Chamber of Commerce Luncheon Each Second Monday at Town Hall Everybody Invited Each Pays for His Meal

VOLUME XXXII

BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, FEBRUARY 1, 1951

NUMBER 28

Taxpaying Deadline Extended Through February

City Manager P. A. Wiggins announces the City taxpaying deadline for paying taxes with penalty or interest has been extended through February. A large percentage of City taxes has been paid, but as an accommodation to those in arrears may pay their City taxes time up to and including Tuesday, February 28th, and be charged any penalty or interest since the deadline January 31st. Pay your taxes before January 28th. Penalty and interest add immensely to your burden. You may save by paying now. City taxes are payable at the City Hall, between the hours of 8 A. M. to 5:00 P. M.

Nazarene Church Revival Services Extend Thru 11th

Rev. and Mrs. Alvin Maule

By the time you read this will be in a revival meeting at the Church of the Nazarene here in Burkburnett.

Rev. and Mrs. Alvin Maule are to do the preaching and lead the singing. We have recently purchased a Baby Grand piano, and during this meeting we will be demonstrating an organ attachment, which affords the sweetest music you have ever heard. The Church will be warm and comfortable. Come and enjoy these services with us.

Bro. Maule will not unchristianize you of other churches. Our meeting will continue thru Sunday, February 11th. Come. Our services will begin each evening at 7:30 P. M.

Roy McCoy, Pastor

Zone 4, Dist. 13 Legion to Meet At Burk Sunday

American Legion Post 264 of Burkburnett will be host Sunday to a Zone 4, District 13 meeting which will draw legionnaires and auxiliary members from Wichita Falls, Nocona and Henrietta.

The meeting, to be held at 3 P. M. in the Burkburnett American Legion Hall, will feature an address by Marvin Pierce, director of civilian defense for Wichita County. E. J. Tatum, commander of the Burkburnett post, will give the welcome, and Mrs. Dora Davis, vice-commander of Zone 4, will respond. Curtis Moore, zone commander, is to preside during the afternoon, and the program is under the supervision of Mrs. Sid Askins of the Burkburnett auxiliary.

Legionnaires will be from Henrietta Post No. 18; Nocona Post No. 220; Thomas Fowler Post No. 169, and Pat Carrigan Post No. 120 of Wichita Falls.

Dixie Melody Boys At Assembly of God Church Fri.

The Stamps Baxter Dixie Melody Boys, who broadcast over KTRN, Wichita Falls, will make a personal appearance at the Assembly of God Church here Friday night at 7:30. Due to weather conditions, the program was changed from Wednesday. There is no admission, and everyone is welcome.

Three Burk Boys In Navy Training At Great Lakes

Three Burkburnett seamen recruits, USN, John N. Crane, son of Mr. and Mrs. Newton T. Crane of Route 1, Box 57; Doyce C. Edwards, son of Mr. and Mrs. Lonnie H. Edwards of 502 East Fourth St., and Charles R. Boyd, son of Mr. and Mrs. Barney D. Boyd of Box 45, 301 West Main, are undergoing recruit training at the World's largest Naval Training Center, Great Lakes, Illinois.

Recruit training is the sharp break between civilian life and Naval life in which the new Navy men learn the fundamental principles of the Naval service. In the course of their training the recruits are taught seamanship, Navy customs, terms, basic ordnance, gunnery, signaling and navigation. Upon completion of their training the recruits are assigned either to units of the Fleet or to a service school for specialized training.

Rev. T. M. Jenson Pastor Named for Methodist Church

Rev. T. M. Jenson, pastor for the last three years at Key Memorial Methodist Church at Sherman, has been assigned to the pastorate of the First Methodist Church. He succeeds Rev. T. Herbert Minga, who assumed the pastorate of St. John's Methodist Church in Dallas a few weeks ago.

Announcement of this appointment was made by Rev. Gerald P. McCollom, superintendent of the Wichita Falls Methodist district.

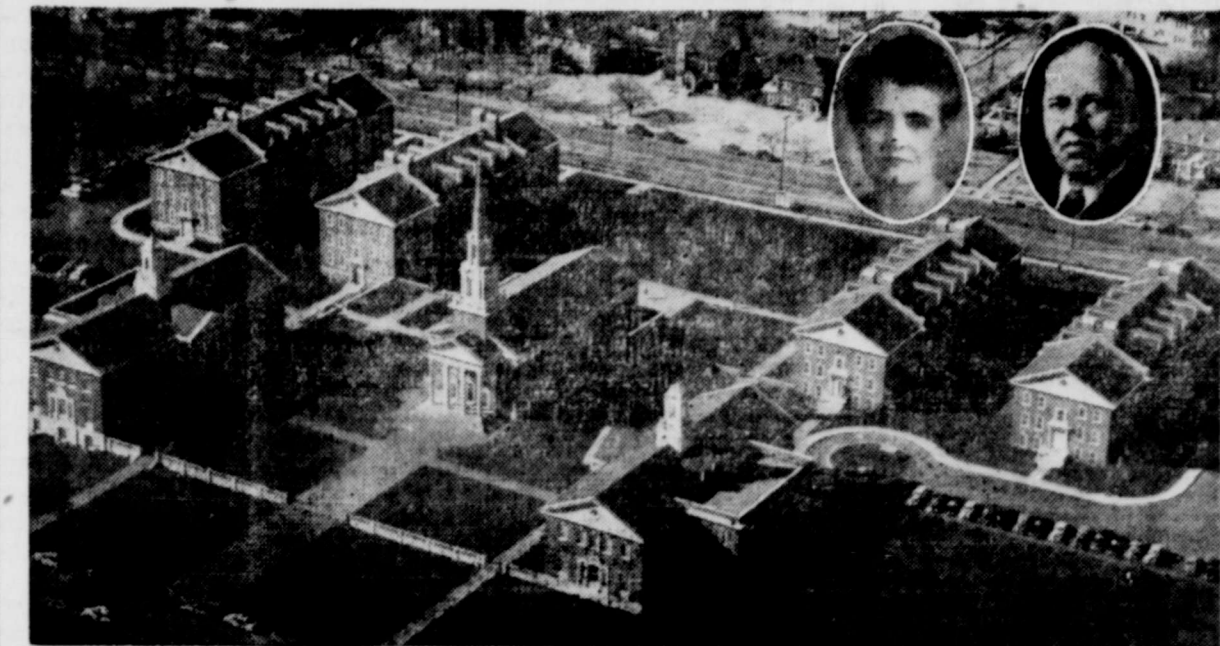

Rev. Jenson will preach both at the morning and evening hour Sunday. All members are urged to be out to welcome the new minister Sunday.

TREES JUST WON'T STAY TYPED

There are over 20,000 different species of trees in the world. No one knows just how many, since new ones are constantly being discovered in remote tropical regions.

The distance between some people's ears is one block.

