Dogs Outplay Park to Open Conference Play

Members of the Band Parents Club met at the Band Hall last Monday night for their regular monthly meeting, with Mrs. C. A. Morgan, president, in charge.

Minutes of the past meeting were read and approved. There was no treasurer's report, due to the absence of the treasurer.

Plans were discussed for entertainment of the Intermediate and Junior Bands. Plans were also made to take the Band to Iowa Park for the Texas-Oklahoma Fair Tuesday and to Ranger for the football game Friday night.

We had a very good attendance, but are still very anxious to have mothers of the younger band students to meet with us. More telephone chairmen were appointed in order to get in touch with parents and remind them of the meetings.

Tomorrow (Friday) at noon the Bull Dogs and a great number of fans will leave for Ranger where the local team is matched with the Ranger team for a football game. Ranger is a class AA team, which will give a better idea of how the Bull Dogs play when they go into a game underdogs.

The Unity Garden Club opened their club year in the home of Mrs. W. H. Cross, with Mrs. Jim Alexander and Mrs. V. C. Sippwith as co-hostesses.

The house was lovely with arrangements of Dahlias. Roll call was answered by Plans for Fall Gardens. The president, Mrs. J. M. Patterson, gave her greeting and Mrs. J. C. Hinkle read the Constitution and By-Laws. Mrs. W. R. Carswell gave a paper on Art of Flower Arrangement.

Refreshments were served to the following members: Messdames B. H. Alexander, C. W. Boyd, Hollie Boman, John Brookman, W. R. Carswell, C. R. Chambers, B. Danforth, A. L. Gilbow, J. B. Grace, J. C. Hinkle, B. A. Landers, Roy Magers, F. M. McMurtry, J. M. Patterson, Troy Miller, T. L. Holman, F. B. Hughes, R. C. Gilbow, Chas. Begeman, and the hostesses, Mrs. Cross, Mrs. Alexander and Mrs. Skipwith.

Dr. and Mrs. Lewis Shores have returned home after a week's stay in San Antonio and Houston. Dr. Shores took some post graduate work in San Antonio, after which they visited with their son, Sanford and family in Houston.

Mr. and Mrs. Charles Dalton are the parents of a seven and a half pound boy born at the Wichita Falls Clinic Friday.

Mrs. C. M. Archer is visiting her sister, Mrs. Billy Weaver in Durant, Oklahoma, this week.

Ted Harris, student at Hardin Simmons, Abilene, spent the week end at home.

1 and Draper went over for a touchdown. Counter connected for the extra point try. 13-0.

The Hawks, still showing a little fight, received and returned to their 28. They got a 15 yd. penalty back to the 13, but came back next play to the 25. They drew another 15 yd. penalty back to the 10, but two good passes put them on the 30. Then Burkburnett began drawing 15 yard penalties and the ball came to rest on Burk's 40 yard line. With Cope engineering the play Iowa Park was able to reach the 20 yard line before they lost on downs. Burk made 8 through the line and the final gun fired.

Yards Rushing—Burk 87; I. P. 28. Passes—Burk 5 for 78 yds. Iowa Park 14 for 103 yards. Penalties—Burk 3 for 35 yds. Iowa Park 4 for 45 yds. First Downs—Burk 4; Iowa Park 7. This Friday night the Bull Dogs go to Ranger for a non-conference game.

Out-of-Town Motorists Have More Regard for Local School Children

Out-of-state motorists and those from out of this county show more regard for the safety of our school children than local Burk residents. That is a serious indictment to make against Burkburnett drivers, but it is true. If you do not believe the accusation true, go down to the traffic light in front of the Grade school. You will notice that out-of-state cars are very careful to stop when the light is red. Out-of-county cars stop and wait too. So do Burk drivers—but not all of them. Some of those who do stop will drive on through a red light if no children are crossing at the instant. That is bad business. It is the same as to say To Heck with the children, I am in a hurry. Parents and teachers have cautioned those little ones to observe that traffic light. Some of the larger children have learned they are not safe crossing a green light. They must look both ways and allow for those drivers who ignore or abuse the light. But those very tiny tots are different. Perhaps you couldn't push one of them across against a red light, but when it is green they never look either way. They believe they are safe as long as the light is green on their side. They may dash out from behind a car and hurriedly look up to see if the light is green, and if it is, they never look to see if you are waiting as you should.

That light was put there for one purpose—to make it safer for children to cross the street. It is turned on at 7:30 in the morning and runs until 4:15 in the afternoon. When it is red it means just one thing—stop. And that doesn't mean to start again before the light changes green. Take it easy. You're not going any place. You're just rushing somewhere to sit down and waste some time.

