Frank Announces Congress

Judge Frank Ikard of Wichita Falls has authorized the Star to announce his candidacy for U. S. Representative from the 13th Congressional District of Texas in the special election on September 8th.

Ikard attended the public hearing of the State of Texas at the University of Texas at Austin. As a youth, he worked on the farm and in the fields. He also made trips as a "herder," with a pack of cattle which were taken to markets in Fort Worth and worked summers as a balance driver on night shifts.

Ikard has been practicing law in Wichita County since 1923. He received his law degree from the University of Texas at Austin in 1923. He has been a member of the State Bar of Texas since 1923.

Ikard was elected by the voters of Wichita County as its representative to the State Legislature in 1947 and 1948, and headed the State Veterans Affairs Commission in 1947 and 1948.

## C. of C. Directors Met Monday for Monthly Session

Directors and members of the Chamber of Commerce met Monday noon at Town Hall for the regular monthly luncheon and business meeting. President Tom Britton was in charge with Paul Browning giving the invocation.

Present were: Tom Britton, W. R. Hill, Paul Browning, F. C. Royce, Francis Kauer, Geo. Byerly, Buster Morgan, J. V. Brookshear, Harry Dodson, H. A. Mills, Geo. McClarty, Will Teal, L. D. Holman, Clark G. Gresham, G. W. Fleming, Cliff Wampler and Leon Carver, new City Manager.

After a report of the last meeting read by Secretary Ray Hill, a partial financial report on the Celebration Rodeo was given. Also, discussions were held concerning the building of a permanent home for the Rodeo on land owned by the C. of C. in the East part of town.

A committee composed of H. A. Mills, J. V. Brookshear, P. B. Browning, F. C. Royce, Buster Morgan, Hugh Preston, P. D. Williams and Tom Britton was appointed to proceed with plans for building a permanent place to hold rodeos, base ball, etc. This committee will decide methods of raising the necessary money and report at the next regular meeting.

Secretary Ray Hill was authorized to take his two weeks' vacation any time he chooses.

## Jerry Edwards Services Tuesday

Funeral services for Jerry Dean Edwards, 2 year old son of Mr. and Mrs. James F. Edwards of Sanford, were held at 2:30 P. M. Tuesday at the Assembly of God Church.

Rev. G. E. Eastes, pastor, officiated and burial was made in the Burk Burnett Cemetery under direction of Owens and Brumley Funeral Home.

The child died Sunday in Odessa, while the family was vacationing. They are formerly from Burk Burnett.

Survivors include the parents, one brother, Jimmy Ray; two sisters, Beulah Faye and Kerry Jean of Sanford; and grandparents, R. L. Edwards of Tishomingo, Oklahoma, and Mr. and Mrs. J. W. Gibson of Burk Burnett.

Pallbearers were H. F. Brock, Oyt Nunn, Shirley and Jerry Smith.

## Palace Cafe To Close for Vacations July 15 thru July 30

Clyde (Huck) McDonnell, owner of the Palace Cafe, announces that place of business will be closed Sunday, July 15, through Monday, July 30th, to allow for vacations.

On Tuesday, July 31st, the cafe will again open for business, with all proceeds for that day going to the Youth Center.

## Wichita Falls Couple Killed in Traffic Crash

A Wichita Falls couple was killed and two Burk Burnett men were injured in a two-car collision six miles east of Electra on U. S. 287 Sunday night.

Dead are Allan D. Cearley, 40, of Bungalow Tourist Park, Wichita Falls, and his wife, Grace, 46.

Treated for minor injuries at the Electra Hospital were Carl Williams, 33, and Oren Andrew Sirmans, 30, both of Burk Burnett.

They remained in the hospital Monday morning. Highway Patrolman Max Loyd said Cearley, a civilian worker at Sheppard Air Force Base, was headed west and that Sirmans' pickup was traveling east when the vehicles collided on a level stretch of the highway.

Mrs. Cearley's body was hurled from the automobile, while her husband was wedged inside the car. The vehicle, badly crushed, went into a ditch. The pickup driven by Sirmans turned over on its side and skidded across the highway, blocking traffic. A hundred automobiles jammed the roadway in both directions a few moments after the accident.

Cearley and his wife had left Wichita Falls around 7 P. M. to visit Mrs. Cearley's relatives in Vernon.

Cearley is survived by seven children by a previous marriage. They are Pearl Mae 13, Joyce 11, Edward Allan 9, Linda 7, Don Carlton 6, Aubrey James 4, and Sanford Glen 3.

Cearley's other survivors include his parents, Mr. and Mrs. V. A. Cearley of Wichita Falls; one sister, Mrs. W. D. Dockery of Wichita Falls; and two brothers, H. L. Cearley and G. E. Cearley of Wichita Falls.

Mrs. Cearley is survived by eight children from an earlier marriage. The body of Mrs. Cearley was taken to Vernon by the Underwood Funeral Home.

Services for Cearley were at 3 P. M. Tuesday in the Calvary Baptist Church of Burk Burnett, with Rev. Ray C. Morrow, pastor, officiating. Burial was in the Burk Burnett Cemetery under the direction of the Totten Funeral Home.

Cearley was born May 20, 1911, in Elmore, Oklahoma. In 1930 he moved with his parents to Burk Burnett. After going to Wichita Falls in 1940, Cearley was inducted in the United States Army and served about 3 years.

The couple was married in Henrietta, December 6, 1950. They lived in Vernon for several months before moving to Wichita Falls.

