Leonard Freeman, Jr., who has been missing in Korea since the last of December. Upon receipt of information in this office you will be advised immediately. Confirming letters are being prepared. I regret that notification was so long delayed. Ed. F. Witsell, Major General, the Adjutant General of the Army."

Burk citizens are urged to go to see this exhibition, to give the boys and girls a word of encouragement in their fine work.

Mrs. Myrtle Roberts and Mrs. Faye Stoneburg visited Mrs. Gertie Brown and her mother, Mrs. Roberts Saturday.

With our present all over knowledge of Polio, we feel rather foolish to express any kind of an opinion. However, we do know the disease is caused by Virus which may be transmitted by one person to another by means yet undetermined. We had previously thought that it was necessarily a disease of the latter months of summer and early fall, but in the past year our epidemic has extended into the cold part of the year, so we are not so sure about that as yet.

The disease we feel sure is transmitted by the different insects, especially the house fly. That probably is why we have our epidemics in the warmer months more frequently.

Finally, we have learned enough about the disease to say definitely that we should guard against contamination of foods by insects and that we should destroy refuse and stagnate water about our premises. And lastly, remembering that we have mild cases which may not be diagnosed until after the acute stage and a slight paralysis occurs, these cases may be just as dangerous as the severe cases. So consult your physician if you have a bad cold that lingers.

The only financial means to further our research is through the March of Dimes. We urge you to give all you can.

DR. C. T. BRADFORD

Poliomyelitis is still on the increase, while most of the other serious diseases prevalent among children are well on their way to being conquered.

More money will be needed this year than ever before to properly care for new victims and those already crippled with Polio. Larger funds are also urgently needed to intensify research in an effort to abolish the dreaded disease.

When the walking mothers come to our homes, we should give generously to this fund, which offers our greatest hope of keeping Polio away from every home.

DR. PHILIP A. CARPENTER

With reference to the forthcoming drive for funds for Polio prevention and control, I would like to emphasize the fact that the care and treatment of this disease is extremely expensive and prolonged. When we hear of a case of Polio we immediately feel saddened but can you imagine how those responsible for treatment feel when the funds are not available to either initiate treatment or for braces etcetera that are required later.

In order to defeat Polio, funds must be available in large amounts, so please, on January 22nd, greet the mothers with as generous a response to their appeal as possible for "God loveth a cheerful (generous) giver."

Gary Weaver Has Birthday

A host of little friends gathered at the home of Mrs. Bob Weaver, to honor her little son, Gary on the occasion of his 6th birthday, Tuesday, January 9.

Several games were played by the youngsters, with Lee Coleman, Janice Payne and Buzzy Maine winning prizes.

After Gary opened his many gifts, lovely refreshments were served. Mrs. H. E. Thomas assisted Mrs. Weaver.

Pictures were taken to conclude the party.

VIVIAN LEE HARRISON, BURKBURNETT'S POLIO VICTIM

Shown above is little Vivian Lee Harrison, 8 year old daughter of Mr. and Mrs. Grady Harrison, who is listening attentively to Mrs. Joe Farabee, who came to entertain the little girl confined to her bed at the Wichita General Hospital's Polio ward.

Vivian Lee has been paralyzed from the waist down since the 12th of September. A student in the third grade at Hardin Grade School, the little girl had gone to school only a few days this school year when she complained of severe headaches, becoming sick at her stomach and finally becoming stiff, first in her left leg and then reaching over her entire body.

Through the aid of the National Foundation for Infantile Paralysis, the little girl is receiving excellent care at the Hospital. Through special exercises and treatment, she is now paralyzed only from the waist down. She is soon to be fitted with braces and taught to walk. On Wednesday of this week she was taken to a specialist in Dallas, and returned to the Wichita Falls hospital for further care.

Remember this little girl, have your porch light on Monday night, January 22, from 7:00 to 8:00 o'clock and give generously to the walking mother, who will knock on your door at your invitation. Already, there has been more money from the March of Dimes fund spent on this child in your community, than Burkburnett gave to the drive last year. Remembering this, one cannot afford to not give to this worthy cause. This could have been YOUR CHILD.

