brown

Everyone started to school to learn so as to be intelligent and stern. That is why we are here today—To learn to be smart and obey.

Many new things we learn each day To help us in our future way, For we would like to be great men And in high school is time to win.

The county meet will soon be here Because the time is very near; We must all help our school so dear To win the victory this year.

This is the time to win some fame And everyone will know our name. Some event to enter must be our aim And always play a good, fair game.

We must be loyal to our dear school Remember to follow the golden rule, Then we can do the things we long to If only our part we will do.

Seniors

Mary Lafon Alexander

Mary Lafon Alexander was born March 31, 1920, at Tipton, Oklahoma. She spent most of her early life just roaming around Burk. She started to school here when she was six years old. I guess by now we could ask her "how she likes school at Burkburnett."

Mr. Hill is her favorite teacher,

but she will take physical education as her favorite subject. That's because she likes to play so much. Her good ole pal is Grace Preston, as they make a pretty match. She gets up at 7:00 o'clock and goes to bed when the sand man comes. It must be a secret just who she goes with. Mary Lafon, who is that thinks you are a sweet and charming girl?

Her hobby is volley ball,

and she takes up her time by just loafing around.

J. R. Brock

J. R. Brock was born April 4, 1918 in Carlton, Ga. Most of his early childhood was spent at Birmingham, Ala. He started to school here in his junior year.

After a careful decision he has selected some of his favorites. He has no favorite teacher, as he has to pass all of his subjects, while his favorite subject is public speak-

ing. His best friend is Paul Savage. J. R.'s favorite actor is Will Rogers, and he loves all of the actresses.

In his opinion the best looking girl is Christine Milliken. He says he never saw a good looking boy. (Can you feature that?) Just which is the most popular girl is hard to decide. He doesn't know what it means for a boy to be popular.

J. R. gets up just before breakfast and goes to bed when he picks up his Latin book. His hobby is teasing the girls while he sells magazines for his pastime. He goes with most anyone that he has a chance to go with, and furthermore, he said he would go with any good looking girl that doesn't have a date. J. R. wants to be the world's dashing young lawyer. He says the senior class of 1936 is the most dashing, outstanding, romantic, historical class of the age.

Did You See?

The Electra Tigers beat the Burk Bulldogs Monday night?

Polly Wiggins change the subject again. It's Dan Hofacket now. Clayton Shuffler down Dick Hall in two rounds?

Who Homer Brown was with at the show Thursday night?

Louise Grace with Loyd Seruggs in Wichita Falls after the show Thursday night?

Some boys driving reckless in a green Chevrolet coach Sunday?

Can You Imagine—

Pauline Allen going with a boy? Well, she did.

Lillian Rainy getting kicked out of history?

Mary Jo Henson going to the show on Thursday night and sitting by herself?

Mildred having her English?

Ruby Louise getting an exercise in typing?

Wayne Rose going with someone else besides Pauline Browning?

Mr. Blackwell falling for the blond (on the calendar) in typing room?

Pauline Allen, Claudia Mae Bowman and Geneva Minick crowding around a certain little boy at the show Monday?

Margarette Griffin calling Mr. Blackwell "dear"?

Interscholastic League Work

The following have been appointed directors of the various Interscholastic League events for Burkburnett high school and 6th and 7th grades. The office will be ready to render any assistance in ordering supplies, giving help, etc.

We must win our share of points in both athletic and literary events.

Director of athletics for county—Hill.

Debate—Reaves.

Extemporaneous speech—Creighton.

Spelling (high school)—Billingslea.

Spelling 6th and 7th—Kirby.

Ready writers (high school)—Morgan.

Declamation (all divisions)—Tanner.

Field and track, senior, junior, high school, 6th and 7th grades—Johnson and Culpepper.

Playground ball (high school

boys)—Williamson.

Playground ball (high school girls)—McClure.

Tennis (high school boys) Robinson.

Tennis (high school girls)—McClure.

Typing—Blackwell.

Arithmetic—Wesbrooks.

7th grade baseball (boys and girls)—Culpepper and Creighton.

Ready writers (6th and 7th)—Dunaway.

Baseball games and tournament come approximately one month after the rest of the events.

As many students as possible are requested to participate in the various events to be held in the interscholastic meet. This school wishes to encourage everyone that will take an interest in the events and help this school to gain enough point to win the county meet. Every student should make himself a part of this work and select some event to enter.

Wouldn't you feel proud to say: "Our Burkburnett high school was victorious in the interscholastic meet?" It would also be a great honor to the contestants. In fact, the students that do not enter will wish very much to be in the contestant's place. They will think just how much they missed and will regret not having gone out for some event.

Therefore, everyone should participate in these events or at least encourage the students that do participate in them.

Snoops

We wonder what Avis and Marjetta did Friday night. Where was Mildred, Avis?

Was a certain boy home in Wichita Sunday, Emmajune?

What certain girl got stood up Sunday night by Cortez?

Wonder why Doris Ruth is acting friendly toward now? (Remember last week Dan?)

We wonder why Virginia Glidwell was by herself Sunday. Where's all the boy friends, Virginia?

We wonder why Imogene Snoddy can't get her typing. Who are you thinking about?

I hope that's a nice book for you to read, darling, said Mrs. Jeffers to her daughter.

Oh, yes, mummy, it's a lovely book, but I don't think you'd like it, it's so sad at the end.

How sad is it dear?

Well, she dies and he has to go back to his wife.

Sergeant—What's the first thing to do when cleaning a rifle?

G. L.—Look at the number.

Sarge—And what has that to do with it?

G. L.—To make sure I'm cleaning my own gun.

Clifford—I just killed five flies—three females and two males.

J. R.—How do you know that?

Clifford—Three were on the mirror and two were on the table.

All students must take final examinations to receive credit in their courses. No excuses for missing finals will be accepted. Final examinations must be given in all subjects. The amount they shall count in determining final grades shall be determined by each individual teacher. It is recommended that they shall count as a fourth of the term grade.

Students are expected to report for examinations on time and remain for at least one hour. It is recommended that they remain for the entire time.

Please stay away from the building when you are not taking examinations. You must pay all office accounts, library fines, and check in all library books before taking your final examinations.

No school Thursday, Jan. 16. Please remain away from the building.

Report to your home rooms on Friday, Jan. 17, receive your report cards and enrollment instructions.

Do You Know

What Avis does before he shoots the goal in basket ball?

That Pauline Browning was riding around by herself yesterday? Wonder where Wayne was? (You haven't had a fuss?)

Whose cousin Claudia Mae would like to visit school?

How Emmajune keeps up with a certain boy here in town?

Why Pauline Allen won't bring her cousin to school? (Are you

scared for him Pauline?)

Where Clifford was the night of the pep squad party? Ask the two girls he had a date with—they will tell you.

That Luther Lee got stood up on New Years Eve night? (Or was it the other way around?)

That Lucille has a new girl friend? We wonder who it is?

Why J. T. got so snobby, it can't possibly be because he's going with Barbara Chissey?

Billiejane if you get too lonesome this week, come around and I'll keep you company.

I think I'll dye my hair red because red heads really get over.