## Ever Make a Snow Man In Summer? Tom's Has 'Em

One of the cleverest and most appetizing looking dishes seen in a long time was noted at Tom's Coffee Shop last Sunday. Mrs. Pierce painstakingly makes snow men for her little guests who are accompanied by their parents for Sunday dinners. She takes a large dipper of ice cream, slices candied cherries to make the eyes, nose and mouth, then tops it with a cone at a cocky angle for the hat. A very clever snow man.

## Rotary Club

Each Tuesday at Town Hall 12:05 o'clock

Attendance was off last Tuesday due to many on vacations. After singing the first verse of America led by Cliff Wampler, Alvin Hill gave the invocation.

Arthur Ramming introduced Hollis Keys, visiting Rotarian from Pampa, and E. L. Newman, Ray Garrett, Andy Andrews, J. H. Sommerville, Bart Dorbandt, Floyd Ammer, Ray Arnold, Glen Groves, Earl Hodges, John Barbour, and Fred Ridenour, all from the Wichita Falls Club. Leon Carver new City Manager, was guest of Alvin Hill and Bill Teal had his son, Wayne as his guest.

Rudy Robinson was chairman of the program. Ted Harwell introduced Luther Thurman, vice-president of the City National Bank in Wichita Falls, who led the group in singing several favorite tunes. Mr. Thurman then sang two numbers accompanied by Mrs. Maxine Creel.

President Virgil Brookshear, in behalf of the Club, presented Zala and George Byerly with a Sunbeam Mix-Master. Don Short will bring the program next Tuesday.

Mr. and Mrs. Nile Benson and daughter, Edna Kay, visited Saturday night with Mr. and Mrs. Mont Bowles.

Mr. and Mrs. Bill Graves of Dallas were week end guests in the home of Mrs. Edna Butler and Blanche.

## Miss Donna Rose Brookover and Tex Maney Exchange Wedding Vows

The Wee Kirk of the Heather Chapel in Las Vegas, Nevada, was the scene Saturday, June 16th, for the impressive nuptial service conducted by Rev. C. O. Covett to unite Donna Rose Brookover and Tex B. Maney in marriage.

Traditional musical selections were provided during the ceremony. The couple stood before an altar beautifully decorated with red roses.

Mrs. Bob Brookover, mother of the bride, and Mrs. Jess Hosch, who resides in Pamona, California, and is an aunt of the bride, were the couple's only attendants.

The bride, daughter of Mrs. Bob Brookover, and the late Mr. Brookover, was a lovely picture in a white gabardine suit with which she wore pink accessories. Her heart-shaped hat was accented with a shoulder length veil. She completed her costume by wearing an orchid corsage. She carried a handkerchief belonging to her grandmother, Mrs. N. O. Hosch of Grandfield, Oklahoma. She carried out the tradition of something old, something new, something borrowed and something blue and wore a penny in her shoe.

Mr. Maney, son of Mr. and Mrs. H. D. Maney of this city, received his education in the Burk Burnett schools, graduating with the class of 1950. He was a member of the Choral Club, and was very active in athletics playing three years on the football and basketball teams.

Tex enlisted in the Navy in 1950 and is stationed on the USS Gregory, at Long Beach, California. He will go to Japan July 21st, after which Mrs. Maney will return to Burk Burnett.

## Mrs. J. A. Johnson Entertains Circle

Members of the Baker Circle of the First Baptist Church met Monday, July 9th at the home of Mrs. J. A. Johnson.

The Devotional service was taken from Amos 6:1-6, the theme, False Ease, and was brought by Mrs. Johnson. Mrs. Polson led in prayer.

During the business session, Mrs. Will Teal and Mrs. Jim Ady were appointed to secure chairmen and officers for the coming year.

Mrs. Polson reviewed the book, "Shining Like The Stars." Mrs. Buchanan dismissed the group with prayer.

Billy Frank Dodd left July 4th for San Francisco after spending a thirty days' leave visiting his mother, Mrs. M. L. Dintleman. He is assigned to the USS Tolobana TAO 64.

Mrs. Madge Jefferies of Comanche, Oklahoma, is visiting this week with her brother, Mont Bowles and other relatives.

## FEDERAL ECONOMY NEEDED

A baseball pitcher so wild that he beamed all the batters on the opposing team would eventually lose the game—perhaps to a group he had crippled. He would defeat himself no matter how much support he received from his teammates.

A government which talks about preventing inflation while paving the way toward deficit spending is making the same blunder. It is pulling against itself; it is defeating its own anti-inflation program because deficit spending was the root cause of the inflation now with us.

With the Federal debt at its present level, we can't afford deficit spending that will increase the debt and inevitably cause more inflation. An anti-inflation drive must necessarily be based on pay-as-we-go taxation and Federal economy which will keep the bills down to what we can pay.

That's what we need right now. This is no time for big talk without action to back it up.

## An Economic Blood Transfusion

The oil industry has been like a blood transfusion for this country. It has mechanized the farmer's work in the field and has done much to protect his crops from weeds and pests. It has revolutionized transportation on highways and waterways, and has made air travel possible.

What oil has done in a lifetime is almost beyond imagination. The horseless plow and carriage are but two out of countless miracles it has wrought. Modern living would be impossible without it. It has made every inch of our nation accessible to the people. It has brought the far reaches of Alaska to the doors of the populated areas of the Territory as well as the States.