SMU Completes Entire School Plant for Training Ministers

Perhaps unique in the history of college construction is the Perkins School of Theology Quadrangle on the campus of Southern Methodist University. School officials believe that it is the first theological seminary plant designed and brought to completion in one continuous operation. Costing approximately \$3,500,000, the seven-building quadrangle will be dedicated to the training of ministers and Christian workers on February 8th. Shown in the aerial view are, left to right in the foreground of the quadrangle: Kirby Hall, the Perkins Chapel, and the Bridwell Library; rear, left to right: E. B. Hawk Apartments, Paul E. Martin Apartments; S. B. Perkins Dormitory, and A. Frank Smith Dormitory. Insets show Mr. and Mrs. J. J. Perkins of Wichita Falls, for whom the school is named. They are long time benefactors of SMU and principal donors to the development of its theology school facilities.

Jolly Time Blue Birds

The Jollytime Blue Bird group met at the home of their leader, Mrs. Elizabeth Woroner, Friday, January 26th. After roll call and collection of dues, the girls finished invitations to their fathers for the "Father-Daughter" box supper to be held in February. After finishing their project, the girls enjoyed a short play period out of doors.

The girls welcomed a prospective new member to their group, Lanita Kaneen. Regular members present were: Carolyn Clement, Sharon Foley, Carolyn Howard, Suzette McClean, Irma Ned Riley, Cathy Slabaugh, Martha VanLoh, Betty Woroner, Charlotte Johnson, and Shirley Hodges.

Reporter, Betty Woroner

Devol Couple Honored On 57th Anniversary

An anniversary dinner was held at the home of Mrs. Nola Burns here in honor of her parents, Mr. and Mrs. H. G. Ridings of Devol on their 57th wedding anniversary, Sunday, January 28th.

Horace G. Ridings and Miss Lucy Ollie Qualls were married January 28, 1894 at Beesley, Texas. They resided in Tillman County, Oklahoma until 1923 when they moved to Devol where they have made their home since that time.

The couple has four children, Mrs. Nola Burns, Burkburnett; Amos and Dick Ridings, Davidson, Oklahoma; Monroe of the home address; eight grandchildren and three great-grandchildren.

WOOD PRODUCTS BEAT HISTORY TO AMERICA

Wood was discovered as a tool for everyday living in America long before the settlers got here. Objects made of wood have been found, excellently preserved, among the ancient relics of prehistoric mound builders and cliff dwellers.

Most vacationists go away for a little change, but come back with a lot less.

Wouldn't it be nice if it took as long to spend money as it does to save it?

Burk Attorney Talks to Rotary Members Tuesday

Don Short, local attorney, spoke to members and guests of the Rotary Club last Tuesday on the Rights and Duties of the American citizen, and stressed the fact that we not only should enjoy our Rights, but should perform our Duties for the Preservation of Democracy.

President Ted Harwell was in charge of the meeting. W. P. Boydston gave the invocation. Dr. A. G. Steele was presented to the Club as a new member. Visiting Rotarians introduced by I. C. Evans were: Pete Estes and his guest, John Naylor, Frank Schram, Herbert Miller, John Collier, Gerald Hodges, Archie Cameron, Bart Dorbandt, John Ebner, C. D. Bartlett, John Harbour, Jr., L. H. Estes, Ray Hanks, Fred Ridenour and his guest, Dan Foley, Ray Arnold and guest, Joe McNeil.

W. R. Karkalits and Si Siegling were guests of Don Short, and Evans Peevy came with George McClarty.

Mrs. O. L. Clark Entertains Club

Pictures shown by Mrs. D. C. Dodson of her trip to Alaska highlighted Thursday's meeting of the Current Literature Club at the home of Mrs. O. L. Clark.

The business session featured the election of the following officers: President Mrs. Fred Hunt; Vice-President, Mrs. J. M. Patterson; Recording Secretary, Mrs. Roy Magers; Assistant Secretary, Mrs. F. G. Jeffers; Corresponding Secretary, Mrs. Roy Magers; Assistant Secretary, Mrs. C. R. Chambers and Treasurer, Mrs. Gene McCabe.

LUMBER IS \$5 MILLION BETTER EVERY YEAR

The American lumber industry spends about \$5 million a year on research to improve the quality of lumber, increase the efficiency of its production and develop new uses for wood.

Pulling the shades down over a dark past makes it easier to find a bright future.

SOUND METHODS FIND SOUND TIMBERS

Researchers are now using sonic methods to test wood without destroying it. These exacting methods can permit safer construction of wood aircraft frames, ladders and scaffolds.

OES Study Club To Have Luncheon

The O. E. S. Study Club will have a luncheon at the Masonic Hall on Thursday, February 8th.

Only 560 Citizens Issued Poll Tax Receipts Here

From W. R. Hill, manager of the Chamber of Commerce, we learn that only 560 Poll Tax receipts were issued in Burkburnett up to the deadline, January 31st.

This is little over half of the number of receipts issued last year when the total came to more than 900. In spite of the active campaign, PAY YOUR POLL TAX NOW, waged by the Burkburnett Jaycees, little voting enthusiasm could be raised here. This is an "off" election year. One of the reasons for the low number taking out receipts. In all probability there will be a City election held, and those with receipts and exemptions will undoubtedly have other occasions to voice their preferences during 1951.

Local Jaycees Hear Roy Howard, Iowa State V.P.

Burkburnett Jaycees held a regular meeting at Town Hall Monday night, January 29th. With eleven members present, Capt. Brown of S.A.F.B. introduced his brother-in-law, Roy Howard, vice-president of the Iowa State Jaycees. Howard made an excellent talk on Safety. Cliff Wampler was in charge of the program.

Local Jaycees are working on a deal whereby someone will be presented an \$80.00 pair of hand made cowboy boots and a \$25.00 belt and buckle set. For more information contact any Jaycee.

LUMBER IS \$5 MILLION BETTER EVERY YEAR

The American lumber industry spends about \$5 million a year on research to improve the quality of lumber, increase the efficiency of its production and develop new uses for wood.

Pulling the shades down over a dark past makes it easier to find a bright future.

We don't know how fast our automobile will run. Neither do we know how far we can lean out of a tenth-story window.

We used to read the fashion stories to see what was going on. Now we read them to see what is coming off.

Fire Department Extends Thanks For Turkey, Deer

Last Thursday night some fifty Firemen, their wives, and City officials, gathered at Town Hall for a delicious meal consisting of Turkey, Deer, dressing, gravy, cranberry sauce, green beans, brown beans, celery, pickles, coffee, cherry cobbler and ice cream.

M. C. Chapman, in appreciation for work done by Firemen when his home caught fire recently, furnished the nice baby beef turkey. D. C. Dodson and Harry Dodson furnished the deer.

Dick Chambers was chief cook, assisted by Jobie Duan and other Firemen.

Following the meal, games of 84 and 42 were enjoyed.

Members of the Department extend their thanks to those making the occasion possible.

