Group Organized for Work

In the past few months meetings have been held by representatives from the Chamber of Commerce, Rotary Club, and other organizations, in order to work out plans for a hospital in Burkburnett. The meetings were held in the Chamber of Commerce building, and were held on a regular basis. The meeting of the above mentioned organizations was held on Tuesday night, and was held in the Chamber of Commerce building. The new line of Plymouth automobiles, with outstanding mechanical improvements and up-to-the-minute styling, make their appearance in dealer showrooms here and throughout the United States Friday March 18th Burkburnett Motors announced today. Completely redesigned and streamlined, the new Plymouth contains a 97 horsepower engine which is smoother, livelier, and more economical. Other changes make notable contributions to beauty, safety, and passenger comfort. Wheelbase has been increased for a better ride and more road stability but at the same time the overall length has been reduced for ease of handling. Although lower and narrower, the bodies provide greater interior room for passengers. The car's appearance reflects a complete change from last year's models. The Plymouths may be seen at The Burkburnett Motors. Designers have achieved a "common sense" streamlining in which ease of handling, safety and comfort have received strong consideration. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal masses so costly to repair or replace.

Total Car Tags Sales Almost 800

Some time between now and April first, Burkburnett automobile owners will purchase an estimated 500 or 600 auto tags. A check with Ray Hill at the Chamber of Commerce office Tuesday revealed a total of 613 auto tags purchased thus far. Last year more than 1100 were purchased and Mr. Hill estimates the total this year will run near 1200. To avoid delay at the last minute rush, tags should be purchased now. Those who wait until the last day or so may have to wait in line for an hour or more. It takes a few minutes to fill out necessary papers when everything is in order, and then sometimes it may take a long time when titles, previous registration and other things must be looked into. Mr. Hill and Mrs. Marjorie Hofacker are hoping that the balance of the registrations will be spread out over the next two weeks, and not all fall on the last one or two deadline days. For your own convenience don't postpone purchasing your tags.

Sedan seats are wider and deeper, both in front and rear. The width of both cushions has been increased (5" in front, 6" in rear—front seat width 56", rear seat width 57") with panels and arm rests so located as to take maximum advantage of the interior space. Rear seat room in the Club Coupe has been increased to the equivalent of the Sedan. There is more head and leg room in the Sedan rear seat.

Survivors include the husband, two sisters, Mrs. L. V. Smith of Floydada and Mrs. J. V. Booth of Beaumont; and one brother, Harvey Hawkins of Wichita Falls.

Street Curbing On East Third Is Almost Finished

Curbing on East Third street was held up a day or two while freezing temperatures threatened, but Tuesday good progress was being made. All the North half has been finished, and the South side will be completed in another day or so.

Many are the favorable comments about the beauty of the improvement the curb is making. In a month or two when the street is paved curb to curb people coming in from Oklahoma will have a most favorable impression of Burkburnett as they approach the business district. Residents living along that street will be proud of the nice, wide paved street, too.

Work down Avenue D will start as soon as the job on third is finished. The progress down D may not be as fast as down East third, for the reason that several concrete culverts and other obstructions will have to be removed before the new curbing goes down. In some places the concrete street will have to be broken up, too. Possibly by the latter part of April or early May the State Highway Department will begin their work of paving the streets.

Mr. and Mrs. Joe Fender Eastman are the proud parents of a baby girl, Jimmy Joy, born at the Bethania Hospital in Wichita Falls last week.

Pioneer's Rites Held Here Tues.

Final rites for James Alexander Douglas (Jad) Smith, 81, founder of Texoma Oil and Refining Company and former County Commissioner and Deputy Sheriff, were conducted at 2 p. m. Tuesday from the Church of Christ, with Loy Ruckman, minister officiating.

Burial was made in the Burkburnett Cemetery under direction of the Owens & Brumley Funeral Home. Wichita Falls Lodge No. 635 and Wichita Falls Chapter No. 202 of which Smith was a member, conducted Masonic graveside services.

Smith died Saturday afternoon in a Wichita Falls hospital after suffering a heart attack in his home early that morning.

