Leroy Myers, pastor of the First Baptist church officiated. The wreck occurred about 11 m. Saturday at Jefferson and Burkburnett Road. Burial was in Burkburnett cemetery. Bennett is survived by his wife, Vivia Bennett; two sons, Lorne and Jesse; and two daughters, Mrs. P. Morris, Burkburnett, and Mrs. John Martin, Jr., Randlett; two sisters, Mrs. E. E. Wilson, Slaton, Tex., and Mrs. T. M. Henn of Whitewright, Tex.; two nephews, George of Whitewright and Lee of Duncan; six grandchildren, and three great grandchildren. Pallbearers were Paul and Thomas Wrenn, Harold Wilson, Alton and Floyd Pace, all of Bennett.

Mrs. Mary Marie Horak is visiting her parents, Mr. and Mrs. J. Tyler, here this week. Mrs. Frank is from Schuyler, Nebr.

Mr. M. C. Chapman of Jacksonville was a Burkburnett visitor Tuesday.

Last Rites Were Thurs. for Brother Of John Rigby

Mr. and Mrs. John Rigby attended the funeral of his brother, Mr. R. L. Rigby, in Cleburne, Texas, Thursday afternoon at 2:30 P. M. Mr. Rigby died Wednesday morning and would have been 81 on March 22nd. He was a retired school teacher and had lived in Cleburne about 30 years. The Rigbys visited relatives in Grandview Thursday night.

Nathalie Foster To Graduate From Hardin-Simmons

Dr. Freeman Beets, Registrar for Hardin-Simmons University has announced a list of seniors listed as approved for graduation pending successful completion of remaining work as listed on their degree plans. There will be approximately 200 students to receive their degrees from Hardin-Simmons University in May. Nathalie Foster of Burkburnett Texas is listed to receive her degree in May. Miss Foster is a member of the Beta Mu Kappa YWA, Future Teachers of America, and A Cappella Choir. She is the daughter of Mr. and Mrs. Leo J. Foster, Burkburnett, Texas. Announcements of the commencement speaker will be made around the first of February.

Directors Elected For the Sales Barn At January Meeting

At the annual stockholders meeting of the Burkburnett Livestock Sales Barn on Saturday, January 14th, the following nine directors were elected for the ensuing year: F. A. Marten, J. C. Hinkle, B. H. Preston, Jr., Wilbur Prechel, Ernest Cornelison, Roy Wilson, Chas. Bowles, W. W. Browning. Other routine business matters were taken up. Mr. and Mrs. Paul Schroeder and Mr. and Mrs. Harlan Mills were West Texas business visitors Monday.

Two Inches Snow Covered the City

Snow began falling in Burkburnett on Tuesday afternoon and by night streets were glazed with ice. Throughout the night flurries of flakes kept falling to cover the ground with a two inch blanket of white. Wednesday morning the snow continued at intervals. Although the temperature was under 30 degrees all day Wednesday, most streets were cleared of snow and ice. Temperature Thursday morning was near 15 degrees. Sunshine and warming temperature promised to melt all traces of snow before Thursday night.

Burkburnett's snow fall was not typical of the area. Some ten miles west of town the ground was hardly covered. The Wichita Falls coverage was somewhat greater than Burkburnett. Moisture was recorded at .13 of an inch. Wheat farmers are jubilant over the needed moisture but small grain needs much more at present.

ROTARY CLUB

Each Tuesday Noon Town Hall H. D. Smith was responsible for the program for the day and introduced Frank Kelley, who spoke on the fire equipment needs of our city, Future Look For Fire Needs. Mr. Kelley has served as a volunteer fireman for the past twenty-nine years and has held all offices. Forty-one were in attendance. I. C. Evans will bring the program for next week. The local club was reported in the top ten in attendance during December.

Mr. Rocky Rockio was a guest of Maynard Stephens; Davis Kelley, guest of C. C. Gilbert; George Counter, Jr., and C. Wayne Elser, guests of Virgil Brookshear; Cliff Dodson and Buddy Byars, guests of Clark Gresham; Howard Bentley, the guest of George Byerly; A. W. Newman, guest of Carl Morrison.

Band Parents to Meet January 23

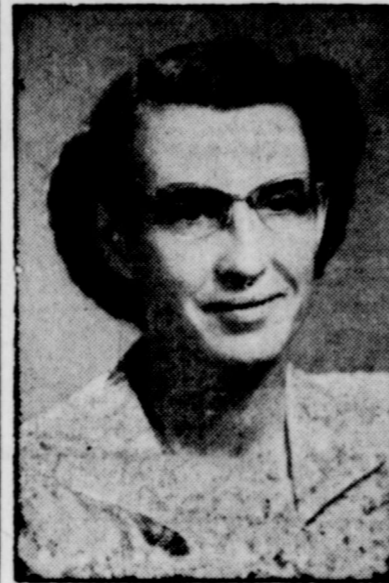

Mrs. Lowell Woods, president of the local Band Parents Club, reminds members of the regular January meeting scheduled for January 23rd at the Band Hall at 7:30 P. M. Men and women whose children participate in the activities of the Junior High and Senior High Bands are urged to attend the band club meeting.

Central Christian Church

Corner Avenue D and 2nd St. Rev. Thomas W. White, Pastor

Many people shy away from anything that bears the title "church." Comparatively few people even know where the title even originated. The Hebrew people worshiped in a tent in the wilderness that was called a "tabernacle." Later the worship centered around a temple built in Jerusalem on the same plan as the tabernacle. Then, they had branch representatives of the temple known as "synagogues" which were built for the convenience of those who were too far away from the temple to worship there regularly. The feast days were pilgrimages of dedication at Jerusalem in the temple which were held regularly at which only the physically incapable were excused from attendance. When Christ entered the picture something entirely different than that plan. He used the Greek term "Ekklesia" which means "those called out" or "the called out." Up until then, the names temple, synagogue and tabernacle were applied to the buildings. But the term Christ gave was applied to the people themselves. Therefore, the people are the church and the building is a meeting place of the church. The reason we are writing this is to let you know that we are not inviting you to church, but inviting you to meet with the church. Everyone is invited. All are wanted. None are turned away. Bible School — 9:45 A. M. Morning Worship — 11:00 A. M. Sermon — "Eternal Strength" Evening Service — 7:00 P. M. We will study the fourth chapter of Acts.

Missionary To Be Special Speaker At Church of Nazarene

Miss Ruth Dech, missionary for the Church of the Nazarene in British Honduras, has recently arrived in the United States for her second furlough. A graduate of Pasadena College, Pasadena, Calif., Miss Dech took additional studies in the Spanish language at the University of Southern California before beginning missionary work among the Mexican people in Albuquerque, N. M.

In 1946 Miss Dech was sent to British Honduras to become director of the Nazarene Day Schools in that country. She has remained in the capacity of both director and teacher since that time. While in the States, Miss Dech will be actively engaged in deputation work under the supervision of the Department of Foreign Missions of the Church of the Nazarene. Her home for this furlough year will be in Pasadena, Calif.

