BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, JULY 23, 1953

NUMBER 1

We've never yet seen a boy crawl under a tent to a revival meeting.

We call it our insomnia suit because it hasn't had a nap for years.

Chamber of Commerce Luncheon Each Second Monday at Town Hall Everybody Invited Each Pays for His Meal

Youth Revival At Baptist Church

Preacher

Singer

Young man from Scotland South Africa will preach in the week Youth Revival at First Baptist Church. This led by Youth for all will have as its theme, "For Jesus." It will be Sunday July 26 and through the following Services will be held at 8:00 P. M. There will be Fellowship Breakfast for people each morning at 10:00 through Friday. Young preacher, Alastair was born in Paisley, Scotland. At an early age he with his parents to South Africa where his father pastored three major cities, Johannesburg, Cape Town and Kimberley. His father was President of the Baptist Union of South Africa. Since coming to America he has been engaged extensively in the Evangelistic ministry. In 1952 he completed graduation at Baylor University and is now engaged in full-time ministry.

Forrest Fezzer, President of the General Convention of the church, Waco, writes to pastor, T. Lynn Stewart of Alastair Walker has preached to the congregation of First Baptist church with high acclaim. He has spoken before various groups in the city and always his messages of personality have been inspiring. I commend him with confidence and a deep spiritual reliance and a deep spiritual reliance and a deep spiritual rarely found. Denny of Waco will lead singing. Don led the singing at the spring Revival at church and the people love with him. These two young dedicated will be here for the first time in separate places Monday and will arrive Monday.

T. Lynn Stewart will have both services Sunday. A. M. sermon subject will be "It is Well With Thee?" He is cordially invited to all services of this Youth Revival.

NOTICE

The City Commission of Burkburnett, Texas, sitting in regular session Monday, July 20, 1953, enacted Section Two of Ordinance No. 317.

SECTION 2. The City Council shall have the authority, and does by these presents, have the authority, in order to conserve the shrubs and trees of the citizens of Burkburnett, to zone the City of Burkburnett, and through Proclamation, to allow the people of Burkburnett in those zones to use water for specified purposes set out in the Proclamation.

The zones and the days that each zone may use water for the purpose of watering shrubs and trees are as follows:

ZONE 1. To water on Monday between the hours of 6:00 A. M. to 9:00 P. M. All of the town West of the railroad tracks.

ZONE 2. To water on Tuesdays between the hours of 6:00 A. M. and 9:00 P. M. The area East of the railroad track and North of Third Street.

ZONE 3. To water on Wednesdays between the hours of 6:00 A. M. and 9:00 P. M. The area East of the railroad track and lying between Third Street and Glendale Street, considering Hayworth Street as an extension of Glendale Street.

ZONE 4. To water on Thursdays between the hours of 6:00 A. M. and 9:00 P. M. The area East of the railroad track lying between Glendale Street and Tidal Street.

ZONE 5. To water on Fridays between the hours of 6:00 A. M. and 9:00 P. M. The area East of the railroad laying between Tidal Street and Sheppard Road.

ZONE 6. To water on Saturdays between the hours of 6:00 A. M. and 9:00 P. M. The area East of the railroad track and South of Sheppard Road.

This is an experiment to see if we now have enough water to allow limited watering. If it is found that there is not sufficient water, then Section Two of Ordinance No. 317 will be revoked and the new watering ordinance will be enforced again.

Air conditioners must still have circulating pumps. Car washing will be allowed.

The City Commission has asked me to express their appreciation for the co-operation given in the past and again to ask for your continued co-operation in using as little water as possible under the above plan.

TOM R. CARLE, City Manager

Male Quartet From Bethany-Penel College to Appear at Nazarene Church

The male quartet from the Bethany-Penel College at Bethany, Oklahoma, will appear at the Church of the Nazarene in Burkburnett on Friday evening, July 24th, at 8:00 P. M.

Rev. Curtis Smith, also from Bethany, will speak on the subject, "Character, Culture and Christ." There will be no admission for this program. The public is cordially invited to attend.

Modern Study Club Holds Called Meeting

Members of the Modern Study Club met at the home of Mrs. Harlan Mills, with Mrs. Lee King, hostess, for a called business meeting.

New names were voted on for club membership. On August 24 an informal social for introducing the new members will be given.

The club voted on new club colors and flowers. Colors are red and white and flowers are red carnations.

Cokes were served to the 8 members present, after which a film of the Boomtown Parade was shown.

Mr. and Mrs. M. C. Chapman, former residents of Burkburnett now residing in Jacksboro, were Burkburnett visitors Tuesday.

REV. CURTIS SMITH

Walters Rodeo Boosters Here Tues.

Walters, Oklahoma, Rodeo boosters, some twenty cars in the caravan, paid Burkburnett a visit Tuesday afternoon. They stopped on Main Street and rendered a short musical program and announced the dates of their rodeo shows. The rodeo starts Thursday (tonight) with a big parade and continues Friday and Saturday nights of this week.

Legion Notes

From the Commander Frye-Vaughn Post No. 264

This will be the last column written by yours truly as Commander of Frye-Vaughn Post No. 264, The American Legion. The incoming officers will be installed tonight.

I want to thank those Legionaires who cooperated to the best of their ability in pushing forward the work of the Legion during the past year. Special thanks go to my Adjutant, Comrade Waldo Huddleston, who served well and faithfully; to our chaplain, Comrade Hal Mabry; to Comrade Jim Johnson, Child Welfare Chairman; to Comrade R. P. Thaxton, Finance Officer; to Comrade Howard Clement who, as Service Officer has been kept busy assisting veterans; to Comrade Leo Dudley, who was always there when needed; to Comrade Leo Boyd Evans and his wife, who so ably managed the square dances; and to many others who assisted at various times.

We started the Legion year in good shape, going over our quota on membership before January 1st for the first time since 1946. Wound up the year with 160 members.

Under the guidance of comrade Jim Johnson, the families of several veterans were supplied with groceries and other necessities during their time of need. Shoes were purchased for many children. School lunches for the child of a veteran were paid for by the Legion.

Comrade Leo Dudley saw to it that the town was decorated properly for the Boomtown Rodeo.

Flags were placed over the graves of veterans on Armistice and Memorial Days.

The Armistice Day Breakfast was a great success. The crowd exceeded expectations.

The Auxiliary, Mrs. W. P. Sims has been more active in Legion work than for some time previously. They had charge of concessions at all the dances.

