BURKBURNETT, WICHITA COUNTY, TEXAS, THURSDAY, JULY 30, 1953

NUMBER 2

Chamber of Commerce Luncheon Each Second Monday at Town Hall Everybody Invited Each Pays for His Meal

A. Kuehn, Former Banker At Burkburnett, Dies At Wichita Falls

A. Kuehn, president of the Farmers State Bank at Burkburnett for almost a quarter-century and long-time Wichita Falls rancher and real estate operator, died at 12:30 p. m. Monday after an illness of about 18 years. He was 74.

Although confined to bed at home, 1909 Lucille, Wichita Falls, since about 1935 and until he moved the lower part of his body, Kuehn managed to carry on his business activities until his death.

Previously a dealer in real estate in recent years, Kuehn at one time owned a large ranch at Muldshoe, near the town of Clayton, a section of land in the Grande Valley and irrigated lands on Lake Wichita.

Bank President
Kuehn was president of the old Farmers State Bank in Burkburnett from 1919 to about 1935. He distinguished that post when the bank merged to become the National, but still held it.

He was also once head of the Wichita Falls branch of the Petrolia Co., both Wichita Falls and Wichita, in oil well supply and heavy hardware.

He was president of the county 4-H club and vice president of the county 4-H Council.

Ralph and Bill Kolter, sixteen year old son of Mr. and Mrs. R. R. Kolter of Rt. 4, Wichita Falls and former student of Burkburnett, were judged the first place range demonstration team of Texas at the State Contest, also recently held at A&M College.

They also won first honors at the county and district contest on their demonstration. They are to present their demonstration at the district 4-H camp to be held August 3-5 at Camp Perkins.

Bill has been in 4-H work six years, is secretary of the county 4-H council and vice president of the Cooper 4-H club. Bill is a sophomore student at the Wichita Falls Senior High School. Both of these boys are top 4-H boys of Wichita County.

Mertin-Hitt Vows Recited In Lutheran Church Recently
Miss Betty Hitt of this city became the bride of Clarence Mertins of Iowa Park during a candlelight ceremony performed in the Grace Lutheran church.

Rev. F. W. Behrmann, pastor of the Trinity Lutheran church of Clara, officiated. A program of traditional wedding music was presented by Mrs. Sylvia Ramming.

The bride is the daughter of Mr. and Mrs. S. E. Hitt, Burkburnett and the groom's parents are Mr. and Mrs. Karl Mertins of the Clara Community.

For the exchange of vows, the couple stood before an altar on which were placed large white baskets of white gladiolus, maroon daisies and greenery. Burning tapers in candelabra flanked the altar.

When she was given in marriage by her father, the bride was wearing a gown of white satin and lace. Her fingertip veil of illusion was attached to a headress of lace seed pearls. She carried a white Bible topped with roses.

Miss Barbara Ann Hitt, sister of the bride, was maid of honor, and Miss Karlene Mertins, sister of the groom, was bridesmaid. Both attendants wore ice blue eyelet embroidered dresses and carried baskets of pink carnations.

Milton Mertins served his brother as best man. Eldon Kohlman was groomsman and candlelighters were Howard and Gerald Kikerman.

A post nuptial reception honoring the newlyweds was held in the Parish Hall. The house party included Misses Barbara Sue Jones, Peggy Rinefield, Louise Marchbanks and Sylvia Mertins.

Following the reception, the newlyweds left for a wedding trip to Colorado.

Burk Student Wins State Honors

Ralph Ray Swinford, sixteen year old son of Mr. and Mrs. Ralph Swinford of Rt. 4, Wichita Falls, and a member of the Junior class at Burkburnett Senior High school, was chosen to represent this county at the annual State 4-H Roundup, held recently at A&M College at College Station, Bryan, Texas. This is a top honor of 4-H work.

Ralph was also chosen the gold star 4-H boy of this county a top county award.

Ralph has been in 4-H work six years. During these six years, he has won the gold star medal and the most animal award medal. He has shown the county grand champion baby beef animal two years and the grand champion baby beef show animal at the Texas-Oklahoma Fair. This year he has been chosen chairman of the county 4-H camp program and was also chosen to entertain on the district and county 4-H camps.

Ralph is the president of the Cooper 4-H club and vice president of the county 4-H Council.

Ralph and Bill Kolter, sixteen year old son of Mr. and Mrs. R. R. Kolter of Rt. 4, Wichita Falls and former student of Burkburnett, were judged the first place range demonstration team of Texas at the State Contest, also recently held at A&M College.

They also won first honors at the county and district contest on their demonstration. They are to present their demonstration at the district 4-H camp to be held August 3-5 at Camp Perkins.

Bill has been in 4-H work six years, is secretary of the county 4-H council and vice president of the Cooper 4-H club. Bill is a sophomore student at the Wichita Falls Senior High School. Both of these boys are top 4-H boys of Wichita County.

Mertin-Hitt Vows Recited In Lutheran Church Recently
Miss Betty Hitt of this city became the bride of Clarence Mertins of Iowa Park during a candlelight ceremony performed in the Grace Lutheran church.

Rev. F. W. Behrmann, pastor of the Trinity Lutheran church of Clara, officiated. A program of traditional wedding music was presented by Mrs. Sylvia Ramming.

The bride is the daughter of Mr. and Mrs. S. E. Hitt, Burkburnett and the groom's parents are Mr. and Mrs. Karl Mertins of the Clara Community.

For the exchange of vows, the couple stood before an altar on which were placed large white baskets of white gladiolus, maroon daisies and greenery. Burning tapers in candelabra flanked the altar.

When she was given in marriage by her father, the bride was wearing a gown of white satin and lace. Her fingertip veil of illusion was attached to a headress of lace seed pearls. She carried a white Bible topped with roses.

A post nuptial reception honoring the newlyweds was held in the Parish Hall. The house party included Misses Barbara Sue Jones, Peggy Rinefield, Louise Marchbanks and Sylvia Mertins.

Following the reception, the newlyweds left for a wedding trip to Colorado.

Mrs. Mertins has been employed by the Oil Well Supply Company in Wichita Falls. The groom is to receive his degree in agriculture from Texas Tech. College in Lubbock in January.

Funeral Services For Wesley Hatcher Held At Randlett

Funeral services were held for Robert Wesley Hatcher, 23, of Randlett, at 3:00 p. m. Sunday at Randlett from the Baptist Church with Rev. Jay Jaggars conducting the services. Burial was in the Randlett cemetery under the direction of Owens and Brumley Funeral Home of Burkburnett.