Burk Ladies On Electra Station

Mrs. J. C. Adams and Mrs. Ross Reagan appeared on the Burkburnett hour over the Electra broadcasting station last Friday, representing the Burkburnett Garden Club. Mrs. Adams gave the history of the club and a short talk on flower arranging. Mrs. Reagan gave a "Snooper" poem arranged to include all twenty club members.

They visited Mrs. Ray Mills and Mrs. T. A. Banning, former Burkburnett residents, while in Electra.

Fire Chief Warns Danger of Fire In Cold Weather

Fire Chief Dink Lawson issues a plea that everyone, in business houses and in residences be very, very careful with fires. In the last 36 hours, four major fires have raged in other towns, sending the loss to several million dollars.

With colder weather, people are burning more fires, perhaps every stove in the house is going in the back bedroom, be sure there are no curtains near the stove to catch on fire, and see that clothing is not left on chairs too near the stove. The bath room is another very dangerous place where fires may be started with a little carelessness. Most bathroom doors open back against the stove. Do not leave the door open in the bathroom, and don't hang towels, wash cloths or other wet articles hanging in front of the fire to dry. Lawson reminds us that it is very disagreeable for a Fireman to get out in this weather to fight a fire, but at least he has a warm home to go to when the fire is put out, and that is more than the victim can look forward to if he loses his home.

Uncle Sam Says

Our freedom is in danger! Every American knows that and I know that every one of you wants to do his or her bit to help preserve that freedom. We can't all go into uniform or into a defense plant, but there is one BIG way in which we can all help, every one of us. That is—the purchase of U. S. Savings Bonds. They are not only as valuable today as the day you buy them, they grow in value. And they will always be that way. Enroll for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank.

AND WE'RE PROUD OF IT!

There are still people who insist you can tell a small town man from a big city dweller. Don't you believe it! But if you do, then it is with favoritism to the small town and the difference is in the favor of its inhabitants. There are more small town people to judge since they are in the majority with 60 per cent of the total population. There are only five cities in the U. S. with more than a million population, only 92 with over 100 thousand, only 412 towns of 25 thousand or more. So the countryman belongs to the larger group and ask him how he feels about it.

AS WE SAID BEFORE:

Has it been so long ago that editors used their columns to ask that people conserve paper? We can remember the days when paper sacks were scarce and stores throughout the land asked that shoppers return the used paper bags to alleviate the shortage. With the present increase in cost of paper, with price still rising, with certain stores already beginning to feel the pinch, let us start now to conserve paper. What can be carried without the need of a paper sack or the use of wrapping paper, let us carry. It is a small thing to ask.

A HARD DECISION

No parent wants the blood of an 18-year-old son shed on a far-flung battlefield. Nobody wants son's lives snuffed out in war, whatever the age of the boy, unless a body is bestial. The world's majority of people want peace, but peace they do not have nor does it seem likely that peace is to come for sometime. It becomes necessary therefore, to build an army of such strength that the 18-year-olds, their younger and older brothers, their parents and neighbors, may be safe from the enemy. In order to prepare for force against attack, our army must be massive, its numbers outweighing the foe. Lack of preparation now may lead to defeat later, should war come to us here. And, a defeated nation not only counts a terrific cost in loss of life and property but of the principles for which it fought. Also, when a country is faced with defeat, it drafts into service manpower that is childpower, as a last, desperate stand. This would be intolerable, heart-rending.

It is not an emotional battle we must fight with ourselves as much as one that concerns our depth of thinking for the safety of everyone. If mothers shudder at the fate of the drafting of the 18-year old, would they not rather, through contemplating deeply the overall conditions, have such an armed force in this country that the fate might not be possible due to our power? If it is necessary to do so, in order to make such a condition certain, then should these boys not be drafted that they may be well trained that they are able more safely to hold their own, to be equipped to be ready for an emergency?

Burkburnett . . . History

Revealed By Star Files 14 Years Ago

Butler Westerfield of Wichita Falls, a former member of the local Rotary Club, was present for a regular meeting of that organization Tuesday and addressed the assembly on the subject of "National Defense."

Seventy-five delegates from churches all over the district attended a meeting of the Sunday School Teachers' Institute held at Childs Lutheran Church Sunday.

W. S. (Bill) Woods, addressed the Burkburnett Lions Club at a regular meeting Tuesday evening on the subject of "Schools For The Blind In Texas."

Ralph Winkles and Clovis Netherland went to Mineral Wells last week where they secured employment on the vast government project being constructed there.

Miss Marge Nell Landers, daughter of Mr. and Mrs. B. A. Landers left this week for Denton where she will enroll in NTSTC.

Mr. and Mrs. George Kent and family moved to Wichita Falls this week.

Prisoners of War Asked to File Claim

The War Claims Commission wants every eligible prisoner of war of World War II or their widow or children or parents, to file the necessary claim before the deadline of March 1st. Persons entitled to such claims in most cases will receive \$1.00 for

each day the prisoner of war was held in custody of the enemy. The War Claims Act of 1948 provided the organization to process claims of civilian internees and military prisoners of war who had filed for payment from the former enemy funds held by our government. Unless the claims are filed by the former prisoners of war or by the widows, children or parents of deceased POW's before

March 1, 1951, the claim will not be paid at all. Under the War Claims Act, a widow who has not yet received her claim may still collect the benefit and parents may establish dependent status. Additional information forms can be secured from the Service Officer of the War Claims Commission, Washington 25, D. C.

Lieut. McCullough At Maxwell AFB

Maxwell AFB Base, Ala., Jan. 18—1st Lieut. Robert E. McCullough of Burkburnett, Texas, is presently on temporary duty with the Air Command School here to attend the second Squadron Officer course, it was announced today by Col. Leslie G. Walker, Maxwell commandant. Lieut. McCullough, the son of Mrs. Virginia McCullough of Granddell, N. I., was previously assigned to Steppard AFB Base, Texas. He served in the European Theater from September, 1943 to June, 1945. The Squadron Officer course is of eight weeks duration and is offered by the Air Command and Staff School three times each year. Its mission is to prepare the student officer for command of squadrons and for staff duties appropriate to his grade.

I just checked 'em an hour ago!

It would seem a little bit ridiculous to have the air in your automobile tires checked several times a day. In the natural gas business, though, pressures are reported hourly on thousands of miles of pipe lines. Our employees work around the clock to maintain the pressures required to assure dependable supplies of natural gas to some 400 communities and over 2,000 industries in the Gulf South. Many of those industries are producing the material which will help to safeguard our own and other free nations. We believe it is our No. 1 job to keep them supplied with fuel, to the end that a lasting peace may be won for the world.

Beware Coughs From Common Colds That HANG ON

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial membranes. Guaranteed to please you or money refunded. Creomulsion has stood the test of millions of users.