Three members of the Junior Class, Jay Felty, Billy Bean and E. C. Mann were sent for a glorious week at Boy's State with the assistance of the Rotary and Lions Clubs.

The Legion award for Good Citizenship was presented to Lily Belle Hrazdill.

The Air Conditioners in the Legion Hall were overhauled and mounted on new metal stands.

Broken windows in the Legion Hall were replaced, and all windows were puttied.

Only a small part of what was hoped to be accomplished has been accomplished. Plans have been made for the future and it is hoped that the work will continue toward the ultimate goal.

My best wishes go to the incoming officers. It is hoped that they may accomplish much to further the work of the Legion. It must be remembered that only by service to the Community, State and Nation can we truly serve the American Legion. Lewis W. Brocker

BWC Met July 21 In The Home of Mrs. Luke Warren

The BWC of the First Baptist church met Tuesday night, July 21 at 8:00 p. m. in the home of Mrs. Luke Warren with Mrs. R. P. Thaxton presiding. The meeting opened by singing At The Cross. Mrs. Kent led in prayer. In the business session it was voted to help a needy school child. The members also voted to sit together on Tuesday night of the Youth Revival. Mrs. Warren brought a very interesting bible lesson and a stewardship talk was given by Mrs. Floyd Whitney. Mrs. Thaxton closed the meeting with special prayer for our Youth Revival, July 26 to August 2nd.

Delicious refreshments were served by the hostess to 12 members.

Revival Services At Assembly of God Church Announced for July 21 - Aug. 2

Rev and Mrs. Hallis Petersen started a revival at the Assembly of God church Tuesday night, July 21st. It will continue thru August 2nd. This party has traveled in 18 different states and part of Canada. They have also played and sang over 31 different radio stations. Their unique musical program will be an attraction to all. Everything from a three prong hay fork to an electric organ is among their equipment. Everyone is invited to hear this party play, sing and preach the old time gospel. Rev. J. W. Calhoun Pastor

Oil Belt League Playoff Resumed

The Oil Belt League baseball playoff, which was delayed last week on account of rain, will be resumed this week end at Spudder Park in Wichita Falls.

There will be a double-header Friday night starting at 6:00 P. M. The first game will be Burkburnett vs. Midway. The second game will find Nocona and Iowa Park as opponents. The winners of these two games will meet at 2:00 P. M. Sunday in Spudder Park for the finals. The winner Sunday afternoon, if not our own Burk Boomers, will then play the Boomers best 2 out of 3 games for District championship, and the right to go to the State meet next month at Fort Worth.

If Burk should win Friday and also Sunday, they will be the final winners and will go to the State meet. So all that can, be at Spudder Park and show the boys we are behind them and help them to victories in these two important games. The Boomers are undefeated in League play this year.

Legion Elects New Officers

The following officers were elected for the coming year at the American Legion meeting last Thursday night. Commander — Jack Alexander 1st Vice Commander — Joe Crowley 2nd Vice Commander — J. D. Dilbeck 3rd Vice Commander — Bill Allen Finance Officer — R. P. Thaxton Service Officer — Howard Clement Child Welfare Officer — Jim Johnson Chaplain — Hal Mabry Sergeant At Arms — Doyle Stocker Historian — Lewis W. Brocker

Tonight the above newly elected officer will be installed in their new offices by W. E. Lowery, Legion Division Commander for the past year. All members are requested to be present for this ceremony.

Card of Thanks

For the kindness and sympathy, for the flowers and deeds by our friends and neighbors, in the dark hour of loss of our mother and grandmother, may God bless each one.

Bob Hageman Is Outstanding FFA Boy of County

Bob Hageman of Burkburnett has been selected as the outstanding FFA boy of Wichita County. He will get an all expense paid trip to the National Convention at Kansas City, Kansas, in October.

Each year the City National Bank of Wichita Falls selects an outstanding boy of each county including Archer, Clay and Wichita. This selection is not only made on FFA work, but citizenship, scholarship, leadership and passing grades in all subjects in school.

J. V. Brookshear, And Tom Britton Heading for Colo.

J. V. Brookshear and Tom Britton are off to Colorado for a wonderful week's pack trip into the wild and untouched for fishing and sight-seeing. From the way the literature reads, it will be a fairy tale excursion.

"July 27—Glenwood Springs to Maroon Lake—Leave Glenwood Springs at 8:00 A. M. by bus for a beautiful 50 mile ride up Roaring Creek Valley to Maroon Creek, and on to Maroon Lake where camp will be waiting in the shadows of the magnificent Maroon Bells. These peaks reach skyward 14,000 feet to form an awe-inspiring gateway to the wilderness country about to be explored. A short ride to Crater Lake to get acquainted with horses.

July 28—Maroon Lake On To Showmass Lake — "Boots and Saddle," and then a climb up over knife-edge Buckskin Pass through perpetual snow crests to dramatic heights where we rest our horses at 13,000 feet and view the rugged grandeur of this magnificent wilderness. Towering peaks surround us, and as we count and identify over six of them higher than 14,000 feet, we truly feel like "Riders in the Sky." Then down through alpine meadows to camp on the shores of Snowmass Lake, a snow-fed jewel lying at the base of Snowmass Peak, 8 Miles.

The wanderers will return to the starting point August 6th. If the fellows from Burkburnett can stay "Tall In The Saddle," they should have a wonderful time.

SOLVING OIL'S MYSTERIES

We have a vastly larger number of oil products at our disposal today than we had 30 years or so ago, and they are far better in quality. A paramount reason for this progress can be expressed in one word: Research.

Petroleum research was not given a great deal of attention in this country until shortly after World War I prior to that time practically all the important laboratory work was done in Europe. Now the situation is entirely different. In both basic research, which is primarily done in university laboratories, and in applied research, which is primarily a task for industrial laboratories, the American oil industry sets the pace for the world.

Research is supported in various ways. The American Petroleum Institute, for instance, has financed 51 different fundamental research projects at about 30 institutions. As of several years ago, some 300 oil companies when providing about 1800 fellowships, scholarships or grants for research, and the number is much larger today. All manner matters are being

Dr. Robert E. Wilson, one of the country's leading oilmen, has pointed out that when the great research program started "petroleum had the dubious distinction of being one of the country's most important but least understood raw materials. Its chemical composition was practically unknown—except that it was a complicated mixture of hydrocarbons." The industry has not gone far toward solving oil's complex mysteries—to the benefit of us all.

