### Camp Fire Girls Membership Drive Starts Sept. 15th

A dual theme for Camp Fire Girls 1950 National Membership March which begins September 15 has been announced by Miss Elizabeth Owen, Executive Director of the North Central Texas Area Council of Camp Fire Girls of which Burk Burnett is one of the districts. "Be Friendly - Make Friends - Join the Camp Fire Girls", is the annual membership slogan which invites all girls between 7 and 18 to join one of the 3 divisions of Camp Fire Girls, Blue Birds, Camp Fire Girls and Horizon Clubbers.

Camp Fire Girls will work to make their communities more safety-sane than ever before, and as a secondary slogan for the Fall Membership March which will continue through November 30, they are saying, "Camp Fire for a happy life-safety for a long one."

Camp Fire Girls was organized in 1910 to provide leisure time activities through which all girls, regardless of race, religion or financial status, can develop their best potentialities as alert citizens and homemakers or professional women. In Wichita Falls groups are organized in the various grades in each school. Before a group of from six to twenty girls can be started, a leader and assistant leader must be ready to help, along with a sponsoring committee of three other interested adults. These adult volunteers work directly with the girls in whatever way they are qualified and their leadership gives stability to the group of girls so that it can continue through the years as an active unit. The majority of group leaders are mothers of girls which means that they have a very definite part in the Camp Fire family.

Training Courses for new leaders are scheduled to begin in October so that those women who are not familiar with the program can have help and guidance in getting started. There will also be workshop sessions for leaders who have had a group for a year or more so that they can get additional help with their group's activities.

All mothers who are interested in helping to see that there are enough groups for all who would like to belong are asked to call the Camp Fire office in the Panhandle Building in Wichita Falls. Telephone is 2-8540. Miss Elizabeth Owen is Executive Director of the North Central Texas Area Council. Miss Mary Sue Tipps is Field Director and works in Burk Burnett, Electra, Iowa Park, Henrietta, Nocona, Saint Jo, Archer City and Bowie. Miss Virginia Killian, Field Director, works in Wichita Falls exclusively. Miss Mattie Bess McMahan is office secretary.

Mr. and Mrs. Leo Dudley, Mr. and Mrs. H. D. Mabry and son, Hal, and Mr. and Mrs. J. T. Brady attended the American Legion Convention at Galveston, September 8, 9 and 10. Mr. and Mrs. Dudley also visited their daughter, Mrs. Albert Breeding at Baytown.

Mrs. Ida Reynolds has been on the sick list recently, but is improved at this time.

## Burk Rotarians to Welcome District Governor Tarry

The Burk Burnett Rotary Club will be host next week to J. P. Tarry, Governor of the 186th District of Rotary International, who is making his annual official visit to each of the 30 Rotary Clubs. Mr. Tarry will be here Monday night, Sept. 18th, for an assembly at the Town Hall at 8 P. M., and also will be present at the regular weekly luncheon on Tuesday. He will confer with President Ted Harwell, and Secretary George Byerly, and other local Rotary officers on club administration

### Giant Pears

Mr. and Mrs. Eldon Maney sent the Star force some giant pears gathered at their home. A measurement showed 12 in. one direction and 13 1-2 in. another direction in circumference. Each weighed exactly 1 pound.

### Sophomore News

The Sophomore class had their first class meeting the first day of school, which was Tuesday, the 5th day of September. Donald Gee, the president of the class the last school year, called the meeting to order to start the election of new officers for the coming year.

Jon Hy Bear was elected president of the class, and continued the meeting.

Bowden Maben was elected vice-president; Patsy Landes, secretary and treasurer, and Wanda Gayle Mills, reporter and cheer leader.

Mrs. M. M. Benton, a sponsor for the class, introduced the new sponsor, Miss Moore. We are looking forward to a most successful and progressive year in Burk Burnett High School.

### Tanda Camp Fire

The Tanda Camp Fire group met this week to elect the following officers: President, Peggy Terry; vice-president, Betty West; sec'y-treas., Pat Bernethy; reporter, Patsy Austin; Candlelighter, Janice Henry.

Rosemary Roark was welcomed as a new member. Our leader who has been with us for 9 months has resigned.

### Seaman Drowns In Philippines

Mr. and Mrs. H. D. Maney, long time residents of Burk Burnett, were notified last Thursday of the accidental death of their son, Olan J. Maney, 38, in the Philippines.

Maney, a cook aboard the steamship President Taft, was drowned Wednesday near Diamante, P. T. Steamship officials wired the parents.

Born in Carterville, Mo., Maney moved to Burk Burnett with his parents when he was 10 years old. He attended public schools here and had been a member of the merchant marine for the past seven years.

The body will be returned to Burk Burnett for funeral services and interment.

Other survivors include six brothers, Odie of Pecos, Texas, Eldon and Delver of Burk Burnett, Leonard W. and Norman of Wichita Falls and "Tex" of Burk Burnett; five sisters, Mrs. Lorta Farley and Mrs. Verna Carroll of Grandfield, Okla., Mrs. Glenda Taylor of Los Angeles and Misses Ruth and Dana Maney, both of Burk Burnett; several aunts and uncles, Mr. and Mrs. R. L. Gragg and Mr. and Mrs. Ben Givens, all of Burk Burnett, Mr. and Mrs. Henry Bedford of King, Texas, and Mr. and Mrs. Leo Sams of Kansas City, Missouri.