Palbearers were Cy Parker, Eugene Griffin, Leroy Laminack, Guy Davis, Lawrence Hoggard and O. D. Bernethy.

Survivors include his mother, Mrs. Flora Hatcher of Randlett; four brothers, E. W. Hatcher of Ixapa, Mexico; Ray Dean Hatcher of Wichita Falls; Phillip Hatcher and Howard Hatcher of Randlett; four sisters, Mrs. Mary Ellen Stewart of Wichita Falls; Miss Merle Hatcher of Oklahoma City; Miss Sharon Hatcher and Miss Charlotte Hatcher, of Randlett.

Hatcher died Thursday in the Electra hospital from injuries received in an oil field accident.

Calvary Baptist Revival Continues Through Sunday

You have four more nights to hear the sensational young preacher boy at Calvary Baptist church, College and Ave B. The revival with Bro. Truman Dollar doing the preaching, will close after the Sunday night services. Services begin each night at eight o'clock. Friday morning service will be at ten a. m. There will be no Saturday morning service. Sun services will be at the regular time. Sunday School at ten a. m. and morning preaching service at eleven.

Bro. Truman Dollar will bless and thrill your heart with his expound of the Word of God. Be sure and don't fail to hear him. You will be the loser if you do. In the twenty one years I have been preaching, I have heard some highly touted and praised preachers, but I have never heard any one near this boy's age who surpassed him in ability to handle the Word of God and his appeal to people.

Bro. C. J. Henson, of Electra, is doing a good job of leading the singing, and also there are different specials of duets, etc.

Remember, you always have a warm hearted welcome at Calvary Baptist church, the church with an open Bible for all people with open hearts and minds. Come as you are and hear God's Word as it is.

Ray C. Morrow, pastor

Lions Club Meets Each Tuesday Night at 7:00 O'clock at Town Hall

W. H. Holt, president, was in charge of the meeting Tuesday night. Due to vacations, attendance was at an all-time low.

James Mason and Herman Miller were on the program committee. Mason presented Miss Sydney Gamblin in several vocal selections. Her beautiful voice and her pleasant manner before the group were enjoyed. She was accompanied at the piano by Miss Marilyn Felty.

Next week J. S. Mills and H. A. Mills will bring the program.

Jack Bernethy and Duane Adams left last Saturday for the Great Lakes Naval Training Base for two weeks training with the Naval Reserve.

Mr. and Mrs. Jim Pirtle of Burkburnett accompanied Mrs. Jack Copeland of Walters, in a trip to Nebraska and South Dakota.

Mike Harms spent last week end in Dallas, Texas.

Pete Jeffers from Camp Chaffee, Ark. spent the weekend in the home of his parents, Mr. and Mrs. F. G. Jeffers.

Season Football Tickets On Sale

Season football tickets are now on sale. There will be five home games this year, with admission for each game set at \$1.00 for reserved seats.

Tickets may be secured at the School Tax Office at the High school during working hours. If you want the same seats you had last year, go by the Tax office and pick them up, or call the office and ask that your tickets be saved for you. Tickets will be held until August 15th. If they are not picked up by that time, they will be sold to anyone who wishes them.

Robert Hobbs Dies Of Injuries While In Korea

Mrs. Lillie Hobbs of this city received word from the War Dept. this week that her son Robert Lynn Hobbs, 22, died on July 23 of injuries he received on July 17. He was guarding on the front lines and stepped on a mine. The War Dept. stated that a letter would follow giving the full details.

Survivors include his mother, Mrs. Lillie Hobbs, four sisters, Mrs. Lahoma Dixon, Mrs. Frances Smith, Miss Helen May Hobbs all of Burkburnett, Mrs. Ozelle McClurkin of Columbus, Ga. two brothers, E. W. Hobbs of Burkburnett and Lee Hobbs of Electra.

1st Baptist Youth Revival Continues

The Youth Revival at the First Baptist Church will continue through Sunday night. There will be two great evangelistic services Sunday at 10:55 and 8:00 p. m. A record attendance is expected in Sunday School at 9:45 a. m. The Young Peoples Department has a goal of 95 and other departments will have large goals to reach.

Rev. Alstaid Walker of Scotland and South Africa is preaching in the revival. With a rich background and deep conviction upon the truth of God's word and great love for the Lord, he is thrilling the hearts of all who hear him. Hear him this Friday night at 8:00 and also Saturday at the same hour and both services Sunday. Don Denny of Waco is leading the singing. He is one of God's choice young men and is bringing joy to the hearts of the people by a. Attend all the services and pray for the closing days of this great Youth Revival. Everyone is cordially invited to attend.

Mr. Richard McClendon of Houston, Texas, is spending the week in the home of Mr. and Mrs. F. G. Jeffers.

Mrs. G. W. Stewart has returned from a visit in Longview, Texas.

Miss Margaret Parks is vacationing in Evansville, Indiana, with relatives.

Won 18 Games, Lost 1

For the season the Boomers made 341 runs while allowing their opponents only 108.

The Boomers will play in the State Tournament beginning August 14th, at Fort Worth.

Car-Truck Accident Injurious To The Bill Williams, Sat.

Mr. and Mrs. Bill Williams, operators of the T. & O. Grocery in Burkburnett, were both seriously injured in a car-truck accident near Minco, Oklahoma, on last Saturday night, July 25, about 10:30. Mrs. Williams sustained several broken ribs, front teeth loosened and cuts from broken glass.

Mr. Williams suffered a broken leg and very severe burns from flaming gasoline. His condition is considered critical.

The accident occurred as Mrs. Williams, who was driving their 1951 Dodge, met a truck at a bridge approach. In pulling to the right to allow the truck more passing room, her car struck the bridge rail and was thrown into the path of the truck, which hit the rear of the Williams car. Fire ignited the spilled gasoline and burned Mr. Williams, who was thrown from the car and found at the foot of a high embankment.

The couple were enroute Oklahoma City where Mrs. Williams' mother was to undergo surgery Wednesday. Mrs. Williams was to remain with her mother for a few days. Mrs. Jones has visited in the home of her daughter and son-in-law in Burkburnett several times. She was to have her foot amputated Wednesday.

Mr. and Mrs. Williamson were taken to Wesley Hospital in Okla. City.

The car was a total loss.

Methodist Church T. M. Jensen, Pastor

Church School Sunday morning at 9:45. On Sunday morning the sermon will be "The Bread of Life." Communion service will follow the sermon. All Christians invited.

