BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, MAY 31, 1951

NUMBER 45

Raymond Henry Brings First Load Wheat to Burkburnett

Raymond Henry, Oklahoma farmer who lives one mile North of the bridge, brought the first load of 1951 wheat to Burkburnett Monday afternoon, May 28th. The wheat tested 63 pounds per bushel, with low moisture content, and came from a field yielding 24 bushels per acre. Mr. Henry, with his daughter Juanita, is shown by his truck on the scales at Mills and Fleming Grain Company, receiving a check for \$25.00 from the Burkburnett Chamber of Commerce, and a check for \$25.00 from the Grain Co. Making the presentations were, left, Vernon Duke for the Grain Co., and Ray Hill, secretary-manager for the Chamber of Commerce. First load last year was May 23.

NOTICE

Complaint has come to us that there is a woman in Burkburnett going around over town soliciting used clothing in the name of the First Baptist Church. This clothing is not being turned in to the church, but is being sold. This church does not have a committee or individual designated to go around and solicit used clothing or anything else. We do have a used clothes closet and assemble used clothing that is donated by individuals but no one has been appointed to go around and solicit. This information is for your protection and for ours.

Dr. L. A. Cramer Office to be Open Mon- Through Sat.

In last week's Star announcement was made that Dr. L. A. Cramer, Optometrist, would devote all his time to practice in his Burkburnett office.

The front page article stated correctly that he would be in the office Monday through Saturday each week. However, in his advertisement, a line said Monday Through Thursday. This also should have been Monday through Saturday.

We are sorry the error occurred and are glad to inform readers of the Star that they can now get Optometry services in Burkburnett each and every day in the week, just across the street from the Burk Star office.

M-Sgt. Elrod Calls From Japan Tues.

Mrs. Woodrow Elrod received a telephone call Tuesday from her husband, M-Sgt. Elrod had just arrived in Sasebo, Japan, enroute to the U. S. A. from the battlefields of Korea. He had been in Korea since last July with the First Cavalry Division and had been on occupation duty in Japan a year before going to Korea. He expects to arrive in the States about June 10th.

Mrs. Elrod and sons plans to meet him on the West Coast. They will be accompanied by her parents and brothers, Mr. and Mrs. W. J. Wright and Judson. While in California they will visit Mr. and Mrs. John C. Wright of Ventura, son of Mr. and Mrs. Wright, and also with Mr. and Mrs. Joe Wright of El Segundo, brother of Mr. Wright.

Popular Club Woman Honored At Dinner May 21

MRS. DAN SHERIFF

The Burkburnett Study Club met for its annual dinner Monday night, May 21, 1951, at the Town and Country Club in Wichita Falls. The invocation was given by Mrs. Ralph Davis. The tables were attractively decorated with candles and flowers in keeping with the club's theme for the coming year. After the dinner, Mr. Curtis Cook, Editor of the Wichita Falls Record News, gave a very interesting talk on "Current News" in keeping with the theme of the club's year book program for the coming year, titled "This Atomic Age."

As is the custom of the club, Mrs. Truman Garland, program chairman, presented gifts: Mrs. A. G. Steele, for the best program of the year; Mrs. Dan Sheriff, for the member most valuable to the club during the year, and the Club Identification Bracelet was presented to Mrs. D. D. Vaughn, the outgoing president.

Using the Military theme, Mrs. Vaughn installed the following officers: President, Mrs. Dan Sheriff; Vice-President, Mrs. Harold VanLoh; Recording Secretary, Mrs. Harry Dodson; Corresponding Secretary, Mrs. A. R. Hill; Treasurer, Mrs. Truman Garland; Parliamentarian, Miss Ethel V. Allen; Historian, Mrs. Harlan Mills; Press Reporter, Mrs. Louis Littlefair; Art Chairman, Mrs. Joe Bob Tyler. The gift and flower committee: Mrs. Ralph Davis, Mrs. F. A. Jamieson, Federation Counselor, Mrs. D. F. Douglas.

Two guests, Mr. and Mrs. Curtis Cook of Wichita Falls were present, and all members other than Mrs. Joe Bob Tyler, who was unable to be present due to illness in the family.

