New Electric Shop On Avenue C Open

This week the S & S Electric Shop was opened up on Ave. C at 409.

D. C. Stoddard and F. F. Swy are proprietors. Both men have had years of experience in their line of work and announce they will seek to please all customers with quality work at a reasonable price.

The firm carries a supply of electrical needs at the shop. Mr. Stoddard came here from Wichita Falls where he was with the Brewster Electric Co. Prior to coming to Wichita Falls he was employed on a number of Government construction jobs, which took him from the East Coast to the West Coast. He has had 19 years experience working with all types of electrical wiring and repairing. Mr. Stoddard's family consists of his wife and three children, ages 11, 9, and 1.

Mr. Swy is experienced in electrical wiring of all types and repairing motors and bearings. The combination of the partners enables them to handle any job. Mr. and Mrs. Swy have two boys 14 and 15 years of age. As soon as these fellows can find homes in Burkburnett they will take emergency calls at night. The business telephone is 15.

Louis Littlefair Manager Theatres

Louis Littlefair is the new manager of the local theatres to replace Andy Thomas. Mr. Littlefair and wife came in Monday from Cleburne where they had been visiting relatives.

Mr. Littlefair is really just coming back to start in where he left off nearly three years ago. He was manager of the local theatres for six months before going into the Navy. Twenty-nine months of the time he was in the service was spent in the Pacific, as a sound technician. The new manager has been with the Griffith Theatres since 1933.

Sierra Sue and Sally Simpkins two lovely girl stars of the Networks of our nation and this past year a big feature of the Southwestern Radio Networks. Sierra Sue is known as the National Girl Champion Yodeler and won the right to that title by the many different styles of Yodels she has perfected. Sally Simpkins not only is a singer of fine style but really can handle the Bass Fiddle as it should be played. Red Hot Rhythm is her trade. As a team, Sierra Sue and Sally have been acclaimed throughout the land. They sing your radio favorites.

Cpl. Oren L. Sutter is now stationed at the Amarillo Air Field in Amarillo, Texas. Chaplain George B. Dalrymple requested that Cpl. Sutter be transferred to Amarillo as his assistant. Cpl. Sutter was stationed at Sheppard Field 18 months.

Mr. and Mrs. Sam Weaver and Mary Ford returned home Monday after spending a two weeks visit in Detroit, Michigan, with friends and relatives.

President of Texas State Guard Officers

Let's get ready for the return of the Texas National Guard, was the theme of a call issued

by Lt. Col. Ed D. Konken, president of the Texas State Guard Officers Association that will be held in Austin on October 20-21.

Highlighting the meeting will be a reception for the 1,200 officers of the Guard at the Governor's Mansion by Governor Coke Stevenson, commander-in-chief of the Texas State Guard. Lt. Col. Glenn Burgess of Lufkin is Convention Chairman, Lt. Col. Weldon M. Swenson Commanding Officer of the 5th Battalion is official host; Capt. I. W. Ussery of the 34th Battalion at Odessa is chairman of attendance, while Lt. W. R. Beaumier, Lufkin, is publicity chairman. This will be the first post-war convention held in Austin and that beautiful capitol city is expected to get back in its old stride in entertaining the visitors. We will be satisfied with nothing short of at least one representative from each State Guard Unit attending and believe we will have the largest and most representative group of officers ever to turn out for a State Guard Officers meeting, Col. Konken declared.

Renews Subscription

Floyd M. Couch of Levelland sends in his renewal to the Star to keep contact with his friends here. Mr. Couch was in the jewelry business here for only a few months, but in that time made many friends. The Couch family has a large jewelry store in Levelland and employs several persons in the repair and sales departments.

Rotary Club

Tuesday was a rather colorful meeting at the Rotary Club. Among the guests were two who certainly deserve mention, Lloyd Scruggs of this city and Clyde Filmore of Wichita Falls, both of whom were in Japanese prisons since the beginning of the war with Japan.

Ten Rotarians from Wichita Falls were out for some more of the good food and also to make up their attendance. I. C. Evans, who was in charge of the program, introduced Miss Maxine Gibson who did some dance numbers for the club. Blanche Butler played for Maxine.

President George McClarty announced that change classification of Clark Gresham and Dow Estes. Clark's classification in the club is now Electrical Appliances and Dow's new classification is Meats Retail.

George informed the club that Andy Thomas was being transferred and expressed regrets for losing Andy, who has been a very faithful Rotarian.

Next Tuesday, Alvin Hill will formerly introduce several new members to the club.

Cousin Herald will be here Tuesday. He fetched little Jill with him.

Do you know Woody Johnson, "The Singing Texan"?

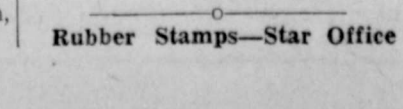

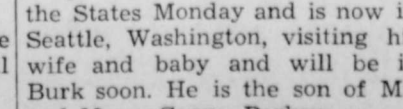

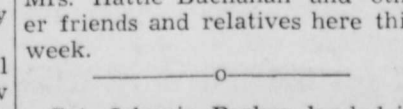

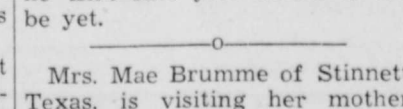

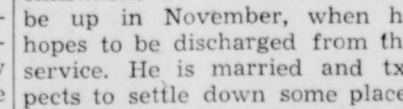

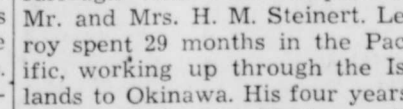

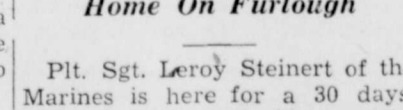

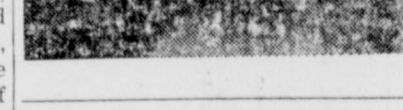

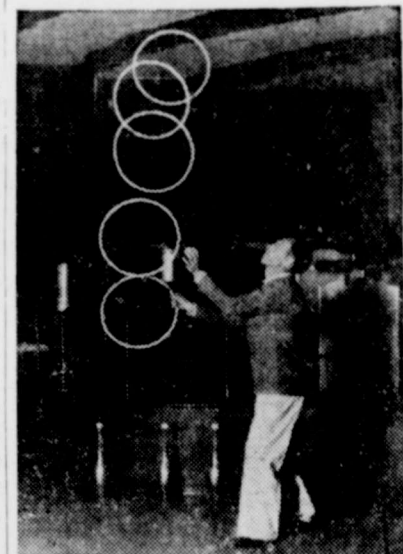

Andy Thomas To Be Transferred

Andy Thomas, manager of the local theatres for the past ten months, received a call from the office at Dallas this week informing him that he is to be transferred from Burkburnett in the next week or ten days. His new location is not known at this time.