NEVER LOST ITS GRIP

That horse Ben Franklin wrote about that lost his shoe "for want of a nail", and having lost the shoe, was lost himself—seems now to be lost for good. But not the missing nail. That's back again — that old-fashioned, square-shanked cut nail!

Two hundred years ago, no one knew how good it was. For one thing, there weren't any other kind—and for another, there weren't any scientific testing laboratories. Even a hundred years ago, when Wheeling first began making cut nail by hand-fed machine, instead of entirely by hand, in their now historic LaBelle Works, they still didn't know how good they were.

But now, today, when few people outside of the carpentry profession know what a cut nail is, or ever used one, its sterling worth can be accurately measured. Professionals have continued to use this square-shanked nail ever since it replaced the wooden peg, especially on hardwood floors and for nailing furring strips or other wooden members to concrete or cinder-blocks. And when the growing ranks of do-it-yourself enthusiasts discover that modern laboratory tests show the cut nail has 72 percent more grip in wood than the wire nail, and averages four times in building blocks; that they cut their way into wood without splitting it, rather than spreading the fibres to get through; that they are hard-tempered so they won't bend, today's backyard and basement craftsmen and home hobbyists are going to be as fussy as grandpa.

People used to look in the mouth of that horse we were talking about to see how old he was. Now-a-days they judge a craftsman by looking in his mouth too—to see what kind of nail he uses.

OLD TRICK

Next time you hear someone damning the real or alleged shortcomings of American business, and demanding more government interference with the free enterprise system as the cure, it would be well to remember a recent statement by Secretary of Commerce Weeks.

This top-level official observed that, for more than 20 years, private enterprise has been "burdened by government, punished by government and then blamed by government for not performing as many miracles as it could have, had it been free."

It's an old trick of certain politicians to throw money wrenches into the wheels of progress and then blame everyone but themselves for the results.

Burkburnett History

Revealed By Star
Files 10 Years Ago...

Petty officer 3rd class, Bill Bowman arrived this week from San Francisco, to visit a few days with his parents, Mr. and Mrs. Claude Bowman. He has been assigned a ship since the middle of May.

J. C. Martin of Houston, Tex. visited his family here Wednesday and Thursday.

Mrs. W. P. McDonald of Memphis, Tenn., is visiting her mother, Mrs. G. C. Henson. Both plan to leave Monday for a visit to Dallas and Ft. Worth.

Mrs. W. A. Strickland, W. A. Jr. and Mr. and Mrs. Kenneth Martin of Oakland, Calif., have been visiting friends in Burk.

Mrs. Jack Daniels of Borger, Texas, visited her parents, Mr. and Mrs. Bunjes of Burk Burnett before going to Camp Haan.

Calif., where her husband is stationed.

Miss Marjorie Carpenter of Pauls Valley, Okla., spent the week with Mr. and Mrs. A. L. Gilbow.

Miss Gracie Bell Jones and Mrs. C. A. Moreman are visiting friends and relatives in McKinney, Texas.

Mrs. Manilla Franks and daughter arrived last Thursday for a visit with Mrs. Frank's parents, Mr. and Mrs. Floyd Milford.

W. W. Gray, father of Mrs. A. E. Harrison of Fredricksburg, Texas is visiting in her home.

Mr. and Mrs. B. L. Turner have had Miss Wanda June Harris of Seymour, Texas as their guest for the past two weeks.

Funeral Services For Mrs. Agnes Gellner

Funeral services were held at 4:30 p. m. Monday, July 20th for Mrs. Agnes Gellner, 68, Cotton County, Okla. resident who died Saturday while enroute to a Burk Burnett Clinic. Rites were held at the First Methodist church at Burk Burnett with Rev. T. M. Jensen, pastor, officiating. Burial was in the Burk Burnett Cemetery with Owens and Brumley Funeral Home of Burk Burnett directing.

Pallbearers were Tom Shaw, Mont Bowles, Noble Pirtle, Bill Williams, Walter Manly and Jim Pirtle.

Mrs. Gellner had lived in Cotton and Tillman Counties since 1909. She was the wife of R. J. Gellner, a farmer. They lived south of Devol, Okla.

Besides her husband, survivors include three sons, Edward and James, both of Burk Burnett and Pershing of Devol, Okla., four daughters, Mrs. Edna Michna and Mrs. Ella Bryant, both of Burk Burnett, Mrs. Emily Yerby of Lawton, Okla., and Mrs. Evelyn Pannell of Devol, Okla., two brothers, Joe Balf of Wichita Falls, Texas and Theodore Balf of Grandfield, Okla., a sister, Mrs. Annie Boring of Okla. City, Okla., and 19 grandchildren.

Wesleyan Service Guild Holds Meeting July 13 at Church

The Wesleyan Service Guild met July 13th at the Methodist church. Mrs. Jim Pirtle, the president, called the meeting to order and conducted a short business meeting.

The group sang My Faith Looks Up To Thee. Mrs. Pirtle ended the devotional service with a prayer. Mrs. Ray Hill brought an interesting program on Laborers For Christ. Mrs. Edith Felgar gave the dismissal prayer.

Mrs. Jim Pirtle and Mrs. Gertrude Brown served delicious refreshments to the following: Mesdames Ray Hill, Edith Felgar, Lucille Duvall, Winford Henry and Earl D. Martin.

The next meeting will be held the second Monday night in August in the home of Mrs. Earl Martin. All members and visitors are urged to attend.

Smokes Spending

(American People Encyclopedia News Service) — The American public spent \$5.2 billion on tobacco and tobacco products last year, according to a report in the 1953 Yearbook of the American People Encyclopedia. This was an increase of approximately \$300 million over 1951. Cigarette and cigar consumption accounted for all of the increase in sales, according to the report. Sales of pipe and chewing tobacco and snuff all registered declines from the previous year's sales figures.

Total cigarette production last year was estimated at 430 billion, a three per cent increase over the preceding year. Cigar output was up four per cent to 6,000,000—the highest total since 1930.

The 97 million pounds of pipe tobacco produced during the last year was about four per cent below figures for 1951. Chewing tobacco and snuff output were each off about one per cent from the preceding year. The use of snuff in the United States has declined about 30 percent in the last 30 years.

Surging Power with a Single Purpose

Turning into traffic, you call on the surging reserve of acceleration that set new official AAA performance records for the Red Ram V-8.