The nation has progressed immeasurably from the achievements of an enterprising oil industry. In the words of Governor Dan Thornton of Colorado: "The petroleum industry contributes mightily to convenience, to progress and to the development of the vast areas of the west. However, we cannot look at the petroleum industry from the state viewpoint without acknowledging the application of petroleum to the national economy. In this respect the industry and the state, as well as the nation must be alert to support all policies that will maintain the progressive nature of the petroleum industry." Speaking for the state of Colorado, he said: "It is planned to endorse all measures by the Federal government that are designed to continue the progressive nature of petroleum. And I will state frankly, that we will be just as quick to condemn state or Federal practices that would unduly hamper or restrict the normal operations of the petroleum industry in its effort to meet the needs of this state and nation."

### GRASS ROOTS OPINION

KNOXVILLE, IOWA, EXPRESS: "Some of these days most of the . . . people of this fair country are going to get good and tired of having some one sitting in a swivel chair warming the seat of his pants in Washington, thinking up schemes to make more useless paper work for them, and will dump the whole lot of them into the nearby Potomac river and start over with a clean slate."

FORT WORTH, TEXAS, UNION BANNER: "Best news out of Washington in a long time to the little people who have to foot the bills for wild governmental extravagance is the action taken . . . by the House of Representatives in slashing 693 million dollars off the amount requested by President Truman for independent Federal bureaus."

PLATTSMOUTH, NEBR., JOURNAL: "The policy committee of the Chamber of Commerce of the United States recognized the necessity to pour out money for defense, both at home and abroad, if all-out war is to be avoided. It felt, however, that non-essential government expenditures can be reduced 'if citizens will refrain from seeking government hand-outs.' It concludes that 'business should take the lead in promoting a program of self-control.' For once, we find ourselves in agreement with a policy recommendation of the organization that speaks for a large segment of the business life of the nation."

AIKEN, S. C., STANDARD & REVIEW: "Economy in governmental spending should be effected not only on the national level but on that of every political subdivision in the nation. Inflation is an insidious force that can undermine us as it has other countries and leaves us an easy prey for communism."

## Burkburnett . . . History

Revealed By Star Files 10 Years Ago...

Mrs. Edwin Muller will leave Saturday to represent the Burk Burnett Hardin Home Demonstration Club at the Short Course at Texas A. & M. College.

Jim Turner, former officer at Burk Burnett, was appointed deputy sheriff for precinct 2 by Sheriff Pat Allen Tuesday.

A reading club for children from 8-21 years will be organized at the Public Library Friday morning, according to Miss Annie Laura Billingslea, librarian.

Mesdames I. E. Harwell, C. C. Gilbert, W. R. Hill and P. A. Wiggins spent last week end in El Paso, Texas, Juarez, Old Mexico, and Cloudcroft, New Mexico.

Mrs. F. L. Pilkenton returned from Rhome Saturday after a car accident, June 27th near Houston. She is recovering from a deep gash in the forehead.

Mrs. M. E. Bean and sons spent Wednesday in Ranger with her mother.

## Crude Oil Helps Keep Open Pit Toilets Sanitary

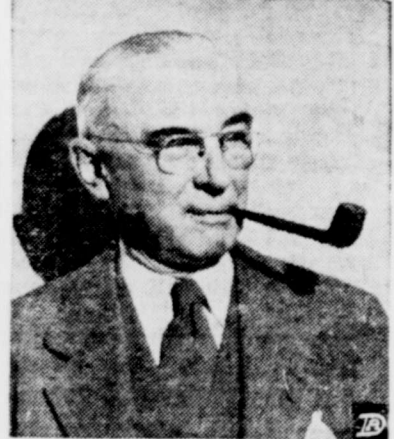

Several complaints have been registered against open pit toilets being neglected in all parts of town. Also some good suggestions for keeping said toilets in a more sanitary manner have been turned in. One of the most promising, and least expensive and troublesome is the use of plain old crude oil. Or old crankcase oil. It's a very easy and effective procedure to pour a small quantity of oil in the toilet, and to spray the area around the toilet with oil. Try it.

Mr. and Mrs. W. P. Boydston and Mike are vacationing in California. They will visit his mother, Mrs. W. P. Boydston, Sr., and sister Wanda and her daughter, Linda Rae in Compton, and with Mr. and Mrs. Jack Harris in Los Angeles. They plan to return home the last of the week.

Mrs. Leonard Randolph left Friday for Ogden, Utah, to join her husband, Cpl. Randolph who is stationed there.

Mrs. Esther Jordan of Memphis, Tenn., and Mr. and Mrs. Hoyt Hammill of Levelland are visiting in the home of Mr. and Mrs. Howard Bentley and family.

## RECEIVES NATIONAL RED FEATHER AWARD

Alex F. Osborn

Alex F. Osborn, advertising executive, has been selected as winner of the 1951 national Red Feather Award.

The Red Feather Award, a bronze medallion, is the highest recognition given annually to the outstanding volunteer leader "for distinguished national service" to Community Chests.

The award was first given in 1947 to Gerard Swope, Ossining, N.Y. In 1948, the honor was bestowed on E. A. Roberts, Philadelphia. In 1949, the award was received by H. J. Heinz II, Pittsburgh. In 1950, the award went to Philip Morgan, of Worcester, Mass.

Mr. Osborn, co-founder of Batten, Barton, Durstine and Osborn, Inc., has long been active in the Buffalo, N.Y. Community Chest. For the past four years he has been national chairman of the Red Feather public relations advisory committee, and is now serving as vice president of Community Chests and Councils of America. He is also on the board of directors of the United Defense Fund.

Last year, with Mr. Osborn's public relations guidance, Red Feather campaigns through out the country raised over two hundred million dollars, largest sum achieved by Chests in peacetime year.

