Amblin' around

By H. C. D.

And more people are becoming concerned about POWs in the Korean fighting. The United States is collaborating with the enemy, and a number of charges. Majority opinion is that the boys should be brought to the first place. The man who was not a prisoner is practically impossible to stand what those boys go through. We have their stories of the hardships it is hard to believe that man beings could be as ruthless as the capturing, beating, killing and treating our boys the way they did.

Give this picture: A bunch of men marched unbelievably long distances in the bitter cold without food or water. The stronger ones made it to the weaker ones, some wounded and denied attention fell out along the way. They were clubbed to get on the spot. Any attempt to escape was treated like a wild animal. Their introduction to the world was their introduction to hell and his cruelty.

Arriving at the POW camp they found no heat, little food and food supplied in small quantities once or twice a day. Lectures, and more lectures tell boys what great sins they committed against the captors. Months passed. Hungry husky boys began to die away for lack of food. Diseases racked with disease and their minds being twisted.

They are past masters at bodies and minds. They know exactly when a victim was to confess his sins and to a pack of lies. They know the value we place on the truth. They played this angle on a prisoner would be in before some big promised food for a more cooperative attitude and given to think the matter over. The food would be forthcoming and new hopes built up. Some, still resist were tortured upon hours before their captors, and some were outright, as an example of who would not "co-operate."

They must take another thing into consideration. The witnesses appeared against these boys were also under the same conditions. If one of their buddies appeared to be "co-operating" received extra food and considerations, resentment would build up in their hearts. With nothing to do but ponder over the matter their hatred could snowball into a mountain over a few months or years.

Human body and mind can stand only so much. Any man that under the conditions listed above a person is tempted to sign any "confession" to lessen suffering. Those who went to the ordeal and came back being the Reds are still American boys. Some who say they are Reds should never be allowed to set foot on good U. S. soil.

News came that POW charged with collusion was acquitted. There were others similarly charged were assessed severe penalties. Only public interest can these boys from further suffering.

SCHOOL MESS... The information we have is that it is a mess. The charges and counter-charges have not been brought up yet, but let's consider any time a school board is elected and charged with the duty of carrying on the affairs of a school, the board's term should be final. We do believe that five or seven men will make a unanimous decision that is not pretty to right.

The matter unfolds we may have situation in the South. We have not been bothered much in the past. Because of the location in Irving, Texas, the population has jumped from several hundred to several thousand.

AS THEY SAW IT — W. L. (Red) Hamilton, at the left, and Clyde (Pedro) Peed, recalls Bridgetown, 10 miles northwest of Burkburnett, as a homogeneous mixture of men and oil, blood and whiskey—and not very good whiskey at that. Both still live in the area, but nothing but memories remain of the old oil town, which was a by-product of the Burkburnett boom days. A picture taken probably about 1920, when the town boasted a rather unstable population figure of 10,000, gives an indication of the zealotism with which men follow oil. The road beginning at the right edge of the picture led through a maze of tent homes and oil wells over a hill at the left, and down to the Red River where it crossed on the Grandfield Toll Bridge, from which the town got its name. Peed (insert) points to where the bridge used to be, right outside his front door.

BOOMING OIL TOWN

By STEVE HESS

You start asking the way to Bridgetown, and most people look blank at you.

Then an oldtimer tells you—five miles west of Burkburnett on State Highway 240, then straight north about four miles, make a little jog to the right and you're there.

Only you wonder, did you miss it? The blacktop road is lined on both sides by neatly strung wire fences, and beyond that, as far as the eye can see, the spring crops are showing their first buds.

There is nothing left of Bridgetown, a sinful settlement that sprawled along a mile long street, with a mission church at one end and a notorious dive at the other.

From the history books, and what few people are left you can learn that Bridgetown developed about 1920, along with the northwest extension of the Burkburnett oil field.

It was predominantly a tent town, and sported a population varying between 3,500 and 10,000.

It was hard to get an accurate count. They moved in and out so fast. The mortality rate was pretty high, too.

W. L. (Red) Hamilton, one of three men still there who were on hand during the boom days, recalls that a man was sitting on the porch of a rooming house one day "A stray shot killed him on the spot," Hamilton says.

"They never found out who did it. Nobody cared much.

Another fellow was walking by a crap game in the street. "The laws thought he'd just left the game and they hollered at him to stop," Hamilton says. I guess he didn't think they were yelling at him. Anyway, he did not stop. They shot him full of holes.

"There were a lot of killings in those days," says Hamilton, who is a pumper for the Oasis Oil Co. "We didn't pay much attention to them then."

And then, there was the fellow who almost died of apoplexy. He'd invited all his friends in for a party, Hamilton says. "He'd paid \$125 for a barrel of whiskey. When he opened the barrel, there was nothing in it but water."

"You wouldn't have thought it was civilized around here, says Hamilton's boss, Flynn Testerman, who was also around during the boom.

Hamilton has two neighbors Clyde (Pedro) Peed and Jerry Gilger, who lived thru the boom.

Peed, who was tougher'n a boot when I came here," is a gauger for the Bell Oil Co., and lives in the house where a government receiver named Frederick Delano, uncle of Franklin Delano Roosevelt, once made his office.

"You couldn't get out of the sand in a few short years. Is it possible that some of the imported laborites from the North and East have stirred up this stink? Could be. We'll see.

house without getting hijacked in those days, Peed recalls.

Mostly the town was made of tents, but there were some pretty solid tin and wood structures. They were a solid row on both sides of the street, Peed says.

We had a couple of picture shows a bank, an old jail and a bunch of saloons.

Then Peed tells a joke. "One day a stranger came up and asked where he could get a pint of whiskey. A fellow points to a building and says, 'Anyplace but there. That's the post office.'"

According to the records, the population of Bridgetown had decreased to 100 by 1929. The post office was still listed in 1931, but the next year even that was empty. Now it's gone.

"Junk hunters took almost everything," Peed says.

Just north of Peed's place used to be the mile long wooden toll bridge over the Red River from which Bridgetown got its name.

Peed points out that way. It's all gone and the men's all gone he says.

Dr. J. B. Ohern Moving Office to Wichita Falls

Dr. J. B. Ohern, Chiropractor, who has been practicing here for the past 5 1/2 years, is moving his clinic to Wichita Falls. The new location in that city will be 1713 Ninth Street.

The new offices will be completely air conditioned, for both summer and winter comfort. All equipment will also be new.

Opening of the new offices will be Monday, March 14th. Dr. R. M. Sims of Altus, Oklahoma, will occupy the offices formerly used by Dr. Ohern at 201 Avenue D.

City Councilmen Are Unopposed

Two City Commissioners have no opponents in the coming election early in April.

J. Frank Kelley, Mayor, and Ross Reagan certified for reelection prior to last Saturday, last day to file for a place on the ballot.

Card of Thanks

I would like to take this means of expressing my sincere appreciation for the many cards, flowers, prayers and visits I received during my stay in the hospital and on my return home. May God bless each of you.

MRS. W. M. FERGUSON 34-11C

Mr. and Mrs. Melvin Bailey and Floyd Wayne visited relatives in Chickasha and Oklahoma City, Okla., over the week end.

PROCLAMATION

Whereas, our greatest asset is our children, and their education is the concern of each of us,

Whereas, the interest we show in children will be shown in the kind of citizens they make,

Whereas, March 7-12 has been set aside as national Education week,

Therefore, I, Frank Kelley, Mayor of the City of Burkburnett, Texas, do hereby designate March 7-12 as Education Week in Burkburnett, and urge all citizens of our City to visit one of the local schools this week.

This, the 5th day of March, 1955.

Mayor J. Frank Kelley

The lodge will open at 6:00 p. m. and immediately afterwards, the ceremonies will take place. The ladies of the Eastern Star will serve refreshments following the ceremonies.

Principal speaker for the occasion will be J. H. Ferguson of Burkburnett.

Quite a number of out of town guests are expected to be present and all Eastern Stars and friends are cordially invited to attend.

The new structure will be under direct supervision of the building committee. Burl Matthews, Worshipful Master; W. T. Zimmerman, chairman; Archie Faulk, G. G. Tyler, Paul Miller, J. H. Ferguson and Buddy Fowler, spokesmen for the committee.

Chevrolet Contest Offers Winners \$1,000 In Bonds

You or a member of your family can win a 1955 Chevrolet and a \$1,000 U. S. Savings Bond to boot in a contest which began here March 1st under the sponsorship of the Chevrolet Motor Division and Mathis Chevrolet Co.

To enter the Chevrolet "Miracle Mile" contest, you need merely fill out an entry form, write in 25 words or less why you would like to own a 1955 Chevrolet and deposit the entry in the mailbox provided at Mathis Chevrolet. Others of driving age in the family may also enter by preparing the material on plain paper and attaching them to the official form, Jack Mathis said.

Entry forms may be obtained at the dealership, Mathis said. There's a bonus of a \$1,000 bond in it for every winner who takes a demonstration ride in a new Chevrolet at the time he turns in the entry form. Besides writing frankly why he would like to own a new Chevrolet, each contestant must answer four elementary questions about the car's mechanical features, answers for which may be found in the contest booklet, Mathis said. Entries are being judged nationally on the basis of sincerity and originality rather than writing excellence, grammar and vocabulary.

The contest ends May 9 and is divided into six contest periods. In each contest period, 16 new Chevrolet Bel Air sedans and a sports model will be awarded winners, for a total of 102 cars nationally. Each winner who has taken a "Miracle Mile" ride will be given a \$1,000 bond.

If a winner has purchased a new Chevrolet during the contest, he will be presented with the full retail price of a 1955 Chevrolet Bel Air sedan in cash and a \$1,000 bond as well, if he has taken a demonstration ride, Mathis said.

Forty-Four Men At C-C Luncheon Business Meeting

Carl Campbell, president, was in charge of the Chamber of Commerce business luncheon at Town Hall Monday noon. Forty-four businessmen were present. J. Frank Kelley gave the invocation.

Following the meal, Manager Tommie Oglethorpe read the minutes of the previous meeting, which were approved.

In the absence of the membership chairman, Campbell announced the organization now has 181 active members.

Johnny Morrison, on the Youth program committee, reported his committee was working on plans for a Summer Youth Recreation program, to be organized two weeks before school is out, and put into effect immediately thereafter. Albert Richardson has been hired to take charge of the baseball program, which he believes will have some 350 boys this year.

