BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, JULY 2, 1953

NUMBER 50

MERCHANTS CLOSE SATURDAY, JULY 4th

We told a fellow the other day that we had our car for ten years and never had a wreck. After looking at the old bus he remarked that we had had a wreck for ten years and never had a car.

Housing Project Two Months Ahead Schedule

According to Geo. F. Byer, secretary of the Burk Burnett Housing Authority, the 52 units here is 90 days ahead of schedule. T. Thwait, general contractor, has been pushing the work with all the speed possible. The contract a November completion was set up. Things look now coming will come near September.

Work has been finished on units and all the windows in 48 units. Most of the units have been roofed all the way to the top.

More Than Two Inches of Rains Give Short Relief

Monday night and all day long, slow gentle rains fell to quench the thirst of parched plants. Some of the rain gauges in this area recorded by several inches. The effect of these rains has been seen in greener leaves and revived trees and plants which had been denied moisture in recent days.

Corwin Infant Services Held

Robert Scott Corwin, little son of Airman First Class and Mrs. Robert W. Corwin of Burk Burnett, died Monday night, June 22 in a Wichita Falls hospital.

Hubert Butts, Jr., Gets Math Degree From Ohio Univ.

Hubert S. Butts, Jr. of Burk Burnett received his doctor of Mathematics Degree Friday, June 12, from Ohio State University, Columbus, Ohio.

Wesley Bible Class Welcomes Picnic At T. Fly Home

A climax to the contest between the girls and boys of the Wesley Bible class, the girls entertained with an old-fashioned picnic in the beautiful yard of Mr. and Mrs. F. Fly.

Legionnaires To Meet July 4 and 5th

Legionnaire and Auxiliary members from posts in the 11th, 12th and 13 Congressional Districts will meet here Saturday and Sunday, July 4 and 5 for their annual Fourth Division Convention, according to Division Commander W. E. Leary of Electra.

Registration will start Saturday morning, July 4 at Convention Headquarters in the Texas Hotel. At 4 o'clock a tea will be given at the Veterans Memorial Center for visiting Auxiliary delegates.

Grace Lutheran Church

Third Street and Ave. E The Church of The Lutheran Hour

J. H. KOLLMEYER, Pastor Saturday, all day, registration for Holy Communion.

Sunday, 9:00 A. M. Sunday School and Bible class for all age levels.

Sunday, 10:00 A. M., morning service with Holy Communion. Rev. Martin Ramming, who is well known in Grace Lutheran, will preach for us.