Born Jan. 27, 1868, in Mississippi, Smith came to Texas with his parents in 1879 and settled in Wise County at Pleasant Valley, where Smith's father, who had served with the Confederate army, taught the first school established in the community.

Young Smith was said to have "grown up in the saddle." He herded cattle regularly when he was 6 years old and later was employed at various times as a cowboy or foreman by Burk Burnett. Dan Waggoner, Jess Carpenter and Sidney Suggs.

In 1892, Smith married Miss Hattie Louella Reeves of Mantau, Texas, and moved to Burkburnett in 1906. In 1916, he became an oil operator and driller and brought in the first well in the shallow field south of Burkburnett. In 1918, he brought in a well a mile and a quarter south of the famous Fowler well and opening new production. At that time he organized the Texoma Oil and Refining Company, and at one time had two wells in his own yard in Burkburnett.

Smith served three consecutive two-year terms as a county commissioner during the time in which the present county courthouse was built. Prior to his term as commissioner he served as a deputy sheriff of the Burkburnett precinct. He was a Scottish Rite Mason and a member of the Maskat Temple in Wichita Falls.

Survivors include his wife, five sons, L. F. Smith, Wichita Falls; D. D. Smith, Monterey, Calif.; and S. A. Smith and G. F. Smith, all of Burkburnett; two daughters, Mrs. H. O. Smith and Mrs. Vera Amy, both of Burkburnett; 16 grandchildren and three great-grandchildren.

Clifford Wells Body Shop Enlarged

Clifford Wells has moved his paint and body shop back to the old location on the corner of Avenue D and 2nd street. He has just recently completed a new spray booth, where cars to be painted can be closed up and no dust can settle on the paint before it is dry. A large suction fan removes all excess paint mist from the room while the car is in the process of being painted, which makes it one of the most convenient booths to be found anywhere.

Thomas Leo Boyd Died Tuesday

Thomas Leo Boyd, 57, outstanding Burkburnett citizen, merchant, civic leader and philanthropist of this city, died in a Wichita Falls hospital Tuesday night about 10:30.

Boyd, one of the county's most important financial leaders and frequently a director of charity and other community drives, succumbed to a heart ailment. He was admitted to the hospital Tuesday morning about 7 o'clock. His condition became steadily worse throughout the day.

Serving in almost all civic campaigns, Mr. Boyd was 1945 president of the Chamber of Commerce, having been on the board of directors of that organization for a number of years. He was currently chairman of the Red Cross campaign in Burkburnett. An ardent Methodist, he was a member of the Board of Stewards of the church here and taught a successful Sunday School class for many years.

Mr. Boyd, a native of Taylor, Texas, came to Burkburnett in 1919 after he had served in the U. S. armed forces during the first World War. He and his brothers established several general merchandise and grocery stores in this area, in Burkburnett, in the oil fields and in Thrift. These stores were combined into the huge Boyd Bros. store in 1932. It has become one of the outstanding mercantile establishments of this region.

Survivors include the widow, two daughters, Dorothy Boyd of Burkburnett, and Mrs. Caroline Greer of Wichita Falls, a sister, Mrs. Ethel Hartman of Austin, Texas; two brothers, Jimmy and Charlie Boyd of Burkburnett. Another brother, Billy, preceded him in death about a year ago; 5 nieces: Louise Boyd of Burkburnett; Mrs. Thurman Kennedy, Vernon; Mrs. Bill Bundy, Jr., Beaumont; Mrs. Marie Hager, Wichita Falls; and Miss Louise Hartman, Austin; 3 nephews, Raymond Hartman and Charles Boyd, Jr., of Burkburnett and Billy Boyd of Texas A. and M.

Funeral services were held Thursday (today) at 4 P. M. from the First Methodist church with Rev. T. Herbert Minga, pastor, officiating. Interment was made in the Burkburnett Cemetery under direction of the Owens and Brumley Funeral Home.

Pallbearers were: Paul Browning, B. H. Alexander, Luther Caffee, Joe Nichols, Clifford Dodson, C. J. Tucker, Will Teal and H. D. Smith.