We are glad we have no "Oak Knoll" situation here. We believe the people of Burkburnett are fair and reasonable enough to respect the rights and liberties of others and will show proper concern for the safety of children without stringent measures being taken. Drastic enforcement measures are usually brought about by those who openly defy law and order.

Burkburnett Well Represented At Texas-Okla. Fair

Quite a number of Burkburnett citizens turned out Tuesday to attend Pioneer and Burkburnett Day at the Texas-Oklahoma Fair at Iowa Park. All local school children had free passes to the Fair grounds and the Midway for that day.

Ray Hill, manager of the Chamber of Commerce was on hand with the program he had arranged for the afternoon. The High School Band, under the direction of Max Stalander, played several numbers. Also on the program from Burkburnett were solos by Mrs. Joe Bob Tyler and Miss Alice Millikan, accompanied by Mrs. Maxine Creel. Mrs. Tyler also played accordion selections.

Hayworth, Ellis Streets Are Paved

Commissioner W. T. (Slim) Holman and his crew have just about completed putting the finishing touches on Hayworth and Ellis streets. These two streets, formerly full of chug holes and standing water when it rained, have been built new from the base rock up to the smooth black-topped surface. Engineers who made the survey and set the grade lines assure that in the future there will be no water standing on Hayworth following a rain, which if a true, will be greatly appreciated by people living on that street. This work is being paid for by the City, since poor drainage in the past had caused the streets to be ruined.

Alleys, between 2nd and 3rd and 3rd and 4th in the downtown section have been graded, base rock down and the seal-coat spread. Black-topping will be finished soon. Property owners on either side of these alleys are financing the improvement. The work is being done by Commissioner Holman and Precinct 2 workers.

Róary Club

Club Meets 12:15 Noon Sharp Each Tuesday at Town Hall

Attendance was off somewhat last Tuesday, due to a number of members being out of town. Dow Estes and Buster Morgan are with the Mounted Quadrille in Tennessee. Other absent members were: Clark Gresham, Burn Alexander, Ed Clack, Jno. Durham, Herb Minga, Walter Riley and Arthur Ramming. Rev. R. L. Young gave the invocation.

Visitors from the Wichita Falls club were: Tom Stack, R. K. Pond, Houston Bolin, Floyd Taylor, John Estes, C. J. Tucker, Homer Huddleston, Herb Story, Jno. Mouser, Ralph Morgan, jr., and his guest, Bob Stayton, and Mr. and Mrs. Theo Beck. They were introduced by J. V. Brookshear.

Woody Carter, program chairman, introduced his guest, Rev. R. L. Young, pastor of the Grace Lutheran Church. Rev. Young chose for his subject, Juvenile Delinquency, its possible causes and preventions, stressing the influence of the Sunday School to prevent crime. Next week Ralph Davis will bring the program.

Wedding News

Announcement has been received here of the marriage of Miss Iva Mae Kitching to Sgt. James P. Rich in Temple, Texas, on September 15th. Sgt. Rich son of Mr. and Mrs. J. M. Rich of Burkburnett, is stationed with the U. S. Army at Camp Hood.

Note of Appreciation

I wish to take this means of thanking Firechief Kelley and his Fireboys who came to fight the fire which destroyed my barn Monday morning. Also, I want to thank numerous cotton pickers and neighbors who came to my aid.

T-O Fair Opened At Iowa Park On Monday, Sept. 26

Many attractions for the entertainment of Texas-Oklahoma fairgoers are scheduled for the week of Sept. 26-Oct. 1 in Iowa Park.

Ken Baker's Hell Divers, a thrilling dare - devil automobile show will be held on Tuesday afternoon and 3 o'clock and at 8 P. M. Thursday in the arena.

Throughout the week well known radio personalities will broadcast their show direct from the fairgrounds at the rear of the main auditorium. One program will be broadcast daily at 3 o'clock in interest of the Women's Division.

The carnival grounds have been enlarged this year to accommodate the larger and better Victory Exposition Shows, which will include 15 of the latest rides and ten big shows.

Twenty thousand tickets good for admittance at both the carnival gates have been distributed among school children in nine area counties.

Baber Barn Burned Monday Morning

Extensive damage was done to the barn and its contents on the Fletcher Baber farm across the river in Oklahoma, early Monday morning. The fire, of unknown origin, was believed to have started in the loft where old (not new) hay was stored. Mr. Baber received some very painful burns while getting the car and pick-up out of the burning building.

The Burkburnett Volunteer Fire Dept. answered the call and battled the flames for four or five hours. They were hampered by lack of available water. Nearby cotton pickers and other neighbors also came to help control the blaze.

Included in the loss were 400 bushels of corn, 200 bu. ground corn, 200 bu. maize, hay, oats, and all planter attachments and two planters. Estimate of this loss was \$2,500.