Mass Meeting Soon To Discuss Water Situation

Poll Tax Paying Time Runs Out January 31st

Poll tax paying time is fast running out. January 31st is the last day for securing your receipt showing you a qualified voter. Although this is an "off year" politically, every one interested in having a voice in affairs which concern them should get their poll tax receipts.

There will be a very important City election in the very near future. It affects everyone living within the city limits of Burkburnett. You will want to voice your sentiments in this election.

GET YOUR POLL TAX PAID BEFORE JANUARY 31st.

Clark Gresham Buys Helvey Drug Store

In a transaction which was completed last week, Clark Gresham became owner of the Helvey Drug Store and immediately took over its management. Under new management, the store will be known as Clark's Drug Store.

Mr. Gresham, a resident of Burkburnett for many years, has worked as pharmacist in other drug stores here for many years.

Clark invites his many friends to drop by for a "hello" or any of their needs in his line.

James E. Frye Cashier at First National Bank

At a recent meeting of the Directors, James E. Frye was named Cashier of the First National Bank. J. V. Brookshear, President, and A. R. Hill, Vice-president, were re-elected.

At this meeting, all directors were retained. O. L. Clark is chairman of the board. Others members are: J. V. Brookshear, H. S. Grace, P. B. Browning, F. H. Harwell, O. W. Prechel, C. J. Brannan, A. R. Hill and Harold VanLoh.

Directors complimented the Bank officers on their operation activities during the past year. Deposits for the year were at an unusually high overage, considering the cotton failure and the short wheat crop for 1950.

Lutheran Ladies To Serve Chicken Noodle Supper 31st

Members of the Grace Missionary Society will serve another of their delicious Chicken Noodle Suppers at the Town Hall, Wednesday night, January 31st.

Children's tickets, 50c; adults, \$1.00.

Mr. and Mrs. Sam Nixon and Mrs. Bob Browning visited the early part of last week with Mr. Nixon's sister who was quite ill in Temple, Texas. His sister died after they returned home and was buried in Killean, Texas Friday.

A mass meeting is to be held soon in Town Hall, when local citizens will get the true water situation in Burkburnett.

In the meantime, City Commissioners and City Manager P. A. Wiggins are giving lots of thought and work to the problem. It is believed a favorable site for water wells has been found. After pumping a test well for several days a closer estimate can be made of the sand's potential.

City officials know now just to the gallon how much water is available from present sources. They have a pretty good idea what the demand will be this summer. The present supply is not sufficient.

Just as soon as an engineer can make a careful survey and the facts and figures are available, the mass meeting will be called to inform all just what the circumstances are.

Mr. and Mrs. Tuel To Open Texas Inn Saturday, Jan. 20th

Mr. and Mrs. Rex Tuel announce the opening of the Texas Inn, Burkburnett newest eating place. It is located across the street from the Grade school at 101 Avenue D.

The establishment opens each morning at 5:30 to serve breakfast.

They will feature sizzling steaks and all kinds of sea food throughout the day until closing time.

We note that the Chinese used umbrellas 3,000 years ago, so borrowing must be an old, old custom.

Polio Fight Faces Crisis

Burkburnett's whirlwind campaign to collect funds to fight Polio will be staged next Monday night, JUST ONE HOUR—from 7 to 8 o'clock. At that time volunteer workers will call at every house in this area displaying an outside light, gathering contributions to fight Polio. "Invite by Light" is the slogan. If your light is not on no worker will call. You must extend the invitation. Turn on your light; have your contribution ready.

Rural citizens will be called on too, if they put out a light. No one will be overlooked.

The battle against Polio is being fought with every known scientific weapon. Research goes on every day, year after year. The need for money is great. Greater numbers of people are being stricken each year. They must be cared for, along with the old cases which sometimes require years of treatment. The only way this fight can be carried on is by your contributions.

Half Stays in County

One-half of every dollar you give to fight polio stays here in Wichita County. It will be used to buy equipment, and to care for those suffering from the dread disease.

As in former years, most citizens of our country will contribute generously to the fight against the cruel epidemic disease—infantile paralysis. But this year is not like former years. This year, unless contributions are increased, the program of the National Foundation for Infantile Paralysis stands in danger of curtailment.

Through March of Dimes funds, thousands of boys and girls are enabled to obtain the care they need when polio strikes. There have been more polio cases in the last three years than ever before for a similar period.