Honorary pallbearers were members of the Methodist Men's Bible Class, Board of Stewards, Rotary Club, American Legion, Odd Fellows and employees of the store.

Weatherman Slips, Everybody Happy

Sometimes the weather man slips up, just as he did Tuesday. He predicted colder temperatures with flurries of snow. Instead, the sun was shining just like summer time. When the weather man makes that kind of error, everybody is happy.

With Easter coming late this year—and too, it thundered in February—we are due some cold weather on up in April. This prediction not from the weather man, but from old-timers.

THE RED CROSS

The Red Cross was formed to administer to the needs of victims in war. It has grown to enlarge its treatment of humanity during peace, when calamity hits with floods, fire, famine and pestilence. The Red Cross serves the entire world, promotes brotherhood of man through understanding and tolerance. It draws no line in color, nationality and geography. The subscriptions that build the fund for the work that reaches the injured, homeless and hungry, come from those who respond to the Red Cross Roll Call. Many are those in Burk Burnett who answer the appeal for humanitarianism.

WHO SAID WEAK?

In the days when knights were bold and ladies fluttered handkerchiefs and gave way to the "vapors", the role of womankind was clinging. Women have, for centuries, been considered the weaker sex. Since they have entered public life, in business and politics, in all the fields of endeavor in which you find them, the ladies have been acknowledged stronger. They have qualified in many roles that were formerly considered man's domain. There still persisted the feeling that women were the weaker sex.

After reading a report of physicians concerning the life expectancy of men and women, we believe many males will cease giving up their seat on the bus to the frail females. Women are actually the stronger of the sexes. The life expectancy for man is 65 years, for women it is 70. They tell us that women may expect a widowhood of eight years, the difference being that the average woman is married to a man older than herself, plus her additional five years of longer life. The Burk Burnett husband has for himself an emancipation proclamation pronounced by qualified medical authorities. He can now take a definite stand on stoking the furnace.

WASHINGTON NEWS LETTER

We have let Saturday slip up on us again before writing this newsletter which means we have to send it air mail in order to reach our district papers in time. This delay was occasioned primarily by the bitter debate in the House over the extension of rent controls. We have not yet disposed of this bill on which final vote will be taken on Tuesday.

Tomorrow I am flying down to New Orleans with the Immi-

gration Subcommittee to see the landing of the first boat load of DPs to dock in the Southwest. Heretofore, all have gone into New York City. The Committee will fly back to Washington Monday afternoon. It is doubtful that we will learn much on this trip.

This week I have received telegrams from organizations of Jewish war veterans asking me to support a bill pending before the Judiciary Committee to give them a national charter. This means to incorporate them similar to the incorporation of the American Legion and the Veterans of Foreign Wars, which organizations have national charters granted under laws passed by Congress. Most members of our committee are opposed to this legislation. We do not think that the Jewish War Veterans, or the Catholic War veterans, or the Protestant War veterans should be incorporated as such. This, it seems to us, tends to create class consciousness along racial and religious lines and citizenship.

Subcommittee No. 1 of the House Judiciary Committee, of which I am a member, has begun hearings on a new Displaced Persons bill sponsored by Mr. Emanuel Celler of New York. Mr. Celler's bill proposes to raise the number of DPs to be admitted to this country from 200,000 to 400,000. The present bill provides that no one coming into our DP camps after December 22, 1945, can be classified as a DP. Mr. Celler's bill proposes to change this date to July 1, 1947. Mr. Celler's bill would make eligible for DP registration more than 100,000 coming into

our camps from behind the iron curtain over 18 months after the war was over. Mr. Celler complains that the present legislation discriminates against persons of Jewish faith. While 25 per cent of the DPs were of Jewish faith, DPs admitted since the war and prior to the DP Act of 1948, were 66 2-3 per cent of Jewish faith. Of those admitted under the present act so far, nearly 50 per cent have been persons of Jewish faith. Thus, it is hard to see how any discrimination has been practiced against the Jews.

Information For
Camp Fire Girls
Play Week

Beauford Jester to lead the Camp Fire Girls and praised their training program, it is announced by W. B. Feather, Area President of the Texas Area Council of Camp Fire Girls.