Choral Club News

The choral club met at 4:00 o'clock Thursday afternoon, Jan. 2. We elected officers and are glad to announce Ruby Louise Bishop, president; Dorothy Hagard, vice-president; Louise Kent, secretary and Marvilla Elliott, reporter. With Miss McClure as our director, we are hoping to have a successful club and also we are going to do our part.

The club will meet each afternoon at four o'clock beginning Monday, January 6.

Those enrolled are: Mary Gill Nixon, Melba Clark, Kathryn Houser, Ordette Cope, Louise Kent, Della Ashman, Rheba Chambers, Vera Mae Johnson, Emma June Garland, Dorothy Hagard, Margarette Griffin, Christine Milliken, Mary Louise Kelly, Marcellie Foster, Margaret Turner, Pauline Allen, Mary Lafon Alexander, Grace Preston, Mary Emma Hodges, Ruby Andrus, Tempa Davis, Mona Jane Pace, Marvilla Elliott, Virginia Ann Laney, Bonnie Dell Smith, Ruby Louise Bishop, and Juanita Shuffler.

High School Library

The library now owns two more valuable publications of the H. W. Wilson company. "Authors Today and Yesterday" (edited by Kunitz) is a companion volume to "Living Authors" and contains biographical sketches of three hundred and twenty authors who have written books since 1900. Many foreign writers are included, and references for further reading are given. "The Junior Book of Authors" (edited by Kunitz and Hayercraft) is made up of sketches both biographical and autobiographical of authors and illustrators of books for younger readers from the day of Lewis Carroll up to the present. This book also contains a reprint of "The Children's Almanac of Books and Holidays", which was compiled by Helen Dean Fisk.

Teacher's New Years Party

On New Years Eve Misses Thelma Dunaway and Natilie Gorin, assisted by Mrs. E. L. Blum, entertained the faculty of the Burkburnett public schools with a watch party. Each guest came prepared to suggest a game to be played, and the games suggested furnished the evening's entertainment. The following attended the party: Misses Alice Morgan, Norene Kirby, Margaret Tanner, Natalie McClure, Ella and Annie Laurie Billingslea, Gladys Wesbrooks, Ella McGalliard, Clara Dee Witty, Pauline Miller, Vinnie Dee Michie, Pauline Cunningham, Kathryn Lassetter, Janis Franke, Messrs James Guest, Carl Pommerening, H. Lee Clifton, and T. J. Blackwell; Mr. and Mrs. Morris Strong, and the three hostesses. After the party the group attended the midnight show.

Burk Men Attend Wichita Banquet

Fourteen men from Burkburnett attended the banquet at the annual meeting of the chamber of commerce at Wichita Falls Monday night. The banquet was one of the most successful that has ever been held by the organization of that city.

Those attending from Burk include H. D. Smith, president, J. H. Brumley, R. P. Reagan, city manager, H. S. Grace, Herman Brown, secretary, Paul Browning, J. L. Bostic, Tom Boyd, A. R. Hill, Oscar Kemp, J. C. Cook, W. R. Hill, Erwin Schwegler, Harold Van Loh and I. E. Harwell.

NEW LIGHT on an OLD SUBJECT

WE WELCOME the new light that's been thrown on the subject of banking . . . and there's been a great deal of it in the last few years. Frankly, some of it has struck us as being rather silly, but most of the criticism has been sound and constructive. We feel sincerely that any scrutiny of banks and banking methods must result in improved methods, better public relations and future progress.

Texans to Spend Millions in 1936 As Host to U.S.A.

Southwest Empire's Fete of Independence to Center in Dallas

Dallas, Texas.—In 1936 the State of Texas will celebrate the passage of a century since her pioneer settlers won freedom from Mexican rule and established the Republic of Texas, which later became a state.

Throughout the Lone Star State there will be celebrations at places of historic and patriotic interest. The cities and towns which were battle scenes in the Texas Revolution, and communities founded during the exploration and colonization preceding the Republic, will commemorate progress of the only state that existed as an independent republic, prior to its entrance to the Union.

Under the six flags that have flown over Texas soil—those of France, Spain, Mexico, Republic of Texas, the Confederacy and the United States—since 1519, there has been written by men and women, in thought and action, a saga that is truly mighty.

Highlights of the gala and festive celebrations of the Centennial Year will be an event that is in its own right an historic one. It is the Texas Centennial Exposition to open in Dallas on June 6 and continue until November 29.

The Texas celebration represents an investment of more than \$20,000,000. The City of Dallas pledged \$8,000,000 in cash and property and the \$4,000,000 plant of the State Fair of Texas, located within her city limits, will be used as the Exposition grounds. Dallas also pledged \$5,500,000 in cash for building her share of the enterprise, \$3,500,000 of which was raised by a municipal bond issue and \$2,000,000 bonds sold by the Texas Centennial Central Exposition Corporation, comprised of Dallas citizens.

The Texas Legislature appropriated \$3,000,000 and the United States Government a like sum.

The Dallas Exposition grounds consist of approximately 200 acres. Exposition buildings and their cost follow:

Texas Hall of State, \$1,200,000; Hall of Fine Arts, \$550,000; Hall of Varied Industries, Electricity and Communications, \$440,000; Hall of Transportation, \$440,000; Hall of Livestock and Animal Husbandry, \$300,000; United States Building, \$325,000; Hall of Natural History, \$250,000; Rural Boys' and Girls' Dormitory, \$250,000; Hall of Foods and Beverages, \$230,000; Hall of Aquatic Life, \$180,000; Hall of Agriculture, \$170,000; Hall of Domestic Arts, \$75,000; Hall of Horticulture, \$75,000; Band Shell and Pavilion, \$50,000; Hall of Negro Life and Culture, \$50,000; Radio, Police, Fire Station, Texas Ranger Headquarters and Hospital, \$40,000.

Cost of landscaping and paving is estimated at \$675,000. In addition, a half-million dollars worth of utility equipment and \$350,000 in electrical equipment will be installed.

A million dollar sports plant will enable the Exposition to handle sporting events of all kinds. The grounds already have a \$400,000 stadium seating 46,000 people, a horse race track and grandstand costing \$300,000, and indoor boxing and wrestling arenas costing \$100,000 and seating 6,000 persons, a polo field, straightaway and oval running tracks and tracks suitable for automobile or motorcycle races. A standard-sized swimming pool will be constructed for aquatic events.

Main entrance of the Exposition grounds will face the Esplanade of State, 300x1,000 feet, leading to the Texas Hall of State. The esplanade's center will be a reflecting basin 200x700 feet with concealed lighting effects flashing from the pool to adjacent buildings.

The Texas Hall of State, built of native granite, will be 488x258 feet. An 80-foot high center will house the Niche of Heroes, dedicated to illustrious figures of Texas history. The front wings will be devoted to regional rooms, a replica of a Texas mission representing the Hall of 1936. An auditorium in the basement will be used for convention purposes.

HARDIN

(Continued from page 1)

ness and civic enterprise were spent almost while Wichita Falls was a small town, maintained by a scattered agricultural population, cowmen, and a railroad. But in his latter days, the fruits of his long and careful work have been poured into the hands of a throbbing young city for the service of posterity.