Through March of Dimes funds a great program of scientific research and professional education is being financed to find a preventive or cure and to train polio experts. Progress is being made at an ever-increasing rate, and success eventually seems assured.

Through March of Dimes funds we shall someday relegate polio to the limbo of conquered diseases. In the meantime, we cannot let any of today's patients down.

How much should you give? That is a very personal matter for you to decide. Give what you can; let your contribution be from the heart. The county needs approximately 50c per capita. Some will not be able to give that amount. Others can, and will give much more than that. But rest assured, whatever you give, even ONE CENT will be appreciated and it will be put to work in the great fight for your protection.

REMEMBER, January 22nd, turn your light on at 7:00 P. M. and have your contribution ready.

A lot of folks are tempted to speculate with their money. With the farmers, however, there's enough speculation in farming itself—what with the weather, insects, plant disease, livestock sickness, and prices. For the farmers, a safe, sure way of building financial security is with U. S. Savings Bonds. Should he need extra cash his money is handy, it's always there for emergencies. So, farmers, be sure that part of your fall crop or livestock check goes into Savings Bonds. They pay 4% for every \$3 invested in ten short years. This is the time to resolve—NOW, LET'S ALL BUY BONDS.

SEEKING A LOOPHOLE

United labor unions want price and wage controls but—an "escalator" wage control, which is that certain leeway be provided in a wage freeze to allow increased salaries to meet increased cost of living. If prices are frozen now, would there be an increased cost of living to necessitate a wage increase? If wages are permitted to go up, then would it not be fair that manufacturers and business houses be allowed to increase price to meet wages? The thing should have been tied down on both ends some time ago. As it is now, wages go up, prices advance, wages go up again and products go up again. Just one wild merry-go-round with no place to stop.

What labor so frequently overlooks is the position of the small businessman. They concentrate on the large corporations. Paying higher wages out of profits when he is not making enough profit WITHOUT boosting his income through price, means bankruptcy for thousands of small firms, were prices controlled and wages not. An excess profits tax is to take care of enormous profits, if exhoritant profits are made (as labor so insists). It is the small businessmen who can't pay labor's demands for increased wage, who will fail. A total freeze for prices and wages is the only way during an emergency. It comes under the heading of "sacrifices", and all of us are going to have to make them, not just some of us.

THE VANISHING AMERICAN

You may prefer the sturdy oak, the ladylike birch, the maple, fir or palm, but as far back as our pioneering ancestors who used it to line their streets and country lanes, the American elm has been the choice of many. As the noble chestnut tree has virtually disappeared from the countryside, so is the treasured elm marked for extinction if scientific means, through insecticides, doesn't conquer the disease which has killed thousands and thousands of these elms. The cream veins are distinctive on the olive green, pointed, saw-toothed leaves. The winged clusters of flat, round reddish flowers, mark it in the early spring. Though not considered of commercial value, to us the elm in its stately form, its service in shade, its "Americanism", is well worth guarding.

IT IS EASY TO TALK

New restrictions face us almost daily. Copper was restricted, now cobalt, next aluminum and steel and so on. Television and radio, automobiles, washing machines, cooking utensils, all and more will be affected. Countless numbers of people speak of their intention of meeting the necessary sacrifices most cheerfully. It is easier to promise restraint and calm acceptance, when the pinch isn't felt. It is a test when shortages, controls, prices, rationing, taxes, hit you personally. Then is when self-sacrifice and self-discipline are in order, and daily we are finding it more necessary to practice both qualities.

DON'T LOSE FACE

The UN did act to defy Communist aggression in Korea, which is a victory for them though a military defeat may be the result. The game was played, the challenge met. Since then, however, there is a lack of inspiration. Morally the peacemakers are not as strong in actions, are delaying, drifting, being irresolute. They are procrastinating rather than acting, are hoping rather than acknowledging and facing facts. There is too much at stake for the UN to falter and shrink. Its true purpose must be preserved, to bolster the fighting morale of today, to not lose face among those peoples of the world who have felt it to be the hope of tomorrow.

Our Conservation Awards Made By Burk C. of C.