Graduate Nurses Hold Meeting

The regular meeting of the Texas Graduate Nurses Association, District eleven of the Private duty section, was held at the home of Mrs. Madell Ellis Monday night. A brief business session was presided over by Mrs. Ellis, chairman. Reports were given by Mrs. Mary Hammack of Wichita Falls, Secretary. The program featured, was a round table discussion led by Miss Agnes Anderson of Wichita Falls, in which each member participated of their experiences with new drugs. The Love Fund offering for the evening was contributed to the Polio Drive. Refreshments were served to Mattye K. Barbour of Iowa Park, Lometa Swan, L. Henderson, Mary Robinson, Rose E. Stine, Minnie Jones, Ann Vandiver, Irene Pechacek, Meta Marquardt, Mary Hammack, Goldie Golding and Agnes Anderson, all of Wichita Falls, and the hostess, Madell Ellis. Mrs. Anderson is state chairman of the Private Duty Section.

LIQUID OR TABLETS—SAME FAST RELIEF

the Railroads **RESPECT** ...

the Labor Unions seek to **REPUDIATE** this agreement!

What is the TRUTH?

At various states in the present ... with the brotherhoods of railroad operating employees ... the railroads agreed to arbitrate ... the union leaders refused. ... the railroads accepted the recommendations of President Truman Emergency Board. The union leaders refused. ... the railroads accepted the White House proposal of August 19, 1950. The union leaders refused. Finally an Agreement was signed by the White House on December 21, 1950. Now the union leaders seek to repudiate the Agreement. The railroads stand ready to put into effect immediately, with back pay at the rate and date indicated. The Agreement is given in full below:

MEMORANDUM OF AGREEMENT

Washington, D. C. December 21, 1950

1. Establish 40 hour week for yardmen with increase of 23 cents effective October 1, 1950, and additional 2 cents effective January 1, 1951.
2. Set aside 40 hour week agreement until January 1, 1952, and establish 6 day work week for yardmen. Effective with the first pay roll period after 30 days from the date of execution of the formal agreement, yardmen required by the carrier to work on the 7th day to be paid overtime rates except engineers who shall receive straight time rates for the 7th day. This does not create guarantees where they do not now exist. On and after October 1, 1951, three months' notice to be given of desire to go on 40 hour week. Provide for consideration of availability of manpower and 4 cents per hour if and when the 40 hour week actually becomes effective.
3. Settle rules for 40 hour week and 6 day week.
4. Grant yard conductors and brakemen other rules such as daily earnings minimum, car retarder operators and footboard yardmasters as recommended by Emergency Board No. 81.
5. Settle following rules: Initial Terminal Delay (Conductors and Trainmen) Interdivisional Runs Pooling Caboose (Conductors and Trainmen) Reporting for Duty More than One Class of Service Switching Limits Air Hose (Conductors and Trainmen) Western Differential and Double Header and Tonnage Limitation (Conductors and Trainmen, all Territories)
6. Road men to receive 5 cents per hour increase effective October 1, 1950 and additional 5 cents per hour increase effective January 1, 1951.
7. Quarterly adjustment of wages on basis of cost

of living index (1 point to equal 1¢ per hour. First adjustment April 1, 1951. Base to be 176).

8. Agreement embodying principles applicable to yardmasters to be entered into for benefit of yardmasters.

9. Effective October 1, 1950; the basic hours of dining car stewards shall be reduced from 225 to 205 hours per month; no penalty overtime to accrue until 240 hours have been worked, the hours between 205 and 240 to be paid for at the pro rata rate. Effective February 1, 1951, overtime at time and one-half shall accrue after 220 hours have been worked. The basic monthly salary to be paid for the 205-hour month shall be the same as that now paid for the 225-hour month. Except that four dollars and ten cents (\$4.10) shall be added to the present monthly rate effective January 1, 1951.

10. In consideration of above, this agreement to be effective until October 1, 1953, and thereafter until changed or modified under provisions of Railway Labor Act. Moratorium on proposals for changes in wages or rules until October 1, 1953, as follows:

No proposals for changes in rates of pay, rules or working conditions will be initiated or progressed by the employees against any carrier or by any carrier against its employees, parties hereto, within a period of three years from October 1, 1950, except conditions which may have been initiated prior to June 30, 1950. Provided, however, that if as the result of government wage stabilization policy, workers generally have been permitted to receive so-called improvement increases, the parties may meet with Doctor Steelman on or after July 1, 1952, to discuss whether or not further wage adjustments for employees covered by this agreement are justified, in addition to increases received under the cost of living formula. At the request of either party for such a meeting Doctor Steelman shall fix the time and place for such meeting. Doctor Steelman and the parties may secure information from the wage stabilization authorities or other government agencies. If

the parties are unable to agree at such conferences whether or not further wage adjustments are justified they shall ask the President of the United States to appoint a referee who shall sit with them and consider all pertinent information, and decide promptly whether further wage increases are justified and, if so, what such increases should be, and the effective date thereof. The carrier representatives shall have one vote and the employee representatives shall have one vote and the referee shall have one vote.

11. If the parties cannot agree on details of agreed-upon rules they shall be submitted to John R. Steelman for final decision.

The usual protections for arbitrations, miscellaneous rates, special allowances, and existing money differential's formal agreement.

** The foregoing will not debar management and committee rates, rules and working conditions of employees covered by this agreement.

J.R. Steelman Chairman, Eastern Carriers' Conference
M. Forney Chairman, Western Carriers' Conference

BILL OF RESPONSIBILITIES

pared by The American Citizenship Committee, State Bar of Texas

who advocate Democracy, the best form of government in enlightened and prove people, enjoying as we blessings of liberty under the Constitution of the United States, do set forth this of Responsibilities as a to all citizens for the rvation of individual free- and democratic govern-

It shall be the duty of every citizen to defend the right to buy and sell, to own land and other property, to engage in commerce, and to work and earn a living wage, as a fundamental guarantee of the nation. X. It shall be the duty of every citizen to preserve an attitude of self-reliance, and to use all legitimate means to achieve financial independence and security; to practice thrift and economy in his own affairs and to require the same of local, state and federal government.

thought, speech, and worship; to protect the freedom of the press; to safeguard the right of trial by jury and to render willing jury service when called upon; and to perform all other acts conducive to the perpetuation of the rights set forth in the Constitution. V. It shall be the duty of every citizen to protect and sustain the unwritten liberties and rights vested in him by custom and usage and to perpetuate the ideals of the equality and dignity of the individual, upon which the Constitution is founded.

VI. It shall be the duty of every citizen to be active in the political party of his choice, and to be vigilant of the public officers, to render all possible aid to them, and to serve in public office by appointment or election when qualified and when called upon to do so. It shall be his duty to strive for the selection of public officers of ability and upright character; and when holding public office, to serve in such manner as will subordinate private or minority interests to those of the people at large.

VII. It shall be the duty of every citizen to achieve the highest practicable level of education, and to work for the advancement of education by supporting and improving the public schools and by fostering the desire for education among his fellow citizens.