Andy, just discharged from the army, came to Burkburnett, and by his pleasing personality, energy and eagerness to get things done, just seemed to fit into the scheme of things in Burkburnett. He has been a very active member of the Rotary Club, war loan drives and everything of a civic nature. He just seemed to fit wherever he was. His alertness, progressiveness and loyalty to his responsibilities is reflected in the steady increase of patronage the firm he represented has enjoyed since he took charge. His suggestions, cooperation and untiring efforts went a long way toward putting Burkburnett over the top in the 7th War Loan drive.

Andy, it is with reluctance that we say "So long", and you leave our midst with all good wishes.

-Airport Gossip-

There has been very little activity at the airport the past week; when it rains in Burk, it really pours.

Claude Stradley started taking flight instructions this week. He likes to fly with everyone, including his brother-in-law, Lt. Rex Sanderson, just back from Italy.

Andy Thomas and Kathryn Johnson, who are leaving soon, will certainly be missed around the airport. They have been steady students and regular "guys". We wish them good luck and continued success with their flying.

Howard Jennings took his dual cross country to Duncan and Lawton Tuesday.

Rex Tuel is back on flying status after close communion with the Civil Air Regulations Manual for a few weeks.

Home On Furlough

Plt. Sgt. Leroy Steinert of the Marines is here for a 30 days furlough visit with his parents, Mr. and Mrs. H. M. Steinert. Leroy spent 29 months in the Pacific, working up through the Islands to Okinawa. His four years' enlistment in the Marines will be up in November, when he hopes to be discharged from the service. He is married and expects to settle down some place; he isn't sure just where it will be yet.

Mrs. Mae Brumme of Stinnett, Texas, is visiting her mother, Mrs. Hattie Buchanan and other friends and relatives here this week.

Sgt. Johnnie Parker landed in the States Monday and is now in Seattle, Washington, visiting his wife and baby and will be in Burk soon. He is the son of Mr. and Mrs. eGeorge Parker.

Mr. and Mrs. Richard Knowles announce the arrival of a baby boy named Bobby Eugene, Oct. 1 at the Burkburnett Clinic.

J. S. Gore is recovering after an operation in a Wichita Falls Hospital.

Pat Crawford of Eastland, Texas visited Mr. and Mrs. Wid Phillips over the week-end.

Mrs. Mary Donell of Lubbock, Texas, is visiting Mr. and Mrs. Wid Phillips. Mrs. Donell is Mrs. Phillips' mother.

Do you know Woody Johnson, "The Singing Texan"?

John Wayne starred as American Colonel Organizing the Native Patriots in a Terrific Campaign to Aid the American Forces in Their Recapture of the Islands.

Bringing to the screen a gripping tale of the Filipino people's struggle against Jap invaders during the tragic months following the fall of Bataan and Corregidor, RKO Radio's "Back to Bataan" stars John Wayne at the head of a notable cast, at the Palace Sunday and Monday.

With its absorbing story based entirely on the authentic deeds of various American and Filipino figures in their heroic resistance to the Nip hordes, the picture is both timely and vivid.

Wayne plays a hard-bitten American Colonel Madden, who has commanded the Philippine Scouts.

Working under cover, the guerrillas do an amazing amount of damage to the invader's forces and supplies. The thrilling climax, in which Andres and Dalisay are reunited, reveals how the guerrilla fighters paved the way for the American landing on Leyete as General MacArthur made good his promise to return.

Plans Complete To Put Drive Over In Short Time

Weather permitting, workers on the United War Chest Drive plan to start canvassing the business part of town Friday, Oct. 5th.

Andy Thomas is chairman of the drive. B. H. Alexander is captain of the South half of town, with Paul Browning as his lieutenant. Roy Magers is captain of the North half, to be assisted by Wylie Browning as his lieutenant.

At a meeting of the leaders this week, co-workers were chosen, and districts they are to work were designated. It is planned to complete the canvassing of the business part of town Friday and Saturday, and the outside areas will be worked just as soon as possible.

Give A Texan's Share and Burkburnett will go over the top. This is the only such drive to be adme, since the organization includes some twenty agencies, including our own local charities.

R. Brubaker.

If you haven't a catalogue and would like to know more of the details of exhibiting, contact Mrs. Geo. McClarty or Paul Browning.

Be seeing you at the Fair.

1st Lt. Jimmy Roy Morris was returned to the inactive status at Fort Sam Houston Sept. 21. After a visit here with his parents, Mr. and Mrs. Ralph White, he and his wife, the former Miss Imogene Ferguson, have established residence at College Station, Texas, where he has enrolled at A & M College. Lt. Morris enlisted in December '42. He was commissioned to a Bombardier 2nd Lt. May 20, 1944. He served with the 15th Air Force, 454 Bomb Group and was stationed in Italy 9 months. He completed 20 missions before receiving an ankle injury in February 1945. He holds the European Theatre Ribbon with 4 battle stars and the Air Medal with one Oak Leaf Cluster. While he was serving overseas, his wife was employed at the First National Bank.

Fire Prevention Must Be Personal

Fire Prevention Week, October 7 to 13, should command greater public interest this year than ever before. Never in history was so much property destroyed by fire in 365 days, as during the past 12 months.

In our own country, which has not been subjected to the ravages of war, there are 1,000 home fires every day. Once every 50 minutes someone is burned to death—a large percentage of them children left in homes which contain unnecessary fire hazards. Eight hundred million matches are used daily, each one capable of starting a fire in a home or factory. Two hundred and fifty billion cigarettes are smoked each year—each is a fire hazard which can ignite waste paper, bed clothes, material placed carelessly on shelves, clothing, and a thousand and one other articles.

No one can prevent most of such fire losses except the home owner, the lighter of matches, the smoker, and

each and every individual old enough to think. Annual fire losses in the United States, which could largely be prevented, are greater than those caused by the bombings of London during the first years of the war. They are London during the first years of the war. They are scattered all over the country.

Ten thousand deaths from fire, distributed over 48 states, and tens of thousands of homes and factories destroyed, do not make headlines like the bombing of a city, but the permanence of death and fire loss for those involved, is just as real.

Fire Prevention Week, from October 7 to 13, is something all should observe—not for that week alone but for every day in the year.

