Baptist Church Striving for 533 In Sunday School

533—Our Sunday School work-
ers have set a goal of 533 in
average attendance for the
month of September. This is
100 more than we had last Sep-
tember. Every member of the
school of the church should
plan to attend every Sunday.
Visitors are most cordially
invited to attend. We are expect-
ing scores of them. Follow the
crowd to our Sunday School
where God's Word is honored,
believed and taught. 9:45 each
Sunday. The Lord blessed us
with 525 present last Sunday.

Babyland is open for all ser-
vices of the church. Capable at-
tendants are in charge. Our
church bus furnishes free trans-
portation to all who have no
way to attend the services.
Watch for the blue bus or call
the church office and tell us
you want to ride the bus.

We cordially invite you to
attend the services of this
friendly, spiritual New Testa-
ment church.

B. & B. Food Store To Open Friday, 7th

One of Burk Burnett's new
and attractive enterprises is the
B & B Food Store located on
the curve in the Highway to
Wichita Falls in front of the
City Park. Tommy Bryant,
owner, announces the opening
Friday, September 7th. Mr.
Bryant states he will carry a
full line of staple and fancy
groceries, also fresh meats and
vegetables. He invites and ur-
ges the public to attend the open-
ing Friday.

Announcements have been re-
ceived in Burk Burnett this week
of the birth of a son born to
Mr. and Mrs. Norman Beaver of
Laramie, Wyoming, August 12.
They have named the little fel-
low James Norman, Jr.

John Alan Brookman was ad-
mitted to the General Hospital
Tuesday with a broken leg. John
received the injury in football
scrimmage early Tuesday morn-
ing.

Mr. and Mrs. Frank Hunt Jr.,
who have been making their
home here for the past three
months, have moved to Corpus
Christi, Texas.

Art Show Held Here Last Friday

Burkburnett residents were
invited to a special art show
in the Helvey Drug Store last
Friday afternoon from 2 until
10 where work of Mrs. Dan
Sheriff and approximately nine
of her students was on display.

The exhibition included ex-
amples of such media as oil,
water color, pastels, charcoal,
pencil and finger painting. Al-
so pottery and textile painting.
Subject matter ranged from
portraiture through landscapes,
line drawings and figure draw-
ings.

Exhibition was divided into
two sections, one showing chil-
dren's works and the other adults.
The children's section showed
stage of development for each
individual.

Those whose works were
shown in the adult department
were: Mesdames Manilla Franks,
Bennie Lee Dodson, Margaret
McCabe, Lieut. Douglas Flack
and Capt. Harry Trimble.

The Children's section showed
the works of: Carl Wayne
Hamilton, Patsy McCabe, Bill
Lundberg and Marcia Swayze.

Everyone enjoyed the ex-
hibition especially watching Carl
Hamilton demonstrating with
media of Oils on easel.

Patsy McCabe dressed in con-
ventional Artist garb acted as
hostess to the Exhibition. Mothers
and other participants were
also hostesses.

The Helvey Drug Store very
graciously made this show pos-
sible and aided Mrs. Sheriff in
this presentation which drew
many interested art patrons
from Wichita Falls and nearby
cities.

Lions Club

Meets Each Tuesday Night at
7:00 at Town Hall

A larger attendance reported
for Lions club Tuesday follow-
ing vacation time for many of
the members.

The program arranged by
Lions Roy Magers and Wallace
Landrum failed to appear, so
President Patterson dismissed
the club early.

Next week Lions B. H. Pres-
ton and Pat Patterson will have
the program.

Safety Committee Paints Signs In Front of Schools

This year an all out effort is
going to be made to regulate
traffic in front of the schools.

Dink Lawson on the Safety
Committee and several helpers
have completed speed limit
signs for motorists and cross
walks for school children in
front of the two school build-
ings. Those assisting in this
project were: Ralph Davis, Rus-
sell Duval, Dow Estes, Willis
Bartley, Johnny Croft (High-
way Patrolman) and Pete Bos-
well.

The Highway Department of
Wichita Falls furnished the
paint and the Acme Chevrolet
Co. furnished the paint thinner.

A concerted effort will be
made this year to see that
drivers observe safety rules in
front of our schools.