Members present were: Miss Ethel V. Allen, Mesdames M. E. Bean, George Counter, Jr., Ralph Davis, D. F. Douglas, Harry Dodson, Truman Garland, Howard Henderson, A. R. Hill, F. A. Jamieson, Louis Littlefair, Harlan Mills, Marian Ragsdale, Carlton Royce, Dan Sheriff, A. G. Steele, Harold VanLoh, D. D. Vaughn, Jim Whitaker.

Burk Hot Sport For Television

Hot weather has caused freak TV reception in Burkburnett the last several days. Geo. Counter, Jr., and Leo Dudley have received the following stations here: KTSU, Los Angeles, Calif., WJBK, Detroit, WKZO Kalamazoo, WDAF, Kansas City, WWJ Detroit, WLW-C Columbus, Ohio, WTMJ Milwaukee, KOTV Tulsa, XHTV Mexico City, WDTV Pittsburgh, WCBS New York City and WKY Oklahoma City, WBAP Fort Worth, KRLL Dallas, WFAA Dallas.

P. O. Accepting Bids For Parcel Post Service

According to A. H. Lohofener, Post Master, bids are being accepted at the Post Office for Parcel Post Service for the coming year. Bids will close on Wednesday, June 6th. For further particulars, inquire at the Post Office.

City Light Service Being Improved

Every effort is being made to give customers of the Municipal Light Plant good service. This week a crew has been trimming some tree branches which were rubbing against power lines and interfering with service.

Just as fast as the work can be arranged, and funds are made available, new circuits will be run where present wires are too small to carry the load. A new heavy circuit running from the plan to Tidal Street has been tied in, which should greatly improve service down Sheppard Road. Another improvement, re-routing the lines to the water station and making a new circuit in Rose Lawn, will relieve trouble in that part of town. It takes time to work out these problems, but they are being corrected with all haste.

City officials and employees are anxious that you get good service. If you believe that everything is not just what it should be, call the City Hall and give the details. Someone will come out and try to work out your problem.

Young Men At Work - Jaycees

The Jaycees met Monday night in their regular meeting at the Town Hall.

Bud Stevens was elected as the new treasurer to replace Jim Frye. Joe Bob Tyler was elected first vice-president to replace Byron Presley who resigned to accept the position as secretary. The club voted to send \$20 to the campaign fund for Bill McDaniell, for National Jaycee president. Bill served last year as Texas State President and did a wonderful job.

There are four women helping the Jaycees sell tickets on the horse and saddle. The one that sells the most tickets is to receive a new hat. Those selling are Mrs. Cecil Raley, Mrs. Aubrey Rankin, Mrs. Jimmy Rankin and Mrs. Jimmy Maag. Anyone wishing to buy tickets can get them from these four ladies or from any Jaycee.

The Jaycees are going all out in support of the Women's Soft Ball team. They are purchasing uniforms for them. The team will play in the WCA League in Wichita Falls.

Sgt. David L. George has been elected "Young Man of the Month" for successfully carrying out the Harvest Queen activities in Burkburnett.

The Youth Center Committee, composed of Morrell Diggs, Bud Stevens, Bill Vincent, and F. R. Kline, are to investigate the possible cost and meet with the women's clubs to plan the program.

New members admitted to the chamber were: Bob Heiney, Clarence Gilbert, Tommy Bryant, James Whitaker, Carl Campbell, and Bill Richardson.

Old members re-instated were Buddy Byars, Woodrow Wright, James Mason, Joe Bob Tyler, Huck McDonnell and C. J. Lippard.

Applications submitted to be accepted at the next meeting are Irvin L. Smith, Geo. Yarbrough, Bennie Adams, and William Flanagan.

Refreshments were served to all present.

Any young man between the ages of 21 and 36 wishing to join the Jaycees may contact any present member.

Byron Presley, Secretary

Mr. and Mrs. Bennie McDonald and little sons, Ben L. and Donald of Pyote, spent several days this week with the B. L. McDonald and C. A. Moreman families.