NATIONAL NEWSPAPER WEEK

An occasion is the observance of National Newspaper Week, October 1 through 8. The theme stressed in this year's participation is, "A Free Press—Torch of World Peace". The recent war has taught us the value of such a slogan. No democracy is such without a free press and tyranny would strangle it to achieve its aim of dictatorship. The American press belongs to the nation. Its men and women have promoted its principles by whole heartedly supporting the activities of wartime. Accepting censorship voluntarily, the press protected the security of the people. Thirty-three year correspondents were killed as they served their country, as sponsors for scrap and metal, fats and paper being collected as a result, War Bond drives, draft service and news, rationing service and news, blood bank campaigns, appeals to nurses and mechanics for help, newsboys busy selling War stamps and bonds, are all but a part of the many jobs of the newspaper in wartime.

Now is the peace and the press enters it with an even greater obligation to its public since news is the basis for the majority of public opinion. We have a serious service to perform. Freedom of opinion, freedom of inquiry, is followed by all newspapers who feel their duty of keeping their readers informed.

We are a public servant and must bear our responsibility with dignity, serving honorably and truthfully. Only in this manner will a free press be a torch for peace in Burk Burnett, at home and abroad.

Burk Burnett History

As revealed by the files of the Star 10 years ago.

The Western Union Telegraph unit was changed from the location in the Collier Building this week to the Corner Drug Store, where it will be operated under the simplex system in the future. The former operator, Miss Vita Woods has been transferred to another station for the same company. For a few days Miss Wood will remain in Burk Burnett until the operation of the new unit is under way.

Under the new management, the telegraph unit will be in operation for both sending and receiving messages from 6:30 in

the morning until 11 at night. The staff of the store will operate the apparatus, and it will be under the supervision of A. H. Lohofener.

Arrested on the charge of shoplifting a pair of check lines from Boyd Bros. store, J. C. Hardy, alias Buddy Joe was charged with the theft before the chief of police, according to information received Saturday. The lines were recovered, and the alleged charges made. The prisoner was carried to the Wichita County jail by members of the sheriff department, after the arrest and recovery had been made by Bill Stapp, chief of police.

Household Hints

A small pie pan comes in handy placed in the drawer of your range or other conveniently located spot. When you are cooking, let it hold stirring spoons, testing forks, and the like. Makes clean-up easier.

A gum eraser is excellent for removing spots from dark suede accessories. Brush thoroughly after using.

It's a good idea to cover labels on medicine bottles with a coat of colorless nail polish. Then should medicine spill over the labels, directions won't smear.

Kathleen Norris Says:
The Wonder-Women of Long Island
 Bell Syndicate.—WNU Features.

"Certainly there are baby toys about, but the place is neat and clean, and I myself am always dressed in a clean, cheerful costume."

By **KATHLEEN NORRIS**

SOME months ago I wrote an article filled with sympathy for today's young mothers. I dwelt upon the difficulties they encounter in marketing, washing, cleaning, cooking, baby-tending, with so little help. I recalled the fact that we, who are mothers, in our young days could always secure the assistance of some competent woman, who managed kitchen and nursery, stood by us in all domestic crises, and left us plenty of time for occasional evening amusements, for theater, dancing, dinner parties.

IDEAL HOME-MAKERS

Many young mothers have been complaining bitterly about the difficulties of caring for one or two children during the last four years. Scarcities of almost every necessity, slow laundry service, and a hundred other vexations made the always trying tasks doubly hard. Besides that, it has been almost impossible to hire any household help. To add to all this, many servicemen's wives have had to work when they could, to add to their small income from the government.

Even with peace again over the land, these war-born problems are still here for the most part, and will be for many months. Some women, however, have such courage, energy and pride that they refuse to be downcast by hardships. Today's article contains a letter from a group of New York mothers who take everything in stride, and seem to have a good time doing it.

These young women have from two to eight children. They do practically all their own work, including a lot of sewing and gardening. Yet they somehow have time for dances and parties occasionally. Except for such mechanical helps as vacuum cleaners and washing machines they have no assistance in their daily chores. Miss Norris calls them "wonder-women."

"I am 22," she says. "Before my marriage I was a show girl, and I am more supple and better looking now than I was then. I have two babies, 22 and 7 months old. I do all the housework, cooking, washing, cleaning, mending, ironing, baking, cutting the lawn and shopping, with stores five miles away. I help in the garden, do all my own preserving and canning, and make all mine and the children's clothes, from hats to winter coats and bathing suits. I keep up my aerobatics, reading and organ playing.

meals mean at least 60 cups, 180 plates, 60 spoons to wash every day, 50 little garments to wash and iron every week — to say nothing of the babies' pin-ups and the bath towels, the boys' jeans and some 70 pairs of socks. No, the imagination staggers at it, and one can only bow respectfully to such efficiency.

Time to Go Out With Husband.

"Certainly there are baby toys about, but the place is neat and clean, and I myself am always dressed in a clean, cheerful costume, with costume jewelry and hair bows and so on. I am always willing to dance, at home, with my husband in the evenings, go for long walks with him and the children on his days off, and dance the night away when we can get someone to mind the babies.

Modern Devices Help.

Our own nursery was well fitted, half a century ago, and the older members did help, and were expected to help. We peeled potatoes, set tables, tended the younger children, ran errands, made ourselves useful in dozens of ways.

"I also," the letter continues, "make all our rag rugs, curtains, afghans, quilts, blankets and pillows, and still have plenty of time left over. I am not bragging, for my neighbor on the left does all this with eight children, from 6 months to 16 years, and all my neighbors have from four to six children, and are still beautiful women, wearing sizes 12 and 14.

But the woman who wrote this letter has no such help. Her children are babies; her daily baby wash runs to 50 articles. Her children spatter mush on their high chairs, demand daily baths, wake her at unearthly hours, need complete changes of crib bedding and their play aprons every day or twice a day, and still she has "plenty of time left over."

"The women you quote," the letter ends, "must be slatterns and idiots."

Certainly she has a thousand helps earlier generations of women didn't have. She can get codfish cakes and biscuits all ready to cook, ready-made bread and cakes; she doesn't have to fill lamps or stoke coal stoves; hot water runs in her bathroom; vacuum cleaner works miracles; she doesn't have to walk that five miles to the store as her grandmother would have done.

One can only respectfully agree with this fiery little housewife, and warmly congratulate her husband and the husbands of her clean, capable, cheerful — yet undersized — neighbors. They must have some secret that many other women have not yet mastered. Preserves, dancing, long walks and the making of pillows take time, and eight children mean 30 meals a day, and 30

Ready-Made Dresses

Shop with an eye on possible alterations when buying ready-made garments. Some ready-made dresses are difficult to alter, and clothing is still too scarce to warrant gambling on a misfit.