Responsibility of Wealth

For more than half a century Mr. Hardin has given this county an outstanding example of industry, prudence, and thrift. Over the same span of years he has subscribed to the influence of the Christian religion which teaches that the workman must be worthy of his hire—that the possession of great riches carries with it the responsibility for great service. Surveying the long way over which he has traveled, and the complex world into which his life has been extended, Mr. Hardin has met the challenge of that solemn charge—he has proved himself a faithful and conscientious steward.

The Ad club has awarded Mr. Hardin a service cup for 1935 be-

What \$10,000,000 Will Do Before June 6

Here are two extremes—below the Texas Centennial Exposition grounds in Dallas as it looks today; above artists' conceptions of the Petroleum

Products Building, right, and the Administration Building, left, both permanent structures, costing together approximately \$625,000, which will

arise on this rough site. Exposition heads are rushing work on projects which call for the expenditure of \$10,000,000 before the opening date, June 6.

cause his extensive philanthropies have made generous provision for the youth of this entire county.

It is notable that the Burkburnett pioneer has endeavored in his endowments to provide for today's boys and girls the educational opportunities which he lacked, and to protect them against the dangers which the complexities of modern life manufacture suddenly and in great number.

Gifts from Mr. Hardin are more distinctly personal than many allotments of wealth might be, for the funds of which he has been possessed were almost entirely the direct result of his personal enterprise.

Industry and Thrift

The Hardin fortune was made before the discovery of oil in Burkburnett in 1918 poured great streams of fabulous wealth into the hands of Wichita county residents. True, it quickly and extensively amplified the wealth which already had been acquired by Mr. Hardin. But the foundation for the vast fortune which has been given away in recent years was created by the industry and thrift of Mr. and Mrs. Hardin, the latter of whom died early in 1935.

Mr. Hardin's outstanding grant of financial aid to Wichita Falls in 1935 was the establishment of an endowment reported as now more than \$200,000 for the operation and maintenance of Wichita Falls Junior College—which, when the new plant is completed, will be known hereafter as Hardin Junior college of Wichita Falls. This grant, like others made for the benefit of local youth, is suspended for the tenure of Mr. Hardin's life. It represents a certain percentage of established trust funds, and is said to be considerably more than \$200,000 at this time. The endowment is for the operation and maintenance of the junior college, and will permit the material lowering of present tuition rates, according to school officials.

For Underprivileged

Another endowment set up by Mr. Hardin in an amount not to exceed \$150,000 is for the general benefit of underprivileged boys and girls in Wichita county, to be administered by a board to be created for that purpose. Consistent with the great program of philanthropies followed by Mr. Hardin in the past few years, this fund for worthy boys and girls of this county is designed to provide educational privileges and vocational training.

A third gift provided by the Hardin estate will provide a fund not to exceed \$50,000 to be administered by the West Texas Children's Aid society. Through this organization, which maintains offices in Wichita Falls, the veteran Burkburnett farmer and capitalist will be ministering directly to unfortunate girls, to orphaned children, and to motherless babies throughout the entire Wichita Falls area.

Tribute to Couple

Gifts to Wichita Falls, as a part of Wichita county, made during the past year explain why the Baptist General convention of Texas a year ago entered the following tribute to Mr. and Mrs. Hardin upon the official minutes for 1934:

"Stewards who have had the industry and thrift to acquire wealth; the frugality and judgment to safeguard it; the vision and conservation to administer their own estate, and invest their money for the good of humanity and the glory of God."

Clara Springs Big Surprise Defeating Holliday Wed. Nite

Burk Fights Gallantly But Is Defeated By Fast Bear Quintet

THREE GAMES THURSDAY

The Clara Greyhounds pulled a rabbit out of the hat Wednesday night, or some stunt of magic, when they performed the biggest upset of the current basket ball season by downing the strong Holliday quintet 30 to 25, in the Wichita Valley league play.

The Burkburnett Bulldogs played a stubborn game and led at the half, but as the full quota of the Fairview Bears arrived on the scene the Bulldogs lead soon wilted before the speedy Fairview attack.

Clara's Surprise

The surprise that Clara pulled was bad news to the other five members of the league. In the pre-season dope the school was not granted more than slight chance to win any of the important games. The fastest game played in years on the Clara court proved that the team is better than any dopster thought, and has improved remarkably this month.

It was a well balanced attack that overcame the Holliday team. Not a single man on the Greyhound team scored over 8 points, but every man scored at least 2 or more, Leon Day leading with the 8 points, and Ferguson garnering 6.

The team kept A. Parker of Holliday fairly well covered but he managed to ring 4 field and four foul goals for 12 points. The game started with Holliday taking the lead at the quarter 7 to 6. At the half Holliday still had the lead 13 to 10. The third quarter was a furious rally for Clara and ended 18 to 18 tie. In the last period Clara stepped out for five field and two foul goals while holding Holliday to three field and one foul goal. The whirlwind finish left Clara sitting on top of the world with Fairview and Nocona.

Burk Starts Fast

Burkburnett started fast when they rushed into the lead early in the game. The team held a Fairview quintet that was minus its major star to a close score all the first half. The half ended 13 to 11 in favor of Burkburnett.

In the last half coach Randle Watkins rushed his shock troops into the game, and the story changed rapidly. The Burk lads could not withstand the fast moving attack of the Bears. The game ended 37 to 15.

While stacking up the huge lead the Bears never gave the Bulldogs a chance at a field goal. The game was fast and rough in spots. Four men were taken from the game for the maximum of personal fouls.

Nocona defeated Henrietta in a game at the Clay county seat.

Some men look stern by self-discipline and some by self-importance.

And the question is whether there is a political jam on relief rolls.

Expo's Manager

William A. Webb, above, of Dallas, was named general manager of the Texas Centennial Exposition, which opens in Dallas June 6, because of his long experience in handling rush construction jobs.

A veteran railroader, one of Mr. Webb's greatest accomplishments was rebuilding and remodeling the great South Australia government-operated railroad, a \$70,000,000 project. He was recommended for the task, which he finished in 1931, by the U. S. Department of State.

Senior News

The Seniors have all promised to start the New Year out right even though it is hard to keep resolutions even for one day. There were many resolutions made but probably the most of them resolved to study more and maybe there will be some improvement in daily lessons—for a week anyway. For instance Evelyn Thompson has resolved to prepare her Spanish lesson every day. We imagine that there were some who really needed to make resolutions and seemed to have completely forgotten about this being the New Year. Seniors such as Shorty Beaver, Maxine and Marvadine Vines must not have needed resolutions—at least they didn't make any.

Personals

Helen Parker spent the week-end with her grandparents at Loveland, Oklahoma.
Ann Drennan spent Sunday at Clara visiting friends.

Sports

The Fairview Bears played in the Henrietta Basketball tournament last week-end but won nothing except some good experience. They defeated Ringgold Friday afternoon at 3 o'clock by a score of 28-25. This was a slow uninteresting game and the Bears seemed not to be able to get off their feet. Friday night, however, they showed some real classy basket ball in their 46 to 26 defeat of Geraldine. The Bears were up on their toes and really played some basket ball. Saturday afternoon in the semi-final game with Rhome they fell back into their slump of the previous afternoon and played a "dead game of ball". Rhome defeated them 27-24. Rhome won the tournament though.