Artists Association To Be Organized

Mrs. Dan Sheriff, a member
of the Board of the Wichita Art
Association, will organize an
auxiliary Chapter in Burkbur-
nett. The members of this group
will have the advantage of hear-
ing speakers in Wichita Falls
and also be able to exhibit with
the Wichita Falls Art Associa-
tion, however this group will
have their work sessions in
Burkburnett and be assisted by
various critics from the associa-
tion monthly.

This is for any one interested
in Art, both amateur and pro-
fessional. If interested in this
work, call Mrs. Sheriff, phone
550-J.

Mr. and Mrs. Bill Bundy of
Beaumont are visiting in the
home of their parents, Mr. and
Mrs. Bill Bundy, Sr., and Mr.
and Mrs. Charles Boyd this
week.

Drive Carefully Near Schools

Next week the "Little Red School House" will
again become the center of attraction for approxi-
mately 2,375,000 Texas youngsters of school age.
For the next nine months these children will be
going to and from school obtaining the education
which will aid them in finding a place in our
modern society in years to come.

We citizens of the State have learned that a
certain amount of education is essential for a suc-
cessful life in our modern world. For that reason
we have attempted to provide the best education
system possible for our school children of today
who will be our citizens of tomorrow.

Even though we have gone to great expense
in time, effort and money to provide these facil-
ities for our young students, we deny this privilege
to many of them each year because of a few care-
less seconds on the part of some of us. Each year,
many school children are killed or permanently
injured in accidents involving a motor vehicle.
Many of the more seriously injured children never
return to school, and scores of those injured in
accidents which are less severe are deprived of
days, weeks and even months of training.

The Texas Safety Association urges you to
accept the responsibility of a *never ending* vigil
to protect the safety of these youngsters while you
are driving your car on the streets and highways.
These young children do not have the sound judg-
ment necessary to respect an automobile and to
fear accidents, therefore it is up to the adult
people of the State to protect these boys and girls
and to insure their safety when they are around us.

The fact that you would not be liable to legal
action for the death of the youngster who darts
out into the street and under the wheels of your
car would not ease your mind, or bring back the
life which would be lost.

*Dink Lawson, on the Safety Committee, and
several helpers have completed painting speed
limit signs and cross walks in front of the schools.
A concerted effort will be made this year to see
that drivers observe those safety rules in front of
our schools.*

Fashion Show At Palace Theatre Scheduled for 12th

An elaborate fashion show at
the Palace Theatre has been
scheduled for Tuesday evening,
September 12th. According to
the Elite Shop's Mrs. C. C. Gilbert,
there will be a varied selection
timed for the clubwoman, care-
er girl or college girl who
wishes to select her fall apparel
comfortably at home. The sea-
son's new fabrics and new col-
ors will be found in the tailored
ensembles and spectator sports
clothes which are a specialty of
the Elite Shop.

The show, Burk Burnett's first
locally produced style revue in
more than a decade, promises
to highlight the fall social sea-
son. Louis Littlefair, manager
of the Palace Theatre, is mak-
ing extensive plans with flor-
ists and interior decorators to
design an appropriate setting
for the fashion show.

Fifteen beautiful local girls
have been selected by Mrs. Gil-
bert to model the fashions on
the Palace Theatre stage.

Frank Tims Killed In Auto Accident

Frank Tims, 37, a former
Wichitan died Saturday after-
noon in a Danville, Va., hospi-
tal from injuries suffered in an
automobile accident. He was
born in Wichita Falls and lived
there until 12 years ago when
they moved to Hilton Village,
Virginia.

Survivors include his wife,
the former Miss Eleanor Bur-
rows of Wichita Falls and two
sons. Mrs. Tims is a sister of
Mrs. C. B. Beldon of this city.
Mrs. Beldon left by plane to
attend the funeral and spend a
week or ten days with her sis-
ter.

Mr. and Mrs. Oran Scott and
family of Brentwood, Calif., vis-
ited his father, Mr. A. L. Scott
and Mrs. Scott this week end.

Mr. and Mrs. John Rigby had
as their guests Thursday their
granddaughter, Phyllis Jan and
friend Ann Swafford of Wich-
ita Falls. Phyllis Jan was cele-
brating her 11th birthday.