Whether a garment is to be altered at the store or at home, you are advised against buying one that requires complicated changes. If a dress that fits throughout cannot be found, buy one that fits the upper part of the body, as the skirt is less difficult to alter.

Improved Uniform International SUNDAY SCHOOL LESSON

Lesson for October 7

LOVE FOR GOD AND LOVE FOR MAN

LESSON TEXT—Luke 10:25-37. GOLDEN TEXT—Thou shalt love the Lord thy God with all thy heart, and with all thy soul and with all thy mind; and thy neighbor as thyself.—Luke 10:27.

"What shall I do?" The question of the lawyer in our lesson is a query which is on the lips of in the minds of millions of men and women each day. They want to do right and want to be right, but their lives lack the direction which only faith in God can give them.

Never does the question go more deeply than when it concerns man's eternal welfare, as it does in our lesson. Always that question indicates that man is not able to decide for himself, and needs the guidance of someone greater and wiser than he. This should lead us back to God, for only He can fully answer it.

The story of the Good Samaritan tell us what we must do to show our love for God and man, and gives a demonstration of how it is to be done.

I. What to Do (vv. 25-28).

The lawyer (a student of the law of Moses, and hence a theologian rather than an attorney) was posing a question to try to entrap Jesus. He was apparently not much concerned about eternal life and assumed that it could be obtained by doing something.

We know that eternal life is a gift (John 1:12; Rom. 6:23), but if the man wanted to have it by doing, Jesus was ready to meet him. In response to Jesus' question (v. 25), the lawyer gave Him what the Jews regarded as the summary of the whole law.

The man who can perfectly keep that law will have eternal life, declares Jesus. But note that you must do it, not just talk about it. And you must keep the whole law, "for whosoever shall keep the whole law, and yet stumble in one point, he is become guilty of all" James 2:10, R.V.; see also Gal. 3:10.

Observe that the commandment, so highly commended by our Lord, concerns a true love for God which shows in an active love for one's fellowman.

Love is the only thing that can save our bruised and bleeding world. How sad it is that in such an hour of need there is so little said in the church about love and it is practiced even less. It is the forgotten fundamental of all the fundamentals of faith! Let us begin to preach it and practice it!

II. How to Do It (vv. 29-37).

It is one thing to realize that one ought to do a thing; it is quite another thing to do it. Here we have what may have been an actual incident given by our Lord as an object lesson of the right and the wrong attitude toward a fellowman in need.

1. The Wrong Attitude (vv. 29-32).

The lawyer's effort to justify himself by diverting attention to the word "neighbor," which he felt needed definition, showed that he could not do the thing expected of him.

The reason for man's failure lies primarily in his own weakness and inability to do what God requires, but is also revealed in his pitiable and futile efforts to justify himself.

The one who seeing his sinfulness and his utter inability to keep God's law casts himself on the Lord is ready to receive the gift of eternal life. But the one who tries to defend his position and justify himself has shut the door on God's grace and mercy (see Luke 18:9-14).

Calvary Baptist Church

(Fundamentalist)

Sunday School begins at ten A. M. promptly (central standard time), with all classes studying the 15th and 16th chapters of Leviticus—"Cleansing of Defilements and the Day of Atonement." In these great studies in Leviticus we are learning more of Christ our High Priest, and of our walk and worship as Priests unto God. You would do well to join us in these most profitable, interesting studies.

Preaching at eleven by the pastor. Sermon subject, "He That Puts His Hand to the Plow and Looketh Back is not Worthy of the Kingdom of God." We would like to invite you to hear this message. There will be a special announcement at the close of the morning service.

Night services begin with young people meeting at 6:45. Song and preaching service begins at 7:15. Rev. George Jackson of Aurora will be the visiting speaker. The preacher has become very popular with the folks of Calvary Baptist, and we believe that you will enjoy hearing him.

We want to re-affirm that we believe that Romans 8:28 is very much true. Yes, even in the big tent being destroyed and our revival being interrupted right in the half-way point. The Lord giveth and the Lord taketh; blessed be the name of the Lord. Something greater will come out of it—just watch and see.

Welcome always to all services of Calvary Baptist Church.

Tea and Shower Honoring Popular Young Bride-Elect

A twilight tea and miscellaneous shower was given Thursday evening, September 20, at the Town Hall, honoring Miss Geneva Campbell, popular young bride-elect of John E. Turner, Jr., of Midland, Texas.

The hall was attractively decorated with beautiful floral arrangements. The refreshment table was laid with a lovely white linen table cover of Italian cutwork. A crystal punch bowl formed the central decoration, and pale blue streamers bearing the inscription Geneva and John, Oct. 5, informed the guests of the approaching wedding date.

Mrs. P. A. Wiggins and Mrs. C. C. Gilbert presented the bride-to-be and her mother with shoulder corsages harmonizing with their ensembles.

As the guests arrived they were greeted at the door by Mrs. Levi Garrett, who accepted their signatures for the bride's book.

Misses Marginell Chambers and Jane Duvall presided at the table where delicious punch and cookies were served.

After the refreshment course, two traditional love songs were rendered by Miss Peggy Dot Busby, accompanied by Miss Mamie Browning.

Following the musical numbers Mrs. J. T. Lyles, Jr., presented the bride-to-be with the large assortment of lovely and useful gifts. The hostess' gift, the honoree's chosen pattern of china, was attractively displayed on a linen covered table near the front of the hall.

Hostesses for the evening were Mesdames C. C. Gilbert, P. A. Wiggins, J. D. Ashton, C. R. Chambers, J. T. Deckard, O. E. Melton, W. J. Stripling, W. S. Duvall, W. J. Justice, Victor Badaux, Jimmy Roy Morris, J. T. Lyles Jr., Levi Garrett, Glen Wood, Ted L. Crosthwait and Misses Marginell Chambers, Christine Turner, Irene VanLoh, Helen VanLoh, Jane Duvall, Virginia Allen, Gwinn Pharris and Ruth Jeffers.

The guest list included approximately 120 friends of the bride-to-be.

First Methodist Church

The Revival is on. Services at 10 in the morning and at 7 at night. The prayer groups have their services at 6:30 p. m.

We will observe World-Wide Communion on Sunday morning, October 7th. You are invited to worship with us, and commune with Christians around the world.

The revival will close with the service on Sunday evening. Worship with us in these special hours.

BRIGHTEN UP with MORE LIGHT

FILL EMPTY SOCKETS

Gone are the dark and dreary days... the uncertainty of how long the war would last... whether loved ones would come through safely.