Special Class On New Testament

The Fellowship class of the Methodist Church is beginning a special study of the New Testament. Mrs. T. Herbert Minga is the teacher of this class which has recently completed a survey course on the Old Testament.

This study has been prepared by the Board of Education of the Methodist Church especially for adults. It deals with the Bible books as books rather than being just expository teaching of isolated passages as is the customary method in Sunday school lessons.

Originally formed as a class for couples, the Fellowship class is still made up largely of young married couples. There are however, a number of others, both men and women in this age group who attend the class and find welcome there. If you are an adult and are young enough to learn something more about the Bible, you are asked to join in this new study of the New Testament.

Mrs. Paul Browning and Mrs. W. A. Browning left Tuesday to spend the remainder of the week in Fort Worth visiting in the home of Mrs. H. Dodson.

V. L. Shaffer of Marin City, California, has been returned to his home after spending a year and a half as a patient in the Oak Knoll Hospital. He is reported to be getting along fine.

Tom Britton, Scout Fund Chairman, Selects Captains

Tom Britton, local chairman of the Boy Scout Finance Drive, has selected his captains, and they in turn have selected five workers each for the big drive which will be started off with a kick-off breakfast at Town Hall, Thursday morning, Oct. 6th, beginning at 7:00 o'clock.

Following the breakfast, the workers will take cards already prepared, listing names and addresses of prospective givers. This campaign is designed to be completed in two or three days, with a minimum of effort on the part of solicitors.

Men's Bible Class 1st Baptist Church

Sunday is High Attendance Day for the Men's Bible Class at the First Baptist Church. It is hoped 100 men will be present Sunday. If you are a member of the class, or if you do not attend regularly elsewhere, you have a cordial invitation to attend this class. Visitors always welcome. Class meets at 9:45.

Play Fri. At The Church of God

There will be a play at the Church of God, Friday night at 7:30 P. M. The Church of God of Electra will be putting on the play. I am sure you will receive a blessing from this play if you will come out to this service. It is taken from the Bible and is called "The Marriage Supper."

Everyone is welcome to attend this service. Come and bring the children and enjoy an evening of religious entertainment.

C. A. Morgan Is Asset to T-O Fair As 3rd Vice-Pres.

C. A. (Buster) Morgan of Burkburnett, third-vice-president of the Texas-Oklahoma Fair and Southwestern Oil Exposition, has been instrumental in its growth through the years since its start as the Wichita Co. Fair.

Morgan served on the executive committee in 1946. In 1947 he was fourth vice-president and served on the board of directors. In 1948 and 1949 he was elected third vice-president and has served on the board of directors and the executive committee. In earlier years he served on various other committees.

Now manager of the noted Burkburnett Mounted Quadrille, Morgan always has been valuable to the "Pioneer Day" committee in helping raise the funds for the annual celebration.

Fractures Leg

Mrs. Will Teal suffered a fractured leg about noon Tuesday. She had gone across the street to the apartment which is being remodeled and fell when she stepped on some loose boards. The leg was broken just below the knee. She was taken to her home after receiving treatment at the Burk Clinic.

There's Politics and Politics

If we voted in Burk Burnett on "Do you favor politics?" probably the majority would vote "NO". Government is based on it, for by this means we elect men to office to pass and veto bills for the process of governing. This is a democracy. Without politics, what? It doesn't follow that the majority of voters say nay to politics because they are against a democracy. They are against the abuse of politics by politicians.

The objection is to vote-getters who abuse themselves and the public by promises they don't intend to keep, pledges they make and forget, wasting public time and money to personal gain. The voter objects to purges and investigations on unfounded charges, while playing the game of party politics. The voter dislikes smears by Congressmen when the office protects against libelling an innocent person. All this is what the majority mean when it says it doesn't approve of politics. There is more than one interpretation of the word, bad and good.

Are the oleo manufacturers trying to destroy the dairy business, as the opposition to yellow margarine charge? last 20 years, a 40 per cent drop. But the sale of other dairy products has increased vastly in these same 20 years. More than half the milk produced in this country 20 years ago, was separated and only the cream was sold. Farmers around Burk Burnett will tell you that the sale of whole milk will net lots more money than when only the cream was sold. Last year only 20 per cent of the milk was separated. In 20 years consumption of fluid milk increased 16 per cent; cheese increased 46 per cent; evaporated milk increased 20 per cent; ice cream more than 91 per cent. The dairy industry has made a successful effort to make up for its butter loss by concentrating on these other products.

It looks as though this oleomargine is a fight between industries. A stimulated market in cheese, evaporated milk and ice cream, makes it appear that oleo manufacturers aren't putting the dairy industry out of business. If they study hard they might learn that improved quality of a product, lower price and sure-fire advertising, has been the key note in many a business that sought a larger market.