Our Soil Conservation awards were made to area farmers at the Annual Chamber of Commerce Banquet at Town Hall Thursday night, January 11th. The awards were \$100 bonds, presented to Glen Kemp of Burk Burnett and W. M. Young, Adlett, Oklahoma, tenant farmers, and Elvie Welborn of Burk Burnett and J. M. Braden Randlett, Oklahoma, landowner-farmers.

The awards were made by Mas Bell, local Agriculture instructor in the High school. The 1950 Master Farmer award was presented to Narberman of Burk Burnett.

Mr. Kemp accomplished the following conservation practices during 1950:

- 1.5 miles terraces constructed.
- 1.5 miles collective terrace water constructed with vegetation established.
- 100 acres legumes grown for improvement.
- 100 acres crop residue management established.
- 100 acres farmed on the contour.

W. M. Young, Jr., farms two quarter sections belonging to Fink. Mr. Young has done

an excellent job of taking care of the farm and by maintaining terraces, farming on the contour and by planting soil building legume crops. He farmed 270 acres on the contour with 240 acres contour chiseling. He planted 35 acres of sweet clover, applying 3,000 pounds of super phosphate and 6,000 lbs. of rock phosphate. He is attempting to carry out a balanced program with small grains, legumes and cotton as other crops.

Mr. Elvie E. Welborn, living 3 1-2 miles West of Burk Burnett, is a co-operator with the Wilbarger-Wichita Soil Conservation District. Elvie worked up a complete conservation plan on his 223 acre farm in June, 1947, and is carrying on a very good conservation program. Accomplishments for 1950 consist of:

- 1.5 acres crop residue management.
- 126 acres range improvement.
- 93 acres contour farming.
- Conservation practices established before 1950 consist of:
 - 15 acres seeding of range.
 - One farm pond constructed.
 - 186 acres legumes grown for grazing and soil improvement.
 - 3.8 miles terraces built.
 - Two collective terrace waterways constructed and vegetative cover established.

J. M. Braden lives one mile S and 1.2 mile West of Randlett, Oklahoma on 160 acres. Braden

is a veteran of World War II, and has made more progress in his farm operations than nearly any farmer in the county. He has a large two acre pond by his house from which he uses water for livestock and home use both. He constructed a filter pool below the dam and uses a pressure water system and has a modern bathroom and running water throughout his house.

He is very industrious and has constructed new fences over his entire farm and from the soil conservation standpoint has a balanced farm program with legumes being planted over one-fourth of his acreage. His farm is completely terraced and he farms on the contour keeping his terraces in excellent condition. During 1950 he had 140 acres of contour farming which included cotton, wheat, sweet clover and alfalfa. He had 20 acres of sweet clover, fifteen acres vetch, and six acres of alfalfa, which were planted primarily for soil building. He applied 1,000 pounds super-phosphate and 8,000 pounds of rock phosphate on the soil that showed a deficiency by complete soil test.

Howard Clement Gets Recognition

Howard Clement, resident agent in Burk Burnett for The Prudential Insurance Company of America, was cited for being the leading special agent in a large West Texas area during 1950.

In helping families in the Burk Burnett area provide a high level of insurance protection for themselves, Mr. Clement led all special agents in the Fort Worth and West Texas agency in new paid-for insurance sales during the year, according to J. A. McCelvey, C.L.U., agency manager.

"Mr. Clement's outstanding record is a credit to the good judgment of West Texas folks who are building future security through life insurance," Mr. McCelvey said. "I am sure he will continue to give the same excellent service to his friends and clients this year."

Mr. Clement has been with The Prudential for two years. Because of his outstanding service to the community, he was invited to attend the company's national conventions in New York City in 1949 and in Montreal, Canada, in 1950.

Problems to be studied at next week's meetings are: cutting out plaid materials; cutting out corduroy; conservative placing of pattern on material; new and quick methods of marking darts, pleats, and buttonholes; cutting children's clothes from discarded garments; and stitching without basting.

Any one interested in attending these meetings is cordially invited.

Service Mens YMCA Expresses Thanks

The following letter received by Mrs. J. M. Pogue, voices the appreciation of the service men for the cookies sent them by the various churches of Burkburnett during the Christmas holidays.

