## MONDAY IS DOLLAR DAY IN BURKBURNETT

### Chamber of Commerce Luncheon Each First Monday at Town Hall Everybody Invited Each Pays for His Meal

Chamber of Commerce Luncheon Each First Monday at Town Hall Everybody Invited Each Pays for His Meal

Dr. John Daniel Brown will do the preaching in the two week revival which will be held at the first Baptist Church at 10:00 a. m. on Sunday, April 10th. Rev. Ted Boya, Minister of Music and education of the church, will lead the singing.

Dr. John Daniel Brown

Special services will be at 10:00 a. m. and 7:30 p. m. The preacher will arrive at 6:15 p. m. and will preach his first sermon in the revival Monday night at 7:30 p. m. The first morning service will be at 10:00 a. m. on Tuesday. Dr. Brown was pastor of South Baptist church for nine years. During his tenure more than 4,300 members were added to the church. In 1954, 2,321 were baptized. In the last two years the church has had more than 1,000 baptisms.

### Seniors to Sponsor Easter Follies Fri. At Palace Theatre

Despite the wolf calls and whistles, the spectacular show of 1955 will be presented on schedule Friday, April 8th at 8:00 p. m. on the stage of the Palace Theatre sponsored by the Burk Burnett High School Seniors. The regularly scheduled movie will be shown following the stage show.

After viewing the rehearsals, this writer promises that this is one performance that everyone will want to see. Outstanding acts such as the Clooney sisters giving their famous version of Sister Love; Miss Lee Ann Liberace; Arthur Godfrey and his uke; Miss Flossie Hooper, Cotton County's singing sherriffette, will be featured. There are so many numbers that it is impossible to name them here. We know that some of these special acts will be candidates for the '56 Oscars. Get your tickets from any senior or at the Corner Drug Store. Adults 75c, children 25c. The regularly scheduled movie will be shown following the stage show.

### Burk Band Students Won Honors April 2 At Jacksboro Contest

The Burk Burnett High School Band under the direction of J. C. Wicksham attended the Jacksboro band contest Saturday, April 2nd. The band, in competition with the other bands in Class A, won second place in concert playing and 3rd place in sight reading. In addition to this, several individuals took honors. The students were in competition with all soloists present at the contest. Burk Burnett students taking individual honors were: Jo Ann Thomas, first place in twirling solo competition; Sue McClarty, first place medal in saxophone competition; Bobby Nolen, second place medal in trumpet solo; and Richard Siber, second place medal in trombone competition. In the twirling group contests, Jo Ann Thomas and Pat McCabe were awarded the second medal place. Mrs. Chas Kirsh returned home Wednesday from Florida where she visited her daughter, Mr. and Mrs. Josh Billingslea and children.

### Record Attendance At C-C Luncheon Monday Noon

A record attendance turned out for the Chamber of Commerce business luncheon Monday noon at Town Hall. Fifty-one members and nine visitors were present. Carl Campbell, president of the Chamber of Commerce, was in charge. The Rev. T. M. Jensen gave the invocation. Following the meal, C. of C. Manager Tommie Oglethorpe read the minutes of the last meeting. The Rangerettes, a recently formed girls' riding club, were introduced. Spokesman for the group asked that the Chamber of Commerce help them in arranging for transportation for their horses to rodeos in this area. In turn they pledged their support to the Boom Town Rodeo booster trip, and in any other way they could help. A committee composed of John Page, Truman Garland and D. C. Dodson was appointed to work with the Rangerettes. Ross Reagan reported on a recent Area Development Committee meeting he attended. Ted McCasling reported on a meeting of the Highway committee in Oklahoma in the interest of the proposed toll road from Lawton South to Red river. C. A. Morgan, general chairman of the rodeo committee, reported on a meeting last Friday afternoon at the First National Bank when committee chairmen and workers were placed on the various working groups.

### Rodeo Committee Barbecue

The rodeo committee, consisting of all chairmen and all workers will hold a barbecue at the City Light Plant Monday night, at 7:00 o'clock. Following the barbecue a short business session will be held. Those not on any committee, but who wish to offer their services, are also invited to the feed. Plates are \$1.00 each, with the deadline for reservations Saturday afternoon, April 9th. Call C. A. Morgan, J. V. Brookshear or the Chamber of Commerce office. Tickets went on sale Monday. A resolution of thanks was extended to Mrs. Dan Hofacket, Mrs. Herman Green and Mr. Tommie Oglethorpe for their fine work during the car license purchasing rush. J. V. Brookshear reported on the barbecue for SAFB personnel, their families, and C. of C. members and their families. to be held on April 15th. Mr. and Mrs. Glen Sullivan and Larry of Seminole, Tex., returned home Tuesday after several days visit with relatives and friends.

### Newton T. Crane And Archie Faulk On School Board

Newton T. Crane and Archie Faulk were elected to the local school board in an election held Saturday, April 2nd at Town Hall. Crane was running for reelection. Hugh C. Veach and Fred Hunt were unsuccessful candidates. Only 89 votes were cast. Holdover board members are: F. T. Felty, Truman Garland, Howard Henderson, Arnold J. Muller and Herman Miller.

Members agreed to aid in the cancer drive April 5th. Three new members were welcomed into the club. They included Mesdames Ellis McCullough, George Yarbo and Roy Silkwood. The program chairman, Mrs. Gene Robertson, presented Mrs. Booth Owen who gave a very interesting program on Special Education for Mentally Retarded Children. Refreshments were served to Mesdames: B. H. Alexander, Jr., Ralph Brookshier, Jr., L. J. Byars, Howard Clement, Vernon Duke, Paul Fisher, C. W. Gilbert, Floyd Marten, H. B. May, Bill McLean, John Page, Gene Robertson, Max Stanaland, Finis Taylor, Bill Vincent, Booth Owen, Walter Kohler, Roy Silkwood, Ellis McCullough, and George Yarbo.