Stores to Close Labor Day, Sept. 4

Monday, September 4, Labor
Day, will be a holiday for most
people in Burk Burnett. This is
one of the holidays agreed upon
by the Chamber of Commerce
which would be observed this
year.

Perhaps drug stores, cafes,
and a service station or two will
remain open. Everything else
will be closed tight.

Circle No. 2 Met With Mrs. Rigby

Circle No. 2 of the Methodist
Church met with Mrs. J. H.
Rigby with Mrs. J. S. Mills
and Mrs. Monroe Prinz as
co-hostesses Monday, Aug. 28th.

Mrs. Rigby, the Circle chair-
man, presided. The meeting
opened with a song, "What A
Friend We Have In Jesus". Mrs.
R. L. Gragg led in prayer.

Mrs. Jim Pirtle was welcom-
ed in the circle as a new mem-
ber. Mrs. C. L. Schoch gave the
devotional from I Sam. 2-8, and
Psalms 95:1-7. She used for her
subject, "The Pillars of the
Earth". She was assisted by
Mrs. Hugh Veach followed by
short prayers by Mrs. Gragg,
Mrs. Holt and Mrs. Morris. The
group then sang "My Hope Is
Built."

Mrs. Bertha Cropper and Mrs.
D. M. Morris gave a very inter-
esting program on Christian
Students From Many Lands.

Delicious refreshments were
served to four visitors, Mrs.
Hugh Veach, Mrs. Victor Spear-
man and daughters, Jo Edna
and Sue from Fort Worth and
the following members: Mes-
dames W. H. Holt, D. M. Morris,
Jim Pirtle, J. S. Mills, Bertha
Cropper, J. B. Grace, R. D.
Revier, C. L. Schoch, J. M.
Pogue, R. L. Gragg and the
hostess, Mrs. J. H. Rigby.

Mr. and Mrs. Raymond Hunt
and family have returned to
their home in Corpus Christi
after a visit in the F. H. Hunt
home of a week.

James W. Boyd and family
have just returned from a well
deserved vacation in Colorado
and New Mexico. They reported
a delightful trip.

Work of Widening West Main Started Tuesday Morning

Work of widening West Main
Street in preparation for curb-
ing and curb to curb paving
was started Tuesday morning.
Beginning at the cross roads
known as Knauth Corner, the
work will progress toward town.

This will be a 48 ft. pave-
ment, the same as Avenue D,
with the exception of an 8 inch
curb instead of a 6 inch curb,
due to the fact that it will carry
much more water.

The small bridge across the
ravine by the Bell Oil & Gas
office will be widened to carry
more water, and the ditch
North of the bridge will be
straightened out and widened,
thus eliminating flooding con-
ditions which have been experi-
enced in the past.

A large drag line is being
used for the dirt moving and
the City hopes to complete the
work in about thirty days.

Property owners along West
Main are paying for the curb-
ing in front of their property,
\$1.00 per running foot, and the
State Highway Department is
doing hte paving.

Burk Man Named Animal Inspector

T. Guy Willis of Burk Burnett
was appointed County Hide and
Animal Inspector, during a
meeting of the Wichita County
Commissioners Court Monday.

T. Guy fills the post vacated
by the death of R. L. (Bob) Mc-
Fall, who held the office 17
years.

Thurman Kennedy Is County Agent of Stonewall County

Thurman Kennedy has received
his appointment as County
Agent of Stonewall County. Mr.
and Mrs. Kennedy are moving
from Vernon to Asperment this
week. Thurman has been As-
sistant County Agent of Wichita
County and until now Assistant
Agent of Wilbarger County. Mrs.
Kennedy will be remembered
as Miss Jean Boyd, daughter of
Mr. and Mrs. Jimmy Boyd of
this city.

Opportunity to Learn About Music At Church of God

Your opportunity is here to
learn more about reading music.
Beginning September 4th, at
7:30 P. M. for two weeks, Mr.
and Mrs. Austin Williams will
conduct a school at the Church
of God. The public is invited
to attend.

Mr. and Mrs. Williams are
among the best of teachers in
the Southwest.

The expenses have been taken
care of through contributions
from friends in Oklahoma, Wich-
ita Falls and surrounding com-
munities.

Come and take advantage of
this opportunity.