There Is A Good Excuse

Often while driving we pass a hitch-hiker, give a glance and ride on. Perhaps we have plenty of room in the car but we don't give him a lift. We are cautious, not hard-hearted. Automobile clubs are even warning against picking up hitch-hikers. There have been cases of kindly drivers being abducted, injured and even murdered, their car stolen, themselves robbed, all because there have been criminals using the hitch-hiking method for plunder. You can't be sure who the wayside traveler is, perhaps a weary, harmless, grateful chap who must suffer because we can't be neighborly. Too bad the many must be left behind because of the few who are a menace. We can't distinguish between them, you know.

Burk Burnett History

Revealed By Star
Files 10 Years Ago...

Miss Virginia Coats, daughter of Mr. and Mrs. L. Coats of this city became the bride of J. C. Peyton also of Burk Burnett in a simple ceremony performed Sunday morning at the First Baptist Church in Walters, Oklahoma.

Truett Majors of Archer City spent Sunday with his parents, Mr. and Mrs. J. D. Majors.

Miss Ethyle Virginia Allen entertained members of the Junior University Study Club at the home of Mrs. Glen Bear Monday evening.

Reports from the two gins here Thursday at noon reported that they had ginned 620 bales of cotton.

The Federal government is supporting a WPA project which provides for classes in shorthand, typing and book-keeping.

Fire of unknown origin destroyed the house and contents occupied by Mr. and Mrs. E. H. Brock on Ave. D Wednesday morning about 10:20.

Elk-Stallion Fight Highlights Film "Red Stallion"

A desperate and murderous fight between a stallion and an enraged elk, reputed to be one of the most unusual and exciting sequences ever photographed, is one of the highlights of Cinecolor outdoor action drama, "Red Stallion in the Rockies," which is coming to the Palace Theatre next Wednesday-Thursday.

Photographed entirely on location in the magnificent Colorado Rockies, "Red Stallion in the Rockies" tells the story of a tame stallion who answers the "call of the wild" to lead a pack of horses in a series of destructive raids on outlying ranches. When the granddaughter of one of the ranch owners befriends the powerful red stallion he reciprocates by engaging in a ferocious battle with an elk that tries to kill her grandmother.

Leading roles in "Red Stallion in the Rockies" are played by Jean Heather, James Davis, Arthur Franz, Wallace Ford and Leatrice Joy.

Recent guests in the home of Mr. and Mrs. Jim Pirtle were Misses Mickie Thornton, June Starr and Diane Noble of Camas, Washington. Mickie, daughter of Mr. and Mrs. E. V. We know as stated in the Bible that "All things are given by inspiration of God, and is profitable for reproof, for instruction in righteousness, that the man of God may be perfect, thoroughly furnished unto all good works." We will be at all times the word of God, not only for doctrine, reproof and instruction in righteousness. Our plea is that all people everywhere will be at the same services each Lord's Day.

9:45 A. M. The Church in Bible Study. There is a class for every age. Five hundred and seven attended this school of the church last Sunday. "Praise God from whom all blessings flow." He has been so good to us and is blessing our efforts to teach people the Word of God. Our average attendance in Sunday School for the past Sunday School year was 421; that includes all the Sundays with bad weather of last winter. This Sunday is High Attendance Day in our Bible School. Every member is urged to attend. All visitors are most cordially invited. This is an unusual Sunday School for this size town. We believe you will enjoy and profit by attending with us this Lord's Day.

10:50 A. M. Morning Worship. Sermon: "God's Tool Chest." This will be a great installation service for all elected workers of the church. These are asked to sit in the reserved section of the auditorium. Don't miss this service.

6:30 P. M. Training Union for all ages. This is High Attendance Day in our Training Union. You are urged to help us reach at least 200 in our unions.

7:30 P. M. Evening Worship. Sermon: "The Test of the Christian Religion." The Lord's Supper will be observed. This will be a great spiritual hour.

Wednesday 7:00 P. M. Officers and Teachers meet to study next Sunday's lesson. 7:35 P. M. Hour of Power Service. This is a time of prayer, praise and Bible Study.

The nursery is open for all regular services of the church. Two capable attendants are in charge. This nursery is sanitary and safe for the babies. If you do not have a way to attend our services ride our bus. This is a free service for all. A regular route is made each Sunday morning and night and Wednesday night.

Grace Lutheran Church ANNOUNCEMENTS

R. L. YOUNG, Pastor

(Sunday School and divine worship temporarily being held in the Town Hall)

Divine worship is conducted in Town Hall each Sunday morning at 11 A. M., Sunday School and Adult Bible Class at 10. Next Sunday is promotion Sunday in our Sunday School. Quite a number of our pupils will be promoted to a higher class. We wish them well, and hope that they will apply themselves to their lessons as studiously as they have before. The Sunday School lesson for Sunday is the Story of Moses' Birth and Flight. The Adult Bible Class will continue its study of the Bible by first of all looking up and discussing those references which speak of the purpose of Scripture.