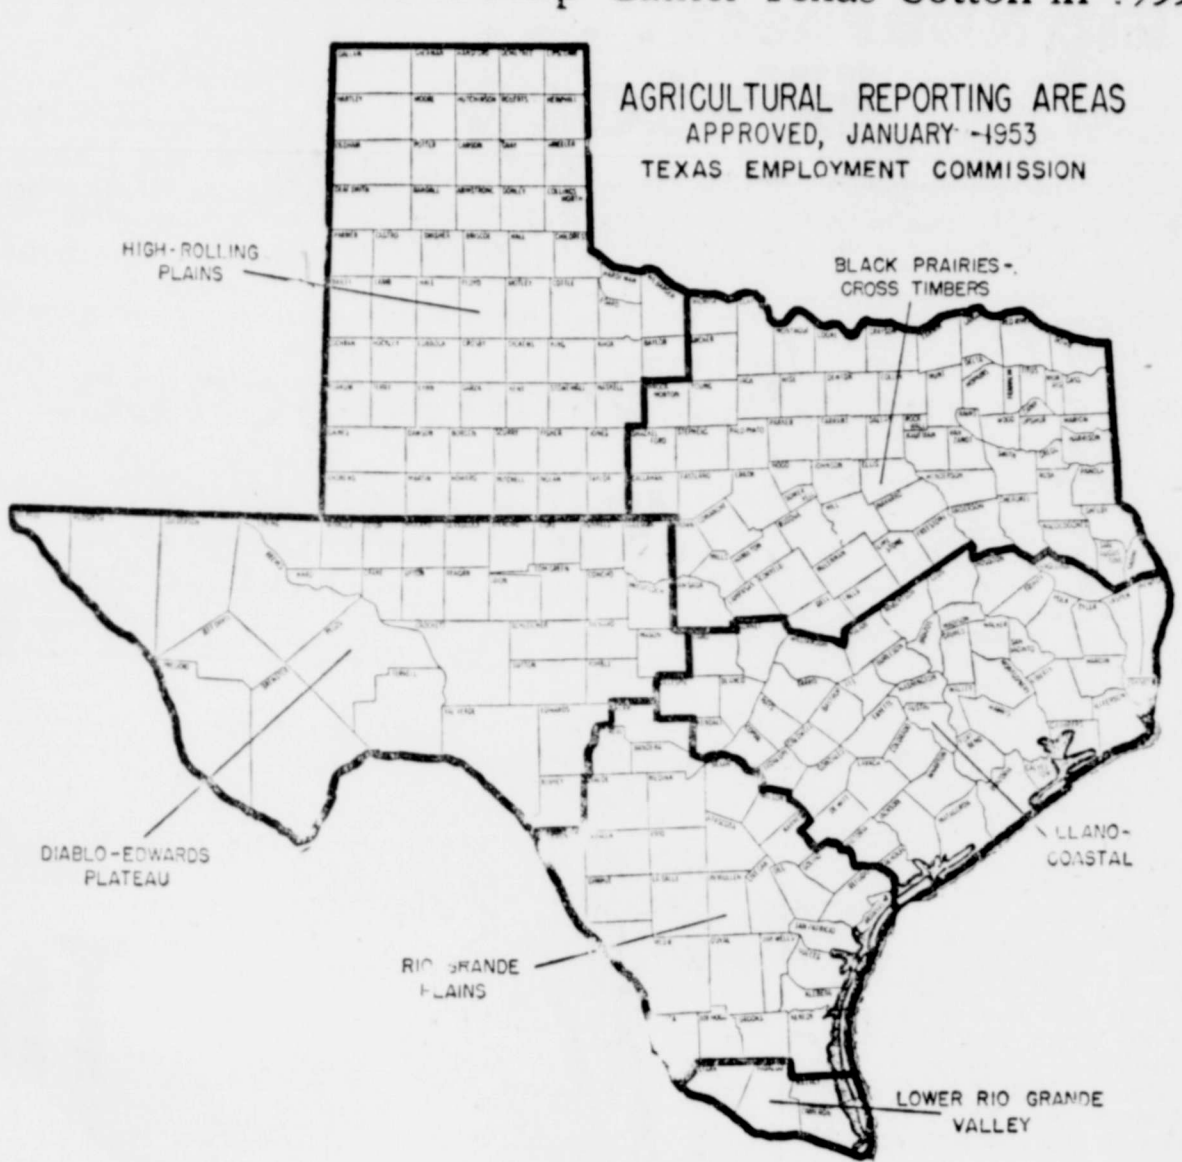

Monday, the pastor and Mrs. Kollmeyer are planning to leave on a vacation trip in Missouri. During the pastor's absence we hope to have Chaplain Wingo preach for us.

Tuesday, 2:00 P. M., the Lutheran Women's Missionary Society will have their regular monthly meeting. Mrs. Jim Lindsay will present the topic for the day, and Mrs. O. Frieling will be hostess. In this meeting the Mite Box offerings will be received.

Methodist Church

T. M. Jenson, Pastor Church School Sunday morning at 9:45.

Less Red Tape Will Be Experienced This Year In Hiring Mexican Nationals to Help Gather Texas Cotton in 1953

If Texas cannot be harvested by local labor this year and farmers are forced to contract for Mexican Nationals to get the job done, they will find a considerable amount of red tape snipped from old procedures, the Texas Employment Commission announced today.

Effective July 1, the procedure, which originally took from five to six weeks to obtain Mexican Nationals, will be shortened to the extent that farmers will be able to get these workers in a week or ten days, TEC said.

Not only has much red tape been eliminated, but the farmer's cost has been reduced from \$15 per worker to \$11 on the original contracts and from \$7.50 to \$5.50 for recontracting, the agency pointed out.

Under the old contracting procedure, farmers submitted orders all the way from 30 to 60 days in advance of actual need. This procedure worked a hardship on the farmer because of information given today possibly would not be valid 30 or 60 days hence because of weather, crop conditions or some other reason.

On top of all this, the order for Mexican Nationals had to be reviewed and approved by the Washington office of the Bureau of Employment Security. This delay was cumbersome and irritating to the farmer. This plan has been junked for one more workable. Now, the farmer need only go to an office of the Texas Employment Commission and places an order. If TEC determines that local or migratory workers are not available to do the job at the time and place specified by the farmer, then the local office will prepare an "Authorization to Contract Mexican National Agricultural Workers." The farmer will then select one of three Reception Centers — El Paso, Eagle Pass, or Harlingen—where he intends to pick up his workers, and the local office of the TEC then mails the authorization to that point. The farmer then must send his check (\$11 per worker) to the Reception Center. As soon as the check is received by the Reception Center, machinery is set in motion to get the workers from the interior of Mexico. The farmer is notified by the workers are available, TEC said. The farmer must also submit a "Statement of Housing and Facilities," which describes the housing and living facilities offered. These must meet minimum standards for the number of workers who used.

A farm employer who used Mexican Nationals in 1952 will not be required to furnish such statement this year, provided he does not request more workers than he had in 1952. If he does need more workers than he used in 1952, a new statement of Housing and Facilities will have to be furnished, TEC said.

As under the old procedure, workers are contracted to individual farm employers and associations on the basis of individual need, however, under the new system, allocations are made on the basis of a total agricultural area need. The state has been divided into six Agricultural Areas set up on the basis of similarity of crops grown, climatic conditions, type of soil, the traditional movement of farm labor, and certain other factors. The areas are High Rolling Plains of the Texas Panhandle; Black Prairies-Cross Timbers areas; Diablo Edwards Plateau; Rio Grande Plains; Lower Rio Grande Valley and the Llano Coastal areas.

After determining the number of workers locally available and migrant workers who normally flow into the area, it is found that no shortage exists, Mexican Nationals cannot be contracted in that area. If a shortage results after taking the above facts into consideration, a ceiling or quota of Mexican Nationals will be allocated to the area sufficient to offset the shortage. Whenever crop conditions or other factors in an area create a change of 10 per cent or more in supply or demand, the ceiling for Mexican Nationals may be reviewed and revised if necessary.

Farmers desiring additional information concerning the contracting of Mexican Nationals should go to the nearest local Texas Employment Commission office.

Model of a deadly mosquito is studied by Charles L. Garret-Jones, an entomologist of the World Health Organization, who is working with a Malaria Control Demonstration team in Lebanon. The British insect expert will help instruct Lebanese sanitary inspectors who study at the new Public Health Department of the University of Beirut. Mrs. Jones, who designed the model, looks on.

Burkburnett Star Has Its Troubles With Breakdowns

For the first time in the history of the newspaper, it began to look as if there might not be a paper published this week. The Star is in the midst of lengthening its building next door to the City Hall to extend all the way to the alley. That in itself has caused inconveniences and delays and crowded working conditions. There was a sort of lean-to affair on the back of the building which has housed the big newspaper press and some other equipment for many years. That eye-sore had to be torn down and the press and other stuff moved into the main structure. So, last Friday and Saturday was heavy moving day. Pete Bates, contractor for the new addition, came in with a crew of workmen and made the unpleasant moving job seem easy.