January 12, 1951
Mrs. J. M. Pogue
Box 173
Burkburnett, Texas
Dear Mrs. Pogue:

It is with a great deal of pleasure that we again express to you and the ladies of the Grace Lutheran, Methodist and Baptist churches of Burkburnett our appreciation for the delicious cookies, cakes and candy brought in during the Christmas holidays. The personal interest shown by your groups during this busy season, the baking of so many varieties "just like Mom's", and the knowledge that they were homemade, will long be remembered by the Airmen of SAFB.

Every tray and cookie jar was put into use and placed in easy reach of the boys and don't think they didn't take advantage of this! They were "munching" cookies from early morning until late at night—while talking to friends, playing games, writing letters, or just sitting. To say that they enjoyed these homemade delicacies would really be putting it mildly.

The staff of the Armed Services YMCA will ever be grateful for your interest and generosity in responding so wholeheartedly to our plea and we want you to know that you contributed more than your share towards making this Christmas season a real "Home away from home" for all those Airmen who could not go home.

Sincerely,
E. R. Young, Executive
Jane Terry, Program Sec'y.

of their recent trip to the Big Bend National Park.

Refreshments were served to: Miss Virginia Allen and Mesdames M. E. Bean, Elbert Buckner, Ralph Davis, D. F. Douglas, Jack Franks, Howard Henderson, A. R. Hill, F. A. Jamieson, Louis Littlefair, Harlan Mills, Marian Ragsdale, Carlton Royce, Dan Sheriff, Harold Van Loh, D. D. Vaughn, the guest, Miss Wyant, and the hostess, Mrs. Counter.

ARE SPRAYING

By J. S. GORE

Go to your drug store at once and buy Lime Sulphur Mixture. Spray all trees from top to bottom, using full strength, as directed on package, for Dormant Spray.

The body of trees with bark, and all trees showing leakage of sap due to damage, it is very important to use plenty of pressure to give a heavy coating, or wash with a brush or mop. In case of heavy rains wash off the spray, it should be applied again, trying to keep faces affected by Scale or Borers, completely covered until buds begin to show.

and the use of sprays while dormant, but as soon as about 50 percent of petals have fallen, you should spray with Arsenate of Lead as directed on package. Sometimes good results with peaches may be had by spraying until most all of the blossoms have shed, but you are of serious worm damage, unless you start spraying them by the time 75 percent of petals fall. Arsenate of Lead spray may be used every 10 to 15 days after, but not nearer than 2 weeks of the ripening date in different variety.

Bluebonnet Gal was vocally dedicated to Dana by Beverly Netherlain and Garland Smith.

A clever solo, She Was A Sailor's Sweetheart, was sung by Garland Smith. The presentation of a huge assortment of lovely gifts was given by Anita Netherlain, dressed in her sailor costume, as she read an original poem, "Cargo Landed."

Bon voyage, Dana and Don, on your good ship USS Brookman.

Mother of Polio Victim Anxious To Help Drive

Mrs. Grady Harrison, mother of little Vivian Lee Harrison, Burkburnett's Polio Patient, volunteered her services to Geo. McClarty, local chairman of the March of Dimes drive, for she knows well what Polio means.

The little girl, who was stricken with the dreaded disease last fall, is receiving the best of care in the Wichita Falls hospital, thanks to the March of Dimes. More funds have already been spent on the child than Burkburnett contributed to the drive last year.

Mrs. Harrison, who said: "I don't know what we would have done without it," urges everyone to have their porch light on next Monday night between 7 and 8 o'clock and give to this worthy cause.

Burk Jaycees Met Mon. Night

The Burkburnett Junior Chamber of Commerce held their weekly meeting at 7:30 Monday night at the Town Hall. Plans were discussed for the forthcoming weiner roast to be held at the Browning farm in Oklahoma.

Lieut. Paul Trump of SAFB was welcomed into the organization. Don Short, Burkburnett attorney, was elected secretary to replace Paul Russell who has moved to Dallas.

The "Share the Ride" stand built by Jaycee members will be completed this week, and after final painting will be placed at the corner of the Casey Logan used car lot, 2nd St. and Avenue D. The weekly

membership drawing went beginning Monday night so the drawing will be \$12.50 next Monday night.