Brookshear Plans From Agriculture Tour

desire of keeping the times, especially in the field of agriculture. The Chamber of Commerce sent Mr. J. V. Brookshear, on an Agriculture tour. A group of bankers, farmers, agents, etc., covered Southern States and a very interesting trip.

asked what area looked best from an agriculture standpoint. Mr. Brookshear said "Tennessee." He explained that most all the things he visited looked good, and the amount of industry and opportunities offered, he considered this as the best others he saw.

Brookshear, by observation, lectures throughout the state back with a world wide information which is of good advantage.

Brookshear has always been a booster of soil conservation and wanted one of their members to make this trip to Tennessee.

Allen Going to Archer City

Robert E. Allen, pastor of the Assembly of God Church, has his farewell sermon on Sunday, Rev. Allen and his family are moving to Archer City where he will be pastor of the church there. They have been in Burkburnett almost a year.

You Be a Winner Saturday?

Final figure on the recent Bond Fund Campaign is \$100,000. Our quota was met Saturday all towns in Wichita County Red Cross will stage a "tag day."

for the purpose of raising the total contributions to the original quota of \$85,000. \$14,000 needed to achieve that goal. You will have the chance to get your "tags" for \$1.00 each in Burkburnett, and from various individuals and firms who are generating their time and energy to complete a worthy project.

You neighbors — who are foremost with money — will be helping to help the services of Burkburnett suffer a damaging catastrophe? I am a citizen of Oklahoma. The answer is obvious. The time of disaster and the American Red Cross is the best as an integrated, functioning, mobile relief to move in and render service to all. Almost immediately after being informed of the disaster the National Chapter of the American Red Cross made \$35,000.00 available to the stricken citizens. This was a very large amount. The total amount will not be known until the disaster is restored to a more normal condition. Several thousand dollars were also spent in the past thirty days in Burkburnett and Electra out of the funds for relief of heavy windstorms.

As in addition to the relief day out job of adding to our armed forces and Air Force Base and maintenance of the Blood Bank in Wichita County is an asset to every citizen in Wichita County.

Only a few of the things your American Red Cross can do for you. How can so much be done on the present level of you and I are giving? The tag day is an over-achievement and go over our \$85,000 Wichita quota.

Cotton Insect Control Meeting

Thomas Bell, vocational agriculture instructor, will hold a cotton insect control meeting at the High school Wednesday, June 6th at 8:00 P. M. Purpose of the meeting is to get farmers familiar with the various kinds of insecticides and their uses.

Since insects are a major threat to economical cotton production, every means of controlling them should be studied.

Lions Install Officers Tuesday

Frank Crippiver of the Wichita Falls club installed local officers Tuesday night. New officers are:

President, Woodrow Wright. 1st Vice-Pres., Vernon Duke. 2nd Vice-Pres., Herman Miller. 3rd Vice-Pres., W. H. Holt. Liontamer, Harry Felgar. Tailtwater, James Mason. Secretary, Bernard Buck. Directors, B. H. Preston and D. C. Dodson. Sweetheart, Marilyn Felty.

After a short business meeting games of "42" and shuffleboard and ping pong were enjoyed. Refreshments of ice cream and cookies were served by Mrs. Morrison and Kay.

Try a nice, large, juicy tender steak at Tom's Coffee Shop.

Jim Anderson Brings First Load Of Texas Wheat

Jim Anderson, who lives west of town, was the first Texas farmer to bring a load of 1951 wheat to Burkburnett. This load tested 62 pounds per bushel, with a low moisture content.

Mr. Anderson brought in the first load Tuesday morning. He was beaten a little by a load brought in from Oklahoma Monday afternoon by Raymond Henry.

Mr. Anderson had not cut over enough of his land to tell just what he is making per acre, but the yield is relatively high.

The Burkburnett Chamber of Commerce gave a \$25.00 bonus, which was matched by Mills & Fleming Grain Co., who received both first loads.

Ray Hill presented the C. of C. check, Vernon Duke of the Grain Co. check.

Water Bills Carry Minimum Increase

Water bills being mailed out from the City Hall, payable on or before the 10th of June, carry the 50c increase on the minimum charge. The minimum is now \$2.00 per month.

This increase is to be applied on improvements to the water system: new pumps, new line, and a new source of supply.