Mary Hardin Circle Met August 29th

The Mary Hardin Circle of
the First Baptist Church met
in the home of Mrs. J. W. Simp-
son Tuesday evening, August
29th for Mission Study. Mrs.
Simpson opened the meeting
with prayer. Mrs. Goldia Gil-
bert gave a very interesting
book review on "Stewardship
In Action."

Officers for the next six
months were presented and ap-
proved.

Mrs. Mamie Mason dismissed
the meeting with prayer.

Those present were Mesdames:
Ruth Hattaway, Marilyn How-
ard, Mamie Mason, Melda Fry,
Shirley Malone, Barbara Con-
ner, Marjorie Pierce, Joanna
Presley, Goldie Gilbert, Loree
Sigmon and the hostess, Mrs.
Virginia Simpson.

Mr. and Mrs. V. C. Skipwith
visited Mr. and Mrs. Max Sut-
ton and family in Bryan, Tex-
as last week. Max is teaching
this year in Bryan.

J. R. Brookover, Son Burk Burnett Resident Killed

John R. (Bob) Brookover, 46,
was killed in an airplane crash
5 miles northeast of Odessa,
Texas, Friday, August 25th. Bob
was owner and manager of the
Odessa Airport and was on a
test flight with a prospective
client. Both men were killed.
Bob was considered one of the
best top fliers.

Funeral services were held at
the First Baptist Church in
Odessa, Sunday, August 27th, at
2:00 P. M. Graveside services
were held at the Burk Burnett
Cemetery Monday at 2:00 P. M.,
with Rev. T. Lynn Stewart,
pastor of the local First Bapt-
ist Church, officiating.

Bob is survived by his wife
and three children of Odessa
and father, C. F. Brookover of
this city.

A witness to the accident re-
ported the plane's propeller had
stopped turning and the craft
came down at a sharp angle.
No official reason for the crash
has been determined. Brookover
was head of the Civil Air Patrol
unit of Odessa.

Road Near Firing Range Is Closed

Sheppard officials have an-
nounced certain roads behind
the base firing range will be
closed all day Monday and
Thursday from 7 A. M. until
3 P. M.

Curtailed of passage on the
dirt highway directly behind
the firing range is necessary due
to the danger of possible stray
ammunition.

The dirt road referred to is
intersected by Farm Highway
369 which cuts across from
Burkburnett to the Iowa Park
Highway. This road will be
open but the one-half mile dirt
road which crosses it will be
patrolled by armed guards.

The range is used by basic
trainees on Monday and Thurs-
day.

Jaycees Sponsor Cemetery Clean-up Need Help Sunday

Members of the Junior C. of
C. are sponsoring a real clean-
up of Burk Burnett Cemetery. It
is planned that every one inter-
ested gather at the Cemetery at
2:00 o'clock Sunday afternoon,
September 3, roll up their sleeves
and go to work. The Jaycees
say they know they will be
there, but they need some help
from others. The job is too big
for just a few to accomplish.
However, if a sizable bunch of
men go out Sunday and work,
the job may be completed in
short order.

Bring your hoes, rakes, or
any other tools you wish to
work with. There will be plenty
to do, such as cutting and rak-
ing grass and weeds. Large
power mowers have done all
they can do. The spaces on and
around the grave lots calls for
hand work.

Don't forget to be there at
2:00 P. M. Sunday, Sept. 3rd.
(P. S.—There are a few shade
trees for the old folks to get
under where they can work in
the shade.)

Burk Beauty Shop To Open Sept. 1st

The Burk Beauty Shop will
be opened for business Friday
morning, September 1st, in their
new attractive well equipped
Salon on Ave. C, just across
from the Star office. Mrs. Doris
Hodges, owner and Marie Woods
are the efficient and qualified
operators. The people of Burk-
burnett welcome new business
firms and wish them success.

Mr. and Mrs. W. R. Elkins at-
tended the Indian Festival at
Anadarko, Okla., last week.

Mr. and Mrs. V. C. Skipwith

ON THE UP AND UP

More workers employed than ever before, more money in their pockets. Consumers purchasing more goods, firms making more profits. Prices going up, industry building up, expanding in anticipation of defense needs. No longer is it business as usual, with the first substantial war orders coming to plants already busy, orders that are but a trickle of what might come. All of these facts add up to further inflation. The consumer has a responsibility in all of this. If he could show self-restraint, buy only what he needed and at a fair price, he would have more money to invest in U. S. Savings Bonds, thereby rendering a service to himself, his neighbor and his country.

