The People of Burkburnett to See and Hear The Native Galilean Shepherd and Holy Land Travelogue in Color Films

STEPHEN A. HABOUSH and his former Shepherd's Rod

Not at all unlike the notches on a gangster's gun are the 28 big spikes imbedded in the shepherd's rod of Stephen A. Haboush. The difference is that each spike represents a jackel, hyena or wolf — not a human life.

Nowadays he spends his time lecturing before church and school groups, telling them of his boyhood as a Palestinian shepherd and showing his full color motion pictures between life and death for him and his flocks on the lonely western shores of the Sea of Galilee.

Burkburnett High School Girls' Basketball Team District Winners

The High School Girls' Basketball team has been awarded a first place trophy as the district winners this year, and will now enter the Regional play-off on March 6th and 7th. This is a Girls' Inter-Scholastic League team which won 4 conference games without any losses. Their over-all record was 17 wins and two losses during the entire season.

The team is composed of the following girls: Shirley Tyler, Captain; Shirley Willeford, Darlene Edwards, Jill Bernethy, Kay Morrison, Marilyn Walkup, Jean Bradley, Lillian Beard, Peggy Willeford, Marilyn Penn, Peggy Hodges, Marilyn Morris, Pat Bernethy and Patsy McAfee who is manager.

World Day of Prayer Observed Friday In Nazarene Church

Inside Dope

By Louis Littlefair

Been reading a lot of things in the papers lately that does everything but make a fellow smile. For instance all about the nice neat little way the gas company put over a very nice job of getting their hands in the people pockets for more dough which in a way was the fault of all of us for not letting our council men know that if they wanted to give the Lone Star Gas company something, it was not the approval of the majority.

Therefore it is going to be a rare opportunity for the people of Burkburnett to hear and meet this native son of Galilee when he and madame Haboush present their Bible Land Musical travelogue of the Holy Land in natural color films and other special features.

Burk Men Attend Bee Keepers Meeting At Iowa Park

Norman Duke, Agriculture teacher of Burkburnett, and Winford Henry attended a meeting of the North Texas Bee Keepers Association last Tuesday night at Iowa Park. This meeting proved very interesting, both to Duke as agriculture teacher and to Henry, as a bee keeper.

Mrs. Scruggs Hostess To Federated Missionary Society

The February meeting of the Federated Missionary Society was held at the home of Mrs. Ramon Scruggs.

The picture you will have the pleasure of seeing on the screen at the Palace theatre come Sunday running for two days will have the entire town splitting their sides with laughter. If it is hilarity you have been waiting for it is here in a four star frolic "Monkey Business" which has a combination of stars that always brings to the screen nothing but the best. Cary Grant, Ginger Rogers and that luscious dream of the screen Marilyn Monroe together with that ever laughable Charles Coburn. The very take off starts rolling along in a merry mix up and from then on you'll want the laughable mix up to go on forever. Don't miss the hilarity of the year at the Palace come Sunday and running thru Monday.

Sales Barn Opens Sat. Many Head Cattle Already At Barn

The Burkburnett Livestock Sales Barn, Inc. will re-open Saturday, February 28th. The sale will start promptly at 1:30 P. M.

Cattle, in many classes, are already at the barn, with more coming in each day. Saturday is expected to be a big day on East Third Street when the bidding gets under way.

Directors for the new organization are expected to be announced some time during Saturday's sale. Ballots were mailed out earlier in the week and are supposed to be at the Sales Barn by 1:30 Saturday afternoon.

Red Cross Drive In Burkburnett Starts March 1st

The annual Red Cross drive for funds will start in Burkburnett March 1st, according to P. K. Allen, Burkburnett chairman.

Mrs. Scruggs Hostess To Federated Missionary Society

The February meeting of the Federated Missionary Society was held at the home of Mrs. Ramon Scruggs.

The business session was presided over by the president, Mrs. Bill Cauthorn. The annual report was presented. Among the many projects of the society was the providing of milk and groceries for an elderly lady all last year. Blankets, clocks, baskets of food, clothing, and financial help were given to families. Radios, clocks, ties, magazines, sewing materials and many other useful articles were taken to the State Hospital in Wichita Falls. Christmas gifts were taken to both the State Hospital and County Home.

Burkburnett Pioneer Farmer Passed Away Wed.

James Harvey Bentley, Sr., 70, Clay and Wichita County pioneer, passed away Wednesday noon in a Wichita Falls hospital. Funeral arrangements were incomplete at the time of this writing.

The Burkburnett farmer, who was born in Illinois on October 31, 1881, came as a child in 1890 to Thornberry, Texas. He married Tennessee Wailer of Ft. Sumner, New Mexico, in 1918. At the time of his death he had lived in Wichita and Clay Counties for 67 years. He was a member of the Methodist Church at Wichita Falls.

Survivors include his widow; a son, J. H. Bentley, Jr., of Burkburnett; two sisters, Mrs. T. M. Rannels of Maywood, California; and Mrs. Leslie Howard of Wichita Falls; four brothers, Charles H. Bentley of Chattanooga, Oklahoma; George J. Bentley, of Washington, D. C.; John Bentley of Bowie, Texas; and Lloyd H. Bentley of Dawn, Texas. There were three grandchildren.

Owens-Brumley Funeral Home is in charge of the arrangements.

Cheryl Ann and Jimmy Dale, children of Mr. and Mrs. John Rigby, Jr., of Dallas, are visiting in the home of their grandparents, Mr. and Mrs. John Rigby, Sr., of this city.

Morris Bookbinder was brought home from the hospital at Wichita Falls yesterday and his condition is improving at this writing.

Protection Against Polio Paralysis

A little girl is inoculated with gamma globulin to immunize her against the paralyzing effects of polio. Tests with the blood plasma derivative last summer showed that one dose protects a child for about one month. Part of the blood collected by the Red Cross is now going into the production of gamma globulin for use in polio epidemics.

Mrs. Walter Bohner Hostess For Burk Art Group

The Burkburnett Art Group met last Wednesday the 18th with Mrs. Walter Bohner. Tentative plans for an exhibit by Karl Bunch of Taos, New Mexico were made for the latter part of March to be held here in Burkburnett. This is quite an achievement for such a small group to be able to bring to our city such an outstanding artist, who will also be exhibiting in Abilene, Wichita Falls, Bowie and Breckenridge. Further announcement will be made as soon as arrangements are completed.

The group also decided to begin all day work days, the first beginning on March 4th with Mrs. C. F. Bohner. The work sessions are being started, primarily to create enthusiasm, and getting work under way for the annual Side Walk Art Show, the date of which has not been definitely set for this year.

Mrs. Gene McCabe, very capably demonstrated Textile painting, using various stencils to form designs of different coloring, and was beautifully done. Textile paintings are being done by several members in addition to other media and this demonstration was very helpful.

Small sandwiches, cookies, and coffee were served to the following: Mesdames Owen Kelley, A. A. McKinnis, Henry Lippard, C. F. Bohner, Vic Devriesse, Gene McCabe, Dan Sheriff, two guests, Mrs. Lorita Peters, Mr. John Clarkson and the hostess.

P-T A Study Group Met Thurs. With Mrs. Williamson

The P-T A Study Group met Thursday morning, February 19 with Mrs. Howard Williamson.

Mrs. Charles Collins, president of the Wichita Falls P-T A City Council, presented the study with each one present taking part. Mrs. Collins is a very interesting speaker and has promised to help us secure slides that will help in our study.

The next meeting will be with Mrs. Vernon Duke on Thursday morning, February 26 at 9:30.

Bill Wood, who now makes his home Houston, Texas was in Burkburnett recently visiting his parents, Mr. and Mrs. J. R. Wood.

Calvary Baptist College and Avenue B

Sunday School at ten a. m. The lesson is 1 John, ch. 3 We study the Bible in our S. S. chapter by chapter and verse by verse. Come and enjoy the study of God's Word with us. Pete Bryan is S. S. Supt.