The new supply at Prescott is being developed with all haste. Storage vats are being cleaned out and repaired, and if everything works out as expected, there should be no shortage of water.

Those Big-Hearted Russians!

"Russian Wheat Ships Have Started for India," was the big headline throughout India on the day that Prime Minister Nehru accepted American famine aid on whatever terms Congress may decide upon.

The Russian wheat, which must be bought and paid for, amounts to 50,000 tons, which is less than half the amount India has been receiving from the U. S. monthly through ordinary trade channels. The relief program, now being ironed out at the Capitol, is a \$190,000,000 project to supply two million tons.

But the Indian press is hailing the generosity of Uncle Joe in the Kremlin and making nasty cracks at Uncle Sam.

How to Get Shooting Help In Korea

Any day now, we are advised, a force of 1,153 Ethiopian fighting men will arrive in Korea to take their places in the U. N. battle lines. This outfit of Haille Selassie will fight with British arms and live on U. S. rations. To make this arrangement possible, it was necessary to secure for these troops the blessings of the Coptic Christian Church, which freed them from their strict dietary laws.

All of which suggests, that here may be the clue to more assistance from other U. N. nations who are a bit light on their manpower contributions. If their people are as under-nourished as has been reported, and we were to offer them U. S. rations, there should be a rush for the front.

Truman's Tax Goes Up In Smoke

Abandoning all hope for the ten billion dollar tax increase asked by the President, the House Ways and Means Committee today faces what appears to be a losing battle for the compromise figure of seven billion—as a result of the fight over cigarette taxes that has divided the Democratic majority into embattled groups.

Thus far the approved tax increases are estimated as producing no more than \$5,710,000,000 annually. In addition to the proposed increase from seven to ten cents per pack in cigarette taxes, the committee's agenda for this week includes consideration of sharp excise increases on gasoline, automobiles, radios, television sets, and household appliances.

And, as if the committee were not in enough trouble already, House tax experts have now come up with suggested taxes on soda pop and candy bars.

POST WAR PLANNING?

There's a refreshing note in the announcement of a brand new high compression engine unveiled this week by General Motors . . . to the effect that it will go into production just as soon as defense restrictions will allow the retooling needed.

Charles L. McCuen, who has succeeded Charles F. Kettering as G. M. research head, says the new engine, known as the 19xx2 could cut two and a half billion dollars a year off of John Q. Public's gasoline bill. In extensive road testing in a Cadillac chassis, the new 12-to-1 compression ratio engine, which operates on 96 octane gas, has shown fuel savings of 29 to 40 per cent, depending on speed.

AUSTIN Highlights

By Senator "Cotton" George Moffett

Austin, Texas, May 26— The regular session of the 52nd Legislature probably will have adjourned by the time this letter is printed. It has been a very busy session. Most of the members have gotten more mail than at any other session, and most of them have answered it as soon as time would permit. This is usually done on Friday and Saturday of each week while we are not actually transacting any business on the floor of the house and Senate.

These communications from the people back home are helpful to a member in forming his conclusions as to what should be done. One of the sharpest struggles at this session has been over the proper method of taxing natural gas. At this time around 60% of the natural gas produced in Texas is piped to other states and this percentage is climbing each year. It probably will be 70% within two years. It is a natural desire to try to tax the gas which goes out of the state, and to leave untaxed the portion used in Texas. Many of the best lawyers, however, say that it is doubtful that a state can levy a tax on a commodity which crosses a state line. The Supreme Court of the United States has many times held that a state can not tax commodities which move from one state to another; therefore, even though there is strong support for a bill which taxes the gas moving in out-of-state pipe lines, there is considerable hesitation on the part of many members about voting for such bill, because they doubt that it will stand up in the courts. And if it should not, the state would not receive enough money to pay Old Age Assistance, maintain the schools, build farm to market roads, and operate the necessary departments of the State Government.

As this is written, a compromise is in prospect. Most members earnestly desire to arrive at a fair and equitable solution of the problem. In any event, it is possible that those using gas within the state may have to pay a slight bit more for the gas used. In most cases, it will be a very small increase. Many inquiries reach Austin as to when bills actually become law. If a bill receives a two-thirds vote in each branch of the Legislature, it becomes effective the day the Governor signs it. If it receives only a bare majority vote, it becomes effective 90 days after adjournment of the Legislature.