Miss Dech will be speaking in the local Church of the Nazarene Sunday morning, Jan. 22, 1956, at 11:00 A. M. The public is cordially invited.

From Your County Agent

Incomplete vaccination programs have reportedly resulted in severe production drops in some laying flocks, says B. T. Haws, county agent.

Egg production has reportedly fallen off at the rate of 10 to 25 percent per day in some flocks. Had vaccination programs for Newcastle, infectious bronchitis and fowl pox been complete, the severeness of this drop could have been prevented.

Newcastle, infectious bronchitis, and fowl pox are usually more of a problem on a farm where birds of different ages are maintained, says Haws.

There are methods which can be followed to prevent disease, and assure complete vaccination. Vaccination for Newcastle should be at four days and four weeks of age. The drinking water method using B-1 type vaccine is a good one.

Vaccination for bronchitis should take place at six weeks of age using the same method. If an outbreak occurs naturally before that age, says Haws, the result is the same as exposure to the vaccine and further vaccination is not needed.

At eight weeks of age, birds should be vaccinated for fowl pox using the wing-stab method. After 10 days, one-fourth of the flock should be checked for a "take". If the take is not close to 100 percent, then it is advisable to revaccinate the entire flock.

As the birds are moved to the laying house, revaccination for Newcastle should occur using the B-1 type vaccine. Methods of vaccination such as individual application to the eye or nose, and the use of dust or spray may be chosen. In using a vaccine, however, follow the recommendation of the manufacturer in detail, Haws cautions.

Chickens even after having been vaccinated one or more times against Newcastle may contract a respiratory form of the disease which usually persists only four to five days. This however, may not seriously affect egg production.

Word has been received here of the death of Mrs. Max Underwood on January 9th in Ft. Wayne, Indiana. Mrs. Underwood was a former resident of Burkburnett for many years.

Mr. Carl Boren will undergo surgery at the Wichita General Hospital Friday morning.

Burkburnett Citizens Honored At Chamber of Commerce Banquet

The annual Chamber of Commerce banquet was held in the school cafeteria here last Friday night, with guests listening to an address by a prominent Wichita Falls banker and meeting the Chamber's new officers. Oral Jones, the big banker who has hundreds of friends over this section, spoke on the vast goodness of America, exuding great optimism for the New Year and recounting achievements of 1955.

Jones' talk followed introduction of retiring officers, an activities report by the outgoing president, an "outstanding citizens" award and a program of entertainment presented by an airman of Sheppard Air Force Base.

W. T. (Slim) Holman, a county commissioner who is gravely ill in a Wichita Falls hospital, was named outstanding man of the year in Burkburnett. Holman was lauded as "a fine public servant, a very capable business man, and a man with a heart" by Cliff B. Wampler. While business men and visitors stood silently, a prayer was offered for his "speedy recovery".

George McClarty took over the gavel as president from Carl Campbell who received a plaque and high commendation as a man who "inspired others by his loyalty to duty". Rev. Felix Kindel, who served as master of ceremonies, introduced the retiring officer, who in turn presented other outgoing members.

McClarty accepted the office with the remark that he was "happy and privileged to have become president of the Chamber of Commerce for 1956. It is an honor and I deem it so", he declared. "With this fine set of directors we will accomplish some things. If we can't accomplish anything, we'll leave things as they are."

"I think you'll agree this is a pretty good community as it is, a fine place to live in, to go to church and to send your children to school".

Teacher Honored Miss Blanche Butler, a music teacher, was honored with Buster Morgan as other outstanding 1955 citizens. Both in brief ceremonies were presented citations. Morgan served last year as president of Burkburnett's Quarterback Club.

The program followed a sumptuous meal of fried chicken and intermingling of Boomtown citizens and visitors.

Oral Jones, vice-president of the Wichita Falls City National Bank, quoted facts and figures to show that the nation is sound economically.

Other officers for the coming year, besides President McClarty, are: George Byerly, first vice-president; A. R. Hills, second vice-president and treasurer; Marjorie Hofack, office secretary, and J. V. Brookshear, assistant treasurer. Among outgoing officers are J. C. Adams, Jr., and Francis Beaver.

Invocation was given by Rev. Leroy Meyer. Dinner music was furnished by Marilyn Felty. Airman third class Dorothy Pate entertained with Hawaiian dance numbers.

Lawn Clinic Set Wed., January 25

A Lawn Clinic will be held at the University Methodist church in Wichita Falls on Wednesday, Jan. 25th beginning at 10:00 o'clock, announced B. T. Haws, county agent. The University Methodist church is located in front of Midwestern University on Taft and Hampstead.

The program will be as follows: How A Plant Grows — Spencer Ellis.

Principles of soils and Fertilizer Dr. Gray Lawn Grasses — Ed Daniels Establishment (How To Build A Lawn) — E. M. Trew Lawn Watering — Dr. E. C. Holt Feeding the Lawn — E. M. Trew Lawn mowing and arification — Dr. E. C. Holt Turfgrass Diseases — Ed Daniels Lawn Insects — Spencer Ellis Door prizes will be given. Everyone is invited to attend.

Mr. and Mrs. Louis Littlefair of Gainesville, Texas, visited friends here Friday and Saturday and attended the local Chamber of Commerce banquet Friday night.

Noted Historian To Speak At MU Museum Sunday

Dr. H. Bailey Carroll, professor of history at the University of Texas and editor of The Southwestern Historical Quarterly, is the guest speaker for the Sunday afternoon, January 22, lecture in the Midwestern Museum's lecture series.

As executive director of the Texas State Historical Association, the oldest learned society in Texas, Dr. Carroll has been active in the accumulation and preservation of historical information about Texas. A witty and brilliant speaker, Dr. Carroll comes highly recommended to residents of this area interested in local and Texas history.

The lecture at three o'clock is open without charge to the general public and is offered as a community service by the Midwestern Museum Association.

Mrs. B. H. Alexander Hostess Circle 2 January 16th

Circle 2 of the First Methodist Church WSCS met Jan. 16 in the home of Mrs. B. H. Alexander with Mrs. S. S. Reger as co-hostess.

Mrs. W. C. Gage, circle leader, opened the meeting with the group singing The Kingdom is Coming. Mrs. Hugh Jones, devotional leader, brought a very inspiring lesson on The Changeless Gospel of a Revolutionary Age, using the scripture from Psalms 117:1-2, also Lasting Qualities, Cor. 13th chapter; A Changeless Christ, Hebrews 13:8; An Unshakable Kingdom, Heb. 12:28. The Lord's Prayer was repeated in unison.

Lena Patton had charge of the program, Master of the Waking World, which she so beautifully brought. Mrs. J. M. Patterson and Mrs. W. C. Gage represented Christianity and Communism. Lena quoted Rev. John Havea had come from Tonga and had spoken in hundreds of our churches. Bro. Havea said that all of the 45,000 inhabitants of Tonga are Christians and that Queen Salote of Tonga is the only Methodist Queen in the world. There on Christmas they do not give and receive gifts but the best gift is Emanuel. Christmas there is a day of evangelism.