On Sunday evening Rev. Ray Lawler of Tonkawa, Oklahoma, will fill the pulpit. Rev. Lawler is a son of Mr. and Mrs. J. P. Lawler of Burkburnett.

Card of Thanks

We would like to thank our many farmer friends for being so patient with us while we were trying to get warehouse receipts for you on your wheat. They are all back and we want to say we are proud, and know you are also.

H. A. Mills G. W. Fleming
Burkburnett, Texas

Mr. Morris Bookbinder is steadily improving from a heart attack he suffered about three weeks ago. He is able to be up and around some now.

Mr. and Mrs. Hut Busby have returned from a vacation in California.

Mr. and Mrs. Dallas Long from Dallas, Texas, spent the weekend in the Luther Hatch home. The Longs are former Burkburnett residents.

Mr. Jack Cullum of Russel, Kans. visited in the Mont Bowles home Monday evening.

Burk Boomers In State Play-off

O. H. "Country" Owen, has successfully piloted the Burk Boomers into the State play-off at Fort Worth. The Boomers baseball team, winners of the Oil Belt League without a loss and with a record of 18 wins and one loss for the season, have qualified to represent this district in the State Play-offs next month at Fort Worth.

The Boomers will play the strong Vernon team here Sunday afternoon at 2:30 P. M. Next Wednesday night they go to Paducah for a game. Paducah is leading the Red River Valley League and holds three wins this season over the Sheppard Jets. Manager Country Owen says this will be their best team they have been up against this season.

Admission to the Sunday game here will be 50c. The proceeds from their remaining exhibition games will go to help defray their expenses to the play-offs at Fort Worth next month. It will take quite a bit of money to send the successful players to the State play-offs. Go out to the game Sunday. It will be an excellent game, and you will be helping to send the team to Fort Worth.

Renderers Hurt, Farmers Face Unpleasant Task

Low prices on hides and non-edible grease have dealt many of the nation's rendering plants a mortal blow. But the biggest blow of all may be struck at the farmer. Should these rendering plants close, he is faced with an unpleasant task to perform. In the past, he has been able to have his dead stock removed free of charge by a rendering plant. Without rendering service he would have to either bury or burn the carcass himself within 24 hours of the animal's death, as required by most state laws.

Fortunately, the farmers in this area can still rely on Central Hide & Rendering Company. However, this company also is feeling the pinch, as evidenced by this recent announcement by Jack Bowen, Manager of the Wichita Falls Plant.

It has been necessary for Central Hide & Rendering Co. to cut expenses because of the depressed market in hides and non edible grease. In order to do this, the following changes in policy are being made:

1. There will be a nominal fee for each trip to the farm for dead stock.
2. We will not be able to accept COLLECT telephone calls regarding animals. (This will cost you 37c or less and if accepted by Central Hide and Rendering Company, it costs us 74c.)

It would seem that the considerable time and labor saved by the farmer in having the rendering plant handle his dead stock will more than make up for the small expense to him for this service.

Mr. and Mrs. E. B. Pritchard and children of Tyler, Texas accompanied Mr. and Mrs. F. G. Jeffers and Ricky Landrum, on a fishing trip to Gunnison, Colo. last week. They reported that they caught a lot of fish. Also, quite by accident, they met Mr. Jeffers' brother and his family, Mr. and Mrs. E. Jeffers, their daughter Ruth and their son, Bill Jeffers and family, from Artesia, N. M. They didn't either one know that the other had planned to be there.

The E. L. Blum family from Monohans, Texas, visited the James Brady family in Burkburnett Monday and Tuesday.

Mr. and Mrs. Claude Nolan and family visited in the Jack Alexander home a few days last week. The Nolans are from Preece mont, Texas.

Chill Wills Was Honored Guest Here Tuesday

There was lots of excitement at the Star office Tuesday afternoon. Chill Wills paid the newspaper a visit. Chill called the Star Tuesday morning and asked if he could visit the office and see Burkburnett, the town about which "Boomtown" a movie was written. Chill Wills was one of the stars in the picture and wanted to see the background for the story. Ted Overbey, manager of the Texas Oklahoma Fair, was in the office when Chill called, so he sailed back to Iowa Park, gathered up his sound truck and came back to set up in front of the Star. When Chill and his party arrived from Wichita Falls at 3:00 p. m., Ted had everything in readiness for a grand reception. In the meantime Mayor Walter Wiley had been notified, and he was on hand to extend the official welcome to the distinguished visitor. The Wills party was met at the city limits by Chief of Police L. T. Stephens, who escorted the guests to the Star office with blaring sirens open.

Along with Wills were County Sheriff Weldon Bailey, Chief of Police Sykes of Electra, Chill's secretary, Jimmy Boyle, as well as theatre executives of Wichita Falls.

Following the official reception, Wills was thrown in the cooler (jail) for a few minutes, then released and presented with a sheriff's badge. Chill played the part of a sheriff in "Boomtown," and was accused of serving in that capacity without ever having been commissioned.

After a gay time in the original Boomtown, Wills took off to Electra behind Overbey and T. Leo Moore, public relations director for the Fair Association, to meet some more of his "cousins".

The proceedings at Burkburnett were televised and broadcast at 6:30 Tuesday over two stations from Wichita Falls.

Seven Boys Attend State Convention

Seven members of the Burkburnett FFA chapter and their teacher, Mr. Norman Duke attended the Silver Anniversary of the Texas State FFA Convention held at Ft. Worth, Texas, July 22-24.

Many outstanding things were accomplished in the organization in the past year and their convention plans were made for the year ahead.

Highlights of the three day session were a public speaking contest, presentation of awards, election of state president and of National nominees.

Topping the activities on Thursday was the Lone Star Farmer banquet held in the General Exhibit building at the Will Rogers Memorial Coliseum where 661 Lone Star Farmers received their awards.

The high spirit of the convention rose to its peak on Friday as John Hagler of La Grange, Texas, was announced the winner of the State FFA presidency, and Joann Winchester of Weinert, Texas was chosen state Sweetheart.

The boys of the Burkburnett chapter are especially proud of Bob Hageman, who was chosen the outstanding FFA student of Wichita County.

The boys attending the State Convention were Alden Smith, Duaine Knight, Paul Wolfe, Gad Garland, Joe Musgrave and Dennis Kasper and Bob Hageman.

Mrs. Mamie Long states that she feels much improved after her illness of last week due to the excellent care and food she received from her friends and neighbors. She has been able to sit in a chair in her yard for several evenings now. Mrs. Long is very happy about her improvement.