Further discussion of important bills will be made in a succeeding letter.

Texas State Dept. of Health

By Geo. W. Cox, M. D.
State Health Officer

"Environmental sanitation is the public health term for clean, safe housekeeping whether it applies to a private home and its surroundings or to town and cities. Among other things, it insures safe drinking water, proper garbage and sewage disposal, the safe service of wholesome food including milk, rat and insect control, and general cleanliness of the premises. However, for environmental sanitation to be effective, it is essential that not only public health officials but the citizens living in their respective homes or operating establishments serving the public cooperate wholeheartedly," declared Dr. Geo. W. Cox, State Health Officer.

"Consider, for example, the seasonal housefly hazard. It has been determined that 120 eggs are laid by a single female at

one time and that a generation is produced every ten days at summer temperature. Thus, the possibility of reproduction during the warm months of a single fly runs into many millions. While the housefly does not bite it is dangerous because it breeds and feeds upon both filth and food.

"Again, rats are the source of several diseases of man including plague, typhus fever, infectious jaundice, and trichinosis, to mention some of the more important ones. Homes can be made comparatively ratproof by removing rubbish and garbage accumulations, and by closing avenues of access. Approved poisons and traps should be employed when a real problem presents itself.

"Removal of containers of stagnant water such as tin cans and barrels will do much to eliminate the mosquito for householders. The householders need to devote more seasonal attention to mosquito eradication than he is today if this is to be properly controlled.

"In general, good and thoro

housekeeping, inside and out, is the personal and civic duty of every home dweller. It not only adds to the pleasure of living and removes disease hazards, but increases the appearance of one's surroundings."

Just "Can't Get Over" Easy's Fence

Few years ago, Easy Roberts took a lot of kidding when he planted that hedge of Multiflora roses — along his property line. Folks said he was getting pretty high-falutin'.

But today plenty of people who laughed at the idea slow down when they drive by Easy's place — just to look at those roses. Most beautiful sight you ever saw.

Practical, too! The hedge is a good four foot high now, and at least five foot thick—even a shoat couldn't get through that prickly mass of shrubbery. Best of all, it

cost less than ordinary fencing. (Might be well worth your while looking into.)

From where I sit, there's no sense in looking down on something just because it's different from what we like. For instance, some people think ice-cold lemonade's the best "cooler-offer" on a hot day. Some of us would rather have a glass of beer. The important thing is not to "hedge ourselves in" against other people's ideas and preferences.

DEVOL NEWS

Mrs. Clara Stofer

Since the sun has come out from behind rain clouds, the farmers, and combiners are making ready for harvest. A number of combines have pulled into Devol and the elevators are ready to receive the wheat. Mr. Shuhart of Dalhart, Texas, arrived Sunday and has the elevator in readiness. Mr. Cates and Mr. Ross Wright will work for the Shuhart elevator.

The King-Trayhan wedding

reported last week was printed as TRAYHAM. It should have read "Clyde Trayhan," instead of with an "M".

Mr. and Mrs. Jim Cecil of Lawton and Mr. and Mrs. Sam Bishop of Bowie, Texas, spent Sunday visiting Devol friends.

Mrs. C. O. Woodley and Mr. and Mrs. Gordon Woodley of Electra, Texas, visited over the week end in the Alf Patterson home at Littlefield, Texas. Mr. Paterson is a brother of Mrs. C. O. Woodley.

Mrs. T. P. Randall and Mr. and Mrs. W. A. Wood spent Saturday in Wichita Falls with grand daughters of Mr. and Mrs. Wood, Mrs. J. R. Woodley and Mrs. Don Adkins.

Miss Dorothy Ann Davis, employed in the Sallisaw school system the past year spent the week end with her parents, Mr. and Mrs. Joe Davis, and her brother, Donald Ray. Miss Davis will be employed at Sallisaw during the summer in the office of the Superintendent of Sallisaw school.

Miss Patsy Turner left Tuesday for Stillwater, Okla., where she will represent the Senior 4-H club of Devol. Miss Turner, a Junior in Devol school, will give a 4 minute talk on "Training for Citizenship Through the 4-H". Miss Patsy is also an accomplished pianist and vocalist.