Up until Monday everything was good as could be expected under the circumstances. Then for no apparent reason the Linotype machine went completely haywire and pulled a non-production strike. Coaxing, petting, sweat and tears helped not a bit. All day Monday, Tuesday and Wednesday the brute still refused to budge. It started coughing up a little type Wednesday night at six o'clock and by working to the wee hours it began to appear there might be a paper after all this week.

The trouble is still not entirely eliminated. Don't be alarmed about your eyes if the lines seem to shimmer and fade out at the right side of the column. It's just the fault of the type and you are not aging as fast as you might have suspected.

The trouble will be pursued until eliminated, so please bear with us.

Safety Street Signs Erected

The safety signs, proclaiming the safety for women and children in Burk Burnett are bringing in lots of favorable comment, both from local citizens and travelers who pass through our town. Said one motorist: "I never saw anything like these signs, but they do give the stranger a feeling of security. There must be some mighty good people in Burk Burnett."

These signs were put up at the suggestion of L. T. Stephens, Burk Burnett Chief of Police.

State Renews 4-H Program of Special Interest To Girls

The National 4-H Dress Revue award program has been approved for 1953 by the State Extension State Extension Service.

In this program, which is open to all girls participating in the 4-H Clothing program, members learn to dress appropriately in keeping with a well planned family budget, and to develop poise, proper posture and habits of good grooming. The popularity of this program is reflected in the enrollment of girls last year, which totaled 669,259. Simplicity Pattern Co. provides awards of honor medals to county blue award winners and an all-expense trip to the National 4-H Club Congress in Chicago next November to the state winner. Each state winner participating in the national presentation at the Club Congress will receive a leather cased scissors set.

County Extension Agents will furnish complete information concerning these programs.

Santa Claus is the only man who pays any attention to silk stockings when they are empty.

We've just discovered that when a fellow offers you an eye opener he's not referring to a clock.

Town Will Be Deserted On 4th

In all probability Burk Burnett will be dead as a door nail Saturday, July 4th. It will in all probability be hard to find a cup of coffee (10c please) on that day.

With stores all planning to be closed on the Fourth, many employees are planning to take advantage of the Saturday-Sunday holidays with picnics, visits to relatives, or entertaining relatives and friends.

Housewives are cautioned to check the pantry close and stock up for family needs or unexpected company.

Be extremely cautious if you plan to be driving on the highways over the Fourth. A larger number of cars will take to the highways and byways and many will be driving too fast, and some will be out with caution thrown to the wind. BE ALIVE ON THE FIFTH!

Burk Boomers Win Two Games

The Burk Burnett merchants Boomer's baseball team won 2 games over the weekend.

They won over the Duncan, Okla. last Friday night at Spudder Park 5 to 4 winning in the 9th on Charles Counter steal of home base in one of the best games this season before a small crowd of only 154 spectators.

The Burk boys feel with the record they have that they should be getting better support from their home town. Their record to date 12 games won and only one loss. The Lions club, sponsor of the light program to install lights at the ball field is busy now getting lights ready in a short time when the field is ready for night ball.

Country Owen of the team has had several calls from some good ball clubs wanting games. He says he is going to bring to Burk some of the best teams that can be secured and give the Burk people and surrounding territory baseball they will be proud to see.

The Burk boys won over Nocona, Sunday 11 to 9 for their 9th straight League win. They play at Midway this Sunday.

GRASS ROOTS OPINION

DOVER, DELA., STATE NEWS: "... we were guests at the meeting of the Dover Rotary Club... And we were greatly impressed... in the way that Larry Livingston... drove him home a very essential message about our democratic way of life. Having just returned from a tour in Europe there was added conviction in the words of Mr. Livingston when he pointed out how business enterprise in this country, large and small, makes progress by working together. For this is really how the American dream of a better life comes true."

BALTIMORE, MD., DAILY RECORD: "It is unfortunate that the charitable instincts of the public should ever be taken advantage of by unscrupulous individuals, but there are plenty of instances where 'charity rackets' have gathered in a lot of dollars. The only safe thing to do if you are approached is to check with your local Better Business Bureau or Association of Commerce."

GREENVILLE, TEXAS, EVENING BANNER: "What of the future? Bayard L. England, president of Edison Electric Institute, says that air conditioning, dust-proof and insect proof, will be as common as radio, and the push-button equipment will be more completely automatic than is dreamed of now. Thus the home manager will have still more time for community affairs and enjoying life. And perhaps, with those electric brain machines, the men will have time for extra activities—such as darning their own socks."

Bureaucrats Don't Take Chances

Countries in which the state owns or controls the oil industry have proved that if you want to keep oil in the ground let government be the boss.

In 1900 and 1901 Russia was the world's leading oil country, accounting for over 50 per cent of the world's oil. Since then her annual production has multiplied by 3, that of the United States by nearly 30. In 1951 she produced only 6 1/2 per cent of the world's oil supply, though her original petroleum deposits were probably of about the same size of those of the United States.

In Mexico, Argentina, Bolivia and now Iran, the story is much the same and the reason for failure is simple. The very nature of oil exploration precludes regimentation. Every oil field in this country, with few exceptions, was discovered as a direct result of competitive exploration. Some individual's conviction that oil could be found and his willingness to drill an exploratory well where others had given up, resulted in the discovery of such fields as Cuyama Valley and Signal Hill. The Williston Basin was just so much real estate until one company, contrary to the best judgment of many others, went in and drilled a well that turned out to be a producer.

This spirited competitive search for new deposits is the secret of the American oil industry's success. No monopoly, whether public or private, with its single and final judgment can hope to match it, and a government monopoly is the most handicapped of all. In the United States where nearly 10,000 geologists and geophysicists aid in the search for new oil or gas, only one wildcat well out of nine is a producer. What bureaucrat could afford to risk his official neck on odds like that!