Mr. and Mrs. Cecil Todd, Mrs. Ralph Click, and Mrs. H. D. Mabry are visiting their sister Mrs. Helen Badaeux in Pala Alto, Calif.

The C. M. Archers have returned from a vacation in California.

Mr. and Mrs. Claude Nolan and family visited in the Jack Alexander home a few days last week. The Nolans are from Preece mont, Texas.

Outside These Counties \$2.50

GRASS ROOTS OPINION

NEW MARTINSVILLE, W. Va. Wetzel Republican: "The general economic level of Europe and Asia is better than it was before World War II. American taxpayers have been milked of \$29 billions by the rest of the world. We think it's about time to turn the cow out to pasture and start being concerned about this country for a change."

BLANCHESTER, Ohio. Star-Republican: "It is obvious that if atomic power is to be used to increase the standard of living and bring blessings of cheap power to millions, civilian industry must be allowed to participate in its development."

MOUNT VERNON, Wash., Daily Herald: "After being taxed to death on everything possible, nothing could be more unpopular than postage increases, affecting everybody. Congress could save money by cutting out the trainloads of free postage, much of which is pure trash, sent under Congressional franking privileges."

PERRIS, Calif., Progress: "For some reason or other, all socialist, whether of the mild New Deal variety or the virulent Russian Communist variety, have a positive mania to regulate everything and everybody."

THEY CUT MELONS UPSTAIRS

It was something of a shock to this earth bound clod, to learn that private airplanes owned by business concerns flew almost as many miles last year as the scheduled domestic airlines! The score is 422,000,000 plane miles for the company planes, and 457,000,000 for the liners.

Also, there are 11,000 of these fiscal aircraft in service, and they include everything from modest little single engine planes to the newest and largest aid transports that are full of the latest instruments and electronic flying gadgets. According to Planes, the official publication of the Aircraft Industries Association, they are worth \$175,000,000 and burn up about a million dollars worth of gas and oil a year.

And, in case you're interested, a plane is a better buy today than before World War II. A good four-place job will cost the same today, about \$13,000, but it will be much faster, more comfortable and more reliable. The sky is getting to be a wonderful place for a conference—as all kinds of companies are finding out. One of them, we understand, manufactures horseshoes.

THE NATION IS ONLY PEOPLE

Among the little-known facts of modern life is the discovery that a US manufacturer, blessed with humanitarian impulses, has shunned the popular effort at global do-gooding, and set up a foundation to brighten that corner of the world where he and the rest of us happen to be.

Shocked by the fact that more than half of the young men called up for service in both our World Wars were rejected for physical or mental deficiencies, the makers of such oddly assorted products as girdles to reinforce the female divine, baby pants that won't leak a pillow that won't get soggy or give you the sneezes, a device for cutting hair at home, and sundry or other items, decided to look into the causes. They found that these deficiencies were largely traceable to childhood disorders, and also that pediatrics, these science of child health, was one of our most financially neglected research frontiers.

Since that time, when the Playtex Park Research Institute was set up by the International Latex Corporation to meet his desperate need, the company has become the largest private source of funds for pediatrics research. In the past three years this foundation has provided nearly three-quarters of a million dollars to give America's oncoming generations a better chance at health, happiness and productive lives.

In this short span, as medical history, is written, doctors have learned, thanks to this support, how repairs may be used more safely and effectively on young heart's damaged by rheumatic fever and have gained new understanding in the problems of iron-deficiency anemia, blindness in premature babies, Teukemia, cerebral palsy, cer-

tain allergies and other dread conditions that have always threatened the lives and usefulness of so many of each new generation.

The success of the Playtex Institute, according to A. N. Spanel, founder of International Latex and W. O. Heinze, president of the Corporation, is their insistence on leaving operations strictly in the hands of the scientific men who compose the board of governors and asking only that each of them seeks out, in his own locality, doctors of promise who have challenging ideas. Grants, they believe, should be given to men, rather than solely to projects, and that these men should have complete freedom of action.

If there's any hint of commercialism at the bottom of this highly intelligent effort to help our scientist improve the race—to give America better babies, happier children, stronger men and women—we have failed to find it. But if there is, we'd like to see a lot more of it!

MAKING HASTE SLOWLY

Asked to comment on the accomplishments of his first six months in office, President Eisenhower lectured his press conference on his theory of gradualism, reminding his hearers that you could not have a right angle turn in a railroad, but must build a gradual curve. This was necessary, he pointed out, in picking up where others left off and where there were opposing policies and ideas after twenty years of another type of philosophy.

The President stressed the point that not always must we say that everything that had been done before was wrong, that he had never said that no reasonable man would. He said there had been progress in that the people in the Government, regardless of party, were coming to see eye to eye on the great important problems that affected the United States of America.

His job as he saw it, the President explained, was not to create friction and not to accentuate difference, but to bring people together to achieve more progress. That, he admitted, was not particularly dramatic, and it did not mean doing something just to get another headline.

There was no question about it, he said, we were making progress, but we had not gone as fast as he would like, and that was the sum total of it.

From such a summary shines the true greatness of sympathetic understanding, and the unassailable of modesty.

Summary of Events Texas-Oklahoma Silver Anniversary Fair Sept. 28 - Oct. 3

SUBMITTED BY
Ted Overby, Manager
T. Leo Moore, Public Relations Director

A week's program of outstanding features, many brand-new, is in prospect for the big Silver Anniversary Celebration of the Texas-Oklahoma Fair in Iowa Park, beginning September 28.

Planned as a monument to a quarter century of progress in the two states it serves, the 1953 Texas-Oklahoma Fair will open with one of its new features when its Silver Anniversary Queen is crowned Monday evening, Sept. 28, in the Air-Conditioned Main Auditorium. To be selected from nominees sponsored by civic organizations throughout the Fair area, the Queen's Coronation will be the signal for a round of festivities including a Coronation Dance on Monday night, and the presentation of a group of gifts and prizes to the winning contender, including a Scholarship to Midwestern University. The selection of the Queen will be made on a basis of advance tickets sold by the sponsoring organiza-

tion as projected against the population of the nominee's home town. This campaign will culminate in the announcement of the identity of the Queen during the Coronation.

Since Monday has always been the scheduled opening date of each Fair Week, the opening ceremony will again feature an outstanding Southwest personality as speaker. In years past, almost every segment of Southwestern life has been represented by the opening night speakers. The Silver Anniversary Celebration will again make the opening night's address a thematic presentation, as an outstanding personality in the field of Education opens the Fair.