She is a niece of Mrs. K. B. Uthe, with whom she has made her home for a number of years. There will be 22 4-H members from Cotton county, going Tuesday and returning Friday.

A pink and blue shower was held in the home of Mrs. Floyd Uthe Friday afternoon for Mrs. Mae Robbins. The rooms were beautifully decorated with spring flowers. A number of games were conducted by Mesdames K. B. Uthe and T. P. Randall. The honoree was the recipient of many lovely gifts. After the gifts were unwrapped and displayed delicious refreshments were served to the following: Mesdames Vernon King, Bob Hinkle, Gene Watson, John Coker, T. A. Landers, Melvin Crocker, R. Odom, K. L. Smith, Toots Glandon, John Williams, Bruce Hopkins, Sam Ellis, O. Nolls, Joe Champion, Green, J. D. Gardner, Claude Doty, J. C. Cates, Jim Greene, O. W. Weaver, Nelma Wood, Lula Baker, Dolly Hardin, Gertrude Farmer, Onie Slabaugh, Kirby. Hostesses were: Mesdames K. B. Uthe, Floyd Uthe, Vernon Spier, W. A. Wood, Ross Wright, Jack McCaslin, T. P. Randall, Vernon Lagrone. Gifts were sent by a number unable to be present at the shower.

Mr. and Mrs. Dale Kendricks and daughter, Susan, and Mrs. Kendricks' parents, Mr. and Mrs. Carl Powell all of Fort Worth, were guests of relatives at Devol over the week end.

Miss Iris Jean Sims, niece of Mrs. K. B. Uthe, who has spent the past term of school at Devol, returned to the home of

her mother, Mrs. Pettigrew at Lubbock, Texas.

A number of children were given a pleasant outing in the Wichita Mountains last Wednesday by the mothers of several of the children. Mothers with their children were Mrs. Joe Kinzer, Mrs. Jack Crossland, who also brought the three Rawleigh children, Mrs. Lillian Davidson, Mrs. Childers, and Mrs. Vernon King. Altogether there were 11 children and 7 mothers in the group.

Visiting in the Orville Weaver home is their daughter, Mrs. Marion Young whose home is in Nebraska.

The Sunday night service at the Baptist Church was well attended. All who heard Mr. Moolaw's lecture and display of slides of Indians showing conditions among the different tribes, felt repaid for going. Songs in the Kiowa language were also enjoyed by those present.

Mr. Don Rawleigh was given a farewell party last Friday evening in the Sol Kirby home. Being a "backward party" every thing was done backward, creating much enjoyment for the young folks. Attending were Tommy Joe Kirby, Gretta Uthe, Everett Hawhee, Dolly Faye Hardin, Dan Weaver, Nadajene Gillis, J. T. Williams, Melviline Hill, Gayle Kirkpatrick, and Vanita Ruth Uthe, Mr. and Mrs. Kirby.

Miss Vanita Uthe and Gayle Kirkpatrick were Sunday dinner guests in the O. P. Gammill home.

Mrs. Nora Wood left Monday morning by bus for a week's visit with her son, W. P. Wood and family at Fort Worth.

Sunday guests in the home of Mrs. B. A. Mallory and Mrs. Hettie Gill were Mrs. Gill's son, Wentz Gill and family of Emerson.

Mrs. Bruce Visor, nee Lena Charboneau, of Corpus Christi, Texas is expected to arrive June 1st for a visit with her parents, Mr. and Mrs. Wesley Charboneau and other relatives.

Mrs. Clifford King of Duncan visited Mr. and Mrs. Hale last Sunday. Her children, Shirley and Clifford Jr., who have spent the school term with their grandparents, returned home with her.

Mr. and Mrs. Claude Doty visited their daughter, Mrs. Ben Roberson and family at Emerson Sunday.

Mr. Earl Palmer is reported as having been on the sick list the past three weeks. To date the nature of his ailment has not been definitely determined, but said to be quite serious. At present he is under care of two physicians.