A Day of Celebration—And Reflection

Our Fourth of July, with its parades, brass bands, bunting, orations, fireworks, is a symbol. It celebrates the wresting of power from a privileged few and investing it in "We, the people—"

The world is troubled today. How to get the most out of life? ways and means. It naturally involves social compacts, such as communism, socialism, facism, totalitarianism. And Americanism.

FARMERS UNION INSURANCES

Bill McLean Lavada Lovell

PHONE 894 PHONE 2201

A Capital Stock Company — Non Assessable
ALL POLICIES FULLY PARTICIPATING

"Owned by Farmers — For Farmers"

Two opinions are in deadly conflict. In man's pursuit of happiness, is it better for him to permit a small group to plan and order his daily life? By compulsion, to mould him into subordination to a plan?"

Or, to exhort him, through an inquiring mind, to think and act for himself, with confidence that he himself is competent and willing to do what should be done?"

The first depends upon arbitrary power, which, too often, becomes despotic. The second depends upon encouragement of the individual, by percept and example...

The first ideology is communism or socialism. The second is the American Way.

As we observe the Fourth of July parade, 1953, take note that it is not compulsory. You can fall in line, or go fishing. The other system has its parades, too. But under the disciplinary eye of the Kremains, you get in line, or else—

As Americans, we still have the freedom to choose... That's why we celebrate.

Burkburnett History

The OASIS on your route

The traveler of ancient times sought rest and refreshment at an oasis on his route.

So does the traveler of modern times... he stops at an oasis that prepares his automobile for another hundred miles or more of driving... at an oasis that provides ice water and a chance to stretch... at an oasis that offers clean and sanitary rest rooms... at an oasis where our traveler can give and get a friendly greeting.

Today's oasis is the service station on the American highway.

It makes your trip. It provides your contact with the country through which you're driving. On its driveway you feel at home; you get the impression wherever you stop, that this is your America.

Not one service station, but thousands of them. All along the highways you'll find them staffed and equipped to give your car the expert care it requires, to make your brief visits on their driveways comfortable and pleasant.

The service station where you buy gasoline and motor oil is your chief contact with the American oil industry. It is probably an individual enterprise; and it competes to give you better service and better products than another station down the street or on the other side of town. No small part of the oil industry's progress in the service of the motorist finds final expression on service station driveways.

HUMBLE

An added service to vacationers

Let Humble Touring Service map your trip. Secure a Touring Service request card at the Humble sign in your neighborhood, and use it to tell Humble Touring Service where you want to go. Soon you receive clearly marked road maps to and from your destination, a trip log and other helpful information. Use this service for travel anywhere in the U. S., Canada or Mexico. PARKER'S SUPER MARKET

4th JULY LOWER PRICES

"We hold these truths to be self-evident: that all men are created equal; that they are endowed by their Creator with certain inalienable rights, that among these are life, liberty, and the pursuit of happiness."
DECLARATION OF INDEPENDENCE
ALL PARKER FOOD STORES CLOSED JULY 4th
NOW AIRCONDITIONED FOR YOUR SUMMER COMFORT

GIGANTIC BEEF SALE
Because "U. S. Commercial" beef is at its peak quality this time of year—because "U. S. Commercial" beef wholesale prices are at a 3-year low—
Parker temporarily alters its policy of handling "U. S. Choice" and "Good" beef only because we feel that we owe it to you, Mrs. Housewife, to decide for yourself now while quality difference is so slight and value is so striking. Remember, Parker's back up every meat purchase with a money-back guarantee!
Here is what the U. S. Department of Agriculture has to say—steers grading "commercial" slipped to the lowest levels in more than three years. With such a report from government sources, food experts all over the nation are recommending to consumers that they take full advantage of the chance to save money on the most important food-budget item — **MEAT.**
Roger B. Corbett, Agricultural Counsel of the National Association of Food Chains advises that food retailers take positive action—offer unusual values and lower prices to their customers. And that is just what Parker Food Stores are doing. Because there is so much "Commercial" or "Economy" available at such low cost, we are offering it to those of our customers who would like to take advantage of a real buy in meat.

**Mesdames J. C. Adams, P. A. Wiggins
Directors of Santa Rosa Society**

Mrs. Paul Waggoner was hostess to the Santa Rosa Horticultural Society meeting Wednesday at the Santa Rosa Ranch. An informal luncheon and installation services highlighted the meeting.

Mrs. Joe Tom Nuckles of Chillicothe, the retiring president conducted the business meeting. Members voted to include Young and Taylor counties into the organization which is composed of seven counties.

Mrs. Waggoner announced plans for building expansions for the Spring Flower show next fall. All officers and committee members gave reports.

Mrs. Nuckles gave a review of the past year's achievements and conducted the installation

services.

New officers were Mesdames G. C. Phillips of Crowell, president; M. C. Neal, first vice president; B. B. Campbell, Knox City second vice president; Albert Jones, secretary; L. A. Andrews of Crowell, treasurer; E. P. Waggoner, honorary president and John Carmichael parliamentarian.

Directors chosen for the year were: Foard County, Mesdames G. C. Phillips, L. A. Andrews, Lucille McAdams and M. O'Connell; Hardeman County, Mesdames Bernice Duncan, W. L. Richardson, Whitely, and Hugh Brown; Knox County, Mesdames B. B. Campbell, A. J. Jungman, H. E. Wall and O. D.

**Jolly Time Blue
Birds On Overnight
Camping Trip**

The Lo-Wana Fire Group—formerly the Jolly Time Blue Birds—closed their year's work with an overnight camping trip in the Wichita Mountains. The group left the City Park at 8:30 the morning of Wednesday, June 17, with Lake Jud Johnson as their destination. A swim in the clear, cool lake was enjoyed before lunch. After a rest period, the girls voted on a name for their group and "Lo-Wana" was chosen. A group song was written and adopted. The next thing on schedule was a hike to the lookout tower, with Molly clearing the trail of all varmints. Molly, being the dog mascot of the group, enjoyed the hike as much as anyone. Another long swim until the breeze through the gap became chilly and then only one call to supper was necessary. The Camp Fire Stew and trimmings disappeared rapidly. The ceremonial was held by the camp fire with flash lights serving as candles. This was the group's first ceremonial as Camp Fire Girls. At its conclusion, a sing-song was held ending with "Sing Your Way Home" and the friendship chain.