Mrs. Gage reported on the child lunch ticket the circle is giving this school year. Circle 2 will serve the men's fellowship supper Thursday, Feb. 2nd. Circle will meet Feb. 13th with Mrs. Oleta Newman.

A nice refreshment plate was served to one visitor, Mrs. Alice Schoch and members, Mesdames Neal, Lowery, Gage, Buntine, B. H. Alexander, Reger, Henry, Jim Alexander, Newman, Gore, Patterson, Mathis, Jones, Patton, Scruggs, Dodson.

Contemporary Club Met In Wise Home

At a regular meeting of the Contemporary Study club held in the home of Mrs. P. O. Wise, Jan. 9th, Mrs. Harry Elliott reported that a lunch ticket has been purchased for a child in school.

The club received a gracious thank you note from Mr. and Mrs. George Boydston for the basket at Christmas time.

The Project Committee reported that \$15.00 was spent for toys for a child at Christmas.

Mrs. F. A. Eastman and Mrs. Jim Maag were appointed to a committee to formulate plans for a Home Talent Show in February.

Door prize was won by Mrs. Francis Beaver.

Lovely refreshments were served by the Co-hostess, Mrs. John V. Lilley to Mesdames Francis Beaver, G. C. Beavers, E. B. Burton, F. A. Eastman, J. F. Eastman, Harry Elliott, Jim Maag, Joe Parsons, C. A. Smith, I. L. Smith, H. S. Thaxton, Cliff Wampler, P. O. Wise and Bill Bledsoe.

Dora Davis and Flora Cobb of Wichita Falls attended the Burkburnett Chamber of Commerce banquet here Friday night.

Maybe we'd better quit trying to find out where the world is going and just do our damndest to hang on for the ride.

LIONS CLUB

Meets at Town Hall, 7:00 P. M. Each Tuesday

President Francis Kauer was in charge. J. Frank Kelley gave the invocation. Singing was led by Leroy Meyer.

Robert Beaver was the guest of his brother, Francis Beaver.

J. A. Suttles, program chairman, introduced Weldon Wright, manager of the Chamber of Commerce. Wright spoke on the subject: Patronizing Your Home Industries. Citing a trend in population movement to the Southwest, especially Texas, he listed a few of the many resources and other advantages found in Texas. In stressing the buy at home obligation, Mr. Wright said we were honor bound to do so, because of the many things the home town means to us. First, because it is our home, second because of the many advantages the home town gives us—a place to open and operate a business, or a place to earn a living working for some one who has a business.

This trading at home is not a one-way obligation, according to Mr. Wright. The obligation of the merchant, or industry, is to provide wanted items, equal in quality and price to those same items found in other towns! In closing his address, Mr. Wright said: "If we are ever to build a greater Burkburnett, I see no way, other than to patronize home industry". Next week R. P. Thaxton will bring the program.

Insurance Benefits Now Available For Farmers-Ranchers

Self employed farmers and ranchers can become eligible for insurance benefits under the social security law by mid 1956 if they have earned as much as \$400 from farming in both calendar year 1955-1956, B. T. Haws county agent reminds Wichita county farm operators.

Along with this goes the responsibility to report earnings from farming and pay the 3 percent social security tax not later than April 15, 1956. The social Security administration has suggested that payments be made as early as possible after Jan. 1.

The form for making a report and remitting the required tax for social security insurance (Schedule SE) comes with the Federal Income Tax Return, form 1040. If your net earnings from farming were as much as \$400 in 1955, you are obliged to fill out and file this return and pay the social security tax, according to Haws, even if you do not owe any Federal income tax for 1955.

Older farmers — those 65 or over, can retire after mid 1956 and start getting monthly old-age insurance payments if they have met the earnings requirements and paid their tax. Other farmers, regardless of age, will acquire family protection in the form of monthly payments to surviving dependents in the event of their death, provided they meet the same requirements.

In either case, the payment of the social security tax must accompany your income tax declaration or return. This responsibility is required by law.

Further information on social security taxes may be obtained at your nearest Internal Revenue Service office or from the local county agent. Information about benefits can be obtained from your social security district office

Donald O'Connor, left and Dan Dailey are indicating to Mel Merman that it's thumbs up and "on with the show" the best must-go-on tradition of the business in "There's Business Like Show Business," coming into the Palace Theatre. Also starred are Marilyn Monroe, Johnnie Ray and Mitzi Gaynor.

You might call THERE'S NO BUSINESS LIKE SHOW BUSINESS the rock and roll story of about all the top notch entertainers in Hollywood set to many song hits of Irving Berlin. Ethel Merman and Dan Dailey are a song and dance team that meet, marry and continue their entertainment career while endeavoring to raise a family that becomes top notch stage dazlers. Children are Donald O'Connor, Mitzi Gaynor and Johnnie Ray.

When there's Marilyn Monroe breaks into the picture as heart throb of girl crazy Don O'Connor. Whether Marilyn a good voice to sell an Irving Berlin song will never be questioned as her scene in a night leaves little to be desired in any Monroe fan. From Irvin Berlin comes his song to be forgotten songs "Alexander Ragtime Band", "A Foggy Day in a London Hotel", "I'm Glad to be Here", "There's Business Like Show Business, Monday" in color — Cinemascope at the PALACE Theatre, MONDAY.

ON THE SIDE OF FREEDOM

The local newspaper is a personal diary of a community's life. This is especially true of the country papers, of which there are many thousands in the United States. These papers are free to express their point of view on any issue or question of public or private interest, subject only to the reservation imposed by the libel law.

Their right to criticize their government was established over two hundred years ago in what was then a British Colonial town now known as New York City. This country's smaller newspapers are a tremendous asset on the side of freedom, possessed by no other nation. The strong local appeal on the small town newspaper assures unusual readership interest.

Amid all the modern developments in the field, the newspaper retains its position as one of the most effective advertising mediums. All of us have a tremendous stake in the continued health and independence of our thousands of newspapers. It's reassuring to find that they rest on such a solid foundation, both culturally in the minds and hearts of the readers and economically in the support of advertisers.

THIS GIRDLER MAY RIP

Under our price support program, American agriculture looks more and more like a fat lady trying to squeeze into a girdle two sizes too small. She pulls in a little bit here and she pops out a little bit there. We read about the Louisiana farmer who put his cut-back cotton acreage into wheat, already bulging out of storage bins, and the wheat farmer who put his acres into grain sorghums to compete with the over-abundance of corn. And so it goes.

We thought of the hefty gal and her girdle recently when we read some "plain words" spoken by Dr. L. J. Norton, head of the University of Illinois Department of Agricultural Economics, to a group of U. S. Department of Agriculture employees charged with handling government surplus.