SAFETY!

When you choose a car for your family, you call on your good judgment to obtain every measure of safety.

One safety factor you should certainly consider is the magnificent reserve of power that Dodge provides in the 140-h.p. Red Ram V-8 engine.

This power is there when you need it: For passing, for turning into highway traffic, for crossing intersections.

The cost of safety is very low: Dodge prices start below many models in the "lowest-priced" field.

Passing a truck on the highway, a touch of your touch brings instant response. Dodge power reserve is a great safety factor.

Powerful brakes, capable of developing more than 700 h.p. in stopping power, team up with the Red Ram V-8 engine to bring you new mastery of every driving situation.

Our Schools

The first in a series of articles explaining the minimum foundation, or Gilmer-Aikin program, is a member of the original Gilmer-Aikin Committee, which was organized in 1949 by the superintendent of schools, H. W. Stilwell, and the chairman of the Texas Teachers Association's Legislative Committee.

Mr. H. W. Stilwell, legislative fight over minimum salaries led to a commission in 1949 of the public school system and the state, almost overnight, ranking in education.

Mr. Stilwell had been working toward a goal for more than 10 years. Mirabeau B. Lamar, who in 1846 had urged the state to support the schools, the State Constitution directs the Legislature to support and maintain an efficient system of free schools.

After the passage of the minimum foundation laws in 1949, the state has been appropriating lands for the establishment of a school system. Texas has the best school system ever in the history of the state.

The passage of the minimum foundation laws in 1949, when the Legislature

studied a proposed \$2.00 minimum salary for teachers, its attention was called to the rising cost of education, the failure of the public schools to reach nearly one-third of the school age children in Texas and unsatisfactory methods of distributing state funds for education. These things, coupled with a shortage of qualified teachers and the prospect of a rapidly growing population, prompted the late Gov. Beauford Jester to suggest a comprehensive study of public education.

Senator A. M. Aikin, Jr., of Paris and Representative Cluad Gilmer of Rock Springs sponsored a resolution which created an 18 member committee to make such a study. This committee, of which former Senator James E. Taylor of Kerens was chairman, worked for eighteen months — and drew on the advice and suggestions of an estimated 100,000 laymen—before making recommendations to the Legislature and to the Governor.

This resulted in the introduction of the three Gilmer-Aikin bills and a dramatic legislative fight, which lasted five months, over them.

Their passage started a new era in public education in Texas. Under the minimum foundation program, every child of school age in Texas is guaranteed a minimum standard of education including nine months of schooling a year. More than 400 school districts had previously had shorter school years.

The cost of the program depends on school attendance, which determines the number of teachers to be employed and the amount of operating costs; training, which determines their position on the salary scale; and the number of school chil-

dren transported in school buses, which determines the transportation costs.

Thus, the cost of education can rise only in proportion to the increase in the number of children attending school and the standard of teachers employed. State financial assistance is provided in accordance with local communities' ability to support public education. This ability is measured by use of an economic index formula set forth in the law.

The minimum foundation program sets certain bare, minimum standards for the public schools. These standards, below which no school can fall, determine the amount of money needed. Each local district contributes to the cost in proportion to its ability, and the state then provides the additional money needed to maintain these minimum standards.

Good Interest Being Shown In Revival In Progress At Calvary Baptist Church

TRUMAN DOLLAR

The father and son revival at Calvary Baptist church, College and Ave., B., got into full swing this week with the father, Norman Dollar, warming our hearts with messages from the Word of God. He continues with us all this week and through Sunday night, preaching every night at eight o'clock and each morning at ten. Be sure and hear him. He will do you good by bringing you the Word of God in all of its fullness to bless and direct you.

And then beginning Monday night, July 27, the son, Truman Dollar, will take over in the preaching capacity, and continue at the same time each night and day through the following Sunday night. Just ask anyone who heard this 15 year old mighty preacher of the Word when he was with us last September, and they will tell you that you will have to go a long way to hear his beat. Now let me say this in Truman's defense. All of these words we have said about him are not to praise him, nor for advertising purposes. And most of all, Truman certainly doesn't say these things about himself, nor does he feel that he is so good. He is very humble boy, and feels desperately his need of God's help. You

sense this when you are with him. That's why we like to say these things, which we mean, about him, because he knows where his help comes from. And the God he depends on certainly stands by and helps him. Neighbor, you are the loser if you don't hear this young man preach every night you can. There is good music each night, with specials. Bro. J. C. Hanson is leading the singing. And he is one of the best in the business. Our church is air-conditioned for your comfort. Start tonight, and don't miss a single service.

Ray C. Morrow, Pastor.

VETERANS Administration

603 B Main Street
Dallas, Texas
Questions and Answers

Q—I'm a World War II veteran back on active duty, and my National Service Life Insurance policy is under waiver. Will I get my insurance dividends all the same?
A—No. National Service Life Insurance policies do not participate in dividends during the period when such premium waiver is in effect.

Q—Will my service at the U. S. Military Academy at West Point count toward my entitlement for Korean GI Bill training?

A—The time you spent as a cadet at West Point does not count toward your entitlement for training under the Korean GI Bill. The same rules applies to those attending the U. S. Naval Academy in Annapolis and the U. S. Coast Guard Academy in New London, Conn.

Q—I am a disabled World War II veteran, and I've just finished Public Law 16 training Will VA now find me a job?
A—The law does not give VA responsibility for finding employment for disabled veterans. However, if you wish VA will refer you to an appropriate State or Federal employment agency for this purpose.

Q—What happens if a Korean veteran doesn't apply for GI term insurance within 120 days after his separation from service. Is there any chance of his getting it after that time?
A—No. Under the law you must apply and pay your first premium within 120 days after you leave the service. If you wait longer than that, your chances of getting the insurance are gone for good.

Whatta life the moth must live summer in a fur coat, winter in a bathing suit.

SAVE Money . . . And You SAVE Yourself
LET US DO YOUR BAKING
Henry's Pastry Shop
ACROSS STREET FROM POST OFFICE
Please place your orders one day in advance for special occasions. Don't forget we close on Sundays

FORD SUNLINER
America's fastest selling convertible
Ford's Sunliner is the "top downers" delight! And its power-operated Breezeway top converts it to a snug, closed car in a jiffy. And it's the only low-priced convertible with V-8 power plus a choice of three great drives.