H. S. Thaxton of the Military Affairs committee, reported that group had planned a barbecue for Military personnel and their families living in Burkburnett. The event is set for the middle of April. The project was oked by those present.

GRASS ROOTS OPINION

BEDFORD, Ind., Daily Times-Mail: "We believe that economic manipulation by government, through budget, tax and monetary policies leads to more and more centralized power in the hands of Washington — and a constant loss of liberty and individual rights to the private citizen."
WEST POINT, Miss., Daily Times Leader: "Any strong nation free workers can survive the ordeal of going broke, and can even come back stronger than ever when the tide of fortune turns its way. But paste this in your hat: No country is strong enough to make a comeback when the people lose their sense of personal responsibility — and their fundamental respect for the system that underlies all economic progress — the private property system — under which all men have the same opportunity."
LAMBERVILLE, N. J., Beacon: "The Tax Foundation — reveals the fact that a \$4,500 a year man works two hours and 23 minutes of his 8 hour day to earn enough to pay his taxes — It seems to us that facts presented in his understandable way will do more to alert the people to the evils of big government and all it represents. Furthermore, we must never forget that we never get anything for nothing."

DO WE GET OUT OR GET UNDER?

Public announcement by the Atomic Energy Commission that lethal radioactive fall-out from the H-bomb detonated at Bikini last year covered an area of 7,000 square miles gives us the first fact on which we can build some conception of atomic war.
It will also need the Congress and the Civil Defense into tackling their responsibilities to the American people a little more aggressively. Up to now, the principal activity has been to scold the public for its apathy in the face of this new and all-pervading horror.
But we do think the people have been apathetic to the technological possibility of obliteration, especially when it gives all the advantage to an aggressor who would strike first, which, historically, we have never done. We do not think Americans have forgotten Pearl Harbor, or have failed to consider what a modern sneak-attack could do.
We do think people have been stoical, perhaps even fatalistic in the face of Civil Defense disorganization and Congressional preoccupation. This situation is well illustrated in the national capital, which we would expect an enemy to regard as a desirable target. Civil defense in Washington is in a stalemate, stymied between two schools of thought. The authorities can not agree whether the citizens should take shelter, or whether they should evacuate. No doubt similar situations prevail elsewhere. And certainly, under present conditions, neither plan could be effective in our big cities.
Perhaps the AEC should tell us more about nuclear annihilation.

COSTLY CHICKEN-TRACKS

Readin' and Rithmetic have been pretty well drilled into most of us — but how about your Ritin'? If you're the average product of American schooling, it's pretty bad and you probably wonder at times if others can read it.
In fact, neglect of the Second "R" has been so widespread over the years that a new organization has been set up in Washington, D. C. to improve the hieroglyphics of us moderns. According to this Handwriting Foundation, their efforts are primarily essential and incidentally cultural.
Illegible message, they say, are costing business thousands of dollars every day. Illegible love-letters are blasting romances. Undecipherable shopping-lists cause husbands to bring home butter when bread is wanted. Our failures at calligraphy cause young ladies to wait on the wrong corners for young men, and vice versa; greeters to turn up at the wrong railroad, bus or air terminals or on the wrong day; merchants to ship the wrong quantities of the wrong goods to the wrong customers, and pharmacists to spend hours on the phone asking doctors just what they want put in their prescriptions.
To cope with this formidable problem, the Foundation has announced a fourteen-point program aimed at working with three groups, educators, business-men and the general public — which would seem to mean us. Comprehensive script, if the Foundation can help us achieve it, will save millions of dollars, millions of hours, broken hearts, broken homes, perhaps even broken heads. Additionally, we expect life will be neater, we will organize our thoughts more logically in less time, enjoy greater success and suffer less frustration.
Maybe the best way to start is to take pen or pencil in hand and see just how bad our handwriting really is.

From where I sit ... by Joe M...

Uses His Head Saves His Feet

Nobody around here can remember when Pop Turner wasn't our town's postman. He must have been totting that big, heavy mail-sack since Pony Express days. That's why it's sometimes a shock to see him these days pulling his mail bag around in a "caddy cart," a sort of light wagon that golfers use so they don't have to carry their clubs. "Folks sometimes holler 'fore' at me and ask me how my game is," Pop reports, "but I'm not ashamed to learn something new. Just wish I'd thought about these

golf gadgets years ago!"
From where I sit, it's not hard to see someone come up with a wrinkle — keeps us from being too regimented. For instance, perhaps you've always felt that hot milk is the only thing to drink at bedtime. Then some day you meet a fellow who prefers a cold glass of beer. Well, that's his choice — and certainly his right to it. We can't expect everyone to follow our old ways to the "letter."

There's even more to Chevrolet styling than meets the eye!

This is beauty with a bonus . . . for Chevrolet styling is designed to add safety and comfort while you drive, and to return greater value when you trade.

Truly modern lines are shaped by usefulness. You can see what we mean in the deep crystal curve of Chevrolet's Sweep-Sight windshield . . . a dramatic style note, certainly, but one that stems from the need for wider, safer vision. Or take high-set taillights—they add to the impressive length of line . . . but they are up there where they can be seen for safety's sake, and as convenient guides in parking. So, too, with the jutting peaks over the headlights.

The smart louvers across the hood aren't just decoration . . . they mark the intake for the High-Level ventilation system for cleaner, fresher air. And the whole shape of the body—its lowness, the dipped belt line—is merely a reflection of a lowered center of gravity, the added stability.

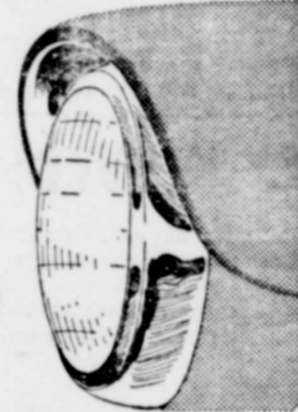

This is truly functional styling that serves you better every mile, and preserves its value against the distant day when you trade. This is Body by Fisher—another Chevrolet exclusive in the low-price field. Come in and let us demonstrate that this new Chevrolet is just as exciting to drive as to look at!

LEONA BENDER, popular radio star of KTSA says, "Every woman knows light Karo is best for cooking . . . and on the table . . ."

it's Karo for me, the best-tasting waffle syrup of 'em all"

Yes, indeed . . . biscuits go like hot cakes when you pour on plenty of delicious Karo waffle syrup. There's nothing like it for good eating. Satisfyin' flavor. So rich it stands right up on top of biscuits (keeps 'em light and fluffy). Keep Karo on your table morning, noon and night . . . it tops anything!

MORE PEOPLE BOUGHT FORD CARS IN 1954 than any other make!

Ford passenger-car sales to customers outnumbered those of any other make by thousands*

AND IT'S EASY TO SEE WHY!

Ford is the leader in styling

Motorists know that Ford has set the style trend in the industry for years. And now, with styling inspired by the fabulous Thunderbird, Ford is farther out front than ever!

Ford is the leader in V-8 power

Ford was first in its field (by 23 years) to provide the advantages of V-8 power. Since that time, Ford has built over 14,000,000 V-8 engines—more than all other makers combined! For 1955, Ford offers two new and mighty V-8's, as well as a most modern Six—all with the split-second response of Trigger-Torque power!

Ford is the leader in ride

Ford was first in its field to introduce Ball-Joint Front Suspension—the greatest advance in chassis design in 20 years. And, for '55, it's even better. Springs are set at an angle to smooth out even the tiniest bumps. It's the new Ford Angle-Poised Ride.

FORD IS THE LEADER IN ALL THE FEATURES THAT MAKE YOUR CAR WORTH MORE WHEN YOU BUY IT - WORTH MORE WHEN YOU SELL IT.

First Whirllette

Miss Susie Shambarger, above, daughter of Mr. and Mrs. C. D. Shambarger, Jr., of Wichita Falls...

Burkburnett girls between the ages of 8 and 13 are eligible to join the Whirlettes...

Interested girls in the eligible age group and their parents will meet March 5 at 2 p. m. in the WMCA Suffle-In in Wichita Falls...

Members will be chosen on the basis of personality and enthusiasm, and will be trained in baton-twirling, marching and dancing.

Organizer and instructor is Mrs. Bonnie Baxter of Wichita Falls who plans to train the group for parades, football games and other such events.

"This, of course," said Mrs. Baxter, "depends on the enthusiasm of the group. It has been done and can be done. I'm very much enthused about the Whirlettes, and think that they can become a very popular—even famous group. This idea has been in my mind since my high school and college twirling days."

The 8-13 age group has been selected because Mrs. Baxter believes children are easy to teach and very eager to learn. Too many people like to see children perform, she said.

"Though experienced twirlers will be accepted, I wish to encourage without experience, for such a group should be trained together for precision and smoothness. I also wish to encourage children who have had dance and vocal training. They often can be spotlighted for speciality acts. There are no set rules for membership, however. For instance, a very talented child of 5 may be accepted, or one of 14 showing a great deal of interest. Each applicant will receive individual attention."

"After the Whirlettes have been trained to the point where I think they are ready, a friend of mine, Jack Rowly of Hollywood, Calif., will come to Wichita Falls to add some professional polish and to instruct the group on stage etiquette, smoothness, etc. Mr. Rowly, now talent scout for showman Horace Heidt, was national baton twirling champion and has twirled professionally for about 7 years. I think the results will be amazing."

Further information on becoming a Whirllette may be received by writing Mrs. Baxter at 3108 10th st. Wichita Falls.

Here's What You Can Do To Help

"What can I do about traffic accidents?"

A lot of people — concerned about a traffic situation that resulted in 18,330 deaths in 1953 are asking that question.

But never get so if they accepted the answer to be, "Nothing!"

There's a lot wrong. The answer is "Plenty!" And the current program which the Texas Safety Association, the Texas Dept. of Public Safety and the National Safety Council are conducting spells it out: "Know and Obey Traffic Laws."

Maybe you think that's a little far fetched, that knowing and obeying traffic laws won't make much of a dent in the annual traffic toll.

If that's what you think read the following sentence carefully: In 1953 87% of the drivers involved in fatal traffic accidents were violating a traffic law at the time of the accident. Doesn't that definitely establish the relationship between traffic accidents and law breaking?

We don't say that most of the accidents would have had accidents if they had not violated the law. But it's safe to assume that a substantial number of accidents in which they were involved would never have occurred if the drivers had been observing the law.