"Those responsible for farm programs should clearly recognize that attempts to support prices of any agricultural commodity above its real value will lead to accumulations that depress both prices and incomes," he warned. "We are now in this position in the Corn Belt."

In that same Corn Belt, Dr. Norton's words carry weight. His close work with mid-western farmers in farm extension programs carried on by the Illinois College of Agriculture in cooperation with the U. S. D. A. has given him considerable stature.

His practical know-how convinces Dr. Norton that there are sounder ways to help the farmer than the setting of artificial prices. Active promotion at the retail level can encourage purchases of the cheapest and most abundant farm products, he says, and the farmer must strive to produce the products the consumer wants.

Discussing current low levels of grain and hog prices, the outspoken economist pinned blame "on the farm programs of the postwar period."

"These are plain words but is it not time to use them?" he asked. "The Congress of the United States simply tried to establish by law a price for some products above the level at which current output can be sold. A lot of people in the United States do not see much point in piling up stocks of grain for which we have no use," he emphasized. "And Congress does not get too far away from public opinion. The only way to stop accumulation is to lower the support price."

Nobody, most of all our Dr. Nortons, wants to let the farmer down, but a solid foundation is safer for the farmer than being suspended by an artificial price thread that may snap under the weight of growing surpluses.

SAFETY ON THE FARM

The principal goal of the farm equipment industry is to produce more efficient machines, that is, machines which will do more work at a lower over-all cost to the user.

But it has other major goals as well, and one of them is to make the machines as safe as engineering know-how will permit.

Very great progress has been made in this direction, through constant improvement in design. But there is one problem that the engineers can't solve, and that is unsafe acts resulting from the haste, neglect or carelessness of the operator.

In other words, safety in modern mechanized farming is largely an educational matter. And it is pleasant to report that this work seems to be bearing fruit. Thirty-one states now have Farm Safety Committees. Statistics indicate that, over a period of years, farm accidents have markedly decreased in our principal agricultural areas. In considerable part, this general improvement in safety has been brought about by better designs of farm machinery, coupled with a better knowledge on the part of the farmers as to how to properly use and maintain equipment.

A still more effective safety job can be done in the future. The present day farm is comparable to a factory, and, as in the factory, every man must keep safe procedures always in mind.

Red Cabbage Slaw With Hot Bacon Dressing

Vary the way you serve cabbage to your family, and give the a new taste treat with Red Cabbage Slaw—a winter salad high in Vitamin C. LOOK likes it with a tang hot bacon dressing.

Combine 2 cups of shredded red cabbage, 1 cup sliced celery, ½ cup minced onion, and bacon dressing. Toss all together to thoroughly blend.

For Bacon Dressing:
Fry 1 strip bacon until crisp. Remove from pan and save for later use. Blend into bacon fat: 1½ teaspoons flour, 2 tablespoons vinegar 1½ teaspoons sugar, ¼ teaspoon dry mustard, 1-8 teaspoon salt, pinch of black pepper, 2 tablespoons water. Cook over low heat, stirring constantly. Remove from heat. Add 2 tablespoons milk or light cream and crumbled bacon. Yield: 4 to 5 servings.

DESTRY - Palace Theatre - Fri. & Sat.

Villainous Lyle Bettger forces a showdown with Audie Murphy while Mari Blanchard plays the not-so-innocent bystander in this scene from Universal-International's Print-by-Technicolor "DESTRY," which also stars Lori Nelson and Thomas Mitchell. George Marshall directed and Stanley Rubin produced this lusty legend of the West from Max Brand's novel.

Tom Destry, legend character from the pen of Western Novelist Max Brand, comes to life on the Palace screen this Friday and Saturday as the meek Peace loving cowpoke who is engineered into a Deputy Sheriff's job by a drunkard sheriff. Audie Murphy plays the part of DESTRY, the title of the picture.

"DESTRY" is one of those better stories that live through the years. This will be the third time that Hollywood has put this action novel before the cameras. One of the highlights of the picture is the bar room fight between Mari Blanchard and Lori Nelson over the favors of Destry, who is finding it rather an impossible thing to stay peaceful in this wild wide open Western Boom Town. Included in the cast of "DESTRY" in addition to Audie Murphy, Mari Blanchard and Lori Nelson are Lyle Bettger, Thomas Mitchell, Edgar Buchanan and Wallace Ford. It's a better Western.

Note of Appreciation

I wish to take this opportunity to express my thanks to each and everyone who helped in any way to select me as outstanding woman of the year in Burkburnett. My appreciation can not be adequately expressed.

Mr. and Mrs. Curtis Cook of Wichita Falls visited friends here Saturday.

Miss Juanita Butts Honored with Shower Thursday Night

The Wesley room in the Methodist Church was the scene of a beautiful wedding shower given Thursday night in honor of Miss Juanita Butts, bride-elect of Mr. Danny Kinnett.

The room was decorated with greenery and flowers of the bride-elect's chosen colors, pink and white. The table was covered with a pink cloth centered with an arrangement of pink and white carnations and lighted candles. Corsages of pink and white carnations were presented to the honoree, her mother and the groom-elect's mother. Two vocal numbers were given by little Karen Metz and Michael Knox with Donna Ady accompanist. Mrs. Walter Lacy with her violin and Maxine Creel at the piano rendered two lovely numbers.

Mrs. Lloyd Mullinghouse presided at the guest book. Brenda Walkup and Lavonne Burns served punch and pink and white cakes to approximately seventy guests.

Hostesses were Mesdames O. E. Melton, E. Boswell, Jr., A. R. Bunstine, C. D. Gee, Delmar England, Ralph White, S. A. Weaver, B. D. Boyd, H. M. May, L. J. Foster, J. F. Wolfe, L. Mullinghouse, E. Michna, R. G. Redman, Durwood Redman, Paul Schroeder, J. L. Caffee, C. J. Good, L. Cashwheeler, G. Walkup, J. Hageman, T. Harms, J. N. Hicks, F. W. Pemberton, T. Key, B. N. Cauthorn, L. Current Lit. Club Luncheon Held In Kauer Home

The annual business day luncheon of the Current Literature club was held in the home of Mrs. Francis Kauer with Mrs. Fred Hunt sharing hostess duties.

The delicious luncheon was served first and was enjoyed by everyone.

The regular business meeting was then held. Mrs. F. G. Jeffers presided.

Mrs. C. R. Chambers was leader for the day. Several interesting papers were read. Mrs. Ralph White's reflection thru the looking glass, was a backward look at our community from its beginning as a settle-

ment on Gilbert Creek to the Boom Days with pictures and news clippings of interest. Two other good papers were read. New Year, New Interests, by Mrs. Luther Caffee and Get To New Horizons by Mrs. F. M. McMurry. Mrs. W. B. Short read the constitution and by-laws.

A committee was appointed to shorten and modernize the by-laws.