Mrs. Flora Bentley had as her guests this week, Mr. and Mrs. Jim Anthony of Atlanta, Ga., and Miss Nora Smith of Tallapoosa, Ga. Mrs. Anthony and Miss Smith are sisters of Mrs. Bentley.

### Cancer Crusade Funds \$465,000

Crusade results in funds exceeded \$465,000 according to Dr. G. Temple, Executive Chairman of the Cancer Society, Wichita Falls.

"This would be only \$10,000 short of the state need, which was set at \$500,000 by the Executive Committee. "Every additional gift at this time is vital to the success of this work," he added. The Cancer Crusade is an annual educational and fund-raising event. Funds are used to further a three-fold program of public and professional education, volunteer service for cancer patients, and a vast cancer research effort.

### May Livestock Shipments Down

May livestock shipments in Texas were 24 per cent below those in April and 29 per cent below May, 1950, the University of Texas Bureau of Business Research reports. Tabulations show shipments of cattle, calves, hogs and sheep all contributed to the decline. May cattle shipments, half the total, were 40 per cent below April.

### 68,000,000 Can Openers for Army Economy ???

While the Administration has repeatedly appealed to the nation's consumers to help combat inflation by putting off buying whenever they can, Federal government has been making such purchases as 68,000,000 can openers since the start of the Korean campaign a year ago. There are about a million and a half men in the Army.

This is brought out in a recent report by the taxation and legislation department of the West Texas Chamber of Commerce.

The report points out that the President has told business men to avoid piling up inventories, to increase efficiency wherever possible, and to keep prices down; that he has asked employers to conserve manpower and urged all to work harder and longer, and to forego wage increases or more profits.

The Federal bureaucracy obviously does not want to play on the nation's anti-inflation team, the report states.

Some examples of Federal purchasing of goods:

Army Ordnance recently purchases 6,000,000 gallons of paint in quart and gallon cans. This was a full year's requirement, but the Army sought delivery in 60 days. This huge order for paint in civilian-size cans, rather than in 5 gallon cans, was criticized by paint suppliers, and admitted as unwise by the Army.

The Army set up a requirement of 4,636,000 web belts for 1951. This is three belts per man, although only one is issued per man per year. It's 1951 requirement for combat boots was set up at 11,753,000 pairs, although the total consumption was estimated 4,800,000 pairs.

Last January the Quartermaster Service bought 5,000,000 lbs. of oleomargarine at 25 1-2c a pound. At the very same time the Department of Agriculture was selling 5,500,000 pounds of surplus butter to Italy at 15c a pound.

Reports of the Byrd committee show that the number of civilian employees on the Fed-

eral payrolls had jumped 2,184,681 on December 31, 1950 to 2,409,121 as of April 30, an increase of 224,440 in four months. This means that the Government has been filling new positions at the rate of 1,870 per day, every day in the month.

Recently an official of the new Defense Transportation Administration reported that that agency is "stockpiling" stenographers "against the needs of the future."

### AUSTIN Highlights

By Senator "Cotton" George Moffett

Chillicothe, Texas, July 9th—Approximately 1400 bills were introduced in the regular session of the 52nd Texas Legislature. About 500 were finally passed. The Governor vetoed over 25 of those which reached his desk. A large proportion of the bills which passed were either local fish and game bills, or local county road laws. Local laws, which deal with those subjects, are the only one county laws permissible under the Texas Constitution. Baylor,

Knox, and Wilbarger Counties each have a new law restricting the taking and sale of minnows, within these respective counties. The restriction applies particularly to the sale of minnows caught in these counties and transported elsewhere.

There were 1458 roll calls in the Texas Senate in the session just closed. I missed very few of them. I do not have a record of the roll calls in the House at hand at this time.

The 52nd Legislature devoted considerable time and attention to increased safety upon the highways. Reliable figures indicate that more Texans lose their lives each month upon our highways, than there are fatalities among Texas boys in the Korean war.

One bill relating to safety on the highways, requires that trucks with an many as four rear tires must be equipped with mud guards or mud flaps. The purpose of this bill is to prevent the windshields of cars following a truck from being covered with mud and road slush—the latter having been the cause of many bad accidents. This new law should prove helpful.

Among the other bills pertaining to the regulation of motor vehicles are two which have caused wide comment. One is known as the Motor Vehicle Inspection Law and the other is known as the Motor Vehicle Financial Responsibility Law. They deal with separate angles of motor vehicle operation, but have become confused with each other.

The Motor Vehicle Inspection Law becomes effective September 7, 1951, and requires that each motor vehicle operated upon the public highways of Texas must be inspected once each year as to mechanical condition. This inspection costs one dollar and does not include repair work should any be needed. Personally, I have considerable doubt that this law will bring benefit in proportion to the cost, and for that reason did not vote for it.

The other bill referred to above—the Financial Responsibility Law which becomes effective January 1, 1952, is a long and complicated bill and will be explained in a later letter.

**DEVOL NEWS**

Mrs. Clara Stofor

Word was received here last week of the death of Mr. Fred Dodson, Tuesday, July 3rd, from a heart attack at his home in Amarillo. Mr. Dodson lived here a number of years and was engaged in the cafe business before moving to Texas. He was the father-in-law of the late Freddie Miller. Mr. and Mrs. G. Miller attended the funeral Wednesday. Before leaving for Amarillo Mr. and Mrs. Miller had attended the funeral Tuesday at 2:30 of Mrs. Miller's sister, Mrs. G. Bessemer at Faxon, Oklahoma.