Texas-Oklahoma Fair Oct. 2 - 7

The Texas-Oklahoma Fair is scheduled to open October 2 and run through the 7th. Fall is the occasion for nature's fruitage to be set off to advantage by exhibits from America's horn of plenty. Then it is when man's labors win blue ribbons, when a fellow with the know-how shows his fellow agronomists the "culture" from agriculture. The average fair pays out about 500 premiums and Burkburnett area people will get their share of those offered this year. Fair premium catalogs have already been mailed out, but others may be obtained by writing Iowa Park, Box 412.

These Folks Will Be Rich . . .

We don't mean in terms of millions of dollars. They'll just be ordinary folks in that sense . . . BUT, they've found out that owning their own home is not an exclusive privilege of the very wealthy. The security . . . the pride . . . the happiness that home ownership brings, is what will make this couple rich—and it can do the same for you.

Most people are absolutely amazed at the simplicity and low cost of home ownership today. Drop in and ask us about it. No obligation.

WE WANT THE TRUTH

Aware of the manifold dangers of unrestricted censorship, we are against publicizing information that should be kept "top secret", data of preparation and movements for war. But, there is a certain type of censorship we don't want. A colonel, serving under General MacArthur, ordered two press correspondents out of Korea because of dispatches they had written. If these men had violated the security, were inaccurate in reporting, the order would be justified, perhaps. But, here is how the AP man had started his story: "A bitter, beaten little band of GI's sprawled in exhaustion on a sunny hillside this afternoon . . .", and according to the colonel, it "made the Army look bad." A "beaten little band" made the American Army look bad! No more of this kind of reporting, even if it is true! We want the truth, feel we have a right to know if the going is tough. The Army is the people's since they support it with sons and taxes. They want to know what is lacking, if men or factors are to blame for retreats and losses. We want to rectify the trouble.

We consider it wise of General MacArthur to rescind the orders of the colonel, to let correspondents give the grim facts. The "top brass" probably isn't in a position where it can do so.

Who Are Fifth Columnists?

That has been a big question in the World for a long time—and we will have to take our hats off to Senator Wiley of Wisconsin, who points them out, as follows:

"First, the group of aliens or citizens who live in this country and who are not devoting themselves 100 per cent loyally to America.

"Second, the parlor pinks and the internationalists who have found it convenient to hob-nob with the Communist groups of Russia.

"The next group consists of 'intellectuals' who have been guilty of causing a patriotic erosion of our youths. We find many of these in our educational centers.

"Another group is the defeatist group. We find them everywhere. And they can see no hope economically or politically for America.

"Still other groups consist of certain public officials whose laxity has permitted disciples of Communism, Nazism, and Facism to come to America and teach their

A Box of Fleas A Welcome Gift?

You wouldn't ordinarily consider a boxful of dead fleas as very much of a gift.

But entomological workers—specialists who study insects which spread disease—at the Texas State Department of Health, recently were "thrilled" by a gift of Pacific Northwest fleas from Dr. C. Andresen Hubbard, formerly head of the Biology Department at Pacific University in Oregon. He has made similar gifts, collected during a lifetime of studying disease spreaders, to 20 of the world's outstanding institutions in biological sciences.

State Health Officer Geo. W. Cox, acknowledging the gift, said it was "something of a compliment" to be classed as a leader in biological studies along with the British Museum, Canada's National Museum, Brazil's Escola Nacional de Agronomia, the Parasitological Laboratory in Sevastopol, Russia, Pakistan's Malaria Institute, the American Museum of Natural History in New York, and "many others of equal prominence."

The Texas Health Department was the only health agency in the nation to benefit from the presentation. It's disease vector collection is reputedly one of the finest in the world. Dr. Cox says the entire assortment, including ticks and mites as well as fleas, is open to study by graduate and advanced undergraduate students in Texas col-

leges and universities.

Departmental entomological studies are described by Dr. Cox as a "determination of the specific types of insects of medical importance in the state, their distribution, seasonal abundance, and how they can best be controlled."

Department entomologists conducted a two year investigation of typhus fever in Lavaca Co. in 1944-46. Step by step, they traced out the process by which rodent fleas spread typhus from rat to human beings.