A work -a-day will be held in Olney Jan. 20th by the Fed-

FASTEST KNOWN PAIN RELIEF FOR ARTHRITIC, RHEUMATIC VICTIMS—NOW AVAILABLE

Seven "Film-Coated" Ingredients Offer Positive Relief

The crippling, torturing, twisting pain of Arthritis and Rheumatism may soon be forgotten, thanks to an exciting new laboratory discovery named Ar-Pan-Ex.

Ar-Pan-Ex was perfected by a noted scientist of a world-famous university, working with all known facts about these crippling ailments. The result is a safe, easy to take tablet that promotes the fastest relief known from that stabbing agony.

Ar-Pan-Ex is compounded of seven active ingredients including a special new medicine to help provide longer lasting relief. Ar-Pan-Ex is exclusively perfected to curb chronic, deep-seated pains.

Nothing Like AR-PAN-EX
Nothing ever offered before can bring faster, more effective relief with longer benefits than Ar-Pan-Ex. It may be reserved life of usefulness and pleasure.

Why AR-PAN-EX Helps
Ar-Pan-Ex does not dissolve uselessly in the stomach—avoids stomach distress. Ar-Pan-Ex is scientifically "Film-Coated" so that ALL

the powerful, pain-relieving medicine is absorbed only in the small intestine where it is quickly carried by the blood stream to every pain-wracked muscle and joint.

Swelling, stiffness and soreness may be miraculously eased when Ar-Pan-Ex is taken. The system throws off excess acid and can also aggravate pains.

Nothing ever offered before can bring faster, more effective relief with longer benefits than Ar-Pan-Ex. It may be reserved life of usefulness and pleasure.

Ask for genuine Ar-Pan-Ex today at any store for the kind of relief no other can claim to equal. If you doubt it, try it. You will be glad to order it for you.

Grade School News
We are very busy preparing for the mid term exams that will be coming up next week. It seems like a long time since the first day of school and we are all very certain that it has been a very long time when we start to go back over the work that we have been over since that early day in September.
We have several children out of school due to sickness, and we are all hoping that they will soon be back with us every day. Most of all the sickness now is due to colds and flu, and we are hoping that the sunshine will drive these two old enemies away from the school ground.

We have been enjoying the use of the dark room this past week for the purpose of visual aids. We had a very fine film showing the high spots of interest in the state of Arizona. We have also had many fine film strips that we have used in connection with the work that we are having in school.
The lowest ebb is the turn of the tide.
If you can keep your head when all others about you are losing theirs, maybe you just don't understand the situation.
Feet tend to swell to almost half a shoe size larger during the day, so buy new ones in the p. m. for best fit.

Mrs. B. B. Six Hostess Shower For Mrs. R. E. Hodges

Mrs. R. E. Hodges was honored with a pink and blue shower January 12th in the home of Mrs. B. B. Six. Assisting hostesses were Mesdames Tud Carter and Raymond Beaver of Electra, and Mesdames J. G. Grubbs, T. L. Harris, E. C. Nicholson, Bill Hall, J. Chadwick, I. R. Ragan and W. L. Gibson, Burkburnett.

Upon her arrival, Mrs. Hodges was presented a corsage of pink carnations with a miniature doll as the decor.

The honoree's table was laden with an ivory lace cloth over green. On one end was a dainty arrangement of pink paraffin blossoms on sycamore branches. A mirror as the base, reflected the symbolic beauty of the budding season ahead. A pink fawn was used as an accessory to complete this artistic arrangement made by the hostess.

Delicious refreshments of white cake squares decorated in pink and green with coffee and/or hot chocolate were arrayed on the other end of the table. Clever favors of a typewritten Baby Thank You were placed on each plate.

A humorous game pertaining to the care of a new baby was played.

The honoree spent the greater part of the evening opening the 45 lovely gifts received. She expressed her sincere appreciation for being remembered by her friends.

Gifts from the hostesses were an item of lingerie and a convertible car bed.

Those attending were the honoree and Mesdames Hugh Lee and Hattie Matthews of Electra; Horace Broome, Cliff Hagstrom, Lynn Adams, Floyd Marten, R. M. Sims, Ray Matherly, W. E. Burkhart, James Hillis, A. A. Jacobs, M. L. Hillis, Cookie and Jimmy Sims, the hostess and assistants.

Mrs. Loyd Savage Honored Monday With Baby Shower

Mrs. Joe Crowley and Mrs. Edwin Green were hostesses Monday morning at a coffee honoring Mrs. Loyd Savage and new baby daughter in the home of Mrs. Crowley.

Entertainment was furnished by Mrs. Crowley. Following the presentation of the gifts, coffee and cookies were served to those present.

Circle 3 of WSCS Met January 10th

Mrs. Charles Ainsworth and Mrs. James B. Foyce were hostesses in Mrs. Foyce's home to Circle 3 of the WSCS on Tuesday evening, Jan. 10th.

Mrs. Betty Parsons gave as the devotional the 136th Psalm and a very moving anonymous prayer.

Mrs. Annette Haws, the program chairman, presented an original meditation which left each person present with the desire to have more love and understanding during the new year for all humanity.

Refreshments were served to one guest, Mrs. Phyllis Enders, and to 18 members, Mesdames E. E. Bangs, Joseph Carter, Bill Haws, H. T. Kennedy, Marvin McDonald, Darrell Nichols, J. L. Ragan, Raymond Schuette, J. R. Sprague, Hugh Veach, B. J. Vincent, C. H. Ware, E. A. Westbrook, L. C. Rodebush, Betty Parsons, Ruth Hicks, and the hostesses.

Card Of Thanks

With Deepest Gratitude we extend this word of thanks for the many kind acts of sympathy, expressed by thoughtful friends. Your kindnesses have meant much to us.

CUB SCOUTS MEET

Den 1, Pack 155, met in regular meeting Thursday in the basement of the bank building. Ten members and the den chief answered roll call and took part in opening ceremonies. Ash trays of sea shells mounted, decalated and painted were made for our mothers, in keeping with our lesson. We were chaperoned by den mothers, Mrs. Connell and Mrs. Wooten.

John Casey Waller, Keeper of the Buckskin

S/Sgt. Robert O. Worley has been visiting his wife, Mrs. Robert O. Worley, and Mr. and Mrs. W. J. Tyler here and his family in Kansas the past week. S/Sgt. and Mrs. Worley were stationed in Burtonwood, Warrington, England for several months. He is a flight engineer in California at the present time. Mrs. Worley plans to join her husband in California later.

Mrs. J. H. Rigby Hostess Monday Circle 1 WSCS

Circle No. 1 of the Methodist Society of Christian Service met in the home of their circle chairman, Mrs. J. H. Rigby, Monday afternoon 3:00 p. m.

After a short business session, the meeting was turned over to Mrs. Holt who had charge of the study. Her subject was Master of the Working World. She directed a group discussion on How Our World Needed to Be Changed and Can Their Legitimate Needs Be Met In Ways Acceptable to Christians. She called in the people of South Africa, black and white, and asked them to speak together for freedom. She called the farmers of the reserve and trust lands, the miners of coal, gold and diamonds, the workers of farms and forests, the workers of factories and shops, the house wives and mothers, the teachers, students and preachers, and asked all of these to speak together and go forward together for freedom.