Mrs. Bessemer, 68, was born in Austria-Hungary, and came to America in 1905 with her husband, Gottlieb Bessemer. They homesteaded near Apehatone in 1907 and had lived there until her death. She was preceded in death by her husband who died June 13, 1933. Survivors include two daughters, Mrs. Jake Fisher of Chattanooga, Okla.; and Mrs. Wilma Sturgeon of Apehatone; four sons, John of Dimmitt, Texas, M. G. and Ernest of Apehatone and Frank of the home; nine grandchildren, a brother, Fred Kraus of Harper, Kansas, and a sister, Mrs. G. Miller of Devol.

Mr. and Mrs. Ernest McGuire

and Mrs. Beulah York of Phoenix, Arizona, spent Friday night with Mrs. McGuire's parents, Mr. and Mrs. J. D. Gardner. They were enroute home from Muskogee, Oklahoma, where they had visited Mr. McGuire's parents. They left here Saturday morning. Other Saturday and Sunday guests in the Gardner home were their son, J. D., Jr. and family of Chattonooga, Oklahoma, and Mrs. Gardner's nephew, Mr. Alva Hatfield of Frederick. He had been to visit an uncle, Mrs. Gardner's brother, Mr. Tom Nuland at Ardmore.

Sunday guests in the Charboneau home were their son, Marshall and his children; their daughters, Mrs. Ernest Weaver and Mrs. Floyd Garrett, her son Merwin and little Neva Lynn, all of Wichita Falls.

Mr. and Mrs. Melvin Charboneau and Barbara of Riveria, Calif., are spending a week with Mr. and Mrs. W. C. Charboneau.

D. V. Kirkpatrick Jr. is now in Auxburg, Germany with the 4th armored Division. Mrs. Kirkpatrick is at their home at Albuquerque, New Mexico.

Visitors in the D. V. Kirkpatrick home last week were Mr. Kirkpatrick's mother, Mrs. W. T. Kirkpatrick and his sister, Mrs. O. Dolberg of Raymondville, Texas.

Mr. and Mrs. Don Coker and children of Post, Texas, visited their parents, Mr. and Mrs. John Coker last week, leaving for home Monday. Sgt. John Coker, Jr., who had a three days' leave from Randolph Field, San Antonio, returned there Sunday evening.

The Misses Mary Ellen and Joyce Hutson returned Saturday from a vacation trip to Cleburne, Texas.

Guests in the Ted Randall home last Sunday were Mrs. Otes Laswell and son Billy of Flora, Illinois.

Rev. and Mrs. J. N. Loftin spent the 4th at Longview, Texas with their son and family.

Mr. and Mrs. James Harrison and baby spent the week end with Mr. Harrison's parents, Mr. and Mrs. W. M. Harrison. James Harrison, who is in the drug store business with his brother, Layton, in California, is here taking a course in pharmacy at the University at Norman, Oklahoma.

Recent guests in the home of Sgt. and Mrs. David Hart were Mrs. Hart's mother, Mrs. Powell, her brother, Mr. Wayne Powell and Mrs. Wayne Powell, and another brother and a sister of Mrs. Hart. All returned to their homes at Hannibal, Mo., last week end.

Mrs. W. A. Wood became very ill last Sunday morning. She was taken to Dallas by Mr. Wood and daughter, Mrs. Ted Randall for treatment at the Huxey Clinic.

Mr. Wood, who had accepted the job of custodian of Devol school, resigned last week and plans to remain in Burk Burnett.

Mr. Ray Dahsuda, 7th and 8th grade teacher and basket ball coach at Devol last year, has resigned to take a position at Martha, Oklahoma.

Spending the afternoon Monday with Mr. and Mrs. E. Watson were Mrs. Watson's sister and husband, Mr. and Mrs. Tom Etson of Couway, Oklahoma, and two nieces of Mrs. Watson, Mrs. Joe Whiteside of Orville, California and Mrs. Tommy Burg and her son, Richard of Brownfield, Texas.

Mrs. Vernon Lagrone visited Tuesday and Wednesday with her daughter, Mrs. Johnny Helms and Jonnette.

Mr. and Mrs. Joe Hainline of Caney, Kansas, visited their son Mr. Joe Hainline Jr. and family last week.

Mrs. Minnie Potts of Oklahoma City spent a few days last week with her sister, Mrs. Ridley Odom and Mr. Odom.

Mrs. Vernon Spier is in Oklahoma City at the University Hospital for a checkup.

Mr. Edgar Tarrant of Lawton visited his parents, Mr. and Mrs. Wm. Tarrant over the week end.

The regular monthly meeting of the T. E. L. Class and the Y. M. P. class met in the Educational building Tuesday evening. Mrs. J. B. Stevens, president, presided, opening the meeting with prayer. Minutes of each class were read by the secretaries. At the close of the business session Mrs. Randall resigned as Captain of the group of Y. M. P. class and Mrs. K. B. Uthe was selected to take that place.

Refreshment hostesses for the evening were Mrs. Tommie Munson, Mrs. Lillian Greenway and Mrs. Nelma Wood. Refreshments were served to the following: Mesdames J. N. Loftin, J. B. Stevens, T. P. Randall, K. B. Uthe, Lloyd Clemmer, R. W. Davidson, E. N. McClurkin, Elmer Rogers, Joe Hainline, and O. Weaver and the hostesses.