Preaching service at eleven a. m. The pastor will bring the gospel message from God's Word. There will special singing. The booster Band, led by Mrs. Edith Eidson, will sing.

Young people meet at 6:45 p. m. All youth welcome.

Night preaching service at 7:30. The pastor's message will be, "The New Heaven and The New Earth." You always have a warm hearted welcome to Calvary Baptist church, the friendly, old-fashioned missionary Baptist church. Yes, we are regular Baptist, but old-fashioned in that we believe in an old fashioned God Who hasn't changed to fit men's new fashioned ideas; we believe and teach an old-fashioned Bible that exposes sin in high and low places, and an old-fashioned Christ who saves in the old-fashioned way of repentance and faith, and Whose blood cleanses from all sin. We believe in the old-fashioned doctrines of eternal hell, heaven, water baptism by immersion, the separated life, eternal security of the believer, the doom of this world and the glorious second coming of Christ to reign and rule in His father David's throne in Jerusalem. These are some of the Bible doctrines we believe and teach. Come to see us, or invite us to come and visit with you to consider what God says in His Word.

PARKER'S FOOD STORES FOUNDED 36 YEARS AGO

A Wichita Falls grocerman who came there in 1908 to "work by the day" this week was celebrating the 36th anniversary of the founding of a string of groceries in North Texas which employs 250 people.

C. H. Parker, popularly known as Cy Parker by one and all, is celebrating the 36th anniversary of the founding of his first store at 611 Indiana with a series of specials at all of his ten stores.

Four of the stores are in Wichita Falls, with others located at BURKBURNETT, Iowa Park, Archer City, Vernon, Olney and Bowie. Following the establishment of his first store in Wichita Falls, Parker set up a second store four years later at Electra and has continued enlarging and expanding. At present there are plans "in the mill" for other expansions.

Quits the Farm

"My father was a grocer before me, and he had a hard time interesting me in the business until I got married and had to begin making money to keep a family," Parker recalled. The elder Parker first set up a grocery at Little Elm, east of Denton, and then moved to Denton for 20 years before coming to Wichita Falls in 1907.

"I got married and made a crop in Denton before quitting the farm for the grocery business when I came here in 1908," Parker said Tuesday. "I worked for the other man until 1917," he added.

Three of his sons are associated in the business with him. Garnet Parker is supervisor of the stores, Jack Parker is supervisor of the produce departments and Bob Parker is manager of the Wichita Falls Wholesale Grocery, which handles distribution for the 10 Parker's Food Stores as well as for other grocery stores throughout the area.

Senior Employees

Truman Hoffman, a Parker employee for 32 years, is manager of the Wichita Falls Wholesale Produce, another Parker enterprise behind his stores. Six of the Parker employees have 20 years or more service with the firm.

Parker's business policy has been a simple one, expressed in a few words—"We must sell our customers the best merchandise on the market for the least possible price."

W. H. Hall is manager of the Burkburnett store.

Burk Federated Missionary Society Enjoyed Luncheon

A lovely luncheon was enjoyed by the Federated Missionary Society in January. Mrs. H. C. Gilbert and Mrs. W. C. Gage were the hostesses. Sixteen members and two visitors were present for this luncheon.

Mr. and Mrs. Wood Now Able to Have Visitors

Mrs. J. R. Wood, who suffered a heart attack two weeks ago, is now improving and she and Mr. Wood, who also has been ill a long time, are now able to receive visitors in their home.

It seems like trouble and ill luck are really stacking up on the Wood's family as since they were both taken ill, they have also received bad news from two sources. Mrs. Wood was notified that her oldest brother, Frank Holley of Corinth, Mississippi had passed away this week. Then they received word that their oldest son, Lester, living in Hobbs, N. M. has been so unfortunate to have his leg broken in two places and his foot nearly severed, with his condition listed as serious.

So let's all call at the Wood's home and cheer them up in their time of trouble.

Mrs. Carswell Hostess To Caudill Circle

Mrs. W. R. Carswell was hostess to the Caudill Circle of the First Baptist WMS on Monday afternoon.

After roll call, a short business session followed. Then Mrs. Fred Hunt reviewed the first three chapters of the mission books, "The West Is Big." The review was certainly enjoyed by all.

For the social part of the meeting, Mrs. Brister had charge of a game.

Delicious refreshments were served to ten members and two visitors, Mrs. Butts and Mrs. Burton.

Girls Lose Game To Megargel

The local High School Girls' Basketball team lost their game Tuesday night with Megargel, Texas, team by a score of 50 to 44. Shirley Tyler was high point girl with a total of 28 points.

This loss will not lessen the high hopes and outstanding playing ability of these girls, however, when they enter the Regional play-off on March 6th.

Mr. and Mrs. J. G. Simpson are both confined to their home by illness. Here's wishing them both a speedy recovery.

Lions Club Each Tuesday Night, at Town Hall, 7:00 P. M.

President Vernon Duke was in charge Tuesday night. Lion Woodrow Wright gave the invocation.

Major V. H. Adrouni was the guest of J. C. Adams, Jr.

Lions John Lillie and Jim Ady were in charge of the program. Lillie introduced J. O. Dotson, Chairman of the Wichita County Red Cross Chapter, who told briefly of the need for financial support of the Red Cross, and also the need for more blood and volunteer workers. Dotson introduced Mrs. Cliff Deaton, Manager of the Wichita County Chapter of the Red Cross. Mrs. Deaton told some of the functions of the organization and of its desire to be of assistance to those in need. Also with the Red Cross workers was Barney Morgan.

Next Tuesday night Lions will be hosts to a "42"-Bridge-Canasta party at Town Hall. The party gets under way at 7:30 P. M., with the public invited to enjoy the occasion. Tickets may be purchased from any Lion member, or at the door on the night of the party.

The proceeds from the party will be used for the Lions Club Baseball Diamond fund.

Major Harvey Hawkins was welcomed as a new Lion. Lions are asked to bring tables, dominoes and cards for use next Tuesday night.

NOTICE

Any one interested in candidacy for the coming City Election must appear at the Town Hall and file an affidavit of Candidate for Public Office, not later than March 7th.

Announcement

The local High School Girls' Basketball team will play Lockett on Monday night, Mar. 2nd, with game time set for 7:30 P. M. This is a practice game.

Costs? Paye... An intellie... (Various small advertisements and notices on the right edge)

Costs? Let The Payer Worry

An intellectually (and economically) honest Iowa farmer told the American Farm Bureau Federation that the scheme of getting something from the government for nothing is "an insidious fallacy."

He (Allan B. Kline, the Federation's president) thus dilated on that fallacy: "We need to look very critically indeed at these propositions. Whenever a politician says to the farmer, 'Vote for me and I will give you so-and-so,' and fails to note there are costs involved, he is practicing a dangerous kind of political trickery."

But why should the trickster-praiser mention costs to the delighted promisee? Both of them know that the great bulk of the costs will be shelled out by taxpayers who get no benefit from that brand of largess. Heck, let the payer worry! It is patent that "the philosophy that the citizen can get something for nothing by getting it from the Central Government aids and abets inflation—a dangerous path, already long continued." But the only philosophizing done in the premises is done by the taxpayer—"goat"—the philosophy of resignation.—San Antonio (Texas) Express. Dec. 11, 1952.

Supervisors attending the meeting and making the selections were T. J. Pace of Iowa Park, Jack Walser of Electra, Henry Vaughn of Burkburnett, and A. M. Bourland of Vernon. Initial conservation agreements approved from the Iowa Park Work Unit included A. L. Holbrook, W. A. Krohn, Edward Schlaffke, and Fred Goetze of Electra. M. A. Gillis of Harrold, E. L. Watson and L. E. Bell of Iowa Park, Dr. R. H. Peterson, W. B. Sisk, W. H. Hammon, and T. O. Woodruff of Wichita Falls.