For a Fair famous for "firsts"—for which the T-O Fair has gained a name in recent years—the 1953 show will present for the first time an Open Pleasure Type Horse Show. Designed to appeal to the hundreds of owners of fine horses whose interest lies in the appearance and ability of their animals, with breed registry of minimum importance, the new department will present a ten-event program which will be a tribute to the horses and horsemanship of the Southwest. With everything from a Grand Entry competition to a junior barrel race, the Pleasure Type Horse Show will appeal to every horse lover—and will provide, a showplace for every horse owner. The Open Show will occupy the first three days of the week long program, with the traditional registered Quarter Horse Show filling in the last three days.

A salute to our neighbors South of the Border will be another of the featured "firsts" for the Silver Anniversary Show as Republic of Mexico Day is added to the long list of special days for the event. Program details are in the hands of representatives of the Mexican Government and area residents of Mexican extraction, with festivities scheduled to occupy Saturday of Fair Week.

The "Windup" of Fair Week will be a grand one, according to plans announced recently for the Saturday night event—the Battle of Songs, featuring the vocal groups whose artistry has brought new meaning to singing in recent years, the songfest will be a source of real enjoyment to spectators and performers alike as the Auditorium rings with renditions of favorite songs of nation.

Still another in the long line of "firsts" for the Texas-Oklahoma Fair will be registered this year as the Silver Anniversary Show presents the first Junior Poultry Show. Aimed at providing a show place for the hun-

dreds of youngsters whose projects are limited to poultry as a part of their 4-H or FFA work, the Poultry Show will take its place alongside the Junior Livestock, Dairy, Beef, Sheep and Swine departments. It promises to outlet in the show world in this area.

The skills and handiwork of the people who make the Texas-Oklahoma area are always given recognition during the big Fair, and the Silver Anniversary Show will go all out to offer richly deserved plaudits of the area to its farmer, stockmen, Merchants and Homemakers as the various sections of the show take shape.

Recognition of the diversity of farming methods is responsible for the two sections of the Agriculture Department. Farmers occupying irrigated areas, and those who depend on dry-land farming, are given opportunity to show results of their labors in the fields of the Fair area each year. And annually, whether during drouth period or when there's "rain aplenty" the farmers of the area present an outstanding exhibit of the products of Texas and Oklahoma soils.

The newly-won prominence of professional agriculture workers—whose guidance is often responsible for the consideration advance in agriculture—is given a show-place and recognition in the exhibit presented each year by the District Agriculture Workers' Council. This group, a federation of men in various fields devoted to the improvement of agriculture, occupies the south wing of the Main Auditorium with their exhibit.

Women on the farm, too are given opportunity to show their handiwork each year, and in departments to the County-wide Exhibits, the Girl's 4-H Exhibits and the Community Exhibits, these ladies provide outstanding evidence that theirs is not an existence limited in ingenuity and imagination. Hundreds of useful implements and processes for the farm kitchen are exhibited each year, and groups of women combine their talents to provide the truly striking community and county exhibits depicting various phases of household life. These exhibits share with the Agriculture Department the newly-built Agriculture Wing, South of the Main Auditorium.

The area's stockmen justifiable pride in the giant Hereford Show, which annually displays millions of dollars worth of the most exactly bred beef animals on the face of the earth. The Hereford Show attracts breeders from many states and has become a regular stop on the show circuit of most of the big breeders. Housed in a comfortable, well-ventilated barn, the Hereford Department provides the largest single item in the huge Fair purse, with a total of more than \$5,000 being given as awards.

But the stockmen of the future, too, have their place in the scheme of things at the huge Fair, for their Junior Livestock Department has shown the largest growth of any single Fair Department since its inception only a few short years ago. With the Fair's big Junior Livestock Barn bulging each year with prize animals which 4-H and FFA members have raised as projects, the Junior show gives valuable hints on showmanship and livestock production not to be found anywhere else. The exceptional interest shown by 4-H and FFA members from both Texas and Oklahoma is a tribute to the work done in this department by those whose efforts have been directed towards its betterment, and the foresight of the youngsters who see their future in this area.

One of the truly outstanding portions of the program for each year's fair is the day when Fairgrounds is turned over to the people whose work and planning made possible the many fine things we enjoy in our two-state region today—our Pioneers. The Pioneer Day program annually attracts thousands of visitors who call the Fair area "home". They come from everywhere—some of them making annual trips of hundreds of miles, to join the 'folks' during the day of music, food and friendship. The comrades of many years of acquaintance is renewed during the day's festivities, and entertainment is served up galore, as is the food during the annual Chuck Wagon Feed.

Women of the two-state Fair area share the spotlight during the annual show as they present exhibits of home-making skill, the culinary arts, the hobbies in which they are interested. The collector, the hobbyist, the housewife, the seamstress, and the gardner all find a place for their special skills to be exhibited Building with the Merchants Exhibits, in which are featured the wares of the merchants of the Southwest, along with their interesting "new" merchandise. Truly a place where buyer, prospec-

tive buyer, old customer and merchant can get together in the Merchants' Exhibits section of your Fair.

The Industrial Department, housed in its own spacious building and occupying as well, a large paved area behind the building, appeals primarily to those whose products are aimed for a specific rather than the general market. However, recent years have seen this department grow until it now provides a truly fine market-place for those producing or selling products for the Oil, Farm Ranch and Home segments of our economy. From television sets to trailer houses, from plows to pianos, and from motorboats to motorgaders, the Industrial Department provides almost anything one could desire in the field of products of services, for the Fairgoer.

Education, too, has its place in the plan of exhibits, and the North Wing of the Main Auditorium houses exhibits of the work of students from schools throughout the area. The aesthetic and practical rub shoulders here as art exhibits share space with manual training shows.

Also in the huge north Wing, the Armed Forces Exhibits provide information for the Fair visitor. Whether a high school man looking for a career in the services, or a tax payer seeking information about this segment of governmental operation the answer will be found in the Air Force, Army, Marine Corps, and Navy Exhibits. Exciting combat films are shown regularly, and the latest equipment and tactics of the various forces are demonstrated and explained during a visit to these exhibit areas.