### Modern Study Club Held Meeting 28th

The Modern Study Club met in the home of Mrs. R. B. Swinford March 28th. The meeting was called to order by the vice-president, Tommie Henry. Roll call was answered with word study. Minutes were read by Mary Haggstrom and approved. The committee gave their reports. It was decided to spend \$75.00 for needed equipment for the Fire Department. The money will be spent for a stretcher and a first aid kit. A weiner roast was planned for the husbands April 11th. Door prize was won by Hellen Reasoner. Delicious refreshments were served to the 13 attending members. Rita Hudson, Reporter

Monday, April 11th is Dollar Day and Trades Day in Burk Burnett. Merchants have lined up bargains throughout their stores for shoppers to feast on. For a glimpse of the bargains being offered, look through the pages of the Star this week.

### Bulldogs Place In Duncan Track Meet

The Burk Burnett High school track team placed sixth in a field of thirty at the Duncan, Oklahoma Invitational Meet last Saturday, behind Capitol Hill of Oklahoma City, Lawton, Enid, Duncan and Wichita Falls. Stanley Owen ran his best time so far this season in the half mile when he posted a 2:02.1 to win first place honors. Robert Reagan placed second in a close race with Capitol Hill's C. H. Minton in the 440 yard dash. Reagan placed third in the 220 yard dash. Leslie Terry placed fourth in the 440 yard dash. Other local boys who entered the meet were: Doyce Walker, mile run; Jerry Hodges, 880; Johnny Bryant, mile relay; and Bill Turnbow, shot put. The Bulldog thunders will participate in another practice meet this week in tuning up for the all important District Meet at Quannah April 16th.

### Mrs. Lincoln Gave Informal Recital For Students Apr. 5

Mrs. Eugenia O. Lincoln presented her pupils in an informal recital on Tuesday evening, April 5th, in the young people's department of the First Baptist Church. The Rhythm band, composed of 1st and 2nd year students with Mrs. G. G. Tyler conducting, presented two numbers, Yakima, representing the Indian tom toms and Spinning Song by Ellmenreich. Mrs. Lincoln and Shirley Hodges did piano accompaniments. Mrs. Lincoln then asked the group of parents to come to the stage for a panel discussion. After a few pointed questions pertaining to music she asked if playing in a Rhythm band looked easy. They answered in the affirmative, so Mrs. Tyler gave them instruments and they played The Easter Parade with piano accompaniment to the greatest delight of all present, particularly the pupils. The following first year students played solos: Kay Shaw, Gay Bangs, Rickey Landrum, Loucene Lawson, Lushane Parrach, Katy Youngblood, Paula Goode and Linda Kay Carter. Patricia Tyler, in Chinese costume, played In A Chinese Tea Room. Illustrating characteristics of music a "two headed musician", Linda Holman and Diana Brookshier played Blue Boogie with perfect co-ordination, Diana taking the treble and Linda the boogie bass. Second and third year students then appeared as soloists, namely Ruby Renfro, Patty Nichols, Reba Fields, Ietha Herring, Sharon Nix, Sue Dempsey, Linda Lilley and Philip Miller. Nancy Tyler and patsy Groves played a two piano number, On the Merry Go Round, by Streabog. A novelty number, Frolic of the Bull Frogs by Edward Truecheck was the concluding number. Patricia Tyler, Ietha Herring, Kay Zimmerman, Margaret Ann Faulk, Sharon Nix, Linda Holman, Judy Brister and Janette Ellis, all pupils of section 3 theory class, marched right and left playing with right or left hand down the keyboard. Mrs. Lincoln and her pupils are grateful for the large audience who apparently appreciated the effort and work put forth and would remind them that we will present two formal recitals in May. You are invited. Buck Myers is a patient in a Wichita Falls hospital. Herman Draper is confined to his home this week due to illness. Anyone can be brave from a safe distance.

## Notice

Because of the large number of people going to the scene of fires, blocking fire fighting equipment and hampering firemen in their efforts to fight the fire, we will find it necessary in the future to enforce an old City Ordinance and issue tickets to all the people who do this.

## GRASS ROOTS OPINION

TALLASSEE, Ala., Tribune: "It is no small feat to try to explain to a customer that the government can print envelopes cheaper than a tax-paying printer because the government, with its vast resources, including the printer's tax money, can simply overpower him in bidding. It seems to make a little difference to some customers that this is socialism, pure and simple, and that the money they think they are saving on the printed envelopes will be siphoned off in some other way by the eternal need of the government for more taxes."

BEDFORD, Ind., Daily Times-Mail: "On a nationwide basis the states pay an average of \$6.99 into the Federal treasury for each dollar returned under direct grants and 'matching fund' projects. These figures would indicate that the Federal government in its role as a collection and distribution agency is depriving the states of billions of dollars per year which might be administered more effectively at home."

## BACK IN 1925

Remember the prices that obtained back in 1925? You could get a new small car for \$500. You could get a cigar for a nickel. And you could buy a reliable watch for one dollar.

Those days are gone, no doubt forever. But there are a few—a very few—commodities in general use which still sell at around the 1925 price.