Mrs. Melton took us in imagination to a part of the Tonga on friendly islands in southwest Pacific. We were told there were 45,000 inhabitants and all of them were Christians, most of them Methodist related to the Methodist church in Australia. The queen Solote of Tonga is the only Methodist queen in the world. We learned that Christians in Tonga, they do not receive and give gifts as we do, rather it is an occasion for sharing the best gift of all Emmanuel Christmas there is a day of Evangelism. In the early last century, these people were cannibals, then came the first missionaries and after many difficulties, the people responded to the Christian message and the islands were completely transformed. There is no place for communists in Tonga.

The meeting was closed with prayer and delicious refreshments were served to Mesdames Holt, Lawler, Morris, McPhearson, Cauthorn, Hall, Kindel, Paul Browning, Melton and the hostess, Mrs. Rigby.

Mrs. Walter Riley Conducted Workshop For Gay Ladies Club

Mrs. J. A. Janek was hostess January 16th for a regular meeting of the Gay Ladies Garden Club.

The vice-president, Mrs. Frank Hendon, presided over the brief business session. She appointed a nominating committee for the election of officers in February.

Mrs. R. M. Sims was welcomed into the club as a new member from a former meeting.

The club was delighted to have as a guest and principal speaker, Mrs. Walter Riley, who conducted an informative program on making arrangements.

After explaining the fundamentals involved, she read aloud the chart of Don'ts in Flower Arranging, she had exhibited as a guide. Previously she had made several arrangements in the crescent line that exemplified beauty and simplicity in design. When each person had made an arrangement suitable to her container, the lines achieved were discussed; namely the crescent and vertical, together with formal and informal balance (asymmetrical). She cautioned the use of accessories unless they added to the arrangement and stated that all arrangements should look like they come from one center of growth.

The door prize was won by Mrs. Frank Hendon.

Delicious refreshments of party tarts and frosted ginger ale were served to Mesdames Walter Riley and W. E. Henry as guests and members, Mesdames Frank Hendon, H. W. Krusemark, Ray Hude, B. B. Six, Lynn Adams and the hostess.

The next meeting will be February 30th with Mrs. Hendon.

Farmers-Ranchers Income Taxes Due February 16, 1956

Farm and ranch operators should be happy to know that their income tax reports are not due until Feb. 15, 1956. The previous deadline for filing the reports was Jan. 31st. The ruling was made in 1955 but was not announced in time to affect many taxpayers, says B. T. Haws county agent.

There is an exception, points out Haws. Every farm employer who owes the two percent employer tax and the two percent employee tax must file a return on Form 943, and pay the taxes on or before Jan. 31st, 1956. Farm employers should file their returns on time in order to avoid the penalty which may be charged for late filing.

For the first time this year self employed farmers who net \$400 or gross \$800 or more annually are subject to reporting for social security benefits. The Act was amended by Congress in 1954 and applies to farm and ranch incomes for 1955.

Because of the possibility of retirement benefits and insurance features of the plan, Farm and ranch operators should study the procedure for reporting. Each person will need a social security number before making report for benefits and paying the tax.

Information on various phases of tax reporting, says Haws, may be obtained either from county extension agents or the Social Security and Internal Revenue offices. Even if copies are available only for study, persons interested will find the reference covers the self employment phases in some details.

Auto Inspection Deadline Nears

Long lines of vehicles at the doors of the State's 4,000 licensed inspection stations appear to be imminent unless many motorists make haste to have their cars inspected right away.

That was the warning today of Capt. K. B. Hallmark, commanding officer of the Wichita Falls district of the Texas Highway Patrol.

The Patrol Captain said that some 3 million motor vehicles in Texas have yet to be inspected during the current inspection period which ends April 15. He noted that of the 89,131 vehicles registered in the 12 county area of this Patrol District that only 12 percent have already secured their safety checks in spite of the fact that just three more months remain during which they must secure new approved inspection stickers.

Hallmark cautioned that Patrolmen and local officers would begin issuing tickets on April 16 to operators of all vehicles not bearing a current sticker. He said that a maximum penalty of \$200 could be assessed by the courts for this violation.

Give Your Chicks a Super Start Your chicks should grow up to 5.6% faster on 7.4% less feed per pound of gain than ever before on Purina Super Chick Startena Purina scientists have done it again! They have improved even last year's wonderful formula so much that you can see the difference. SUPER GROWTH. Several thousand chicks in many different tests have averaged 5.6% bigger than ever before on Startena. And they took 7.4% less feed per pound of gain. SUPER SAFE. You can order Startena with a built-in coccidiosis control. It's the best control ever tested by Purina Laboratories to help you protect chicks from the worst killer of all chick diseases. SUPER VIGOR. You can see brighter yellow shanks, perkier red combs and fast smooth feathering. SUPER ECONOMY. It takes only 2 lbs. of Super Startena per light-breed chick, 3 lbs. per heavy. This is a real saving, because most feeds recommend 3 to 4 lbs. of starter—or more—before the chicks are ready for growing ration. Notes from County Ag. Agent and HD Agent

The home demonstration club is beginning their work this month. This work begins with making plans to do things to make their homes into better business. A business can be a success if the manager does a good job of planning and organization, and then works monthly as a well informed manager. Miss Thelma Wirges, county home demonstration agent is working with these women to help them see many things they can do to improve the business procedures in their own homes.

Mrs. E. A. Moore is the leader of the club for the Valley home demonstration club. She plans to give the demonstration on "Keeping Records and Allowances" to her club. As a demonstrator she carries on an active demonstration in her home. Mrs. Moore emphasizes the importance of having essential family records, so she is making plans to include the securing of her birth certificate and making a family history. However, Mrs. Moore can't keep an accurate record of income and expenses, so she is to keep this type of re-

cord. Any family needs a true record of income and expenses to be able to do a good job of future planning, as well as have income tax information. Mrs. Moore works in a number of clubs, so she is working on the organization of her club material into a dresser drawer file. Mrs. Moore also plans to study and collect information on Insurance, Use of Credit, Investment of Money and Transfers of Property. She will use this study to help make herself a better businesswoman and will also share her information with fellow club members.

Mrs. R. C. Luthy from the Park Area is a new club member in Wichita County but has assumed duties as the family economics leader - demonstrator for her club. She will give demonstrations to her club and plans to keep household records for her own family. By keeping a record of all income and expenses her family will have a true picture of their finances. This family will be able to do better planned spending and will also have good records when it is income tax time.

Mrs. J. G. Cheney, from the Midway club, also made plans this week. Mrs. Cheney plans to make a record book to keep an accurate record of incomes and expenses. Her plans also include making a business in her home. In the business center she will use a dresser which she plans to refinish and remodel into a desk. As part of the business center she and Mr. Cheney will organize all their business papers so they will be easily found when needed. To have a convenient place to plan the work

of the home and to keep valuable papers, save worry and confusion, and make for a more successful and happier home.