FORD VICTORIA
America's most beautiful car of its type
Again for '53, Ford's Victoria is America's "best-dressed" car. Like all '53 Fords, its Crestmark body is haultight, its picture windows give Full-Circle Visibility. And you ride in style on foam-rubber cushions over non-sag springs. Front-end road shock (the kind you feel most) is reduced up to 80%.

FORD STATION WAGONS
America's most popular Station Wagons
Ford's wood-trimmed Country Squire is a "double-duty" beauty that changes from eight-passenger sedan to hard-working cargo hauler in three minutes flat. Ford offers two other popular "quick change artists" . . . the 2-door, 6-passenger Ranch Wagon and the 4-door, 8-passenger, all-metal Country Sedan.

Your Senator Reports

LONDON B. JOHNSON

At President Eisenhower's invitation, I accompanied his party on a one-day trip to Amarillo for the conference on assistance to cattlemen and farmers hard hit by the drought.

In fact, I co-sponsored it. The assistance it authorizes will help—but not enough. The drought has made the cattlemen's situation worse. But they would be in trouble anyway, because of low cattle prices and high feed prices.

Mention of price supports for cattle was vigorously applauded at the Amarillo meeting, where some 3,000 farmers and cattlemen gathered to give their ideas about what should be done.

That fact is brought out in the appraisal of the Texas water problem made by the Bureau of Reclamation at my request. This recently issued study is attracting wide attention in Texas. The report puts forth a soundly conservation program, with both levels of government accepting definite responsibilities and with the state maintaining rights over its own water.

This appraisal, in my opinion is one of the utmost importance to everybody in Texas. The problem with which it deals affects all of us.

STABILITY IN FRANCE? At the White House luncheon for the visiting foreign ministers from France and England, French Minister Georges Bidault told me the new French Premier, Joseph Laniel, is off to a good start. He said the Premier has been given unusual powers in an effort to bring stability to the French Government, which of late has been bobbing up and down like a cork on the Colorado River.

I hope M. Bidault is right. The free world has a large stake in a stable French Government.

MEDICAL MEN: It's a good thing when members of the medical profession and members of Congress sit down together for an interchange of views and knowledge. So, I was glad of the opportunity to visit with the president and the board chairman of the American Medical Association.

Accompanying the two gentlemen to my office were my good Texas friends, Dr. A. C. Scott, Jr. of Temple and Dr. F. J. L. Blasingame of Wharton. I have the privilege of being on the Board of the Scott and White Clinic, headed by Dr. Scott, one of Texas' great men of medicine.

I suggested to the doctor that members of the AMA all over the country meet with members of the Senate and the House of Representatives while Congress is out of session. If doctors and the congressmen sit down together for some question and answer sessions, I know the results will be worthwhile.

TEXAS PERSONALITIES: Hastings Harrison of Dallas, whose wonderful work with the National Conference of Christians and Jews is well known in Texas was a welcome visitor.

Gavel From White House Wood: Was glad to be able to get Mrs. J. F. Boren of Abilene, President, Sixth District Texas Federation of Women's Clubs, a gavel made of wood taken directly from the White House. Jerry Persons, Special Assistant to the President, told me it was the very last one available.

A visitor to the office was Miss La'Jon Walker of Denton, charming daughter of the Rev. and Mrs. Philip Walker. La'Jon whose father is pastor of the First Methodist church in Denton, is here for the summer, doing social work as a member of the American Friends Service Committee. She is a student at NTSC.

Mr. Smith Goes to Washington: State Representative Vernon "Gene" Smith of Ft. Worth was in Washington last week and came by the office for a visit. R. D. Collins of Mineral Wells and John D. McCall of Dallas were here on business for the Brazos River Authority.

The dresses women wear to teas sure do.

DEVOL NEWS

Funeral services were conducted at the First Methodist church in Burkburnett, Texas, Monday at 4:30 p. m. for Mrs. Agnes Gellner, 68, who passed away Saturday enroute to a Burkburnett clinic after a long illness.

Mr. and Mrs. K. B. Uthe spent several days this week at Elk City. Sgt. and Mrs. David Hart and children will return the last of the week from Hannibal, Mo., and Minneapolis, Minn., where they have been visiting relatives and Sgt. Hart took a study course in the latter city.

Mr. and Mrs. Jess Cates have returned home after a week spent on the home of Mrs. W. H. Addington in Ardmore. Mr. and Mrs. A. L. Mays of Clinton and Mr. and Mrs. A. J. Mays, Francine and A. J. spent several days this week at Freeport Texas. Mr. and Mrs. S. M. Osborn have been looking after the TV shop in the Mays absence.

Palbearers were Tom Shaw, Mont Bowles, Noble Pirtle, Bill Williams, Walton Manly and Jim Pirtle.

Friends and neighbors honored Mr. and Mrs. Elmer L. Rogers with a farewell party Monday night, July 12th, in the auditorium. They also presented them with several nice gifts. Mr. and Mrs. Rogers and sons moved Tuesday to Calera where they have purchased a farm. Although they have retained their farming interests here, they plan on making their home on their farm near Calera.

The Devol Demonstration Club met Tuesday, July 13th, at the club house for a business meeting and social hour. Mrs. Willie Cozby won the mystery prize. The president, Mrs. K. B. Uthe, urges each one to be present at the 4th Tuesday meeting, July 28. Mrs. Helen Smith, demonstration agent, is scheduled to be here with a guest demonstrator Lois Marie Kerr of Randlett.

Sgt. and Mrs. David Mulheren are happy to announce the arrival of a son, David Robert II Saturday July 18. In A SAF hospital. Everyone doing fine, including the grandparents, Mr. and Mrs. Jack McCasland. The new arrival weighed in at 7 lbs and 1 oz.

Mrs. Ernest Wood, Sr. entertained recently with a birthday dinner for her husband. Those present included the family, Mr. and Mrs. Wood and children, Franklyn Jackie and Judy, Mr. and Mrs. T. P. Randall and Mr. and Mrs. W. A. Wood.

People Look For Quality In Car

More people look overall quality when they buy a luxury car than for any other single feature. This was the first choice by a large margin of entrants in the recent "invitation Month."

The national event drew 200,000 persons into dealer showrooms in competition for 25 Packard Clippers which will be awarded to the entrants whose descriptions are judged best. A Caribbean, the custom sports convertible, is the grand prize.