Gasoline, the oil industry's principal product, is one of them. Exclusive of the taxes, over which the industry has no control, and which are up 250 percent, gasoline now cost only slightly more than it did in 1925. And, measured by the barometer of performance, it cost substantially less—for two gallons of today's motor fuel does the work that required three in that earlier era.

Various forces have helped to bring this about. For one, consumption is far greater, and the more we use of anything, generally speaking, the cheaper the price. For another, the oil industry has always been a leader in scientific research designed to produce new products, better products, and lower priced products. And for still another, intense competition is a hallmark of the oil industry, in refining, selling and every other phase of operation.

## HAY - HAY!

While there are no records to prove the point, we would guess that it rained the day the first neolithic farmer harvested the first experimental hay crop to nourish his mastodon—or whatever it was he kept in his barn, through the winter.

At least the wet-weather precedent for the haying seasons seems to have been established a long time ago, and continues to plague today's otherwise modernized farmers. But, at long last, there seems to be a practical and economic means of ending the annual weather-worry, and at the same time preventing loss of nutrition in haying.

This latest boon to the agriculturist is the brain-child of a Miami, Fla. businessmen, who has developed all steel hay drying wagons that may be towed into fields for mechanical loading, and which operate in a train of six wagons. These wagons have floors of expanded metal, a diamond pattern wheeling steel grid that is lightweight strong and freely admits the flow of warm circulating air from the generators. Unlike the wooden floors of earlier hay-drying wagons, which had to be replaced every three years, the expanded metal is immune to rot and mildew. Thus, it is also an ideal material for the construction of ventilating trunks in hay lofts. Incidentally, with those six wagons you can remove about 60 percent of the moisture from 30 tons of hay in 12 hours.

And in case you live in town, and don't have any hay to dry, and are wondering what all this is to you, we need only suggest you consider whether the farmer's prosperity, will be mighty glad to see those new expanded metal hay-wagons at work.

## SPILLED MILK

In discussing Yalta, President Eisenhower told his press conference that "there is nothing, as I can see, to going back ten years and showing that — someone may have been wrong, or someone may have been right."

But Senate Republican Leader Knowland does not agree; nor does Chairman Bridges, of the Senate Republican Policy committee. Senator Knowland acknowledged the President's right to "his personal opinion" but said he would "continue to discuss Yalta whenever I believe it is pertinent."

"The best guidepost in looking forward," said Senator Bridges, "lies in benefiting from the lessons of the past. Yalta was one of the sad lessons of history."

And what ever became of the GOP campaign pledge to repudiate secret agreements?

**News From The Congress**

By FRANK IKARD

It seems as though the hearings on legislation to limit the jurisdiction of the Federal Power Commission so as to prevent that Commission from controlling the sale of gas by the independent producer will last much longer than anyone thought they would at the beginning. April 22 is now the date the Committee then will have to meet in executive session to finally approve one of the bills that have been introduced or to write a new one. Assuming that the committee does act favorably on the bill, it will then be at least the second week in May before

they are in a position to ask for a rule to bring it before the House. It now seems to be a fair guess that the earliest we can expect to have the bill up for consideration in the House of Representatives will be sometime the latter part of May or early June. The most outspoken opposition to the bill to date has come from the Republican side of the committee, the opposition being led by the ranking Republican Member of the Committee, Congressman Charles A. Walverton of New Jersey.

This week I have attended a series of meetings arranged by a committee of grain sorghum growers from the Southwest concerning the support prices of grain sorghum. We have been explaining to the Department of Agriculture just what an extremely serious situation this important segment of our agricultural economy is in.

The House this week acted on the tax bill extending the 52 percent cooperative tax rate for another year and certain excise taxes and also acted upon the Independent Offices Appropriation Bill. This bill, as it finally passed the House, was cut considerably from what the Budget estimates called for.

The extremely cold weather

that struck Texas and the Southwest last weekend also reached Washington. There was a great deal of concern here as to what effect the cold wave might have on the famous cherry blossoms; however, it now appears that they have survived the cold and that the 500,000 people who will come here from all over the country to see them will not be disappointed.

Mr. H. T. Coe of Quanah visited in Washington this week.

## HIGHLIGHTS From Your STATE CAPITOL

BY GUY STANFORD  
Texas Press Association

Proposals for the state conservation program won Senate.

Sen. Dorsey Hardeman's bond issue for local projects. It calls for national amendment vote.

The other is an amendment to start operations when the amendment is passed.

On this, and on the \$200 million bond bill, local projects have delayed for final action. Opponents think they have enough.

**TAX BLANKS**  
Only hostile revenue and committee shunted Rep. Sailer's \$160 million-a-year tax bill to substitute.

It would levy a 1 cent tax on gasoline and repeal the gas sales tax. Opponents think it would bring a 19 percent cut in crude oil prices, costing Texas \$190 million a year.

The committee left buried the two bills embodying Governor Shivers' original tax program. It included a 2 cent hike in the gas tax and a 1 cent boost in the 4 cent cigarette tax.

This confirmed last week's report that administration forces had abandoned the two single shot revenue bills and pinned new hopes on Revenue Chairman Stone's omnibus bill. It would permit increases in any of the 100 odd present taxes.

The billion and a half dollar House general appropriation bill (for two years) was passed by the Senate which substituted its own version.

When the House refused to concur in Senate changes, the way was opened for a joint conference committee to resolve the differences. Lieutenant Governor Ramsey has named five Senators to the Committee and House Speaker Jim Lindsey five.

**DELAYING ACTION**  
Special session speculation again comes up.

Sen. Jimmy Phillips saw his filibuster record fall this week to Sen. Wayne Wagonseller.