This is the basis for our suggestion that a knowledge of and respect for traffic laws will bring about a partial solution of our traffic accident problem.

It's a simple solution. All it calls for is a willingness on the part of every driver to accept his responsibility to protect himself and everyone he meets in traffic. If each driver familiarizes himself with local traffic laws and then obeys them at all times, we'll be well on the way to locking our traffic accident problem.

Civil Air Patrol News

The other day I received the following letter from a Civil Air Patrol Cadet parent:

Dear Lieut. Schroeder: My children are interested in joining the Civil Air Patrol. I understand that you have a Cadet program for the young people of America. Before I can give my consent I would like to know—What is Civil Air Patrol? What do they do?

This is only one portion of the letter, but it is typical of the letters and questions that we receive daily from people who are not familiar with Civil Air Patrol activities. The Civil Air Patrol is a volunteer civilian organization, which by the act of Congress was made an auxiliary of the Air Force. The mission of this organization is to train and to maintain a volunteer semi-military flying organization composed of personnel who operate and maintain civilian airplanes, who are vitally interested in the advancement of aviation, and who are sufficiently public-spirited and patriotic to contribute voluntarily in wartime and in peacetime their aircraft and personal time and effort to the Air Force.

Civil Air Patrol is engaged in a nationwide program of public education matters pertaining to the advancement of aeronautics and the maintenance of air supremacy; they are also developing a reserve pool of personnel trained in the fundamentals of aviation by conducting an aviation education program, which is general education as it pertains to aviation, for a continuing group of carefully selected CAP cadets. The organization has a nationwide radio network for training communications specialists and for emergency purposes. They perform volunteer missing aircraft search and rescue missions as an auxiliary of the Air Rescue Service. In addition to these duties the Civil Air Patrol also performs emergency missions for other federal agencies and state governments such as patrolling forests, pipelines, public utilities and flooded areas when ordered by the National Commander of the CAP.

It is hoped that through the Civil Air Patrol News in your paper we can keep the community informed of our activities and thereby encourage more people to become a part of our program. If there are any questions about CAP that you would like to have answered, direct your correspondence to: Lt. G. Schroeder, Wichita Falls Squadron, CAP, Sheppard Air Force Base, Texas.

INCOME TAX FACTS No. 4 Get All Exemptions for Yourself and Dependents

(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the Texas Society of Certified Public Accountants.)

Many taxpayers cheat themselves on their personal exemptions. Of course there are others who get into trouble by claiming too many exemptions — like the cowboy who claimed an exemption for his horse because he loved him like a brother.

The rules for a taxpayer's own exemptions are the same this year as last year, but the new tax law has made it easier to get exemptions for dependents.

Your Own Exemptions

Here's how to count your exemptions (each one takes 1000 of your taxable income):

One exemption for yourself, two if you are 65 or over, two if you are blind, three if you are both 65 and blind. The same applies to your husband or wife.

If your husband or wife died during 1954 you can file a joint return claiming the exemptions including those for age or blindness, to which the deceased would have been entitled at the time of death.

Exemptions for Dependents

One exemption of 1000 can be taken for each person who fits the definition of a dependent. This 1000 is not doubled for age or blindness, as in the case of your personal exemptions.

To count for an exemption, the dependent must:

1. Have less than \$500 gross income for 1954 (except that under the new law this does not apply to your child if he is under 19 or is a full-time student).

2. Have received more than half his support from you. (New Law: Do not include scholarships in figuring total cost of support. The dependent may also qualify even though he or she receives more than half of his support if a group of persons who would otherwise be able to claim the dependent contributed more than half, any member of the group who contributed at least 10% may claim the dependent if all others have contributed 10% or more have signed a declaration that they will not claim the deduction.)

Additional Information Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisers.

Next article: Tax Eased on Dividends and Retirement Income.

INCOME TAX FACTS No. 5 Tax Eased on Dividends and Retirement Income

(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the Texas Society of Certified Public Accountants.)

A retired couple may now receive an income of \$5,750 without paying any federal income tax whatsoever, if at least \$1,425 of their income is from dividends. This is the way it works under the new tax law (omitting cents):

Subtract dividends they are allowed to exclude (\$50 each): 1500

Reduce the remaining \$5,250 by the standard deduction of 10%: 525

Subtract their exemptions (\$1,200 each if they are both over 65): 2400

Taxable income: \$2,647

Tax at 30% (income splitting of joint return keeps them in lowest bracket): 794

Subtract dividend credit, limit being 5% of \$2,647: 69

Remaining tax: 725

Subtract retirement income credit at 30% of taxable income up to \$1,200. Assuming both husband and wife are eligible, total credit would be 30% of \$2,400 (\$480).

Result: no tax.

Dividend Exclusion and Credit

There are good many "ifs" and "buts" involved in the above illustration. Consider first the matter of dividends.

All taxpayers (regardless of age or retired status) are entitled under the new law to exclude from their incomes the first \$50 of dividends received in 1954. Husband and wife can each exclude up to \$50 if they both own stock. A credit of 4% of dividends beyond this amount received after July 31, 1954, may be subtracted from the tax that would otherwise be due.

The 4% dividend credit is limited to 3% of your taxable income for the calendar year 1954 (and fiscal years ending before 1955), but will go to 4% of taxable income for future years.

The dividends referred to do not include so-called dividends from mutual savings institutions and domestic building and loan associations or dividends from tax-exempt cooperatives, certain insurance companies and foreign corporations.

Additional Information Be sure to read the official instructions. You can also get help from the Internal Revenue Service, which urges you to consult only qualified advisers.

Sgt. William Hilt In Plane Crash

A four engine military transport with 58 persons aboard crashed today while landing at Keflavik Airport, Iceland, but the only injuries were two sprained ankles and one dislocated shoulder.

Aboard the C118 Liftmaster were a crew of nine, 30 military personnel and 19 civilians, including four women and a 7 year old boy.

The Public Information Officer said crewman included Staff Sgt. William Hilt, Burkburnett, Tex., engineer.

Circle I. Of WSCS Met March 7th With Mrs. G. D. Scruggs

Circle No. 1 of the WSCS of the First Methodist church met March 7th at 2:30 p. m. in the home of Mrs. G. D. Scruggs, south of the city.

In the absence of Mrs. Rigby, circle leader, her assistant, Mrs. Reger presided.

Song "A Story is Told to the Nation" by the group with Mrs. Henry at the piano.

Mrs. Schuch gave the call to worship from Psalms 121 and Matthew 23: 27-33. Meditation: When Jesus was asked "Which commandment is the first of all," he used the old law "You shall love the Lord your God with all your heart and with all your soul and with all your mind and with all your strength." And he added one to it "You shall love your neighbor as yourself." Mark 12: 28-31. Mrs. Schuch led in prayer.

Mrs. Pilkenton was in charge of the program. She gave the first talk on the importance of the individual. When a young woman comes to our city the WSCS and the Wesleyan Service Guild have a share in helping her get adjusted and established.

Mrs. Melton had the next part "The Wesleyan Service Guild and the newcomer in our City." She said we had ten guilds and 287 members in our district and that they are our responsibilities.

Mrs. Reger was third with "The responsibilities of the Wesleyan Service Guild in a rural community." She said a unit may be started with six or eight gainfully employed women. Often these women are homesick and need help.

Mrs. Hall gave "The Wesleyan Service Guild in the city." She quoted "Go ye into all the world and preach the gospel to the whole creation."

Mrs. Holt gave the last talk on "Wesleyan Service Guild overseas and how we could find practical ways for helping." She stated that we had a charge to keep.

In a short business session we decided to get a \$6.00 meal ticket for a pupil. We have given one \$6.00 ticket and were pleased with the results.

Penny collection was then taken and after the benediction, delicious refreshments were served to the following: one visitor Mrs. T. M. Jensen and members, Mesdames Reger, Pilkenton, Gage, Bradford, Gora, Henry, Hall, Melton, Neal Lawler, Gragg McPherson, Schoch and the hostess, Mrs. Scruggs.

The next meeting in April will be with Mrs. Reger.

The Air Age

BY E. L.

Do you have any ideas as to what stages Atomic invention has reached? Can you see the power wrapped up in a small particle as an atom? Are you one of millions of people who take evacuating practices lightly? We'll never have an atomic bomb raid? Do you live in Texas? Do you live in an extra precaution? Why? Are the reasons we are living to see if you are aged and live a normal life? Half of flying and flight in the U. S. is taking Texas. Large firms are doing their activities over a large area and getting sizes. What does our job mean? Lawton, the artillery training center, is 45 air miles north. Flat, Okla., is 110 air miles west and is to be a B 50 and B 36 base the next two years. Altus, very close and they are part of our defense. AFB trains a sizeable of A-C and engine mechanics which are much more to our flying defense.

Column won't tell anyone could be actively concerned at local defense actions, will say again you'll live the mangling results to do won't take such matters.

VETERANS Administration Questions and Answers

Q—I pay my GI insurance premiums once a year in advance. If I die, what will happen to the money that has not yet been applied to premiums?

A—The money, earmarked for premiums beyond the month during which death occurred, will be refunded to your beneficiary in a lump sum.

Q—I understand that veterans disabled in service after Jan. 31, 1955, may receive disability compensation at peacetime rates, 80 percent of the wartime scale. Are there any conditions under which these veterans may get the full wartime rate?

A—Yes. Disabilities resulting directly from armed conflict, or from extra-hazardous service—including service under conditions simulating war—may warrant compensation payments at the full wartime rate.

Q—in order to get my college degree, I am supposed to take a course in public speaking. Would I have to get prior VA approval for that course, on the grounds that it may be considered "avocational or recreational" in nature?

A—No. Since your public speaking course is an integral part of your GI training program leading to a degree, prior VA approval will not be necessary. If the course were taken by itself, not a part of an over-all educational program, VA's approval would be required.

Q—Has the Presidential proclamation, ending the establishment of entitlement for wartime GI benefits, had any effect on the cut-off date for starting Korean GI Bill training? I am a Korean veteran, already out of service.

A—The proclamation has no bearing on when you must begin your Korean GI training. Under the law, you still must start within three years from the date of your separation from military service.

Funeral Services for Mrs. Mamie Long

Funeral services were held Saturday, Feb. 26th, 10:00 a. m. at the Church of Christ for Mrs. Mamie V. Long, 52, resident of Burkburnett for 34 years. Mrs. Long died Thursday morning, Feb. 24th at her home after a long illness. She was born May 15, 1902 in Atkins, Arkansas.