Commenting on the tabulation Fred J. Walters, Packard vice-president of marketing, said the other 60 percent of the entries covered a range of 37 different features. Driving and riding ease exterior styling, upholstery, mechanical performance, and availability of optional equipment

MRS. R. C. MOSER
Ice Cream Supper

The members of the MYF, sponsored an ice cream supper at the church Friday night. Ice cream and cake were sold and the proceeds will help to pay the ways of the members to camp at Dallas next month.

Major emphasis at the camp will be on educational opportunities and spiritual values of living and working in and using the out of doors.

Stewardship of Time — Rolston

One way in which the Christian will discharge his responsibility as a steward is through the rendering of and amount to God of the way in which he uses his time. All of us have the same amount of time. We vary greatly in the amount of money which we have at our disposal, but each of us has twenty-four hours a day, seven days in the week, and fifty-two weeks in the year. All men have the same amount of time. The difference is in the way in which they use it. Only a small fraction of the members of the Christian community will ever be able to give their full time to Christian service. And no minister will ever be entirely free from worldly cares and avocations. In this situation, it is the responsibility of every Christian to acknowledge Christ as the Lord of his time and to think through his time to decide how he may best use it for the glory of God.

If a man is in a position in which he must earn a living for himself and for those dependent on him, he will naturally have to set aside a large increase in our capacity to serve God thru the neglect of the duties that are laid upon us in the earning of a living.

But if Christ is the Lord of our time, we will not become absorbed in the making of a living that we have no time for the making of a life. In the world today much is being said about priorities. The principles that lie behind priority is that when we have a limited amount of anything we must so distribute it that the most important things come first. Every man who has the will to do so can arrange his time in such a way

that he has some place in his life for private and for public worship. This does not mean that the Christian should spend all of his spare time attending religious meetings. Each Christian must decide for himself whether his time is best used in attending some religious service or in the reading of a book or in cultivation of the life of his family, or in many of the other worth while ways in which a man uses his time. There should be in every man's life, some time for rest and recreation. In the long run we will serve God best as we learn to rest in order that we may work better.

In many cases the need of the church for members who will render and adequate stewardship of their time to God runs deeper than the need of the church for stewardship of only a limited number of people are willing to give in any large way of their time to the service of Christ. Sunday school classes are not taught, or are poorly taught, because Christians cannot be found who are willing to give the necessary time to the study of the lesson. The work of evangelism falters in the church because Christians are unwilling to give to soul winning the time that it requires. The services of the church are poorly attended because Christians are unwilling to organize their time so that they can have time for the regular attendance at public worship. If we are Christians and Christ is God, it follows that Christ is the Lord of our time. He asks us to organize our time with the understanding that we are always responsible to Him for the way in which we use our time. The consistent application of this principle by the members of any church would work far reaching changes in the life of the church.

Cooper Club

The Cooper Club met at the church annex for their regular meeting Monday, June 13th. Mrs. Moser, president, called the meeting to order at 2:00 p. m. and roll call was answered to a safety hint in observance of Farm Home Safety Week beginning July 19th-24th. Minutes of the last meeting were read by Mrs. Herbert Adams and the treasurers report given. Standing committees and special committees reported. Announcement were made concerning the annual picnic to be held August 24 at Perkins Reservation with the C. A. Clarks as host and hostess. Each family is asked to bring a basket lunch. The park Area Club has been invited also. Encampment will be August 4-5 at the High school in Holliday there will be a picnic supper the night of the 3rd, followed by a program of skits from clubs in Archer and Wichita County. July 27 instead of regular HD meeting, it was voted for the club to combine with the Friberg-Cooper Community Organization for this meeting in order that the 4-H girls would bring a demonstration on achievements of encampments at Harrel Park. Mrs. Herbert Adams, Mrs. Fred Vollmer and Mrs. J. H. Gill were appointed to help Mrs. the picnic. Mrs. R. C. Moser was nominated to go to council as delegate to the State THDA. To be held in Galveston the 30 of September and October 1st, from Cooper club. Mrs. J. H. Gill brought a program on Water Safety and Mrs. J. H. Meyer gave in full detail parliamentary rules for the Home Demonstration Club. Seventeen members and 3 visitors were present. Mrs. R. R. Kolter was hostess for the afternoon.

Mrs. George Emmertt spent Tuesday in the home of her mother, Mrs. Previe near Archer City.

Mrs. J. H. Meyer, Mrs. W. L. Doyle, Mrs. W. M. Morton and Mrs. R. R. Moser met in the home of vice president, Mrs. M. A. Turner to complete the year book for the Friberg-Cooper Woman's society of Christian Service.

Mr. Olen Baley made a business trip to Quannah this week. Charles and Jerry Darter spent this week in the home of their grandparents, Mr. and Mrs. Darter at Byers.

Community Meeting

Friberg-Cooper community organization meets July 27 at 8:00 p. m. at the Friberg church annex. The 4-H girls will be in charge of the program. The public is invited.

Mr. Morris Bookbinder was returned to his home here Tuesday evening from a Wichita Falls Hospital where he has been recovering from a heart attack. He is reported much improved.

Mrs. Ted Crosthwait and children Karen Jean and Harold Kent left for their home at Louisville, Kentucky, last Monday. They have spent five weeks at the home of Mrs. Crosthwait parents, Mr. and Mrs. S. S. Reager.

Homes Increase At Burkburnett Over Period of Last Few Years

This placid little city, with tree-lined residential streets, gives no evidence today of the wild oil boom it experienced in 1918 and 1919.

Its population, once estimated at 15,000 has settled down to a stable 6,000, 3,500 more than it had five years ago.

Some of its increase is attributed to the moving in of families of men stationed at Sheppard Air Force Base to the south, some to the resurgence of oil production under a water flooding program carried out by Magnolia Petroleum Company in the town's old shallow pools.

RURAL TRADING CENTER

Burkburnett is a rural trading center for southern Oklahoma as well as for nearby Texas territory. It benefited greatly from this year's big wheat crop, its two elevators receiving approximately 618,000 bushels from nearby wheat farms. More than 600 new homes have been built here in the last two years.

The town has a good water supply from 20 wells and has recently built a new 250,000 gallon standpipe and 65,000 gallon tank. Three new business buildings were erected last year.