Now is the time for bright faces... and brighter homes, stores and offices... time to put our best foot forward... to lift the film of war-time dimness.

Simple and Inexpensive

Homes, stores and offices can be brightened up in many instances with little effort and small cost. The improvement will amaze you. Here is what to do:

- Clean all lighting fixtures and bulbs, using plenty of soap and warm water.
- Put in new bulbs of the proper wattage in all lamps and light fixtures to provide the amount of light you need. New lamp bulbs of all popular sizes are now available at low cost.

Nearly all stores sell bulbs—buy 'em when you shop.

Grace Lutheran Church

The Gospel of the Lord Jesus Christ is the only power known to man whereby the human heart can be healed.

Men are speaking of a political Christ, a social Christ, a Christ of international relations, but the only Christ we know is the Christ of the Bible, the holy Savior who bore the sins of the world.

The highest contribution the churches can make is to keep on proclaiming that holy Word which endures forever. God's Word is the lifetime which supplies all our spiritual blessings. By faith in the word we are linked to Almighty God. His word is the Bread that feeds our souls, the refreshing water that revives our faith.

As we go to church, we are living witnesses to the power of God's Word. By the investment of our time, talents, and sanctified personalities in the good cause of God's word, we give God's word the honor place. Go to church next Sunday. You are cordially invited to attend the services herewith.

Calendar
Sunday School, 9:45 A. M.

A. H. Lohofener attended a Red Cross Executive meeting in Wichita Falls last Friday morning.

Mrs. Hattie Buchanan is a patient in the Wichita Falls hospital this week.

Cpl. and Mrs. Lewis Weaver and baby left Saturday for Virginia, where he is stationed after visiting friends and relatives here.

Mrs. Artie Whitesides left Wednesday morning for Snyder, Okla., to attend the funeral of her mother-in-law, Mrs. Lillian Thompson.

Paul V. Campbell S 2/c arrived in San Francisco, Calif., Monday and expects to be home soon. He served two years in the South Pacific. He is the son of Mrs. Mary E. Campbell.

T/5 Willard Campbell left Friday, Sept. 28 for Camp Chaffee, Ark., after spending a 30 day furlough here with his mother, Mrs. Mary E. Campbell. T/5 Campbell returned to the states August 17 after spending 14 months in the European Theatre of War.

Gene Turner has returned to Brooks General Hospital at Fort Sam Houston after a 30 day furlough here with his parents, Mr. and Mrs. Jim Turner. Gene has been back in the states about six weeks.

Mr. and Mrs. Roy Magers left Wednesday for Fort Worth and Dallas where Mr. Magers will attend to business. They plan to return Friday.

Mr. and Mrs. Ted Harwell will leave Monday for Dallas where he will be employed with the American Airlines there. Their residence in Dallas will be 2909 Stanford.

Try Hot Water Plus After Meals For Acid Indigestion

If the thousands of unfortunate people, people who suffer from so-called dyspepsia, acid indigestion, food fermentation, sour stomach, flatulence, gas or other stomach distress brought on by excess acid would just try drinking slowly after each upsetting meal half a glass of real hot water containing one spoonful of Neutraacid they can usually get amazingly quick relief in a very few minutes.

Neutraacid is not a laxative—it is soothing and comforting to the mucous membranes and very agreeable to take. Neutraacid—a physician's formula can now be obtained at Adams Drug Store or any first-class drug store.

Hollie L. Boman, 37, Chief Shipfitter received an honorable discharge from the Navy last week at Norman, Okla.

Mr. and Mrs. Joe Bartley and Miss Bula Connally of Hughson, Calif., visited Mr. and Mrs. Ed Sanders and Mrs. Joe Bailey Bryant last week.

Mr. and Mrs. Roy Samsill announce the arrival of an 8 pound 5 oz. baby girl named Carol Jane September 25 at the Burkburnett Clinic.

Travis M. New, RR1, Box 165, Burkburnett, Texas, has been promoted to the grade of Technical Sgt. He is a member of the 89th Fighter Squadron of the 80th Fighter Group in India. The 80th Fighter Group, under the cognomen of the Burma Ranshees, operated P-47 Thunderbolts as fighters, strafers and dive bombers throughout the tough Burma campaign. As a result the 80th Fighter Group was awarded the Unit Citation by Presidential direction for outstanding achievements in March 1945.

Cousin Herald will be here Tuesday. He fetched little Jill with him.

Cpl. Cecil Samsill and wife of Los Angeles, Calif., visited Mr. and Mrs. Roy Samsill here last week. Cpl. Samsill has just recently returned from the European Theatre of War where he was wounded in Luxembourg February 8. He was in a hospital in France and Belgium several months, but is doing nicely now.

Mr. J. T. Curry left Tuesday for Winnesboro, Texas, for a few days visit.

Do you know Woody Johnson, "The Singing Texan"?

Mrs. C. D. Morgan of Los Angeles, California, is visiting Mr. and Mrs. Roy Samsill this week. Mrs. Morgan was called to this vicinity last week to attend the funeral of Mr. and Mrs. H. K. McConnell who were killed in a plane crash recently near Holiday. Mrs. Morgan was a sister-in-law of Mrs. McConnell.

Garden Flowers for Gay, Cozy Kitchen

IT IS all a myth that your new kitchen must be cold and clinical. It may be as gay and cozy as you like and your modern equipment will settle right down and be perfectly at home. So, if you have ever wished that you could have bright flowers on your cupboard doors, drawer fronts and canisters, go right ahead. You

can even have them twining around the window and door frames and on the furniture. What is more, you can paint them yourself with the painting pattern shown here and have a lot of fun doing it.

These garden posters are of the type used in all peasant art—simple in design, gay in color. All you have to do is to trace the outlines from the pattern and then fill them in following the color guide. The pattern may be used over and over, and there are motifs of different sizes. You may want to use them for decorating tin trays, boxes and gifts for Christmas too. A list of materials and full directions are included.

Note—This Garden Flower Painting Pattern may be obtained by sending 15 cents with name and address direct to:

SNAPPY FACTS about RUBBER

A U. S. Senator traveling in the West stopped to help a young lady change a flat tire. The flat developed a friendship that blossomed into marriage.

Soap is one of the important manufacturing agents of synthetic rubber. B. F. Goodrich has developed a synthetic rubber using a rosin soap derived from Southern pine trees that is a great improvement over ordinary synthetic.

Demand for passenger car tires will total about 70,000,000 casings in the first year after the war—for both new cars and replacements.