Entertainment with a capital "E" is featured throught the Fair Week, both professional and homespun, and the visiting throngs love it. For professional entertainment, the lively "Top Hat'n Spurs" show which occupies Tuesday, Wednesday, Thursday and Friday night in the Main Auditorium provides the nation's top artists and entertainers in a sparkling musically-packed hour-and-a-half. The home-spun entertainment, called by many the top features of the Fair, annually presents programs from communities all over the huge area. Talent presented in these shows has the distinction of being in the brackets of the very best, while representatives of the various towns of the area. These community programs are presented during the afternoons of Fair Week.

Entertainment, also, but more than that, are the thrilling High School Band Contests at the annual show. These contests feature the outstanding solo and ensemble musical work of the various schools of the two states and provide wholesome opportunity for band directors to observe their counterparts' work throught the area. Awards in the contests are based on performance, appearance, and ability, and the schools are competing against groups from schools of like size from Texas and Oklahoma.

While the entertainment field is well covered by the community shows, the "Top Hat'n Spurs" show, the Band contest, and the many free radio shows which originate from the Fairgrounds, mention must also be made of the top midway attractions which are to be found each year on the giant Texas-Oklahoma Fair Fun Zone. Planned for the Silver Anniversary show will be an even greater Midway, with rides and shows to appeal to every age. Every major riding device on the show circuits of nation today can be found, and tented shows of merit from all over the world will be featured.

Though Fair facilities have been constantly improved and additions made wherever possible, in one field of accommodation must the Association doff its hat—the field of food and drink. For here, no professional facility could equal in quality or plenty the the local groups of who each year operate the stands along the Fair's midway. Home-cooking, delicious foods, and the special quality of catering to Fairgoer's whim make these civic groups, these food and drink stations provide welcome relief from the inevitable thirst and hunger catch up with the exciting round of Fair activities.

Mrs. James N. Tallant and Wayne of Vernon, spent last week in the home of her grandparents, Mr. and Mrs. Bert Lepley.

News From The Congress

By FRANK IKARD

As we approach August First, chances look reasonably good that Congress will adjourn close to that date.

The two major obstacles in the way of adjournment are action upon two proposals that the President has put on his "must" list. They are a bill which would admit approximately 250,000 Southeastern Europeans into this country, in addition to our regular immigration quotas. There is expected to be considerable opposition to this bill and there is some question in my mind as to whether or not it will be passed. As I have stated previously in this column, I am opposed to this legislation.

The other bill is the one that deals with an increase in the postal rates. Among other things this would increase the first-class rate from 3c to 4c. As is well-known, the Post Office Department's deficit is roughly seven hundred and seventy-five million dollars. Of this loss, approximately three hundred and eighty-five million represents the loss on second and third class mail alone. I would not favor increasing the first-class postal rates until after there has been an adjustment in the second and third class rates. At the present time, the first-class mail shows a profit of over one hundred and five million dollars per year.

The House Ways and Means Committee has announced that this fall there will be a full-scale study and investigation made of our whole Social Security setup. Early during the next session of Congress, there will probably be a number of bills introduced as a result of this investigation. This is something that has been needed for a long time, for under the Social Security law as it exists at this time, there are many inequities.

Visitors in my office this week were Mr. Tom Craddock, of Seymour, and Mr. Joe Ward, who is on his way home after a trip to Europe, from Wichita Falls.

Texas State Dept. of Health

Polio isn't running wild in Texas this summer as it did in '52 but it is still smart to play safe with the kids, State Health Officer George W. Cox will tell you.

There are several common sense items parents ought to keep in mind during the polio "season." Dr. Cox lists them like this: Don't get panicky. Keep in mind that half of all polio victims recover completely, and 30 percent of the other half recover with only slight weakness. Only 14 percent have lasting paralysis.

Realize that gamma globulin is not a cure for polio. There is no cure. GG is intended only as a temporary preventive against paralysis. At best it is effective only for 5 weeks, after which it has been eliminated by the body.

Gamma globulin has been tested on more than 54,000 children and the results are now under study, but once the polio virus has reached the nerve cells, GG cannot alter the course of the disease.

You can find out whether or not your child is eligible to receive gamma globulin by asking the health officer in your county. He is familiar with the formula for GG distribution in effect in Texas.

Meanwhile, don't isolate your youngsters when you hear of a case of polio in the community. There is no point in letting them contact strangers, but they ought to be allowed in their usual circle of friends.

Keep them clean and see that they rest in the afternoon. A nap is fine, but even playing quietly part of the day will help conserve their strength.

Last, but highly important, call your doctor at the first onset of any of these signs; headache, fever, sore throat, stiff neck or back. The earlier a case of polio is diagnosed, the better are the chances for recovery without lasting damage.

Great strides are being made toward the development of a vaccine, but until it is finally developed Dr. Cox believes this opinion is still valid:

"A high level of environmental sanitation and personal hygiene is the individuals best defense against polio."

J. S. Gore Has Excellent Plum Crop Despite Drouth

Mr. J. S. Gore of 201 Holly, brought a few Italian Prune plums by the Star office this week. Some of the larger ones are 6 inches in diameter. These are 6 inches in diameter. These plums were grown in his back yard this year without water. One tree yielded about a bushel of plums, which is very good considering that the wind blew off quite a few of them.

Mr. Gore predicts that next year we will have plenty of rain. According to the years past, we have three years drouth and then several good years.

See Mr. Gore Classified Adv. in this issue.

If and when West Point plays Sing Sing we'll know for sure then whether the pen is mightier than the sword.

Mrs. Louella Elridge daughters Wanda Lee and Katherine of Borger, Texas, spent the past two weeks in home of Mrs. Elridge's parents, Mr. and Mrs. G. W. Pemberton.

Mrs. G. C. Rankin has returned to her home in Electra, spending several weeks with mother, Mrs. Bert Lepley had been very ill.

Mr. Horace Goodwin returned to work this week, following short illness and operation.

Mrs. Schroeder Given Recognition

Mesdames Joe (Charlotte) Kennedy, Evelyn West, G. H. (Dottie) Schroeder and Miss Martha Kay Wheelchel were recognized this week as women instructors at Sheppard Air Force Base. These capable women teach the mechanism and structure of air craft ranging from medium bombers, such as the well-known B-29 to the C-54 cargo planes, and the T-6 trainers, although there is presently only little activity in the instruction of Jet propulsion under way at Sheppard, the women are thoroughly experienced in this new phase of aeronautical science and are prepared to teach classes when so directed.

Mrs. Schroeder of Burkburnett, explains engine tear down and assembly and the complexity of the turbo supercharger with as much ease as a house-

wife would explain the various sewing machine attachments. Though the job is extremely complicated, scientific and exacting, Mrs. Schroeder's skill and knowledge have placed her among a very few such feminine instructors in this unusual field.