No definite word has been received as when to expect the body. Possibly in about thirty days.

### Tom Harms Now With Boyd Bros

Tom Harms, resident of Burk Burnett since 1926, has accepted a position with Boyd Bros. Department Store as manager of the Meat Department.

Mr. Harms, an experienced groceryman, was former manager of the A. & P. Grocery here. He invites his friends to visit him at his new location.

Mr. and Mrs. C. E. Martin visited their son, Chas. E. Martin at Ft. Hood, Texas, last week end. They were accompanied by Mrs. H. L. Martin, also of Burk Burnett.

Roy Millikin is on the streets again after undergoing an eye operation last week.

### Forty-Two Enroll In Burk Burnett Hi School Band

The Burk Burnett High School Band opened its practice on Monday the 28th of August with forty-two members. With nineteen Seniors graduating last year, possibilities for this year's band looked bleak. But due to the cooperation of the administration and teachers of the Junior and Senior High School, and with the addition of the eighth grade to the band, the outlook is much better, according to Max Stanaland, director. With a few changes the band will be quite as good as last year, only lacking in experience, but by the end of the football season, they will be well on their way to being seasoned troupers.

There are to be five majorettes this year instead of three as in the past. This will add much color to the band and will permit a lot more talent to be seen and heard. Requirements for a majorette are: be a member of the band, studying a musical instrument, and of course be able to twirl and march.

The Intermediate Band is starting off with a bang. This band will have new uniforms and a drum major and majorettes just like the High School Band. There are thirty members of this band. If you are interested in having your child in the band, contact Mr. Stanaland at the Band Hall.

The High School Band has quite a routine for the game Friday night, so come out and support your team and your band.

Friday night the Bulldogs will be hosts to the Marlow, Oklahoma, Outlaws, on the local field for a football game. This is an annual affair between the teams from two states and is one of the most interesting games of the season. There is a great friendship between the boys, though when on the field they play the game hard with no punches pulled.

Supt. Ralph Davis reports the area behind the grade school will be available for parking automobiles, with floodlights on all during the game and an attendant on hand to watch and guard against pilfering or damage to cars. There will be no charge for use of this parking area.

There will be tickets available for all who wish to attend this first home game of the season. Tickets may be purchased at the box office prior to game time, which is 8:00 o'clock.

Last Friday night the Bulldogs went to Henrietta, played a whale of a game, coming out on the short end of 13-12 score. The team this year is comparatively small, but fast and deceptive. For a good game go out to Bulldog stadium Friday night.

### Services Held for Kolter's Mother

Funeral services for Mrs. Carolyn Kolter, 78, were conducted at 10:30 A. M. Monday from the Owens and Brumley Chapel in Wichita Falls. A resident of Wichita Falls 30 years, she died at her home on the Seymour Road Friday afternoon.

Dr. Geo. R. Davis, pastor of the First Christian Church in Wichita Falls, officiated and interment was made in the Burk Burnett Cemetery.

Survivors include three sons, A. W. Kolter of Wichita Falls; R. R. Kolter of Friberg; R. K. Kolter of Tulsa, Oklahoma; one daughter, Mrs. Sam D. Young of Wichita Falls; one sister, Mrs. H. F. Spyer of Dallas; one niece, Mrs. J. B. Marlow of Wichita Falls, and five grandchildren.

Pallbearers include Bill Kennemer, Otto Kitterman, Bert Baber, Ernest Guffey, Leroy Rhodes and Leo J. Foster.

### Correction

In the Junior Class news last week a mistake was made in the listing of class officers. Duane Adams is president of the class, with Hugh Fewin as vice-president.

### Mosquitos Are Menace

Mosquitos, carriers of Malaria, are a greater menace to the health of Burk Burnett citizens now than at any time in recent years. With so much rain in recent days, weeks and months, breeding places for mosquitos, pools of water, trash cans and other containers holding water, have been too much in evidence for the good of every one.

As yet there are no cases of Malaria reported to local doctors, although a number of children have been treated for mosquito bites. A mosquito cannot transmit Malaria unless he has bitten some one having the disease. But, there are many who may have Malaria germs within their bodies and are, with help of mosquitos able to infect others.

In view of the fact that mosquitos are carriers of Malaria, and the fact that there are more mosquitos now than ever before, it behooves each citizen to do his or her part to help rid the town of these deadly pests. Trash barrels should be punctured to allow water to escape. Other containers about the premises should be checked and emptied if they contain water. Ditches should be kept free of weeds and grass, and also water so far as possible. If drainage is not feasible, then a small amount of kerosene spread on the water will take care of mosquitos. In the past, because of effective mosquito control, Malaria has become a rare disease. Now, with mosquitos on the increase, Malaria could stage a come-back.