The Sunday School teachers will meet for their regular meeting this Thursday evening at 8 in the parsonage. We hope that our teachers will continue regularly to attend these meetings. If we as teachers are to impart the truths of the Bible to our pupils, then we must first study and know these truths. It is most gratifying to note the interest that our teachers take in these meetings. It means a growing and prosperous Sunday School.

Next Sunday Holy Communion will be celebrated in the regular morning hour of worship. Those wishing to partake of the Lord's Supper may announce themselves to the pastor on Friday morning from 9 to 12 o'clock.

Beginning next Sunday, Oct. 2nd, The Lutheran Hour will be broadcast over the American Broadcasting System as well as the Mutual Broadcasting System. You may hear the Lutheran Hour over KTRN, Wichita Falls at 9:45 each Sunday night and over KVWC, Vernon at 2:30 each Sunday afternoon. From where I sit... by Joe Marsh

A Big Boost For Smitty!

Stepped into Smith's Department Store the other noon and saw the strangest thing. "Sis" Davis was coming up the stairs from the basement with a bundle of wash.

"Is Smitty taking in washing these days?" I asked. "Not quite," she says. "He's just put in a new automatic washing machine, so the girls who work here can get their laundry done while they're eating lunch. Means more time to relax at night and on weekends."

I thought what a swell boss Smitty must be. Human relations between the boss and employees

have certainly taken a big step forward during my lifetime.

From where I sit, people seem to be doing a better job of seeing our neighbor's viewpoint these days. Though his ideas and tastes may not be ours, we can understand his preference for a certain breakfast cereal, a favorite movie star, or for a temperate glass of beer or ale. That's the way it should be in a free country.

The Lord's Table will be 25,000 miles long on this Sunday, for beginning at 10:30 A. M. on Sunday the Communion will be held in New Zealand. It will then be 5:00 Saturday afternoon here. Then in rapid succession there will be new groups participating until the last groups on the west coast of our land have joined in the service.

Come to church this Sunday so you may be one of the Christians of the world to show your love and thankfulness for the new life and fellowship of Christ. You will enjoy the music which is part of the morning worship service. The Methodist Church is fortunate in having a number of well trained musicians who are giving their services to the church. If you have not attended lately, come this Sunday and share in hearing this worship of God in organ, piano, and voice.

Come to church Sunday. You need the church; the church needs you.

SAVING

Yes, Jesus is fully able to save. None of earth are as strong as He. Excepting God, He is the supreme one in heaven and earth. He possesses all power "in heaven and in earth."

Do you ask me, "To what extent does He save?" Let the word of God answer that question: "Wherefore He is also to save them to the uttermost that come unto Him, seeing He ever liveth to make intercession for them." (Heb. 7:25). Then His is not a partial salvation. He saves to the uttermost.

The Lord's salvation is not partial, neither is His power to save. He slights none who wish to be saved. We have the proof: "Who will have all men to be saved, and to come unto the knowledge of the truth." (1 Tim. 2:4). Should such a matter be up to us, we should likely show partiality. We should be very much interested in our own and our near friends. Others could be interested in themselves. But not so with the Lord. The message of salvation is a world-wide message. It is for every creature, everywhere. Whosoever will may come. The white, the black, the red, the brown and the brown of everywhere are equally invited. There is only one that can save us. "Neither is there salvation in any other: for there is none other name under heaven given among men, whereby we must be saved." (Acts 4:12). Here we find salvation only in the name of Jesus. No other name is sufficient. You are saved by no authority than His.

People talk about there being nothing in a name. The Scripture used above tells us there is salvation in the name. Then, too, we are told that the name of the Lord is "strong tower," and that there is safety therein. (Ps. 18:10). We are also told that eternal life is in His name. (1 John 5:11).

Devol News

Clara Stofor

Word was received by Mr. K. B. Uthe Tuesday morning of the death of Mr. Price, father of Mrs. Uthe, at Drumright, Oklahoma, after a long illness. Mrs. Uthe has spent much of the time the past year with her parents, both of whom have been in poor health for a long time. Funeral will be held at Drumright, Friday at 2:30. Mr. Uthe will leave for that place Thursday afternoon.

Milton Hardin, son of Mrs. Dollie Hardin, is expected to arrive this week end from Walla Walla, Wash., for a visit with his mother and other relatives. Friends will recall that Milton was to receive his discharge from service two years ago and as he took his last examination before discharge a lung ailment was noticed. Instead of returning home he was placed in a hospital where he has received treatment for two years. Now he is being discharged as cured and he, with his wife and son, David, will visit here before completing their plans for the future.