Mr. and Mrs. Jack Harris left Friday for their home in Los Angeles after spending two weeks visiting in the Paul Browning home.

It's not expensive to eat at Tom's Coffee Shop.

Junior Mothers Organize Here

The High School Junior mothers met and organized with Mrs. Glen Bear, Friday morning, June 8th at 9:30. All Junior mothers are urged to be present.

Plans were made for a stand during the rodeo to sell snow cones and Cokes. Norman Dodson, Jake Jacobi, Donald Blackwell and George Powell will build the stand. There will be a meeting of the organization in the home of

Mrs. Glen Bear Friday morning, June 8th at 9:30. All Junior mothers are urged to be present.

Mr. and Mrs. R. E. are visiting relatives in Texas. They will stop on their way home.

--NOTICE--

DOCTOR OTTO C. EGDORF will be out of his office beginning June 3rd and through July 2nd. Secretary will be in the Office Daily. Office 420 Hamilton Building, Wichita Falls, Texas.

WASHINGTON NEWSLETTER

By Congressman Ed Gossett

Washington, D. C., May 19—We have received numerous letters from business men protesting proposals in increase taxes on the commodities they sell. Everybody whose taxes are to be increased is screaming. For this they perhaps cannot be blamed. However, the country is faced with a serious dilemma. On the one hand continued deficit financing will eventually destroy public credit. On the other hand, greatly increased taxes will destroy many small business people and could well dry up the source of revenue. We are reminded of the oft-quoted statement of the famous decision of Chief Justice Marshall in the case of McCullough vs. Maryland, in which he said: "the power to tax is the power to destroy." The Chairman of the Ways and Means Committee of the House has a famous saying that: "you can shear a sheep many times but you can skin him only once." Actually, the only alternative to the aforesaid dilemma is a reduction in the size, cost, and activities of the Federal Government. The elimination of all unnecessary spending and greater efficiency becomes more and more a national necessity. If we do not deny ourselves of some of the things we want from government, we will soon come to the point where vital necessities will have to be curtailed.

Feeling that the very survival of our Country is at stake, I have been voting for nearly all amendments making cuts in appropriations. In the same mail with the numerous letters pro-

testing increased taxes, always come numerous letters protesting these cuts in appropriations. It has been a common complaint in Congressional circles for years that the big labor bosses blacklist a Congressman if he votes against any of their approved measures. A Congressman may vote for ten bills endorsed by the labor czars, but secure their condemnation for casting one vote against them. I was distressed this week to find some of our Rural Electrification officials falling into the same class. REA has been, and is a great program. It has been largely self-sustaining. Congress has, as a rule, provided adequate financing for REA. In the agriculture appropriation bill passed by the House this week, we gave REA twice as much money as requested by the budget, to-wit: \$200,000,000. In the bill passed a few weeks ago, some of us voted for the Gary amendment to eliminate an obviously unnecessary public power transmission line in the State of Virginia. All of the Virginia Congressmen voted for this elimination except one. Two other minor amendments opposed by REA were adopted. Now, a number of Congressmen who supported these amendments have been getting letters threatening political reprisals from some REA officials. These letters do not express the views of most officials but of course a Congressman is hurt when large groups of patriotic farmers are falsely told that said Congressman is not a friend of their program. This is the sort of political pressure and propaganda that can result in bad government, and great harm to the country. If I belong to any bloc whatsoever, it would be the farm bloc, yet duty and honesty compel me to admit that in the Department of Agriculture, as in all Departments, there is unnecessary duplication and waste of manpower. Furthermore, the Department of Agriculture, as most other Departments, has grown enormously within the last decade.

The stability and the prosperity of the family sized farmer is absolutely necessary to the stability and prosperity of the Nation. We must continue to have a good farm program. I believe that a vast majority of the farmers want their Congressman to scrutinize the Agriculture budget and to do what he can to bring about efficiency, improvements and sound public service.

OF TEXAS
OF WICHITA
BURKBURNETT
Resident, Qualified
The City of Burkbur-
as, who own Taxable
Said City and Who
Rendered The Same
NOTICE that an elec-
held in the City of
Texas, on the 9th

day of June, 1951, on the propo-
sition and at the place more
particularly set forth in the
election order adopted by the
Board of Commissioners on the
17th day of May, 1951, which is
as follows:
"A RESOLUTION
CALLING AN ELECTION ON
THE QUESTION OF THE IS-
SUANCE OF \$45,000.00 WATER-
WORKS SYSTEM REVENUE
BONDS."