WORKS WONDERS FOR MRS. WILLIAMS

NASHVILLE, TENN.—A recent letter from Mrs. Johnny Williams of Nashville, Tennessee, to the Faultless Starch Company reveals an important time-saving ironing secret. Here is what Mrs. Williams wrote:

"For the past three years I have been doing my own laundering. Last week I decided to give Faultless Starch a trial. It certainly made my ironing easier and I finished in almost half the time. I shall never stop praising Faultless Starch; and I am telling all my friends about it. It sure worked wonders for me."

Would you like to save half your ironing time, like Mrs. Williams does? We certainly can't promise it, of course, because you surely iron with a different iron and in a different way—but, you can't lose anything by trying Faultless Starch. And it may help you save time, just as it has Mrs. Johnny Williams.

EASY, BEAUTIFUL IRONING
There is an important reason why Faultless Starch makes ironing so easy. You see, Faultless Starch contains ironing-aids, already mixed in, that keep the iron from sticking. No more fighting a "sticky" iron. No more pushing or pulling at the end of each stroke. Your iron just slides along, smoothly and beautifully. No wonder Mrs. Williams found she could save half her ironing time.

YOU DESERVE FAULTLESS
Why should you go on fighting a "sticky" iron, when Faultless Starch can make your ironing go so easy? Why tire yourself out when Faultless Starch can help save your back, your arms, your legs? Why work so hard when Faultless Starch can make it so easy to do beautiful ironing?

Just ask your grocer for Faultless Starch—and use it. Then you'll know why Mrs. Williams says it "works wonders" for her.

Kidneys Must Work Well— For You To Feel Well
24 hours every day, 7 days every week, never stopping, the kidneys filter waste matter from the blood. If more people were aware of how the kidneys must constantly remove surplus fluid, excess acids and other waste matter that cannot stay in the blood without injury to health, there would be a better understanding of why the whole system is upset when kidneys fail to function properly.

Burning, stinging or too frequent urination sometimes warns that something is wrong. You may suffer nagging backache, headaches, dizziness, rheumatic pains, getting up at night, swelling.

Why not try Doan's Pills? You will be using a medicine recommended the country over. Doan's stimulate the function of the kidneys and help them to flush out poisonous waste from the blood. They contain nothing harmful. Get Doan's today. Use with confidence. At all drug stores.

WEEKLY NEWS ANALYSIS CIO Strives to Maintain High Pay Level in Postwar Industry; Act to Spur Building Activity

Released by Western Newspaper Union. (EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysts and not necessarily of this newspaper.)

Facing tough winter in war-torn Austria, Viennese scratch for future provisions. At left, woman is shown picking up stray grain in harvested field, while at right another woman is pictured carrying home wood found in shelled forest.

LABOR: Seek Peace

Armed with emergency powers, Secretary of Labor Lewis Schwellenbach moved into the troubled industrial front, where CIO demands for appreciable wage boosts threatened to retard the reconversion program and jeopardize stabilization policy.

Schwellenbach faced no easy task, what with the strategic oil, automobile, farm equipment and steel unions striving for wage readjustments to bring 40-hour-a-week pay up to wartime overtime levels, and major producers bucking the demands in the face of rigid price control.

In all instances, CIO demands for substantial wage boosts were predicated on the claim that the big companies had made sizable wartime profits and could use the money to defray part of the increases until peacetime production could be re-established on a volume basis.

While oil workers already had walked out of midwest refineries in a strike that threatened to spread and imperil the national fuel supply, principal interest continued to center in the troubled automobile situation, where the United Automobile Workers headed by R. J. Thomas laid plans for enforcing their demands for a 30 per cent wage increase by walking out on individual companies and leaving their competitors free to invade their markets.

In assuming command of a labor department strengthened by the inclusion of the War Labor board, war manpower commission and United States employment service, Secretary Schwellenbach planned to proceed slowly before exerting emergency powers, first exhausting ordinary procedure.

PACIFIC: MacArthur Disputed
Taking sharp difference with Gen. Douglas MacArthur's declaration in Tokyo that only 200,000 American troops may be needed for the Japanese occupation, Pres. Harry S. Truman feared for its effect on army demobilization plans and Acting Secretary of State Dean Acheson said that at this time it was difficult to forecast the eventual size of the force.

Basing his estimate upon the Japs' wholehearted effort at co-operation with his command, MacArthur's latest figure of 200,000 was a sharp reduction from the 400,000 recently projected and the 900,000 at first thought necessary. In making his statement, MacArthur said that the Japs' execution of his dictates through their governmental framework relieved the U. S. of establishing an elaborate military authority to perform the same tasks.

In seeking to offset expectations that MacArthur's announcement might lead to speedier demobilization, President Truman declared the program was not dependent upon occupation needs.

Speaking for the state department, Acting Secretary Acheson asserted that the ultimate size of the occupation force will depend upon the scope of the job of eradicating the whole Jap war-making economy.

DEMOBILIZATION: Point Cut

Asserting that no man would be kept just to maintain a big army, Gen. George C. Marshall revealed a stepped-up demobilization program providing for a further decrease of discharge points to 60 on November 1 following the October 1 slash to 70. At the same time, the total necessary for officers was to be cut to 75.

Marshall reviewed demobilization plans at a meeting with 300 congressmen at which he also affirmed receipt of General MacArthur's estimate of an occupation force of only 200,000 for Japan by next summer. Though MacArthur had reduced his estimate, Marshall said, General Eisenhower's figure of 400,000 for Germany remains the same.

Declaring that the present rate of releases has been determined solely by the availability of discharge facilities, Marshall said that all G.I.s without useful army work would be freed within three to four weeks. With the exhaustion of high point men by late winter, the army may further alter its demobilization program by releasing all men with two years of service.

POSTWAR BUILDING: Lid Off

With removal of all building controls, government agencies bent themselves to the task of speeding up construction and at the same time keeping costs within bounds to head off an inflationary boom during the reconversion period.

As experts looked for the erection of 500,000 private dwellings next year and a peak of 800,000 in 1948, officials sought to increase the supply of scarce building materials, permitting wage and price boosts and priorities to break bottlenecks, if necessary. Inventory controls also were to be strengthened to prevent hoarding and creation of artificial shortages.

At the same time, OPA announced that it would tighten price control over building materials to counteract heavy demand, while federal credit agencies prepared to discourage loose financing in a market booming with home needs and prospects for high postwar employment.

RETAIL PRICING: Absorb Increases

Declaring that up to now retailers have not been squeezed by price control, OP Administrator Chester Bowles reiterated government policy that dealers would have to absorb any increases in manufacturing costs in the reconversion period.