Burkburnett, named for Cattle King Burk Burnett, whose ranch home once was maintained nearby was founded in 1907. Its first oil on the farm of Chris Schmoker, was struck in 1911, but there was no excitement until S. L. Fowler, tired of a long drought and thinking of selling his farm on the northwestern edge of the townsite, decided to test the land for oil first. His well was completed July 22, 1918, for an initial production of 2,200 barrels a day from a depth of 1,739 feet.

200 WELLS IN MONTH

Three weeks later 56 rigs were active in the townsite. By the end of three months nearly 200 wells were being drilled. Oil exchanges sprang up here, in Wichita Falls and Ft. Worth, to deal in Burkburnett stocks. Cots were placed in alleys here and a circus tent was converted into a hotel.

The boom subsided, only to be rejuvenated in the summer of 1919 by a northwest extension of the townsite pool. By 1919 the Burkburnett area was producing 100,000 barrels a day.

It was 1924 before the booms died away.

(By Ft. Worth Star-Telegram)

The Burk Star received a letter this week from Mr. V. C. Vann, who is in a Government Hospital in New Orleans, La. He hopes to leave the hospital by the 25th of this month. Mr. Vann enclosed a picture showing the flooded streets there following a heavy deluge of rain last Thursday morning.

One way to get rid of the noise in the rear of your car is to have her sit up front with you.

Broadcast From New 465 Ft. Tower

Viewers here are now getting clear, sharp, bright television pictures for the first time on Channel 6, KWFT-TV, Wichita Falls, this, the result of the station erecting a new 465 foot antenna. This five-bay General Electric antenna, which stands almost 500 feet above terrain, has just been placed into operation.

According to Kenyon Brown, president of the television station, many thousands will be added to the station's coverage thus being able to enjoy the finest in television entertainment. Among the CBS television shows that will be received here are the Arthur Godfrey shows, Ed Sullivan's "Toast of the Town," the Burns and Allen, "Racket Squad," "Playhouse of Stars," "Tales of the City," "Medallion Theatre," "The Web" and others.

From the DuMont Television network—"Life Begins at 80," and DuMont Boxing.

Texas State Dept. of Health

A Farm to farm, ranch to ranch survey of Texas water resources is now underway in an effort to gauge drought effect on public health.

The State Department of Health conducted a similar survey earlier this year on incorporated cities and towns, but it failed to show the status of privately owned sources, such as farm and ranch tanks and private wells.

Information is being sought by questionnaires sent from the state Health Department to all county judges. When complete, Dr. George W. Cox, state health chief says a compilation sheet will be made showing:

Towns with ample water supplies; towns with impending shortages; number of wells and tanks and the amount of water available from them how much water is being hauled and from where; steps rural organizations are taking to relieve their shortages; to what extent is land being irrigated; and what outside help is necessary to relieve shortages.

National attention has been directed to Texas in view of the drought-caused plight of West Texas cattlemen, but "there's more to this thing than just cattle," Dr. Cox said.

"When a drought becomes as widespread and as prolonged as this one, it affects every factor of state operation, including the public's health."

He said sanitation is the most serious threat posed by drought conditions.

There's some typhoid in Texas now," he indicated. "Did contaminated water cause it? We're in the process of finding out."

He said the bulk of the questionnaires are due in "soon," and that a copy of the compiled data would be turned over to the State Office of Defense and Disaster relief.

From National Safety Council

The casualty list for 1952 — 96,000 killed and 9,600 injured. That isn't the Korean war toll. It's the nation's accident totals for last year announced by the National Safety Council.

"Accident Facts," the Council statistical yearbook, which is off the press, shows that one person was injured accidentally every three seconds during 1952.

Deaths from accidents at the rate of one every minutes.
During the year, motor vehicles killed at the rate of one per hour and injured at the rate of 150 per hour.

YOUR FARM BUREAU— BY MARYE ECKELKAMP

Following a kick-off supper at the Center July 17, your Bureau is making the members pay for the office rent, the stamps, letters, the secretary the meetings everything connected with the organization.

The Board of Directors have set up a county program for the coming year. This includes the Family Nights each month. In August, we want to crown a Farm Bureau queen in style.

This fall, we hope to be able to sponsor a number of contests among the 4-H and FFA boys and girls, and rural communities. All of these things will take cash. Not only that, but these are just a few of the activities this group is planning.

This year, the workers are going out seeking new members with a new objective. Sure, we are interested in what happens in Austin and Washington in the way of Agricultural legislation. But most important we are interested in promoting activities that will benefit the farmers right here in the county. This thinking has been the big factor in the working and planning of the Board.

Speaking of the Board, you will never find a more conscious group than these men are of

the people they are representing. They are keenly aware that they are acting in the behalf of their neighbors and friends. They have tried to plan a program for Wichita County that will include the individual and his family. In this program they are incorporating the farmers need for information, entertainment, relaxation, and education. In line with this has come the bulletin, the Family Nights, and soon our Teen-age contests.

This organization is having growing pains. But we want mind these kind of pains as long as we can be of service to the farmers in Wichita County.

Gonzales Warm Springs Teaching - Aid To Children

From July through September a total of 14 physical therapy students from Herman Hospital in Houston will be enrolled in a clinical practice and instruction program at the Gonzales Warm Springs Foundation for Crippled Children.

Each student will spend three weeks at the Foundation, observing the treatment program and will assist in this activity, under the direct supervision of staff therapist and the medical director of the hospital.

The clinical program will embrace a full schedule including a series of lectures by the medical director, lecture demonstrations by the nursing department with emphasis on the positioning program, and demonstration by the occupational therapy department regarding the functional aspects of this program dealing with the upper extremities. Also included are practical demonstrations, by the physical therapy department, on patients with particular problems with discussions in regard to their treatment program.

Short orientation programs are conducted by all other hospital departments with respect to the part they play in the total rehabilitation program.

Gonzales Warm Springs has a teaching affiliation not only with Herman Hospital, but also with the Texas University medical branch at Galveston. The latter organization will schedule its students into the Foundation for the instruction program the latter part of September through December.

The wife maintains that back-seat drivers are no worse than men who cook from the dining room table.

Government Inefficiency

By R. D. L.

A majority of good citizens believe that our governmental affairs should be conducted with the greatest economy and efficiency, the formulas of which would not violate the principals by which our governmental affairs are supposed to be conducted, and that the handling of public moneys need all the checks we now have and some not now in use, even to the sacrifice of pretended efficiency. Some of our most sacred principles of our constitution have been outraged in the name of efficiency.