Since 1910 the Camp Fire Girls have been fulfilling the great promise of their birth as an organization. For their 1949 Birthday Project, "Make Mine Democracy"—the girls do democracy, "see it" at work, and tell the world about it.

Girls are planning to see democracy in Burk Burnett by attending church to observe freedom of religion. Sunday, March 13, was Camp Fire Day at church with all girls attending en masse at the First Baptist Church. Miss Faye Willhoit's Group are also touring the democratic institutions of Burk such as the post office, city hall, school, newspapers, etc. to see democracy at work.

Blue Birds and Camp Fire Girls "do" democracy in their own little groups. They share in work and play, in making group decisions, in electing officers, in bowing to the wishes of the majority, in taking an active interest in every aspect of the functioning of their group.

Many girls "tell" democracy by writing to pen pals in every corner of the globe, and explain to them the every day processes that go into making up our democratic way of living.

Camp Fire Girls in a national organization serving girls between the ages of 7 and 18—Blue Birds for 7-8 and 9 year olds, Camp Fire Girls, 10 to 15, and Horizon Clubs for the high school girls. These girls belong to groups where they learn to work and play together, to become good citizens and homemakers, to share with others, to shoulder responsibility in the home and in the community—to become wives and mothers

Celebrating 39th Anniversary
Camp Fire Girls this week are celebrating the 39th Anniversary of their organization. "Make Mine Democracy!" the theme of this year's birthday celebration, is especially appropriate because Camp Fire Girls and Blue Birds is an experience in democratic group living for every girl.

DEAR BUDDY:

This is an appeal to you to join a veteran's organization in an hour of great importance to all veterans. First I would like to acquaint you with some of the issues and problems confronting us at this time so that we may combine our strength by obtaining a large membership. This is the only voice that the members of congress and people will listen to—the voice of the majority.

The American Legion is calling on you for your help, by your help you will be helping yourself and your less fortunate buddies. At the present time the veterans of all wars are facing a most difficult time.

You have no doubt heard of the activities of the Hoover Commission and their report. This report recommends that the Veterans Administration be cut in half, and all Veterans Hospitals be closed. Now what does this mean to you and yours? It means that in case of a mentally sick veteran that he will be placed in a State Hospital for the mentally sick. Other hospital cases will be placed in the charity wards of city, county, or private hospitals.

Other results would include cuts in pensions, disability payments, and other veterans benefits such as pensions to widows of veterans would be entirely done away with. The American Legion is fighting this bill with all of its strength and resources.

At this time membership in the American Legion means the strength to stop these cuts in Veterans appropriations.

At the present time Legion membership is slightly over 3,000,000 out of a potential membership of 18,000,000. We want to double and triple our membership in order to put our Legislative program over. Some of the points in the Legion Legislative program which concerns you and every veteran are listed below:

- 1 Pensions for Veterans of both World Wars at sixty years of age, regardless of financial standing.
- 2 Pensions for widows of World War No. 2 veterans, regardless of reasons for their death.
- 3 State Bonus.

Locally, the Legion Post spent over \$700 the past year for Child Welfare and Veterans Relief which included clothing, food and medical aid. This is not a great amount but with a greater membership we will be able to do a great deal more in the coming year.

The Legion home on Avenue "C", across from the Post Office is open every afternoon after 1:00 o'clock. Find time to come by and aid us in carrying out our program to aid the veteran.

and citizens in the best traditions of our American, democratic, way of life. These girls learn by doing — by doing these things that will become their duty and responsibility as they mature into adults.

Burkburnett's Camp Fire Girls and Blue Birds are learning about democracy, reading and studying books, and seeing in practice a way of living, a form of government, a tradition, whose very substance, whose life blood, is a democracy "of the people, by the people, and for the people." Because of this knowledge they will emerge better citizens ready to take their places as adults.

It is further ordered that a copy of this order shall be published in the Burk Burnett Star full thirty (30) days prior to the date of election and the same shall be sufficient notice and a copy of same issued to the presiding officer above named is hereby made and shall be sufficient writ of election.