Mrs. Schroeder's husband, Glen, is serving overseas at the present time.

Mr. and Mrs. Loyd Dilbeck, Mr. and Mrs. Frank Dilbeck, and Mrs. W. R. Spivey spent Friday in Duncan, Okla. They brought their two grandsons Billy Dean and Dickey back with them to spend a week. They will return home this Sunday.

Mrs. G. F. Johnston and daughter of Vernon, Tex. spent the weekend in the home of Mrs. J. D. Majors.

Mrs. P. A. Carpenter, Sherry Allen and Mrs. J. C. Adams attended the operetta, *Girl Crazy* in Dallas Monday night, and visited in Ft. Worth on Tuesday.

Wisconsin Town Offers Mobile Unit For Emergency Use

This week Chief of Police L. T. Stevens received a letter from Marshfield, Wisconsin, telling of an unusual service offered by that city.

Dear Chief:

The Rollohome Corporation of Marshfield, Wisconsin, has built and completely equipped a 27-foot mobile unit and panel body truck into a mobile emergency unit. This unit was presented to the city of Marshfield by the Rollohome Corporation and will be under the supervision of the Chief of Police.

This unit is completely equipped with: Two-way FM radio, Walkie-Talkies, Operating Table, Stretchers, Splints, Surgical Instruments, Pulmotor Resuscitator, Blood Plasma, Dressings, Fire Extinguishers, Acetylene Torch, Emergency Tools, Power Winch, 1500 KW Light Plant, Life Boat, Public Address System, etc.

The main duty of the police officer is to "Protect Life and Property and preserve order." When a disaster strikes the city, functions remain the same but are necessarily extended. At any disaster or emergency scene, the trained police officer assumes immediate control and is looked to by the general public for leadership. The more extensive the disaster, the greater leadership responsibilities evolve on the police department and the individual officer.

We of the city of Marshfield are pleased to announce that this emergency unit can be placed at your disposal in a matter of hours that it takes to arrive at the scene, or your city, in the event of a disaster of major proportions anywhere in the United States.

Very truly yours,
Walter H. Wohlfahrt
Chief of Police

Mr. and Mrs. Fred Kirkham and daughter Rentha Ilene from Penn. are visiting in the home of Mr. and Mrs. G. D. Broyles here this week. Mrs. Kirkham will be remembered as Maxine Broyles.

Keeps Athletic Cycle Going

Lubbock, Texas, When Charles V. (Buddy) Hill joins the Texas Tech football team next Fall, an athletic cycle will be kept in motion.

Buddy led Lubbock High School to the State championship two successive years.

His late father, Volney Hill, played fullback at Tech—in its first team in 1925. One of his first products while coaching at Burkburnett High School was Freddy Brown, a passer-quarterback for Texas Tech in 1947. Brown as coach of the Lubbock High School B. Team and later as assistant coach of Lubbock High, helped develop Buddy.

Under Border Conference rules, Buddy will be eligible to play varsity football at Tech next Fall. In the backfield with him will be another former Lubbock High star James Sides, whose father, King Sides, also played on Tech teams in 1928 and 1929.

Kenneth W. Gidson With Calvary Div.

With the 1st Calvary Div. in Japan—Army Pfc. Kenneth W. Gidson, son of Mr. and Mrs. W. L. Gibson, 718 W. Third St. Burkburnett, Texas is serving in Japan as an honor guard with the 1st Calvary Division's Defense Platoon.

The platoon provides protection for 1st Calvary headquarters and engage in extensive ceremonial duties.

Gidson entered the Army in September 1952 and was last stationed at Camp Roberts, Calif. In civilian life, he attended North Texas State College.

NOTICE

In accordance with the State School Law regarding open budget hearings of Independent School Districts, the Board of Education of the Burkburnett Independent School Districts has set the date of Monday night, August 17, at 8:00 P. M. at the high school offices as the time for the adoption of the school budget for the 1953-54 year. This meeting is open to the public and all interested persons are invited to be present and examine the budget prior to its adoption.

Questions and Answers

Q—I have a National Service Life Insurance term policy, and I've decided to leave my dividend money with the VA to pay premiums that I happen to miss. What will VA do if my term insurance expires and I don't take action to renew and pay the premium myself?

A—At the end of the term period, VA will pay the premium required for renewing your term policy out of your dividend credit—unless you write to VA and request otherwise before the present term expires.

Q—I plan to take my medical interne training under the Korean GI Bill. Will I be paid GI allowance as an on the job trainee, or will I get the higher rates to full time classroom students?

A—You will receive the rates paid to those taking full-time classroom training. However, your medical internship course must be accredited and approved by the Council on Medical Education and Hospitals of the American Medical Association. Its length also must be approved by the Council. No allowances at all may be paid to veterans in non approved internships.

Q—A few years ago I received an automobile under VA's

the program to bring them directly needed assistance does not go far enough.

What has been done will help, of course—but not enough. It will take more than credit to see our ranchers through this emergency. It will take firm steps by the Secretary of Agriculture to stabilize the market.

No additional legislation is necessary for the Secretary to launch a \$118,000,000 program to buy up beef and subsidize its export or subsidize domestic consumption. The money is available for use. I think it should be used now.

TEXAS WATER: Folks down in the Edcouch-Elsa area, in the valley, held a public meeting to discuss Texas problems, as appraised in the report issued recently by the Bureau of Reclamation. This appraisal, made at my request, outlines a program under which Texas could conserve for use much of the 85 percent of our total water resources now allowed to run off into the Gulf.

I have been explaining this report to the Senate in a series of speeches. It may well hold the key to enough water—more than enough water to meet all Texas' requirements.

GOOD NEIGHBORS: Members of the famous good neighbors delegation from Texas, on their way home after a world tour to bring a Lone Star "Howdy" to many nations, were very welcome visitors at my office. The group of clubwomen (and the husband of one of them), headed by Mrs. Preston H. Dial of San Antonio, made history with their good-will tour.

BOYS NATION: Two Texas boys were learning a great deal this week about operations of the Federal Government. Here for the week-long Boys' Nation, sponsored by the American Legion, were Ray Masters of Brownwood, Lone Stars Boys' State Governor, and Richard E. Chalmers of Houston, Lone Star Boys' State Lieutenant Governor.

Perhaps these boys, not many years from now, will be occupying some of the governmental offices they visited. Who knows? Certainly, on such as they depend our Nation's future.