There are certain pretended safeguards provided by law supposed to surround this procedure, but are important except as pretensions, as you may easily learn, if you will investigate this matter independently for yourself.

Any business operations conducted for profit, especially where it is necessary to use hired agents, and for men who give scant attention to their money invested, does not by its profitable example admonish us that we should in our business, copy private methods, but rather that we should give more careful attention to both private and public enterprises in which our welfare and money is involved.

We complain of our politicians, and these could be much improved both in the quality of their abilities and their conduct. The casual examination of the operation of big, medium and little business in this nation, will convince you that business, even with its efficiency safeguards, leaves nothing of ability, or honor of ethics, to spare to politicians, but little that politicians might adopt with advantage to their constituents. We employ in the management of our institutions, men of the best

qualifications we can find, paying them satisfactory salaries, for their time, and even under such conditions these men are unable to prevent serious losses to the institutions under their management. How shall you expect men, even good men, serving as officials of municipal governments, will be able to continue and sustain their interest and devotion to a business that requires of them great responsibility, but paying nothing for their services, or even worse, in public appreciation. Very few of our citizens are financially able to devote their service for this experiment, and these few are generally without interest, the time, inclination, or abilities needed for such service.

In order to correct the inefficiencies in the operation of such governments, as an experiment, manager plan which came into being several years ago. Opponents of the plan claim it is dictatorial, undemocratic and a malignant obstacle to the will of a free people; that there is no unanimity of agreement as to its benefits as a whole, among citizens generally, as one would be led to believe, and that if a dictator at the head of a national government is a malignant obstacle to the wills of a free people, why should such procedure be benevolent down the line of lesser governmental divisions? In order to be bad it is not necessary that propaganda shall issue from a corrupt source, or have a dishonest design; it may be only foolish, or founded in error.

It is not the tyrannical of such governments that would be important in our country, for our

people in their last defensive positions have always been equal to coping with any tyranny; but the ease which some men could, and do frequently as opportunity offers, in their own nests, and the foolish futility of their pretensions that makes them obnoxious.

But opponents to the city manager plan of municipal government agree that there is a sufficient justification for a community to adopt such a plan, where the leadership of such community confess its inability to conduct properly municipal affairs by methods recognized as fundamental in our form of government, and where it fails to make good use of the machinery set up and give more careful

consideration to our public affairs.

Mr. and Mrs. W. J. Sides of Bovina, Texas, former residents of Burk Burnett, spent Friday in Burk looking about their 80 acre farm which they have just recently leased out to the Jackson Drilling Co. They were accompanied to Burk by two of their children, Jewel and Barry. Their son David is in the Philippine Islands.

Patsy McAfee left Tuesday, July 14th for a months visit in Colorado and Cheyenne, Wyoming. She plans to attend the frontier Day Celebration and rodeo while she is there.

A Mighty BUSY Fellow...
During This Hot Weather

"I'm putting in lots of extra hours this summer to keep my customers cool and comfortable. Extremely high temperatures, which began earlier this year, and the lack of rainfall have combined to make it an exceptionally hot summer. As a result, many air conditioners, attic fans, evaporative coolers and portable fans have been going full blast... practically 24 hours a day every day."

"I've put in many extra hours supplying reserve power for electric refrigerators, too. Keeping food fresh and wholesome and providing plenty of ice cubes and cooling beverages during hot weather takes a lot of reserve cold."

"Because of all this extra work, many electric bills may be higher... but the cool comfort and convenience you enjoy in spite of the summer heat still makes your electric service the best 'buy' in your home."

IT'S SURE BEEN HOT!

Donald Gee To Play With Oil Bowl Footballers

Donald Gee, rangy Burkburnett end, and Dan Villarreal, speedy Wink Halfback, were picked Wednesday for the Texas squad to play in the Oil Bowl Football Classic at Wichita Falls August 21.

Lone Star and Oklahoma teams of all star high school graduating players will play in the new Midwestern University stadium in the benefit game sponsored by Maskat Temple.

An outstanding Wichita County player, Gee was an all-district 4-AA selection last fall and honorable mention all state. He also lettered in basketball and track.

Gee is 17 years old, weighs 197 pounds and stretches 6 foot 2 1-2 inches. He was coached by Bob Tyler.

Villarreal was a key performer on the Wing team that won the Class A state championship in 1952.

He is 19 and weighs 187 lbs and stands 5 feet, 9 1-2 inches tall. His coach, Frank Barton, says, "Dan is one of the finest halfbacks I have coached."

Barton declares Villarreal "has lots of speed, is a good blocker and has a lot of desire to win."

Villarreal won all-district and all state honors in 1952. He also was on the track team that placed sixth in the state meet. He ran anchor position on the 440 yard relay team that finished third.

Villarreal also lettered in baseball and track.

Both players add power and talent to a growing Texas squad that boasts some of the outstanding gridiron performers in the state.

The sparkling array is being chosen by Texas Coaches Max Bumgardner and Floyd Wagstarr. Bumgardner is head football coach at San Angelo Junior College and Wegstarr is mentor at Tyler Junior College.

Tickets to the 16th annual Oil Bowl game are on sale at Maskat Temple, Eleventh and Lamar, Wichita Falls. Telephone reservations may be made by calling the Oil Bowl office, 2-7929.

W. W. Browning and J. S. Mills have returned from a fishing trip in Colorado.

Lions Club
Meets Each Tuesday Night at 7:00 O'clock at Town Hall

W. H. Holt, president, was in charge of the meeting Tuesday night.

Roy Magers and Truitt Majors had charge of the program. Roy Magers introduced Kenneth Spell, young Wichita Falls attorney, who brought a most delightful address on "Speech". Spell explained Freedom of Speech and Press, and told what each meant, as interpreted by the Supreme Court in previous cases.

Next week James Mason and Herman Miller will bring the program.

The first week in August will find J. S. Mills and H. A. Mills responsible for the program.

Burk R. A. Boys Return From District Camp

The District R. A. Camp at Vernon, Texas closed July 16. The theme of the camp was Look, Love and Lift. There were 396 boys enrolled in the camp. Fifty two boys were converted, forty three rededications, and fourteen surrendered for special service. Eleven R. A. Boys from Burkburnett were honor campers.

Mr. and Mrs. John Yellush visited in the J. M. Hayworth home over the weekend.

Mr. Winston Freeman and family have returned from a weeks visit in Notsulga, Ala., visiting Mr. Freeman's parents.