Bro. Wm. Wilhoit and Bro. W. E. Burkham of Burkburnett and Rev. T. Herbert Mingo of Denton officiated at the service. Burial was in Burkburnett cemetery under direction of Owens and Brumley funeral home.

Survivors include her parents, Mr. and Mrs. H. M. May of Burkburnett; one brother, H. B. May; two nieces, Mrs. Billie Jane Brookshier and Miss Mary Ann May; one nephew, Tony May; one great niece, Diana Kay Brookshier.

Pall bearers were T. K. Garland, Will Teal, Clark Gresham, F. W. Farley, W. T. Holman, and Cliff Cannon.

Ladies Aid At Clara Met March 3rd.

On March 3rd, members of Trinity Lutheran Ladies Aid of Clara, assembled in the parish hall for their regular monthly meeting with Mrs. J. H. Kollmeyer acting as hostess.

The meeting was brought to order with song and prayer.

Mrs. Walter Siber presented the topic "Why the bible is the best book." She pointed out that the bible is the most popular valuable and influential book of our time.

Mrs. Albert Brockriede, president, led the business session.

Plans were discussed to erect an education booth on "The Lutheran Hour" and TV program of our church at the Texas-Okla., fair this fall.

Mrs. Edgar Siber and Mrs. A. Brockriede were selected to serve as delegates to our Lutheran Women's Missionary society executive board meeting for the zone to be held at Wichita Falls on Feb. 16th.

The meeting was dismissed with prayer.

A delicious refreshment plate was served to 24 members and 3 guests.

The next meeting will be held on April 14th with Mrs. Virgil Klinkerman as hostess.

Grade School News

We are enjoying this fine spring weather and we are hoping that the sunshine will help a lot of our boys and girls to recover from the spring ills of Chicken Pox, Mumps and other minor ailments that seem to catch up with children in the spring. We do not have many out the last few days, but several were out when the flu bug was on the rampage. We are hoping that the sunshine will drive the flu into winter-quarters and keep him there.

We are very proud of having a small part in Texas Education Week. We are very anxious to have our parents and friends to come by and see the work that we are doing. It makes us want to work better when we think that you are interested in the things that we are doing.

Dr. Charles Brown will be guest speaker for the evening meeting, March 15th, of the Hardin PTA at 7:30 p. m. in the grade school auditorium. Mr. Brown's subject will be Mental Health.

The schools are observing visitation week. Parents are invited to take this opportunity to visit the schools. Program leader will be Mrs. Vernon Duke. Entertainment will be by the fourth grade pupils.

Electricity Can't Think—But You Can

Did you ever turn on the electric stove and have the radio slowly turn red, while music started coming from your refrigerator? or plug in the toaster and have the oven door light up with "I Love Lucy."

Of course not—because electricity is dependable. If wiring and appliances are in good, safe condition, we will get the result we expect when we snap a switch plug in an appliance, or turn on a motor.

There are danger signs to heed and precautions to take if electricity is to continue being a safe dependable servant. A spark or flash occurring where it shouldn't is a warning of trouble that should be investigated immediately, as it might start a serious

fire if the cause isn't remedied.

The first tingle of shock that you feel when a switch is turned on or an appliance is touched is another serious warning to heed—because the second shock could make you feel like the roof caved in!

A shock is usually an indication that a "hot" wire has become grounded or is touching the frame of the device or appliance. Further, it is a condition that will grow worse rather than improve.

Appliances such as washing machines, water heaters and stoves should be properly grounded. Portable electric tools used in garages or basements should also be grounded.

Everyone knows the potential danger of frayed extension and lamp cords. Overloading circuits lowers the voltage and may cause fire if proper-sized fuses are not used.

Where electricity causes injury or fire, don't blame the electricity; blame the person who overlooked or failed to heed a significant warning.

Electricity provides many comforts and conveniences. Thanks partly to its power, former luxuries are now necessities. In order to continue enjoying these benefits, heed all warnings and observe all precautions. Let smoke curl from the chimney of your home rather than from between your walls! By being careless, you may find electricity lighting up your eyes and ears

instead of your tools and appliances, which would be a painful and not too efficient result!

Treat electricity with respect, it is an excellent servant but a totally heartless master. Always remember that electricity can't think—but you can!

the Famous

Builders Class Entertained By Mrs. M. B. Riley

The Builders class of the First Baptist church met March 3rd in the home of Mrs. J. B. Riley for regular business and social hour of the month.

Opening song "Brethren, we love you" by Mrs. Chas. Ware.

The president was in charge and called for reports of group activities and reports of absentees and the sick. Visitation was urged.

A report of the previous meeting and the minutes of the same were read by the secretary and stood approved.

Mrs. C. D. Walling was in charge of the devotional which consisted of members giving their favorite scripture verses. This was followed by sentence prayer.

This concluded the business of the hour and the social session.

was turned over to the vice-president.

Mr. Ware, who has a daughter in the missionary field, read a very interesting letter which reminded us of the great need in that field of work.

Mrs. J. L. Smith entertained with games and contests of various kinds which were enjoyed by all.

Group No. 1 served cake, ice cream, tea and coffee to 22 members.

Our meeting was held on Wednesday this month because this is the week of prayer.

Four FHA Members At Area Meeting

The Future Homemakers of this area held their annual meeting at Stephenville last Friday and Saturday, March 3-4, with four students from Burkburnett High School among the 1200 present. They were Norma Fleming, Collie Musgrave, Joan Mason and Ethel Mason.

Some highlights of the meeting held on the campus of John Tarleton College, were election of next year's officers and a talk by Dr. Otto Nelson of TCU.

J. B. Walling to Report Weekly

I plan to write a compact weekly news report direct to the citizens of Texas on what is going on in the Legislature at Austin. By co-operating with the newspapers, I hope I will be able to keep your readers more fully informed of the status and progress of important pending legislation and they will become better acquainted with matters under discussion at the Capitol which may affect them.

I will report about the things I am working on, and the problems and issues at Austin which to me seem important to us. But I will not limit these reports to urging my own decisions. A factual report will help everyone reach his own conclusions.

I am tremendously concerned with the need to protect our natural resources and our entire economy from federal control and dictation. I believe firmly that the way to avoid federal regulation of many important Texas industries, such as the production of natural gas, is

for the state itself to act wisely, adequately, and in time.

Newspapers throughout the state have given considerable attention to my bill for the conservation of our natural gas resources. My bill, House Bill No. 7, is identical with Senate Bill 48.

It proposes that, as the means of conserving our natural gas resources as a primary jurisdiction of the state in the public interest, that the state's conservation agency should be empowered to prohibit physical and economic waste of gas by placing the Texas supply upon something of a parity with the gas produced by other states. It would forbid the drainage of our gas fields because some of the big transmission lines had tied up the producers and the royalty owners in long-term contracts at prices far below the actual value.

The measure is one for conservation. We are encouraging manufacturing and industry. These plants can be gained only by favorable prices and assured supply of fuels. It is obvious that if the big exporters can take Texas gas at a far lower price than from adjoining or other states, they will drain our fields dry. Then our industries will be destroyed.

Sincerely yours,
J. B. Walling

Mrs. J. D. Grizzle
Hostess Federated
Missionary Society

The Federated Missionary Society met in the home of Mrs. J. D. Grizzle with Mrs. Turner as co-hostess.

Mrs. Carwell, president, opened the meeting with a message in song by the group "There is a fountain."

Mrs. Buchanan led in a very inspiring prayer.

Roll call was answered with a scripture.

Minutes were read by Mrs. Haley, sec. Eighteen pounds of Christmas cards were sent to Miss Evelyn Schuarte for the children in Indonesia. Miss Schuarte is known to the children as Mother Evelyn. Mrs. Schoch had charge of sending the cards. Mrs. Jones reported on things that have been taken to the state hospital.

Mrs. Cecil reported on the luncheon to be held at the home of Mrs. Buchanan April 1st.

Mrs. Gage reported sending ten cards to the sick.

Mrs. Claudia Bowman brought a lovely devotional service from Gen. 1:1.

Lovely refreshments were served to 18 members.

Mrs. Ady closed the meeting with prayer.

Soil Conservation District News

Ed Bevering has completed an erosion control pond on his farm near Charlie. Chief purpose of this type pond is to intercept and store runoff from adjacent steep rangeland that had been draining across good cropland, creating gullies and erosion of topsoil. This tank can also serve as a watering place for livestock when windmills are not running.

Soil conservation service personnel of the Burkburnett office stated a drainage system on the J. D. Robbins farm which is located two miles South of Thornberry and adjoins the Wichita River. Runoff water from several hundred acres is trapped and farms a lake on the Robbins farm. Losses of alfalfa and wheat from drowning in last spring's rain would have nearly paid for installation of the ditch and 100 feet of 10 inch pipe that will drop the water

into the Wichita River in a twelve hour period.

Donald Holtzen of Clay Marvin Fleming of Thornberry have waterways shaped ready for seeding to King Bluestem and Buffalo.

With favorable summer conditions, the grasses should well enough established to permit construction of the ways before next wheat planting time.

There is lots of Madrid er seed available in the burkburnett trade territory and very reasonably priced.

Lowanna Camp Fire Group Met March 8

The Lowanna Camp Fire group studied the requirements to be met for Wood Gatherers' rank at a meeting Monday, March 8th. The meeting was held in the home of Irma Ned Riley on 4th street.

Loretta Brocker was in charge of the business session. One of the requirements for the rank is that the group cook three consecutive meals outdoors with an a to z menu. The president appointed Jo Ann Hervey and Shirley Hodges to draw up safety rules to be observed during the outing which will be at Clements farm in the near future. Ietha Herring and Carolyn Clement were appointed as program chairmen. Irma Ned Riley and Charlotte Wallace will plan the three meals and buy the food. Loretta Brocker is to make a reflection oven for cooking the biscuits for their breakfast. Each girl is to make her own hobbit stove. The group voted to pay for all expenses out of the money they earned in the camp fire candy sale.

After the business session, program chairman, Shirley Hodges introduced Mrs. J. L. Ragan who taught the girls a new song and led in the singing of many old favorites.

The girls will attend church in a group Sunday in observance of camp fire's 49th birthday.

Veterans Administration Questions & Answers

Q—I am going to night school under the World War II GI Bill. My employer has just told me I will have to take an unexpected two-month trip to call on customers. Because of the trip, I will have to interrupt my course. Will I be permitted to resume it under the GI Bill after I return?