News From The Congress

By FRANK IKARD

The instructions to the county drouth committees as to how they must administer the emergency feed program have been sent out of the Department of Agriculture here. These instructions state that: "To be eligible for feed at reduced prices a farmer or stockman must (1) have less than a 30-day supply of feed to supplement the roughage for the foundation herd to be maintained, except that such feed may be available for cattle other than those in the foundation herd when such cattle, other than feeders in feed lots, will be marketed not later than September 30, 1953; (2) not have the financial ability to remain in business and maintain his herd in a relatively satisfactory condition in view of present drouth conditions, unless he can purchase feed at prices substantially below prevailing market prices. Feeders in feed lots are not eligible. To avoid any undue hardships, county committees should use reasonable discretion in carrying out these instructions."

These instructions appear, in many respects, to defeat the whole purpose of the program. In the first place, it provides that feed may not be made available for cattle other than the foundation herd, after September 30, 1953, and according to the instructions, the foundation herd consist of cows, bulls, nursing calves, and such heifers as may be kept to replace overage and other undesirable cattle. This very obviously denies feed for steers after September 30. This, of course, will mean that unquestionably large numbers of steers will be sent to the market around September 30, if not sooner, which is the very thing that should be prevented. It is also apparent that this will work an undue hardship on the small cattleman who has a few cows and a few steers, for it will mean that he will be unable to get feed under the drouth relief program for his steers after September 30 if he keeps them, while he can get such feed for his cows. In many such instances, the only chance the stockman has for recovery is to be able to carry over his steers until next year in the hope that marketing conditions will be better. If he cannot do this, it will mean he will have to take additional losses and the market will be further gutted with unfinished cattle.

Another provision of the regulations provides that the cowman, in order to get feed, must not have the financial ability to remain in business and maintain his herd in a relatively satisfactory condition. This, of course is very broad and in many respects is meaningless language. If it is to be interpreted that in

Mr. and Mrs. Camp Ezell of Beeville, where Mr. Ezelle is news editor of the Beeville Picayune, dropped by the office. They were on their way to Europe and Egypt.

Postmaster exams have been announced for Bridgeport, Cisco, Crockett, Floydada, Grand Prairie, Rockwall, Texas City, Victoria and Valley Mills. Applications have to be on file with the U. S. Civil Service Commission, Washington D. C. not later than August 11.

Jack H. Dillard of Waco, executive secretary of the Baylor Ex-Students Association, was in for a visit.

Burk Burnett Families Vacation Together

A group of friends, all from the Thrift Memorial Baptist church have just returned from a ten day vacation trip on the Illinois River in Oklahoma.

They arrived at the river about 2:00 p. m. Sunday afternoon and the men went to work setting up three big tents and the women were busy arranging food, ice boxes and camp stoves. They enjoyed two big fish fries while there.

Swimming and fishing were enjoyed by all each day.

Games of "42" were also enjoyed each night at camp, with the Ben Cordrays, former Burk Burnett residents who recently moved to Tahlequah, Okla., and the Rolan Williams, who recently moved to Rogers, Ark.

One day the "bunch" drove over and spent the day in Si-loam Spring, Arkansas.

Everyone reported a wonderful time and are already looking forward to going back next year.

Those who enjoyed the trip were The Henry Hodges family, J. W. Blackwell, Jr., family, Durewood Redman family, Geo. Hodges family, Arlis Youngblood family and the Paul Lovelace family.

order to be eligible for feed, a person has to, in effect, take a "paupers oath" a great hardship will be worked. It could be interpreted that anyone with an equity or credit, no matter how small or meager it is, could not participate in the program. Such an interpretation could only lead to further economic disaster in the drouth area and to a greater marketing of cattle, which, I repeat, is the very thing this program is supposed to try to prevent.

I am very fearful that the regulations as they now stand will defeat the whole purpose of the drouth relief program. This week, the House passed a bill that would set aside a room in the Capital building for prayer and meditation by the Members of Congress. This action has been long overdue. I know this room can and will be put to good use by both the Members of the House and of the Senate.

Visitors from home in my office this week were: Mr. Roy A. Box, Jacksboro, Mr. F. M. Doyle, Decatur, Mr. A. Ellis, Mr. Enos Burt, Mrs. Doug Allen and Mrs. Dorothy Ellis Barr all of Wichita Falls.

DEVOL NEWS

By Mrs. C. O. Woodley

Mr. and Mrs. K. B. Uthe were called to Oklahoma City Sunday when they received word Mrs. Uthe's brother, Bill Williams of Burkburnett and Mrs. Williams had been seriously injured and burned in a car accident near Minco early Sunday morning. Both Mr. and Mrs. Williams were taken to the Wesley hospital in Oklahoma City where they were suffering from grave injuries. Mr. Williams received a broken leg and 3rd degree burns, while Mrs. Williams received broken ribs, several teeth knocked out and lesser burns. The car was burned completely up, it was stated. It was not known just how the accident occurred according to Mr. Uthe who returned home Monday while Mrs. Uthe remained in the city to be with her brother and sister-in-law.

Miss Peggy Clemmer is home after spending several days with her sister Mrs. Leon Cain in Walters last week.

Miss Dolly Fae Hardin of Dallas, Texas, and Mr. and Mrs. George Fincher and children of Amarillo, Texas, spent the week end with their mother Mrs. Dolly Hardin.

Mr. and Mrs. Jesse Rogers have moved to Burkburnett where they have purchased a home.

Mr. and Mrs. S. M. Osborn and sons spent the week-end in Elk City with relatives.

Mrs. T. C. Dillow has returned after a visit with her son Lee Dillow and family in Oklahoma City.

Mr. and Mrs. Harold Woodley of Shawnee and Mr. and Mrs. Bob Woodley and Judy and Charles Lee and Kay Bridges of Wichita Falls, were Sunday guests of Mr. and Mrs. C. O. Woodley.

Mr. Oles Stofer and Mrs. Jack Jeter of Wichita Falls, were visitors of Mr. and Mrs. Orville Smith Thursday. Mr. Stofer's health is improved and he expects to be able to return home here soon.

Mrs. Nora Wood returned home Sunday from California, where she visited her children Bill and Dean Wood and also visited in the Henry Sykes home. The Sykes family are former residents of Devol.

Mr. G. Miller returned home after spending several weeks in a Wichita Falls hospital following injuries received in a car accident.

Mr. and Mrs. Robert Hopkins and Rose Mary and Mr. and Mrs.