Rejecting a plea of a retailer group that such absorption would be uneconomic and unfair, Bowles said that dealers' markups were not reduced during the war, and records show that profits soared under increased volume and lower operating costs. Whereas the profit margin of department stores stood at 1 1/2 per cent in 1939, it reached 12 per cent in 1944, he said.

Under OPA's pricing policy for manufacturers for the reconversion period, some increases will be permitted to allow for higher labor and material costs. Profit margins will be held to half the industry-wide average for larger businesses or prewar levels for smaller firms, however.

Industry Takes Kindlier View of Oldsters

Because of their generally fine performance while "pinch-hitting" during the wartime labor shortage, older workers will find employment opportunities much broader in the postwar era than in prewar years, Northwestern National Life Insurance company found in a survey.

Hard-and-fast age limitations existing in the prewar era were pretty thoroughly broken down during the

NAVY: Two-Ocean Dimension

A two-ocean fleet almost five times the size of the pre-Pearl Harbor force was proposed by naval chiefs at a hearing of the house naval committee.

Under the proposal advanced by Secretary of the Navy Forrestal and Fleet Admiral King, 300 ships would remain in active duty and another 100 would be kept in ready reserve. The remaining 600 vessels would be laid up but maintained in sea-going condition. A total of 500,000 enlisted men and 58,000 officers would be needed for the 300 active ships and planes and 815,000 to man the entire fleet.

For implementation of U. S. defenses, the navy recommended establishment or retention of major naval bases for the Pacific in the Aleutians, Hawaii, Canal Zone, Guam, Saipan, Tinian, the Bonin-Volcano island group, the Admiralties and Philippines. Atlantic posts would include Argentina in Newfoundland, Bermuda and Trinidad.

ATOMIC TEST: On Battleship

Even while plans were being mapped in Washington, D. C., for the postwar fleet, naval officials prepared to carry out a test of the atomic bomb's effect on surface vessels 500 miles off conquered Japanese shores.

Target for the experiment, which might eventually lead to a redesign of surface vessels as followed by Billy Mitchell's test bombardment of the Virginia in 1923, will be the Jap battleship Nagato, with its 14-inch steel armor plate.

Although the restyling of warships after Mitchell's successful experiments led to their strengthening against air attack, they have remained vulnerable to underwater attack. So far, reports on atomic bombings have indicated the main force of the explosion is up and out, but naval chiefs also would like to determine any underwater effect.

16th Child Her Biggest

The mother of 15 children, Mrs. Francis Strohl's 16th child was an 18 lb. baby girl. The infant was one of the heaviest delivered, with a 25 pounder born in 1916 topping the record. 38 years old, Mrs. Strohl is a resident of Lantana, Pa.

LONG FLIGHT: Across Great Circle
Approximately 25 hours and 43 minutes after taking off from northern Japan, the first of three giant B-29 bombers glided onto the sprawling Chicago airport, to be shortly followed by the remaining two after a 5,995 mile experimental run.

With three top U. S. air force commanders in the planes, the original plans called for a non-stop run to Washington, D. C., to test the great circle route and attendant weather in the far north. Because of strong headwinds during the early stages of the flight necessitating increased use of gas, however, the B-29s decided to land in the Windy City for refueling.

Though traveling 5,995 miles in a long journey which took them over Kamchatka, Alaska and Canada before reaching the U. S., the American airmen led by Maj. Gen. Curtis E. Le May fell 1,100 miles short of the record non-stop flight set by two Britons flying from Perth to Australia in 1938.

WAR CRIMES: Try Nazis

Charged with systematic starvation and neglect of internees at the notorious Belsen concentration camp, 45 Nazi men and women tried to fight back at their war crimes trial conducted at a British military court in Lüneburg, Germany.

In seeking to defend themselves, the accused followed the line that most of the 40,000 prisoners in the camp were all habitual criminals, felons and homo-sexuals. Britons taking over the camp upon the Nazi collapse claimed that their experience showed it was not necessary to use force to govern the internees.

In first seizing the camp, another 13,000 died later because their condition was beyond treatment, medical officers charged. Though supplies were obtainable in the immediate vicinity of the camp, no effort was made to procure provisions.

U. S. INCOME: 1944 Peak

Figures compiled by the department of commerce show that total income payments to individuals in the United States in 1944 rose to a new high record of \$148,090,000,000. The largest percentage of this total, or \$19,345,000,000 went to individuals in New York state while the smallest percentage, or \$196,000,000 went to people in Nevada. The amounts differed among the various states because of the size of the population per capita income.

Active Land Mines
Since V-E Day, a total of about 1,000 civilians a week have been killed by land mines planted by the Nazis in France, Italy, Belgium and the Netherlands. As only 5 per cent of the 115,000,000 mines that were buried in these countries have been located so far, from three to five years will be required to remove all of them.

Reda Waggoner is reported doing nicely and everyone is glad to hear this. Several of her friends presented her with three lovely gifts Thursday. Everyone put on his best "bib and tucker" and had his picture taken Friday. It was certainly a show just to stand in the hall and watch all the good-looking people walk down the hall. Since a class meeting wasn't called last week we haven't elected our solicitors yet. We're hoping we can do that this week. The Senior class of 1945-46 do ordain and establish A Grow! We're really proud of this and our sponsor, Miss Billingslea. One column we really want to enlarge is the gossip column. We all love that.

The shorthand class was conducted in the same manner as grade school days Friday. We had a shorthand spelling bee. It was not quite so easy as one from the days of yore, but we got along fine. We wrote the words in the air, and I'm sure Mrs. Lyles thought we looked comical and dumb.

There'll probably be lots of dumbfounded seniors this week until the change of time is figured out. I know I'll be one bewildered senior.

Well, here's hoping we have more news next week.

CHICK CHATS

BRINGING PULLETS INTO PRODUCTION

One of the gravest mistakes a poultry raiser can make is to let his growing birds shift for themselves. The growing age is one of the most important periods in the life of a pullet, for it is during this time that the foundation is being laid for later performance in the laying house.

Pullets forced to forge for themselves can't develop the sort of strength and stamina that it takes to stand up under heavy egg production month after month. Lack of proper care and balanced rations during the growing age siresponsible for many of the breakdowns in the laying house. Range pullets should be provided with plenty of growing mash, good range and lots of clean water.

Housing the Birds

By now most flocks are reaching maturity. Some birds will show such signs earlier than others; developing red combs and wattles with the head blocking up like a laying bird. These signs are good signals telling you that the time has been reached to get the flock in condition so that all will come into production nearly together.