VIII. It shall be the duty of every citizen to instruct his children in the principles of freedom and to spread the ideals of democratic government at home and abroad.

IX. It shall be the duty of every citizen to exercise freedom of

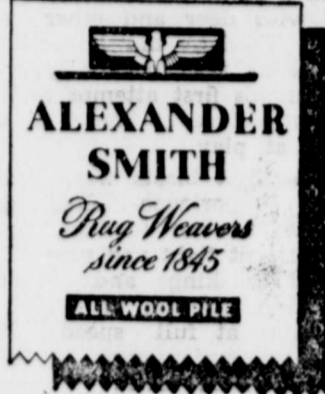

every citizen to defend the right to buy and sell, to own land and other property, to engage in commerce, and to work and earn a living wage, as a fundamental guarantee of the nation. X. It shall be the duty of every citizen to preserve an attitude of self-reliance, and to use all legitimate means to achieve financial independence and security; to practice thrift and economy in his own affairs and to require the same of local, state and federal government.

Wichita - Archer Baptist Workers Meet At Cashion

The Wichita-Archer Baptist Workers Conference will meet with the Cashion Baptist Church this Tuesday. The Board Meeting and WMU will be held at 5:00 P. M. and supper will be served by the host church at 6:00. Evangelism will be the theme of the program and the Scripture will be, "And he brought him to Jesus." John 1:42. Rev. W. R. Karkalits, associate pastor of the local First Baptist Church, will lead the song service beginning at 6:50 P. M. This will be followed with Scripture and prayer by Robert Gossett, Program and Objectives of Evangelism, 1951 by S. F. Martin; The Sunday School leading the people to witness for Christ, Volus Norsworthy; The Training Union leading its members to be soul winners, B. M. Sloan; The WMU leading its members to witness at Home, Mrs. J. E. Callaway; The Brotherhood going after men for Christ, Otto Wadsworth; and Personal soul winning, Lloyd Lester. Everyone is invited to attend this meeting.

The Five Senior officers and sponsor of the Burk Burnett 4-H Club attended the Cotton County 4-H Federation of 1951 at the Union Valley School. Those that attended were: Charlotte Simons, President; Karon Flo Prechel, Vice-President; Peggy Hodges, Secretary; Sue Chapman, Treasurer; Shirley Smith, Reporter, and Mrs. Catherine Clack, Sponsor.

Just Out! NEW FORD TRUCKS for '51

WITH PROVEN

Like ALL new Ford Trucks for '51, this 145-h.p. BIG JOB gives you Power Pilot Economy. Over 180 models... one for almost any job!

Highball along to a new high in SAVINGS! Ford step-ahead engineering triumphs again with Power Pilot Economy! With many other new features!

'51 is a BIG year for Ford Trucks! A host of great NEW features make new Ford Trucks more than ever the owner's choice for economy—the driver's choice for comfort! New 5-STAR Cab... new autothermic pistons, new high-lift camshafts... new 4-speed Synchro-Silent transmission available at extra cost in Series F-4, F-5 and F-6. Check the list of new Ford Truck advancements, and you'll know they're the BIG money-savers for '51.

ONLY Ford offers you a choice... V-8's or Sixes! 4 great engines. Over 180 models... And ONLY Ford in the low-price field gives you Power Pilot ECONOMY... Come on in and talk it over!

Ford Trucking Costs less because—

FORD TRUCKS LAST LONGER!

POWER PILOT ECONOMY

The Ford Truck Power Pilot is a simpler, fully-proven way of getting the most power from the least gas. It automatically meters and fires the right amount of gas, at precisely the right instant, to match constantly changing speed, load and power requirements. Unlike conventional systems, the Power Pilot uses one control instead of two, yet is designed to synchronize firing twice as accurately. You can use regular gas... you get no-knock performance. Only Ford in the low-price field can give you Power Pilot Economy!

Using latest registration data on 6,592,000 trucks, life insurance experts prove Ford Trucks last longer!

See them today!

DEVOL NEWS

Clara Stofor

(Mrs. T. P. Randall Reporting While Mrs. Stofor is with her husband who is ill, in Wichita Falls.)

Mr. and Mrs. Bryan Harrison, Mrs. W. M. Harrison and Mrs. Robert Hopkins were shopping in Wichita Falls Tuesday.

Pvt. Theo J. Bolt left Tuesday for Camp Ashberry, Indiana. Mrs. Bolt is the former Miss Odessa Uthe.

Capt. Tandy Wright, son of Mr. and Mrs. Ross Wright is in Korea flying F-51 Mustang planes. He is scheduled to fly 100 missions and to date has completed 8.

Mrs. Maggie Weaver of Oklahoma City spent the week with her son, A. G. and family. Mrs. Weaver returned home with Mrs. Lee Frye, who was also a visitor in the Weaver home.

Mr. T. A. Pierce, accompanied the 4-H boys and girls to Union Valley to the Federated meeting.

Worthy Matron Jane Rogers and a group of her officers motored to Walters, Oklahoma, to visit the Eastern Star Chapter and to hear Roxie Capsaw of Lawton, District Deputy.

Mrs. Nora Wood left Friday for Fort Worth to visit her sons, Willie and Albert and families.

Mr. M. E. Barns, District Mgr. of Southwestern States Telephone Co. of Frederick, visited the Devol office Wednesday.

Mr. Tom Stanford, Supt. of Devol School, Bob McCullough and Robert Lee Wyatt, attended a State School Board meeting at the Huckins Hotel in Oklahoma City Friday.

L. C. Dodds of Davidson, Oklahoma, conducted a school of instruction at the Masonic Hall last week. He was a visitor in the home of the Worshipful Master, Buster Rogers.

Mrs. M. E. Barns of Frederick was a luncheon guest of Mrs. T. P. Randall Thursday.

Mr. and Mrs. Otis Bridges and family of Wichita Falls spent the week end with her parents, Mr. and Mrs. C. O. Woodley.

The Young married people's Sunday School class held their business and social meeting in the home of Mrs. Othar Gammill Thursday afternoon. Mrs. J. N. Loftin opened the meeting with prayer. After a business session, Mrs. Loftin read various scriptures from the Bible and a discussion followed. Dainty refreshments were served to: Mesdames J. N. Loftin, Ernest Wood, Jr., William Nelson, De Laverne Sykes, and the hostess.

Mr. and Mrs. Ross Wright, Mr. and Mrs. Joe Davis attended the movie in Burkburnett Friday evening.

Mr. and Mrs. Ray Theoda motored to Oklahoma City over the week end.

Robert Lee Wyatt, Jr., Raymond Hudson, Lenton McClelland, and David Hart, Jr., are all victims of mumps.

Mr. and Mrs. Richard Maloney of Oklahoma City spent the week end with Mr. and Mrs. Aubrey Mayes and family.

Mr. and Mrs. S. C. McClurken and family spent the week end with relatives in Dallas.