The little campers bedded down in the moonlight. Soon it was morning. Each girl cooked her own breakfast and no fingers were burned. The campsite was cleaned, bed rolls made and loaded into cars before the signal was given to swim again. This last swim was a long one and when it was over, everyone was ready to start for home. Swimming instructions were given by the group by Mrs. Walter Riley, counselor. Two girls learned to float and swim on their back and one camper learned to swim on her side during the outing. Mrs. Olin Baley, counselor, assisted with the swimming.

The group was pleasantly surprised by having Mr. and Mrs. Tommy Counts and Debbie and Mr. Walter Riley come to the lake for supper. The two large watermelons they brought were thoroughly enjoyed. Campers taking part in this outing were: Jo Ann Hervey, Marilyn Koebbe, Irma Ned Riley, Carolyn Clement and Linda Lee Baley. Miss Olin Baley and Walter Riley sponsored the trip.

**Localite Visits
Daughter In N. Y.**

Mrs. Flora Bentley of 312 Hayworth St., just returned from a visit with her son-in-law and daughter, Air Force M-Sgt. Reginald and Myrtle Mauger of Governors Island, N. Y. Also completed a recent tour of several Southern States. Mrs. Bentley's travels were extensive and her trips brought stays in Georgia, Alabama, and Oklahoma as well as in New York.

While with her family in the Empire state, Mrs. Bentley was given regal treatment at every place of interest visited. One of the historic and important places was Governors Island, a military establishment where Sgt. Mauger is stationed, and its Recruiting Publicity Center at which the Army and the Air Force produce promotional and enlistment materials. Guided by Col. Charles Ennis, chief of the Center, Mrs. Bentley was conducted on a tour of the plant to acquaint her with military artwork, radio and television script writing, editorial writing, and printing and production.

Other spots in New York visited in Mrs. Bentley's sight-seeing tour included the Yankee Stadium, where she and her party enjoyed a lively American League baseball game; World famous statue of Liberty, China town; the Chinese Restaurant, where they enjoyed excellent Chinese cuisine; the Museum of Natural History, a day at Coney Island; and Hector's Delicatessen one of many well-known eateries comprising a chain of restaurants which, that day, had a gala opening with Mrs. Bentley and her children walking in on a surprisingly happy treatment.

Following her stay with Sgt. and Mrs. Mauger, Mrs. Bentley left for Atlanta, Ga.

**Hardin H. D. Club
Met Wed., June 24**

The Hardin Home Demonstration Club met in the home of Mrs. J. C. Mueller on June 24. After a song, prayer was offered by Mrs. M. R. Hewell. Roll call was answered by 14 members. We had four visitors. The minutes of the last meeting were read and reports from the different committees. The coming encampment will be August 4 and 5th. Each member is urged to attend. There was a demonstration on knead bread given by Mrs. Hewell. Motion was made and carried that the Hardin Club adjourn until Sept. 1st.

Delicious refreshments were served by the hostess, Mrs. Mueller and Mrs. E. J. Simons.

**Friendship Class
Enjoys Picnic
Thurs., June 26th**

The Friendship class of the First Baptist church enjoyed an outing Thursday evening, June 26, on the church lawn.

In the absence of Mrs. Butts, program chairman, Mrs. W. W. Browning had charge of the program, which included a mind reading skit between Mrs. Browning and Mrs. Teal and a Bible quiz between the class members and their husbands.

Ice Cream and cake were served to about thirty members and guests.

**Gleaners Class
Enjoys Social**

The Gleaners Sunday School class of the First Baptist church held its regular monthly social on Monday night, June 22. The meeting was held in the gracious home of Mrs. Opal Parrack.

Since the president and secretary were unable to attend, ordinary procedures were done away with and those attending spent an enjoyable informal visit to gether in the yard of Mrs. Parrack.

This Is The New Medium-Priced Car

**For Folks Who Want a Lot
of Car for Their Money**

The New Packard CLIPPER

If you've reached the point where you want more car... a larger car, a smarter car, a finer car... here it is!

Maybe you're saying: "Wait a minute! I've got to keep it around twenty-five hundred dollars. Why isn't a dressed-up, low-priced car about what I want?"

We're glad you said "about what you want" because you'd soon discover that a low-priced car dressed up like a "big car" is still a lighter, smaller car by a good deal than a Packard CLIPPER.

And besides, a Clipper gives you the choice of adding power steering, power braking or power shifting... all three, if you want them. These are real big-car features really needed for today's tough, teeming traffic.

"Is this Clipper really big?"

Well, check the dimensions: 122-inch wheelbase, 213-inch over-all length. Big as it is, it's still perfectly parkable in tight places. And out on the open highway,

You'll find that it's a big-car riding dream! You ask, "Has it got a good engine?" Yes, sir!—the most famous engine in automotive history—a Packard engine.

Has it got big-car feel on the road? Why not try a ride for yourself—with you at the wheel, and over a road of your own choosing.

So, if you've reached the point where you want more car... be sure to see and drive the new Packard CLIPPER and compare it with other medium-priced cars. The Packard dealer nearest you is listed below—see him soon!

New Packard CLIPPER

In addition to the Clipper, PACKARD is building today a car so beautiful and fine that it is applauded everywhere as "America's new choice in fine cars."

Southwestern Life's First Policy Issued Fifty Years Ago

Southwestern Life Insurance Company on July 4 observes its 50th anniversary of its first policy issued in Texas as a going concern.