The Junior Chamber of Commerce is open to young men of good character between the ages of twenty-one and thirty-five. We are very interested in having new members as well as hoping all old members will be dropping around.

Built in Texas... and helping build Texas

Ford is the only Automobile Manufacturer Building Cars and Trucks in Texas

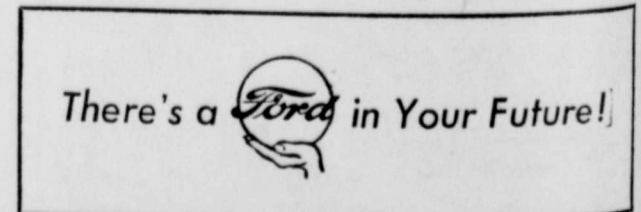

of material and supplies from Texas merchants and manufacturers and paid over \$7,500,000 for incoming and outgoing transportation. Then, too, there is a total of over \$148,000 paid by Ford in local and State taxes.

ALL THE FORDS made are not built in Detroit. There are plenty of them built right here in Texas—last year over 128 million dollars worth of cars, trucks, parts and products were made at Ford's Dallas Assembly Plant. What's more, 1,722 Texans put them together or followed through with their assignment to dealers in the Dallas, Houston, Oklahoma City and New Orleans Sales Districts.

Yes, Texas is building a lot of cars and trucks for Ford... and in the process Ford is helping to build Texas, too!

The folks who work in Ford's Dallas Assembly Plant and District Sales Offices earn over \$7,000,000 every year. They spend it mostly in Texas. Texas benefits from Ford in other ways, too. For example: during 1950 Ford bought over \$1,000,000's worth

Her earliest formal profession of Christianity was at the age of eleven when she was converted and joined the Methodist church. Four years later, when fifteen years old, she was married to Mr. Albert Truss, together with whom she was baptized into the Baptist church. Mr. Truss became an ordained minister shortly thereafter. To their union, nine children were born. Mr. Truss died in 1893. Four years later his widow married Mr. W. H. Donnell, by whom she had two children. He died in 1919.

Film Shown to School Children

Local school children were shown the film, "MOTHERS FIGHT POLIO," Monday. The film showing how the disease is spread, Arizona, went to the top in their drive for a fight Polio last year. McClarty, chairman of the campaign, arranged for the film from headquarters in Wichita Falls. He also distributed a fact sheet to every child. Facts on the sheet tell of the need for more money to combat Polio. The film will be shown at 7:00 to 8:00 p. m. on Friday, Jan. 12. The film is being shown in the school children's home, inviting a worker to come and give their contribution. Folks in the country will not be fooled, either. If they go to the front of their house, a light at their gate or mail box, a will pick up their contributions, also.

Services Held Wed. For Mrs. Donnell

Funeral services were held Wednesday morning at 10 A. M. for Mrs. Mary E. Donnell, from the Owens and Brumley Funer-
al Chapel here. Rev. T. Lynn Stewart, pastor of the First Baptist Church officiated.

Mrs. Mary Donnell, who died on the evening of January 15th at the age of 90 years, 8 months and eight days, was born in Talladega County, Alabama, May 7, 1860. Eight years after the out-
break of the Civil War, as a girl of eight, she came with her family in a covered wagon to Van Zandt County, Texas and settled at Martin's Mill, which is named for her father, Daniel Greer Martin, a Confederate veteran and early Texas Ran-
ger.

Her earliest formal profession of Christianity was at the age of eleven when she was converted and joined the Methodist church. Four years later, when fifteen years old, she was married to Mr. Albert Truss, together with whom she was baptized into the Baptist church. Mr. Truss became an ordained minister shortly thereafter. To their union, nine children were born. Mr. Truss died in 1893. Four years later his widow married Mr. W. H. Donnell, by whom she had two children. He died in 1919.

Mrs. Donnell was an active church worker for 80 years. For nearly 20 years, she had resided with her daughter, Mrs. Wid Phillips in Burk Burnett. She had lived in Wichita County about thirty-five years.