Mr. and Mrs. J. Z. Goode of Randlett enjoyed a Waffle supper at the home of their daughter, Mrs. Buster Rogers and family Sunday.

Mr. and Mrs. Aubrey Mayes, Mr. and Mrs. Robert Hopkins and Mr. and Mrs. Bryan Harrison attended the Fat Stock Show in Fort Worth Tuesday.

Mrs. Floyd Uthe and Mrs. Mae Postelwait visited and spent the night Sunday with Mrs. Vada Brown who is very ill in the Wichita Falls General Hospital.

Mrs. John Coker was hostess to a Stanley party Thursday afternoon, with Mrs. Audrey Hill of Loveland as demonstrator. Refreshments were served to: Mesdames Willie Cozby, Dolly Hardin, William Nelson, Othar Gammill, L. A. Leamon, J. W. Hainline, Joe Champion, Vernon Lagrone, K. L. Smith, Hat-

tie Gill and Mrs. Mallory.
—D—
Mr. and Mrs. C. F. Conrad and baby of San Angelo visited her grandmother, Mrs. J. A. Dickson over the week end.

Mr. and Mrs. C. D. Woodley and Mr. and Mrs. J. R. Woodley and Judy were dinner guests of Mr. and Mrs. T. P. Randall. The occasion celebrated the birthdays of Mr. and Mrs. C. O. Woodley.

The Hollister Basket ball teams came to Devol Tuesday night. The Hollister girls won by one point and the Devol boys won by three points. The Hollister boys were Tillman County champions. The Cotton County Tournament will start Wednesday the 31st. The Devol boys will play Thursday night and the girls Friday.

Ernest Wood of Burkburnett was a business visitor in Devol Friday.

Rev. and Mrs. J. N. Loftin attended a Church conference at Frederick Monday.

SPORTS AFIELD

By Ted Kesting

Hunters are often exasperated because deer can hear them, but they can't hear the deer. I know a man who did something about it—Red Leekley. He was intrigued by the realization that all around us there is a world

of sound which we humans know nothing about. He eavesdropped on that world and had one of the most amazing and exciting outdoor experiences one could hope to have.

A partially deaf acquaintance Red met on the street one day unwittingly put him on the right track. He wore a hearing aid. What would a sound booster of this kind do if he hooked it up to his normal ears?

The idea was so exciting he could hardly wait to get one and take it out into the woods. He built a blind in a section of the Northern Wisconsin woods which he knew was well stocked with deer and other wildlife. Then he hid himself with a feeling akin to buck fever and began his first attempt to listen in on nature at home, at work and at play.

The first blasts were a startling experience. Red didn't know whether to duck, to run or just sit tight and pray. There were creakings and groaning, rustling, a sound of distant feet running at full speed. There was an omniscient swishing and a clack, clack, clack.

The clack he eventually identified as his watch. The swish took awhile, but finally he noticed a crow was calmly flapping his way overhead, well above tree top altitude. Do you see, now, how the approach of a crow or hawk does not often go unnoticed by other creatures, with their sensitive and trained hearing?

Once Red spotted a weasel,

whose camouflage was nearly perfect. He then learned his sound, which from then on had a positively identifiable character. Presently he was shown undeniable proof that the sound was readily audible to other ears. A woods mouse suddenly darted from beneath a bunch of grass while the weasel was still several feet from it. The squeaking of the mouse in its terror was plainly brought in through

the hearing aid. Red has been a few species particular sound collector. So here is a whole new naturalist—responding to dropping on Nature

From where I sit ... by Joe Miller

Blue Wins This "Hunt"

Cappy Miller's coon dogs—except for one of them, Old Blue—are about the finest hounds in the county. Blue's too friendly and easy-going to care much about hunting. He doesn't act the way we think a good dog should, so we figured he'd never amount to much.

But a fellow comes around Saturday looking for a good dog to photograph for some advertising. And the dog he picks is Blue! Says Blue's happy, friendly face is just the one to attract people's attention. So Cappy gets more money for that picture than his other

dogs will ever take. From where I sit, teach us not to look at mans, when they are than we think they are. stance, maybe you had best with food. Or size up wrong the and a bottle of beer at the. Like Blue, I guess "ferent" in one way but that doesn't have our good point.

Texas Venture

In Education • 1876-1951
 Our first state college—Texas A. and M. is now
 in its seventy-fifth year

On the rolling plains of West Texas, where an annual average rainfall of 20 inches creates the most serious problem for agriculture, Ray E. Dickson will be long remembered as "the man who made water walk." In his 36 years as superintendent of the Texas Experiment Substation at Spur, this Texas A. and M. researcher led the way to full use of the country's precious rainfall through development of syrup-pan terraces. He learned and then preached that the rainfall of the plains country was sufficient, if properly conserved. He proved that water conservation is the quickest way to soil saving. On the basis of his pioneering much of the work of the national Soil Conservation Service was established.

H. W. Beasley is suffering from a hip and back injury received Tuesday when he fell from a moving hay truck while feeding his cattle in Oklahoma.

Uncle Sam Says

"The best way of saving for a working man is the Payroll Savings Plan for the purchase of U. S. Savings Bonds." That is the story from thousands of employed persons who are today helping their country and themselves as well. It is also the opinion of a couple in Niagara Falls who made a down payment on a new home with Savings Bonds. They are now putting 10 per cent of their pay into Savings Bonds so that they can buy a bakery. You too can build your own future by signing up for the Payroll Savings Plan where you work, or if self-employed, the Bond-A-Month Plan at your bank.

"LUMBER" WAS COINED IN AMERICA

The term "lumber", referring to sawn timber, appears to have originated in Boston. As far as is known, the earliest official use of the word was made in records dating from 1663 which listed "lumber and other goods."

X-RAY NOW PROBES THE WOODS

The X-ray can now be used to find defects in logs and heavy timbers which are hidden from the naked eye by the bark and outer wood. Once the defects are located, the sawmill operator can thus use the log to best advantage.

One of the heights of disappointment is reached when a friend of long duration drops back into the limbo of mere acquaintances.

Onions contain an oil, similar to that used in tear gas bombs.

The SNAPSHOT GUILD

This sparkling shot of high school hi-jinks won a top prize in last year's National High School Photographic Awards.