## THE NEED MUST BE ANSWERED

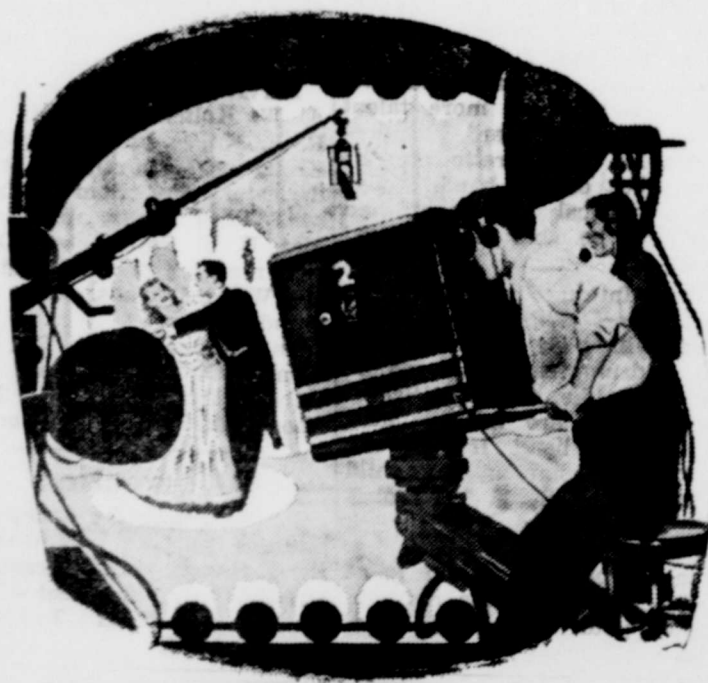

Long before sending troops to Korea there existed a great need of physicians and dentists in the military services. Then an attempt was made to enroll for active duty physicians who were put through medical school at the expense of the Army and Navy. It was unsuccessful. If the need was great then, it is more so now with 500,000 men being added to the services, in a six-month period. Calling upon the reservists doesn't seem fair. Those physicians and dentists who were in uniform in World War II, gave years from their professions. Since voluntary methods do not get the results, would it not be better to call those educated by the Army and Navy, in medicine, and who have not served in uniform to any extent?

At the request of the Defense Department, such a bill has been introduced to Congress by Rep. Carl Vinson. This would provide for a draft and take first the classification we just mentioned, then would next draw physicians and dentists who did not serve during that war.

There is no way in drafting men for service which does not bring certain individual unfairness and severity. But, this bill before Congress now, regarding physicians and dentists, tries to strike more of an equality of responsibility.

## GO TO THE POLLS

An important contest is being conducted by the American Press, a publication devoted to the affairs of country newspapers. The purpose of the contest is to get out the vote. Participants and rural newspapers. Awards will be given to those weekly newspapers, semi-weekly and tri-weekly newspapers which, in the opinion of competent judges, do the most between now and November 7th to stimulate voting in their communities.

The editors of American Press have undertaken a fine project. It is gratifying to note that the contest is receiving wide congressional support. The comment of Senator A. Willis Robertson of Virginia is typical: "I congratulate the American Press on its sponsorship of a contest which will give recognition to a weekly or other rural newspaper which does the most between now and November to get out the vote in this year's election. There never has been a time in our history when it was more essential for all of the people to accept the obligation of citizenship—and impressing this obligation upon them certainly is a primary function of our free press."

The thousands of country newspapers scattered throughout the length and breadth of the land are a powerful force for free expression that will always command respect. They are a protection and an asset possessed by no other nation.

## WE NEED NO SIGNS

This subject may seem in poor taste to those who dislike the word "spit". Perhaps the practice may be considered an unintended bad habit, a harmless practice common to many people. But, it is a filthy habit, a dangerous one that concerns public health. If it is done through thoughtlessness, then consider the sidewalks, the floors of public places that are walked upon. The bacteria present in sputum, cause many different ills if carried to humans. Borne upon the air, bacteria is no respecter of persons. When tracked upon the floor of a home where children might play, the danger is evident. Tuberculosis is no foreign word to us. Spitting spreads tuberculosis.

## TOO MUCH CAN BE TOO BAD

America's horn of plenty overflows again as the good news comes from all over the country of abundant crops of food. There will be enough for our own and a surplus to help the hungry abroad. September finds our outlook good, in this land of cupboards. It also brings more encouraging reports of holding back the Communist force on the Korean fighting front, the hopeful prospects that the very near future does not hold an all-out war.

Where we have our September worry is in the political disagreements, the wrangling and dissension about economic emergencies here at home. There is where we are weak when we should be strong. Too much of this can be too bad. Your papers and radio bring reports of strikes and demands for wage increases, to meet price increases. Congress could act. The administration is ir- resolute and hesitant. The people are more willing to accept the pressure than their leaders, it would appear. If there was less politics, less uncertainty, less stammering, in Washington, we would be on a more firm, more sound and sensible footing.

### M. E. Church Fall Program Started

The Fall program of our church has started off in a fine way. Three people joined the church last Sunday on profession of faith, and two children were christened.

The Methodist Youth Fellowship has a wonderful group of young people, and four of the most influential leaders of youth in our community directing them. Joe Bob Tyler and Jeanie Tyler, and Jim and Jane Whitaker are giving their time each Sunday night working with the young people.

These two young football coaches will have more influence on the youth of Burkburnett than any other individuals, and our church is fortunate in having them direct its youth activities.

Come to church Sunday. You need the church. The church needs you.