Mr. Ross Wright went to Oklahoma City Sunday morning to do some carpenter work for his brother-in-law, N. L. Dillow.

Mr. Edward Taylor and Mrs. Lois Holmes from Lucy, Tenn., brother and sister of Mrs. H. H. Hinkle, have spent the past week here looking after Mr. and Mrs. Hinkle's interests and disposing of their household goods. Mrs. J. M. Patterson of Burkburnett, sister of Mr. Hinkle, was here Saturday helping with the work of moving. Mr. and Mrs. Hinkle have taken up residence in Wichita Falls to be near medical care. Mr. Hinkle was one of the early comers to this community and still has farming interests here, owning two farms north of Devol.

Ike Harwell who has been ill at his home for several months, is reported to be some better at this time.

Mr. and Mrs. A. G. Wallace are again proud grand parents, having Wednesday morning received word of the birth of a grandson to their daughter, Mrs. Dexter Harper of Canton, Oklahoma at midnight Tuesday. Their elation is that this is a boy, thus balancing the ratio between girls and boys grandchildren. Previously there were only 10 grandsons while the girls were 11. Now the standing is 11 grandsons and 11 granddaughters.

Mrs. C. O. Woodley accompanied Mr. and Mrs. Dick McLain to Oklahoma City Wednesday where they will visit their sister, Mrs. Eva Phillippe and family.

Mr. and Mrs. Earl Dodd have rented their country home to Mr. Frank Hodnik, seventh and eighth grade teacher. Mrs. Hodnik and son arrived this week, and Mr. Hodnik moved from the Hotel Monday.

The Devol Demonstration club met in regular session Sept. 26th. In the absence of the president, the meeting was conducted by the vice-president, Mrs. B. Cozby. Meeting opened with singing "If I Could Only Hear My Mother Pray Again." Devotional was given by Mrs. Slabaugh. Roll call was answered with "One accident in the home which I might have prevented." Mrs. W. H. Stevens and Mrs. Coker reported on their attendance to county council meeting at Walters, giving report on program adopted for the new year. The lesson on accidents in the home was taken up. Though no new ways of preventing accidents may have been developed, closer attention and thought to cause of accidents was impressed on each one present as they considered what a slight thing it takes to cause a serious accident.

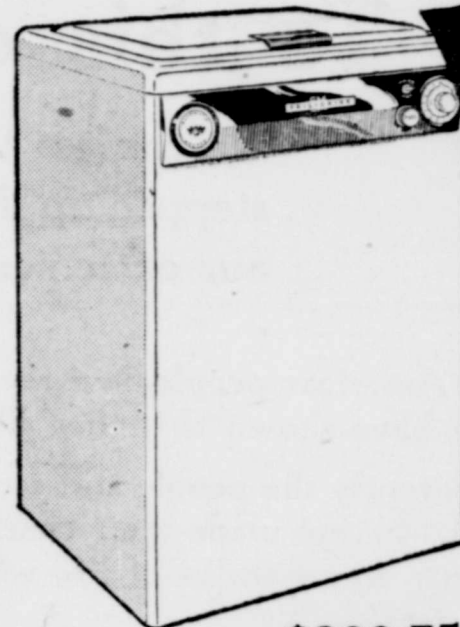

At the close of the meeting refreshments were served by Mrs. Coker to sixteen members and one visitor, Mrs. Loretta Postalwaite.

During the club session plans for the carnival to be held at the City Hall, October 13th, were developed. Captains for

each feature to be used were selected. There will be booths of a fortune teller, path of horrors, freaks, "For Men Only" booth. Also the fish pond, with a few new quirks added to the

usual fish pond. Of course there will be a news stand where you can get the latest... and the refreshment booth where the eats, always needed at a carnival, will be dispensed. Other

entertainments will be on the program so plan October 13th for one of your big nights, and come. Oh yes, a beautiful quilt will be auctioned off, too. Be sure to be there.

Why Do They Want to Put A&P Out of Business?

The answer is to be found in the formal complaint "they" have filed with the court. By "they" we mean, of course, the anti-trust lawyers from Washington who are out to destroy A&P.

They say . . . and these are the anti-trust lawyers' own words . . . that we "have regularly undersold competing retailers."

To this charge we plead guilty:

We confess that for the past 90 years we have constantly stepped up the efficiency of our operations in order to give our customers more and more good food for their money.

The American people have seen nothing wrong in this. By their ever-increasing patronage for 90 years they have shown that they like this low-price policy.

Apparently the people still see nothing wrong in this today. All during the past week - since the anti-trust lawyers made their charges - we have been deluged with phone calls and letters from men and women in all walks of life who want us to know they are opposed to this effort to put A&P out of business.