Like Phillips, however, Wagonseller lost his battle. As soon as he stopped talking, the Senate tentatively approved the bus re-

gistration fee measure he was fighting.

When it was all over, weary Senators suddenly discovered the marathon talks had killed two full "House bill" periods in the Senate, with only one House bill passed in two weeks.

Observers saw that, with Shivers' entire program still hanging fire, and four more Wednesday filibusters in the Senate capable of killing all of it, a new switch in administration strategy might be possible.

Thought was that Governor Shivers might ask the legislature to lay aside the tax bill and the appropriation whopper, and pass other legislation before theoretical adjournment May 11.

That would mean his calling a special session on taxes and the appropriation bill. Appropriations must be in effect Sept. 1, to keep the wheels of government turning. He would have control in a special session, lacking now.

**POINT WON**  
At any rate, the Governor won his point on the bill regulating securities.

As the legislature headed for what looked like its worst jam in the final month of session, he made a firm request that the House adopt a Senate bill regul-

ating securities, particularly bringing certain trust company stocks under state supervision.

"I hope the House will disregard frantic efforts of certain speculators, promoters and others and vote final passage," he said. It did.

**LAND CASE**  
Bascora Giles' legal troubles mounted when a group of San Antonio GIs filed a civil recovery suit in 53rd District Court.

Asking \$33,000 judgement against Giles, the veterans charged that he made that much in "personal profit" out of a veterans land deal.

At the latest count, Giles faced criminal indictments, charging conspiracy to commit theft of state funds and accepting a bribe; four felony theft charges, and four civil recovery suits.

Twice Giles has refused to testify in court about the veterans land scandals and charges against him.

**"OPEN DOOR" BILLS**  
Attorney General Shepperd has expressed "deep hope that action will be taken on the Open Door to good Government bills during this session of the Legislature."

Most of the bills have been reported favorably by House committees, he pointed out, but some still are being held for further committee study.

"They are sound, logical proposals to aid better government in Texas, to give the people a bigger voice and to make quickly reveal official wrong-doing."

he said. Shepperd referred to 13 bills dealing with full public disclosure of public records and funds. All are pending in the House of Representatives.

Most of the 13 bills have been introduced and are backed by the Texas Press Association and other groups interested in good government.

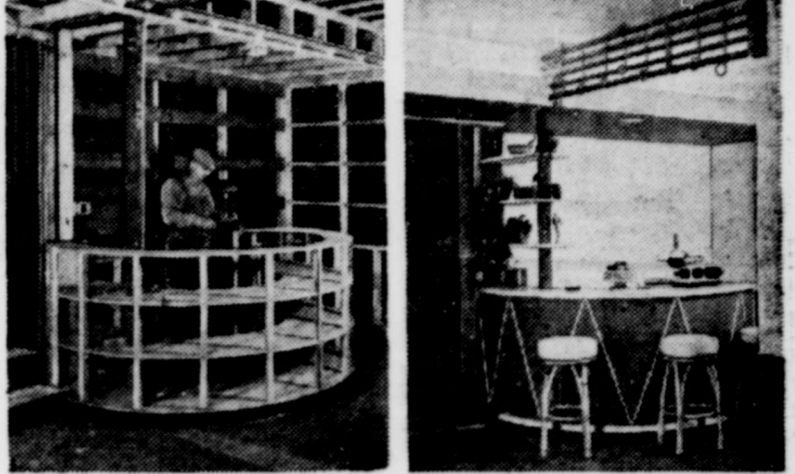

**CROSS FILING**  
Cross filing in political races is out as the result of a bill passed by both houses and signed by the Governor.

This bill by Representative Maury Maverick of San Antonio removes from the law a sentence allowing candidates to run "as the nominee of two or more political parties for the same office."

Controversy arose over cross-filing when Governor Shivers and other state candidates were listed in 1952 as the nominees of both the Democratic and the Republican parties.

Constantly replenishing our natural resources, paper and pulp manufacturing companies are planning to plant 116 million tree seedlings every year for the next ten years, more than 40 percent of them in the south.

## Bar Brightens Rec Room

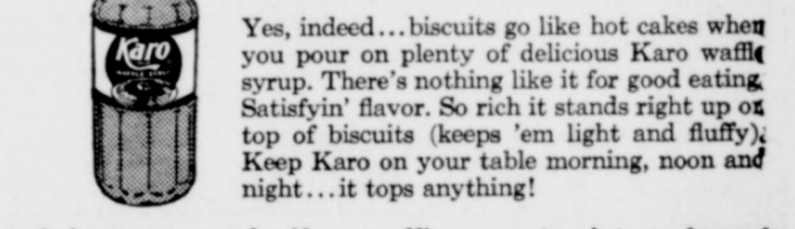

Recreation room parties can be lots more fun with a semi-circular snack bar. American Builder advises hiring a carpenter or building contractor to build it, but if a home handyman wants to tackle the job himself, he should get professional advice from his building materials dealer. The bar is basically a simple framework (left) covered with untempered hardboard. Hardboard comes in large flexible sheets which can be bent to fit the curve of the bar, then decorated with thin strips of molding. The bar has a hard, glazed plastic top. A steel column was left in place and put to use as a support for bric-a-brac shelves.

**Mrs. H. Buchanan Hostess April 1st to Federated Society**

Federated Missionary Society held a luncheon in the home of Mrs. H. Buchanan Friday, April 1st, with Mrs. Mary Cecil and Mrs. Gladys Carswell as co-hostesses.