Mrs. R. A. Gilbert from the Enterprise club knows that the success of any business depends on how well its activities and details are planned, organized and carried out. To work in homemaking, the greatest business in the world, Mrs. Gilbert plans to keep the farm and home record books, organize a business center and plans to collect and file all important papers. For the business center, Mrs. Gilbert plans to refinish and remodel a cabinet record player and use it for storage of business materials.

One leader-demonstrator from each home demonstration club will complete plans this month for work on this new program that is planned to help make homes more businesslike.

By sticking to a regular, year-in and year-out blackspot control program, rose growers can get more and larger early blooms. Fungicidal dusts, either zineb or copper-sulphur, applied once a week during the growing season will give good control of blackspot.

Exports of agricultural commodities from the US during the July-November 1955 period were 4 percent larger than for the same period in 1954. Cotton exports, however, were less than half those for the 1954 period.

Self employed farmers and ranchers can become eligible for insurance benefits under the social security law by mid 1956 if they have earned as much as \$400 from farming in both calendar years 1955 and 1956 and have paid the social security tax.

Reports from 185 Texas counties covering the participation of dairymen in basic dairy practices indicate that milk producers can

further improve their efficiency of operations. The basic practices studied included the keeping of private herd records; storing and feeding silage; utilizing summer and winter temporary pastures; feeding hay year round and raising herd replacements.

The small grain winter mite is showing up in some grain fields in the Burkburnett and Electra communities. This insect is not doing enough damage at the present time to spray. To control the winter mite parathion and Malathion are recommended. 1-4 pound of parathion per acre is recommended. Do not graze field with cattle for 30 days. 1-2 pound of Malathion per acre is recommended. If you use Malathion do not graze pasture for ten days.

The small grain crop in the county needs a good general rain. The grain plants are forming a good root system.

High School News

One of Burkburnett High School's outstanding senior girls, Miss Pat Bernethy, was chosen by the faculty as the school representative for the Daughters of American Revolution Award for Good Citizen. Pat is the daughter of Mrs. O. D. Bernethy of Burkburnett.

Requirements for the award include dependability, service leadership, patriotism and scholarship.

Pat, who was chosen by her excellent leadership in each of these fields has been a class officer, a member of the Student Council four years, two of these years she has served as secretary a member of the girls basketball team four years, Bulldog Growl editor, and one of the Derrick Business Managers for 1956.

BHS STUDENT HONORED

Word has been received that an outstanding Burkburnett senior girl, Miss Charlotte Simons, has been named to the McCalls Magazine board of student directors.

Charlotte was named to the board due to the dress she made for the state 4-H dress revue. Charlotte used a McCalls pattern in making her dress and due to expert seamstresship and quality of the dress, the state judges recommended Charlotte for the honor.

Charlotte will hold this honor

for one year and will be consultant for teenagers and the McCalls magazine.

BHS RECEIVES AWARD

Mr. Roy Silkwood has announced that Burkburnett High School has been accredited for the coming year by the Southern Association of Colleges and Secondary Schools.

Only schools which meet the standards and requirements set up by the association are given the certificate for the coming year.

It is really an honor for BHS to receive this honor for an outstanding faculty and curriculum we have to offer our students and the people of the Burkburnett School District.

FOOTBALL BANQUET

Burkburnett High School served as host to the 3-AA football banquet that was held Monday night in the school cafeteria.

Attending were the all-district players and coaches from Electra, Quannah, Seymour, Childress and the host school, Burkburnett.

Each year the district champions serve as hosts to the annual affair.

Receiving the Conference Trophy was the Burkburnett Bulldogs; the "B" squad trophy to the Burkburnett "B" team and the Junior high crown was awarded

to Electra for the third straight year.

The annual Bulldog Football banquet was held in conjunction with the District banquet.

The 1955-56 queen, Etta Lee Brandon, was crowned during the night by one of the four Bulldog captains.

BEVERLY NETHERLAIN BASKETBALL QUEEN

Miss Beverly Netherlain, a popular sophomore student, was elected 1955-56 Basketball queen by the Bulldog basketball squad.

This year's attendants will be Marilyn Penn and Carol Muller.

Beverly in addition to being basketball queen, has been majorette in the BHS band, a member of the Drama club and plays a clarinet in the band.

Marilyn a popular and beautiful senior has been bootball attendant twice all school beauty, FFA Sweetheart for 1956, a 4 year member of the basketball team and a member of the FHA.

Carol, a sophomore student, is a football attendant, a majorette in the BHS band, and is sophomore class beauty this year.

Beverly will be crowned at the annual banquet for the basketball team to be held the latter part of February.

Miss Charlotte Simons entertained friends from Burkburnett and Henrietta in her home Saturday night following the Henrietta ball game. The group enjoyed dancing and refreshments.

Soil Conservation News

Construction and seeding of waterways are now in season and urgently needed according to **Fenton Dale**, chairman of the Wilbarger-Wichita Soil Conservation District Board of Supervisors.

S. T. Tuttle, district co-operator farming nine miles north of Electra has had two waterways staked on **Cathering C. Tuttle Estate** and preliminary work has been done on a waterway on **Tuttle's home place**.

After shaping, waterways will be seeded to oats for nurse crop and cover, after which **K. R. Bluestem** and buffalo grass will be seeded. Oats will be mowed at boot stage to reduce competition and provide dead cover. Soil Conservation Service technicians designed and staked the Tuttle waterways.

Leveling of irrigated land is being done by **John Hund** at this time. Hund will level approximately 22 acres and install necessary ditches, checks and turnouts. The land will be cropped to fescue grass and alfalfa.

Hund is using benched borders with .05 feet of grade per 100 feet and 43 feet wide. Turnouts will be 10 inch pipes with headwalls and steel shutters. Checks will be two feet by two feet concrete open notch and apron type. The system was designed by SCS and cost of construction is being shared in by ACP.

Clinton Harbers Is Man Of Year In Texas Agriculture

Clinton Harbers, outstanding young farmer in Fayette County Texas was today named "Man of the Year in Texas Agriculture" by the Progressive Farmer magazine. The honor was given Harbers for superior achievement in the art of farming.

"In less than 4 years, this young muscular, ex-GI, has become better-known than any other farmer in Texas, particularly if you narrow it down to working farmers," says **C. G. Scruggs**, associate editor of The Progressive Farmer. It's been estimated that at least 10,000 people have visited the Harbers' farm west of LaGrange. And no one goes away without becoming infected with Clinton Harbers' zeal for doing a better job of farming.

By using good soil conservation methods, insect control and other farming know-how, Harbers has easily tripled his yields and income. Most important he has used his head and found better ways to do old jobs. His adaptation of some of his equipment has been so successful that his special plow and planter is now being manufactured.