WHEREAS, the Board of Com-
missioners of the City of Burk-
burnett, Texas, deems it advis-
able to issue the bonds of said
City for the purpose herein-
after mentioned;
BE IT RESOLVED BY THE
BOARD OF COMMISSIONERS
OF THE CITY OF BURKBUR-
NETT, TEXAS:

1. That an election be held in
said City of Burk Burnett, Texas,
on the 9th day of June, 1951, at
which election the following
proposition shall be submitted:
"Shall the Board of Com-
missioners of the City of Burkbur-
nett, Texas, be authorized to is-
sue the bonds of said City in
the amount of \$45,000.00, matu-
ring in such installments as may
be fixed by the Board of Com-
missioners, the maximum matu-
rity being not more than Eight
(8) years from their date, bear-
ing interest at a rate not to ex-
ceed Three (3%) per cent per
annum, for the purpose of im-
proving and extending the Water-
works System of said City, to be
issued in accordance with and
secured in the manner provided
in Articles 1111-1118, both
inclusive, of the Revised Civil
Statutes of Texas, 1925, as
amended, each bond to be con-
ditioned that the holder thereof
shall never have the right to
demand payment of said obliga-
tion out of funds raised or to
be raised by taxation, secured
by a pledge of the net revenues
of the City's Waterworks Sys-
tem."

pointed directors of said elec-
tion, to-wit:
Mr. Francis Felty, Presiding
Judge,
Mrs. Evelyn Felty, Clerk,
Miss Bess McGinnis, Clerk.
3. The said election shall be
held under the provisions of
Chapter 1, Title 22 of the Re-
vised Civil Statutes of 1925, as
amended, including the provi-
sions of Article 704, as amended
by Chapter 382, passed at the
First Called Session of the Forty
Fourth Legislature, and only
legally qualified electors who
own taxable property in the
City and who have duly ren-
dered the same for taxation
shall be qualified to vote.

4. The ballots for said elec-
tion shall have written or print-
ed thereon the following:
"FOR THE ISSUANCE OF
WATERWORKS SYSTEM RE-
VENUE BONDS."
"AGAINST THE ISSUANCE
OF WATERWORKS SYSTEM
REVENUE BONDS."
Each voter shall mark out
with black ink or black pencil
one of the above expressions
thus leaving the other as in-
dicating his vote on such propo-
sition.
5. A substantial copy of this
resolution signed by the Mayor
of said City and Attested by the
City Secretary shall serve as
proper notice of said election.
Notice shall be given in accord-
ance with Article 704, Revised
Civil Statutes of 1925, as amend-
ed by Chapter 382, passed at the
First Called Session of the
Forty Fourth Legislature, supra.
The Mayor is authorized and di-
rected to have a copy of said

notice posted at the City Hall
and at two other public places
within said City not less than
fifteen days prior to the date
fixed for holding said election.
He shall also cause said notice
to be published on the same day
in each of two successive weeks
in a newspaper of general cir-
culation published within said
City, the date of the first publi-
cation to be not less than four-
teen days prior to the date set
for the election. Except as other-
wise provided in said Article
704, as amended, the manner of
holding said election shall be
governed by the laws governing
general elections.

ADOPTED AND APPROVED
this 17th day of May, 1951.

ONE TREE doesn't make an orchard...

**In the Gas Business, too
IT TAKES MANY SOURCES OF SUPPLY**

One tree doesn't make an orchard, and
one orchard doesn't provide all the fruit
the consumers demand. People in the
fruit business realize that it takes many
sources of supply.
The same rule applies in the natural gas
business.
Our present customers and the additional
thousands who will be served in the
future are assured of a dependable sup-
ply of natural gas from the more than
200 fields that are now connected to the
United system.
And new sources of supply are constan-
tly being added to United's network
of pipe lines to meet the present and
future needs of its domestic and indus-
trial users in the Gulf South.
