Beginning Monday evening,

April 11th George Bailey of Ok-

lahoma City will be with the

Church of Christ in a series of

meetings. Mr. Bailey is known

by many in this community hav-

ing been here about a year past

in a meeting. The congregation

was so impressed with his abili

On March 28 an interest payment of \$5,624.03 was made on Burkburnett's bonded indebtedness. The payment, due April 1st, was for the first half year's interest. September 1st a like amount will be due, and funds are already in sight for making the Sept. payment. Since the bonded indebtedness was refinanced two years ago, all interest payments have been made on time.

Indebtedness Reduced

Within the past two years, the City of Burkburnett has been able to reduce its bonded indebtedness \$33,000.000. This in addition to making interest payments and keeping them up to date.

Money from the Municipal Light Plant helped reduce this indebtedness

\$1,121.94 Saved Yearly

By reducing the principal \$33,000.00, Burkburnett is making a saving of \$1,121.94 each year in interest. That in itself is incentive enough to keep doing everything possible to cut down on the total amount owed.

Taxes Apply On Interest Every penny collected on City taxes goes toward paying interest on the outstanding debt. If tax payments are more than sufficient to meet the interest demands, then the balance applies on the debt itself. In the foreseeable future, Burkburnett will be out of debt. It will take a long time, but before the refinancing program two years ago, it was an impossibility for the City to ever get out of debt. In fact, it was going

The National Association for the Advancement of Colored People, award each year, the Spingarn Medal to the American Negro judged to have made the highest achievement in any field of endeavor. When the mediator Easter Egg Hunt, which will start of the United Nations to Palestine was assassinated last at 10 o'clock Saturday morning year in Jerusalem, Dr. Ralph Bunche became acting mediator. Through his fair dealings and firmness of purpose, Dr. Bunche has brought about a more hopeful outlook between the Arab and Israel.

Dr. Bunche was born in Detroit and was taken as a child to Los Angeles. Later an honor student and star athlete at the University of California, he brought further distinction to his race by becoming a member of the State department and was associated with the United Nations when it was first formed.

Dr. Bunche is an outstanding American Negro. The honor of the Spingarn is great but the important point is the reason for which it was given him. Working for peace, a position of importance in the international picture, is an example that should bring hope and encouragement to

Everyone who wishes to avail himself of this once-a-year opportunity to participate in an unusual time of meditation and consecration should make a special effort to come. Come just as you are at any time during these hours and stay as long as you wish, whether five minutes or the entire two hours. If you have been to one of these services, you will not want to miss this one this year. At the morning hour on Easter those who wish to unite with the church and those who wish to have their infants baptized will have opportunity to do so. At the evening hour the choir will give an Easter Cantata, "Love Triumphant," and children from the children's Division of the church school will give a short program. Dr. Joe Z Tower and Mr.

Billy Triggs of the First Methodist Church in Wichita Falls will be here Monday morning to begin our revival. Morning services will be at 11 and evening services at 8. You will not want to miss any of this meeting. Come to church. You need the church The Church needs you. T. Herbert Minga, Pastor.

Natural gas has an important place in the industrial prosperity of the Gulf South. One of its familiar uses is as fuel in the manufacture of paper and paper products-kraft paper for your shopping bag ... cartons for your ice cream ... newsprint for your local newspaper.

More than 2,000 industrial gas consumers obtain their fuel directly from United Gas, and many others buy their gas from distribution companies supplied by United. The delivery of industrial fuel is one of many functions of the United Gas organization ... all of which mean more jobs for residents of the Gulf South, more payrolls and local expenditures for all to share.