An enormous number of customers are telling our store managers and clerks that they want to continue to enjoy our low prices for quality foods.

Farmers and other suppliers are asking what they can do to preserve this efficient outlet for their products.

Our 110,000 employees are asking us to protect their jobs and pensions.

Labor leaders are wiring us their opposition to this threat to labor's living standards.

If all these people will be hurt, why then do the anti-trust lawyers want to put A&P out of business?

Low Prices Don't Hurt Anyone

The anti-trust lawyers say because we are able to sell food cheaper than other grocers, we make it impossible for those grocers to compete with us.

If this were true, we should have all the food business in the United States by this time.

Just the opposite is true. In 1933 we had 11.6 per cent of the nation's food business. Now, according to the anti-trust lawyers, our share has decreased to 6.4 per cent in 1948. Anyone can see we have nothing even approaching a monopoly.

As a matter of fact, there are about 30,000 more individual grocers in business today than there were ten years ago.

There are about 275 more food chains in business today than there were ten years ago.

In other words, we have more competitors in the food field and do a smaller share of the nation's food business than before.

Where is this alleged destruction of other grocers? Where is there any evidence of their inability to compete with us?

Do You Want Higher Prices?

As anyone can see, the only purpose that would be served by putting A&P out of business would be to raise food prices.

Who would this benefit?

We were the first merchants to set the pattern for low-cost, low-profit distribution. Our example and our competition has led other grocers to keep their prices down.

Remove A&P from the picture and food prices are bound to go up.

Remove A&P from the picture and the way will be cleared for the destruction of every other efficient large-scale distributor.

Is this what the American people want?

Is this in the public interest?

State Fair Ready To Open Oct. 8th

With less than three weeks remaining before opening day, the 1949 State Fair of Texas is enthusiastically priming for its biggest and gayest party, like a proud lady dressing for the social event of the season. Today workmen are busily bedecking the queen of the nation's expositions with brilliant colors, bunting, and all the other trappings of glamour, in preparation for the Fair's 64th annual sixteen-day party of parties. Festivities start October 8th, and State Fair officials confidently predict that 2,000,000 persons will arrive for the big, fantastic exposition.

Farm Bureau News

The Wichita County Farm Bureau Federation has an exhibit at the T-O Fair in Iowa Park. Their Secretary, Mrs. John Wesley, will be on hand to give any information or services she can to the Farm Bureau members when they visit the Fair. A large delegation attended the sub-district meeting at Vernon, Sept. 9. The Hardeman County Queen, Miss Colleen Holmes was selected to compete with the Wise County Queen, Miss Marjion Maxwell, who was chosen at the sub-district meet-

ing at Graham the day preceding the Vernon meet. One of these girls will be selected district Queen at the State Convention in Dallas Nov. 21-23. A state Queen will be selected from the district Queens. The Wichita County Queen is Miss Juanita Klinkerman of Iowa Park. The Wichita County team captains meeting is scheduled for October 4th at Iowa Park.

To The Farmers and Ranchers of Texas:

"Our complex economic conditions of today have increased our responsibilities as individual producers. Each of us, thru necessity, must accept our responsibilities as individuals and as groups with common problems. The wartime fever is gone. The two years of postwar guarantees have been used. An extension of similar support prices has been secured through '49. A long range National Farm Program has been enacted to become effective at the end of the extended price support program. The Farm Bureau secured this legislation and is active-

ly engaged at the present time in a movement to secure some amendments that must be made to give us the protection and security that we deserve.

"Farm organizations through the years have been progressive and at the same time great economic stabilizers. Farmers of America, through the Farm Bureau movement and its expanding program, have made great progress. Each achievement is offset with greater problems. We cannot rest in complacency. We must vigorously fight for our justified rights. It is your responsibility, it's mine, the counties', the states', and the national organization's, to secure for ourselves these God-given rights.

"Do you remember the neighbors and friends that lost their farms in the early twenties and thirties? THIS MUST NOT HAPPEN AGAIN! It's our responsibility. Let's accept the challenge. Let's make agriculture safe."

J. Walter Hammond, President Texas Farm Bureau Federation Tyler, Texas. Farm Bureau is the voice of organized agriculture.

SPOTLIGHT on SPORTS by TRUETT MAJORS and MONROE PRINZING

TALK ABOUT BIG GAMES!!

Bobby Locke

Practically every American golfer has his own particular brand of idiosyncrasy, in stance, grip, swing, etc., but not Bobby Locke... his eccentricity is his lack of eccentricities. Locke thinks that the bugaboo of "don'ts" is the biggest obstacle in the game of the average Sunday golfer, and I'm inclined to agree with him. "Don't look up! Don't pull in! Don't bend your left arm! Don't do this! Don't do that!"