In 1949, they finished a study which showed bubonic plague—the Black Death of the Middle Ages—was infecting wild rodents in four South Plains counties in West Texas.

"Our entomologists are disease detectives," Dr. Cox says. "The gift from Dr. Hubbard will help them run down insect culprits."

TOCO-HARDENED CRANKSHAFTS — finest known—used in every GMC.

MILES PER ENGINE — the most of trouble-free miles you can expect from a truck engine is an important to know—especially GMC valve-in-head engines designed and built for truck service—not one lightweight "converted" in even the smallest GMC engine.

GMC engines are tough and powerful. They have high sustained pulling power at normal operating speeds—have to race themselves to death. Lighter-duty, geared-up engines.

Check GMC's many other engine features and you'll see why you get most Miles Per Engine in a truck—with less maintenance and lower operating costs. Come in today and let us give you the facts.

Texas Farm Bureau To Meet Sept. 9th

Texas Farm Bureau Federation will conduct a series of sub-district meetings throughout the State during September, according to announcement today by J. Walter Hammond, Federation president. A meeting is scheduled for Wichita Falls Saturday, September 9, in the Holt Hotel, and another will be held in Crowell, Monday, September 11 at the District Court Room. Mr. Loys D. Barbour of Iowa Park, state Farm Bureau director, will preside. Meetings will start at 10:00 A. M. and will be concluded at 3:00 P. M. State and national Farm Bureau officials will be in attendance, Hammond said.

Farm Bureau policies are developed by the membership. Hammond asserted and the series of meetings has been scheduled so that state and national officials may have the benefit of the thinking of farmers and ranchers throughout the state.

All farmers and ranchers of the area are urged to attend their nearest sub-district meeting.

TAKE ADVANTAGE OF BETTER PRICES

Every year about this time egg prices begin their seasonal upswing. Are you protecting the quality of your eggs to take advantage of the better egg price?

Maintaining egg quality is always a problem during summer months, so you should be especially watchful and cautious as you care and handle market eggs. Do not sell poor quality low-grade eggs simply because you neglected some important egg handling chores. Always market attractive clean eggs that will measure up to and receive the better prices.

Keep handling losses low and egg quality high by following these steadfast rules of proper egg care:

Cool Eggs Promptly
Be particularly careful about holding fresh eggs in a warm room too long. Eggs kept in a kitchen or other warm room which is above 70 degrees temperature will gradually deteriorate. The air cell quickly becomes larger and the white thinner. Place the eggs in a cool moist room as soon as they are collected.

Some poultrymen keep eggs too long and store them in rooms where strong odors are present, such as onions, limberger cheese or kerosene. Eggs absorb such odors and naturally depreciate in quality. Do not hold eggs more than 3 or 4 days before marketing or placing in refrigeration.

Don't Mix Eggs
Pullet eggs are small and do not weigh nearly as much as hen's eggs. Now that you are probably collecting some eggs from early hatched pullets as well as hens, guard against mixing the two sizes in one pack. Mixed lots of eggs such as fresh and stale, large and small, dirty and clean, bring the lowest prices.

Old and dirty egg cases, old and stained flats and fillers are not attractive. Make sure your market eggs are clean and desirable looking. Use good sound fillers and flats that are clean.

And do not pack eggs that may break easily. With this in mind, avoid packing eggs too large for the fillers. They may be broken in handling or on the way to market. Also eggs packed on the large end may be smashed. Pack eggs carefully and get full value from them at the market.

REMEMBER WHEN

...biscuits rose before the sun

Remember baking day of years gone by? It was early to rise and late to bed for the weary housewife . . . with many a tedious hour required just to keep the kitchen fire going. Today it's a different story. Modern Gulf South housewives find cooking a pleasure on smart, new natural gas ranges. The mere touch of a finger

gives instant, controllable heat that as-sures perfect cooking results.

A new automatic gas range will bring smartness and beauty into your kitchen, along with greater convenience, dependability and economy.

See the newer models today wherever gas appliances are sold. Natural gas is the preferred fuel for all the big jobs in the home, just as it is the preferred fuel for industry.