From where I sit... by Joe Marsh

Never Too Late
To Learn

Cappy Miller's young son, Squint, is forever coming up with new ideas. Now they're not all world beaters, but Cappy is usually willing to give them a try.

Seems Squint found a new way to clear brush. They take two tractors, about thirty feet apart, and connect them with a heavy chain weighted down on the ground with old iron. First they both go parallel in one direction, then they go back over the same swath in the opposite direction and up comes the brush—roots and all. Worked fine and saved time.

That's why things go so well at the Miller farm. Cappy is open-minded, tolerant of new ideas and new ways of doing. He doesn't think his way is the only way.

From where I sit, a little tolerance will make things go better for all of us. You respect my views and I'll respect yours—whether it's on farming, politics, or choosing between an ice cream soda or a temperate glass of beer.

Father of "Mickey" Just Like the Dads Of Real Life Girls

Parents of teen age girls will appreciate the relaxed feeling of Bill Goodwin when he finally sees his screen daughter, 16-year old singing star, Lois Butler, doff her dungarees and "Sloppy Joes" and replace them with simple, neat dresses, in Eagle Lion's Cinecolor production, "Mickey" which opens Friday at the Palace Theatre.

Lois Butler playing the title role of a typical teen-age tomboy suddenly becomes aware of her unladylike, unappealing manner of dress when she is embarrassed by appearing improperly attired at a school dance. From then on she makes a point of being dressed in a manner befitting an attractive teen-ager.

"Those parents whose female offspring have passed through that phase will recognize the phenomenon which is peculiar to girls of that age," it was explained by Aubrey Schneck who directed the picture. "They will also find a reflection of their own anxieties and reliefs in Bill Goodwin's reactions to his daughter's behavior."

"Parents whose daughters have not gone through the clothes conscious stage will understand what they have to look forward to when they see 'Mickey'."

"Mickey", based on the award-winning best-seller "Clementine" by Peggy Goodwin, was directed by Ralph Murphy.

Former Burk Lions Entertain Members

Tuesday night, all Lions were met at the door and told a secret. All except one. After benediction, the group burst out singing Happy Birthday. Everyone had been informed except Sloan Mills. The singing was in honor of his 74th birthday.

Lions D. C. Dodson and D. F. Douglas had charge of the program. They presented H. S. Grace and R. L. Mattingly of Wichita Falls, both former presidents of the Burk club. Fifth Grade Cops Patrolling Crossing At Grade School

The cops will get your number if you run the red light in front of the Grade school! That's right. Six courteous little cops are on duty each morning, at noon and in the afternoon when school dismisses.

This is one of the best pieces of work attempted in a long time. Too many motorists have not been paying any attention to the signal light in front of Hardin grade school. It is a wonder that some child has not been killed there this year. Those little fellows, six years old and up have been coached to cross the street only when the light was green, in their favor. They did watch the light too, and when it changed to green they believed that the cars would stop and abide by the red signal for traffic, and they scooted across the street with no thought of danger in their innocent minds.

All the thoughtless who run the red signal were not out-of-town cars, either. About fifty per cent of local drivers paid no attention to the light, red or green. And, many of those offenders have little ones in school!

The little cops are all fifth graders, from the rooms of Mrs. Rex Kolter, Mrs. Maurine Pearson and Mrs. Pauline McClain. They asked for the privilege of doing this work in connection with their safety studies. They are to be commended for their desire to protect the other little ones. When they are on duty they miss the romping and playing enjoyed by their classmates, but they love their work.

The set-up is much like that in any big police department. They have a captain, lieutenants, sergeants and just plain buck privates. Promotions or demotions come with good or indifferent work. The competition is very keen. Soon it is hoped that the little cops will have shoulder bands to identify them. Now all they have is whistles, and they are not bashful about using them, either for motorists or students who disobey the signal light. Six cops are on duty at all times when students cross the street. Two under the light and two on either side approximately one block away.

Numbers taken from cars that run a red signal are taken down and turned over the Willis Bartley, who in turn will turn them over to the Star office for publication. If a student crosses the street against a red signal, one of the little cops will get his or her name and it is turned in to Principal Evans' office.