The first essays titled "Save the Soil and Save Texas" were completed this week by Senior students of Iowa Park High School. Entry are expected from all schools in the district. Electra, Burkburnett, and Wichita County 4-H members will have local awards for the best three essays from each. The V. F. W. of Electra is sponsoring the contest at Electra; the Rotary Club of Burkburnett is sponsoring the Burkburnett contest; The First National Bank of Wichita Falls is sponsoring the 4-H members contest.

Soil Conservation NEWS

G. A. Shivers of Thalia was nominated by the District Supervisors as the farmer doing the most to reclaim an eroded farm during 1952. His activities will be entered in The Fort Worth Press sponsored contest. "Save the Soil and Save Taxes." Shivers is a supervisor of the District and was with Omaha, Neb., attending the annual meeting of the National Association of Soil Conservation District Supervisors when he was selected by the other board members to this honor.

The Board selected Everett McCullough of Wichita Falls as the business and professional man rendering the greatest unselfish service to Soil Conservation in the District during 1952.

Norb Zimmerman of Burkburnett, was selected by the supervisors as the outstanding conservation farmer in the district. Zimmerman and McCullough will be submitted to the Fort

Lone Star Gas Co. Rate Increase Is Approved

The Lone Star Gas Company's application for a rate adjustment affecting approximately 1700 residential and commercial customers in Burkburnett was approved by the Council at its meeting on February 16, 1953. The increase to the average residential used (family unit) will amount to a little over two cents a day, it was pointed out by W. R. Milam of Burkburnett Manager for the gas company. He stated that similar rate revisions have been sought though out Lone Star's operating territory in Texas and Oklahoma.

Mr. Milam expressed appreciation to the City Council for "consideration of the gas company application," pointing out that the "new rate makes it possible for us to continue to maintain our standard of service on the plane desired and expected by our customers."

"Under the new rate," Mr. Milam said, "the increase per customer (family unit) will average 68 cents per month or a little over 2 cents a day. Of additional 68 cents paid by the customers each month, 36 cents will be to various taxes, thus leaving the company only 32 cents."

The Lone Star Gas Company has taken a great deal of pride in the fact that we have been able to furnish a good, adequate and dependable fuel service to our customers at the lowest possible price conducive to good business and sufficient earnings," he continued. "Our application for the rate revision here represented only the most essential and absolutely minimum increase consistent with present economic conditions. We believe it highly conservative."

"The additional revenue," he said, "is required to meet losses it net income due to increase taxes, costs of gas in the field, rising costs for gas exploration and development, wages and salaries and numerous other items. We are confident that our customers as well as regulatory bodies understand our situation because all business—and individuals too—have had to wrestle the problem of rising costs."

Prayer Meeting is held on Wednesday night at 7:15 P. M. We cordially invite you to worship with us at all times if you have no church home. ROY McCOY, Pastor.

Norb Zimmerman Nominated For Soil Conservation

Norb H. Zimmerman has been nominated as the outstanding farmer-rancher from this district in the Fort Worth Press Save the Soil and Save Texas Awards program.

Mr. Zimmerman farms 167 acres 2 1-2 miles northwest of Burkburnett. He has been on this farm 7 years, and in the past few years has been recognized many times for his soil conservation practices.

His nomination for the award is based on the following:

Norb became the operator of this farm in 1946 when the man that planted the crop of cotton and feed decided to walk off and leave the crop to the landlord and the people that had financed him. The landlord, financiers, and Norb worked out a plan whereby he would get 50 percent of the crop for completion of cultivation and harvesting. (Incidentally, when the crop was harvested, Norb's part was \$300.) This farm being bounded on 3 sides by roads it was easy to make all arrangements and examine the crop from an automobile, but, when cultivation was started there were 3 ditches from 100 to 300 feet in length that could not be crossed by tillage implements, and the drainage areas that had contributed to these ditches had lost from 25 to 75 percent of the topsoil. Norb's eyes were opening fast and he started asking questions of his neighbors. The answers were not reassuring, one comment, "that strip of feed you cultivated, has been run continuously in feed since I have known the farm, there has not been a soil improving crop grown on any of the cropland in years."

To further build up Norb's confidence a previous operator told him "I got all there was to get out of that farm 25 years ago, you will go broke, just like I did and either move or starve."

Being an ex-oil field employee and having to cope with problems was not new, but he decided to ask the assistance of his help solve the problems. The first thing to be done was to sell his landlord on a soil building

program, not much selling was needed to get the landlord's consent to Norb's going all out for a complete Soil and Water Conservation plan with the Wilbarger-Wichita Soil Conservation District. Soil surveys showed that more than 50 percent of the cropland was severely eroded by both wind and water. The plan as worked out with technicians of the District called for a complete terrace system, including a diversion terrace to divert pasture water from the cropland. At this time there was equipment for terrace construction in the community. Norb bought a whirlwind terracer and built a front end dozer for his tractor to make the fills. Farming operations such as close growing small crops, residue management, and winter cover crops of vetch with rotations interfered with construction of terraces but at the end of 3 years, 6 miles of terraces had been constructed, and as of this date 84 miles of terraces have been constructed, with this machinery on neighbor's farms.

At the end of 3 years, the 14 acre strip that had been continuously planted to feed now yields 15 to 18 bushels of wheat per acre. The first year in wheat the yield was 5 bushels per acre. The entire acreage of cropland under average annual rainfall conditions now produces 17 to 18 bushels of wheat per acre. All of the cropland has had at least one cover crop of vetch turned under and there is 20 acres of vetch up to a stand this year. Volunteer vetch can be found here and there over the entire cropland acreage. Norb tells his neighbor's "go ahead and plant vetch with in the wheat to cause dockage, the vetch seed will more than pay for the cleaning."

The pasture, through over use was producing chiefly weeds; 2 or 3 years of mowing for weed control and light stocking brought back a good stand of Blue grama and side-oat grama that was good enough for seed harvesting in the fall of 1951.

Maintenance of the terraces, contour tillage, residue management, crop rotation with legume cover crops is still being carried out, though the Conservation Plan with the District was completely finished in 1951.

Norb is never too busy to take his combine and harvest

a legume seed crop for his neighbors as well as serving as community Committeeman for the PMA.

Ordinance No. 315
AN ORDINANCE FIXING AND DETERMINING RATES AND CHARGES TO BE CHARGED FOR SALES OF NATURAL GAS TO RESIDENTIAL AND COMMERCIAL CONSUMERS WITHIN THE CITY LIMITS OF BURKBURNETT, WICHITA COUNTY, TEXAS, AND PROVIDING FOR THE MANNER IN WHICH SUCH RATES AND CHARGES MAY BE CHANGED AND AMENDED.

BE IT ORDAINED BY THE CITY COMMISSION OF BURKBURNETT, TEXAS:

Section 1. Effective with the first gas bills rendered after the date of passage and approval of this ordinance the rates and charges for sales of natural gas and natural gas service rendered to residential and commercial consumers within the city limits of Burkburnett by Lone Star Gas company, a Texas corporation, its successors and assigns, are hereby fixed and determined to be as follows:

Local Firemen Appreciated Unusual Treat

The local firemen appreciated an unusual treat Sunday while they were fighting the fire at the Redman property on First Street. Anita Betts and her husband served coffee during the fire and then after the fire, Mr. and Mrs. Hendon served coffee in their home to the firemen and the others who fought so hard to prevent further destruction along the block. These acts of kindness were greatly appreciated by all the men.

The whole area was in danger during this fire as the wind was blowing quite hard, and the people of this community were fortunate that the fire was confined to the two residences. It has been reported that the Redman property was completely destroyed and all the belongings of the Airman and his wife living there were also lost. The damage to the adjoining property was confined to the outer damage to the interior.

S-Sgt. Schroeder With Air Squadron At Adak, Alaska

S-Sgt Glen H. Schroeder, husband of Mrs. G. H. Schroeder, has recently been assigned to the 73rd Air Rescue Squadron stationed at the Adak Naval Station, Adak, Alaska.

Sgt. Schroeder is working in the Engineering Section as a Senior Engine Mechanic.