She is survived by 5 daughters: Mrs. Maggie Whisenhunt, National City, Calif.; Mrs. Julia Oldham, Lawton, Okla.; Mrs. Belle Pate, Lubbock; Mrs. L. C. Boyd, Lubbock; and Mrs. Wid Phillips of Burk Burnett; two sons, Mr. S. O. Truss of Grand Junction, Colo.; and Mr. W. A. Donnell, of Dumas. In addition there are forty-seven grand-children, seventy-two great-grandchildren and sixteen great-great-grandchildren, and one brother, Sam Martin of Hardy, Texas.

Both active and honorary pallbearers were all grandsons of the deceased.

Mrs. Donnell has long been known as a sincere Christian of much fortitude. She was a loving, helpful mother, grandmother and a noble pioneer.

The body was laid to rest in Riverside Cemetery in Wichita Falls.

The total of Post Office receipts for 1950 were \$22,352.17, an increase of \$412.92 over the year 1949, according to Postmas-
ter, A. H. Lohoefer.

Stamp sales were \$20,519.30, compared to the 1949 sales of \$20,028.87. Box rents collected last year amounted to \$1,518.29, while they were only \$1,381.35 in 1949.

There has been quite an ex-
tension in the City Delivery route and a small extension on the Rural Route. Also during the past year, new Parcel Post delivery was added. This service requires the entire time of two sub-carriers in addition to the regular Post Office personnel.

Dear Mr. Dodson:
I felt quite dejected last evening when I arrived home and did not find my favorite newspaper (the STAR) waiting for me. I was so upset I wasn't able to eat. From the twelfth century children have been learning to repeat this prayer of faith. Back of that are the other centuries when families quoted the 121st Psalm from which it was doubtless taken...

*"Your Guardian will not slumber,
 He will neither slumber nor sleep."*

Precious lad with the dimpled cheeks, knowing so little what the world holds of joy and of sorrow, of foes and of friends, of sickness and of health, of defeat and of triumph. Perhaps he has mother and father now and every care for his happiness. Who knows what tomorrow holds for him? You and I may not be near to counsel and to encourage. What then?

Wise and thoughtful for all the years ahead were the parents who early introduced the lad to his eternal Friend and helped him to be at home in the Father's universe. Some day every boy and girl will have to stand alone; will there be strength from hidden springs, a sense of sustaining Power? Some day every woman and every man must make a choice between the high way and the low; will there be light that shines on the good path the soul should take?

Every child born into God's world has a right to know that God is Creator and Sovereign, that His will finally must prevail. Every girl and every boy has a right to be sure that the universe is friendly and that its basic principle is Love. Every living person has a right to trust and to faith and to hope. Every human being has a right to know that he is made in the image of God and eligible to a place in the divine Family. We are both animal and divine spirit; God breathed His own Spirit into man and he became a living Spirit, like unto God. Every child has a right to live reverently as in the continuing and blessed fellowship with the Highest; he has a right to the adult helpfulness that puts his feet in the Way of Life. Teach him to say, "Now I lay me down to sleep, I pray the Lord my soul to keep. If I should die before I wake, I pray the Lord my soul to take."

More than 600 persons have already filed their claims for the new Social Security benefits with the office at Wichita Falls, according to Erton F. Tate, manager. Many more persons in this area are eligible who haven't filed their claims. Mr. Tate explained that the new law recently passed by Congress requires persons age 65 or older to have worked on jobs covered by Social Security for only about a year and a half to qualify for benefits. The work credits may have been acquired at any time since 1936. Persons age 65 or over who inquired before September of 1950 and were turned down may now be eligible.

A representative of the Social Security office would especially like to see these people to determine if they are now eligible and help them with their claims. The representative will be here in Burkburnett at the City Hall at 2:30 P. M. on Thursday, January 25th.

232 In Attendance At Annual C. of C. Banquet Jan. 11th

Two hundred thirty-two Burkburnett citizens and area friends gathered at Town Hall Thursday night, January 11 for the Annual Chamber of Commerce Banquet.

J. C. Boyd, Jr., incoming president, was Master of Ceremonies.

Other officers for 1951 are: P. B. Browning, Vice-President.

W. T. Britton, Vice-President. J. V. Brookshear, Treasurer. A. R. Hill, Assistant Treas.

W. R. Hill, Secretary-Mgr. Directors for 1951 are: P. D. Williams, J. V. Brookshear, Harold VanLoh, W. T. Holman, Geo. F. Byerly, Geo. H. McClarty, H. C. Preston, P. B. Browning, W. T. Britton, Leo Dudley, John Page, G. W. Fleming, J. C. Boyd, Jr., C. A. Morgan, D. C. Dodson, W. R. Hill, Harry C. Dodson, H. A. Mills.