After a lovely luncheon, Mrs. Carswell, president, opened the meeting.

Opening song, Amazing Grace. Prayer by Mrs. Keller. Roll call was answered with Bible verses.

Devotional service, "Thy speech betrayeth thee", given by Mrs. C. C. Taylor, was beautifully brought. Identifying people by their speech is not the exception but the rule. We speak a few words on any subject and unsuspectingly we reveal our nationality and the section of the country or even the city from which we come. Mary did not recognize the bodily form of Christ at the tomb, but when He said "Mary" she knew his voice.

Mrs. Jesse Jones reported on welfare and told about visiting the State Hospital. She said they were trying to raise money to buy song books for the recreation of the patients. They want a song book for each patient because some of them did not want to share a book with anyone. The Society gave a \$10 donation for them. Anyone having magazines, water glasses, eye glasses, old clocks, radios, clean used clothing for men or women, call Mrs. Jessie Jones, Phone 212 or Mrs. Claude Bowman, Phone 861-J.

Florence Gage reported on the cards that have been sent out. A contest was enjoyed by the group.

Those enjoying the day were: Mesdames Mabel Morgan, Grace Bowman, Mary Skipwith, Irma Brocker Hettie Gilbert, Joy Sessums, H. S. VanCleave, La Vera Netherlain, Gladys Carswell, J. D. Grizzle, C. D. A representative of the Social Security Administration will be in Burkburnett on the following dates at the City Hall at 9:30 A. M.:

Tuesday, APRIL 12th  
Tuesday, MAY 10th  
Tuesday, JUNE 14th

Persons who desire information or assistance in Social Security matters are invited to meet with the representative.

Mr. and Mrs. M. M. Thornton are the proud parents of a baby girl born Tuesday at the Bethania hospital in Wichita Falls. The baby weighed 6 lbs and 14 oz, and has been named Janet Marie. Mother and baby are doing fine.

Mr. and Mrs. H. W. Beasley have just returned home from a few days' visit in Oklahoma City with Mrs. Beasley's father, and Sapulpa, Okla., where they visited their son and family over the week end.

Mr. and Mrs. M. J. McGuigan Jr. and children, Pat and Jane of Hampton, Va., are visiting his parents in Wichita Falls and her mother, Mrs. Eugenia O. Lincoln here during the Easter holidays. Mrs. McGuigan is the former Louise Lincoln.

When a man's being toasted at a banquet, you can bet he's being buttered up, too.

Dr. and Mrs. C. T. Bradford left Wednesday for Amarillo, Texas, for a few days visit with their daughter, Mr. and Mrs. D. C. Stubbs.

It is now revealed that the cocktail the major general drank in England, which caused him to give the tip off on D-Day, was a "radio special."

### News From The County Agent

#### HOME LAWS NEED FERTILIZER NOW

Home laws receive and added "punch" if treated in the spring with a fertilizer.

For Wichita County a good commercial fertilizer to use on lawns is a 16-20-0 of amonia sulphate. This may be purchased at your local seed and fertilizer stores. This fertilizer should be applied at the rate to supply two to three pounds of nitrogen per 1,000 square feet.

Another pound of nitrogen applied at 30 to 40 day intervals will keep lawns green thruout the summer, says B. T. Haws, county agent. Supply water as needed.

Water only when the yard shows a definite need. Soak the soil to a depth of at least six inches when the grass takes on a sheen or wilt.

Light frequent sprinklings produce shallow roots and encourage weeds. Shallow roots also are unable to utilize available moisture and plant food.

Improper mowing is responsible for the deterioration of

many lawns, says the county agent, who advises against clipping more than one-half inch of growth at any single mowing. Keep the grass at a height of one and one half to two inches, depending upon the turf thickness. Close mowing will thin the turf, lowering its resistance to drought.

Finally Haws says, a sharp, well-adjusted mower that clips off, not crushed off, the tips will give lawn a final "well-groomed look."

#### WOOL MARKETING COURSE

There will be a Wool Marketing short course held in Iowa Park at the vocational agriculture shop room of the high school. The course will be held on April 4, 5 and 6. Classes will be held from 7:30 P. M. to 10:30 P. M. each day. There will probably be some field trips held in conjunction with the course. This short course is being sponsored by the A&M Animal Husbandry department. We are very fortunate to have such a course taught here in Wichita County, according to B. T. Haws, county agent. There will be a registration fee of \$5.00 for each student. This course is open to farmers, agriculture workers and boys.

We have two outstanding teachers to teach the class. They are Dr. T. D. Watkins, from the Animal Husbandry Department of A&M college and Mr. J. A. Gray Animal Husbandman, San Angelo.

If you have not signed up for this course and want to take it, please contact B. T. Haws, Co. Agent, 304 Federal Building, Wichita Falls or John Sibley, vocational agriculture teacher, Iowa Park.

### Auto Inspection Deadline April 15

A check with the local car inspection stations reveals that inspections are picking up considerably, but there are still many vehicles not yet carrying the 1955 inspection sticker.

Deadline for having the sticker on your vehicle is April 15th. Better check up on the old one. It may have come unglued and even though you have it with you or in the car glove compartment, you are still subject to a fine, as one local man found out last week.

The inspection is something that must be done, so don't put it off any longer. As the deadline draws near you may have to wait in line for a few days.

Wilbarger-Wichita Soil Conservation District News

Would you like to produce up to 50 per cent more beef from your range this year? Experiment at Texas Agricultural Experiment Station at Spur have produced those results from pastured mesquites.