Prior to his assignment to the Aleutian Chain, Sgt. Schroeder was stationed as an Aircraft and Engine Instructor with the TTA.

Mrs. Archer Hostess To Morning Coffee

The Current Literature Club sponsored a morning coffee, Monday morning for the benefit of the Iron Lung Fund, the Heart Fund, and the Red Cross.

Mrs. C. M. Archer was hostess for this beneficial affair and it was held at her home on Rosewood.

Each lady taking part in this activity was charged ten cents for each accomodation she received. It included an entry fee, the checking of their coats, coffee, donuts, cream and sugar, and every other refreshment each of them desired.

A cake and two plates of home made candy were auctioned off and the proceeds from these were also used for the benefits.

The total amount taken in was \$19.20 and was indeed used for a good cause, as all the funds selected by the group are worthy ones. Those taking part in this entertainment and "Fund Raising Campaign" were Mesdames Blake Browning, C. R. Chambers, A. H. Lohfner, J. B. Riley, R. G. Jeffers, John Brookman, Ray Hill A. J. Harris, J. L. Chaffee, P. A. Wiggins, I. E. Warwell, D. C. Dodson, H. P. Reagan, R. W. White, and the hostess, Mrs. C. M. Archer.

Unity Garden Club Completing Projects

The Unity Garden Club is completing its five projects for the year by sending nearly \$600 worth of garden and flowers seeds to Asia and by sewing for a needy child. Monday of this week was spent in collecting garments and materials and assigning them for needed work.

The other projects were beautification of new highway entries, sowing Blue Bonnet seeds on the highways, and each member growing iris.

The club held its February meeting Friday, February 13 in the home of Mrs. H. A. Goodwin with Mrs. W. B. Short and Mrs. C. W. Ramsey co-hostess.

At this meeting Mrs. Will Lake of Ft. Worth was elected an honorary member of the Unity Club recognition of her outstanding work in Garden Clubs.

The club members have put out 128 plants and bulbs this year. This indicates there will be more beautiful yards in town this year.

The district two meeting of Garden Clubs will be held at Midwestern University on February 26, with registration at 9:30. Mrs. W. B. Hamilton will bring the program. She is a nationally recognized authority on flower arrangements and will be an interesting speaker and demonstrator to all flowers lovers.

Mrs. Ralph White showed colored pictures of flowers and flower garden in New Orleans, Florida and Mexico. The Mexico pictures were made by Mrs. J. B. Riley. Mrs. White filled in for Mrs. T. L. Stewart, who was ill. Sixteen members were pre-program. One guest, Mrs. Sam sent to enjoy the interesting Weaver, was present.

The next meeting will be March 10 instead of March 11 with Mrs. J. A. Davey.

All enjoyed the delicious refreshment plate.

Sally Armstrong from Porterville, Calif. is in the city visiting in the home of Mr. and Mrs. Ferris Bell. Mrs. Armstrong plans an extended visit here.

Friendship Class Has Sweetheart Banquet

Members of the Friendship class of the First Baptist church entertained their husbands on Thursday evening, February 12, with a "Sweetheart Banquet." It was held in the basement of the church.

The group, led by Mr. John Williams and Miss Louise Stamps and accompanied by Miss Ruth Denton, sang: "When You and I Were Young Maggie" and "Down by The Old Mill Stream."

Mrs. Lester Coats read, "An Old Sweetheart of Mine."

To carry out the theme of the banquet, Mrs. J. C. Adams introduced the following couples, who represented scenes from Yester-Year, as Mr. Williams and Miss Stamps sang the songs "School-Days," represented Mr. and Mrs. Jimmy Johnson; "Let Me Call You Sweetheart," with Mr. and Mrs. Wiley Browning as Sweethearts; "Always," represented Mr. and Mrs. Will Teal; "My Blue Heaven," represented by Mr. and Mrs. Don Short; "Sweetheart of Sigma Chi," represented Mr. Williams and Miss Stamps; and "Darling I Am Growing Old," represented Mr. and Mrs. O. L. Clark. Miss Denton played "Memories between the scenes."

The party rooms were beautifully decorated to carry out the Valentine motif.

From where I sit... by Joe Marsh

Wrong "Train" of Thought

Most of us knew the streamliner stopped about four miles from town last Thursday — but we didn't know why . . .

Seems the train was hurrying along, then came the screeching of brakes — some fellow had pulled the Emergency Stop cord.

When the conductor asked him why he did it, he said, "The train was just going too fast—I wanted to get you to slow down."

From where I sit, that streamliner has been going at that speed for the past seven years with a perfect safety record and

the passengers have always been pleased. Now—along comes a fellow who wants the train to go at his speed. Some people are like that. Some still would begrudge another person's right to a temperate glass of beer even though that person wouldn't dream of flashing a "Stop" sign on their preference for, say, milk, coffee or tea. Respecting the rights of others is the only way we can keep "on the right track."

WHAT THE V.F.W. MEANS TO THE OVERSEAS VETERAN

As a Veteran . . .

The V.F.W. is always on guard against any effort to destroy your established legal rights as an honorably discharged veteran.

These rights include your entitlement—under certain conditions—to care and treatment in government hospitals, disability compensation or pensions, government insurance, burial allowance, pensions for dependents, preference credits for civil service employment, etc. Founded in 1899, long before other major veteran organizations were formed after World War I, the V.F.W. was demanding fair treatment for the nation's disabled and needy veterans. This was born the basic pattern of the "G.I. Bill of Rights."

By becoming a member of the V.F.W. you help keep the organization strong enough to protect—not only the nation's disabled veterans and the widows and orphans—but also those rights which are vital to your own security.

Veterans are Good Citizens! Be a V.F.W. Member and be a Better Citizen! Join the V.F.W. Now!

Important gasoline savings!

The Thrilling New 1953 "Two-Ten" 2-Door Sedan

You go much farther on every gallon of gas in this great new Chevrolet... and you save on over-all operation and upkeep, too!

Ask new Chevrolet owners how this great new car squeezes extra miles from every gallon of gas—and regular gas at that! The reason for this wonderful increase in economy is Chevrolet's new high-compression power. The new 115-h.p. "Blue-Flame" engine in Powerglide* models is the most powerful engine in its field, with a compression ratio of 7.5 to 1. And there's a greatly advanced "Thrift-King" engine in gearshift models—108-h.p. with 7.1 to 1 compression ratio.

And, with all its advantages, Chevrolet for 1953 is the lowest-priced line in its field. See it in our showroom!

*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional in "Two-Ten" and Bel Air models at extra cost.

Funeral Services Held Saturday For Mrs. King

Funeral services were held Saturday at the Owen-Brumley Chapel for Mrs. Sarah King. Rev. T. Lynn Stewart, pastor of the Baptist church officiated. Burial was in the Burkburnett Cemetery beside her husband, who passed away in 1923.

Mrs. King who was 87 years of age passed away at the home of her daughter, Mrs. B. R. Nash at Pampa, Texas, after an extended illness. She was born at Popular Bluff, Missouri on April 4, 1865, around the time of the close of the Civil War. She was a former resident of Burkburnett having made her home here for many years. The past three years, however, she has lived in Pampa, Texas.

Grandsons served as pallbearers. Survivors included two sons, Louis of Compton, Calif. and Claude of Wichita Falls; four daughters, Mrs. B. R. Nash of Pampa, Texas; Mrs. W. L. Fletcher also of Pampa, Texas; Mrs. Ed Steele of Seminole, and Mrs.

Wayne Franklin of Frederick, Okla. There were 50 grandchildren, 61 great-grandchildren and 3 great-great-grandchildren. Mrs. King left the number of 120 descendants in toll.

Burkburnett Is Losing One of Oldest Residences

The passing of an era for Burkburnett is marked by the sale and removal of a landmark. The old house which was the home of Mr. and Mrs. J. G. Hardin, philanthropists and benefactors of a large number of schools, colleges and churches in Texas, has seen a long interesting existence.