Awards Offered for High School Snapshooters

At the moment I've got what I consider a very worth-while suggestion for high-school-age snapshooters. I suggest that you do two things with a single purpose in mind.
 That purpose is to win your share of the \$3,500 prize money being offered in the 1951 National High School Photographic Awards. The two things for you to do: (1) cast a critical eye over those pictures you made last summer and in the fall for possible entries, (2) get busy right now with your camera and make some shots especially for the contest.
 You're eligible if you're a regularly enrolled student attending daily any public, private, or parochial high school (grades 9 through 12) in the United States.
 You can enter any picture you've made—without professional help—since April 15, 1950. It doesn't matter whether you do your own developing and finishing or have it done commercially. This is a contest limited to black-and-white pictures, so don't send color work. Be sure the print hasn't been retouched. Enlargements are welcome, if they aren't larger than 7 x 7.
 The pictures (you can enter as many as you wish) may have been

used in a school publication—but if they've been used in another contest or published elsewhere, you can't possibly win a prize.
 Keep your negatives handy, but don't send them in unless they are requested. Entries must be post-marked not later than midnight February 28, 1951.
 Be sure you know the names and addresses of the people appearing in your pictures. This is necessary because you'll have to be able to get their written consent for the picture to be used for advertising purposes before you can win a prize.
 There's a class in the contest for any picture you might want to enter because it will certainly come under one of these four headings—Babies and Children, Young People and Adults, Scenes and Still Life, and Animal Life.
 Write your name, grade, school and classification of entry on the back of each picture you submit. You can probably get further information about the Awards from your school—but if you can't, write to the National Scholastic Press Association, 18 Journalism Building, University of Minnesota, Minneapolis, Minnesota.
 —John van Guilder

A GAS Water Heater gives you MORE

MORE SPEED
 New Automatic Gas Water Heaters heat three times as many gallons of water per hour as any other automatic method.

MORE HOT WATER
 Because of its unmatched speed the Gas Water Heater of proper size can keep ahead of household demands by replacing hot water as fast as it is used.

MORE ECONOMY
 An Automatic Gas Water Heater is unchallenged for economy — it costs less to buy — less to install — and less to operate.

GALLON FOR GALLON... NEW AUTOMATIC GAS WATER HEATERS GIVE MORE... AND COST LESS... THAN ANY OTHER TYPE

SEE A PLUMBER DEALER TODAY

An Automatic Gas Clothes Dryer takes the drudgery out of wash day. Simply put your clothes in the dryer and set the thermostat. In no time at all they're fresh and sweet smelling — either damp or fluffy dry, as you wish them. New models are now on display — see them today.

T. LYON STEWART, Pastor

9:45 A. M. The Church in
Bible Study. If you like to study
God's Word, you will like this
school of the church. New mem-
bers and visitors are coming
every Sunday. There is a class
for every age.

10:50 A. M. Morning Worship.
Sermon: "Degrees of Judgment."
This will be a plain Bible mes-
sage. Don't miss it.

8:30 P. M. The Church in
Training, with a Training Union
for all ages.

7:30 P. M. Evening Worship.
Sermon: "Who Is Sufficient For
These Things?" Good Gospel
singing. All services are evan-
gelistic. If you hunger for the
Word of God, you will appre-
ciate our worship services.

A prayer meeting will be held
each night during the week at
7:15. A different organization
will direct the service each
night. The Deacons will have
charge Monday night, Business
Women Circle on Tuesday night,
Soul Winning Band Wednesday
night, Faithful Followers class
of young Women Thursday and
the Faith Training Union Satur-
day night. The prayer service
will be held in Mary Martha
Class room.

This church extends a most
hearty welcome to all new peo-
ple in town. We have an out-
standing Sunday School and
church. Here, you have the privi-
lege of attending a spiritual
New Testament church. The Gos-
pel is preached, God's Word is
honored, and people are fed the
Bread of Life.

Babyland is open for all regu-
lar services of the church. Two
capable attendants are in charge.
Our bus furnishes free trans-
portation for all who have no
way to attend the services.

Only a TENTH

YOU IN THE CHURCH THE CHURCH IN YOU
Church is a branch of the church. It is here that
young and old alike are showered with benedictions that
bring and inspire for a better citizenship and a stronger
democracy. In the church the missionary are making their
great message heard. Government today declares that the church
alone can furnish leadership to handle the affairs of our
time in these perilous times. That we with our children should
be in the church of our choice on Sunday. "You in the
Church and the Church in you" is a contribution for
good. In a regular CHURCH-GOER and a daily Bible
READER.

"What shall I render unto the Lord for all His benefits?" (Psalms)
Every man of earnest and serious mind must ask himself this question as he
on the goodness and the Grace of God toward him. We want to do what is right
every association with God and man. The Government takes as its proper share
twenty per cent of every man's income. WHAT IF GOD SHOULD REACH
INTO YOUR LIFE AND MINE AND TAKE WHAT REALLY BELONGS
HIM? How much would be left for us? Have you raised corn? Or did you
work together in making the corn crop? And just which of you put more
energy into the process? Have you "struck" oil? Who spent centuries creating the
holding it in the underground lake until you came along? Is the oil really all
What is God's share? YOU AND GOD ARE PARTNERS IN THE OIL BUSINESS.
WHAT IS HIS PORTION?
Jesus Christ is our revelation of the generosity of God who has been the
Giver, enriching us with every sort of good thing. From the day of the first crea-
has been at work with and for man. Each of us represents in his body and in
the everlasting toil of God, who truly wants to make us His children and who
us to join Him in making an ever better world for His sons and daughters to
JESUS IS OUR PATTERN OF WHAT A MAN CAN GIVE TO HELP
PURPOSE OF GOD. HOW MUCH DID JESUS GIVE BACK TO GOD?

Jewish and Christian people have agreed that we ought to give at least
of our income to God and His Church for the carrying on of His redemptive
A tenth will not necessarily discharge all our debt, but it will show a sense of de-
itude. Everything is His, even the cattle of a thousand hills and the abundant
from the fields. He gives us everything which makes life abundant. Our ideal is
in the prayer, "Take my life and let it be consecrated, Lord to Thee." Let's be
partners with God. Let us be His co-workers. MAY WE GLADLY GIVE BACK
HIM AT LEAST A TENTH OF WHAT HE SO FREELY GIVES US!

OLD IDEA WITH A NEW TWIST

was William Congreve, in the 17th century, who "Music hath charms to soothe the savage breast, to rock or bend a knotted oak." The 20th century works by supplying music in factories, in dairies, and trains, in hospital delivery rooms and in institutions to treat mental illness, and many places. They use music for psychological reasons. The music is old but the purpose in using it is new. There is much of the noise called music that we hear today that would hardly soothe the savage or soften rocks nor bend knotted oaks. We should be our objections as long as we have the privilege of it off, but when it comes to "forced listening", another story and often a hotly contested subject.

Washington News Letter

(Congressman Ed Gossett)

gton, D. C., Jan. 27th—e always being against. We agree with Rayburn that almost can kick a barn down, takes a carpenter to. However, sins of commission usually more harmful than sins of omission. We mainly not drive our into national socialism (piousness of communism) pretense of emergency. Proposed these days a way or another tied defense program. The has just urged Congress to immediately authorize the long projected, St. Lawrence seaway moving iron ore from to our steel plants in t, further additional. The project would at least a billion dollars would require five complete. It certainly be of great aid in the emergency. Further could probably be de one bombing raid pleted, and, in the war. It seems to me ne gigantic spending that we should forget

about, at least for the present. Again, raising an additional 16 billion dollars in taxes is going to require increasing income taxes on people in the lower brackets. Many of them are now hard pressed to meet family budgets. It seems to me that civilian spending should be cut to the bone and that in some way or another the military should be forced to use more good judgment and economy in the manner of their expenditures. War, and war preparation is of course, waste, but it does not have to be the excessive waste to which we have grown accustomed.