Chemical control of mesquite may begin 40 days after the start of the spring. Fenton chairman of the Wilbarger-Wichita Soil Conservation District Board, suggests that you plan to control as many mesquites as possible. Leafing of mesquites usually is in the first 15 days of April, however, this year extreme cold weather delayed leafing to the extent that leafing will likely be 15 days late. Commercial mesquites are available for controlling aerial application of proper chemical. Financial assistance may be requested from the Wichita County ASC.

Large amounts of water to produce a pound of matter than does grass, for example, a mesquite requires 1725 pounds of water to produce a pound of air dry matter while buffalo grass requires only about 450 pounds of water to produce a like pound of dry matter. Remember that in Texas more than one-third of all rainfall is used by brush and weeds, exclusive of commercial timber.

Should your farm or ranch be located where aerial spraying is hazardous to other plants, then technicians recommend ground application of the proper chemical mixture.

Dr. Paul Collins, district co-operator farming 5 miles west of Wichita Falls, is preparing land for sprigging of coastal bermuda grass. The S&S ran contour borders for the field to be sprigged and reduction of sidefall is being done with farm equipment.

Major H. E. Hawkins returned home on March 26th after one year's service in Korea. Mrs. Hawkins and the children remained here while he was overseas. The Hawkins family has resided in Burk Burnett for nearly four years. The major will leave for Washington, D. C., the latter part of April and Mrs. Hawkins and the children will leave as soon as school is out.

Three ROTC Cadets Receive Ratings

Three ROTC cadets who are seniors at Midwestern University have been named Distinguished Military Students, according to Lt. Col. D. M. Zeis, professor of Military Science and Tactics.

Honored were Cadet Col Edwin Draper, Cadet Lt. Col. William Wylie (Bill Browning, Jr., and Lt. Col. Donald L. Powers.

In a letter to each honored cadet, Col. Zeis said, "Your being designated as a distinguished military student is based on your qualities in leadership, high moral character, and a definite attitude for military service." By virtue of the tentative designation the three cadets are eligible to make application for commissions in the regular Army and are authorized to wear the DMS badge.

Awards were announced at a special "in ranks" inspection last week at the University. Selection of the three senior students was made by Colonel Zeis with the concurrence of Dr. James B. Boren, president of the university. The DMS board, which reviewed the records of the candidates was composed of Dean C. T. Eskew, H. W. Barton and members of the military staff.

Evening service begins with young people's groups and Bible classes at 7 o'clock. Song and preaching service at 7:40 p. m. The pastor's sermon subject, "The Devil's work as an Angel of Light." II Cor. 11:12-15.

Beloved neighbors, we do not think our selves any better than others. We know that we are sinners saved by grace. And you can find fault at Calvary Baptist which you find in other churches. But we have deep convictions that the doctrines upon which our church is built and Bible doctrines, the eternal truth of God. And we sincerely believe that the whole carnival of God is for everyone, and that everyone should be saved God's way, and as children of God, serve God in the way laid down in His word.

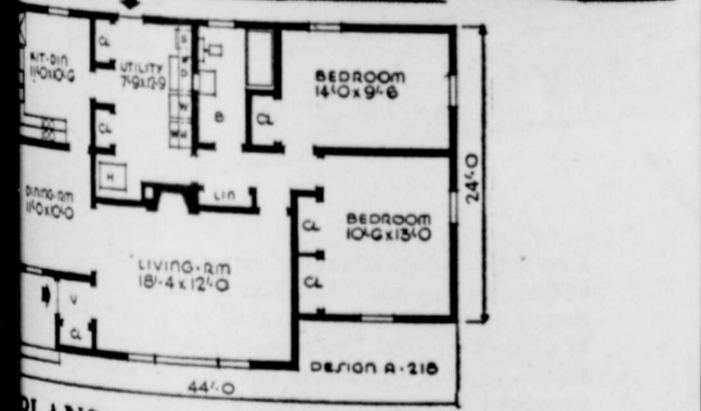

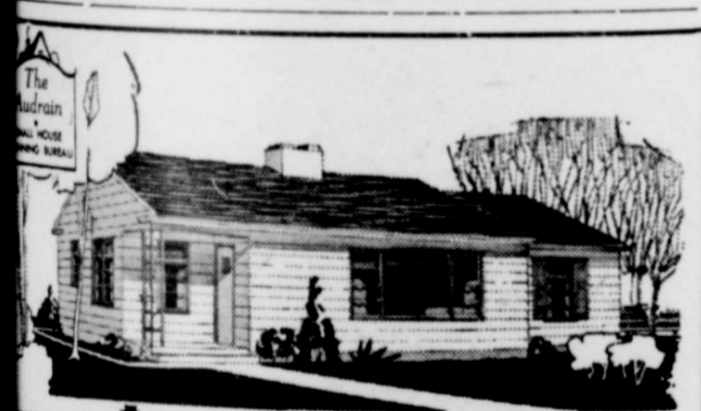

This pastor will gladly accept any sincere invitation to sit

down with you in your home, or any place, and with Bible in hand, discuss with you the things of God. We have no high pressure methods to get you into the church to be counted, but in a Christian way, try to help you

in "Thus saith the Lord." Welcome to our services. Ray C. Morrow, Pastor Mr. and Mrs. Winford Henry attended funeral services Tuesday in Louisiana for Mr. Henry's father.

## Contemporary Club Met March 30 With Mrs. Francis Beavers

The Contemporary Study club held its regular meeting in the home of Mrs. Francis Beaver, March 30th. Mrs. Betty Parsons presided over the short business meeting in the absence of the president.