Natural gas has been an im-portant factor in the great movement of industry into the Gulf South, helping in that way to build new payrolls and place new money in circulation throughout the area. The companies which make up the natural gas industry are good citizens of the communities they serve . . . are good examples of the American business system operating for the benefit of people in every walk of life.

New Kirby Is Nearest to Push-Button Cleaning

Lowell Thomas, the famous news commentator, has called James Kirby, the Famous inventor, "The man who revolutionized the American Home." Mr. Kirby is said to hold more active patents than any man living. His active patents are said to number over two hundred. Mr. Kirby is known as "The Father of the Vacuum Cleaner," inventing his first cleaner in 1906. His first cleaner was a very crude affair, operated by hand power. It was necessary for two people to operate this first cleaner. One person operated a handle which pumped up and down to form a suction, while the second person manned a hose with a brush attached and did the cleaning. In 1907 James Kirby built an electric powered Vacuum Cleaner and named it the Domestic. During the past 44 yrs., since James Kirby built his first vacuum cleaner, he has invented Washing Machines, spin dryers for automatic washers, electrical equipment for barber shops, beauty parlors, electrical equipment for automobiles. Many parts of the electrical appliances you use in your home every day, and many other things too numerous to mention have been invented by him, but his heart has always been closest to his inventions for making the housewife's cleaning easier and more efficient.

Many surveys have been made to thousands of housewives, asking them what they most desired in a cleaning machine for the home. These ladies' desires have been fulfilled in James Kirby's latest machine called "The Kirby Sanitation System." Some of the unique features on the Kirby is a power driven floor polisher, a mattress renovator, a controlled cleaner for rugs, regardless of thickness, a unit for polishing silverware, jewelry, aluminum,

copper and brassware. A sharpener for your knives and scissors. A dandruff remover, massage cup, hair dryer, paint spray gun, a motor driven polisher for the car, insect control unit, and all the standard tools found on tank type cleaners. Many people say it's more fun than seeing a movie. "It's a thrill to see it work".
One of the most unusual features of the Kirby is the disposal of the accumulated dirt. The method is called the "Five second job" without even getting your hands dusty.

cake and receiving favors were: Courtney and Arron Schroeder, Philip and Royce Miller, Jimmy and Frankie Eldson, Jan and Cathy Pierce, Martha, Barbara and Robert VanLoh, Janelle Hinkle, Yevovne Davis, Ronnie Fields, Leslie Walter Smith, Larry Bankhead, Sierra Sue Fields, Joyce Louise Fields and Reba Jane Fields.
Also Mesdames J. C. Hinkle, Paul Fields, Mary Fields, Edward Bankhead, Ralph Davis, Frank Eidson, V. H. VanLoh, Jewel Smith, Avon Fields and Miss Wynona Reed.

Unexcelled Ambulance — Day or Night

Come unto me, all ye that labour and are heavy laden and I will give you rest.

Matthew 11:28

REST for the toilers; What a boon that is! Some of us scarcely expect any real rest till we get to heaven. But it is the charm of Jesus that he brought heaven to earth, that He gave to men in toil the assurance and the fellowship that lifted the uncommon and the ordinary into the precious. In His company men found the glory of great living; they toiled as did their fellows, but they found renewed strength for the task. The difference was not with the road but with the man and with the company. Your task may be heavy and your toil all too trying, but if you know where you are coming out, that makes a difference. You may wish the load was not quite so heavy, but if love waits at the turn of the row, that makes a difference. You may be weary with the day-in and day-out responsibility, but if good company is added, that makes a difference.

JESUS CHRIST has brought all these blessings to us who toil. Our work is glorified as it is seen from His point of view; we are workers together with God. What we are doing has divine and eternal significance if it is helping the Architect of the universe to build after His heart's desire. To know that my work really counts is to find a new joy in the task. The men who toiled with the Carpenter of Nazareth were well assured that their labor "was not in vain in the Lord." They were humble workmen, as humble as any one of us. The world counts them among its choicest toilers of all the ages; their lives became significant as their work became an aid to the Lord of Life.

INSTEAD of a Taskmaster God we have found ourselves at a task to which we have been called by our Father God. His patience and sympathy and understanding love have made every highway of the world a King's Highway, where we are at home as the sons of the Highest. To know that "God is love," to find love in our hearts instead of fear, to expect a hearty "Well done" instead of judgment and criticism at the end of the day, this is to change the weariness of the task to a sense of high privilege.