The Daily Bible School opened July 9th at the church for children 1 year to 16 years. The groups will be under the supervision of Mrs. J. N. Loftin, Mrs. Gertrude Farmer, Mrs. Ona Slabaugh, Mrs. Louise Nelson, Mrs. Joe Kinzer, Mrs. Lillie Miller and Mrs. Grace McClurkin.

Mrs. Margaret Glendening of Lubbock, Texas, spent the 4th with her mother, Gertrude Farmer.

**Mrs. Lillian Key Former Resident Died Saturday**

Funeral services for Mrs. Lillian Key were held in Amarillo, Texas, Monday. Mrs. Key died Saturday in an Amarillo hospital. She had been in failing health for the past three years.

A former resident of Burk Burnett, Mrs. Key had been making her home with a son in Amarillo. Survivors include six sons: George, Clifton and Bruce Watson, all of Amarillo; Sgt. Lynn Watson of Ft. Sill; Jackie Lynn Key of Boys Ranch, and Gene Clark of Monroe, La.; 1 daughter, Mrs. Howard Jennings of Burk Burnett, and one brother, Willis Bartley of Burk Burnett.

Worship is conducted every morning at 11 A. M. at the Lutheran Church, with the Adult Bible Class at 10 A. M. If you are new to the church home in Burk Burnett, we cordially invite you to worship with us. We preach Christ crucified, risen again as the Son of God, and the Kingdom of God is at hand. The Sunday School is in session at 10 A. M. The story of the call of Moses is found in Genesis

chapter 11 beginning at verse 1. In the Adult Bible Class we are studying the Apostles' Creed and thus seeing how each portion of the creed is drawn directly from God's Word. The Sunday School teachers meet each Thursday evening at 8 P. M. in the parish hall and the adult membership class meets each Friday night in the parish hall at 8 P. M. The men's club meets the first Wednesday in each month and the Ladies' Missionary Society meets the second Thursday in each month.

Mrs. Ben Hoover and children are visiting her mother, Mrs. Johnny Clarkston and Mr. Clarkston in Elk City, Okla.

Barbara Sue McClarty, a Burk Burnett High School student, has been accepted to the McMurry College Vacation Band, according to R. T. Bynum, McMurry Director. The school will be held on the McMurry College campus under the direction of Mr. Bynum, beginning July 23 and continuing through August 4th.

**Win Court Battle**

At The Palace Theatre, Thursday, July 19th

A Supreme Court case which

brought a favorable decision for the film, was necessary in one Mid-western State before Hallmark's hard hitting production dealing with midnight scandals of the nation's galloping "Teen agers," titled "She Shoulda Said No," had clear sailing. Court testimony brought out the picture was neither immoral, salacious or indecent in any sense of these terms and that opposition to it was artificial and based on hear say rather than personal viewing.

The members of the court stepped down from the bench to view the film personally, it marking the second case in all history where the Judges consented actually to review a picture themselves. Attorneys termed the unwarranted oppo-

sition to the film, "piddle-paddle" and those opposing it "Dogooders" who were worrying more about how their photographs looked on the front pages than they were about the behavior of the nation's youth.

**Farm Bureau News**

By Mrs. John Wesley

**IT TAKES MANY SOURCES OF SUPPLY**

A florist will never depend on one flower garden, or one hothouse—or any single source of supply—if he hopes to have flowers when his customers want them.

It's the same way in the natural gas business. We must be ready every day—with gas available to meet the requirements of more than 400,000 customers...and with supplies to meet the demands of our future customers here in the Gulf South.

Hundreds of wells in scores of fields furnish gas to our system. These are *dependable* sources of supply for today, tomorrow, and for the years to come.

**YOU** want a truck that has plenty of heft for the pay load—but the right kind of power is the clincher.

That's why so many truckers turn to GMC for swift performers that can pack home the pay load.

For in these broad-shouldered carriers—chassis and engine are yoked together to form a perfect team for hauling, a team that's built for keeps!

The result is a great line of trucks—from nimble 1/2- to 2-tonners with horsepower unsurpassed in their class, up to brawny Diesels with two-cycle efficiency that has made them first in sales in the nation.

That's why—whether your cargo is compact or bulky, liquid or solid, grain or cement—if you load it on a GMC, you deliver it faster at less cost per mile!

As your GMC dealer, we can give you the long-time benefits of the right combination of axle, engine, transmission and frame for the loads you have to work—skillfully engineered by the world's largest exclusive manufacturer of commercial vehicles.

**Soil Research  
Helps Building**

University of Texas soil research will mean better Southwestern buildings and highways in the future.

Raymond F. Dawson and L. Hudson Matlock, Jr., have just completed two aids to the testing that determines what will happen to a soil when a structure is built on it. Unless investigated, a soil may consolidate, unduly, causing cracks or other structural defects.

The researchers have devised a method to evaluate soil-testing procedures and equipment performance, and have worked out special mathematical calculations to check test data accuracy.

**Texas Farmers'  
Cash Revenue  
45% Above 1950**

Texas farmers' cash revenue was 45 per cent greater the first five months this year than in the same 1950 period, the University of Texas Bureau of Business Research reports.

The Bureau estimates Texas farm cash income from major commodities through May at \$484,853,000, compared with \$334,814,000 during January-May last year.

Cattle, the main farm income producer for both periods, brought in \$165,946,000, 42 per cent more than January-May 1950. Only commodities bringing less money in the 1951 period were cotton, cottonseed, fruit, vegetables and wheat. Most income drops were caused by unfavorable weather.