It was not until July 4, 1903 that the first Southwestern Life policy for \$5,000, was purchased by Sam P. Cochran, well known Dallas business man who organized the Company through its business charter which was granted by the State on March 10 of that year.

The Company's first newspaper advertisement appeared in the Star on July 5. It announced that the Company was "ready for business" and that it had applied for a license for \$300,000 of capital. It also urged readers to "keep Texas money in Texas" a slogan which was to become familiar to Texans during the succeeding years up to

World War I.

During the half century which followed, one policy became more than one billion dollars of insurance on the lives of Southwestern Life policyowners.

Thirty-three years passed before this first policy became a claim and was paid upon the death of Mr. Cochran in 1936. But the company began to pay claims during its first years of existence and has fulfilled its primary mission by the payment during the 50-year span of more than \$173,000,000 in policy benefits to policyowners and beneficiaries.

In growing up with Texas, Southwestern Life has become the largest life company in the nation which confines its business to its home state, a position which its president, James Ralph Wood, says it could not have achieved without the confidence and largescale support of Texans whom the Company was established to serve.

"It is this friendship and good will which we gratefully acknowledge as the Company completes fifty years of service to the people of Texas," Wood said. Southwestern Life is represented here by B. H. Alexander.

Mr. Ray Hill's brother and his wife, Mr. and Mrs. Stanley Hill from Calif. were Burkburnett visitors Tuesday afternoon.

Texas State Dept. of Health

Taking note of the approach of the great patriotic national holiday, July 4th, which this country has celebrated for one hundred and seventy-seven years, Dr. Geo. W. Cox, State Health Officer, calls the attention of the citizens of Texas to some of the dangers of careless celebrating. Each year on the 5th, of July, one always reads of the appalling number of accidents which occurred over the fourth.

It is not alone the wounds received from explosives that in crease our death toll. Injuries from automobile accidents, splinters, nails and other penetrating wounds in which dirt may be carried into the skin, heighten the hazard of tetanus or lockjaw. Such wounds should be promptly treated by a physician.

If the days pleasure includes a swim, caution should be used and no attempt made to do more than your strength will permit. If a drowning takes place, artificial respiration should be started at once and continued until a doctor arrives.

Automobile accidents have usually one of three causes—exceeding the speed limit, driving on the wrong side or failing to grant the right of way. It can be seen that the chief factor in auto accidents is the judgment of the driver. Caution should guide the holiday activities so that the day may be remembered with joy instead of sorrow.

Mr. and Mrs. H. W. Beasley spent the weekend in Ft Worth with Mrs. Beasley's sister, the W. H. Harveys. They all attended the all night singing at the Will Rogers Auditorium Saturday night.

Try Gas Servel 10 Days at Home No Obligation

"Getting ice cubes is like picking lumps of sugar from a bowl."

WHAT SURER, EASIER WAY TO FIND OUT about a refrigerator than to try it? For one dollar we will deliver Gas Servel Automatic Ice-Maker Refrigerator.

For 10 days you use it. Use all the ice cubes you want... without filling, spilling and emptying trays. Forget about defrosting because it defrosts automatically. Enjoy these

and dozens of conveniences in the quietest kitchen you ever had. Only Gas Servel makes ice and cools with tiny Gas flame. No compressor or motor to make noise!

This 10-Day Home Trial is limited. If you want to find out about your next refrigerator by trying it, come in or telephone today.

Lone Star Gas Company

Texas and Southwestern Life---

Partners in Progress

for **50** Years

It was on July 4, 1903, that the first Southwestern Life insurance policy, for \$5,000, was issued to a Texan. This business transaction marked the beginning of a partnership between a Texas institution and the people of Texas—a partnership which has continued through five decades of their joint progress.

Fifty years later, one policy has become more than 300,000 policies, \$5,000 has become more than a billion dollars of financial protection on the lives of these policyowners, and Southwestern Life has honored its partnership obligation by the payment of \$173,000,000 in benefits to policyowners and beneficiaries.

Southwestern Life's faith in Texas has been the counterpart of its service to policyowners. The Company has loaned to Texas real estate owners more than \$250,000,000 in this 50-year span. It also has invested substantially in Texas state, county and municipal bonds and in the securities of Texas corporations. Thus, the savings of policyowners have provided not only financial security for hundreds of thousands of Texans but also a reservoir of capital available to help build and develop the State.

On July 4, 1953, the golden anniversary of Southwestern Life's first business transaction, the Company acknowledges, with profound appreciation, the vision and faith of its founders, the conscientious and efficient service of an unsurpassed agency force and home office staff, and the confidence and good will of Texans everywhere—all of which together have made possible the success of the Texas-Southwestern Life partnership.

Green Beans Popular When Home Canned and Garnished

Courtesy of Ball Brothers Company

"Finish your green beans . . . or no dessert!"

Does that sound familiar? Green beans can be good, good enough to tempt the appetite of a finicky child, or, for that matter, a husband who leans too much toward a meat, potato and pie diet. Especially if the green beans you serve have been canned in your own kitchen and then prepared for serving with an extra garnish!

Process Under Pressure

Choose crisp, meaty stringless beans. The beans in the pods are tiny at this stage. Wash the pods clean, then drain. If you're washing the vegetable in a pan, two or three changes of water should be used. Lift the beans out of the pan each time into a bowl or onto a clean surface and then pour out the water.

Snip off stem ends and cut or break beans into even pieces. Cover with boiling water and boil from 3 to 5 minutes. Pack the hot beans into hot jars. Add one teaspoon salt to each quart if desired and cover with boiling water. Put Dome lid on jar and screw band tight. Process pints 20 minutes and quarts 25 minutes at 10 pounds pressure. If you are canning beans which are near the shell-out stage, add 20 minutes to processing time.

Ways of Serving

When you serve the beans, serve them plain one time and "dressed up" another. One way to "dress them up" is to open the jar, heat the beans for 15 minutes, drain, season with salt, pepper and butter, and garnish with sliced raw onion rings.