Dinner music was provided by Pfc. Edwin D. Stapleton, pianist. Entertainment included vocal solos by Pfc. Thomas G. Barker and saxophone selections by Pvt. James Morrison. All three are from Sheppard Air Force Base.

Special guests were Col. C. D. Jones, commander of SAFB; Mrs. Jones, and Major and Mrs. Joe Moody, all of Wichita Falls.

Out-of-town guests were present from Devol, Randlett and Grandfield, Oklahoma; Iowa Park, Electra and Wichita Falls.

Robert M. Helton, Jr., lawyer-banker-grain dealer of Grandfield, Oklahoma, was the principal speaker for the evening. He was introduced by J. C. Boyd, Jr.

Mr. Helton, who brought a very timely and thought provoking address, held the audience motionless throughout his discourse. The address was a long way from the usual stereotypical speech usually given at a C. of C. banquet—which usually consists of a few old jokes and a few rambling thoughts.

"Time for humor is past," said Helton, as he opened his serious talk. "It is time for Americans to stop haggling and playing politics and face the fact that world leadership is staring us in the face. It is time for us to accept that leadership and assume its responsibilities."

In recounting past events that have forced different nations into world leadership, Helton said: "The three modern day mistakes are Secret Treaties, Veto of UN and the China Delima." In conclusion the speaker left this thought: "What we need today is leadership and a plan."

Texas GIs Assured Of Protection For Civilian Insurance

(SPECIAL)—Texans called to active military service needn't worry about their civilian life insurance policies lapsing.

That's the good word from C. E. Moody, industrial office manager of the Home State Life Insurance Company and graduate of the armed forces Field Economic Mobilization Course completed December 8th in Oklahoma City.

Moody, who is a captain in the Army Reserves, points out: "Most enlisted reservists and many draftees, draw much less pay on active duty than they did in civilian life. Normally, this would work such a hardship that they would have to drop their commercial life insurance, thereby losing valuable protection for their families."

"Fortunately, the Soldiers and Sailors Relief Act provides that when a man enters active service, he can arrange with the finance officer to prevent a lapse of his civilian insurance while he is on duty, and for two years thereafter."

Moody explains that the GI's family is expected to make the premium payments on such insurance when possible, and that any payments made by the VA are to be repaid without interest by the serviceman at some future date. If he doesn't repay, the debt will be deducted by the VA from any benefits which might later accrue to him.

"For the benefit of wives and parents who may not have known about this," says Moody, "let me add that the beneficiaries themselves can apply for this protection if the insured serviceman is serving overseas."

Home State Life policyholders who might be affected by this ruling are being notified by their local agent.

Roy Lee and Wilford Adams of Lott, brothers of Mrs. Ben McDonald, were Burkburnett visitors Saturday.

Burkburnett Day Saturday, Feb. 3 At Fat Stock Show

Fort Worth, Jan. 18—Burkburnett, Crosbyton and River Oaks are the latest cities to notify officials of the Southwestern Exposition and Fat Stock Show that they will have a special day during the Fort Worth Exposition, January 26, through February 4th.

River Oaks' cowgirl sweetheart will be Mitzi Lucas, celebrated rodeo trick rider, and she will ride in the grand entry at the night rodeo performance, Monday, January 29. Active in plans for River Oaks Day are Staley McBrayer and Dan Coates.

Burkburnett Day will be Saturday, February 3rd and Miss Wanda Gayle Mills will be the cowgirl sweetheart, states a letter from W. Ray Hill, Chamber of Commerce manager.

Crosbyton will select a day soon, writes Robert Work, the Chamber of Commerce manager, who announces that Mrs. Joan Davis will be the cowgirl sweetheart.

Decatur, which previously had accepted the invitation to have a special day, have chosen the date, Saturday, Feb. 3rd for Snyder; Tuesday, January 30th for Decatur. Phil Luker, editor of the Wise County Messenger, ordered 100 tickets for the night rodeo on Decatur Day.