A—Yes. Temporary interruptions, because of unexpected circumstances related to your job, are permitted under the GI Bill. If they extend for more than four months, however, you will have to show VA that it was impossible for you to resume training within four months.

Q—I intend to convert my World War II GI term insurance policy to a permanent plan. What will VA consider as my age, for purposes of premium rates, my past birthday or my birthday to come?

A—Your age will be considered the effective date of your permanent plan insurance.

Q—As a Korea veteran, may I join with a non-veteran in obtaining a GI business loan?

A—Yes. But VA's guarantee will be based only on that amount of the loan which represents your interest. The guarantee cannot extend to the portion of the loan representing the non-veteran's contribution to the enterprise.

Q—I received an administrative discharge from the armed forces to give up my enlisted status and become an officer. On the basis of that discharge, would I be eligible for Korean GI Bill training?

A—No. Korean GI training may not be taken by persons on active duty. You must be a veteran, out of service—in order to train.

Q—I am taking on-the-job training under the Korean GI Bill. I also would like to enroll in a correspondence course on the side, to study a subject related to my job training. Will VA pay for the course?

A—The law prohibits VA from paying you an additional amount of money to cover the cost of your correspondence course. It can pay only the required allowance for your on the job training.

Q—My National Service Life Insurance term policy has lapsed. I want to reinstate it and, at the same time convert to a permanent plan. What payments will I have to make to the VA?

A—You will be required to pay one monthly premium at the term rate, and your first regular premium at the permanent plan rate. The latter may be either a monthly, quarterly, semiannual or annual payment.

Q—I am a World War I veteran receiving monthly pension payments from VA. My uncle recently died, leaving me an inheritance of some shares of stock. Are the stock proceeds considered as income, in figuring my annual income ceiling?

A—Proceeds of the stock will not be considered as income until they are converted into cash.

Q—As a result of my service in World War II, I am receiving monthly disability compensation payments. Would it be possible for VA to deduct the amount of my GI insurance premiums from my compensation, so I won't have to bother

making out a check every month

A—Yes. Your compensation payments, however, must be large enough to take care of your premium payments each month.

Q—I mailed VA a letter applying for disability compensation, and VA sent me a form to be filled out. Since I have been out of service more than a year, my compensation can be effective only to the date I applied. Which date will that be, the date of my letter or the date of my formal application?

A—If your claim is approved, your compensation payments may date back to the date your letter was received by VA.

Q—I am studying for a graduate degree under the Korean GI Bill. I have to satisfy a foreign language requirement, but my school does not offer foreign language courses. May I take such a course in a different school?

A—Yes, provided your school does three things: (1) certifies to VA that you are a graduate student; (2) designates the subject you are to take at the second school; and (3) agrees to allow full credit for your language course in partial fulfillment of your degree program.

Q—I intend to file a claim for a pension, based on the death of my husband, a World War I veteran. Is there any deadline for applying?

A—There is no deadline for applying for a death pension. However, if you apply within one year of your husband's death, the payments may be made retroactive to the day following his death. If you wait longer than one year, the payments are effective as of the date you filed your application.

Q—I am a World War II veteran and have gone back on active duty. My National Service Life Insurance premiums are being waived while I am in uniform. Even though I am not paying premiums, will I collect dividends on my policy?

A—No. During the period of waiver, GI insurance dividends are not payable.

Wilbarger-Wichita Soil Conservation District News

It is time for the seeding of Madrid clover according to Elvey Sargent of the Soil Conservation Service. In planning legumes in conservation rotation, the benefits of madrid clover should be considered.

Madrid clover is a deep rooted legume that breaks up plow pan and opens up the soil, adds organic matter helps hold water, and adds nitrogen to the soil, which is essential to plant growth. It can be used for hay, grazing and seed production.

Planting suggestions recommended seeding on firm, clean seed beds covering about one half inch deep. The seed should be inoculated with proper inoculant and fertilizer according to soil analysis. If no analysis is used, apply 200 pounds per acre of twenty percent phosphate per acre or its equivalent.

This area has available from district cooperators home grown seed. Among those who harvested seed last year were Wilbur Prechel and Herbert Keisling of Clara, Wynore Downing of Wichita Falls, Kay Bub Ranch of Kamay and Lee Trigg of Iowa Park. A madrid clover experience is

related by H. W. Beasley of Clara. Mr. Beasley states that on badly eroded tight land where wheat was producing about five bushels per acre, that oats produced fifty bushels per acre following madrid clover.

Valentines That Always Hit Their Mark

YOUR LOVED ONE will be truly pleased at your thoughtfulness and ingenuity when she receives a valentine made from a flitting new photograph of herself.

HERBIBS and seraphims and other winged deities of the highest archangelic order must hit their mark as well as the bow and camera. Parts and flowers for St. Valentine—but for the height of her flattery and thoughtfulness, a photograph of your true (or loves) pasted in the center of a red heart. Be it your husband, children, or close friend, your heart's desire will be delighted to receive her or his image as the case may be circled within a heart.

About two weeks before Valentine's day, equip yourself with camera and flash equipment when you go a-wooing. Select a plain wall—a plain wall to do—and set the target of your cupid's mark in a simple, unobtrusive chair, sofa or plain table. A vase of flowers to one side adds interest and a "Valentine" touch. Pose your subject in several ways—profile, head-on, three-quarter view. You may want to try just a head shot. And try to get several pictures when they are unaware they are clicking the shutter.

You'll want to take lots of different pictures to be assured an image with flattering perfection. Natural lighting from a window, supplemented by photoflash, will give clear, distinct pictures with soft lighting and contrast. And be sure the flash is not too close to your subject or your picture may be distorted. If your flash attachment is detachable from your camera, raise it higher than "your heart's desire" for the best results. This alleviates too much light on hands and shoulders, or that glaring look.

You may even vary the distance and height of your flash in several pictures—you'll be amazed at the different results.

When your prints are developed, select the one you feel is best (you may even want to have it enlarged). Then cut it in the shape of a heart and paste it on a red heart you have made from red paper. You can use white ink to write on any message you want. Then wait for the smiles of admiration when the post man arrives. — Dick Martenson, Sylvania Photo Editor.

All Day Services Set At Calvary Baptist Church Sun.

This coming Sunday is that special day that Calvary Baptist church, College and Ave. B. has been planning for. It is homecoming day and all day services with dinner on the ground will be the order of the day.

Everyone is cordially invited to come and spend all or any part of the day with us. We will enjoy renewing acquaintances and making new ones. But we will especially enjoy a day of high spiritual fellowship, the word and praising God in song and testimony. Visitors, preachers and singers will be there to help make the day a grand success for God. You must not miss it.

It was fifteen years ago in this month of March that the pastor of this church first came on the field and except for a two years absence during 1932 and 1937, he has been steady on the job since that time. We can not make a list of his numbers and figures, but we can say we don't believe they always tell the true story. However, we can thank God for his many wonderful blessings through the years. It might surprise you to know of the literally hundreds who have found Christ at this Savior through the ministry of this church as it has been led by its present pastor.

God has the record and it has been by his marvelous grace that we have enjoyed victory after victory in spite of the efforts of the enemy to the contrary.

Our program is to reach men for God with the truth of His word and not just get church joiners.

Come and enjoy the day with us Sunday.

Ray C. Morrow, Pastor

Wood storm sash cut fuel bills, halt condensation.

Wood storm sash saves 12 or 13 cents of every dollar spent for heating fuel.

The U.S. Department of Commerce estimates that a fourth of every fuel dollar is lost because of air leakage at windows and the chilling of room air by cold window panes. Ponderosa pine storm sash double the usual amount of insulation at windows and thus save more than half of this loss.

A 2-foot, 4-inch by 5-foot 2-inch window with a tight wood storm window saves about 100 pounds of coal, 8 1/2 gallons of oil, or 12 therms of gas per year. These figures multiplied by the number of windows in a house give the approximate amount of fuel that can be saved.

Wood storm sash also prevent the condensation that forms on windows when the glass is cold. The moisture then can run off the window to damage walls, curtains, and furniture.

Water vapor gets into the air from cooking, bathing, laundering, dishwashing, and similar household activities. Heating and ventilation experts figure that in an average-size house, 150 pounds of vapor, or 18 gallons of water, are released each week into the air.

Ponderosa pine storm sash provide window insulation and reduce condensation. With storm sash, the glass in regular windows stays warm, and condensation doesn't take place.

Southwestern Life Insurance Co. Sets New Records in '54

B. H. ALEXANDER

Again in 1954, Southwestern Life Insurance Company set new records in insurance sales and payment of policy benefits during a calendar year. It has been announced by President James Ralph Wood in his annual report on the Company's business operations.

New paid for life insurance issued in 1954 totalled \$223,345,382, a 50 percent increase over the 1953 total of \$153,699,329.

This unusual gain is primarily accounted for by \$99,020,766 of group insurance on federal employees underwritten by the Company. Excluding this sum, new insurance sales amounted to \$124,324,596. It was the fifth consecutive year in which the Company's agency force had set a new mark in producing new business.

Insurance in force at the end of the year was \$1,211,600,658, an increase of \$146,540,725.

Southwestern Life policies issued to individuals in 1954 averaged \$6,057 in face amount, reflecting a continuation of the trend toward the purchase of more adequate amounts of insurance. Then years ago, the average amount of protection provided by each such policy was only \$2,509, Wood reported.

Policy benefits paid to policyowners and beneficiaries total \$18,359,140, a new record and more than \$3,400,000 above the payments in 1953. Since 1903, when it was organized, the Company's policy benefit payments amount to more than \$199,000,000.

The Company's financial statements shows 1954 year end assets of \$322,553,099, an increase of \$26,360,792 for the year. Policy reserves increased \$22,845,272 to a total of \$282,093,661. Total liabilities increased \$23,256,951, and appear on the balance sheet as \$291,343,774.

Lake View Nips Burk Girls, 40-37

A big Lake View of San Angelo team, boasting a pair of six-footers, eliminated Burk Burnett from the Region I, Class AA girls tournament in Lubbock Saturday morning, cashing in on final minute points for a 40-37 victory.

Abernathy beat Lake View, 46-36, in the Class AA finals, while Dimmit shadded New Deal, 60-56 in the Class A finals Saturday night.