The Bears journey over to Burkburnett Wednesday night to open up the new Wichita Valley Conference. This is expected to be a tight game because of the long rivalry existing between the schools.

Thursday night the Bears will entertain Holliday on the local court—and you know what Holliday means to us!

Friday and Saturday the Fairview team is entered in the tournament at Bowie. They played St. Jo Friday night at 9:30.

Boy Scout News

Saturday the Boy Scouts had a basket ball tournament. The first game was played by the wild cats again black jacks, then the tigers played the flying eagles. The following were captains: Billy Roberts, Wild Cats; Billy Bush, Tigers; Dean Smith, Flying Eagles; James Brown, Black Jacks.

The Boy Scouts presented the chapel program January 2, 1936, which was the program after the holidays. Their program was as follows: "How Scouting Came To America" by Louis Tol Bogy and Dale Boyd. "These Fathers"—A playlet.

The scene of this play is in the living room of Alicia, who lives in Mexico City. The stage representing this scene was appropriately decorated with Mexican serapes, Spanish shawls, Mexican vases, etc.

The interpretation of the Spanish story was given by Carrie Ruth Stonecipher. Following the playlet Ruby Jewel Williamson delighted the audience with an unusual oration in Spanish.

Robbers Robbed in "Outlawed Guns"

"There is honesty even among thieves"—but not much.

This truth is again demonstrated in "Outlawed Guns," the Universal adventure drama which plays at the Tex Theatre Friday and Saturday, with Buck Jones in the starring role.

An exciting angle of the plot concerns the robbery of a stage coach in the Far West, and many strange situations arise through "double crossing" tactics of members of the robber band. The hijacking bandits constantly attempt to hijack each other, and their involved plotting among themselves finally culminates in a revelation that splits the gang in an explosion of anger and amazement. When a robber becomes himself the object of robbery—that is just too much!

In the midst of his stirring pursuit of the bandits, Buck Jones finds time for romance when he meets Ruth Channing, and a pretty love story is developed in spite of lashing guns and the stern business of rescuing his younger brother from a life of crime.

Examination Schedules Announced By Schools

The examination schedule for the high school students starting next week have been posted by the officials. The school will hold regular classes on Monday, January 13, and the students will start the final tests at 9 o'clock the following day.

The students must take the final examinations for credit in the courses. No excuses will be accepted for missing the final exams. The student will be required to remain at least one hour for each examination, and report on time for the test. There will be no school on Thursday, January 16, on the following day the students will be required to report to their home rooms for report cards and enrollment cards. The hourly schedules appears in the Bulldog Growl.

GOULD BLINDS USED TO CATCH WATERFOWL

In order to catch ducks and waterfowl, Indians of old Mexico floated gourds on the water near the fowls until the birds were accustomed to the floats. Then the Indians fitted the gourds with peepholes, over their heads and with their bodies under water propelled themselves to the ducks and grabbed the legs of the unsuspecting victims.

Gov. Allred Sends Birthday Greeting To Isaac Wilhoit

104 Year Old Burk Citizen Receives Telegram Thursday

HONORED BY EXECUTIVE

James V. Allred, governor of Texas, sent greetings and congratulations to Isaac Wilhoit, pioneer Texan, on the attainment of his 104th birthday and his 94 years as a citizen of Texas, Thursday morning. The greeting came via telegraph from the governor's mansion in Austin.

The governor stated: "May I congratulate you on your long span of life. You are contemporary with the centennial growth and development of Texas. Many and varied have been your experiences. I trust that your birthday will find you happy in your citizenship as a Texan and that you will be spared for many years to come. With kindest personal regards, I am sincerely yours."

James V. Allred, Governor of Texas

Mr. Wilhoit came to Texas over 94 years ago, and since that time has contributed a typical pioneer service to the progress of the state. During the Civil War he lined up with the forces of the South, and fought for the Confederacy. With the same spirit of loyalty that prompted him to fight for the state and the South he has lived in the state during times of peace serving faithfully.

Only three years ago he celebrated his 75th wife anniversary with his wife, whom he lost soon afterwards. Since that time he has lived with his son, George Wilhoit at their home just west of Burkburnett.

The couple shared many exciting experiences during their 75 years of wedlock. They fought storm, drought, Indians, and all other hardships that beset the average pioneer. Sturdily they continued their task of living the best possible life. Their children have grown up to be sturdy citizens like themselves. They have children, grandchildren, great grandchildren, and great, great grandchildren, that have settled in Texas and other pioneer states of the west to help in the empire building of the territory.

It was a happy citizen that is proud of his state that received the personal congratulations of the governor Thursday morning.

"I Found Stella Parish" Dynamic Screen Play

Kay Francis brought tears to the eyes of women patrons and a suspicious moisture to the eyes of many of the men in First National's intensely emotional drama, "I Found Stella Parish," which comes to the Palace Theatre Tuesday and Wednesday.

"I Found Stella Parish" is one of the most powerful dramatic productions in which the brilliant star has yet appeared.

The story of John Monk Saunders concerns the hidden life of a brilliant but mysterious actress who has climbed to the pinnacle of success and whose marvelous artistry is the sensation of all London. Her strange disappearance just after the premiere showing of a new and successful play startles the world and leads to a search for her by a brilliant young journalist.

His discovery of her living in disguise and the publication of the scandal that rocks the two continents and wrecks the actress' life. How this young journalist learns that the woman he had ruined had loved him and his subsequent battle to undo the wrong he had done her and to bring her back to the path of success is as glamorous a romance as has been depicted on the screen.

Because Australian railroads, after 80 years, still use three gauges of track, the economic loss is two billion dollars.

"ONE FIVE GALLON FILLING RUNS OUR ELECTROLUX FOR A WEEK"

HERE'S great news for every rural home! The finest of modern refrigerators—Electrolux—now operates on kerosene. It brings to the country the same perfect refrigeration, the same unending supply of ice cubes, that has made Electrolux the favorite for more than 500,000 modern city homes and apartments.

Saves On Repairs, Too!
In addition to its other vital advantages, Electrolux's freedom from moving parts means a real saving to you. For parts that move will wear. Electrolux has none to need repair! And no moving parts, either, to cause noise or become noisy!

Modern Living at Its Finest!
Picture this beautiful refrigerator in your home. American women themselves created its smart design. It will make any kitchen a happier place to work in. More important, it will give your food fullest protection, freeze ice cubes and delicious desserts for you, and help you make crisp salads... for only a few cents a day!

Costs Little To Run!
And remember: it brings you, as well, the famous Electrolux economy! Owners report their Electrolux running for as little as 3 1/2¢ a day. Think of it!

Simpler... No Moving Parts!
The reason for the amazing economy of Electrolux is its utter simplicity. Like all Electrolux refrigerators, the kerosene model has no moving parts! The heat from a wickless glow-type burner circulates the simple refrigerant, which is cooled by ordinary air. Electrolux uses no water! Requires no daily attention.