### Services Thursday For Mrs. Stafford

Funeral services for Mrs. Mary Lois Stafford, 85, will be held today at 2:30 P. M. at the Owens & Brumley Funeral Home Chapel here with Rev. T. Lynn Stewart, pastor of the First Baptist Church officiating. Burial will be in the Burkburnett cemetery.

Mrs. Stafford died Monday night at the home of a daughter, Mrs. E. R. Burns, four miles South of Burkburnett. She had made her home with her daughter since 1948. She had been ill for about fourteen months after falling and breaking her hip.

Mrs. Stafford was born in Allen County, Ky., on May 26, 1865. While still a child, she moved with her family to Dallas County where she lived until she was married, going then to Oklahoma when they homesteaded in Beckham County. They lived there for more than fifty years. When Mr. Stafford died in 1948, she came to live with her daughter in Burkburnett. Mrs. Stafford united with the Baptist church at the age of 17, and remained in the church until her death. The oldest son of the couple passed away in July of 1937.

Survivors besides her daughter include five sons, Walter Stafford of St. Louis, W. D. Stafford of Canute, Okla.; Ira, Olay and Otho Stafford of Albuquerque, N. M.; a sister, Mrs. S. M. Daniel of Wichita Falls; 17 grandchildren and 17 great grandchildren.

### Tex Maney On Tarleton Team

Tex Bedford Maney, Burkburnett, will be ready for action Saturday night, Sept. 16, when the Tarleton State College Plowboys open the season in a tilt with Cisco Junior College at Stephenville.

Maney, a promising freshman, stands 5' 11" tall and tips the scales at 170 pounds. Maney fills the end position for the Plowboys and also participates in basketball. He is a junior at TSC, majoring in Agriculture.

While in high school Maney was named on the All-District team two years, and lettered three years on the Burk High School team.

Other games on the Plowboy schedule include Blinn at Brenham, Sept. 23; Ranger at Ranger, Sept. 28; H. S. U. Frosh at Abilene, Oct. 5; Cameron Aggies here, Oct. 12; Midwestern "B" here, Oct. 20; Kilgore at Kilgore, Oct. 26; Schreiner, here, Nov. 4; San Angelo at San Angelo, Nov. 10; and Arlington State, here, Nov. 23.

Mr. and Mrs. Bill Bundy have returned to their home in Beaumont after visiting her parents, Mr. and Mrs. Chas. Boyd and Sonny.

### Baptist Church Reports Growth

The First Baptist Church has experienced a good year of victory and growth according to the report made to the annual meeting of the Wichita-Archer Association this past week. The Sunday School enrollment has reached an all time high of 871 with an average attendance of 452 for the past associational year. The Training Union reported 242 enrolled with an average attendance of 135. There were 189 additions to the church, 73 of these by baptism. More than twenty-nine thousand dollars was raised for all purposes.

The church is now trying to reach an average attendance of 533 during the month of September. Every member is urged to be present this Sunday and visitors are cordially invited. 9:45 A. M. There is a class for every age.

The pastor will preach at 10:50 A. M. on the subject, "The 'Withouts' or Salvation", and at 8:00 P. M. on "It Is Finished." W. R. Karkalits, associate pastor, will lead the singing for both services. If you like soul-stirring services where God's Word is preached in its simplicity and power attend these services.

7:00 P. M. the Church in training. A Training Union for all ages.

Wednesday, 7:25 P. M. Officers and Teachers of the Sunday School meet to study next Sunday's lesson. 8:00 P. M. Prayer Service—a time of Bible study, praise and prayer.

Babyland is open for all regular services. Two capable attendants are in charge. Babyland is safe and sanitary for the babies. Our church bus furnishes free transportation for all who have no way to attend our services.

Mr. and Mrs. I. B. Funderburk and son, Ronald, of Ballinger, Texas, spent the week end with Mr. and Mrs. Troy Miller and other relatives.

Mr. and Mrs. Chas. Kirsh have returned from Mansfield, La., where they visited their daughter, Mrs. Josh Billingslea and family.

Mr. and Mrs. Delmar England and children visited with friends and relatives in Oklahoma City last week end.

## Don't Neglect Your Hay Fever and "Summer Colds"

by FRED W. WITTICH, M.D.,  
Chairman, International Association  
of Allergists

THE sneezing and sniffing that begins this week for millions of hay fever sufferers is a warning to one out of every two of us. More than half the U. S. population has some form of allergy, which, if ignored, often develops into more serious conditions. This can be avoided, however, because new methods of treatment are dramatically effective in coping with these annoying allergies.

The standard treatment for allergy has been the avoidance of whatever it is you are sensitive to and "shots" that immunize you against the offending agent. More recently, however, medical research has turned up drugs that are making the lives of many allergy sufferers more liveable.

During the past year, we have confirmed the fact that the antihistaminic drugs, properly used, can provide considerable relief to most sufferers from allergy. Medical evidence indicates that almost 50 per cent of allergy victims, especially those suffering from hay fever and hives, will obtain spectacular relief from these drugs. Another 30 to 40 per cent will get at least partial relief.

Actually, these drugs have been known for some time to the medical profession, but the first chemical used produced side effects, such as sleepiness and drowsiness. The newer drugs in this field, however, have proved remarkably free from these side effects and have been used with complete safety by millions of people.