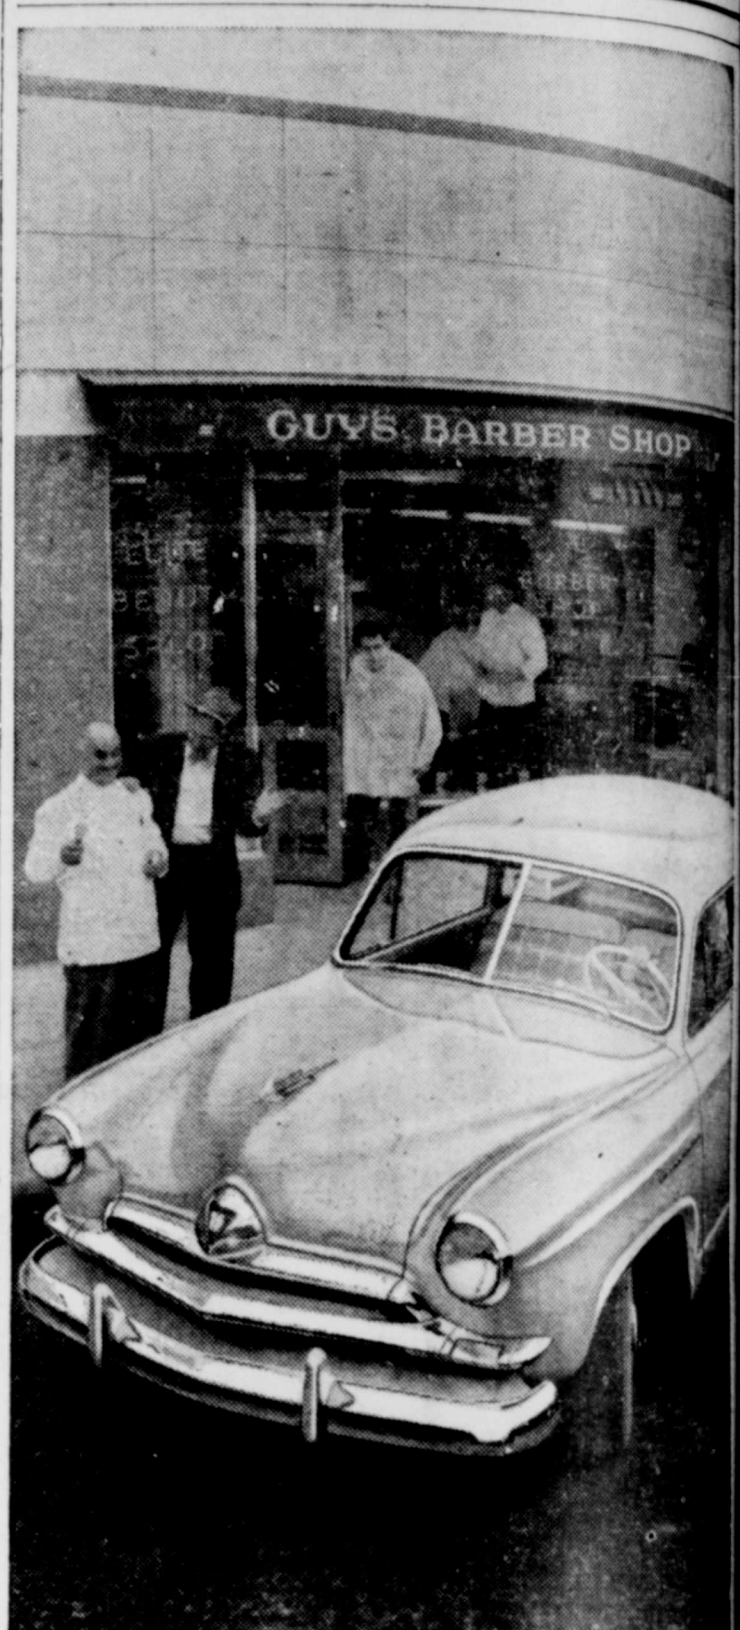

The house was built in 1888 by Hardin and his brother-in-law, Perry Funk, who worked with such skill and thoroughness that it still stands today.

Mr. and Mrs. Hardin, "Uncle Gash" and "Aunt Mollie," to all that knew them, were married in 1887, they moved into a dug-out on the plot of ground where the house now stands. The dug-out was small, so a log house was constructed to provide additional space. These in turn were followed by the spacious two-story house from lumber that was hauled in wagons from Gainesville.

The home site is a portion of the first land Hardin owned. Coming here from Tennessee, he purchased the land and had to borrow \$10 to put up as forfeit to insure the performance of the contract. With other settlers, he gathered buffalo bones off the prairie and sold them in Wichita Falls, for \$15 a ton, to provide a meager existence.

The house soon to be moved was the home of the Hardins until the early 20's, they built a new modern home on the Wichita Falls highway. When they moved to the new home, the old house and the land surrounding it were presented to the City of Burkburnett for a childrens park and playground.

Number One Job

Washington, D. C., January, 1953—Of all the baffling problems that confront the new Administration, none is so critical as Korea. It was this misadventure, beyond a doubt, that contributed more heavily than any other single issue to the Eisenhower landslide.

Since then, the situation has grown on better, fast. About the only news to punctuate the endless reports of steady attrition, has been the belated report of the court-martialing of 93 men and one officer of a Puerto Rican regiment for wholesale cowardice, hints of similar action in other outfits; and the "Operation Smack" disaster. Whether or not General Lawton Collins can satisfy Congress that this bloody defeat was not "a show for propaganda purpose", staged before an audience of high ranking officers, it is tragic evidence of the need for new thinking, new planning, new tactics.

Few soldiers in history have been assigned a more disheartening task than President Eisenhower has given Lieut. General Maxwell D. Taylor. To the Reds, the change in the US Eighth Army command means a new offensive, according to the broadcasts of Radio Peiping. And to everyone it must mean a new course of action, designed as General Ike said, on his return from this static front, to "Induce" the enemy to seek peace. But it is not likely we will know what is happening—until after it's happened.

NEW RULES

Days have gotten longer in Washington, a lot longer, with the man who sets the example for the Government's whole executive department at his desks at eight A. M.—and nights have gotten shorter, and quieter.

In spite of the recent flurry of wise-cracks about alarm clocks, there are still plenty in Washington stores. With his top aides picked largely from the ranks of working men (however wealthy) the dawn cabinet meetings cause little hardship among the principals. As for the people who have to get breakfast for them, and staff their offices—they are realizing, like Cinderella that the giddy whirl is over and it's time to get some smoke coming out of the chimney.

And speaking of smoke, it was rumored that White House office girls had been ordered not to smoke at their desks. Pinned down on the matted by newsmen, Presidential Press Secretary Jim Hagerty sparred for time, and finally reported that there had been "no flat ban" on the weed, and that the young ladies might smoke at their desks if they wished.

In his pre-inaugural New York office, Ike is said to have passed the word that there would be no more two-hour lunches, and if anybody had to have a cocktail, one would be the limit. You get the idea. So is Washington.

To Be Continued

"Nothing that the U S alone can do will ever be enough to make Europe safe," declared Secretary of State John Foster Dulles in his radio report to the nation on his whirlwind ten day survey of European capitals. The fate of the North Atlantic Treaty Organized, he said, awaits ratification of the six nation European Defense Community treaty, which includes Germany, and which is now three months overdue.

This treaty, activating a six nation "European Army" he said, would give NATO a "stout and dependable heart", and while he believes there is "a will to proceed", he warns that unless there is action soon, "progress will be difficult."

We must be sympathetic, says Mr. Dulles, to Europe's difficulties and fears and historic hatreds and must be "sober and restrained in national conduct." We must display, he said, "clear vision, righteous determination and firm performance."

He and Mr. Stassen, our Secretary of State reported, visited Rome, Paris, Bonn, Brussels, The Hague and Luxembourg. He did not mention London—although we seem to recall he was over there, arriving with scant fanfare at the very hour that Foreign Secretary Eden reported to the House of Commons his alarm over Ike's denuclearizing Formosa and it's "unfortunate political repercussions."