Employables Are Shut Off of The Direct Relief

Twenty-Seven Families Classified as Permanently Among The Unemployable

BECOMES A LOCAL PROBLEM

When direct relief ended January 1, 27 families of the unemployable nature were turned over to the Wichita county office of the state relief program, and Mrs. T. A. Willis of Wichita took charge of the administration of the county relief problems concerning this group. However, a large number of employables were cut off of the rolls and were not able to find work. Of this group the community and county must find some method for care. The city at Wichita Falls has established a soup kitchen, and other cities are falling in line with the program.

F. R. Knauth and Ross Reagan, county commissioner and city manager are working on a plan to absorb the extra persons in the Burkburnett precinct.

When the relief headquarters were shut down here the local administrator, H. D. Smith, was released, and the other members of the administrative office along with him. Some administrative set up will have to be maintained, but the federal government will maintain only the skeleton for the federal direct relief of unemployables.

LUTHERAN LADIES MEET

Trinity Lutheran ladies aid had its annual meeting at the comfortable and hospitable home of Mr. and Mrs. D. H. Holtzen, with Mrs. John Heins and Mrs. D. H. Holtzen joint hostesses. The session was opened with an appropriate hymn, and with prayer led by the pastor. Following the transaction of routine business, the election of officers for the ensuing year were held. The results are as follows: president, Mrs. Earl Rinefeldt; vice-president, Mrs. H. C. Obenhaus; secretary, Miss Clara Schultz (re-elected); treasurer, Mrs. Walter Kasper. An interesting discussion was had concerning liturgical forms in the church service. The ladies expressed their approval of the common order of service widely used by the many Lutheran churches of our land. The meeting closed with the singing of the appointed hymn: "Blest Be The Tie That Binds", and the Lord's prayer. The hostesses then served a very delicious luncheon to the following: Mesdames I. V. Zeck, W. Kasper, Pauline Schwieger, A. Lohofener, H. C. Obenhaus, A. Brockriede, Edd Hieserman, L. F. Ramming, Della Ramming, J. Heins, J. C. Rathke, Ella Schultz, C. B. Kiesling, Oscar Schroeder, Henry Schroeder, E. R. Birkmann, Fred Minick, Paul Kaiser, Miss Clara Schultz, the Rev. Paul Kaiser and the following guests: Mesdames Will Ramming, and R. C. Campbell, of Wichita Falls, and B. A. Dorland, of Hinton, Oklahoma.

Rotarians Hear Judge Britian

Judge A. H. Britian, Wichita Falls attorney, spoke to the Rotary club at noon Tuesday at the luncheon in the banquet rooms of the First Methodist church. The speaker described the highlights and side-lights of the Rose Bowl trip that he had made with a party from Wichita Falls. The talk was filled with humor and excellent description, telling of the thrills of the great game on the West coast.

The program was in the charge of Dr. Ruel Slaughter and presented a variety of entertainment. The first musical specialty was two solos sung by Othar Wheeler, including "Old Faithful" and the new theme song of the club, "Red Sails in Teh Sunset". The quartet composed of T. Guy Willis, Jess Ashton, Butler Westerfield and Othar Wheeler sang a series of songs. The group was accompanied by Miss Blanche Butler, and was dressed in cowboy costume.

The visitors from Wichita Falls included A. C. Epp, Frank Harris, J. P. Tarry, A. H. Britian, Andy Vaught, guest of Neely Vaught and from Plaza Huinacil, Argentina, South America.

Big Rabbit Creek

January 5, 1936

Just one big hog killing time was given to honor of Mr. Tobe Hardin and Mrs. Martha Nails and her son Charlie. Just after Christmas the three made up their minds they would go on a little vacation trip back East in Oklahoma, back where Mr. Hardin and Mrs. Nails grew up from childhood to visit with their old school mates which were also children in those days, and to visit relatives. Their destination was a little city (inland) called Milburn, Oklahoma, more than 75 miles east of Atoka. They arrived about 5:30 p. m. In their childhood neighborhood they hadn't hardly had time to say howdy to their relatives until the news began to start over the phone and by horse back that Tobe Hardin and Mrs. Nails and son had arrived, and by 9 o'clock there was hardly standing room in their kin-folks' fine home. Young and old came to greet them, and to show them a good old hog killing time by the very best of music by different musical instruments, also by dancing until a late hour. Best of all at straight up 12 midnight a grand old fashioned spread was laid which consisted of fried chicken, different kinds of wild meats, coffee, cakes of all kinds and oodles of fruits and candies. The evening's program started off with the Milburn Hard Crust band which rendered their most selected pieces for over an hour. The violin leader's name, Mr. Legs, guitar picker, Joe Pretty, banjo picker, Shorty Blues. While the band was playing their best Mrs. Sadie Pretty with her husband jumped out on the floor and believe me they sure did some high-tone waltzing. During the night's entertainment the snow was gently falling outside which made Christmas more impressive. The head of the house where the party was given in honor of their guests, appointed Alvin Blue Begal to look after the good old-fashioned fire place to see that a good fire was kept up for which Mr. Wooddeasy is an expert at the business, building and keeping up fires. About this time Mr. Hardin just couldn't stand it any longer so he jumped up and grabbed Mrs. Ida Bone by the arm and out on the floor they went and the way they did the Wholow dance was a sight. Mrs. Nails sat over in the corner on a trunk chewing a wad of gum the size of a hickory nut and some of her friends thought she was taking a bad case of the mumps. The visitors departed at 1:30 a. m. wishing their friends back again next Christmas for another big party. (Mr. Wooddeasy was present and took a big part in the party.)

Quite a few swine were killed over across the big pond this past week and there will be lots more killed this coming week. Marshall Young killed two fine hogs this past week. He hired Tobe Hardin to help him butcher and was very fortunate at that as Mr. Hardin is given up to be the best hog butcher that has ever come to the Big Rabbit Creek neighborhood. Wherever he is called to butcher or help butcher, Tobe saves everything about the hog but his squeal.

The writer made a flying trip over to the lively city of Burkburnett Saturday on urging business with W. H. Martin. He took time out to go and try to get in Boyd Bros. big store to look for a party. Believe it or not it took 35 minutes to go from the front of the store to the back on account of the large number of shoppers buying groceries and everything else. It took just as long to get out. I don't believe a person will find a store in Fort Worth or Dallas that is any better stocked up for any and everything a man wants to buy than the Boyd Bros. big general store. The boys themselves, as well as the clerks always meet their customers with a smile. They sell everything from a sewing needle to the Delco radios.

Mrs. Ed Owens with her two hired help will start moving Monday morning down on the W. H. Martin fine farm. The two Linksey brothers will help them move. It will take all of the week to get moved and everything adjusted to its place. It will take another week to move all tools and their fine lot of feed.

Johnny Mouser will start moving his family and belongings Monday morning. Mouser is moving to one of Clarence La Barre's houses. He has been living on the Indian lease for some time that Bro. John Ashton has contract of.

Jack Clay and his parents moved in the Indian lease house that Johnny Mouser moved out of. The Clays will work for Bro. John thru 1936, the writer has been advised.