Mr. and Mrs. Cloys Tedder and baby of Henrietta visited in Burk Tuesday.

Mesdames Carswell, Hunt and Short took parts on the program, which ended with a round table discussion on Racial Tension and Racial Prejudice.

Following the covered dish luncheon, the business meeting opened with 27 present. The group sang, Speak to My Heart, followed with prayer by Mrs. Lee Willis. Mrs. Turner, president, conducted the business session. Reports from various committees were heard, and Mrs. Van Cleave dismissed with prayer.

Jesus." Does this sound sensational? Well then, it sounds right. For the message of life in Christ IS sensational and thrilling. Man has the privilege to believe and teach what he wants to, and I want him to have that privilege. But he does not have a RIGHT to believe anything he desires. God's Word is the Truth and Right, and you do not have the right to believe wrong, or a lie. The only hope is in Christ. Welcome to Calvary Baptist church, whose theme is, a crucified, buried and risen Saviour for a doomed and damned world. You are no stranger with us. Our grey bus makes a regular route morning and night for your benefit. Ride it to Church.

To Be Saved One Must Believe The Truth

There are a good many people who know what is right in the Bible, they know the truth, but they refuse to put their faith in it. Among these are those who know what the Bible teaches about the virgin birth and the resurrection of our Lord, but because they cannot explain these miracles in harmony with certain scientific notions to which they are committed they refuse to believe them. They therefore reject that part of the truth which they believe the rest of it. But the liberty to believe that part which is unreasonable, according to our preconceived notions, is not given us. Jesus said: "Except ye believe that I am He ye shall die in your sins" (John 8:24). This lays upon us the necessity of believing all that is said of Him.

There are others who know what the truth is on certain subjects in the Bible, but in that people they have even died without having accepted that part of the truth which they refuse to accept. Again the language of our Lord is in place. "Go ye into all the world, and preach the gospel to every creature. He that believeth and is baptized shall be saved; but he that believeth not shall be damned" (Mk. 16:15, 16). He shall be damned who believes not what? The gospel which Jesus said preach; and that is the truth (I Peter 1:25). But passages teaching the necessity of believing the truth, and believing the whole truth, are too numerous to give here. Read Acts 17: Heb. 11:6; John 3:16, 18. Truly man must know the truth and believe the truth to be saved.

SOIL CONSERVATION NEWS

Several Cooperators of the Wilbarger-Wichita Soil Conservation Districts and in the Wichita Irrigated Valley are planting Ladino Clover for the first time. Carl Williamson and Roy Thompson report they have planted their seed. From reports received from other sections of the country Ladino clover has shown excellent results as pasture, both in the Eastern and the Western States. This clover should be good in irrigated pasture grass mix in our irrigated valley.

Another crop being tried this year by Shem Cunningham and Rufus King is birds foot Trefoil. This plant has been found to be very successful as a pasture and hay crop on irrigated land on the West Coast.

In years past Johnson grass has been considered by row crop farmers as one of the farmers' worst enemies. This attitude toward Johnson grass has changed considerably the last few years. Most farmers have found by wheat farming or by grazing, this once pest can be controlled. It has been found to be very good for erosion control and yields an unlimited amount of grazing for livestock. Several Cooperators are now mixing clover with Johnson grass and finding it to be very good mix for grazing purposes. Some farmers in the irrigated valley are planting Johnson grass and clover as irrigated pasture. Jim Pirtle a farmer on Red River reports Johnson grass has prevented his farm from washing away until it was terraced. He states he wants to control the Johnson grass but not to completely kill it out.

Leveling operations have started on the Ray Underwood farm South of Iowa Park by equipment belonging to the Irrigation District. If the weather permits, in a few days some thirty (30) acres will be properly leveled and bordered.

A number of farmers are laying plans to purchase turnouts for each individual border through the Irrigation District. This will permit them to irrigate with very little shovel work. The saving in labor costs while irrigating will soon pay for the structures. Carl Williamson, Johnny Williamson, Roy Thompson, L. F. Miller and the Hardin College Farm are among those who plan to install these turnouts.