But perhaps Mr. Dulles is saving that for desert—and will serve it to us later.

"The nature of the crime for which they have been guilty and sentenced far exceeds that of taking the life of another citizen," declared President Eisenhower in denying executive clemency to Ethel and Julius Rosenberg. "It involves the deliberate betrayal of the entire nation and could very well result in the death of many, many thousands of innocent citizens."

We do not think that the Supreme Court, which at this writing, has twice refused to review the case, could conceivably take any other position. Nor could any honest American disagree with the President's summation, however much he may recoil at the thought of death at the hands of the law.

To have taken any other course would have injured the prestige of the law and the courts. It would have further emboldened the conspiracy to whom this miserable pair turned over our atomic secrets, and the many other spies who are busily at work among us at this moment, plotting our destruction.

From Kansas City comes word that ex-President Truman's comment was that he is sure President Eisenhower "did the right thing." We wonder whether Mr. Truman thinks he did the right thing.

The People Of Burkburnett To See and Hear The Native Galilean Shepherd and Holy Land Travelogue in Color Films

STEPHEN A. HABOUSH
Native Galilean Shepherd

to the dynamic days of the modern present in civilized America, but those two extremes are covered in the span of life of Stephen A. Haboush, a shepherd from Galilee, who has brought to America the story of Galilee and Palenstine, told as only one who was born there can tell it.

Mr. Haboush is a native Galilean. He was born on the hills about the Sea of Galilee, and in his youth tended his father's flock of sheep, just as every Galilean boy has done since the days when the Master walked among men. He came to the United States several years ago and worked his way through an American University. Recently he returned to the land of his birth and there personally took in full color motion pictures of the scenes and people of Galilee and Palenstine. He returned to America with his unusual films and thrilling story. He has written for magazines and newspapers and spoken before great audiences in many of the famous universities, colleges, churches and schools in Canada and the United States.

There is an inspiration in life and teaching of Stephen A. Haboush for everyone. His messages and travelogues bring to the material present the story of life in Galilee and Palenstine as it was and as it is, the story of the Scriptures interpreted by one to whom the scenes of the Story of the four Gospels are his native land. He is the author of "My Shepherd Life in Galilee" and in the book review of the Boston Transcript enters into the feeling of the famous bit of the world's devotional literature with insight and charm.

Mr. Haboush Travelogue that he is bringing to our community in the near future is a distant contribution to North American letters and to modern thought. It breathes the very life and mysticism of the ancient east. Part of it is delivered to the accompaniment of thrilling scenes and motion pictures in full color. Many of the scenes that he will show in this program appeared in the National Geographic Magazine and leading religious periodical. He is to appear in person with Madame Haboush and two young men to present their Bible Land Musical Travelogue "ON SACRED SOIL" at First Methodist church, Thursday March 5th at 7:30 p. m. under the auspices of Methodist Men. Rev. T. M. Jensen, Pastor.

It is a program that will be a delight and an inspiration to all who will be fortunate enough to hear him. Tickets are sold by the above organization

at a reduced rate. At the door the night of the program the admission is higher.

Jolly Time Blue Birds Celebrate Birthday of Member

A combined meeting for the Jolly Time Blue Birds and a birthday party honoring Miss Carolyn Clement, on the occasion of her tenth birthday, was held Tuesday afternoon in the home of Mrs. Howard Clement.

The meeting was presided over by the president. Eight members responded to roll call. After a short business session, the meeting was adjourned and the young guests turned to the party.

The honoree opened her lovely gifts and passed them around for all to admire. Cake and ice cream were served and each young guest received a charm bracelet as a favor. Games of competition were then enjoyed and prizes were won by Miss Jo Ann Hervey and Miss Linda Lee Bailey.

Other guests present were Master Randy Clement, Mrs. Walter Riley, and the honoree's grandmother, Mrs. Sam Lax.

Mrs. Icie Howard Hostess Bluebonnet Garden Club

The Bluebonnet Garden Club held their regular monthly meeting on February 10 in the home of Mrs. Icie Howard, with Mrs. Allie McCullough as co-hostess.

The meeting was called to order by the president, Mrs. Virgie Reeves, who welcomed Mrs. Ollie Ratliff as a new member, and Mrs. T. Lynn Stewart, a guest.

During the business meeting an invitation was read to the annual spring meeting of District Two, Texas Garden Clubs, Inc. to be held in Wichita Falls on February 28th. The Wichita Falls Garden Club will be hostess for the meeting, and all members are urged to attend. Mrs. Will Lake of Ft. Worth was voted an honorary member of the club.

A report was given to the club on the urgent need for funds for the local youth center.

The following committees were appointed: Year Book Mrs. Emily Houser, Mrs. Bertha John, Mrs. Cecil Pilgrimage Mrs. Maude Teal, Mrs. Flourice Jeffers, and Mrs. Mary Cecil.

Mrs. Earlyne Chambers was program chairman for the afternoon and presented the following:

The Dark Can Kill You

America's millionth traffic victim has been dead a year. Yet auto wrecks go right on changing our country crossroads into killer corners.

Where's the villain?
Some say "more cars on the road these days." Some point to "reckless youths" ... "lax laws" ... "drunken driving" ... "speeding."

But something else may be more to blame for auto accidents than any of these. Darkness. Plain old darkness.

Look at one case. In a Connecticut area 182 pedestrians were killed at night in two years—179 on poorly lighted streets.

Busy traffic centers are waking up fast, lighting their death-trap streets. Salt Lake City cut night deaths 92% in one area, Grand Rapids 78%, Bridgeport 93%.

Some small communities have been first to pick up the newest in lighting equipment. Oakwood, Ohio, has the largest installation of fluorescent street lamps in the country. And there's a broad-daylight look in Lyndonville, Vermont, even late at night. Fluorescent lighting as developed by General Electric has now been extended to street lighting.

Good street lighting has been a pet project of ours for years. General Electric engineers work with local officials on other community problems, too—traffic control, water shortage, waste disposal, farm and home modernization—wherever electricity can help progress. For progress is our most important product. General Electric Company, Department 2-123, Schenectady, N. Y.

-YOUR FARM BUREAU-

BY MARYE ECKELKAMP

Apparently some of our state officials didn't catch on, when the last administration in Washington lost the November election. The American people have had enough taxes, scandal, war and false promises to last a lifetime. But especially taxes.

House Bill No. 3, looked innocent enough until it became clear who was actually going to foot the bill in the raising of the local fund assignment. Nearly every school in Texas is overcrowded and every ex-

tra dollar that can should be put to use in building more and more schools. But there won't be many dollars left if our property valuation for taxation goes up every year. Frankly, the American people have almost reached the saturation point in taxation.

Speaking of dollars, did you ever look at one real close? Somewhere, it should read "worth 46 cents". However, since it doesn't it will still get you a hundred pennies in ex-

change, we will use it as an example. If you had a dollar, the chances are that you spent 38c of it for taxes, 20c for food, 25c for shelter, and 10 for clothing. Add this up and you will find that you have 7c to pay for medical expenses, car repairs, other expenses, and any of the few luxuries you might like to possess.

Don't get me wrong, I am not advocating the immediate cut in any taxes until the National Budget is balanced. After all, we have to pay it back some time, and I would rather see it done with these forty-six cent dollars than ninety-eight cent ones. We have to balance the budget, but we don't have to have higher taxes to do it. Some good old fashioned penny pinching will accomplish a lot more than higher taxes.

Americans, Texans, Burkburnetters, are getting a little touchy where taxation is concerned.

Education Costs Less Than Price Of Baby Sitters

Your child's education in the Texas public schools costs less than the hourly rate charged by the youngest baby-sitters, Chas. H. Tennyson, executive secretary of the Texas State Teachers Association, said today.

"A lot of people talk about the high cost of education," Tennyson said. "Actually, during the 1951-52 school year, the actual cost per class room hour for each child was only 21 cents.