Henry Babers who has been visiting his father and mother and other relatives back in Alabama arrived home soon after Christmas. Mr. Babers reported to the writer that the part of Alabama he was in had very poor crops this past year.

Cap. Myers of Randlett has rented the Owens family old homestead for 1936 and will move his family

Knauth Announces For Commissioner Of Precinct No. 2

F. R. KNAUTH

F. R. Knauth, a resident of Burkburnett for many years, announces this week for re-election as County Commissioner of Precinct No. 2.

His announcement follows:
I am presenting my candidacy for County Commissioner for Precinct No. 2, Wichita County, subject to the Democratic Primary. With the loyal support you have given me in conducting the Precinct and County affairs, it has been a pleasure to work for you.

Here are a few things I have been instrumental in accomplishing for the Precinct without ever calling on you for a bond issue. First, the free bridge across Red River, \$40,000.00; 50 miles of gravel and hard surfaced road; 75 per cent of all wooden culverts and bridges replaced by concrete structures; thousands upon thousands of dollars of State and Federal money spent in the Precinct to the unemployed in this Precinct within the last few years. I now have one project in operation and two more to come up soon which will mean \$25,000.00 more Federal money to be spent in this Precinct.

Burkburnett being one of the gateways over the free bridge for the Centennial this year, I took it upon myself to induce the State Highway Department to widen and beautify the State Highway from the free bridge to town, thence south to the Precinct line beyond the airport which work is under way now.

I have always tried to be a faithful servant to you, so if my work has been satisfactory I shall appreciate your vote and support in the coming Primary.

yours to serve,
F. R. KNAUTH.

1,000,000th Chevy To Be Presented To Oldest Owner

Chevrolet's one millionth car of 1935 production is to be presented to the owner of the oldest Chevrolet licensed and in regular use in the United States, according to H. C. Howard, Zone Manager, Chevrolet Motor Company, Dallas.

Mr. Howard says, "The Millionth Chevrolet built within the current year came off the assembly line at Flint, Michigan, on December 12, just eight days after Chevrolet produced its eleven millionth car since the beginning of the company."

He continued, "Presentation of the millionth car of the year—a 1936 Standard coach—will be made to the owner whose Chevrolet is discovered, between December 16th, 1935 and midnight Jan. 15, 1936, to be the oldest model licensed and in regular service."

He specified that, to win, the old-timer Chevrolet must have been regularly licensed for operation during the current year, possessing its own 1935 license tags issued before December 1. It must, also have been licensed as a passenger car, and be equipped with a complete passenger car body. It must bear the original engine and chassis numbers, legible and unaltered.

To enter a Chevrolet for consideration, the owner need only drive it to any Chevrolet dealer's salesroom and submit it for examination, receiving a blank on which he will report the engine and chassis numbers of the car to the Chevrolet Motor Company at Detroit, where the company's records will determine which is the very oldest in service.

"Chevrolet is happy to present this 1936 model" said Mr. Howard, "because it feels that some recognition is due the owners of Chevrolets. Our achievement of a production totaling well over a million cars during 1935 is to be credited largely to motorists who began purchasing Chevrolets years ago and have placed many repeat orders since then."

"I wish that I could have the thrill that is in store for the owner whose early Chevrolet—a car maybe 15 or 18 years old—will be supplanted by a 1936 model."

Mr. Howard stated that although the presentation will be made as a New Year's gift, the time for submitting cars for consideration has been extended, to include Jan. 15, because of the short period between Dec. 12, the birthday of the millionth car of the year, and the first of the year. Announcement of the award will be made on or about Jan. 22 as soon as the records can be carefully studied to determine exactly who has the oldest Chevrolet in active service.

Mrs. Knauth Honored On Birthday Friday

Mrs. F. R. Knauth was honored at a surprise birthday party at her home Friday, January 3.

After displaying many useful and lovely gifts, each guest was asked to relate some amusing incident of her childhood which proved to be an interesting pastime.

Mrs. Marshall Cherstman won first place in an advertisement contest and presented the prize to the honoree.

Next Mrs. Knauth cut the beautiful white tiered birthday cake after which a delicious refreshment plate was served to the following:

Mesdames W. M. Majors, J. N. Thomas, Belle Gebhardt, S. H. Baker, J. O. Baker, Marshall Cherstman, A. Lohofener, Pauline Schwieger, Bertha Cropper, H. C. Gilbert, O. V. Thompson, Cates Thompson, F. O. Minick, W. T. Vance, John Parker, Jud Exley, R. H. Henry, A. J. Key, D. A. Wesbrooks, Mrs. O. E. Baker, Mrs. C. I. Jennings, Miss Minnie Knauth, and the honoree, Mrs. F. R. Knauth.

Those sending gifts but unable to attend were Mrs. Jew Bent, Mrs. Arthur Everts, and Mr. F. R. Knauth.

Don't Cough Tonight!

Most night coughing is due to simple throat irritation. For this kind of cough you need the soothing, penetrating, relieving action of a real throat medicine—Thoxine.

In 15 minutes and with only one swallow, it will break up that harsh, irritating cough, help loosen phlegm and congestion. Also acts from within to check throat cold. Before you know it you'll be relieved—ready to sleep like a top. If Thoxine fails you tonight, get your money back tomorrow. Pure, safe even for children. 35c, 60c, \$1.00 bottles.—Heine's Drug Store.

Warren Aldridge Pioneer Wichitan Dies Wichita Mon.

Warren E. Aldridge, 70, resident of Wichita Falls since 1909, died at his home, 505 Adams street early Monday morning, and funeral services were held in the Lamar Avenue Baptist church at 3 o'clock Tuesday afternoon with the Rev. S. F. Martin officiating.

Pallbearers were Geo. W. Russell, J. J. Jennings, M. M. Ingham, L. A. Litzberg, C. O. Simmons, and S. L. Caldwell. Dr. H. T. Wood of the First Christian church assisted Mr. Martin.

Members of the Masonic fraternity attended the funeral in a body. They met at the Faith lodge rooms at 2 o'clock Tuesday afternoon. The Owens-Brumley Funeral home of Burkburnett were in charge of arrangements.

Mr. Aldridge, a native of Edwardsville, Ill., was married March 4, 1885, and the Aldridges moved to Wichita Falls 27 years ago. He became a Master Mason at the Mt. Carmel, Ill. lodge No. 239, A. F. and A. M., in 1901. He affiliated with Faith lodge, No. 1158, A. F. & A. M., Oct. 16, 1923.

Survivors are the widow; three daughters, Mrs. Florence Zruce, Mrs. Maggie Satterwhite and Mrs. Dott Whitworth; six grandchildren and two great-grandchildren.

**Library Purchases
Several New Books**

The library purchased about \$50.00 worth of new books last week, and will have them ready for the shelves as soon as they are catalogued. The books are mostly for children and young people of high school age, but they are all of interest even to grown-ups. Several of the more mature novels would make interesting and informational reading for any age.

The books vary from scientific treatises on oceanography to mechanical communication and history of communication and to simple narrative of adventures and sports.