Sweet-Sour Sauce, Tomato Sauce, Cheese Sauce, a touch of pork or bacon fat and bits of crisp bacon or salt pork are other ways of making green beans tasty. Serve green beans in salads, soups, stews and casseroles, too.

Try these variations and you'll find yourself actually running short on home-canned green beans! So put up plenty of them this summer. Remember—you save by canning your own!

Grandma's Sampler is Now in the Kitchen

Remember the embroidered samplers our ancestresses spent much of their early life working out? Fifty years ago, no young lady's education was considered complete until she had embroidered a sampler.

Today, as a half-century ago, the same rule holds true, but 1953's young lady has her sampler in the kitchen! Whereas grandma used to spend hours, days and months working out the intricate patterns with an embroidery stitch, the modern miss uses her sampler as a stove or utility mat.

The latest word on how to add a decorative effect to your kitchen and be practical at the same time is to use a Sampler, all-purpose stove and utility mat. Manufactured by Phoenix Table Mat Company, the mat has a quaint, original Early American sampler design on the front. It will withstand heat up to 350° which is equivalent to baking a casserole, a butter cake or a meat loaf—and is just about as hot as you'll ever want to have any kitchen appliance get that you have to handle . . . even with a potholder.

The colorful mat will add charm to your kitchen and prove an indispensable aid as well. Made to protect stove tops and other fine surfaces from heat, scratches and grease splatters, it is kept clean by a quick wipe with a damp cloth.

The Sampler, which is also called an Aristo-Mat, is 17 by 19 inches and the price is far less than you'd ever dream for such a useful and attractive kitchen device.

Make This Beach Wear From Towels And Face Cloths

Just follow the simple instructions given by the Sew and Save fashion experts of Breeze, the detergent which includes a Cannon dish towel or face cloth in every package.

DIRECTIONS FOR: BREEZE BEACH TUNIC (4 Cannon dish towels, 2 face cloths, 2 1/2 yards of cotton rope cord) Sew two towels together lengthwise for tunic front. Use 1/2 inch seam allowance so red stripes form solid panel down center. Sew two remaining towels in same way for back. Using 1 inch seam allowance, sew back and front together at sides, leaving 6 inches open at top for armholes. Leaving 15 inches open in center for scoop neckline, sew shoulders with 1 inch seam allowance. Leave 1/2 inch slits just inside neck and shoulder edges for cord to go through. Loop 18 inch lengths of cord through neck and shoulder slits at each side, draw tight and tie. For pockets, turn 1 inch hem

on three sides of face cloths and sew to tunic at hips, leaving top open. Use remaining rope cord for belt.

DIRECTIONS FOR: BREEZE BABY SHIRT AND DIAPER PANTY (2 dish towels)

SHIRT: Fold one dish towel in half across width. To make sleeves, measure 4 1/2 inches from fold and cut in two inches parallel to fold and straight down side. Sew underarm and side seams, leaving 3/4 inch slit at bottom. Make overall length of shirt 13 inches. Make 4 1/2 inch rounded neck opening, and slit down front 5 inches. Bind neck and slit with bias binding. Make small pocket from left-over diaper panty toweling. Use binding to make ties at neck.

DIAPER PANTY: Fold towel in half crosswise, then fold again lengthwise. Mark lopped-off triangle on folded towel, with 11 inch base along border and 5 inch lopped-off top along folds. Cut along marking to get diaper panty and duplicate piece for lining. Stitch both pieces together on all sides, turning in 1/4 inch hem. Sew 8 inch bias tapes on each corner for side ties.

Waterless Soil to Bloom in Jordan

Examining a soil sample in the Jordan Valley, a water development expert (left) gathers data on irrigation possibilities. The U. N. Nations Relief and Works Agency for Palestine Refugees has agreed with the Kingdom of Jordan to provide \$40,000,000 for construction of an irrigation and power dam in the region. Dry land, given water, might support up to 20,000 refugee families.

Toss in a FULL MEASURE of FLAVOR-FRESHNESS

Make your tossed greens salads better eating than ever by tossing in a full measure of the flavor freshness of our crisp salad greens. They're flavor-fresh because they're picked fresh daily on nearby farms and rushed to our market for immediate sale. You taste the difference—and the difference is FRESHNESS! So—when you're planning a salad—make it a good one. Pick your salad greens here.

Kyle Rorex, Executive Director of the Texas Council of Motion Picture Organizations (COMPO), left, presents a check for \$18,001.52 to Mayor Ralph Wolf of Waco, right, in behalf of the theatres throughout Texas which recently participated in special benefit midnight shows for the Waco-San Angelo Disaster Relief Funds. More than \$20,000 has been turned over by the Texas Motion Picture Industry to the two tornado stricken cities. The Palace Theatre of this city held a special midnight benefit show for this cause May 16th.

News From The Congress

By FRANK IKARD

The Agriculture Committee has been holding hearings all week with regard to the drought situation in the Southwest. I have attended all of these meetings in addition to conferring with the Secretary of Agriculture and others urging that some immediate program be adopted for relief to the farmers and ranchers in the critical drought area. Testimony before the Agriculture Committee has emphasized the great need for a program that would make available feed sufficient credit, and a plan to stabilize the price of livestock. One of the suggestions that has been growing in favor is a plan that would provide for the Government's buying a number of cattle, and after it has been processed, selling the beef abroad for foreign currency. By doing this we would be trading our beef for foreign money. This program, if adopted, would be substituted for the one that is now in effect whereby our Government is spending about Two and a Fourth Billion Dollars a year buying the money of foreign countries. Another thing that has been stressed is the fact that all the problems connected with the drought will not be cured with one good rain but the ranges and farms are in such condition now as a result of the drought that it will take them three to five years to get back to normal even with good rains. It is sometimes hard to make people here realize that it is necessary that something be done to relieve the condition in the fact that if the distressed conditions are allowed to continue, it might possibly bring about a break in our whole economy for we cannot long continue to go on with the price of cattle so low and the price of labor and manufactured goods remaining so high. However, I think this proposition is seen a lot clearer now that it was three or four months ago when some of us first started working on a program for relief to the drought

area, and we have been led to believe that by the first week in July that the programs will have been announced and that they will go into effect immediately. I am going to make every effort to be in the District sometime around the 1st of July in an effort to talk to as many of the farmers and ranchers as I can so that I may get their ideas about this situation and so that I can be of more help in securing the passage of necessary legislation to bring about a proper program.