The strain of egg production is such that unless the birds' bodies are in full flesh they may lay a few eggs and then go into untimely molt. Handle or weigh the birds of the flock have developed red combs and wattles and otherwise indicate they are ready to lay, rid them of parasites, test for pullorum, and cull those that don't reach your expectations. Then house them in clean laying quarters, if possible, separated from old laying hens. Feed them the feeding program you intend to use as soon as they are housed and encourage feed consumption with some succulent greens or a commercial appetizer.

Sophomore News

The following students have been nominated for homeroom officers for 10-2 for the 1945-46 session:

President, Buddy Whitney, Dean Burleson, and Melvin Gragg; Vice-President, Reva Green, Maxine Hill and Delores Kasper; Secy-Treas., Melvin Gragg, Ross Jackson, Gloria Minick; Reporter, Wilma Blackwell, Reva Green.

"Harvest of Stars" Is New International Harvester Program

Premiere to be on NBC, Sunday, Oct. 7th at 2 p. m. Eastern Time.

International Harvester Company offers what may be considered a new concept in radio entertainment in its "Harvest Stars" which goes on the air over all NBC stations for a half hour broadcast at 2 p. m., Eastern Time, Sunday, October 7th, and regularly thereafter.

Woven in a dramatic and musically colored pattern are the people, places and events that are America, under the talented hand of Raymond Massey, in the dual role of narrator and actor. With him will be noted Howard Barlow as conductor of the seventy-piece International Harvester Orchestra. A choir of twenty-mixed voices, under the direction of famed choral leader Lyn Murray will lend vocal support to the production.

Massey Flying Home For First Program

Taking off by plane from Europe, where he has been entertaining our GI's in the leading part in the play "Our Town" Massey will fly home and is

scheduled to arrive two days before the Harvest of Stars goes on the air, thus personally dramatizing the best tradition of the stage that the play must go on.

Jan Peerce Is First Guest Star

Jan Peerce, noted tenor of opera and radio, will be the first guest star on this program, which has been announced as the first of a series on which many other guest stars will appear, among them Gladys Swarthout, Eugene List, and Bidu Sayao.

WE Recommend

GAS HEATING FOR YOUR HOME

Here's Why.

Ordinary room heaters have a good purpose, but just as the horse and buggy have been replaced by the automobile, ordinary heating equipment is being replaced by newer, improved types, which are more fully adapted to the health of the family and preventing damage to walls and furniture.

Our winters are damp, and regular type heaters cause condensation, known as "house sweating." To eliminate this condition we recommend the installation of modern ADEQUATE, VENTED, AUTOMATIC heating equipment.

VENTED heating equipment passes the moisture, which is a by-product of all combustion, to the outside air through a vent. This reduces "house sweating" to a large extent.

To eliminate "house sweating" further, the heating unit must be ADEQUATE. Condensation can't take place where all areas of the home are kept at an even temperature, so when ADEQUATE heating is used, all surfaces are warm and there's no opportunity for damp air to condense.

To do the complete job, however, AUTOMATIC heating is necessary. By this method a small, inexpensive thermostat controls the temperature in your home 24 hours a day. Winter colds and other illnesses, which are caused by quick changes in temperature, are no longer a problem. With AUTOMATIC heating you enjoy, to the maximum, the benefits of the world's finest Natural Gas.

Many dealers offer ADEQUATE - VENTED - AUTOMATIC heating equipment, and there is a type for your home, whether it be large or small. AVA heating is adaptable to any floor plan, and it may be installed in your attic, closet, floor, or adjoining garage. When you buy, there is only one thing to remember—insist on ADEQUATE - VENTED - AUTOMATIC heating equipment.

Eighth Grade News

The two sections of the eighth grade have been divided into three sections. Mrs. Spradling, who had been teaching in the Fort Worth schools, was given the pupils assigned to L8-3 home room. With our new set-up, we can and are doing much better work and the pupils and the teachers are better pleased. Three new pupils have been added to our class: Roland and Marilyn Leimer from Randlett, Oklahoma and Ann Rogers from the Thornberry Community.

Again, we wish to express our appreciation to the people of Burkburnett and the surrounding communities for helping us to make our campaign for the subscription of magazines a success. Section L8-1 was in the lead for the amount of money collected with Mike Harms as the leading salesman.

What Is Peace?

PEACE is more than the absence of war. PEACE is a friendly handclasp, small talk on a front porch, friends in for dinner.

PEACE is people helping instead of hurting one another, trusting instead of suspecting, tolerating instead of hating.

PEACE is meeting on equal terms. It's honoring a man for what he is instead of defaming him for what he isn't.

This is peace. And until we have all this, we won't have real peace—the feeling in our hearts that all is right once more.

Right now, we can make a good start towards this goal. For, right now, in our Community War Chest campaign, we have the chance to help our neighbor. To help him regardless of who he is or how he works. To act together in mutual trust and confidence.

And this is democracy in its finest expression. This is part of all we are fighting for. This is what you help to bring about when you contribute to the local War Chest.

The Cotton Festival, scheduled to be held at Grandfield last Saturday had to be postponed on account of wet weather. Much work had been done in effort to make this an outstanding event, being the first such program planned in these parts since end of war. A special feature, was to be a rodeo. The ground had been well prepared and plenty of good riders obtained. So the postponement of the affair was a disappointment to many; but being only postponed, not dropped, we can look forward to attending at a later date.

Speaking of wet weather the rain that fell here at Devol from Tuesday evening to Saturday evening was 10 inches according to Edd Rubottom's rain gauge.

The approaches to some of the bridges on the dirt, gravel road were washed out and some parts of the road damaged to such extent the bus drivers felt it unwise to drive over them. But with repair work on the road and bridges going forward, we hope soon to have regular bus service restored.

The Ernest Wood Grocery Store extension has been completed and a meat case installed, to handle fresh meats. The store is now under management of Wood and Son.

Mrs. Rigel from Council Bluff, Ia., sister of Mrs. Betty Mallory arrived last week to spend the winter with Mrs. Mallory, who lives alone in her home in north-east part of town. If Mrs. Rigel finds everything to her liking she may remain with us longer than she had planned.

The Eddie Bryant family, formerly of Burk, has moved on to the Billie Pirtle place south of Devol. Mrs. Pirtle is expected to arrive from Florida in a couple of weeks, when she and Mr. Pirtle will go to Kansas for the racing season, after which they will return to Florida for the winter.

The Tillman County Baptist Workers Conference will be held at the Devol Baptist Church Tuesday, October 9th. All interested are cordially invited to attend. It will be an all day meeting so bring your family.