Burk Burnett had waged a constant come-from-behind struggle in the game, and with seconds remaining on the clock, had a 37-37 tie.

Sparked by Connie Williams, one of the big girls, Lake View had taken a 21-16 halftime lead, but a drive-in crib by Joann Thomas and a free throw by Darlene Edwards tied it up shortly after the second half began, and Burk spurred into a 31-27 third quarter lead.

Early in the fourth period Jean Bowers tied the score at 33-33 and both clubs traded points until it was deadlock at 37-37.

At that point, Miss Bowers, who made most of her 14 points during the last half dropped in a fielder and Ila Hudson added a free throw to clinch it for the Chiefettes.

Burk Burnett was unable to score during the remaining 45 seconds.

Miss Edwards led Burk and game scoring with 17 points. Miss Williams had 16 and Miss Bowers 14 for the winners. Marilyn Penn had 10; Marilyn Morris, six and Joann Thomas four for Burk Burnett.

Sonja Gayle Preston Celebrates Her Third Birthday

On Thursday, March 3rd, Mrs. Brack Preston, Jr., honored her daughter, Sonja Gayle, on her 3rd birthday with a party at the home of Mrs. B. H. Preston, Sr.

The little friends played games on the patio and then retired to the den where a table was set for the little ones, centered with a beautiful birthday cake topped by a doll and candles.

After the honoree opened her beautiful gifts, refreshments were served to: Mrs. Tom Burnett and Susie, Mrs. Chas. Goins and Mike, Mrs. Winston Freeman and Cynthia, Mrs. Hugh Preston, Jr., and Bruce, Mrs. Harold Preston and Charlene, Mrs. Nancy Northcott, Miss Judy Croxley, the honoree, Sonja Gayle Preston, Mrs. B. H. Preston, Jr., Mrs. B. H. Preston, Sr., all of Burk Burnett; Mrs. Roy Wampler, Mrs. J. P. Morrison, Mrs. Cordie Christian, Temple, Oklahoma; Gayle Preston and Mrs. Wm. Oldom, Wichita Falls.

Deadline Soil Builders Awards April 1st

Deadlines for two divisions of the 1955 Bridwell Soil Awards have been set according to Wymore, general chairman of annual BSBA program.

Deadline has been moved Feb. 15 to April 1 in the legumes division and Feb. 15 to May 1 in the annual irrigated grass program.

District Agricultural work-extended the deadline a recent meeting here of the late moisture this year. The DAWC officials felt many people had planted legumes who have had no time to enter the contest yet.

Entry cards are available from district agricultural workers in your area or by writing to the Wichita Falls Chamber of Commerce, P. O. Box 1860.

Downing invites all farmers and ranchers in the area to participate in the BSBA. First prize is \$125 in the winter legumes division and \$100 is the top prize in the irrigated grass division.

Water vapor gets into the air from cooking, bathing, laundering, dishwashing, and similar household activities. Heating and ventilation experts figure that in an average-size house, 150 pounds of vapor, or 18 gallons of water, are released each week into the air.

A Year With The Friberg - Cooper 4-H Boys and Girls

The Friberg-Cooper 4-H Club was organized in May 1954. This joint club, composed of both boys and girls has made remarkable progress during the first year of organization.

The club is widely known thru out this area. It is one of the most active organizations in this county and has received much publicity for the work its members are doing. The members of the Friberg-Cooper club not only work as individuals, but as a group. The group has done much work toward making the Friberg Cooper community a better place in which to live.

The club selected as its summer project the painting of mailboxes in the community. The boys and girls worked hard on this project which took several days to complete. The mailboxes were painted according to United States postal regulations. The boxes are aluminum with the names in black lettering.

The club has cooperated in improving and beautifying the community park.

The club painted trash cans, assembled a picnic table and helped with planing and landscaping the park.

1. The club plans to vaccinate all the dogs in the community.

2. The group has work nights. People in the community collect all of their newspapers and the members roll these in small bundles. The bundles are then sold.

The boys and girls used the theme "Community Improvement Thru 4-H Projects" in an educational exhibit at the Texas-Oklahoma Fair. This exhibit was awarded a blue ribbon and was judged second best in the community education exhibits.

The club also made toys for the underprivileged children for Christmas. The toys were presented to the Day Nursery and the Movie and Darlie Fowler Home for children.

The club members are conducting worship service Sunday, March 6, in observance of National 4-H club week. The service will be held at the Friberg-Cooper Methodist church, Sunday morning at the Cashion Baptist

church Sunday evening.

The officers of the club are: Janelle Vollmer, president; Ralph Swinford, vice-president; Helen Barfield, secretary; Celia Musgrave, treasurer; Frank Morton, reporter and William Morton, recreational chairman. Bill Kolter is the county council delegate while Janelle Vollmer serves as the district council delegate.

The club has more than doubled its membership since it was first organized.

Another vital factor in the growth of the club has been the impelling challenge that the county agents have always kept before them. B. T. Haws and Miss Cathryne Sands, county agents, have worked closely with their assistants, Glen Dunkle and Mrs. Peggy Meadows, in all of the activities.

Mrs. Mitchell Hostess to Burk Study Club Feb. 21

The Burk Burnett Study club met in the home of Virginia Mitchell Monday evening, Feb. 21st. The president, Neva Zimmerman, presided over the business meeting.

After the business Mrs. Henderson introduced Mrs. John Bevering, of Charlie, who reviewed the book Good morning Miss Dove by Francis Patton Gray.

After the very interesting review, delicious refreshments carrying out the Washington motif, were served to 12 members and three guests, Mrs. Bevering, Mrs. Bell and Mrs. Lincoln.

Mrs. Larene Davis won the door prize.

J. C. Cauthorn of Dallas spent the week end with his parents, Mr. and Mrs. Bill N. Cauthorn.

Egg Production Is Under County's Need

Wichita County is producing 1-4 enough eggs for its population, says Mr. C. B. Wormeli, poultry specialist from A & M college, at a series of meetings held in Wichita County. People are eating over 400 eggs per year. This is the production of two good laying hens.

Poultry produces 8 percent of agriculture income in Texas and about 11 percent in the United States. Of the poultry income, eggs bring 53 percent, broilers 30 percent and turkeys 10 percent. Texas ranks 9th in egg production and 5th in broiler production.

Mr. Wormeli stressed five points in a successful poultry program:

1. Size of flock, 300-1000 birds.
2. Sanitation program.
3. Efficient feed program.
4. Efficient use of labor.
5. Good rate of laying.

Meetings were held at Valley Farms Community and Burk Burnett. A number of 4-H club boys and girls who carry poultry projects attended these meetings, as well as adults. The Wichita Falls Chamber of Commerce, Burk Burnett Chamber of Commerce, Mr. John Sibley, vocational agriculture teacher from Iowa Park and Mr. Byron Farris, vocational agriculture teacher from Burk Burnett assisted B. T. Haws, county agent in conducting these meetings.

Defendants, Greeting:

You are hereby commanded to appear before the Honorable 30th District Court of Wichita County at the Court House there of, in Wichita Falls, Texas at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 11th day of April, A. D. 1955, then and there to answer Plaintiff's Petition filed in said Court, on the 19th day of February, A. D. 1955, in this cause, numbered 55266-A on the docket of said court and styled J. M. Towles and Edward Schlafke Plaintiffs, VERSUS the above named persons as Defendants to which this citation is directed, together with J. W. Hendrick, H. A. Neas, B. H. Towery, J. R. Harris, C. E. Davidson, Theo Savell, D. T. Quick, Nellie F. Sheehy, Margaret L. Sheehy, Rose M. Sheehy, Rudolph Stahling, J. E. Ketter, Dr. T. L. Bott, G. C. Potts, and Emette Westbrook, Defendants who are being personally served with Citation, are defendants.

A BRIEF STATEMENT OF THE NATURE OF THIS SUIT IS AS FOLLOWS, TO-WIT:

2. That on or about the first day of January A. D. 1955, Plaintiffs were and still are the owners in fee simple of the following described land and premises, situated in the County of Wichita and the State of Texas, to-wit:

Being more particularly described as Fifty (50) acres out of the West One-Half (W. 1-2) of SA&MGRyCo. Survey No. One (1), Abstract No. 275, Wichita County, Texas, described as BEGINNING at point in West line said survey 534.35 varas South of the North West Cor. said survey, same being the S. W. Cor. of a Fifty (50) acre tract out of said Survey conveyed by D. T. Cross and W. E. Crow to I. M. Humphrey by deed of record in page 76, Vol. 93, Deed Records, Wichita County, Texas; THENCE East with the 950 varas; THENCE South with dividing line between the East and West halves of said Survey 297.1 varas; Thence West parallel with South line of said Humphrey Tract 950 varas to the West line of said Survey; THENCE North along said West line 297.1 varas to the place of BEGINNING, and containing

Fifty (50) Acres of Land, in Wichita County, Texas, which includes the ELECTRA PRODUCERS COMPANY'S SUB-DIVISION No. One (1) which consists of Forty Four (44) Blocks, being Blocks One (1) to Forty Four (44) both inclusive, each of said Blocks having 66 lots each, or a total in all 44 blocks of 2904 Lots in the entire subdivision, which said subdivision, was laid out upon the above described Fifty (50) Acres and covers the entire above described Fifty (50) Acres, and is all of it included in the said Fifty (50) Acres.

3. That on the said date of January 1, 1955, Plaintiffs were in Possession of said land and premises, and afterwards, to-wit: on the 16th day of February, A. D. 1955, Defendants and each of them, unlawfully entered upon and dispossessed Plaintiffs of said premises, and unlawfully withheld from them the possession thereof, to plaintiff's damage in the sum of \$1,000.00.

4. That the reasonable rental value of the said land and premises is \$350.00 per year.

5. That plaintiff J. M. Towles owns an undivided one-half (1/2) interest in said land; That Plaintiff, Edward Schlafke owns an undivided One-Half (1/2) interest in and to the above described land and premises.

WHEREFORE Plaintiffs pray that the Defendants and each of them be cited to appear and answer herein as required by law, and that upon trial hereof Plaintiffs have judgement for the title and possession of the above described property, and for such other and further relief to which they may be entitled to either in law or in equity.

SECOND COUNT

6. Plaintiffs further represent, in the alternative, that they, and those under whom they hold, have had and held peaceable, continuous and adverse possession, under title and color of title from and under the State of Texas, of the lands and tenements hereinabove described for more than three (3) years after Defendants cause of action, if any, accrued and before the commencement of this suit; and that Plaintiffs hold title to the above described tract of land under the Three Year Statute of Limitations.