Visitors from home this week were Mr. and Mrs. James B. King, Mr. and Mrs. William L. Donnell, and Mrs. Letti Deaton, of Wichita Falls, Dr. Sam B. McAllister of Denton, Tony Benoglio, Jr. of Nocona, and Mr. and Mrs. Gowan Davis of Bellevue.

VETERANS Administration Questions, Answers

603 B Main Street
Dallas, Texas

Q—If I sign up for institutional on-the-farm training under the Korean GI Bill, how much actual instruction will I get?

A—You will receive a minimum of 200 hours a year of group instruction in school, plus at least 100 hours of individual instruction. A minimum of 50 hours of the individual instruction will be on your own farm.

Q—I'm the widow of a World War II veteran, and I've been getting a pension. However it stopped because I forgot to mail in the questionnaire asking about

my annual income that VA sent me. Is there any way I can get the payments to start again?

A—You should submit the questionnaire, or other evidence of your annual income to VA. If VA receives within one year from the date it originally issued the questionnaire, and if your income does not exceed the legal maximum, the pension may be payable from the date of the last payment you received. If more than a year elapses, the payment of otherwise in order will start as of the date VA gets the new questionnaire or a new claim.

Q—I understand that with credit controls lifted it's possible to get a 30-year GI loan with no down payment. But I can't find anybody who will lend me the money on those terms. Aren't lenders required to do that under the law?

—No. Although such terms are permissible, it's still up to the lender to make his own decision as to the terms of the loan.

Q—I've just been separated

from service. I haven't applied for the GI term insurance. How will I be covered by the indemnity that protected while I was in uniform?

A—The free indemnity protects you for 120 days after separation from service. I want the GI term insurance you must apply to VA and pay your first premium within that 120-day period.

Mr. and Mrs. Al Lohr spent the weekend in Texas visiting in the home of Mr. and Mrs. Charles and daughters.

From where I sit ... by Joe Mar

Bad Case of the "Ztutters"

Our copyboy is out sick. So the editor (me) is taking over some of his chores—which include running the addressing machine on "mailing-out night."

Last week I didn't have the usual number of papers left over for sale at the office. Couldn't figure what had happened—until Chub Zimmer called to ask why he'd gotten 56 copies.

Then I realized—"Zimmer" is the last name the machine prints. Guess I forgot to turn it off . . . and it just kept grinding out Chub's name on all the remaining copies. That machine didn't know when to stop.

From where I sit, people like that sometimes. They don't know when to stop those who are prejudiced against someone with an accent, per . . . or against someone who has a cool bottle of beer with his per. So, in these columns I persuade everyone to "throw switch" on prejudice so it won't get repeated

Joe Mar

Mr. and Mrs. C. C. Hawhee and Mr. and Mrs. Jack McCasland and Don were Sunday guests in the Everett Hawhee home in Wichita Falls.

Mrs. T. C. Dillow went to Okla. City, Saturday for a two weeks visit with her son, N. L. Dillow and family.

Mr. and Mrs. Vernon Lagrove will leave this week on a vacation trip to Colo. They will be accompanied by Mr. and Mrs. John Helms and daughters of

Walters.

Mr. and Mrs. M. F. Edwards and son Dean of Paducah, Tex. spent the weekend here with Mrs. Edwards' sister, Mrs. E. Watson and Mr. Watson.

Calvary Baptist Church

College & Ave B

Sunday School at ten A. M. The lesson will be Revelation, chapter eleven—"The Two Witnesses During The Tribulation." There is a class for every age and a competent teacher for every class. The Bible is our only textbook, and we study each book in its given order—chapter by chapter and verse by verse. Pete Bryan is S. S. Supt.

Preaching service at eleven A. M. The pastor will bring the Bible message. The Booster choir, led by Mrs. Edith Eldson, will sing.

Young People meet at 7:15 P. M. under the direction of Bro. K. W. Baker and wife.

Night preaching service at 8 o'clock.

Don't forget the father and son revival we have planned to begin July 20th. The father, Norman Dollar, preaches one week, and then the son, Truman Dollar, 15 years old, preaches for one week. You won't want to miss hearing these able and fiery preachers. We will be telling you more about this revival.

You have a warm welcome to Calvary Baptist Church at all times. Our motive and purpose is to declare the whole truth of God's Word to glorify and exalt Christ, and to get people saved through hearing this Word and yielding to the persuasion of the Holy Spirit. You are never a stranger with us.

Ray C. Morrow, Pastor.

Valley View Baptist Church

IT'S SURE BEEN HOT! A cartoon character points to a thermometer showing a high temperature.

"This summer, I have put in a great many extra hours of work for my customers every day. "Air conditioners, attic fans, evaporative coolers, and portable fans have been going full blast around the clock - 24 hours a day practically every day. High temperatures, lack of rainfall and many nights without our usual cooling breeze have combined to make it an exceptionally hot summer. Electric refrigerators have had to call on their reserve power to keep food fresh and wholesome at constant temperatures under 40 degrees and to maintain ready supplies of ice cubes and cooling beverages. "Some electric bills may be higher during such extreme hot weather because of this extra work but now - when you're able to stay cool and comfortable in spite of the heat - is when your electric service really proves to be the biggest bargain in your home."