Mrs. Irving Smith, Mrs. Francis Beaver and Mrs. Cliff Wampler attended the convention in Vernon on March 28th. Mrs. Irving Smith gave the report on the activities of the club for the year 1954-55. She reported that our main project for the year has been to help needy families. We purchased gym shorts, tee shirts and tennis shoes for school boys who needed them

also a school lunch ticket for a child. Gave a Christmas basket to a needy family and gave \$75. to the Youth Center to purchase equipment and supplies.

Mrs. John Lilley appointed the standing committees for the coming club year.

Lovely refreshments were served to the following members, Mesdames Brice Burton, Maurice Carney, Harry Elliott, Fred Eastman, Joe Eastman, Avon Frieled, Ed Kinnett, Irving Smith, H. S. Thaxton, Cliff Wampler, Joe Parsons and the hostess, Mrs. Francis Beaver.

## Intermediate G. A.'s Met Monday

The Mary Collier Intermediate G. A.'s met Monday in the home of Mrs. C. A. Morgan.

Charlene Preston, president, called the meeting to order. The secretary called the roll and the minutes were read and approved.

Our program for the month is on China. Gayle, Myrna and Billie had an enjoyable program for Monday.

We had refreshments and were dismissed.

The pastor plans to be gone the greater part of the week, attending a State Convention of pastors, teachers, and laymen at Austin.

Grace Lutheran will be represented by the local pastor, and Mr. Oscar Frieled. After returning from the convention, Mr. Frieled will report on the progress and plans of the church's work as seen in the Bible studies and business transactions of the convention which is to close Friday.

Often as we read the news of the day we feel as insecure as a skinny old maid in a strapless evening gown.

The wife says that if it isn't the door bell or telephone that keeps her busy, it's the ring around the boys neck or the bathtub.

## Ella Billingslea Hostess Mar. 25th to Current Lit. Club

The Current Literature Club held its March 25th meeting in the home of Miss Ella Billingslea.

Program leader was Mrs. F. M. McMurtry. Interesting papers on Texas composers were read. Mrs. O. L. Clark gave the story of the state song. Mrs. J. B. Riley read a letter from Mrs. Charlene Underwood which gave a short sketch of her life and works.

A report on Americanism was made by Mr. C. R. Chambers.

A delicious plate was served to the following club members: Mesdames Francis Kauer, C. W. Boyd, C. R. Chambers, Blake Browning, F. G. Jeffers, F. M. McMurtry, J. B. Riley, R. W. ## Grade School News

We are making plans for the Easter Holidays and all hoping to have a lot of fun the two days that we will be out of school. We think sometimes that we will really enjoy a day away from school, but find that it is not too much fun in being away from our playmates. We know that we will have a lot of fun on the Egg Hunts. We hope that everyone will try to understand the real meaning of an Egg Hunt and keep in mind all that is symbolized.

We are hoping that all of our boys and girls will be back in school and will work real hard the rest of the school year. We have had several to be absent from school due to illness, and we are hoping to see all of our friends back in school the next few days.

## Ten Ways To Have A Heart Attack

1. Go to the office Sundays, evenings and holidays — work —work.
2. Believe that it is a poor policy to take a vacation — so don't take one.
3. Your business comes first — personal considerations are secondary.
4. Take your briefcase home every evening and work all hours of the night. In this way you can review all your troubles and worries.
5. Never say no to a request—always say yes.
6. Accept all invitations to all meetings, banquets, entertainments, and work on every committee.
7. Never delegate authority or responsibility—carry the entire load all the time by yourself.
8. Don't ever eat a relaxed restful meal—always plan a conference for the meal hour.
9. If your work calls for traveling, work all day, then drive all night to keep the next morning's appointment.
10. Regard fishing, hunting, golf, bowling, cards, gardening, and sports as a waste of time and money.

# No other low-priced car even comes close

to matching these important Chevrolet advantages . . .

If you're planning to buy a new car, the one you just can't afford to miss seeing is Chevrolet—for 19 straight years America's best-selling car. The Motoramic Chevrolet offers you so much more than the other low-priced cars that it's hardly fair to compare them. And even the high-priced cars don't have all the advantages that today's Chevrolet offers you.

The beauty's built in—not bolted on! And that makes a big difference—not only in how your car looks today, but in how it will look tomorrow, too. Chevrolet's good looks spring from fine, clean, uncluttered design. The beauty is inherent in the basic contours of metal and glass. There's no excessive bolted-on ornamentation to go out of style overnight.

The Body's by Fisher!  
No other low-priced car has a Body by Fisher—but many of the high-priced cars do. That fact alone tells you there must be something extra special about the style, quality and construction of Body by Fisher. And there is! You can see it, feel it and even hear it when you slam the door.

Today's most modern engines!  
That goes for Chevrolet's new V8 and two new sixes as well. For example, all Chevrolet engines bring you a modern 12-volt electrical system—double the voltage of other low-priced cars. This means quicker cold weather starting and a greater electrical reserve. Then Chevrolet's new "Turbo-Fire V8" has the shortest piston stroke in the industry,

and develops the highest power per pound of any V8 in the low-price field. It takes valve-in-head leadership like Chevrolet's to bring you truly modern engines like these!

A drive to suit your driving!  
You can take your choice of three different drives—and every one's as modern as this minute. There's silky, peppery Powerglide, new Overdrive (both extra-cost options), and a new Synchro-Mesh transmission that's as smooth as they come.