These are the same drugs which were made available to the public for use in treating the symptoms of the common cold this year, and which have attracted so much comment both pro and con. As to their effectiveness, there is no doubt that in most allergic conditions, there is release of a substance which doctors call H-substance or more loosely, histamine which is largely responsible for symptoms. It is now clear that the antihistaminic drugs

do block the action of histamine on the system. Innumerable experiments have proved that when the antihistaminics are administered the effects of histamine are counteracted and the allergic symptoms are greatly relieved if not completely eliminated.

The discussion this year around the antihistaminics has centered largely on the question of safety. There have even been rumors that these drugs have actually harmed people. I think my experience and that of allergists is in accord with a statement recently made by Dr. Morris Fishbein, former secretary of the American Medical Association, who reported recently that he had not seen an actual case in which these drugs have ever done any harm. Said Dr. Fishbein, "I am unaware of any scientific verified published evidence or unpublished evidence of harmfulness."

Take for example the case of Neohetramine, the drug known to the public as Anahist. Recently Dr. Harry E. Tebrock, Medical Director of Sylvania Electric Products, using this drug in 3500 cases in a cold study, found only 2 per cent of the people showing any side

effects, and these were, as he put it, no more serious than the effects of a common cold. In another experimental study, this drug was given in doses of 500 milligrams a day to patients every day for six months. Drs. Judd and Henderson of the Pennsylvania State Department of Health, Hamburg, Pennsylvania, reported not a single untoward effect in any of these patients. In another experiment this drug was given to a series of 232 children from 6 months to 12 years of age, again without any untoward side effects. It was only after these and similar tests that this drug was released to the public.

Other antihistaminics, such as Chlor-Trimeton, Perazil, Benadryl, Pyribenzamine, Thephoran, Decapryn, Neo-Antergan, Hydryllin, Histadyl, Pyrrolazote, each have similar wide experimental backgrounds though they are available on a doctor's prescription.

Another new development available to the sneezing, sniffing public this season is the use of antihistaminics in an Atomizer that applies the medication directly to the effected parts of the nose. The medical profession has long known that fine sprays are sometimes even more dramatic and immediate than internal medication which has a slower though more sustained action. However, most of the drugs that we have used in nose drops or other internal medication have been suspected of adversely affecting the lining of the nose or excessively stimulating the central nervous system. The antihistaminics do not have these properties and may therefore prove a real boon this summer to hay fever sufferers.

With the 3-way treatment now available, avoidance, immunization and symptomatic drug therapy, we are well on our way to effectively controlling allergy. The big danger now is that people who have allergy will neglect it. Doctors now see only from a fourth to a third of all allergies. And recent evidence seems to indicate that untreated hay fever, for example, or allergic skin conditions may in many cases develop into serious

### Scout Troop 155 To Meet Monday

Members and Committeemen of Boy Scout Troop 155 sponsored by the Methodist church will meet in the church basement Monday night at 7:30.

At last Monday's meeting, reorganization plans were completed with Pete Martin selected as Scoutmaster. Sgt. Tanner and Dale Yarbrough are to be his assistants.

Other than ten Scouts present, were Committeemen A. A. McKinnis, Charlie Boyd, Rev. T. H. Minga, Adams, and the Field Executive, Earl Newton from Wichita Falls. B. O. Willis, neighborhood commissioner, was also in attendance.

Every committeeman is urged to be present at Monday's meeting.

**IT'S NOT HOARDING TO PUT MEAT IN LOCKERS**

War or no war, it's always wise to rent a frozen food locker and live better for less. And it's prudent to fill the locker when needed, to use the foods up, and then replenish when necessary. You'll save up to **19c** per pound on every pound of meat you store, and can put this money in War Savings Bonds. Yes, it's both patriotic and economical to fill your frozen food locker now.

### Free Legal Service To Men Going Into Armed Services

Don Short, a lawyer who recently opened a full time law office in Burkburnett, today made the announcement that he would follow through with the plan of the Wichita County Bar Association, of which he is a member, in giving free legal service to men going into the Armed Forces.

Any man that is called or volunteers for Service can call Mr. Short at 233 and receive an appointment for counsel and advice and for drawing up any instruments pertaining to his business or other property, including wills, deeds, etc., and will not be charged for any of it. Mr. Short, who's office is located in Room 208 of the 1st National Bank in Burkburnett, is a navy veteran of World War II.

### Unique Party Opens Year For Burk Study Club

Using the year's study, "Travel" as their theme, members of the Burkburnett Study Club opened their club year with a "Railroad Party" at the home of Mrs. Harold VanLoh, Monday evening, Sept. 11th.

With their invitations in the form of railroad tickets, guests arrived at the VanLoh Terminal marked with a railroad crossing sign and blinking red lights.

To further the travel theme, the VanLoh living room was arranged as a diner with card tables on either side, leaving an aisle between. After taking up tickets, hostesses served box lunches of fried chicken, potato salad, etc. A Butcher Boy passing through the aisle served bottled drinks. A toy train was placed on the fireplace mantle, with Pike's Peak painted on the mirror for a background.

A short business meeting was held after which prizes were awarded winners in contest games.