7. The Plaintiffs further allege in the alternative that they and those whose title they hold, claiming the above described premises under deeds duly registered, have had peaceable, continuous and adverse possession of the lands and tenements hereinabove described cultivating, using and enjoying the same and paying all taxes thereon as the same became due, and before such taxes became delinquent, for a period of more than five (5) years before the institution of this suit, and that the Plaintiffs hold title to said

land under the Five Year Statute of Limitations.

8. Plaintiffs further allege in the alternative that they and those under whom they hold title, that they have had peaceable, continuous and adverse possession of the lands and tenements hereinabove described in this petition, cultivating, using and enjoying the same for more than ten (10) years before the institution of this suit; and that they hold title to the above described tract of land under the Ten Year Statute of Limitations, and that Plaintiffs ought to recover.

9. That Plaintiffs further allege, in the alternative, that they, and those under whom they hold title, claiming under deeds purporting to convey the above described lands and tenements, which said deeds have at all times been duly recorded in the deed records of Wichita County, Texas, wherein such lands and tenements are situated have had peaceable, continuous and adverse possession of the above described tract of land under claim of right in good faith, under said deeds for more than twenty-five (25) years prior to the filing of this suit and the commencement of this suit; and that said Plaintiffs hold title to said land under the Twenty Five (25) year Statute of Limitations.

10. The Plaintiffs further allege in the alternative, that the Defendants and each of them who hold some apparent record title to the lands and tenements hereinabove described have not exercised dominion over such lands, nor have they paid any taxes thereon for one or more years, including the period of twenty-five (25) years next preceding the filing of this suit, the Plaintiffs, has openly exercised dominion over and asserted claim to the above described lands and tenements and has paid taxes thereon annually before the same became delinquent for as many as twenty-five (25) years during such period; and that Plaintiffs hold title to the above described land under the provision of Article No. 5519A of the Revised

Civil Statutes of the State of Texas.

That the State of Texas does not claim title to any of the above described land and tenements.

Wherefore Plaintiffs pray the Court for the recovery of the title and possession of said land.

WHEREFORE PREMISES CONSIDERED, The Plaintiffs pray that the Defendants, and each of them, be cited to appear and answer this petition, and that the Plaintiffs have judgement for the title and possession of the above described premises, for their damages, for costs of suit, and for such other and further relief, in law and in equity, to which they may be justly entitled.

If this citation is not served within ninety days after the date of issuance, it shall be returned unserved.

The Officer executing this process shall promptly execute the same according to law and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Wichita Falls, Texas, this the 23rd day of February, A. D. 1955.

Cauthorn Home Meeting Place for Univ. Study Club

The University Study Club met at the home of Mrs. B. N. Cauthorn Wednesday, March 2nd.

After a short business session conducted by the president, Mrs. A. R. Bunstine, the program was announced by Mrs. Crosley. It was a Texas Day program. Mrs. Pogue's subject was Characteristics of Texans. She gave many clever jokes and sayings from Boyce House's I Give You Tex- as. You can't beat a Texan.

Mrs. Rigby gave a very interesting paper on Makers of Tex- as Heritage. Starting with the Spanish Cavalcade and telling of the state's progress and hard- ships endured to become a lead- ing cattle state and of its im- portance in other phases of na- tional life. She spoke of home- steads and such ranches as the King and Matador Ranches.

The program was concluded with the singing of The Eyes of Texas Are Upon You.

Mrs. Cauthorn served a deli- cious refreshment plate to the following members: Mesdames W. H. Holt, R. C. Tevis and Laura Louise, R. P. Reagan, Bill Crosley, J. M. Pogue, Lewis Brooker, Bill Milam, J. H. Rig- by, P. A. Wiggins, T. M. Jen- son, I. E. Harwell, Joy Sessums, O. E. Melton, A. R. Bun- stine, S. S. Reger and B. N. Cauthorn.

The next meeting will be with Mrs. Joy Sessums March 16th.

Glazing Pointer: Wait for Thaw To Apply Putty

Here are some tips on replacing broken window glass. They come from Ponderosa Pine Woodwork, an association of lumber producers and manufacturers of wood win- dows, panel doors, and cabinets.

- 1—Be sure window sash is properly dried before applying putty. Do not glaze when temperature is below freezing.
- 2—Remove all traces of the old putty from the sash.
- 3—Overlap paint or varnish on glass to seal the putty-glass joint.
- 4—Avoid cleaning glass until putty and paint are thoroughly set. Be sure not to break the paint seal between glass and putty.

Brotherthon to Head Oil Belt League

Paul Brotherthon, of Brother- ton & White Sporting Goods Co. has been named president of the Oil Belt Baseball League for the coming season.

Brotherthon's selection was made at a meeting of area ama- teur baseball teams, at which plans for the coming season were discussed. Country Owen, Burk Burnett, was elected secre- tary of the circuit.

Interested teams present at the meeting included Iowa Park, represented by Wayne House; Nocona, Warren Clay; Wind- thorst, Joe Schroeder; Burkbur- nett, Country Owen; Archer City, Leonard Schenk; Midway, Cleo Holland; and W. A. Holts Sporting Goods of Wichita Falls, Bill Warren.

Triple round-robin competi- tion will begin April 24 with each team playing two games a week. The regular season will end August 13, with Shaugh- nessy playoffs to follow.

The league voted to limit the use of Sheppard Air Force Base personnel to those persons re- siding in respective league towns, or to those participating as a unit from Sheppard.

Auto Inspection Deadline April 15

A check with the local car inspection stations reveals that inspections are picking up con- siderably, but there are still many vehicles not yet carrying the 1955 inspection sticker.

Deadline for having the sticker on your vehicle is April 15th. Better check up on the old one. It may have come unglued and even though you have it with you or in the car glove compart- ment, you are still subject to a fine, as one local man found out last week.

The inspection is something that must be done, so don't put it off any longer. As the dead- line draws near you may have to wait in line for a few days.

J. P. Sickenberger Died Here Saturday

James P. Sickenberger, 85, a retired farmer and Burk Burnett resident 11 years, died at 1:55 a. m. Saturday in a Wichita Falls hospital.

Sickenberger was admitted for treatment late Friday following an illness of several weeks. He had been in failing health for four years.

He was a native of Alto, Tex., and had made his home with his daughter, Mrs. Minnie Eidson of Burk Burnett, since 1944.

In addition to Mrs. Eidson, survivors include two sisters, Mrs. Mary Wallace and Mrs. Lou Phil- lips, both of Rusk, Tex.; seven grandchildren and 15 great-grand children.

Services were held at 3:30 p. m. Sunday at the Calvary Baptist church in Burk Burnett with Rev. Ray C. Morrow, pastor, officiating.

Burial was in Burk Burnett cemetery under direction of Owens & Brumley Funeral Home. Pallbearers were Sam Eidson, Frank Eidson, Bill Eidson, R. L. Eidson, Oddie Eidson and Carl Boren, all grandsons.

Circle 2 Met In Caffe Home Mar. 8

Circle 2 of the WSCS of the Methodist Church met Tuesday, March 8th at 2:30 P. M. in the home of Mrs. J. L. Caffee.

The meeting opened with the group singing Count Your Bless- ings. After which Mrs. W. H. Holt led in prayer.

Mrs. Bill Cauthorn, leader, made some announcements of future plans for the circle's ac- tivities.

Mrs. D. M. Lowery gave the devotional service developing the theme of the day, The Young Woman Moves to the City.

Mrs. I. R. Ragan read the scripture from Matthew and Mrs. Caffee gave the scriptur- al reply on the same trend of thought.

Mrs. T. M. Jensen led in prayer.

Mrs. Blake Browning gave a further discussion of the day's subject showing what happens either for good or bad to the young woman when she moved to a new city and how the WSCS may help her to adjust to these new surroundings. Al- so how we could help the girl away from home, such as in college or away at a job.

The meeting was dismissed by prayer by Mrs. Jensen.

Delicious refreshments were served to fourteen members and three visitors, Mrs. W. B. Mor- gan, Mrs. W. R. Milam and Mrs. Ragan's little son.

The next meeting will be on April 12th, with Mrs. Hugh Jones as hostess.

Most New Homes Ready to Use, Magazine Says

Builders equip 997 new homes out of 1,000 with kitchen cabinets. They install water heaters in 828 houses, kitchen ventilating fans in 627, and garbage disposal units in 415.

These statistics resulted from a survey by American Builder mag- azine, which calls them evidence of an "increasing trend among builders to provide complete equipment in the new houses they build for sale."

The survey showed that 37.9 percent of new houses come equipped with automatic dish- washers, 30.8 percent with refrig- erators, and 22.5 percent with automatic washing machines.

Tucker Insurance Office Received New Paint Job

Mr. M. C. Tucker's Insurance office at 407 Avenue C received a complete redecoration job last week. The walls have been painted brown and light blue trimmed with ivory and the floor was painted a contrasting color. Mr. Tucker's private office received a new linoleum.

Mrs. Melton Hostess February 23rd to Burk Garden Club

The Burk Burnett Garden Club met in the home of Mrs. O. E. Melton Feb. 23rd. Mrs. Glen Bear presided over the business session and reported our club was helping to pay for some shrubs which were being replaced at the entrance to the city. Mrs. Walter Riley was asked to report on the lovely valentine party which was given for our young girls club who will be our garden club members of tomorrow. Our club contributed to the permanent home of National Council of Garden Clubs in the show gardens in St. Louis, Mo.

Mrs. Archer introduced Mrs. Carl Morrison who each month brings us the Timely Garden Suggestions. She quoted "seeds could be started indoors, especially if we have sunny windows." The question was asked, why so many have trouble in the seeds coming up. In so many instances, it is because they are not moist enough.

Mrs. F. L. Pilkenton brought a very interesting talk on Southern Lawns. She told of the different grasses. The centipede and St. Augustine are better for gulf coast areas. Bermuda is an all southern grass. She quoted, "use Potassium cynate as a spray for crabgrass." There were many things brought out about how to prepare and also water and mow the lawns.

Mrs. Melton served a lovely refreshment plate to two of our grand babies, Ruth Ann Dodson and Elizabeth Ann Harris, and members: Mesdames Cauthorn, Adams, Caffee, Pilkenton, Bear, Wiggins, Danforth, Dodson, Williamson, Britton, Archer, Morrison, Bunatine, Melton, Walter Riley, Browning, and one visitor, Mrs. Jack Harris of Los Angeles, California.