Locke calls himself a "natural" golfer, and he is. He takes it easy, plays naturally, and enjoys his game tremendously. Too many golfers, both professionals and amateurs, take the game too seriously. Too many players hurry through their game, while a great many others "fiddle around" and waste a lot of time. Like the great Walter Hagen, Locke prefers to take life and golf a little less seriously, to play the game naturally and easily, to keep his head down and his eye on the ball, and to enjoy the game as thoroughly as possible.

Like Army and Navy, Texas A. & M. or who have you...

If you missed the Burk-louva Park game, you missed one of the BIG GAMES.

... Counter over-taking an Iowa Park player that got loose...

Draper making 25 yds. around right end for a touchdown...

But let us not forget the boys that play the defense — Brookman, Hunt, Turpin, Maney, and Taylor. Don't forget these boys when you are watching the game. You may miss something.

And then THE PUPS! What a ball game they played last night... Askins for a 84 yard run for a touchdown; and all the rest of the little monkeys played a jam-up ball game.

Get Rid of That Gun -- It Could Bring A Tragedy

That's a nice looking Luger you have in your duffel bag. One just like it took the lives of 13 people in Camden, N. J. recently, when Howard Unruh ran amok.

You say you're no Unruh—and besides, your souvenir Luger doesn't work? It's all rusted and it isn't loaded. John and Jane Porter thought the same thing about a much older souvenir—a cumberson old Civil War rifle.

But one day not so long ago they heard a loud, explosive report, smoke filled the room and their 12 year old son lay wounded.

"We didn't dream that gun could still go off," Johnny's parent's wept. "It was so old."

Cases like this and the Unruh tragedy aren't isolated. Even though the veterans who brought them home knew all about weapons, souvenirs collected in the first World War alone were responsible for the deaths of 70,000 people before Pearl Harbor was bombed—80 per cent of them children.

Since V-J Day that toll has skyrocketed. As a result, and especially because of reaction to the New Jersey tragedy, Government agencies throughout the nation again are stepping up their campaign to do away with this menace of weapons like the Luger you brought back from Europe.

In the week following the Unruh incident local and federal police units had a case that dramatized their appeal. From coast to coast thousands of families phoned to turn in their souvenir guns and swords, grenades and other explosive trifles.

The investigator in charge of the Alcohol Tax Unit of the Internal Revenue Bureau for New York, Walter F. Carroll, estimated 50,000 guns would be turned in to his office alone. Switchboards were lighted up for days by citizens anxious to accept his invitation to have their souvenirs "deactivated".

But these officers are still worried — afraid they'll only scratch the surface before this latest outburst of public co-operation dies down. Carroll, for example, thinks there are more than 200,000 potentially dangerous souvenirs remaining within the narrow confines of New York alone.

He knows what tragedy they may bring, remembering the young housewife who was so pleased when her husband unpacked a 20-mm shell. She took it to a neighborhood craft shop, had it mounted and placed it on her knickknack shelf.

This housewife never touched that souvenir except to dust—but one day it exploded.

That shell probably was brought home legally. Special Regulation 550-25-1 permitted such souvenirs when properly

certified, just as you may be within your rights in hanging on to that Luger or potato-masher grenade or Sumarai sword.

But legal or not, wherever that weapon lies today, there danger lurks. Servicemen with such weapons are being urged again, as they have been before, to have them checked carefully for safety by authorities at their installations.

Better still, as Investigator Carroll advises—"If you must keep a gun of your own, keep an American gun. Mausers, Lugers and what have you MAY be all right, or then again they may not. An American gun is best every time."

But best of all, he and officials throughout the nation plead, "don't keep a weapon at all unless your specific job calls for it."

Card of Thanks

To all my good friends and neighbors I wish to take this means of thanking each and every one of you for the kindness shown me during my illness both in the hospital and since I came home. I want to thank all of you for the beautiful flowers, lovely cards and also for the kind words of encouragement and visits. May God bless each and everyone of you who in any way remembered me.

Popcorn Festival—Early American Custom

ST. LOUIS, MO.—Pretty Henrietta Malcolm plays the part of Quadequina, the Indian who first introduced popcorn to the Pilgrim Fathers in 1630, at recent Popcorn festival here.

From its modest beginnings popcorn has become one of America's favorite confections. Today popcorn fans consume 2,400,000,000 bags annually, making it a major source of revenue for thousands of theatre operators and small businesses men.

Occasion for the festivities was introduction of the Star "51" Counter Popcorn machine, a new low priced popcorn unit selling for under \$250 and designed especially to enable the small business man to take advantage of the tremendous demand for hot popcorn. Executive claim that it is simple to operate, has a thermostat controlled popper, takes only 3 1/2 square feet of counter space and pops about \$10 of popcorn an hour.