Members of the year book committee made up the train crew. They were: President, Mrs. D. D. Vaughn, and Mesdames Harold VanLoh, Carlton Royce and Jack Franks.

Members attending were: Miss Virginia Allen and Mesdames M. E. Bean, Elbert Buckner, Geo. Counter, Jr., Ralph Davis, D. F. Douglas, Harry Dodson, Truman Garland, Howard Henderson, A. R. Hill, F. A. Jamieson, Louis Littlefair, Harlan Mills, Marian Ragsdale, Dan Sheriff, Bob Tyler, and the hostesses.

### Appreciation Party

Mrs. J. M. Goins, who has resigned her position as teacher of a girls' Sunday School class of the First Baptist Church, was honored by her pupils with an Appreciation party at the home of Sydney Gamblin last Thursday evening. Mrs. Goins was the recipient of many lovely gifts, after which refreshments were served.

### Mrs. Elbert Buckner Is Class Hostess

On Thursday, September 7th, members of the Methodist Wesley Bible Class met in the home of Mrs. Elbert Buckner. After singing the class song, "Blest Be The Tie," a short business session was held. Mrs. S. S. Reger read the 91st Psalm and Mrs. Bunstine led in prayer.

Mrs. Dan Sheriff presented The Seven Days of Creation in finger painting, with Mrs. Minga reading scripture as she presented each wonderful interpretation.

Refreshments of ice cream and cake were served to: Mesdames Minga, Bunstine, Riley, Paul Browning, Hall, Prinzing, Willingham, Britton, Morris, Holt, Reger, Buchanan, Caffee, Pilkenton, and Miss Bess McGinnis.

### Home Builders Met Sept. 6th

Members of the Home Builders class of the First Methodist Church met for their regular monthly meeting in the home of Mrs. Minnie Gee Wednesday, September 6th.

The meeting opened by singing "In the Sweet By and By." Payment of dues was made. The meeting was also a house warming for Mrs. Gee's new home. Each member brought a lovely gift.

Refreshments of ice cream and cake were served to: Mesdames Knauth, Browning, Roberts, Gragg, Riddle, Gage, Hoff-

man, Vance, Lawler, Patterson, Moreman, W. A. Roberts, Cropper, Lowery, Bradford, Schoch, Gee, Simpson, Gilbert, and Gloger. Rev. and Mrs. T. H. Minga were guests.

## REMEMBER WHEN

### ...you cooled watermelons under the bed

Remember the days before mechanical refrigeration? When perishables "perished" and everything tasted like onions? It's hard to remember those days when you see the smart new gas refrigerators. Natural gas long ago solved your heating problems, and can solve your cooling

problems as well. It's the wonder fuel of the Gulf South, helping you with all the big jobs in the home.

See the modern GAS refrigerators today—wherever gas appliances are sold. You will be thrilled by their smart appearance, pleased with their silent mechanism and amazed at the economy of their operation. Another important point to remember when you buy—there are no moving parts to wear out in the freezing system of your GAS refrigerator.

The natural gas industry is one of the fastest growing industries in the nation—and it's helping to bring increasing prosperity to the residents of this gas-producing, gas-consuming area we call the Gulf South. Privately financed and managed, the natural gas companies are placing millions of dollars in the channels of trade—helping to make business better for everybody.

Bicycles Should Have Reflectors

Wilis Bartley, Chief of Police wishes to remind all riders of Bicycles that many have been endangering their lives by riding vehicles without reflectors. Every bicycle should have rear reflectors, at least. So far this city has not had any serious mishaps from bicycles, and the Chief wants to do everything possible to prevent a smashup. If you ride your bike without a reflector, it is next to impossible for a motorist to see you, especially when meeting other cars. Do your part to keep from being involved in accidents. Other bike riders are very careless about giving hand signals. If you intend to turn, give the car behind you the proper turning signal.

## Mother - Daughter Social Sept. 11th

The Kings Daughter's Class of the First Baptist Sunday School met in the Gleaners class room of the church, Monday, September 11th, from 5:30 to 8:00 P. M. This was their last meeting of the S. S. year. The Mother-Daughter idea was carried out in a very unique manner: Mother, Patsy Austin; Twin daughters, Peggy Terry and Paula Stevenson; Mother, Nolandene Walker; Twin daughters, Mary Marie Jones and Sylvia Bergstrom; Mother, Louise Morgan; Daughter, Mrs. O. B. Wofford. Each was dressed accordingly.

On the dinner table was placed a birthday cake, which was baked by the teacher, Mrs. Wofford, honoring all present for their birthdays of the year and the one whose birthday fell nearest this date, was to blow out the candles and cut the cake. Louise Morgan was the lucky girl.