Recent newspaper headlines proclaim: "Asia-Arab Bloc in U. N. Opposes United States." This is the bitter fruit of our blunders in underwriting, subsidizing, and creating the sovereign nation of Israel. We spent 100 years of economic and missionary work in building good will among the Asian-Arab countries, and apparently threw it away in one fell swoop. The Moslems, and those allied with them religiously and sympathetically, compose almost one-half of the world's people who control almost one-half of the world's land area. We infuriated them when we helped to drive a million Arabs from their native lands in the Middle East. Thus far, we have kept the Arab nations pretty much in

line because of tremendous oil subsidies. However, you cannot kick a fellow in the face and make him your friend by giving him a \$100.

Marriner S. Eccles, long-time member of the Federal Reserve Board, gave some potent testimony to a Congressional Committee this week. Among other things, he suggested a 44-hour work week, without time and a half for overtime. This seems a reasonable request. Many government agencies could easily do their work with their present employees if they went on a 44-hour week. A 48-hour week would hurt nobody. At this time, 90 per cent of all government offices are completely closed on Saturdays. I have always contended that the 40-hour work week during the recent war was an insult to American intelligence and character. Industrial abuses, abuses of cost-plus contracting, the hoarding of labor by industry, strikes, slow downs, feather bedding, and other inexcusable practices in time of war, added 100 BILLION DOLLARS on to the cost of World War II. These same practices, if continued at this time, will wreck our national economy and will cause us to defeat ourselves.

The best minds in Washington feel that Russia would not dare attack the United States until they can build up sufficient air and naval power. Most people think this would require 4 or 5 years. This does not mean that a few Russian planes could not now drop bombs on American cities. One real danger right now is that Russia may attempt to take over the Ruhr, thus greatly increasing her industrial capacity. However, it is impossible that Russia could now effectively and disastrously attack our homeland. We have time to do this job right, and we should take it in our stride.

Methodists To Dedicate Building At SMU Feb. 8th

Dedication ceremonies for the \$3,500,000 Perkins School of Theology Quadrangle at Southern Methodist University will be held February 8th, Dr. Eugene B. Hawk, Dean of the school, has announced.

The event, set during annual Ministers' Week at SMU, will draw a record attendance of Methodist churchmen from all parts of the United States. The dedication will climax a three-day program, February 5 to 8, which also will include the first official Homecoming for alumni and ex-students of the Perkins School of Theology. President E. C. Colwell of the University of Chicago will deliver the dedicatory address on Feb. 8th.

SMU officials believe that the ceremonies dedicating the quadrangle to the training of Christian workers will mark the first time that an entire, separate plant for a theology school has been completed at one time. Named for Mr. and Mrs. J. J. Perkins of Wichita Falls, principal donors to the school and long-time benefactors of SMU, the quadrangle contains seven buildings: Kirby Hall, for classrooms and offices; the Perkins Chapel; the Bridwell Library; the E. B. Hawk and the Paul E. Martin Apartments for married students; and the S. B. Perkins and A. Frank Smith dormitories for single students.

Speakers for the annual Ministers' Week series of lectures at SMU will be Dr. Nels F. S. Ferre of the School of Religion of Vanderbilt University; Dr. Harold A. Bosley of Evanston, Ill.; and Dean Clarence T. Craig of Drew Theological Seminary.

Mr. and Mrs. Tom Harms spent last Sunday in Dallas with their son, Desmond and family. Mike, student at Denton, also spent the day with them.

FFA and FHA Make Trip to Fat Stock Show

Saturday, January 27th, three carloads of FFA and FHA members at Burkburnett High School went to Fort Worth to see the Fat Stock Show and Rodeo. As this was the day designated as Future Farmers, Future Homemakers, and 4-H Day at the Show, students from many places in the state were there.

While one group visited the cattle barns, another group went out to the Swift Packing Plant. There they went on a guided tour through the rooms where ham is smoked, saw graded carcasses hanging from the ceiling in long rows, saw meat being cut into the various sections and boned, and visited the rooms where lard is packed.

At the afternoon performance of the rodeo the wild horse race was the most exciting event. In this, contestants in the arena try to grab a wild horse, ride it, and jump to another horse's back. The last feature, the Mounted Quadrille from Burkburnett, made the rodeo an outstanding event of this trip to Fort Worth.

**The More He BREAKS
The More He MAKES**

Texas motorists, Texas highways and Texas taxpayers should be protected against the ONE PER CENTERS.

ONE PER CENTERS are truck combinations weighing, loaded, 20,000 pounds or more. Only one of every 100 vehicles registered in Texas pays a license fee for 20,000 pounds or more. FEWER than three out of every 1,000 are registered for more than 40,000 pounds.*

Our highways should be SAFE for ALL the people—individuals, commercial users and the military alike.

Texas highway tax dollars should be conserved and used wisely. This can be done

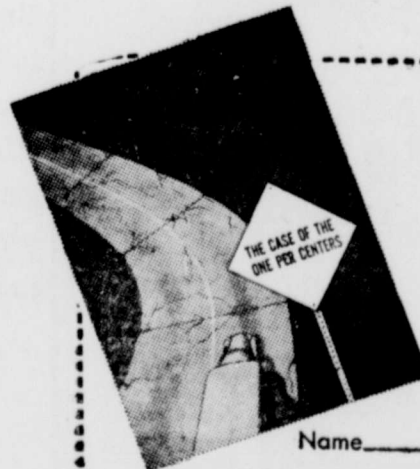

- (1) by limiting the weight (gross load and axle load) that may be transported legally by the ONE PER CENTERS and
- (2) by enforcing the law against those who persist in overloading.

*"The Case of The One Per Centers," an article in The Texas Tax Journal, July-August, 1950

Texas highways are paid for by and belong to ALL THE PEOPLE. Highways adequate for 99% of Texas users—individual and commercial—can be constructed and maintained for about ONE-THIRD of the cost made necessary by the weight of the ONE PER CENTERS.*

This is your problem. Send for your copy of the booklet, "THE CASE OF THE ONE PER CENTERS," which tells you, among other things, why

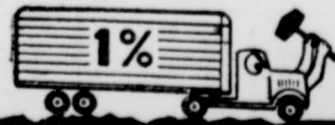

**THE MORE PAVEMENT HE BREAKS,
THE MORE PROFIT HE MAKES.**

TEXAS RAILROADS
P. O. Box 1023
Austin 66, Texas

Please mail me FREE a copy of "The Case of The One Per Centers"