**GROWING BIRDS  
NEED FRESH AIR**

The lack of proper ventilation can be extremely detrimental to developing pullets. Birds forced to spend hot summer nights in an overcrowded, poorly ventilated house are subjected to conditions which harm growth, prevent good development, and many times lead to costly poultry diseases. That's why an abundance of fresh air, both day and night, is desirable for a young growing flock.

In providing birds with a well ventilated colony house, a raiser should screen all windows with 3-4 inch mesh wire to keep out sparrows and other undesirable visitors. In addition, ventilators in both front and rear of the house should be opened, and left opened, until the birds are moved to their permanent quarters in the fall. There is little danger of getting too much summer ventilation in a colony house.

**Location of House**  
There should be practically no threat of colds in the flock if the birds are housed and fed properly. As for housing, the location is somewhat important. If possible, it should be placed where it will be in the shade during the heat of the day. And it should be set up so that the front will be protected from the wind and rain. In most locations, this would mean that the house should face the east. A house placed in this position would tend to be cooler than one facing south.

Protection from heat and storms is a major objective during the summer time. A house or shelter that provides good protection, plus proper ventilation, should be quite satisfactory.

**Keeping Houses Clean**  
Besides giving pullets a well ventilated house and one that is suitably located, a poultry man should give attention to the sanitation needs of his flock. Droppings should be cleaned out regularly. A supply of fresh litter also should be provided frequently. Where lice are a problem, roosts should be treated with a good roost application. It also may be desirable to spray shelters occasionally to kill insects. It's sound management to keep the birds comfortable.

And here's an additional suggestion. To avoid later difficulties, such as floor eggs, egg breakage, and cannibalism, pullets should be trained to lay in nests while they are on range. Suitable nesting places should be provided for any early layers.

**Quick Frozen Foods  
To Be Improved**

The quick frozen foods you buy at the grocery store or have prepared for your locker soon will be tastier because of University of Texas research.

Dr. Byron E. Short and Horace E. Staph, mechanical engineering faculty members, have developed analysis methods to predict more accurately the requirements for quick-freezing a certain fruit, vegetable or meat.

Dr. Short will explain the methods September 4th in London at the Eighth International Congress of Refrigeration.

**Farm States  
Are In Favor  
Of Tax Limit**

Many farm and ranch states are among the 21 which have adopted a resolution in favor of limiting Federal individual income tax levies to 25 per cent, except in wartime.

The states which have adopted the resolution include Kansas, Nebraska, Iowa, Texas, Montana, Wyoming and Nevada. Others are Maine, New Hampshire, Massachusetts, New Jersey, Rhode Island, Pennsylvania, and Louisiana. Florida also adopted the resolution recently.

**Slow-Down Feared**  
Sponsors of the resolution argue that the high Federal individual income tax — which may go to 94 1-2 per cent in the highest brackets, is drying up the sources of venture capital, and causing serious slow-down of the industrial expansion that has raised the American standard of living.

The resolution calls for a constitutional convention to amend the 16th amendment, which at present sets no limit on the amount of income tax that may be assessed.

**14,105,640 Dimes  
For Polio Care**

"It took a lot of dimes in 1950 to take care of Texas polio patients," Ralph Frede of the National Foundation for Infantile Paralysis declared today.

14,105,640 of them, to be exact.

County Chapters of the March of Dimes organization spent \$1,410,564 for patient care in 1950, \$65,943 more than was spent for this purpose in 1949. Assisted directly with hospital and other bills were 1,645 polio patients stricken before 1950 and 1,196 who contacted the disease during the year. Chapters ended the year owing \$306,326 to hospitals and doctors in Texas.

Frede said that total receipts from the 1951 March of Dimes approximately equaled the amount spent for patient care. Figures on expenditures, he noted, did not include money spent by the National Foundation's state and national offices for iron lungs and other equipment for training of medical personnel and health education, and for other expenses which were applied to patient care.

Let's all make a vow... Give to the Youth Center Now.

### Giant Parade Climaxes Atlanta Defense Day

The largest parade since the world premiere of "GONE WITH THE WIND," seen by an estimated 125,000, climaxed Defense Day ceremonies here. More than 3,500 people marched in the parade which featured 75 vehicles and 15 military bands. Atlanta Defense Day opened the Nation's first Defense Bond drive in the national emergency.

Mr. and Mrs. G. T. England spent last week in Corpus Christi visiting in the home of their daughter, Mrs. V. V. Stevens and family. Their granddaughter, Sharon returned home with them for a visit.

### YOUR HEALTH

By Geo. W. Cox, M. D., State Health Officer

Not a single case of smallpox has occurred in Texas this year, said Dr. Geo. W. Cox, State Health Officer. Unfortunately, the fact that we have had no smallpox does not mean we are immune for all time.

"Smallpox can strike again. For example, in 1947, an infected individual from Mexico innocently carried the disease to New York City. The result was 13 cases and three deaths.

the first deaths in 35 years. Service men returning from the Orient caused an epidemic of 68 cases and 20 deaths in Seattle in 1946.

"In spite of Texas' apparent freedom from smallpox, vaccination of every child before he is a year old and re-vaccinated every three to five years is imperative. This is the only sure way to prevent the disease.

"With the speed of present day travel a person harboring smallpox could alight in our midst at any time. If the public becomes lax concerning vaccination that single case could spread as happened in New York and Seattle.

Dr. Cox asks, "When were you and your family last vaccinated against smallpox? Would you and your children be safe if exposed to this disease?"