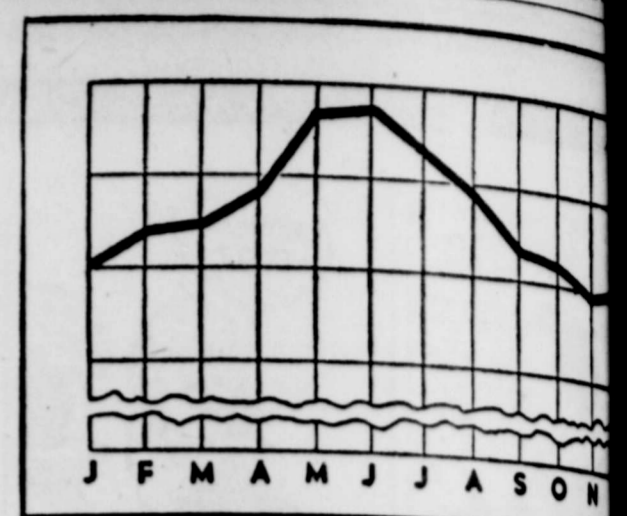

A business meeting was then called to order by the president of the class, Mary Marie Jones, who called for reports of officers. Each responded and all expressed themselves as having enjoyed their year's work very much and also extended their thanks and appreciation to their teacher. She in turn recalled the year's work and expressed her appreciation for their loyalty and cooperation and wished them every joy as they enter the Intermediate Dept. this coming year.

The president then turned the meeting to the Fellowship president, who suggested a singing and practice for the special number for the Dept. Sunday.

Several people have been looking for a walking cane for Monroe Prinzing, since his granddaughter arrived September 1st. The proud parents are Mr. and Mrs. E. L. Mitscher. The little lady was named Frances Cathleen.

Mesdames Glen Bear, Herb Minga, C. J. Morrison, and D. C. Dodson were Dallas visitors Monday.

Charles Boyd made a business trip to Dallas Wednesday.

U. S. milk production reaches its peak in June. An goal is to make this curve more even through the year.

## Texas Milk Industry Leader

TEXAS' MILK INDUSTRY is a tremendous factor in the state and economic progress of the state, according to reports developed by the Milk Industry Foundation.

The industry's importance to the State is graphically shown by Texas' 1,155,000 milk cows which were valued at \$1,164,000,000 in 1949. These cows produced 1,757,000,000 quarts of milk that year.

Texas dairy farmers received a total of \$117,669,000 income from milk in 1949. Cheese production of 5,860,000 pounds and butter 15,125,000 pounds, and ice cream 23,760,000 gallons other dairy products swell the tremendous total which the industry adds to the State's wealth.

Few industries have shown more progress in the last quarter century than milk. Milk consumption is on a higher level. From the long process of raising better calves and growing improved feeds to the use of mechanical milking, more rapid transport to the plant, new testing methods, pasteurizing and bottling, outstanding advances have been made.

Milk and its products comprise around one-fourth of the foods consumed annually by the average American and 60,000,000 quarts of fresh milk and cream a day are distributed to consumers through stores and home deliveries.

Milk in this country today is the best in the world, the Foundation says, and the U. S. system of sup-

ply, sanitation, pasteurization, distribution is bringing it here to study it from the world. The United States now the greatest dairy nation. Nearly 23 million cows in quarters of the Nation's farms produce the 55,000 quarts of milk a year which fill a river 3,000 miles wide and 3 feet deep. Supply would go almost around the earth. One out of 15 U. S. families is said to depend on milk for a living. Milk farm cash income is more than one and a half times that of cotton. More than one-half times cotton. Tobacco.

*The Great*  
**UMPIRE**

It was a great day for religion when the prophet Amos discovered that there is an Umpire who passes judgment in the affairs of men. Life is a great game and we are all players; it is an interesting and thrilling game if we can be sure that we have a fair chance. We will play our best if we know that the Umpire is impartial; but it takes the heart out of the best player if he suspects that he is called 'out' when he was safe at the base. We have a fine tradition in the great American Game of baseball: men of integrity as well as of intelligence call the strikes and decide between the opposing sides when the play is close. So we rejoice that at the heart of the Universe justice is enthroned; though onlookers may jeer or call the game against us we rest assured that the Cosmic Umpire will understand and will call our plays with fairness. The Judge of all the earth will do right. On the other side, we too must keep the rules of the game, we must play fairly, we must play with our mates in good teamwork, we must keep ourselves in good trim for the gruelling contest ahead of us. The Umpire will not do our playing for us, but he will guarantee us a fair decision in today's game and at the end of the playing season. He calls today, "Play ball!" Then play with all your skill and power and rest your game with THE GREAT UMPIRE WHO NEVER CALLS 'EM WRONG.

**YOU IN THE CHURCH**  
**THE CHURCH IN YOU**  
Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. State leaders today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

### Lorang Rites in Artesia

Mrs. Bernard F. established residence at 1844 McGregor, following wedding which took place at the First Church in Artesia, N. J.

is the former Miss Lorang, daughter of Mr. L. J. Lorang of M. formerly of Jersey City, N. J. and the groom is Mr. and Mrs. F. J. Jersey City, N. J. They played various organ selections during the ceremony. Mrs. Janie Painter, organist, accompanied the organist. The traditional wedding ceremony was held at the First Church in Artesia, N. J. The bride wore a long white organdy dress with hoop skirt trimmed with pink rose buds, and she carried a white basket of rose petals. Her headdress was of white similar to the one worn by the other attendants.

blue headdress and elbow-length mitts. She carried a colonial bouquet of blue daisies. Bridesmaids were Mrs. Wallace Landrum of Burkburnett, cousin of the bride, and Miss Jeanie Pogue of Burkburnett. They wore costumes of pink, identical to the one worn by the maid of honor.