The next meeting will be on March 23rd, with Mrs. J. L. Caffee as hostess.

Current Literature Club Met Feb. 25th In Home Mrs. Short

Members of the Current Literature Club of Burk Burnett met in the home of Mrs. W. B. Short Feb. 25th.

President Mrs. F. G. Jeffers called the meeting to order and committee reports were read. Leader for the day was Mrs. J. L. Caffee. Interesting papers on welfare work for both boys and girls in Texas were given by Mrs. C. R. Chambers and Mrs. Fred Hunt.

Miss Ella Billingslea was voted the most outstanding member of the club for the year. A delicious plate was served to the following members: Mesdames C. R. Chambers, C. M. Archer, W. C. Vann, John Brookman, Ralph White, Bowie Danforth, Fred Hunt, F. G. Jeffers, F. M. McMurtry, B. H. Preston, J. L. Caffee, W. B. Short, Roy T. Magers, W. W. Chambers and Miss Ella Billingslea.

Our next meeting will be at the home of Mrs. R. A. Neal on April 8th. Lovely refreshments were served to 22 members. Co-hostesses for the meeting were Mrs. Lowery and Mrs. Gage.

Reporter, Mrs. C. A. Moreman

Mrs. Lena Warren Hostess To BWC

The Business Women of the First Baptist church met in the home of Mrs. Lena Warren, Tuesday evening and enjoyed a very interesting Home Mission program on the subject of Trophies for the King.

Mrs. Ailine Fields had charge of the mission program and stressed the value of achievements in life, illustrating her topic with object trophies won by Boy Scouts, Camp Fire girls, and music students, yet emphasizing that the supreme trophies of life are won by serving the Lord.

Others on the program were Mesdames Lena Warren, D. M. Hoggard, and Miss Hazel Wagoner, who stressed Trophies won in home mission work with the Jews, our youth and the negroes. The program was closed with prayer and a special offering for home missions.

Those attending the meeting and enjoying refreshments were: Mesdames Ailine Fields, R. P. Thaxton, D. M. Hoggard, Nola

Thrift Memorial Church News

The Woman's Missionary Society of the Thrift Memorial Baptist church met each day during the Annie Armstrong Week of Prayer for Home Missions. Fellowship followed on the days the meeting was in the homes.

The hostesses were Mesdames Helen Lovelace, Les Hodges, Laveal Merriott. The Brotherhood brought the program.

A Baptist Training Union study course is being conducted in the Thrift Memorial Baptist church during the week of March 7 thru 10. This course is for the Juniors, Intermediates, Young People and Adults. The adult book to be used is Living Abundantly by Frank E. Burkhalter, and the Junior and Intermediate book is entitled "The Meaning of church Membership." We invite your attendance.

1. You can buy a big, powerful Pontiac for less than many models of the lowest-priced cars or stripped economy models of higher-priced makes!

2. Only Pontiac gives you luxury-car size plus the sensational Strato-Streak V-8!

The most enthusiastic Pontiac owners are those who have taken this advice. They've looked the field over from top to bottom—and here's what they learned:
Pontiac is way up there with costly cars in wheelbase, roominess and riding ease. It's big and comfortable, yet handles with expensive sports car nimbleness. The exciting dash and compelling drive of the Strato-Streak V-8 produce the richest thrills in motoring. And Pontiac is America's most distinctive car in styling as in action.
Come in for the facts about this "all-time" value leader and our generous appraisal of your present car! Find out how little it takes to switch to modern motoring.

Mrs. Ethel Lovell was a visitor. Mrs. Sam Spencer, Cashion Road, will be hostess, March 14.

WSCS Observed World Day of Prayer Feb. 25th

A world day of prayer program was given at the Methodist Church by members of the Woman's Society of Christian Service on Friday, Feb. 25th. Opening song was "Take Time to Be Holy," with Mrs. R. H. Henry at the piano. Mrs. T. M. Jensen had charge of the program, Abide in Me and I In You, John 15:4. After leading in prayer, she explained the yearly world day of prayer program is sponsored by the World Council of Churches and had its beginning in 1887. In 1953 there were 19,000 communities which observed this day of prayer for missions throughout the protestant world. The speakers told the interesting and informative facts about some of the projects benefited through this program. Mrs. D. M. Lowery's topic was "The Saint Christopher College

in India; Mrs. Nancy Flannagan's on Vellore Christian Medical College and Hospital; Mrs. Blake Browning, the Tokyo Women's Christian College; Mrs. W. H. Holt, The Woman's Christian College in Madras; Mrs. Laverne Davis, Foreign Students; Mrs. Mary Veach, Christian Literature; Mrs. Bessie Scruggs, American Indians; Mrs. S. S. Reger, Indian Student; Mrs. Don Davis, Migratory Neighbor in Agriculture, and Mrs. W. O. Evans, Low Income Rural Communities. After a free will offering for such a very worthy work, the meeting was dismissed with the Lord's prayer said in unison. On Tuesday, March 1st, the WSCS met in regular session to begin the new study on "The Master Calletth for Thea." Afterwards 30 members enjoyed a luncheon served by Mesdames D. M. Lowery, Frances Sprague, M. C. Tucker, C. T. Bradford and R. L. Gragg. Latin American homes are not ed for their patios.

Choral Group Active In Burk

One of the most enthusiastic groups in Burkburnett is the Junior High School Choral Club.

Even though it is one of the newest organizations in town, it is rapidly making a name for itself.

Composed of seventh and 8th grade girls, the club was organized last September by Mrs. Jessie Ragan, soon after she joined the teaching staff of the Junior High school.

The choral club has appeared before the Burkburnett Lions and Rotary Clubs, and sang for Wichita Falls firemen when they were guests here of Burkburnett firemen. The girls also offered a Christmas program and appeared on the local home talent show recently.

"We are now rehearsing for a spring concert and have been invited to participate in the Texas Interscholastic meet in Wichita Falls," Mrs. Ragan said. A 1949 graduate of Southeastern State College at Durant, Oklahoma, Mrs. Ragan conducted a similar choral group in Claremore, Okla., before coming here.

Seventh and eighth grade girls who make up the group include:

Elaine Kinnett, Sharon Ray, Donna Gibson, Judy Hofacket, Marian Parrack, Joyce Friedls, Gloria Hendon, Julia Henry, LaFaye McDonnell, Eloise Morris, Willie Jo Woods, Myrna Hoffmann, Virginia Maxwell, Caroline Mayes, Kathleen Roark, Linda Roark, Charlotte Begeman, Lynn Hinson, Mary Ann Libby, Mur Anne Elliott, Pat Kay Inlow, Peggy Smith, Sue Nolen, Patsy McNeill, Margie Inman, Gayle Sanders, Lora Lynskey, Verna Poole, Mary Ann Raleigh, Joyce McBride, Barbara Smith, Janice Davis and Linda Cheney.

— INCOME TAX FACTS No. 6 —

Don't Forget Job Expenses, Home and Car Deductions

(This is one of a series of articles on income tax changes. The articles are based on information provided by the American Institute of Accountants and the Texas Society of Certified Public Accountants.)

What difference does it make whether you take a federal income tax deduction before or after determining your adjusted gross income? Plenty.

Certain deductions can be taken before you arrive at your adjusted gross income, from which you can still deduct 10% as a standard deduction instead of itemizing any other deductions.

For example, a business man can deduct his reasonable and necessary expenses for travel that keeps him away from his home city overnight before arriving at his adjusted gross income. So can an employee when traveling for his employer. This was true under the old law and remains in effect.

The employee was at a disadvantage, however, when deducting other expenses in connection with his work. These could not be treated the same way—unless they were reimbursed by his employer (in which case, the reimbursement would be counted as income). Otherwise, he could only deduct such expenses among his itemized deductions. If he used the 10% standard deduction he would lose them entirely.

Transportation Expenses

The new law allows the employee to deduct before determining adjusted gross income all his transportation expenses in connection with his employer's business. These include fares, automobile expenses, and (if in connection with overnight travel) meals and lodging.

Employee's expenses other than these can only be deducted if the standard deduction or tax table is not used. The expense of commuting between home and place of work is not deductible at all.

An "outside salesman" (one who usually works away from his employer's place of business) can deduct all his business expenses before arriving at adjusted gross income, just as if he were in business for himself.

Automobile Deductions

To deduct automobile expenses in connection with business travel you should first add up the total cost of maintaining your car, including depreciation, gasoline, oil, repairs, garage rent, etc. Divide this total by the number of miles you drove in 1954 to find the average cost per mile, then multiply this by the number of miles you drove your car for business travel only. This will give you the amount you should

ROTARY CLUB
Each Tuesday Noon
Town Hall

Burkburnett Rotary Club met Monday night at 7:00 P. M. at Town Hall instead of their regular meeting each Tuesday noon. They were celebrating 50 years of Rotary.

Each Rotarian had his Rotary Ann as guest and a delicious meal consisting of fried chicken and all the trimmings was served.

Carl Morrison led the group in a sing-song and President Cliff Wampler gave a history of Rotary since the beginning in 1905 until the present time.

George Byerly made a short talk stressing the fact that Rotary is not made up entirely of older men and backed it up with pictures of Rotarians of the club. George then presented the pictures to the Rotary Ann.

Approximately 100 were in attendance.

I. C. Evans will bring the program next Tuesday.

Mr. Evans extended an invitation to all to visit the schools this week in keeping with National Education Week.

Mrs. Mary Ellen Barker of Sweetwater, Oklahoma, visited Mr. and Mrs. Joe Simpson over the week end.

First Graders to Get TB Skin Tests

TB skin tests will be given to all first graders of the Burkburnett grade school on Tuesday, March 22nd, beginning at 9:00 A. M. in the school auditorium.

These tests are sponsored by the Wichita County TB Association with offices in Wichita Falls, which is also sponsoring the tests in several other schools in this county in an effort to detect tuberculosis before it gets a good start. There will be no charge for the tests.

Mrs. Jim Maag and several helpers have been secured to assist with the tests.

Note of Appreciation

De desire to express our sincere thanks to each and every one who participated in the Heart Fund Drive which was held in Burkburnett recently.

To those who offered their services and to those who donated to this worthy cause, we are truly grateful.