Figures for the 1951-52 school year are the latest available. Total public school costs for that year were \$318,963,078, according to figures compiled by the Texas Education Agency. Average daily attendances was 1,213,000. Dividing that figure into the total cost shows that 262 was spent that year for each child.

Dividing \$262 by 180, the number of school days, gives a cost per day of \$1.45. Dividing \$1.45 by seven, the hours in a school day, gives an individual per hour cost of 21 cents.

Mr. and Mrs. Sidney Coby of this city are the proud parents of a baby daughter born February 15, at Sheppard Air Base Hospital. The young lady has been named Eleanor Ann.

NEWS FROM THE CONGRESS

Frank Ikard, 13 Dist. of Texas

Committees of both the Senate and House are now considering legislation to amend the Constitution to outlaw treaties President which would deprive citizens of their Constitutional rights. As I am sure you know, under our Constitution treaties become the supreme law of the land. They are, in fact, more supreme than ordinary laws passed by Congress for the laws that we pass in Congress are invalid if they do not conform to the Constitution, whereas, a rule, regulation, or law embodied in a treaty can over ride the Constitution. For example treaties can take powers away from the Congress and give them to the President. They can take powers away from the States and give them to the Federal Government, or take them away from the Federal Government and give them to some international body. In fact they could utterly destroy the rights of the people of this country given by the bill of rights in our constitution.

At this time treaties or agreements made with foreign powers may completely nullify the provisions of State Constitution State laws, State Supreme Court decisions, and federal laws covering the same subjects as the treaties cover.

The Supreme Court has held that treaties and agreements made with foreign powers by the President, even though not approved by the Congress, could supercede the Constitution and become the supreme law of the land. Even though during these times when it necessary for us to participate to the fullest extent in international relations and in organizations created on an international basis to prevent war and to provide for greater security for the free peoples of the world, we should also be very careful that no treaties or agreements made between this country and foreign countries should ever deprive us, as American citizens, of the precious rights guaranteed us under our Constitution. Therefore, it seems important to me that we take some action to amend our Constitution so as to provide that in our dealings with the other nations of the world we will not contract away our individual rights. If such legislation is passed by the Congress, and I hope it will be, then of course it will be necessary for such legislation to be ratified by at least two-thirds of the States.

This week the House acted on the first appropriation bill to come before this session which was the second supplemental appropriation bill. The bill as finally passed by the House was about 60 per cent less than the budget request. This was an encouraging sign that there possibly will be some real economy during this session of Congress. It seems to me that one of our greatest responsibilities is to work for a balanced budget can stabilize our economy and bring about a reduction in income and other federal taxes.

We were very pleased this week to have W. H. (Bill) Wright, Bill Broday and Beck Lawrence from Vernon, come by the office. Dick Hughes of Pampa, who built Faith Village in Wichita Falls, dropped in to see us.

Chirpy Blue Birds Elect Officers

The Chirpy Blue Birds met Tuesday, February 17, and elected their officers. Vicky Devree was elected president. Elected vice president was Mitzi Mills. Sherry Johnson and Pat Lowry were elected to serve as secretary and treasurer; and Romona Bridges was elected to serve as reporter for the group.

Games and refreshments were enjoyed by the group. Everyone reported an enjoyable evening at the Father-Daughter Banquet

Thank You Notice

The Order of Eastern Star of Burkburnett wishes to express their sincere thanks to the residents of Burkburnett, and our friends in Oklahoma for their cooperation in making our recent "February Frolics" a success. We would like the public to know that \$298 was netted from this affair.

Investigation is being made to determine the most profitable use of part of this money toward stamping out polio in Burkburnett.

Card of Thanks

I wish to thank my many friends for the cards, flowers and visits to me while I was in the Wichita Falls General Hospital and the McKinney Veteran's hospital. Everything was greatly appreciated.

ELECTRIC COOKING

With an electric range, you can count on faster meal-getting. It cooks with such speed that your meals are ready to serve before you know it. With its measured heat, it's the short-cut for perfect meals.

And it does this for you for only a few cents a day. Millions of women are cooking electrically. It's the fashion... because it's so fast and economical. See your appliance dealer today.

For all the hot water you need, switch to an electric water heater. You'll have plenty of hot water on tap — for all needs — day and night.

GMC covers all bases

... 19 new light truck models offer Hydra-Matic shifting

Throughout the 1/2-, 3/4- and 1-ton-capacity range, GMC presents 19 pickup, stake, panel and package delivery chassis models that offer Hydra-Matic Drive* —

as well as the highest-compression gasoline truck engines ever designed.

Dual-Range Hydra-Matic Drive has one setting for traffic — another for gas-saving open going. Hydra-Matic takes over all gearshifting effort AND judgment.

An ultramodern engine brings the tremendous lift of 8.0-1 compression with regular gasoline. And with even more power delivered to

the wheels, there's more mileage squeezed from the gas!

There's a new electrical system — greater stopping power — heavier construction.

See for yourself how these all modern GMC's are "built like the big ones" — those brawny GMC's of 26,000 GVW and up that lead all heavy-duty trucks in sales.

University Study Club Has Martha Washington Party

The University Study Club met for their annual Martha Washington Tea at the Town Hall, where decorations called attention to the approaching birthday of George Washington.

Mrs. O. E. Melton presided at the register.

Colonial costumes were worn by members of club who were hostesses.

Mrs. Ray Hill welcomed the guests.

Entertainment directed by Mrs. R. P. Reagan, program chairman, included three stories by Mrs. Jack H. Wilder of Wichita Falls. She announced her numbers as "The Great Buyer" by Swan Ethridge, "The Evangelical Bookie" by Hannah Smith, and "A Wolf Got Mama" by Frank Richardson Pierce.

A costumed square dance team directed by Leslie Kauer presented The Texas Wagon wheel, "Lady Go Half Way Round Again," "Venus and Mars," "Circle Virginia Reel," and "Cumberland Square Eight". The dancers included Misses Patsy Clack, Pat Kay Inlow, LaFaye McDonnell and Cherry Baker, Kerry Clack, Wesley Beard and Gary Inman.

As a surprise feature of the program, Mrs. Kolter modeled the wedding dress and accessories worn by Mary Katherine Jenne more than 100 years ago.

Mrs. T. M. Jensen and Mrs. Ray Hill poured tea from the lovely refreshment table. The centerpiece was of red carnations and white hatchets. Maxine Creel provided piano music for the social hour. Approximately 250 invitations were issued for this tea.

Seventeen members of the University Study Club attended.

The club will meet with Mrs. J. N. Hicks on March 4.

So this is HOUSEKEEPING

Having just won a signal victory, I'm prepared to state that some simple experimenting in typing your mate will save many precious hours trying to persuade a husband to go somewhere, do something, buy something!

As mute testimony to prove my point, our house is now graced by a new Whirlpool clothes dryer to match my automatic washing machine in a beautiful set!

Over a period of days as opening wedges I tried: Sty Hints: Me: "This is another of the 209 bad days the Weather Bureau says we can look forward to this year so I can't hang out the clothes and your shirts won't get done."

Jeff: "Doggone it, I've got to have a shirt tomorrow!" (Only a few men will see the point without further prodding.)

Flattery: Me: "You're so much smarter than I am, explain something to me. One of the features of the dryer I'd like to get is that it automatically shuts off both the heat and tumbler when the door is opened accidentally or on purpose. That's an important safety factor but I don't know how it works."

Jeff: "Sorry, I don't know either." (Some mechanically-minded men will jump at this opportunity.)

Practical Approach: Me: "The new dryer I have in mind has all sorts of wonderful advantages like an ultra-violet lamp to keep clothes air-fresh, capacity of 20 pounds of wet clothes, an automatic safety thermostat, a smoother tumbler surface that's gentle on clothes, only two dials to operate..."

Jeff: "That's nice." (Practicality is the thing a number of husbands can't resist.)