All the power helpers you want!  
Windows, seat, steering, brakes—all are available with built-in "muscles" to make driving as effortless as you wish.

And you can even have air conditioning if you like. These things are extra-cost options, of course, but they more than repay you with extra pleasure.

Fun is "standard equipment"!  
You find that out the first time you take the wheel of a new Chevrolet. Here, you discover, is a car that takes the curves like it's on rails, that steers like it's reading your mind. It seems simply to ignore bumps—and when you stop suddenly, there's no excessive lurching or diving, either. There has never been such a difference in low-priced cars as there is today—or so many good reasons why you should drive a new Chevrolet. Come in and take the key.

Over Ten Million Chevrolet owners—Two Million more than any other car!

## EASTER

By R. D. Laney

"In the beginning God created the heaven and the earth; and God said, let us make man in our image, after our likeness; and let them have dominion over the fish of the sea, over the fowl of the air, and over the cattle, and all the earth."

"So God created man in his own image, in the image of God created he him; and God saw everything that he had made, and behold, it was very good."

"And the kings of the earth, and the great men, and the rich men, and the chief captains, and the mighty men, and every bondman, and every free man, hid themselves in the dens and in the rocks of the mountains;

"The first angel sounded, and there followed hail and fire mingled with blood, and they were cast upon the earth; and the third part of the trees were burnt up, and all the green grass was burnt up;

"And the second angel sounded, and as it were a great mountain burning with fire cast into the sea; and the third part of the sea became blood;

"And the third part of the creatures which were in the sea, and had life died, and the third part of the ships were destroyed."

Is this the complete of God's experiment? Is man to become another fossilized stratum in the rocks of earth? Today he carries the seeds of his own destruction carelessly. He has despoiled this earth which was good in the sight of God and over which he had dominion. Now he seeks dominion over the forces of the universe but not for good, rather out of fear and hatred, fear of man, of Truth and of God. Thus man stands on the brink of the bottomless pit.

Again in 1955 we are reminded by the beauty of awakening Earth that it is good. The tender green of the meadow grasses, the wild beauty of the forest flowers and the promise of new life. All the creatures of the earth venture forth from their sleep into the warming light of the spring sun. Again we are reminded of the eternal life promised by the Son of God, who endured the cross that men might learn to love one another, and thereby create the kingdom of Heaven on earth. Man must turn from the bomb and create the rule of love which is the only road which will lead him from disaster.

This road requires patience, strength, understanding, faith and love on the part of all men. May God give us again the promise of the kingdom of heaven and the greater promise of Easter, whose song is the joyous anthem of unconquerable life. Its measures fill our hearts with sweet strains of holy triumph. And why not? It is not a commemoration of the mightiest victory ever won by mankind?

Let us go back in thought to that early morning hour in a

Judean garden when the power of life swept aside all that resisted it. Very near this garden, Jesus Christ had undergone crucifixion, the world's extreme symbol of hatred and contempt. He had been pronounced dead and placed in a rock tomb, which was then sealed by a great stone. There was no evidence to indicate that the greatest exponent of life ever to walk among mankind had not forever succumbed to the apparent finality of death.

Early in the morning of the third day of this period of events two women went to the tomb bearing spices and ointments to anoint Jesus. In the words of the beautiful bible record (Luke 24: 2-6): "And they found the stone rolled away from the sepulchre. And they entered in, and found not the body of the Lord Jesus. And it came to pass, as they were much perplexed thereabout behold, two men stood by them in shining garments; and they were afraid, and bowed down their faces to the earth, they said unto them, Why seek ye the living among the dead? He is not here, but is risen." Later Jesus appeared and talked to one of the women in the garden. Afterward he returned to his disciples and assured them of his resurrection.

What had happened? How could the crucified Master have risen from the dark confines of the sepulcher into the bright glory of life untouched by death? Had the natural order of all things been overturned? No, they had not. The true nature of being had not been overturned, but it demonstrated Jesus had proved that life is not subject to death. He had established as a demonstratable fact the reality of eternal life. Easter has become more than a symbol. It has become a proof of the inevitable triumph of good over evil, a triumph in which we all may share in proportion to our willingness to resurrect consciousness from the material belief of man as a mortal to the true concept of man as a spiritual idea of God.

The Senior class of Burkburnett High School will present an entertaining show Easter Follies of '55 starring an all-male cast on Friday night, April 8th at 8:00 P. M. at the Palace Theatre. The cast is made of local business men and the show will feature several numbers including an Easter parade, crowning of the queen and a style show featuring the latest Dior creations for women.

## Easter Follies at Palace Theatre Friday, April 8th

This show will be featured in addition to the regular scheduled movie.  
Admission: Adults 75c, Children 25c.

## Note of Appreciation

The American Cancer Drive held in Burkburnett Tuesday night was reported to be a success. The incomplete returns of the house to house canvass shows a collection of \$745.41, which is very good.

I would like to thank each and everyone for their hard work and the wonderful response for this worthy cause.

## New Chemical

Sodium bisulfate, a chemical commonly used to retard spoilage in foods, is being added to grass silage to improve its quality. The chemical checks the bacterial fermentation of silage and results in a bright looking, sweet smelling product.

Texas dairymen who have tried the chemical report favorable results, says B. T. Haws, county agent. Its use is becoming widespread in states where dairymen depend upon silage for feed.

Success with sodium bisulfate is determined by even distribution throughout the forage and use of the proper amount, eight lbs to a ton of silage. Most farmers add the material from a hopper attached to a field harvester or blower on an upright silo. Haws says.