### Polio Precautions Listed By Noted Medical Pioneer

Oklahoma City—(Special)—When Dr. W. W. Rucks, one of the founders of the Oklahoma City Clinic and staff member of Wesley hospital here, gives advice concerning polio, you can depend on its soundness. Dr. Rucks, who is also Medical Director for the Home State Life Insurance Company, began a brilliant medical career in 1897. Today, 54 years later, he lists some precautions which can help ward off Dr. W. W. Rucks infantile paralysis—the dread crippling disease which is more prevalent during the summer months.

First, do not over-exert or become chilled during warm weather.

Second, keep foods especially clean, and practice personal cleanliness at all times.

Third, postpone tonsil and adenoid operations when polio is widespread.

Fourth, pay prompt attention to headaches, sore throat, upset stomach, sore muscles or fever, all of which can be the first signs of polio. More definite symptoms include stiffness of the neck and back, and difficulty in swallowing or breathing.

If polio is suspected, get the patient to bed, keep others away, and ask your doctor's advice at once.

### Veneer Gives Wide Choice

One of the reasons for the ever-increasing popularity of hardwood veneer wall paneling is that it can be obtained in so many widely varied designs.

There is virtually no limit to the number of patterns which can be produced, due to the wide diversity of figure types and also to the fact that adjacent veneers from the same flitch (section of log from which veneers are cut) can be matched to make symmetrical designs.

Veneer matching has been developed to such a point that the designer can obtain almost any effect desired. In the process, veneers sometimes are squared, clipped at an angle, cut into a number of small segments or are treated in some other manner.

Manufacturers are able to produce these beautiful designs only in plywood construction, because many of the most prized woods otherwise could not be used commercially. The parts of the tree which provide the most exquisite figures—crotch, burl and stump wood in particular—have a natural tendency to crack and split, but this is overcome by applying the wood in the form of thin face veneers on plywood panels.

### Farmers Build Portable Shelters

Farmers now should be building and repairing farrowing sheds, range shelters, brooder houses and other portable structures for spring use.

As in the days of the past war, farmers are being asked to step up production in the present emergency, and more portable farrowing units and brooder houses will be needed on many farms. The materials to build new structures and reconition others, such as asphalt shingles and roll roofing, lumber, plywood and hardware, can be obtained from local building supply dealers.

Mr. and Mrs. H. D. Lewis of Dumas have returned home after visiting in the home of his mother and sister, Mrs. W. H. Lewis and Mrs. Minnie Blum. While here Mr. Lewis and his mother visited relatives in Alto Texas. Mrs. H. D. Lewis and Mrs. Blum spent several days vacationing in Mineral Wells.

From where I sit... by Joe Marsh

**Might Say**  
The Birds Got "Nettled"

Had dinner with Tik Bradley the other day, and over a frosty bottle of beer I found out about his job with the U. S. Fish and Wildlife Service.

"Now just exactly what do you do?" I asked him. "Shoot birds with a cannon" he calmly replies. Seems they actually do use a cannon—to shoot out a net over a flock of birds feeding on the ground. The birds start to take off at the sound of the shot, but the settling net brings them back to earth. Then they're banded around the leg so more can be

learned about their migratory habits. Afterwards, they're let loose—and everyone's happy.  
From where I sit, it was a good example of how when you learn the real facts they're often not as bad as they may sound at first. Like with people. Get to really know your neighbor and chances are you'll be more tolerant of his preferences—even though they're not your own. Take a good look, before you jump to conclusions.

Letter From Fire Insurance Com. To Chief Lawson

Chief Dink Lawson wants his firemen to know that it is not just his individual desires that firemen attend drill practices, but it is a requirement from higher up. Below is a letter explanatory:

FIRE INSURANCE DIVISION Board of Insurance Commissioners Austin, 11, Texas July 2, 1951

Chief A. A. Lawson Burkburnett, Texas Dear Chief:

We wish to acknowledge receipt of your drill report, which arrived today and wish to call your attention to several matters in connection with your drills. Since this is your first drill report, we want to advise that with twenty members, it is required and necessary that you must have not less than 17 to 18 members present at every drill.

Since these meetings are only held twice a month, this should not be a hardship and when something occurs on the drill night, arrangements should be made to hold the drill on some other night. This fact should be taken care of without any trouble, as there must be two drills each month regardless of the circumstances and must be carried out outside of all business and social activities. Also, please arrange to give us a more detailed account of the drill work as outlined on the enclosed guide form.

We trust that your department will have at least two representatives on hand for the Firemen's Training School, to open in College Station July 15. Sincerely yours, George C. Hawley, Chief Engineer

Louis Johnson and Henry Prinzing from the local department plan to attend the school this year at College Station.

Chief Lawson wishes to thank local citizens for their efforts toward conserving water during the past weeks. It is very necessary that a good supply of water be held in reserve at all times to be used in the event of a fire. When the fire whistle sounds, check to see that all your hydrants are closed so that if needed, plenty of water will be available.

FRANK IKARD - Continued from Page 1

As a district judge he has established an outstanding record, disposing of cases before his court at the rate of 750 a year. This is approximately three times the rate of the average district court in the state. He was elected judge of the 30th District Court for a second term in 1950 without opposition.

He is known as a tireless worker. Litigants before his court have always found they can obtain a hearing, and the public outside his court have found him ready to serve in any capacity - from committee work with groups to actual flood rescue work such as last summer when he worked around the clock taking people from their flooded homes.

Judge Ikard has always occupied a prominent place in the civic and religious activities of North Texas. Because of the life saving food packages he received from the Red Cross in German prison camps he has been active in Red Cross work