Facts and Figures: Me: "Whirlpool Corporation is the world's largest manufacturer of home laundry appliances and they say that a clothes dryer actually saves 2,973 hours over clothesline drying!"

I needn't go into detail but it's the Facts and Figures that paved the way toward convincing my-type spouse. Now that I know the format I won't waste time with hints, practical approaches or flattery. As I say, once you have him typed, the rest is easy!

Judge Lindsay said he had never tried gin and gingerale, but he had tried several who had.

This Javanese scene shows time-honored fish-breeding practices in Tjinindi pond by local fishermen.

WHO Averts Typhus Epidemic in Afghanistan

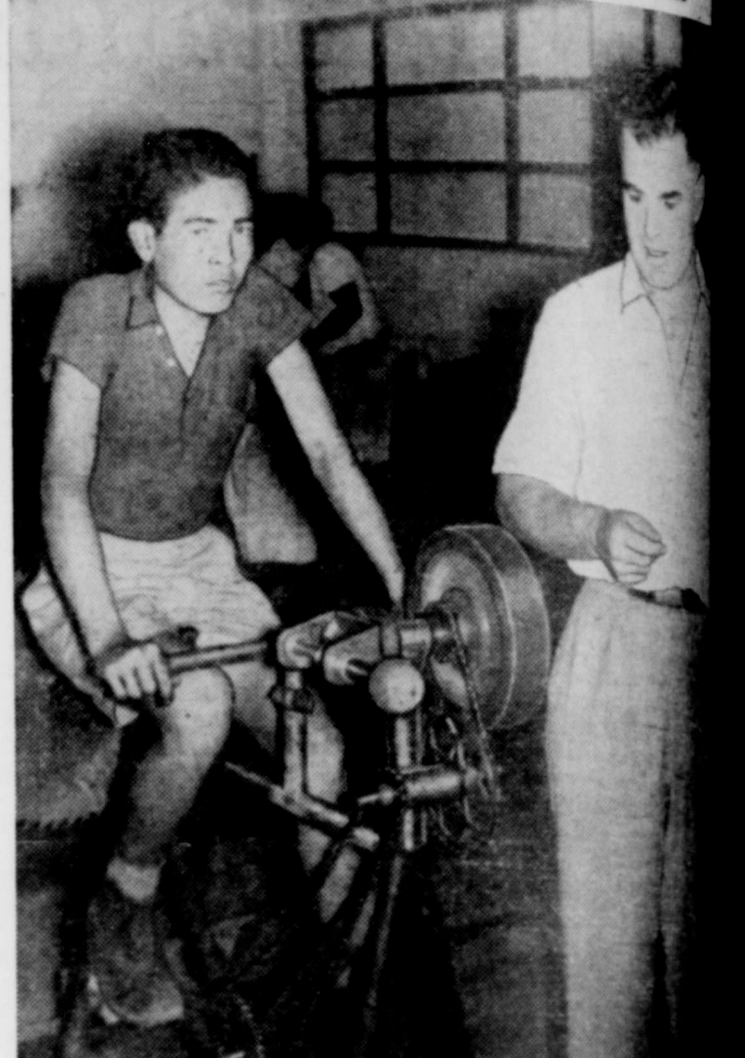

For hundreds of years, Afghanistan has been plagued by malaria and typhus. Not until the World Health Organization sent a four-man medical team to Kundus in 1951 to spray with DDT an area of 175 square miles against malaria was any organized attempt made to bring the diseases under control. During the off-season for malaria in 1951 because of favorable results. During the off-season for malaria the WHO teams tackle the typhus problem. Here a WHO team in Kabul is shown spraying the people and homes against typhus.

ILO Aids El Salvador Handicrafts Industries

In an effort to provide higher living standards for its people, the Government of El Salvador requested technical assistance from the U.N. and its specialized agencies. An outgrowth of the agreement signed in 1951 is the Cuscatlan Valley Demonstration Project which has been described as an international laboratory for the study of social, economic and technical problems. Experts sent by one of the participants, the International Labor Organization, are concerned with improvement of working and living conditions in handicrafts industries. Shown is a vendor of clay jars, production of which is an important handicraft in this Latin American country.

U.N. Helps Train Indonesian Craftsmen

As part of its program for the expansion of small industries, Indonesian Government requested the U.N. to supply experts assist in the establishment of small industries training institutes in various parts of Indonesia. Recruitment is now under way for a group of twelve specialists in such varied fields as ceramics, metal processing and glass manufacture. Pictured is one of the U.N. experts, mechanical engineer A. T. Wallbank, observing a man-operated machine or shelling copra, which then yields coconut oil.

Artist Dedicates U.N. Mural to World Peace

Mr. Jose Vela Zanetti, who is the Director of the National School of Fine Arts in the Dominican Republic, is currently painting a mural on the third floor lobby of the United Nations Conference Building. Mr. Vela Zanetti is dedicating his gift, made possible through a Guggenheim Fellowship, toward international understanding. The Spanish-born artist is shown at work on the painting which will depict, on a curved wall space 60 feet long and 10 feet high, the struggle of mankind against all enslavement.

Norway's Gift Graces U.N. Council Chamber

A painting symbolizing universal peace and freedom by the hands of enlightened men through the United Nations was recently unveiled in the Security Council Chamber at U.N. Headquarters. The 10-foot mural was painted by the famous Norwegian artist, Per Krogh, on commission from the Norwegian Government which donated the decorations and fittings of the Chamber. The mural is set into the east wall of the room and faces the gallery. Shown are two workmen completing the mural.

The highway signs shown above represent the recommendations of a group of U.N. experts for adoption throughout the world, which would enable highway users everywhere to understand road signs. Lack of understanding of any given language would not impair comprehension of the signs. The reproduced signs are the result of 20 months of work on the part of six experts appointed by the U.N. Two Major Figures in Seventh U.N. Assembly

Two outstanding figures of the Seventh United Nations General Assembly, India's V. Krishna Menon and President Lester B. Pearson of Canada, are shown below the speaker's rostrum at the close of the stormy first half of the session in the early morning of 22 December. Mr. Menon proposed the resolution for an armistice in Korea which was adopted by the Assembly and later rejected by the People's Republic of China and the North Koreans. The second part of the session is scheduled to reconvene by 24 February 1953.

Shown when they inspected a cocoa farm in British-Administered Togoland are three members of the U.N. Trusteeship Council Visiting Mission which recently returned from its tour of West African Territories. The mission is now at work on a report of its findings for the Council. Seen here are Roberto Quiros of El Salvador, H. E. Yang of China and Robert Scheyven of Belgium.

Hardin Grade P-T A Presents Outstanding Program

A panel discussion designed to present a picture of ingredients that go into the making of a community was led by Walter Riley, Tuesday night, February 24, at the Hardin Grade P-T A meeting. Taking part in the round-table discussion were: Mrs. Jimmy Johnson for the Church; Mrs. Fred Hunt for the Youth Center; Frank Kelley, Fire Department; Ralph Davis, Education; L. T. Stevens, Police Department; and Clark Gresham, Chamber of Commerce. "No community," Mr. Riley stated, "has the inherent right to survive. It must recognize the old 'survival of the fittest' law." Mr. Riley quoted from an article in a recent editorial from Quannah which brought out the fact that any town has the germ to grow, but it also has the germ to die. In a question-answer session each member of the panel discussed facts pertaining to the community and what the different organizations represented could do to help build a better community of tomorrow.

Each member of the discussion group emphasized the fact that the money each of us gives to our church, Chamber of Commerce, Youth Center, and pay in taxes, is not a donation. It should be considered as the dues we pay to belong to our community. By belonging to a community, a person has certain rights, and also certain responsibilities. How these responsibilities are met determine the kind of community we have now and will have tomorrow.

The program was introduced by Mrs. Ralph Davis. The Inman Trio, Gary, Jimmy and

Jamie, sang two numbers. Mrs. W. L. Morrow's grade won the award for highest attendance. Refreshments were served the Hospitality Committee.