The books with short summary and author are as follows:

"Sandy's Kingdom," Mary Gould Dane, a story of a wise shepherd dog, and his actual life on a Maine farm. "Guardians of the Coast," John Floherty, stirring relation of the adventure of men of the U. S. coast guard, for high school age or older. "Little House on the Prairie," Laura Wilder. Miss Wilder continues the story of life on the Kansas woods of a simple folk. "Coot Club," Arthur Ransome's exciting story of the Norfolk Broads that are so well known to children. The near coast life of children.

"Pearl the Potter," Idella Purcell, real story of Mexico and Mexicans in which a small boy assumes the responsibilities for his family after his father's hasty departure before a group of soldiers. "Asido," Cecil G. Trew, another story of a Mexican pony. "Chinese Twins," Lucy Perkins, undoubtedly the best children's story of the real Chinese children and their adventures in seeking learning.

"Heels, Wheels and Wire," Francis Rogers and Alice Beard. This is a story of communication from the runner to modern machinery. Very readable and interesting even to grown-ups. "Caddie Woodlawn," Carol Rye Brink. Civil War days of the adventure removed from the battle front and out in the frontier territory.

"The Sea for Sam," Maxwell and Wilfred Bronson. Brief summary of the science of the ocean very beautifully illustrated. Readable and informational. "Lona," Genevieve Fox, a story of love winning the hearts of reticent mountaineers, by a cripple girl, and outsider.

"Kelpie," Ursula Williams, a story of a gypsy pony and his adventures in England. "Five at Ashfield," Christine Govar, story of a group of children from the city who find life very interesting on their first trip to a farm.

"Sporting Chance," Don Haines, about a young man who learned to forget snobbishness when his wealth disappeared. "Once at Woodlawn," Frances Lowry Higgins, story of the post Civil War life in the northern U. S. "Wind," Howard Pease, adventure on the season in a tramp steamer with a full mystery story involving the international arms traffic.

"Glendale Five," Ralph Henry Pease writes of the typical high school story of a group of boys and an athletic team-basket ball in this case. "Honey Jane," May Justus' story of a struggle of a very lovely girl in the midst of a family feud. "Poney Express," Howard Driggs' very scholarly but interesting detailed story of the route across the U. S. in the stirring days of the Pony mail routes.

"Og of the Cave People," probably will be read more by grown-ups than the children for whom it is intended. Story of the life and adventures of 100,000 years ago.

**Proclamation By The
Governor of Texas**

To All Whom These Presents Shall Come:

Whereas, it is fitting that we dedicate ourselves in all lines of endeavor so that we may continue the glorious progress in the coming century, which has been Texas' during its first one hundred years, and

Whereas, no more worthy effort could be made than that of rededicating ourselves to the principles of democracy and the standards of conduct, religion and law which were advocated by the founders of our state, and

Whereas, the churches of Texas are planning to celebrate the Centennial Year with a call for all citizens to co-operate in this great movement.

Now therefore, I, James V. Allred, governor of the State of Texas, do hereby urge all patriotic citizens and organizations to back the churches of this state in the Texas Centennial Revival which is designed to preserve our State for another one hundred years of glorious progress toward brotherhood.

In Testimony whereof I have hereunto signed my name officially and caused the Seal of the State to be impressed hereon at Austin, Texas, this the 27th day of December, A. D. 1935.

James V. Allred,
Governor of Texas.

Current Literature

We had been expecting to see someone take the "installment buying idea" some day and make either a good non-fiction or series of essays books out of it, but it is surprising that Josephine Lawrence has been able to make such an interesting—although depressing novel on the thesis "If I Have Four Apples" is the story of an American home, portraying its financial distress as due to its weakness and ignorance of the individuals who comprise the household during a national depression.

The Hoe family like the majority of the Americans find themselves hopelessly and blindly stacking up debts. Refrigerators, cars, dancing lessons, groceries, all bought on the future income, and the struggle of the payments on a depression salary.

The thesis of the book is that two apples plus two apples equals four apples and not eight avocado pears. The author's keen portrayal is timely and very provocative.

Then along the same line but an entirely different type of book is that highly technical but interesting discussion of "The Court and the AAA" by Dr. W. Y. Elliott, professor of government at Harvard University. We will pay tomorrow for the mistakes of today.

That important discovery of the fragment of the New Testament is of interest to all church people. John Rylands Library of Manchester has produced a long forgotten and early copy of the New Testament. It fills a gap in the Gospels that has long been a puzzle to the scholars. On a small piece of papyrus codex the 31, 32 and 33 verses of the 18th chapter of John, and 37 and 38 verse of the same chapter, will fill a gap that has puzzled every student. It is announced to be the most important discovery made in several centuries.

The fourth Gospel was composed between 135 and 140 A. D. The new fragment is supposed to be the original gospel published in Ephesus and traveled to Egypt.

Since that is true the commentators argue the gospel must have been written at least 15 years earlier than it was thought to have been written. This work is 280 years older than the oldest manuscript extant of the New Testament.

The new books recently bought by the library were mostly for children, but there are three we would recommend for every adult. The first one is "Heels, Wheels and Wires," a story of the development of transportation and communication since the dawn of history. It makes very interesting reading, and is highly informing.

"Og of the Cave People" is purely imaginary, but based on sound science discussing the struggle of the race to survive during the last glacial period.

"The Sea For Sam" sounds like a novel for tiny folk. It is really a very accurate discussion in readable terms of the wonders of the ocean. The descriptions and discussions are well written and very scientific.

Meetings Next Week

American Legion will meet Monday night at the Legion hall.

The Ladies Bible class of the Presbyterian church will meet at the home of Mrs. J. L. Anderson, Thursday afternoon, Jan. 9, with Mrs. W. C. Gage co-hostess.

Current Literature club will meet Thursday, Jan. 9, with Mrs. Fred Flanagan hostess, for study of "Biography."

**Christian Class
Met Sunday Nite**

The young peoples class of the Church of Christ met Sunday night, January 5, with 44 members present. Miss Laverne Beaver, former vice president, became president succeeding Raymond Beaver, retiring president. Other officers were elected and included Clark Jacobs, vice-president, and Woodrow Montgomery, sergeant at arms.

The class accepted an invitation to present a program at the Weeth church in the near future. The executive officer and the sponsor, Carl Pommerening will prepare the program.

Sunday's service included songs by the assembly led by Lucille Montgomery. Other features included a discussion of "Contentment," "The Attitude of Contentment," "Ola Guthrie: "Contentment Lengthened With Godliness," Reginald Beaver: "Contentment Divinely Approved," J. T. McPherson: "Unhappy State of Righteousness," Jessie Mae Brady. The meeting was concluded with the devotional by Frances Beaver.

**Chevrolet Sales Set
Record During Dec.**

Retail sales of Chevrolet cars and trucks in the second 10 days in December continued at a record-breaking rate, according to figures released today by Chevrolet Motor Company. They totaled 31,797 units, an increase of nearly 200 per cent over the same period last year, and 31 per cent over the high figure established in the preceding 10 days. These figures brought the total for the first 20 days of the month to 55,915 units, as compared with 22,792 in the first 20 days of December, 1934.