Harbers borrowed money to buy a farm in 1947. He started going to GI agriculture classes and became a cooperator in the Bastrop-Fayette Soil Conservation District. From influence of these two sources, he began thinking of ways to improve his farming practices to increase his yields and income. The "Harbers way" was the result.

In 1953, Clinton Harbers received the \$5,000 Hobbittelle Award for the Outstanding Contribution to Texas Rural life awarded by the Texas Research Foundation. In 1954, he was selected by the Fort Worth Press as the Outstanding Comeback Farmer. This past year, Harbers was selected as one of the 4 top young farmers in the United States by the U. S. Junior Chamber of Commerce.

Harbers has traveled thousands of miles to talk before civic club farm groups, and field day crowds. He regularly holds field days on his own farm. Thousands of acres of land in Texas are now being farmed the Harbers' way.

Mrs. **Ellis Gragg** will leave Friday noon for Amarillo, Texas, where she will appear with her father, **Buster Morgan**, in a rodeo show for one week.

A lot of married couples are so inseparable that people have to pull them apart.

Wilbarger-Wichita Soil Conservation District News

Leveling irrigated land was the most used conservation practice applied by farmers with assistance of Soil Conservation Service Work Unit of Iowa Park during 1955. District cooperators leveled 514 acres, according to **Elvy Sargent**, Work Unit Conservationist at Iowa Park. Contour borders were established on 856 acres which gave a total of 1370 acres of border type irrigation for the year.

Conservation practices which were applied as part of District Conservation plan was 299 acres of contour farming, 2441 acres of covering, 1997 acres of rotation hay and pasture, 527 acres of crop residue utilization, 1468 acres of stubble mulching, 7302 acres of rangeland properly grazed, 5910 acres of range deferred from grazing, 236 acres of range seeding, 171 acres of pasture planting and 4774 acres of brush control. There were 13 ponds stocked with fish, 4 miles of terracing, 1 mile of diversion terraces, 9 acres of waterways, 658 acres of drainage, 10 miles of open drainage ditches, 13 miles of irrigation ditch laterals, 759 acres of improved water application, 247 acres of water management, and 109 stabilization measures in irrigation and drainage ditches.

These practices were applied on 188 farms in the Iowa Park work unit area, Sargent reports. The Wilbarger-Wichita Soil Conservation District, The Wichita County Water Improvement Districts Numbers 1 and 2, and the Soil Conservation Service under joint agreement supplied the above listed practices and 35,804 cubic yards of ditch construction along with 80,542 cubic yards of spoil bank leveling.

Mother's March On Polio Campaign

Camp Fire Girls in Wichita Falls, Scouts in Burkburnett, and Iowa Park are busy addressing and stuffing envelopes which will be mailed to everyone in each town. These envelopes will be sent to residents with the request that they be used on the night of the Porch Light Campaign, Jan. 30th. The marching mothers will call on all homes where porch lights burn or where there is a candle in the window, or a handkerchief tied on the door of apartments, to receive the occupants' contributions to the Fight Against Polio.

Mrs. **Don Greer**, Executive secretary for this year's drive has asked that to expedite the drive, the contributions be placed in these envelopes which should in turn be handed to the Mothers who do the collecting. **Ralph Milburn** and **Ickard Smith**, Drive co-chairmen, also have requested that these envelopes be used in giving donations to the March-in-mothers.

The Chairman also asked that persons away from home during the one hour campaign leave their envelopes with their neighbors or mail them directly to the March of Dimes Headquarters, 305 Wichita National Bldg. Wichita Falls, Texas.

"HELP ME TOO" Bearing the request, "Help Me Too" printed above the photograph of this year's national Polio boy, the envelope flap features instructions as well as ex-

planations to the programs made possible by the March of Dimes contribution in the national fight against polio.

The envelopes also bear blanks for filling in names and addresses of donors, as well as the amount of the contribution. **Smith** and **Milburn** explained that the distribution of the envelopes is expected to be of assistance both to the marching mothers and the contributors. "Polio isn't licked yet" is the motto for the 1956 March of Dimes campaign and the Wichita County drive chairmen enthusiastic response to men and leaders are urging this year's porchlight campaign. In previous years, the one hour drive throughout the county has resulted in between \$40,000 and \$50,000 and has been responsible for treating hundreds of polio patients and purchase of the most modern equipment available.

News From The Congress

By FRANK IKARD

This week I have introduced two bills in the House, the first of which will be known as H. R. 8361 and which will permit a home owner to deduct as an expense for income tax purposes repairs that he has made to his residence, including painting and papering to the extent that such expenses do not exceed \$500. This would apply only to a person's principal place of residence. This bill should encourage home ownership in that it will remove some of the penalties that are now imposed from a tax standpoint upon those who are home owners. In all probability, this bill will be considered by the Committee sometime within the next two or three months, and I am hopeful that favorable action will be taken on it by the Committee and Congress.

The other bill, H. R. 8362, would relieve farmers from the Two Cent Federal excise tax on gasoline and lubricating oils used exclusively in farm tractors, farm machinery, or other agricultural purposes. It is highly probable that action will be taken on this bill in the House within the next two weeks. In view of the fact that the Federal excise taxes on gasoline and lubricating oil are imposed theoretically for the purpose of raising funds for Federal highway improvement, it is not right that those people who use gasoline and lubricants off the highways should be taxed for the purpose.

A great deal of time will be spent in the coming weeks discussing the tax program for next year. Any new tax proposal certainly requires very serious consideration as to what effect it will have on the Federal income and the National economy generally. This year we must have definite information as to whether or not the Budget will be balanced. It now appears reasonably certain that on June 30 the Budget will be in balance and that we will have a surplus in the Treasury of somewhere around Four billion Dollars. If this estimate proves to be correct, and if we can adopt some reasonable plan for the orderly reduction of the National debt, then it seems reasonably certain that we can expect legislation to reduce taxes. Present estimates indicate that we will be able to have tax reductions probably in the personal income tax field in the overall amount of around Two Billion Dollars and still make some provisions for the reduction of the debt and

keep the Budget in balance for the next fiscal year.

To get some idea of the volume of legislative work here, it is interesting to know that last year during the first session of the 84th Congress 11,914 bills were introduced, 8844 of which were introduced in the House. Since the beginning of the second session the first part of January this year, there have been 500 bills introduced in the House and 157 in the Senate which brings the total number of bills introduced during this Congress to 12,571.

Visitors from home this week were **Mr. Holford Russell** and his son, **Lt. Bill Russell** of Denton; and **Mr. Joe Ward** and **Mr. James B. Lowry** of Wichita Falls.

More than \$300,000,000 is spent annually by the printing industry in plant and equipment improvements and additions.

Senator **George Moffett** was a Burkburnett visitor Friday and attended the annual Chamber of Commerce banquet.

Per Capita consumption of printed matter in the United States is more than 300 pounds annually.

We've discovered that punctuality is the thief of time.