Linda Nell Lorang, sister of the bride, was flower girl. She wore a long white organdy dress with hoop skirt trimmed with pink rose buds, and she carried a white basket of rose petals. Her headdress was of white similar to the one worn by the other attendants.

The candlelighters were Billy Lorang, brother of the bride, Marshall Martin and Bobbie Haynes.

Jerry Dodig of Jersey City, N. J., served as best man for the groom; while the groomsmen were Gordon Jeffers, of Burkburnett, cousin of the bride; and Lloyd Lorang, brother of the bride. Duties as ushers were shared by Wallace Landrum of Burkburnett, Robert Painter and Jack Jordan, of Artesia, N. M.

Immediately following the ceremony, the couple was honored with a lovely reception which was held in the educational building of the First Methodist Church.

The bride and groom cut the first piece of the three-tiered wedding cake, and Miss Ruth Jeffers cut and served the other slices of the cake. Misses Janel Tinson and Jeanie Pogue alternated at the nuptial service. Mrs. Wallace Landrum presided at the guest book securing names of the guests who attended. A musical background for the reception was provided by Miss Betty Crume.

Mrs. Blessing is a graduate of Artesia High School, attended McMurray College and Midwestern University; and the groom, a graduate of Henry Snyder High School in Jersey City, is with the United States Air Force, stationed at Sheppard Air Force Base as an instructor.

The couple went for a honeymoon trip to Mexico and New Mexico. For traveling, the bride chose a wine silk corduroy suit trimmed with black velvet, black accessories and an orchid corsage.

### "THE USED TOOL IS ALWAYS BRIGHT"

THERE IS AN OLD STORY ABOUT THE AXE THAT WAS IN ONE FAMILY FOR 150 YEARS—WITH THE HELVE REPLACED SIX TIMES AND THE HEAD THREE. IT'S AN AXIOM THAT MAKES SENSE.

TO KEEP A TOOL USEFUL, PARTS MUST BE REPAIRED AND REPLACED, AND PROVIDENT PEOPLE SEE TO IT THAT ALL THEIR POSSESSIONS—THEIR INSTRUMENTS OF SECURITY—GET THAT KIND OF CARE. THROUGH SAVINGS AND LIFE INSURANCE, AMERICANS MAKE UP FOR THE WEAR AND TEAR OF DAILY LIVING ON THEIR FINANCES, AND KEEP THESE INSTRUMENTS OF THEIR SECURITY ALWAYS SOUND AND BRIGHT.

### "No Accidents, No Injuries" Stressed by Katy

The Missouri-Kansas-Texas Railroad is observing "No Accidents, No Injuries" month during September. S. A. King, local agent for the Katy, has announced.

During the month of September, the more than 10,000 Katy employees are joining in a coordinated effort to raise the Katy's safety average from 12th place among the nation's railroads to the rank of "safest railroad in the U. S." Under the general direction of the Katy's Superintendent Rules-Safety B. A. McDonald of Dallas, the campaign is taking shape in each city along the Katy.

Along the 3,250 miles of Katy system in each town and city, Katy employees have organized to the last man to prevent accidents and injuries. In Burkburnett, posters were placed in conspicuous places around the Katy property; safety committees were organized to inspect each piece of property and department.

### Uncle Sam Says

Farming today requires great skill on the part of the farmer. Not only must he know soils, fertilizers, and seeds, but he must be an expert mechanic to operate all types of farm machinery. In other words, a farmer works hard for his money and in a highly speculative business. He should make that money work for him—in a non-speculative and safe investment. U. S. Savings Bonds, guaranteed by our government, is a crop that NEVER fails. It's always ready when needed. Savings Bonds are a good place for this year's crop money. They grow, rain or shine. See your banker or postmaster on the next trip to town.

### Mrs. Vernon Duke Hostess For Junior Study Club Meet

Members of the Junior University Study Club met for a delightful breakfast in the home of Mrs. Vernon Duke, Thursday, September 7. Mrs. Max Stanaland and Mrs. Ralph Brookshier, Jr., assisted Mrs. Duke with hostess duties.

Mrs. Duke presided and gave the president's address. The introduction of the yearbook was given by Mrs. Stanaland, the study of which is "Outstanding Personalities of Today." Secret pal gifts were exchanged and then each revealed their secret pal of the past year. Mrs. Dick Hall and Mrs. Maxine Creel were welcomed into the club as new members.

Tables were attractively arranged with flowers. Members enjoying the morning breakfasts were: Mesdames B. H. Alexander, Jr., Ralph Brookshier, Jr., Howard Clement, Vernon Duke, L. D. Holman, Truett Majors, H. B. May, Chris Morris, Bill McLean, Phil Odom, John Page, Bill Parr, Gene Robertson, Max Stanaland, J. C. Stevens, Finis Taylor, Bill Vincent, the two new members, Mesdames Hall and Creel, and two guests, Mrs. Louvaine Rogers, and Mrs. Dan Hofacker.

### Deck Swabbing Goes Modern

Sailors take note! There's more fun than work when you swab a ship's deck with the new type cellulose sponge which absorbs up to twenty times its own weight in water. And the glamour-look when you wear a Sea Nymph swim suit, which is figure-flattering and as streamlined as the modern.