Used car sales also showed a sharp upward trend. The second 10 days' sales were 42,854 units, as compared with 26,274 in the second 10 days of December, 1934, and 36,911 in the second 10 days in November. The first 20 days' used car sales were 77,889 units, an increase of 54 per cent over the same period last year.

Present new car schedules for January, it was announced, are 110,000 units which will require peak production throughout the month. In light of the fact that orders are still arriving from dealers in large volume, heavy output is indicated through February and probably well into the Spring.

**Texas U. Bureau
Reports Progress
For Business Soon**

Prospects for a continued improvement in business conditions are apparent as the new year starts, in the opinion of Dr. F. A. Buechel, University of Texas.

"The upward trend in general business activity which began in

July has not been reversed, but during the past three weeks the rate of increase has slackened considerably, and there are indications that a temporary recession in industrial activity may occur early in the new year," Dr. Buechel pointed out. "Notwithstanding this possibility, the outlook for next spring and the entire year 1936 is distinctly promising. Such uncertainties as exist are mostly of political origin—the convening of Congress, and the tradition, unfounded though it may be, that a presidential election year is detrimental to business.

**Baptist Sunday School
Class Elects Officers**

The fourteen year old girls class of the First Baptist church elected officers in regular class meeting Sunday morning with Virginia Vaught presiding. There were ten members present and voting for the new officers. Those elected included: Georgia Parker, president; Mary Gill Nixon, vice-president; Virginia Vaught, secretary; Mary Woods, reporter; Melba Clark, assistant reporter and social committee was appointed to include Jean Thompson, chairman, Peggy O'Neill, and Lois Stegall.

Mrs. John Brookman, teacher and all the class sent special invitation to all girls of this age to be present next Sunday.

Mr. and Mrs. G. C. Watkins and son Douglas, and Mr. and Mrs. Nat Wilks of Denton, Texas, were the week-end guests of Mr. and Mrs. Randall Watkins.

That Townsend Planner elected to Congress in Michigan is named Main. His supporters hope that as Main goes, so goes the Nation.

MEASURING BY THE YARDSTICK OF ACCOMPLISHMENT

We have learned that proof of the pudding is in the eating. Judging by facts gleaned from a municipal report of Austin, Texas, the citizens have had plenty of pudding to eat as a result of their thriving municipal light plant, an institution in their city for years.

The 1934 report (the report for last year not yet being available) indicates that tax valuation assessments were reduced 15 per cent; that consumers were permitted a discount on light and power bills; that summer water rates were lowered. These three reductions saved the citizens a total of \$167,292.65, made possible because of the municipal light plant.

Revenue totaled \$828,896.16 for the light plant, making possible wide civic improvements and expansions.

Annual Report
The annual report of the organization shows a surprising amount of work that has been done in spite of the limited means with which it has had to work during the year.

The reports include the collecting and disbursement of over \$1,000 for the band activities during the past year. The band has been active during that period, having played at 17 concerts and made 81 appearances on formal occasions during the year under the direction of J. M. Alexander, chairman.

The agriculture committee under Frank Kelley has sponsored the exhibits in connection with harvest festival. Arranged the show for Iowa Park, and dry land exhibits for the prize winners. Held conferences for establishment of sweet cream market.

Civic Affairs
The library drive was successful, and many other features have been added, including free water tank, clean-up campaign, home town contest, representation at various out of town shows and festivals.

The sports committee under B. F. Gilchrist organized the soft ball league and helped construct free light poles at the playing field. The total collection at admission were over \$600.09. Made plans for night tennis courts.

General Activities
Joined Wichita Falls in various activities, and sent delegations to many meetings, including fire convention, W. T. C. C., Texas C of C managers association, collected state and county taxes to amount of \$4,884.00 and license to over \$24,000. Requested payment of bonus.

The membership and budget under H. S. Grace carried out a sustained drive for support, organized and secured co-operation of large majority of the citizens.

The merchants committee under Henry Prizing carried out trades day and established connection with Merchants institute. Arranged for fairer conditions for local bakers. Erected Christmas decoration for holidays, maintained solicitations investigation.

Publicity
Fred Brookman directed in the sending of the band to stock show, published banners, bands, ribbons for conventions and fairs, and secured aid in bringing Firemen's convention here next year.

Trade extension under J. W. Butz secured free trolley service across Red River during flood break, staged pageant at festival, and elected Miss Mable Anderson queen of Harvest festival, conducted community nights at rodeo stadium.

The projects committee under John Bostic set up PWA projects through city and county sources. Kept close contact with all local works projects and supervision. Rented plot of land for the relief gardens.

The highway committee under F. R. Knauth renewed rental on highway signs, worked with Legion in securing the 277 designation as Oklahoma Legion highway, worked for the improvement of roads around Burkburnett.

The fire prevention committee worked out campaign for special week, placed caution signs in prominent places over the city and started instruction of boys from 10 to 14 in the inspection of homes. Secured firemen's convention here for spring.

The financial report shows that the organization has collected and expended more than \$3,350 in dues this year. There have been many other special projects that it has assisted in that would bring the amount to a much higher total.

Baptist All Day Meeting Held Mon.

Lutherans Elect Officers Sunday

The voting members of the Clara Lutheran church met in business session Sunday afternoon for the annual election of officers and general business session for planning and raising of budget of church and school. The Elder was W. Kaspar; secretary-treasurer, F. C. Englemann; chairman of finance, Alex Klinkerman. The members appointed for the finance committee are: Walter Klinkerman and Ed Hieserman. The hold-over member of the committee is L. F. Ramming.

Superintendent of the grounds appointed is Oscar Schroeder. The congregation met in special session to raise the budget for both the church house and for outside purposes. The budget was completely subscribed for each division.

The congregation also announced that they would continue to maintain the Christian day school, supported by private subscription and all sectarian branches are taught in the school.

DEVOL FLASHES

We are starting to believe that Saturday night is a bad time to play ball (anyway for us wimmin). The long girls played a swell game, and so did we, but someone's got to lose, so why not us. Yet it would have been grand if one could stay on top forever. (You get it don't you?) I mean wouldn't it be swell if one could win and win and never lose? Of course we don't want or expect such a thing, besides they didn't beat us so terribly bad—just 9 points.

Boys Win
Although the grade boys lost, the A boys showed the Bulldogs just what a Coyote can do. Without snapping much the score 12 to 6 when the final period ended proves our men heroes. At the half the score was 6 to 2 in favor of Lang.

Chapel by Freshmen
Thursday morning at 9 o'clock the first and fifth grades with the freshman class of the high school will furnish the program with some entertainment, in fact with a real program. It's all free too, and if you don't think it will be good, you just come and see.

From 11:15 to 12 o'clock and from 1 to 1:45 p. m. the superintendent, Mr. Powell, will be busy with the typing class, a study that has not been taught in several years.

Anybody in high school who wishes may take the course, providing of course that you have a machine. Those starting the work last Monday were, Leo Shull, Minnie Caldwell, Lillie B. Cyley, Bernice Wright, Helen Taylor, Elizabeth Sellars, Eva Larue Frye, Florene Partic, Russell Reaves, Windell Bryant, Hilda Miller, Donnee Parton, Jim Gardner, Velma Schweer, Edith Miller. Others plan to join the class in the near future.