"FOLLOW me" has been the call which has taken us from the lonely task to become members of a glorious company. The Christian has had a song put in his heart and praise upon his lips, as he joins the goodly company of the redeemed. For he becomes a member of a society of redeemers, and that is toil that keeps a man singing.

NOT rest from toil then is our high lot, for life is not worth the candle if there is no good work to be done; but rest of soul, joy in the heart, refreshment of spirit, becoming true yokefellows with the divine Friend and Lord.

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is not that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church, men today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should be to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Boll Worms with Texas

A recent release from the current serious general pink bollworm in South Texas. All of the this insect, as you not necessarily by wind carriage; that is sterilize cotton seed movement of pro-

time the most immed- of spread is by pickers. Growers and should go to see necessary to see pickers do not enter until they have turn- sacks and burned al therein as well as cotton, etc. that may trucks. We have sev- patrols active, but

they cannot contact all the pickers that are moving and will move from the infested areas. Caution now in checking these transient pickers and their trucks may prevent a reinfestation in your district.

South Texas cotton farmers are now paying, in pink bollworm and other insect damage, for last fall's delay in field clean up. 298,801 pink bollworms were taken from 840 bushels of gin trash in Cameron County, and 46,300 from 375 bushels in Necees County. This indicates a heavy northward spread from the Valley.

We do not know at this time how much spread has occurred or will occur. Should it be general and the pink bollworm succeed in building up in this section, the cotton grower will have a new experience in the difficulty of trying to produce cotton as a profit.

Labor Day Week End Holidays Is Time for Caution

In a few more days, the citizens of the State of Texas will be taking life easy during another enjoyable holiday week-end. The Labor Day holiday this year will also include the week end of Sept. 2nd and 3rd, which will provide ample time to take a trip to visit relatives, friends, or just drive around the country to enjoy the sights and scenery.

It is true that we will be able to take life easy on this National Holiday, but the regrettable thing is that so many lives will be too easily lost in the midst of the celebration because of accidents which result from someone's carelessness. The danger of death by accident is a constant plague to mankind, but never is it more strongly felt than during the various holiday periods of the year.

On the 4th of July holiday week end which is just behind us, thousands of Texas citizens left their homes and joined the crowded flow of traffic on our highways. Some of these people were going to other towns, some to other states, and some were just out for a drive in the country in an effort to relax and forget, if only for a little while, the worries and cares of their normal routine.

With this present situation, we can expect another costly holiday week end on Labor Day, and there is no way of knowing who will be struck by these accidents. The only way to insure our safety on holidays, and every day, is to take measures to prevent these accidents from occurring.

Your Texas Safety Association urges that we take precautions in all of our activities. These preventive measures are simply the logical and safe way of doing things. If you go swimming, know your swimming pool; have lifeguards on hand; wait for a while after meals before swimming; stay out of deep water if you are not a good swimmer. When using firearms, exercise the rules of safe use of them. When at home, look about you and do away with accident hazards which endanger you and your family. When driving on the highway, use good common sense; drive slowly; drive carefully; obey the traffic laws.

The Texas Safety Association feels that if these few simple rules are observed, that many lives can be saved and much suffering can be avoided, and that Tuesday, Sept. 5th, will find us safely back on the job after an enjoyable and relaxing Labor Day Holiday.

Arnold Story With U. S. Marine Corps

Marine M-Sgt. Al Tidwell, NCO in Charge, Sub-District Recruiting Station, Wichita Falls, Texas, announced that Arnold W. Story, 17 year old son of Mr. and Mrs. Joe R. Story, Burkburnett, has enlisted in the U. S. Marine Corps for three years and transferred to Marine Corps Recruit Depot, San Diego, California, for his boot camp training.

Arnold graduated with the 1950 Burkburnett High School class, played one year with the High School basketball squad. Arnold's brother Edward is with the Naval Reserve, Grand Prairie, Texas, serving as an Air Control Man. This now gives Mr. and Mrs. Story two sons in the service as well as a son-in-law, in the U. S. Army, stationed somewhere in Germany.

Mr. H. H. Lynch of Kansas City, Mo., has been visiting in the home of his sister, Mrs. J. M. Hayworth and husband.
